## South Plains Family Has Four Sons In Service

Pvt. John Marlin Jarnagin, South-West Pacific

Lt. Roy B. Jarnagin, USN, Washington, D. C.

Sgt. Glenn Jarnagin, Montgomery, Ala., Air Field.

## Two of Four Jarnagin Brothers Pay Brief Visit to Parental Home; One Missing in Action

Postmaster and Mrs. J. B. Jarnagin, of South Plains, have a heavy heart in the hands of the God of War, with four sons in the service—one of them just back in the states from wide-flung Pacific War theater since before Pearl Harbor, one missing in action in France, one in the Southwest Pacific War theater, and one in B-29 training at Montgomery, Alabama. Of these:

Pvt. John Marlin Jarnagin, U. S. army, in service since April, 1944, sailed from San Francisco on February 7, after spending his training period at Camp Roberts, Calif., his family wife and two children, Stephen and Richard, are making their home during his absence with her parents, Mr. and Mrs. D. H. Davis, near South Plains;

Lt. Roy B. Jarnagin, U. S. navy, with 1 1/2 years of service, has been in the South Pacific until recently when he returned to the states to be re-assigned, and visited for a few days at the parental home in March. He is married, also, and left by plane for Brooklyn, N. Y., for a visit with his wife, Rosalind B., seaman first class with a year of service in SPARS, before reporting to Washington, D. C., for re-assignment. Lt. Jarnagin would have a chest covered with ribbons and medals, if he wore all his awards at the same time. Wounded at Pearl Harbor on December 7, 1941, he wears the Purple Heart, has commendation from Adm. Nimitz, two awards for good conduct, the American Defense medal with one star, the Asiatic Theatre of War ribbon with two stars, and the pre-Pearl Harbor ribbon. The visit here in March was the first since November of 1940;

Sgt. Glenn Jarnagin, with three years of service (January, 1942 through March), at Sheppard field and then made an instructor in airplane mechanics. Other assignments include Seattle, Amarillo and Denver. He has been in training on B-29 since January of 1944, and is now stationed at Montgomery field, Alabama as a B-29 flight engineer instructor. He and Mrs. Jarnagin arrived March 19 for a furlough visit with his parents at South Plains (See JARNAGIN BOYS, page 5)

## Wheat Damage Very Slight In Wintry Blast

Only three days of the winter of 1944-45 were colder than was registered in Floyd county on Tuesday night of this week, when a wintry blast brought freezing temperatures from 7:30 Tuesday night to 10:30 Wednesday morning and kicked the mercury down to 19 degrees for two hours Wednesday morning from 6 o'clock to 8.

The cold was made to seem more severe by the fact that it had been preceded by mild to warm temperatures for two weeks. This morning West Texas Gas company reported a low of 22 degrees from 6 to 8 o'clock. Although the temperature rose up into the forties during the day Wednesday, freezing began again at 11 o'clock last night.

**Wheat Damage Light**  
As a result of the severe cold much of the fruit crop is ruined, but wheat farmers for the most part believe that the damage to the small grain crop is slight. Comparing the freeze of this week with the freeze of the April, 1938, catastrophe, the point is made that whereas the cold that year reached and remained for several hours at a low of nine degrees for only two hours. Further more, the crop that year was probably two weeks further advanced toward maturity with much grain in the boot and some heads emerging.

## Car Registrations About As Usual

Although there are no automobiles of a model later than early 1942 and a good many score passenger vehicles have faltered and fell by the wayside in the three years since that time in Floyd county, there was no appreciable decrease in the number of cars registered in Floyd county, Ethel Graham, assessor and collector of taxes for the county, said the first of the week.

Period for registration of all types of motor vehicles without penalty ended on Monday and two clerks at registration windows practically all of the time for several days were occupied giving out the official receipts and plates, Mrs. Graham said.

Cars to take the place of those which have been discarded have come principally from eastern and northern states. In large centers of that area many cars were sold when gasoline rations were cut and these came in large numbers to the southwest where an automobile is a year-round necessity for practically the entire population.

## Aiken Boy Killed In German Battle

Pfc. James P. Rogers, son of Jim Rogers of the Aiken community, was killed in action in Germany on March 15 according to a telegram from the War department received by his father Tuesday morning of last week.

Pfc. Rogers was with an infantry company in Germany. He went overseas in January of this year.

## Oscar Bruce New Lockney M. E. Pastor

Rev. Oscar Bruce of Groom, Texas is the new pastor of the First Methodist church of Lockney. Rev. Bruce fills the vacancy left by Rev. W. B. Vaughn, who recently moved to Muleshoe, following the death of Rev. T. C. Willcutt.

## Twenty-Four Applicants Today For All-Risk Cotton Insurance

Twenty-four Floyd county farmers have taken advantage of the all-risk cotton crop insurance, according to the announcement from the AAA Office at noon Tuesday. Contracts are now being written by County AAA committees and other authorized agents. Contracts must be signed before April 25, and at least 50 applications must be made before crop insurance becomes effective in the county.

Under the new insurance program, farmers will have a choice of two insurance contracts, one providing coverage up to 75 percent of the average yield, and the other up to 50 percent. The insurance provides coverage against crop losses from drought, floods, hail, wind, frost, wildlife, insects, plant diseases and other unavoidable hazards.

**Stage of Crop Growers**  
The stage of the cotton crop's development will determine the maximum indemnity to be recovered in

## C-47 Repair Man

Pvt. Melvin Blassingame AN AIR SERVICE COMMAND Transport Group, England, A Floydada man, Pvt. Melvin Blassingame, is assigned to this Transport group of Air service command as an aircraft mechanic. It is his job to aid in the periodic repairs and maintenance of the C-47 transport planes used to fly critically needed supplies and equipment to front line troops in Germany.

Pvt. Blassingame is the son of Mr. and Mrs. Len Blassingame, Route 5, Floydada, Texas. His wife, the former Miss Leta Barnes, lives in Tusk, Texas.

## Harmon Winner of Mayor's Race In City Election

F. C. Harmon was the choice of the franchise holders in Floydada's municipal election held Tuesday.

Of a total of 256 votes cast Harmon had 139, J. C. Wester 117. The light vote was forecast by the fact that this was the only race in which there was any competition and by the fact that both candidates were active only to the extent of submitting their names for the place. Both were solicited to make the race.

Other names appearing on the ticket got practically the solid vote cast. They were:

For city secretary, B. K. Barker; For city marshal, Bob Smith; For aldermen: Conner Oden, Walton Hale, J. W. Lanier, W. U. White, and J. D. McBrien. Of these W. U. White takes a "demotion," as he steps out of the mayor's chair to take a councilman's place. He has served the city for the past four years as mayor. Harmon on the other hand moves from a councilman's place to mayor.

Names on the printed ticket, however, did not get all the votes in the aldermen's list. Twenty some-odd different persons got one to 12 votes. Oscar Stansell was high man in the category. Lewis Norman, Ernest Fowler, J. B. Bishop and Geo. M. Pinkner all rated up above five votes. Almost everybody else around the square got at least one vote.

## Harmon Asks For Harmony

Harmon takes office with considerable background of experience with city affairs, having served six years at different times as an alderman. A continuing clean up and brighten up program to "make the town look as good as it is" is one of the slants his mind takes. Another is to "see what we can do about the streets."

Wednesday F. C. Harmon, mayor-elect, issued a statement thanking the people of the community for their expression of confidence, calling for harmonious work and the settlement of local problems on a "do as you would be done by" basis. Right now is a time when our community needs for every citizen to work together with every other citizen, he said. His formal statement:

"Thanks a million for your support in the mayor's race Tuesday. To repay you I promise to do my very best for you and for the town as a whole.

"The city council will need the unbiased co-operation of all citizens and I hereby solicit the same." The formal inauguration of new and re-elected officials of the city will be held Tuesday night of next week, following a canvass of the vote.

## Old Settlers Planning Date Sat., Apr. 14

As the date for the annual reunion of Floyd county pioneers in May approaches, Jno. A. Hollums, president of the association, this week announced that plans should begin to be made for the event and set Saturday afternoon, April 14, as the date for the first meeting of those interested, officials and directors in particular.

The hour for the meeting is 2 o'clock and the place the district court room. The old settlers will make their plans for the fourth war-time observance of the founding of the county on May 28, 1890.

## Labor Housing Up for Decision Thursday Night

The farm labor situation in Floyd county, especially in the irrigated area, where a great many laborers are certain to be needed this year, will be the subject of discussion in a meeting at Lockney City auditorium Thursday night of next week, April 12.

What the farmers of the area want to do before hand about the matter of assuring housing and conveniences for transient labor will be the subject of a query by Leon C. Ranson, county agent.

Mr. Ranson will explain at the meeting what can be done through his office as to financing and supervision.

The meeting for next week grew out of a conference with Lockney City council by Mr. Ranson Friday night of last week, when the various angles of the outlook were gone over, but no decision made, and deferring the matter until a general meeting could be called. Interested farmers and others from all over the county are invited to be present at the meeting next Thursday night.

## Fire Department Iron Lung Fund Drive Organized

Organization to present the campaign for funds to purchase an iron lung for use of Floyd county people has been perfected and an effort will be made to raise \$2,500 needed to pay for the iron lung and a rescuator, it was announced this week by Carl Rodgers, chief of the Floydada Fire department.

The campaign organization has been completed in all areas of the county and the names of the district chairman released. Practically all of these had consented to help when the list was released by Mr. Rodgers Monday. The dates set for the campaign are April 10 to April 25, inclusive, he said.

**Effective in Life Saving**  
The iron lung has been very effective in life-saving and its addition to the equipment in the county that can be used in emergencies is expected to be an invaluable asset, Rodgers pointed out in a letter this week to district chairman. Should epidemic arise, such as polio, making an iron lung desirable, the equipment would be invaluable.

All funds donated for the purpose will be earmarked and used only for the iron lung fund. Any contribution, large or small, will be helpful. In Floydada funds may be donated direct to the Fire department, to Charley Bedford at the First National bank, to R. E. Fry, Clarence Guffee or G. G. Glover. W. G. Collins and Cecil Hagood will head the committee in the campaign here. Campaign leaders in other communities of the county include the following:

Lockney, Marvin Gilbert; Irick, Oliver Holmes; Pleasant Valley, Mrs. H. E. Blenden; Muncy, Mrs. Robert Muncy; Pleasant Hill, R. M. Battey; Fairview E. W. Walls; (See IRON LUNG, Page 5)

## Board Names Mrs. Jenkins Chief Clerk

W. Edd Brown, chairman of the Floyd County War Price and Rationing board, this week announced the appointment of Mrs. J. B. Jenkins as chief clerk of the office here, to fill the vacancy caused by the death of E. S. Randerson. Randerson had served the board since its organization. He died on February 16 after an illness of more than two weeks.

Mrs. Jenkins began work this week. Chairman Brown said filling the vacancy would relieve the members of the board and other personnel in the office of a considerable burden of work they have been assuming in addition to the already heavy duties of their regular routine incident to the rationing program.

## Will Demonstrate 'Mean Fighting' Ward Gymnasium

The kind of fighting you do when you're in the army—"Mean fighting" and for keeps—will be demonstrated to members of Company G, Texas State guard, peace officers and others Monday night of next week at Andrews Ward gymnasium, Captain T. P. Collins, company commander, announced this week.

Major Geo. H. Shackelford, Lubbock Army Air field, will give the demonstration, bringing with him men from the post to help stage it. Captain Collins is urging all members of the local guard unit to attend and inviting peace officers of the city and county and several other local people. No women are being asked.

### Refugee Clothes Collection Opens

Need Said Great

Walton Hale yesterday announced that the collection depot for spare good used clothing in the U. S. R. R. A. will be in the basement of the court house, at the same time indicating that other collections would likely be named. The depot is county-wide for clothing for the populations of the war-torn nations and the campaign will be carried on throughout the month of April.

Mrs. Hale said that Mrs. Billie Smith has accepted the chairmanship at South Plains for the clothing collection. Mrs. W. S. Smith at Dougherty and Mrs. C. J. Smith at Lockney. The local collection organization is headed by P. Rutledge. Thousands of pounds of good used clothing is available. It is believed, and will be, by the people of the county.

The county's civic clubs, youth groups and men's and women's social organizations, as well as church and auxiliary groups will be urged to participate in the campaign.

Reports from the United Nations Relief and Rehabilitation Administration which represent forty-two nations reveal that as many as 100 million people have died from exposure and lack of adequate clothing. In some areas, the death toll has reached 100 million.

The national goal is 150,000,000 (See CLOTHES, Page 5)

### Walton Hale Buys Martin Dry Goods Co.

Walton Hale, for 15 years manager and partner in the J. C. Penney company store in Floydada, this week is buying the Martin Dry Goods company from J. G. Martin, owner and merchandiser.

Inventory is being made this week and the store is closed while the change is being made. Mr. Hale will take over the store which is re-opened Friday of next week which is April 13. He brings the re-organization of Friday the 13th in the belief that it will bring good luck to the new venture.

Hale has been 23 years in the mercantile business, first going into business for himself and later associating with the Penney organization. A successor to relieve him at the Penney store is due here today.

Mr. Martin, who has operated a department store for 35 years, said he had no plans of any kind as yet but the completion of the business transfer.

### Attends Funeral Of Stepmother At Wynnboro, Texas

H. E. Cannaday, accompanied by his wife, Mrs. L. J. Weiborn, returned home last week from Wynnboro, Texas, where he attended the final rites for his stepmother, Mrs. S. J. Cannaday, 83, who died in San Antonio on March 22.

Funeral rites were held at the First Baptist church in Wynnboro on Sunday, March 25, and interment made in the Wynnboro cemetery.

Mrs. Cannaday had been making her home in San Antonio with a daughter, Mrs. Horace Shepherd for a number of years. Another daughter is Mrs. Stella Tolson, of Toyah, Texas. Of the stepchildren there are the two sons here, H. E. and W. L. Cannaday, H. L. Cannaday, Mrs. Mattie Williams and Mrs. Fannie Alvis, all of Wynnboro. The deceased has been a widow for 40 years.

### Lockney Has New Mayor In R. L. Maggard

In an election marked by lagging interest Lockney citizens Tuesday night chose a new slate of aldermen and a new mayor, veteran Zeb Reed, who has served his 20th year as mayor, this term losing to R. L. Maggard, J. E. Cox, Gordon Crocker and J. B. Seale are the new aldermen. Mrs. Carl McAdams was re-elected city secretary.

The new mayor, who has been a resident of Lockney for a number of years, is associated with the International Harvester agency there.

### THE BILL OF RIGHTS

You've heard of the Bill of Rights, we know, but we wonder if you've ever really taken time to read it and think about it. The Bill of Rights is embodied in the first 10 amendments to the Constitution of the United States. If you've been a little hazy about them we suggest that you read below, especially in these war times and as we get further into a "government by order": I. Freedom of Religion, Speech, and the Press; Right of Assembly and Petition. Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press, or the right of the people to assemble, and to petition the government for a redress of grievances.

II. Right to keep and bear arms. A well regulated militia, being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed.

III. Quartering of Soldiers. No soldier shall in time of peace be quartered in any house without the consent of the owner, or in time of war but in a manner prescribed by law. IV. Regulation of Right of Search and Seizure. The right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated, and no warrants shall issue but upon probable cause, supported by oath or affirmation, and particularly describing the place to be searched and the persons or things to be seized.

## As A Farm Woman Thinks

(By Nellie Witt Spikes)

Last Thursday Mr. Spikes took some stock to Lubbock so Wilda, Margaret Nell and I went along to do some shopping and some visiting. We got up earlier, hurried the work and reached Lubbock about 12 but we like to have never, never found the end of the long line of cars with trailers and pickups all on the same business as ours, to sell stock.

Cows still with the taste of green wheat in their mouths, switched and bawled as the cars stood still waiting for the one at the unloading end to get out of the way. Four blocks long they were and we at the end, only for a few minutes till others came and got behind. The outside bidders began on us. Soon there was a little auction going on with my husband shaking his head at every bid, till at last convinced they turned and hopped the car behind. We pulled some 50 feet, then settled back to wait again and again.

Wilda and the baby could stand it no longer. They walked on to the Commission house. Airplanes circled overhead, puffing engines belched black smoke in the air, and rattled long trails of cars behind.

The man in the car with the small trailer ahead of us never was there when the time came to pull up. He visited back and forth as did many others. Once as he stopped at our car he said, "I am not in a hurry, just please like I am." One man called to another, "But you're out of snuff or you wouldn't be whistling." I longed for the book, "Young'un." I was so interested in and left at home. There was not a single thing in the car to read but the ration books and anyway I did not know a thing about them.

The white caliche picked up by every vehicle settled on us, and made the new, new green leaves on the trees look as if children had used mother's powder on them. We got hungry, but dared not lose our place. Mr. Spikes got tired and visited up and down the line. When

V. Protection for Persons and their Property. No person shall be held to answer for a capital or otherwise infamous crime, unless on a presentment or indictment of a grand jury, except in cases arising in the land or naval forces, or in the militia, when in actual service in time of war or public danger; or shall any person be subject for the same offense to be twice put in jeopardy of life or limb; nor shall be compelled in any criminal case to be a witness against himself, nor be deprived of life, liberty, or property without due process of law; nor shall private property be taken for public use, without just compensation.

VI. Rights of Persons accused of Crime. In all criminal prosecutions, the accused shall enjoy the right to a speedy and public trial by an impartial jury in the crime shall have been committed, which district shall have been previously ascertained by law, and to be informed of the nature and cause of the accusation; to be confronted with the witnesses in his favor, and to have the assistance of counsel for his defense.

VII. Right of Trial by Jury in suits at Common Law. In suits at common law, where the value in controversy shall exceed twenty dollars, the right of trial by jury shall be preserved, and no fact tried by a jury shall be otherwise re-examined in any court of the United States, than according to the rules of common law.

VIII. Protection against Excessive Bail and Punishments. Excessive bail shall not be required, nor excessive fines imposed, nor cruel and unusual punishments inflicted.

IX. Constitution Does Not List all individual rights. The enumeration in the Constitution of certain rights shall not be construed to deny or disparage others retained by the people.

X. Powers Reserved to the States and the People. The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people.

I did not pull up quickly enough someone behind was always ready to call out, "Move up there, sister," which anyway I was glad to do. At last the big gate swung open and believe it or not, we were "next."

The quince tree is just full of pinky white blossoms. I do love quince jelly.

Bought me a new dress the other day but instead of it being wrapped up, it was the wrapper—a print sack of feed.

My neice's husband, T. Graves, is in the navy. He is at San Diego. His wife and son, Charles Henry, are staying with her mother who is my sister, Mrs. Henry Tubbs of Lubbock. I did not see T. in his navy uniform but as he is good looking I am sure he looked very nice.

The mocking bird is back and as far as he is concerned, "All's right with the world." I do hope there will be plenty of the black Spanish grapes he loves so well this summer to pay him in part for his lovely singing and being such a friendly neighbor. There may be lots of hard work on the farm, drouths and hail and storms may come; cold hard winters and hot dry summers, but ever since we have lived here the mocking-bird has come and sings just as sweetly in the bad years as he does in the good.

"Out of the cradle endlessly rocking, Out of the mocking-bird's throat, the musical shuttle."

The English peas are up and potatoes are coming through, also the weeds. "If" nothing happens there will be fruit this year. But I am warned by those who keep account of such things that there was thunder in the latter days of February and by all tokens there will be freezes corresponding in the latter part of April. But we can still hope.

A poem by Christina George Rossetti:

Hope is like a harebell trembling from its birth, Love is like a rose the joy of all the earth, Faith is like a lily lifted high and white, Love is like a lovely rose the world's delight, Harebells and lilies show a thornless growth, But the rose with all its thorns excels them both.

### MRS. BOB HUDSON HOSTESS AT H. D. CLUB MEETING

Art Willis, a new member, Ernest Smithman, Harry Harman, John Smithman, Bryant Higginbotham, Lloyd Horn, Geo. West, H. L. Marble, Gilbert Bean, Miss Edith Wilson.

The next meeting will be April 11 with Mrs. H. L. Marble.

### Floyd County 14 Years Ago

(Issue of April 2, 1931) Marked difference of opinion as to the seriousness of the damage to the small grain crop in Floyd county prevails this week among wheat growers, dealers and others interested in the outcome of the crop. These opinions range from estimates of damage to wheat of five to fifty per cent, and to barley and oats from little to practically total loss.

Evidently, a week to several weeks will have to elapse before the actual damage from the cold wave is known. The cold wave that swooped down across the prairies beginning Thursday afternoon brought a low of ten above zero at Floydada on Friday morning.

Dr. W. H. Alexander, 66, for the past eight years a resident of Floydada succumbed at 2 o'clock Tuesday morning to a heart ailment when he arose in the night. His wife ran to his assistance and neighbors were called in but he was dead before medical aid could be summoned.

Funeral services for Mrs. Melvina Fawver, 85, whose death occurred Wednesday morning, will be held tomorrow afternoon at the home of her daughter, Mrs. Nora Willis of the Lakeview community.

Foundation work has been completed and the frame work was started Wednesday on the Joe Booth elevator under construction seven miles east of Floydada.

Announcement of a reduction in the light rates for public schools in Floydada, effective March 1, was made by S. M. Cole, manager of Texas Utilities company, last week. The new rate gives the schools the benefit of a municipal reading, based on the city's contract with the utilities company, and in addition gives the schools the benefit of a pool reading of their meters. During the last week-end workmen were busy re-installing gas burners in the boiler rooms of the day morning gas was turned on in them again after being out since last mid-summer while the school board used coal with coal burners.

## On The Farm & Home Front

Leon C. Ranson County Agricultural Agent Texas A. & M. College Extension Service EDITH L. WILSON Home Demonstration Agent Texas A. & M. College Extension Service

A dessert that's tasty and quick to mix and bake is "Hasty cobbler." It can be made with canned berries, pineapple, cherries and cherry-plum and cooked dried fruit from the pantry shelf.

Hezel Phipps, former specialist in food preparation for the A. and M. College Extension service, describes this as a "surprise dish" because the

batter which is poured in the bottom rises during the baking period. She suggests that homemakers who wish to make this cobbler frequently prepare enough mix of the flour, sugar, and baking powder for six pies. Then one cup of this ready mix and one-half cup of milk can be used each time this cobbler is baked.

Here is the recipe for Hasty Cobbler:

- 1/2 cup flour
- 1/2 cup sugar
- 2 cups fruit and juices
- 1 teaspoon baking powder
- 1/2 cup milk

Mix the flour, sugar, baking powder, and milk. Dot a baking pan with margarine or butter. Pour mixture into pan. Add some juicy fruit such as canned berries, cherries, peaches, pineapple, etc. Fresh

This isn't a deliberate, wholesale violation of the law, Garrison observed. It's simply the result of drivers failing to observe the expiration dates of their licenses. J. B. Draper, chief of the Drivers License Division, reported that sporadic renewals create a difficult labor situation in that division, and urged motorists to check the date stamped on their licenses. Ordinary operators' licenses expire two years from date of issue; chauffeurs' and commercial operators' licenses, one year from date of issue.

Application blanks are available at Drivers License and Highway Patrol offices, courthouses, and some city halls, fire stations, and service stations.

### MRS. BERTRAND HOSTESS FOR HOMEBUILDERS CLUB

## Stinnett-Bishop Wedding Held at Plainview Friday

PLAINVIEW, April 1—Miss Joyce Laverne Stinnett, daughter of Mr. and Mrs. H. G. Stinnett, Jr., 1405 West 11th Street, and Kenneth Baird Bishop of Amarillo, son of Baird Bishop of Floydada, were married Friday evening at 8:30 at the First Baptist Church. Rev. L. Boyd Reavis read the double ring ceremony.

The vows were exchanged before a garden setting formed with Easter lilies, hydrangeas, polyantha roses and stock with tapers burning in tall candelabra. The pews were lighted with tapers and huge white satin bows garlanded with lilies marked the aisles. The windows of the church were banked with candles and greenery.

Preceding the ceremony Mrs. Guy Jacob, organist, played "Danny Boy," "Star Dust," "At Dawning" and "I Love You Truly." Miss Omega Nutt, sang "Through The Years" and "Because" and Jane Watson sang "Always." Mrs. Jacob played the traditional wedding marches, The Bridal Chorus from "Lohengrin" (Wagner) and Mendelssohn's Wedding March, for the professional and recessional and played "Leibstrum" softly during the ceremony.

Gown of Marquisette  
The bride, given in marriage by her father, wore a gown of white marquisette fashioned with a round high neckline and long sleeves coming to a point over the hand. Ruffles from the shoulders of the dress formed an apron effect on the front of the skirt and in the back skirt which formed a train. Her veil of bridal illusion fell from a crown of seed pearls. She carried a white prayer book, belonging to Mrs. Dan V. Rodgers, topped with gardenias and showered with the Stephanotis. For something old she wore a garnet and pearl pendant.

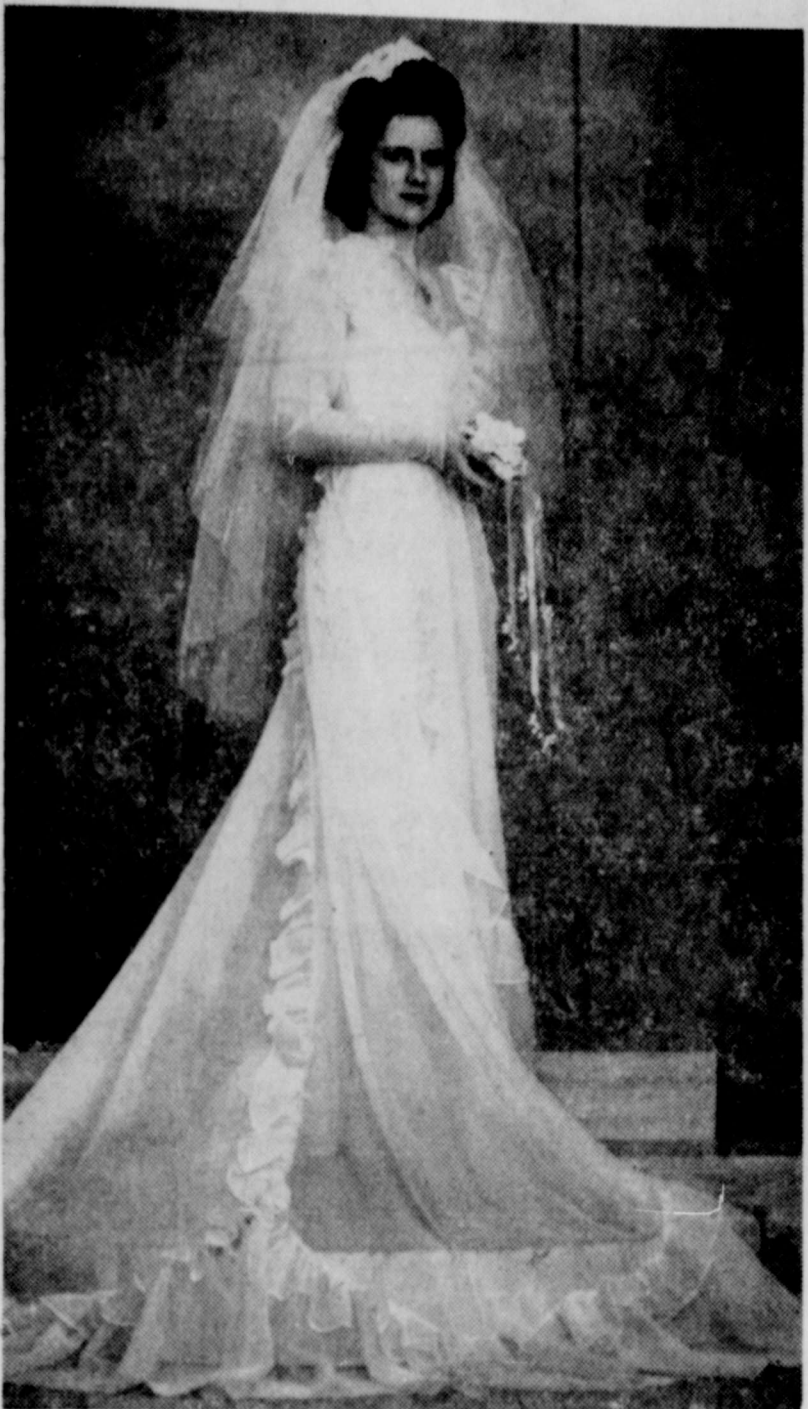

Mrs. Dan V. Rodgers, matron of honor, wore a blue floor-length dress made like that of the bride's with a matching half hat of ruffled veiling with a shoulder length veil. She carried a colonial bouquet of pink roses.

Miss Marian Hinn, maid of honor, wore a yellow dress with matching half hat and carried a colonial bouquet of pink roses and the bridesmaids, Mrs. Frank L. Bronner of Lubbock, Katrina Keys and Mrs. John M. Council of Fort Worth, wore pink dresses with matching half hats and carried bouquets of yellow roses. Their dresses were fashioned like that of the bride.

B. W. Ogle of Amarillo acted as best man and the ushers were A. A. Chamberlain of Amarillo, Marold Hinn, R. J. Strader, Carter Lind-say and Sam Johnson, V-12 student at Tulane University. Robert J. Strader, Jr., was ring bearer.

The bride's mother, Mrs. H. G. Stinnett, Jr., was dressed in char-truse chiffon and wore a corsage of camellias.

Reception at Bride's Home  
A reception was held at the home of the bride's parents, 1405 West 11th Street, following the ceremony. The mantel was decorated with double pink snapdragons and heather and spring flowers were used.

# 43 YEARS of Fair Dealing

In 1902, an ambitious young man started a dry goods store in a Wyoming mining town. He was confident that hard work and fair dealing would make his store a success—and he was right.

The little store attracted people from miles around, as they learned that Mr. Penney sold dependable merchandise at prices as low as he could make them.

So the store grew... and grew...  
into two stores...  
into four stores...  
into 8...16...32...  
into SIXTEEN HUNDRED...  
AND MORE...  
—all in 43 short years!

But this is more than the success story of an energetic, ambitious American. Mr. Penney himself has said that business success is only the by-product of right principles... the determination to serve honestly and to share with fellow-workers and customers the rewards of hard work and loyalty.

Through all these years... fat years and lean... years of war and years of peace... the Penney Company has progressed unceasingly: by Fair Dealing!

## Setting Rising

### Suns Are Received

Promised Japanese flags from Floyd county boys in the Philippine and following campaigns began to reach home this week, at least three being received in Floydada, perhaps others in other parts of the county.

Of the setting rising suns received here one came from Pfc. Horace Bishop of the famed demounted cavalry division that spear-headed the invasion of Leyte, sent to his parents, Mr. and Mrs. W. F. Bishop. This Nip flag was loaned to Andrews Ward school for a day or so for the school children there to see. Two others known to have been received came from Tommie McIntosh, a medic with the 7th now in the Ryukyu campaign, to his parents, Mr. and Mrs. B. F. McIntosh. One of these has been loaned to the Hesperian office for a day or two. It is of silken material and has a number of Japanese characters written on it in addition to the red sun on the white background.

### HAROLD SPARKS AT HOME ON EIGHT-DAY LEAVE

## 291st Engineers Cited for Great Malmedy Action

Their sturdy defense of road blocks and hastily set up defense positions is the subject of a unit citation for the 291st Combat engineers battalion at the time of the German break-through in December, and it has won for this unit of the U. S. Army a citation prized highly by its members. Of these is Technical Sergeant Charlie B. Owens, of Floyd county, who has forwarded his copy to his wife, the former Opal Knight, who, with their son, is making her home with her parents, Mr. and Mrs. W. M. Knight of Sand Hill.

For nine days in particular this engineers battalion stood between the Nazi horde and Malmedy before help in numbers could reach them. Sgt. Owens, who in civil life is known as Bill, entered the service in January of 1943, trained at Camp Swift, Texas, and left for overseas in October of the same year. The citation is General Order No. 30, First U. S. Army, dated February 18. It follows:

**Outstanding Performance**  
The 291st Engineer Combat Battalion, United States Army, is cited for outstanding performance of duty in action against the enemy from 17 to 26 December 1944, in Belgium. On 17 December 1944, at the beginning of the German Ardennes break-through, the 291st Engineer Combat Battalion was assigned the mission of establishing and manning roadblocks south and east of Malmedy, and with the defense of the town itself. The battalion set up essential roadblocks and prepared hasty defenses. Shortly thereafter, numerically superior enemy infantry and armored columns moving in the direction of Malmedy were engaged.

Though greatly outnumbered and constantly subjected to heavy enemy artillery, mortar and small arm fire, the officers and men of the 291st Engineer Combat Battalion stubbornly resisted all enemy attempts to drive through their positions. Repeated attacks were made by enemy armor and infantry on roadblocks and defensive positions and, in each instance, were thrown back with heavy losses by the resolute and determined resistance. The determination, devotion to duty and unyielding fighting spirit displayed by the personnel of the 291st Battalion in delaying and containing a powerful enemy force along a route of vital importance to the Allied effort is worthy of high praise.

It is with utmost satisfaction and esteem that as your Battalion commander I have the pleasure of for-

warding to you the above citation—one of the highest honors that can be bestowed on a unit as a whole. You are hereby awarded the Distinguished Unit badge and are authorized to wear it as a permanent part of your uniform. The glory with which you may wear this badge is characteristic of the extremely high merit for which this citation is presented.

# This year...they're making "2" as big as "3"!

**1.** Uncle Sam needs just about as much money this year to fight the war as he did last. Whether we're fighting Germans and Japs, or Japs alone, there'll be no easing up till every last enemy is on his knees—or dead.

**2.** But—to save time and work, there will be only 2 War Loans this year instead of 3, as there were in 1944.

**3.** So—we've got to make 2 as big as 3! We've got to lend, in 2 chunks, approximately as much as we lent last year in 3. Which means that, in the approaching 7th War Loan, each of us will have to buy a BIGGER share of extra Bonds.

**4.** 27 million smart Americans are getting a headstart! The men and women on the Payroll Savings Plan are now boosting their allotments for April, May, and June—so that they can buy more Bonds, and spread their buying over more pay checks.

**5.** Come the 7th War Loan, these people will be sitting pretty. A good part of their extra Bonds will be already paid for. They won't have to scrape so hard for extra cash—because they're putting part of it aside right now!

**REMEMBER...**

- The war costs just about as much...
- Two loans instead of 3 in 1945!...
- More extra Bonds in each loan!

**So... start saving NOW... for the 7th!**

**6.** That's a very smart way to handle it. It's better for them—better for Uncle Sam. It's the easiest way to fulfill our obligation to the men who fight. Let's all start saving now for the 7th!

## COTTON OFFERS YOU MORE OPPORTUNITY TO SAVE LABOR!

Labor-saving machinery will be used on thousands of Cotton farms this season. Mechanical Cotton choppers—flaming machines to control weeds—homemade sleds, strippers and pickers made by farmers, or local blacksmiths, and machine shops—plus pickers that manufacturers are developing—will help to harvest this season's crop.

You can make use of your own machinery, as others are doing, to handle your Cotton crop this season; and, in addition, the U. S. Department of Agriculture says: "By harvest time, more labor is expected to be available." BUT, REMEMBER, FIRST YOU'VE GOT TO PLANT THE CROP AND DO EVERYTHING POSSIBLE TO INSURE MAXIMUM PRODUCTION.

## Sgt. Jim Terry Sees Pavement, Railways Again

Sgt. Jim C. Terry, son of Mrs. J. B. Terry, of Floydada, who has been in the Pacific for a long time, is working his way (along with his buddies) back toward civilization once more. Now he is back in the Philippines, he writes his mother under date of March 5 and reports that he is actually living and there is a good paved road and a half-train that passes about a half-mile from here. Evidently the sight was good for him for he relates, "I was sure happy to see this highway and my first train since leaving the States."

**Japs Left Very Little**  
His outfit at the time he wrote was stationed "close to a pretty nice town and there is a large town only a few miles from here." His interesting letter continues:  
"There is very little to buy over here for the Japs took everything they wanted. It is pitiful to see the things and lots of them are very heavy. You realize what war really is when children and old people stand in line to get any food you are about to throw away. Hope things will be better for them soon."  
"These people are more educated than any we have seen yet. We have seen by working for us who was in Manila university when the war began. He is a radio repair man and seems to know his business. His wife does our laundry and has done some sewing for the boys. I've

never seen any laundry get clothes as clean as the Philippines. It seems a shame to put them on in this dirt. You can get as dirty here as any place I've seen. We talk about our country roads but you should see how dusty some of these are. They say it really starts raining here in May. So I suppose this dust would look good to us then.

### Bananas Large and Good

The bananas are very large here taste better to me than any I ever ate there. Last Saturday we, six of us, traded for 30 eggs and ate all of them that night. Tonight we are going to have barbecued ham. Some boys bought a pig and we bought a quarter of it from them.

## Lt. Billie Crabtree B-24 Bombardier In Many Missions

AN EIGHTH AIR FORCE LIBERATOR STATION, England—2nd Lt. Billie Crabtree, 24 year old B-24 Liberator Bombardier has received the 4th Oak Leaf cluster to the air medal for "Meritorious achievement while participating in many bombardment missions over enemy territory." A cluster is equivalent to an additional medal.

Announcement was made by 2nd Air division, commanded by Major General William E. Kepner.  
Lt. Crabtree has been flying with the veteran 389th Bombardment group. He has participated in 35 combat missions bombing such strategic targets as Berlin, Magdeburg, and Dortmund.

On the attack to Dortmund his Liberator ran into intense flak. Although the aircraft was not damaged seriously, the tail gunner was killed and waist gunner seriously wounded. Immediate first aid given on the spot by other members of the crew saved the waist gunner's life.

As one of the oldest Liberator groups in the European theater of operations, the 389th has now been overseas 20 months and has seen action in the Middle east, Africa and England. For participation in the Spectacular low level attack on the Ploesti oil fields, August 1, 1943, the group has won the coveted War department Distinguished Unit Citation.

The Eighth air force airman is the son of Mr. and Mrs. E. R. Crabtree of Pantex Village, Amarillo, Texas. He graduated from Lubbock High school at Lubbock and was employed by the Furr Food stores when he enlisted on November 12, 1940.

He received his commission at San Angelo, Texas, on April 8, 1944, after attending Air force schools at Tyndall Field, Florida and San Angelo.

# You're so smart... you tell me!

A lot of troubled car-owners would probably like to echo Junior's words. They're the patriotic motorists who want to take the best possible care of their cars... who want to be sure to get a fine quality motor oil. They say, "We know we should use a quality oil. But how can we tell which oil is fine quality?"

If you also wonder how to pick a quality lubricant... Phillips comes to the rescue. Gives you one easy way to make certain of getting quality motor oil.

Just read this simple, frank statement:

Phillips offers many oils because preferences and pocketbooks vary. But if you want our best oil, we tell you that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the lubricants Phillips offers to car-owners like yourself.

Warmer weather is on the way. So when you change from winter-worn oil... get quality by asking for Phillips 66 Motor Oil.

Why do we advertise meat? Isn't there a shortage? Yes, there is, but all meats and all cuts are not "short" at the same time. While we may not have all the variety that once filled our cases, we do have a good selection of delicious, nutritious, quality meats at all times and we advertise them because you have the right to know what meats are available and the prices for them. Some of the cuts may be new to your table, but they've got what it takes in juicy tenderness and full-flavored goodness to make your meals more appe-tempting.

Three small boys were bragging about the prowess of their dads. The first boy said: "My dad writes a few short lines, calls it a poem, sends it away and gets ten dollars for it." "My dad," spoke the second lad, "makes some dots on a piece of paper, calls it a song, sends it away and gets twenty-five dollars for it." "That's nothing," spoke up the third, "my father writes out a poem on a sheet of paper, gets up the pulpit and reads it and it takes four men to bring in the money."
