My mom's the best cook in the world"

"She keeps my mug and porridge-bowl and fruit dish full of wonderful things. An' she keeps that big blue jar on the shelf full of lovely cookies. An' Oh Boy, you should see the pies and cakes and roasts and vegetable dishes she fixes up . . . She really IS the best cook in the world!"

> That is always the story of the child whose mother cooks with clean, instant-iest, NATURAL GAS. That is particularly true if the mother is so fortunate as to have a CP (Certified Performance) Gas Range.

The CP Gas Range is as near-perfect a cooking device as man has been able to produce. Natural Gas is nature's perfect fuel. A CP Range using natural gas is an unbeatable combination. And today's research assures you that when CP Gas Ranges are once again available, they will be even more wonderful than before.

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off ungainly weight and help bring back alluring curves and graceful slenderness. Just get from any druggist, four ounces of liquid Barcel Concentrate. Add enough grapefruit juice to make a pint. Then just take two tablespoonsful twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

Iron Lung—

(Continued from Pirst Page)

The 'iron lung' is not being obsined as a money-making proposition for the department, Rodgers pointed out. It is intended to be sed as needed on order of a doctor for the people of the whole area. he said. The department will be ustodian and responsible for the pkeep and mechanical condition of se new equipment, but otherwise will be on call without cost. Pro bably some people will want to help with the upkeep but that will be another matter for later talk, and as no bearing on the fact that it ill be free to the pubic for use nder responsible direction.

This is an answer to the question most asked, Mr. Rodgers said, by prospective donors.

Several communities are already turning in money, among them Sand Hill where \$100 was made up recently, and Center where Roe Jones reported \$38. Tuesday a rodeo at South Plains was made a benefit performance for the lifesaving equipment. Other communities, likewise, are making plans for definite aid, and the department members feel confident the total will be forthcoming with out intererence to War bond drives, used fat collections and clothing drives for

WE ASK YOUR HELP IN PROVIDING THIS MOD-ERN LIFE-SAVING DEVICE for the Communities of Floyd County. It will belong to the people to be used on call as needed. The Floydada Fire Department will be custodian and assumes responsibility for its upkeep. To save lives let's safeguard the Home Front while our Husbands, brothers, sons and fathers are fighting on battle fields the world over.

It Is Necessary that we Buy War Bonds, that we go all out for the men in the field. It is also very desirable that we make sure an epidemic on the home front does not find us unprepaired for the emergency.

This is an opportunity to help provide protection at home against the day of HIS return.

THANKS THE FIREMEN

Floydada Volunteer Fire department did such a good job of work when fire broke out in our yard Tuesday afternoon that we want to express our thanks publicly. The firemen's promptness in responding to the call and their efficiency after they got there was responsible for holding the loss to a minimum. The people of our little city can really be proud of their fire depart-

PARKING STILL A PROBLEM

We believe people want to cooperate if they know the rules on parking and here are some of them:

All cars, trucks, busses and cars and trucks with trailers attached and all other vehicles 18 feet and over may park on Wall street and Missouri street paralel to the curb but never at an angle nor in the center of any street.

Car drivers will please take notice to this and reserve as much of the curb for the long vehicles as is possible. Cars may park in the center all around the square between the lines but no other street within the fire zone.

If you will observe these rules the trouble will be minimized and we will have less cars torn up.

The above rules must of necessity be obeyed but if not, fines will be assessed from now on.

Respectfully submitted,

Jardening for Victory

along the Santa

Soon travelers will be seeing plots of beets, beans, tomatoes, corn and other needed vegetables "coming along" on both sides of our tracks.

For once again Santa Fe has made its right-of-way available to its employees for Victory Gardens.

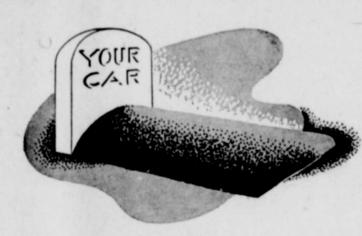

We are also offering \$2720.00 in War Bonds to our best Victory Gardeners as an added incentive toward helping "Food Fight for Freedom."

Located as we are "Along the Route to Tokyo," Santa Fe people throughout our 13,093 miles of track can "feel" this war. They are working full hours to move along the never-ending loads of guns, tanks, men and munitions.

Perhaps that's another reason why they're not only working harder on their railroad jobs, but are pretty fine War Bond buyers and Victory Gardeners as well. It's Santa Fe all the way for the U.S. A.!

4,000 CARS AND TRUCKS DIE EVERY DAY!

Each day 4,000 American cars and trucks go to the junk heap - worn out, wrecked or otherwise beyond repair That is an appalling total of 1,460,000 vehicles per year - and the rate is increasing. Many of these casualties could be avoided if proper service and replacement of parts had been made by their owners - IN TIME. As your trained Chevrolet service dealer we can prolong the useful life of YOUR car or truck. Consult us at the first sign of trouble. Don't risk sending your car or truck to the "graveyard."

The story of how the taxes our Company pays are spent is a thrilling dayby-day account of the services these tax payments help make possible,

EVERY DAY OUR TAX DOLLARS HELP:

- · Pay the cost of providing the sinews of war.
- · Pay the cost of maintaining public schools.
- · Pay the cost of municipal government. · Pay the cost of sanitation, essential to our health.
- Make living better, safer, happier.

As a taxpaying citizen for twenty years, we are fully appreciative of our responsibilities. We shall continue

to be a good taxpaying citizen wherever we serve.
