R. A. Jeffaries' Bank At Hale Center Robbed

Quick thinking by R. A. Jeffaries, vice-president of the First National bank at Hale Center last Friday afternoon saved nearly \$7,000 in currency from the hands of two armed but unmasked robbers, who entered the bank at 2 o'clock and left a few moments later with \$9,426. Jeffaries, opening the money vault on order of the robbers, dropped a handful of the money to the floor. It was overlooked by the bandits.

With Jeffaries in the bank at the time were Al H. LeMond, cashier, and Mrs. Jessie Payne, bookkeeper as well as three customers, Curtis Lagan, E. J. Watkins and Hollis Bryant, farmers of that territory. All were made to lie down on the floor, while the bandits robbed the tills. Jeffaries then was ordered to empty the vault. Two other customers who walked in during the robbery also were put under guard.

The bandit car, described as a gray 1941 Ford, sped west from in front of the bank. A few minutes before the bank robbery report of a filling station hold-up at Abernathy had reached Sheriff Martine's office at Pecos and he was enroute there when the Hale Center robbery was related to him. Both jobs appeared to have been done by the same men. The men abandoned the grey car about five miles east of Hale Center and got into a black sedan, witnesses said.

Jeffaries, who was actively associated with the First State bank at Petersburg, for many years, is widely known in business circles of this area and among residents of the southwest part of Floyd county.

Mrs. Sam Cates Funeral Rites Held At Olton

Funeral services for Mrs. Lula Kathryn Cates, 73, a former resident of Floyd County for many years, were held Friday afternoon, November 27, at the First Baptist church of Olton. Services were conducted by Rev. C. C. Griffin, pastor of the church. Burial was in the Olton cemetery.

Mrs. Cates, a resident of Olton for the past nine years, died Thursday morning at her home.

Born at Magnolia, Arkansas, Mrs. Cates was married in 1897 at Emerson, Arkansas to the late Sam Cates. After their marriage the couple moved to Floyd county where they lived until 1933, when the family moved to Olton.

DALE GOEN RECOVERING FROM PNEUMONIA AFTER DIP ON DUCK HUNT

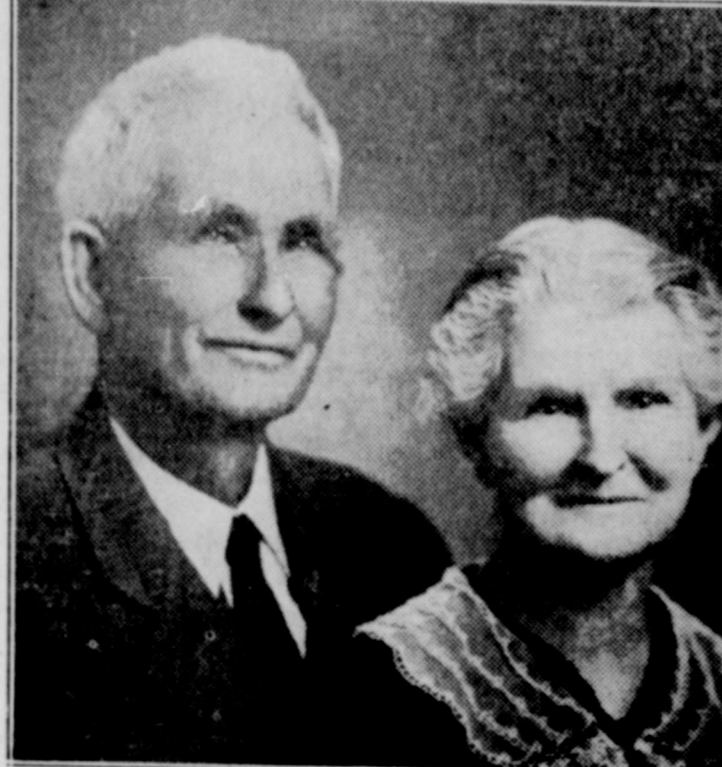

Dale Goe, son of Mr. and Mrs. M. P. Goen went hunting last week and he got his duck but a day or two afterwards Dale thought the bird came rather high as he developed pneumonia and has been confined to his bed for more than a week. The bird that Dale shot fell in the lake so he proceeded to wade into the icy water to recover the fowl.

His illness is attributed to the exposure, but he is reported to be recovering normally this week.

MARRIAGE RECORD

Licenses to marry issued by County Clerk Emma Louise Smith were to Charles Quisenberry and Edna Lee Collins, November 14; Mathew Gilbreath and Virgie Lee Shoals, November 27; Oleta Paulino Flores and Jesuita Santos, December 2.

Observe Sixtieth Anniversary

Mr. and Mrs. S. B. McCleskey, residents of Floyd county since 1891, celebrated their sixtieth wedding anniversary Sunday at their home in south Floydada. They were married November 19, 1882 in Bosque county and are the parents of four children, Sam and Roscoe of Floydada; John of Afton and Mrs. W. O. Tye of Floydada.

Mr. and Mrs. S. B. McCleskey celebrated their sixtieth wedding anniversary Sunday at their home in south Floydada with their children, grandchildren, great grandchildren and several friends being present. Dinner served at noon cafeteria style was planned and prepared by the children.

Mrs. McCleskey is 85 years old and he is 87, both are well and active, doing all of their own work to keep up their home. Mr. McCleskey and Miss Lucretia Paralee were married November 19, 1882 in Bosque county. They moved to Floyd county May 20, 1891 and settled 2 miles north of the Mickey Post office, where they resided for five years.

In 1896 the McCleskeys moved to Floydada and Mr. McCleskey was elected county treasurer an office he held for six years. From 1904 to 1908 he served as sheriff of the county. He loves to recall old stories of their early day life in Floyd county.

Those present Sunday included Mrs. McCleskey and daughters Venita and Bonnie Cole and son Greer a student of Tech college Lubbock; Mrs. W. O. Tye and daughters Dorothy, Betty Lou and Carolyn and son Jimmie; Mr. and Mrs. John McCleskey of Afton; Mr. and Mrs. Sam McCleskey and daughter Betty Jo, a student of Tech college, and Sammie and sons Orby Tye and Dan; Mr. and Mrs. James Jones and sons James David and Billy Don and daughter Beverly Sue; Mrs. Billy Tye and daughter Venita Jane; Mr. and Mrs. John McCleskey, Jr. of Lubbock; also Mr. and Mrs. B. P. Woody and Mr. and Mrs. Wilkinson and children, friends of the family.

The honorees received a number of lovely gifts.

One son, Roe McCleskey and their son-in-law, W. O. Tye were out of town and could not be present. Grandchildren who could not attend were Billy Tye, Mr. and Mrs. Rex Brown and son Johnny Fred of Eagle Pass and Keith Tye a student of North Texas State Teachers' college, Denton.

News Of Floyd County Sons In Service At Home And Abroad

HOLDER TRAINING IN NAVAL STATION AT GREAT LAKES, ILL.
Melvin Holder, son of Mrs. Fay Holder, enlisted in the U. S. Navy three weeks ago at Lubbock and is now stationed at the Naval Training station, Great Lakes, Illinois, according to a letter received last week from his mother. He wrote his mother that he was happy as could be and about the only trouble he was having was in learning to sleep in a hammock. He fell out four times in one night. He expects to spend Christmas at home.

Another son Staff Sgt. Obie B. Holder, in the Air corps, stationed at San Francisco, has been in the service two years in May, also plans to spend Christmas with his mother.

BRUCE WARD STUCK WITH COACHING JOB ON RIFLE RANGE IN CALIFORNIA
Ever since a few months after he went into the armed service with the Marines, Bruce Ward, son of Mr. and Mrs. A. N. Ward of this city, has been on the rifle range serving as a coach for sharpshooters. And that is the job he returned to on the west coast last week, after a visit of several days with his parents in Floydada. Soon after he got his bearings in the service young Ward began to make the boys sit up and take notice on the marksmanship ranges, and now, it appears, he may be stuck there for the duration.

He is doing well and faring fine, he told his parents and friends while here.

CADET QUIRK HOME ON TWO WEEKS FURLOUGH
Cadet George Quirk of Jones Field Aviation School near Bonham, came Wednesday last week on a fourteen day furlough to visit his parents, Mr. and Mrs. T. W. Quirk.

Cadet Quirk spent ten weeks in pre-flight training at Kelley Field before going to Jones Field where he is receiving primary training.

VAN K. FUGA AVIATION CADET AT HICKS FIELD
Among the recent enlistees in the U. S. Army Flying Corps from Floyd county is Van K. Fuga, son of Mr. and Mrs. Mac C. Fuga of Floydada. Van is stationed at Hicks field, where he is entered as an aviation cadet, flying student.

Marketing Quota Cotton Ballot December 12

This year the Cotton Marketing Quota referendum is scheduled to be held Saturday, December 12. An increase in the number of ballot boxes this year is announced by the AAA committee to accommodate farmers participating in the referendum. Wartime restrictions and the importance of all farmers voting were the reasons given for increasing the number of polling places.

The ten boxes as announced by the committee are: Edgin (store), McCoy (school), Floydada (AAA office), Lockney (Beacon office), South Plains (gin), Cedar (store) Alken (gin), Lakeview (store), Lone Star (store) and Harmony (school).

Quotas Govern Loans
No government cotton loans can be offered on the 1943 cotton crop if marketing quotas are rejected in the referendum Saturday, December 12, the committee points out. The law prohibits the offering of government loans in any year in which quotas are voted upon and rejected. The loan is the means the government uses to support the price of cotton. The base loan rate in Floyd county is 17.75 cents per pound. Cotton loans this year are being made at 90 percent of the parity price of cotton. Under existing law, price support loans are effective only when quotas are approved.

Showing Price Increase
Reviewing the effect the loan has had on cotton prices during past years, it may be pointed out that last year the basic loan rate for the nation was 14.02 cents per pound, while the average price received for cotton was 17.03 cents.

Similar figures for previous years were as follows: 1940, loan rate 8.9 cents, cotton price 9.89 cents; 1939, loan rate 8.7 cents, cotton price 9.09 cents; 1938, loan rate 8.3 cents, cotton price 8.6 cents; 1937, loan rate 9 cents, cotton price 8.41 cents.

Production of food and other scarce war crops should be of primary concern to all farmers this year for the same reason that making war materials has become the chief concern of manufacturers.

By holding cotton production within the limits of the nation's needs, dwindling supplies of labor, machinery, chemicals, transportation and storage facilities can be used to the best advantage in producing such crops as peanuts, soybeans, pork beef and poultry and dairy products.

When the boys come back home, it would be pretty hard to explain to them why we kept on growing more cotton when they needed food and other things so badly. It's bad enough to be hungry, but it's worse when you have to fight while you're hungry.

American Legion Will Observe Pearl Harbor Anniversary With Two-Day Bond Drive

McDermott post, American Legion, is going to join in the nationwide observance of the first anniversary of Pearl Harbor with a hard drive for the sale of War bonds. It has been announced by Post Commander J. B. Turner.

Saturday, December 5, and Monday, December 7, will be devoted by members of that organization in giving concrete answer to the Japanese sneak punch, which resulted in a holocaust of American ships, planes and lives in the Hawaiian outpost.

A both down-town will be set up and the post is calling on Floyd county citizens to make it a point to pledge their wealth to the support of the government's war program. "Right now our government has to make one of the biggest financial drives in its history," said Mr. Turner. "The American legion, nationwide, is going to join in the effort to sell to the American people nine billion dollars worth of bonds before the end of the year. Our special effort will be made on Saturday, December 5 and Monday, December 7."

"Floyd county people have raised good crops, for which all are thankful. For the most part, prices have been good and production on many farms has exceeded great expectations. The harvest, not finished yet, shows good gain financially for most everybody, including business men, cattlemen, stockfarmers and farmers. This means there is more money in the country than in many years. It is time for us to lay this money 'on the line' for our country. It is time for us to send word to the hundreds of Floyd county boys in service that we are putting our money right where it will do the most good."

Different members of the local post will man the booth at different times during the two days. They will not be modest about stopping the citizens and asking support in the drive. They will, in fact, insist that everyone do his utmost to make the anniversary answer to Tojo and Hirohito and unmistakable one. That this mechanical war which is going to take sums of money far beyond any other military effort ever made by this country, can be and will be supported by the citizenship of Floyd county unanimitously is the message which McDermott post wants the world to know.

Rev. P. H. Gates Elected President Ministerial Ass'n.

Rev. P. H. Gates, newly appointed pastor of the Methodist church was elected president of the Ministerial association for the coming year at a called meeting held Wednesday night last week. Rev. Gates succeeds Rev. L. W. Bridges, pastor of the First Christian church who resigned because of other duties.

Other officers to serve with Rev. Gates will be elected in December. Heretofore the annual election of officers has been held in July but owing to the fact that most of the pastors' tenure of service terminate in the fall the election of officers in the future will be held in December, according to a decision made at the meeting.

The members of the association voted their thanks and appreciation for the untiring and successful work of Rev. Bridges.

Turkey Market Opened This Week

The Christmas turkey market opened this week in Floydada. A recent report on the crop report a better-than-average crop in the state, however the turkey crop in Floyd county is below the average. Local authorities claim.

A better grade of bird is expected for the Christmas market due to the extra few weeks feeding and maturing period, poultry buyers point out.

Deadline Set For Ration Book One

Persons who do not have copies of (sugar) ration book one must apply for their local war price and rationing boards before December 15, OPA officials announced. Book one, already used for rationing sugar, will also be used for coffee rationing, and in addition for fuel rationing. It is ordered that the first of the year be turned in to receive war ration book two.

Boards were warned to examine closely all persons who claim never to have applied for book one.

Mileage Ration Board Has Long Way To Go

Although the mileage rationing board this week was processing only 20 to 40 applications per day for passenger car mileage in excess of the Basic A book, there still remained the big job late yesterday of handling permits for tractors, for stationary engine owners and for other non-highway users of gasoline.

M. H. Martin, chairman of the mileage rationing panel, estimated yesterday that probably 2,000 of these users were still to obtain use cards for their gasoline needs. Many tractor owners are expected to visit the board before the deadline on December 12.

Commercial users of gasoline are issued a card known as an "E" card.

State Man On Visit
Last week-end was a most hectic three days for the board here and similar reports come from various counties adjacent. The board was swamped with applicants, with as many as 150 passenger car owners on the waiting list during peak hours.

Wednesday the rationing board had a representative of the State and members were relieved to find their interpretations of various provisions of the mileage rationing set-up were in line in general with the interpretations of the state board.

For the most part, it appeared that essential needs of residents of this county are being taken care of. Apparently, the most dissatisfaction is found among holders of vehicles whose rationing cards were issued by the Office of Defense transportation.

Monday, November 30, was undoubtedly the biggest day for gasoline sales in the history of Floyd county wholesale and retail gasoline service. Practically all gasoline was sold out before the end of the day.

One big volume dealer was out of gasoline for nearly an hour during the afternoon, a late transport truck, however, relieving this situation. Closed most of Tuesday wholesale and retail dealers were operating as usual Wednesday following inventory and issuance of purchase authorizations.

MRS. V. A. LEONARD ILL

The condition of Mrs. V. A. Leonard was reported to be some improved Wednesday following several days of serious illness the past week. She was carried to the Potts hospital, from her home on South Main street, Thursday of last week.

Her daughters, Mrs. Victoria Asher, who was visiting her sons in Dallas and Mrs. Leona Bell and daughter of Lemon Grove, California, Mrs. A. L. Glass and Mr. Glass of Crosbyton and Mrs. Bill Williams and Mrs. Williams of Tulla and Mr. and Mrs. R. E. Leonard of Tulla have been with their mother during the past week.

Football Squad Rotary Guests On Wednesday

Floydada High school's football squad and their coaches were guests at the meeting of the Rotary club Wednesday, an annual event with the club. Rev. L. A. Doyle, an ardent football fan, was the club's spokesman for the day. He put high value on good sportsmanship and praised the high school lads for their valiant teamwork of the season. Coach Floyd Murry spoke briefly on behalf of himself, assistant coach Avon Powell and the squad.

G. L. Kirk was program chairman for the day.

Long Career as a peace officer came Sunday night to Morgan Wright, city marshal of Floydada for the past six years, following an extended illness at his home on South Main street.

Rites Are Held Monday For City Marshal Wright

City Marshal Morgan Wright a resident of west Texas for 38 years 18 of which he served as a public official of Floyd and Cottle counties, died at his home Sunday night at 10 o'clock, following an illness of several weeks. He was serving his third term as city marshal and prior to that served as deputy sheriff of the county for four years.

Funeral services were held at the First Baptist church Monday afternoon at 3 o'clock, conducted by the pastor, Rev. L. A. Doyle.

Former Cattle Officer
During his residence of 20 years in Paducah, Mr. Wright served as public weigher from 1913 to 1917 and the four succeeding years he served as sheriff of the county. From Paducah the family moved to Quita where they resided until they moved to Floyd county in 1929 and lived at Lockney five years before moving to Floydada eight years and eight months ago.

Born June 5, 1880 in Tupelo, Mississippi, Mr. Wright moved to Oklahoma when a young man and was married to Miss Thelma Gunn at Albany in the India territory, July 12, 1903. He has been a member of the Baptist church for the past 32 years.

Survivors are his wife, four sons, Grady Wright of Los Angeles, California, Herman and Leslie Wright of Amarillo, Staff Sgt. Clyde Wright of Paducah, Oregon; two daughters, Mrs. Addie Wise of Floydada and Mrs. Ray Crabtree of Tulla; five grandchildren, Mrs. W. F. Floydada, Don Morgan Wright, Amarillo, Grady A. Helen and Inez Wright, Los Angeles, California.

Four brothers, Dave Wright, McKinney, Walter Wright, Coleman John Wright, Houston, George Wright, O'Donnell, two sisters, Mrs. Susie Tiekner, Durant, Oklahoma and Mrs. Pannie Gunn of Paducah.

Spur Bulldogs Win Thanksgiving Game To Claim District Crown On Downs; Score Tied 6 To 6

Spur High School Bulldogs won District 4-A championship and the right to represent the district in bi-district competition last Thursday afternoon, when, tied by the Whirlwinds in a score of 6 and 6 and on 20-yard line penetrations, they took the big end on downs. The game was played at Jones stadium in Spur. A crowd numbering between 1,000 and 1,200 persons saw the game.

Both teams scored in the second quarter, Spur first on straight football, and the Whirlwinds shortly thereafter on a long pass. Fullback Sparks to Battey. Neither team converted for the extra point.

Throughout the second half the teams battled back and forth in mid-field with the edge in favor of the Spur squad.

WILL PLAY BI-DISTRICT GAME AT SPUR FRIDAY

The Bi-District Championship gridiron game for District 3 and District 4 for Class A, Jones Memorial stadium in Spur Friday afternoon at 2 o'clock. Contenders will be the Wellington Skyrockets and the Spur Bulldogs, two undefeated teams for the season.

Both of these teams have had classical training in football this year, and fans who have seen both teams play, say there is more of the college tactics in their games than is ever found in high school teams. Fans are promised a real treat in this game, and it is hoped they will take this opportunity of seeing this Bi-District game. It is the first time a game of this kind has ever been played in Spur.

Company B Equipment Complete

Company B, Texas Defense unit, of Floydada, now has complete equipment including arms for all enlisted men. Also messkits including knives, forks and spoons have been checked in recently, Captain T. P. Collins announces.

On the most recent visit of Inspector-Instructor Major Ghagan, of the adjutant general's department, a film of map reading was studied by the assembled company. Major Ghagan was accompanied by Captain Watson of the U. S. Army.

Trap shooting is considered one of the best eye-trainers for accurate shooting and Capt. Collins announced that a clay pigeon shoot will be held every Sunday afternoon when the weather is permissible.

Changes incident to enlistments in the armed forces, change of occupation and so forth usually make it possible for additional enlistees to be used by the defense company. Considered one of the more efficient in this section of the state. Those who would like the opportunity presented by its training activities should contact Capt. Collins, Lieutenants Morehead or Hollings or any of the company's sergeants or privates.

EDITORIALS

One of the gentlest and nicest, but most pointed rebukes this editorial writer has had in a number of years comes from a subscriber who refers to a recent editorial thus:

"I was surprised that you referred to plane and shipyard owners as 'rich Jews.' Are you being influenced by Hitler's anti-Jew propaganda? A small percentage are Jews, but don't use 'Jew' as a label of greed."

There isn't any answer to this note, of course, except an apology to our readers. The fact is that all the names we have seen on letterheads and in other places showing ownership of metropolitan junkyards, plane building plants and shipyards, are names which to our native tongue are unpronounceable and therefore "Jew" to us. Our reference on which the reader calls our hand is a provincialism, the product of a provincial mind. Behind the out-front good old Irish and English and old-time German, Norwegian and Swedish names, are always the unpronounceable, our prejudices tell us. But who are we, as the complainant suggests, to take any racial name and label it with any of the baser characteristics that all of humanity shares to greater or lesser degree?

The same subscriber wishes we would print the correct addresses of our congressmen occasionally "so that I and others can write them." The congressmen, nearest contact of the common people now to the national administration, might well hear from Mr. and Mrs. Subscriber quite often and the country be better off for it. However, do not always wait until you "boil over." Or if you do, wait until the next morning to mail the letter. Your congressman and his address if you live in Floyd, Crosby or Hale county, is Congressman George Mahon, Nineteenth District of Texas, House Office Building, Washington, D. C. Similarly, if you live in Briscoe or Motley, his address is Congressman Gene Worley, Eighteenth District of Texas, House Office Building, Washington, D. C. Should you want to write the senator, one of them is Senator Tom Connally, Senate Office Building, Washington, D. C., and the other is Senator W. Lee O'Daniel, Senate Office Building, Washington, D. C. According to their lights, these men are honest, sincere gentlemen, hardworking (and don't let anybody tell you differently), anxious to do the right thing and the thing you want them to do, if the two are one and the same, according to their best information. Any man is influenced by what others think. If your congressman has a letter from you that gives a substantial viewpoint on any problem of government, it certainly does influence his thinking.

A great advantage of silent contempt is that it often prevents a black eye.

No can do. That about sums up the situation at The Hesperian office as regards Santa Claus letters this year. Last year we did not use the letters for reasons approaching this year, and the situation is considerably aggravated at this time. Printing Santa Claus letters was one of the things we thought we would always do as long as we stayed in the country newspaper publishing business. One of the controlling factors at this time in cutting down on features of various kinds is the need for conservation. A wee bit of print saved in all The Hesperian offices in all the Floydadas in the United States would make quite a stack of newsprint. Paper mills are being closed on account of manpower and the men put to work in other mills from whence the paper pulp is going to munitions factories. The pinch will come away up in 1943, but meanwhile all hands hedge.

One of the things most every farmer and rancher can understand is that the army must keep at hand a lot of barbed wire for entanglements should it be needed. And you hear no grumbling about the thousands of miles of fence that needs repair. Probably almost a trainload of barbed wire could and would be used in the average West Texas county now if it could be had. The situation is brought about by last year's unusually wet weather which rotted hundreds of miles of wire. This is patched together to hold stock the best possible. No probable date for release of barbed wire is expected to be announced until it appears the remotest possibility of an invasion is out of the question.

That the gasoline rationing board in Floyd county could not have all applications studied and passed on in time for the deadline on December 1, was not the fault of the local board and the panels set up under it. Fifty volunteers instead of 15 could not have done the job in the time limit. And except for the inconvenience of waiting around and the time lost from one's work (serious enough, of course,) no damage has been done anybody. The A coupons let those go ahead who need more gas with which to operate. This is war, you know, and Sherman had been there when he said what he said.

Speaking of shopping, if you can arrange your shopping for week-days instead of Saturdays you will favor yourself as well as the retail stores. There are many shoppers who cannot arrange their schedules for trading on any other day. Those who can do so will be lending a courteous and gracious touch that will undoubtedly be appreciated by sales people and by those who by necessity shop only on Saturdays. Hurried shopping always is more or less unsatisfactory.

As A Farm Woman Thinks

By Nelle Witt Spikes

The time has come the Hesperian says, To write of many things, Of pigs and crops and friends and kin.

And the news that each week brings The past week brought me much sadness To a farm woman. A letter came Friday from Jerry stating that our son, Wilson who is in the medical corps, had received his orders, where or when not to be disclosed.

We wait for the mail, hoping to get a letter in his own dear handwriting telling us he loves us and will come back to his family and to us when the war is over and peace comes. Where he is now and when he comes, may the Good God bless him and give his hands healing for the sick and the wounded.

The road to Cone has been dimmed by the passing of Brother Lamb. We think of the times when we picked him up, going to Cone to church. He was always so cheerful, so thoughtful and considerate. It always seemed to me when he led in prayer and began, "Dear Father," that we stood so near to the throne that we could feel the presence of God. They found him in the field with a hoe still in his tanned rough hand, a farmer dressed in blue denim, gone in the twinkling of an eye the feed he raised in a white mound nearby. But our poor mortal eyes were dim. They could not see the glory that had befallen our friend. We could not see the shining white wings of the angel as he took away the blue denim and robed a new saint in a robe of spotless white. We could not see the palms of victory that took the place of the hoe in a hand made strong and white. We saw only a worn hat, when there was a crown with diadems on his head. We saw only the mound of grain and the dusty road he often walked to Cone. When he was by the white throne after walking the streets of pure gold. We saw the still form through tears, but by the faith Brother Lamb held, we dry our eyes and look up to the Eternal City which is now his home.

For his family I quote the following beautiful lines: "E'en for the dead I will not bind my soul to grief; Death cannot long divide. For is it not as though the rose that climbed my garden wall Has blossomed on the other side? Death doth hide, But not divide; Thou art but on Christ's other side! Thou art with Christ, and Christ with me; In Christ united still are we."

At nightfall yesterday, Saturday, even the best of weather forecasters after looking over all the signs, shook their heads and said the weatherman would not ration us a good day for Sunday. But the weather has not been given over to bureau yet, and days will continue to be good or bad, wet or cold till some one has time to see about it. The farmers need more and more good weather. Cotton still tags from its boll prison, grain tops the stalks getting as weak as the second cup of coffee, cows should be eating the stalks before all strength has gone.

"Christmas Suggestions" will be the subject of a program at a meeting of home demonstration clubs of Floyd county, Tuesday afternoon, December 4, at 1:30 o'clock in the county court room.

"And Mary Did," a three act comedy drama was presented last Thursday night at the high school auditorium by the Dramatic Arts club before a fairly large audience. The cast included the following high school students: Thelma Covington, R. V. Husky, Ruth Jenkins, Maxine Norris, Charles Mathews, Robbie Archer, Carl Marshall, Ruth Rutledge, Gene Smalley, Oleta Jackson and Pete Nelson.

Aboard a special train 500 strong and coming overland equally as strong, the Slaton High School Tiger Boosters will invade the city tomorrow for the annual Tiger-Whirlwind football clash. An attendance of 2000 is predicted by officials to witness the closing gridiron classic of the 1928 season for both teams. The Winds defeated the Spur Bulldogs last week, 20-12.

A pretty Thanksgiving party was given Tuesday afternoon when Mrs. Flynn Thigard and Mrs. A. B. Keim entertained jointly with five tables of bridge at the home of the former.

A special edition of twenty-four pages of the Lockney Beacon was issued last week in a feature of the celebration of the first passenger trains over South Plains lines of the Fort Worth and Denver.

from the feed. The days are all too short to finish this crop before another is begun. I read the other day that cotton was a lazy man's crop; he works four months at it and lays around the other eight. Well, I do know, Mister. And you a southern man, too. You may make and gather a cotton crop on paper in four months, perhaps sooner if you will figure closer, but somehow we can't make it in much less than a year.

My neighbor, Mrs. Jack Robertson says that each time their tires turn it is with bump, bump, bump on account of the many boots they wear. The farmer has almost worn out his thin rubber, going hither and yon to try to sign up to conserve rubber.

The rationing faucet turns off tomorrow on the gas supply, opening only to the presentation of ration books. The farmer hopes to get enough gas to finish gathering this big crop and for enough to raise another next year. On the shoulders of the farmers falls the first line of defense, that of producing food. This each year he tries to do, war or peace, and no defeat by droughts, floods or storms has ever stopped his endeavors.

"35 won't hurt your car if you're careful at 00 miles an hour..."

"Couple of my customers could even get a new car by U. S. regulations. But they're careful with the car they've got—doing under 35, same as others in wartime. That's the spirit!"

"And this 35-mile 'tops' can make your car last longer yet, if you don't hunt up grief at 00 miles an hour! That's no wisecrack—00 miles an hour. It's when your car is standing and your engine is starting cold, needing lubrication the worst of ever. So I don't just change your oil. I change you to an OIL-PLATED engine with my Conoco Nth oil that attaches OIL-PLATING inside your engine, sort of by "magnetism"—keeping OIL-PLATING from all draining down to the crankcase overnight, and all day, etc.

"Sooner than you're in the car, OIL-PLATING is up where you need it—instead of taking time getting there. You've had lots of people's word besides mine, that the worst danger of wear comes in starting cold. But what's plainer to get around that, than OIL-PLATING your engine with Conoco Nth oil? I'm extra glad I've got it for you now in wartime."

JOIN FREE Elect yourself to the ONCE-A-WEEK CLUB at Your Mileage Merchant's Conoco station. Choose your own regular day to have him check tires, oil, radiator and battery. His systematic attention means trouble-prevention. He'll report in advance on lubrication and anything that he finds you need for the duration of your car! CARE FOR YOUR CAR...FOR YOUR COUNTRY

Resume Of Years Work Is Given In Council Reports

Mrs. George Stiles of the Baker-view Home Demonstration club was elected chairman of the Floyd County council at a meeting held November 21 at the county court room. She succeeds Mrs. Clarence Brandes who resigned recently, because of tire shortage.

Mrs. Raymond Teeple was elected secretary-treasurer and Mrs. W. B. Jordan is treasurer for the ensuing year.

President's Report

Presidents of each of the seventeen clubs of Floyd county gave a resume of the past year's accomplishments. Of these, many interesting projects were reported. One member told of adding an extra room to her home

using space in a garage that had heretofore been unoccupied. One club has made a flag using stars to represent boys in the service of their country, from parents of the community in which they represent. Red Cross sewing was reported as the main project from a number of clubs.

Demonstrations of First Aid and Kitchen Improvements were also listed by a number of clubs.

Mrs. Clarence Brandes was in charge of the meeting and read recommendations passed by the Texas Home Demonstration association at the 1942 state convention. Mrs. Oliver Allen gave a report of the yearbook committee. Mrs. George Stiles read a financial report of the council.

Expansion Committee Report

More than 1,700 Floyd county farms, represented by 310 Home Demonstration club women have received instructions the past year in nutrition, production and conservation. Mrs. Chas. Smith said in a report from the Expansion committee. She also stated that 30,000 containers have been canned the past year by the Lockney cannery.

RETURN FROM SAN DIEGO

Mr. and Mrs. Woodrow Wilson returned the first of the week from San Diego, California, where they had been making their home while he was employed in defense work.

Mr. Wilson will resume farming here after the first of the year.

Mr. and Mrs. W. B. Eakin and daughter Betty returned Sunday from Chilton, where they spent the Thanksgiving holidays with Mr. Eakin's parents, Mr. and Mrs. R. M. Eakin.

Mr. and Mrs. Fred Brown of Lockney were recent guests of Rev. and Mrs. P. H. Gates.

"An ounce of prevention is worth ten pounds of cure" is the slogan Fred Hage of Lockney community follows, and the fact he never has had an outbreak of contagious disease among his hogs is proof the plan is workable. There is no secret to his plan—simple rigid sanitation.

No person is permitted to enter the feed lot at the Hage farm until the shoes are thoroughly disinfected. You just don't enter the feed pens unless you have special business. Mr. Hage does all of his hauling and takes time to thoroughly clean his trailer after each trip to market.

He can recall only two death losses and those he attributes to carelessness on his part and not a disease problem. He provides a balanced feed ration and plenty of mineral supplement.

Every precaution must be taken at this time when pork is so badly needed.

Special Livestock Bulletin: Article 7017 of the Texas Statutes, Vol. 19, reads—"It shall be the duty of any person, firm or corporation of this State to burn to ashes or bury at a depth of not less than two and one-half feet and to cover with quick lime the carcasses or animals dying from any infectious, contagious or communicable disease of any malignant character that may be found upon their premises within twenty-four hours after the death of such animal or animals." The penalty for each offense is \$25.00.

The "Cholera break" we have experienced among hogs the past few months is a very serious situation. More serious unless each producer will do his part to help stamp out the disease by complying with the above law.

Our hat is off to Homer Howard of Irick community who planted seven rows, each 150 feet in length, of sweet potatoes and after reserving enough for family use sold \$28 on the market. He reports the best yield he has ever received.

You might like to remember the variety—Maryland Sweet.

Millions of cowhides are damaged yearly because of the cattle grub or ox warble. This is the season when the grubs are mature and also the time when control work should be followed vigorously.

Cowhides are an essential war commodity. The cattle grubs are in the upper backs of animals and puncture the hides that are used to make the thickest leather, which goes into soles of boots, belts for driving machinery used in war industries, and for many other essential uses on the battle and home fronts.

Meat processors agree that if the waste caused by cattle grub could be stopped all of the 10 per cent increase in beef and leather which the nation needs for the war effort could be produced without raising more cattle or feed.

Destroy the grub and reduce the heftily infestation which annoy cattle and lower beef and milk production. The grub produces the fly which is capable of laying more than 500 eggs in a season.

Rotenone-bearing compounds have been released from WPB order for control work.

Turkey growers should select and keep band all breeding stock for 1943. Early maturing, well fleshed birds, that have no pin feathers or physical defects should be selected.

Local and Personal

Mr. and Mrs. Clement B. McDonald had as their guests on Thanksgiving Mrs. McDonald's parents, Mr. and Mrs. C. A. Tatum, and her sister Mrs. S. E. Gillispie and children all of Lubbock and an uncle L. W. Tatum of Liberal, Kansas, who remained until Saturday.

Mrs. L. T. Bishop has returned home from the Plainview hospital where she recently underwent a major operation. Although she will be confined to her home for some time she is reported to be doing nicely.

Mr. and Mrs. B. W. Snell of Lubbock spent the week-end here with their parents, Mr. and Mrs. Will Snell and Mr. and Mrs. J. J. McKinney.

Mr. and Mrs. W. C. Cates and son Lonnie and Mr. and Mrs. W. B. Cates and daughter recently visited in Houston with their son and brother Leroy Cates and wife.

Sgt. Breedand Tanner with the Infantry A. P. O. No. 2, stationed at Ft. Sam Houston, has returned to camp following a three-day visit with his mother Mrs. L. F. Tanner.

Sgt. Truett H. Smith of Indio, California, came Friday and will visit his wife at South Plains and his parents Mr. and Mrs. F. A. Smith of Floydada, during a fifteen day furlough.

Cpl. and Mrs. Glenn Jarnagin of Wichita Falls spent the week-end with their parents, Mr. and Mrs. J. B. Jarnagin of South Plains and Mr. and Mrs. L. H. Dorrell of Floydada.

B. L. Ewing captured a large porcupine Sunday afternoon in a grain field west of the Tobe Pittman farm. He wonders if someone can tell him what to feed the animal.

Mrs. Ella Potts and son Duane of Amarillo spent the week-end with her son Bruce Burrows and family and her daughter, Mrs. Lowell McNutt and family.

Mr. and Mrs. W. B. Wells of Amarillo spent the week-end with her parents, Rev. and Mrs. G. W. Tubbs, and her brother, Judge G. C. Tubbs and Mrs. Tubbs.

Mr. and Mrs. Cecil Hagood and sons Kelly and Dan spent Thanksgiving at Canyon as guests of Mrs. Hagood's sister, Mrs. Clyde Davis and family.

Bruce Foster, student of West Texas State college, Canyon, spent the holidays with his parents, Mr. and Mrs. Clarence Foster.

Norma Jean Moore spent Thanksgiving at Henrietta with her father Frank Moore.

Taking good care of electrical appliances is in line with the Victory Demonstrators pledge signed by 233 families in Floyd county.

In storing or using appliance cord it is best not to kink or bend it sharply. This causes the fine wires inside to break, making the cord useless. A cord should never be jerked from an outlet or appliance by the cord itself.

Ducks, pheasants and deer may all be used to supplement the meat supply.

In cooking game, the principles should be used as in cooking other meat. Tender cuts cook best with dry heat and less tender cuts with slow moist heat. The general methods for roasting meat apply equally well to game birds.

Since apples are rather plentiful and are such a good food try serving them in a variety of ways.

A variation from the usual cinnamon apple, made with red hot, is to cook the peeled apples in grape juice. These are excellent served with roast pork.

Apple crisp is another good way to serve them. Use 4 to 6 table-spoons butter. Grease the baking dish, fill it with thinly sliced apples, sprinkle with 2 teaspoons of cinnamon. Mix crumbs, sugar and blend with butter. Spread over top and bake uncovered in moderate oven for 30 minutes.

Add a few fruit trees to your farmstead landscape. They are attractive and too, they will help furnish the family with the amount of fruit they need.

It is time to plant fruit trees, too. Fall planting permits the soil to settle about the roots, and the tree or plant is ready to grow when spring comes.

QUARTERLY CONFERENCE OF METHODIST CHURCH AT RUSHING CHAPEL

The quarterly conference of Floydada Methodist church will be held Sunday afternoon, it was announced this week by Rev. C. A. Hartley, pastor. Members are reminded to come and bring dinner.

The conference at 3:30 will be preceded by a sermon by Dr. L. N. Lipscomb, superintendent of the district.

MECHANICAL MIXING

Helps You Get Best Results From Your Grain!

OLD WAY (Shovel Mix)

NEW WAY (Machine Mix)

TWO things are necessary to cash in on the full feeding value of your grain. First, select the proper supplement for the kind of stock you intend to feed. Second, mix the supplement so thoroughly with the grain that every quart of mixed ration is in the same balanced form as every other quart. This is absolutely essential when correct feeding is so vital to the cause of capacity food production today.

Shovel mixing is tedious and cannot possibly provide the necessary uniformity. But accurate mechanical mixing—such as is available to you through our NEW Approved Purina Custom Mixing Service—makes the mixture much more uniform and dependable.

Our Formulas are thoroughly tested and proved for turning your grain into balanced feeds for poultry, hogs, cows and steers. Our grinding and mixing machinery is operated by trained men. Bring in your grain for proper balancing to help step it up to capacity feeding value.

Devotion To High Ideals Urged At H. D. Banquet

Rev. L. W. Bridges, pastor of the First Christian church of Floydada, speaker for the annual banquet of Home Demonstration Council members and their husbands last Thursday night, held up devotion to high ideals during a period of tremendous turmoil as one of the greatest contributions people on the home front can make to the war effort and post-war adjustment period.

"Fatalistic philosophy, evident in so many lives in a period like we are going through now, is wrong," the speaker declared. "If one is tempted to lay aside high ideals, it must be remembered that our boys expect to come home to substantial things for which they are fighting and for which many will give their lives. Values that are unchangeable are our responsibility for the future to which these youths will return."

Mrs. Clarence Brandes, of Providence, presided at the banquet, held at the First Christian church served a turkey dinner. Committees on arrangement of menu and decoration had tables prettily arranged and a delightful menu prepared. Mrs. Brandes is president of the county council of clubs.

The banquet, usually held at a later date in the club year, was arranged for late November because of the uncertainty of travel it was anticipated might result from gasoline rationing. Approximately 40 were present from nine clubs of seventeen in the county. Extremely busy season accounted for the fact that several were not present.

Judge and Mrs. G. C. Tubbs, County Agricultural Agent Jason O. Gordon, Edith L. Wilson, home demonstration agent, and Mr. and Mrs. Homer Steen, were among the visitors present.

Virgil Boteler, a student of West Texas State college, Canyon, spent the Thanksgiving holidays with his parents, Mr. and Mrs. V. H. Boteler.

Mr. and Mrs. G. A. Lider of Amarillo visited relatives and friends in Floydada Sunday and Monday.

Judge and Mrs. G. C. Tubbs spent Sunday at Levelland with their daughter Mary Louise.

"TOPPING" our biggest job

Santa Fe

Long ago the railroads made possible the swift settlement and development of this land.

Today they face their greatest test in the struggle to preserve it.

For this is essentially a war of rolling wheels. Millions of men, and tens of millions of tons of vital raw and finished products must be moved swiftly and surely, where and when they are needed.

Stop the wheels that move them, and we stop all that floats and flies as well.

That is why today, on the Santa Fe, movements essential to the war effort are "topping" the biggest job in our history. They must come first, beyond argument or selfish interest, on every American railroad.

KEEP 'EM ROLLIN'—OR ELSE

* No nation that does not possess efficient mass transportation can hope to win a modern war. In America that mass transportation job is squarely up to her railroads. If they fail, we lose.

Neither battle gallantry nor industrial wizardry alone will turn the tide. To meet this tremendous responsibility, we ask for every possible consideration in the allocation of materials for vitally essential repairs, maintenance and new equipment.

LET'S ALL PULL TOGETHER

As the tide of military rail travel mounts, you can help us maintain adequate civilian passenger service as well, in these ways:

* Make reservations and buy tickets early * Cancel unwanted reservations promptly * Carry least possible luggage, checking extra pieces to avoid crowding * Vacate dining cars quickly after meals * Travel mid-week, avoiding week-end and holiday rush periods.

Turn freely to your local Santa Fe representatives for help on your travel or shipping problems.

Floydada Minister Sees Blessings In Gas Rationing

(J. G. Malphurs, minister) "It is an ill wind that blows no one a favor," is not a Bible proverb yet it contains a great amount of truth. Take gas-rationing for example. Many Texans think it is an evil wind that has struck us. Now, we all agree that a worse wind could strike us. Before condemning the regulation too severely and before giving it a trial, let's look for some blessings which have already shown up and yet to be blown to us by this "wind."

1. The first blessing is life-saving. Facts and figures tell us many hundreds of people are alive today because the nation has been forced to drive slower.
2. We shall live in our houses more and in our cars less. Houses will become more like homes rather than mere lodging places.
3. There will be more love-making in the home parlors, or down at the old well and less in cars parked on the roadside. Some of us seniors would like to know of more match-making in mother's parlor.
4. Money that would be spent to take long trips can now be used to pay honest debts due the doctor, druggist, merchants, etc.; the buying of bonds or the investment in a home by those who have rented their lives; and (not least) we can have more money for the upkeep of the church and for the spreading of the gospel.
5. Gas-station operators, (and this should be a big blessing), can now close their stations on Lord's days, if not for the whole day, at least long enough to attend worship. We can all buy our four gallons on Saturday without pestering the station operators to measure out our allowance on Sundays at the very time both the operator and the purchaser should be worshipping God.
6. Gas rationing should help the merchants in Floydada. There will be less driving to larger cities to trade. Moreover, many who have been guilty of putting off the buying of food until Sunday, will, (we hope), make one trip do by (buying on Saturday, all they need for Sunday. This will remove the occasion for the merchant trying to operate on Sunday, giving him an opportunity for worship, home and needful rest.

7. Finally, we hope the "evil wind" of gas rationing will stimulate regular attendance at church and in some ways a greater attendance. We can all get gas to attend church at home. Our lawmakers want us to worship God. We shall not get enough to take pleasure trips on Sunday, but if we really want to worship God we can have enough for that.

Let all children of God remember in connection with the gas-rationing program three passages of scripture: (1) "Be subject to every ordinance of man for the Lord's sake" (2) "And we know that to them that love God all things work together for good" (3) "All chastening seemeth for the present to be not joyous but grievous; yet afterward it yieldeth peaceable fruit unto them that have been exercised thereby even the fruit of righteousness." (1 Pet. 2:13, Rom. 8:28; Heb. 12:11).

Our Bible school begins at 10:15 regular assembly of the church and sermon at 11:15. Evening Bible study at 7:30, sermon at 8:15. We shall be glad to have you worship God with us.

Mr. and Mrs. A. B. Clark and daughter Jo and Mrs. Clarence Foster and daughter Mable June spent Sunday at Shallowater with Mr. Clark's and Mrs. Foster's sister Mrs. Lorene Preston and family. They were accompanied home by their mother Mrs. W. B. Clark who had spent the week with her daughter.

Mr. and Mrs. Bill Whitehead and Mr. and Mrs. Newell Golden of Amarillo were guests Sunday in the home of their parents, Mr. and Mrs. W. H. Furrow of the Pleasant Hill community.

Dept. Kenneth Bain, of the finance component of the 90th division of Camp Barkeley, came the first of the week for a visit with his parents Judge and Mrs. Kenneth Bain, while on a one week furlough.

Misses Roberta and Mary Louise Medlen, students of West Texas State college, Canyon, spent the holidays with their parents, Mr. and Mrs. Robert Medlen.

Miss Edna Robinson returned Friday from a ten day vacation at San Diego, California, and resumed her place as night supervisor at the Floydada Hospital and Clinic, Monday night.

Rev. M. M. Griggs former pastor of the South Side Baptist church is preaching in a series of services at the church which began Monday night at 7:30 o'clock. Rev. R. N. Power, local pastor is assisting in the five-day revival.

Revival Meeting At South Side Baptist Church

(R. N. Power, pastor) The revival got off to a fine start Monday with good attendance. The Lord seemed to bless from the beginning of the first song. You will miss a blessing if you haven't attended the meeting. Brother Griggs is preaching with more power than ever before. I believe that this meeting will be long remembered in the hearts of the children of God in this city.

The pastor will fill the pulpit Sunday morning. The subject at 11 o'clock will be "What is right with the church." Many people can find things wrong with the church, come and hear what Jesus said was right. Services at the regular time.

Churches Observe Thanksgiving With Union Service

Rev. A. C. Durrant, pastor of the Cumberland Presbyterian church delivered the principal address for the union Thanksgiving service held Wednesday evening of last week at the First Christian church.

Rev. Durrant used as the theme of his message the cleansing of the ten lepers by Jesus. He spoke of the two attitudes that are manifested in this incident, gratitude and ingratitude, and said all of us are manifesting one or the other. He exhorted all to be more grateful and thankful.

Seven ministers took part in the service. Rev. L. W. Bridges, pastor of the First Christian church, led in the congregational singing; Rev. P. H. Gates, Methodist pastor gave the invocation; Rev. L. A. Doyle, pastor of the First Baptist church read the scripture; Rev. R. N. Power, pastor of the South Side Baptist church read President Roosevelt's Thanksgiving proclamation; Rev. Durrant brought the principal message, the congregation joined in singing the Doxology and Rev. C. A. Hartley, Methodist circuit pastor pronounced the benediction.

Special music was given by Mrs. E. L. Angus, Miss Nell Swinson, Miss Muriel Pagan and Erman Gray, band director.

Miss Mary Lee Thacker and her schoolmate Betty Volger of Albuquerque, New Mexico, both students of St. Mary's Academy of Amarillo spent the Thanksgiving holidays with Mary Lee's parents, Dr. and Mrs. C. M. Thacker. Dr. and Mrs. Thacker accompanied them back to Amarillo Sunday.

Mr. and Mrs. Bill Dyer and daughters Wilma and Doris spent Thanksgiving at Carnegie, Oklahoma with Mr. Dyer's parents, Mr. and Mrs. H. A. Dyer.

Miss Jane Clark who is employed at Lubbock spent Thanksgiving with her parents, Mr. and Mrs. A. B. Clark.

Pastor Anxious To Meet People Of Floydada

(Phil H. Gates, pastor) Sunday afternoon, November 15 Bishop Ivan Lee Holt assigned us to the pastorate of the local church in Floydada for one year. We are happy in the fact that we are a part of your citizenship and pastor of one of your churches in this very fine little city.

We shall do our best to be one of your good neighbors and join with you in your joys as well as in your sorrows, and in the words of the old hymn, "Be faithful unto death, and we shall receive the crown of life. Now is the time to prove in deeds our love for the Lord and our loyalty to the church."

Our sons are being called to service, and many of them are now on the front lines, they are these defending our freedom, fighting for religious principles, and every American is being called "all out for victory." We are going to do all we can in helping bring the victory.

We must not forget that the Church of God has always had its place in all great reformations, and the rebuilding of the old worlds. There has never been a time in the history of the world that the church has not been needed. When this world carnage is over and these sons of ours return home they are going to need the strong arm of the church as they have never needed it before. We must not let down, we must attend upon its services and keep the church strong in our neighborhood—that is our part here at home.

As the pastor of the Methodist church, I extend to all a hearty welcome. If you are living in Floydada, and have no church home, we invite you to worship with us. Sunday school each Sunday morning. Preaching at 11 a. m. and 7:30 p. m.

Dr. L. N. Lipscomb, district superintendent, will preach for us Sunday at 11 o'clock a. m. and will hold the first Quarterly Conference at 1:30 p. m.

Achievement Day Is Observed By Center Club

"Achievement Day" was observed by the Center Home Demonstration club Thursday when the members met at the home of the food demonstrator, Mrs. C. M. Meredith. There they were shown to the basement where seven hundred containers of food was on display. Other foods displayed besides those canned included onions, potatoes, pumpkin, peanuts, popcorn and dried peas and beans.

From Mrs. Meredith's home the club went to the home of their kitchen demonstrator, Mrs. W. B. Jordan to see her kitchen which had recently been remodeled. It was done in ivory enamel with touches of red in linoleum, curtains and canister set.

A short program of songs, a skit, and a report of the year's Red Cross work was given. Among the outstanding achievements made by the members during the year was a bedroom remodeled by Mrs. J. E. Green at a cost of \$35.00 for her sons. A refreshment plate of sandwiches, cake with whipped cream, cranberry jelly and punch was served to the following members: Mrs. Oliver Allen, Mrs. Tom Jernigan, Mrs. J. E. Green, Mrs. E. W. Lightfoot, Mrs. W. P. Sims, Mrs. C. M. Meredith, Mrs. A. W. Anderson, Mrs. C. J. McClure, Mrs. O. G. Mayfield, Mrs. J. R. Austin, Mrs. H. B. Mankins, Mrs. Clyde Peterson, Mrs. Clyde Bagwell, Mrs. J. B. Jordan and Mrs. W. B. Jordan.

Guests of the club for the meeting were Mrs. Walter Welch, Mrs. Rhodes, Mrs. Ernest Hoguh, Mrs. C. L. Joiner, Mrs. C. L. Mitchell and Miss Betty Jo Sims.

Mr. and Mrs. Holland Patton of Tucumcari, New Mexico, will return home this mid-week following a visit of several days with his parents, Mr. and Mrs. Roy Patton. Mr. Patton has been employed with the Southern Pacific Railway company during the past year.

Mrs. Bob Smith returned home Wednesday of last week following a visit at San Diego, California, with her daughter, Mrs. Phil Murry, Mr. Merry and baby daughter Linda.

Miss Inez Wilcox and Miss Cagerline Carmack of Amarillo spent the week-end with her parents, Mr. and Mrs. C. B. Carmack and children.

Mrs. George Conner, of Carlsbad, New Mexico, is here for a visit with her mother, Mrs. Cora Pace.

Baptist Assn. Sets Date For Annual S. S. Meeting

The Annual Sunday School meeting for the Floyd County association will meet at the First Baptist church Tuesday, December 8. The program will start at 10 o'clock and continue through the afternoon.

Speakers from the Sunday School Board at Nashville, Tennessee and from our state department will be present.

Lunch will be served by the First Baptist church and a large delegation is expected from all churches of the association, Rev. L. A. Doyle, pastor of the church said.

Rally Day Sunday At First Baptist

(Rev. L. A. Doyle, pastor) Sunday is "Rally Day" at our church. Because of the rationing program our members found it necessary to do their visiting during the past few Sundays and our attendance reached an all time low. We do not blame the people for visiting under the circumstances, but we do feel that it is time for every member to get behind the church program and build up a great church spirit.

We are asking that every member will make a special effort to be present Sunday morning and Sunday night. Many of the classes and departments have set goals and are working for a new high attendance. God expects us to give our best to the church program. He did not say, "Be faithful when it is easy but, "Be faithful unto death," and we shall receive the crown of life. Now is the time to prove in deeds our love for the Lord and our loyalty to the church.

Sunday Schedule At C. P. Church

(By A. Durrant, pastor) The Cumberland Presbyterian church is open each Lord's day for Bible School at 10 o'clock a. m. Preaching at 11 o'clock and evening preaching at 7:30 o'clock. The session meets December 6 at 8:30 p. m.

Home Slaughter Not Included In Meat Order

DALLAS, Nov. 30.—Farmers and others who slaughter animals for their own consumption are not subject to the OPA meat restriction order of October 1, but every person in the U. S. who slaughters and delivers to others even so much as one animal of the sort listed in the order is subject to the regulation's restrictions and to its penalties in case of violation, regional OPA officials warned today.

Animals covered by the order are cattle, sheep, lambs and hogs. Delivery of meat from these animals to civilians is limited so that there shall be enough for the fighting forces of the United States and its Allies.

Officials said that records of all slaughter for delivery to others must be kept and be available to inspectors of the OPA by everyone from the country butcher, or the farmer who slaughters meat for others, to the largest packing houses. False statements of the number of animals slaughtered and delivered, or other violations of the restriction order, subject offenders to fines up to \$10,000 or ten years in jail, or both.

Limits set by the order fall into two classes. The larger slaughterers—those who kill more than 500,000 pounds in a quarter—are limited in their civilian deliveries to the following percentages of the kinds of meat covered: beef, 75; pork, 75; lamb and mutton, 95; and veal, 100.

The other slaughterers, including everyone else, are limited to no more than the same amount of each of the kinds of meat that they slaughtered and delivered to others in the corresponding quarter of 1941.

NEW DAUGHTER

Mr. and Mrs. John R. Tinnin are the parents of a baby girl born on November 29. The baby was named Conale Sue.

Mr. and Mrs. Tinnin are former residents of Floydada, and now residents of Amarillo where he is employed as a mounted police at the Pan-Tex ordnance plant.

Mother and baby are reported doing fine.

WORD OF THANKS

To those friends who aided us during the illness and death of our loved one, Morgan Wright, we wish to express our sincere appreciation. The many kindnesses, comforting words and deeds and the beautiful flowers has made our sorrow easier to bear.

May you receive the same comfort and expressions when your time of sorrow comes, is the prayer of the bereaved family.

Mrs. Morgan Wright and children.

Peace-Time Frills Of Business May Be Eliminated With Full Sanction Of War-Time Agency

DALLAS, Dec. 2.—Business establishments hailed many of the restrictions put on deliveries by the Office of Defense Transportation—it was a healthy sign that the United States Government wanted to do away with unnecessary "frills" in war-time. Labor shortages, smaller profits and other troubles have become major problems on the business front. Business men were glad to have U. S. approval of a war-time streamlined program.

During the past week, retailers were given additional suggestions on how to remove "excess baggage," this time by the Office of Price Administration. OPA authorized curtailment of many peacetime services without requiring reductions in ceiling prices. Except as specifically provided to the contrary, OPA authorized retailers to curtail or discontinue the following:

- Deliveries of reasonably carryable packages, except such emergency purchases as prescriptions and sick-room supplies.
- Sales on approval.
- Gift wrapping and gift packaging.
- Lay-away and will-call privileges.
- Free telephone calls.
- Acceptance of articles returned by customers. (This does not extend to articles not delivered as represented or ordered.)
- Among recommendations for war-time management policies were the following:
 - Use self-service if feasible.
 - Standardize and urge manufacturers to standardize sizes.
 - Simplify your line, with unnecessary sizes and varieties dropped.
 - Pool deliveries.
 - Adjust store hours to war labor conditions.
 - Do no unnecessary remodeling, repairing or elaborate maintenance work.

Consumers may not like the inconveniences brought about by war, but the time for pinching off useless frills has come. It means a greater concentration on the job at hand—that of winning the war, says OPA.

NAOMI SMITH EMPLOYED AT PAN-TEX DEFENSE PLANT AT AMARILLO

Miss Naomi Smith, proprietor of the Blue Moon Beauty Shoppe left Tuesday for Amarillo where she accepted employment in the Pan-Tex ordnance plant in the production department.

Mrs. Thelma McGraw who has been beautician in the shop the past 18 months will continue to operate the business. She extends an invitation to all former patrons of the shop to continue visits to the Blue Moon for their beauty work.

Accomplishments Of Year Featured By Harmony Club

Achievement Day for the Harmony Home Demonstration club was spent at the home of Mrs. Carrick Snodgrass on November 25. The afternoon was spent playing games, and viewing the lovely kitchen of the hostess who was kitchen demonstrator for the club, the past year.

Mrs. R. B. Gary was appointed Food Demonstrator for the coming year and Mrs. Everette Miller is the Yard Demonstrator.

We are combining our two meetings in December, having our Christmas party and exchange of gifts. The time and place for the meeting will be announced at a later date.

Roll call for the meeting was answered by showing something the individual member had accomplished during the past year.

Among the accomplishments viewed by members of the club were canned fruit, vegetables, cut work, rugs, hemstitching and hand-made bedspreads.

Those present for the meeting were Mrs. R. B. Gary, Mrs. Chas. Trowbridge, Mrs. Floyd Trowbridge, Mrs. Chas. Watson, Mrs. C. O. Spence, Mrs. Chas. B. Smith, Mrs. G. L. Snodgrass, Mrs. J. Sam Hale, Mrs. Mather Carr, Mrs. Chloma Williams, Mrs. Walter Hanna, Mrs. Wheeler, Turner, Mrs. Zant Scott, Mrs. M. D. Ramsey, Mrs. Sherwood Ramsey, Mrs. L. A. Williams, Mrs. W. M. Finkner, Mrs. Everette Miller, the hostess and a visitor, Mrs. Bryley.

EDNA HENNESSEE SUSTAINED BROKEN LEG LAST WEEK

Edna Hennessee, daughter of Mr. and Mrs. V. W. Hennessee sustained a broken right leg Sunday of last week when she slipped on the floor of her home. The break was between the knee and ankle.

Miss Hennessee was carried to the Pitts hospital where her limb was placed in a cast. She was moved from the hospital to her home on South Wall street Monday of last week and reported to be resting satisfactorily, by members of her family.

The United States Department of Agriculture point out the following advantages to be gained from the Terracing program:

The program will enable farmers to construct all terraces in one year instead of spreading over a period of several years the terracing program of the farm.

The maximum payment rate for the construction of terraces is 8.10 cent per linear foot or 80 cents per hundred feet.

The regular allowance may be devoted to simple practices such as cover crops, strip cropping, contour tillage, deferred grazing, contour furrowing pasture land, planting trees, controlling gullies, providing fire guards and growing a home garden.

Competent Help Available
It is seldom wise for a farmer to attempt to lay out and build terraces without competent advice or supervision. Well built terraces are permanent improvements; improperly built or maintained, they may be inadequate and inefficient.

Available are agencies to assist in the work. Programs and work plans of soil conservation districts, technical planning and supervision by the Soil Conservation Service, financial assistance from the Agricultural Adjustment Agency, educational work by the Extension Service, and numerous other agencies operate to help farmers and ranchers achieve practical conservation of their land.

Pvt. Edward Bosley, Naval Reserve mechanic, stationed at Norfolk, Virginia, recently wrote his parents, Mr. and Mrs. Marion Bosley of Plainview, that he likes his camp just fine and has plenty to eat but "Sure would like to see Texas again."

APPLES FOR PUPILS
Maybe an "apple for the teacher" is out of date, but an apple a day for the pupil very definitely should not be, and will not be for about 6 million boys and girls in school this fall. Millions of pounds of nourishing food, grown to be eaten—including apples—and millions of school children who should eat the food to grow, are being brought together by Community School Lunch programs.

PRICE IS NOT CHIEF FARM PROBLEM, SAYS WICKARD
"We may as well recognize that the farm production will bulk larger and larger as time goes on," says Secretary of Agriculture Wickard. "The reasons for this are not altogether reasons of price and returns to farms. The lack of an adequate supply of farm labor and lack of farm machinery, fertilizer, insecticides and other materials for production will be the biggest handicaps to maintaining production at present levels. We must develop a comprehensive program to overcome the existing and increasing shortage of farm labor. As matters now stand, agriculture seems to have the last claim on our supply of manpower. And we have not devoted sufficient attention to the problems of getting farm machinery and other materials necessary for production."

"Frankly, these problems are giving me more concern than the problems of keeping up returns to farmers. I think we can assure reasonably adequate prices and income to farmers. I am genuinely alarmed about farm labor, farm machinery and other supplies essential to production. These obstacles cannot be overcome by prices alone and are more serious than the people realize."

Terracing Program Available For Floyd County Farmers In Next Year's AAA Set-Up

Under the 1943 AAA program the farmers of Floyd county have the opportunity to build terraces and receive full payment for these terraces irrespective of the soil-building allowance for the farm. This fact is brought about by the soil-building allowance including the cost of the terraces in addition to the regular soil-building allowance, local committee point out.

For example: A farm has a soil-building allowance of \$150.30 and the farmer wishes to construct 30,000 feet of terraces. The soil-building allowance would then be \$50.30 (The \$150.30 regular allowance plus \$403 for the terraces.)

The United States Department of Agriculture point out the following advantages to be gained from the Terracing program:

The program will enable farmers to construct all terraces in one year instead of spreading over a period of several years the terracing program of the farm.

WHY BE A HAM IN CARVING ONE? EXPERT ASKS

If they snicker when you start to carve, you'll be comforted by these kind words from Max O. Cullen, carving authority. "It's easy to learn the right way, and the right way is the easy way," says Cullen, to Pete Smith, producer of motion picture shorts bearing his name, and Ann Morris, M-G-M player, the fundamentals of carving a ham, during the recent filming of "Culinary Carving," an educational short in which Cullen was featured.

Proper tools and a sharp knife are of first importance, says the expert. Then you can proceed with confidence, if you will follow his simple directions as shown by the diagrams and instructions below.

1. Place ham with fat side up, shank end to carver's right. Cut two or three slices parallel to the

length of the ham from the smaller meaty section.

2. Turn the ham so that it rests on the cut surface. Holding firmly with the fork, cut a small wedge shaped piece from the shank end. Then proceed to cut thin slices down to the leg bone until the aitch bone is reached.

3. With the fork still in place, release the slices by running the knife along the bone and at right angles to the slices. For additional servings, turn and carve other side of ham.

4. If more servings are required, the ham is turned back in its original position on the platter with the fat side up and the slices are carved at right angles to the bone. These slices are not so large as those from the cushion section, but they make attractive servings for second helpings.

Remembering Pearl Harbor -

Remember This, Boys— McDermett Post American Legion

Is Planning A "Bombshell" That You Will Remember
The Biggest **SALE** of **WAR BONDS** and **STAMPS** Ever Recorded In **FLOYDADA!**
MR. FLOYD COUNTY CITIZEN, WILL YOU HELP?

BEGINNING SATURDAY, DECEMBER 5
AND AGAIN MONDAY, DECEMBER 7...

our booth will be located on the southeast corner of the Courthouse square. You are asked to stop by the booth sometime during the day and "leave your order for a Bomb" for delivery to Berlin, or Tokyo! Just read that order, Mr. Floyd County Citizen, Read It Carefully!

It will deliver a bomb, with your democratic compliments, to the murderous dictators of Germany or Japan.

It's an application for a U. S. War Bond.

Sign it and **Your Bomb** will help tear apart the military machine the Axis powers have built to destroy you.

Give **WAR BONDS** for Christmas!

"THE PRESENT WITH A FUTURE!"

DON'T FORGET — A Half-Filled Stamp Book is like a Half-Equipped Soldier . . .

Fill your Stamp Book and get a Bond Saturday or Monday from McDermett Post!

Put off signing it and the chances are good that you'll live just long enough to accept delivery of one "Made in Germany" or one "Made in Japan" yourself.

Because those boys aren't fooling. They're killers—and they're coming after you . . . fast!

So what are you going to do about it?

Wait until they are on American soil?

They're on it now! In the Aleutian Islands, if you want to pick a place close to home!

The American Legion in a nation-wide effort plans to give the enemy an Anniversary Answer of the American people on December 7.

Will you help Floyd County take its fair share in this huge undertaking?

Be prepared Saturday or Monday to give your answer. We must provide our boys in all parts of the world with the Sinews of War—our money must be poured into the effort. We know you will not fail us.

The names of those purchasing War Bonds and Stamps will be published next week.

Denver S-P Train Burned, 3 Die In Sat. Crash

Three persons were killed Saturday afternoon, many were injured, five seriously, 12 miles west of Childress, when the F.W. and DC South Plains train enroute east crashed head-on with a freight on the main line as the freight emerged from a cut.

A V. Shepard, Childress, brakeman, Bruce Henderson, Lubbock, mail clerk, were burned to death, and Mrs. R. Z. Willbanks, of Vernon, died in a hospital at Childress Saturday night.

The train carried a number of army selectees from the south plains area enroute to Ft. Sill, who helped extricate many of the passengers. Exploding fuel oil from the Diesel engine tender, caught fire to the train and it was completely destroyed, according to reports. None of the injured people were from Floyd county, it was indicated.

Civil Service Jobs Available In This Area

Scarcity of qualified men for civil service employment started a widespread service campaign in this area recently to recruit critically needed junior mechanics, \$1860 a year, for civilian employment at the Army Air Force Sub-depot at Midland and also for employment at the Lubbock Army Air base as general mechanics helpers, \$1500 a year.

The positions give local citizens with training and experience in some mechanical trade a chance to fill an important war job, according to N. W. Williams, local civil service secretary at the post office.

Persons with two years mechanical training or experience may qualify. Auto mechanics and men with hydraulic, machinist or instrument experience are especially urged to apply for this civil service position.

Application forms may be secured from and should be filled with the local civil service secretary at the post office.

Persons engaged in war work of equal skill need not apply.

Crosbyton Gives Whirlwinds Shot At Dist. Crown

(Crowded out of Nov. 26 issue)
It was Whirlwinds all the way in the football clash with Crosbyton Friday night at Wester field, when the green and white scored once in the first, twice in the second and once in the third quarter to win from the Chiefs 26 to 0 and kept their undefeated, united conference record clear.

They thus go into their game on Thanksgiving day this week at Spur with the Bulldogs with the conference title at stake, Spur having completed a similar record in conference District 4-A.

Sparks carried the ball for the Whirlwinds most of the way Friday night against Crosbyton. His were the first three scores. Little scattin' George Allen made the third quarter score when he skirted left end from the 6-yard line, culminating a drive from the Crosbyton 41-yard.

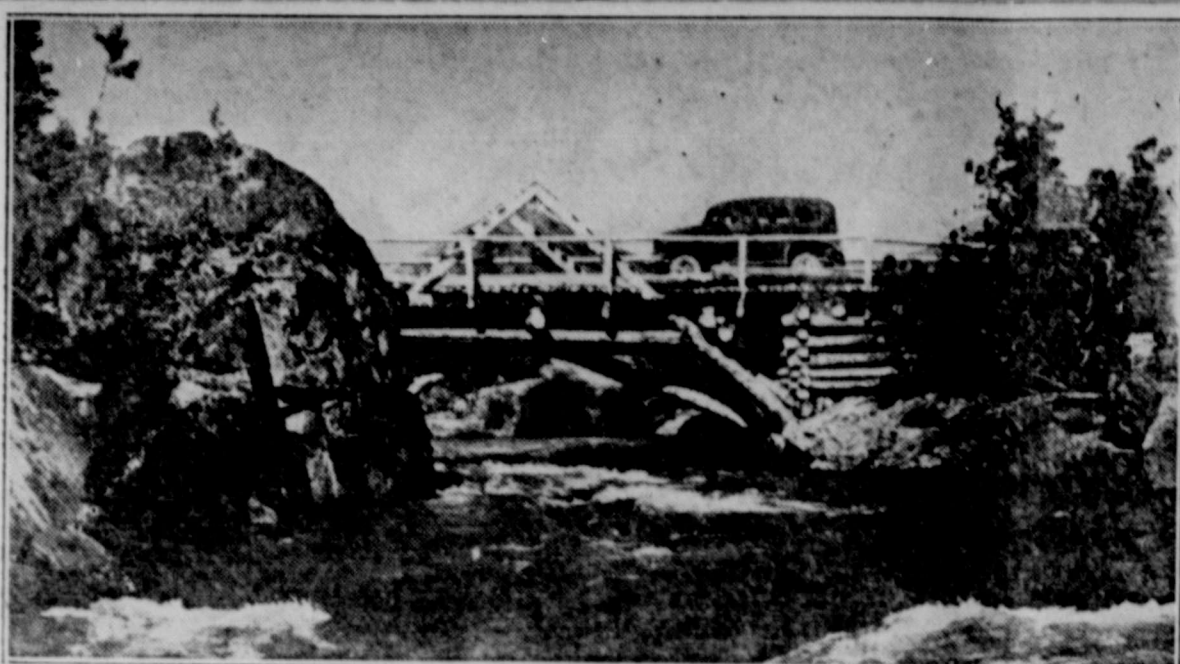

First score came early in the first quarter when Floydada took over on the Crosbyton 40-yard line. Sparks plowed through a hole between center and guard, after a drive down to the 2-yard line. Almost the identical set-up resulted in the second score, except that Sparks scored in an off-tackle sweep from the 3-yard stripe. Following this score he kicked the lone extra point of the game.

Most spectacular play of the clash was a slashing run with good blocking after he passed the line of scrimmage when Sparks took the ball on the 44-yard line and crossed the scoring line with would-be tacklers on the ground.

Coaches Murry and Powell gave all their boys at least a few minutes in the game. Boteler, Johns, Hall, George Tyler, Lyles and Gearhart getting in the line before the third quarter was up. Johns, Hall and Lyles all got several minutes.

Conner, held out of the game most of the evening because of illness, was run into his backfield slot for a warm up. Johnson and Cardinal alternated at the quarterback slot where Conner usually starts. Trowbridge had the beginning assignment at high half. Dudley who substituted for Sparks at full got to carry the ball several times and made good, slashing gains when his play clicked.

Rougher Than Usual
The game was a rougher one than usually played. The Whirlwinds were charged twice with roughing, and once each for piling up and clipping, a total of 60 yards penalties. There were several little two-

man matches the officials did not see.

Jordan and Wheeler, quarter and halfback respectively for Crosbyton, and Fullback Carr led the attack for the Chiefs. Lawson at center, Stockton at tackle and Shipman at end appeared to be the best line material the Crosbyton school threw at the Whirlwinds. Fullback Carr was a whiz in the secondary on defense.

Sterley News

STERLEY, Dec. 1.—Rev. and Mrs. Ennis Hill of Plainview, were entertained Sunday in the home of Mr. and Mrs. Luther Rhine. During the morning service at the Baptist church, Rev. Hill offered his resignation as pastor. The Baptist church at Loop, Texas, has called him to that pastorate.

A. C. McClure spent a week in Wichita Falls, visiting his son, Engineer Patterson of Chicago, who was here during that time on the train run to Dimmitt and Silvertown.

Young people who enjoyed the Thanksgiving holiday with their parents and friends were Miss Margaret Stuart, of Floydada, Gene and Jack Albright, Valnette and Margaret Claborn, attending school in Plainview; Howard and Norma Deen Mosley of El Paso.

Mrs. Faye Pinner underwent major surgery in the Plainview sanitarium last week.

ances to these soldiers' families in as short a time as possible.

Official application blanks have been sent to all Army posts, camps and recruiting stations in the United States and to all overseas stations. Soldiers, who are eligible for the family allowance, may obtain these official blanks from their commanding officers. In order to facilitate payments, men in the service are urged to file the application themselves. Don't leave it up to the family!

When the soldier files the application himself, he knows the business has been attended to properly. His officers will help him fill out the application correctly and completely, and can tell him what documentary proof is required.

The family allowance can be approved more quickly if the soldier files the application. His officers will already have made the proper military pay adjustments and have seen to it that all the necessary records are in good order and ready for processing. Also, the soldier is permitted to submit documentary proof to support his application any time within six months after the date he files his application with his commanding officer. During that time, payments can be on their way.

FAMILY AID ACT NOW IN EFFECT

Weeks ahead of schedule, payments are being made to soldiers' families under the provisions of the Servicemen's Dependents Allowance Act. This act applies to all soldiers in the four lower grades, that is, private, private first class, technician fifth grade, corporal, technician fourth grade, and sergeant. The Army has spared no effort to get the allow-

FLOYDADA GIRL APPEARED IN AGGIELLAND MOVIE
DENTON, Nov. 30.—Miss Dorothy Ann Dooley of Floydada is one of the students from Texas State college for Women who went to Texas A & M college last week-end to take part in "We've Never Been Licked." Universal motion picture being filmed.

More than 200 TSCW students appeared in special dance scenes in the picture. Five hundred Aggies remained on the campus for the week-end instead of taking Thanksgiving holidays in order to be in the scenes. The picture, dedicated to A & M and the men it has trained, is being produced by Walter Wanger, and stars Anne Gwynne, Martha O'Driscoll, Richard Quine and Noah Berry, Jr.

TSCW girls to appear in the movie were chosen by student-director committees in their dormitories. They were judged on personal appearance, good grooming and personality.

Miss Dooley is the daughter of Mr. and Mrs. W. R. Dooley, Route 4, Floydada. She is a freshman majoring in speech.

DOING WELL IN SPANISH
AUSTIN, Texas, Nov. 30.—"Se habla Espanol" at the University of Texas—an increasing number of students are taking the language as their major study, while 21 students have done well enough in it to be elected to Sigma Delta Pi, honorary Spanish society.

Records of the romance languages department show that more and more students are taking one or two manders for graduates are increasing courses in foreign languages. De too, as the censorship division of the federal government expands.

Among those initiated by Sigma Delta Pi this week was Ruth Kreis, of Floydada.

HERE FROM AUSTIN—
Mrs. Claud M. Martin and son Jack Porter of Austin visited friends and relatives in Floydada Friday while in this vicinity during the Thanksgiving holidays. Jack Porter remained for the week-end, the guest of Tom Roy Snodgrass.

Mrs. Martin and son were accompanied on the trip by her sister Mrs. C. E. Watson and children of San Antonio and they spent a greater part of the time with their mother Mrs. A. H. Porter of Plainview.

Mr. Martin is employed as purchasing agent for the Del Valle Air Base at Austin.

Mr. and Mrs. Hayden Puckett and children of Sweetwater visited his parents Mr. and Mrs. H. P. Puckett of the McCoy community Saturday night and Sunday last week.

Memories Recalled Of Bygone Days On Achievement Day

Editor's note: (The following account of an improved kitchen and the memories brought to mind of former days were given on Achievement Day by a prominent Home Demonstration club member who had been so honored by her club sisters when she was named kitchen demonstrator for the club.)

My kitchen was built a number of years ago. Shall I tell you her age? Next spring she will be 27 years old. A man and his wife living in a small town were planning on leaving their comfortable six room cottage to move to the country where their young sons would be brought up on a farm.

In those days, modern homes had their kitchens in the central part or near the front of the house. As we had boys we decided on this plan as there would be less tramping through the kitchen. We moved our dear old Home Comfort range but put up a new hot water tank instead of using the reservoir on the side of the range.

As we had built in cabinets I gave our little cabinet to our married son. It had a hand made flour board my husband had made and I hated to part with it. The small table I still use on the back porch.

The first time the kitchen was in ivory with an extra heavy sanitas oil cloth. My sister-in-law had her kitchen in a like pattern and we would see which one could keep her kitchen looking best. How those dear old stoves would smoke and ashes certainly did accumulate. But those biscuits! It seems like they were just a little better than they are now.

Then came the change in the kitchen from ivory to soft greens. That was the best enamel of all as it was hard to erase. The next time I had it finished in ivory with a red figure in the paper.

Now it is new and clean with new canvas and finished in white to match the Butane furniture. I always liked the Wear-Ever aluminum and have a few old pieces as well as a new set of recent years.

I still have two enamel pots and two bread pans that came with the old range. I use the pot now for dyeing cloth and many other ways. Yes, the kitchen is clean and white and easy to keep as there are no noisy and muddy little feed to tramp it. The cabinet too does not have molasses and jam spilled on it like it once did? Do you have memories twined about your heart strings that you are reminded of when you enter your kitchen?

Mr. and Mrs. F. S. McCune, of Tulla, were guests Thanksgiving night of Mr. McCune's sister, Mrs. Cora Pace.

Preventing Home Fires Calls For Caution

AUSTIN, December 3.—Marvin Hall, State Fire Insurance Commissioner, says wintertime brings a seasonal increase in fire hazards. The added dangers of destructive fire creates a need for closer inspections at home.

"A substantial percentage of our fires at home during cold weather," he explained, "result from a few common causes. The most of these we could prevent by being more careful. Our neglect in taking proper precautions during winter has caused unnecessary fire losses."

Commissioner Hall listed the following as several of the common causes of fire at this season of the year:

1. A danger spot is often found in a chimney at the point where it passes through a roof. The construction of a chimney is important. Frequently the lack of sufficient brick or stone allows surrounding woodwork to become ignited.
2. Where fireplaces are used care must be taken to see that sparks do not ignite the floor or room furnishings. The safest protection is a metal screen in front of the fire.
3. Steam pipes, unless properly installed, can cause fires. Steam heat dries the wood which is then in condition to absorb oxygen and ignite. A steam pipe may in time char the wood and dangerously lower the ignition point. Steam pipes should be at least one inch away from any woodwork.
4. A common report on the cause of fires during cold weather is the "defective flue." This type of fire can be prevented by frequent inspection of all flues, or smoke pipe connections.
5. Overloaded electric circuits must be regarded as year round hazards. It is of particular importance that all electric circuits be protected against over-load by the use of proper size fuses.
6. A leading cause of winter time fire fatalities is the use of kerosene or gasoline to kindle or "quicken" a fire. Gasoline is a dangerous explosive—too dangerous to keep in the houses under any condition. Also, the improper use of kerosene can cause serious fire losses.
7. A few simple practices in the use of portable oil heating appliances will prevent many home fires. Wicks in such heaters should be kept clean and adjusted to the proper level. Sufficient ventilation is needed to assure proper combustion. Heaters should be kept a safe distance from combustible furnishings and placed where they will not be easily overturned.
8. Personal carelessness in cold weather frequently results in death. Clothing ignited when a person stands too near an open flame heater or fireplace is one of the common causes of fire fatalities during winter months.

PARDON OUR PRIDE

Our small flock of Barred Rock Hens has made a great record that few R. O. P. flocks in the north make. If we do as well next year, we will be highly pleased.
Two-thirds of the hens finishing their first year in the trap nest have qualified for R. O. P. work by laying 200 eggs, or more each. 39% of the flock laid 250 to 280 eggs. No unidentified eggs were credited to individual records.
We still have a few cockerels from these high record hens, for sale at mighty low prices for the quality.

Football Award List Not Yet Announced

Monday afternoon the football boys were measured for their football awards. Although they may be unable to get the jackets because of priorities they will be ordered anyway.

EDITORIAL

To watch the boys after the Spur game you would have thought there was a funeral. Well there was. Football season was gone. For forty-eight minutes they had been burying football. At Spur was the last game. Not only the last game, but in some boys this meant everything. It was their last high school game. To some it was the last time they will ever play football, maybe to all.

Football is the kind of game that gets in one's blood; you can't do without it. You see a big boy play football, get knocked all over the field, get stepped on, hurt and battered up, but still get up smiling. You wonder if he's crazy. But then you see this same old boy after they use a game, you see him crying. When you see this happening you know football must be a great sport.

The Floydada Whirlwinds played their hearts out Thursday against Spur. Some of the boys were sick and hurt but they still played with all they had. Spur beat them on first downs, but they had a few themselves. Just the same the game was lost. Those boys playing their last game will never forget it.

MISS SWEPSTON HOSTESS AT GAMMA SIGMA KAPPA THANKSGIVING DINNER

The Gamma Sigma Kappa entertained with a Thanksgiving Dinner Tuesday, November 24, at the home of Mrs. Fuqua. Miss Swepton was hostess.

The girls assembled in the living room and the dinner was served buffet style. The table was very pretty with lace table cloth and a small flower for center piece. After all of the girls were served everyone was seated at tables and Mrs. Leibfried, club mother, gave thanks.

The dinner was greatly enjoyed by everyone. All of the members were present with the exception of two. After the dinner most of the girls went to the theatre as a group.

Miss Leonard is absent from school because of the illness of her grandmother.

Vocational Ag. Practice What They Study

Worming hogs has been the chief topic of study for the second year Ag boys this past week. The chapter then put into practice the method of worming hogs with capsules on Wednesday when the chapter's pigs were given the capsules with a gun for that purpose.

The table tennis tournament is nearing its second round and judging from the number of players there is quite a bit of interest in the tournament.

Project record books are to be closed out for this past year this week and the boys will then put their new records in for the present year.

GOSSIP

They were sitting on the porch in the moonlight. No word broke the stillness. She began to yawn. "I say—" she asked suddenly, "what would you do if you had money?"

"If I had money" he answered, "I would travel." He felt her small hand in his. He sighed happily. When he looked up again she had gone. In his hand was a nickel.

Wanda Jean seems to be having a good time. Who is that boy she is with every Saturday night?

Nadine, can you tell us why Kenneth has been up here so much? What has happened to these Thursday nights that Peggy Ann and Lane Decker used to spend together? We might find out if we asked Daphne.

Ruth Hamilton sure thinks Fred Pope is good looking.

Billy Wester and Ruth Webb sure do have a good time don't they? Coach Powell had to separate them in Business arithmetic.

Betty Jean sure does think Curbert's picture is good; but what about all those others? Are they good, too?

Wonder how Clara Nell liked the assembly program last week? Jim Wilson kept his glances over that way.

Emma Pope must have had a good time Thursday night; but who was that boy she was with?

Freda Wigington seemed to have enjoyed Sunday afternoon with a boy in uniform.

Whose necklace did N. E. have last Tuesday?

Frankie and Ludene don't ever come to school now. These soldiers seem to take up their time.

Donald Jones sure thinks Nannett is pretty; but just ask him what he thinks of Marjorie.

What are these conferences that go on between periods in front of Helen and Sammie Lee's locker? Perhaps Harold and R. T. could tell us.

Trouble, trouble, trouble! That's all we hear anymore. It's not enough that our country is in its greatest conflict but these boys and girls can't seem to get their little troubles straightened out. Why don't a few of you try meeting each other half way once in a while?

JUNIORS SELECT RINGS

Wednesday morning the Juniors selected their rings for next year. The ring is a very pretty one with a white set in it and it has "1944" on each side of the ring and the owner's initials on the sides. It has an "F" in the middle and "Floydada" under it.

2. Where does George Washington's picture hang?
3. How many steps are there in the stairway in Floydada High school?
4. What two pictures hang in the auditorium?
5. How many class rooms are there in the high school?
6. How many teachers do we have in high school?
7. How many of the students do you

December 7th one Year Ago

—the Japs slapped us in the face good and hard. Let's every Patriotic Citizen of Floyd County make it his or her business to BUY on December 7th—a War Bond or Stamp.

If you think living in this Country is tough, just take fifteen minutes off and study what your neighbor's boy is going through with. Where's he this Christmas? The outcome of our Nation depends upon fellows like YOU.

Dec. 7th, Dec. 7th, Dec. 7th that's the day . . . While battles are being won on war fronts, let's win some on the home fronts.

GLAD SNODGRASS

"Don't Kid Yourself! We could lose this War!"

MISTER, if you think this war's a cinch, better read your paper or listen to the radio: You'll change your mind—*quick*. If you think we're going to march to Berlin and Tokio just because we're *right*—forget it! People just as clean and decent as we are—just as righteous—just as patriotic, have been ground to the dust under the hobnailed boots of other people trained and toughened for one purpose—*war*. Choose *now*. Either we give our boys the planes, tanks, guns, and ships they've got to have to win—or we're letting them march to their defeat and our destruction. Planes cost money. Tanks don't grow on trees. And the storks don't bring sub-chasers. We've got to pay for them. "We" means all of us—including you. How? By buying WAR BONDS. By putting 10 percent of every dollar we earn into the Pay-Roll Savings Plan. A dime out of every dollar—a dollar out of every ten—every payday. And every time our savings amount to \$18.75 we get a Bond, worth \$25 in 10 years. That's \$4 back for every \$3 we put in. Isn't that the least we who stay at home can do to help win the war? Stop and think about it—

next time you're tempted to buy something you don't really need. Remember the President's words—"We cannot have all we want if our soldiers and sailors are to have all they need." And if, every payday, we don't set aside every nickel, dime, or dollar we can possibly scrape together for War Bonds, we're letting our boys down. That's the truth, every word of it—and we know it!

ity of mileage allowed the "C" book holder by the County War Price and Rationing board, and these coupons are good until the expiration date shown on the cover.
"E" books, for such things as power lawn mowers, small gasoline engines and other machines requiring small quantities of gasoline, will contain a maximum of 48 coupons. The initial value of these coupons will be one gallon, but this is subject to change.
"R" books, for such non-highway machinery as tractors, ditch-diggers, graders, cranes, hoists and machinery used in dry-cleaning establishments, will contain a maximum of 96 coupons, with an initial value of five gallons for each coupon. This quantity also is subject to change.
"T" books for commercial users such as operators of large trucks will contain a maximum of 384 coupons with a value of five gallons per coupon, an amount also subject to change.
All books except the basic "A" book carry an expiration date on the cover, and Mr. Brown stressed that each coupon used must be endorsed on the back with the registration number of the vehicle or the fleet designation or with the number of the vehicle's Certificate of War Necessity.
"E" and "R" coupons must bear the name and address of the person to whom the book was issued.
Mr. Brown cautioned dealers to follow this procedure in selling gasoline to a customer:
1. Ask for the customer's mileage ration book.
2. Check the description on the front cover of the book with the vehicle for which the gasoline is being purchased.
3. Observe the expiration date on the front cover of the book, to make certain that the coupons in the book are still valid.
4. Be sure there are enough coupons in the book, good for the current period, to cover a customer's purchase.
5. Do not accept detached coupons. The dealer must detach them from the book at the time he transfers gasoline to a customer's vehicle.
6. Be certain the customer has endorsed the coupons.
7. Check to see whether the sticker on the windshield of the customer's vehicle agrees with the designation on the customer's mileage ration coupon book.
Dealers also were advised that they may deliver gasoline for use by the Army, Navy, Marine Corps, Coast Guard, Maritime Commission or the War Shipping Administration, in exchange for an acknowledgment of delivery, instead of coupons. One such acknowledgment of delivery should be filled out and given to the dealer for each gasoline purchase.

Sustaining Fund For Boy Scouts Committee Aim

To complete a drive in one day for a year's sustaining fund for Boy Scout work as the community's part in carrying on scouting in the South Plains area is the aim of a committee of Floydada business men who are out today, headed by Gaines Davis, recently named general finance chairman for the drive.
"We have been falling down on our proportion of the fund for carrying on scouting," Mr. Davis said, "a condition which we hope to overcome in this drive." Aiding Davis in the campaign today are Cecil Hagood, Walton Hale and R. E. Fry. Except for call backs where prospective donors are missed it is the hope of the committee to finish up tonight, and Davis said yesterday his teams request that people of the community to have their minds made up how much they can help and give the committeemen prompt co-operation.

Weather and Crops

With below freezing temperatures for one to four hours in every 24 the past week, some blowy weather thrown in, and considerable sunshine, job of gathering Floyd county's big feed crop has been accelerated this week.
Similarly, the last half of the cotton crop is being moved rapidly to gins. Reports were current this week that local storage space for government cotton is beginning to get scarce on account of the heavy movement of the staple.
Heaviest per acre yields of feed in years are showing up in the profit column on many farms of the county, and an excellent bundle crop, also heavy yielding, will begin to go into stacks within a few days, as favorable temperatures and drying days continue.

Considerable movement of wheat has been in progress during the past 10 days, as growers clean out big and make ready for storage of big age grains to be used for feeding operations of the winter.
No rainfall in the past week. Cotton ginned to date in the county between 12 and 15 thousand bales, hurried check-up indicates.
Sgt. Truett Smith left Tuesday for Camp Young, Indio, California after visiting here with his parents, Mr. and Mrs. F. A. Smith while on 15-day furlough. Sgt. Smith is with the construction centre of the signal corps.
Miss Norma Gee left Wednesday for Plainview where she has accepted employment in the Montgomery Ward store as saleslady. Miss Gee visited several days last week in the home of her friend, Mrs. Juanita Tucker.

"Better Foods For Less"

Gas Rationing—

(Continued from page 1)
ty closed for business on November 30 to take an actual inventory of gasoline on hand.
On either December 1 or 2 they filled out an application for dealer registration, and upon approval of such application, each dealer was given a copy of the application and inventory coupons to equal the difference between gasoline on hand and the dealer's storage capacity.
For example, if a dealer has storage capacity for 2,000 gallons but had on hand only 1,200 gallons, he received inventory coupons for 800 gallons from the War Price and Rationing board.
"When a dealer receives his inventory coupons, he must endorse them at once with his name and place of business," Mr. Brown emphasized.
Before any dealer could buy any gasoline after 12:01 a. m. on December 1, he had to have either ration book coupons from customers or inventory coupons or both, equal to the amount of gasoline to be delivered to the dealer. The dealer must furnish these coupons to his supplier in exchange for the gasoline he receives.
For the information of gasoline dealers, Mr. Brown called attention to the fact that "A" ration books contain four pages with eight coupons to a page, or a total of 32 coupons, and the coupons on each page are numbered differently, since each page is good only for a specified two-month period.
"B" books contain two pages of eight coupons to a page, and are good until the expiration date shown on the cover of the book.
"C" books contain a maximum of 64 coupons, although they may contain less, depending upon the quan-

MRS. G. E. FULLER CALLED TO TEMPLE BY DEATH OF GRANDCHILD LAST WEEK

Mrs. G. E. Fuller was called to Temple last week by the death of a grandchild, infant daughter of Mr. and Mrs. J. L. Lane.
She was accompanied by her son, Charles E. Fuller, of Fort Worth, and daughter, Mrs. Charles Wiseman of Plainview.

Coach and Mrs. R. P. Terrell and son J. Pat, of Portales, New Mexico, returned home Monday following a holiday visit here with her parents, Mr. and Mrs. Lon Blasingame. Mrs. Terrell and son spent three weeks here with her parents and Coach Terrell joined them for the holiday visit. He is serving as coach for the Eastern New Mexico college.

Oliver K. Emert of Camp McCoy, Wisconsin, returned to camp November 12 after a two-weeks visit here with his parents, Mr. and Mrs. Tom Emert. With Co. 2, 9th Infantry he was recently transferred from Fort Sam Houston.

Mrs. Harmon Jenkins of Lubbock spent the week-end with her parents, Judge and Mrs. Jeff D. Ayres.

HOW WOULD YOU WRITE THIS AD IF YOU WERE ME AND HAD PIONEERED THE MEN'S CLOTHING BUSINESS AND REALIZED THAT WE ARE HEAD OVER HEELS IN WAR.

Would you pat yourself on the back for adhering to standards of quality.

Would you shake yourself by the hand because you had in your store "MANY GIFTS HE'LL LIVE IN" Or would you merely say buy at GLADS and be right.

We think this Christmas will be about like every other Christmas we've ever had in one way. We have never believed that Christmas gifts should be sold merely as merchandise but as symbols of people's love and sentiment for each other.

You can shop here with this in mind, that gifts from this store will be of one individual's affection for another.

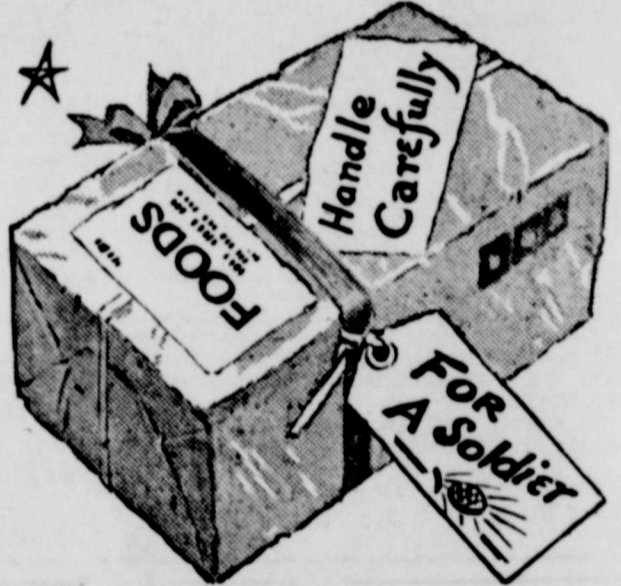

Again we say, MANY GIFTS HE'LL LIVE IN.
