Juniors and Their Show Animals Take Spotlight

Big Rain Adds Promise to Grain Outlook

Down-Hearted? Not At All. They Keep Up The Fight On Home Front

4-H club boys and girls are taking the place of older brothers on the farm. Bessie Mae and Oscar Ray Wylie, members of the Providence 4-H clubs, have two single brothers serving in Uncle Sam's army. These youngsters seem determined that their fighting brothers will be well fed and that the work will go on as usual at home. In addition to planning a garden, Bessie Mae and her sister Helen, do the milking and feeding. "Oscar Ray has finished the spring plowing, and it looks as if the older boys were at home," remarked Mrs. John Buth, sponsor of the girls' 4-H club. The youngsters are daughter and son of Mr. and Mrs. W. O. Wylie, who are in poor health, but the family is carrying on, typical of good soldiers on the home front all over Floyd county.

Mobilization Week Finds Floyd County 4-H Club Boys And Girls Demonstrating Their Loyalty

Farm boys of Floyd county are taking part in 4-H Mobilization week, April 5-11, County Agent Jason O. Gordon announced today. This local event replaces the National 4-H Club camp held in June in normal years at Washington, D. C. Boys in every rural county in the United States are thus given opportunity to demonstrate again their loyalty and will to victory. Mr. Gordon explained that both National 4-H leaders and club members feel it is more important this year to demonstrate the value of 4-H clubs to the war effort than to reward a few of their members for outstanding achievement. That 4-H members are already working on the important contributions to victory 4-H has promised, is shown by the increase in productive projects in the county. Edwin Hamm, member of the Sand Hill club, has arranged with the Farm Security administration to purchase 300 baby chicks instead of the 50 he originally planned to purchase. Many of the members are feeding 3 or more pigs instead of

the single they usually feed and it has been interesting to observe the increased interest in better feeding of all classes of livestock. In addition to increasing the effort of the present members, Mr. Gordon announces a membership drive to get every eligible farm boy in Floyd county into a 4-H club before the close of Mobilization week. Special letters have been sent to present members with the request that they contact at least one boy and explain the meaning of 4-H club work, and encourage him to join with his 4-H club friends in producing Food for Victory. There are 129 members in the 14 4-H clubs in the county and 105 boys taking vocational agriculture, Mr. Gordon said. It is the opinion of the county agent and the vocational agriculture teachers that every farm boy should affiliate with one of these National organizations in the fight to improve agricultural conditions in Floyd county.

First Aid School Draws Big Crowd, Good Interest

Volunteer first aid students numbering between 35 and 50 are registering each night for lessons being taught by Dr. Tom Mitchell. The course, held in the district court room, starts promptly at 8 p. m. and lasts around two hours. Eighty-four volunteers have signed for the course. Mrs. H. G. Barber is chairman of the Civilian Home Defense council sponsoring the school. Verne Elliott, fire chief is assistant chairman. Standard first aid textbooks are being used. These books are published by the American Red Cross. The school is progressing with much interest, Verne Elliott said continuing, that he was well pleased with the response of the public. Last night weather was too severe for the class and no lesson was held.

Rain, Sleet And Snowfall; Mild Temperatures

Pelted for 36 hours by rain, sleet and snow driven in from the northeast on slanting winds, the earth in Floyd county and the high plains area this morning is wetter than wet. Lakes that subsided during the winter months are refilling from prairie drainage, road ditches are full to overflowing and many country roads are impassable except for cars with chain-wrapped tires.

A total rainfall approaching 4 inches was recorded unofficially at The Hesperian office—3.85 inches—from Tuesday when the first rain-burdened winds began blowing in, until this morning at 8 o'clock. Rain fell all of Tuesday night and until shortly after noon Wednesday, heavily at times. Followed for nearly three hours a pelting of sleet, rain and an occasional spit of snow that bogged down prairies, filled town streets with icy slush, and made lanes and side streets impassable in many places. Last night snow fell for four or five hours. At 2 o'clock this morning ground was covered white but at 8 o'clock visible evidence of the snow had melted away except in more sheltered spots.

Temperature Near Freezing
During all the period temperatures hovered near the freezing point and for two hours or more Wednesday afternoon the gauge at West Texas Gas company office leveled away on 32 degrees. At no time did surface water freeze on the ground, however, and no ice was apparent on water troughs this morning in the vicinity of Floydada. Except that in driving rains, little damage was done to cattle interests in feeding pens or on the range.

This morning continued mild temperatures and low barometric conditions forecast conditions favorable to continued rain. However, no moisture has fallen for several hours at the news deadline in this office and the sun was shining.

Lady Bugs vs. Green Bugs
The battle of Lady Bug vs. Green Bug the first of the week had progressed quite favorably toward the former, according to farmers who have been watching the combat with keen interest. Late greenbugs were being consumed in great quantities by early and voracious ladybugs, practically forecasting the letup of the greenbug menace in the county. Big rain and mild temperatures combined are assumed to favor the ladybug and other natural enemies of the greenbug. Deep sub-season in the ground and the heavy top season have made conditions most favorable to the progress of the small grain crop. A condition that is not so favorable is that wheat, barley and oat crops for the main part do not have a good root system and are late.

Damage To Lines Reported
Slight damage to communications lines in Floyd county is reported with some telephones out of operation due to the heavy downpour. North of this point, toward Amarillo and the North Plains where two to four degrees colder weather prevailed and considerable snow fell damage to communication lines was more pronounced and maintenance crews of telephone, telegraph and light companies were being marshalled in that general vicinity as early as mid-afternoon yesterday. This morning six inches of snow was reported on the ground at Ralls and a great deal of damage to trees in that city had been done, it was said.

Cecil Hagood New President Rotary Club

Cecil Hagood was chosen president of Floydada Rotary club Wednesday in the club's annual election of officers, and N. W. Williams vice-president, to serve in the year beginning in July. J. C. Wester, H. G. Barber and Travis Collins were elected members of the club's board of directors. These with the president and vice-president with S. W. Ross, re-elected for the 11th time secretary, and Richard F. Stovall, retiring president, will constitute the executive board of the club beginning in July when the new officials take over. Judge Kenneth Bain addressed the club Wednesday giving his interpretation of the current war news. Contrary to general opinion Judge Bain expressed the belief that England's contribution to the war effort to date has been "magnificent."

A Junior Live Stock Show Animal

Here is Louis Lloyd, right, and his 4-H club calf, one of the many good animals that will be shown at the Junior Live Stock show next Wednesday here. Louis' calf appears to have quality. He is a year-old whiteface and will show in the fat calf division. Left, peeping over, is Louis' younger brother Johnnie.

Floyd County's Sons Honored In Army Day Observance In Floydada Monday Morning

An enthusiastic observance of Army Day in Floydada, honoring Floyd county's gallant sons who are in the armed forces was staged here Monday. The program started with a parade with Captain T. P. Collins of the Texas Defense guard unit in charge. The parade ended at the Palace theatre where Hon. Charles Dean of Plainview delivered a rousing address. Participating in the parade, was led by the High School band, were McDermott Post American Legion, Company B, Texas Defense Guard, Chamber of Commerce, Floydada Volunteer Fire Department, Future Farmers Association, Floyd County Chapter Red Cross, Officials and personnel AAA and USDA War Board, Floydada Lions and Rotary clubs, 1929, 1922 and 1934 Study clubs of the city, Floyd County Home Demonstration clubs, county and city officials and Boy Scouts from troops 57 and 64. Judge Dean began his remarks with, "twenty-five years ago today we were mistakenly told that our boys were fighting to make the world safe for Democracy." He reviewed the patriotic meetings of 1917-18 when we sang the same songs, prayed the same prayers and made the same preparations as we are making today. Enumerating the reasons of our present war he pointed the fundamental cause as a strife between Christian and pagan philosophies. "Civilization for many generations depends on the outcome of the soil present strife," the speaker said.

Pledges for National Unity
There are many things we must do if we win the war, Judge Dean said. "Our resources, our sons, our all must be given in behalf of Christian civilization, if necessary." He urged hearts and minds of every citizen must be of one purpose in national unity. Following this the speaker denounced labor racketeers in a statement that brought the applause of the audience. "It is perfectly plausible that a government, that does everything from being a mid-wife to the farmer's livestock to telling him when and what to plant and on the exact number of acres, to regulate unions," he said. In his concluding remarks, he stressed the necessity for every citizen to reconsecrate himself to the fact that the Constitution must and shall be preserved.

Soldier Speaks
Corp. Wilton Holt, who recently returned from Reykjavik, Iceland where he had spent ten months, made a brief talk in which he expressed appreciation in getting back to the states and pledged that the soldier would do his part if the people do theirs in giving them materials to fight with.

County Attorney John Stapleton introduced the speakers. Rev. L. W. Bridges led in singing several patriotic songs and Rev. L. A. Doyle gave the invocation prayer. **Local Stores Closed**
Business establishments and shops of the county office were closed during the program from 10:30 until noon.

GINNERS AT CONVENTION IN DALLAS THIS WEEK
Among the Floyd county ginner at the Texas Cotton Ginners association convention in Dallas this week are Mr. and Mrs. J. W. Lanier of the Farmers Co-operative gin in Floydada and Mr. and Mrs. J. E. Newton of the Dougherty and Lakeview Gin companies.

Exhibits Of 4-H Club And FFA Stock At High School Grounds Set For Wednesday, April 15

Entries in the Junior Live Stock show scheduled for Wednesday, April 15, will be fully up to original expectations of around 150 head of fat lambs, swine, fat calves and dairy animals, and may go even beyond that figure, it was estimated here this week by County Agent J. O. Gordon and Vocational Agriculture Teachers H. G. Barber and H. K. McCoy, whose farming and vocational students will compete. Only untoward weather or some unforeseen hazard can cut down the estimate, it is believed, and practically every community in the county will be represented by entries in the pens at the high school grounds.

On account of the fact that the pens at the high school grounds offer greater protection and security to live stock than the improvised pens down-town the willingness of adult live stock men to show their animals in the exhibition class has resulted in expectation of a larger display from the better herds of the county also.

Among the breeders of the county who have promised to have animals from their herds at the show is the Lyndale Farm, whose owners McAllister and Williams, have promised the boys to have a truckload of animals present, probably including their new bull imported last month from Canada. Several other growers and feeders in both beef and dairy type cattle may also show. **Some High Class Animals**

"Some of these 4-H and FFA boys really extended themselves in preparing their animals for the prize ring, and Floyd county people who attend the show are going to see some excellent animals in every class," said Jason O. Gordon, county agent, who added that the select animals of the show would be chosen by judges to carry on to the district show which opens at Plainview on April 16. Floydada business establishments through the Chamber of Commerce will pay the awards as made by the judges.

Following are the general rules that will govern the show, together with other information relative to the forthcoming event:

- General Rules of the Show**
 1. Entries will be accepted from any regularly enrolled 4-H club member or vocational agriculture student who lives in Floyd county or who attends school in Floyd county.
 2. Each exhibitor must certify that he personally owns and cares for the animal under the supervision of the county agricultural agent or vocational agricultural teacher.
 3. Each exhibitor will be limited to only one entry in the breeding class but may enter as many different classes as he may qualify for under Rule No. 2.
 4. All animals must be in place and ready for judging by 11 o'clock a. m. Wednesday, April 15, 1942. Any entry not in place by that time will not receive a prize if otherwise eligible. Entries must remain in place until 4:30 o'clock p. m. at which time all prizes will be awarded.
 5. The owner must show the animal at the time of judging. In case the owner is sick or otherwise unable to attend the show, he must designate some Junior boy about the same age to show his animal. Adults will not be permitted to exhibit an animal in competition with a junior boy.

Trees For Wind Breaks To Be Distributed

Upward of 100,000 trees for farmstead windbreaks in Floyd County Soil Conservation district are ready for distribution beginning Saturday, Edgar H. Kemp, Conservationist of the district announced Monday. Two-year-old Western and Colorado Red Cedar stock are included in the list for distribution, and seedlings of Chinese elm, honey locust, green ash, desert willow and wild plum, make up the remainder. "These are for free distribution to any co-operator of the district for farmstead windbreaks, and others who will sign application to become co-operators may have the trees also for the same purpose," said Mr. Kemp, who says the Colorado Red Cedar stock is particularly excellent, in his opinion.

Distribution will start on Saturday. Those who want trees for windbreaks and can qualify for them under the rules of the soil conservation district, should call by the office of the conservationist in the court house for an order.

MARRIAGE RECORD

Licenses to marry was issued by County Clerk Emma Louise Smith to J. B. Wood and Miss Eula Barbee on April 4.

THE WHITE HOUSE
WASHINGTON

March 11, 1942

TO THE 4-H CLUB MEMBERS OF THE UNITED STATES:

In an hour when our nation needs the active support of every group of its people, it is gratifying to learn that the 4-H Clubs will hold a National Mobilization Week, to rally the million and a half members and spur them to greater efforts in the cause of freedom. It is to be hoped that the National 4-H Mobilization Week also will bring more rural young people into active participation in the useful work in which 4-H Club members engage.

Your activities in producing, preserving, and preparing food; in making clothing; and your other practical experiences in farming and homemaking have prepared you for many tasks important in peacetime and indispensable in wartime. No other group of rural young people anywhere else in the world has so much worth defending, or is better prepared to help defend what it has.

Your 4-H Club pledge embodies the obligation which rests upon every Club member as a young citizen. Repeat it, study it, make it part of your very being. Let your head, heart, hands, and health truly be dedicated to your country, which needs them now as never before.

'Must Fit Farm Operations Into War Program'

Uncle Sam already has his hands full and should not have to worry about a problem farmers can decide for themselves, Paul Snodgrass, Chairman, Floyd County AAA committee, pointed out today.

Solution of the problem is marketing quotas which will be decided at community ballot boxes, Saturday, May 2, when wheat farmers vote in a national referendum.

"We must produce the feed and food it will take to help whip international gangsterism instead of spending time, labor and money raising crops we don't need," the chairman said in explaining that a 2-year supply of wheat is in sight and the United Nations are in desperate need of meat, milk, vegetables, eggs, fats and oils.

"Just as there must be no more 'business as usual,' there must be no more 'farming as usual.' Wheat is no exception and we must fit it into our war program," he continued.

Wheat marketing quotas, which divide a limited market equally among all wheat producers, give farmers opportunity to continue as masters of their own wheat production and reserves.

Also at stake in the referendum is the 85-percent of parity loan program which is one of the principal reasons for present fair prices of wheat, the chairman said and added that with abnormal supplies wheat quotas are essential to maintenance of fair prices. "We've done a good job of producing wheat, we have adequate reserves, and we're getting a fair price. Wheat marketing quotas is just another method we have of keeping our business-house in order," the AAA official said.

Food for Freedom Pledges
Farmers of Floyd county will be mailed questionnaires the latter part of the week in regard to the Food for Freedom pledges which they signed in November of 1941. Inclosed with the questionnaires is a card which each farm operator in the county is requested to fill in and return immediately so that this information can be tabulated for the 1942 operators for all farms as a number of 1941 operators originally signed pledges on farms which they would not operate in 1942.

It is necessary to obtain as accurate information as possible on the 1942 production pledges in order that officials may be in position to accurately determine what may be needed in 1943. All officials of the county office and the War Board would appreciate the prompt return of all cards in order that this county may again make a 100 per cent complete report to the state office immediately. Annual Guest Day Observed At Easter Tea

Annual guest day was observed by the 1922 Study club Thursday afternoon from 3:30 to 5:30 o'clock with a seated tea at the home of Mrs. I. W. Hicks, 329 South 2nd street. Each member invited one guest.

Bouquets of spring flowers were used to decorate the reception rooms. A yellow and white color scheme featured the Easter motif. A bowl of forsythia adorned the center of the lace covered table which was set with crystal punch service. Mrs. J. B. Jenkins and Mrs. J. V. Daniel presided at the table serving golden punch and yellow angel food squares, iced on top with a white Easter lily. They were assisted by Mrs. Bertha Gilbert and Mrs. R. E. Fry.

Guests were met at the door by Mrs. Hicks and Mrs. Kenneth Bain, president of the club. Mrs. Edd Johnson escorted them to the dining room.

Mrs. Little Reviews Book
Roll call was answered by each member introducing her guest. Mrs. J. B. Jenkins, leader of the program extended greetings to the guests.

Volunteer Adult Leaders Keep Boys Encouraged

Farm Boys Have Fourteen Clubs In The County

(By Jason O. Gordon)

There are 14 boys 4-H clubs in Floyd county with a total enrollment of 129 members. These boys are carrying 178 demonstrations as follows: 8 gardens, 22 beef calves, 28 swine, 21 dairy cattle, 6 sheep, 20 poultry, 12 cotton, 1 wheat.

Each of these clubs has an Adult Leader whose responsibility it is to meet with the boys and encourage them in their work. 4-H club work could not exist if it were not for the volunteer leaders in the communities who believe in the work enough that they will devote as much of their time as possible.

The Adult Leader knows the boys and their families and assists in selecting the demonstration which will better fit into the family program. The Adult Leader is always seeing to it that his boys enter as many achievement contests as they are eligible to enter and assist them in preparing the material that is necessary to make a good report.

The following men have been selected to serve as adult leaders for the club year: Bruce Blackford, Cedar Hill; Tate Jones, Dougherty,

C. A. Hartley, Floydada, Tom L. Porter, Lakeview; A. Crager, Lockney No. 1; A. P. Barker, Lockney No. 2; R. L. Knox, Lone Star; John R. Gray, McCoy; Ben Quebe, Providence; Truett McClung, Sand Hill; Bill Beedy, South Plains; Jim Jones, Starkey. Two clubs, Lockney No. 3 and Sterley, have not selected adult leaders for the year.

Fathers and mothers of 4-H club boys should express their appreciation more often to the adult leader for the fine work he is doing. There is no better way to strengthen the work than by the wholehearted cooperation on the part of all those who take a part in it.

Normans Former 4-H Clubbers

If you know the Norman brothers, Bill M. of Dougherty community and Earl M. of Lockney community you know two former 4-H club boys who enrolled in the work in 1917 in Cottle county.

Bill worked a full year on a farm and his pay amounted to his board and room, no money, and two hogs, that's how he got his start as a 4-H club boy. From 1917 through 1920 he carried out a successful swine program. He admits his first year as a swine breeder he did not electrify the other swine breeders in the nation, because he did what so many first year boys do—he got his breeding hogs too fat. "Boy, you

talk about a proud owner. I brushed that sow every time I went to the pen, and that was plenty often, and kept feed before her all of the time," Mr. Norman said.

"I learned my first year too much feed would not encourage a successful swine program, so I sold the old sow, purchased another, and had pretty good luck the rest of my club days," he said.

Weims Norman, 10 year old son of Mr. and Mrs. Bill Norman, is a member of the Dougherty 4-H club, and is taking a fat pig for his project.

Earl M. was a 4-H club boy only one year, and selected a beef calf as his demonstration. He has a son in Lockney High school who is taking vocational agriculture and breeding shorthorn cattle as his project in agriculture. This young

man is saving his cattle money for his college education.

A STATEMENT OF FACTS ABOUT COTTON PLANTING SEED

The bulk of the cotton seed grown on the Plains in 1941 is unusually low in germinating quality. The general average is possibly 30 odd percent; many seed germinate even lower. Seed high in germination are extremely difficult to obtain anywhere.

As a service to those cotton growers who wish to continue planting PAYMASTER seed, Lockview has double-culled and Ceresan-treated a limited quantity of seed. The germination approximates 45 percent, as determined by a series of sixteen tests. We are of the opinion that a satisfactory stand of cotton can be obtained by the planting of a bushel of seed per acre.

For high varietal purity these seed have been accepted as State Registered seed, but on account of the low germination, they will be sold without the Registration tag attached to the bag, put up in plain, unbranded sacks of 3 bushels (96 lbs.) each.

They are available at \$1.50 per bushel at the Lockview Farm warehouse at Aiken or at any branch of the West Texas Cotton Oil Co.

How this oil with its modern synthetics—man-made betterments—triumphed in the Certified Death Valley Test. Why it out-mileaged five others more than 2 to 1 . . .

A PEBBLE starting an avalanche that wrecks a town can illustrate one big thing to you about getting full mileage from your oil change this Spring. (Spring change is a serious "must," all authorities warn you.)

Now folks in the hills take care not to give pebbles any start. And by changing to Conoco Nth motor oil you are taking care not to let thickening mush get a start in your crankcase. The added modern synthetic . . . man-made Thialkene inhibitor in Conoco Nth . . . is aimed to inhibit or ward off the very start of bad "jelling" that often drags down mileage these days.

And still another synthetic in Conoco Nth has long been noted for its magnet-like way of attaching OIL-PLATING to inner engine surfaces. OIL-PLATING isn't

all constantly draining down. Then instead of plain fluid-type oil film alone, which comes and goes, your engine can have this steadfast OIL-PLATING besides . . . Oil film sliding between OIL-PLATED engine parts!

What's gained in engine life and oil mileage? You can judge from the impartial Death Valley Test. Conoco Nth ran up more than twice the mileage averaged by five big-name quality brands—each run till engine was ruined. Conoco Nth out-mileaged the next-best by 74% and another by 161% . . . certified.

What's the best oil mileage you'd hope for in your own car? See if Conoco Nth doesn't deliver. Your Conoco Mileage Merchant knows your correct Spring grade. Change today. Continental Oil Company

Club boys of Floyd county communities next week will show the results of their handiwork at the Junior Live Stock show. We refer particularly to the boys who are working with live stock, learning to develop a dairy animal, to fatten a sheep, a yearling or a swine. Quite worthwhile are these affairs. Quite important that those of us not in that kind of work, but certainly dependent on it, go see what our neighbors' boys are doing and how they are getting it done. This part of our Lord's vineyard is given over to agriculture and live stock raising, and will be for a long time. We mean by that that our climatic conditions and the geography of our location call for such. Live stock farming is undoubtedly what our country is best adapted to. And live stock farming is the thing which we owe it to ourselves and our youth to encourage most. Whatever the war may bring now, and it will bring aplenty, we must go along keeping our land doing its full part, our courage high, or duty plainly before us and the youth who will take over.

Farmers of Floyd county seem to be pretty well aware of the actual situation in planting seed. Cotton and forage feed seeds alike are showing tendency to be poor to very poor in germination qualities from the 1941 crop. Accordingly, farm operators are going to check carefully on the seed they put into the ground. This is quite an advancement over the way of doing not many years past, when you put the seed in the ground and found out afterward what percentage of germination to expect. This is one of the beneficial results of a studied agriculture by governmental agencies. In the old days the occasional farmer knew. In this day all know who want to know. In one season enough can be saved to justify a lot of cost in research and development of better practices.

Newspapermen of the plains country gather in Amarillo this week-end to hold their annual get-together. Right now newspapermen, printers and publishers, have about the same amount of, and in some respects, the same kind of troubles people in other businesses are having. Newspapers and printing plants are furnishing their quota of workmen to the national defense from a supply of men not already very plentiful. They are buying supplies how and where they can. How they'll make it through only confidence and determination will answer. At Amarillo they will discuss all of these things, including the funeral announcements from many sources that the country weekly is doomed. The country weekly, as we have said before, somewhat like the farmer, will be here and printing when highly organized printing and publishing have vanished. The country printer may look somewhat worse for the wear when that time comes, but there he'll be just the same.

Always the subject of kidding on the part of Big Men who metaphorically reach down, pat him on the head and call him blessed when they have need for him, the country printer, who generally is also a writer after a fashion, goes along like the farmer. Whoever saw one of the latter whose suspenders didn't tighten up the least bit and his should-

ers get straighter when a good talker began with "My Countrymen" and followed with bragging on "the salt of the earth." Everybody likes praise and usually feel they deserve every word of it. But, when the speech-making is over and the flags quit waving, old Man Farmer gets ready to go home and feed and milk his own cows. Country printers do that same sort of thing in a little different way. They spend two days at a convention being bragged on, and bragging on themselves and their neighbor printers, and listening to others do the same. They they come home, refreshed, ready to crank up the press and grind their usual grist.

Before we start to the press convention we know we are going to hear while there, some important man, possibly a fair-to-middling-important but not the most important government man, hint broadly of the great war responsibility that rests on the shoulders of the country press. The country press may even have to win the war, he will tell us. And so on through the far stretches of the two days and two nights. Another thing that makes us know printers are like farmers is that they can sit longer and hear more inane speeches and show less impatience than anybody else we can think of.

One of the things that war has taken from us that we all realize most keenly is our weather. Hitler and Hirohito certainly have that one additional thing to answer for when the time comes, as it will. We take our weather like it comes in the southwest and we assume they do everywhere. We like to talk about it and give it and the country the devil. The weather is the newspaper man's No. 1 topic, the one sure-fire interesting report that all the public is always interested in.

While we're on the subject of weather it is a notable fact we have had a winter of more than ordinary mildness. And while we have liked it, except for that rather prolonged spasm of January-February, we will pay for our winter pleasure with spring and summer fights with worms and other crawling and flying things of the earth and air. While Hitler thinks of himself as a world conqueror and we feel that we have conquered and brought to a useful purpose a very fair share of the world's best portion here in North America, the fact remains that man has only whipped temporarily a portion of the worm population of the world's surface. In fact, the crawling things still hold the best and richest part of the globe's surface for themselves. Try to invade the Amazon valley, the reaches of the Malay jungles, millions of miles of the earth's surface in India, or the jungles of Central America. Only where the insects find they are at a disadvantage do they occasionally retreat and let mankind have the overlordship. Even in these spots they drive back occasionally just to keep man respectful of the superior force which nature has given them. This may be one of those occasional years in Texas and the great southwest.

The great force which readjusts the world originates in the home. Home confidence ultimately will mold the man's life. (Dr. Seaman A. Knapp—1905.)

As A Farm Woman Thinks

By Nellie Witt Spikes

Come up April through the valley, In your robes of beauty dressed, Come and wake your flowered children

From their wintry beds of rest, Come and overblow them softly With the sweet breath of the south; Drop upon them wark and loving, Tendest kisses of your mouth.

Phoebe Carey: An April Welcome. Well, folks this is Monday morning again and Joe Ellis and I are fussing over the typewriter. He says he just has to write his

"column" and I have to let him type a few minutes. Carey and Ann were here yesterday to hunt Easter eggs in the afternoon. Snowball, the white kitten caught a young cottontail rabbit causing great commotion in childish hearts

for how could there be any Easter eggs? Tarbaby and Trixie, the puppies, ate some of the candy eggs finding them first.

This is Army Day. Well I remember how our hearts were aching twenty-five years ago. And today, the children who then were so small and wondering what made the mothers and daddys so sad are now soldiers; nurses and defense workers.

It is not easy to sit in the house and write as airplanes zoom over black silhouettes beneath the soft white clouds, a tiny dot slipping into the blue of the sky, a faint sound then gone.

Mrs. Dan Shipley is so friendly and interesting it is always a great pleasure to meet her.

When we neared the town of Floydada the other day there appeared to be a green smoke rising from the ground, which upon our arrival turned into green leaves on the many trees lining the streets and shading the homes. And April with more magic in her slim fingers than had King Midas with the golden touch had turned the brown limbs of the forsythia into waving wands of purest gold and scattered golden doliolons over the greenening lawns. Then she had taken the pink of the dawn and smoothed it on the blossoms of the flowering peach.

Short, Short Story. A woman walking along with a bucket of eggs. A binder twine, slipped from a bundle lying on the ground. A fall. Scrambled eggs for supper.

The rhubarb is coming on and it makes me think of a little eager-eyed girl dressed in a white cross-barred lawn dress held at the waist by a narrow sash of blue ribbon, a kindly old gentleman warning not to get printer's ink on the pretty dress for it would not wash out. And a sweet juicy rhubarb pie for dinner, for we are spending the day at the home of the Crosby County News edited by Judge Murray at Emma. The smell of the black ink on the steel type, the aroma of the baking pie, the fragrance of the opening yellow roses at the door the old leather binding on the many books, the friendly people, the hospitable home. How it come back to me sweet and clear as the blue sky like a china bowl that was over the green of the west. The sound of pleasant conversation, the rattling of the press as the handle turned out the news. Take me back, oh, time take me back.

Somewhat when we cross the canyon and my husband sees Section Twelve lying peaceful in the spring sun shine, the warm days of summer, the flaming days of fall or the cold of a north wind, he grows very conversational about his life. Thus I get stories of his life to write down and preserve for the children. The other day, he was a barefoot boy crying and trying to keep up with a

six inch walking plow pulled by Old John, the Palomina horse given to Julia Ann Spikes when she married.

"The plow would get out of the ground and the old horse could not bear gee and haw would partien up get faster. The one line could not be pulled hard enough by such young arms. But the young Jeff was left perhaps a blessing for the hard years ahead. Old John was quite a character. When old and traded off some thirty mile away he would come home every spring after he had lifted the rider off the top of the fence with his head always coming by an open prairie where an old mare and colts ranged and bringing them in.

Then there was the old bay hipped mare named Number 6, for the heirs of John Spikes put numbers of the horses in a hat and Wesley, the father of Jeff drew number 6. The last time she was worked she calmly stood and kicked both traces loose then was turned out in the woods to run free as long as she lived.

This thought came to me this morning. How we need Will Rogers in a time like this. His criticism, so kindly given his never failing humor, his patriotism. These beautiful lines by Grace Noll Crowell tells what I have always wanted to say and could not.

The Day Will Bring Some Lovely Thing

The day will bring some lovely thing— I say it over each new dawn— Some gay adventurous thing to hold Against my heart then it is gone— And so I rise and go to meet The day with wings upon my feet.

I come upon it unaware— Some sudden beauty without name; A snatch of song; breath of pine I come upon some misty bloom Or a late line of crimson sun Each night I pause, remembering Some gay, adventurous, lovely thing

Like flying color on the wing.

No day has ever failed me quite Before the grayest day is done I come upon some misty bloom Or a late line of crimson sun Each night I pause, remembering Some gay, adventurous, lovely thing

BLOODY GOLD

A woman climbed on the bus. (More flashily dressed than neat) She found her a place near the front. Quite close to the driver's seat. It was plain she had plenty of money— She talked in a voice quite loud— To reach the ears of the crowd of her various fellow travelers As they sped along the way;

And someone mentioned the horror Of the war the rages today. "I do not care at all," she said, "How long the war might last, My husband's making money fast. And he's making money fast. He's making more than he ever did In all his life before; Seven hundred dollars a month— War doesn't make me sore!"

An old man seated far back Slowly arose to his feet. And walking down the narrow aisle He came to the woman's seat.

He drew back his hand and slapped her. His old face lined with pain. "My boy died at Pearl Harbor. Don't you mention war again! Your seven hundred dollars Are dripping with blood and tears May it bring you your share of heartache As you walk down the path of years." —Flora Smith Dean.

Declared to be the strongest in competition, the most widely attended and the most interesting meet in its history, the Floyd county Interscholastic league meet last Friday and Saturday in Lockney drew school talent and interested spectators from every corner of the county. The high school tied for championship, Sand Hill won Class B, and Fairview won the rural cup. Hon. Marvin Jones, Congressman of the Eighteenth district, will address the rural letter carriers of this city on May 30, it was learned by officers of the Floydada Chamber of Commerce this week.

A delegation of fully one hundred Floydada and Floyd county people will leave Floydada at 1 o'clock this afternoon in a motorcade of twenty-one cars for Plainview, where they will attend in a body the Panhandle-Plains Dairy show, said to be the biggest and best assemblage of high grade dairy cattle ever gotten together in West Texas.

Miss Velma Nelson, familiarly known by her friends as Morning Glory, was quietly married in Amarillo Wednesday, March 21, in the study of Rev. E. E. Robinson, to Hollis Rabbe of Amarillo. Rev. Robinson performed the ceremony.

Mrs. E. P. Nelson and Ruth Brown Hall are the proprietors of the Hat Shoppe, located in the balcony of Houston Dry Goods store, which was completely remodeled last week and new fixtures installed in the shop. Under the new management and more space, it is one of the largest millinery departments on the plains.

Father And Son Banquet Set For April 17

The Father-and-Son-Banquet will be held in the high school auditorium April 17, by the Future Farmers of Floydada. Each boy is expected to invite and bring to the banquet his father or some other man as his guest.

The third year vocational Agriculture class made a field trip out to several wheat fields north and east of town to inspect them for greenbug infestation and to observe the damage done.

There were many bugs of all stages covering the base of the stalks and on the blades, causing the wheat to have a sickly yellow color.

EDITORIAL

All of the students showed their appreciation of the Easter holidays by coming to school April Fool and they seemed to enjoy the school day. Six weeks exams may have had something to do with this; however the students have gotten away from the old idea that they have to play hooky on April Fool.

This is only one way in which F. F. A. has improved since last year. The idea has evidently been instilled in the minds of the students that enough is enough, but too much is more than enough.

Many of the students realize that they should go to school as we were getting two holidays for Easter.

They also showed their appreciation by being very orderly. Nothing was torn up, but everyone had a lot of fun. You didn't realize you could have so much fun at school on April Fool, did you? All of you come to school next April Fool and maybe you will have more fun than you did this year.

Mr. Linder went to the Army Parade in Amarillo and also visited the Carenndon during the holidays.

Dick Mickey spent the week-end with I. C. Kirk, Jr.

Ward School News

The second grade, under the direction of Miss Florence McMurray presented an Easter program for chapel Thursday.

The program was as follows: A song, "Jesus Bids Us Shine," by the class, "God's Love," by Donald McGuire, "The Rainbow," played by the second grade girls, each wearing the color she represented, "A Child's Psalm," by Don Daniel, and "Crown" an Easter exercise by the boys who decked the cross with evergreen wreaths as they gave their parts.

The program was concluded by the entire group singing, "He Lives On High."

WARD SCHOOL CHILDREN MAKING ENCOURAGING PURCHASE OF D. STAMPS

Andrew Ward school children have purchased \$824.00 worth of Defense stamps during the past fourteen weeks, according to an announcement made in Chapel Thursday morning by John H. Myers, principal of the school.

Mr. Myers said the children were making an average purchase of \$60.00 per week. "When they have reached the \$1000.00 mark we plan to hold open house, invite the parents, and have an appropriate celebration if our present plans go through, he said.

STUDENTS SPEAK AT ROTARY

Wayland Hale and John Colville spoke at the Rotary club last Wednesday.

Mr. J. C. Wester had charge of the program.

The students were requested to speak on "How a Student Sees the Future."

CLUB ACTIVITIES

The picnic planned by the Gamma Sigma Kappa was called off because of the Senior carnival. The girls are now planning a Kid party for Friday, April 10.

Dale Strickland, Rifle club manager, has been enlisted in the army. If the boys are unable to get another manager, the club will be discontinued.

Mr. Myers visited his brother in Plains, Texas.

Racqueters Plan Tournament For Next Week

A meeting was called for the members of the tennis club Wednesday afternoon to discuss plans for a tournament next week. The regulations are that there will be two divisions for the boys and one for the girls.

An entrance fee of 25 cents will be paid by each entry in order to award trophies to the winners.

The tournament will be held the latter part of next week, and the winners will have match games with other towns.

AMERICA, MY AMERICA
(By J. B. Jameson)
America, my America!
Land of the freedom sweet,
Long may you keep your justice
And never meet defeat.
America, my America!
Land of the patriot's shrine,
With the light of good and giving,
Long may you shine!

Sweet Bessie D.
From sunny Harmony
You'll love her when you see
Sweet Bessie D.

Sweet Floy Jean
She kinder cute, but mean
She's always off the beam
Sweet Floy Jean.

Sweet Hazel Brooks
From way down in the crooks
He'll love her when he looks,
At Hazel Brooks.

Sweet Frances Keim
Although we love her all the time,
We know she's a two-time,
Sweet Frances Keim.

Sweet Sofie McLain
She hasn't got a brain,
She lives in lovers lane,
Sweet Sofie McLain.

Sweet Dorothy Ann
Fell in love with a man
From way out in Diego San,
Sweet Dorothy Ann.

Sweet little Cleo
You'll love her wherever you go,
She's awful cute, you know,
Sweet little Cleo.

Sweet Evelyn
She's not far from eleven,
But she's a long way from heaven,
Sweet Evelyn.

Sweet little Wendal
He's just a great big swindle,
But he treats Phyllis so gentle,
Sweet Wendal.

Sweet Wayland Hale
He took a drink of ale
He's awful sweet, but stale
Sweet Wayland Hale.

Sweet Ima Lee
She had a feller and all that
Everyone called him Fat
Sweet Ima Lee.

Sweet little Frank
He's always pulling pranks,
But he's kinder cute, we think,
Sweet little Frank.

Sweet Flora Jeter,
Some people thinks she's a cheater,
But Dorothy Ann thinks she's
sweeter,
Sweet Flora Jeter.

Sweet Emma Pope
She's caught her man, we hope
But he's an awful dope
Sweet Emma Pope.

Sweet Rose Marie
From sunny Tennessee
She's cute but you should see
Sweet Rose Marie

Sweet Johnnie Mae
It had to happen this way,
For this we'll have to pay
Sweet Johnnie Mae.

Sweet Davis Battey
We know he's such a nice laddie,
Ima Lee used to call him daddy
Sweet Davis Battey.

Sweet Inell
For Donald Finkner she fell,
But she's not doing so well,
Sweet Inell.

Sweet little Duane
He looks just like a crane,
But he loves Oleata Faye just the
same,
Sweet little Duane.

Sweet Leila Jane
Her language is so profane,
That's how she makes everything so
plain,
Sweet Leila Jane.

Sweet Martha Jo,
She tries to catch a beau
But she can't we know
Sweet Martha Jo.

These verses were composed by students on the Sandhill School Bus and should be sung to the tune of "Sweet Genevieve".

Home Ec Girls To Serve Series Of Banquets

Second year home economics girls, under the direction of Mrs. Fuqua, plan to serve at a series of banquets on and after April 7.

They will serve at the Trustees banquet on April 7, and at the Father and Son Banquet that is sponsored by the agriculture classes. The final event of the year will be at the Junior-Senior banquet of April 25.

These girls have been working hard, planning the menus for these banquets.

Class Meeting Of Seniors Held April First

The seniors met Wednesday, April 1, for a class meeting. The meeting was called to order by Oran Beck, the president.

Gene Collins, president of the junior class, invited the seniors to attend the junior-senior banquet on April 25.

Announcements concerning the caps and gowns and the diplomas were made. All seniors were urged to pay for them before Friday, April 10, at 3:15. This is the deadline. They may pay for their invitations any time.

The class also discussed plans for the assembly program for Wednesday, April 3. As many of the students did not see the floor show at the carnival, they decided to put it on again with several extra musical numbers.

ASSEMBLY PROGRAM

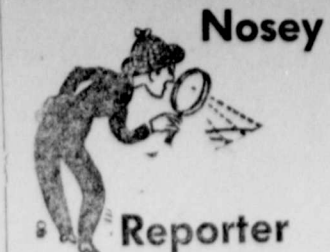

The Senior class presented assembly last Wednesday morning under the direction of Mr. Ermon Gray band director.

The program was a reproduction of the Senior Carnival floor show with several numbers in addition.

La Juana Leibfried went to Fort Worth during the holidays.

La Fern Eubanks visited in Lubbock Monday.

Harold Thornton visited in Lubbock Monday.

Goodness, what's this I hear about Jim Robertson going to see Betty Jean Spence four times and each time she turned him down? A hint to the wise should be sufficient, Jim. And say, getting Betty Jean hasn't been getting around! Joe Willson is still on her string, she was seen riding with another boy, and rumor has it that R. T. Tyler is fast losing his reputation as a free man since she turned her eyes on him.

The Wester-Trowbridge quarrel has been patched up beautifully. He even writes pretty poetry for her.

So! We have a bragart in our midst. Well, since we don't want Gene Collins to think he's putting anything over on us, we might just as well tell that he and La Juana Jo Sharp are in the habit of parking in lovers lane each night the moon shines. He has been bragging that his name has never been in the gossip column, so, "So there, Gene!"

Here's another new romance. Mary Helen Mickey and Charles Dudley. Who was D. I. with at the boxing matches? That means that he and Mary Lee are getting along pretty well now.

Say, Gracie is writing to another of those fellows named Joe. And he lives at Morton. I wonder why Gracie doesn't believe anyone, especially that about a certain person's ring. Could it be because she's jealous. I have heard that she doesn't go around telling falsehoods, Gracie.

G. V., how did you get that date with Nelda last Friday evening. Lots of boys want to know, so they can try their luck.

Odell Bred and Alma Ray Owens make a cute couple, don't they, and they sure get along good, too.

A new spring romance. Harold Bertrand took La Faun Hodges to the Weiner roast Wednesday night.

Along with love always goes heart-break. The Jimmy Little and Maurine Medien romance has finally broken up.

Is Edna Earl really missing Tucker? She certainly doesn't act as if she does.

These Tech boys are all the rage. Dora Faye has encountered one named Shirley Wood whom she thinks is almost, but not quite, as good as Jack!

What certain Senior boy calls his girl friend "the old lady." Say, is it that advanced Robert?

Johnny Cardinal really seemed to be in a hurry to get to Merle Simmons when he heard she didn't have a way home Tuesday night.

Why doesn't Kenneth Burgett find out before hand whether Jeanne has a way to go instead of waiting and say, "Why didn't you phone?"

Did you know Lois Gorly liked chewing gum? Watch her when she

Band, Students Join in Army Day Parade

Monday, April 6, was Army Day, and the band marched with the Home Guard unit at 10:45.

Many students marched with them, also.

The band is now organizing a drum and bugle corps so that they can play for the Home Guard unit later on in the season.

How to Lengthen the War The following article was taken from the files of the "Stars and Stripes," the official Army paper in France during the World War No. 1 and dated Friday, October 18, 1918:

A private in a truck train went to a reserve tank the other day, open-ended the faucet and drew off a liberal quantity of gasoline in a bucket.

"I guess," he remarked, "the old man would raise hell if he saw this but I've got to wash my pants."

Yes, the "old man" probably would have raised hell. If he is the right kind of "old man," he would have raised several different kinds of it.

Sun. Designated As China Relief Day In Floydada Churches of Floydada have been asked by the president of the Federal Council of Churches of Christ in America, to help promote China relief on Sunday, April 12, throughout America.

Geo. M. Finkner who has been asked to serve as chairman for Floydada, announced that the quota for Floydada was \$500. The plea for help is based on the thought that we need China—China needs us.

Only one campaign will be made and the money will be used to directly aid in child welfare, medical and health needs, educational needs, economic reconstruction, social rehabilitation and direct relief.

Two things are asked of the churches other than donation. These are prayers for the Chinese people for their brave and noble leaders and for the missionaries who are standing by the wounded, the sick the homeless and the hungry.

A TREMENDOUS TASK LIES AHEAD OF US!

Today America is at war. Now, in wartime, because of the tremendous job ahead of us, we must learn again to work hard and to live simply—to put into the preserving of America what we once put into the building of it—to return to the old ways of Thrift and Savings that were the general rule at the beginning of this century.

We feel that the Penney Company is peculiarly well equipped to make a substantial contribution toward the Thrift and Savings of the nation—because the Penney Co. knows from long experience what thrift is all about.

Thrift is nothing new to the Penney Company—it is our stock in trade. When the Penney business was founded, in 1902, hard work, and spartan living were the general rule. Our first little store in Kemmerer, Wyoming was dedicated to Thrift, and all through the years, as our business has grown, Thrift has continued to be our guiding principle.

THRIFT AND SAVINGS ARE A BIG PART OF THE JOB

The Penney Co.'s practice of Thrift and Savings is evidenced in everything we do: We buy for cash and sell for cash; we make no deliveries; we eliminate all costly frills and extravagances; we operate on an extremely small margin of profit per transaction; we buy at the source in the most economical quantities; we save at every turn! All this means that now when Thrift and Savings mean more than ever, it will pay you, it will save precious dollars for you, always to shop first at Penney's.

WE REDEDICATE OURSELVES, TODAY, ON OUR 40th ANNIVERSARY, TO THE SERVICE OF AMERICA

We re dedicate ourselves to Thrift and Savings. We re dedicate our 1600 stores, which now stretch from coast to coast, to the great job of helping American families to continue to live well for less.

THE PENNEY WAY IS THE THRIFTY WAY—THE THRIFTY WAY IS THE AMERICAN WAY!

Dedication Day At Christian Church Sunday

The third anniversary of the dedication of the church was observed Easter Sunday at the First Christian church. A dedicatory program conducted by the Pastor, Rev. L. W. Bridges, included an anniversary talk by J. C. Webster.

The Easter message was entitled, "Christ, Triumphant". The youth's robed choir rendered a special number, "A telegram from Rev. Gordon G. Voight former pastor of the church was read and a large arrangement of flowers acknowledged from him. Each year, Rev. Voight furnishes flowers for the dedication service. The flowers are dedicated to members of the church who have died the past three years.

Floyd Co. Chorus Sing
At 8:30 p. m. the Floyd County Home Demonstration chorus presented an Easter cantata entitled, "The Dawn", a two-part treble voices by William Bain. The cantata concluded the program of the day.

Members of the chorus who took part in the presentation were Mrs. Wm. Finkner, director; Mrs. O. H. Glassmoyer, pianist; Mrs. A. H. Kreis, Mrs. Lon Blasingame, Mrs. S. J. Latta, Mrs. J. S. Hale, Mrs. R. B. Gary, Mrs. George Stiles, Mrs. T. J. Heard, Mrs. Dan Shipley, Mrs.

Galen Holland, Mrs. Green and Mrs. Everett Miller.
Members of the chorus have spent much time in their practice work this year and are available for program numbers in the county. They wore white floor-length dresses with red corsages for Sunday night's service.

'Christian Unity' Series At Church Of Christ

We, at the City Park Church had a splendid day last Sunday. Though many were deprived of being present because of sickness, yet we had one of the largest audiences for many months. The checking of the register revealed that nearly 71 per cent of the members were present. That is a fine record for any church these days. Let's make it better next Lord's day.

Beginning next Lord's day at eleven o'clock the minister will begin a new series of sermons, the general theme to be: "Christian Unity". As he sees it, the nation is in great need of spiritual strength to pass the greatest crisis in the American history. The church must do her best to supply this spiritual strength. Her greatest need in supplying this spiritual power is unity among the followers of Christ.

The sermons will be free from ranting, egotism and jealousy, and delivered in that manner commporting with the Lord's prayer for unity among his followers. (Jno. 17) The outlines will be mimeographed, and offered for free distribution. Be sure to hear the first of the series: "Why Christians Should Desire Unity."

No institution has had as great an influence in the world as the church. When the members and the world misunderstand the source of the church's power apostasy sets in, and her influence for good wanes. Here, the sermon at 8:45 on: "Where the Church's Power Lies".

AN APPRECIATION
I wish to thank each and every one of my neighbors for their kindness during my recent illness. Many friends from the Fairview community, Mrs. R. N. Burgett and Dr. George Smith are also included in this list.

Revival In Progress Assembly Of God Church, Cedar Hill

An old-time revival started last night at the Assembly of God church at Cedar Hill, according to Rev. Olaf Beauchamp, pastor of the church. Rev. and Mrs. Randall Ball from Oton are the evangelists.
Special and choir singing will be featured during the revival. The plain truth of the Word of God will be brought in simple message each evening service, the pastor promises.
Service will begin promptly at 8:15 o'clock central war time. The little church with a big welcome cordially invites the entire community to attend this series of services.

Time Of Meeting Changed To 9:45 At M. E. Church

(Rev. R. T. Breedlove, pastor)
Beginning next Sunday morning we will start Sunday school at 9:45 and hold the morning preaching service at 11 o'clock. This seems best in the circumstances. The schools and most other institutions have already been operating at central war time, and if we can get to business, court, school and other places, we surely can get to church on time.

The pastor preached Sunday night. The congregation was good, considering the fact that no services had been announced before Sunday. He used as his text, "We Shall be Changed."

He will be regularly in the services, preaching to the people from now on. The work of the committees in keeping the pulpit supplied is greatly appreciated, as well as the visits of Brother Vaughn of Matador and Brother Howell of Lubbock.

Let nothing keep you out of your church on Sunday. Your church is the most important spiritual institution in the world. Stand by it and its messages and the world will be saved from destruction. The Lord needs every good man enlisted.

J. C. Alexander spent the last few days with his mother, Mrs. Claude Alexander, and with his brothers, Gene and James. Monday afternoon Mrs. Alexander, J. C., and Gene, visited with another brother, Joe Alexander in Lubbock. J. C. left for Phoenix, Arizona Tuesday to join his wife.

Esther Dietrich Gold Star Girl of County

Esther Dietrich, Gold Star girl for Floyd County, is Esther Dietrich of the 4-H club. Esther was chosen for her outstanding club record as a committee chairman of the demonstration committee of the 4-H club girls. As a reward she will receive a gold star pin and a college some time.

Esther was asked to report on her club work she reported that she had set out enough strawberry plants for family use; with the family garden, canned fruits and vegetables and served a number of meals for her family. In addition her garden work she did some home food supply.

Esther Jones of Lakeview was chosen Gold Star girl and Ina Graham of Sand Hill received the honor in 1939.

There are 13 girls' 4-H clubs in county with an enrollment of 150 members.

Demonstrations are worked the clubs each year. Two ago the bedroom improvement demonstration, which is a year program, was selected. The end of this club year every bedroom work will have demonstrated from the ceiling to the floor.

Being worked on the bedroom and a garden demonstration is selected from each club with the help of the Home Demonstration agent, plan the work to be done in each demonstration. The garden demonstrator plans a garden and agrees to help with the

home food supply. The bedroom demonstrator improves her bedroom. The other members are co-operators who have certain goals to complete. The goals for 1942 are:

- Garden:**
1. Make a frame garden;
 2. Plant at least five varieties of vegetables;
 3. Prepare and serve at least 10 meals;
 4. Can at least 10 containers of vegetables;

- Bedroom:**
1. Hang pictures correctly;
 2. Have suitable curtains well hung;
 3. Refinish wood work;
 4. Refinish a floor;
 5. Refinish a piece of furniture;

The demonstrators and the clubs they belong to are as follows:

Mr. and Mrs. Chester Todd of Hobbs, New Mexico visited friends in Floydada a short while Saturday. They were enroute to Wichita where they will visit her parents Mr. and Mrs. B. Nichols.

Mowing Pasture Weeds Will Help Grass Plants

The unusually large amount of rainfall during the past year has made growing conditions almost ideal for grass on range and pasture lands in Floyd County Soil Conservation district, but the same conditions also have made things favorable for rapid growth of weeds in pastures, according to Edgar H. Kemp of the Soil Conservation service.

"In view of the nation's demands for the production of an almost unprecedented amount of beef for the Food for Freedom program, most ranges and pastures will be grazed heavily this summer," the conservationist says. "The range grasses cannot make their maximum growth unless weeds that compete with them for moisture and fertility are kept under control," he continues.

"Weeds growing on pasture land use just as much soil moisture and plant food as they do if growing in cultivated fields, and are just as harmful to the grass plants of the pasture as they would be to the field crops. Not only do weeds make a fast growth and take more than their share of the soil moisture, but they become so high that they shade the grass and thus hinder its growth," he continues.

"The conservationist recommends that special efforts be made this spring and summer to keep weeds under control on pastures. He states that mowing the weeds before they have an opportunity to become too large or go to seed is the most practical method of keeping them under control.

"The best time to mow weeds is when they are coming into bloom," he states. "Of course, it is not possible to mow all the weeds as they are coming into bloom, but the mowing should be regulated by the weeds that are making the thickest and rarest growth in the pasture."

The Efficient Aid Of Hoyt's Compound Brot Better Health
Hoyt's Compound Ended Back Pains, Kidney Misery And Night Risings, States Mrs. Carter Of San Angelo.
Mrs. Ellen Carter of 31 East 16th Street, San Angelo, Texas, says: "I suffered muscular aches and pains in my limbs and back. My kidneys

MRS. ELLEN CARTER
gave me considerable trouble. I had very little control. I could not walk without pain and used a walking stick.
"Now I have finished my second bottle of Hoyt's Compound and there is no question about the results I have gotten. The aches and pains have left my limbs and back completely. My kidneys bother me no more. I feel so much better and my appetite has improved. I am better in every way and owe it all to Hoyt's!"
Hoyt's Compound is recommended and sold by the Bishop's Drug Store and by all leading druggists in this area.

Boy Red Cross Knitters Not A Bit 'Sissy'

If you think it is "sissy" for boys to knit for the Red Cross you better not go to Lone Star and say so, according to R. L. Knox, adult leader of the Lone Star Boys' 4-H club. Each boy in the Lone Star club knitted a square just the same as the girls. The only difference, Mr. Knox explained, was the fact that the boys were responsible for "keeping the home fires burning," and some of the patterns were showing the effects of hands that had handled coal.

To save extra pennies for defense stamps, the boys made their knitting needles out of coat hangers and these worked just as good as store bought needles, Mr. Knox said.

Mr. Knox is very proud of his 4-H club members because in the first place they are selecting demonstrations that are not expensive and really doing good work with the prospects they have selected. And secondly, because they are interested in doing everything that will create a greater community spirit of cooperating together.

Mrs. Harvey Brock and Mrs. Wilmer Jones, Jr., came Wednesday of last week from San Diego, California for a two week's visit with their parents Mr. and Mrs. E. S. Randsom and Judge and Mrs. Clifford Tubbs, and Mr. and Mrs. W. O. Jones.

Alphabetical List Tells Order Of February 16 Registrants In 20-Year To 44-Year Old Class

Of the 580 resident males of Floyd county who registered on February 16 for military service—men between 20 and 44 years—the Floyd county board Saturday prepared an alphabetical list, which has been posted.

This alphabetical list is presented herewith and should be preserved by those who are interested. All of the preceding by the ciphers "10" and the 580 order numbers in this county are remaining three figures in the order number give the order in which the registrant named will be called. Thus "10.001" will be the first man called. Running down the list you find that Menard Oscar Field of South Plains has that number. To find your own name you simply go by the alphabetical listing, and when you come to your name, the last three figures in the order number show you where you stand in the list:

BURRUS' TEXO Range pellets

From where I sit... by Joe Marsh

BEST storekeeper I ever knew was a fellow named Sam Abernethy. Sam's specialty was to take over some run-down store that somebody else had given up as a failure. Then Sam would turn it into a gold mine.

"But the most important thing of all," he used to say, "is to remember who's Boss!"

"You may think you are Boss of your business... but you're not. The Public, your customers, are the real bosses... and you've got to run your business the way they want it."

That little statement of Sam's made a big impression on me... particularly since it certainly seemed to work so well in Sam's case.

And Sam isn't the only one. I see the beer industry feels the same way... certainly, the brewers believe in running their business the way you and I would like to see it run.

Folks like us like to see beer sold in clean, quiet, decent places.

Joe Marsh

Well... the brewers feel the same way about it. They don't want their beer sold in wrong surroundings. They know it hurts their business, and they know it hurts the good name of beer.

I was reading the other day how the brewers and the beer distributors work together and cooperate with law enforcement authorities. The idea is to make careless beer retailers clean up their places and practices... or close up.

It's a good plan... and it seems to me it ought to work. I understand it is already in operation in a number of states and is being extended.

It's a mighty fine thing when a great industry like the gumption to do a job like that on its own initiative. And if Sam Abernethy was right, the brewers should be mighty successful... because they're running their business the way the public wants to see it run.

Out of Step with the Weather like Winter Gasoline in Spring

BATHING BEAUTY OR GASOLINE... both should be in step with the weather.

Sure, a winter gas will do. But if you want the best from your motor, and the most for your money, get April gasoline... Phillips 66 Poly Gas... this month's gasoline which is definitely engineered for the April climatic requirements of your locality.

We change the characteristics of this remarkable motor fuel every month. Give it the qualities most needed for top performance, with the right amount of high test (volatility) for sweeter running and economy.

Phillips was the pioneer and is the acknowledged leader in matching gasoline to climatic changes. With Phillips 66 you benefit every day in the year from January through December.

Scientific laboratory and field surveys prove that no other gasoline, not a single one, is so completely and accurately matched, all year 'round, to the monthly variations in your weather.

Phillips 66 Poly Gas sells at regular price. So it costs nothing extra to try a tankful and find out the facts. See if you don't get more pep and power... more flexible response to the throttle... and extra mileage... all without a penny of extra price... at any Orange and Black 66 Shield.

A call to Texas 33,592 4-H club boys to join in promoting National 4-H Club week, April 5-11, has been issued by L. L. Johnson, state boys' club agent for the A. and M. College Extension Service. Johnson says 4-H club members can be counted on to do more than their part in winning the war.

Industry Of West Texas

The Quanah, Acme & Pacific Railway Company is proud of the part it plays in this great industry. We appreciate the efforts of the 4-H Club Boys and Future Farmers of Floyd County.

The Quanah, Acme & Pacific Railway Company inaugurated the practice of making it possible for Livestock raisers to ship as little as one head of stock on the carload rate. We are the first, so far as we know, of Texas Railroads to establish interstate carload rates on less than carload shipments of Livestock.

THRIFT POLICIES REAFFIRMED ON FORTIETH ANNIVERSARY OF DEPARTMENT STORE CHAIN

J. C. Penney Company, in Nation-Wide Celebration, Points Out Country's Need For Universal Economy.

In a celebration featuring the historical background of the business, the J. C. Penney Company marks its fortieth milestone, 1609 stores all over the country are taking part in the celebration, which extends through the month of April. The keynote of the event was set by the founder of the Company, Mr. J. C. Penney:

"We have chosen Thrift as the theme of our fortieth anniversary," said Mr. Penney, "because it seems to us particularly timely to stress the need for our return to pioneer simplicity. 'To-day America is at war. Now, in wartime, because of the tremendous job ahead of us, we must learn again to work hard and to live simply—to put into the preserving of America what we once put into the building of it—to return to the old ways of thrift and savings that were the general rule at the beginning of this century."

Mr. Penney found too, that haggling over prices was a general practice and making a purchase or sale became a battle of wits between customer and store-keeper. It was this that decided Mr. Penney to maintain a fixed price, and as soon as his customers found that that fixed price was the lowest price, they expressed their appreciation in an impressive loyalty to that first small store, and through the years, to all other Penney stores as well.

Mr. Penney tells of his many planned economies in the conduct of his business — economies, many of them small, which added up to a successful and profitable business. One such economy was Mr. Penney's decision to offer no delivery service to his customers. In this connection he remarked: "My customers carried their packages from Penney's Golden Rule Store; and they did it gladly because they knew that my No-Delivery policy helped them to buy for less."

"I resolved that nothing should ever be wasted in my store. Time and energy, string and paper, all were carefully conserved to avoid any expense that might boost prices."

The management of the Penney Company, which in forty years has grown from one store to 1609, still adheres to the policies laid down by Mr. Penney at the very outset. Quoting Mr. Earl Corder Sams, president of the Company, and lifelong associate of Mr. Penney: "The Penney Company still believes in, and practices, the thrifty methods of 1902. It stands ready to help America save at a time when savings are essential!"

Earl C. Sams, President of the Penney Company, has been associated with Mr. Penney since his early days.

The Company has traveled a long road since Mr. Penney's first little store in Kemmerer, Wyoming (Right). Now it includes such stores as the Company's largest, in Seattle (Above).

Mr. Penney behind the counter during the closing days of the Company's fortieth year, a place he still loves to occupy after 40 years of storekeeping

"We feel that the Penney Company is well equipped to make a substantial contribution toward the Thrift and Savings of the nation—because the Penney Company knows from long experience what Thrift it all about. Thrift is nothing new to the Penney Company—it is our stock in trade. When the Penney business was founded, in 1902, hard work and spartan living were the general rule. Our first little store in Kemmerer, Wyoming was dedicated to Thrift, and all through the years, as our business has grown, Thrift has continued to be our guiding principle." This thrift theme appears in advertising and window displays in Penney stores all over the country, together with messages reminiscent of his early store days by Mr. Penney.

Back in 1902, when Mr. Penney founded his first store, he found that many people who could ill afford it made a practice of buying everything on credit, and "paying up on pay day." He came to the conclusion that he could serve people more economically by selling only for cash, thus eliminating credit costs.

Mrs. Emma Steen Buried Sunday At Fullerton

Word reached Floydada Friday telling of the death of Mrs. Emma Steen, 87, mother of Mrs. W. G. Collins. She died Friday, April 3 in a Fullerton, California hospital where she was carried several days before, from her home in Anaheim, California.

Mrs. Steen, born in Hamilton county, Texas, came with her family to Floyd county in 1906. In December, 1919, Mr. and Mrs. Steen moved to California. Mr. Steen died in 1923 and was buried at Fullerton. Surviving relatives include two daughters and three sons. They are Mrs. Collins, city; Mrs. Nell Morris, Anaheim; P. V. Steen, Anaheim; Owen Steen, Roseville and L.V. Steen, Placentia, California. All the children were present for the last rites except Mrs. Collins.

Eight grand-children and two great-grandchildren are listed among the surviving relatives. Mrs. Steen visited in Floydada with her daughter and family, last, in the summer of 1927.

Twin daughter were born to Mr. and Mrs. Oscar Sullivan Monday, April 7, in the Plainview hospital.

FUNERAL FOR FORMER FLOYDADA GIRL HELD AT KILLEEN THURSDAY

Mrs. L. D. Clark, 30, of Killeen, sister of Mrs. Fred Wimberly of Floydada, succumbed Wednesday, April 1 in a Temple hospital following an attack of meningitis. She had been in failing health for the past two years and had been in the hospital for several days when she contracted the disease that caused her death.

Mrs. Clark will be remembered by many as Miss Vivian Evans who came to Floydada with her parents Mr. and Mrs. I. D. Evans when a small girl and grew to young womanhood here. She attended public school in Floydada.

Mrs. Wimberly was at her sister's bedside several days before her death.

Besides her sister and parents Mr. and Mrs. Evans of Killeen she is survived by her husband and one brother Earl Evans.

Funeral services were held Thursday afternoon at the First Baptist church at Killeen. Mr. Wimberly attended the funeral, returning home Friday. Mrs. Wimberly remained for a visit with her parents.

Mrs. E. H. Schreiber and son Landon of Tahoka are spending this week with her aunt Mrs. J. E. Horton and uncle W. M. Windsor, while enroute to Los Angeles, California to join her husband who is employed at Douglas airport. They also have as their guest another niece Mrs. B. H. Record of Dumas. Mrs. Horton spent the week-end with her nieces and they accompanied her home for the visit.

Mrs. J. B. Houston went to San Antonio last week where she will spend several weeks visiting her mother Mrs. M. E. Williams and other relatives.

H. H. Williamson, director of the Texas Extension Service, during his period of service as state club agent, 1912-1920, helped Texas 4-H club work expand to include livestock and the home as well as crops.

Consumers Hold Annual Meeting Next Monday

Consumers Fuel association will hold their annual stockholders meeting on Monday, April 13. Notice of the meeting was given formally last week by C. C. Huckabee manager.

Members of the association are due to elect two directors to succeed Jno. A. Lloyd and P. J. Wilkes, whose terms expire. The meeting place is the district court room in Floydada, the hour 3 o'clock war time.

MRS. W. L. BLOODWORTH BREAKS ARM IN FALL

Mrs. W. L. Bloodworth is reported to be recuperating satisfactorily in the Floydada hospital from bruises and a broken right arm, sustained Saturday when she fell from her kitchen cabinet.

Mr. and Mrs. T. W. Whigham and son Sammy Earl of Denton were guests of Mrs. Whigham's sister Mrs. E. E. Hinson and family from Saturday until Tuesday.

Mrs. J. G. West is reported to be recuperating satisfactorily in a Plainview hospital from a major operation which she underwent Friday.

Mrs. Carrie Belsher is visiting friends in Tulla this week.

Good records are necessary. Get supplies at The Hesperian.

AT HOME ON FURLOUGH FROM EIGHT MONTHS SERVICE IN ICELAND

Corporal Wilton (Willie) Holt who has been serving in the U. S. Marine corps during the past eighteen months arrived in Floydada Saturday to spend a two weeks furlough with his parents Mr. and Mrs. Killis Holt and other relatives.

During the past eight months he has been stationed at Reykjavik, Iceland His parents had not heard from him since December 18, until Friday of last week when they learned of their son's safe arrival in California.

Corp. Holt will leave today for Waco and Dallas to visit relatives until Monday when he will return to Floydada. He will return to service Wednesday.

Mrs. A. J. Welch, Mrs. J. A. Arwine, Mrs. A. B. Keim and Mrs. W. M. Houghton visited in Lubbock Monday and attended the Army Day celebration at the Municipal airport.

Must Fit Farms

(Continued from page one)

Envelopes Are Scarce

The county office is unable to secure envelopes due to war conditions and almost all correspondence, including notices of wheat measurements are being mailed in circular type letters according to A. A. Hoots County Administrative officer, and he has requested that farmers pay special attention to this type letter as important information is contained in circular letters; the same as those which were originally mailed in envelopes.

Cotton Crop Insurance
434 cotton farmers of Floyd county signed applications for cotton crop insurance for 1942 and therefore they know they will harvest 50 or 75 per cent of a normal crop regardless of all unavoidable hazards. The 434 applications cover 550 of the 1447 cotton farms in the county.

Junior Show

(Continued from page one)

6. Each exhibitor shall be required to properly bed his animal with bedding material he has personally arranged for. It is suggested this bedding be brought from home as the Show Management will not make arrangements for such bedding.

7. Each exhibitor must clean his pen of all bedding immediately after the animals are released from the show.

8. The decision of the judges shall be final, and no prize shall be awarded to an animal classifying below good.

9. All animals entered are subject to the rules of the Floyd County Junior Boy's show, and all protests concerning the show, or disposal of the animals prior to 4:30 o'clock p. m., must be filed in writing and signed by the complainant immediately

after the occasion for the protest. Such written protest must be filed with the General Superintendent of the show.

Beef Calf Division

Class No. 1—Fat calf.

1. There will be only one class in this division and the calves will be placed according to prime, choice good, etc.

2. Each exhibitor is limited to two animals in this class, and must comply with general rule No. 5.

Dairy Cattle Division

1. Dairy cattle will be classified according to A, B, C, etc.

2. There will be no competition among different breeds.

3. March 1, 1942 shall be the base date for determining the age for each class.

Class No. 1, cows 3 years and older. Class No. 2, cows 2 years and older. Class No. 3, cows 1 year and under 2 years.

Class No. 4, cows under 1 year.

Sheep Division

Class No. 1—Fat Lambs:

1. There will be only one class in this division and the lambs will be placed according to prime, choice good, etc.

2. All animals must show their lamb teeth if eligible to compete for awards.

3. Each exhibitor is limited to two animals in this class, and must comply with general rule No. 5.

Swine Division

1. Animals exhibited in this division may be grade or pure bred. They will be entered according to breeds and cross-bred animals will be en-

tered in the breed class showing the greatest breed likeness.

2. It is the recommendation of the show management that all animals entered in this division be sold immediately after the show, but if show animals are returned home they should be kept separate from other hogs for at least 30 days. This recommendation is offered because of so much sickness among hogs in this territory.

Class No. 1—Fat Pig:

1. Each animal exhibited must weigh at least 170 pounds, and not more than 300 pounds.

2. Each exhibitor is limited to two animals in this class, and must comply with general rule No. 5.
