VOLUME 49

FLOYDADA, FLOYD COUNTY, TEXAS, THURSDAY, MARCH 26, 1942

NUMBER 7

## Prospect of 175 Acres in Sugar Beets

### Longhorn Boxers Face Amarillo Sandies Friday

LOCKNEY, March 25.—The Lockney High school boxers will face the most formidable challenge of two years of ring activity March 27 when the star studded Amarillo Golden Sandstorm fistic mandarin blow into the local arena for a sixteen bout joust with the locals. The Lockney boys will carry into the dual match an undefeated record of two years' standing during which some of the better teams of the Panhandle and South Plains have been toppled by hard swinging and willing mandarin; however in the Sandstorm fighters they face a more serious threat than any team yet subdued.

The Amarillo contingent will be studded from stem to stern with seasoned performers no less than four of them topped the Amarillo District for Golden Glove honors. In the great little 118 lb. Dean Webb, the Sandies boast one of the best fighters of the state tournament who swept to the semi-finals before being eliminated. The gallant little newsboy who southpawed his way from the unknown ranks to menace the circle of charmed, is one of the hardest hitters in Golden Glove bantamweight history. Other District Golden Glove winners who will menace Lockney performers will be J. C. Oakley, middleweight; Dwight Hopkins, lightweight; and Hoy Marcum, middleweight.

Against the Amarillo challenge the Lockney crew will pit such seasoned performers as the slender little frame of undefeated Byron Ford; Chester Pyle, flyweight; Delbert Dagle, capable little Southpaw featherweight; hard hitting Melvin Visage; and the greatly improved Duane Byars, lightweight.

Admission will be 25 and 40 cents. **Whirlwinds Beat Tahoka**  
Tuesday night at Andrews Ward gym the Whirlwinds won the edge of over Tahoka High school in their return engagement with the gloves. Out of nine fights the "Winds were credited with winning five. At Tahoka last week the teams fought to a 4-4 draw. There were several exhibition bouts on the card at Tuesday night's fistic show here.

Tuesday night was called "final" on boxing for the Whirlwinds by Coach Murry, who called out the track squad yesterday afternoon for a preliminary view of what he has available in the way of material.

### George L. Fawver Elected President Good Govt. Club

George L. Fawver was elected president of the Good Government League at a meeting held Saturday afternoon at the court house. Twenty-eight members were present in a very enthusiastic meeting. M. D. Ramsey addressed the meeting. Fawver are S. M. Crawford, vice-president and T. G. Black re-elected secretary.

The club will meet at 3 p. m. Saturday at the county court room.

### Singers From Five Counties To Spend Sun. In Floydada

The five-county singing convention will meet in an all-day gathering at the Floydada High school building Sunday. Many out-of-town singers from adjoining counties are expected to be present.

A basket lunch will be served at noon and as many as can are invited to join in the picnic style dinner.

Countries in the convention are Floyd, Dickens, Hall, Swisher and Motley. Singing starts at 11 o'clock Sunday morning.

### Program Set For Schools Of Co. Play-Day Event

Everything is in readiness for the "Play-Day" event for Floyd county's schools that will be held at South Plains on April 10. All communities of the county are invited to attend with the schools. Parents, teachers and pupils are asked to bring paper sack lunches that will be spread together at noon.

The events will start at 9 a. m. Clarence Guffee, chairman said Tom L. Porter, Lakeview and Thomas L. Collins, Aiken are program chairman.

A detailed program of the day will be printed in the Hesperian next week.

### Sugar Rationing Registration May 4-7; Sugar Sales Will Be Frozen Week Beginning Apr. 27

While court houses and school store rooms throughout the southwest are filling up with packages and forms and War Ration books as concrete evidence that the war has arrived in the consumer's household, government officials have announced that all sugar sales in the United States will be halted for a week beginning April 27.

This step will be taken, it was announced, in preparation for sales under rationing, and sugar will not be available to consumers again until May 5.

Wholesalers, retailers, bakers and other industrial users will begin registering on April 28 and the following day.

Individual consumers will go to their designated public school registration places on May 4, 5, 6 and 7, where they will register during hours to be designated locally.

Teachers will serve as registrars, and County Superintendent Clarence Guffee has already indicated the places in a bulletin issued last week.

**How the System Works**  
An explanation of how the plan will work was issued out of Chicago as follows:

One member of a family can register the entire household. He or she will fill out and sign an application giving the name, age and address of each applicant, and the amount of sugar on hand. Each person will receive a war ration book. It will contain 28 stamps. Each stamp represents a two-week sugar allotment. If the stamp is not used in the buying period, it will not be good thereafter.

The registrar will tear out of the book a sufficient number of stamps to cover the amount of sugar in excess of two pounds per person on hand at the time of registration. Consumers will give stamps to store keepers when purchases are made and the storekeepers will use the accumulated stamps, in turn, when they buy fresh supplies.

### Henry President Retail Merchants Organization

R. C. Henry, wholesale distributor at this point for the Continental Oil company, was elected president of the Floyd County Retail Merchants association at the annual meeting of the members Thursday night, held in the office of Mrs. P. G. Stegall, secretary.

He succeeds F. C. Harmon, who has served the past year. With him was chosen W. C. Cates, vice-president, with W. R. Simon, Carl Minor, Geo. M. Finkner, O. W. Kirk, Cecil Hagood and Arrel Rainer as directors.

A resume of the year's activities and the laying of plans for another year made up the evening's activities other than this, save and except for plans for the more thorough organization for Defense stamps sales among retail dealers. G. C. Huckabee, a committee which will attempt to put Defense stamps on sale in practically every establishment in Floydada. At this time few retail dealers sell stamps and a large part of the buying public does not take advantage of the facilities made available by the banks and post-offices.

"A very large per cent of shoppers never visit either the bank or the postoffice, which means that in order for stamps to be purchased by many women and children, and even a considerable per centage of the men, retail stores are going to have to undertake their sale," said Mrs. Stegall in summarizing the situation for the members of the association.

A few but not many retailers in Floydada now have stamps on sale she pointed out, declaring there could be an active effort at Defense stamp sales which would not injure business and at the same time get the stamps in the hands of the smaller investors in the hands of the appearance and the other members of Huckabee's committee are O. W. Kirk, F. C. Harmon, Gaines Davis, Tom Shaw, Cecil Hagood, Carl Minor, A. C. Rainer and W. R. Simon.

### McDONALD HARDWARE STORE REARRANGED, FLOOR SPACE ADDED

H. M. McDonald Hardware store has been rearranged this week and the store made larger to take care of the hardware stock. Approximately 25 feet of floor space was added in the rear of the store, a balcony built and new display racks made.

The new arrangement makes the store more convenient in floor space and adds to the appearance and display of merchandise. The addition of stock makes the store one of the most complete in hardware supplies in this section of the county.

### County, District School Trustees To Be Named

Trustee elections for Floyd county will be held April 4. County Superintendent Clarence Guffee said this week. Three county trustees are to be elected for two-year terms to take the places of E. C. Durham, resigned of precinct 3, and W. Earl Edwards, precinct 4, whose term expires. Term of J. W. Howard, now serving as president of the board will expire as trustee-at-large.

The hold-over trustees are J. T. McLain of precinct 1 and F. S. Byars of precinct 2.

**Common School Trustees**  
Common school district trustees whose terms expire May 1 are as follows: 1, Erick, John M. Helms; 2, Pleasant Valley, J. T. Bloxum; 3, Muncy, J. M. Sandusky; 4, Pleasant Hill, W. M. Hambricht; 5, Fairview, J. C. Crabtree; 6, Starkey, Jim Jones; 7, Aiken, J. W. Jennings, resigned; 8, South Plains, John Smitherman, and Warren Daniel, the latter resigned; 9, Sand Hill, G. C. Collins; 10, Harmony, W. M. Finkner;

11, Lakeview, J. M. Harrison; 12, Fairmount, A. S. R. Foster; 13, Center, Roe Jones; 14, Lone Star, A. E. Frizzell; 15, Cedar Hill, E. E. Wells, resigned; 16, McCoy, O. F. Cummings; 17, Dougherty, Tate Jones and H. N. Powell; 18, Baker, T. E. Leach, resigned; 19, Antelope, vacancy; 20, Providence, M. C. Scheele; 21, Blanco, F. A. Faulkenberry; 22, Almon, S. R. Foster; 23, vacancy; 24, Prairie Chapel, Cecil Brown; 25, Campbell, Everett Warren, resigned; 27, Ramsey, vacancy; 28, Hillcrest, John Lewis; 29, Edgin, Webb Taylor; 30, Sterley, R. H. Tinsley.

**Floydada and Lockney**  
Floydada school trustees whose term expires this year are O. P. Rutledge and L. T. Bishop. Two trustees are to be elected to fill these vacancies at the election on April 4.

Lockney this year are Robert Medlen, Mal Jarboe, M. L. Probasco, Cecil Hagood and W. G. Collins.

The present trustees of the Lockney Independent School district whose term expires May 1 are Arthur P. Barker, president and Gordon Crocker.

Holdovers are Hugh Carroll, secretary-treasurer, Arch Cager, Lloyd Wolford, Guy Allen and Jake Griffith.

**CLIFTON McLAIN ACCEPTED IN AIR CORPS SERVICE**  
Clifton McLain, son of Mr. and Mrs. Tom McLain, who volunteered for service in the U. S. air corps last fall, was given notice recently that he had been accepted.

At present he is employed at the Grain exchange at Lubbock.

### A NEW SON

Born to Mr. and Mrs. Weidon Thornton, on March 17, a son that has been named Weidon Patton Thornton.

### Rules Given For Junior Boys Stock Show

Rules and regulations that will govern the Junior Boys Live Stock Show here on April 15, were announced this week coincident with the report that 146 entries by members of the 4-H clubs and Vocation Agriculture students of Floyd county are already pledged.

Sponsored by Floydada Chamber of Commerce to encourage the young men of the county in their live stock production efforts and to give them an opportunity to judge their efforts alongside the results other boys in the county have obtained, the show will be a one-day affair, in which the top animals will be chosen to go to the district show opening the following day in Plainview.

Swine, fat calves, dairy animals and lambs will be shown at the show. Lots south of the Armour Creameries will be used for the show. This is the same location used last year.

Following are the rules and regulations with which the members of 4-H clubs and FFA chapters of the county will be asked to familiarize themselves before the opening date of the shows:

**General Rules of the Show**  
1. Entries will be accepted from any regularly enrolled 4-H club member or vocational agriculture student who lives in Floyd county or who attends school in Floyd county.

2. Each exhibitor must certify that he personally owns and cares for the animal under the supervision of the county agricultural agent or vocational agricultural teacher.

3. Each exhibitor will be limited to only one entry in the breeding classes but may enter as many different classes as he may qualify for under Rule No. 2.

Note: The same animal cannot compete in a fat class and a breeding class.

4. All animals must be in place and ready for judging by 11 o'clock a. m. Wednesday, April 15, 1942. Any entry not in place by that time will not receive a prize if otherwise eligible. Entries must remain in place until 4:30 o'clock p. m. at which time all prizes will be awarded.

5. The owner must show the animal at the time of judging. In case the owner is sick or otherwise unable to attend the show, he must designate some Junior boy about the same age to show his animal. Adults will not be permitted to exhibit an animal in competition with a junior boy.

6. Each exhibitor shall be required to properly bed his animal with bedding material he has personally arranged for. It is suggested this bedding be brought from home as the Show Management will not make arrangements for such bedding.

7. Each exhibitor must clean his pen of all bedding immediately after the animals are released from the show.

8. The decision of the judges shall be final and no prize shall be awarded to an animal classifying below good.

9. All animals entered are subject to the rules of the Floyd County Junior Boys' show, and all protests concerning the show, or disposal of the animals prior to 4:30 o'clock p. m., must be filed in writing and signed by the exhibitor.

Harvey L. Howard, son of Mr. and Mrs. Lee Howard, of this city, who was promoted recently to the grade of sergeant, is stationed at a Manchester, New Hampshire post, Grenier field. He has studied engineering at Texas Tech, enlisting in the air corps in January a year ago.

### Smooth Mouths Will Register On April 27

Registration day for men aged 45 to 64 inclusive was set this week for Monday, April 27, by President Roosevelt. This will be the fourth registration during the current war emergency and the second since the war actually engulfed the United States.

The proclamation, issued by the Chief executive, provides that: "The registration of male citizens of the United States and other male persons who were born after April 28, 1897, and on, or before February 16, 1897, shall take place in the United States and the territories of Alaska and Hawaii and in Puerto Rico, on Monday, April 27, between the hours of 7 a. m. and 9 p. m."

The usual exceptions were made for persons already in the armed forces and for registration in exceptional cases prior to or after the prescribed date.

The men registering on April 27 will not be liable to compulsory military duty, nor will another group—men of 18 and 19 years of age, still to be registered.

### Volunteers Needed By Civilian Defense Council

Plans are materializing at a rapid pace on preparations of the Civilian Defense Council. Mrs. H. G. Barber, chairman of the committee acting with Verne Elliott, fire chief, has issued calls for volunteers for the corps of workers needed in the defense program.

Members of the committee serving with Mrs. Barber are Bill Dyer, Bill Simon, Polk Goen, Elbert Norman and Verne Elliott.

The Defense Corps is made up of volunteers and cannot be appointed. Mrs. Barber pointed out. A nurse's air corps, the only unit in which women can take part requires 35 members to affiliate and obtain an instructor in Red Cross work. Of this number, the quota has approximately been reached. Volunteers for air raid wardens are needed yet, Mr. Elliott said.

The Council will have a called meeting Tuesday night at the City hall when all volunteers are asked to be present with the committee. At this time further plans for the area blackout and other phases of the program will be discussed.

### O. P. Rutledge, Jr. Visiting Parents Here

O. P. Rutledge, Jr., son of Mr. and Mrs. O. P. Rutledge, 319 West Missouri street, Floydada, has been commissioned a second lieutenant in the U. S. Marine corps, according to announcement from the Public Relations section, U. S. Marine Corps, at Atlanta, Georgia.

He was appointed a naval aviator for duty with the Marine corps aircraft squadrons, it was announced. A graduate of John Tarleton Agricultural college in Stephenville, Rutledge enlisted in the naval reserve on April 28, 1941, and was appointed an aviation cadet July 1.

Here for a visit this week with his parents, Mr. Rutledge expects to be assigned to further duty at San Diego following a stay of some two weeks. He has been training in the marine fighter type of planes.

### Farmers Sign Contracts Monday Night With American Crystal Sugar Company For '42 Season

With the processing capacity of American beet sugar mills the only limit, and sugar beet growers turned loose to produce as heavily as their lands will permit, interest among Floyd county irrigation farmers this week was pointed to sugar beet production, a profitable venture in previous years in Floyd county. Prospect is that 175 acres, possibly 200 acres, will have been contracted for sugar beets before the planting season closes.

**130 Acres Contracted**  
Following a conference of interested farmers with E. H. Knapp, of Rocky Ford, Colorado, Agricultural superintendent of the American Crystal Sugar company, held Tuesday night, 130 acres of land to be planted to sugar beets was actually contracted. Additional growers yet to sign are expected to swell the total acreage to the 175-acre figure or more.

The meeting held at The Lockney Beacon office was one result of the release of all allotments of beet sugar acreage in the nation. Last year production in this county of sugar beets was down to a minimum or account of difficulty in getting allotments for growing them.

Possibility that lack of labor might make beet production difficult this year was gone into fully at the conference, but most of those present agreed that if labor could not be found readily available locally that laborers can be imported from the southern portion of the state.

Benefit payments to contracting growers this year will be more liberal than in previous years and a good price per ton for sugar beets is in prospect likewise.

Beet seed from the company will cost farmers 14 cents per pound. Twenty to 30 pounds of seed per acre is looked upon as sufficient for this area for planting.

Highest sugar content yet reported from a crop grown in this county was above 20 per cent, but last year's heavy rains cut sugar content extremely low. Payment for beets per ton is based on the per cent of sugar content.

**Ship Beets to Colorado**  
The same procedure as in previous years of shipping the beets to Rocky Ford will be followed this year. Also loading docks, sought by the producers to reduce costs and labor time will not be available. Most of the loading will be done at Lockney although loading may take place at Aiken if the acreage there justifies.

Mr. Knapp told growers at the meeting that production of sugar this year in continental United States was expected to be limited only by the ability of the mills to process beets. The milling season is limited to the cold weather months, since thaws of spring cause the beets to deteriorate and rot in much the same manner as turnips and similar root growths damage when they thaw.

**Cotton Ginnings In County Pass 10,000 Mark**

Final figures on the cotton crop of Floyd county for 1941 were released on March 20 by the department of Commerce, Bureau of the Census, showing that 10,827 bales were ginned in the season at all gins in the county, counting round as half bales. This compares with 15,346 bales ginned from the crop of 1940.

While a few scraps of sledged cotton and a few bales of pulled bollie cotton still lie in the fields and at the gins, the season is to all intents and purposes over, and the report given is the last officially to be announced for the ginning year.

### Santa Fe Agent On Wheels While Station Moved

Customers of the Santa Fe Railway company this week who visited herey agent V. Williams, found him literally on wheels, his office a converted residence coach and his LCI warehouse a box car attached.

Meanwhile the station warehouse is being dismantled and that portion of the plant to be built into the modern station at the intersection of the railroad with East Missouri street is being trucked to the new location. Two or three carloads of materials that will be used in remodeling the station have been in storage here waiting for the construction crew for several weeks.

W. H. Vice, bridge foreman of the railway company, of San Angelo, has general charge of the work, with a crew of eight men. The crew lives in coaches wheresoever their work on the lines take them.

### CARPENTERS HAVE DAUGHTER

Born to Mr. and Mrs. Marion Carpenter a daughter, Friday, March 20. Mother and daughter were able to be removed from the Pitts hospital to their home this morning.

### Candidates Face Canvassing, Pie Supper Worries

Floyd county candidates wonder this year how they are going to get the job done. From time immemorial in this county the candidate who hoped to succeed in his aspirations for office has had the job of making a personal canvass—house to house all over the county.

But this year it may be different. It may turn out the candidates just won't have the tires that will make the grade, or it may turn out that the voters won't appreciate their using up what tires they do have when the rubber is so badly needed in war, commerce and industry.

The candidates in a meeting in the district court room Thursday night discussed the situation, and decided to leave the matter of house to house canvass to the individual candidate, who could decide for himself about his tires, and what the voters expect of him. Some of the candidates expressed the hope that the voters will not expect a too thorough canvass, since the tire situation is so serious. However, as one aspirant expressed it, "Each candidate expects to see all the voters in the county or his precinct one way or another before election day, and of course, all the candidates want to stay on the 'good side' of the voters."

**No Pie Supper Spending**  
However, one thing on which the candidates present were unanimous was the matter of spending money at box suppers, pie suppers and similar events. The financial drain occasioned by these events, the demand on tires in making them will hardly be justified, in their opinion, in this war year. Those who have money available for this purpose, it was the unanimous opinion, could better put it to work in Defense stamps and bonds to help win the war.

Announcement of a pie supper in a community during past campaigns has amounted in practice to a demand for candidates to attend and buy. In numbers of instances the total candidates present exceeded (See CANDIDATES, back page)

### Candidates To Sign Oath Of Allegiance

County Clerk Emma Louise Smith is in receipt of a letter from the Secretary of State in which she is informed that each candidate seeking office in the Democratic primary election is requested to sign an affidavit form. The form is an oath of allegiance to the government.

These forms are at the clerk's office and will be properly filed by the clerk.

### Clean Up Week April 29-May 5 In Floydada

Floydada will follow its custom of several years standing of observing Clean Up week at a later date than regularly proclaimed by the governor for Texas.

This was announced this week by Mayor W. U. White, who said the dates March 29 to April 4, are usually too cool and disagreeable in this area for best results. "Folks like to feel the urge to sow and plant and dig in the earth before they get very well in the notion for a clean up," said the mayor, who tentatively circled the dates April 29-May 5 for clean up here.

"When the time comes we want to do a thorough job, and that's why we want to put the date off to fit in more with our weather and climate," said the city's chosen leader. March and early April days often are blowy and blustery and sometimes too cold for outdoor work. This accounts for the plan adopted a few years ago to defer the clean up dates until later in the spring, when a better job is done.

## Learning To Do Without Sugar In The Diet

Floyd county people soon are going to begin the practice of limited sugar consumption, due to the war demand and it may turn out to be a blessing in disguise, said Edith L. Wilson, county home demonstration agent this week, who pointed out the strong belief held by many dietitians that American people consume more sugar than their systems need.

"At this time the statistical tables show the American people average consuming 75 to 100 pounds of sugar per year, whereas 50 years ago the average was 10 pounds," said Miss Wilson. "The average for the rest of the world is about 24 pounds per year and the Japs use only about eight pounds per year."

### How To Use Substitutes

But the craving of the American sweet tooth must be served somehow, if possible, and said Miss Wilson, honey, syrup and molasses are going to be used freely for this purpose. One of the first things to be remembered if honey is used as a substitute in recipes calling for sugar is to cut the liquid to one-half that called for in the recipe.

Three interesting "substitute" recipes which Miss Wilson has checked on and finds to be good are given below. Every recipe printed will not always work, but these did quite satisfactorily for her.

#### CRUMBS SPICE PUDDING

1 cup dry bread crumbs  
Let stand until milk is absorbed.  
1-4 teaspoon salt  
1-2 cup molasses  
1-4 teaspoon cinnamon  
1 egg  
1 pint hot milk  
1-2 teaspoon mixed spices, cloves, nutmeg, allspice, mace, and ginger  
2-3 cup raisins, dates and prunes (steamed 5 minutes)  
Mix and bake 45 minutes.

#### LEMON FILLING FOR PIE

1 1-2 cups corn syrup  
1 1-2 cups water  
1-3 cup cornstarch  
2 eggs  
1-3 teaspoon salt  
1 tablespoon lemon rind  
1-2 cup lemon juice  
Mix cornstarch and 1 cup water. Add to corn syrup. Cook over direct flame until thick. Cook over hot water 20 minutes. Mix other ingredients. Add one-half cup water and add to other mixture. Cook 5 minutes and use as filling—hot or cold.

#### BAKED APPLES WITHOUT SUGAR

Fill cored apples with 1 tablespoon honey, corn syrup, chopped dates, raisins, marmalade, or chopped popcorn mixed with corn syrup in the proportion of two tablespoons of syrup to a cup of corn. Put one-quarter inch of water in pan. Bake until tender and serve apples in pan with syrup as sauce.

### M. E. Circuit Of Floydada

There is much need for the old-time Gospel to be preached in these terrible days that lie ahead. Men should know the truth and be prepared to face the problems that will be called upon to face.

We cordially invite everyone to worship with us as we meet each Sunday in our different churches. This Sunday we will be at Dougherty morning and evening.

April 12 we begin our revival meeting at Dougherty and we want to see and meet everyone in that community during these two weeks. Rev. J. B. Baker, pastor of the McAdoo church, will be our evangelist.

Let us make our plans now to attend these services.

Beginning Monday, March 30, we will hold a week's pre-Easter services at Rushing Chapel. Everyone in the surrounding communities is invited to these services.

The Baker young people are planning an Easter Vesper service in the canyon Easter afternoon. All the young people are invited to come and worship with this fine group.

### Three Floydada Boys Instruct In First Aid

LUBBOCK, Texas, March 18.—Three Floydada boys enrolled at Texas Technological college are assisting in instruction of 125 men students taking first aid courses, part of the campus defense program.

### How To Control Incendiary Type Air Raid Bombs

ANSTIN, March 23.—Described as essential information which every person should know, Marvin Hall, State Fire Insurance Commissioner and Fire Defense Coordinator of the National Defense committee of Texas today outlined the ways in which incendiary bombs may be most effectively controlled.

"As long as there is a possibility of attack on the United States," Hall stated, "it is imperative that each of us know what to do in the event of a bombing raid."

The Fire Insurance Commissioner said training classes in civilian defense are being organized and are equipped to deal with only one fire at a time, a series of wide-spread fires would present a very serious problem.

The incendiary bomb must be recognized as one among the enemy's most destructive weapons under limited raiding conditions. Fires spreading over wide areas, unless controlled, could destroy more production and resources with greater damage than a few high explosive bombs dropped from hit-and-run planes.

**Incendiary Bombs Different**  
The incendiary bomb is vastly different from high explosive bomb. While the explosive bombs vary in weight from several hundred to a few thousand pounds, they are designed to demolish whatever they strike. The more commonly used incendiary bombs weigh approximately two pounds each and a large plane can carry hundreds of them and in a few seconds they can be scattered over a wide area.

The aerial incendiary bomb most frequently used consists of a magnesium tube filled with a mixture of powdered aluminum and iron oxide known as "thermit." When this bomb strikes, the thermit is ignited and burns fiercely at high degrees of temperature, melting and setting fire to the magnesium casing.

When dropped from 3,000 feet or more, this small bomb will penetrate any ordinary roof of wood, tile, slate or metal and an underlying plaster ceiling, but probably not a wooden floor below.

Burning incendiaries cannot be extinguished, except by special methods not ordinarily available in the home, but they can be controlled by prompt action and the use of simple tools, with a minimum amount of damage resulting from the fires started.

Although the incendiary bomb should be put under control as soon as possible, do not approach within 50 feet for approximately two minutes after it strikes. Some few bombs have a small explosive charge timed to go off about two minutes after the impact. Furthermore, the violent phase of its burning action lasts for about 60 seconds after igniting.

If left alone the ordinary bomb will burn out in 15 to 20 minutes but the heat generated will set fire to anything combustible within several feet.

**Two Methods of Control**  
There are two methods of controlling the bombs, either of which may be effectively used in the home. One is using a fine spray of water and the other is the use of dry sand.

Do not expose yourself to the intense heat. Use a shield such as an overturned table, chair or partially opened door.

To control the bomb action by water from a garden hose or a hand pump with spray nozzle. In contact with the burning metal, the water spray is converted into steam, thereby producing a cooling effect. Water spray will reduce burning time ten minutes or more. The floor and surrounding combustible materials are cooled, thus preventing the spread of fire until the bomb has burned out.

Never apply a solid stream of water, and never dash a bucket of water on the bomb. If water is not available use the sand method. Sand will smother the bomb until it can be carried outside the building.

Use a bucket or metal container for the sand. Pour a part of it out near the bomb. Using a long-handled shovel place sand around and over the bomb, enough to smother it. Pick up bomb and sand with the shovel and put in the bucket. Catching the bucket handle with the shovel, take it outside immediately.

Don't allow the fire to get out of control. It may be necessary to neglect the bomb to prevent spread of fire to other parts of the building. In event an air raid alarm is sure you can reach the ordinarily inaccessible places in your home. Have your hose connected, but be sure it is long enough to reach any place in the house. Otherwise have sand and shovel ready.

**JAMES H. WILLIAMS, RADIO TECHNICIAN, PROMOTED TO SERGEANT'S RANK**  
Mr. and Mrs. H. T. Williams received news last week that their son, James, has been promoted to the rank of sergeant. He is now serving as section chief in charge of radio communications of 305 Bomb Squadron at Bowman Field, Kentucky.

James finished Floydada High school with the class of 1940, and enlisted in the army air corps the following November. He entered technical school at Scott Field, Illinois, where he finished the course of radio technician.

## China Relief Quota For Floydada Is Set For \$500

Floydada has been called on for \$500.00 as their quota in the National campaign for immediate relief for China. This week, George M. Pinkner received a letter from W. R. Herod, president of the 1942 Campaign United China Relief, indicating their immediate need.

Last year Floydada sent \$107.50 to China relief fund. Chairmen will be named who will make a drive for funds. Mr. Pinkner said. He called attention to the fact that China's enemy is our enemy. Their battle is our battle, therefore, today, as never before, China looks to America, her friend and ally, for immediate help.

In his radio address to the nation on February 23, President Roosevelt said: "It is essential that we help China in her magnificent defense and in her inevitable counter-offensive, for that is one important element in the ultimate defeat of Japan."

The drive, officially starts April 11 and closes before the end of April. Mr. Pinkner said.

Mr. and Mrs. T. B. Klepper of the Floyd County News and Crowell Index visited in the office of The Hesperian Saturday afternoon. The Kleppers were enroute to Lubbock where they visited a son who is a student of Texas Tech.

## Vance Statement On Volunteer Wheat Received

A statement released Monday and received in Floydada Wednesday from College Station, from B. F. Vance, administrative officer of the AAA in Texas, has the following on the new volunteer wheat ruling now effective:

Both conservation and parity payments may be earned by AAA cooperators who harvest volunteer wheat provided other program regulations are met, the AAA official explained, and added that the amended AAA regulations are designed to put the volunteer growth and acreage to maximum use in meeting Food for Freedom goals.

To earn AAA payments, cooperators must have seeded within their 1942 acreage allotments and must also seed within their 1943 acreage allotments, comply with other provisions, and store volunteer wheat as long as it is subject to a marketing quota penalty. Such payments, Vance explained, will be held until actual 1943 compliance has been made and the stored volunteer wheat will be eligible for Government loan at 50 per cent of the usual rate.

Volunteer wheat pastured will be considered as a conservation practice under the AAA program but volunteer acreage cut for hay or harvested for grain cannot be included under conservation acreage, he explained.

Where stands are sufficient for harvest, regulations provide for conservation of volunteer wheat in order to avoid glutting already crowded terminal storages. Pasturing or cutting for hay is encouraged for farms where volunteer wheat can best be used in livestock production.

"Right now, we're short of meat products and long on wheat, and volunteer wheat makes good grazing," Vance said in recommending that producers use the volunteer acreage for livestock feed wherever possible.

## Wall Street Church Of Christ Service Set For 11 A. M.

## GRANDMOTHER OF EDGAR DUNCAN CELEBRATES NINETIETH BIRTHDAY

Mrs. J. W. Duncan, grandmother of Edgar Duncan of the city, celebrated her ninetieth birthday last week at Guymon, Oklahoma. Open house was held at the family home at Guymon when friends came with congratulations and to listen to the reminiscences of other times that are so similar to the present.

Some of the stories, remembered by Mrs. Duncan, are told of "depressions" of the Civil War when women were required to weave their own clothing and make "jeans" for their menfolk.

Mrs. Duncan tells of her father making shoes for his family from home tanned leather. No coffee was to be had. Rye was parched and boiled for a substitute.

Sugar was available and sweets from maple trees were used for household use, she said.  
Mrs. Duncan has three children all of whom were present for the day.

## OFFICERS AND NONCOMS ATTEND BATTALION CONTACT CAMP TDG

Seventeen officers of Company B, Texas Defense guard, attended a battalion contact camp at Turkey Saturday night and Sunday, called by Major V. H. McClintock, battalion commander, of Childress.

The party of Floydada men, headed by Company Commander T. P. Collins, returned home late Sunday evening. Yesterday he said that the planned public drill of the local unit is being postponed pending receipt of further supply of uniforms and paraphernalia following the conference of the battalion staff and officers of the units.

## AARON WILLIAMS ON JOB AS SUPERINTENDENT RURAL ELECTRIC CO-OP

No official report from the Washington office has been received here relative to the approval of the election of a Floyd County Rural Electric cooperative superintendent. The job was offered Aaron Williams at a recent meeting of the board of directors, pending the approval of the Washington office and approval is expected daily.

The moving of offices in the capitol city has made the delay in answering the application, local officials say, and Mr. Williams is going ahead with the duties of the office.

Mr. Williams is the son of Mr. and Mrs. L. A. Williams, present farmers of the county. Until recently he was employed as engineer of a construction crew at Denver, Colorado.

L. W. Chapman, former superintendent since its organization in 1938, received orders from the war department to report for active duty and he left Saturday for Aberdeen Proving Grounds, Maryland. He had held a reserve commission since 1933.

## MRS. MCKINNON HOME

Mrs. A. P. McKinnon returned home Wednesday from Dallas where she has been with her daughter Mrs. R. F. Kirchner and Mr. Kirchner the past four months. While she was gone she visited relatives at Corsicana, San Marcos, Dallas and Fort Worth.

## Service At First Methodist Church Starts At 10:15

Services at the First Methodist church will start at the usual time 10:15 o'clock with the Sunday School service that will be followed with preaching by a visiting minister.

The Pastor Rev. R. T. Breedlove is taking a rest cure at Mineral Wells and will be absent from service Sunday. However he urges members to be in their places for the day.  
Rev. Breedlove, with his wife left Saturday and planned to be away approximately 10 days.

## ROY L. HAYNES ON VISIT WITH HIS MOTHER OVER WEEK-END IN FLOYDADA

Mr. and Mrs. Roy L. Haynes, of San Antonio, were in Floydada last week-end and were guests of Mr. Haynes' mother, Mrs. Maggie Haynes, returning home Sunday.

Mr. Haynes is assistant regional representative of the U. S. Employment Service division, one federal agency which has really been a busy one. "We don't have time for vacations but I felt like I just had to have a day or so off for at least a little visit with mamma," said the former Floydada boy.

## A. T. HULL IMPROVING

A. T. Hull is thought to be slowly improving from an attack of rheumatism. His condition grew worse and he was carried to a Lubbock hospital Thursday of last week where he received treatment until he was brought home yesterday.

Mrs. Jimmy Hardgrove, of Clovis, New Mexico, came Wednesday for a visit with Mrs. Clinton Fyffe and other friends. Her husband, little daughter and mother Mrs. Ama Smalley, will come for her Sunday.

Judge: "You are accused of hitting this Chinese over the head with a vase. What is your reply to this charge?"

Prisoner: "Well, your honor, he was threatening me in broken English, so I replied with broken China."

"I know a good joke about crude oil."  
"Spring it."  
"It's not refined."

## Baptist Convention Meets Tuesday In Two-Day Session

Many delegates from the First Baptist church are making plans to attend the two-day Baptist District convention that opens March 31 at Canyon.

Mrs. John Gray, associational president of Floyd county is scheduled to attend and read a report of the Woman's Missionary union.

## COTTON VS. RAYON IN UNDERWEAR TEST

Cotton vests worn by 26 girls in a Washington institution lasted thru 44 half-week periods of wear, washing and mending, compared with 35 for rayon, in a scientific test by the U. S. Department of Agriculture. Textile specialists of the Bureau of Home Economics believe that this is the first test in which scientists directed the machine knitting of fabrics and the manufacture of garments from cotton and rayon yarns of known history, and then followed the action careers of the garments to old age and the rag bag.

Following up on the harder wear on union suits worn by 25 boys in the same institution, the textile specialists found that knit cotton suits lasted on the average 31 periods of wear, and rayon 18. No cotton suit was discarded before it was laundered 19 times, which was longer than the average lifetime of the rayon suits. Cotton was definitely more suitable for the strenuous service that a boy's union suit must endure. "Good garments and service conditions similar to those used in this study," says a technical report on the tests, "two vests would be required annually on a girl's clothing budget if cotton were selected, and three if rayon. Boys would need approximately three and one-half cotton union suits or six rayon suits a year."

"I wish we'd get a few shipwrecked sailors washed ashore," mused the cannibal chief. "What I need is a good dose of salts."

## Center News

CENTER, March 24.—All around us we see signs of Spring. With equinox at hand, we fear for the fruit trees in bloom at this time. We have a plum tree in bloom and several peach trees are beginning to bloom.

Mr. and Mrs. C. J. McClure accompanied her sister and husband Mr. and Mrs. P. D. Sandage of Amarillo to Crafton, in Wise county, last Friday where they visited Mesdames McClure's and Sandage's father, W. J. Weaver, until Sunday. Mr. Weaver has made his home here with Mrs. McClure a number of years and is well known by the people here.

Mr. and Mrs. Frank Dunn came Sunday night for a visit with Mrs. Dunn's mother, Mrs. J. L. Montgomery. Mr. Dunn returned home; but Mrs. Dunn and the children, Jimmy and Margaret will spend the week here.

Mr. and Mrs. H. B. Mankins did not make their trip to Santa Fe as was reported three weeks ago; but

Mr. and Mrs. W. B. Jordan were Sunday dinner guests of Mr. and Mrs. Clyde Bagwell. Other guests in the Bagwell home Sunday afternoon were Mr. and Mrs. H. K. Reeves.

Marion Mitchell of Dallas came Thursday to visit his mother and sister, Mrs. C. L. Mitchell and Frances.

Revival Begins Sunday

Everyone is reminded that the revival meeting begins Sunday morning at Center. The pastor will do the preaching and D. Cates will have charge of the song service. All members are urged to come praying for the much needed revival among the membership.

Mrs. C. L. Mitchell, Frances, and

Marion went to Lubbock Friday. They returned by Ralls Sunday where they visited. Marion returned to his work in Dallas Sunday.

Mrs. A. W. Anderson spent Monday with Mrs. W. B. Jordan.

Recent Bride Complimented

Mrs. Leonard Rogers, the former Nadine Lightfoot, was complimented with a linen shower Monday afternoon at the home of Mrs. Tom Jernigan immediately after the adjournment of the home demonstration club meeting.

Hostesses were Mrs. Tom Jernigan, Mrs. H. B. Mankins, Mrs. Floyd Willis, Mrs. E. Finley, Mrs. O. G. Mayfield and Mrs. Olin S. Miller.

The dining table was covered with a white linen cloth and centered with a reflector with a glass, plate and silverware, carrying out the theme of a chef serving his customer. Mr. Rogers is a chef.

Mrs. Bagwell conducted a game and Mrs. Willis gave the toast to the bride after which Mrs. Willis and Mrs. Mayfield presented the gifts.

A lovely refreshment plate of sandwiches, frosted lemonade and cookies was served. A scroll bearing the wedding announcement was used as plate favors.

Those present were Mesdames E. W. Lightfoot, G. C. Bailey, Guy Jackson, E. M. Jackson, W. B. Jordan, W. F. Sims, M. Eastling of California, R. C. Ross, A. L. Spence, T. R. Noland, Roy Fawver, L. D. Goughly, A. W. Anderson, J. L. Montgomery, E. R. Crabtree, Clyde Bagwell, Jas. E. Green, Frank McClure, J. B. Jordan, C. J. McClure, Frank Dunn, Childress McClure, V. McClure, T. C. Hollums, E. S. Gilliland and Miss Floella Jackson.

Those sending gifts were Mesdames Leo Frizzell, E. E. Husky, Claude Carpenter, Collis Roland, O. R. Goughly, Bland Wilkerson, Lillian Marble and Miss Doris Jordan.

Mr. and Mrs. J. M. Wilson and daughter Oragene and son David spent the week-end at Dallas visiting their son James and daughter Louise students at S. M. U. and Mrs. Willson's parents Mr. and Mrs. R. E. Terry. They also visited at Fort Worth with Mr. Willson's mother Mrs. D. M. Willson. Mr. Willson attended an executive meeting of American Legion officials held at Austin during the week-end.

Mrs. Jewell Tusana of Paducah came Tuesday for a visit with her aunt Mrs. F. W. Fogerson and family.

**Cotton Formal** — For formal dances this spring and summer, frocks like this one made of fluffy white organdy will be high styles, the National Cotton Council and Cotton-Textile Institute reports. A narrow black velvet ribbon is run through eyelet lace at the neckline, wrists and waist to add a touch of color. Cool sheer cottons promise to be very popular during the coming warm months.

## Re-Elected President P. T. A.

Mrs. B. F. McIntosh who served as president of the Andrews Ward Parent-Teacher association, during the past year and Mrs. W. O. Tye, vice-president, were re-elected by the association at the meeting Wednesday of last week, to serve during the term 1942-43.

Mrs. W. R. Simon who is filling an un-expired term for Mrs. Clarence Guffee was re-elected treasurer; and Mrs. Bridges succeeds Mrs. Conner Oden as secretary of the association.

Following the election of officers, Herbert Bradus, minister of the Church of Christ of Lockney, made a very interesting talk on the subject "Making Re-adjustments following the War."

The fifth and eighth grade rooms tied for the attendance prize for having the most members present at the meeting.

Mr. and Mrs. Ralph Hammonds and baby Sarah Douglas left Tuesday for Hawsville, Kentucky, where they will spend two weeks visiting relatives of Mrs. Hammonds.

# Mahon Makes Statement To The People

It has been evident for a year that the American people, particularly the people of the South, want legislation to prevent strikes in defense industries and to prevent profiteering and racketeering. More recently the people have become aroused, and rightly so, over the continuation of the forty-hour week in war industries while their sons are fighting and dying for the country on a twenty-four-hour-a-day basis at small pay and at a time when production is the key to victory and the most effective way to reduce human losses to a minimum. The people do not like excessive profits by industries or anyone else in wartime, feeling that everyone should sacrifice for the good of all and that all we have in this Nation is now at stake.

I have a deep conviction that the people are right, and I have been outspoken in expressing my views in Washington, and I have voted accordingly. This has been true of most Southern members of Congress in the House and Senate, but we have been blocked by the efforts of members from the industrial areas who outnumber Southern members.

**Senate Blocks House Bill**  
On December 3rd the House passed the Smith bill, feeling that it would prevent further strikes, speed up production, and give the great mass of labor a better opportunity to produce. Unfortunately, this bill has been blocked in the senate for many weeks. In the house we are now seeking action in effective elimination of the forty-hour week for the duration of the war. In my opinion this ought to be done, and all profits should be taken out of war for industry.

It must be borne in mind that under our form of government Congress cannot buy equipment for the armed forces or enter into contracts for production. The Presi-

dent and Donald Nelson are in charge of spending the money which we appropriated and equipping our army and navy. They have opposed legislation to prevent strikes and speed up production, undoubtedly feeling that better results could be achieved otherwise, and they have recently appealed to congress not to take action in regard to strikes and the forty-hour week.

**Great Strides Are Made**  
These questions involving war production are vital to the nation. It should not be concluded that because mistakes have been made the program is a complete failure. Great strides are being made, but we cannot be satisfied with anything short of our best.

For my part I shall continue to work for and vote for legislation to eliminate strikes, excess profits, and the forty-hour week for the duration of the war. National unity is essential to victory, and we cannot let our disappointment and disapproval of certain policies tear us apart. We must be satisfied with inefficiency, but we must keep our balance. In unity there is strength. In disunity there is disaster.

## G-E To Acquaint Public With Its Work Thru Ads

General Electric company, one of the large industrial organizations of the country which has gone "all out" in the war effort, has been entrusted with a tremendous amount of highly technical work of the utmost importance to the welfare of the country.

How it is doing this big job and why, the company is going to tell the people of America in a series of advertisements, the first of which appears in the Hesperian this week. The series will afford a refreshing viewpoint on how industrial America is carrying on the tradition of great accomplishments.

Mr. and Mrs. A. R. Epperson have returned to Floydada to make their home.

Miss Maudie Moore spent the week-end visiting relatives at Big Spring and Lamesa.

## 4-H Club Week April 5-11

COLLEGE STATION, March 23.—The week of April 5 to 11 has been designated as 4-H Club week throughout the United States. This observance replaces the National 4-H Club encampment held in normal years in June at Washington, D. C.

According to L. L. Johnson and Onah Jacks, state 4-H club agents of the A. and M. College Extension service, more than 80,000 Texas farm boys and girls enrolled in 4-H club work are expected to participate. The activities will be conducted by the Extension Service through county extension agents and voluntary local club leaders and sponsors.

During 4-H Club week effort will be made to remind adults and youth that the work to be done concerns every individual, and that boys and girls must do their part in a full-sized job, the state agents said. "Effort also will be made to stimulate family and community work to the end that every individual may make his best contribution toward victory."

Farm boys and girls through their 4-H club work have carried on a seven-point national defense program for the last year and a half. The state agents said that the club members have concentrated especially on club demonstrations which produce needed foods, care of farm machinery, clothing and other vital items, farm fire prevention, selling and buying Defense bonds, helping in civilian defense activities, collecting scrap metal, paper and other materials which are scarce, and in discussions in, and practice of, democratic principles in their club work.

### ONE MEETING EACH MONTH TO CONSERVE TIRES PLAN OF STERLEY H. D. CLUB

The Sterley Home Demonstration club met in an all day meeting at the club room Thursday with Mrs. G. A. McAda acting as hostess. The morning was spent cutting out and sewing for the Red Cross. The club wishes to express their thanks to Mrs. Tressie Thompson, Mrs. J. W. Weaver and Mrs. Bill Johnston for the help they gave in the Red Cross work.

At noon sandwiches, salad, pie and coffee were served. After lunch the house was called to order by the president, Mrs. R. L. Powell for a short business session. Mrs. Herschel Carthel was elected Council representative to fill the vacancy left by Mrs. Joe Reeves, who is no longer a member of the club.

Both March meetings were held the same day as it has been decided to meet only once each month to conserve tires. In the first program, Mrs. Cooper gave a list of names of shrubs adopted for screening. Mrs. Carthel gave the names of a list of shrubs that may be started from cuttings. And Mrs. Tinsley gave a list of shrubs suitable for this county.

For the second part of the program Miss Wilson gave an interesting talk on the selection and care of refrigerators, and their uses in the making of salads and desserts. She also gave a demonstration on the making of salads and desserts which proved very attractive and delicious. Members enjoying the day were Mesdames W. A. Cooper, R. L. Powell, Roy Tinsley, G. A. McAda, W. M. Stovall, B. A. Howell, Clyde Stapp, Cloy Lyles, Herschel Carthel and Miss Wilson.

Visitors were Mesdames Tressie Thompson, J. W. Weaver and little Margaret Stovall, Mary Nell Stapp and Barbara Carthel. The next meeting will be at the club room at 2:30 war time April 16 with Mrs. Powell and Mrs. Stovall as hostesses.

### CARL BANKS LOCATED AT WILL ROGERS FIELD

WILL ROGERS FIELD, Okla., March 25.—Pvt. Carl Banks formerly of Floydada, is one of the soldiers stationed at this Army Air Force bombardment base.

Pvt. Banks is assigned to a bombardment squadron here but has not as yet received permanent squadron duty. He is the son of Mr. and Mrs. Paul Banks, of Floydada, Texas.

Before entering the army in January, 1942, Pvt. Banks resided at Floydada, where he was employed as a service station attendant, farmer and truck driver.

Before reporting to Will Rogers Field on February 16, 1942, he was on duty at Hammer Field, California.

Mr. and Mrs. James Jones and children and Miss Betty Jo McCleskey who have been making their home in Los Angeles, California, for the past several months, returned to Floydada Saturday to make their home for an indefinite time.

## Steel-Piercing Eye

Steel used in vital parts for war machines—planes, tanks, ships, guns—must be flawless, because America's fighting men must have weapons that are both accurate and tough.

1. The new million volt X ray built by General Electric saves precious hours in finding flaws. It is so powerful that its rays can pierce thick steel castings.

2. Defects in the steel show up on X-ray film. Therefore faulty materials are tossed aside before costly hours of machining have been spent on them.

3. A regular check-up on pieces of X-ray film worn on workers' wrists helps guard against prolonged exposure to the rays given off by the X-ray tube.

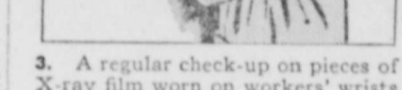

4. X-ray exposure needed for 5-inch-thick steel is now 2 minutes instead of previous 3 1/2 hours! Whole days are saved in examination of even thicker castings.

General Electric believes that its first duty as a good citizen is to be a good soldier.

### Volunteer Wheat Ruling Expected At Early Date

Reports in newspapers emanating out of Washington last week-end relative to a new ruling on volunteer wheat acreage and production, which indicated a much more liberal construction of the rules than has been in effect in the past few years, has resulted in the issuance of a statement this week from the ACA office for Floyd county as below. Meanwhile definite further information has not been made available to the office here.

"The Texas State AAA office has advised the County office that the definition of acreage planted to wheat is being amended to permit the grazing of volunteer wheat in the allotment established for the farm to permit the harvesting of such wheat for hay, provided it is harvested before reaching maturity.

"Detailed information concerning the changes of the wheat regulations are expected within the very near future and notice is received showing how it will effect Agricultural Conservation program, parity, marketing quota, and wheat loan regulations for 1942."

### Announce March 31 Deadline For Cotton Insurance

Floyd county cotton farmers are reminded by A. A. Hoots, secretary of the Floyd County ACA this week that the deadline for cotton insurance is March 31. That is the closing date on which applications may be received and the date will not be extended.

"Any of the personnel of the County AAA office will be glad to figure cotton insurance with you," said Mr. Hoots' announcement. For the convenience of farmers in the north end of the county a representative from the office spent yesterday in Lockney at the Beacon office and again today for the purpose of taking applications for cotton crop insurance.

Notices containing yields and premium rates for both 75 per cent and 50 per cent insurance have been mailed to all farmers in the county. Today 102 farmers have taken out cotton insurance on 123 farms.

### Silverton Church To Observe 50th Anniversary

On Sunday, April 5, 1942 the First Baptist Church of Silverton, Texas will observe the fiftieth anniversary of her organization with an all-day program and basket dinner to which all former pastors and members and all others are cordially invited.

On this date a revival will begin with Rev. John M. Riddell doing the preaching. Rev. Riddell is the son of the late Rev. W. S. Riddell who led in the organization of the church and became the first pastor.

Good records are necessary. Get supplies at The Hesperian.

### Tribute Is Paid To Elder Day

(A Contributed Article)

On March 16, 1942, the soul of Bro. J. J. Day weighed anchor and passed on "Beyond the sunset's radiant glow, where there's a brighter world we know" prepared for those moments. Bro. Day was born February 4, 1860 in Williamson county, Texas. He was married to Mattie Starkey December 21, 1884, in Mason county, Texas. Sister Day has been asleep in Jesus since March 17, 1930. Bro. Day's body was laid to rest beside her in Floydada cemetery.

"They came to this area before Floyd county was organized and courageously met and conquered the vicissitudes and hardships of pioneering that they might implant in the hearts of their children the lofty ideals and ambitions of true and unselfish service to others of which their lives were shining examples.

Bro. Day's oft repeated desire was to "Lay up treasures in Heaven where neither moth nor rust doth corrupt and where thieves do not break thru and steal."

"He began his ministry in the gospel his last sermon in 1941 in Pueblo, Colorado.

"May the desolated family be comforted by "our Lord and our God, the same yesterday, today, and forever."

### New Chinaware Is A Compliment To Your Guests

Floydada merchants carry a complete line of American China in patterns of the latest modes. They are on display now and you'll be delighted to see and feel the texture of this new vitrified china, fine and translucent. It is unusually strong delicate in appearance and appealing to the touch.

A new process of making decalcomanias for transferring intricate designs to china has been developed by the du Pont company, substituting photolithography for the Old World method of laborious hand lithography.

To the housewife, this means a wider choice of fine design, in all price ranges, which she will be proud to own as examples of truly American dinnerware. The new method permits the reproduction of more elaborate designs with finer gradations of shading and blending of colors.

Seventy per cent of the decalcomanias used by American china manufacturers were imported at the war's start.

### MISS REA ATTENDS LAST RITES FOR NEPHEW HELD MONDAY AT CISCO

Miss Daltis Rea, teacher in Floydada high school, was called Saturday night to Fort Worth by the death of a nephew, who died unexpectedly.

Funeral rites for the young man were held at Cisco, former residence of the mother of the boy, Mrs. Richardson.

### Cook Beans In The Water They Soak In

COLLEGE STATION, March 26.—Because of tin shortages, there won't be any more canned pork and beans or baked beans when present supplies are gone.

This curtailment shouldn't bother homemakers, because there are plenty of dried beans available. These keep well and taste good if they are prepared right, says Hazel Phipps, food preparation specialist for the A. and M. College Extension Service.

In preparing beans right the first rule is to give them plenty of time to soak—overnight in cold water or five or six hours in lukewarm water. Be sure to wash the beans before soaking them, and cook them in the water in which they are soaked, for this will save minerals and vitamins, she says. Beans are rich in iron and vitamin B1 and these food values "soak out into the water."

The specialist says use soft water if it is available, for hard water toughens the beans. Cook them at a moderate temperature. In other words, simmer them—don't let them bubble and boil, for hard boiling cracks the skins, toughens the protein and makes the beans mushy. Never use soda to cook beans. This destroys the Vitamin B1. Bake beans in a slow oven, about 250 degrees F.

As far as cooking is concerned, dry beans may be treated pretty much alike. That is, although a recipe may call for one type of bean usually almost any other variety may be substituted. Season beans with something salty, sour, fresh, crisp, or bright and spicy. Beans are bland and they combine well with crisp bacon, ham knuckle, salt pork, chili, a dash of lemon juice, onion or tomatoes.

### HOME FROM SHORT VACATION TRIP

Mr. and Mrs. Glad Snodgrass returned home Monday from a week's vacation trip in which they visited the Fat Stock show at Fort Worth returning to Mineral Wells where they spent the remainder of the week.

Mr. and Mrs. Lewis Norman and children met them at Mineral Wells for the week-end and together the two families returned to Fort Worth for a short visit before returning home.

### GIBBS ATTENDS MEETING

Weldon Gibbs returned Tuesday night from a two-days meeting of assistant managers of J. C. Penney stores held in Midland.

Donald "Wimpy" Thomas in the U. S. Army Air corps who has been at San Antonio has been recently transferred to New York City according to information received this week by his sister, Mrs. A. J. Arwine.

Mr. and Mrs. W. E. Norris of Moultrie, Georgia came Sunday for a ten-days visit with Mrs. Norris' parents Mr. and Mrs. M. L. Probasco.

### 'Tremendous Kick' For Mr. Holler In Oden's 'License'

Conner Oden's "Jap Hunting License," for which he has had voluntary calls from three or four states, furnished a "tremendous kick" for Wm. E. Holler, of Detroit, the automobile sales and dealer policy wizard.

He tells Oden of his appreciation for being remembered with one of the cards in a letter received last week. "I got a tremendous kick out of the 'Japanese Hunting License' card, and congratulate you on this effective form of advertising and sales promotion." Holler said the Defense stamp attached gives the added touch that should be the means of interesting many people in the purchase of Defense Stamps and bonds.

Oden's Defense stamp sales with the stunt card have risen above the \$100 mark to date.

Mrs. Menard Field and daughter Frances and Austin Beedy left Monday for San Diego, California where they will visit Mrs. Field's son Adrian Field and daughter Mrs. Chas. McDonald.

### First Baptist Church News

(Rev. L. A. Doyle)

We are slowly getting back to normal in our church attendance. The preaching hours for both the morning and evening services were well attended. We appreciate the attendance of friends from the other churches who were not having evening services. "Behold, how good and pleasant it is for brethren to dwell together in unity."

We are stressing our evening services and have changed the time to 8 o'clock for the B. T. U. services and preaching to 8:45 o'clock.

The evening sermon will be a continuation of the ten commandments. "Thou Shalt Not Kill" will be the subject. The congregation has shown considerable interest in this series and we hope that there will be a large group to hear this message that is so vital to our present crisis. Is it right to Kill in war? Is capital punishment right? and other common questions will be discussed.

Mrs. E. F. Readhimer and little son and Carl Muse, returned home Tuesday from Bastrop where they visited Mr. Readhimer who is employed in an army camp there.

### Ralph Johnston Graduates In Basic Flying

MERCED, California, March 23.—A Floyd county man, now with the aviation cadets, is a member of the basic training class, 42-E, graduating from the Air Corps Basic Flying school here today. At the completion of a ten-week training course at an air corps Advanced Flying school he will receive his second lieutenant's commission in the U. S. Army Air corps.

Cadet Ralph C. Johnston of Floydada is the man. Before he entered the Air corps he was a student at Texas Technological college. Johnston graduated from Floydada high school prior to attending Texas Tech.

Cadet Johnston is 23 years old, and is the son of Mr. and Mrs. M. B. Johnston of R. F. D. 5, Floydada, Texas.

Arminia Berry returned home Sunday from a week-end visit with her aunt, Mrs. Elber Ewing and family at Amarillo.

Mr. and Mrs. I. R. Grundy visited Tuesday in Ralls with their son, Lace Martin and family.

### ERMA FULKERSON GIVEN AWARD FOR MERIT OF WORK IN SHORTHAND

Miss Erma Fulkerson, daughter of Mr. and Mrs. Charlie Fulkerson was awarded a pen and two certificates recently for work in shorthand in classes at West Texas college at Canyon.

Miss Fulkerson entered school this semester. She was judged best in her class, the award stated.

Mr. and Mrs. Gilbert Bean entertained the Home Demonstration club ladies and their husbands of South Plains with a 42 party Thursday night at their home in South Plains. Mrs. S. A. Thornton and Mrs. R. L. Powell will entertain the group Thursday night at Mrs. Thornton's home.

Mrs. J. L. Bailey returned to her home near Plainview Tuesday after a visit in the home of her parents Mr. and Mrs. A. G. Muse.

### President Calls For Observance Of Army Day

"Never before in the 166 years of our history as a free republic under God have our armed forces had so much meaning for us all," President Roosevelt said last Friday in calling on the people of the United States to observe, Monday, April 6 as army day.

With the earnest admission that we look to our armed forces, the president declared, "We are engaged in our greatest war, a war that will leave none of our lives wholly untouched."

Army day is so observed to honor the men who are engaged in all portions of the globe in sustaining American rights against the aggression of the dictator nations. Army day this year takes on particular significance for every civilian, now that every town and even the smallest hamlets have been called upon to furnish a part of the personnel of the nation's largest land armed force.

In the call for observance of the day President Roosevelt predicted that "we shall win this war as we have won every war we have ever fought."

### Youngsters Given Party At Webb Home

## Carnival To Be Big "Fun Spot"

### Future Farmers Of FHS To Have Show Entries

The Junior Livestock show will be held April 15, at which time the F. A. and 4-H boys may show their animals. There are four classes: dairy cattle, beef cattle, sheep and hogs, that may be exhibited at this show. This chapter is expected to show four dairy calves under one year of age, six dairy calves between the age of one and two years and three dairy cows over three years of age. In the beef cattle division this chapter expects to show three calves. In the hog division there are to be three pigs that weigh around one hundred and seventy pounds, three open gilts, and five sows. There have been no sheep reported to be shown from this chapter. Mr. Barber has been going to the boys' homes to see if their projects are ready to be shown at this show.

### School Perfect? Interview Finds Answer Is 'No'

Is our school perfect? According to these improvements suggested by the students, it definitely is not. Some of these improvements can be made by the students themselves, so let's do our part! Here are some suggestions:  
Nadine Powell: Have a girl's volleyball team.  
Flora Jeter: Improve the campus.  
Maudene Moore: A friendlier attitude among the students.  
Elizabeth Daniel: Respect the teachers more highly.  
Vinch Williams: Make the studies interesting and have more school activities.  
Sammye McCleskey: People be more careful with ink.  
Cagerline Carmack: Everybody treat everybody else on equal basis.  
Evelyn Elliott: More school spirit.  
Dorothy Ann Dooley: The desire to do more work on the part of the students.  
Wayland Hale: Have school dances so the students would contact socially.  
Miss Copeland: The students could make school more pleasant by cooperation with the teachers.  
Mary Frances Jones: Have a girl's basketball team.  
Helen Young: Football season last all year.  
Gene Loran: Cement tennis courts.  
Coach Murray: We need a gym badly.  
LeRoy Chowning: A new football turf.  
Ruby Poore: Student cooperation.  
Buster McIntosh: Softer seats so I can sleep better.  
Jimmy Little: More outside activities.  
Jimmy Denman: Shorter periods.  
James Lovell: Draft all male teachers and get pretty females to take their place.

### Champion Typist Gives Exhibition Of Typing Skill

Miss Grace Phelan, world's amateur champion typist, demonstrated correct typing form in a special assembly last Thursday morning. After giving demonstrations of correct typing and incorrect typing forms including somebody's stenographer and a high school student, Miss Phelan called Joe Rushing, Randolph Rutledge and Harold Sparks to the stage to ask her questions as she typed. She answered the questions, kept her mind on the copy that she was typing, and averaged about 140 net words per minute for one minute.  
In a half minute test she averaged 121 words or 242 words per minute. She read one test to the awe-stricken student body as she typed. In that test she typed as fast as she talked.  
Several years ago Miss Phelan broke a record which had stood for fourteen years when she averaged 133 net five-stroke words per minute for thirty minutes. During that half hour she struck 20,453 keys and made only eleven mistakes—an accuracy of 99% plus.

### N. Mex. School Gets Andrews Ward Teacher

Miss Elizabeth Caldwell resigned last Friday to accept a teaching position at Alamogordo, N. M. Miss Ouida Whitefield assumed Miss Caldwell's duties, and Mrs. Ernest Kelly is substituting in Miss Whitefield's place.  
At the last period Thursday afternoon the 7-B class met in Room 8 for a surprise farewell party for their room teacher, Miss Caldwell who left Friday for New Mexico. When she came into the room the class presented her with a bottle of Talspin Cologne as a token of their appreciation of her. On the desk was a large, pink and white angel food cake, given by Edwina Tribble. The cake was cut and served with punch to the group.  
During the day Miss Caldwell received many individual gifts. The two eighth grade classes gave her a gift of lingerie. They expressed their regrets at her leaving, but they also gave their best wishes for her happiness in the new position.

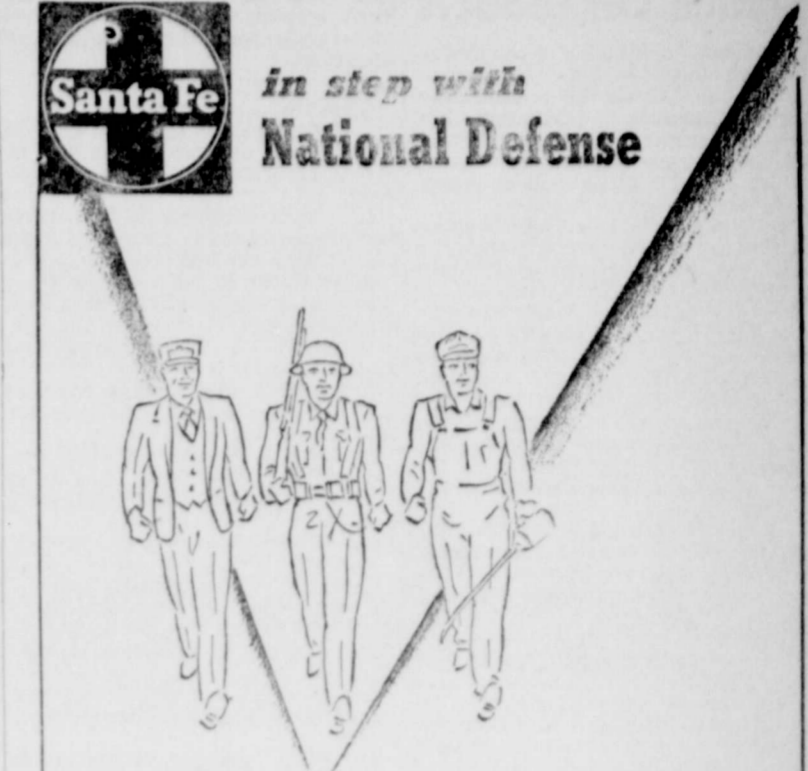

### Seniors Making Plans For Big Party For All

What do you like to do better than any other thing? Eat, drink, and be merry? Come to the senior carnival Saturday night, March 28 and enjoy all three at once, at the Martin building.  
In addition to all the good things there will be to eat, drink and do all the boys will be honored by being served by such charming young ladies as Maudene Moore, Topsy Dudley, Margaret Camden, Flora Jeter, and Floy Jean Hale. For the benefit of the girls, there will be Randolph Rutledge, Wayland Hale, Jim Simpson and Herschel Hinson. Of course, there are many others but this will give you an idea of what to expect.  
As for the amusing things, there is neither time nor space to tell of all the enjoyable things that will be put there for your amusement. However, there's the picture show, and it is rumored that this novel thing is a show in itself. Buy a ticket from Dorothy Ann Dooley, Floy Jean Hale, B. K. Barker or Randolph Rutledge and enjoy a show that is worth your money. There are games for chance, bingo, darts and many others equally as interesting.  
By now you know that the Senior carnival is well worth the price you will have to pay and the good thing about it is that you can get by on as little money as you ever spent on your night out. You get twice as much fun and triple the variety.  
The best all-around girl and boy in Floydada High school will be announced and presented that night. Don't miss this special event because it will be a hard fight to the finish by the candidates of all the classes and already much speculation is going on as to who will win. If you care to, you can even vote for your favorite candidate.  
Bring all your family with you. They will enjoy it too.  
Mr. and Mrs. Truman Fuqua visited Mrs. Fuqua's parents in Cleburne last week-end.

### REVEREND BRIDGES SPEAKS IN ASSEMBLY

Reverend L. W. Bridges, pastor of the First Christian church was the speaker in assembly Wednesday, March 25. His subject was "Modern Enemies of Youth."

I hear a big blonde busted you in the eye at the masquerade party last night. Yes, I told her how well she looked in a bustle. What's wrong with that? She wasn't wearing one.

### EDITORIAL

Unemployment for the high school student is not the problem today that it was this time last year. If you are an ambitious boy or girl and under the age of twenty-one you need not worry over the fact that during the summer months you will be forced to remain idle as you have in summers previous to this one. The reason for this is that Uncle Sam is taking to Washington and other governmental districts all adults that are qualified to work for him. Thus positions left at our own home towns must be filled and who will be able to fill them better than the high school student and graduate.

If he is finishing high school this year, the important thing for a student to do is to prepare himself immediately for a position in his home town. He might go to college or he might find his high school education sufficient. At any rate he shouldn't sit around and twiddle his thumbs but show his resourcefulness by finding work.  
If he is undecided what to do, he should consult his teachers, parents or other people who can help him.  
This is not the time for idleness so show that you are a true American by having your plans made and by being ready to start fulfilling them by the time school is out.

### Home Ec Classes Improving Dept. Dining Room

Part of the plans for the Home Economics dining room has been completed. The chairs have been covered by the girls in blue leatherette, which will blend in beautifully with the blue and white drapes that they are now making.  
The first year clothing girls cut out their dresses last Monday and the second year girls are to have their dresses finished by Friday in order to model them Monday.  
Miss Zelma Elliott, clothing teacher, and Mrs. Truman Fuqua, foods teacher, attended a sectional meeting at the teacher's convention in Lubbock last week-end. They brought back this thought: "A garden and a cow. A smoke-house and a sow. Twenty-four hens and a rooster. And you'll live better than you 'uster!"  
Billie Louise Durham underwent an appendectomy last week. Nita Carter, Robert Conner, Florence Jones, Gloria Box and Fred Martin have been absent with measles.

### Club Activities

**Tennis Club**  
The Tennis club is refining and dragging their tennis court preparatory to spring practice.  
**Spanish Club**  
The Spanish club met Wednesday afternoon in Miss Swepston's room. The members enjoyed a varied program of songs and stories.  
**Gamma Sigma Kappa**  
The Gamma Sigma Kappa had a meeting Monday afternoon and make plans for their March social which is to be a picnic. They decided to have the picnic on Friday March 27 at Plainview park. The members are to meet at Maudene Moore's home at 4:30 o'clock. If cars are not available, other plans will be made.

### PROGRAM PRESENTED BY FOURTH GRADE CLASSES IN ASSEMBLY MARCH 19

The two sections of the fourth grade class presented the assembly program at Andrews Ward school March 19 using a Mexican theme. The 4B class gave a puppet show using the puppets they had made in art class, and had made with Mexican costumes. The story of "The Little Mexican Donkey Boy" was used.  
After the puppet show the 4A class sang three songs in Spanish and in English. The songs were La Cucaracha, El Rancho Grande, and Aidos Ninos. The children were dressed in Mexican costumes, and showed the names to in both Spanish and English.

### STUDENTS ENJOY HOLIDAY

Friday, March 19 was declared a school holiday because of the annual teachers meetings at Amarillo and Lubbock, which most of the teachers attended.  
Some of the students caught up those girls Dub Smith and Ernest Hucklebee have been going with?  
Euna Fawver and Floyd Bradford had a keen time at the party last Friday night. How about it Floyd?  
Billy Jones and Leona Parrish always get a wistful look in their eyes when Arkansas is mentioned. Cheer up girls, this world isn't so big after all and maybe someday, they will stop freezing tires.  
Bryan Meredith sure had to do some fancy talking last Monday in the hall with Cleo Kirk and Ludean Ray listening.  
If things keep on like this I'm taking off to the old nut house Wayland, Arie Vee, Herschel and Floy Jean can't seem to get things straightened out.  
Was it a real mouse that scared Freda Wigington Thursday? And while I am on the subject of Freda I might also mention she isn't bad looking either.  
Mary Lynn's new boy friend is said to resemble Napoleon. Good grief! He must be getting old by now!  
Leona Jones didn't enjoy the party Friday night as much as she should have, probably because W. A. Colston wasn't there.  
Wonder what that interesting conversation concerned that was carried on in the hall last Friday between Bill Conway and Billy Ruth Wisdom.  
Tall, red, and handsome (De Winn Pyffe) has got a girl friend (Faye Nell Ginn) What goes on, James? Don't just stand there and watch him take your girl, do something about it. Don't think I am trying to get anyone murdered. I'm just craving a little excitement!  
Dora Faye, don't you think there was plenty of room for lots of other people with you and Jack Sunday? You all didn't seem to be taking up much room.  
Ladder, ladder, who has the ladder! That is what four people atop a school building were wondering last Friday night. Funny thing these people who climb school buildings and can't get down. Kinda chilly wasn't it, children?  
Johnny and Wayland together Friday night. Well, well and Thom-

### ENGLISH CLASSES LEARN NATIONAL ANTHEM

"Oh say can you see what the English classes are doing?"  
If you haven't heard—well, they are learning the National anthem.  
When a group rises to sing the Star Spangled Banner, you can be sure the students of F. H. S. can be heard above the crowd.  
Some of the English classes are given extra points for learning it and others must learn it to fulfill their requirements.

### BAND AND HOME GUARD REHEARSE FOR EXHIBITION

The band met last Tuesday night to rehearse the exhibition drill for the Home Guard which will be next Tuesday night.  
The band played marches for the Home Guard to march by and the drums continued between numbers.  
Mr. Gray played his cornet for the sing-song and the band sang with the Home Guard.

## Your Use of the Telephone in Wartime

TODAY telephone wires are humming with the urgent messages of a nation at war. In a few localities and on certain long distance routes, these vital messages have brought heavy loads. Elsewhere we are still able in most places to give you good service, however, and there is no reason why you should not make normal use of your telephone. But you can help us serve both you and the war effort by avoiding any wasteful use of telephone facilities. So please keep in mind these eight simple suggestions:

### 8 WAYS YOU CAN HELP

- Speak clearly and directly into the mouthpiece.**  
Having to repeat yourself takes time, and ties up the lines needlessly. Talk in normal tones with the lips about 1/2 inch away from the mouthpiece. It's better not to talk with a cigarette, pipe or pencil in your mouth.
- Hang up receiver carefully.**  
A book or other object under the receiver may put your telephone "out of service." Replacing the receiver carefully will insure your getting all incoming calls.
- Party-line courtesies.**  
When all users of two or four-family service try to hold conversations as short as possible—when they allow reasonable intervals between calls so that others may have a chance at the line—when they ask the children not to make needless calls—then they all work together to give each other better service.
- Look up numbers you're not sure of.**  
Refer to your personal number list or the directory and call "Information" only when you can't find the number there.
- Answer your telephone promptly.**  
Even seconds are important these days. However, when you make a call, give the other fellow enough time to reach his telephone before you hang up.
- When possible, avoid long distance "rush hours."**  
You may avoid the possibility of occasional delays if you do not make long distance calls during peak hours—10-12 A.M., 2-4 P.M., and 7-8 P.M.
- Care in dialing.**  
Please be sure to wait until you hear the "dial tone"—a steady humming sound—before you dial. This tone is the "number please," indicating that the equipment is ready to take your call. It does not always come immediately after you lift the receiver. You may get the wrong number if you begin dialing before you hear it.
- Don't say "hello."**  
It's quicker to answer with your name, company, department, or telephone number instead.

## Country Editor's Editorial Says Shame On Leaders

Contrary to the style of the metropolitan news worker, the country editor plays down the sensationally unsavory affairs in community life. Douglas Meador, editor and publisher of the Matador Tribune, said in an address at the Lions club of Floydada at its Tuesday luncheon.

But he demonstrated that a country editor can be and usually is a crusader and a reflector of the community thought when matters of large import are at stake. He read a ringing editorial that will be published in the Tribune this week, in which congress and the president are rebuked for dilly-dallying over work defense, while calling on the people for sacrifices denoting extreme peril to the freedom of the masses and the future welfare of the nation.

The local club asked the Matador publisher to be sure that every member of the Texas delegation in Congress receive a copy of the editorial, which expresses in plain language the indignation which country people feel almost unanimously. The shocking spectacle of the federal government treating with labor racketeers while the youth of the land is giving its lifeblood is described as shamefully horrible in the editorial.

Other members of the Matador club who visited here for the luncheon included R. E. Campbell, Elmer Stearns and Henry Pipkin.

1. Animals exhibited in this division may be grade or pure bred. They will be entered according to breeds and cross-bred animals will be entered in the breed class showing the greatest breed likeness.  
2. It is the recommendation of the show management that all animals

entered in this division be sold immediately after the show, but if show animals are returned home they should be kept separate from other hogs for at least 30 days. This recommendation is offered because of so much sickness among hogs in this territory.

**Class No. 1—Fat Pig:**  
1. Each animal exhibited must weigh at least 170 pounds, and not more than 300 pounds.  
2. Each exhibitor is limited to two animals in this class, and must comply with general rule No. 5.  
**Class No. 2, gilts any age (must not have farrowed a litter of pigs):**  
**Class No. 3, sows, any age (must not have farrowed a litter of pigs.):**  
**Class No. 4, sow and suckling litter:**  
1. Must have 5 or more pigs in a litter.  
2. Pigs must not be more than eight weeks of age at date of show.  
3. The sow must be in good suckling condition.

## Free Selling School Taught In Floydada All This Week

A free selling school being taught by Laura J. Wilson sponsored by the Extension service of the University of Texas was started Monday at the office of the county superintendent.

Retail merchants and sales people are invited to attend the school in which three classes each day are taught, beginning at 9 a. m., 11 a. m. and at 2:45 p. m. each day.

A class of 25 high school pupils are being taught the fundamentals of selling, with the promise of preference as substitute help in Floydada stores who are short-handed because of draft requirements.

A certificate will be granted to those who successfully complete the six-day course. A similar school was taught in Floydada a year ago.

## Candidates Face—

(Continued from page one)  
considerably the numbers of voters present at these rallies. Buying pier or boxes in former years has not irked the candidates but the fact that the large per cent of the voters of the community were conspicuous by their absence was irksome to the tired and weary office seeker who needed the rest to continue prosecuting his campaign the next day.

While the candidates did not discuss this phase of the matter in so frank a manner as is stated above by the reporter, the brow wrinkling over the possibility of demands beyond the lives of their tires was much in evidence. Several of the office seekers announced it would be a matter of impossibility for them to get out on a regular house to house basis to see the folks, and they are trying to figure out some way to get the job done otherwise.

**First To File Application**  
John Stapleton, candidate for reelection to the office of county attorney, was the first candidate formally to file his application for a place on the Democratic ticket with the county chairman. "Don't lose that application and leave my name off the ticket this summer. It's a good chance I won't be here to see about the matter myself," said Stapleton who has good reason to believe he may be holding down a well-known type of \$21-a-month job by that time at some place where large numbers of men assemble and march around by the hour while a man sorter off to one side and behind hollers at them.

Get the Want ad habit.

## FARMERS LEAD IN TREE PLANTING

American farmers are the leaders in reforestation. Nearly 40 per cent of all successful tree plantations in the Nation have been established by farmers—an area of 1,726,936 acres—according to the latest report compiled by the U. S. Department of Agriculture's Forest Service, from data submitted by the individual States.

Total forest area established by all agencies since the Forest Service began keeping over-all records in 1926 is given as 3,899,526 acres. Federal bureaus being credited with the second largest total of successful planting—1,034,735 acres—four-fifths of which is on national forests. State agencies have established 673,925 acres of successful new forests; counties, municipalities, schools, colleges and the like 172,803 acres, and industrial organizations report 261,106 acres.

Of the industrial planting in the past, which has resulted in the establishment of forests, pulp and paper companies have been responsible for 61,994 acres, lumber companies for 69,263 acres, mining companies 28,123 acres, railroads, 2,986 acres, and water and power companies 53,533 acres.

Total planting of all agencies during the year 1940 amounted to 519,051 acres. The Forest Service says that survival of trees in plantations represents about 75 per cent of those planted.

## FREEZING MAKES PORK SAFE

Trichinae which causes the serious disease, trichinosis, will not survive in pork treated by a special freezing method developed by the U. S. Department of Agriculture. The thickness of the cuts of pork or the inside dimension of the container determines the length of time the meat must be subjected to a given temperature to destroy any trichinae that may be present.

Pieces of pork or pork products not exceeding 6 inches in thickness must

## JUDGE G. C. TUBBS TALKS ON BOYS AS CITIZENS AT ROTARY CLUB LUNCHEON

Discussing the boy as a citizen at Floydada Rotary club Wednesday, Judge G. C. Tubbs declared there was never a time in the history of the nation when its youth were more willing than now to sacrifice their all for their country.

Responsibilities of parents, of schools and of churches and communities were pointed out in forceful manner by the speaker, who said among other things that his experience with juvenile delinquencies indicated that in these cases fault in nearly all cases lies at the door of the parents.

Have you asked your equipment dealer about repair parts for your farm machinery? If you haven't, do it now; the manufacturers need to know how much metal should be held out for this purpose so they can go ahead with military contracts.

## EVERY STATE HAS WILD ROSES

The distribution of the native varieties of wild roses in North America is extensive and surprisingly uniform. Thomas M. Little of the U. S. Department of Agriculture notes in an article in the American Rose Annual.

"Roses are found," says Little, who is a geneticist in the Bureau of Plant Industry, "in every section from the Arctic Circle to Mexico. Not a state in the United States nor
