## Play Friday Night School End Prelude

**Wins Bronze Star**

Exploits of S-Sgt. Douglas Pitts, above, son of Dr. and Mrs. D. H. Pitts, of Floydada, in the February and March push against the Germans on the western front, won for him the bronze star medal. He also wears the Purple Heart. A Yank correspondent who fell in with Sgt. Pitts' Assault unit, Company K of the 405th infantry, gave two vivid word and picture accounts of how the outfit operated.

Students and patrons of Floydada High school will have a chance to see "Sparkin", stellar presentation of a high school cast, tomorrow, Friday, night, at the High school auditorium. The hour is 8:45 o'clock. Admission will be 30c for adults, 15 cents for students and children.

Announcement that the play would be presented was made yesterday by I. T. Graves, who said the Senior class is sponsoring the event and all proceeds will go into the class funds. "Sparkin" is second best high school one-act play in all the Interscholastic League circles of the state, so judged by critics of the University of Texas Extension service last week-end.

**Prelude to Commencement**  
Tomorrow night's program will be a pleasing prelude to commencement week, which begins Sunday night. The class of '45 seniors will hear Dr. L. N. Lipscomb, of Lubbock, in the commencement sermon at the First Methodist church at that time. In the week following exercises will be climaxed by the commencement program to be given by the class, the presentation of awards and diplomas.

**North Ward Exercises**  
North Ward School closing exercises will be held May 21 when three students graduate from the eighth grade. The school will close May 18 with a program that night and the graduating exercises the following Monday night. Mrs. Annie Taylor, teacher, announces the following pupils to graduate from the eighth grade: Josephine Bass, Cynthia Lee Neal and Charles Wilmer Taylor. Rev. Clever of Plainview will be the guest speaker at the graduation.

The public is cordially invited to attend these programs.

## Lockney School Commencement Set For Thursday Night, May 24

Commencement week in Lockney Public schools will open on Sunday night, May 20, with the commencement address to be delivered by Rev. Judson Cobb, pastor of the First Baptist church, and the final activity of the school year will be Thursday night, May 24, when the class of seniors will be delivered their diplomas with appropriate exercises.

Dwight Perkins, son of Mr. and Mrs. Frank Perkins, with a four-year average of 96.17/19, has been named valedictorian of the class, and his twin brother Terry, salutatorian. His average for the four-year period is 95.9/38. High girl of the class is Evelyn Johnston, daughter of Mr. and Mrs. W. C. Johnston of Inck, whose four-year average is 93.5/9.

**Senior Play Friday Night**  
Other features incident to the closing of the school year includes the senior class play which is set for Friday night of this week, May 11. This will be given at the grade school auditorium. Kid day for the seniors will come on May 14. Two days that have lighted the class' history already were the junior-senior banquet held on the night of April 28, and Senior day which was last Friday.

Superintendent H. P. Clemons will release the names of the members of the graduating class sometime next week.

### RE-BUILDING HOME

Edgar Jones last week began the job of rebuilding his home in southwest Floydada, practically destroyed two years ago by fire while he was visiting in California.

R. H. Willis is superintending the construction job. A modern residence is going up on the old site.

## Hester West Home Monday

Hester West, native Floyd county girl, who had been in the Methodist nursing missionary service in China for some years before the maelstrom of war caught her, with many other Americans, in the Philippines is at home.

She arrived Monday in company with her sister, Mrs. Ione Matthews and family and is at the Jno. L. West family home on South Fourth street.

For the present time and for an indefinite time the condition of Hester's health will not permit them to have company. "She reached home almost in a state of collapse after a terrible trip on the water," Mr. West stated, "and we just must have privacy for a time for her to recover."

Friends by the score have indicated interest in the heroic missionary, who underwent the rigors of three years in a Japanese camp near Manila. Mr. West and the family are deeply grateful for the concern shown for her and said as soon as her health will permit they will welcome friends.

## Cow, Sow, Hen Program for Yr. Is Under Way

Based 40 per cent on essays on the subject, "Why we should have live stock on our farms" and 60 per cent on interest, ability and facilities available, nine Floyd county boys are in process of being chosen this month by a committee from four sponsoring coops for the second year of the pig raising program in the county. Essays were due last week at the office of County Agent Leon C. Ranson.

Sponsoring firms are Consumers Fuel association of Floydada, Consumers Fuel association of Lockney, Farmers Coop Gin, Floydada and Producers Elevator, Floydada. The movement is called the cow, hog, hen program.

**Successful Last Year**  
The plan worked very successfully last year. The boys chosen gather on a given date, draw for their pigs, take charge and handle them under the guidance of the county agent. They get the gilts without money cost but out of each successful first litter must contract the best pig (See Swine Program, Page 5)

## Chas. Massie Gains Ground

Gravely ill for three weeks, Chas. Massie, manager of Massie Wholesale grocery of this city, has been gaining ground since Sunday and much improved at this time, according to reports this morning.

He has been in Lubbock General hospital for more than two weeks for treatment. He became ill three weeks ago today while at work in his office. His brother, J. M., has been spending most of his time with Mr. Massie.

## Bruce C. Holder On Wounded List

Pfc. Bruce C. Holder in a letter dated April 23 to his wife, Ouita, and daughter, Evelyn, 13, indicates that on that date he was continuing to improve from a battle wound on April 6 and that he expected to be moving soon.

He had written them previously about the wound. It was a flesh wound in the left leg below the knee. He was in the 36th armored infantry when he saw considerable action in front of the Belgian thrust of Von Runstet in December. He was wounded December 21 in the fighting there, a shrapnel in the muscle of the left arm. Patched up he returned to his outfit only to be put out of action the second time.

Pfc. Holder went into the army in February of 1944 and moved across in the late summer. In the early fall he went into the lines as a replacement.

## Year-Old Drinks Kerosene; Dies of Pneumonia Here

Margaret Elaine Griffith, one year old daughter of Mr. and Mrs. Kenneth Griffith of the Aiken community, died in a hospital here Thursday morning of last week. The baby drank some kerosene Tuesday the effects of which caused her to have pneumonia.

Funeral services were held Friday afternoon at 3 o'clock at the West Side Church of Christ in Lockney with Oran Martin of Petterburg officiating. Interment was made in Lockney cemetery with Crager Funeral home officiating.

The baby is survived by her parents and one brother, Kenneth Wayne, age three, her grandparents, Mr. and Mrs. Walter Griffith of the Lone Star community and Mr. and Mrs. T. E. Lester of Lockney.

## Kite Fliers Show 'Em Off Monday Eve

Cub Scouts of Floyd county showed off their kite making and flying abilities Monday evening preceding the Court of honor held at the Andrews Ward school.

The line of kite fliers extended from one end of the field to the other. Judged as best flying kite was that of Jimmy Simmons, with Jerry Edwards second and Barry Rosson third.

Billie Grimes was judged to have the prettiest kite, Jerry Oden the ugliest, and Jack Haney the hardest-luck. District Attorney Richard P. Stovall had charge of the kite flying cube.

**Troop Stunts Good**  
Stunts of the troops preceding the court of honor brought on interesting competition.

## Furlough Visitor

Grandson of Mrs. G. W. Hart, this sailor is James Whatley, son of Mr. and Mrs. Fred Whatley, of Amarillo. He has just returned from the South Pacific, where he served on a supply ship, visiting here last week. Whatley has been 14 months in the navy.

## Dan Jenkins Is Liberated

Colonel Daniel W. Jenkins, Army Air corps, prisoner of war in Germany for 18 months, has been liberated.

This information contained in a telegram to the colonel's parents, Mr. and Mrs. J. B. Jenkins, confirms a similar message from a personal friend of the Floyd county soldier who had seen him only three days before, and had flown back to the United States. He was in satisfactory condition the reports said.

Col. Jenkins was liberated from a camp at Moosburg, Bavaria, near Munich, by American forces which advanced into that area in the campaign immediately preceding the German surrender.

**Shot Down Over Germany**  
When the bitter campaign to blast German oil works, factories and munitions making plants of various kinds got well under way Col. Jenkins was training men in the art of air defense at a Florida post. He made one observation trip to Britain and the continent, it can be said, to observe methods at the front. Later, worried over the high ration of his boys that were being lost he sought an obtained permission to make a second trip. It was on one of these flights over Germany that his plane was so badly damaged he (and other high officials of the air force) bailed out. He is known to have been wounded. After hospitalization he was sent to (See Dan Jenkins, page 5)

## German POW Picked Up by Officers Here

A German prisoner of war, Otto Ammershock, 30, escaped from a work detail of the Chickasha, Oklahoma, branch war prisoner camp, was picked up by Sheriff Lee Howard and Deputy H. E. Whitaker Tuesday morning about 11 o'clock, was turned over to Major Shackelford, provost marshal of LAAF, Lubbock. Major Shackelford and Art Panzy, in charge of the Lubbock FBI office, came here the same day to receive the prisoner.

Dressed in civilian work garb, except for heavy boots, the prisoner was footsore and hungry. He was headed for Mexico, he said.

The German soldier was captured by the British in Tunisia in 1943, he told Sheriff Howard. He had been in the army since 1939. He was one of two prisoners who escape last Friday. The other was caught close to the camp.

## Dickie Atteberry Loses Brother

Dickie Atteberry has received the news that his brother, Lt. Lonnie H. Atteberry, has been killed in action in the Philippines. According to the notice the date was April 28.

No further information is available at this time.

## One-Act Play of Floydada High Places Second in State Meet

Floydada High school was awarded high state honors last week when the one-act play cast including Gene Arwine, Kay Sparks, Bettye Yearwood, and Maurine Medien presented the play "Sparkin" at the interscholastic league contest in Austin.

In the one act play division Floydada was placed second while Gene

## Dairy Payments To March, 1946, Are Announced

From the local AAA office this week came the announcement that the War Food administration has established rates for the dairy production payment for the months April, May, June and the July to September period as well as the October through March 1946 period. These announcements were made in conformity with a recent CCC bill signed by the President.

Ray S. McEntire, Administrative officer of the AAA, said, "The payments for April are 17 cents per pound butterfat and 70 cents per hundredweight for whole milk. The May-June period will be paid at the rate of 10 cents per pound butterfat and 35 cents per hundredweight for whole milk."

He stated further, "Only one payment will be made for the April, May, June period and will be applied for during July and August."

The July-August-September payment will be 13 cents per pound butterfat and 55 cents per hundredweight whole milk. The October through March, 1946, payment period will be 17 cents per pound butterfat and 70 cents per hundredweight for whole milk.

These rates are varied to meet seasonal changes in the milk and cream production.

## Four Softball Teams Chosen Tuesday Night

Prospects are good now for twilight softball in Floydada this spring and summer. Yesterday it was announced that four teams were chosen Tuesday night, fairly well-balanced as to power and play will get under way Friday afternoon at 6:30 at Andrews Ward school grounds.

Team No. 1, Aaron Carthel, captain, will play Team No. 3, Lee Allen, captain. Team No. 2, Wiley Rogers, captain, will be pitted against Team No. 4, Jake Watson, captain.

O. P. Rutledge has consented to take the task of overall manager. Umpires for the season have been named. They are Guy Smith, Guy Ginn, Rev. C. A. Hartley and Garland G. Glover.

## Complaint Filed In High School Youth's Death

Complaint has been filed in Floyd county court, charging negligent homicide against R. D. Stephens, driver for McCook Trucking company of Lubbock, in the death of Charles Marvin Glassmoyer, 16, Floydada High school student. The complaint charges the negligence of the driver was responsible for the fatality. A complaint also was filed in Justice court charging the driver stopped on the highway without putting out flares.

The Glassmoyer youth, son of Mr. and Mrs. O. G. Glassmoyer, of Dougherty, was killed when his car crashed into the truck in a fog at 1 o'clock Saturday, April 28. Minutes before he left a junior-senior high school banquet held in Floydada.

## R. G. Finley New Piggly-Wiggly Mgr.

R. G. Finley and Mrs. Finley have been in Floydada since last mid-week, and Mr. Finley has assumed management of Piggly-Wiggly food store. Formerly with the same organization in Lubbock Mr. Finley comes to Floydada in a last-minute switch of plans. By the change P. L. Orman, who was to have assumed management of the store, remains manager of the vegetable department.

Mrs. Finley will be one of the checkers of the local store. The family will make their home here when they have obtained living quarters for a family of four. The Finleys have two sons, James Carroll, 14, and Bobbie, 12, who are in school at Lubbock.

Arwine was adjudged best actor and Kay Sparks best screen actress. In the all star cast for girls Kay Sparks placed second and Gene Arwine took third for the boys.

The cast along with their sponsor, Mrs. I. T. Graves, received the right to go to Austin representing Region I when they won the regional contest at W. T. S. T. C. at Canyon.

## Flags Fly But V-E Day Quiet in Floyd

**Killed in Battle**

Native Floydada boy, Stanford Norman Goen, above, is among the growing list of boys who gave their lives in the battle against the Nazis. He was killed April 10 after five months of campaigning as a bow turret gunner on a medium tank. The family has no information further than a notice from the War department.

## Memorial For Norman Goen Next Sunday

Public acknowledgment and memorial tribute to Stanford Norman Goen, 22, native Floyd county boy, who was killed in action in Germany on April 10, will be given Sunday afternoon at 3 o'clock at the Wall Street Church of Christ, it was announced this week.

Elder John R. Freeman, of Lubbock will be assisted in officiating at the memorial by Elder Ohmer W. Kirk, member of the local congregation and an uncle of the slain youth.

Son of Mr. and Mrs. W. S. Goen, pioneers of the county, Pfc. Goen is also survived by his wife, the former Margaret Hale, and a five-month-old son, Stanford Norman II, who will have only the memory of his father.

No details of the last days and the death of Pfc. Goen have been received by the family. Letters indicate that his armored medium tank was one of many spearheaded the fierce fighting which preceded Nazi capitulation. He was a gunner on one of those mobile weapons.

## 'Brit' Home From So'West Pacific

Chief Petty Officer L. D. Britton reached home late yesterday and today was revelling in the comforts and associations of his family in the old home town. He processed and was given his release on faster schedule than he had anticipated when he arrived on the west coast.

Only nine pounds off his usual weight and looking extremely fit, the former football star and city fireman, said they "fed me up a little" on Guam. He had only one mark to indicate his arduous Southwest Pacific exploits. It is a scar above the left eye. A bulldozer shoved a tree over on him, he said.

Recent news here to Mrs. L. D. Britton reports that her husband, Chief Petty Officer L. D. Britton, U. S. N. C. B., is on his way back to the states after having spent the past 26 months in the Pacific.

"Brit" enlisted in the "Sea Bees" in May, 1942, and trained at San Diego, California and Norfolk, Virginia. Shortly before leaving the states, March 9, 1943, he was attached to the first Marine Amphibious corps. He has seen service of Bougainville, Guam, Guadacanal, New Caledonia, and several other places not known. He was in the invasion on Bougainville and Guam. For the past eight months he has again been in the Construction battalion on Guam.

## LT. HOWARD LEAVES FOR CLOVIS AIR FIELD AFTER VISIT WITH HOMEFOLKS

Lt. Eldon B. Howard, B-29 navigator, stationed at Clovis Army Air field, in company with his wife and little daughter, Diana Gale, of Lubbock, spent several days last week and this here visiting with his parents, Sheriff and Mrs. Lee Howard. The air officer left Tuesday to return to his station.

Save and except for the display of flags downtown and an occasional gathering of small knots of residents to talk it over, the deep thrill of V E day was otherwise not evident in Floydada Tuesday.

Edge of President Truman's pronouncement and proclamation Tuesday at 8 o'clock had been taken off by the advance general knowledge that hostilities had ceased in Europe and that the formal proclamation would be forthcoming. Many battle lines had been static, the public at home had learned, for several days awaiting the completion of negotiations.

**Big Job Yet to Do**  
With scores of Floyd county boys wounded and killed and many families still unaware of the fate of their sons in campaigns all over the world the day was more a soberly prayerful—in many instances a tearful—one than a jubilant day. That many of the county's sons also will travel across continents to join in the Pacific campaign and finish the hazardous job against Japan also was realized by many whose conversations indicated as much.

Only public recognition of VE day, as far as known, was at Floydada Rotary club when on Wednesday the program was devoted to prayer and tribute to the fallen, and to those on the home front as well as the battle fronts who are sacrificing for final victory. Judge Alton B. Chapman presented the program with Rev. Otto F. Marshall, O. P. Rutledge, and R. P. Stovall. Judge Chapman paid tribute to the fallen Commander in chief, Franklin D. Roosevelt. A quartet composed of Rev. Marshall, H. G. Barber, Dr. A. E. Guthrie and G. G. Glover sang "America the Beautiful."

## Pioneers Will Honor World War II Dead

Floyd county pioneers in their annual re-union here on May 29, in addition to honoring the deceased of their organization of the past 12 months, also will remember their sons and brothers who have died in World War II.

With these deaths still poignant in their minds the pioneers can but want to remember them at the time they also remember those on the home front who have passed on in the past 12 months. Mrs. Will Snell, of the Memorial committee, who attended the sessions of the officers and committee members Saturday afternoon, said that the committee hoped to have all of the names of deceased service men from the county, who had given their lives while in service.

Other plans for the re-union, which have been in the making, are progressing satisfactorily, it was indicated by the various committee heads. However, as yet no announcement of a speaker to address the old settlers has been made. Contacts at this time are a little difficult, the committee reported.

One change made in the plans for the dinner to honor the oldsters was to reduce the age limit from 50 years to 45 years to be eligible as a guest. Other requirement is that the pioneer must have lived in the county 40 years ago.

## Son of James A. Stark War Victim

Lt. Jimmie Stark, son of James A. Stark, of Sealy, former agriculture teacher in Lockney High school was killed in action recently according to word received in Lockney last week.

Lt. Stark was a pilot in the Army Air forces. He was awarded his commission and wings while his father was teaching in Lockney.

## County Agent Resigns Job; To Levelland

County Agent Leon C. Ranson this week announced that he had resigned his place with the Extension service as county agent of Floyd county and is entering business for himself at Levelland in Hockley county. His resignation will become effective on June 1.

In his business enterprise at Levelland he is associated with Harvie Poole, who also is resigning from a county agent's position in Hockley to go into business. They have bought an established feed and seed business, together with a mixing plant and a stock of supplies from Major Rodgers.

District Agent and Commissioners court have made no announcement as to a successor to Ranson here.

#### WHAT THE EXES WILL WANT

What returning servicemen will want and expect is the subject of untold numbers of essays, reports and editorials these days. Everybody is interested and most everybody has his own way of saying it. What a Texas boy said in an article we read the other day seems to simplify the whole thing to us, contrary to the opinions of some who seem to feel the returned soldier will have undergone some tremendous upheaval during his service to his country. Says he:

"The things I most want to say will have to go unsaid. I have done much thinking about such simple matters as have interested me for a good many centuries: what is life and what does it mean to be alive anyhow."

"I do not put much stock in a lot

### As A Farm Woman Thinks

(By Nellie Winn Sparks)

As I write no official announcement of the end of the war in Europe has been broadcast, but with a thankful, grateful heart I am awaiting it. It has been so long, and so hard, so much sorrow, so many separations. "Peace on Earth Goodwill to Men." Oh may the angels of the Lord sing and may we help carry on the peace that has out so much.

It was my great privilege and joy to go with Mrs. J. D. Travis and her mother, Mrs. T. J. Davis both of them to the meeting of the Society of Christian Service at Plainsview last Wednesday. Mrs. Travis is so gracious and one is made feel a welcome and honored guest in her car, as well as her beautiful home. Mrs. J. M. Wilson of Floydada gave an impressive devotional on love being the only true way of giving

of bunk floating around in this world in which we live and I had rather read a little in the Bible and Aristotle's Poetics and just smoke my pipe and think about things not involved in all this. I frankly admit that I give up trying to understand our world today. Right now all I am interested in as a person is getting this war over and getting back to my wife and Texas. Some time we will sit down and review this thing. In the meantime, just try to see to it that we do not get held up too long in all this.

"As for Europe, I would not trade one acre of Texas dirt for it, as for the culture supposed to be lying around over it, and about which our history and literature and language professors talk so freely, let them come over here and study it first hand and then teach about it. As for my work over here, I will always do my best for the USA no matter what. I have reached the definite notion that more people should think for themselves and not be influenced by labels, or schools, or groups of thought. There is a motto on our coins which says, "In God We Trust." That motto expresses exactly how far my trust goes and no more."

gifts for she said "A gift without love is as unkindly as a stone." And Mrs. Wilson expresses this love in her many gifts of time love and money to the cause of Christ. We always like to hear Mrs. Bethel of Floydada talk. She is so earnest, so sincere and goes directly to the bottom of things, giving one inspiration as well as help. At the close of the session the women looked rested and on their faces were a new concentration and resolve to make the world a better place in which to live.

We are all so sorry to hear that Mrs. J. L. West is sick. Oh, she has done so many nice kind things, numberless as the sands on the shore and as bright as the stars in the blue-black sky at night. May the companionship of her daughter, Hester, be the prayer of all her friends.

As I was seated by Mrs. Will Small at the delicious lunch served by the Plainsview women, we had a lovely time as we waited when our children went to McCoy school.

### Floyd County 14 Years Ago

(News items taken from files of the Floyd County Hesperian published 14 years ago.)

(Issue of May 7, 1931)  
Mrs. Allen Snyder, daughter of the late J. A. Callahan, died at her home in Durango, Colorado, Thursday of last week, according to advices received here by relatives. Mrs. Snyder, who was one of the pioneer settlers in this section of the state, was a sister of Mrs. J. E. Langford of this city.

Extracts from Floydada High school in the state Intercollegiate League meet at Austin which opens today are: Maxine Bridges entering in high jump, Rustie Norton in trying contents and Lowell Gorman in mile run. The Floydada students won places in the district meet at Lubbock entailing them to compete at Austin.

Sherrill J. M. Wright and County Judge J. W. Howard are in attendance today at the annual session of the North Texas and Southern Oklahoma Peace officers association in convention this mid week at Amarillo.

Members of the executive committee of the Pioneer Settlers' association of Floyd county expect 300 or more to be present at the meeting of the old settlers in Floydada on May 28, when they will celebrate the 43rd anniversary of the organization of the county, and began laying their plans for the event at a meeting held Saturday in Floydada. J. C. Edwards, who has been seriously ill at the home of his daughter, Mrs. G. R. May near Floydada, for the past eight days, is slightly improved this Thursday, morning, according to reports from his bedside.

Miss Edna Mae Gullion entertained a few of her friends with a party Thursday night of last week at her home on West California street. A variety of games furnished diversion for the evening.

H. O. Pope, local checker playing enthusiast, this week sent a challenge for a game of checkers by mail with Maxine Hagan, recently declared champion, in a tournament held at Memphis, when 25 or more players were entered and the winner decided by a series of eliminations. Appearing on the dean's commendation list for high scholastic ranking at Baylor college for women for the winter term is the name of Miss Veva Swinson of Floydada. This commendation list is composed of students who have made not less than an average of B for the winter term.

It was another added joy to the full of overflowing day.

Joe Ellis gave me some pretty pink beads, Wilma and Paul came over at dinner on the fourth bringing a white apron and table. My sister Lois sent me a greeting card as did Ethel Thomas Copeland of Gladolia, New Mexico. One doesn't mind birthdays coming round so fast when they are made so pleasant and happy.

"I am now in Paris, having flown over." So writes my son the 13rd of April. Indeed this was a surprise as he had been located in England all the time. He has now been over some 27 months. He says he will do traveling work but as the war has ended his plans will be changed. As doctors will be needed some time we will have to await his coming for probably some time. And of course he may go on to the Pacific.

I had been hankering for rhubarb, vitamins of peas and sauce at of long ago when I raised plenty of this delicious plant. Remember we used to call it pie-plant. Judge Murray raised so much of it at Emma and did Mrs. Murray know how to cook it? There was where I learned to love it.

We had just all our rhubarb. The dry years got it. But now we have a plentiful supply thanks to the kindness of Mr. McCauley of East Floydada. He was so generous, giving us the long yellow roots to set in our garden and long green stems, streaked with deep red so we could have sauce and pies at once.

It was with deep sorrow we learned that Norman Goen had been killed in battle in Germany on April 28. Young and brave and true he was, giving his all that others might be free. It has been said, "Lies does not go out, it goes on" and "Greater love hath no man than this, that a man lay down his life for his friends." Norman did not shrink his duty, he died a hero for his land and his loved ones. What

a heritage for his young son who is named for him!

Mr. Kirk told me to go to the house and see his two young great grandsons, Norman, Jr., and William Franklin and I could tell he was proud of them than he could tell and indeed they are fine, strong sturdy boys and they will make great-grandpops step round a plenty in a short while.

Grandmother Goen is plenty proud of them and I wished I had had time to see them more. Mrs. Goen and I have had so much in common and her love of the beautiful is displayed in all her home and grounds. Of course Grandpa Goen would not brag on the two boys!

We were glad to have Robert and Alma Smith of McCoy visit us Sunday afternoon.

T. M. Goodman, who is employed with Panter at Amarillo, was at home Saturday and Sunday on a brief visit.

It's not over yet. We still face a dangerous and determined foe, well entrenched over a half-million square miles, and imbued with the courage of a fanatic. He has sworn to fight a thousand years, and lose millions of men; if necessary, he will destroy himself in order to destroy us. Will we let him?

Reddy Kilowatt is proud he could help us win. Electric power played a large part in turning out the pilots, guns and ammunition to beat Hitler. However, Reddy isn't quitting now. With his belt hitched up and his jaws set, he's ready to go after the third gang. Can we do less?

Two down—one to go. Good! But the game isn't over until the last gun barks. Only the final score pays off. It's up to the home front no less than the fighting front. Now is the time to dig in and WIN!

## Synthetic Tire Prices Down

Synthetic rubber tires for passenger cars and motorcycles will cost less than 45 cents to the buyer now that lower retail ceilings have been established, the War Relocation Authority announced.

May 1, when these cuts were effective, retail ceiling prices on the passenger car tire were reduced approximately 7 1/2 percent.

The May 1 action will reduce tire prices at retail to the lowest levels since early 1942, OPA said.

The new retail ceiling price on the most widely used size of passenger car tire—the 6.00-16 4 ply—now \$15.20. Since May 1 of last year the ceiling for this same tire was \$17.11.

The 1941 retail list price for this popular size of first line passenger car tire, made of natural rubber, was \$14.75.

It is estimated that, at the present time of buying, the reductions OPA has put into effect will save tire buyers about \$23,000,000 a year. Seventeen million dollars of this saving will come from the lower prices on passenger car and motorcycle tires. The rest—six million—will result from the truck and bus tire price reductions.

## Mrs. B. P. Davis Died Thursday at Home of Daughter

Mrs. B. P. Davis, 77, died May 3 at the home of her daughter Mrs. Bishop with whom she had made her home for the past year. At that time she had lived at Haskell.

She was a member of the Methodist church. Her husband, a son, daughter, and two infant babies preceded her in death. She was the mother of 10 children a grandmother of 49 grandchildren and great-grandmother of 29 great-grandchildren. She is also survived by one brother and two sisters.

Her surviving children are Mrs. Bishop and Mrs. R. L. Terrell of Floydada. Mrs. John Keunster of Haskell, Mrs. C. A. Mullins of Lubbock, Raymond Mullins and Bud Mullins of Haskell, Feunie Mullins and Bert Mullins of Rising Star. A brother, Tom Perkins of Amarah, and two sisters, Mrs. J. F. Sams, Dalhart, and Mrs. L. J. Hansen of Santa Monica, California, also survive.

Funeral services were held Friday May 4 at Haskell with Rev. Underwood, minister of the First Methodist church of Stamford officiating. Burial was in the Holdens funeral home and Holdens funeral home of Haskell handled the arrangements.

## Commission Given On Battle Field to Sgt. Keeter

Sgt. Clinton Keeter son of Mr. and Mrs. Claud Keeter of Lockney was recently promoted to Second lieutenant on the battlefield.

The commission was given for gallantry in action. The citation read: "Sgt. Keeter had led 17 men to take and hold a wooded position. The group was pinned down by machine gun fire. Sgt. Keeter planned a flanking attack which succeeded in the enemy position. The men moved forward and met a frontal counter attack. Sgt. Keeter's superior leadership and organization of hasty defenses repulsed the attack.

On another attack the position held until the following day when the group was relieved. Sgt. Keeter's significant courage and understanding leadership resulted in obtaining important terrain and forced the enemy to change his defense. The citation read: He has been awarded the Silver Star, Infantry combat badge and the Purple heart.

## WARD OF THANKS

Thank you for your kindness, for your thoughtfulness, for your confidence, for your prayers, for your help, for your thoughtfulness, for your courage have done to make our grief as hard to bear in the loss of our mother and grandmother.

Grandchildren and great-grandchildren.

## AVE NEW DAUGHTER

Mr. and Mrs. Woodrow Surret are the parents of a seven pound girl born Friday of last week. The young lady has been named Barbara Ann.

Elmo Hall S2c is spending a 10 day leave with his parents Mr. and Mrs. Tom Hall of Dougherty. He is stationed at Alameda, California, and will report back the latter part of this week.

## Half Minute Interviews

W. P. Hinkle: "We'll have a big crop this week so we can plant and hope for another one. I haven't been watching the crows pick them. I may be out of the county the last of the week on a little business trip."

Turner E. Cowart: "A killdeer is very fooled by spring weather but the bullbats don't get caught by any spells."

## The Biggest War Loan Drive of All!

### Their "Quota" may be DEATH Your Quota is Bigger Bonds

AS THE tempo of the war increases . . . as the lines of communication grow longer . . . as the need for new guns, new tanks, new planes grows more urgent . . . as the cost of the war is at an all-time high.

That is reason Number 1 why every true American must back this MIGHTY 7TH War Loan Drive beyond all limits of what he thinks he can afford.

Reason Number 2 is that this drive is really *two* drives in *one*. By this time last year, you had subscribed to two War Loans.

Yes, the need is greater than ever before. And YOU . . . everybody . . . must invest a greater portion of your income . . . of your cash reserves . . . in War Bonds *Now!* Study the chart on this page. Figure out your personal quota—and *make it!*

### BUY MORE AND BIGGER BONDS

You already know that War Bonds are the best and safest investment in the world . . . that you get back at maturity \$4 for every \$3 you invest . . . that they safeguard your future security . . . and that you can cash them in on a moment's notice in case of emergency. So let's go, Americans! Let's back those gallant boys who are fighting and dying for us on far-flung battlefields in the world over. Let's all buy bigger bonds and more of them, *right now!*

### Methodist Notes, Aiken District

(J. G. Walker, pastor) Sunday was a pleasant day; and the people had a mind to attend church. Had a good crowd at Bellview, and everyone seemed to enjoy the services. The good singing service.

S. L. Young was elected delegate to the District conference, meeting Tuesday at Muleshoe. A Mother's day service was announced for this Sunday evening. Everyone in the community is invited.

When we arrived back at Aiken, found the largest gathering that we have had here. Had some new members in the Sunday school, 46 in attendance. Not as large as should be; but larger than has been. We had good services and a fine spirit prevailed. Mrs. H. P. Clement was elected delegate to the district meeting.

We are arranging a Mother's day program to be rendered May 21. The second Sunday is the Baptist's day here and we did not want to conflict with their service; so we are to observe Mother's day on another day. Come, we think we have a good program arranged, and the ones assigned for the parts are well able to put it on.

Our revival is to begin Friday night, June 1; and will run through the following week through Sunday June 10. Let nothing hinder you from getting ready for the revival. Will have more to say about it next week.

Come to Carr's Chapel this Sunday. Mother's day program is being prepared and we know it will be worth while.

We all are rejoicing over the announcement that the war in Europe is over. Let no one think that human strength alone won it; it was by the power of God. "Praise God from whom all blessings flow."

**MRS. J. O. WARREN HOSTESS FOR HOME BUILDERS CLUB**

Mrs. J. O. Warren was hostess to the Sunny Side Home demonstration club Friday of last week. Miss

**"One Ounce of Prevention is worth a Pound of Cure"**

It's an old saying but was never truer than when applied to caring for your car — that precious car that can't be replaced for perhaps a couple of years anyway. Pet that car. Take care of it. See us often.

## Take Care of the Little Things!

Yes, the little things that go wrong with a car that is already three, four or five years old can become serious. One worn part wears out another. It's just good business to insure against the loss of your transportation by attending to the small things before they become serious.

- Keep your car properly lubricated.
- Have a frequent check-up for safety.
- See that all bearings and moving parts are friction-free.
- Keep wiring and ignition parts in good repair.
- See your Chevrolet service man at least every 60 days.

### DennyC Ivey—

(Continued from first page)

and happiness of others. As you may know, during our Christmas Eve party he took the part of Santa Claus and the memory of his kindly and fine appearance in that role will remain with us always. I hope it helps you to know that he gave his life for his country and his ability contributed materially to the success of the ship in the Leyte, Luzon and Iwo Jima Operations.

**Engineer on Bismarck Sea**  
Lt. Ivey was a steam engineer on the Bismarck Sea and had been in the navy for the past three years.

Born September 5, 1912, at Floydada, he went to Big Spring with his parents in 1927; was graduated from Peacock Military academy at San Antonio; attended the University of Texas and received his degree in petroleum engineering from the University of Oklahoma at Norman.

At the time of his enlistment, he was serving as a government petroleum engineer in Washington, D. C. Commissioned an ensign at Notre Dame, he had specialized training at Great Lakes, Illinois, and Norfolk, Virginia, before becoming an instructor at the naval school at Columbia. In the interim he had been promoted lieutenant junior grade and shortly before he left for ship he was made a full lieutenant. His ship had been in on the Lingayen Gulf campaign which spearheaded the Luzon invasion.

Besides his parents, survivors include his grandmother, Mrs. C. Surginer and an uncle, I. C. Surginer, both residing in Floydada.

back to the donors. In the fall they show their pigs in competition for prizes.

Of the gilts shown last fall eight farrowed 75 pigs of which the boys raised 67. Only one gilt had less than nine pigs, five farrowed 10 a piece, and only one boy lost more than one pig and one boy raised all the pigs in his litter.

Although the plans call for a show and the awarding of prizes, it is not designed to put the boys into the show business, but to demonstrate to them that good farm practices with good animals is a profitable undertaking. County Agent Ransom said. He pointed out that all the hogs raised are scheduled to be fed out and marketed, after the finished litters are shown. None of last year's litters are for sale at this time but gilts will be available this fall from these litters.

The prizes awarded at the fall show last year, to be repeated again this year, are calculated to keep interest among the boys at top pitch. First prize was a registered Jersey heifer, second prize 100 baby chicks and third prize 75 baby chicks and all others, except the boy who draws the bear, 50 baby chicks. The boy who gets the bear is awarded 100 baby chicks in the show.

All other boys who want to raise and show pigs in October at the show are being encouraged to do so.

Miss Mayme Capshaw of Quanah was in Floydada visiting her parents, Mr. and Mrs. S. C. Capshaw last week.

### Denison and Smith to Operate Day & Night Station

F. A. Denison and F. A. Smith now are operating the Day & Night Texaco Service station on East Houston street (Highway 70), having succeeded Mr. and Mrs. Jack Sims at that popular Texaco retail distributing plant.

The new owners bought the equipment and stock of Mr. and Mrs. Sims, who have operated the station the past year.

Mr. Sims may spend the next several months in the alfalfa fields of the area cutting and baling on contract, he said this week, although he had not made final plans at that time.

Smith comes to the new location from the Texaco No. 2 station, where he partnered for a few weeks with H. E. McNutt. The latter will continue the business on the northeast corner of the square.

Mr. Denison has been associated with the Texaco organization here for sometime with C. D. Foote, co-signee.

### The Home Front

(Edith L. Wilson)

It is well for home-owners interested in the landscaping problems of their homes to bear in mind that keeping their shrubs healthy and attractive is a year-around job, and though winter is the time to give the shrubbery a general pruning, several prunings may also be needed during the growing season. After shrubs bloom early in the spring they should be cut back immediately so that they may begin to form flower buds for the next spring.

Shrubs and trees neglected during the winter may be pruned until the middle of July, says Florence W. Low, acting landscape specialist for the A. and M. College Extension service. However, heavy pruning during the summer, which produces an abundance of new growth late in the year is dangerous. Suckers on tree trunks should be cut off, and if a second crop of flowers is desired from crape myrtle, wick and other late blooming plants, the flower tips should be removed before seeds are formed. When summer flowers such as petunias grow into unattractive forms they may be cut back. New growth will bloom before frost. Some kinds of pruning may be done any time during the year. Dead limbs, diseased limbs, limbs that rub and injure each other should be removed regardless of season.

Several rules should be kept in mind when pruning. For example: plan all large cuts before taking off any small limbs, use sharp tools, and leave no stubs as all cuts should be sharp and clean. Cut all dead, dying, diseased or injured limbs first. Prune roots with a spade, by thrusting the spade into the ground to a depth of 8 to 14 inches. Clip the roots, and repack the soil.

Practice and study are necessary for satisfactory results in pruning, but mistakes for the beginner should not cause discouragement, as vigorous plants will soon cover them up, and the beginners will know how to do better next time.

NEWS OF BRYAN COLLINS INDICATES BACK ON SAIPAN

News from the battle zone from their son, Bryan, received by the W. G. Collins family last week-end, indicates that he was at that time, two, possibly, three thousand miles from the fighting on Okinawa, where he had been for sometime. The letter didn't directly tell the good news but it did indirectly. Stories coming from Okinawa have indicated the fighting there has been bitter and wounded American boys numerous.

**Telephone men working!**

When American armies stormed the Ruhr, Robert Lissell, Blue Network radio correspondent, reported:

"I don't think you can go more than half a mile when you're near the front without seeing telephone men working...Most of the time they're ducking incoming mortars, but they do keep the lines intact. When the battalion moves forward to take a new objective, the field telephone and its platoon of linemen move right along with it, and in minutes after the battalion arrives, the battalion commander can talk to his regimental commander directing the operation."

To run this war—from factory to foxhole—takes a lot of complex telephone equipment.

# The Mountain that became a Gold Mine!

... and the company that has helped build 11,000,000 war-time tires

This pile of discarded automobile tires (the picture was taken in 1936) is as non-existent today as the Big Rock Candy Mountains—where the cigarettes grew on trees and the springs gushed pure lemonade.

Maybe you remember driving past those junk yards where the homeless jalopies used to rust in the rain, and the pile of tires grew mountain-high.

And then, one day in December, 1941, that mountain became a gold mine!

In a few terrible moments, America's access to the raw rubber of the Indies was cut completely. Throughout America, junk yards, garages, and back yards were scoured for every scrap of precious rubber that could be found. We were on a spot—a bad one.

The fact that we got off the spot is due, to a great extent, to companies such as Phillips. For it was Phillips chemical research ability and Phillips production facilities that produced an important share of the vital butadiene which is so essential to the manufacture of synthetic rubber!

Today, we think we have a well-earned right to stick out our chests—because the Phillips Petroleum Company is one of the largest producers of butadiene in the United States!

With today's ever-increasing emphasis on the chemical production of new and better things from petroleum, let the Phillips 66 Shield remind you that Phillips refineries, in addition to producing gasolines, lubricants, and fuel oils . . . are also gigantic chemical plants pouring out weapons for victory.

David J. Beck, staff sergeant in the 8th Air Force of the U. S. Army, has returned home from England, and after a visit here with D. Dumas, will report at Miami, Florida, after a 21-day tour, for re-assignment.

### Mrs. N. C. Wilson Died Tues. Night

Telegram yesterday to Mr. and Mrs. Floyd F. Paquin from their parents, Mr. and Mrs. M. C. Paquin, said that Mrs. Mac Paquin's mother, Mrs. N. C. Wilson, 88, had died after an illness of several weeks at the home of a daughter in Goldthwaite.

The funeral rites and interment are due to be held this afternoon.

Mr. and Mrs. Paquin, senior, and Mrs. L. M. Steen, of Canyon, also a daughter of Mrs. Wilson, have been at Goldthwaite for several days due to the grave illness of their aged mother.

### SEE JON G. WARD WINS SUPER OAK LEAF CLUSTER

AS SQUAD AIR FORCE BOMBING SECTION, England—Staff Sergeant Jon G. Ward, 22-year-old native son of Floydada, Texas, recently won the 1945 Oak Leaf Cluster to the Air Medal for "exceptionally meritorious achievement" while flying in a B-27 Flying Fortress in England, at three bombing attacks in Germany.

The cluster, a further award honor, is the son of Mr. and Mrs. Nathan Ward, of rural route 1, Floydada, and now flies with the 10th Bombardment Group, a unit of the 8th Air Force, Third Air Division, at St. George, Trinidad.

### Sgt. Ward recently has participated in bombing assaults on targets at Munich, Duisburg, Cottbus, Chemnitz, and Brunswick.

Sgt. Ward arrived in Floyd county by the first of last week on a turn from abroad and the brother, Mac Ward and the Antelope.

A Diesel engine has been plugged.
