

Mrs. J. F. Fox Funeral Rites Held Thursday

Funeral services for Mrs. Jennie F. Fox, of Amarillo, were held at 3 o'clock Thursday afternoon at the Lakeview school. Elders S. J. Ellis and Charlie Garrett of Amarillo, officiated. Burial was made in the Lakeview cemetery.

Mrs. Fox a former resident of this county died February 21 at her home in Amarillo. She was 65 years old and is survived by her husband and fifteen children, including one daughter, Mrs. Mattie Jameson of this county who resides at Dougherty.

Harmony Women Study 'Tempting Trays For Sick'

"Trays for the Sick" was the discussion for study at the meeting of the Harmony Home Demonstration club which met Thursday, February 25 at the club room. Mrs. Erx Williams was hostess for the meeting. The roll call was answered by "The Thing I Enjoy Most in My Home."

Mrs. J. Sam Hale gave the report from the council meeting. Mrs. Wesley Carr then gave the demonstration on "Tempting Trays". She demonstrated three different trays for different diets, the liquid diet, the soft diet and the light diet. She stressed the point that hot things should be served hot and cold is attractive.

Mrs. W. M. Finkner conducted the parliamentary drill. Delicious refreshments of doughnuts and cocoa were served by the hostess to the following members: Mrs. Currick Snodgrass, Mrs. R. B. Gary, Mrs. Everett Miller, Mrs. Chas. Watson, Mrs. W. M. Finkner, Mrs. J. Sam Hale, Mrs. L. A. Williams, Mrs. Mather Carr, Mrs. C. O. Spence, Mrs. M. D. Ramsey, Mrs. G. L. Snodgrass, Mrs. Wesley Carr and a visitor Miss Mary Edna Finkner.

RETURN FROM BORGER
Rev. and Mrs. C. A. Hartley returned home Friday night from Borger, where they spent the week attending a school of Evangelism. Dr. Harry Denman of Nashville, Tennessee, National secretary of Evangelism was guest instructor in the school. Rev. and Mrs. Hartley report a very enjoyable trip.

CARD OF THANKS
We wish to express our appreciation to our friends and neighbors for their untiring help and words of encouragement during the many months of illness of our wife, daughter and sister, Hallie Curry. Nothing was left undone and we want our friends to know that we are deeply grateful and we especially wish to express our thanks for the beautiful floral offering.

Roy Curry and relatives.
Mrs. W. A. Shipley and children.

ELWANDA HART IMPROVING
Elwanda, seven-year-old daughter of Mr. and Mrs. Tom Hart will probably be able to come home this week-end from a Lubbock hospital members of her family said. She underwent an operation Wednesday of last week and was reported quite ill as late as Saturday.

Mr. and Mrs. Faye Hart were called to Lubbock from Amarillo Saturday night to be with their niece. On their return trip they visited until Tuesday with relatives here. Mr. Hart is employed with the Police department at Pan-Tex.

Frank Sargent and son Hubert Lee of Winnsboro were business visitors in Floydada Tuesday. The Sargents resided in Floydada during the year 1928 and have been frequent visitors here since that time.

Willard Brymer, a 4-H club member and Victory demonstrator of Lone Star community, is taking the matter of financing the war seriously. Willard has a Chester White gilt that is due to farrow March 20, and he plans to select the best pig of the litter and call him "Victory". When this pig is finished for market and sold, Willard plans to invest all of the money in War stamps.

4-H club members have been encouraged to designate a portion of the proceeds of their demonstration to the purchase of War stamps and bonds. These young farmers are assuming their part in the war effort, and are investing all of the money they can in future security.

A total of 448 pounds of poison bait was distributed to 123 cooperators in the rat control program sponsored by the Floyd County Agricultural Victory council. Limited reports are available at this time, however the bait was strong enough to kill a cat for A. H. Kreis of Dougherty community, and a favorite dog for L. A. Williams of Harmony community.

Cooperators in this program may not see much evidence of dead rats because of the slow acting poison. In all cases where a part of the bait was eaten, it may be assumed that dead rats will be observed in a few days.

Income tax reports must be filed by March 15. That date is not far off, and those who have not started the annual summary should do so immediately. To help you prepare your report we have secured copies of C-196 "Your Income Tax—Another Farm Front." This leaflet and a copy of income tax forms may be secured at the county agent's office.

Mr. and Mrs. D. S. Battey of Harmony community entered three birds in the Fourth Annual Kansas State Dressed Turkey show held at Manhattan, Kansas, during the observance of Farm and Home week, February 10. Two of the three entries placed third in the strong competition.

Four states were represented at the show with 37 entries. Kansas led the number of entries with 21, Washington with 9, Oregon with 4, and Texas through Battey's Turkey Farm with 3.

A judging committee composed of Professor L. F. Payne, head of the Department of Poultry husbandry, Kansas State college; G. D. McCleskey, Educational director, Kansas Poultry Institute; and Clarence L. Gish, Federal-State Supervisor of Poultry and Egg grading placed the entries in the different classes. All birds were scored and the highest score determined the winners. A report from the show indicated very close competition in the different

The food preparation specialist from A. and M. college warns homemakers against using commercially canned foods which have been transferred to glass jars. She says they are running a risk of food poisoning and that not only is the food likely to be unsafe, but it is a cooked food which is decreased in food value.

Home demonstration club members answered roll call at the February meetings by giving garden hints. These are some of the pointers they gave:

Plant English peas early and plant the seed thick in order to make a good crop of English peas. Louisiana Reds and Louisiana Pink tomatoes were recommended by one of the members as being a wilt resistant and early bearing tomato. Plant a few rows of sweet corn along through the garden as the conifers protection from hot winds and sun during the summer. Ioana, a yellow deep grain variety of sweet corn is outstanding in quality and hardiness. Honey June, a white variety is also good. It can be planted as soon as frost danger is over. Using 1/4 pound of seed for 100 feet of rows. Thin plants to 16 inches apart when the corn gets about 12 inches high.

Always plant varieties of vegetables adapted to this section. Plenty of manure makes good cabbage. Start the plant from seed in a hot bed. Detroit dark red or Crosbys Egyptian are good varieties of beets. See that the garden is well plowed before seeds are planted. Some of the other hints that might be added to these are if the first planting of carrots does not make a good stand don't dig up the whole row, but re-plant the skips with more seeds.

To make lettuce head use the New York or Los Angeles seeding varieties. Thin plants 6 inches apart when 2 inches high. Plant black seeded Simpson Leaf lettuce in April for summer use. Plant mustard several times in the spring. Not too much at one time. It's the tenderest and best at 3 to 4 weeks after planting. In planting spinach, soak seed overnight in warm water to hasten germination. Bloomsdale Saboy is a good variety to use. Bliss Tomatoes is a good variety of Early potatoes for early "new" potatoes.

classes. The Battey's have been serving as Turkey demonstrators for the Texas A. and M. Extension service for the past eight years. They are following the recommendations of the Texas turkey improvement plan and are breeding E. O. P. birds as their contribution to the war effort.

Mrs. Robert Abernathy of Lubbock came Sunday to visit her sister, Mrs. S. T. Harris, for several days.

FRIDAY, MARCH 5 . . . IT'S WAR BOND DAY AT ARWINE'S TO HELP OUR FIGHTING MEN

Right now, over in England, a bunch of fellows are getting ready to tackle one of the bloodiest jobs ever given an Army. In the Pacific, another bunch is playing hide-and-seek with an enemy that thinks the right treatment for a wounded prisoner is a bayonet through the guts.

Others are sweating in Africa . . . still others are on cold, dreary fog-bound islands near the Bering Sea.

We are not satisfied with the amount of War Bonds we have been buying and we decided to take **One Day Out of this Month's Business to Buy Bonds.**

Every cent you spend with us on Friday, March 5, will be converted into War Bonds.

VETERAN TELEPHONE RE-ENLISTS

Desk telephones—sturdy veterans that figured in the growth of America's telephone system for years and years—are being called back for wartime service.

More and more, telephone materials and telephone production lines have been shifted to supply things the Army and Navy must have. That means less and less for the nation's telephone system. So thousands of these old-timers are coming off the shelf.

They are ready to do their part in meeting today's tremendous demand for telephones.

They are good telephones—first-class talking instruments. And they'll do a first-class job of carrying the calls of a nation at war.

"THE GREATEST MOTHER IN THE WORLD"

The American Red Cross WITH A WAR TASK AHEAD--

Comes to the American People to Appeal for Funds—March 1 to 31—Funds to Finance the Most Extensive Humanitarian Program Ever Conceived. Goal of the 1943 War Fund Campaign of the American RED CROSS is \$125,000,000.

Floyd County's Quota - \$2,750 - Do Your Part

They Need Your Help

DISASTER RELIEF

Disaster relief continues. The last Red Cross annual report shows that a total of 26,666 homes were destroyed by fire, wind and water, leaving 72,434 Americans without food, clothing or shelter. Made homeless by 149 disasters, sufferers were fed, clothed, sheltered and administered to at a cost of \$1,250,000.

AID WAR SUFFERERS

The national report this year shows since World War II began, \$66,000,000 expended on foreign relief which brought aid to many millions of evacuees, refugees and other war sufferers, and \$5,000,000 expended on relief for prisoners of war of the United Nations: since Pearl Harbor, 5,500,000 first aid certificates awarded; a million and a quarter blood donors; 68,000 nurses aides trained and in training; 520,000,000 surgical dressings and millions of knitted and other garments made; more than a million trained in nutrition and home nursing courses and more than 1,500,000 members of the armed forces given aid in unravelling personal and home problems.

NEED MORE PLASMA

So extensive is the use of blood plasma, the Army and Navy have asked the Red Cross to step-up its blood donor service and supply them with 4,000,000 pints in 1943, an increase of 3,000,000 pints over the 1942 requirements.

Services to the armed forces include field directors, recreation directors, program directors and club directors. Every camp at home and abroad has a field director. The Red Cross is the liaison between the soldier and his family. Soldier to field director to chapter and to the family through a corp of Home Service staff workers is the method used to help the soldier solve problems left behind.

FUNDS FOR THE ARMED FORCES

It is reported that 65 per cent of the funds required by the national organization had been budgeted for Red Cross services to the armed forces. As the armed forces increase, the Red Cross must keep pace both at home and abroad.

The 1943 program of the Red Cross presents a picture of to the armed forces. As the armed forces increase, the Red Blood plasma is one of the most important contributions to the medical branches of the military. It has proved itself by saving the lives of thousands of boys wounded in battle.

Frank Buck Aint Got Nothin On Dougherty Bunch

"Bring 'Em Back Alive" is the motto of a group of Dougherty citizens when they were entertained recently at an unusual party, with Mr. and Mrs. Mose Damron of South Plains, as their hosts at a snake hunt. Forty snakes were caught, defanged and brought back alive and kept in the chicken house at the Bill Norman home overnight. It was reported that the Normans were scared to keep the reptiles any longer and next morning Mr. Norman took his 22 and killed them.

Following a lunch, cooked in the open, on the bank of Wolf Creek in Motley county the crowd caught 35 rattlesnakes on the Henry Harris farm, and returning to the home of Mrs. Damron's parents, Mr. and Mrs. H. S. Watson, captured fifteen more. In this den they also chased out an opossum, a prairie-runner snake and a skunk, which broke up the hunt.

The group included besides Mr. and Mrs. Damron, Mr. and Mrs. Tate Jones and family, Mr. and Mrs. Ott Glassmeyer and family, Mr. and Mrs. Bill Norman and family, Mr. and Mrs. Orland Howard and Troy Lee McNeill, all of Dougherty. Mr. and Mrs. Tom Hall and family of the Baker community and Sonny Leatherman of Floydada.

OSCAR STANSELL AND HIS BRIDLES; WORKS OF ART WHILE 'FOOLIN' AROUND'

When you see one of the brides O. L. Stansell uses that is platted complete, head stall, throat latch, reins and all without the use of buckles or metal and only the bits of steel, your admiration will take the form of a question "where did you get it?" as you conjure up an idea that he has been away off somewhere to an Indian reservation and spent a lot of money.

He'll tell you "a Mexican made it for me," until you corner him when he will admit he did the bridles himself. It takes the right kind of leather and the right kind of know-how to make these bridles and they really are works of art, nothing short of admirable. If you admire useful art in leather make him show you.

When he has the time out from all the trading and trafficking he does in horse flesh and cows to make bridles, we wouldn't know. Just one of those cases, probably, where a fellow some way finds time to do some of the "fooling around" he enjoys.

The GOLDEN RULES of Food Rationing

1. Share your food with the fighters, protecting your home.
2. Don't hoard anything. Accept rationing cheerfully—help make it work.
3. Learn to use your ration book right. Use the 8 and 5 point stamps in settlement when possible, reserving the 1 and 2 point stamps for low point articles. Your storekeeper cannot give you "change" in stamps.
4. Use your point stamps wisely—don't run short of stamps by buying "high point" foods where "low point" foods will do. Buy only what you need.
5. Plan your family's diet carefully—plan menus ahead for a week or a month—see that everyone gets enough nourishment.
6. Eat fresh fruits and vegetables instead of canned, bottled and frozen. Use the more plentiful non-rationed foods whenever you can.
7. Lighten congestion in the stores—shorten the waiting line at the cash register, by shopping early in the day and early in the week.
8. Don't complain if your favorite food is all gone. Select your next choice and enjoy it. This is war.
9. Plant a Victory Garden—all you can care for.
10. Do all the home canning possible, according to your family's needs.
