Buster Williams Killed In Bridge Wreck Tuesday

General rites this afternoon at the First Methodist church at Lockney will be held for Buster Williams, 33, who was killed in a crash at a bridge across a ravine seven miles east of Gallup, N. Mex. about 2 o'clock Tuesday.

Mrs. S. V. Williams and a sister of Lockney for the past 20 years. Buster Williams was riding with his brother Paul when the accident occurred. The truck was derailed and Paul was crushed and killed as the machine hit the bottom of the ravine some 20 feet deep. The brothers were enroute west to a load of fruit and vegetables from the mountains.

Three other brothers, Jess, Sid and J. P. of Lockney and two sisters survive. Two children also survive.

Rev. E. J. Cobb, pastor of the First Baptist church, will be assisted by Rev. A. B. Vaughn, of the First Methodist church, in the funeral.

Interment will be made in Floyd county cemetery where the father of the deceased and a brother are buried.

C Election To Name New Officers Soon

At an early-morning meeting of the directors of the Chamber of Commerce Tuesday at the Hotel the shop action was taken to call an election to name new officers and directors. Probably a mail ballot will be used, it was indicated.

J. C. Wester, president, after the meeting had been discussed by the directors.

Formal meetings of the directors have been too infrequent it was generally agreed, but pressure of other demands on the time of members has been responsible in large measure.

Wilson Res-Tex Director

Floyd County Chamber of Commerce a vote by mail went on record as favoring an active campaign for re-activating laws governing state and sub-division budgeting in Texas.

The West Texas Chamber of Commerce, campaign for re-dissolving the state for representation in the state legislature.

Lockett Building Motley County Temporary Home

Temporary court house of Motley county is the Lockett building in the northwest corner of the square in Matador.

Following the fire that destroyed Motley county's 40-year-old court house, Commissioners court there agreed to charter to the business houses of Matador, water soaked records and fixtures were moved. Seventy-foot frontage with two buildings cost the county \$10,000.

Plans for records and partitions in the various offices were begun immediately. It is reported the county does not plan to build a new court house until after the war because of shortage of critical materials and manpower.

Roy Coleman On Hospital Leave Here

Roy Coleman, wounded in action early in September, who was one of many patients returned to the United States for treatment, is home on a leave from the army hospital at Longview this week.

Coleman is the son of Mrs. Coleman and a brother of Mrs. Coleman and Mrs. Earl Switzer. He was hit about the knee with a bullet while in combat in France and is being treated. The injury will keep him on the non-combat list for some months. Landing in the United States at New York on September 17, Coleman was transferred to the Texas hospital at Longview. His mother had to visit him at Longview on October 30.

Thefts and Minor Infractions Get Attention of Officers With Partial Results Todate

Investigations by the sheriff's department carried on last week and this were beginning to get results yesterday in the solution of recent night thefts and damage to public property locally.

In one instance, the theft of tools from the vicinity of the sewer disposal plant, two youths have been arrested.

Bottle Breaking Barrage

On a recent week-end a barrage of pop bottles on streets and city portions of the highway, together with window breakage at the high school building, had created some damage and annoyance. Probable apprehension of the guilty parties in this is in prospect, it was said. This may also have been the work of younger persons.

Thefts of extra tires and wheels in the residence district Sunday night, however, may have been the work of grown-ups, intent on adding to a stock of these critical items. At least two residents lost tires and wheels and locks were broken on one or more other cars by the thief or thieves.

Pranksters who stationed themselves at night at the Santa Fe stockyards and slowed motorists on Highway 70 by piling a sack of grass on the pavement, also had been turning horses out of the stock pens as a sideline it was thought. At least two horses from the lot were still being sought this midweek by Bob Adams, the owner.

The big fun in the highway blocking stunt was to let the motorists slow down to investigate then jerk the sack out of the road with a small rope from a hidden vantage point in the shadows.

Democrats Seek Money For Campaign

In a telegram this week to Homer Steen, county chairman of the Democratic committee, Myron G. Blalock, national committeeman sends an urgent call for funds to carry on the party's campaign in state and nation and insists that the chairman here accept at once the finance chairmanship of the Roosevelt-Truman campaign in Floyd county.

"Time is short and the need is urgent," Mr. Blalock wires. "Any money collected will be first used to make a successful fight to carry the state for the Democratic nominees and the balance will be used to help elect Democratic congressmen in doubtful districts and to help elect Sam Rayburn speaker."

Doesn't Want Old Guard

In accepting the assignment the local chairman calls on every precinct chairman of the county to help quickly to get funds together for this important fight. And democrats who wish to help with the campaign, who are not personally canvassed, may leave money at the First National bank in Floydada for the account of the Democratic Executive committee. All funds thus obtained will be forwarded promptly to the national committee.

Unless Democrats act and act promptly the Old Guard is going to take over again just as they did a quarter of a century ago and nullify all the good that has been done for the common people and for the chairman of the party. "The present campaign of Mr. Dewey and Mr. Bricker has every old earmark of big money taking advantage of the dissatisfactions and discontents that result when war brings its disasters" (See DEMOCRATS, back page)

Pfc. Warren E. Goodgoin WOUNDED IN HOSPITAL

Pfc. Warren E. Goodgoin, in the infantry with the Fifth army in Italy, wounded on September 12 and in a hospital there, is recovering from wounds.

How seriously he was injured was not disclosed in an official notice received by the family last week nor in his own letters received since. He had been in the service 13 months and was in the Italian campaign three months before he was wounded.

Citizens, Council Confer on Paving School Streets

As a result of discussions of citizens and members of the city council at the regular meeting of the board of aldermen Tuesday night the first step looking toward added hard-surfaced streets in Floydada was taken.

Formal vote of the council taken by Mayor W. U. White following the discussions calls for a survey to determine how much work an 11-block paving program would demand and the probable cost of a hard-surfaced ribbon in the center of the streets on these blocks.

Possible expansion of the program might follow the gathering of the facts in regard to costs, but the first estimate will be made on the basis of a program of 11 blocks that will take care of streets to the public schools not now paved.

Discussions Are Informal

No formal petition was presented to the council. Instead informal discussion was held. Some 15 residents of business men presented the idea to a council. E. P. Nelson favored the 19-block plan he has been urging as did others. However, the absolutely essential hard-surfacing was the only work the council was willing to put into their fact-finding motion.

Mayor White as well as other members of the board present (See PAVING, back page)

Brothers-In-Law Get Acquainted In The So. Seas

A good many strange things are happening to prove that this big world is not so big after all. Lt. Richard I. Tubbs, of Floydada, and Sgt. Ross Clark, an Indiana boy, have furnished recent proof of this fact.

They are brothers-in-law and have been for sometime. Clark is the husband of Richard's sister, Mary Louise. But through the fortunes of war they had not met in the states.

J. L. Elmore, 74, Died at Abilene

J. L. Elmore, 74, retired farmer, died at 2:45 Tuesday morning of last week at the home of his daughter, Mrs. C. V. Atkinson, of Abilene following an illness of several months.

Funeral services were held at 10:00 a.m. Thursday at Ellis Chapel in Abilene with Rev. J. H. Hamblen, pastor of the First Methodist church, officiating.

Mr. Elmore was born November 11, 1869 in Bell county and married Mary Ellen Elza September 8, 1889. He farmed for many years in Bell, Milam and Floyd counties, moving to Abilene 10 years ago.

Home Folks Get POW Address of Missing Airman

Mrs. Ona Mitchell and her daughter, Frances, at last have a POW address of their son and brother, Charles M., who was a gunner on a B-24 and went down over Germany on February 25, according to report they had in March.

It was in June before they learned whether or not Charles M. had reached the ground safely, their report then, through Red Cross, being that he was a prisoner in Germany. Their worries began anew then when other crew member families began to get their service men's addresses, but the Mitchells heard not a word from their service man until last Thursday when they learned it through a communication from the provost marshal general's office.

Mitchell is in Stalag Luft IV, where many other American airmen are reported to be concentrated, and the home folks will get their first package off to him this week.

Legion Plans Armistice Day Observance

McDermott post, American Legion, is making advance plans for the observance of Armistice day, November 11, with appropriate program, it was learned this week.

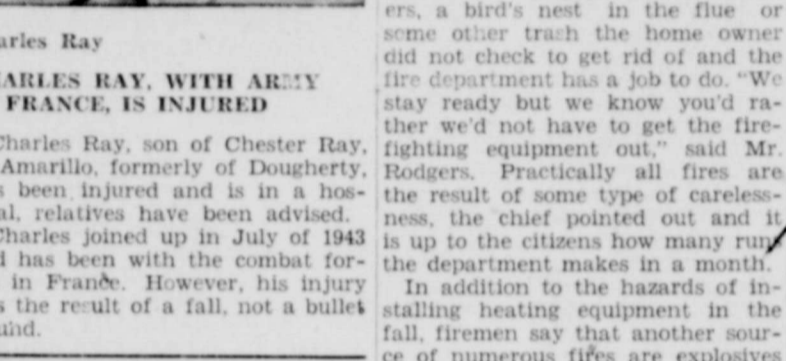

Inquiry was being made of businessmen this week as to their preferences of hours and dates of the observance. Apparently, incomplete report on expressions of sentiment indicate the retail establishments are willing for the Legion to make its own plans and announce them, when an effort by business houses will be made to co-operate.

Armistice day this year falls on Saturday, a difficult day for retail stores to join in public programs in Floydada.

Not a Fire In 140 Days; Chief Says Look Out When First Cold Snap Calls for Fire in Heater

Fire Prevention week has put accent on the good fire record of Floydada for the past two years and pulls out the stops on the record of the last 140 days without a single call for the fire department.

Chief Carl Rodgers yesterday in commenting on the long record in which no fire calls have been made by the department said in view of past records in a community of the size the record is a most remarkable one. And he attributes it to the fact that people are being very very careful in view of the extreme difficulty and high cost incident to replacing a home or business establishment.

Charles Ray, With Army In France, Is Injured

Charles Ray, son of Chester Ray, of Amarillo, formerly of Dougherty, has been injured and is in a hospital, relatives have been advised.

Charles joined up in July of 1943 and has been with the combat forces in France. However, his injury was the result of a fall, not a bullet wound.

Morris Powell Awarded The Silver Star

News that Pvt. Morris A. Powell of the medical corps, U. S. army, in the European Theatre of operations, has been awarded the Silver Star, was received this week by The Hesperian from the army public relations section.

None of the circumstances relating to the award are given, except to indicate that Powell's job in the army is a litter bearer.

Pvt. Powell's wife and parents live on Route 2, Floydada, in the Mr. Blanco community. His parents are Mr. and Mrs. H. A. Powell. Parnell Powell, of Felton-Collins company, is a brother.

Redbirds Have What It Takes Says Walker

The St. Louis Cardinals' 4 to 2 victory won over the American League Brown in the world series last week was no fluke. The Redbirds have what it takes.

So say three Floyd county men who chartered a plane to St. Louis and saw the last four games of the series. They were J. G. Deakins, O. G. Glassmeyer and Grady Walker.

"The Cardinals were better and knew it. Their cockiness almost cost them a world series before they began to take the Browns seriously," Grady Walker said yesterday after the return of the trio from the mid-west metropolises.

SPARKS FAMILY EXPECTING SON HOME FROM SEA BATTLES OF EUROPEAN INVASION

Mr. and Mrs. Alva Sparks and their family are highly elated this week over the news of the imminent arrival of the eldest son of the family, Harold, who telephoned the first of the week from New York City that he would be at home by the quickest possible means to spend a short leave with them.

A torpedoman on one of the fighting ships that helped fight for a beach head on Normandy and also in the Southern France landings, the former Floydada High school football star has seen some hot battle services and has earned a rest for a few days.

ADRIEL SPENCE VISITS SPOT WHERE TIP BULLOCK IS BURIED IN FRANCE

Pfc. Sam A. (Adriel) Spence, son of Mr. and Mrs. C. O. Spence, of Floydada, has visited the scene where Clifford (Tip) Bullock was buried in France, he has written back home. The letter last week said that Tip was buried in St. Mary cemetery near Eglise, France.

Adriel, it develops, was the friend Tip was started back to visit from his battery in an advanced position about 800 yards ahead of the battery in which Adriel serves. He was cut down enroute.

The date was July 8, while the 90th division was spear heading a drive to cut into the open country past Cherbourg on the Normandy front.

War Chest Drive Opened Tuesday In Floyd County

The \$6,340 War Chest effort for Floyd county, begun Tuesday of this week in a county-wide campaign, is expected to prove a challenge to the spirit of Floyd county people, being the most ambitious goal yet set in any war-time fund raising emergency.

Cecil Lagood, publicity chairman, said yesterday that the county had been completely organized and that chairmen all over the county are preparing to present the needs of the soldier and the war-needs to the people in every school district.

E. L. Norman, county chairman of the drive, has named R. E. Patterson to have charge of the campaign at Lockney and to organize several other communities of the north part of the county. R. E. Fry, chairman of the special gifts committee locally, had made headway in this campaign.

First tabulation of results of the campaign will be available sometime the latter part of this week, it was said.

Last Year's Record Good

Assigned a quota last year of nearly \$5,500 people of this county responded with a heavy over-subscription. Since that time needs of the largely augmented armed services have grown by leaps and bounds and the need for more money accordingly.

Names of community chairmen for several of the Floyd county districts, augmenting the personnel here, are as follows:

Sand Hill, W. R. Dooley; Harmony, G. L. Snodgrass; Allmon, S. R. Foster; McCoy, James Smith; Starkey, Grady Walker; Blanco, W. C. Cates; Lakeview, Roy Smith; Pleasant Hill, R. M. Battey; Antelope, Claude Ring; Dougherty, O. G. Glassmeyer; Baker, Hershel Green; Campbell, E. B. Chestnut; Fairview, Edell DuBois; Center, Roe Jones; and Hillcrest, R. I. Cook.

Thanksgiving Day November Thirtieth

AUSTIN, October 12—Gov. Coke Stevenson has proclaimed the last Thursday in November, November 30, as Thanksgiving day in contrast with the congressionally-designated fourth Thursday or November 23.

In his proclamation, the Texas governor noted that "the uniformity of its designation as the last Thursday in November dates from 1863." Stevenson had been wrestling with the problem of which day to designate since early in September. He said then that while he would like to keep state holidays in line with national holidays for unity of spirit as well as business convenience, dates for several Thanksgiving occasions had already been set in Texas for November 30.

Among these were the annual University of Texas-Texas A. & M. football game, as well as other traditional Thanksgiving games and the annual Thanksgiving meeting of the Texas State Teachers' association.

TEMPERATURE 36 DEGREES

Thermometer reading in Floydada this morning dropped to the low of the fall, a reading of 36 degrees being recorded at West Texas Gas company.

Week of overcast skies, with considerable fog at night has been the rule, with temperatures gradually working lower.

Marine Roy E. Baker is Killed In Southwest Pacific Battle

Pfc. Roy E. Baker, U. S. M. C. R., was killed in action recently somewhere in the south Pacific, according to a telegram received on Wednesday of last week by his wife, Mrs. Roy E. Baker, who teaches in the Flomot schools.

Date of his death, theatre of action, or locality where his death occurred was not divulged in the telegram, to prevent possible aid to the enemy, it was said.

Pfc. Baker was born November 7, 1915, and was married to Inez Marler November 25, 1937, in Matador. Both Pfc. Baker and his wife were reared in the Flomot community. Mrs. Baker is the daughter of Mr. and Mrs. Walter Marler, former residents of the Flomot community who now live here.

Pfc. Baker entered the service in January of this year, received his training in San Diego, and went overseas five months later. Besides his wife, he is survived by one son, Walter Beal, 6, his parents, Mr. and Mrs. H. E. Baker, a brother, Pat, two sisters Mrs. Molly Jo Seal and Johnnie Bell Baker all of Orange, Texas, a brother, Alton L. in the army stationed in Florida, a sister, Mrs. L. D. Gilbert and his father and mother-in-law, Mr. and Mrs. Walter Marler of Floydada.

EDITORIAL

DON'T OVERLOAD NOW

There are increasing signs that the manufacturers of America are catching up with their orders and that in some lines there are now or soon will be ample supplies of materials that have been on the "critical" list. Habits of people change slowly. We mean in particular that changes in the state of mind come slowly. This is true unless an upheaval comes along to make it more sudden. This is illustrated in the speech and manners of people in stores, on the streets, out on the farms. The war, having come along and the demands of the armed forces having been so heavy that numerous items were engulfed in the maelstrom, simply picked up out from under the waiting hand of the civilian consumer things he had been taking for granted. Now, having trained his eye to look for these things the average person is likely to be taken in and for a while as they begin to get back on the market for the civilian consumer. Hence the suggestion, don't overload now. The first of these critical items (critical for two years or more) to be offered most likely will find some suckers ready to overbuy. You may be one of these, especially if you are the type to want to be sure to get yours before the hoarders get around and buy it all.

PEOPLE ARE FUNNY

Retailers, especially those who have been dealing in items that have been scarce and difficult to get, have had many quiet laughs all to themselves to be sure not to offend a good customer over the ways of people. Used to having retailers jump through the hoops to get them what they want and the way they want it, some people have proceeded to give their dealer (in whatever line, but generally in the food business) a good going over when he doesn't hand over bacon, for instance. (He doesn't have any bacon, doesn't know when he will get some, but wishes he had a million pounds since the demand is so strong.) He must listen while the irate lady wants to know why she can't have some bacon when the country (she hears) is full of hogs. Or she wants her butter, and she doesn't mean maybe. Doesn't the government have millions of pounds just away just to take care of emergencies, and isn't it an emergency when you need butter?

Just what the nice, petted and spoiled lady or other customer would think the butcher knows about government butter policy or

why there is not any bacon when the country is full of hogs, she doesn't explain. Doubtless the man behind the counter is just taking advantage of her while he can. He ought to sell her some bacon or butter but he won't—just a matter of pure cussedness. And so through the week, about every 20th customer or so must have her say. So she puts that feller in his place.

WHAT CAN WE GIVE?

"I bragged about the money and work I gave to the war, until I met a man who gave a leg." That remark recently is an editorial in itself. The truth is that all we can give is very little when compared with the sacrifices made by the men on the battlefronts. Our money—our time—is as nothing when other men are giving their lives! And yet it means so much! Without our help, those men abroad would be left alone, like castaways on desert islands. Without our work and the aids that our funds provide, their already hard task would be impossible.

They rely on us for support. They know, wherever they are, that they are not forgotten, that we will not let them down. Our Texas boys in France, in Italy and in the Pacific know that as they are fighting with guns and tanks and planes, so are we fighting in our own humble way. The pity is not that we must give so much, but that we are able to give so little!

We can't fight beside our boys "over there." We can't face dangers with them, suffer for them, even be with them when death draws near. We can't lift from their shoulders the burden they carry so bravely.

No, we can't do any of those things for them. The danger, the suffering—even death—they must face alone. But we can do something. We can give our time, our efforts and our money to the greatest of all war programs—the annual campaign of the National War Fund. Those things we should give freely and humbly, and we should be grateful that they are ours to give. Remember the words: "I bragged about the money and work I gave to the war, until I met a man who gave a leg."

DUNBARTON ON OAKS

Dunbarton on Oaks doesn't mean anything to us. Possibly it does not to many of our readers, also, who may not have traveled a lot nor read as much as they might have. We should say, perhaps, that Dunbarton on Oaks, has not meant anything in prior times for now it does. It is the place where representatives of Russia, America, England

As A Farm Woman Thinks

As A Farm Woman Thinks

(By Nellie Witt Spikes)

You remember how peaches used to look on clean white plates at the county fair. Well our Indian peaches looked just like those, and we almost were afraid to touch them as one is not expected to at the booth. This year they were white, or rather cream as they ripened with a blush equal to that of the Alberta. A few years ago they were as red as beets. Now why, do not ask me for I do not know.

In all there were about five bushels, heaps for this year and now they are in jars for winter delights. Maybe Wilson will come home and help eat them. I decided them out in the family so that all could have sweet pickles and preserves and some canned for cobblers. They are seedling peaches and have in this country as long as any pioneer. And are just as hardy.

If you want a heap of beauty next

Floyd County 14 Years Ago

(Issue of October 9, 1930)

Football fans will have the opportunity of seeing the Floydada High School Whirlwinds in action on their home gridiron for the first time this season when they meet the Roaring Springs eleven here tomorrow afternoon. The Whirlwinds will be out to avenge a 13-0 defeat suffered last Thursday at Lubbock at the hands of the Tahoka crew. They have been handicapped in working out this week because of the rain and wet grounds.

Be sure to tune in your radio on the Floydada experimental station Friday at 12-15 for the Pep program that will be given. The program will advertise the game to be played Friday afternoon. The radio program will consist of a number of yells by the Pep squad, songs, special numbers, and brief speeches by the Coach, the pep squad sponsor, the high school principal and a Whirlwind fan from down town.

One of the longest dry periods recorded in the south plains and lower panhandle area in recent years, came to an end with fine rains over a wide area during a four-day period of intermittent rainfall from Friday of last week to Monday of this week assuring ample moisture for fall seeding and ample pasture for dairy and range cattle during late fall and early winter.

BORN—To Mr. and Mrs. Charlie Lewis, city, October 2, a daughter, Roy L. Snodgrass will head McDermott Post, American Legion, during the year 1931 as post commander, succeeding John Maxwell past commander. Snodgrass was elected in a meeting held Monday night in the Legion hall.

Reports this morning from the bedside of Judge Arthur B. Duncan are that his condition is only slightly improved. Judge Duncan has been confined to his bed for the past 8 days, and his condition has been considered serious.

Miss Hester West, daughter of Mr. and Mrs. John L. West, of this city, writes that she has arrived safely at Nashville, Tennessee, and is well pleased with her surroundings at Scarritt college, which she has entered for missionary training.

Completion of the new station of the Panhandle Refining company, was announced this week and the station has been opened to serve the public with W. H. (Bill) Watson, local service station manager of extensive experience, in charge.

fire would surely do a property owner much damage besides simply burning up his property.

Whether there will be complete publicity on the conference after it is over is doubtful. Certainly there has not been any possible chance for a reporter to get anything from the conference except mumbo jumbo from an occasional official. Probably the whole turn of events of the afterwar period may be affected in one way or another by the decisions in this meeting. Give and take has had a place in the meeting.

How well that is done will please the people of the United States and the peoples of other nations will be to find out later. Meanwhile, we squirm to think that some kind of alliance is being made up now that will involve the next or the next generation without the knowledge of the people affected. Perhaps it must be that way but we doubt it.

THE COMMON PEOPLE

What makes us doubt the wisdom of a great deal of secrecy in the talks at Dunbarton on Oaks, except where they might involve military decisions, is the fact that not a treaty ever made in secrecy thus has resulted in the continued welfare of the peoples affected. In fact, so far as we know, all the old style treaties have been so many scraps of paper when the people or the governments found it to their advantage to break them. We have in mind the old-time alliances and bilateral understandings. It seems to us that the Teheran conference and the subsequent conferences point to an arrangement similar to the Holy Alliance of an age now past and history, the differences being that the particular thing that is shaping up will not claim to be so holy but will be based on practical conditions as they arise.

We have no complaint in particular except that we do think the common people should be taken into confidence of the leaders even at the risk of busting up and having to begin all over again. We have most biding confidence in the deep-down rightness of the common, common people to do the right thing and even the wise thing in the long run. We do not believe that men engaged in power politics can have the rightness of mind and spirit to get the same results the people would reach.

WE HAVE BROKEN TREATIES

To show that treaties which have been made without the knowledge of the people are likely to be broken we cite the fact that our own nation has broken treaties solemnly entered into with all good intentions. The fact is that when you get down to rock-bottom the people in a country like ours are unwilling to be bound by the promises of men dead and gone. This makes ours a dangerous country to do business with in that respect, says our allies. And probably they are right. However, had the ordinary man in our country a knowledge of what is being done there might be another story.

Such a thing would be an interesting innovation, to take the people of the country into confidence. Doubtless selfish interests probably could and would interpose, and they might even defeat the aims of the conferees to the detriment of the country. But that wouldn't be worse than always has happened before.

FIRE PREVENTION WEEK

Floydada and Floyd county have been most fortunate the past year that fire has done no more destruction than it has done to city and farm property. In less than a dozen, maybe even fewer instances has fire gotten out of control for months and months. People really are learning and applying the lessons that have been learned.

A good thing, too, for replacements are mighty hard to make, priority or no priority, certificate or not.

This being Fire Prevention week in Texas we are reminded of the above facts. Continued vigilance is needed, continued care. Right now a

fall, do not fail to buy a dozen or so dahlia bulbs next spring. Plant them in the garden in a row as you do your tomatoes. Worry all the hot weather that they are not doing any good, hardly living it will seem, then awake one lovely fall morning and find the fairies have been at work and the ugly stalks have put forth fresh green and beauties sway in the soft breeze. Cut all you want, there will always be plenty more.

Wonder what is the matter with Mrs. Mirtie Smith of Odessa. It is time for my new hat. I have a blue one that this is the third winter for, but really it needs to be put away one year, so that next year it will seem new to me if not to anyone else.

From my son in England as he wrote on getting the box of candy he requested: "The package with popcorn and candy have arrived as one fellow expressed it, 'it must feel like getting a million dollars!' To me it was somewhat the same sensation as I would have experienced if someone several years ago had taken down one of those fascinating candy jars from the shelf and said, 'there, that is all yours.' And wasn't I glad to have caused my son so much happiness?"

I still have the County Fair on my mind. I wish there was one near this fall. We would all take the best and then go look with amazement on what we saw when everybody's best was all put together, shining and polished with blue and red ribbons decorating here and there. One of the best ones was held at Petersburg years ago. Never will I forget that oak stalk that was high as the sky! Or the

The Floyd Co. Hesperian

Established 1896 by Claude V. Hall. Entered as second class mail at the postoffice at Floydada, Texas, April 19, 1907, under the act of Congress of March 3, 1879.

HOMER STEEN, Editor
Published by The Hesperian Publishing Co., Inc., Floydada, Texas.

Subscription Prices: In Floyd and adjoining counties—one year, \$1.50; six months, 75c; four months, 50c; in advance.

sandwiches one woman brought for her men-folk's lunch, something inside crackers, each tied with baby ribbons of delicate blue. Friendly rivalry was shown by those in charge of the booths from school districts. Each vied with each other to have the most attractive. Lots of work for the ones in charge, lots of pleasure for the sightseers and the children. Wish there was one tomorrow and that I was going.

I like community meetings where the talent is from home or close there. There is a flavor that is nowhere else, like country sausage that cannot be duplicated. Your own or your neighbor's children sound like a million as they speak or sing or play in a piece. If there are any discards they are overlooked and forgotten. In the rural communities you will find a great deal of the future America in the making and after attending a community night in any neighborhood you go away with the feeling that

the future of America will be in good hands.

"The Melancholy Days have come the saddest of the year." Of course that poet who wrote those lines never lived in West Texas where we glory in the days of the fall like children in a toy store of gold. The days are soft and warm, weed that bursts forth from the brown prison, the air clear as low the ground. The sounds that have been muted all the while now ring clear and true, like some do in the woody counties.

Oh, ho, I must be getting old! did not want to go to the city last week.

Seen in the post-office at noon a group of school girls all intent on reading letters just handed them. V-mail, air mail, all kinds of writing and if one could have read them, perhaps they would not have needed a love story magazine to read.

Turnips are getting fine and even if you do not like them to eat, they are fine to look at. We like them eat, tho, and as they are easy to fix, we have them often. Nothing smells better than greens boiling in a cool day.

"Standard Brands Priced Right"

"I'm in a Cold Sweat!"

FEAR IS WHAT DOES IT, and many a car-owner has felt that freezing chill this summer, when a sudden, new noise from his motor has filled him with dread that his car was chugging its last.

There's nothing like that fear to make a stupid driver resolve to follow better driving practices. The intelligent motorist needs no such warning; and he always makes certain that the motor runs only with quality oil in the crankcase.

Obviously there are a number of such oils. And to help you select one of them, easily and with certainty, Phillips gives you these facts:

Phillips offers a number of oils because car-owners' preferences and pocketbooks vary. But when you want our best oil, remember Phillips tells you frankly that **Phillips 66 Motor Oil** is our finest quality... the highest grade and greatest value... among all the oils we offer to average motorists.

It's good for your motor, under today's reduced driving conditions, to change oil every two months, say experts. For that change, and for seasonal draining and refilling, you make sure of getting a quality lubricant, when you simply say: **Phillips 66 Motor Oil.**

It's Phillips Finest Quality

PROVED IN 50 BILLION MILES OF SERVICE

Whirlwinds Gain Confidence And Bold Bulldogs

The season in the two teams was Floydada's loss to Levelland Lobos 3 to 0, and the Bulldogs win 19 to 6 from the same team.

Roberts Out For Season

The Whirlwinds, however, spoiled their own chances of winning the game by fumbles in the crucial spots. Six fumbles, two of them recovered by the Bulldogs, were chalked up against an otherwise greatly improved game by the Windies. The Floydada boys won a great deal of ground while the Bulldogs had the ball but football games are not won that way. The line was definitely superior to that of the opposing team. Hall, Mize, Decker looked very good on defensive play.

The game was a costly one to the Whirlwind squad. Lendell Roberts who was rounding out into a fine offensive threat, has a broken collar bone and will be out of the remainder of the season. The bone was broken shortly before the end of the first half. Billy Morrison at quarter appeared to the stands to be gaining self-confidence and calling his passes better than early in the season.

On penetrations Tahoka had the advantage with two against one, and one of these down to the one-yard line.

Coach Likes His Team

Coach still likes his team. He thinks he will give the district a run for the money when conference games start. He is stumped temporarily, however, by the loss of Roberts from the backfield. He has got to begin all over and "make" at least one more backfield man, and is mighty glad the test against Spur is as far away as it can possibly be and still within the conference time limit.

Passes and Penalties

Back to the record of the game. Statistics show that in passes the Winds tried nine passes, completed three for five, three and 11 yards

respectively. Four were incomplete and two were intercepted. Tahoka had six incomplete for 9 yards, one for 34 yards and one lost three yard.

Floydada drew 40 yards in penalties, Tahoka 35 yards.

Starting lines were as follows:

Pos—Floydada
LE—Decker
LT—Mize
LG—Hall
C—Grearhart
RG—Grearhart
RT—Berry
RE—Womack
LH—Collins
RH—Carmack
Q—Morrison
FB—Roberts

Tahoka
Miller
Hodge
Newton
Jones
Dorman
Busby
Hines
Grider
Barrington
Miller
Caraway

Of the visitors Caraway and Barrington were nice ball toters with Hines a standout at end.

Farm Fires Cost Nation Many Million

Farm fires are costing the nation more than one hundred million dollars a year in addition to the loss of nearly four thousand lives, Winfred H. Fowler, Farm Security Administration Supervisor said today in calling attention to the President's proclamation setting aside the week of October 8 to 14 as National Fire Prevention Week.

"Let's feed our food to fighters instead of to fires," Mr. Fowler urged.

Evidence that the fire menace is becoming increasingly serious is found in figures just released by the United States Department of Agriculture, which show that total fire were 37 percent higher than in 1935, losses in the United States in 1943 property directly involving the processing or storing of food supplies suffered losses in excess of 90 million dollars last year.

And during the first six months of this year are 15 per cent above the same period in 1943.

In addition to the loss of buildings and crops of farms, industrial caused by faulty lightning rods, Check, Eliminate Hazards

FSA families in Floyd County are being asked to check their premises for fire hazards and eliminate them. Last year 21 million dollars worth of farm barns burned down, fires caused by faulty lightning rods, faulty hay storage and faulty electrical wiring. Mr. Fowler emphasized the need for having readily available a ladder which will reach to the top of the highest farm building, a water supply for fighting purposes, fire breaks around hay stacks and farm buildings; and a fire extinguisher in the barn or house for emergency use.

"We can speed victory by preventing fires. Lives and food supplies are important to our nation at war," Mr. Fowler said.

Fourth Quarterly Conference M. E. Church Next Week

Approach of the end of the conference year of the Methodist church is heralded by the fact that the fourth quarterly conference of several of the churches are being announced.

Among these is the Floydada church, where the officers and members of the congregation is to gather on Wednesday night of next week, October 18.

A covered dish luncheon preceding the session of the conference is planned.

Training School to Open

Rev. Phil H. Gates, pastor of the church, announces that a training school will be held October 15-19. Rev. W. E. Hamilton, of Lubbock, will be with the church here for the school. The young people are wanted in the school with as many of the adults as will be able to attend, the pastor announces.

Barcel Your Figure; Restore Youthful Curves

You are overweight, perhaps due to over-indulgence in food and not to any glandular disturbance. Do not try this inexpensive home recipe to help bring back alluring curves and graceful slenderness. Here is a recipe that can be used expensively at home. Just get your druggist 4 oz. of liquid **BARCEL CONCENTRATE**. Add high grapefruit juice to make a quart. Then just take 2 tablepoons twice a day. Wonderful results may be obtained quickly.

Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take, and pleasant and easy to take. If the contents nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

You can get Barcel at Bishop Pharmacy

Center News

CENTER, October 9—We are hoping these sunny days continue for quite a while now so feed can mature, wheat be sown and harvesting begun. It has been a week since the rain but the fields are still too wet to cut feed.

Mr. and Mrs. Melvin Ross left last week to help Mrs. Ross' parents move to Phoenix, Arizona.

Mr. and Mrs. C. J. McClure and Mrs. J. L. Montgomery went to Plainview Friday of last week.

Mrs. Roe Jones and Dave Willis have gone to Arizona to visit Mrs. Jones' daughter, Mrs. E. R. Melton and Mr. Melton.

Mr. and Mrs. Floyd Montgomery of Dimmitt spent the week-end here visiting his mother and sister, Mrs. J. L. Montgomery and Mrs. Frank Dunn and her sister, Mrs. Lee Allen of Floydada.

Mr. and Mrs. G. C. Bailey and Mrs. J. L. Montgomery attended singing at the Methodist church in Floydada Sunday afternoon.

We welcome Mr. and Mrs. Gilmore and children to our community. They moved here recently.

W. B. Jordan is celebrating his seventy-seventh birthday tomorrow, October 10, by working all day.

Mrs. G. C. Bailey attended the joint session of the Baker and Rushing Chapel Women's Christian Service meeting held at the home of Mrs. C. A. Hartley.

The Lindsey Grahams have quite a large chicken house under construction on their farm.

Home Demonstration Club

The Center Home demonstration club met Monday with Mrs. C. M. Meredith.

Mrs. Vinson had charge of the business meeting. The time of meeting was changed to 2:30. Miss Wilson gave two very interesting demonstrations.

Delicious refreshments were served to Mrs. L. E. Williams, Mrs. A. W. Anderson, Mrs. Travis Lightfoot, Mrs. R. C. Ross, Mrs. M. J. McNeill, Mrs. J. L. Montgomery, Mrs. J. A. Hartsell, Mrs. W. B. Jordan, Mrs. Frank Dunn, Mrs. O. C. Vinson, Mrs. W. T. Hamilton, Mrs. J. R. Austin, Mrs. J. E. Green, Mrs. Woodrow Wilson, Mrs. C. J. McClure, Miss Edith Wilson and the hostess, Mrs. Meredith.

Mrs. C. K. Arnold is leaving this week for Galveston, where she will spend several days on a visit with her son, Robert, who is a student in the University of Texas School of Medicine.

Mr. and Mrs. J. M. Smith of Petersburg spent the week end here visiting with Mr. and Mrs. Carl Reeves and family.

Telephone furlough to home

A Long Distance call is almost as good as being there in person. Helps a lot when there aren't too many other calls on the wires.

So whenever you can, please keep the circuits clear from 7 to 10 each night for service men and women. Those evening hours are their best chance to call from camps and naval stations.

SOUTHWESTERN BELL TELEPHONE CO.

PAPER IS WAR MATERIAL—Please take good care of your telephone directory. It is hard to replace.

Mrs. J. L. Montgomery and Mrs. Walton Wilson visited Monday with Mrs. Clyde Bagwell.

W. E. Smith S 2/c spent 10 days here visiting his mother, Mrs. C. P. Huckabay and other relatives.

Mrs. Eldon Burgett and Miss Modena Hartsell of Amarillo visited last week-end with relatives and friends here.

Sgt. Raymond E. Lawson is attending O. T. C. at Atlanta, Ga.

**Mrs. Winfred F. Newsome and
little son, who have been here visit-
ing in the home of Mr. and Mrs. J.
C. Newsome, are leaving this week
for Memphis, Tennessee, where they
will make their home with Mrs.
Newsome's parents, while their en-
sign husband and father is in ser-
vice on the high seas in the navy.**

Dr. and Mrs. C. M. Thacker re-
turned last week from Dallas where
they spent several days on a com-
bined business trip and rest.

Mrs. A. E. Guthrie and son Aubrey,
who visited in Dallas last week,
returned home Friday.

Pvt. Edwin Anderson is here from
Camp Swift, Texas, visiting his wife
and parents, Mr. and Mrs. A. W.
Anderson. Edwin will be here for 15
days.

Mr. and Mrs. H. B. Pearson, of
Decatur, spent from Friday until
Monday visiting in the home of Mr.
and Mrs. N. W. Williams. Mr.
Pearson went on to Clovis, New
Mexico, to attend to business there.

Pfc. and Mrs. Theodore Lawson
returned to Pampa today after visit-
ing here the past several days
while Pfc. Lawson was on furlough
from the Pampa Army Air field.

Mr. and Mrs. V. E. Stewart and
family, of Borger, visited last week-
end with Mr. Stewart's parents, Mr.
and Mrs. G. A. Stewart of the Fair-
view community.

Lee Carver, who went to Dallas
two weeks ago for an operation, has
returned home. Carver had his
left foot removed while at the hos-
pital on account of an old injury that
happened several years ago.

LEE CARVER HOME

Lee Carver, who went to Dallas
two weeks ago for an operation, has
returned home. Carver had his
left foot removed while at the hos-
pital on account of an old injury that
happened several years ago.

**BRING US YOUR COTTON,
WHEAT and GRAIN SORGHUM
GOVERNMENT LOANS**

Contrary to a report, our bank is
ready and anxious to handle your
Government Cotton Loans this season.

And also Wheat and other Grain
and Grain Sorghum Loans.

All Commodity Loans processed by
the Triple A office which carry the

Using Common Sense Reduces Hazards of Fire

"Fire fighting is a science; fire prevention is common sense," Percy Bugbee, general manager of the National Fire Protection Association declares, in urging farmers to participate in Fire Prevention Week set for October 8-14 by proclamation of President Roosevelt.

"The importance of fire prevention to the farmer is made sharply evident," Mr. Bugbee says, "by the fact that ten lives are lost in farm fires every day in the United States and a farm building catches fire every fifteen minutes."

Because of the physical isolation of farms and rural communities and the consequent necessity of bringing fire fighting equipment long distances, many fires, small at first, become destructive infernos before they can be brought under control. For this reason, alert farm fire prevention is essential.

Eight Usual Hazards

- The NFPA, is urging farmers to make their property as fire-safe as possible during Fire Prevention Week, list eight usual hazards that can be eliminated.
- (1) Flammable hazards. These are easy preys of sparks and should be replaced with fire-retardant roofing materials, such as asphalt shingles or some similar fire protective covering, such as slate, tile, or asbestos.
 - (2) Defective heating systems. Sooty chimneys and flues should be cleaned at regular intervals and repaired if they are faulty.
 - (3) Electrical equipment. Keep cords in repair. Disconnect all appliances after using. Frayed cords and other electrical mishaps cause 74,000 fires annually.
 - (4) Matches and cigarettes—should be extinguished completely before being discarded. Matches should be kept in safe containers beyond the reach of children. Smoking should not be permitted in barns and around combustible materials.
 - (5) Gasoline and kerosene—should be stored in clearly marked metal containers a safe distance from all buildings and should be handled with care at all times.

Sulfa-Dango, a New Hope for Many Scalp And Skin Disorders

This amazing new scientific preparation contains one of the powerful germ-killing "Sulfas" together with a soothing penetrating agent in liquid form.

SULFA-DANGO gives relief the very first application to itching, Soak, Dandruff.

It is also highly recommended in the treatment of ACNE, ECZEMA, PSORIASIS, IMPETIGO, INSECT BITES, BURNS, SUNBURN, and other skin irritations. Simply apply this non-staining solution several times daily—no bandaging is required.

A generous full treatment sells for only \$1.00, on a Money Back Guarantee at—

Add to the Comfort...
and Happiness your family will enjoy this winter by making sure your Heating Equipment is in good order. Check it NOW before cold weather really gets here.

WEST TEXAS GAS COMPANY

(6) Rubbish—should never be permitted to accumulate in the house, barns, or yard, but should be cleaned out constantly. Papers and rags should be turned over to salvage committees and the rest burned, but only on windless days and then in protected containers.

(7) Spontaneous ignition of hay. All hay should be properly cured before being stored away. Proper ventilation should be provided, and inspections made regularly for signs of heating. Water dripping through an old roof and falling in the hay may start the heating process, resulting in fire.

(8) Lightning. All farm buildings should be equipped with properly installed and well-maintained lightning rods.

These are only the principal hazards. Many farm fires arise from other causes to take an ever-increasing toll of lives and property. The NFPA lists these additional precautions:

Never put a penny in a fuse box; keep approved fire extinguishers handy in the home, barn and on motor-powered farm equipment; protect fire - places with metal screens; hang rags covered with oil, paint or grease in the open, store them in metal containers, or burn immediately a few at a time.

NEPHEW OF MRS. ARNOLD, INFANTRY LIEUTENANT, IS KILLED SEPT. 13 IN GERMANY

News that a nephew, Lt. Doyle F. Neff, of Canyon, had been killed in combat in Germany, was received by Mrs. C. K. Arnold here the latter part of last week.

Lt. Doyle was a first lieutenant in the infantry with one of the armies which are fighting inside the Reich.

Half Minute Interviews

COTTON LOANS AS USUAL

An erroneous report that the First National Bank of Floydada will not handle Cotton and other government commodity loans this season, was being corrected this week by J. D. Moore, assistant cashier of the institution, who said that to the contrary the bank has every intention of handling loans the same as last year.

Also, Mr. Moore said, there will be no change in the procedure followed last season, when the loans were processed by the Triple A office and handled through the Floydada bank.

HAVE A NEW SON

Mr. and Mrs. John Eudy, of Amarillo, have a new son, their second, which was born on September 25 at the Northwest Texas hospital there. The young son has been named Roy George. He is a grandson of Mr. and Mrs. George Eudy of Floydada. The baby weighed eight pounds, eight ounces at birth.

Mrs. J. A. Grigsby returned home from Abilene the first of this week after a visit of a month there. She had been the guest of her daughter, Mrs. Carrie Bishop, and son Roy Grigsby.

Mr. and Mrs. J. E. Eubank had as their guests Sunday Mr. and Mrs. Roy Eubank and children, Wendel and Lena Floy, of Littlefield, Mr. and Mrs. Vernon Eubank and Dana of Childress and Mr. and Mrs. W. B. Johnson of Lubbock.

Mr. and Mrs. J. G. Wood returned last week-end from Haskell where they had been visiting their daughter, Mrs. J. B. Claiborne and family. Mrs. Wood went down some time ago when the family moved and Mr. Wood went down last week end to accompany her home.

Mrs. Herschel Swepton spent last week-end visiting her husband, Cpl. Herschel Swepton, who is stationed at Sheppard Field, Wichita Falls.

OLON LOWRANCE LEFT TACKLE ON TEAM OF STATE SCHOOL FOR THE DEAF AT AUSTIN

Olon Lowrance, deaf son of Mr. and Mrs. O. L. Lowrance, of Starkey has made the team on the football squad of the Texas State School for the Deaf at Austin, and the team is making a good record in its competition with other high schools this season.

Olon wrote his parents recently that the deaf school squad has been looking for games, and would like to make a journey to the plains country for a game.

Mr. and Mrs. L. D. Simpson of Tuscaloosa, Alabama, are here this week visiting with Mr. Simpson's parents, Mr. and Mrs. W. H. Simpson.

Lena Scott of Lubbock visited in the home of her grandmother, Mrs. L. H. Newell Saturday night and Sunday.

Mrs. J. W. Moore spent the first of last week in Dallas visiting her son and family, Mr. and Mrs. Zora Moore.

Mrs. Hart Shoemaker, Jr., and daughter returned Tuesday from Abilene where they had been visiting with her husband's parents, Mr. and Mrs. Hart Shoemaker.

Mrs. E. F. Stovall is spending a months vacation with Dr. and Mrs. H. C. Sullivan of Burk Burnett, Mrs. Sullivan is a daughter of Mrs. E. F. Stovall.

Miss Erma Fulkerson of Amarillo spent the week-end with her parents, Mr. and Mrs. C. P. Fulkerson.

Feeding Lambs On Gain Basis

I am interested in having some lambs fed paying so much pound for the gain.

Even though you have the feed and the cash or credit to buy your own stock to feed—possibly with all the uncertain times that are ahead of you, you may hesitate to do so.

If you have your own feed and interested in feeding lambs for much per pound for the gain put on and can provide the proper care, write me advising what feed you have and the number of head you care for.

NOEL COVER, Farmer-Rancher

COZAD, NEBRASKA

In just 10 minutes they'll need your help

Back home, the headlines read—60 U. S. Planes Lost.

The full news account may mention that 600 airmen were shot down with them. But nowhere will you find mention about how many of those men landed alive and are now in enemy prison camps. There is no way of knowing.

Actually, about 60 per cent of all American airmen shot down over enemy territory survive—as prisoners of war.

Some prison camps are devoted exclusively to airmen. But these camps are little different from the others. In all, the men behind the barbed wire live the same empty life. There is nothing to do but wait—wait—and try to hold on to your sanity while you wait.

That's why War Prisoners' Aid was formed. It provides the wherewithal to buy for prisoners of war the things that will help them hold on to their sanity during those empty

days of waiting. Books, Games, Athletic equipment. Make-up kits for amateur theatricals. Musical instruments.

It takes money to buy these things. More and more money as more and more of our men wind up in prison camps. The only way War Prisoners' Aid can get that money is through your contribution to your local community drive. Your gift is also shared by war refugees, the U.S.O., Merchant Seamen, and war sufferers all over the world. Give once for all of these.

Freeman Family United Again After 15 Years

The first time in fifteen years, the Freeman family was reunited at the home of her daughter, Mrs. W. F. Bishop on West 1st street.

The group were four generations of the Freeman family. Mrs. Ethleen Pollan and her 15 months old Velda Lee Polan were the above and various family groups were made during the day.

Freeman, wife of the late Freeman, came to Floydada from Dallas county in 1927. He was employed as a laborer for the South Plains Lumber until his death fifteen years ago.

Her grandsons and three granddaughters of Mrs. Freeman are in military service. They are S/Sgt. W. Bishop, who is located at Gilbert Islands; Pfc. Horace Bishop, Admiralty Islands; Pfc. M. Bishop of the South Plains Air field, Lubbock; Pfc. R. C. APO, New York, N. Y.; Pfc. L. Head, Tampa, Florida; Pfc. B. Buddy Eugene, New Orleans, Louisiana.

Children present were Mrs. Verna Freeman and three children; Earl and wife, Grady Freeman; Mrs. Orland Howard; Mrs. Howard Dougherty; Mrs. Bell Anderson, of Williams; Virginia and Austin Freeman; family of Roswell, New Mexico. Present were Pfc. Fred and wife, Mr. and Mrs. N. and Mrs. Ethleen Pollan and Mr. and Mrs. Ralph Hammonds.

Their little daughter spent a week in Floydada last week, in the homes of their parents, Mr. and Mrs. J. I. Hammonds and Mr. and Mrs. D. H. Pitts. They are in their home at Lampasas. Mr. Hammonds is stationed at Hood.

Mr. and Mrs. L. L. Switzer have an APO address out of Fort from their son, Pvt. Earl Switzer.

On The Farm & Home Front

Leon C. Ranson
County Agricultural Agent
Texas A. & M. College Extension Service

Starting in 1943 with 14 ounces of sweet sudan seed, Joe Jennings of Aiken, produced 100,000 pounds this year. The seed were certified by the state seed board and Joe has sold them to a wholesale concern in Farwell, Texas. He is anxious that Floyd County farmers will get a large amount of the seed for planting next year and has stated that orders should be placed for them at once. See the article appearing elsewhere in this paper for more details.

Last week the WFA removed restrictions on the sale of grain sorghums to certain processors. The fact that distillers could not buy has been given as one reason why sorghums dropped so much in price. It is to be hoped that removal of restrictions will send the price back up as much as it was brought down. Grain sorghum stored on the farm will be eligible for a loan of 95c per bushel, and after all fees are taken off it will net the farmer almost \$1.58 per hundred.

The WFA will now buy 1944 cotton at parity price which is 29.85 for middling 1/2 and 21.91 for middling 15/16 in Floyd county. Cotton must be stored in acceptable places to be eligible. Details can be obtained at the AAA office.

It is gratifying to see a number of farmers bringing calves and lambs in to graze their stalk fields or to put in the feed lot. Ed Whitfill of Lockney recently put 1200 lambs in the feed lot. They were bought in two loads averaging 66 and 59 pounds each. He will feed them threshed milo, alfalfa hay and cottonseed meal supplemented with 1/2 ounce of ground limestone per head per day.

Hershel Carthel of Lockney has a load of lambs that he will handle in the same manner.
Grady Walker of Starkey has 40 odd head of calves in his stalk field, picking up fodder and grain that otherwise would be wasted.
John Moss has fenced off a part of his maize field and turned his lambs in. They will save him the expense of harvesting and should make some rapid gains.

Clyde Farish and Earl Edwards participated in the Farmer Stockman Forum on Dairy Farming at the Hilton Hotel in Plainview last week. Dairymen from 8 counties and county agents were present.

Mae Shelton of Amarillo was a week-end guest in the home of her friend, Mrs. W. D. Newell. Miss Shelton, a former resident of Floydada is employed as typewriter operator for Santa Fe Railway company.

Mrs. Seaton Howard and daughter, Sharon and Mrs. Thurmon Battey, all of Amarillo visited Saturday night and Sunday with their parents, Mr. and Mrs. M. B. Johnston.

E. C. Cox of San Bernardino, California spent the week-end with his sister Mrs. A. B. Blount and Mr. Blount.

Mr. and Mrs. B. A. Thomas and daughters Mildred and Mary Ruth of Fortney visited Sunday with Mr. and Mrs. A. B. Blount and Opal.

"When pork sausage is to be prepared by quick freezing omit the salt but add the other seasonings," advises the New York State Experiment station. Studies at this station to determine why sausage becomes rancid more quickly than pork itself led to the conclusion that salt hastens oxidation in ground meat so leads to rancidity of the fat, but that spices like pepper, sage, mace and ginger seem to have the opposite effect of actually holding back rancidity.

The station also reports that ground pork should be frozen as soon as possible after slaughter. The longer the meat was held, the more quickly it oxidized and the fat turned rancid in frozen storage.

The station advises that "ground beef also should be frozen without salt for best keeping."

Mrs. E. C. King this week went to Olney, Texas, where she is visiting with her daughter, Mrs. Johnnie W. G. Hill and family. Before her return home she also will visit at Snyder in the home of her son, County Agent Raymond King of Seurry county.

Cpl. Tommie Griffin is here this week visiting his parents, Mr. and Mrs. Edd Griffin, and other relatives while on furlough from Camp Roberts, California.

BORN—To Mr. and Mrs. Raymond King, of Snyder, September 16, a daughter, named Donnie Gail.

Glory be!
- Now fenders he
Treats tenderly

War has proved the value of considerate driving. And now this fine national habit keeps spreading.

There's been a fellow-feeling about cars. When it comes to even a dented fender it's no longer a question of who's to blame, but of sparing one another from costly slow repairs—and footwork. Some such spirit has been making live-and-let-live driving so general. It's only logical to be fully as thoughtful of your engine. You'll exercise wise foresight by having it OIL-PLATED.

You can defy internal acid corrosion... engine suicide! ...by means of OIL-PLATING. You can do it by changing to popular-priced patented Conoco Nth motor oil—energized to surface your engine's interior with an acid-resistant shield of OIL-PLATING. This is the result of the special Conoco Nth ingredient developed by costly pioneer research. And while fluid oil alone goes draining down to the crankcase, OIL-PLATING remains as closely attached as if it were chromium plating—keeps on serving its special purpose of hampering contact between corrosive acids and metals!

These unavoidable acids of combustion—always bad—reach their worst in cold weather, when there is rarely heat enough to get rid of acids. Hence they linger inside—aplenty. But every OIL-PLATED surface is armed against the spread of acid corrosion. That's why you want Conoco Nth oil now... from Your Mileage Merchant's Conoco station. Continental Oil Company

Gospel Meetings Continue at the Assembly of God

Very good crowds, good singing, and strong evangelistic sermons are marking the revival meeting at the Assembly of God church in progress since Sunday night of this week and which will continue for several days, probably two or three weeks, Rev. C. L. Hundley, pastor, announced this week.

Special music has featured the singing services. Services are nightly, except Saturday night, beginning at 8:15. Evangelist Mary Gray, of Riverside, Texas, is preaching for the meeting being held at the church on West Virginia street.

Sunday evening program of the local church from 6:15 to 6:45 over KVOP is continuing weekly.

THE A. G. HOPKINS HAVE A DAUGHTER BORN SUNDAY NIGHT AT SYRACUSE, N. Y.

Mr. and Mrs. A. G. Hopkins, who have been making their home in Syracuse, New York, for the past two years, are the parents of a new daughter born Sunday night, October 8.

A telegram to Mr. and Mrs. Jack Henry, his sister and brother-in-law Monday brought the information that the baby had been named Wanda Gail and that mother and daughter are doing well.

A. G. Hopkins, formerly secretary of Floydada Chamber of Commerce, has been a district sales manager for Wilson & Company for the past several years.

BACK ON JOB AFTER ILLNESS AND SURGICAL TREATMENT

Miss Beatrice Davis returned to her duties as cashier of Consumers Fuel association here last week after an absence of some weeks while she had an operation at a Lubbock hospital and spent a convalescence at the home of her parents, Mr. and Mrs. L. J. Davis at Hale Center.

Although not fully recovered Miss Davis is rapidly gaining strength.

Miss Loretta Edwards came Wednesday of last week to stay with her mother, Mrs. G. C. Edwards, while she recuperates from a severe sore throat. Loretta is an operator at Western Union at Seagraves.

J. M. Willson, Jr., who has been stationed with the personnel department of the U. S. Army at Fort Sill, Oklahoma, has been transferred to Fort Bliss, reporting for duty at the new post last week-end.

Miss Loretta Edwards came Wednesday of last week to stay with her mother, Mrs. G. C. Edwards, while she recuperates from a severe sore throat. Loretta is an operator at Western Union at Seagraves.

Whirlwinds' Game at Phillips Oct. Twenty-First

Whirlwind football squad of Floydada High school will play their game next week-end on Saturday night at Phillips instead of on Friday night. The revised date was accepted by Coach Murry after it was learned the Friday night date could not be met by the Blackhaws.

Having an open date this week-end the Whirlwinds are being taken through a re-vamping process, with three or four squadmen undergoing intensive training in an effort to ready them for new assignments. Loss of Lyndell Roberts from the backfield for the season makes some kind of a change necessary. The coach said. In particular he is working on the boys to develop a "scoring

ing play from the 20-yard line." Coach Murry said yesterday with a dry grin.

Guests of Rotary Club
Yesterday 35 members of the squad were guests of Floydada Rotary club at their luncheon. Rev. H. H. Hollowell, pastor of the First Methodist church of Spur, was guest speaker, presented by Judge Alton B. Chapman.

PORCHERS IN MUSKOGEE

Lt. and Mrs. J. S. Porcher are now living in Muskogee, Oklahoma, the Lieutenant having been assigned recently to Camp Gruber.

Renewing their Hesperian Mrs. Porcher says it has found them in their wanderings with the army since mid-summer of 1942 in New Mexico, California, Georgia, Arkansas and Oklahoma.

Longhorns Play Yannigans on Saturday Night

To fill an open date this week-end the Lockney Longhorns have scheduled a game with the Yannigans of the Amarillo Sandies at Amarillo beginning at 8 o'clock Saturday night.

The Yannigans have been rough on the teams they have played to-date, trampling Wheeler and Tucumcari, and losing by one touch-down to Tulla.

The Longhorns have tied one game (with Petersburg) and lost to Paducah and Olton.

Earl Bunch Was In Campaign At Peleliu Island

Below is a letter from Pfc. Earl Bunch, 20, son of Mr. and Mrs. J. M. Bunch of this city, also a great grandson of E. A. Childers. Earl has been in the Marine Corps two years, and during that time has been in New Guinea, Guadalcanal, New Caledonia and is at the present time on the island of Peleliu.

"Just a few lines to let you know that I am still all right. I'm sorry that I haven't written sooner but I have been pretty busy. I know you have heard about the Marines doing it again. Well, that was us. Peleliu Island this time. It was some harder than the last one but it is about over now.

"I made it all o. k. It's like I always said, only the good men ever get hit. I can tell you I was scared the first time, but this time it was worse. The Nips were lobbing mortar shells onto the beach and out into the bay. We had to wade in about 300 yards so they had some pretty good shots. One round landed about 5 yards from me, but no one was hit. It just threw a large cloud of smoke and added to the confusion. It was really a great experience.

"I had letters from you and Pauline, Bunchy and Buck and Uncle Jim since being here. It was really a help to hear. Thanks a lot.

"Tell Pauline I'll send her some nip money soon. Hope she and Joe are enjoying school.

PLENTIFUL FOOD—Onions.

OVERSEAS CHRISTMAS PACKAGE MAILING—October 13, last day.

Paving—

(Continued from first page)

stressed the fact that added public debt might prove to be unwise at the present and that a program which could be met out of current funds would be better for all concerned.

As to a program of paving that would call for curb and gutter work and material and other critical work items the council was of the opinion that considerable delay might result, too.

Might Include Other Blocks
The possibility that residents on streets served by the paving program would help might be the means of making the program possible, it was pointed out at the meeting. Some help from the school district and public subscriptions were held up as feasible possibilities to get the work done. A quick guess put the probable cost at \$10,000 for a 24-foot ribbon on 11 blocks plus intersections and added work adjacent to schools.

Several residents have indicated they will make an effort to get their blocks included where tie-in with other paving can be assured, if the program becomes a reality.

Democrats—

(Continued from first page)

and unhappinesses. They are amply financed and are gunning for the national ticket and every congressional seat in the nation.

"Without for a minute discounting the tendency toward fascism and communism in our country I do not believe these un-American influences can take the Democratic party away from us. As long as the

people out at the grass roots keep their senses America is safe. On the other hand, we must face the fact that if the Old Guard gets back into power our decisions are going to be made up on the seventeenth floor where there are no flies nor mosquitoes, and the common man will be consulted in just the same way he was 20 years ago."

Defection in Texas
"Unfortunate schisms in the party's own rank in Texas, due to misconception of fundamental issues as I view it, make it all the more important that real Democrats now come to the aid of their party."

PVT FLORA O. JETER HAS COMPLETED WAC SIX-WEEK MOTOR TRANSPORT COURSE

FORT OGLETHORPE, Ga., October 3—Pvt. Flora O. Jeter of Floydada, Texas, has completed the six weeks' Motor Transport course at the Third WAC Training center here. This is one of several army specialist training courses that are open to WACs to prepare them for service as women soldiers.

WAC students in the Motor transport course learn to drive staff cars, trucks, "Jeeps," and other "G. I." vehicles. The mystery of a motor is explored, and changing a tire becomes a five-minute job. "Black out" driving and convoy driving are part of the course. Motor transport graduates are assigned to work as chauffeurs, bus and truck drivers, and "motor pool" managers at army camps, posts, or stations where WACs are supplementing the forces of the army.

Pvt. Jeter is the daughter of Mr. and Mrs. W. M. Jeter, of Floydada, Texas.

PARIS VERY INTERESTING

Cpl. Charlie Bill Owens, who is somewhere in Belgium, writes his wife and son that he has toured the city of Paris and has found it very interesting.

Charlie Bill is in the combat engineers and has been overseas since October of last year.

CPL. AND MRS. FOREST BLAND VISIT RELATIVES ENROUTE TO NEW STATION

Cpl. and Mrs. Forest Bland of Bentonville, Arkansas spent Saturday and Sunday with Mr. and Mrs. A. B. Clark and family. They were enroute to El Centro, California, where Cpl. Bland is stationed.

Other visitors in the Clark home over the week-end were Mr. and Mrs. E. A. Preston and Mr. and Mrs. Neff Preston of Shallowater. Mrs. W. B. Clark returned to Floydada with them after a two months stay Shallowater.

NEPHEW OF MRS. DORSEY DIES IN CRASH INJURIES

Willie Gamble, 23, of Clovis, New Mexico, died last Friday as a result of a motorcycle accident which occurred on the Tuesday before. Willie is the son of Clarence Gamble, who for a number of years resided in the Allmon community. He is also a nephew of Mrs. W. M. Dorsey of this city. The family left Allmon in 1927 and moved to Clovis. Services were held at the First Methodist church in Clovis last Saturday at 2:30. Attending from here were Mr. and Mrs. W. B. Eakin. Mrs. Eakin is a cousin.

RETURNS FROM PACIFIC

Leland L. Thompson, son of L. A. Thompson, Floydada, is now stationed at the Armed Guard center in San Francisco, Cal. He has recently returned from a year's service in the South Pacific.

A coxswain with the Naval Reserve, Thompson has been in the service three years.

Husband of Mrs. Frances Thompson, Amarillo, he is a graduate of Gainesville High school. Before entering the service he was employed with the Yellow Cab and Baggage Company in Amarillo.

Mr. and Mrs. Raymond Ring and family have returned home from Dexter, New Mexico, where they had lived for the past year.
