When the Russian thistles first hit Floyd county the people who lived here then thought they were "pretty" and left the first ones to see what they would look like when they were mature. That's what the old-timers, and not so old-time at that, tell us. The thistles came in from Kansas by way of Colorado and New Mexico. The first tumbling weeds the old timers saw sure were interesting and the writers of the time put them into words and the songsters put them into music. Later on the folks that have had to work with them, or against them, haven't found anything romantic about Russian thistles. They don't cultivate them any more because they are "cute."

The above is a sort of maneuvering way of getting around to the fact that some new kinds of weeds have been found in Floyd county this year. Where they have come from and what they'll be like when they get grown is one of the things that you wonder about. Probably they will help to make life more interesting on Floyd county farms in the next few years. Meanwhile the experiences we have had with "goat heads" might point the way to how to treat any other new and interesting wild, volunteer growth you happen to find on your place.

One weed—the most obnoxious and pestiferous in all the dictionary, not even barring goat heads—that is beginning to get a start in this country, is the wild morning glory, or called by some the tie vine. Fight this pest as you may it will thrive and do good. Don't let it spread. Plow a ring around it wherever it appears on your farm. You can't fight it successfully, we'll guarantee. Its pretty little white blossom is a huzzy, a hussy, a vixen, monstrous, atrocious. It belies the bulbous growth underneath that saps your ground, takes possession of all the ground it spreads over and makes you wish you had taken up the study of troglodytes for a living.

Something also that worries the writer—and probably nobody else—is the prevalence of Johnson grass along the lanes and in close proximity to the fields of Floyd county farms. The dry land farmers can handle Johnson grass they have found out, though at considerable expense and trouble. But an irrigated farm is another matter. Johnson grass doesn't have any place in the program of Floyd county farms. Somebody, farmers, commissioners or whoever it may be, should begin to get in high. The Johnson grass, taller than your head, is going to seed on hundreds of lanes. Just how costly it will be to get rid of is the question in our minds. Let carless weeds, lambs quarter or most anything go to seed around you, but not Johnson grass if you have in mind to irrigate.

WHAT THEY SAID ONE WAR AGO

We are fighting for a worthy purpose, and shall not lay down our arms until that purpose has been achieved King George V.

We must let ourselves be killed on the spot rather than retreat—General Joffre.

Remember that the German people are the chosen of God—Kaiser Wilhelm II.

We have room for but one language here, and that is the English language—Theodore Roosevelt.

They shall not pass—Marshall Petain.

We are handicapped by fair play. Principle hamper our strength. We fight with ideals dragging at our arms—Herbert Kaufman.

"Keep your temper, gentle Sir,"

Writes the manufacturer.

"Though our goods are overdue,

For a month, or maybe two,

We can't help it, please don't swear,

Labor's scare and pulp is rare.

Can't get sulphite, can't get dies;

These are facts, we tell no lies.

Harry's drafted, so is Bill,

All our work is now uphill.

So your order, we're afraid,

May be still a bit delayed.

Still, you'll get it, don't be vexed,

Maybe this month, maybe next.

Keep on hoping, don't say die,

We'll fill your orders, bye and bye."

Having finished with the scrap aluminum drive, the Office of Production management strongly suggests that scrap steel and iron may come next. While people were ready enough to believe that an actual aluminum shortage existed it will be hard for them to think of any shortage, real or apparent in scrap metals of other kinds. Floyd county people for the past three years, approximately, have seen 10,000 to 50,000 pounds of scrap metals leave Floydada for Texas ports for export to Japan, enough to build a half dozen battleships or make enough shells to slay all the American navy boys in the Pacific. There has been some displeasure over the matter and an occasional man has been found who wouldn't sell as long as it was apparent the metal was for shipment to the Nipponese. There is still enough junk iron in the country to blow up one corner of the Pacific, mostly in the hands of farmers who are going to be willing for it to be bought and paid for like Uncle Sam is buying and paying for other things, but not willing to haul it in and give it away for the mills and ship builders to work with at a profit. Very likely OPM will see the unfairness of such a suggestion before they get seriously into the matter. The fact is the country can get all the scrap iron needed at a mighty reasonable price whenever the need is actual.

Most everybody is glad that Texas' junior senator—W. Lee O'Daniel—spoke up and said his piece in the senate the other day. Definitely the senator is not going to be a yes-man. He may be as wrong as wrong but he'll be his own Irishman, which folks like. He has to be re-elected again in a year or so, if he holds his job. He is casting the die now. We can think of no reason why a senator from Texas should not go to Washington and do his own thinking, arrive at his own conclusions, striving for what he believes to be the best interest of his country and his people. We don't want Mr. O'Daniel to "yes" Mr. Roosevelt until and when he thinks the president is right. However, the governor—that was and senator—that is should guard against being put down as an "anti." He is in danger of being catalogued as an "aginner," which he is not necessarily. Unorthodox newspaperman hater that he is he runs the grave risk of getting the newspapers back east and the president as well on his trail. Texas people think they do not let themselves be biased by what they read from back east. But they do. And of all the assassins in the world, the columnists and the feature writers east of the Mississippi know more ways to stab you in the back than any others. Most of them will do anything, we believe, for \$500. Mr. O'Daniel is sure to have some experience with them before he is through. We hope he wins through and bet he does not. Texas people are suckers.

We have not seen the figures of the 1940 census on the live stock population of Floyd county nor of the swine count. We believe surely there was a heavy increase in the ten years from 1930 and probably this year the increase over April of 1940 may be a couple of thousand, at least several hundred. Could this be one of the by-products of the farm program, which we take delight in finding fault with? You know, for twenty years or more we have deplored too much wheat, too much cotton, not enough feed and live stock—a generally unbalanced farming program. Now, through rulings of the Triple A we are getting back to the live stock and feed, and they are meaning more and more in the local economic set-up. Could it be said that our government is paying us to do what we ought to have been doing all the time?

Workers are not Machines.—Many regrettable mistakes can be made through neglect in regard to the human element in industry. Even the question of wages is secondary to the insistent demand that workers be recognized as men, not regarded as machines.—Lord Londonderry, K. G., in the current Rotarian magazine.

"Big Foot" Wallace was a misnomer for the famed frontiersman, U. of T. library records reveal. The scout's shoe was only a number 8.

As A Farm Woman Thinks

Nellie Witt Spikes

This is the week that the Old Settlers meet in the shade of the bolt's arc trees near the rock house and while the purple shadows sweep across the green valley where a silver ribbon of water gleams and climbs the misty blue hills, men and women will talk of the good old days now gone only for happy memories. Children will laugh and shriek from the merry-go-round. Young people will walk around, talking softly, as they plan for the future, while their elders are living in the past.

Welcome, Pioneers. A hearty welcome from a woman that grew up on these prairies and has made a home here.

Grieved and shocked, we were last week at the tragedy that came into the home of our good neighbors, the Davis family, when Gladys was killed on the Ralls highway. Happy and waiting was the family for her coming to the reunion. Happy was she and her friend to be so near their journey's end. A journey that led to her father's home. Suddenly without a moment's warning, Gladys was at her heavenly Father's home and she was the one waiting for her parents and sisters and brothers to another reunion that the one she had so lovingly and gayly planned. Our hearts were wrung with pain as we looked on her sweet face, so lovely in death.

Our country's flag lay protectingly over the casket for she was a second lieutenant in the army, a nurse at Camp Waters. I thought that her life had been as true as the stars in the flag and as steadfast. The white in the flag was no purer than she, the red no stronger or clearer than the courage and bravery the blue no lovelier than the unselfish, sweet character of this young nurse.

The magnificent flowers had no perfume that equalled the fragrance of a helpful life she had given out so unreservedly to others. The songs were not as sweet as the song she left in the hearts of all she knew. Yes, it is hard to give her up! We can only submit, and pray that the goodness she had will blossom in the lives of others.

The Smiths and the Browns were in a reunion at the old settlers park and we went down to visit awhile. They were a happy jolly bunch as they talked and laughed and ate watermelons. Wished we had been there the night before at the singing they had. Good neighbors and loyal friends these Smiths and Browns have been and we need not fear for America as long as folks like these live and do their part and more in the rebuilding of the communities in which they live.

There is a faint tinge of the sadness of fall in the air. Does it come from the sighing wind because summer will leave or is it from the harvest of yellow maize heads hanging full and heavy on green stalks? Or is it from the purple grapes or the russet pears?

Are you tired of hearing and reading about being called the "common people"? Well, I am. The common people want this, the common people do not want that? We higher ups ought to know what the dear common people want.

Now it is not that I am not proud of being a "common people" for I am but to be bunched up like carrots to be waved and shaken in the hands of ones who think they belong as individuals in the scheme of things. Just the other day there was a whole page of editorial in a magazine (You know which one we all gave a couple of good hens for it) and the common people were cried over and used for the writer's purpose from beginning to end.

This has been on my mind for some time, now I have it off and will feel better.

A couple of jokes: And there was the small son who pleaded: "Listen, pop, I need an encyclopedia for school."

To which the stern parent replied: "Encyclopedia! Nonsense! you can walk to school just as I had to."

Aunt Becky was punctuating the Negro preacher's sermon with "Amen! Amen! Praise de Lawd!" as he lit into every sort of sin from murder to shooting craps. Then the parson moved on against snuff-dipping, and Aunt Becky exclaimed to her neighbor, indignantly, "Dar now He's done stopped preaching and gone to Meddlin'!" Mrs. Charles Allan in Progressive Farmer.

The tax rate for Floyd county remains the same this year as last, at 65 cents on the \$100 valuation. Although the levy is made on a slightly different basis to that of last year, so far as the funds into which their revenue will be divided, is concerned.

Mr. and Mrs. C. Surginer and Garner Surginer, accompanied by Mrs. W. R. Ivey and son DennyC left last mid-week for an extended tour of New Mexico and points in Colorado. They plan to take the hot baths treatments while at Hot Springs, New Mexico.

Elder J. J. Day returned Thursday from Grayson county where he conducted a revival meeting. Elder Day stated that cotton in that section of the state was infested to a large extent with boll weevils, but that general conditions were good.

Seen in Stansell-Collins ad: Axle Grease, 3 lb. pail 25 cents.

Mr. and Mrs. O. P. Rutledge and children left Wednesday for Santa Fe, New Mexico. They plan to be gone several weeks and will visit other points during their absence.

Mrs. A. S. Cummings was among the guests who attended the wedding in Canyon Tuesday of last week of her son, A. D. Cummings and Miss Rose Stewart.

Sam Thurmon and daughter Katie Lee, and his sister-in-law Mrs. W. P. Thurmon, of Wichita Falls, spent Tuesday at Roaring Springs, visiting relatives.

Mrs. L. G. Mathews has been attending a family reunion at Featherston, Oklahoma. She left last mid-week in company with her cousin, Will Featherston, and his daughter, Gladys. Ed Featherston, a brother of Mrs. Mathews, also accompanied them.

Miss Selma Louise Linder, daughter of Mr. and Mrs. Geo. A. Linder, returned home Wednesday from Crosbyton where she has been for the past week as a guest of her cousin, Elaine Henry, of Lubbock. The girls have been attending the encampment of the Crosbyton and Lubbock Camp Fire Girls with the Crosbyton girls as hostesses.

Roseland is one of the progressive communities of the county in which the women have organized a home demonstration club and are doing their first year of home demonstration work.

Pronounced inroads on the cotton over the county have been halted to a marked extent by rains which fell in the territory Monday and Tuesday nights, reports from farmers indicate. Heavy damage was being done by the insects, it was said.

Call has been issued for a general community gathering and get-together for Lakeview community Saturday night, beginning at 8:30 o'clock. The purpose of the meeting will be to perfect plans for a community fair to be held September 14.

The twilight deepened and darkened. And the last faint beam had fled. Took to heart the lesson offered; A lesson proven by test. "So long as the Light is within us Only then can we give our best."

Fay Stapleton, Roy, New Mexico

TOMORROW
You never can tell what tomorrow may bring.
'Tis better so I suppose.
A man will not flinch from a possible sting.
Like he will from the sting that he knows.
You may find gold at the rainbow's end.
On the morrow of your dreams.
But you may meet with failure there.
As the sunshine loses its gleams.
Tomorrow may bring your lover,
To enfold in glad embrace,
But today you have a mission,
Apart in life's great race.
Live then, my dear, just for today.
No future troubles borrow.
For it is sure, that with the smiles
Tears will come tomorrow.

for MODERN living

In the early days, medicine show quacks sold crude oil for a dollar a bottle as a cure for all human ills.

Today hundreds of essentials for modern living are made from oil. It supplies heat for the home. It provides power for the Nation's machinery and transportation. It lubricates the gears of industry. It furnishes fuel for your car. It has shortened distances to make our Nation one big community.

America is safer today because of petroleum. The oilman's initiative and enterprise have made available to the United States the world's largest supply of petroleum.

In all this, Texas plays a leading part. Last year we supplied 36 per cent of all the Nation's oil, and now have over half of the Nation's oil reserves.

You and every American live more comfortably and safely today because of Texas petroleum.

One-Variety Cotton Areas Are Named

Texas Has Four Marketing And Cotton Improvement Points For 1941

COLLEGE STATION, August 14.—Texas is given four areas in the one-variety cotton improvement and marketing program for cotton grown in the United States, which the Department of Agriculture announced recently.

The areas, with the varieties being grown, are: Wharton County—Delta and Pine Land variety; Red River county—Rowden variety; Delta-Lamar area—Rowden variety; and South Plains area—Paymaster variety.

Government classing offices will be set up at El Campo, Clarksville, Paris and Floydada to serve each of the four areas, and growers should receive quick work specialist of the Jaynes, cotton work specialist of the A and M College Extension Service. All farmers in the program are eligible to have their cotton classed but they do not have to sell it. Their cotton can go into the loan or they are at liberty to dispose of it wherever they can get the highest price.

Under the plan, up to 225,000 bales produced in 1941 in selected one-variety areas, will be made available to domestic and foreign spinners in even running lots composed wholly of cotton from the same areas.

The marketing division of the Department of Agriculture will make an agreement with a shipper designated by the growers, who will act as buyer, to take over a portion of the cotton from each area, Jaynes said. The present plan of the department is to purchase between 7,500 and 10,000 bales in Wharton county; 10,000 bales in Red River; 15,000 in Delta-Lamar, and 10,000 in the South Plains. Should the loan be under the market, Jaynes added, the purchases probably would not exceed one half of the estimated amounts.

The program provides federal payments of \$2.35 a bale for unprocessed cotton and \$2.75 for compressed to cooperating agencies which assemble the staple and deliver it to domestic or foreign spinners. These payments are to compensate handlers for the extra cost involved in employing the new and improved marketing methods required under the program.

According to the Department's announcement the cotton will be handled from grower to spinner in accordance with the latest approved practices. These practices include ginning, special wrapping, compressing, official sampling and classification. Bales must be completely covered and undamaged by the compress.

Officials of the marketing division expect the program to demonstrate to spinners that one-variety cotton properly handled is more desirable for spinning and more economical to use than cotton assembled and handled under usual commercial conditions. Under the 1940 program, 106,475 bales were assembled.

SAYS PROVISIONS MADE FOR MARKING GRAVES OF CONFEDERATE VETERANS

Italy, Texas, August 8, 1941.

Mr. Editor: A number of Floyd county people have written me with reference to securing government markers for unmarked and poorly marked graves of Confederate soldiers. This work being purely a patriotic service, I am unable to answer all letters and if you will be so kind as to give space to this letter it will acquaint your people with the provisions made for this purpose.

Any unmarked or poorly marked grave of a Confederate soldier may receive an appropriate headstone of marble or granite upon application properly executed to meet the requirements. In writing give me the full name of the soldier, the state from which he enlisted, date of his death, if possible the name of his company and regiment, name of the cemetery in which grave is located, to whom should the marker be shipped and to what railroad freight depot. Also if the soldier or his widow received the Confederate pension and their postoffice address.

Address R. E. Sparkman, Italy, Texas.

P. S. I am now doing quite a lot of this work in Lubbock, Garza, Crosby and other West Texas Counties and no doubt there are a number of these graves in Floyd county that will be lost unless marked in this way.

Respectfully,
R. E. Sparkman.

Dr. Botkin Says

Bury Cholera Swine Deep

In The Falls Banner last week Dr. W. L. Botkin, veterinarian, pointed out the serious mistake of hauling carcasses of cholera hogs out on the roads or prairies instead of burning or burying them. Says the doctor in his advice to swine raisers:

It seems that a few people that lose hogs because of cholera are dragging those hogs out on the highway and leaving them instead of burning them.

Dr. Botkin told us that this caused the spread of disease because dogs or other animals would go around the dead hogs and then carry the germs back to the barn yards where other animals would contact the germs and cause more illness. His suggestion was that owners that lose hogs please burn them, or dig a hole about three feet deep, place the hog in the hole, then cover it with a layer of lime. Cover the hole well with dirt. All the hogs should be vaccinated with cholera serum.

Mr. and Mrs. Lynn Mahagan and Mrs. Roy Tyler and baby Betty Jean of Amarillo visited in the home of Mr. and Mrs. J. T. McLain Wednesday and Thursday. Mrs. Mahagan is a sister of Mrs. McLain. While here the Mahagans spent some time in Motley county in the home of her father J. P. Hart.

Fanny Bolding Bride Of Iowa Man Friday

Mr. and Mrs. D. I. Bolding announce the marriage of their daughter Fanny to Zolon C. Melton of Coleman on August 8 at 7 o'clock in Burlington, Iowa.

An impressive double ring ceremony was read by Dr. J. T. Parker of the First Baptist church. Mr. and Mrs. Ernest Nordell and daughter Betty and Mrs. M. Gredig were present.

Mrs. Melton was a teacher in the public schools of Floydada for several years before moving to Coleman. Mr. Melton is employed as surveyor by Day and Zimmermann of Burlington, Iowa. He is being transferred to the Red River Ordnance Depot at Texarkana, Texas for the present. Mrs. Melton will resume her duties at the Blue Bonnet Dress shop in Coleman after August 12.

Demonstration Of Modernistic Centerpieces Feature Meet Of Floydada Garden Club

Social Calendar

MONDAY
The Idle Hour 42 club will meet at 8 o'clock Monday evening at the home of Mr. and Mrs. Lee Rushing.

YWA will meet Monday at 7 p. m. at Lavell Ginn's and leave for a picnic supper at Roaring Springs.

WEDNESDAY
A special meeting of the Parent-Teacher association has been called for Wednesday, at 3:30 o'clock. The meeting will be held at the Andrews Ward school.

THURSDAY, August 21
The Blue Bonnet Needle club will meet with Mrs. C. E. Carter at 3:30 o'clock Thursday.

Elton Goen, local florist, demonstrated floral arrangements for the table at the meeting of the Floydada Garden club Friday morning at 9:30 at Mrs. Wilson Kimble's home.

Mr. Goen arranged four floral centerpieces, a modernistic arrangement of red gladioli and white candles; a patriotic design in a madonna vase using red gladioli, white tube roses and blue delphinium with graduated candelabras of red, white and blue candles, and two unusual centerpieces of marigolds, one of giant yellow and one of bronze marigolds.

Mrs. Mary Daggett Lake of Fort Worth has called a meeting of board members of Texas Garden clubs to be held September 3 in Fort Worth, according to Mrs. Jeff Weiborn, president of the Floydada club. The board members are presidents of the clubs and at this meeting they will act upon the recommendation of a committee to elect Mrs. G. E. Beaver of Wichita Falls as state president of the garden club.

Mrs. George B. Marshall was elected to membership in the club at this meeting.

Thomasine Cox Wed In July At Amarillo

Mrs. Nora Cox of Amarillo, formerly of Floydada, announced the marriage of her daughter Thomasine to Duane Smith of Amarillo on the evening of July 3. The vows were said in Amarillo at the home of Rev. C. F. Stone.

Mrs. Smith was graduated from Floydada High school in 1938 and attended Amarillo Business college. She is now employed with the American National bank in Amarillo.

Mr. Smith is a graduate of business college in Amarillo and is employed in the office of the Amarillo hardware. He is the son of Mrs. J. V. Crawford of Mena, Arkansas.

Mr. and Mrs. Smith are at home at 3415 Hayden Street, Amarillo.

GOOD NEIGHBORS

Little Anne Welborn, aged 5, is knitting afghan squares. She is doing a pink block and is very proud of her handwork. She is Mrs. Rutledge's youngest pupil in the afghan knitting class.

Mrs. George Smith is asking for donations of cotton and quilt linings. The Red Cross has the tops and the quilts but not the linings and cotton for the quilts.

Here's one for the books. Mrs. G. T. Assiter has finished her 33rd sweater. She called headquarters to say she had 4 sweaters knitted and ready to return and would like to have yarn for two more.

Here's how the sweater situation stands: To be knitted—21 women's sweaters and one man's sweater. Will our sewers and knitters please make a special effort these next three weeks as the Red Cross wishes to send this shipment by September 1?

Mrs. Tucker Teutsch will decorate Mrs. Welch's window with an afghan completed by Mrs. L. C. McDonald. Mrs. McDonald used Red Cross woolen scraps combined with wool thread which has been donated. More of this wool thread is needed and if you have any odds and ends please come to head-

Outdoor Meeting Held By Society At Silver Falls

Twenty-four members of the Woman's Society of Christian Service of the First Methodist church enjoyed a picnic at Silver Falls Monday.

After lunch a business meeting and the regular monthly program were given. E. E. Hinson reviewed the book "My Sister and I" by Dirk Van der Heide. Mrs. Jim Wilson gave the devotional.

The next meeting will be September 8 at the Methodist church.

Smith-Brown Re-Union At Rock House

The Smith-Brown Cousins club members held their annual reunion August 9 and 10 at the Hank Smith memorial park in Blanco Canyon.

The club was organized in 1934 because there are 125 first cousins in the Smith and Brown families and they like to have a get-together once a year. Not only are these cousins first but they are double cousins, since three Smith brothers married three Brown sisters.

The crowd spent most of Saturday night spinning yarns and recounting family experiences. Many of the oldsters can remember some pretty good tales about early days in the Indian territory in Oklahoma.

A large spread and watermelon feast were enjoyed by the cousins and friends of the family who came by Sunday afternoon.

New officers were elected and it was decided to make Vernon the permanent meeting place every August.

Bob Smith was reelected president of the club; Mrs. J. C. Fuller, secretary and treasurer and Mrs. Hal Lattimore of Lubbock, assistant secretary; and Mrs. A. S. Howard of Texola, vice-president.

All-Day Meeting Held By Pastor's Helpers Class Tuesday

An all day meeting Tuesday was held in the basement of the first Methodist church by the Pastor's Helper's class.

A covered dish lunch was served at noon to the members and Rev. and Mrs. Breedlove. After a short business meeting, there was an exchange of gifts by "twin sisters." The devotional was led by the class teacher Mrs. J. H. Green.

Those present were Mrs. O. B. Olson, Mrs. Will Snell, Mrs. R. M. McCauley, Mrs. J. H. Green, Mrs. J. H. Solomon, Mrs. Tom Deen, Mrs. W. H. Alexander, Mrs. Annie Steen, Mrs. W. J. Browning, Mrs. J. E. Eubank, Mrs. P. M. Felton, Mrs. Lula Slaughter, Mrs. E. C. Henry, Mrs. D. D. Shipley, Mrs. Jim Hughes was a visitor during the afternoon.

The next meeting will be September 9 at the home of Mrs. D. D. Shipley.

Pruitt-Williamson Nuptials Read Monday Evening

Oleta Williamson was married to Dr. J. G. Pruitt at Plainview on Monday evening at 9 o'clock by Justice W. H. Lewis.

The bride wore black with gold accessories. Mrs. J. A. Patterson and Mr. and Mrs. Orva Lee Pavver accompanied the couple to Plainview.

Dr. and Mrs. Pruitt and Mr. and Mrs. Menard Field left for Colorado. They will return September 1.

Mrs. Pruitt will continue with the DeLuxe Beauty shop where she has been employed for the past year. Dr. Pruitt has made his home in Plainview the past year and will move to Floydada to continue the practice of Chiropractic.

Home Makers Class Picnic At Amburn Home Thursday

The Home Makers Sunday School class of the first Baptist church entertained with a picnic supper for their husbands on the lawn at Mr. and Mrs. W. A. Amburn, Jr.'s Thursday evening.

Games furnished the entertainment during the evening. Those present were Mr. and Mrs. Jess Patterson and Donald; Mr. and Mrs. Howard Ammick; Mr. and Mrs. Elmer Rainier; Mr. and Mrs. Tucker Teutsch; Mrs. Seaton Howard and Mr. and Mrs. W. A. Amburn, Jr.; and Doris Elaine and Kenneth.

Mr. and Mrs. Lewis Honored Thursday With Buffet Supper

Mr. and Mrs. David Lewis, recent bride and groom were honored Thursday with a buffet supper at the home of the bride's parents Mr. and Mrs. Paul Denison.

The house was decorated with cut flowers consisting of sweet peas, golden glow, perennial phlox, gladiolus and red verbena. A three-tiered wedding cake was cut by the bride and served after the supper to the following guests:

Milton Sims, C. W. Denison, Miss Era Sue Edwards, Mr. and Mrs. John McKinney, Jr., J. R. Denison, Pauline Denison, the honorees, Mr. and Mrs. Lewis and the hostesses Mr. and Mrs. Paul Denison.

Picnic For Guests Given By Bishops Sunday Afternoon

Mr. and Mrs. L. T. Bishop were hosts at a picnic at the country club Sunday afternoon.

Their guests were Mrs. J. I. Pitts and sons Johnnie and Bill of Lubbock; Mr. and Mrs. J. Ray Dickey of Lubbock and Mrs. T. W. Young, Mrs. Nora Cox and Mr. and Mrs. Duane Smith, all of Amarillo, Mr. and Mrs. Aubrey Bishop and daughter Howell Sue of Dallas and Mrs. W. M. Houghton.

Wesley Girls S. S. Class Meet For Social Friday

The Wesley Girls Sunday School class of the First Methodist church met in their regular monthly social Friday night with their husbands as guests. The meeting was held on the lawn at the home of Dr. and Mrs. Wilson Kimble.

A picnic supper was the main feature of entertainment. Those who attended were Mr. and Mrs. Ed Johnson, Mr. and Mrs. B. P. Woody, Mr. and Mrs. Geo. Finkner, Mr. and Mrs. O. M. Watson, Mr. and Mrs. Jim Hughes, Mr. and Mrs. Noel Troutman, Mr. and Mrs. N. W. Williams;

Mr. and Mrs. W. H. Henderson and Mrs. L. C. McDonald, Dr. and Mrs. G. V. Smith and Mr. and Mrs. Kimble. Visitors present for the supper were Mrs. O. P. Rutledge, Mrs. James Colville, Mrs. L. G. Mathews of Camp Bowie and Pastor R. T. Breedlove.

Picnic, Barbecue For Lions Held Tuesday Night

Floydada Lions and their wives and invited friends held their planned picnic Tuesday night on the lawn of the backyard at the home of Dr. and Mrs. Geo. V. Smith.

A barbecued chicken luncheon, a sing song and an address by Judge G. E. Hamilton, of Matador, featured the evening. It was the club's second picnic, which is planned to be made an annual feature.

W. E. Williams was chairman of arrangements for the picnic. He was assisted by M. P. Goen, W. R. Simon and A. B. Clark.

Judge Hamilton's address dealt principally with idealism of Lions clubs and with the recent international convention in New Orleans, which he attended. Mrs. Hamilton was present with him at the picnic. Other guests included Mr. and Mrs. Alex Nesbitt of Plainview, E. W. Kemp, Mr. and Mrs. E. E. Hinson and Mrs. L. G. Mathews.

Gilbreath-Beard Vows Said In Plainview August Sixth

Miss Inoue Gilbreath and Roy Beard of Houston were married Wednesday at 12:30 at the Baptist parsonage in Plainview by the Rev. L. B. Revis.

The bride wore a sea blue street dress with white accessories. Her attendants were Misses Modena Hartsell and Erna Dean Moore.

Mrs. Beard is the daughter of Mr. and Mrs. W. A. Gilbreath. She was graduated from Floydada High school in 1937 and attended Wayland college in 1939, and Simmons university the past year.

Mr. Beard is engaged in farming south of town where the couple will make their home.

Church Services

Rev. Carl C. Durbin To Conduct Series Sermons Here

Monday evening at 8 o'clock the Summer Evangelistic meeting will start at the Cumberland Presbyterian church. The series of meetings which will close Sunday evening, August 31, will feature a daily morning spiritual and devotional Bible study hour at 10 o'clock as well as the evening evangelistic service.

Rev. Carl C. Durbin is the evangelist that the local congregation is bringing to Floydada. Rev. Durbin has had a very successful pastorate there for a while in Lubbock. His ministry has produced a number of conversions and many additions to his church. After completing his studies in Missouri and Tennessee, he held pastorates in those states. He has been located in Lubbock the past fifteen months.

Rev. Durbin has become well known over the South Plains region through his regular Sunday morning broadcasts over a Lubbock station. Among the subjects he will bring to Floydada people are: "The Never-Changing Christ," "The Modern Prodigal Son," "God's Time, Now or Never," and "The Second Coming of Christ."

A most cordial invitation is extended to the people of Floydada and Floyd County to attend these services. Rev. R. A. Renfer, pastor of the local church said.

Methodist Church

(Rev. R. T. Breedlove, pastor)
While Sunday school attendance is far too low, there was a good attendance at both the eleven o'clock and the evening hours last Sunday. We should by all means be in the church school studying God's Word, for it is the light for the pathway of righteousness and national, as well as personal security and happiness. Be in a class for the study of the Bible next Sunday and have your children with you. "Search the Scriptures."

There were a good many visitors at both Sunday services of worship and preaching, and we were especially glad to have so many young people at the evening hour. Come again. You are always welcome.

Our revival meeting begins on September 7. Dr. L. N. Lipscomb, district superintendent, will lead us in the meeting, doing the preaching. A good singer and young people's worker is to be secured, and a visitation program will be carried out.

We wish and pray every success for the evangelistic meeting to begin at the Cumberland Presbyterian church Monday evening, and we urge you, the public, to attend and derive benefit from all the work to be done.

Go to church somewhere Sunday, come our way if you will, and let the weight of your influence be for the better things of life which count for the building of a better community for our neighbors and their children.

Christian Church

Pastor L. W. Bridges and family are away for two weeks vacationing in the Davis mountains of New Mexico and preaching services will be suspended for the next two Sundays.

Sunday school service at 9:45 o'clock; Communion service 11 o'clock with dismissal in time for services at other churches. Lon M. Davis Sunday school superintendent in charge.

The public is cordially invited to attend.

Reasons Why You Should Do Your Trading At Home

MANY COME TO MIND EASILY, WHILE THE OTHERS ARE EVER PRESENT!

What Is It You Help Buy For Your Community When You Shop At Home?

Not only do you sustain your own community and build Churches, Schools, Civic Improvements, but you are assured of business places that WILL BE IN POSITION TO HELP YOU, AND WILL HELP YOU WHEN ADVERSE TIMES COME!

Occasionally it may be possible that you can buy elsewhere some merchandise at lower prices than is asked by your home merchant, but this cannot be the case which happens frequently.

Yet, granting that you need to save those few cents, you are building other towns, other merchants and thereby depriving your own community of the financial support that it needs in the way of Taxes, financial aid for churches and schools and—

EVERY DOLLAR THAT IS SPENT IN YOUR OWN COMMUNITY WILL REMAIN THERE WITH THE EXCEPTION OF A FEW CENTS WHICH GO TO

WHOLESALE HOUSES TO BUY MORE MERCHANDISE FOR YOU AT REASONABLE PRICES.

Think of the condition your schools, your churches, your community projects would fall into if your home town business men were not present, nor had the financial means to help. It is an almost certain fact that the **Away-from-Home firms that are ever ready to take your money . . . would not come to your assistance!**

Give your home town business man the opportunity of serving you. Remember all that he is called upon to do, is asked to donate in order to get . . . and hold . . . your business.

Flying Cadets Featured In Film Story

Word has been received that a Recruiting Party from Fort Bliss, Texas with Technicolor Sound Films entitled "Wings of Steel" and "Here Comes the Cavalry" will visit Floydada today.

The films will be shown at some prominent downtown spot tonight, Captain Eucher, in charge of the party, and Sgts. Reynolds and Morris will be present to give information concerning the opportunities now available to those who are qualified to enlist in the Flying Cadets or other branches of the service.

The party arrived at Floydada early, and Captain Eucher will be registered at the Commercial hotel, available to anyone who wishes to see him any time during the day.

Marines Recruiting, Too

T. E. Kendrick, captain of the U. S. Marine corps, retired, stationed at Oklahoma City, has announced that Sgt. Leon S. Waters will be in Floydada Monday and Tuesday, August 18-19, for the purpose of interviewing prospective applicants for the U. S. Marine corps.

Waters will be stationed at the post office both days. Young men, 17 to 30, who offer for enlistment will go first to Amarillo, thence to Oklahoma City. If they are accepted physically there they will go to the Marine corps base at San Diego, California.

Mr. and Mrs. Pete Callaway and daughter Kay of Cedar Hill and Mr. and Mrs. L. A. Callaway of Silverton visited their mother Mrs. H. L. Rafferty Sunday.

Common School Tax Rates Levied By Commissioners Court This Week For School Year 1942

Eight Floyd county common school districts have completed payment of bonded debts representation of the construction of buildings and other improvements, one has reduced its outstanding interest-bearing debt to the point where only one-tenth of its local tax income will pay its bonded debt service, and three districts pay not over 25 cents on the \$100 valuation on bonded debts. The highest percentage paid by any common school district is 50 per cent of its local tax income.

This is indicated by the levy for taxes of common school districts made Monday by the Commissioners' court on recommendation of the local trustees through the office of County School Superintendent Clarence Guffee. The districts by number and name, the maintenance tax the bonded debt service tax and the total for each is given herewith:

Newton's Boat Again; It Saves Bill Norman, Claud Ring Take Yearling For A Boat Ride

Bill Norman, with the assistance of Claude Ring, a calf Sunday morning for Pinkeye, the calf, apparently blind, went in a direct path to a hundred acre lake nearby. After swimming to the middle of the lake, he then changed his course to a circle with a radius of a few yards. The men decided they would swim to his rescue. When they realized this was not practical they came back to shore, dressed and drove two miles to Dougherty for the motor to the Newton speed boat which was anchored nearby. They drove back, installed the motor and rescued the calf which by that time had given up swimming and was peacefully floating in the middle of the lake.

After administering artificial respiration which both men had learned in Boy Scout days, the calf walked away none the worse for its experience. But Dougherty friends are suggesting a medal of heroism for Bill and Claude.

Mr. and Mrs. A. H. Kreis and daughter Ruth with L. W. Chapman of Floydada left Saturday for Washington, D. C. where they will spend several days in the interest of the R. E. A. Co-op. Mr. Kreis is president of the co-operative and Mr. Chapman is manager.

Services were well attended at the Methodist church Sunday. Taking for his subject "Bearing Your Cross" Rev. Bruce delivered a very inspiring message to his audience.

DARING DESTRUCTION TEST
in Fearful Death Valley
Gives New oil a Plain Record for Long-Lasting Protection

Why 5-Quart fill — none added — lasted 13,398 miles... Certified

When you're wringing wet these days, just think of Death Valley. It holds the official U. S. record of 134° hot. Wild animals there rarely come out in the heat of day. You'll admit that's a hotspot for testing any motor oil. And that's exactly where 6 representative oils got a fair trial for their lives—to give you up-to-date certified mileage figures.

NEW CONOCO Nth MOTOR OIL
gave more than Twice the mileage averaged by all others tested

This Death Valley mileage record is today making sales records for Conoco Nth oil — popular-priced. And here's how this oil was proved for you in advance—by a daring Destruction Test:

6 identical new stock coupes were broken in alike. Test officials had checked engines, part by part, insuring uniformity. The Referee bought 5 big-name oils at retail. The other oil was the same new Conoco Nth that you can buy today.

The Referee put one strict 5-quart fill in each engine; locked it up tight. Never a drop could be added.

All cars ran 57 miles an hour—in the same Death Valley desert—on the same sizzling days. Drivers switched around to even up human factors. Impartial observers eyed every move—every mile.

CERTIFIED I hereby certify that the related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.

CONOCO Nth MOTOR OIL

Man-Made new Economy aid in Conoco Nth

In this patented oil there's an extra life-giver. Man-made. It's full name is *Thialene inhibitor*—an inhibitor being something that does the job of keeping a thing in check. Now your engine's normal explosions can't help causing foul leftovers. These must be properly kept in check to keep them from making your oil "fester," get weak and pass out. But you know how Conoco Nth oil "beat the rap" in Death Valley. It stood up better . . . by as much as 161%. Of course you're not in the business of test-driving, doing all the most furious things. You just want to run every fill right up to as many miles as qualified authorities say is safe for your car. And

without trying to "stretch it out," you still ought to save plenty on Conoco Nth. For you can figure by the record that Conoco Nth can take you a whale of a way between quarts. Change today at Your Mileage Merchant's Conoco station. Continental Oil Company — Pioneers in Bettering America's oil with Synthetics

AND CONOCO Nth OIL OIL-PLATES YOUR ENGINE!

Long the keystone of Conoco success, OIL-PLATING comes from another great Conoco synthetic . . . man-made under the famed Germ Processed oil patent. By magnet-like action, OIL-PLATING is bonded to inner engine parts. Then it can't all drain down—not even overnight—not while you use Conoco Nth. So OIL-PLATING is on guard against wear in advance! . . . and helps mileage, as it did in Death Valley. An OIL-PLATED engine is one more economy you get from a change to popular-priced new Conoco Nth oil.

Complete Laying Asphalt Surface On 207 Soon

If the progress being made this week on asphaltic surfacing for Highway 207 south from Floydada to the Crosby county line goes on uninterrupted, the job will be completed sometime next mid-week. This was the estimate of Resident Engineer R. T. Roane of the State Highway department yesterday.

Austin Road company, holding the contract, have had interruptions of various kinds, including shortage of materials and bad weather, but have made good time otherwise, Roane said.

Approximately 1,200 feet of the road will not be re-surfaced covering the distance through the lake adjacent to the R. I. Teeple farm two miles south of Floydada. Re-surfacing this part of the work will be done by the maintenance department when the condition of the roadbed becomes more satisfactory.

Other road work in the district includes construction of the new bridge east of Quitaque, a WPA job which is moving along satisfactorily.

Mr. and Mrs. Holt Waldrep of Lubbock and Mrs. Bell Waldrep of Lockney came Sunday to visit Mrs. Waldrep's parents Mr. and Mrs. R. E. Fry. The group joined Mrs. Britton and her guests for a picnic supper Sunday evening on the lawn at Mrs. Britton's.

Eggs purchased for use by the army or in defense training centers in Texas will probably be bought on a graded basis in the near future.

Fun and Frolic. There's plenty of vacation fun n' frolic in this smart new all-in-one cotton play suit. The wrinkle-resistant crinkle cotton does not need ironing. This new one-piece, says the National Cotton Council, is a basic ensemble for summer sports-wear.

TRANSPLANTED BEAVER DO WELL IN EAST TEXAS

Beaver planted in east Texas after being trapped in west Texas are doing well, so well, in fact, that it is possible that should the Texas Game, Fish and Oyster Commission be able to continue trapping and transplanting those busy little dam beavers it may be possible to have an open season on them within five years, according to a report from a game manager to the executive secretary of the Department.

Beaver are fairly abundant in parts of West Texas, but there is not sufficient suitable habitat for them there. The Game Department and the wild life research unit at College Station, a Game Department cooperative agency, trapped a few beavers two years ago. Last season the Game Department trapped more and plans additional activities next year.

Mr. and Mrs. Lewis Hollingsworth and little son James Lewis of Lubbock spent the week-end with their parents, Mr. and Mrs. A. S. Hollingsworth.

HULL PLASTIC

Cotton textile mill looms are now using sheaves made of cottonwood hull plastic, which have proved superior to the wooden sheaves formerly used. The University of Tennessee is responsible for the development of the hull plastic. It is classed as a thermo-setting phenol-formaldehyde type, formed under 3,000 pounds per square inch pressure at 310 degrees F. in 15 minutes. In addition to regular molded products, the plastic has been found suitable for tile and wall board.
