Crop Insurance Pegs Last Hole For Cotton Man

Drought, flood and insects will be out of luck this year as far as insured cotton farmers are concerned, A. A. Hoots, secretary of the AAA said this week.

"Last year, flood, freeze and insects picked a lot of cotton in Floyd county, but this year it will be different if the cotton crop is insured," Hoots said.

Scale Of Values For Personal Property Given

Scale of values for many items of personal property in Floyd county for the current years were adopted by the Commissioners court the first of the month and given to County Assessor-Collector Geo. B. Marshall for his guidance in listing tax inventories.

The list includes all kinds of live stock, automobiles, tractors and farm equipment.

Included are cows in production which will be taken at \$35, old cows at \$25, calves up to two years at \$20.

Top young horses and mules will be inventoried at \$40 per head, old and bluish horses and mules at \$10, jacks and pennies, stallions, sheep and goats at half market value.

Automobiles and Pickups

For 1932 model automobiles the taxable value has been set at \$400, with \$10 added for four-door models. 1931 models will be taken at \$320, 1930 models at \$290, and 1929 models at \$210. Tax values range downward to \$90 for 1932 model cars, 1942 model pick-ups will be valued at \$300, 1941 pick-ups at \$250, 1940 models at \$220, and downward to 1935 models at \$20. These figures are for Ford and Chevrolet cars and pick-ups which make up the bulk of the automobile "population" of the county. Larger cars will take a larger tax value. "Smooth mouths" over 10 years old are not listed.

The assessor-collector has been actively assessing since the beginning of the month.

MINISTER WILLING TO TALK CHRISTIAN UNITY

"Remember Pearl Harbor!" has become the war cry for Americans. We have learned from the Roberts Report that Japan's successful, but cowardly, attack was not due to her unusual ability and alertness as much as from the lack of understanding and cooperation of two high American officers. So, because of personal grievances and refusal to cooperate with each other, our men had to die, and our Nation got a dirty mark.

What a lesson in this sad event for the churches in America! There is a lack of understanding, of not personal grievances among the leaders that prevent Christian unity and cooperation sufficient to gain a much needed victory over Satan. Perhaps the Lord should court martial all of his generals who put personal ambitions in the way of a united Christian victory.

I, the minister of the City Park church, see the need of Christian unity in Floydada. I am willing to lay aside personal ambition and reason, pray and study with anyone who sees and desire the unity of God's people. Such a move is exceedingly needful in this hour of national crisis, before Satan gains another victory.

F Club Initiates Take Punishment

The initiation of the F club's new members was the highlight of the week at F. H. S.

As if the pledges weren't enough, the girls had to dress like girls—like the strange part of it is these camouflage camouflaged girls—followed by boys in football uniforms who are wielding huge paddles. These huge paddles assisted the old members in directing the pledges along the straight and narrow path.

Out on the school ground, yelps of anguish could be heard. This resulted from the use of those paddles. At times innocent by-standers were victims of the guiding paddles.

Monday and Tuesday at the noon hour, the initiation was carried on in the auditorium on the stage and proved to be very interesting to the student audience. Very interesting performances were the love scenes in which heart rendering promises were made to girls who were pledged to the stage.

These tantalized victims of the F club initiation are undoubtedly good sports or you would probably be reading about one of the old members being murdered by a pledge instead of this.

Editorial

Once upon a time there was a little girl, or boy, as the case may be, who liked to check books out of the library to read for information and pleasure.

Now there was no objection whatever to this little girl's checking out books until she lost one and could not find it. At least everybody thought it was lost until the little girl told her story. This is her tale of woe.

One day, she moaned to the librarians: "I put the book in my locker and left it there until my class was over. When I returned, I found the book was not there, and I couldn't find it anywhere."

Of course, a search was made for the book, but all for naught. The book was gone!

There is that book? Librarians, students, teachers—all are asking the question, but are finding no answers. Nobody knows. Nobody has seen such a book.

It is inconvenient for the library to lose a book, but worse, it is causing trouble for the person who checked it out. As she must pay for it in the eyes of the library she is guilty, but in reality the fault is on the person who misplaced the book.

This is not the only case of a lost book. There are many others. So if you see a stray book lying around, be sure to return it to the library. It will save a bunch of people a whole lot of trouble.

SENIORS SEE "ONE FOOT IN HEAVEN"
"One Foot in Heaven" one of the outstanding pictures of the season, was witnessed by at least 25 percent of the student body.

The picture was recommended by Mrs. L. B. Owen, senior English teacher, as being well worth their time and money. The senior English students are receiving one-half credit for seeing the picture and additional credit for reading the book.

The students are encouraged to see the worthwhile picture if possible and to read worthwhile books.

Winds Wallop Rabbits At Ralls 36-25

The Floydada Whirlwinds in an exciting battle eluded the Ralls Jackrabbits for a 36-25 victory Friday night on the Ralls court.

This victory puts the Whirlwinds in the lead in their district of seven teams.

The Whirlwinds participating in the game against the Jackrabbits were Conway, DuBois, Rushing, Chowning, Boteler and Furrow.

Junior Conway scoring 14 points was high-point man.

ADVICE FOR THE PATRIOTIC STUDENT OF F. H. S.
You want to join the army? You want to do your part to help? Then lend an ear while we try to explain what is the best thing for you to do.

At the present time you have not finished your high school education and yet you are willing to give it up for something a little more exciting. Stop and think just a moment, this war isn't going to last forever.

At the present time there are enough older boys to fill our ranks and after this war is over we're going to need some well-educated men and women to guide our country back to the right road and keep it there.

You will need that education no matter what field of work you enter.

To prove that there are intelligent people with this same opinion, the bill lowering the draft age to nineteen failed to pass in the houses of Congress. Had this bill passed sixty per cent of the male students in Texas Technological college alone would have been drafted.

The tragic part is that many of them would have received their degrees in a year or so, while if they were drafted they might never have completed their courses. Remember this, it is much easier to complete a thing now than it is to leave it and come back to it later.

Furthermore, our army and other armed forces need intelligent men to fight for us and keep up the morale of our men. Better positions even in these fields may be gained by extra training or education.

So if you feel that you must do your part, buy defense bonds and stamps and keep 'em studying!

BAND MAKES HEADWAY
The band played for the Defense Rally Sunday afternoon at 2:30 in the district court room. Several marches were played and after the completion of the patriotic program they closed with "The Star Spangled Banner."

Under the skilled direction of Mr. Gray, the band has shown definite improvement.

Betty Jean Spence is the newest addition to the saxophone section. She was drum major of the Junior High school in Plainview.

Mr. Erman Gray visited in Clovis New Mexico during the week-end.

'Fish' Debate In Assembly Wednesday

Is there more nourishment in the hole of a doughnut or the fragrance of hamburger cheese? Sounds silly doesn't it? Well that's the debate question decided by the "fish" in the assembly program Wednesday, January 28.

The affirmative in this burlesque debate were Preston Malphurs and Maycie Boteler and the negative are Irma Tom Breedlove and Mary Lee Thacker.

Wednesday the freshmen had the assembly program for the second time.

Vocal numbers were given by La Juana Jo Sharp and Maurine Medlen.

People, look! Listen and go slow. Here is something you should know. Archie Huckabee has just his class ring. Frankie, you wouldn't know anything about it, would you?

What's this about Jack Martin never showing his face before Betty Jean Spence again? It got awfully red and he really tried hard to hide behind D. I. when he met her in the hall the other day.

Mary Helen Day and Floyd Bradford must have something in the seventh period study hall every day. Can't you let anyone else in on your discussions.

My, my, how Nelda does get around. She was seen driving Harold's car and Junior Conway was with her.

Junior Simpson, was the show good or was it who you were sitting with? Nelda wouldn't be the attraction would she?

Harold Thornton is still sore from the fall he received Thursday night at the party. He had better learn to hold his chair before sitting down.

According to one girl in school Edgar Owens is very cute and should look around more.

Why do Robert Warren, W. T. Elza and Tresman Glover think all girls in high school are stuck up? It doesn't look like it to me.

Melvin, we just wouldn't have thought that you would let your girl wear someone else's ring.

Cageline Carmack said she could not get enough sugar, the other day in commercial geography. What can that mean?

Why was Lois Gorley trying to step on a certain girl's heels Saturday afternoon. Could it have been who she was with?

Floy Jean Hale is certainly lucky to be considered the best girl friend out of about 25 names that a certain tall, dark and handsome has been carrying around.

Students Active In Methodist Rally Here
Approximately twenty-five F. H. S. students had active parts in the Plainview District rally of the Methodist Youth Fellowship, which was held at the First Methodist church Saturday and Sunday.

About 80 members registered from Matador, Hart, McAdoo, Earth, Sudan, Lubbock, Plainview, Oilton, Muleshoe, Baker, Rushing Chapel, Lockney and Floydada.

The program Saturday night consisted of a paper sack supper, recreation and the devotional service. On Sunday was held the regular Sunday school and church services, a program and business meeting. The Women's Society for Christian Service served lunch at the noon hour.

Among the F. H. S. students to attend this rally were Evelyn Elliott, Johnny Belsher, Frances Keim, Dorothy Tye, Floy Jean Hale, LaJuana Leibfried, Lajuana Jo Sharp, Maurine Medlen, Roberta Medlen, Maudie Moore, Cageline Carmack, Irma Tom Breedlove, Betty Yearwood, Randolph Rutledge, Thomas Flynn Thagard, Gene Loran, Kenneth Johnson, Jack Martin, James Bishop, Herschell Hinson, Joy Ward, Joe Rushing, Frankie Wright, E. S. Johnson, Helen Young and Sammy McCleskey.

SPEECH STUDENTS TO ATTEND FESTIVAL
Some members of the speech class plan to attend the Speech festival to be held at Wayland college in Plainview, Friday, January 30.

The students who have entered the contests are Johnnie Mae Wilson, Jimmie Little and Merle Wood. Rubye Poore and Irene Wisdom have entered the humorous readings division and the others have entered declamation.

blue litmus red. He then poured two colorless liquids together making a bright red liquid.

A battle of the sexes was conducted by Joe Rushing, Bud Du Bois and Mary Frances Jones. On the ladies' team were Miss Miller, Mrs. Owen and Miss Elliott. On the men's team were Mr. Linder, Mr. Barber and Mr. Travis. The battle ended in a tie. Before each one received his prize, which was a 10 cent defense stamp, he had to put on a stunt. The stunts varied from juggling to cackling like a hen.

AMERICAN HISTORY DEBATES
The American History classes debated the question, "Resolved that the United States went to war with Mexico without just cause" during the recitation hours Monday. Each class member cast a vote. The affirmative have a majority in every section.

In the second period class Eddie Wayne Conner and W. C. Trowbridge upheld the negative; Evelyn Elliott and Jean Nelson the affirmative.

Robert Conner and Mary Helen Mickey held the negative in the third period class and Sharon Fuqua and Troy Cummings the affirmative.

Merle Wood held the affirmative against Joseph Looney and James Robertson in the fourth period class. The fifth period class had a three-cornered debate, Gene Collins and Johnny Cardinal upheld the negative and Leon West the affirmative. Virgil Williams the chairman, then proved that both sides were at fault.

Miss Rea said that purpose of these debates is to aid the students to hold an impartial viewpoint on this subject.

Miss Anna Sweepston, teacher of Spanish and English III has been ill with tonsillitis for the past week. Mrs. Tucker Teutsch taught her classes during her absence.

Lois Beard has dropped school to become the bride of Carl Lee Gilley. They plan to make their home in Los Angeles, California.

Randolph Rutledge and Gene Loran, accompanied by bandmaster Gray played a duet of two arrangements, "By-U By-O" and "Rose O' Day."

Students of the chemistry class presented experiment. Joe Rushing did an experiment with hydrogen; Frances Keim with oxygen; B. K. Barker with magnesium; Gene Loran with sodium; Randolph Rutledge with phosphorus; Joe with nitrogen dioxide; tests for acids and bases, Mary Frances Jones, explanation for dust explosion, Wayland Hale; conducted with solutions, J. C. Porter, experiments with iodine Bud Du Bois, magic by Randolph.

The hydrogen and oxygen was prepared and collected in bottles in chemistry laboratory and transported to the auditorium. The explosiveness of the hydrogen was illustrated thus explaining why the German dirigible "Hindenburg" exploded at Lakehurst, New Jersey. It was filled with hydrogen because the U. S. refused to furnish the Germans helium, which is not explosive.

By putting burning sulphur and a lighted splinter in oxygen, oxygen was shown to support burning more readily than ordinary air which is 1/5 oxygen.

Magnesium is used in bombs because of its readiness to burn and its intense heat. It burns with a brilliant flame.

Sodium is kept under kerosene because in water it is highly explosive. It is a constituent of table salt.

Making a Smoke Screen
The ability of phosphorus to burn and form a smoke screen was shown. Phosphorus is also used in match heads and has many other uses.

Joe, before he knew what nitrogen dioxide was, made the brown gas in the laboratory. Later he found out that it was poisonous. Miss Copeland saved the class from being gassed.

Blue litmus turns red when put in acid; red litmus turns blue when put in a base. These tests for bases and acids were very capably shown.

Wayland showed how dust explosions occur in gins and grain elevators where the air becomes filled with dust. A single spark can cause the whole thing to explode.

J. C. showed that solutions of strong acids, strong bases and strong salts are better conductors of electricity than are weak acids, weak bases and weak salts.

Pure Iodine a Vapor
Bud showed us that iodine in its pure state is a purple vapor. The ordinary tincture of iodine is brown; it consists of a 10% solution of iodine in alcohol.

Randolph took sulphuric acid and turned Congo red blue and turned

Wedding Rites, Ordination Services Said For Miss Tribble, Robert W. Fink

Miss Ruth Tribble and Robert Wm. Fink of Los Angeles, California, were united in marriage Tuesday night in a double-ring ceremony. Immediately after the marriage the couple were ordained for the ministry. Miss Tribble is the daughter of Mr. and Mrs. J. H. Tribble. Mr. Fink is the son of Mr. and Mrs. J. H. Fink of Los Angeles.

Rev. H. G. Gantz, pastor of the First Christian church of Lubbock officiated. He was assisted by Rev. Lawrence Bridges, local pastor who read a scripture lesson, preceding the ceremony. The service was held at the First Christian church at 8:30 o'clock.

Gilbert Wilhite of Slaton, a friend of the bride and pianist opened the ceremony with a rendition of Traumerl, by Schumann. A piano interlude, Schubert's Serenade was played as the wedding party was seated. The groom was accompanied by Bob Gentry, Phillips university student as best man. Miss Muriel Watkins of Cleveland, Okla. maid of honor, dressed in light blue alpaca with a corsage of pink carnations, preceded the bride who was accompanied by her father. They entered to the strains of Wagner's Bridal Chorus. The bride wore light blue wool alpaca with a corsage of white carnations.

A large white cross formed a background for the altar that was lighter by the soft glow of indirect colored lights of the baptistry and seven candles that burned on either side of the altar. The candles were lighted by Edwina Tribble, sister of the bride and Edith Fink, sister of the groom. They wore white with pink sweetpea corsages. At the foot of the cross was a basket of pink carnations and fern. A large bible placed on a table between two white candles completed the altar appointments where the vows were spoken.

Couple Ordained
Immediately after the wedding, the pianist played, "The Church's One Foundation." Rev. Gantz was in charge of the service. Rev. Lester Rickman, pastor of the Plainview Christian church gave the Charge to ministry. Rev. Rodney Glascock, pastor of the Lamesa church gave the Call to missions. A. A. Carter, elder in the Figueroa Boulevard Christian church at Los Angeles, California, gave the ordination prayer. The service ended as the pianist continued the hymn, "The Church's One Foundation."

Mr. Fink is a graduate of the Fremont high school at Los Angeles. He was graduated from Northwest Christian college at Eugene, Oregon with a degree of oratory and theology and at present is a student at Phillips university at Enid, Oklahoma and pastor of a Christian church at Wakita, Oklahoma.

Mrs. Fink was graduated from the Floydada high school with the class of 1937. She completed three years work and graduated from West Texas Nurse's college, Lubbock. She is doing sophomore work at Phillips university. They will be at home at 2021 East Broadway, Enid, Oklahoma.

Bride And Groom Honored Following Wedding Ceremony

Mr. and Mrs. Robert Wm. Fink were entertained Tuesday evening with an informal reception at Fellowship hall by members of the First Christian church with Mrs. J. B. Jenkins acting as hostess. The reception was immediately following the wedding rites for the young couple.

Mrs. Jenkins was assisted by a number of hostesses. Miss Myrtle Meador was in charge of the bride's book and assisted the guests in registering.

A white lace-cloth over pink was laid on the serving table. A white three-tiered wedding cake was adorned with a miniature bride and groom. Pink rosebuds were used as decorations on the edges of the cake. On the center of the serving table a garland of pink and white sweetpeas and fern was used for decoration.

Miss Mary McGehee and Mrs. Herschel Bradley, of Lubbock, classmates of the bride, assisted in serving the guests. The couple was hon-

L. D. Ratliff Candidate For Dist. Attorney

This year the people of the 110th Judicial District, composed of Briscoe, Motley, Floyd and Dickens Counties will elect a District Attorney. I want to be your District Attorney, and in my humble way I make the following statement.

Your District Attorney is the chief law enforcement officer of the District, and upon his shoulders rests the final responsibility for the prosecution of all criminal cases tried in your District Court. He is the protector of your rights, and the guardian of your liberties, and it is his duty to preserve and to protect your property. I believe in law and order, and in the strict enforcement of all criminal laws, and it will be my purpose if elected your District Attorney, to prosecute all criminal cases in your District Court with vigor and with energy, keeping in mind at all times that a prosecutor should be fair and considerate of the rights of his fellow man.

A great many criminals begin their careers while they are children in school. This is so because the boys and girls do not understand the seriousness of the offenses which they commit, and do not realize how easy it is to drift into a life of crime. Your District Attorney should make every effort to aid the parents and the school teachers in the prevention of crime. If elected your District Attorney, it will be my purpose to visit with the schools and to give counsel and advice to the boys and the girls to the end that we may rear them as good citizens.

Your District Attorney must cooperate with your other law enforcement officers. Your Sheriff and your County Attorney spend many hours in the investigation of criminal offenses, and to them is due most of the credit for any success which a District Attorney may enjoy. Their labors will be wasted unless they have the full cooperation of your District Attorney. It will be my purpose if elected your District Attorney to devote full time to the job, and to work in harmony and in cooperation with your Sheriff and your County Attorney to the end that we will present a united front in the fight against the criminal.

Your District Attorney should be in sympathy with the ideals of Democracy. I believe in the ideals of

our beloved President Roosevelt, and in the principles for which he stands. It will be my purpose if elected your District Attorney to vote for, and if need be, to fight for, those ideals and principles.

I believe in the rights of the common man, and in being a good neighbor as is represented by the payment of old age pensions, and if elected your District Attorney will lend my influence to those ideals.

You have a right to know why I believe that I may be able to accomplish the results desired and expected of your District Attorney. I have been engaged in the active practice of the law, in both the State and Federal Courts, for the past 12 years, having received my license a few months after I became 21 years of age. At the present time I am serving my eighth year as a member of the County Attorney of Dickens County having been elected to that office four consecutive times, the last three with opposition. While in that office I have worked with the Honorable Alton B. Chapman, your present District Judge, while he was District Attorney, and since he has been elevated to the bench, and your present District Attorney has been in office, I have continued to aid in the prosecution of all criminal cases in the District Court. I believe that either of these gentlemen will tell you that I have been fair, and that I have given vigorous aid to them in the prosecution of criminal cases. I have worked in close cooperation and in harmony with the Sheriff and the other officials of my home County, and I refer you to them for any statement as to my willingness to cooperate and my ability to work with them.

It is my natural desire at this time to ask for a reasonable promotion. I have asked the people of my home County to return me to the office which I now hold as long as any reasonable man ought to expect. The logical step for me to now take is to ask for a promotion to the office of District Attorney. I will appreciate the opportunity of serving you in that office. I would like to have your vote, and if I cannot get your vote, I would like to have your friendship.

Respectfully submitted,
L. D. Ratliff, Jr.

MCCOY, January 27.—Mrs. Julie Cox announced last week the marriage of her daughter, Norma, to Mr. Obenchain, December 27. The couple left immediately for Minnesota where they will make their home.

Mrs. B. L. Ewing, who has been ill for the past two weeks is reported to be improving.

Mrs. Elmer Jackson and baby Judy Janette, have both been ill. Mrs. Jackson's mother, Mrs. Marble, came to be with them and became ill and was forced to return home. All are better at this writing.

Joe Shultz and Arliss Rainer left last week for San Diego, California, where they hope to locate suitable employment.

Blondie Finley Candidate For County Clerk

To The People of Floyd County:

I wish to announce that I will be a candidate for the office of County Clerk of Floyd County, subject to the Democratic Primary in July 1942.

I feel that I am qualified to fill the office honestly and efficiently and will do all that is possible for the upbuilding of Floyd county.

I know most of you people personally and have contacted you in selling automobiles and if you see fit to vote for me, I would appreciate it very much.

I will try to see each and every one of you before election time.

Yours very truly,
H. F. (Blondie) Finley.

Plumlee in Race For Commissioner In Precinct 3

To the Voters of County Commissioners Precinct No. 3:

I am making my announcement for the office of County Commissioner of Precinct No. 3, Floyd county, Texas. I have lived in Floyd county fourteen years, my first year in Floyd county was running the cotton gin at Fairmount, the last two years I have been operating the road grader. I feel that with this experience that I know how to meet the public and I think I understand the needs of my precinct and the county when it comes to public roads.

I am making my announcement subject to the Democratic Primaries, I expect to try to see each of you between now and the election. Any thing that you might say or do in my behalf will certainly be appreciated and I assure you that if I am elected that I will do every thing in my power to make you a real commissioner.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion, which goes right to the seat of the trouble to help loosen and expel germs laden phlegm and aid nature's soothing and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beech wood creosote by special processes with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permits rest and sleep, or you are to have your money back. (Adv.)

Uphold Quality Appeal Made To Farmers

Farmers of Floyd county have been appealed to to help along the nation's war effort by eliminating food waste and by producing only farm crops of unquestioned quality.

The appeal comes from H. C. Darger, coordinator of the National Cream Quality Program, Chicago.

Mr. Darger is immediately concerned with the waste involved in that portion of cream produced on farms which, because of a low standard of cleanliness or care in producing or handling or perhaps infrequent marketing, is found on delivery to the creamery to be unfit for manufacturing into butter under the stringent federal food law regulations. Cream thus rejected represents a serious loss to the nation's nutrition as well as to the farmers' pocketbook. Mr. Darger estimates the loss to American farmers from unfit cream, including seizures of shipments of cream and butter and the loss from price differentials between cream and butter that grade less than first quality, at \$40,000,000 annually. This would indicate a loss to Texas farmers, who produce 19 per cent of the nation's butter output, of close to \$700,000 a year, he figures.

According to Mr. Darger, there is no reason why any farmer should produce a poor grade of cream. Everything hinges on the care the cream receives on the farm and the frequency with which it is delivered to the butter-maker. The required sanitary precautions are easy and inexpensive for the average farmer to carry out. He can readily obtain any desired information from the state agricultural college or from the cream buyer or creamery with whom he does business. The little extra trouble involved in producing the best quality of cream not only makes available the maximum of protective food for the consumer but extra dollars as well for the farmer exerting this extra care, he said.

Farmers cooperating with the National Cream Quality program are being asked to sign this pledge and to display a copy of it on their premises.

"I believe it is my duty and that of everyone connected with the production, handling, and sale of food products, to use every care to insure that such products shall be made only from sound, clean ingredients."

"I believe that the production of unfit milk and cream is an unnecessary, unpatriotic waste of food."

"I believe that carefulness in the production and handling of milk and cream will conserve butterfat—food that is essential to the wellbeing of my fellow Americans. This carefulness includes: Washing and scalding my dairy utensils and separator with boiling water after each use; cooling my cream; delivering or shipping my cream often enough to insure its arrival at market in good condition. (Preferably twice a week in winter and three times in summer.)"

"I have pledged myself to do my part in protecting and conserving American food."

Some timely words of caution on two problems pertaining to the production of cream at this season were issued by Mr. Darger. Do not keep cream on the farm too long even in cold weather, he states. If held too long, it is likely to develop old, rancid flavors. A cave or cellar may be of the right temperature for holding the cream, but if musty it will likely spoil the delicate flavor. Cooking odors and stored vegetables also affect the flavor and cause the resulting butter to be marked down in grade. Freezing is a serious hazard to be guarded against. Frozen cream does not make high-grade butter; the freezing changes the cream so that it results in mealy, oily, undesirable butter. Cream is best kept in a clean odor-proof place, in a temperature above freezing, and must be protected from freezing on the haul to market.

Collect Scrap Iron And Sell, Farmers Urged

Collection and sale of scrap iron and steel is only one of the many ways Floyd county farmers can help lick the Japs, the Nazis and the Fascists, according to Paul Snodgrass, chairman of the Floyd County USDA defense board.

Growing needs of a nation at war serve to intensify demand for steel and scrap iron to feed the hungry mouths of arms factories, the defense board chairman said.

Urgent appeal is also made to the public to gather up steel and scrap and carry it to nearest dealers for use in charging the nation's steel furnaces. A list of dealers for the county are on file in the local AAA office and may be consulted anytime, he said.

"We're not asking that you give your scrap to your country. We're asking that you sell it at prevailing prices for immediate defense use," Snodgrass said in explaining that financial returns cannot be expected to be large but results will be of untold value to farmers in their whole victory effort.

Snodgrass explained that prices for scrap vary in different sections since dealers deduct costs of transporting scrap from shipping point to mill, as well as preparation charges.

"It's just another way of saying that we're at our posts on the farm front," the chairman said. "We're in this war to win, and each of us will have to do his part to get the job done."

Morgan Wright Is In Race For County Judge

To The People of Floyd County, Texas:
I take this method of announcing my candidacy for the office of County Judge of Floyd county, Texas. Most all of you people know me for I have resided in Floyd county for the past twelve years and have been before the public in some capacity during most of this time. I believe that I am qualified to fill

this office if elected as I have worked with the courts from the City court to the District court. I am thoroughly familiar with conditions in Floyd county and should be well qualified to preside over the Commissioner's court.

I may not be able to make a house to house canvas due to the war situation and the scarcity of tires, tubes and gas, but I will strive to see all of you, if possible, before the election.

If elected to this important office I promise to serve you to the very best of my ability, and I earnestly solicit your vote and influence.

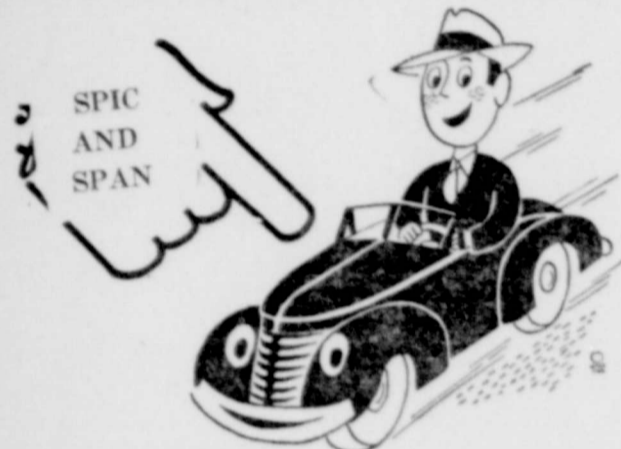

Morgan Wright.

Mrs. Stegall Candidate For District Clerk

To the People of Floyd County:
In announcing my candidacy for election to the office of District Clerk, I want you to know I appreciate the appointment to fill the unexpired term of the former District Clerk, Mr. Milton Sims. It has been my privilege to serve as deputy clerk for the past six years and I believe this experience and the familiarity with the work qualifies me to take care of this office to your satisfaction.

I will be very glad to have the support of your influence and vote in the coming July primary and, if elected, I promise to give you the most faithful, efficient and courteous service of which I am capable.

Mrs. P. G. Stegall, Candidate
Office of District Clerk.

Finley Announces For Weigher In Precincts 1-4

To the People of Precincts 1 and 4:
I am a candidate to succeed myself as public weigher in Precincts 1 and 4.

Past favors and your support and co-operation are appreciated. I have tried to make you a good weigher and if you feel like I have would certainly appreciate being returned to the office. It is my intention to see each of you personally and ask for your support. Sincerely yours, W. L. (Bill) Finley.

Grover Smith Com. Candidate In Precinct 4

To the Citizens of Precinct No. 4 Floyd County:
I have decided to make the race for Commissioner of Precinct No. 4 and want to ask you for your vote and influence. I have been living in the county for 28 years, believe I could help handle the county's finances to good advantage, and would do my best to maintain the roads of the precinct.

I am going to try to see you all before the close of the campaign, and meanwhile would appreciate your keeping me in mind. If you elect me I'll sure do my best to make you a good man on the job.

Yours truly,
Grover Smith.

Church Of The Nazarene

(Eugene Wood, pastor)
We are happy to be co-operating in the community wide simultaneous and co-operative revival. At this writing much good has already been done. Let us keep up the good work and put forth a special effort the remaining days. We will have services each night at 7:30 including Saturday night.

We plan to speak on the "Second Coming of Christ" Friday night. Other subjects will be "What are They Doing in Hell," "The Judgment," "Heaven" and other fundamental subjects.

We would be glad to welcome into our services everyone, especially those who are not attending any church. We also wish to announce that on Saturday night, February 14, we will have Rev. H. A. Wiese, a returned missionary from China with us. He will bring with him moving pictures of mission work in war torn China. The place of the meeting will be announced later.

First Baptist Church News

The first Sunday of our meeting was marked by good attendance and interest. We had more in Sunday school than we have had in many months and we are in an all-out effort again next Sunday. Surely it is not asking too much of any member of our church to be present for the last Sunday of our revival. We are asking and expecting every member, who is physically able to come, to be present and help with these last services of the meeting.

Our attendance has been good at the night service and the cooperative services but only a small percent of the church members of the town have been present. Last people will never attend services until the church member shows some real concern. The church member who negligently stays at home becomes a stumbling block over which lost people stumble into hell. Jesus died to save the lost and we should cooperate in a meeting to save them.

We are trying to build up our Training union and urge the attendance of all our people on the Training service at 6:30 next Sunday evening.

Visiting Minister To Speak Tonight, Christian Church

(By Rev. Lawrence W. Bridges, pastor)

Rev. Lester R. Rickman, pastor of the First Christian church of Plainview will be guest preacher at services tonight at the First Christian church. You are invited to hear him.

Sunday school service at 9:45 o'clock. Sunday morning; morning worship at 11 o'clock, sermon by the pastor.

Prayer hour begins at 6:30 Sunday evening and lasts until preaching service which begins at 7:30 o'clock.

At the evening service the pastor's subject will be, "The Unpardonable Sin." Let everyone make their best efforts to attend these closing services of the community-wide revival.

E. W. MOORES MOVE TO SANTA ANNA

Mr. and Mrs. E. W. Moore left Monday for Santa Anna where they have purchased a farm near town. They have been residents of Floyd county the past eighteen years, residents of their farm 4 miles south of town.

Their daughter Mrs. Eddie Duncan accompanied them to Santa Anna to return home this week-end.
