Poultry Coops Need To Get Into The War

Every poultry raiser who has a commercial poultry coop that does not belong to him laying about the premises is slowing down the movement of poultry these days.

Released by U. S. War Department Bureau of Public Relations. INSIGNIA OF FUTURE BIRDMEN—High school boys throughout America will soon be wearing attractive silver and blue wings in the lapels of their sports jackets.

These poultry people do not mind loaning coops. In fact, they want to do so, but they wish the coops would stay in circulation.

Poison Safe Dial Foils Youthful Negro Burglar

If you've looked at one of these safes with a bulbous looking caption over the regular combination and a sign "poison gas" and have wondered if there were actually gas in it and if so, what kind, then M. C. Williams, 19, a new negro in town can tell you.

'Cotton Really Popping Open'—Grady Harris

Floyd county cotton is really popping open and if the farmers can get pullers they are going to get this year's crop in a hurry.

"Does this lipstick come off easily?"

Cancer 'Quacks', Cancer 'Cures' Cost Lives

AUSTIN, Texas. — A steady increase of deaths in Texas from all forms of cancer is disclosed by the fact that over 45,000 persons have died from this dreaded disease within the last 10 years, according to Dr. Geo. W. Cox, State Health Officer.

Brother and Sister Visit Rev. and Mrs. G. W. Tubbs

Rev. G. W. Tubbs this week is entertaining a sister, Mrs. Mattie Birch, of Reserve, New Mexico, and a brother, C. L. Tubbs, of Prisco, Texas, the visitors meeting here for the re-union of the family group.

Marriage Record

Margaret Collier, County Clerk issued marriage licenses to Joe E. Wilson and Elaine Culpepper, September 13; Louis Chatman and Johnnie Mae Hopkins, colored, September 14.

Louisiana Canes Nearly All New Varieties

More than 97 percent of the acreage devoted to growing cane for sugar production in Louisiana in 1942 grew disease-tolerant varieties bred and developed by plant specialists of the U. S. Department of Agriculture, or varieties that they introduced and selected for use in that region.

Eat Protective Fruits, Vegetables While They Are Still Here

Giving pointers on "How to be Happy Through Rationing," Dr. Henry C. Sherman of the U. S. Department of Agriculture says, "Let us increase local production and consumption of those protective foods which are too perishable for shipment, such as fruits, vegetables, and milk, with or without eggs."

Noses and Eyes Know

No mechanical device has yet been discovered to substitute for human noses and eyes in telling a good egg from a doubtful one in an egg-drying plant. It would be easy to devise a mechanical egg-breaker but it would not discard eggs as skilled workers do.

Applying Research

The progress that has been made in the past in the industrial utilization of agricultural products has been slow, said D. F. J. Lynch of the U. S. Department of Agriculture, in a recent address. Lynch, director of the Southern Regional Research Laboratory, declined to paint a "rose colored picture" of what might be expected from the laboratory.

World Encircling

A. E. Glegenback, public printer of the United States, reveals that safety paper bought for ration books up to the present time is sufficient to run a 16-inch web 4 1/2 times around the earth.

Howard G. Denison Given Promotion in Rank

Howard G. Denison, son of Mr. and Mrs. C. W. Denison of Floydada, Texas has been promoted to the grade of Private, first class, upon assignment to the Technical school, Army Air Forces Training command, Sioux Falls, S. D., for training as a radio operator-mechanic.

Maize All-American Crop

Maize or Indian corn filled the granaries of the agricultural people of the western Hemisphere as far back as the earliest records go. A. E. Longley of the U. S. Department of Agriculture points out in an article in "Agriculture in The Americas," Maize, he says, "always has been the most important agricultural crop of the Americas, and today it is grown widely in temperate and tropical regions all over the world. The Indians of the past developed this cereal to assure themselves an adequate food supply. It is likely that in the next few years of stress and strain corn will be even more important as the Americas may be called on to become the granary of the world."

It's True, Too

When a fellow breaks a date he usually has to.

When a girl breaks a date she usually has two.

A man can be pretty accurately measured by the size of the thing that makes him angry.

Dougherty Bond Rally Reports \$27,031.25 Net

Dougherty's auction bond sale and rally Tuesday night was highly successful, the communities of Dougherty, Antelope and Hillcrest joining in one big get-together that resulted in the sale of \$27,031.25 worth of Third War Loan bonds at cost, and having a face value of \$35,375.

Mrs. Hammond's Home

Mrs. Claude Hammonds, who returned home Wednesday of last week from Greeley, Colorado, where she visited her husband, was ill for a few days with a throat infection following her return.

**The People's Forum**

(This column is conducted exclusively as an open forum for the citizens. Readers are urged to comment on any subject they desire at any time in this department if they will be careful to avoid libelous statements or personal attacks. If you want to discuss something you are invited to do so in The People's Forum.)

**Collins Relates Details Of War Chest Plans**

In a few weeks the people of Floyd County will be called upon to contribute their share to "The United War Chest of Texas." The United War Chest will be larger than for any other similar cause since the start of the present war. This is a task, brought on us by the war, that we must do and will do. Many will be asked to help actively with this drive so that every person in the county will have an opportunity to contribute his or her part.

Heretofore many war relief agencies have been asking the public for contributions with which to carry on their work, each in its own separate way. Now all of these agencies will share in the funds collected by "The United War Chest of Texas," not all equally, of course, but in proportion to the importance to us of their work.

**War Chest Giving Means**  
Support for the far-flung USO—the home away from home for our own fighting man; comforts for "the matted wire legion" of prisoners of war; food for starving Greece; medical supplies for gallant Russia; aid for the scorched earth of stricken China; assistance for hundreds of thousands of homeless refugees; timely help for our own famed forces and our allies overseas—sixteen different appeals wrapped in one.

**Where Help Goes**  
The sixteen agencies which have met the approval of the President's War Relief Control board for participation of the National War fund are:

1. USO (United Service Organization)
2. United Seaman's Service
3. War Prisoner's Aid
4. United Nations Relief. This includes Belgian War Relief society, British War Relief society, French Relief fund, Greek War Relief association, Norwegian relief, Polish War Relief, Queen Wilhelmina fund, Russian War relief, United China relief, United Czechoslovak relief fund, United Yugoslav Relief fund.
5. Refugee Relief. This includes Refugee Relief trustees and the United States committee for the care of European children.

**How War Chest Originated**  
The United War Chest of Texas is the medium which this State has set up through its own leaders to assume full responsibility on a state level for the participation of Texas in the National War Fund campaign. The organization was born of a state wide meeting at Austin, April 27, 1943, when representative citizens from every part of the state asked Governor Coke R. Stevenson to serve as honor chairman and named George A. Butler, Houston attorney, to serve as active chairman.

The exact role of the United War Chest of Texas is to serve as the link between the National War fund with its goal of \$125,000,000, and the individual Texas community of county which assumes full responsibility for its share of the American War service to be carried by the state. It will also serve the purpose of co-ordinating in a single state-wide program the fund raising activities of the national war-related agencies.

When we get the organization completed for Floyd county, there will be many that will be asked to help with this drive and we feel sure that the people of Floyd county can be counted on to come up with their part. The slogan for this campaign is "Sure! I'll take a Texan's Share."

W. G. Collins,  
Chairman for Floyd County.

**HESPERIAN WANT AD SELLS LAND FOR H. H. GRAHAM**

Henry H. Graham of Sand Hill gives a low-priced Hesperian want advertisement credit for the sale of a 160-acre tract of land for him recently. Contract is up and delivery of the land is expected to be made right away.

Mr. Graham also is disposing of a tractor and some dairy cattle, which he is advertising this week.

**TAXES "BIG HELP", ABSORB MUCH RAILWAY REVENUE**

AMARILLO, Sept. 13.—The country's railroad tax bill for the first half of 1943 was about 87 percent higher than for the first half last year, the tax increase alone amounting to \$426,564,304.

Continued at the same rate of increase through the remainder of the year, the total tax bill for 1943 would pass the two billion dollar mark. This would mean a railroad tax bill for 1943 greater than the total payroll of all employes in any one of the years 1931 to 1941.

This indicates the tremendous proportion of the added revenues the railroads are enjoying from war time traffic that is being absorbed by increases in taxes.

**TAKING A REST**

Dr. and Mrs. Geo. V. Smith left Sunday for a two weeks rest and vacation at Camp Picketwire, Colorado. They were accompanied by their daughter and husband, Mr. and Mrs. Guy Ginn and sons, Vaughn and Pat of Plainview.

Maurice Wingo of Dallas spent Monday night in the home of Mr. and Mrs. J. C. Wester. He was en route to Tulsa where he will visit his parents.

**It'll cost you an extra \$100 Bond**

**To look him in the eye!**

**HE'S AN AMERICAN SOLDIER.**

Some day, if God is with him, he'll come home.

And when he does, you'll get the biggest thrill of your life if you can look him squarely in the eye and say, "I couldn't help you fight—but I did everything in my power to help you win!"

There's only one way you *can* say that... honestly say it. And that is to help him win *now*... when he needs all the help you can give him.

Today's particular job for you is to scrape together

every dollar you can—and buy an *extra* \$100 worth of War Bonds! That's *your* job in the 3rd War Loan!

It's not enough to buy your regular amount of Bonds. It has to be *more*. It has to be an *extra* buy—a little *more* pressure for the shoulder that's against the wheel.

REMEMBER THIS—you aren't *giving* your money. You're *lending* it to the government for a while. And you're making the best investment in the world.

**3<sup>RD</sup> WAR LOAN**

**BACK THE ATTACK...WITH WAR BONDS**

### Conservation District News

District Chairman W. H. Nelson says he wants to again urge all land owners to attend the meetings held by Jason O. Gordon, County Agent, beginning September 27th Aiken School, 28th South Plains School, 29th Cedar School, 30th Lakeview School and October 4th Sand Hill School. Gordon will explain the purposes of the District and its accomplishments to date, as well as the need for Floyd County land owners to vote in the election of supervisors on October 5th.

Ben Whitfill of Lockney has requested the supervisor's approval on his application for the District's engineers assistance in overcoming some of his irrigation difficulties.

R. L. Powell who farms Mrs. J. F. Bickley's place just across the road from the Whitfill place has also made application to the District for planning his irrigation system. Looks like District technicians will be plenty busy from now on out.

Watch this column each week for comments by Floyd County farmers.

J. D. Halner, who has been spending the summer and early fall here as sales clerk for J. C. Penney company, has left for the KMA field school in Wichita county, where he is to teach this school year.

Mr. and Mrs. Bill Sammann had as their dinner guest Monday, M. Sgt. O. V. Myers of Gila Bend, Arizona. M. Sgt. Myers is a nephew of Mr. and Mrs. John Myers, formerly of Floydada.

### FUTURE OF RETAIL BUSINESS DISCUSSED AT ROTARY CLUB BY GLAD SNODGRASS

Glad Snodgrass, who has been engaged successfully in the retail business in Floydada since 1900, and who has also ventured successfully in other lines of endeavor including farming during the time, spoke at the Rotary club Wednesday on the future of retail business.

His talk pointed out pros and cons of future events and their effect on business, particularly the effect the government's attitude will have when the war is over.

Among the visitors at the Rotary club for the luncheon were Geo. A. Linder, of Amarillo, J. C. Reynolds, field executive of South Plains

council, Boy Scouts, Pfc. James Wester and Pfc. C. E. Pyffe of the U. S. Army.

Among the visitors in Floydada this week was T. J. Caple, of Amarillo, a former resident of Floyd and Dickens counties.
