

The Floyd County Hesperian

One Of Floydada's Oldest Institutions

FLOYDADA, FLOYD COUNTY, TEXAS, THURSDAY, AUGUST 20, 1942

NUMBER 28

Better Moisture For Large Area After Showers

Fair to good seasons over much of Floyd county's area are reported in the wake of the week-end rain period that brought showers Friday afternoon and night and Saturday morning, especially in the north and east portions.

Rains here were coincident with reported rains in a wide area of central and west Texas and New Mexico and many other sections like Floyd county are greatly benefitted.

Around Floydada, south and west little moisture fell, probably a quarter of an inch at this point. But the northeast third of the county and extending over past Sterley in the central northern section the rain amounted to an inch to three inches. South Plains, most of Cedar county and west of Cedar county, portions of Dougherty, Campbell, Liberty also were included in the area of good seasons. Under the hill ample moisture is reported, with slightly too much for cotton in the Quitaque valley.

In the southeast part of the county parts of Baker, Pleasant Hill, Antelope and Lakeview had good showers and some hail damage is reported in spots. On into Crosby county the moisture is said to be more evenly distributed and the same is true west toward the New Mexico line. The Irick area had considerable rain and about one-half inch for the most part.

The first two days of this week were cloudy and temperatures mild. However, very warm weather generally has been the rule for three weeks.

Aeronica Plane Graces Floydada Flying Field

Floydada Municipal air field is graced with a brand new plane since the first of this week, the Aero Eight club having bought an Aeronica 65 horsepower model machine, which takes the place of their cub, in which most members already had their soloing experience.

Demonstrates Gas Models At Ballinger

An interesting event at the field was afforded Tuesday afternoon's calm, when Fred Martin, son of Mr. and Mrs. M. H. Martin demonstrated for himself and for a number of on-lookers that two gas model planes of his own construction would take off, fly and light without damage. One of the models has a six-foot span, the other six and a half-foot. Gas-driven motors are of a fractional horsepower.

LEROY CATES, IN AIR CORPS, TAKING BASIC TRAINING AT BALLINGER

Mr. and Mrs. W. C. Cates and their son, Lonnie, Mr. and Mrs. W. B. Cates and Miss Irene Cates, the latter of Lubbock, spent Saturday in Ballinger where they visited with their son and brother, LeRoy, who is in the Army Air corps and is taking his basic flight training at a flying school there.

LeRoy likes the air arm of the service even better than he thought he would. W. C. Cates reports of his son. He has soloed and now has some 32 hours in the air.

BILLIE CRABTREE RETURNS TO CONTINENTAL U. S.; RECENTLY MADE SERGEANT

Billie Crabtree, son of Mr. and Mrs. E. R. Crabtree, has returned to continental United States, landing at Norfolk, Virginia, last week after 20 months spent in Puerto Rico as an Air corps photographer.

Billie will go to Camp Roberts, California, to enter a training school for officers, his parents learned. Recently he was promoted to rank of sergeant while qualifying for the training school. His father Tuesday did not know whether Billie would get to visit here while en route across the continent.

Report Pure Oil To Drill Floyd Test

N. D. Bartlett, oil editor of the Globe-News, Amarillo, carried a report in his column Sunday which says that the Pure Oil company will drive a test on its Floyd county block this year.

The block, consisting of several thousand acres lying northeast of Floydada in an area that covers portions of Center, Fairview and Liberty school districts, runs up within a few miles of Floydada.

A title man from the Midland office of the company has just recently completed a check-up on titles of the land covered by the block, spending some two or three months on the job. Bartlett credits him with saying the leases all are in good shape.

The area has been seismographed very thoroughly during the past three years.

Local Organizations Helping To Speed Up Drive For Scrap Of All Kinds In The County

The local campaign to speed up and increase the collection of scrap in Floyd county is receiving the full support of business and civic organizations. It was announced today by Edith L. Wilson, Chairman of the Scrap Salvage committee.

"Among the groups which are taking important parts in the campaign and their respective representatives in the drive," Miss Wilson said, "are the 1922 Study club, Floydada, Mrs. W. I. Cannaday; 1929 Study club, Floydada, Mrs. G. L. Kirk; 1934 Study club, Floydada, Mrs. Virgie Shaw; Floydada Rotary, Travis Collins; Lockney Rotary, Lloyd Wolford; Floydada Garden club, Mrs. Jack Henry."

Miss Wilson said that each of these business or civic organizations had appointed committees or individuals to cooperate with the local Scrap Salvage committee in every possible way. Other organizations are expected to appoint representatives to assist in the drive, but the appointments have not been made to date, she said.

The members of each organization have been asked by its president to collect as much scrap as possible in his or her home or place of business, and to urge others to cooperate with the drive.

The valuable assistance given by the members of these organizations, Miss Wilson said, was helping to assure the success of the local campaign.

Scrap materials vitally needed for the war effort include: iron and steel, other metals, rubber, and waste cooking fats.

Stell To Your Dealer

Procedure in disposing of scrap is simple. While the market right now for some kinds of rubber is practically non-existent because of lack of a place for disposal, most rubber scrap can be disposed of through the dealer. At Floydada I. R. Grundy has handled thousands of tons of scrap and his yard can be contacted almost day or night. At Lockney Marvin Gilbert will act as collecting agent for scrap and he will be conveniently located to the business district.

Hatchery Folk Meet At Dallas In Convention

Mr. and Mrs. A. L. Rice of the Rice hatchery and C. B. Carmack of the Carmack hatchery in Floydada are in Dallas this mid-week where they are attending the annual convention of the National Chick Breeders association, which attendance from all parts of the United States.

Sessions of the association last through today, and the hatcherymen of this city are expected home this week-end.

Twenty-Four Boys From Local FFA To Encampment

Twenty-four Future Farmers returned home Friday night from an encampment at Linguish Falls and Plainview. Inclement weather conditions caused a change in plans from the falls to Plainview when the group left for Plainview after an all-day encampment Wednesday.

Ball games, pitching horseshoes and swimming were the main features of entertainment. H. G. Barber, F. P. A. teacher who accompanied the boys, said several of the boys carried along musical instruments and entertained with singing and music in camp.

Other chapters represented at the encampment were Spring Lake, Anton, Lockney and Oton.

Speaker Names His Lion Governor Has Unusual Memory Hearers At Club

With more than 40 men present District Governor Murray H. Fly at Lions International, of Odessa, Wednesday noon called for the memory of introduction the names of all his hearers as he pointed them out. With one or two bobbles only he astonished the crowd thus and in most instances told them in what business or profession they were engaged.

The district governor is superintendent of the Odessa schools. His visit here was an official trip of inspection and encouragement to the Floydada club. Members of the Rotary club were specially invited guests, the clubs meeting on Wednesday to meet the convenience of a visiting official.

How "liberty" and "intelligence," portions of the Lions motto will fitly struggle and that somehow out-revender our inheritance burden of the turned to us was the day.

Prior to his visit here Governor Fly visited the Petersburg club on Tuesday night and the Crosbyton club on Wednesday night.

McEntire To Fill Post Vacated By Alcyce A. Hoots

Ray McEntire, for two years chief clerk of the Briscoe county Triple A committee, has been chosen by the Floyd county ACA committee as county administrator of the Agricultural Conservation program to succeed Alcyce A. Hoots.

McEntire began work here Monday morning, while Hoots assumed new duties as administrator in Hale County, where he takes the ACA administrative made vacant by a resignation of the administrator who is taking up duties in the armed forces.

Work in the Floyd county office covers practically the same range of activities as that in Briscoe, where a generally diversified farming program is carried on, and the local committee expects McEntire to become familiar with the local lay out rapidly. A considerable bit of irrigation activities carried on this county will represent practically the only portion of the Floyd county conservation program that McEntire has not had previous experience in, Paul Shodgrass, chairman of the committee said.

Majority Schools In County Open On August 31

Floydada and Lockney are listed among the schools that are scheduled to open Monday, August 31. Two rural schools of the county that opened Monday are Sand Hill and Starkey, with the majority of the rural schools opening August 31.

Trustees over the county are facing a problem of resignations. Several weeks ago rural schools were short six teachers. Several teachers have been hired and several resigned with the school late last night four rural teachers, short, County Superintendent Clarence Guffee said.

Only one vacancy remains in the Floydada schools, that of bandmaster caused by the resignation of Erman Gray who is entering army service, Superintendent Walter Travis said.

Deadline Nears For Crop Risk Insurance

August 31 is the deadline for signing applications on all risk crop insurance on wheat for 1934, according to information from the AAA office Wednesday. Further information concerning applications can be had at the local office.

There will be representatives of the Floyd County Agricultural Conservation association present at a meeting to be held at Lockney next Wednesday and Thursday. The meeting will be for the purpose of discussing the 1943 Wheat Crop Insurance program.

Windows Will Tie Scrap Campaign To The War Effort

Precedent to a big, general, county-wide rally on Saturday morning, August 29, windows of Floydada shops and stores will tie the thought of scrap materials of all kinds—litter and big alike—to the war effort.

Such is the plan of strategy of the USDA War Salvage committee under the leadership of Miss Edith L. Wilson, and Floydada Chamber of Commerce is carrying the message this week in person to every store owner, through Mrs. Walton Hale, named special contact representative of that organization by J. C. Wester, its president.

Scrap of some kind, together with its equivalent in the war effort will be shown in at least one window of every store in the community. That is the goal of the Chamber of Commerce effort. And with the window display, to tie it up in dramatic fashion with our effort, will be shown the picture of a Floyd county boy now in the service of his country in some branch of the armed forces.

"The War Production board is telling us through the county's USDA War board just how big and important scrap of all kinds has grown to be in this war," said Mr. Wester, "and we hope to make every citizen in every part of the county scrap conscious. These windows will help to tell the story."

Rubberless Parade Planned

The War Board wants every possible pound of scrap in some junk dealers' yard before the fall harvest starts, so that it can be counted and counted upon, added the Chamber of Commerce president. "To further dramatize the effort we are making we want to climax the August drive with a big rubberless parade Saturday morning at 10:45 o'clock, August 29. How big and impressive can we make a parade without the use of automobiles and trucks?" he asked. "We want to find out and we want everybody who will to begin figuring out ingenious ways of participating in it."

Fields Home From Trip To So. California

Mr. and Mrs. Menard Field and daughter Mrs. Johnnie Wilson and son and Mrs. Oleta Pruitt returned home Tuesday from San Diego, California where they spent a week in the home of Mr. and Mrs. Field's daughter and family Mr. and Mrs. Charlie McDonald.

Mrs. Field had been visiting in the home of her daughter the past two weeks.

Floyd County Board Fills Call For 36 Men On August 15 As Part Of Nation's Huge Army

Filling a quota of 36 enlistees, Floyd County Local board Saturday sent a considerable increment of men to the induction station at Lubbock, who together with men already in the service as the call came, made up one of the heaviest manpower drafts the county has yet sent to the armed forces.

With the exception of the already enlisted and two who by their own request were forwarded at once to Fort Sill, Oklahoma, these men are now on furlough at home and will leave for Fort Sill on August 28. Floyd county men listed to report at Fort Sill that date are:

Frank Taylor, Charley R. McGeehee, Edwin S. Johnson, Elmer L. Ayres, Jr., Sam A. Spence, L. D. Fowler, Benjamin A. Cook, Leonard L. Ferguson, William F. Daniel, Jr., William D. Brownlow, Willie D. Wisdom, Norman H. Hillburn, Homer L. Farmer, Melvin T. Camp, Eugene P. Brownlow, H. E. Edwards, Albert Rios, Adrian Crawford and Clifford L. Bullock.

On their request Robert Andrew Montgomery and Gustavo T. Garza were sent direct to Ft. Sill following their examination.

Enlisted men for whom the board took credit in the August 15 call are John Whitten Barker, engineers Amphibian command; Louis Dean Brand, U. S. navy; William Leroy Small, U. S. army; Joe Trowbridge Smith, U. S. army; Herbert Clint Burke, U. S. navy; Arthur Dale Orsburn, U. S. army; Lloyd Dee Thompson, U. S. navy aviation; James Alexander Peel, U. S. army; Raymond Alec Moore, U. S. navy.

Willard J. Wingo, who was to have been inducted from this county on the August 15 call was transferred to Board No. 1 of Cottle county.

Of the group six who were sent to the induction station failed to pass the examination and were returned home for correction of physical defects before being accepted. They are Jerome B. Watson, Robert Floyd Smith, Jasper L. Bolton, Malvin Andrew Jarboe, Dee B. Bennett, and Sanders A. Newman, the latter of Roosevelt county, New Mexico.

Democrats To Ballot Again On Saturday

The election party that has marked primary elections in Floyd county since the time the memory of man runseth, not to the contrary will be staged by The Hesperian again next Saturday night.

Promise of all election officials of full co-operation has been obtained and this may be the election night when everything clicks and the county totals be on the boards and totaled up by 10 o'clock.

Shooting at Perfect Mark

For 30 years every biennial election night has seen something—rain, bad telephone connection, a re-check of ballots by some board—in the way of an early completion of reports. As a consequence the newspaper folk in the Hesperian office have been straining a little harder every year for each successive election night to be on the one when everything goes exactly right. Apparently nothing but the weather can get in the way this time.

In addition to complete (we hope) figures on all precinct returns for this county, it is anticipated that information will be given out from time to time on the progress of the count in state races. However, The Hesperian is not contracting for the Texas Election Bureau returns on account of the heavy expense involved.

The Hesperian will, as for many years past, wire Floyd county unofficial returns to Texas Election Bureau.

Clarks Home After Visit With Son In Hospital

Mr. and Mrs. L. L. Clark and daughter Mrs. Alva Redd of Amarillo returned Saturday from Albuquerque, New Mexico, where they have been with their son and brother Lovell Clark who is convalescing in the St. Joseph's hospital following an automobile accident three weeks ago.

Mr. Clark made the trip to Albuquerque Tuesday for his wife and daughter, who went out to be with their son immediately after the accident.

Lovell Clark sustained a compound fracture of the left leg just below the hip, and other minor injuries. The car in which he was riding turned over three times after being run down by a greyhound bus, according to information from Mr. Clark. The accident happened on a down-town street at Albuquerque, when Mr. Clark was enroute to his place of business.

The car driven by Mr. Clark was completely demolished. Little damage was done to the bus, Mrs. Clark said.

Ration Stamp No. 8 To Get More Sugar

Ration stamp No. 8 will get more sugar than other stamps have been good for, announcements carried by Associated press and other news agencies have announced in the past few days.

The stamp may be used in the period from August 23 to October 31, this report states, and will be good for five pounds of sugar.

This change, it was pointed out, will not alter the basic ration of one-half pound per person per week, but will enable consumers to make purchases in larger units.

Floyd County War Price and Rationing board had not received official notice of the new rule as regards Ration Stamp No. 8 yesterday. However, since it is not effective until August 23, ample time is still afforded to receive this notice.

Stamps No. 6 and 7, each good for two pounds of sugar, may be used until midnight Saturday.

Narrowly Escapes Fatal Injuries From Gun Shot

Lee Tinney, who is employed at the Peole ranch south of Dougherty narrowly escaped fatal injury Tuesday at 9:30 p. m. when a 22 long rifle shell entered his chest immediately over his heart, glanced on the rib and missed his heart, according to his attending physician.

Mr. Tinney was returning home to the Peole ranch after a trip to his wife's parents Mr. and Mrs. Malcolm Ward where he had gone for the gun. As he entered the car the gun was accidentally discharged.

He was brought to the Floydada Hospital and Clinic by W. S. Poole where the extent of his injuries were diagnosed. He was resting satisfactorily Wednesday morning, according to friends who visited the hospital.

Market Today

Colored Hens, 4 lbs., and up	17c
Colored Hens, under 4 lbs.	14c
and all Leghorns, lb.	14c
Cocks, lb.	6c

Maize, per cwt.	95c
Maize Heads, per T.	\$11.00
Tops	\$13.90
Sows	up to \$12.50

Important Places To Be Filled In State, County

Floyd county voters will go to the polls in their respective voting precincts again on Saturday of this week, August 22, to finish the job they began on July 25.

They will ballot on a U. S. senator, a lieutenant governor, state treasurer, railroad commissioner, chief justice of the 7th supreme judicial district in state and district places; and

For county judge, commissioner precinct No. 1, commissioner precinct No. 3, and commissioner precinct No. 4 in county and precinct places.

Voting places will be the same as in the July election in each precinct and, except in case of illness, absence or other inability, the same presiding officers will be in charge of the polls. A much shorter ballot will make possible the use of fewer helpers in a considerable number of precincts.

This will be the last go-round of voting prior to the general election, the party naming its nominees not chosen in the first primary.

How Many Will Vote?

Speculation on the probable percentage of votes of the county's strength to be cast appears to favor the probability of a lighter vote by 10 to 15 per cent than in the first primary. This would mean a probable 2,100 to 2,250 votes. Total strength of the county is in excess of 3,000 votes. In the July primary slightly less than 2,700 votes were cast.

Polls will open at 8 o'clock, close at 7 o'clock. Following is the list of names which will appear on the official ballot, which will carry the usual pledge to support the nominee:

For United States Senator: W. Lee O'Daniel, Tarrant County; James V. Allred, Harris County;

For Lieutenant Governor: Harold Beck, Bowie County; John Lee Smith, Throckmorton County;

For State Treasurer: W. Gregory Hatcher, Dallas County; Jessie James, Travis County;

For Railroad Commissioner (Unexpectedly): Beauford H. Jester, Navarro County; Pierce P. Brooks, Dallas County;

For Chief Justice Court of Civil Appeals, Seventh Supreme Judicial District of Texas: E. L. Pitts, Lubbock County; E. C. Nelson, Potter County;

For County Judge: G. C. Tubbs, Morgan County;

For Commissioner Precinct No. 1: W. H. (Bill) Brock, A. S. Cummings;

For Commissioner Precinct No. 3: W. C. Plumlee, A. D. Monk;

For Commissioner Precinct No. 4: R. B. Calhoun.

FIVE-COUNTY SINGING CONVENTION TO BE HELD SUNDAY AT FLAG SPRINGS

Singers from five counties will be represented Sunday in an all-day meeting to be held at Flag Springs, five miles east of Roaring Springs.

Counties represented in the association are Hale, Floyd, Motley, Dickens and Hall.

A basket lunch will be served at noon when everyone is invited.

Stamped Buffaloes Herd At Crowell Re-Enacts Old Days On Rail Right-Of-Way

CROWELL, August 17. — Train crew and passengers on the Santa Fe railway near there rubbed their eyes and virtually exclaimed in chorus: "Page Mr Ripley!"

For in this year 1942 and in broad daylight they discovered a herd of buffalo stampeding along the right-of-way, three miles east of this community.

Conductor John Davenport reported the amazing situation to Superintendent H. R. McKee, and an order was immediately put out to other train crews to be on the alert. In fact they discovered in a "last round-up" after discovering that the small herd, one of the last of its kind in a semi-wide state, had escaped from the ranch of Dr. J. M. Hill.

Supt. McKee declared that the last record he recalls of buffalo blocking the right-of-way occurred 25 years ago when a wild herd halted traffic near Onava, New Mexico.

MASON ORDERED OVERSEAS

Major Hub Mason, formerly manager of the cotton oil plant at Littlefield, has been ordered overseas. He is with the army air corps, and was a resident of Lockney many years as manager of the cotton oil plant there. Mrs. Mason and son, Hub, Jr., will live in San Antonio for the duration.

Old Cowhands Gather At T-Anchor Soon

The old cowpunchers of the West are ready for their annual reunion on the T-Anchor range near Canyon on the evening of August 26 and all day August 27, president E. C. Britain has announced.

On Thursday evening, August 26, there will be son-of-a-gun stew prepared by Mel Armstrong, and Old Tascosa sheriff, Ed Baird of Canyon will supervise the evening program.

The feature of the evening will be a ranch style square dance on a big and strong platform. There will be suitable music. Bill Hensley of Amarillo "Uncle Billy" Jarrett of Dalhart and others will do the leather-lunged calling. The dance will last as long as anyone wants to "shake a leg."

The big reunion comes the next day—a morning of yarn swapping, a John Snider barbecue at noon and a snappy program in the afternoon.

EDITORIALS

Read another message from the War Production board this week in The Hesperian. There's still lots of junk about. Also there is still lots of need. Save the better steel that you feel you'll actually need on the farm, but get the other to moving. With less to do now than later, with the price you'll receive well known, and the need to get the scrap in piles where it can be counted before winter sets in, "now is the time for all good men (with junk on hand) to come to the aid of their country."

Election Day next Saturday. The official ballot is short but it is important. Do not neglect to vote. Our ticket will be Alfred for senator, John Lee Smith for lieutenant governor, Jesse James for state treasurer, Beauford Jester for railroad commissioner, unexpired term, E. C. Nelson for chief justice court of appeals. We have been wrong before and we may be wrong this time, but that's our judgment, more for the record than otherwise. If you can't "see" this ticket vote the way you see it.

Use your trucks with discretion is the advice coming from the Office of War Information. For the simple reason that what trucks we have must be made of last for the duration of the war. This means delivery trucks from business places to homes as well as the trucks which haul from farm to market or from the fattening pens to the stockyards. Thus housewives who demand fewer services of their deliverymen will be aiding the same as the man who arranges that, whenever he has a truck moving with cattle or feed or whatnot, the truck carries a full load. Every bit of waste space in a motor vehicle is hauling an invisible Japanese.

Announcement that sugar rationing card No. 8 will be good for more sugar than cards previous is coincidental with the statement that the added sugar must be made to last longer. As things now appear, the war managers say, the sugar supply for the first half of 1943 is going to be at least as plentiful as during this year. This, however, will depend on the anticipated good fortune of keeping shipping lanes open to Cuba and other Caribbean seaports where sugar is grown.

We have arrived at the time in the war effort when the manufacture of scores and scores of articles we have been taking for granted are to be ruled out of the manufacturing plant. Something for the war effort will take their places. Gradually such items will disappear from the market and you'll be doing without and or substituting. Bobby pins to dipping vats, buttons to wagon wheels gives the idea of the wide range of discontinued items. For the first time in the lives of this or any other generation of Americans we are in an era of conversion of effort. In the last war, to make the idea plain, it was a matter of expansion of effort. Get the difference between conversion and expansion of our industry and you have the big men's idea of how they are going to have us doing before the war is over. We'll be making war and that is all we will be making. We'll be living and doing the best we can on other "fronts."

We wonder how many people are getting full up on the kind of patriotic radio programs they are hearing. Somehow or other, it seems sacrilegious to us the way they carry on—men screaming, groaning, dying, making noble speeches on the battlefield, dramatically ordering out the whole fleet of planes with sound effects. Seems folks with boys somewhere out there would just as soon they toned the thing down a little.

handled the programs with more taste. And the advertising blarbs—"Fine patriotic American boys giving up their lives that your nation may survive. Do your part by buying War bonds and stamps. In order to keep fit for freedom take Dr. Herkimer's double acting Kickapoo liver pills." Surely newspapers, bad as they are, do not offend so blatantly.

Meats of the cheaper cuts are getting scarce back east, the same as gasoline and fuel oil. Although the country is producing meats in quantities never before dreamed of, the big industrial centers have meat eaters in numbers never before dreamed of also. Transportation, too, has something to do with the shortage. We mean transportation and the facilities that go with processing meat and getting it to the consumer. However, dealers tell us that beef meat is about the only thing that has not advanced in price in this section of the country. Swine products have jumped and anything else you can mention almost. But as for beef the dealers say no, folks are just wrong when they declare beef cuts have climbed in price.

George Mahon, congressman of the 19th district, who has been at home whenever opportunity presented itself, thinks that the congressmen ought to spend as much of their time as possible out in their districts. The Washington mad house (he didn't call it that but we did) is a mighty poor place for a man to stay and try to keep his sense of balance, to keep the common touch, to sense what America is thinking, to keep in mind whose war this is. Fact is, we think that President Roosevelt could get out of Washington for a few days of rest and find his desk when he got back.

Give the Hesperian credit for knowing about crops and the weather in Floyd county. We could even give details on what has become of the grasshoppers and why the chiggers are so much worse in some parts of the county than others. Last spring we said that two thunders and a sprinkle of rain this year would make good row crops on the bottom season from last summer and fall. We knew all the time the row crop would be good, told our customers so. And now look what we have coming up! Even those who have or will get hailed out will hardly know it. There'll be so much work helping the neighbors it'll seem just like they've got a crop, too—nearly.

Disappointed last week when Mr. O'Daniel was here. He poured it on the newspapers. We were aggrieved terribly until he pointed out rather emphatically that it was the big shots he was after, that after all there probably were some good little newspapers in the country. Why couldn't he have paid us some mind, too? Everybody likes to be noticed and a man running for office ought to know it.

Steel freighters whose keels were actually laid after the attack on Pearl Harbor, within three months were completed and carried the bombs across the Pacific which helped to win the Coral Sea Battle in May. The new steel used in those freighters or in those bombs was made partly from scrap collected in this country only a few weeks or months before the battle. Get your scrap in the scrap.

Collective nouns: Fly-paper, waste-basket, and vacuum-cleaner.

A little authority affects some men more than strong drink.

The Floyd Co. Hesperian

Established 1896 by Claude V. Hall. Entered as second class mail at the postoffice at Floydada, Texas, April 10, 1907, under the act of Congress of March 3, 1879.

As A Farm Woman Thinks

By Nellie Witt Spikes

BUY A BOND TODAY
Away out west where the coyotes howl,
And the lobo wolf roams through the black chaparril,
Out in the west where the tall pines grow,
We built an air base near Old Alamo.
Where a lot of folks labor from morning till night,
Repairing airplanes to help win the fight,
Our enemies all say that all Americans are saps,
But just wait and watch us clean up on the Japs.

They sneaked on Pearl Harbor when the war began,
Dropped bombs on children, old women and old men,
Probably you have a father or son,
Fighting Italians, the Japs or the Huns.

They are fighting for you, their country and life,
To return to their mother, their sweetheart, their wife,
Please mother don't grieve, it will turn your hair gray,
You may see your son some bright sunny day.

We have all got to help if this war we win,
So today is the day for you to begin,
Dig down in your pocket let us each buy a stamp,
For every dime spent will make a Jap cramp.

When this war is over, deep down in your heart,
You'll be mighty glad that you've done your part,
So loosen up, brother, don't say, I would if I could,
If we lose this war, our money's no good.

Our boys are fighting, they are doing their best,
If we buy the bonds, they will do the rest,
We can each buy a bond, and all of us give,
And fight for a country where mother can live.

Albert L. Jones,
Alamojordo, N. M.

The above poem was written by my cousin, Albert Jones. Old timers will remember him as Lester. The letter he wrote takes me back to the old "three for a quarter days." I remember Aunt Ella's horror and amazement when she opened a gallon bucket Lester handed her. Lizards ran out, more and more. A bucket of lizards. Aunt had no sympathy for her son, who had spent the better part of a scorching hot day catching lizards. And once Homer and Lester decided to have some fun. They tore old rags into strips, wound them into a ball, then soaked the ball in kerosene. When set on fire, this made a fiery ball to throw for each other to catch. The sport went very well 'til one end of the

string came undone and the burning rag wrapped around Lester's sunburned neck. Needless to say there were sudden howls of pain and frantic clawing to release the flaming collar, which so suddenly and unexpectedly had been placed on Lester's shirt. Thank you, Lester for the poem and very nice letter.

The last week and yesterday, Sunday, brought many friends to our home. Mr. and Mrs. Ben Dean from Breckenridge made us a short visit. We were very happy to have these entertaining people visit with us. Mrs. Dean is gracious and charming and Ben, as we have known him many years, was very welcome again as an old friend of yesterday's.

Our son, Wilson, Dr. L. W. Spikes of Lubbock, brought over Colonel Chaddix and Corporal Hull of the Lubbock Recruiting Station to hunt rabbits. I doubt if Mr. Hull saw any rabbits as he brought his girl along who was visiting from Kansas, the soldier's home also. If all the girls in Kansas are as pretty and attractive as Mary, we may have many Kansas girls in our midst as our boys who are in Kansas meet them. Colonel Chaddix kinda apologized for coming in so sudden-like for supper, but I told him all my marbles. I had fixed for crowds, from thrasher crews to kin, and to feed Uncle Sam's army on sudden notice was no extra feat. . . . Mr. Spikes' brother, Fred spent the week end with us, and as he had to dry dishes, he said I had the most dishes he ever saw. Even told my husband, and he wanted a set I saw the other day with the loveliest blue band. . . . Miss Laura and Bernice—Mrs. Schneider and Mrs. Bartlett possibly to many of you—came yesterday afternoon, bringing pretty Alma Grace and sweet Jo Ann. Such a pleasant visit we had. Time flew as fast as the little humming-bird visited from tree to flower. . . . Then you should have seen the car of women and children who came for a short minute. I don't really see how Mrs. Roxie Travis piled them all in. I did not dare ask them to get out as I was afraid they would never all get in again. . . . How nice to have friends and neighbors to come to one's home. . . . It takes a heap of livin' to make a house a home.

Well I was mistaken about no work on the farm this week. There is another canner of corn on the stove this morning and two little overall-clad boys to watch. . . . Hearing how to cut off a bottle top for a jelly glass over the radio I remember how I used to heat an iron ring very hot and slip it down over the bottle neck, then pouring water on it. In a second I had a nice jelly glass with a smooth edge. . . . Clouds, clouds, plenty of them, dark and rainy looking, all things in readiness, the cellar door shut, turnips hurriedly planted, chickens in shelter, and dry clothes in from the line. But no rain. I do not believe it pays to prepare, do you?

It pays to advertise. The other week I just barely mentioned that I was watching the corn patches around. You might say it was hardly a hint. But the results? Corn, white and pearly grains, show from my shelves. Corn has been boiled on the cob, baked in milk and butter and fried, all because Mrs. Dee Fee, Mrs. Crump, and Mrs. Wheeler and Mrs. Tom Davis all read the papers. And I still have a patch in view where I have been made welcome by Mrs. Bennie Davis. . . . Well I just talked too much. Mrs. Tom Reed says she thought I surely had better sense than to wash my hair in the rain. Yes, Mrs. Reed, I do have better sense now.

Thank you, Mr. Burks, for the rocks for my fence from Jones county and your mother's yard in Abilene.

Well I just talked too much. Mrs. Tom Reed says she thought I surely had better sense than to wash my hair in the rain. Yes, Mrs. Reed, I do have better sense now.

Thank you, Mr. Burks, for the rocks for my fence from Jones county and your mother's yard in Abilene.

probably better prepared for this year than ever before. All nine living children of Mr. and Mrs. J. W. Lester met last Sunday at the Lester home twelve miles north of this city in their fourth annual reunion.

Old settlers by the hundreds and new-comers by the thousands swarmed in to Smith Memorial park on Blanco canyon for the picnic and Old Settlers' Reunion at the Old Rock house yesterday.

Grade stakes for the first block of the paving program in Floydada, launched early this summer, by the

city council followed the presentation of a widely signed petition from property owners citizens, were set this morning.

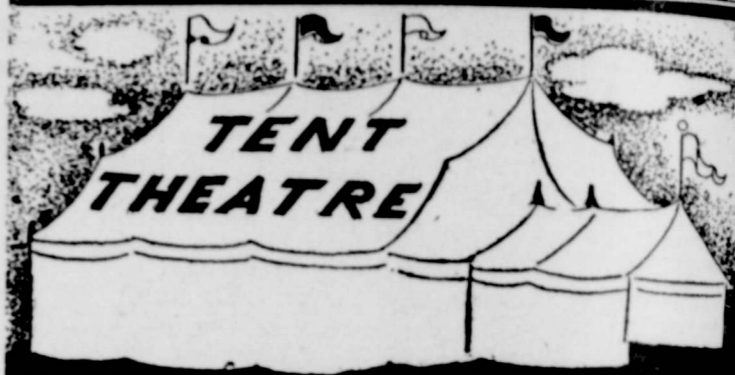

Mrs. Fred Brown and children and Edd Brown went to Amarillo Saturday where Mrs. Brown will remain with her husband, who is receiving treatment for his eye.

W. H. (Bill) Brock Asks Your Consideration In Saturday's Primary Vote

With election day only 48 hours away it is certain that I will not be able to see in person all the voters of Precinct No. 1, and this is intended in the form of an explanation and appeal to them for their votes.

As you know, I am a candidate for Commissioner. A number of voters may have expected me to come to see them in person that I have not talked with yet.

My explanation is that I was called away from home unavoidably for several days last week and lost time which I will be unable to make up. Experiences like this come to all of us and I am sure you will understand when it is called to your attention.

Those whom I have seen have been most courteous and have given me a fair hearing, and I thank you everyone. Those whom I have not seen I ask to give me every consideration which you conscientiously feel you can.

If I am elected you can depend on it, I will work and study to handle the job right.

W. H. (Bill) BROCK

Vote For

E. C. NELSON
for
CHIEF JUSTICE

Floydada, Texas
August, 1942

To THE PEOPLE OF FLOYD COUNTY AND THE Seventh Supreme Judicial District of TEXAS:

We, the undersigned qualified voters of Floyd County, Texas, take this method of endorsing Judge E. C. Nelson's candidacy for the position of Chief Justice of the Court of Civil Appeals for the Seventh Supreme Judicial District of Texas at Amarillo, and of earnestly urging upon you to support him in the approaching August Primary.

Recognizing Judge Nelson as a man of unquestioned integrity and outstanding ability as a lawyer and jurist and as having a naturally judicial mind, we feel that he is well equipped to fill the high position to which he aspires.

Monster Reptile With Eyes

Wears Brass Collar; Scares Negroes From Field

That Shine Like Auto Lights

Italy, Tex.—Farmers residing in the vicinity of Hamrock, four miles south of a monster reptile which terrified the community two years ago when it was known to have devoured young calves, lambs and ensure flocks of turkeys along the creek bottom.

According to Bud Standifer, on whose farm the reptile was first seen, it is at least twenty feet in length and twenty-four inches in circumference and travels at a fast speed with its head at least four feet in the air with its mouth wide open and its long, forked tongue protruding. It has large, shiny eyes that at night have the appearance of headlights on an automobile. Around its neck is a brass collar about four inches in width which leads some of the natives to believe is once belonged to a menagerie.

Recently, Herman McGuire, while out with his greyhounds running down jackrabbits, heard one of his barks barking as if in distress, and when he entered the thicket he found signs of a struggle and leading away was the tracks of the monster. The dog was gone.

The last one to see the terror of the neighborhood was Hunt Dunway, prominent Italy ginnee, who, while in the vicinity Friday inspecting the cotton prospect, saw at least fifteen feet of the snake across the road in front of him. As he approached, the snake entered the thicket. As Dunway slowed down, the snake looked back over the tall underbrush and winked at the gin man who hurried from the scene.

Farmers on either side of the creek are doubtful if they can keep Negroes in the community to gather the cotton crop this fall. One Negro woman has reported the loss of her husband, last seen entering the lowlands two weeks ago with his fishing equipment. He never returned.

Dougherty News

DOUGHERTY, August 18.—Mr. and Mrs. J. E. Campbell went to Lubbock Sunday for the annual reunion of the Campbell-Kincy families. The reunion was held at the McKenzie park with families from several west Texas counties gathering early and spending the entire day. At the noon hour a basket lunch was spread and in the afternoon a watermelon feast was enjoyed.

Relatives enjoying the day together were Mr. and Mrs. Guy Cotton and family and Mr. and Mrs. Olin Price and family of Clovis, New Mexico; Mrs. E. North Cross and daughter, Bellevue, New Mexico; Mr. and Mrs. John McKeever, Amherst; Mr. and Mrs. Jim Crump and family and Mr. and Mrs. John Ashton and son, Jiggs, Spear; Mr. and Mrs. Roy Crump and family, Whiteface; Salah Williams and family, Meadow; Mr. and Mrs. Jim White, Slaton; Mr. and Mrs. J. T. Fountain, Plainview; Mr. and Mrs. J. L. Campbell and family, Tahoka; Mr. and Mrs. Roy Nettles, Meadow; Mr. and Mrs. Fern McGrager, Idalou; Miss Evelyn Campbell, Lubbock; Mr. and Mrs. Walter Baxter, Mr. and Mrs. Johnnie Baxter, Mr. and Mrs. Cecil Baxter, J. C. and Wanda Baxter of Floydada; and Mr. and Mrs. T. J. Campbell of Dougherty.

Mrs. Davis Resigns
In a letter to the Dougherty school board, Mrs. Dora Baker Davis last week tendered her resignation as intermediate teacher in the school. Mrs. Davis, and little daughter, Davlene, have spent the summer in Oklahoma City and she plans to work in a defense plant at this place.

School Principle Moves
J. W. Williams, principal of the school here, with Mrs. Williams are moving to the teacherage this week prior to the opening of school August 29. Mr. Williams comes from Providence where he served as principal of the school there.

Church
Rev. Tommie Allen filled his appointment at the Baptist church for both services Sunday, August 23.

Rain
This community received from scattered showers in some places to an inch and one-half in others during the rains of the past week.

Local News
Mrs. B. L. Howard and son Carol and Mrs. Jack Lovelady of Amarillo visited last week with their cousin, Jim Morrison and family. Mrs. Bill McNeill and children, Troy Lee and Barbara returned home Friday from Denton county where they spent several days with relatives.

Mr. and Mrs. J. M. Brownlow and son, Price returned home Wednesday from Grand Prairie where they visited ten days with their daughters, Mrs. Raymond Holt and Mrs. Reynolds Sanders and families.

Martha Lee and Roger Sanders of Lone Star spent last week with their grandparents, Mr. and Mrs. C. E. Bartlett.

Mr. and Mrs. A. H. Kreis and daughter, Ruth were shopping in Amarillo Monday.

Mr. and Mrs. Ralph Blankenship of Lamona spent the week-end with her parents, Mr. and Mrs. N. E. Almond.

Harold Webb and family of Plainview spent Friday with his brother Bill M. Webb and Mrs. Webb.

Mrs. T. F. Everett, who has been a house guest in the home of her cousin, F. M. Dougherty left Friday for San Diego, California to be with her son, Captain Lewis Everett. Captain Everett is in the Marine corps and is to be sent for overseas duty soon.

Mr. and Mrs. Frank James spent last week-end at Mangum, Oklahoma and attended a community homecoming on Sunday. They returned home Monday.

F. M. Dougherty and C. A. Caffee spent Thursday in Crowell on business.

POLITICAL COLUMN

Following are candidates who are candidates for the places indicated in the August 22, 1942, Democratic primary:

- For County Judge: C. C. TUBBS, MORGAN WRIGHT
- For Commissioner Precinct No. 1: W. H. (Bill) BROCK, A. S. CUMMINGS
- For Commissioner Precinct No. 3: W. C. PLUMLEE, A. D. MONK

Mozelle Edwards left Friday for her work in Dallas after spending her vacation with her mother, Mrs. G. C. Edwards. She was accompanied by her nephew, Jimmie Ferguson who has spent the summer with his grandmother.

Mr. and Mrs. R. W. Lotspeich spent Sunday with his niece, Mrs. Fred Gross and family at Sand Hill. Jim Morrison left Thursday for Amarillo where he will spend some time.

Mr. and Mrs. S. M. Crawford in company with their son-in-law and daughter, Mr. and Mrs. Earl Crawford of Mount Blanco returned last mid-week from Colorado where they visited relatives. Among those visited was a brother-in-law, whom Mr. Crawford had not seen in thirty-seven years.

Mr. and Mrs. Darrell Caruthers and daughter, Linda Rose returned Saturday from Fort Worth and Lewisville where they spent the past week.

Ernest Emert and J. D. Morrison left Thursday for Mesa, Arizona where they will spend a few days on business.

Willie Wisdom and Price Brownlow were among the Floyd county boys who went to Lubbock Saturday for examination for army service.

Mrs. Jim Morrison and children, Billie and Bessie Mae spent Monday with her parents, Mr. and Mrs. K. Holt of Sand Hill.

Mrs. S. R. Colston visited last week with her daughter Mrs. Alymer Flaherty and Mr. Flaherty in Crosby county.

Center News

CENTER, August 18.—We have had numerous showers the past week but not enough rain to really help crops much.

Corn canning and the canning of beans and peas has been our job recently and I think a good number of the housewives of this community have been busy at the same job.

Mr. and Mrs. R. C. Ross were Sunday dinner guests of Mr. and Mrs. O. G. Mayfield.

Louis Anderson visited Donald Clark Green Sunday afternoon.

Mr. and Mrs. J. D. Welborn and children visited with Mr. and Mrs. Jas. E. Green Sunday afternoon.

Mrs. Buck Ragsdale and Mr. Ragsdale's mother spent the first of last week with Mr. and Mrs. R. C. Ross and canned vegetables and grapes.

Mr. and Mrs. Price Scott and family of Petersburg visited her mother in Floydada. Her sister, Mrs. Delbert Morse and family and her brother, Olin S. Miller and Mrs. Miller Sunday afternoon. The Millers and Scott's both visited in the Morse home.

Mrs. G. C. Bailey is visiting with her sister-in-law, Mrs. Lester Fancher this week while Mr. Fancher is visiting his father at Alford, Texas.

Mrs. Sudie Jowser came last Wednesday for an extended visit with her daughter, Mrs. Clyde Bagwell and Mr. Bagwell. Mrs. Joiner lives in California.

Mr. and Mrs. Clyde Peterson and children returned Saturday from a weeks visit down state. They report things look a lot better here than at either Montague or Palo Pinto counties.

McCoy News

McCoy, August 18.—The Baptist revival began Friday night, and Rev. L. A. Doyle, pastor of the First Baptist church in Floydada, is conducting the services assisted by the pastor, Rev. Sidney Johnston.

Rev. Johnston and Rev. Doyle spent Sunday visiting the membership of the Baptist church.

Mr. and Mrs. S. W. Ewing, Jr., and Mr. and Mrs. Ewing, Sr., of Kilgore came last Saturday for a visit with their parents, Mr. and Mrs. S. W. Ewing, Sr., and with Mr. and Mrs. H. P. Puckett of Lockney, Thursday Mr. and Mrs. S. W. Ewing, Jr., and Mr. and Mrs. Ewing, Sr., went to Amarillo to visit Mr. and Mrs. Elber Ewing and Mr. and Mrs. H. A. Copeland. While there they celebrated Mr. and Mrs. Copeland's twenty-first anniversary and S. W. Ewing Sr.'s 74th birthday.

Farmers in the community have been threshing their old grain for storage.

Miss Bonnie Ruth Jackson has defense work in the offices at Amarillo, and her mother, Mrs. J. W. Jackson plans to join her as soon as living quarters are available.

LeRoy Chowning and Arlis Rainer were home from Monday to Friday of last week from San Diego, California, on a vacation visit with their parents, Mr. and Mrs. A. W. Chowning and Mr. and Mrs. Earl Rainer.

Smith-Stegall Wedding Vows Read Sunday

Miss Dortha Smith, daughter of Mr. and Mrs. O. M. Smith of Plainview, and Corporal Carlos R. Stegall, son of Mr. and Mrs. J. A. Stegall of Lockney, exchanged wedding vows Sunday afternoon at 3 o'clock at the home of the bride's parents, Rev. Jaudon Cobb, pastor of the Lockney Baptist church officiating.

The rooms were decorated with tall baskets of pink and white gladioli, pink roses and ferns. The bride wore a tailored suit of soldier blue with white accessories.

She was graduated from Plainview High school with the class of 1941.

Corporal Stegall, a graduate of Lockney High school with the 1941 class, has been stationed at Barkdale Field, Louisiana for thirteen months. At the end of Corporal Stegall's furlough the couple will leave for Shreveport, Louisiana, where they will live.

Surprise Birthday Dinner Sunday For George L. Fawver

On Sunday, August 15, friends and relatives met at the home of Geo. L. Fawver for a surprise birthday dinner on his birthday.

Dinner was served from a long table covered with a beautiful white cloth and carrying out the red, white and blue scheme in decorations. Heart-keen silver also was used. The day was spent visiting, joking, and telling humorous stories on this present.

Attending the re-union were Mr. and Mrs. Fishes, two sons and daughter of Petersburg, old friends of the family; Mr. and Mrs. Bob Willis, Mr. and Mrs. Lynn Fawver and grandson, Leonard III; Mrs. W. C. Willis and daughters, Yvonne and Carrie Sue of Abilene; Mr. and Mrs. Roy Fawver, Mr. and Mrs. Claud Fawver and daughter, Euna; Mr. and Mrs. Gilbert L. Fawver and daughter Mary Lou; Mr. and Mrs. L. D. Goughly and Bobby Lynn; the honoree Geo. L. Fawver, all of Floydada.

Two sons of the family could not be present for the occasion, although one of them, James Raymond of Waco, visited with his father during the week. The other son, Marvin, lives at Stephens, Arkansas.

CLAIBORNE REUNION

Mr. and Mrs. B. F. Claiborne of Quanah, parents of J. B. Claiborne, and Mr. and Mrs. W. J. Henderson and children Patsy Ruth and Scott of Decatur, Indiana, who have been house guests of Mr. and Mrs. J. B. Claiborne the past week, all went to Big Spring Sunday where they spent the day in reunion with other members of the family.

They met at the home of another son and wife, Mr. and Mrs. Stanley Claiborne at Big Spring.

The parents and Mr. and Mrs. Henderson returned to Floydada with their son and brother and visited here until Tuesday.

AN APPRECIATION

We wish to convey our appreciation to our friends for the many courtesies, their thoughtfulness, and their help in the many beautiful flowers sent at the death of our husband, father, son and brother A. D. White, Jr.

Each deed of kindness is remembered with sincerest affection and appreciation.

Mrs. A. D. White, Jr. and children Orland Dean and Larry Lane.

Mrs. A. D. White, Jr. and family.

Mrs. Gene Gilley moved to Wichita Falls Friday to be with her husband Pvt. Gilley who is in the mechanical department of the air corps and is stationed at Sheppard Field.

More milk is consumed in fluid form in the United States than in any other way. As milk and cream, the average person consumes the equivalent of 159 quarts of milk a year. Milk is the nation's No. 1 protective food. "To achieve optimum health, consumption should be greatly increased," states Mrs. Thel Austin Martin, Director of Nutrition for the National Dairy Council. The minimum recommendation of one quart of milk for each adult and one quart of milk for each child calls for an average per capita consumption of about 270 quarts of milk in fluid form.

Butter is the best natural food source of vitamin A. It also contains certain other growth factors not found in most fats. The average person in the United States consumes 16.6 pounds of butter a year which is much less than is desirable for optimum health. To make this

Former Teacher Weds Wellington Girl August 6

Miss Virginia Lee Fortenberry, daughter of Mr. and Mrs. Lee Fortenberry of Wellington and Corporal Raymond Raifford, former bandmaster of Floydada High school were married August 6 in the home of the bride's parents, Rev. J. P. Neal officiating.

The bride is a graduate of Wellington High school and was graduated in 1940 from West Texas State college. She did post graduate work in Mary-Hardin Baylor college, and for the past year has been a teacher in Spearman.

Corporal Raifford, son of Mr. and Mrs. O. W. Raifford of Dalhart is also a graduate of West Texas State college, where he was a member of Tri Tau fraternity. He has served as band director in the Wheeler school and was serving as band director here when inducted into the army air corps the first of the year. He is stationed at Lubbock at the present.

Fidelis Matrons S. S. Class Enjoy Picnic Friday Eve.

The Fidelis Matrons Sunday School class of the First Baptist church met at the home of Mrs. J. D. McBrien for a picnic Friday evening on the lawn. A short business session was held.

Those present included one visitor, Mrs. Ben Ellis of Tulsa and eleven members, Mrs. Alton B. Chapman; Mrs. E. L. Angus, Mrs. H. R. Stanley, Mrs. Jeff Welborn, Mrs. C. M. Thacker, Mrs. Lockey Hood, Mrs. Conner Oden, Mrs. Clarence Foster, Mrs. E. J. Moorehead, Mrs. J. B. Snodgrass and the hostess, Mrs. McBrien.

LITTLE MISS DARLENE DORRELL CELEBRATES FOURTH BIRTHDAY

Little Miss Darlene Dorrell was honored with a birthday party Friday from 5 until 6 o'clock at the home of her grandmother Mrs. L. H. Dorrell. Mrs. Layton Dorrell, mother of the honoree, assisted as hostess.

The occasion was Darlene's fourth birthday. Ice cream and cookies with colored all-day suckers as plate favors were served the little guests following several games directed by Mrs. Layton Dorrell. Darlene received a number of pretty gifts.

Those present were David Baggett, Bobbie Carmack, Charles Ray Simon, Jack Hopkins Henry, Glad Lynn Norman, Linda Hull, Mitchell and Donna Kay Murry, Patsy Ruth Gilliland, Vanda Dale Carter, Sharon Howard, Gay Grundy, Billy Rainer, Johnnie Mask, Alice Latta, Don Sparks and Vera Ruth Salisbury.

Several of the mothers accompanied the children. Of these were Mrs. Alva Sparks, Mrs. O. P. Rutledge, Mrs. Floyd Murry, Mrs. Mildred Carter. Others present were Mrs. Irvin Allen, Mrs. Oliver Allen and Mrs. L. H. Dorrell. The two last named are grandparents of the honoree, Darlene.

MISS MARGARET COLLIER ON VACATION THIS WEEK

Miss Margaret Collier nominee for County Clerk Floyd county, and at present assistant in the office of the County Clerk, is spending her vacation with her mother Mrs. J. E. Collier at Lockney.

She plans to return to her duties in the office August 31. Miss Emma Lou Bedford is substituting for her while she is away.

Mrs. L. G. Stewart and daughter Margaret, of Wichita Falls returned home Wednesday after a short visit with her parents, Mr. and Mrs. W. I. Cannaday.

Mrs. Maud Burrus spent the weekend at Wichita Falls with her son, Pvt. James Burrus, stationed at Sheppard Field.

Garden Club Cake And Defense Bond Sale August 29

The Floydada Garden club will sponsor a cake sale and Defense Stamps and Bonds sale on the downtown streets Saturday, August 29, climaxing the August scrap rubber drive that is sponsored by the city.

The decision was made when the club met Friday morning at the home of Mrs. A. N. Ward. At the meeting a study of the Iris was presented. Mrs. L. C. McMount spoke on "Choosing Iris for color and fragrance." Mrs. J. D. McBrien gave a talk on Iris varieties. Mrs. C. A. Caffee told of "Iris legends."

Mrs. O. P. Rutledge and Mrs. Ward presented an array of pretty flower arrangements at the Ward home.

Mrs. Fred Nabors was welcomed into the club as a new member. Mrs. H. G. Barber and Mrs. John Hoffman offered their resignations as members of the club and these were accepted with regrets. Mrs. Hagood accepted membership in the club.

A fall flower show will be held as voted by the club, with Mrs. E. L. Angus in charge. Each member answered to roll call by naming her birth flower.

A barbecue is being planned, the date to be announced later. Members are asked to watch for the announcement soon.

PLANE SEEDS ROUGH RANGE

Airplane seeding of mountainous range lands to reestablish good vegetation and protective cover has proved successful in preliminary tests, the U. S. Department of Agriculture says. Grass seeds were sown 2,500 acres of rough, mountainous land in the Squaw Creek erosion control demonstration area in Gem County, Idaho.

The Soil Conservation Service rented a 3-seat cabin plane, remodeled it to make room for a seed hopper. Test flights with sawdust instead of seed indicated satisfactory distribution. Flying 300 to 500 feet above the steep slopes, the plane seeded swaths about 100 feet wide. An inspector on the ground flagged the plane when wind proved unfavorable. In 10 hours of flying, it distributed 5,875 pounds of the seed mixture, which consisted of three parts of bulbous bluegrass and 1 part yellow sweet clover. Before seeding, sheets of pasteboard smeared each of crested wheatgrass and with grease were spotted over the area to catch seed as it fell and indicate distribution.

Examination six months after seeding showed an average of 10 young, thriving bluegrass plants to the square yard, but not much wheatgrass or sweetclover. The SCS believes separate seedings might be better.

With better vegetative cover, the Squaw Creek area promises to be more valuable for range, for conserving water and controlling floods, and as habitat for game.

SWAP ONIONS FOR GROCERIES

A victory gardener who "knows his onions," is C. O. Mastin of Custer County, Montana. Pledging cooperation with the U. S. Department of Agriculture Food for Freedom program, Mastin plans this season to excel the record he set last year of getting a \$41 return from one-eighth of an acre.

Mastin, a Farm Security Administration borrower, reported to FSA that last season he selected what had been a weed patch—a space 500 by 100 feet—and planted it to onions. He got a top yield. Then he brought his bartering skill into play, and traded ten sacks or 1,000 pounds of onions for \$15 worth of flour. Then he traded the other 2,000 pounds of onions for \$26 worth of groceries.

This year, says Mastin, he has almost two acres of his farm set aside for a Victory Garden. He is counting on his garden skill plus his bartering talent to net him a year-round food supply from his garden—and perhaps some cash from the sale of surplus.

Mr. and Mrs. G. T. Young and children of Amarillo were in Floydada Tuesday on a business trip.

Classroom Favorite

Cotton seersucker will continue to be tops in style and comfort when co-eds journey back-to-college this fall. The frock shown above, modeled by Peggy Drake, RKO film star, is chalk white with the wide stripes in flag red. Skirt fullness is shirred at the waist and hip, to obtain that long torso line. The peasant blouse is gathered at the round neckline—casual and very feminine.

CHANGES CAUSE CHANGES

Effects of the war on American farmers—and on their cooperative organizations—are discussed in the U. S. Department of Agriculture publications, News for Farmer Cooperatives, by A. G. Black, Governor of the Farm Credit Administration. He deals with a typical situation and shows how a change in sugar sets up other changes which affect farmers who never have grown and do not expect to grow sugar crops.

With Philippine sugar cut off and the Hawaiian supply curtailed, "the Cuban output will be available to us," says Black, "but it, plus our normal production of cane and beet sugar will be inadequate. Undoubtedly we shall have to step up mainland production materially and encourage production in our Western Hemisphere island possessions and in the American republics to the South."

"To meet the situation in part, we may have to extract more sugar from our molasses and use less molasses for industrial alcohol needed in production of explosives. Corn, other grains, or potatoes may play an increasingly important role in production of alcohol. Thus in this one item, sugar, we find an impact upon molasses, alcohol, corn, and other products."

"And so it will run through the gamut of agriculture—production, displacement, substitution."

Mr. and Mrs. C. C. Huckabee and family spent Sunday in Clovis with their son C. C. Huckabee, Jr. and family.

F. C. Harmon attended a Funeral Director's convention at Big Spring Tuesday. He returned home Wednesday.

RATTLE-BUSH BEANS PROMISE SEED PROTECTION

Rattle-bush beans may prove valuable because they are so distasteful to rats and other rodents, U. S. Department of Agriculture tests indicate. Dr. D. Breeze Jones of the Bureau of Agricultural Chemistry and Engineering, says that meal and extracts from seeds of this wild plant of waste places from Florida to Texas have such a repellent effect on these animals that they may help protect planted seeds.

Dr. Jones made tests in which rats showed that they preferred starvation to eating a ration with as little as one-half of one percent of the meal from the rattle-bush bean. He has not found out just what the bean turns up their noses, but suggests that rodent-control investigators may want to carry on this part of the study. He thinks the material may be particularly valuable in treating nuts and other seeds in planting for erosion control.

The rattle-bush is a legume (Dau-bentonia drummondii Ryd.) planted for ornament because of its beautiful flowers, but until now it has had no other economic use. The rattle is caused when the dry pods are shaken. The plants bear heavy crops and the beans are known to be poisonous to sheep and goats.

Mrs. E. J. Womack returned home Tuesday from Gainesville where she visited her mother Mrs. O. Wilson. She was gone ten days on the vacation visit.

Mattyelee Womack of Lubbock visited last week-end in the home of her parents Mr. and Mrs. E. J. Womack.

Mrs. S. G. McRoberts returned home Tuesday of last week from a visit with relatives at Dallas.

NO CERTIFICATES REQUIRED

To correct a rather general misimpression among farmers in need of farm machinery, equipment, and repair parts, the Priorities Division of the Office of Production Management, Washington, D. C., points out that "retail consumers cannot and must not be expected to produce preference rating certificates, when placing normal orders for finished goods."

In the confusion incident to attacks upon the United States by Axis powers, says OPM, many distributors of consumers' goods have told their customers they cannot sell to them unless their orders are accompanied by preference rating certificates. This seems to have been most prevalent among dealers who handle metal products, particularly in the farm machinery and hand-tool fields.

In the case of important civilian items, as for example, farm machinery and spare parts for privately owned automobiles and trucks, the Priorities Division has given assistance to manufacturers so that they may continue their production. Goods manufactured as a result of this assistance are then made available through the normal trade channels, and retail buyers in general do not need preference rating certificates, and such certificates have not been issued.

Mr. and Mrs. J. M. Daniel and family are in the New Mexico mountains this week, where they are enjoying a vacation.

Harold Thornton, who is working at Amarillo, was at home on a brief visit Monday with his parents, Mr. and Mrs. M. D. Thornton, and attending to business.

ARMY COBBLER—How the shoeless Continentals at Valley Forge would have envied the United States soldiers of today when the Army carries to the field every facility for keeping footwear whole and comfortable!

Despite the modern mechanization of the armed forces, shoes are still a most important factor in the soldier's equipment. An Army shoe lasts about four months and in that time is re-soled twice. The shoe then is ready for salvage, and from this Uncle Sam also derives a percentage. With the latest equipment and skilled repairmen some of the camps and posts can turn out 900 pairs of re-soled shoes a day, according to the Quartermaster Corps. Millions of shoes have been bought for the Army since it is estimated that each man in the fighting forces will require 10 pairs during his period of service.

HAGOOD'S Department Store

"Standard Brands Priced Right"

Stylish Corduroy

Wide wale cotton corduroy, designed in strict accord with WPB rules, takes a long step toward conservation of fabric without sacrifice of style. The trim, figure-flattering jacket and gored skirt may be worn with a variety of blouses and accessories to serve as a "basic" costume for many fall occasions.

WHEN STEEL DEMAND RISES PRICE OF CASEIN FOLLOWS

Casein prices offer an example of the complications sometimes traceable in trade and industry, according to the August report on the dairy situation, issued by the U. S. Department of Agriculture. The increase in casein prices in recent months, says the Bureau of Agricultural Economics shows how a change in demand for one product may effect a change in the demand for another seemingly unrelated commodity.

In order to increase steel production, more coke was needed. To produce more coke, the coke ovens had to be operated at higher temperatures. This resulted in the production of less phenol. Phenol is used in glues which compete with casein glue. The restricted production of phenol glue caused prices of both phenol and casein glues to rise. As a result casein prices increased. It has been difficult to increase the production of casein because of the demand for dried skim milk and

cheese under the food-for-defense program.

Mrs. Nell Officer of Lubbock was a guest of Mrs. A. W. Chowning and family Tuesday and Wednesday. Mrs. Officer left Thursday for San Diego California, where she will visit her daughters, Maxine and Elwanda.

Lieut. Rex Wishard of the Air Gunnery school at Harlingen, came Tuesday for several days vacation visit with his wife's mother, Mrs. Bertha Gilbert and Superintendent and Mrs. Walter Travis.

Mrs. Lee Burgett and son George returned home Thursday from a visit with their daughter and sister Mrs. Oeland Johnston and family at Fort Worth.

The best way to be satisfied with your lot is to build a home on it.

Cotton Sweater

This smart, short-sleeved Cardigan is made of a very soft roving cotton yarn, with matching grosgrain ribbon and painted wooden buttons. The ribbed waistline is designed for a snug fit and the heavy ribbing stitch is used throughout the pattern. According to the National Cotton Council, early demands among retail buyers for this type sweater indicate that it will be a favorite among the younger college set this fall.

"Back-To-School"

The little miss pictured above will surely receive "A" in appearance when she arrives at school on opening day dressed in this dark plaid cotton gingham. The pattern capitalizes on every inch of its WPB fabric allowance to achieve the utmost in style. Poptop pockets in the skirt and a smart bolero effect, set off by a white pique collar, are the sort of details to endear this frock to a junior miss.

NEED FOR REST GREAT, ASSERTS HEALTH OFFICER

Austin, Texas.—"The implication of the word 'rest' in 'restore' is of great importance to Texans in our present defense program," declares Dr. Geo. W. Cox, State Health Officer. Hot summer weather added to extra-heavy production schedules and strenuous labor places a debilitating load on our population.

At this time adequate rest is of greater importance to all of us than in previous years. Rest is the opportunity the body takes to rebuild and repair the tissues impaired in their efficiency by fatigue. In other words, the sum total of our individual physical fitness is measured by the resiliency of our faculties to return to normal after a depleting day's work.

The means by which we rekindle the ravages of fatigue through rest are several. Complete rest is most easily obtainable by sleep—at least eight or more hours nightly, according to individual needs.

Physical relaxation (rest) is of value to us also. The change from everyday labor and worry through participation in sports, games, hobbies, and the like is a recognized principle of good mental hygiene. All of us should get in some sort of physical exercise daily—a brisk walk, if we lack the opportunity for more active sports.

Medical and public health authorities also recognize the need for mental relaxation, apart from physical sports or games which keep the mind keyed to a high pitch. Even when a person's physical apparatus is completely relaxed (resting) the mind may still be plagued with problems and be un-relaxed.

So mental relaxation, valuable as it is, is more evasive than physical relaxation. The simplest form of mental relaxation is "wakeful rest" whereby the individual gets his mind completely away from himself and lets his mind "idle" by following something not of his personal creation or thought. It is thus possible to rest mentally and physically if the mind is entertained rather than exercised. Numerous diversions are available to us which offer inexpensive opportunities for "wakeful rest."

If we give thought to budgeting time each day so that our work quota is supplemented by physical and mental relaxation and adequate sleep, we will keep our health at par and increase our daily efficiency now when it is needed most for all-out defense effort.

Mrs. Jack Woodward and daughter, Ruth Frances, of Plainview, visited in the home of her brother W. F. Weatherbee and Mrs. Weatherbee Wednesday.

Mrs. C. L. Berry and children Arminta and C. L. Jr. are in Brownfield this week on a vacation visit in the home of her son and wife, Mr. and Mrs. Harold Berry.

Jimmie Sutherland started work for Consumers Fuel association Monday.

Second Sheets. The Hesperian.

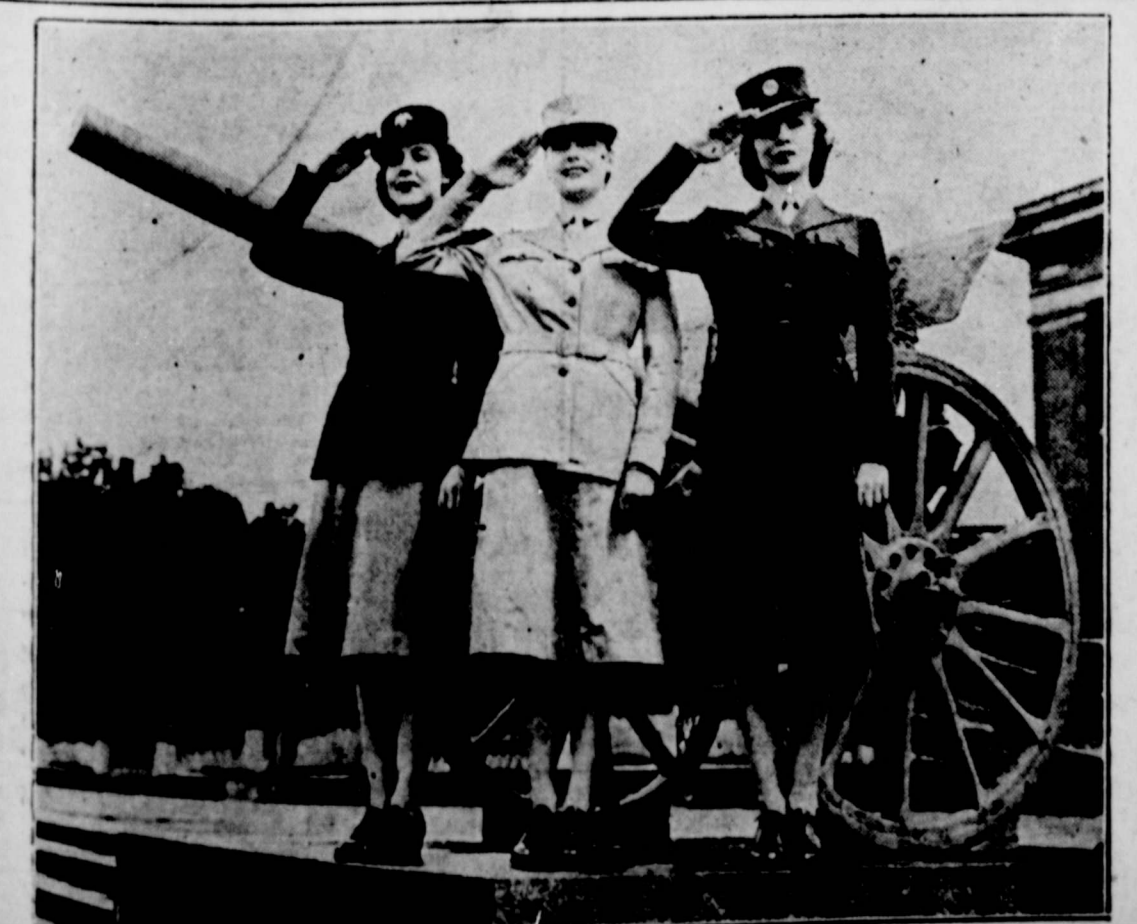

FOODS for Fighting Trim

FRIED TOMATO SLICES
4 to 6 ripe tomatoes cut in 1/2-inch slices
Sifted bread crumbs
2 eggs, slightly beaten with 2 tablespoons water
1/4 cup margarine
1 cup grated American cheese
1/2 cup evaporated milk
1/2 teaspoon salt
Dash of cayenne

Sprinkle tomato slices with salt and pepper. Dip in crumbs, then in beaten egg, then again in crumbs. Saute in margarine in frying pan until brown on both sides. Combine cheese, milk, salt and cayenne in top of double boiler. Heat over hot water stirring constantly, until cheese is melted. Whip lightly with rotary beater and serve at once. Serves 6.
Other favorite recipes are found in a full-color, 32-page cookbook, "Foods for Fighting Trim." Send to National Cotton Council, Box 11, Memphis, Tennessee.

Housewives Can Help Make Bombs For Berlin

House furnishings and other equipment owned by the average American housewife contain a total of nearly 1000 pounds of iron and steel, part of which may have outlived its usefulness in its present form, according to a statement issued yesterday by the local Scrap Salvage committee.

This total does not include furnaces, plumbing and heating equipment and other iron and steel used in building the home itself.

"We cite these figures," the committee said, "to show that a large supply of worn-out metal equipment may be in your kitchen, attic, cellar or closets."

"One old metal bed in the attic will account for 40 pounds of steel scrap. A steel spring mattress will add 20 pounds of scrap—enough for several helmets used by soldiers. An old kitchen stove stored in your cellar will provide as much as 250 pounds of iron and steel, enough to

make several bombs to be dropped on the enemy.

"Smaller items which may be ready to be scrapped are scissors, 1-3 pound each; electric iron, 6 pounds; umbrella, 1-2 pound; springs from old upholstered chair, 5 pounds; wastebasket, 2 pounds.

"We urge housewives to make a survey of their equipment to see that part of it is suitable for being scrapped. Every pound thus obtained will help increase the output of steel needed for winning the war."

Also needed are rubber, rags, Manila rope, burlap and waste cooking fats.

Tubbs Statement Asks Voters For Re-Election

I am sure that every qualified voter of Floyd county will feel that it is his or her duty to go to the polls on August 22nd and vote for the man you honestly think is the best qualified to fill the county judge's office at this particular time, regardless of friendship, prejudice or any other motive, at this time when we Americans are, or should be, straining every effort to maintain our boys on the fighting fronts of the world in this mightiest of all struggles to keep alive and preserve to future generations those principles of self-government which our forefathers fought and died for.

It so happens that your county judge has been designated by our commander-in-chief, the co-ordinator of civilian defense activities in each state of the Union. He therefore fills a very important place in the scheme of our national defense, and upon him falls the responsibility of selecting the proper persons in each county to help carry on the different activities necessary to our war efforts.

I have never been a man to "toot my own horn" or publish in glaring headlines what I have accomplished as your county judge. Some of them, I think, are worthwhile accomplishments, such as securing the food stamp plan for Floyd county, which enables the farmer to dispose of some of his surplus commodities at a fair price, the merchant to increase his volume of trade, the family in need, the old age assistance client, the needy blind, the needy dependent children and others, to have a better, happier life, and that his meager funds may be of greater benefit to him. I have spent my own money to help get this program for Floyd county as well as much effort and time.

Help For The Aged

It has been my pleasure to work with the public welfare department in assisting the Old Age Assistance client to secure his well-earned pension, the man and woman without a job to earn their livelihood by honest labor. Never have I turned a deaf ear to the cry of the needy, however, it has not always been possible for me to give some of them all they needed or wanted. I have secured for Floyd county some concessions in road matters by my persistence and friendship with the highway commission of Texas, and other county judges have written and asked how I get the job done. We have worked with the farmers of the county in a terracing and soil conservation program that has been worth thousands of dollars to all Floyd county people.

Taxes Have Been Lowered

I have advocated and recommended to the commissioners court that it has been my pleasure to work with, and we have practiced as a court, economical measures, that have enabled the county to stay on a cash basis and reduce your county tax rate each year to where we now have one of the lowest tax rates of any county in the state. Your commissioners court has not always seen fit to accept my recommendations on some things. Some of those things time has proved them to be correct. I have not always approved of some things the commissioners court has done and time has proved that I was right. But your county judge and your commissioners each have a mind of their own. You would not have it otherwise and he would not be worthy of your trust if he did not have that qualification. Your county judge and your commissioners court have made mistakes and if I am re-elected I will make some more mistakes and so will any one else who is elected. The thing for you to decide is, which is the best qualified man for the place at this time and upon your decision rests the fate of your county for the next two years.

As the judge of your juvenile court I have had to work with the delinquent children who have come before this court for trial. I have tried earnestly to do the best thing possible for that child and of the many cases I have had before me, it has been my painful duty on only three occasions, to send the child to the reform school. It has been my great pleasure on several occasions to get releases for boys in the school and place them in good homes on farms in good wholesome surroundings where they have made useful citizens and some of them are now in the service of their country ready to make the supreme sacrifice if need be.

Record As Trial Judge

Of all the civil and criminal cases coming before my court for trial where an appeal was had, not one has been reversed. I am especially proud of that record. I asked you to investigate my record as a public servant and as a private citizen. I hope you have done so. I do not claim to have reached any state of perfection, nor will I in this life, but a clear conscience is an awfully sweet companion to associate with.

When you have cast your vote on August 22nd, I will be satisfied with the verdict, then let us forget everything that has been said or done and work together for the betterment of each of us and bend all our efforts toward helping our boys win this war. Some of you have already given sons and daughters that you may never see or hear from again and I mingle my tears with yours

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election, and have the same published as required by the Constitution and laws of this State, and the sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated from any funds in the State Treasury, not otherwise appropriated, to defray the expenses of printing said proclamation and of holding said election.

S. J. R. No. 21

A JOINT RESOLUTION

proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to appropriate Seventy-five Thousand (\$75,000) Dollars or so much thereof as may be necessary to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization by the Governor of Texas on August 31st, 1937.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the constitution of the State of Texas be amended by adding a new section, as follows:

"The Legislature is authorized to appropriate so much money as may be necessary, not to exceed Seventy-five Thousand (\$75,000) Dollars, to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization by the Governor of Texas on August 31st, 1937."

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at the next general election to be held on the first Tuesday after the first Monday in November, A. D. 1942, at which all ballots shall have printed thereon: "For the constitutional amendment authorizing the Legislature to pay for building constructed for John Tarleton Agricultural College."

Section 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State. The expenses of publication and election for such amendment shall be paid out of proper appropriation made by law.

S. J. R. No. 20

A JOINT RESOLUTION

proposing an amendment to the Constitution of the State of Texas by amending Section 33 of Article 16, of the Constitution of Texas so as to permit the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 33 of Article 16, of the Constitution of the State of Texas, be amended so as to read as follows:

"Section 33. The accounting officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person, for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust or profit, under this State or the United States, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard of Texas, the National Guard Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States, nor to retired officers of the United States Army, Navy, and Marine Corps, and retired warrant officers and retired enlisted men of the United States Army, Navy, and Marine Corps, nor to the United States Army or Navy who are assigned to duties in State Institutions of higher education."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the third day of November, 1942, at which all ballots shall have printed thereon:

"For the Constitutional Amendment permitting the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

Section 3. The Governor shall issue the necessary proclamation for said election, and have the same published as required by the Constitution and laws of this State, and the sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated from any funds in the State Treasury, not otherwise appropriated, to defray the expenses of printing said proclamation and of holding said election.

Also needed are rubber, rags, Manila rope, burlap and waste cooking fats.

Tubbs Statement Asks Voters For Re-Election

I am sure that every qualified voter of Floyd county will feel that it is his or her duty to go to the polls on August 22nd and vote for the man you honestly think is the best qualified to fill the county judge's office at this particular time, regardless of friendship, prejudice or any other motive, at this time when we Americans are, or should be, straining every effort to maintain our boys on the fighting fronts of the world in this mightiest of all struggles to keep alive and preserve to future generations those principles of self-government which our forefathers fought and died for.

It so happens that your county judge has been designated by our commander-in-chief, the co-ordinator of civilian defense activities in each state of the Union. He therefore fills a very important place in the scheme of our national defense, and upon him falls the responsibility of selecting the proper persons in each county to help carry on the different activities necessary to our war efforts.

I have never been a man to "toot my own horn" or publish in glaring headlines what I have accomplished as your county judge. Some of them, I think, are worthwhile accomplishments, such as securing the food stamp plan for Floyd county, which enables the farmer to dispose of some of his surplus commodities at a fair price, the merchant to increase his volume of trade, the family in need, the old age assistance client, the needy blind, the needy dependent children and others, to have a better, happier life, and that his meager funds may be of greater benefit to him. I have spent my own money to help get this program for Floyd county as well as much effort and time.

Help For The Aged

It has been my pleasure to work with the public welfare department in assisting the Old Age Assistance client to secure his well-earned pension, the man and woman without a job to earn their livelihood by honest labor. Never have I turned a deaf ear to the cry of the needy, however, it has not always been possible for me to give some of them all they needed or wanted. I have secured for Floyd county some concessions in road matters by my persistence and friendship with the highway commission of Texas, and other county judges have written and asked how I get the job done. We have worked with the farmers of the county in a terracing and soil conservation program that has been worth thousands of dollars to all Floyd county people.

Taxes Have Been Lowered

I have advocated and recommended to the commissioners court that it has been my pleasure to work with, and we have practiced as a court, economical measures, that have enabled the county to stay on a cash basis and reduce your county tax rate each year to where we now have one of the lowest tax rates of any county in the state. Your commissioners court has not always seen fit to accept my recommendations on some things. Some of those things time has proved them to be correct. I have not always approved of some things the commissioners court has done and time has proved that I was right. But your county judge and your commissioners each have a mind of their own. You would not have it otherwise and he would not be worthy of your trust if he did not have that qualification. Your county judge and your commissioners court have made mistakes and if I am re-elected I will make some more mistakes and so will any one else who is elected. The thing for you to decide is, which is the best qualified man for the place at this time and upon your decision rests the fate of your county for the next two years.

As the judge of your juvenile court I have had to work with the delinquent children who have come before this court for trial. I have tried earnestly to do the best thing possible for that child and of the many cases I have had before me, it has been my painful duty on only three occasions, to send the child to the reform school. It has been my great pleasure on several occasions to get releases for boys in the school and place them in good homes on farms in good wholesome surroundings where they have made useful citizens and some of them are now in the service of their country ready to make the supreme sacrifice if need be.

Record As Trial Judge

Of all the civil and criminal cases coming before my court for trial where an appeal was had, not one has been reversed. I am especially proud of that record. I asked you to investigate my record as a public servant and as a private citizen. I hope you have done so. I do not claim to have reached any state of perfection, nor will I in this life, but a clear conscience is an awfully sweet companion to associate with.

When you have cast your vote on August 22nd, I will be satisfied with the verdict, then let us forget everything that has been said or done and work together for the betterment of each of us and bend all our efforts toward helping our boys win this war. Some of you have already given sons and daughters that you may never see or hear from again and I mingle my tears with yours

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election, and have the same published as required by the Constitution and laws of this State, and the sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated from any funds in the State Treasury, not otherwise appropriated, to defray the expenses of printing said proclamation and of holding said election.

A JOINT RESOLUTION

proposing an amendment to the Constitution of the State of Texas by amending Section 33 of Article 16, of the Constitution of Texas so as to permit the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 33 of Article 16, of the Constitution of the State of Texas, be amended so as to read as follows:

"Section 33. The accounting officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person, for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust or profit, under this State or the United States, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard of Texas, the National Guard Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States, nor to retired officers of the United States Army, Navy, and Marine Corps, and retired warrant officers and retired enlisted men of the United States Army, Navy, and Marine Corps, nor to the United States Army or Navy who are assigned to duties in State Institutions of higher education."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the third day of November, 1942, at which all ballots shall have printed thereon:

"For the Constitutional Amendment permitting the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

Section 3. The Governor shall issue the necessary proclamation for said election, and have the same published as required by the Constitution and laws of this State, and the sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated from any funds in the State Treasury, not otherwise appropriated, to defray the expenses of printing said proclamation and of holding said election.

A JOINT RESOLUTION

proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to appropriate Seventy-five Thousand (\$75,000) Dollars or so much thereof as may be necessary to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization by the Governor of Texas on August 31st, 1937.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the constitution of the State of Texas be amended by adding a new section, as follows:

"The Legislature is authorized to appropriate so much money as may be necessary, not to exceed Seventy-five Thousand (\$75,000) Dollars, to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization by the Governor of Texas on August 31st, 1937."

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at the next general election to be held on the first Tuesday after the first Monday in November, A. D. 1942, at which all ballots shall have printed thereon: "For the constitutional amendment authorizing the Legislature to pay for building constructed for John Tarleton Agricultural College."

Section 3. The Governor shall issue the necessary proclamation for said election, and have the same published as required by the Constitution and laws of this State. The expenses of publication and election for such amendment shall be paid out of proper appropriation made by law.

Has Trained Seal Act

Harley Sadler has a trained seal act with his show this year as a vaudeville feature. The picture shows Captain Fuzz Plunkett and the seals. Sadler's tent show will be here tomorrow and Saturday, August 21 and 22.

because you are my friends and my neighbors and your joys and sorrows are mine. We live at a time when a century of history is made in so short a space of time. The very atmosphere is crackling as though charged with the high potential of momentous problems yet unsolved. May we all join hearts and hands and minds in national unity that when world peace is made, we as a Christian nation may exert such an influence that our sons and our daughters will not again be sacrificed to the god of war and our principles of Democracy and our American way of life shall not perish from the earth.

Hazel Wilson Is Summer Graduate At MH-Baylor

Belton, Aug. 19 (Spl.)—Miss Hazel Wilson, Floydada, will receive the Bachelor of Arts degree with the summer graduating class at Mary Hardin-Baylor college, where Dr. L. H. Hubbard, president of Texas State College for women, will deliver the baccalaureate address.

Miss Wilson, who is a graduate of Floydada High school, has majored in Spanish, English and Education. In 1940-41, she was winner of the Spanish translation contest sponsored by Sigma Delta Pi, national Spanish fraternity, and was awarded a trip to Monterrey and Saltillo, Mexico. She has also served as vice-president of Sigma Delta Pi and this summer is song leader for the Senior class.

Last year Miss Wilson taught at Harmony School, Floyd county, and has signed a contract to return there for the next school session.

Miss Wilson and two of her sisters, Miss Wilma Alice Wilson and Johnnie Mae Wilson, are attending summer school at Mary Hardin-Baylor college. They are the only set of three sisters enrolled there this summer. Miss Wilma Alice is a junior and Miss Johnnie Mae a freshman.

Half Minute Interviews

J. T. Perry: "I am making my 24th crop in Floyd county this year. It is the best all-around prospect for August 15 that I've had yet."

Manufacture Of Steel And Iron Items Ceases

Of great interest to all in the Southwest this past week was the announcement by the War Production Board that production of 300 civilian articles made of iron and steel had to cease on August 14. This move is one of the key objectives of officials running the war. As the output of civilian goods drops, the production of war goods will climb. It will mean less buying of luxury goods and more buying of war stamps and bonds.

Approximately 1000 metal manufacturers in Oklahoma, Louisiana, and Texas are affected by this far-reaching order. Here are a few of the things on which production is being stopped: Watering, dipping and feeding tanks for animals (strapping excluded), barn pushers and scrapers, dishwashing racks, buttons for clothing, except for overalls, overall suits and dungarees, many types of fencing, wagon bodies, frames, and wheels, all metal (maintenance and repair excepted)—except for construction, trotting boards and stands, garden trowels, garden sprinkling cans and a host of others.

The War Production Board has taken another step to slash manufacture of civilian goods. Production of wood upholstered furniture containing any iron or steel other than joining hardware has been prohibited by WPB effective November 1. This restriction is embodied in Limitation Order L-135, which also stops delivery of watering, dipping and feeding tanks for animals to be used in the production of steel upholstery springs. Foreseeing such a move earlier in the war, ingenious manufacturers are now building comfortable furniture without the use of metal. Much of it will probably be displayed in the retail furniture stores by Fall.

CARD OF THANKS

We want to thank all our friends who stood by so nobly, ready and willing to help in our recent sorrow at the death of our husband, son and brother.

May God bless and keep you in our prayer.

Miss Zelma Elliott Weds Lieut. Claude D. Emmons Of Camp Wolters

In an impressive ring ceremony characterized by a military atmosphere, Miss Zelma Elliott, home economics teacher in the Floydada High school the past year, was married to Lieut. Claude D. Emmons of Camp Wolters. The ceremony was read at 8 p. m. Saturday, August 8 at the First Baptist church at Olney. Reverend W. H. Townsend, church pastor, officiated for the nuptials.

The bride, daughter of Mr. and Mrs. Oliver W. Elliott, of Olney was given in marriage by her father. She was attired in a blue marquisette gown with matching veil. Dressed with a high neckline, puffed sleeves and scalloped edges, the dress had buttons down the length of the front. She carried an army bouquet of red roses and her "something borrowed" was a single strand of pearls belonging to her mother.

Miss Patsy Ann Arnold, of Perryton served as maid of honor. She wore white net and carried pink carnations and asters. The bridegroom and three ushers, Lieutenants Frank Provost, Jr., Cecil Helena and T. A. Richardson, all of Camp Wolters, were attired in full dress army uniforms. J. Rufus Emmons, county agent, and brother of the groom, served as best man.

The bride's mother wore a black silk novelty crepe dress with black lace trim and white accessories. Her corsage was of white carnations. Mrs. Emmons, mother of the groom, chose a navy blue alpaca with white accessories and white carnation corsage.

The Lohengrin wedding march and Mendelssohn recessional were played by Mrs. Carl Ramsey, who also played "Lebensstern" during the ceremony.

A graduate of Texas A. & M. college, the bridegroom is a son of Mr. and Mrs. W. M. Emmons of Hico. Mrs. Emmons is a graduate of Methodist High school and was also graduated from Texas Tech college, at Lubbock.

Mrs. Emmons came Monday for two weeks here completing her work with the Homemaking department project that was started by the girls in June.

City Park Church Plans For Revival Meeting Aug. 30

(J. G. Malphus, pastor)
 The City Park Church of Christ is making plans during this and the next for the gospel meeting which is to begin Sunday, Aug. 30th. Personal workers and the advertisers are laying plans to get the people of Floydada ready for this gospel event, the greatest the church has had for four years. Children and young people are to be taught Bible drills and special songs next week. All children are invited to take part in these drills.

Mr. Coleman Overby of Dallas, a noted Bible scholar among churches of Christ, and an able expounder of the gospel, is to do the preaching. Mr. Overby is the author of several Bible text books. We are sure there is in store a treat for all who will attend.

Next Lord's day at 10:50 the local minister will have a special message to the members of the church, the

W. T. (Red) Johnson In Veteran's Hospital

W. T. (Red) Johnson is thought to be improving following a minor operation and physical check-up at the Veteran's hospital at Amarillo.

In a letter to his mother, Mrs. Ella Johnson, that was received Tuesday, he said he would probably be there six weeks or two months longer.

Mr. and Mrs. Chowning have returned home after visiting in Henrieta at their former home and at Friona with relatives while on vacation.

Mrs. C. L. Joiner of Santa Ana, California, came Wednesday for several months visit with her daughter, Mrs. Lurline Bagwell. Mrs. Bagwell met her mother in Lubbock.

Miss Sybil Taylor To Become Bride C. A. Stockhoff

Miss Sybil Taylor, daughter of Mr. and Mrs. W. Ray Taylor of Vernon, niece of Mrs. F. O. Conner, will leave Amarillo today for a visit in Washington D. C. before going to the United States Naval academy where she is to be married to Ensign Clifford Allen Stockhoff of Annapolis, Maryland.

Ensign Stockhoff is the son of Mr. and Mrs. H. G. Stockhoff of Jersey City, New Jersey. He is an instructor in the academy.

Miss Taylor, a former resident of Floyd county, has for the past three years been employed by White and Kirk at Amarillo.

The wedding is scheduled to take place August 29 in the chapel of the naval academy, at 4 o'clock in the afternoon.

The bride-elect was honored Friday evening, with a miscellaneous shower and party at the home of Mrs. W. H. McKirahan at 1216 Van Buren street, Amarillo.

Miss Thelma Swain Weds Ohio Man At Sheppard Field

Mrs. Lee Wilkinson received an announcement of the marriage of Miss Thelma Swain to James F. Rabold of Lima, Ohio, at Sheppard Field. The marriage rites were performed August 5 at Sheppard Field chapel by Lieut. I. C. Beachler, Catholic chaplain.

The bride was attired in a two piece dress of French blue faille with which she wore a matching hat featuring a cocoa brown trim. Her accessories were of cocoa brown. She wore a corsage of sweetheart roses. For "something old" she carried a hand-made lace handkerchief belonging to her friend, Mrs. W. B. Gardner.

The nuptial ceremony was followed by an informal reception held at the couple's home, 2300 1-2 Kings Highway, Wichita Falls.

Mrs. Rabold is the daughter of Mrs. M. F. Swain formerly of Floydada but now of Harlingen. She was graduated from the Floydada High School in 1927, entered business school and upon completion of a business course was employed in the office of the Retail Merchants Association at Wichita. At present she is secretary of the association.

Mr. Rabold is a graduate of the Lima, Ohio High School and is with the 70th Air Base, 76th Service Squadron.

Miss Beatrice Davis, cashier at Consumers Fuel association, returned last week from a vacation trip to Amarillo and Magdalena, New Mexico. At the latter part she was a guest in the home of her sister, Mrs. Cecil Gray.

Mr. and Mrs. Sam McCleskey and children Betty Jo, Sammie, Orby Tye, Dan and Mrs. James Jones, spent the week-end at Albuquerque, New Mexico, where they visited Mrs. McCleskey's parents. They returned home Sunday.

Mr. and Mrs. J. E. Gullion returned home Friday from a week spent at Paris, Depout, Fullbright and Detroit, Texas, where they visited relatives. They enjoyed a family reunion Wednesday night at Kirbold Lake near Fullbright.

Mrs. W. P. Williamson of Houston came Saturday to be with her daughter, Mrs. R. I. Cook who underwent an operation yesterday at a Pleriview hospital.

HOMEMAKERS S. S. CLASS ENTERTAINED AUG. 3 AT WATERMELON FEAST

Mrs. J. B. Grundy, Mrs. Gip Hudson and Miss Edwards entertained the Homemakers Sunday School class of the First Baptist church with a watermelon feast Monday evening, August 3.

Those present were Mesdames Walter Travis, Tucker Teutsch, Hart C. Shoemaker, Addie Wise, J. S. Hale Jr., J. W. Kinnard, Fred Lambert and the hostesses, Mrs. Grundy, Mrs. Hudson, and Miss Edwards.

BATTEYS ARE GRANDPARENTS

Mr. and Mrs. Fred Battay are the grandparents of a son born August 15 to Mr. and Mrs. Julian Edmondson of Borger. The little boy was named Ronald Dean and weighed seven and one-half pounds.

Mr. and Mrs. Battay spent the week-end visiting the Edmondsons and spent some time in the home of another daughter and husband Mr. and Mrs. Shelby Cook.

FISH FRY

Approximately 35 guests were present Friday night at the home of Mr. and Mrs. W. B. Jones when relatives gathered for a fish fry.

The fish were caught from a lake on the Jones' farm and fried in a large pot outside. Supper was served on the lawn.

Mrs. Lula Moore returned home Monday of last week from San Diego where she visited the past few weeks with her daughter and family Mr. and Mrs. Norvell Rainer and son Kenneth Earl. Her daughter Maude who accompanied her to California, stayed and is employed with the Owl Drug company. En route home she stopped at Lamesa for a visit with her daughter and husband Mr. and Mrs. R. V. Smith.

Mrs. Montes Hudson of Earth spent from Wednesday until Saturday visiting Fay Nell Ginn.

\$15,000 In Blue Food Stamps Since Nov. 1

How the Food Stamp program helps Floyd county farmers as well as underprivileged families was pointed out in a report released today by C. W. Henderson, issuing officer, for the Agricultural Marketing Administration's Food Stamp plan.

Over \$15,000 in blue food stamps which have been issued to needy families in the county from the beginning of the program, November 1, 1941, through July, 1942, represent addition farm markets created by the program, the report showed. An average of 200 families representing some 750 persons have received increased food purchasing power in the form of blue food stamps each month since the program began.

"Farm products often come to market in season and out in such heavy supply, prices would be ruinous to the farmers if use of the

commodities by consumers was not increased," Mr. Henderson explained. The Food Stamp program helps bring about this increased use.

Families using Food Stamps are first required to buy orange stamps with the money they would normally spend for food. They are then issued blue stamps which gives them an increase of 50 per cent in food purchasing power.

Orange stamps will buy any kind of food while blue stamps will purchase only those for which farmers need an additional market.

First Baptist Church News

(L. A. Doyle, pastor)

Our church is taking a half vacation while the pastor is away in a meeting and the Methodist revival is in progress. Our only general church services of the week will be the morning preaching service and the Sunday school.

Since the morning services are the only meetings of the week surely every member will try to be present. Our Sunday school attendance should be close to three hundred, let every teacher and officer do some work to this end. Pray that the preaching service may be well attended and spiritual in quality. We are praying that we may have five more additions to our church this month.

September starts a new Association year and we have had ninety-five additions, so we need five more to make the hundred.

The South Side Baptist Church

(R. N. Power, pastor)

The South Side Baptist church enjoyed another great day of blessing on the Lord Sunday. We baptized a fine young man Sunday afternoon.

How wonderful to see men and women follow their Lord in baptism, and we are expecting many to do the same thing soon. Our revival will start September 6. If you like to hear the old time gospel preached the old time way you make your plans to be with us in this meeting. The pastor will do the preaching. We urge all our friends to pray for this meeting, and come to the church with a welcome.

Sunday school at 10 a.m. Preaching at 11 a.m. Evening services at 9 p.m. Prayer meeting Wednesday evening at 9 p.m.

James Willson returned home the first of the week from Dallas, where he had spent the previous week on business.

Miss Beatrice Davis visited Sunday afternoon in Crosbyton with her sister Mrs. R. W. Pylon.

C. P. Church

(M. F. Allen, Jr., pastor)
Services at the Cumberland Presbyterian church next week are Sunday school at 9:45 and worship services at 11 a.m. and 9 p.m., and prayer meeting Wednesday evening at 8:15 p.m.

Go to church whenever you can. The church will do you good, and you will do it good. Visitors are always welcome at our services. May we continue to pray for a revival of Christianity in Floydada, and especially for the series of services being held at the Methodist church.

SACRED HARP SINGERS WILL MEET THE FIFTH SUNDAY

On the fifth Sunday in August a meeting of Sacred Harp singers will be held at the Primitive Baptist church in Lubbock, according to an announcement this week by A. L. Stringer, who invited all Sacred Harp singers to attend. Lovers of this old music are also invited, he says. Those who attend are asked to bring their noon lunch, lay aside their cares for a day and revive memories of day gone by.

HUBERT STRINGER MARRIED LAST SATURDAY EVENING

Hubert L. Stringer, of Wichita Falls and Miss Olive Tullis, of Dallas, were married at 7:30 o'clock Saturday evening at the home of Mr. and Mrs. Leslie Stringer, brother and sister-in-law of the groom. Mr. Stringer, who is a son of Mrs. J. W. Stringer, of Wichita Falls, has been interested in the Callahan Wheat company here a number of years and was formerly active in one of the leading insurance agencies of Wichita Falls. In the spring he entered the United States army and is now stationed at Sheppard field.

The bride is a daughter of Mr. and Mrs. W. T. Tullis of Dallas, where she was reared and received her education in the public schools and Southern Methodist University.

FLOYD CO. PEOPLE INVITED TO REVIVAL AT PLAINVIEW

Announcement was made this week of an interdenominational revival in progress at Plainview two blocks west of the northwest corner of the courthouse. The revival is being conducted in a tent. Services at 10 a.m. and 8:30 p.m. are being conducted daily by H. N. Dickerson, evangelist, and Rev. and Mrs. Joe Crause, singers. A cordial invitation is extended to all to attend.

RETURNS HOME AFTER VISIT WITH PARENTS AT MCCOY

Mrs. H. W. Davis and children of Ringgold, Louisiana, returned home Tuesday after a two weeks visit with her parents. Mr. and Mrs. W. P. Cuipepper of the McCoy community. Other children who visited with their parents during the two weeks were Miss Elaine Cuipepper, a teacher in Bailey county, Miss Mable Cuipepper of Lubbock, Mrs. Mary Glenn Chick and children of Plainview, and Mrs. S. L. Holmes and daughter of Amarillo.

Mrs. P. G. Stegall spent the week-end in Oklahoma City, Oklahoma visiting her daughter, Mrs. George L. Hulse and family. She returned Monday morning.

Mrs. Lula Moore returned home Sunday from Memphis where she visited in the homes of her daughters and families Mr. and Mrs. F. L. Hodge and Mr. and Mrs. Ted Barnes.

DE WITT BURKE GETS CALL TO CALIFORNIA AIR BASE FOR GROUND TRAINING

De Witt Burke left by plane from Amarillo Monday morning for Oakland, California, where he has been ordered to report to Saint Mary's University Naval Air base for his ground training.

Mr. Burke volunteered for the Naval Air corps, and has been visiting with his parents, Mr. and Mrs. D. W. Burke, the past two months awaiting his call. Before coming home, he was employed with the Vega Aircraft corporation at Los Angeles, California. His parents accompanied him to Amarillo.

STARKEY BOY HONORED BY FRIENDS BEFORE LEAVING FOR ARMY

Leonard Leon Ferguson was honored last week with a party before leaving Saturday for induction into the U. S. army. The party was held at the home of Bobbie Diggs in the Starkey community. Various games furnished entertainment for the evening. Refreshments of punch and cookies were served the guests following the games. Those attending were Zenobia Reed, Verda Waller, Thelma Switzer, La Verne Exum, Gracie Waller, Bill Ferguson, Troy Cummings, Berl Ferguson, Weldon Cumble, Mr. and Mrs. G. E. Assiter, Mr. and Mrs. G. W. Switzer, the honoree and the hostess.

SMITHS ATTEND FUNERAL

Mr. and Mrs. Bob Smith, Mr. and Mrs. Grover Smith returned home Sunday morning from Ringgold, Oklahoma where they were called by the death of a double cousin, Mrs. W. W. Gilmore.

They attended funeral services that were held at the Ringgold Methodist church Saturday. Mrs. Gilmore who had visited in Floyd county each year for the past few years, died Thursday after a long illness. The deceased, 56 years of age, was a sister of Joe Smith of Silverton and Mrs. Clifton Fuller and Charlie Smith of Floyd county. She was survived by her husband, two daughters and one son.

G. E. Fuller and granddaughter, Patricia Ann Poteet of Lockney, Texas, returned home Sunday morning from Ringgold, Oklahoma and were accompanied home by Mrs. G. E. Fuller and her mother, Mrs. J. C. Calhoun who is in ill health. Mrs. Fuller reports that her mother plans to spend an indefinite time with her recovering.

Mrs. Howard Cline and daughter, Donice and son, Bobby James, returned Monday from a visit with her parents, Mr. and Mrs. J. G. Tomlinson at Waco and with her brother E. T. Tomlinson and family at Fort Worth.

J. L. Baxter who has recently joined the regular army in California and Joe Shultz, who has become a member of the California Defense guard, were at home last week for a brief visit with relatives, spending from Monday to Friday here.

Sgt. Harley Wright of Sheppard Field spent the week-end visiting his parents, Mr. and Mrs. N. O. Wright. He has recently finished an advanced course of study at Chanute Field, Illinois, and was made instructor of a technical school squadron at Sheppard Field.

Mr. and Mrs. Edd Johnson left Sunday for several days vacation and business trip to Mt. Pleasant and Meridian.

RELATIVES VISIT A. G. MUSE FAMILY THE PAST WEEK

Guests of Mr. and Mrs. A. G. Muse the past week were their son and wife Mr. and Mrs. E. N. Muse of near Dallas; Mrs. Ruth Phillips, sister-in-law of Mrs. E. N. Muse, of Frisco; Mrs. Kitchen of Wichita Falls; and James Marian Readhead of Finney, Texas, a grandson of Mr. and Mrs. A. G. Muse.

The guests came Thursday and will return home today. While here Mrs. Phillips visited her husband who is employed at Amarillo.

Mr. and Mrs. R. C. Patton of Snyder spent Wednesday in Floydada on a business trip. While in town they visited a short while with his parents Mr. and Mrs. Roy Patton and with her mother Mrs. S. G. McRoberts.

Miss Edwina Tribble left Tuesday for a visit with her sister and husband Mr. and Mrs. Leon Saffel at Meadow, Texas.

Miss Minnie Kate Sparks returned home Saturday from Lubbock where she spent several days visiting in the home of her aunt.

Guests in the home of Mr. and Mrs. L. A. Moore during the past week were the following relatives and friends: a daughter, Mrs. Denver C. Kester and children Alice Mae and Jerry Brown of Dixie Field, New Jersey; Mrs. Maud Sherbet of the Sand Hill community. Another daughter Mrs. Lee Snel of Lubbock and her grandson Wayne Jones of Wilkinsburg, Pennsylvania. The latter is manager of the Westinghouse office at Wilkinsburg. Other guests were Miss Oneta Russell of Plainview and a grandson of Mr. and Mrs. Moore, Dr. Russell and Mrs. Russell of Vernon.

Mr. Kester left for overseas duty early in the month and Mrs. Kester was enroute to San Antonio where she will make her home.

Mrs. Clay Johnson of Graham plans to return home this week-end after a week here with her parents Mr. and Mrs. P. M. Pelton and Mr. Johnson's mother Mrs. Ella Johnson.

Mrs. J. H. Green returned to Floydada Sunday after several weeks spent at Lockney.

L. A. MOORES ENTERTAIN GUESTS THE PAST WEEK

Guests in the home of Mr. and Mrs. L. A. Moore during the past week were the following relatives and friends: a daughter, Mrs. Denver C. Kester and children Alice Mae and Jerry Brown of Dixie Field, New Jersey; Mrs. Maud Sherbet of the Sand Hill community. Another daughter Mrs. Lee Snel of Lubbock and her grandson Wayne Jones of Wilkinsburg, Pennsylvania. The latter is manager of the Westinghouse office at Wilkinsburg. Other guests were Miss Oneta Russell of Plainview and a grandson of Mr. and Mrs. Moore, Dr. Russell and Mrs. Russell of Vernon.

Mr. Kester left for overseas duty early in the month and Mrs. Kester was enroute to San Antonio where she will make her home.

Mrs. Clay Johnson of Graham plans to return home this week-end after a week here with her parents Mr. and Mrs. P. M. Pelton and Mr. Johnson's mother Mrs. Ella Johnson.

Mrs. J. H. Green returned to Floydada Sunday after several weeks spent at Lockney.

LOUIS DEAN BRAND ENLISTS IN U. S. NAVY

Louis Dean Brand, son of Mr. and Mrs. W. E. Brand left this week for induction into the United States navy. He will be located at the present at San Diego, California, his mother said this week.

MRS. ROY CURRY HOME

Mrs. Roy Curry was able to be brought home from a Lubbock hospital where she was carried Friday for medical treatment. She was accompanied home by her husband Sunday.

Pink L. Maxwell has been in Amarillo the past two weeks where he is undergoing a physical check-up in the Veteran's hospital. He is expected home this week-end, his sister Mrs. Harry Stanley said Tuesday.

Miss Doris Bynum of Lubbock spent the week-end visiting Miss Anna Cates.

Miss Viva Lais Stanley of Mile-shoe spent the week-end with her parents, Mr. and Mrs. Harry Stanley.

Take Good Care Of Your Car

Don't Abuse It—It's Probably The Only One You'll Have For The Duration

There are many ways you can abuse a car and many ways you can take care of one. To make your car last we suggest that you have it

Washed And Greased Regularly

Have the Oil Changed every 1,000 miles, keep your tire pressure up, and last but not least, use CONOCO GASOLINE and Nth MOTOR OIL. These products assure you the top performance your car is capable of producing. We will be happy to service your car in any of the suggested ways. Bring it in and let's keep it up in good shape.

LAD WISES DAD!
MOTHER: Now, Bob, blow out the candles, dear... sixteen of them this year!
BOB: Gee, Mom, that's a swell cake! See, I blew them all out. Can I wish now?
SISTER: Here it comes!... He wants to drive the car!
FATHER: Well, he's the age for a junior license. Bob, if you'll take some responsibility for the car—in stretching out its life—I'll say "Yes."
BOB: Fine, Dad... I've already started. I stopped at that Conoco Mileage Merchant's station this morning to get air in my bike tires, and the station man gave me this book.
FATHER: Let's see. M-m-m... "INTO THE VALLEY OF DEATH." Interesting. In a certified test of six cars run to destruction, Conoco Nth oil lasted over 13,000 miles—more than twice the mileage averaged by five other big-name oils.
BOB: And look, Dad, about this OIL-PLATING. Gee!—lubricant really sort of bonded to inner engine parts!
FATHER: You win, Bob. Conoco Nth can make the car give us the years of service we've got to have now.

FOR THE DURATION of your car Don't depend on hurried stops for gasoline to have your tires and car checked. Join my ONCE-A-WEEK CLUB. Choose one day each week to bring in your car. I will properly check your tires, oil, radiator, and battery. I will report anything that appears to need attention. I will keep a careful record and remind you when greasing and oil change are needed. I help you get maximum service and car life at the least possible cost and trouble.

EDITH L. WILSON
Home Demonstration Agent
Extension Service

Despite weather conditions, 21 women enjoyed a picnic supper in the park across from the CCC Camp. Because of the threatening weather, they decided it would not be wise to go to the place selected and spend the night as scheduled.

As a Victory Demonstrator you are pledged to take good care of everything you have. That means you have pledged to take care of your clothing. First stains ruin the looks of many table linens and clothes, especially children's clothing. If possible, remove the stains while they are still fresh and before they dry. If you let a stain dry it is much harder to remove.

Simple remedies will take out most stains. Sometimes warm water or water just from the faucet will take out fresh stains from white take out fast cotton and linen. If of color do not remove it, try boiling that does not remove it, try boiling water. Stretch the stained material over a bucket and fasten it with a string. Then pour the boiling water from a height so that it strikes the stains are a little harder to remove. hard to get out, rub it and pour on more boiling water.

Sometimes peach, pear and plum stains are a little harder to remove. If boiling water does not do so, then try one ounce of oxalic acid crystals dissolved in one pint of water. You can make up a small amount and bottle it. Remember that it is poison. Label it poison and keep away from children. To apply, place the stained material over a bowl and pour water through the stain. With medicine dropper apply a little oxalic acid directly on the stain. Then pour directly through the spot and then add solution. Repeat until stain is removed. Then rinse the material thoroughly to remove all acid. If acid is allowed to dry on material it will eat holes in it.

For peach stain, moisten the spot and apply powdered borax until a thick paste is made. Rub the spot. Let stand a few minutes and then wash.

Grass and foliage contains a green coloring matter which is easily removed by washing in cold water when fresh. An old method which is effective is to rub the green spot with molasses and let stand a few minutes, then wash in warm water. For delicate fabrics, sponge the spot with denatured alcohol and water, equal parts, using the pad method.

Old sizes glass containers may be used for preserving jellies, jams and marmalade. Only those glass containers designed for standard lids and rubbers can be used for canning fruits and vegetables by the water bath method; and then the containers must be toughened to withstand heat. Only standard glass containers designed to withstand extremes of temperature can be used for processing in pressure cookers and for preserving food in freezer lockers.

Reuse of rubber rings: Test rings by folding and pressing tightly between the thumbs and forefingers. Unfold and stretch. If there is a crease at the fold, the ring has lost its elasticity and is no longer safe for canning.

Used rubber rings that have been tested and found good should be saved for water bath canning. Use only new rings for pressure cooker canning.

THE STATE OF TEXAS
TO: Benjamin F. Worthington, Wayne Boyd Hauk, Jean Hauk, M. M. Worthington, and Boyd Worthington Greeting:
You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 14th day of September, A. D. 1942, at or before 10 o'clock A. M. before the Honorable 110th District Court of Floyd County, at the Court House in Floydada, Texas. Said plaintiff's petition was filed on the 27th day of July, 1942. The file number of said suit being No. 3411.

The names of the parties in said suit are: Alliance Life Insurance Company, a corporation, as Plaintiff, and A. R. Meriwether, Administrator of the Estate of Cora M. Worthington, deceased, E. S. Dunn, Artie Baker, Robin Baker and wife, Mae Baker, The First National Company of Lockney, Texas, a corporation, The First National Bank of Lockney, Texas, a corporation, The Shield Company, Inc., a corporation, Dorsey Baker, Benjamin F. Worthington, Wayne Boyd Hauk, Jean Hauk, M. M. Worthington and Boyd Worthington as Defendants. The nature of said suit being substantially as follows, to wit:

This is a suit in trespass to try title, plaintiff seeking to recover the title and possession of the following described property in Floyd County, Texas:

TWO HUNDRED (200) acres of land, a part of Section Seventy (70), Block G, El-Kerr Railroad Company Survey, Certificate No. 423, and a part of Section No. Seventy-Three (73), Block G, Dallas and Wichita, H. R. Company, Certificate No. 62/G, described in three tracts as follows:

FIRST TRACT: The Northeast Quarter of Section No. 70, Block G, patented to E. S. Dunn, Assignee, April 27, 1927, by Patent No. 347, Vol. 33-A, containing 160 acres of land.

SECOND TRACT: The East 17.8 acres of the Northwest Quarter of said Section No. 70, Block G, patented to Ira Simpson, Assignee, January 29, 1925, by Patent No. 54, Volume 25-A.

THIRD TRACT: 22.2 acres out of the Southeast part of Section No. 73, Block G, Certificate No. 62/G, patented to Eugene Ogden Mann, Assignee, September 3, 1878, by Patent No. 47, Volume 30.

The above described being the same land conveyed to E. S. Dunn by Ira Simpson, joined by his wife, Alice J. Simpson, by deed recorded in Volume 39, page 58 of the Deed Records of Floyd County, Texas. Issued this the 27th day of July, 1942.

Given under my hand and seal of said court, at office in Floydada, Texas, this the 27th day of July A. D. 1942.

(SEAL) **MRS. P. O. STUBBINS**, Clerk 110th District Court, Floyd County, Texas.

Wheat producers who desire a purity test run of their seed wheat before planting may leave one-fourth pound sample at the county agent's office. P. T. Dines, director, Wheat Improvement Association is recognized as the leading authority in wheat identification, and offers this service to Floyd county wheat growers.

Seed samples will be mailed from the county agent's office each Monday, and producers may expect returns within ten days.

This is a free service wheat growers will take advantage of. Definite information as to baking and milling qualities of each sample will accompany the purity report.

Texas wheat growers have been interested in the milling and baking contest held in conjunction with the Tri-State Fair, Amarillo. Due to restrictions imposed on transportation facilities the fair has been cancelled, however, the milling and baking contest has been scheduled for September 7.

Samples will be judged and placed on external appearances within four variety classifications; namely, (1) Turkey type, including Cheyenne, Kanred, Kharkof, and Turkey (2) Blackhull, (3) Tenmarq, and (4) Miscellaneous varieties, including Cheifkan and Red Chief. The top two samples in each variety will be milled and baked and the winners selected on a basis of 25 per cent of total score for external appearance, and 75 per cent for milling and baking properties. All entries should be 8 pounds in quantity and be cleaned.

This contest offers a good opportunity to Floyd wheat growers to compare wheat varieties on baking qualities. It would be fine if several producers would submit wheat samples in this contest.

A number of wheat growers visited the Fred Battey farm to study the variety test he conducted in 1941. Mr. Battey has consented to conduct the test again this year. Several new varieties have been developed since Mr. Battey conducted the test, and it will be interesting to secure first-hand information on these varieties as to their adaption to Floyd county.

The Remount division of the war department will purchase 900 pack mules. Detailed specifications may be secured from the county agent. The average price scheduled is \$200 per head.

Huban clover is an excellent legume for Floyd county according to Don L. Jones of the Texas Agricultural Experiment Station, Lubbock.

Huban compares to alfalfa, is an annual that makes a tremendous root system, and will open up heavy soils. It may be used for grazing or green manure crop. Plant Huban in the spring at a rate of 15 to 25 pounds per acre depending on the use to be made of the crop.

W. M. Knight of Sand Hill community is growing a variety of corn that produced at the rate of 100 bushels per acre in 1941. Each stalk in his field has from two to eight ears and has heavy foliage which accounts for such high production.

Mr. Knight says it requires only three days from dough stage to hard seed. This variety does not seem to attract the corn ear worm or the corn borer.

W. M. Finney of Harmony community secured barley seed from Oklahoma several years ago that has been a consistent high producer. He says regardless of the year he has harvested barley when many of his neighbors failed.

Barley is rapidly becoming a Victory crop because it is highly recommended for livestock and poultry feedings. Some poultrymen advocate selling oats and buying barley to form a part of the poultry ration.

The barley produced on the Finkner farm will be fed to beef cattle and hogs. Mr. Finkner has 87 head of calves on sudan pasture at this time and they will go into the feed lot this winter to consume the home grown feeds to make better beef for the men in the army.

Oliver Allen, pure bred poultry breeder of Floydada community is interested in the formation of a pure breeders association. To date four breeders have expressed a desire to hold regular meetings to discuss mutual problems. Beside Mr. Allen are J. W. Clonts, W. H. Brock and Jackie Brock.

There should be at least 100 breeders interested in the program.

COTTON PICK SACKS

College Station, Aug. 17.—Cotton bag manufacturers in Texas have informed the Texas USDA War Board that they can supply plenty of picking sacks made from cotton cloth, B. F. Vance, board chairman, has announced.

Vance said that shortages of cotton duck cloth for the manufacture of cotton pick sacks required a shift to sacks made from osanburg Texas mills. In answer to queries from the War Board, indicated they could supply as many of the osanburg sacks as needed.

Women's Leader Urges Aid For Scrap Campaign

The women of Floyd county can help substantially to back up their sons and husbands in the armed forces by co-operating to the limit with the local Scrap Salvage Committee, Mrs. Clarence Brandes, chairman of the Home Demonstration Council, says urging every woman in the county to make an immediate search through her home for scrap metal that can be turned into guns, tanks and other needed war equipment. Rubber, rope and burlap are needed too, she pointed out.

"Those of us on the home front have an urgent responsibility to do all that we can to speed the war to a swift and successful conclusion," Mrs. Brandes said. "One of the ways to accomplish this objective is to see that no home in this community has in it any old metal that is lying idle."

"Old lamps in the attic, broken garden tools in the garage, an old stovepipe in the cellar, all these can be used to good advantage by American industry in these crucial days. Every pound of scrap we can get to American steel plants will increase their production—already half of the world total—by just that much more. In that way we can all help make more weapons to crush the Axis."

Mrs. Brandes urged the women of Floyd county to immediate action. "We cannot all serve in the auxiliaries of the armed forces, nor yet work in war factories. But those of us whose job is to keep our homes going can render an important service by turning in our scrap materials."

The procedure is simple. Get your scrap together and turn it over to our local Scrap Salvage Committee. If you do not know the exact procedure for turning in your scrap, this information can be had quickly by telephoning the office of the Scrap Salvage Committee at 217.

"If the old metal and other scrap material in our homes and on our farms will help back up the men in the service, then let us see that it is turned in—immediately, today," Mrs. Brandes said.

Charlie Grigsby Funeral Rites Held Friday

Funeral rites for Charlie L. Grigsby, 31-year-old electrician of 1802 North Fifth street, Abilene, was held at 10 a. m. Friday. He was killed Wednesday afternoon when he came in contact with a high voltage wire at Camp Barkley while on duty for the Sun Electric company. Services were held at the Kilker-Knight chapel at Abilene. Rev. Clyde Campbell, pastor of the Cavalry Baptist church officiated.

The time of the service was changed from Thursday, due to the illness of his mother, Mrs. J. A. Grigsby, city, who made the trip with her sons, E. A. Grigsby and Albert Grigsby and wife, after receiving the death message Wednesday.

The deceased was born in Floydada July 21, 1911, son of Mrs. J. A. Grigsby and the late Sheriff J. A. Grigsby. He moved to Abilene in 1938.

Survivors include his widow, Juanita Blue Grigsby, his mother, a stepdaughter, Mrs. June Brandon, one sister, Mrs. Carrie Grigsby of Abilene; three brothers, Roy of Abilene; E. A. of Floydada and Albert of Lubbock.

Interment was made in the Cedar Hill cemetery at Abilene.

Mrs. Grigsby and sons returned home Saturday afternoon.

Mahon Spending Some Time In His District

Under an agreement for three-day adjournments of the house and an understanding that should urgent need occur they will be notified, numerous members of the House of Representatives at Washington are spending some time during August in their home districts.

Many of these are out fighting for their seats, while others, more fortunately situated, are in their district studying the country's problems from the district viewpoint rather than from the Washington viewpoint.

Among these is George Mahon, congressman of the 19th district, who has in a short time visited several counties in his district briefly, among these Floyd county.

around them all the time, probably a combination of student flying and of patrol, Mrs. Graham said.

The day they were at Aransas Pass new rules were clamped down on that area, so that now you can't approach the gulf at that point without identification and a permit. Patrols stop traffic several miles before reaching the gulf at that point.

The Floydada party were away from home some two weeks.

Mrs. W. A. Auburn Sr., has been visiting at Friona this week with her daughter, Mrs. Leona Hart.

Pierce Brooks Leads Race For Rail Post

PIERCE BROOKS
Dallas, Aug. 19.—Pierce Brooks, Dallas, is the choice of Texas voters as the man to fill the unexpired term on the Texas Railroad Commission. Brooks polled a plurality of more than 64,000 votes in the July primary, with eleven in the race. In the previous primary, Brooks polled 420,000 votes. "Let's finish the job we started in 1940," say Texans "Pierce Brooks is entitled to the unexpired term. Elect Pierce Brooks on August 22."

H. M. McDONALD HDWE.

From where I sit...

by Joe Marsh

WHENEVER I hear about anybody having a big family I think of Dad and Ma Hoskins. The Hoskins had thirteen children.

They weren't a bad bunch of kids, by and large—but it seemed one or the other of them would always be having a fuss with the neighbors, or would break a window playing baseball, or some other kid trick. Kept Dad and Ma mighty busy all the time.

One day Dad got a bright idea. He called the whole family together for a special meeting at the dinner table.

He told them he was tired of checking up on them all the time. He said he thought they were old enough now to check up on themselves. The older children would watch the younger ones. They would have meetings every so often and hand out rewards or punishments.

Well, it was a crazy idea but the kids liked it and they started behaving better than they ever had before. The idea worked and Dad finally did get a little time for himself.

I mention this story about Dad Hoskins because it's something like what I understand the beer industry is doing to regulate itself.

As I see it, most of the beer industry behaves itself perfectly all right... but every now and then, I guess, a retailer comes along who runs a place that isn't up to scratch... sort of like a wayward kid.

So like Dad Hoskins' family, the brewers and beer distributors have united together in an industry self-regulation program to help the proper authorities "clean up or close up" offending retail places.

The brewers, who want to protect beer's good name, cooperate wisely with the authorities who enforce the laws.

From where I sit, that's a fine thing for the brewers to do... particularly when you realize that after all they're really not responsible for retailing conditions.

Joe Marsh

Bomb 'em with JUNK

JUNK NEEDED FOR WAR
Scrap Iron and Steel

Let's blast Japan—and Germany—and Italy—with the chain lightning of destruction that can be built from the scrap in our cellars, attics and garages, on our farms and in our places of business.

Scrap iron and steel, other metals, rubber and waste materials. It will all be used to make tanks, ships, planes and the fighting weapons our boys must have. It is needed at once.

Sell it to a Junk dealer—give it to a charity or collection agency—take it yourself to the nearest collection point—or consult the Local Salvage Committee... If you live on a farm, and have found no means of disposing of your junk, get in touch with the County War Board or your farm implement dealer.

Throw YOUR scrap into the fight!

This message approved by Conservation Division
WAR PRODUCTION BOARD
This advertisement paid for by the American Industries Salvage Committee (representing and with funds provided by groups of leading industrial concerns).

USDA Salvage Committee - Phone 217

Needed for all machines and arms of war. Fifty per cent of every tank, ship and gun is made of scrap iron and steel.

Other Metals—Rubber—Rags—Manila Rope—Burlap Bags

Needed for making bombs, fuses, binoculars; planes; tires for jeeps; gas masks; barrage balloons; wiping rags for guns; parachute flares; insulation for electric wiring.

WASTE COOKING FATS—When you get a pound or more, strain into a large tin can and sell to your meat dealer. **NEEDED ONLY IN CERTAIN LOCALITIES**—Waste paper and tin cans—wanted only in certain areas, as announced locally. **NOT NEEDED** (at this time)—Razor blades—glass.

Methodist Revival Progressing With Enthusiasm

HOLMES FAMILY FINDS IRRIGATION AND VICTORY GARDEN WORK TOGETHER
The Edd Holmes family are finding that the use of irrigation on Floydada farms is working mighty good along with the idea of a Victory garden.
In addition to using water for their general field crops of cotton, corn and forage feeds, the Holmes' are using irrigation to carry along a couple of nice truck patches with beans, peas, roasting ears, turnips and greens as the main items. Melons and cucumbers are being grown, too, in corners and around.
In addition to growing their own needs and the needs of Mrs. M. B. Holmes, Edd's mother, who lives on the farm with them in a neat home

Willsons Represent McDermott Post At Legion Convention

Mr. and Mrs. Jim Willson left Sunday for a vacation visit downstate to return to Fort Worth Thursday where they will represent the McDermott Post American Legion at the state convention.
Dates for the convention that was at first scheduled to meet at Mineral Wells, are August 20 and 21.

Mr. and Mrs. O. P. Rutledge went to Dallas Sunday where they visited his parents, Mr. and Mrs. W. J. Rutledge. They returned by Abilene for a visit with their son, Lieut. Sam Rutledge. They were accompanied home Tuesday by their daughter, Mrs. John R. Mask and little daughter, Ann Ramsey of Wichita Falls who will visit here for some time.

Mrs. W. L. Bloodworth has as her guests this week her aunt Mrs. W. A. Ketchum of Dalhart and her aunt's daughter, Mrs. Cliff Jackson and Mr. Jackson of Fort Worth. They are also visiting Mrs. Ketchum's daughter Mrs. Jud Cox and family of the McCoy community.

Mr. and Mrs. W. F. Weatherbee attended a reunion of the Weatherbee family at Seminole during the week-end.

Mrs. Nolan Huskey left Sunday for Corpus Christi to be with her husband Ensign Noland Huskey of the Naval Air Corps. She has been here the past two weeks visiting with her parents, Mr. and Mrs. N. D. Richards and her husband's parents, Mr. and Mrs. E. F. Huskey.

Neoma Burgett spent last week with her sister Mrs. A. M. Cook at Shallowater, and with her brother Bell and family at Littlefield.

Everett Reeves of Texas City left Thursday for home after visiting since June with W. A. Scott.

Mr. and Mrs. Clay Anderson and Mrs. D. Flowers and baby returned to their homes at San Antonio, Monday after spending a week here visiting Mr. Anderson's mother Mrs. J. C. Anderson and Mrs. Anderson and Flowers' parents Mr. and Mrs. R. F. Luttrell.

J. D. Baxter came Friday from San Diego, California and spent several days here with his parents.
