

Torrential Rain Friday Night Hits County

Torrential rains that hit the south part of the county and brought beneficial rainfall to all sections of this area, did several thousand dollars damage to terraces, to planted small grains and to cotton fields Friday afternoon and night.

At Floydada the fall measure 6.15 inches, but in the southwest corner of the county where heaviest rains already had fallen this season, as much as seven inches of rain was reported. Immediately northwest of Floydada more water is in the lakes than was there following the deluge of 1941 summer and fall. From a mile or so northwest of the city one chain of 11 surface lakes was counted by local airman and in other areas the same is true in more or less degree. Lake pastures are covered and the water has been lapping up around the door steps of numerous farm homes where the ground is low.

Santa Fe Service Disrupted

The heavy rain early Sunday morning threatened the roadbed on Highway 70 three miles north of Floydada and before sunrise had washed up about 40 feet of roadbed on the Santa Fe Railway line adjacent disrupting rail service for 24 hours while the damage was being repaired.

Muncy, Center, Fairview communities—about the center of the county east and west—marked the approximate northward reach of the heaviest downpour. At Lockney the rain measured 2.10 inches and other points north indicate about the same amount. In the communities named and all communities south extending into Crosby county loss is reported in hogs and chickens from drowning and exposure.

On the credit side of the ledger is the extremely good bottom season the rains bring for fall plowing and sowing operations of the grain growers. Lakes in the south part of the county extended their boundaries almost as far as at any time during last year, however, causing the loss of the use of the land for the time.

Some damage to highways is reported, although none became waterbound. In northwest Floydada Highway 70 was covered by a deluge of water from before midnight Saturday until late Sunday afternoon. Many country roads, considered excellent during dry weather, could not be traveled as late as Tuesday and lakes have made scores of detours necessary. The big rains have added to their problems of road maintaining crews, too, in view of the limited funds available.

West of Floydada toward Sand Hill the rain was considerably heavier than at this point. At the Womack place Tom Thomas said the rainfall was 9 or 10 inches and the measurement at the J. C. Cates place south of Sand Hill was about the same.

About as heavy as the rains around Sand Hill were the rains around Center where gauges caught seven to 10 inches of water and lakes are full as they were last year.

Indicating that much more moderate fall of water was experienced in the north part of the county, G. B. Johnson, of Sterley, said about three inches of rain was the general report in the vicinity of the Ft. Worth & Denver town, and on over east toward South Plains.

Around Lone Star the fall was about the same. C. D. Merick thought three inches of rain about right. Herman King thought two inches might cover the precipitation at his place.

Around Fairmount some five inches of rain fell and up around Edgin Webb Taylor put the estimate at 4 to 5 inches.

North of South Plains Paul Snodgrass said the rainfall at his farm (See RAIN STORM, back page)

Examination Oct. 16-17 For Teachers

Teacher shortage in the state has become so acute that a special examination date for teachers in Texas has been set by the Department of Education for October 16 and 17, it was announced through County Superintendent Clarence Guffee of Floyd county this week.

"A special examination for second-class certificates will be given October 16-17 and we want to encourage high school graduates and other qualified people in the county who are at least 18 years of age to begin preparation at once for the tests," said Mr. Guffee.

Mr. Guffee said the state superintendent, stressing the serious need for more teachers, said that all who anticipate making application for second-grade certificates should register at his office at the earliest possible date.

Places in teaching ranks in all sections of the state have been going unfilled since the beginning of the school year and it is anticipated that those who pass the tests will have little difficulty in finding places to begin teaching.

File Messages To Prisoners Of War In Pacific Theatre With American Red Cross

TAKES FIRST AIR RIDE AT AGE OF 87

S. B. McCleskey, pioneer stockman, farmer, official of the county and one-time its sheriff, long since retired, took his first air ride recently in the Floydada Flying club's plane with M. H. Martin as his pilot and host.

For a half hour or so he rode over land which he had helped settle and develop beginning in the nineties. Martin said his passenger was as nonchalant as a veteran of the air, and Mr. McCleskey himself said he enjoyed the ride greatly.

Floydada Well Represented At Colleges

Among the Floydada young people leaving for various colleges the past week and this week are:

Gene Loran, son of Mr. and Mrs. Terrell Loran, left Saturday for A. & M. college at College Station for the first year. Jack McIntosh, son of Mr. and Mrs. B. F. McIntosh, is home this week for a short visit before enrolling for the fall semester. He is a senior student, and has just completed the summer courses.

Among those leaving for John Tarleton are Bryan Collins, son of Mr. and Mrs. Walter Collins, Douglas Pitts, son of Mr. and Mrs. Donald H. Pitts, and Miss Majorie Sue Moorehead, daughter of Mr. and Mrs. E. J. Moorehead. Pat Collins, son of Mr. and Mrs. T. P. Collins, is home for a brief visit between semesters. He was a summer student at John Tarleton.

N. T. A. C. students leaving over the week-end included Joe Arwine, son of Mr. and Mrs. J. A. Arwine, who has been enrolled in the summer courses, Phil and Maurice Steen, sons of Mr. and Mrs. Homer Steen, sophomore students and James Thurmon Bishop, son of Mr. and Mrs. L. T. Bishop.

Miss Jane Clark, daughter of Mr. and Mrs. A. B. Clark and Miss Dorothy Ann Dooley, daughter of Mr. and Mrs. W. R. Dooley left last week to resume their school work at T. S. C. W. at Denton.

James and Louise Willson, son and daughter of Mr. and Mrs. J. M. Willson, enrolled for the fall semester at T. S. C. W.

Floydada students at W. T. S. C. at Canyon include Nelda Fagan, daughter of Mrs. Pearl Fagan, Lora Nell Harmon, daughter of Mr. and Mrs. F. C. Harmon, and Roberta and Mary Louise Medlen, daughters of Mr. and Mrs. Robert Medlen.

Among those enrolling at Texas Tech at Lubbock from Floydada are Junior and Jimmie Simpson, sons of Mr. and Mrs. W. H. Simpson, Carl Lester Minor, son of Mr. and Mrs. C. L. Minor, Emmett and Herschel Hinson, sons of Mr. and Mrs. E. E. Hinson, Mary Frances Jones, daughter of Mr. and Mrs. W. O. Jones, Alice Bell, daughter of Mrs. P. W. Bell.

Floy Jean Hale, daughter of Mr. and Mrs. Walton Hale, Joe Rushing, son of Mr. and Mrs. Lee Rushing, Eugenia Martin, daughter of Mr. and Mrs. J. G. Martin, Doyce Walls, son of Mr. and Mrs. E. M. Walls, Bud Dubois, son of Mr. and Mrs. E. L. Dubois, Donald Cornelius, son of E. L. Cornelius, Joy Cardwell, daughter of Mrs. Jim Young, Greer McCleskey, son of Mr. and Mrs. Roe McCleskey, Betty Jo McCleskey, daughter of Mr. and Mrs. Sam McCleskey, and Billy Brown, son of Mr. and Mrs. W. Ed Brown.

Other Floyd County Students

Three daughters of Mr. and Mrs. W. S. Simmons left last week for college. Misses Jennie and Loma left for Wayland college at Plainview, and Miss Merle Simmons is a student at Howard Payne college at Brownwood.

Miss Mary Dean Carroll, daughter of Mr. and Mrs. Hugh Carroll of Lockney left last week to enroll as a senior at Howard Payne college. She has been attending school at W. T. S. T. C. at Canyon during the summer.

Miss Nettie Mae Busby, daughter of Mr. and Mrs. Frank Busby of Lockney, left last week to re-enter Texas Tech. Among other Lockney students at Texas Tech are Richard Patterson, Martha Margaret Griffith, daughter of Mr. and Mrs. Jake Griffith, Brian Smith and Evelyn Stalcup, daughter of Mr. and Mrs. John Stalcup.

NOTICE

The Good Government association will meet in the county court room in Floydada, Saturday, September 26 at 3 p. m. o'clock.

Every body is invited both men and women. Judge Kenneth Bain and Judge W. E. Grimes are going to discuss the 5th Constitutional amendment to be voted on in the November election. Come and hear them if we chance our constitution we should know what we are doing.

T. G. Black, Secretary
Good Government Association

WASHINGTON, Sept. 21.—Relatives and friends of prisoners of war or military men missing in action in the Far East are urged by the American Red Cross to go immediately to their Red Cross chapter to file messages to them. The message will be carried on the exchange ship "Gripsholm," soon to sail on its second voyage.

The procedure for those wishing to send messages is:

First, the message is to be filed with the local chapter of the Red Cross on Form 1616; second, complete information as to name, number, rank, military unit and last known address must be given; third, where possible, relatives and friends should join in sending one message; and fourth, the message must be confined to 25 words.

The American Red Cross announces that these messages will be mailed on the "Gripsholm," addressed to the International Red Cross delegate in Japan, who will make every effort to see that they are delivered. The Red Cross can give no assurance of delivery, but this method has been adopted in agreement with the State, Navy, War, and Post Office departments, because the Japanese government has not yet furnished official lists of the majority of American prisoners in the Far East.

In addition to the men listed to go from this county the board here will send five transfers from other boards, making a total of 46 from the county. Complete list of names and addresses of registrants inducted will be furnished after they have been inducted, the board states.

Anticipating October Calls

While no official announcement has been made by the Board, it is understood they are going through their lists for probable October calls and, as indicated above, also preparing for November inductions for which this county is expected to furnish a considerable quota.

Willsons' Attend International Legion Conv.

Mr. and Mrs. J. M. Willson returned home Tuesday from Kansas City where they attended an International Legion convention. Delegates from the Philippine Island, Italy, France and the British Isles were present.

The convention was dedicated entirely to major war problems Mr. Willson said. The American Legion recommended an 18-19 year old universal draft age and pledged all their time to seeing what can be done about speeding prosecution of the war, with pressure on U. S. formulating plans and procedure for an all out production effort.

Lower Standard of Living

Donald M. Nelson, chairman of the War Production board warned that the country must, of a necessity, accept a much lower standard of living within the next few months in order to win the war. "We have hardly begun to feel the pinch, so far and we will possibly have to do without practically everything except food before the strife is ended," he said.

Unofficially, Mr. Willson said the more serious problem at this time was India, according to reports he gathered at the convention.

Mr. and Mrs. Willson were accompanied by Henry Teuble of Tulsa.

Among the notables who attended the convention were Paul McNutt, director of War Manpower commission, Navy Secretary, Frank Knox, Undersecretary of War, Robert P. Patterson, Special Agent to India, L. H. Johnson, British Legion representative, Ted Frazier, General Ben Lear, the yoo-hoo general, and many others.

Norma Jean Moore had a letter from her father Frank L. Moore of Henrietta who told of a telephone call with his son Jo Dick Moore a class seaman in the navy. Jo Dick was in San Diego, California. This was the first time he had been heard from in ten and a half weeks.

Jo Dick, told his father he was feeling wonderful and asked him to tell his friends here, hello, for him. He hoped to get a furlough within three weeks after a trip to New York and if his plans work out he will visit in Floydada, he told his father.

SFC. JO DICK MOORE HOPES TO VISIT IN FLOYDADA SOON

Seaman 1st class, Jo Dick Moore was born and reared here. He appeared on many programs in Floydada where he was popular as a vocalist. He is the grandson of Mrs. C. Snodgrass, with whom Miss Norma Jean makes her home.

VAN FUQUA SELECTED AS AVIATION CADET SEPTEMBER 15

Mr. and Mrs. M. C. Fuqua of Route 3 are in receipt of a letter from Headquarters Gulf Coast Army Air Forces training center at Randolph Field informing them that their son Van had been selected as pilot in the U. S. army air forces.

The letter was signed by Major General H. R. Harmon and dated September 15.

Cadet Fuqua has been in service since November 12, 1940. He trained for 14 months in Puerto Rico and returned to the states August 31 this year.

Many September Trainees Enlist Before Call

The Floyd County Local board has begun working on classification of June 30 registrants who have attained the age of 20, it was announced this week, and a number of the boys have been called for the local screening examination this week and next week.

It is indicated as probable that some of these registrants in the June 30 list will be used in filling November calls.

September Call 41 Men

The September call in Floyd county is for 41 men, who will be sent to the army examination and induction. However, of the men which the board has listed for the call, perhaps half or more will have already volunteered in some branch of service and will not make the trip to Lubbock.

Of the 20 or more who are going to Lubbock this week, all who pass the examinations will be permitted to come back home for their 14-day furlough in which time they can complete closing up matters connected with their business affairs. Those who prefer can go direct to the Fort Sill, Oklahoma, reception center.

In addition to the men listed to go from this county the board here will send five transfers from other boards, making a total of 46 from the county. Complete list of names and addresses of registrants inducted will be furnished after they have been inducted, the board states.

TUBE-LESS TIRE OPERATES FOR TRAVELING SALESMAN JUST THE SAME

A traveling salesman in Floydada Wednesday was driving his car despite the fact that he had no tube in one of his tires. He didn't have a flat either.

Several weeks ago, he explained, he ruined a tube. Realizing he could get no new tube through his rationing board but on the other hand that his job depended on seeing the public, he did a little thinking with this result:

Placing the valve stem in the tire without a tube he filled the tire full of air. Pressure of the tire against the rim made an air tight casing on which he has traveled 1,200 miles without any trouble, he said. He is employed with an auto supply house out of Amarillo.

TURNERS' MEET SON IN LOS ANGELES, CALIFORNIA

Mr. and Mrs. E. W. Turner and daughter and son-in-law Mr. and Mrs. Richard Tubbs have been in Los Angeles, California the past ten days with their son Lieut. Erwin Loyse Turner.

Lieut. Turner recently returned from Alaska, where he has been stationed the past several months, and reached the states the first of last week.

Mr. and Mrs. Turner and children are expected home this week-end.

Major W. W. McCollum, infantry, public relations office at Lubbock Saturday named four Floyd county men as volunteers in the army as follows:

Hugh Jeff Ayres, army of the United States, Vernon B. McNeely, air corps unassigned, Harry Benton Cribbs, air corps specialist, all of Floydada; and Albert Jacks, air corps specialist, Lockney.

LIEUT. RUTLEDGE WRITES PARENTS FROM GUADALCANAL

Mr. and Mrs. O. P. Rutledge received a letter from their son 2nd Lieutenant O. P. Rutledge, jr., on September 22 that was written a month before at Guadalcanal in the South Solomon islands.

Lieut. Rutledge, a marine in the naval air corps, left the states June 16. He told his parents he was all right, having lots of fun and hoped to see them Christmas.

MILTON WEEMS ON RESERVE LIST FOR NAVY AVIATION

DALLAS, Sept. 19.—Milton Joe Weems son of Mrs. Viola Dickey Weems of Mickey Route, Lockney, Texas has been selected for training as a Naval Aviator and will be ordered to active duty shortly.

FRED CARDINAL ENLISTS IN U. S. MARINES

Fred Cardinal left Saturday morning for Amarillo, where he signed up for service with the U. S. Marines. After reporting to Oklahoma City for final induction this week he will be sent to the San Diego base for training.

Farm Machinery Rationing Now On In The Nation, Covering Wide Range Of Implements

First Bale Hit Market Here Last Thursday

Effective Thursday, September 17, 1942, all farm machinery was "frozen." The order covers all machinery and equipment in hands of dealers which may be released only through the county machinery rationing committee.

This committee is composed of the AAA county chairman and two representative farmers selected by county USDA War Board. In Floyd county the committee is Paul Snodgrass, South Plains, Texas AAA county chairman; C. J. Taylor, Lockney, Texas; W. G. Walker, Floydada, Texas. Alternates are F. M. Dougherty, Dougherty, Texas and Herman Kling, Lockney, Texas.

The following list of machinery which can be bought only by persons having certificates will illustrate the wide coverage of the order; combines, corn pickers, disc harrows, feed grinders, fertilizer spreaders, grain drills, hay balers, lime spreaders, manure spreaders, milk coolers, milking machines, pickup balers, potato diggers, and tractors. Exempted are one and two-horse drawn equipment not included in above list and small tools such as hoes, rakes, forks, scythes and shovels.

No restrictions are made on sale or transfer of used machinery equipment and repair parts.

Further instructions and the necessary forms are expected to be available within the next few days. Interested farmers should inquire at the AAA office.

Cotton Opening Fast

Early cotton in Floyd county is beginning to open fast and while the big rains over the week-end have slowed up maturing and did some damage otherwise, the harvest season is just around the corner, assuming reasonable weather after the passing of the equinox. A good acre yield seems a certainty with the possibility that the county's average per acre yield of any recent year will be exceeded.

How to get the cotton picked and how to get it to the gin after it is gathered is the job the farmer has cut out for him. A few farms in every community are going to have trouble along this line for certain. Eighty or 90 per cent of the cotton men have their hauling problems solved either by working with their neighbors or by other means. Reports have it that farmers with good-sized fields will have plenty of imported labor to gather their cotton and that local labor can be concentrated on the smaller fields.

What the price for palling will be is still a question mark but undoubtedly the cost of this operation is going to be a material factor when the cotton men go to total up their net proceeds when the work is completed.

MRS. R. C. WATSON IN SAN ANGELO HOSPITAL WITH FRACTURED HIP

Mrs. R. C. Watson is in a San Angelo hospital following a fall Sunday when she sustained a fractured hip. She was visiting in the home of a son and wife, Mr. and Mrs. W. C. Watson when the accident occurred.

She was carried to a hospital where x-ray pictures revealed the fractured joint. A telephone call and later a letter to her son O. M. Watson indicated her condition is not regarded as serious, although she would be confined to the hospital several weeks.

Mrs. Watson is the mother of Mrs. Chas. Neil, Mrs. Chas. Batty, Mrs. Fred Batty, Mrs. J. R. Evers and R. C. Watson of Floyd county.

Plans Complete For Fall Flower Show Saturday

Plans are complete and everything is in readiness for the Sixth Annual Flower show sponsored by Floydada Garden club to be held in Floydada Saturday, September 26. The show is scheduled to be open to the public from 1 p. m. until 7 o'clock in order that the public will have a chance to see the flowers.

The show will be held in the Fair building, next door to the H. M. McDonald hardware store. A committee appointed by the Floydada Garden club consists of Mrs. J. D. McBrien, chairman, Mrs. L. J. Welborn, Mrs. G. V. Smith, Mrs. J. M. Willson, Mrs. J. B. Claiborne, Mrs. Alton B. Chapman is president of the club.

A prize will be awarded the home demonstration club presenting the best patriotic display. All women of the county are invited to enter the flower show and help make it a success, Mrs. McBrien said.

All entries should be in the building by 10 a. m. in order to get them tagged and entered. Awards will be made in almost every kind of flowers.

Pioneer Couple Celebrate Golden Wedding Day

Rev. and Mrs. R. E. L. Muncy celebrated their golden wedding anniversary Tuesday, September 15, with a quiet dinner at the home of their son, Robert Muncy. The day was spent quietly due to Mrs. Muncy's ill health.

R. E. L. Muncy and Hattie Cornelia Southern were married at Mulberry Gap, Hancock county, Tennessee, September 15, 1892, and moved to Wise county, Texas, where they resided three years. They then moved to Floyd county and have resided the past 47 years in the Muncy community, which was named after them.

Rev. Muncy helped organize the now disbanded Baptist church at Muncy, and pastored it for sixteen years. He pastored several churches in the county and taught school for a number of years. He is reported to have resided in this county longer than any other minister of any denomination.

Five sons, all living, were born and four still reside in the county.

Donations Badly Needed For Work At Cemetery

Officials of the cemetery association announced this week they are in need of assistance on cemetery work. Many graves are in bad condition with sunken places that need filling in. F. C. Harmon of the association said.

Donations for the work will be appreciated and should be made now while transportation for the work can be had, Mr. Harmon said.

DALLAS, Sept. 18.—Luther Presley Kennamer son of Mr. and Mrs. Homer Gross Kennamer of 218 E. Kentucky Street, Floydada, Texas has been selected for training as a Naval Aviator cadet and will be ordered to active duty shortly.

He graduated from Floydada High school in 1941. He was a member of the F. F. A. organization.

When ordered to active duty, he will report to the U. S. Navy Pre-Flight school, University of Georgia, Athens, Georgia.

JOHN MORRISON HOLLUMS ACCEPTED IN NAVAL AVIATION RESERVE

DALLAS, September 19.—John Morrison Hollums son of Mr. and Mrs. A. L. Hollums of Route No. 4, Floydada, Texas has been selected for training as a Naval Aviator Cadet and will be ordered to active duty shortly.

He was graduated from Floydada High school in 1940. He was a member of the baseball, basketball and track teams while in high school.

When ordered to active duty, he will report to the U. S. Navy Pre-Flight School, University of Georgia, Athens, Georgia, for three months of physical conditioning, instruction in naval essentials, military drill and ground school subjects. After completing this course, he will be sent to one of the navy's numerous reserve bases for primary flight training.

LOCKNEY-OLTON PLAY FRIDAY AT LOCKNEY

Fans who go to Lockney Friday afternoon to see the Lockney Longhorns take on their ancient rivals, Olton High school football squad, will view the novelty of a coachless team, which the Olton school will put on the field.

Rated one of the best teams in District 4-A for years the Olton team has a considerable number of new boys in the lineup this year.

Coach Head is expected to start about the same team at the opening of the game as last week against Memphis. The Olton style of play is quite different to that of the Hall county boys, and it will be seen whether or not the Lockney boys can dominate a game so thoroughly as they did a week ago against straight football.

The game will be called at 3:30 at the Lockney Municipal field.

Floyd County People In The Armed Services

LON DAVIS, JR., NAVY ENSIGN NOW, STATIONED AT DARTMOUTH COLLEGE

Lon Davis, jr., Saturday was inducted in the navy as an ensign and the same night left for Dartmouth college, Hanover, New Hampshire, where he will spend an indoctrination period of some six weeks, according to information received by his parents, Mr. and Mrs. Lon M. Davis, who did not know what kind of an assignment he would have.

Pending acceptance of his application to join the navy Davis had joined the army and was stationed at Sheppard field for several weeks before getting his discharge from that branch of the service.

LON DOWNING TO THE NAVY

Lon E. Downing, who has been buyer here for the Lubbock Hog and Cattle company for the past two years, has signed up with the navy as first class seaman and is now on the reserve list, due for 48 hours notice to report for duty. He completed his enlistment Saturday in Dallas.

Downing has been succeeded here by Orb Vincent, formerly of Lubbock.

FRED CARDINAL ENLISTS IN U. S. MARINES

Fred Cardinal left Saturday morning for Amarillo, where he signed up for service with the U. S. Marines. After reporting to Oklahoma City for final induction this week he will be sent to the San Diego base for training.

MILTON WEEMS ON RESERVE LIST FOR NAVY AVIATION

DALLAS, Sept. 19.—Milton Joe Weems son of Mrs. Viola Dickey Weems of Mickey Route, Lockney, Texas has been selected for training as a Naval Aviator and will be ordered to active duty shortly.

He graduated from Floydada High school in 1938. He was on the basketball and tennis squad.

When ordered to active duty, he will report to the U. S. Navy Pre-Flight school, University of Georgia, Athens, Georgia.

FOUR LISTED BY McCOLLUM AS VOLUNTEERS IN ARMY FROM FLOYD COUNTY

Major W. W. McCollum, infantry, public relations office at Lubbock Saturday named four Floyd county men as volunteers in the army as follows:

Hugh Jeff Ayres, army of the United States, Vernon B. McNeely, air corps unassigned, Harry Benton Cribbs, air corps specialist, all of Floydada; and Albert Jacks, air corps specialist, Lockney.

LIEUT. RUTLEDGE WRITES PARENTS FROM GUADALCANAL

Mr. and Mrs. O. P. Rutledge received a letter from their son 2nd Lieutenant O. P. Rutledge, jr., on September 22 that was written a month before at Guadalcanal in the South Solomon islands.

Lieut. Rutledge, a marine in the naval air corps, left the states June 16. He told his parents he was all right, having lots of fun and hoped to see them Christmas.

MILTON WEEMS ON RESERVE LIST FOR NAVY AVIATION

DALLAS, Sept. 19.—Milton Joe Weems son of Mrs. Viola Dickey Weems of Mickey Route, Lockney, Texas has been selected for training as a Naval Aviator and will be ordered to active duty shortly.

He graduated from Floydada High school in 1938. He was on the basketball and tennis squad.

When ordered to active duty, he will report to the U. S. Navy Pre-Flight school, University of Georgia, Athens, Georgia.

EDITORIALS

Low temperatures last week trailing the torrential rains remind that fall is here and winter days are in the offing. Floyd county farms short-handed view more to do between this date and Christmas than can be done with the available labor. However the prospect could be much more serious. Having all to do he can do and a little besides keeps a man from worrying about things he can't help, like rationing and a great volume of conversation that is coming out of Washington. It doesn't help a lot to hear too much of what is being blasted out on the radio.

To a man who has reached some years the temptation of the situation on his own farm or place of business is going to be to over-tax himself. After one gets to be about a certain age it is as well to take intervals of rest. Warning signs a-plenty if you watch for them. Remember, there will be work to do after you are gone. Remember, too, you'll be more valuable as a man with a reputation for laziness than as an invalid spending money at sanitariums and in bed trying to recover from over-exertion. Wives, most of whom are smarter about things of that kind than their husbands, could do well to keep this in mind about their men who are fiftyish and above. Don't nag the old boy but work him into fewer hard hours if you can. Especially if he is inclined to be the worrying kind.

In every direction from Floyd county cotton raisers are poisoning for leaf worms and on a considerable number of farms in this county they also are trying to be rid of the worms that take to the bolls after they finish with the leaves. The worm that is working on the cotton looks just like the worm we called the army worm when they attacked the wheat last year. Perhaps they are the same, although we do not suggest this on the authority of any expert on crawling things and insects. A good hard winter is needed in this part of the world about as bad as anything. Even the cattlemen might welcome such a prospect, considering the increasing trouble he has with screw worms and pinkeye. Hard winters do not kill all the parasites, of course, but they do help to thin them down. Leaf worm, boll worm, army worm, screw worm and all the other worms, including those gooey insects that hit potatoes and prey on gardens. Are their legions to have the added help of the boll weevil in high plains cotton? They have crept perilously close to us already this season. Trouble and real trouble in the offing without some definitely cold weather pretty soon.

Strictly in the family, what we are doing now in our national agricultural policy is subsidizing its stagnation. No doubt that agriculture is entitled to some sort of a guarantee since it appears the government is going to guarantee everybody else something. But the insurance for farm income will have to be gradually transformed into something of a more dynamic sort. What we are doing now as to farm production is giving protection to claims to wealth rather than to the creation of wealth. It must necessarily follow that we will have increasing claims to wealth and decreasing wealth so long as we follow the policy we have now.

Those who repeat everything they hear do so because they haven't anywhere to keep it.

Trying to get around the evils of a general federal sales tax, congressmen and the treasury department are studying many taxation plans. Their chief worry, it is said, centers around the "new rich" workmen a large per cent of whom it is claimed, are spending their excess money for easy living rather than for the soldier things including war bonds. Experience of 1941 convinces the authorities a great majority of these are: (1) Spending their money in competition with the war effort, and (2) failing to lay away anything against next year's tax bill, which is going to be a whopper. When you consider the two facts that incomes as low as \$650 are going to be taxed and that 90 per cent of us humans spend what money we get as fast as we get it and even faster, you know the government is going to be unable to collect millions in taxes if they wait, that could be gotten if collected as the money is earned. The federal government can't get blood out of a turnip any more than any other collector can. Human nature being what it is we know that some morning when the fat jobs play out many a defense worker is going to wire for money to come home on, and Uncle Sam is going to be sitting out on a limb with his tax bill.

We have been wanting to write a paragraph about radio advertising that would not be in bad taste and have been unable to do it so far. What we have in mind is that many of the advertisements which it seems to us should be presented in a restrained, matter of fact manner are blasted into your ears at most inopportune time and irritating manner. A blast hits and you think surely the Japs must have started strafing San Francisco and the invasion is on the way. Instead it is only a warning that if you do not get a bottle or two of Dr. Jehosaphat's Jumptlets quickly and begin taking regularly you'll undoubtedly die soon of something terrible. After an other program or so, you think surely a flash telling of the assassination of the president has come. But that is incorrect also. Only that sweetiekins wants darling to remember to bring home some delicious Squirt's Squibs for dinner. The fire siren was sounded only to wake him up to the importance of the matter. But possibly the most annoying or nauseating sponsor announcement is the one that hits while you are enjoying a good meal. It interrupts to volunteer numerous horrible facts about your innards, pouring your ear full of indigestibles. The ensuing battle between your hearing and your taste for control of your stomach is epic. Another way the radio has not learned to be "nice" is its nonchalant interruption of parlor or living room conversations with intimate discussions of matters which you had hoped would be private between yourself, your doctor, your dentist, perhaps your lawyer. If one has been hopeful that radio would finally "grow up" it seems such hopes are doomed to result in disappointment.

How much winter wheat will have to be replanted since the week-end torrents of rain? Some say a lot, others say that wheat in the ground on many farms will have come on through before the ground baked. But where the earth washed and took out terraces like it did in numerous fields the only thing to do is the re-plant. Farmers also would like for somebody to tell them just how much damage the rain did to their cotton.

As A Farm Woman Thinks

By Nellie Witt Spikes

If I had had my "druthers," we would not have gotten such a torrential rain last Friday afternoon and night. I misunderstood my husband. He said we had seven inches and I thought he said ten and of course I told it. A ten-inch rain was something to tell about. But he is seven or ten, ditches were washed where ditches should not have been and fields are flooded, the tall cane leaning crazily to the south. Perhaps it is for the best the rain came. Who knows now?

Peas and hominy a-plenty this fall, and Mrs. T. J. DeFee tells how to make the hominy which I have tried and found very good. Gather fresh corn from the field. It will not be too hard to cut the kernel from the cob with the point of a sharp knife thus getting rid of later "black eyes."

Soak corn about one hour in clean water. Put 2 1/2 tablespoons of lye in two gallons of water, put in one gallon of shelled corn, cook about 20 minutes, take off fire and rinse well. Soak in clean water thirty minutes, put in one and one half cups vinegar and soak overnight. Next day pour off water and soak corn about one hour in clean water. Put in quart jars and process 65 minutes at 10 pounds pressure. I especially like the flavor of the new corn.

I know now how mothers feel when they see their son the first time in an army uniform. I did not know my son when I saw him get out of the car the other day. Through my mind ran the lines of the old song when I realized who it was. "I did not raise my son to be a soldier." No, I did not raise my son to be a soldier, but I tried to teach him the love of country and the freedom it gave to its citizens. I taught him to want the right against the wrong, the good instead of the evil. And now has come the time in his life when the choice has to be made. His country needs his skilled doctor's hands and I pray that by the help of God that he may do his duty.

How sad we are at the passing on of a friend, Mrs. N. A. Armstrong has quit the busy useful life she lived for a home of rest and peace. Her memory will glow in our hearts like the warm bright rays of a summer's sun.

Things seen and heard that gave me pleasure. Thula Moore with a cerise velvet ribbon bow in her pretty brown curls; Mrs. Lon Davis inviting me to her home with such warm friendly hospitality; Brother Armstrong bringing me an unusual gift rock from Abilene; the yard-full of gay color moss in Miss Jenny Sawyer's yard; Mrs. Loflin's pleasant voice as she introduces me and tells me that was her first woman customer and friend in Ralls; her brother Mack Colvard greeting me from a doorway in Floydada as I hurried past trying to keep in grabbing reach of three grandchildren; Chester Parrish shaking my hand and giving me such appreciative words for an article about his mother; dahlias and zinnias, red and

News Items from the Files of The Hesperian

(Issue of September 20, 1928)

Mary Louise Thurmon entertained with a slumber party Saturday night honoring Dorothy Hall, who with her parents, Mr. and Mrs. Grady Hall, will leave this week for Plainview to make their home. Those present were the honoree, Dorothy Hall, Wanda Teeple, Mary Ann Kimble, Louise Conner, and the hostess, Mary Louise Thurmon.

Stanforth brothers—Monte, Billie and Sneed—Wichita Falls oil men and drilling contractors are wringing one of the biggest pure bred hog ranches in the United States on their 2160 acre ranch in northeast Floyd county, purchased some two years ago from J. H. Leach, and already have begun to stock the place with purebred swine, both Poland China and Duroc breeds.

The wedding of Clement McDonald, son of Mrs. and Mrs. L. C. McDonald, and Miss Hilda Tatum, daughter of Mr. and Mrs. C. A. Tatum, of Enid, Oklahoma was solemnized Saturday morning at 10 o'clock at the home of the bride.

Seventy-six members of the Junior class of Floydada High school met Wednesday afternoon and elected the following officers to serve during the year: Dave Luttrell, president; Lois Sifton, vice-president; Howard Welborn, secretary-treasurer and Jessie Mae Wood, reporter.

Roy Patton of Lamesa, assumed charge of the V. B. Fitch dairy Sunday morning which he purchased from Mr. Fitch Thursday of last week.

white and yellow, pink and orange and scarlet; these things I am thankful for and many others.

Sergeant Al Moor of Minnesota, technician at the Lubbock Recruiting office was a pleasant visitor in our home once in a while. He made our mouths water as he told of picking blueberries and eating them with sugar and cream or in a pie. My wish I could make the acquaintance of a blueberry. Exchange, for instance, a handful of our red canyon plums for one of the northern blueberry. Well, anyway, the Sergeant had never eaten corn bread crumbled in sweet milk, before, but the way he went after it, one would have thought him reared on it.

We had such a nice visit in the home of Mr. and Mrs. "Bub" Beddingfield near Lorenzo yesterday, Mrs. Beddingfield gave me a copy of the Crosby County News of January 28, 1904, Ed Kelly, Editor. I am sure that some of the news items and ads will be of much interest to you as they are to me.

"The Baker Hotel, John B. Baker, proprietor. The favorite of the people and the drummer's choice. U. S. mail hack for passengers. Livery stable in connection. Northwest corner square, Floydada, Texas."

"A good newspaper is worth much to a town both financially and morally. Since we started up here George Witt has put an addition to his hotel, J. W. Murray has put out a new orchard, H. D. Rosser has sent three wagons to the Railroad after lumber to build a new house and Jeff Spikes has joined the choir."

"If you'll read the News awhile you'll like it. It holds the attention. It is specially edited—that's why. Brains and not haphazard go in the make-up of the News."

"News items: J. A. and Carl Nobles came in Monday night with freight for our merchants. C. R. Ramsey subscribed to the News yesterday. Let others follow his example. George Jones has ordered the News sent to his father-in-law at Weatherford, Texas. That is a move in the right direction and if he keeps it up we predict for him a most happy and prosperous life. Dr. Ferguson reports a ten pound girl at the home of Mr. and Mrs. Sam Wright. All parties concerned are doing well.—A. J. Burleson had the misfortune of breaking his buggy and scaring the girl nearly to death. All happening Sunday night. A man by the name of Robin was passing through the country and fell out of the wagon near Tom McDonald's ranch, and broke his leg, Monday."

"There is a resolution of respect and sympathy from the St. Louis College of Physicians and Surgeons upon receiving the news of the death of one of their members Rufus A. Beddingfield. One of the paragraphs is so true and after all these years the Emma people will remember Rufus. It reads, "Resolved, that in the death of Rufus A. Beddingfield this class has lost a worthy member, one generous, affable and kind in his dealings with the world and especially with his friends—one whose place in the hearts of the people in his community will be hard to fill."

Some other time I shall print more of these interesting things found in this old yellowed Crosby County News.

Poet's Corner

(Edited by Mary D. Waters, Wolfburg, Texas)

HARNESSING THE MUSTANG

The western wind is a wild mustang. He once was an outlaw pony. Wickedly whirling and scaring the herds, Tempting the horses to go astray, Kicking the dust into cowboy's eyes Into beans and beef and bedroll and fires. Then galloping, circling, racing away. Then farmers came the west to fill And harnessed the wind with cunning skill. To draw their water with a high windmill. To charge their power, run their mill, But civilized work, he likes it ill. He works when he will, then he balks and is still.

For his long-lost freedom he always yearns. Sometimes his old wild strength returns. His traces he breaks, his fences he spurns, Tramping and blasting the growing grain; Tossing the stormclouds with his mane; Kicking trees and barns with impudence. Frightening the folk with his violence. Before he is tired and called again. The western wind is a wild mustang, Harnessed, but never tamed. Ruth Simpson Cooper.

One War Week

A calendar of events on one war job in one recent week gives a graphic picture of how General Electric is working to meet wartime emergencies.

1. THURSDAY: An order was received at an eastern G-E factory for equipment needed by a U. S. warship near Australia. A special call went out.

2. THURSDAY NIGHT: As many workers as could be efficiently employed on the job worked all night, all day FRIDAY, assembling the equipment.

3. SATURDAY: Under police escort, the equipment was rushed to a nearby airport. Traveling by plane, it arrived in San Francisco on SUNDAY.

4. WEDNESDAY: A bombing plane landed the equipment at its Pacific destination—10,000 miles from the factory—six days after receipt of order.

General Electric believes that its first duty as a good citizen is to be a good soldier.

General Electric Company, Schenectady, N. Y.

NOTICE...

Beginning Thursday, October 1, 1942 this bank will open at 10:00 A. M. and close at 4:00 P. M. (War Savings Time).

The co-operation of our customers is kindly requested. Our employes are required to report at the bank about one hour before opening time and they must remain from one to three hours after closing time. This time before opening and after closing is used in posting books, making records, balancing cash and many other duties which cannot be performed while waiting upon customers and so it is necessary for us to ask our customers to observe our banking hours in order for us to furnish an efficient banking service. Except in cases of emergency.

THE FIRST NATIONAL BANK

Floydada, Texas

Winds Surprise Themselves And Crowell Squad

Floydada High School Whirlwinds football squad chalked up a victory in their first scheduled game of the 1942 season, surprising themselves and the Crowell Wildcats Friday night at Wester field. The score was 9 to 0.

A spectator who saw the first seven minutes of play got all the scoring before torrents of rain started falling. The few faithful who waited in the slanting downpour saw the boys wallow back and forth in mud and water that was knee-deep on the playing field by the end of the game.

Only Break of Game

Taking brilliant advantage of the only break of the game, the winds pounced on a blocked punt deep in Crowell territory early in the first quarter and on the second play of the ensuing offensive series George Allen, half, took a lateral from Pullback Harold Sparks to streak around right end standing up. Sparks' kick was low and to the right. The score, Whirlwinds 6, Wildcats 0.

N. E. Tyler, Whirlwinds' giant tackle blocked the punt that gave his teammates the ball and the chance at an early victory. It was the only real break of the game. Later a similar play by the 'Winds' went awry when an attempted lateral was fumbled, but the same could be said of several Crowell plays that would have tied the score.

In two minutes after the Whirlwinds score the rains descended in torrents throughout the game, except for about 10 minutes between halves. A "dry" football had to be put in play every three to five plays. The boys slithered and slipped, so that a slow man was about as fast as a fast man, and the Crowell's power offense around ends that has been winning could not be put into execution. Probably a two touchdown better team on dry turf the Wildcat's deepest penetration into Whirlwind territory came in the fourth quarter when they bogged down on the nine-yard stripe and the ball went over on downs.

Substitute Back a Bear

Last year's all-district Bird, in the right halfback slot, together with Tackle Edwin, Center Archer and Left Half Cauthan played brilliantly, with other members of the team showing up good. But it was a substitute back, McDaniel, who did most of the mud plowing through the line to get to the nine-yard stripe for Crowell.

For Floydada John S. Trowbridge, Cardinal, Cummings and McCravy all got to see action. Numerous substitutions were made because players' eyes would get full of mud and water and would have to come out until their peepers could be swabbed out.

In spite of threatening weather the crowd was good when the whistle blew for game time. Gaines Davis was referee of the game, Wilson Head, Lockney coach, umpired and Mule Walker of Plainview, was head linesman. Play was started with the following line-ups:

Position - Floydada	Crowell
L. End - Furrow	Owens
L. Tackle - Baxte	Taylor
L. Guard - Gray	Hunter
Center - Fyfe	Archer
R. Guard - Lovell	Vecora
R. Tackle - Tyler	Erwin
R. End - Battey	White
Quarter - Conner	Smith
R. Half - Johnson	Cauthan
L. Half - Allen	Bird
Pullback - Sparks	Kelton

CENTER H. D. CLUB MET WITH MRS. R. C. ROSS

Members of the Center Home Demonstration club met September 14 with Mrs. R. C. Ross to hear a report of a state convention at Fort Worth by Mrs. Oliver Allen, who also was in charge of the meeting for the afternoon.

Roll call was answered by members reporting on the Texas Food standard, which was read for the benefit of those who did not have a copy.

The club will meet with Mrs. E. W. Lightfoot, September 28. At this time the club will study, "Planning A Wardrobe."

Those present for the meeting were Mrs. E. R. Crabtree, Mrs. Tom Jernigan, Mrs. C. J. McClure, Mrs. H. B. Mankins, Mrs. J. L. Montgomery, Mrs. Clyde Bagwell, Mrs. C. L. Joiner, Mrs. O. G. Mayfield, Mrs. Jas. E. Green, Mrs. A. W. Anderson, Mrs. W. B. Jordan, Mrs. R. C. Ross, Mrs. Allen and the hostess.

Dougherty News

DOUGHERTY, Sept. 21. — Rev. Tommie Allen, a senior student at Simmons university at Abilene will fill his fourth Sunday appointment September 27 at the Baptist church here. For the morning service, Rev. Allen will take for his subject "The Prince of This World." This is a special message for the young people and their parents, and he urges that all the young people of the community be at the morning service.

Messengers and visitors who will attend the Annual Association of this district at the meeting in Ralls September 22 and 23 are Mr. and Mrs. Darrell Caruthers, Mr. and Mrs. Jim Morrison, Mrs. Ott Glassmoyer, Mrs. R. W. Lotzpeich and Mrs. C. A. Caffee.

Visits from California

Mr. and Mrs. Buck Hall of Los Angeles, California and Mr. and Mrs. Dick Furrow and son, Lance of San Diego, California came Sunday for a week's visit in the home of their parents, Mr. and Mrs. Will Harrison of Dougherty, Mr. and Mrs. B. Furrow of Pleasant Hill and Mr. Hall is employed with the North American and Mr. Furrow is with the Consolidated Air companies.

Locals

Mr. and Mrs. J. T. Poole were in Lubbock Tuesday on business. Miss Mary Nell Mangum, primary teacher in the school here spent the week-end at her home in Lockney.

Mr. and Mrs. A. H. Kreis and daughter, Ruth left Sunday for Austin, where Ruth will enter her senior year at the State university.

J. E. Newton returned home Sunday from Dallas where he bought machinery for the Newton Gin at Lakeview.

Mr. and Mrs. Elmer Cook and his mother, Mrs. U. E. Cook returned Saturday from Grand Prairie where they visited relatives.

Mrs. R. T. Jones and little son, Gene Edward, spent Thursday with her parents, Mr. and Mrs. C. A. Cumble.

Owen Emert, son of Mr. and Mrs. Tom Emert has returned home from Fort Sill, Oklahoma, where he was given a medical discharge from army service.

Mr. and Mrs. Bill Colston and little son of Fort Worth spent Saturday night and Sunday with his mother, Mrs. S. R. Colston.

Mr. and Mrs. Bill Fowler of Floydada but recently of Santa Fe, New Mexico visited last week in the T. J. Campbell home.

Mrs. R. T. Jones, sr., has returned to her home at Ballinger after several weeks visit with relatives here. She was accompanied to Big Spring by her son, W. B. and Mrs. Jones.

Mr. and Mrs. Clyde Pharr, Mr. and Mrs. J. T. Campbell and Mr. and Mrs. R. W. Lotzpeich were Sunday guests of Mr. and Mrs. C. E. Bartlett.

Rath ranging from three to six inches fell Friday afternoon and night over this entire community.

Mrs. H. N. Powell and children spent Sunday with her sister, Mrs. Cullen Bullock and family of Blanco. Both families attended a rodeo at Plainview in the afternoon.

Lee Osbrin of College Station, Texas is in this community this week in the interest of the Freeman land acreage here.

Mrs. C. E. Bartlett spent several days last week with her daughter, Mrs. Otto Sanders and family of Lone Star.

Jim Morrison left Friday for Overton, Texas where he will visit his parents, Mr. and Mrs. J. A. Morrison.

Mrs. Ruth Merrell has returned to her home at Petersburg after spending last week with her sister, Mrs. Russell Crawford and family.

McCoy News

McCoy, Sept. 22.—H. C. Burke, apprentice seaman, stationed in California, is visiting with his father, H. C. Burke this week.

A party honoring H. C. Burke was planned for Friday night, but due to the rains it was called off.

George Mendel Whorton, who is stationed near San Antonio, came last week for a visit with his parents, Mr. and Mrs. W. S. Whorton. This is the first time he has been home in over a year.

Miss Betty Jo Cox and Johnnie Reedy were married last Sunday. Mrs. Reedy is the daughter of Mr. and Mrs. Horace Cox. She was reared in the Allmon community and attended the school there and Petersburg High school.

Mr. and Mrs. B. L. Ewing spent Sunday in Floydada.

LIONS HEAR TEACHERS ON SCHOOL DAY AT CLUB MEETING

Floydada Lions enjoyed putting the superintendent, principal, coach and band teacher of Floydada High school through their paces Tuesday at their noon-day luncheon.

Superintendent Walter Travis, Principal H. A. Poole, Coach Floyd Murry and Director Ermon Gray were on the program.

That the school is off to a good start for a successful school year and that to date difficulties presented by the war emergency have been successfully hurdled was the cheering news given the Lions by the school men. Travis said that to the surprise of school authorities the enrollment in the schools is down very little from last year.

Gray who had just reached Floydada to take up his assignments in the school system, was received enthusiastically by the Lions. Murry praised the fine spirit of football fans in Floydada, and said his charges are practicing and working out faithfully. Poole, newest member of the quartet in high school circles, expressed his pleasure at the contacts he has made to date as a new teacher and said he hopes to fit in with community needs in an efficient manner.

Mrs. Harold Huggins left Wednesday morning for a visit with her husband, Pvt. John Harold Huggins at Washington, D. C. She plans to be gone about two weeks.

Time On His Hands

George Quirk Reveals How A Cadet Manages To Ward Off Ennui At Kelly Air School

San Antonio, Texas, September 15, 1942. Just got the home town newspaper a short time ago and read the latest Floyd county news.

I have been here at Kelly for five weeks now and slowly but surely getting used to Army life. We get up at 5:45, dress in class A, and fall out at 6. Back in, shave, make beds, fall out for breakfast 6:25. Back in at 7 and fall out at 7:55 in p. t. clothes for a three and one-half mile run and exercise.

We get back from this at 9:10 and change to fatigue clothes, shower and fall out at 9:50 and drill with rifles, and web belts 'til 11. Fall in and change to Class A clothes and go to Med. lecture at 11:15. We then march to lunch at 12:05 and back from it at 12:40 or 12:55.

We march in Class B clothes to ground school and remain there till 3:50 and then march back, get our rifles, and web belts, white gloves, and go to retreat, which is about a mile over and mile back. At 5:25, we go to dinner and finish at 6. At 6:15 fall out in fatigue clothes and drill till 7. From 7 'til 10 we study math, code, airplane identification and ground forces. This is the end of the day and it is 7 days a week.

When eating we only sit on 3 inches of the chair, not talking, and at attention at all times in spare moments. Shoes must be shined at all times, all clothes folded properly and hair cut once a week. This is only a few of the things, so not so much time for anything. In the five weeks here we have been to town once.

I was classified as a pilot with three more of the fellows in the bunch from Lubbock. There were 20 of us coming down here at the same time. The other sixteen made navigators, bombardiers and a few flunked out. I expect to go to primary for flying any day and will be very glad. I would be glad to receive letters from anyone, but don't expect a quick answer.

Av/C George F. Quirk, San Antonio Aviation Cadet Center, San Antonio, Texas, Pre-Flight School, Group 18, Flight B, Squadron 2.

First Baptist Church News

(L. A. Doyle, pastor)

We were greatly encouraged by the increased attendance on our services last Sunday. We inaugurated our new streamlined services and the people were happy about it. We hope to get back all we lost in the change of time last spring. Remember our Sunday school meets at 10:30 and everybody has time to get to S. S. on time. Also we get away from the preaching services promptly at 12 o'clock.

Several of the Adult classes reached their goals last Sunday and we are expecting the whole department to reach the goal Sunday.

"Every member and active member," is our goal and the people are responding in a great way. Come and let us build the greatest Sunday school, preaching and B. T. U. services that we have ever had. May we count on you.

Christian Church

(Lawrence W. Bridges, pastor)

Next Sunday, September 27th our church and Sunday school observes an important day in the church year—Rally Day! Once more the summer season, with its multitude of distractions, has ended. On the threshold of a busy fall and winter season, both our church and the work-a-day world, our souls should yearn for comforting hours which only attendance at church services and concentrated church work and prayer can gratify.

Sunday school begins at 9:45 a. m. Morning worship is at 11 a. m. and closes at 12 sharp!

As never before, it behooves us to express a true gratefulness for our privileges in the freedom of worship, in regular church attendance and in an effort to live a truly Christian life.

We cordially invite you to come and study God's Word with us and worship with us in Christian Fellowship.

HERE ON LEAVE FROM DUNCAN FIELD, SAN ANTONIO

W. W. Wilson and Mr. and Mrs. John McKinney are here this week on a brief visit with their home folks, while on leave from Duncan field, San Antonio.

The McKinneys are visiting their parents, Mr. and Mrs. J. J. McKinney and Mr. and Mrs. P. W. Dennison, while Wilson is spending his leave with his parents, Mr. and Mrs. W. J. Wilson, and his son, Danny Ross.

Miss Glessie Goins, who has recently been promoted to cashier of the Citizen's National bank at Lubbock spent the week-end here with her parents Mr. and Mrs. J. A. Goins.

Mrs. P. G. Stegall returned home the first of the week from Oklahoma City where she visited in the home of her daughter Mrs. George Hulsey and Mr. Hulsey. Her grandson, George, Jr., who has been visiting here the past four weeks returned home.

Mrs. Ruth McPeak and little daughter of Plattville, Wisconsin and her sister Mrs. Paul Foster of Lubbock were guests in Floydada from Monday until Friday visiting in the home of Mrs. O. H. Johnston and Mrs. A. C. Jackson, sister-in-law of Mrs. Foster.

C. C. Huckabee, manager of Conday's Fuel association made a business trip to Amarillo Wednesday.

Floydada Pastor Is Moderator Of Bapt. Ass'n.

In the Annual Baptist association meeting at Ralls Tuesday and Wednesday of the week Rev. L. A. Doyle pastor of the local Baptist church, was elected moderator for the coming year.

To serve with Rev. Doyle, Rev. Jaudon Cobb, pastor of the First Baptist church at Lockney was elected clerk.

Those attending from Floydada included Rev. and Mrs. L. A. Doyle, Mr. and Mrs. G. N. Shirey, Mr. and Mrs. E. P. Nelson, Mrs. J. D. McBrien, Mrs. E. L. Norman, Mrs. Ross Henry, Mr. and Mrs. D. I. Bolding, Mrs. Bertha Gilbert, Mrs. S. T. Harris;

Mr. and Mrs. W. A. Cates, Mrs. A. D. White, Mrs. W. N. Paschall, Dr. and Mrs. I. W. Hicks, Byron Clark, Mr. and Mrs. Norman Hamilton, Mrs. Simmons, Mrs. Cloe Cates and Mrs. Roy Wood.

VIRGIL CURTIS KELLEY ON BUFFALO BULL FIELD SQUAD ROSTER

Virgil Kelley, a sophomore brother Curtis, will be among the more experienced back the Buffalo football squad. They have to depend upon in their early games of this season.

Their first game of the season will be at Lubbock against Texas Tech Red Raiders on Saturday night of this week.

O. C. Hampley of Silverton, a junior, and Duane Byars, freshman of Lockney, are also on the Buffalo squad this season.

J. B. JENKINS VISIT DAUGHTER SUNDAY AT OKLAHOMA CITY

Mr. and Mrs. J. B. Jenkins came home Monday from Oklahoma City where they were met by their daughter WAAC Officer Ruth Jenkins, of Fort Riley, Kansas.

Their son, Col. Dan W. Jenkins, director of training at Tyndall Field, Panama City, planned to meet his parents and sister and was enroute to Oklahoma City but had to turn back at Shreveport, Louisiana, because of weather conditions.

Miss Jenkins, the first woman from this district to be sworn in as a member of the Woman's Army Auxiliary corps, is now located at Fort Riley where she is receiving a mess management course.

KEEP SMILING, ALL WELL AND SAFE, BARTLETT WRITES HIS PARENTS

A cablegram was received Saturday by Mr. and Mrs. C. E. Bartlett telling of the safe arrival of their son Cpl. R. V. Bartlett who told his parents to "keep smiling" and "please don't worry."

He is a mechanic in the U. S. army. Mr. and Mrs. Bartlett had a letter from their son last week written from an unknown destination.

Miss Daisy Eudy, employee of the A. A. office at Lubbock spent the week-end here with her parents Mr. and Mrs. George Eudy.

P. T. A. Resume Year's Work Wednesday

The Andrews Ward Parent-Teacher association held the first meeting for the new school year Wednesday afternoon at last week at 3:30 o'clock at the school auditorium. Mrs. B. F. McIntosh, president of the association, was in charge.

The program was opened with the singing of "God Bless America" by the school children and directed by Miss Ouida Whitefield. Mrs. L. W. Bridges gave the invocation. Jean Battey gave a reading "Moo Cow Moo." W. B. Harris, principal of the school, addressed the assembly urging the attendance of the parents at all meetings, saying that it gave them a good opportunity to become better acquainted with their children's teachers.

A play "Oh For the Life of a Cat," arranged by Miss Luzzelle Bryan, was presented by eighth grade pupils. "Three Little Sisters," a novelty song and tap selection was presented by Bernice Woods, Ethel McNeely and Norma Jean Moore, accompanied by Orby Tye McCleskey.

Mrs. McIntosh introduced the following committee chairmen: Mrs. Lewis Norman, membership; Mrs. Robert McGuire, program; Mrs. Richard F. Stovall, finance and Mrs. Walton Hale, hospitality.

Mr. Harris presented the faculty members and they in turn announced the following room numbers: first grade, Mrs. Jack Deakins and Mrs. Lewis Norman; second A. Mrs. Clement McDonald and Mrs. Alton B. Chapman; second B. Mrs. Richard Stovall and Mrs. Glee Thomas; third grade, Mrs. Conner Oden; fourth grade, Mrs. Floyd Fuqua and Mrs. C. L. Huckabee; 5 A. Mrs. Brynne Hinkle, Mrs. D. Jones and Mrs. Lee Allen; 5 B. Mrs. Lee Trice and Mrs. J. M. Willson; sixth grade, Mrs. G. L. Kirk and Mrs. Ernest Fowler; seven A. Mrs. Jno. A. Lloyd and Mrs. F. C. Harmon; 7 B. Mrs. W. S. Moss; 8 B. Mrs. Sam McCleskey and Mrs. Chas. Lewis.

Pupils of the second and sixth grades won the prize for having the greatest number of parents present.

Miss Rita Rhodes was elected treasurer to take the place of Mrs. W. R. Simon who recently resigned.

1934 Study Club Present Short Play Tuesday

A one-act play entitled, "Mother Buys A Bond," was presented Tuesday night as a special feature of a program of the 1934 study club. The meeting was held at the home of Mrs. John Stapleton.

Members who presented the play were Mrs. Floyd Murry, Mrs. Laurie Lee Carlisle, Misses Sappho Ward, Margaret Stuart and Mrs. Mary Shaw. Resignations were accepted from Betty Newell, Florence McMurray and Mrs. Truett McClung. New members in the club are Mrs. Ernest Kelly, Miss Louise Conner, Miss Edna Ward, Miss Luzzelle Bryan, Miss Margaret Doak, Mrs. H. G. Barber and Mrs. Homer Poole.

Mrs. Walter Travis will entertain the club October 6 at 7:45 o'clock at her home. At this time the subject will be "Leisure."

Thursday Bridge Club Meeting At Stansell Home

Mrs. N. B. Stansell was hostess to the Thursday Bridge club members Thursday evening at 7:30 o'clock. Cut flowers adorned the entertainment rooms. Guests were served a refreshment course before the games.

Mrs. Kenneth Jeffers was high score winner for the evening. Others playing were Mrs. Wallace King, Mrs. Hershel Swenson, Mrs. Tucker Teutsch, Mrs. J. B. Claiborne, Mrs. Aubrey Stewart, Mrs. J. D. Moore, Mrs. Clinton Nyffe, Hazel Probasco and Mrs. Fred Nabors, a guest.

Mrs. Stewart will entertain the club at her home October 1 at 7:30 o'clock.

Get the Want ad habit.

Social Calendar

The Thursday Bridge club will meet at 8:30 tonight at the home of Mr. and Mrs. L. T. Bishop.

The Pla-Mor Bridge club will meet at 8:30 tonight at the home of Mr. and Mrs. Richard Stovall.

The Womans Missionary society of the First Baptist church will meet at 11 o'clock Monday morning for a covered dish luncheon and program in observance of the State Missionary week of prayer.

The Womans Society of Christian Service is scheduled to meet at 4 p. m. Monday at the First Methodist church.

The Idle Hour 42 club, announced to meet last Monday night was postponed to meet at 8:30 Monday night at the home of Mr. and Mrs. W. S. Poole.

The 1922 Study club will meet October 1 at 3:30 p. m. with Mrs. E. L. Angus. Roll call will be answered with names of United States Military leaders.

Thursday Bridge club will meet at 7:30 o'clock Thursday, October 1, with Mrs. Aubrey Stewart.

Mrs. Walter Travis will be hostess to the 1934 Study club at 7:45 p. m. Tuesday, October 6. The subject for the evening is entitled "Leisure."

WS of CS Accept Study of Latin America Monday

Mrs. Lorin Leibfried was leader Monday afternoon at a meeting of the Womans Society of Christian Service meeting that was held at the First Methodist church. She presented a background for the new study "Latin America" that was accepted by the society for study the next few months.

Mrs. G. L. Kirk presented in story "A Soldier Without Arms." Eighteen members were present for the meeting. Mrs. E. E. Hinson, president of the organization was present and presided at the meeting.

The next meeting will be at 4 p. m. Monday at the church.

Week of Prayer To Be Observed All Day Monday

Womans Missionary society of the First Baptist church met at 3 p. m. Monday and a Missionary lesson at the church. Mrs. G. N. Shirey was leader and gave the devotional.

Other members of the Blanche Groves circle had parts on the program. Twenty-two members were present at the meeting.

Members of the W. M. S. will meet at 11 a. m. Monday for an observance of State Missionary week of prayer. A covered dish luncheon will be served at noon.

CELEBRATES EIGHTH BIRTHDAY WEDNESDAY

Donald Bruce McGuire celebrated his eighth birthday with a party Wednesday evening of last week with a party at the home of his parents Mr. and Mrs. Robert McGuire. Various outdoor games were played by the children.

Refreshments were served to Carolyn McDonald, Willie Ann Wood, Gary Oden, Dan Hagood, Dan McCleskey, Joe Dan Bishop, Don Kirk, Brooks and George Chapman, Mack Travis, Mae Nell Bridges, Aubrey Guthrie, Bob White, Barry Rossion, Billy Joe Rice, Franklin Stovall, David Willson, Guy Clint Roy and Orland White.

Mr. and Mrs. C. L. Berry left Monday for Bonham for a visit with Mr. Berry's sister and husband Mr. and Mrs. W. B. Kemp and daughters. Harold Berry of Brownfield is assisting in the C. L. Berry Produce this week in the absence of his parents.

Mr. and Mrs. Herbold McNutt and small son, Larry, came Tuesday for a few days visit with their parents, Mr. and Mrs. H. E. McNutt and Mr. and Mrs. A. C. Collins. The McNutts reside at San Antonio, where he is employed in defense work.

Mrs. Glad Snodgrass 1922 Study Club Hostess Thursday

The 1922 Study club met at the home of Mrs. Glad Snodgrass Thursday at 3:30 p. m. o'clock using "Men Under Roosevelt" as their theme. The president, Mrs. Kenneth Bain, presided, and Mrs. Snodgrass was leader for the afternoon.

Roll call was answered by a news item. Those taking part on the program were Mrs. E. L. Angus discussing "Donald Nelson," Miss Sude Miller "Cordell Hull," Mrs. Bertha Gilbert "General Brehon Somervell," Mrs. J. K. Green, "Leon Henderson," Mrs. J. C. Wester, "Henry Morgenthau" and Mrs. Edd Johnson "J. Edgar Hoover."

A light refreshment plate was served to the following members: Mesdames E. L. Angus, C. K. Arnold, Kenneth Bain, C. A. Caffee, J. V. Daniel, R. E. Fry, Bertha Gilbert, J. K. Green, I. W. Hicks, J. B. Jenkins, Edd Johnson, Wilson Kimble, W. S. Poole, O. P. Rutledge, L. V. Smith, E. F. Stovall, Noel Troutman, J. C. Wester, J. M. Willson, A. P. McKinney and the hostess, house guest, Mrs. Addie Lomax and the hostess.

The next meeting of the club will be at the home of Mrs. E. L. Angus October 1 at 3:30 o'clock p. m.

ON THE DOOR OF AN INN

Carved in the heavy oaken door of the Roycroft Inn, East Aurora, New York, are these immortal words of Elbert Hubbard: "The Love You Liberate in your Work is the Love you Keep."

To do great work one must fall in love with his task. Cellini, the goldsmith, pouring his whole soul into his creations, achieved masterpieces, and the love he thus liberated brought him the praise of Kings. I've seen the designer of a piece of machinery pat it with pride, like he might pat the head of a son. It was a part of him. He had built his personality into it. That's why it was such a fine machine.

Luther Burbank's devotion to an ideal brought him the thrill of new plant creation. Henry Irving, practicing for more than thirteen years to perfect his acting of Macbeth, a part he loved, found that love coming back to him in the applause of his audience.

Work that is done in a spirit of love glows with a mystic quality no one can explain. And the worker feels as did Robert Louis Stevenson, who said, "I know what happiness is, for I have done good work."—The Silver Lining.

A prospective country school teacher and her girl friend hired a livery rig to visit the members of the school board.

"You won't have any trouble with this horse," the liveryman explained. "He's perfectly gentle. But be careful not to get the rein under his tail."

When they returned he asked whether the horse proved entirely satisfactory.

"Oh, perfectly," the prospective school teacher responded. "We did have a couple of showers, but my friend held her umbrella over his tail."

An American in London boasted about America's superiority until his friends tired of it. Loading him to the sleeping point with whiskey, they let him down into a newly dug grave. When he awoke in the morning, he climbed out and looked around.

"America's still ahead," he commented. "Resurrection morning and I'm the first man up."

Magician (sawing woman in half): "Now, ladies and gentlemen, after the young lady is severed, her brains will be given to a medical college and the rest will be thrown to the dogs."

Voice from balcony: "Woof, woof, woof."

In the National Forests of Texas, the Federal Government has constructed eleven 100-foot lookout towers and 500 miles of telephone line for fire control work; five dams and recreational areas around the resulting lakes; and 800 miles of forest roads.

From three to four million trees are planted annually on the prairie farms of Northwest Texas.

Studies of the annual volume of new wood created by the growing process of trees in the commercial forests in this country show that tree growth ebbs and falls in 11-year cycles, in rhythm with the 11-year solar cycle of rays from the sun.

Forty-one states cooperate with the forest products industries in programs for the prevention of forest fires.

Ticket Agent: "This ticket to the West Coast costs you \$100 and allows you a three-day hangover in Chicago."

Thrifty Miss: "And how much off if I don't get drunk in Chicago?"

Robinson—Who is the man you just raised your hat to?
Green—That? Oh, that was my barber. He sold me a bottle of hair-restorer a month ago, and whenever I meet him I let him know what a fraud he is.

A new method of making cans of wood pulp fiber without changing the machines formerly used for making tin-steel cans, has been developed by the American Can company as part of the war metal saving program.

The amount of new wood created annually by the growing process of trees in the American forests has been steadily increasing for a number of years, and now is estimated at more than 11,500,000,000 cubic feet annually.

Reverend Durant Accepts Call To C. P. Pastorate

Announcement is made this week of the acceptance of Rev. A. C. Durant of Detroit, Mich., who will arrive in Floydada in time for services the first Sunday in October, as pastor of the Cumberland Presbyterian church.

Rev. Durant comes to the church well recommended by the General Assembly of the church. He has a wife and two small children who will accompany him to Floydada.

Rev. M. F. Allen, Jr., supply pastor for the summer months, left the first of the month for Bethel college at McKenzie, Tennessee for his senior year.

Sunday school service at the church Sunday at 9:45 a. m. as usual with R. P. King, superintendent in charge.

"MAKE IT LAST" IS FIRST AIM OF ELECTRIC EQUIPMENT OWNERS

Calls for a million and a half copies of leaflets telling housewives how to care for electric equipment and make it last reached the Rural Electrification Administration headquarters at St. Louis within a single week after the first offer. These requests from rural electric cooperatives, says the U. S. Department of Agriculture, reflect the intense interest of homemakers in getting full service from the equipment they have and which they are not likely to be able to replace "for the duration."

The leaflets are reprints from pages in the Rural Electrification News.

Many users, particularly on farms, have acquired electric appliances recently—after electricity was brought to their farms for the first time. The REA is urging the sharing of electric equipment through cooperatives and neighbors while still usable. Clusters of young people are learning simple repairing.

Unable to extend services to many rural consumers because of metal shortage, the REA is urging families receiving cooperative power to produce and conserve food. With canning equipment at a premium, it is suggesting pooling of pressure cookers, hot plates, and other devices suitable for canning and other food preservation.

Among the principal species of trees planted in Northwest Texas are the Chinese and American Elm, cottonwood, honey and black locust, walnut, soapberry, green ash, bois d'arc, hackberry, alhambra, mulberry, apricot, Russian olive, plum, sycamore and flowering willow.

Vicar: "I have never christened a child who has behaved so well as yours."

Mother (beaming): "I have been getting him used to it with the watering car for the last week."

One of Texas' most famous flowers, the Drummond Phlox, was planted in many parts of the world, was discovered in 1833 in Texas by the botanist, Thomas Drummond, who collected Phlox seeds and distributed them widely in other parts of the country.

Six thousand tons of steel are being saved for munitions by utilizing wood in the construction of five new war production plants for the Westinghouse Electric & Manufacturing company.

More than 62,000,000 seedlings have been planted by hand in the forestlands of Washington and Oregon, in support of the forest products industries' program for growing more trees.

For 102 years, the Morse family of Coopstown, Maryland, have been operating a sawmill supplied with logs from their own farm woodlot. New growth of trees has kept the woodlot replenished.

"How did you like those Chinese backscratches I gave you?"

"Is that what they are? My wife's been making me eat salad with them."

Using wood instead of steel for folding chairs for the Army will save 21,750,000 pounds of steel this year, according to the Army Quartermaster Corps.

Visitor: "What a glorious painting! I wish I could take those lovely colors home with me."

Artist: "You will. You're sitting on my paint box."

Major: "Don't you know how to stand at attention?"

Rookie in oversized uniform: "I am, sir. It's my uniform that's at ease."

Victim: "What did you say this morning?"
Walter: Spring lamb.
Victim: I believe you. I've been chewing on one of the springs for an hour.

About 4,000 different native flowers thrive in Texas soils, giving the state a reputation as a "wild flower paradise."

Steel cargo ships require as much as 300,000 square feet of plywood in their construction.

Organized fire protection is maintained upon 334,000,000 acres of commercial forests in America.

Anthracite coal mines require seven cubic feet of wood for posts and shorings for every ten tons of coal which are produced.

The volume of wood used for fuel in America is second only to the amount which is used for lumber.

Approximately 40 per cent of the area of Texas is excellently adapted to natural wildlife preservation because of good natural cover, plentiful water and sparse population.

COMMUNITY REPAIR CENTER KEEPS THEM ROLLING

Eight farmers turned the old community blacksmith shop in Cuba, N. Y., into a farm machinery repair center. The result, reported to the U. S. Department of Agriculture, is that they are keeping their equipment in tip-top shape for food production, making it last longer, and helping the Nation conserve metals needed for war industries.

The center, set up as a cooperative enterprise by the farmers with loans of \$20 to each from the Farm Security Administration, is equipped with second-hand acetylene welding apparatus, a set of gas tanks, post drills, a grinder motor with extra wheels, a tap and die set, a heavy vise, and an assortment of small tools.

The woodchuck, long the victim of a bounty system in many counties and townships of southern Michigan is now classed as a game animal because of the good work he does in digging burrows which later are occupied by rabbits and other game. This summer, for the first time in the history of Michigan, the woodchuck will enjoy the protection of a closed season.

The purpose of a refugee is to provide better shooting on the surrounding areas which remain open to hunters. Refugees should be kept well stocked with game, and they should provide the very best possible habitat for the game. Each year the natural increase from the brood stock on the refugees will move out and replenish the supply in the nearby country.

Identify Grass Blight

Destruction of Pacific coast regrass, one of the country's most important coastal waterfowl food plants, is due to the same parasite which destroyed vast beds of the plant on the Atlantic coast, reports Charles E. Renn, Harvard scientist, in Science. Identified as a Labyrinthula parasite, the organism attacks leaf tissue of the plant.

Bears do not always hibernate in winter, especially in the South.

Deer Chases Dog

The Muskegon (Michigan) Sportsman gives us the following north woods version of the historic "man bites dog" news classic. Towerman Earl Hider, while watching for fires at the Manistique tower, saw a dog across a clearing with an angry deer hot on his heels. Only by the most energetic zig-zagging did the dog escape the deer's sharp hoofs and finally escape through a fence that stopped his irate pursuer.

The great live oak near Lamar, Arkansas county, is frequently referred to as the largest tree in Texas. Its trunk two feet above crown roots has a circumference of 29 feet six inches. Maximum spread of limbs is 102 feet. It is known as the Lamar Oak and also as the Taylor Oak, from General Zachary Taylor who camped under it during the Mexican War.

The museum in the art building of Texas State College for Women at Denton contains the collection of historic gowns of wives of the presidents of the Republic and Governors of Texas. This collection was presented to the college by the Daughters of the American Revolution.

U. S. A.—Philippines

Not wishing to be mistaken for Japs, Filipino employes on Pullmans are now wearing, at their own request, a button which reads: "U. S. A.—Philippines." It is hoped this will make doubly clear to all Pullman passengers that the attendant who waits upon them in club and lounge cars is not Japanese. There are none of the latter employes in Pullman service, the company states.

"Our object is to labor for the benefit of the whole; to retrench in our expenditures, to be prudent and economical, to study well the necessities of the community and to pass by its many useless wants, to study to secure life, health, wealth and union."—(Brigham Young, in the panic of 1873.)

There are approximately 60,000 retail druggists in the United States.

LATIN-AMERICAN ENGINEERS STUDY RURAL ELECTRICITY

Eight young engineers from 14 Latin-American Nations recently completed a year of work and study with the Rural Electrification Administration of the U. S. Department of Agriculture. Upon their return home they will tell officials, rural audiences, and their colleagues about the progress of electrification in their own countries, thus helping to create a new bond of goodwill between rural populations of the Americas.

During their stay here, the eight from Argentina, Chile, Columbia, Uruguay, Honduras, Mexico, Peru, and Guatemala, told members and officials of rural electric cooperatives about the progress of electrification in their own countries, thus helping to create a new bond of goodwill between rural populations of the Americas.

Sponsoring the program with the Department of Agriculture are the State Department, the Office of the Coordinator of Inter-American Affairs and the Governments of the various Nations represented. Success in universities program has inspired two additional Nations—Panama and Cuba—to send representatives for the 1942-43 season.

U. S. A.—Philippines

Not wishing to be mistaken for Japs, Filipino employes on Pullmans are now wearing, at their own request, a button which reads: "U. S. A.—Philippines." It is hoped this will make doubly clear to all Pullman passengers that the attendant who waits upon them in club and lounge cars is not Japanese. There are none of the latter employes in Pullman service, the company states.

"Our object is to labor for the benefit of the whole; to retrench in our expenditures, to be prudent and economical, to study well the necessities of the community and to pass by its many useless wants, to study to secure life, health, wealth and union."—(Brigham Young, in the panic of 1873.)

Why, David—are you trying to say you want me to be co-owner on your War Savings Bonds from now on?

Longhorns Gore Memphis 30 To 0 In Opener

As far as scoring went it was Mitchell all the way in the Lockney-Memphis inter-district game at Lockney Municipal field between Lockney High school and Memphis High school football squads last Friday afternoon, opening the season. Lockney won 30 to 0 line play being about equal with Memphis possible. But in the running Mitchell scored in every quarter. In the first he took a lateral pass from Parrack on the 28 and outran the right side of the Memphis line for 40 yards. In the second an interception by Parrack on the Memphis line gave the set-up for a 30-yard run by Mitchell around the left side.

Means Kick For Goal

In the third to give variety to the Mitchell took the ball on the 15-yard line and outran the Memphis line and outran the Memphis line in the same manner when a Memphis kick on the 35 and scored. And just to Memphis in the day a full one he intercepted a Memphis pass on the Lockney 40 in the fourth quarter and ran 40 yards for the fifth score.

Every time the Memphis boys tried to get the play coming but could not get in the way to stop Coach Leads feet-footed senior Longhorn. Present substitutions by the Memphis coach never did get the right combination system. Zimmerman, fullback for Lockney, had remarkable accuracy with his kicking the kicking twice to the coffin corner of Memphis and setting the stage for two of the scores. Parrack playing the same steady game of the year and the Dagleys, big and little, are the same aggressive line-men. The Colvins, Lon and J. C., at end positions did well and Howard, defensive but scrappy center was a Memphis weight counts.

Memphis Weight Counts

Weight showed its effect when Memphis tried straight line work. Late in the second quarter the Hall Memphis boys took the ball from their own 22-yard line to the Longhorn 20-yard line, but failed to reach the goal when the whistle blew for the half to end.

The game was played in a light drizzle the afternoon's forerunner of the big rain Friday night.

Leggers, deeds, notes at The Hesperian office.

GOLLY! THINK WHAT IT COSTS TO FEED OUR ARMY! ESPECIALLY IF THEY HAVE APPETITES AS BIG AS MINE.

I ASSURE YOU THEY HAVE—SO YOU SEE HOW IMPORTANT IT IS FOR US TO BUY U. S. WAR SAVINGS BONDS AND STAMPS NOW AND EVERY DAY!

Don Jones Says Farmers To Get The Job Done

If the average farmer finds himself out of patience with the powers that be, he must remember that democracies work through majorities and that bungling in high places is a part of the price we pay for our way of life.

This thought was given members of the Floyd County USDA Victory Council by Don Jones, superintendent of Lubbock Experiment station at Floydada Rotary club when he was guest speaker and the council members were honor guests of the club.

The producer will find himself working under increasing difficulties as a global war progresses. "What we must do is to get our own houses in order and produce in abundance as conditions will permit. The man close to nature can get the job done when the rest fail," he declared.

Lon M. Davis was program chairman for the day. More than 200 members of the council, from practically all communities of the county were present.

Late Getting In

First Mother: "These modern girls sure need discipline at times." Second Mother: "They certainly do. Only last night I had to send my daughter to bed without her breakfast."

Duty First

Maiden Aunt: "And what brought you to town, Henry?" Henry: "Oh, well, I just come to see the sights, and I thought that I'd call on you first."

Two Viewpoints

Mother: "I can't imagine anything sadder than a man without a country." Old Maid: "I can. How about a country without a man?"

Hard-Boiled Drill-Sergeant

The drill-sergeant was putting a squad of draftees through their first paces. Finally, exasperated at their uneven lines, he roared: "Whatsamatter! Don't you know how to line up? All fall out and look at the line you've made."

From Observation

Lawyer: "Do you understand the nature of an oath?" Mandy (on witness stand): "Ah sho' do, Mistah Lawyer. Mah husband gives a cantankerous mule."

No Warning

Traffic Officer: "How did this accident happen?" Meek Motorist: "Well, sir, my wife fell asleep in the back seat and failed to tell me to make a right turn."

Undoubtedly

Teacher: "Who can tell me what Paul Revere said at the end of his famous ride? All right, Jerry." Jerry: "My guess is he said 'Woah!'"

Yassah!

Parson: "You know, Sambo, it's no disgrace to work for a living." Sambo: "Yessah, dat's zackly what Ah always tells mah wife."

Washington, the smallest of our Western states, has a larger area than all of the New England states combined, with Delaware included.

Only 4 per cent of the producing oil wells of New Mexico require pumps. This is because of the great gas pressure in the southeastern New Mexico oil fields.

Quebec City, in the Providence of Quebec, experiences a tide rise and fall of 20 feet in the St. Lawrence river. Quebec City is more than 700 miles from the open sea.

South Texas rats are invading the Panhandle area for the first time in many years, according to E. G. Pope, of Lubbock, sub-district agent for the U. S. Fish and Wildlife service.

Many Tunnels

The "bat hole division" of one railroad had, at one time, 27 tunnels in a 150-mile stretch between Wymore, Ky. and Harriman, Tenn. One 14-mile stretch on the route had eight tunnels.

New Regulations On Car Sales Are Given

Under a change in rationing regulations, new automobile purchase certificates will not be granted hereafter to applicants who have disposed of cars adequate for their needs since January 1 of this year. W. E. Brown, chairman of the Floyd County War Price and Rationing Board, announced today.

"The test of the adequacy of such a car will be the same as it would be if the car were now owned by the applicant," Mr. Brown emphasized. Also special attention is given to provisions of this amendment which change the conditions under which men in the armed forces may dispose of automobiles.

"Hereafter, unrestricted sale of a new car by an inductee into the armed forces will be permitted only when it becomes certain that the seller actually will enter the service," he said.

"Previously, an inductee with a 1942 model car could sell it, even to a buyer who could not qualify for a certificate under the rationing regulations, as soon as the seller received notice to report for induction.

"If the seller was rejected on final physical examination but meanwhile had sold his car, he would have done so under a provision of the regulation that was intended only for those who actually go into the service."

This has now been changed, Mr. Brown explained, because of the greater number of rejections on physical examination at the induction point.

Another change, also, is that hereafter, members of the armed forces who acquire new automobiles after entering the service will be permitted to sell them thereafter only to certificate holders or to members of their own families.

Seventeen pounds of kitchen fats saved will produce a pound and a half of glycerine, enough to fire 85 anti-tank shells.

Industrial accidents have cost the loss of both eyes of 8,000 persons and the loss of one eye of 80,000 persons in the United States alone.

Novel Clock

A novel clock in a South American city is in the form of a searchlight. The clock, in revolving, falls on a different landmark every hour.

The larger part of the deer and wild turkey found in Texas are in the eastern half of the Edwards Plateau of Southwest Texas.

In 1940, more than 11,250,000 acres had been placed under forest fire protection of the Texas Forest Service.

Texas State College for Women, established by act of the 27th legislature in 1901, now has physical properties valued at \$4,430,000.

Salt deposits are widely distributed in Texas but occur chiefly in the salt stocks or domes of the coast region.

More than 2,000,000 dwellings along the Atlantic seaboard still use kerosene or gasoline for household lighting.

The construction of a large steam locomotive provides employment equivalent to the work of 50 men for one year.

There were 45,218 passenger train cars on the railroads of the United States at the beginning of 1941.

In 1921 railroads carried the average passenger 32 miles for his dollar; in 1941 they carried him 57 miles.

Six million more acres in Britain are under the plough than before the war.

Panama is 34,000 square miles in area—a little larger than the state of Maine.

China's coal reserve, at the rate of pre-war consumption, could supply her needs for 10,000 years.

The Atlantic Ocean, rivers and lakes comprise nearly two-thirds of the borders of Uruguay.

Iran, producing 10,900,000 metric tons in 1940, ranks fourth in total world production of petroleum.

Practically all the nitrate of soda used in the United States is imported from Chile.

World's largest refrigeration plant is at Buenos Aires, Argentina. It has a daily capacity of 5,000 cattle and 10,000 sheep.

The principal products of Burma are teakwood, tin, silver and petroleum.

There are four railway systems in the British Isles with a total mileage of 20,080 miles.

The diameter of the earth at the equator is 7,926,677 miles, and through the poles 7,899,988 miles.

The British Empire covers about one-fourth of the world's habitable land surface.

The gross output of goods and services in the United States in 1940 amounted to \$82,000,000,000.

The length of one degree of longitude along the equator is 69.2 miles.

Kiln drying of lumber was first employed in this country near Norfolk, Virginia, in 1879.

There was either oil production or active leasing and drilling in all but three counties in Texas in 1940.

L. D. BRITTON TRANSFERRED TO WEST COAST FROM DAVISVILLE, R. I.

Electricians mate first class, L. D. Britton who has been stationed for the past two and half months at Davisville, Rhode Island, has been transferred to the fleet marines and is located at present at San Diego, California.

A letter received by his wife this week said the transfer was made a week ago.

TATE FRY IS APPRENTICE SEAMAN AT SAN DIEGO

Tate Fry, brother of Luther, Olin and R. E. Fry of Floydada is now located in San Diego, California in the Naval Air base.

He enlisted several weeks ago from Lubbock as an apprentice seaman.

In 1940, Texas had more sheep than any other kind of livestock with 8,447,809 recorded by the Bureau of the Census.

The Hereford, frequently referred to as the "White-face" is the predominant animal of the Texas cattle range.

There were 228 dairy products factories in operation in Texas during 1939, making products valued at more than \$27,000,000.

The 80,352,000 pounds of wool produced in Texas in 1940 was the largest wool production in the history of the state.

In 1940, Texas had 85 per cent of the Angora goats in the United States and produced 86 per cent of the nation's mohair.

The number of Angora goats and the mohair production in Texas in 1940 was the greatest in the history of the state.

The eye tooth has no closer connection with the eyes than any other tooth.

Ninety per cent of our foot troubles and ailments are due to improperly fitting footwear.

There are approximately 6,000,000 rural free delivery mail boxes throughout the United States.

To maintain health, about 2,000 cubic feet of air is required every hour.

The three leading lumber producing states in 1941 were Oregon, Washington and California.

Texas is the ranking cattle-raising state by a wide margin, according to the census of 1940.

Texas' annual cheese production of over 20,000,000 pounds is valued at more than \$2,000,000.

Texas annually manufactures more than 11,000,000 gallons of ice cream.

TWO LOW TEMPERATURE MORNINGS REGISTERED

Temperature following rains of last week-end has been marked by two mornings of unusually low readings for this season or the year.

Sunday morning a temperature of 42 degrees was registered at West Texas Gas company and this morning a low of 50 was chalked up, with east northeast winds prevailing and low hanging clouds.

Mrs. J. R. Terry returned home Wednesday from a ten days trip to Temple where she visited relatives.

Mrs. A. L. Rice made a business trip to Plainview Tuesday. Pvt. Hershel Swepston of Shepard Field visited his wife and other relatives here the past week-end.

Mrs. L. D. Britton returned Tuesday after a ten day visit with relatives at Rochester, Dallas, and Fort Worth. Her parents, Mr. and Mrs. H. P. Bell of Rochester accompanied her home for a two weeks visit.

Generally accepted as the largest ranch in Texas, the historic King Ranch includes more than 1,000,000 acres which lie in eight counties—Nueces, Kleberg, Jim Wells, Brooks, Kenedy, Hidalgo, Willacy and Cameron.

More than 50 per cent of the United States' oil is produced by Texas and surrounding states, Louisiana, Oklahoma, Arkansas and New Mexico. Texas alone produces 36 per cent of the nation's oil.

The East Texas timber belt is today capable of yielding 87,000,000 cords of wood pulp, more than six times the total pulpwood requirement for the entire United States in 1930.

Several hundred species of cacti are indigenous to Texas and cover a wide range from the western edge of the East Texas Forest Belt to the western boundaries of the state.

The piranha, an 18-inch fish of South America, kills hundreds of cattle every year. It attacks and poisons them as they wade into streams to drink.

In England the sturgeon is known as the royal fish because, since the time of King Edward II, the reigning king of England may claim any sturgeon caught.

The railway mileage of the United States is greater than that of all Africa, Asia, Australia and South America combined.

The black bear, panther, bobcat, lynx and deer inhabit the Big Thicket, an area in the southern part of the East Texas Forest Regions.

In the Chisos Mountain in Texas are found rare species of juniper, not known to exist elsewhere.

Texas State College for Women at Denton has a larger enrollment than any other state supported women's college in America.

CAPTAIN ADOLPH CATTARIUS, AAF

PARTICIPATED IN EVERY IMPORTANT FLIGHT OF THE FLYING FORTRESSES—WAS ONE OF THE MACKAY TROPHY WINNERS IN 1939.

IT'S A MERRY-GO-ROUND!

MADE FIVE ROUND TRIPS BETWEEN WRIGHT AND MICHESNEY FIELDS IN 24 HOURS!

PERSONALLY CONGRATULATED BY GENERAL ARNOLD.

NUPTIAL ARBOR OF RIFLES—At a soldier's wedding in the Eighth Armored Division at the Chapel of Tent City, Fort Knox, Ky., rifles and bayonets rather than sabers formed the arch for the bridal couple after the ceremony. The bride was Miss Dorothy Parody, of Watertown, N. Y., and the bridegroom, Staff Sergeant Lorin E. Hicks, of Toledo, Ohio. The novel idea was the creation of the sergeant's Army comrades.

U. S. ARMY DIVISIONAL SIGNS

DO YOU RECOGNIZE THESE EMBLEMS?—Patches worn on the left shoulder sleeve of the soldier's service coat or overcoat indicate the Division to which he belongs. Insignia designs are made in a wide variety of colors but are reproduced above in silhouette to facilitate recognition. The absence of certain divisional numbers indicates that such divisions are without personnel or not yet organized.

Center News

(Too late for last week)

CENTER, Sept. 15.—Mrs. H. B. Mankins arrived home last Wednesday from a visit at Fort Worth with her sister, Mrs. Frank Corley, at Nash, Oklahoma with her mother, Mrs. Ada Burke, with another sister at Tulsa, Oklahoma, and with her brother, Edd Burke, and a cousin. She and Mrs. Corley made the trip to Oklahoma together.

Mr. and Mrs. C. J. McClure and daughter, Mrs. Edd Ernest spent Sunday, September 6 in Childress with a daughter and a sister. Mr. Ernest met them while on leave from army camp.

Mrs. Edwin Goughly and little son spent last week with his parents, Mr. and Mrs. O. R. Goughly. Clyde Green entered school at Wayland college at Plainview last Monday.

Mr. and Mrs. Leighton Maggard visited with her parents, Mr. and Mrs. W. B. Jordan Sunday.

Mr. and Mrs. O. G. Mayfield and son were Saturday dinner guests of Mr. and Mrs. C. P. Looper. Mr. and Mrs. J. R. Austin, and Mr. and Mrs. J. B. Jordan went to New Mexico this week for a pick-up load of apples. During their absence Mr. and Mrs. W. B. Harris and Mr. and Mrs. W. B. Jordan are caring for their property.

Mrs. J. L. Montgomery and Mr. and Mrs. Johnson visited in the Otis Ginn home at Cedar Hill Sunday afternoon.

Mr. and Mrs. Clyde Bagwell and Mrs. Bagwell's mother, Mrs. Joiner attended church at Floydada Sunday morning.

Mr. and Mrs. W. B. Jordan were Sunday dinner guests of Mr. and Mrs. D. D. Welborn and Mrs. D. E. Welborn.

Mr. and Mrs. Clyde Peterson and daughters, Shirley and Jean were Sunday dinner guests of Mr. and Mrs. H. B. Mankins.

Mr. and Mrs. Will Love, who farmed Mrs. Montgomery's farm twenty years ago came by for a visit last

week. They were accompanied by a daughter, Bertha Faye. They reside near Paducah now, and also visited with Mr. and Mrs. N. R. Austin while here.

Mr. and Mrs. A. L. Spence have their daughter, Inez, as their guest this week. She and her mother visited Mrs. Burl Huckabee in Floydada Monday.

A recent letter was received here saying that Mrs. Doyle Sandefur had arrived in San Diego, California all right.

Mrs. Olin S. Miller and Mrs. G. C. Bailely are both reported as ill this week.

C. E. Finley was brought home from a Floydada hospital this week where he has been the past few weeks receiving treatment for a broken pelvis.

Floyd Montgomery was home over the week-end and reported that he liked his new teaching place at Oton.

CLAUDE HAMMONDS SALESMAN WITH MARTIN & COMPANY

Claude Hammonds, who has served the past four years with Oden Chevrolet company as salesman, is now with Martin & Company in the sales and service department. He began work at the new location last week.

Mrs. I. W. Hicks left Wednesday for Spade, Texas where she plans to visit several days in the home of her daughter and husband Mr. and Mrs. V. L. Jackson.

Mrs. Dora Crain of Lubbock visited relatives here this week-end.

The U. S. Army emphasizes its current need for experienced mechanics for immediate duty with the Army Air Forces, Ordnance Department, and Signal Corps with the above picture. It symbolically portrays an Army technician at work with modern tools of war while his former self, a machinist working at the same task in civilian life, appears in the background. Men between the ages of 18 and 44, inclusive, who have worked with tools, may now enlist directly in the Service which need them most.

WARTIME CHIEF SIGNAL OFFICERS—One of the most highly specialized of all the forms of military service is the Signal Corps which was established in the United States Army 82 years ago by Brig. Gen. Albert H. Myer (upper left), who entered the Army as a surgeon, in the late 50's. On July 2, 1860, he was appointed chief signal officer with the rank of a cavalry major. After the War between the States he organized the U. S. Weather Bureau. Another pioneer Signal Officer was Maj. Gen. A. W. Greeley, soldier and famous Arctic explorer (upper right). Maj. Gen. George O. Squier (lower left) developed the efficient service of the Signal Corps during World War. Maj. Gen. Dawson Olmstead (lower right), present Chief Signal Officer, heads the greatest military communication system in history.

COOKING QUERY CORNER

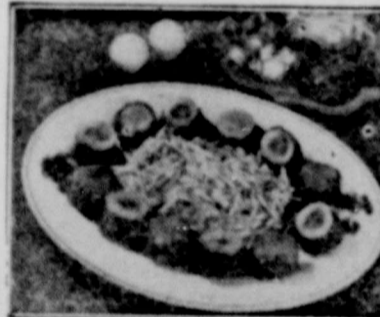

HOW DO YOU MAKE MEAT MUFFINS?

The Ingredients Here's something everyone will like. These meat muffins need no watching, no turning—just put them in the oven and forget about them until it's time for them to be done.

Combine 1 1/2 pounds ground beef, 3 tablespoons finely chopped onion, 1/4 cup horseradish, 2 eggs, 1/2 cup cracker crumbs, 1 teaspoon salt, 1/2 teaspoon pepper, 1/4 cup tomato catsup.

Line the greased muffin pans with onion rings, pimientos cut as stars or other designs. Pack the mixture in the pans leaving about 1/4 inch space on top of each muffin so the drippings will not run over the pan as the muffins cook.

The Finished Muffins Bake in a 350 degree F. oven for 45 minutes. Turn out the muffins on a platter and serve around Julienned potatoes. A relish tray of radish roses, celery curis, and chopped sweet pickles is a good accompaniment.

EDITORIAL

The spirit of F. H. S. is now lower than a "snakes tracks." Why in the world can't the students get in the groove and help make this school something to be proud of?

Students are acting as if they were just visiting and are embarrassed about the whole affair. During assembly the other day, the boys acted as if they were afraid their best girls were watching and they would make a fool of themselves. Even if you can't play football you should at least show your school spirit by helping cheer for the football boys. They are showing their spirit by playing football, at least it isn't asking too much to try to get you to yell a little. It turned out to be a pretty good thing when the football boys have to play football then do their own yelling. And that's just what happened during assembly.

Yes, spirit is low. It wouldn't be much of a show if the Marines did not have any more spirit than we have. Those fellows know what spirit means when under pressure. And the same holds true in high school, during a football game or in the school building. So fellow students, do you share and help boost the morale of this high school.

Football Squad Have Charge At Assembly

The assembly program for Wednesday, September 16 was in charge of Coach Murray, the football boys and the pep squad.

After a short introduction of the boys by Coach Murray, the program was turned over to the pep squad leaders, who led the student body in a number of yells. The program closed with the school song.

Billy Switzer Joins Up With The Air Corps

Billy Switzer, who has been working in the Consolidated Aircraft factory in California, has been visiting Floydada High school where he graduated in 1938.

He obtained a leave of absence to join the air corps September 21, and after 46 weeks of training will be transferred to Australia where he will be a flying mechanic in the air corps.

Virgil Boteler, Bryan Collins, Cageline Carmack and Pat Collins have been visiting school.

WORKING IN THE LIBRARY

The girls who are working in the library this year are Erva Lee Hartson, Oleta Norris, Faye Nell Ginn, Francis Cox, Florine Hamm and Sammie McCleskey.

SENIOR PICTURES

The Seniors are asked to come Tuesday ready to have their pictures taken. The photographer will be from Alderson's Studio, of Clarendon, Texas.

GOSSIP

Rock-a-bye seniors
On the school top
As long as you study
Your grades will not drop.
But if you start dozing
Your standard will fall—
Down will come senior
Diploma and all.

She was only an undertaker's daughter but oh, how she could lay them out!

She was only a printer's daughter, but I liked her type.

1st Jerk: My brother is a scientist. He crossed a peach with a plum and got a nectarine.

2nd Jerk: I don't think that's so good. My uncle crossed an automobile and a locomotive and got a funeral.

Roses are red
Violets are blue
Frankly speaking this dives me nuts, too!

My, you girls must have rough hands! When it gets to the point where the boys can't tell whose hand they're holding, it's time you tried "Jergens" for the skin you love to touch.

24 Boys Initiated As Green Hands At F. H. S.

Twenty-four boys were initiated into the degree of Green Hand Wednesday night September 16 in the Ag. room of the high school.

Those receiving degrees were O. L. Cox, Bill DuBois, Oran Eubank Marvin Glassmoyer, Clarence Edwin Guffee, Beryl Hamblen, Donald Jones, D. F. Payne, J. C. Porter, Ray Teeple, George Tyler, Bill Warren, C. H. Wise, Jackie Gene Brock, W. T. Conner, Johnny Hammond, James Langley, George Mize, James Payne, John David Perry, Kenneth Poole, Kenneth Williams, Charles Woody and Billy Hinkle.

After the formal initiation, there was an informal party after which refreshments were served to 32 boys and two guests.

Verlon Wright Wins Gift
Verlon Wright, son of Mr. and Mrs. W. C. Wright, was winner in the first year F. P. A. Improvement contest and was given a 10 weeks old registered Chester White gilt as a prize.

Verlon will keep the gilt and when she has farrowed a litter, he will give the winner in next year's first year class his choice of the gilts in the litter. W. C. Trowbridge, vice-president of the chapter is giving the gilt this year.

He's gone and left I all alone
Why him done it I could not know—
(Please excuse these outbursts of poetry throughout this column as it just must blow off sometime.)

Just what did Harold mean when he said "You don't know what you missed. You should have been out with a college co-ed?"

Calling all boys! Calling all boys!
Be on the lookout for a blond
Out on the hunt for a new boy friend.
She is dangerous.
That is all.

They met on the bridge at midnight
They'll never meet again.
For she was an eastbound heifer.
And he was a west bound train.

Double dates Sunday, Marion Parrish and Lucille Thompson, Jimmy Laminack and Avenelle Moss. Can this be a new romance or just one I haven't heard of.

Johnny and R. T. didn't seem to enjoy the mid-night pre-view Saturday night. I know why, but I ain't talking!

I wish Mildred Wood would introduce her boy-friend to us. Oh, boy! Were there people or weren't there people in Roy's car Sunday night? You guess!

Little Joe had a Ford V-8
Little Joe had a heavy date
Little Joe went 88
Little Joe's at the Pearly Gate.

Glenna Faye certainly didn't have her mind on Monday. Billy Hinkle didn't affect her that way, did he?

Those Sophomores are really making hits in High school. Just ask Eddie Duncan and Mozelle Lench if you think I'm kidding.

What's at Dickens besides Arnel Ray? Cumbie that interests Wilma Smith so?

What's this I hear about Pete Malphurs taking Doris Cornelius to Levelland?

W. V. Smith has his mind turned toward Sand Hill. What girl is it, W. V.?

Where did that watermelon come from, those people were eating at Mrs. Moore's?

Gee, I wish I knew who all those letters are from in Ruth Webb's notebook!

Billy! who wrote "Maurene" on your arm? People have the strangest ways of showing their affection.

That's all for now, but drop your little tattlings in the gossip box in Mr. Poole's office for next week.

P. S. in case any of you girls are needing any help catching you a boyfriend, I am selling bear traps and six guns at half price this week.

MRS. TATE JONES HOSTESS TO DOUGHERTY H. D. CLUB

The Dougherty Home Demonstration club met Wednesday at the home of Mrs. Tate Jones. Eleven members and one visitor was present for the meeting.

The president of the club, Mrs. J. T. Poole was present and in charge of the roll call and business. Roll was answered with "Recent discoveries in nutrition."

Mrs. D. C. Caruthers was elected secretary-treasurer to serve the remainder of the year. Members who presented the program were Mrs. C. A. Caffee, Mrs. A. H. Kreis and Mrs. Louis Blum.

Following the program, Mrs. Sam Lide directed games. Mrs. Caruthers and Mrs. R. T. Jones were prize winners in the recreational contests.

Names of "secret friends" were drawn for the remainder of the year, followed by a refreshment course served to Mrs. Blum, Mrs. J. T. Campbell, Mrs. Caffee, Mrs. J. T. Poole, Mrs. W. S. Poole, Mrs. R. T. Jones, Mrs. O. G. Glassmoyer, Mrs. Caruthers, Mrs. Lide, Mrs. Kreis, Mrs. Tate Jones and Mrs. Dot Hammonds, a visitor.

Mrs. J. T. Poole will entertain the club October 7. At this time Miss Edith L. Wilson, agent will give a demonstration on "Variety of meats in the diet."

Mr. and Mrs. Buck Hall and family of Los Angeles, California, came Saturday for a visit with their parents Mr. and Mrs. R. F. Hall and Mr. and Mrs. W. H. Harrison.

Expensive plantings of evergreens around the home which have an appearance of dead foliage may indicate the presence of red spider. A thorough dusting of sulphur will control red spider. If new growth does not appear within seven to ten days after applying dusting sulphur it would indicate the tree needed a feeding of iron sulphate or copper sulphate. Recommendations for feeding trees may be secured from the county agent.

The President has indicated farmers will receive parity prices for agricultural commodities, effective on or about October 1. The index for agricultural prices has been 116 per cent of parity. Beef cattle, for example, on August 14 was 136 per cent of parity, the parity price being \$24 and the actual price 11.30.

Farm managers can expect decline in most agricultural commodities within a short time. This means livestock owners must review their feeding practices to see that they have properly balanced feeding rations that will secure the maximum gain in the shortest possible time.

The farmers have been often referred to as the "bottleneck" in the war program. They have been referred to as holding livestock off the market for higher prices. Such charges are not true.

History's greatest potential beef supply is indicated by the latest survey of cattle on farms and ranches. There were 74,000,000 head of cattle on January 1, which was 3,000,000 head more than the year before. At the same time there were 7,000,000 more hogs when compared to January 1, 1941. The record 1941 fall pig crop to be slaughtered in late summer and early fall of 1942 is 18 per cent larger than the 1940 pig crop. This year's spring pig crop made history topping previous records by 15 per cent and adding 62,000,000 pigs to our supply of pork on the hoof. This crop was 25 per cent larger than the 1941 spring crop. In addition, our January supply of sheep on farms and ranches was 1.6 million head greater than the year before.

For the fiscal year July 1, 1941 through June 30, 1942 farmers and ranchers have sold for slaughter 12 per cent more cattle, 16 per cent more hogs and 5 per cent more sheep for the corresponding period the year before.

Those who criticize the expected meat shortage would do well to study carefully the food requirement for the American soldier. These men are working harder than any other class of people and therefore deserve the best food that is available.

The small grain and grain sorghum crops grown in Floyd county may soon be recognized as important crops. Alcohol can be processed from these crops which is used as a solvent for making gelatin, dynamites and smokeless powders, as fuel for torpedoes, as a dehydrating agent for nitroglycerine, and as a raw material for production of Butadiene. Butadiene is used in making synthetic rubber.

Farm managers who are becoming more interested in planting specialized crops of peanuts, soy beans, and castor beans, may realize their greatest contribution to the war effort will come from the production of those crops more adapted in the county; namely, wheat, rye, barley and all of the grain sorghum crops.

FURROW FAMILY REUNION LAST WEEK END

All the children except one daughter and husband were present Sunday at the home of their parents Mr. and Mrs. W. H. Furrow.

The children are Mr. and Mrs. N. O. Golden and son of Amarillo; Mr. and Mrs. Dick Whitehead of Amarillo; Mr. and Mrs. S. J. Furrow and children, city, Mr. and Mrs. Wayne Furrow and children of Los Angeles, California and S. J. Furrow of the parental home.

Mrs. Wayne Furrow and family are spending some time with her parents Mr. and Mrs. W. H. Harrison.

Mr. and Mrs. Buck Hall and family of Los Angeles, California, came Saturday for a visit with their parents Mr. and Mrs. R. F. Hall and Mr. and Mrs. W. H. Harrison.

"Git along little doggie...you're a Fraud"

SLEEPING DOGS MAY LIE, but so do some that stand upright. Yet one sniff satisfies Foxy that his little pal is a fake.

Too bad you can't just as readily smell quality in oil. Neither can you see it, feel it, or taste it. This doesn't mean that there's no way to spot the genuine article.

So here are facts to help you pick a quality oil: Phillips offers a number of oils because car owners' preferences vary almost as much as their cars and pocketbooks. But when you want our best oil, there's no need for doubt or question. Phillips speaks out plainly. Tells you frankly that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer to car-owners like yourself.

You can readily make sure of quality when you are replacing summer-worn lubricant with the correct winter grade, or when you are making the regular 1,000-mile change, by asking for Phillips 66 Motor Oil.

IT'S PHILLIPS FINEST QUALITY

First Pep Rally Thursday Night Big Success

Last Thursday night a pep rally was held as is the custom before each football game.

Everyone met at "Martin's Corner" at 8 o'clock. After a few yells and numbers played by the band the members marched through town and stopped in the middle of the square to yell. They then marched to the bonfire where more yells and numbers were given.

After they finished with the yells they marched back through town to the make dance. Announcements were made concerning the football game and they were dismissed.

The first "pep rally" was a big success, so let's keep them that way.

WHIRLWIND-BULLDOG PRACTICE GAME IMPROVE FIGHTING

The Plainview Bulldogs repaid the vengeance that we had with them last week. Our boys showed improvement over the other scrimmage, although there is still a weakness in the Whirlwind guards. The Whirlwind team did very well for the first fifteen minutes as Plainview had to kick on the fourth down the first four times they got the ball.

The two teams spent a good while trying their new plays. Floydada put a light defense while Plainview practiced their plays, then Plainview did the same for us. These scrimmages helped a great deal in getting the boys in shape for the first game.

HE HIDES IDENTITY OF PLAYERS AS CROWELL, FLOYDADA TUSSELE IN RAIN

Last Friday night the Whirlwinds won over the Crowell Wildcats with a score of 6-0.

The field was covered with water but they played right on through the rain. The players were barely distinguishable as they were covered with mud.

ORAN BECK'S ADDRESS

Oran Beck, now in the Marines, has asked that the students write to him. His address is:

Pvt. Edward O. Beck,
Platoon 742
Recruit Depot Marine Corps Base
San Diego, California.

Kelly At Matador As Coach While Awaiting Call

Brady Thomas, who has been stationed at the Naval base at Norfolk, Virginia, as a member of Squad 42 in Physical Instructor school visited in Matador last week with his wife. Together they will go to Ames, Iowa, where he was transferred as Physical Education Instructor in a Naval unit of Ames college.

Mrs. Thomas, who was serving as commercial teacher at Matador High school, resigned her position to accompany her husband to Ames. The vacancy left by her resignation had not been filled last week.

E. I. Kelly, of Clarendon, formerly of Floydada, was approved by the Matador Independent School board of education Tuesday morning as athletic coach at Matador to fill a vacancy on the faculty. He is enlisted in the Army Air corps and is awaiting call, but school officials believe he will be there until near the end of the football season.

Mr. and Mrs. Hobby Heath and daughter Carolyn of Plainview and Mr. and Mrs. Raymond King and daughter Sandra Kay of Littlefield visited in the home of their parents Mr. and Mrs. E. C. King Sunday.

Rain Storm—

(Continued from first page) probably did not exceed an inch and a half. Rainfall in the north end of the county was practically ideal.

In portions of Starkey and McCoy districts the rain ran close to 10 inches Saturday and Saturday night and in the west part of Harmony seven inches of rain was recorded. The fall south of Dougherty at the Hinsley place was 4.25 inches and at the J. T. Poole place five inches.

John Smitherman just south of South Plains had considerably less rain than at Floydada. B. L. Breed, Lakeview, had five inches and Oliver Dudley east of Hillcrest near the caprock had about the same and on the Lakeview section 6.25 inches fell.

At Cedar very heavy rains fell, probably six or seven inches. J. C. Ginn said, although he did not get the official figures.

Catfish Draw Cuts Up
Indicating what a tremendous rain fell south of Blanco canyon in the southwest corner of Floyd county and the east edge of Hale county on the Catfish draw watershed, that little, usually dry depression that flows into Blanco at the Crosbyton-Floydada highway southeast of Lakeview, could not be crossed Saturday or Sunday where it intercepts the McCoy-Petersburg highway a mile east of Allmon school. It was still flowing freely Tuesday morning through the H. A. Krause stockfarm.

A display of electricity accompanied the rain storm Friday night and did quite a bit of damage to the home of Mr. and Mrs. A. B. Keim

at 217 West Houston street and burned the electric wiring in to at the home of Mr. and Mrs. Claude Hammonds home on West Tennessee street.

At the Keim home, a hole the size of a man's head, was knocked in the ceiling above the living room. Mr. Keim said, "We had quite a time catching the water that came through the hole and had to stay up practically all night," he said.

Mrs. Grady Harris—

(Continued from first page) A. J. Cline, Mrs. Carl Smith, and the husband, Grady Harris from Floydada, Mr. and Mrs. J. A. Coker, Mr. and Mrs. Pavelka and the brothers, Charlie and Horace Coker.

Out-of-Town Relatives
Out-of-town relatives present for the funeral service were Mr. and Mrs. John Heck, Wilson; Mr. and Mrs. R. H. Stricklin and Josie Helen Stricklin, Lamesa; Mrs. T. H. Wheat, Lamesa; Mrs. Howard Cook, Wilson; Mr. and Mrs. Charlie Nickles, Sudan; Mr. and Mrs. Frank Beuymann, Winters; Mr. and Mrs. Frank Cline, Lubbock; Mrs. Mildred Drace, Lubbock; Mrs. Homer Stovall, Lubbock and Mr. and Mrs. Aubrey Harris, Tulsa, Oklahoma.

Soft Road Beds Hamper Traffic Over Railways
Soft road beds hampered rail traffic into Floydada during the weekend on the Santa Fe and the first of the week over the Q. A. & P.

A wash-out three miles northwest of Floydada Saturday morning early kept trains from running on the Santa Fe through Saturday and Sunday, service being resumed Sunday night.

On the Quannah, Acme & Pacific softened roadbed near Sweetwater caused a rather serious derailment of the local freight eastbound Monday night and service was not resumed until late Tuesday night. The regular passenger run was made also Wednesday morning.

Mrs. Flake Dillard and son of Amarillo visited friends and relatives in Floydada this week. They returned home Tuesday.

Edgar Ray Gound of San Angelo visited his grandmother Mrs. R. T. Miller and other relatives here the first of the week. He was met here by his father Walter Gound of Arizona who accompanied his son to Stephenville, Texas to enter John Tarleton college as a freshman student.

Mrs. Charlie Spence is expected home this week-end from Los Angeles, California where she has been the past ten days visiting her son Orville Spence of the U. S. Army air corps.

Kimble's Store Undergoes Big Change Inside

Wilson Kimble Optometric clinic company offices have undergone a complete change the past two weeks. Five additional rooms have been added to take care of new equipment.

All space formerly used by the Optical and Jewelry company has been converted into space used in the clinic. Space for building visual skills, special room for taking ophthalmograph film, showing the eye motions while reading, space for taking visual fields, a new refraction room and an enlarged and improved laboratory has been included.

A reception room 14 x 30 feet serves as an entrance to the clinic. The work is not complete, lacking the finishing of the woodwork and floors. The clinic, located at 119 West California street, will be one of the best equipped in the country when completed.

Dr. Kimble is assisted in the clinic by the following corps of assistants: bookkeeper, Mrs. Wilson Kimble, stenographer, Miss Ida Mae Beedy, optometrist, Dr. Jay Kinard, optician, Oatis Ray McIntosh.

Get the Want ad habit.

TEXSUN LEMONS
70% MORE JUICE
IDENTIFIED FOR YOUR PROTECTION
fresh from Keith's

Next time you entertain one of Uncle Sam's boys for dinner, just put a big piece of lemon meringue pie in front of him and you'll make a friend for life. No wonder lemon pie is the universal favorite of Uncle Sam's fighting forces. It's EVERYBODY'S favorite. Especially when it's made with TEXSUN lemons.

Ike Finley New First Aid Head For Red Cross

Ike Finley is the newly-named chairman of First Aid for the Floyd County chapter of American Red Cross, succeeding V. L. Elliott now in Amarillo, and announced this week that a new instruction course in first aid would be started soon if the demand was sufficient.

In connection with first aid activities, to help him familiarize himself with the new duties, Finley said a representative of the Mid-western area of the national organization will visit Floydada on September 30. This representative is Elmo Low, who will help develop the greatest possibilities of first aid locally. After this conference definite plans will be formulated.

Meanwhile those who are interested in taking the first aid course are asked to contact Mr. Finley, County Chairman Clarence Guffee, Joe Browning at Armour Creameries or Melvin Henry at Floyd County Rural Electric coop.

If the course is undertaken it will be directed by Joe Browning who had an instructor's course at A & M college this summer.

Filing supplies, business forms, binders at The Hesperian.

Boy Scouts Find Still Scrap To Be Marketed

There is still a lot of iron and steel junk in the county to be rounded up and disposed of for the war effort, Boy Scouts of Troops 57 and 64 believe.

This belief is based on their experiences this week in making the rounds of Floydada homes where they are offering to gather the junk and see that it gets in the hands of their sales go to their troop funds and they are trying to spend two hours each afternoon on the job, accompanied by some adult Scouter.

They are using a truck borrowed from Oden Chevrolet company.

Garlan Glover, who spent one late afternoon with the boys and their truck, said they gathered nearly a ton of scrap that day.

If you have steel or iron scrap and are willing for the boys to have it to sell, advise Mr. Glover, Terrell Loran at phone No. 27, Tucker Teutsch at No. 72, or call The Hesperian office. The boys will call as soon as they can get around to you.

Mr. and Mrs. D. E. Smith of Crosbyton visited here Sunday in the home of Mrs. Smith's father, E. A. Childress.

THREE OF THE FINLEY BROTHERS NOW IN ARMED FORCES OF COUNTRY

Three of the seven Finley brothers, sons of the late A. F. Finley, deceased, are now in the armed forces of the country.

Of these Glen is at Camp Bartley in the medical corps, Elmer is at Camp Gruber, Oklahoma, also in the medical corps, and Millard is at Salt Lake City air base.

R. F. W. L., and Ike are in the seventh brother is working in a shipyard at Wilmington, California.

HERE STYX!

That's that little black cocker spaniel pup of mine HAVE YOU SEEN HIM?

I'll give you a reward if you'll tell me where he is.

READ OUR WEEK-END SPECIALS AT THE STORE

We've Put On Our War Paint For The Duration

No, we don't mean camouflage. We're talking about the ceiling prices you find displayed throughout the Felton-Collins Store these days. All those signs and placards show that we are in this war, too—all the way.

Every ceiling price is your guarantee that Felton-Collins is on the firing line in the nation's battle against rising prices.

You can't fight tanks with touring cars and you can't down a Stuka with a golf ball. That's why America has converted its production to war.

You can't fight—and win—a war with rapidly rising prices. You can not win on the battlefield while you're losing on the "home front."

That's why Felton-Collins is for Price Control. It's a guarantee that we're going to stay in business—and that you're going to stay in business—whether that business is building a strong, secure "home front"—or forging the tools of Victory for the fighting front. And it's your guarantee, too, that prices are not going to climb—that you're going to find the same high quality at the same fair price at Felton-Collins.

Yes, those ceiling prices displayed so plainly are our battle flags in the struggle against inflation. They are your assurance that we are doing business—not as usual—but as it should be done for the protection of the consumer in time of war.

Service to the customer has been our watchword in war and peace. We may have put a ceiling on our prices, but remember there will never be a ceiling on Felton-Collins determination to serve the community in a manner above and beyond the line of duty.
