Derrick Up for 6,500-Foot Oil Test

Location has been made, derrick has been erected and rig is on the ground for a 6,500-foot oil test on ground adjacent to Pleasant Hill school in southeast Floyd county, with approximately 30,000 acres in the block.

Rapid-moving events in the past week in connection with the test include:

The announcement that Geo. P. Livermore, incorporated, of Lubbock, will drill the well in an arrangement with H. R. Johnson, of Tulsa, Oklahoma, for whom the block was assembled by W. H. Henderson of Floydada.

The staking of the site for the well on the C. Alexander quarter section of land, Abstract No. 2041, occupied by Will Hambright. The well will be drilled in the center of the northeast forty acres of this tract.

Contract with landowners in the block calls for the well to begin not later than the last day of May, but rapid progress of work indicates that the job will be one well along by that date. Drilling will begin at once, Mr. Henderson said yesterday.

Mr. Henderson began assembling the block last October. Its western boundaries extend to the Lakeview-Floydada road, the southwest corner including the farmland of Mrs. P. D. Adams.

The east side the boundary line of the test block runs on the east side of the J. W. Brownlow section No. 135 of Block 1, A. B. & M. The north boundary of the test block lines about one mile south of Baker school house. To the south the boundary is generally along the county line.

By road the distance to the well location from Floydada is about 13 miles.

Cedar Surpassed War Bond Goal \$1,675 Last Week

Cedar district, with a quota of \$5,000, has surpassed its quota of War bonds by \$1,655, A. S. Mize and John Lackey, committeemen, reporting these figures last week-end.

Additionally Pleasant Hill, R. M. Battey, chairman, reports over the top with the quota subscribed.

Further than this the news on the War Bond campaign is not encouraging. Total for the county reported to Saturday night by County Chairman J. M. Willson was \$74,250 net value, which is only one-third of the county's assigned total. Mr. Willson said some sales this week may have brought the Wednesday figures to a figure close to \$95,000. "For one thing, just not enough people are subscribing for the bonds, that is the percentage of the total population. Figures from the last campaign show that literally hundreds of Floyd county people bought no bonds, believe it or not," Mr. Willson said. "If this Seventh War loan is to be made the people's campaign we'll have to contact more people and get a broader base for our subscription list."

The two districts reporting complete this week bring the number of districts which have surpassed their quotas to three since the campaign opened. Antelope was first. Claud Ring is chairman in that district.

The county's E bond quota is \$210,000.

Corporal McNeely Home This Week After 34 Months

Mr. and Mrs. W. O. McNeely received word from their son, Cpl. Vernon McNeely, Saturday that he had landed in Miami, Florida, and is flying home. Later they received word that he had been grounded in New Orleans because of bad weather and would be home as soon as possible.

Cpl. McNeely has been overseas for 29 months in the Air Transport command serving in the eastern theater of war. He has been in service for 34 months and during that time has never been home.

Lt. Ray Ramsey Reported Missing

Lt. Ray Ramsey, son of Mr. and Mrs. M. D. Ramsey, of Harmony, is missing in action in the Pacific, the War department notified the family and his wife, Mrs. Zoe White Ramsey, of Lubbock, the first of this week.

A B-29 pilot, Lt. Ramsey has been missing since April 16, the communication said.

His wife is the daughter of Mr. and Mrs. Will J. White, of Lubbock. After her husband's departure for the war zone she resumed studies at Texas Tech, making her home with her parents.

THAGARDS ON VISIT FROM PERRTON AFTER SALE OF BUSINESS THERE

Mr. and Mrs. Flynn Thagard, who have been making their home at Perryton for the past eight months and in business there, have sold their establishment and are now foot loose.

They have been in and out of Floydada this week visiting their mothers, Mrs. Addie Thagard and Mrs. S. D. Greer, and other relatives.

With them is their Arm Air corps son, Lt. Thomas Flynn Thagard, whose leave from duty, fortunately hit the same time the family had leisure and could be with him. He has been stationed at Ajo, Arizona, gunnery school as an instructor.

Some Rain, Some Hail, Some Cold In Weather News

Showers to good rains, and where the good rains fell also some hail sums up the weather news for the week. At Floydada 51-hundredths of an inch of rain Saturday, 17-hundredths Tuesday.

A cold wave that hit Tuesday morning dispelled the warmth that had begun to encourage the row crop men, anxiously awaiting the go ahead signal. Tuesday the temperature dropped to 37 in the forenoon and the thermometer registered 35 degrees, only four above the freezing point, practically, all of Tuesday night and Wednesday morning to 8 o'clock.

Hail hit in materially damaging amounts in an area below Lakeview, in a larger area in portions of Campbell, Center, Fairview and Cedar and in a strip that extended across the north part of the county from the vicinity of Providence to the vicinity of South Plains. A considerable scope of country in all three areas were beaten up to some extent, small grain crops being damaged most.

Otherwise, except for the dry, the weather has been favorable for the development of the wheat crop.

2 Graduate From Floyd at Tex. Tech

LUBBOCK, May 14—The nineteenth annual graduation exercises are to be held by Texas Technological College on Monday, May 28. While the school is rounding out its twentieth year the approaching commencement exercises are the nineteenth since no students were graduated at the end of the first year in 1926.

The commencement program will be held in the open air in the football stadium, weather permitting. If the weather is inclement exercises will be held in the college gymnasium. Visitors will be seated in the west stands.

Dean J. Thomas Davis of John Tarleton Agricultural college will deliver the commencement address at 8 p. m. on Monday, May 28. Faculty and seniors will appear in cap and gown. Dr. J. M. Gordon, dean of the Division of Arts and Sciences, will deliver the baccalaureate address on Sunday evening, May 27 at 8 o'clock.

Floyd county has two candidates for degrees in the Senior class this year. They are:

Ara Sue Edwards, daughter of Mr. and Mrs. Earl Edwards, of Lakeview, whose major is foods and nutrition and will be given a degree of bachelor of science; and

Alice Lyn Bell, daughter of Mrs. Leona Bell, South Main street, Floydada, who has majored in history and will graduate with a BA.

Boys Are Chosen in Cow, Hog, Hen Contest of Year

Announcement of the choice of nine Floyd county farm boys to carry on this year's cow, hog, hen competition was made this week by County Agent Leon C. Ranson on behalf of a committee composed of Roe Jones, R. B. Gary and M. L. Probasco.

Pigs for the litters in the new year of competition, picked from last year's competing litters, will be delivered to the boys in Floydada next Tuesday afternoon at 2 o'clock. A boar pig will be sought meanwhile and delivered at the same time, it is intended.

Essays submitted by the boys this year, on which winners were partially based, had unusual merit for the most part, said Mr. Ranson. In addition to essays written, interest, ability and facilities for handling swine were also considered. Following are the boys who will call for pigs here next Tuesday:

Durrell Wayne Fortenberry, son of Mr. and Mrs. Robin Fortenberry, Cedar;

Lavon Shearer, son of Mr. and Mrs. O. G. Shearer, Pleasant Hill;

Johnny Griffin, son of Mr. and Mrs. J. T. Griffin, Lone Star;

Harvey Dale Tardy, son of Mr. and Mrs. H. A. Tardy, of McCoy;

Lloyd Dale Leach, son of Mr. and Mrs. J. W. Leach, of Cedar;

Leonard Wilson, son of Mr. and Mrs. Walton Wilson, of Fairview;

Two Sets of Brothers Milton and Melvin Duvant, sons of Mr. and Mrs. Grady Duvant, of Lakeview;

Acle and Lacie Kirk (one pig together) twin sons of Mr. and Mrs. I. C. Kirk of Baker.

Dozens of Kit Bags Waiting For Volunteers

Dozens of kit bags for service men—probably 12 or 14 dozen—are waiting at the county treasurer's office for volunteer women to call. Mrs. O. M. Conway, county production supervisor for the Floyd County chapter, American Red Cross, said this week.

The kit bags were cut and the material assembled two weeks ago and several of them have gone out to volunteers to be made. However, as indicated above, a number of them have not been called for.

Red Cross headquarters have asked that shipment of the finished kits be scheduled for not later than the latter part of June.

Floydada Soldier Sends Nazi Flag Taken at Remagen

A Nazi swastika flag, five by eight feet, regulation black swastika on white background and a field of red, is one of the prized possessions of Cpl. Earl Switzer, Floyd county soldier, now in the care of his wife.

Taken at Remagen March 12 the town where American units of the First army catapulted across the Rhine on a bridge they captured intact, the flag has the autographs of 10 or 15 of Switzer's comrades. It is in perfect condition.

DELIVERS 1450 FRYERS IN ONE LOT TO ONE BUYER

Sale of the biggest flock of fryers ever to come to the attention of the press in Floydada was made this week by J. N. Redd to a wholesale produce house in Amarillo, when he delivered 1450 or more of the young fowls.

Beginning with 1,500 baby chicks Mr. Redd finished them out with a loss of less than 50.

CCC Will Pool 1943 Crop Loan Cotton On the First of August

The War Food Administration has announced that all 1943-crop cotton still under loan on August 1, 1945, will be pooled for producers account by the Commodity Credit Corporation.

Producers meanwhile may repay outstanding 1943-crop loans and redeem their cotton under the terms of the 1943 cotton crop loan program. Loans outstanding on the 1943 crop totaled 1,500,670 bales as of April 14, 1945, out of a total of 3,385,308 bales which had been put under loan.

WFA stated: All of the 1943-crop loan cotton which is not redeemed by August 1, 1945, will be placed in a pool, as provided in the loan agreement, and sold in an orderly manner by the Commodity Credit Corporation. On final liquidation of all cotton in the pool, the net proceeds—if any, after deduction of all advances and accrued costs, including storage, insurance, and handling charges, will be distributed among producers whose cotton has been placed in the pool in proportion to their interest.

Commencement Friday Night To Graduate 76

Tomorrow night the fourth wartime class of Floydada High school will finish their public school work and will be awarded diplomas in exercises to be held at the High school auditorium.

Capped and gowned the 76 boys and girls who comprise the class will present a program of music and addresses, to be highlighted by the formal presentation of the class' parting gift to the school. "Keeping our trust," will be the theme of the evening. Following is the program to be given:

Year-End for Floydada Schools

Many interesting events mark year for senior class

With the aid of Macyl Orman, president, Kay Sparks, and other members, several stories have been prepared about the 1945 seniors and activities of the year in Floydada High school by Bobbie Stephens, reporter of the class. This is one of a series of articles.

Football Banquet . . . The annual banquet given for the football boys by the pep squad was held February 10, 1945. Highlight of the night was when Miss Nanette Spivey was crowned Football queen of the year. The football boys, the pep-squad, and the girls were present.

Senior Prom . . . This is the first during the year that the senior and senior looks forward to. The prom was held in the Stevens Ward gymnasium, April 1945. The theme of the banquet was Hawaiian. It was attended by the seniors, members of the faculty, and the trustees.

Social Club Christmas Dance . . . This was a formal affair held December 20, 1944 at the home of Miss Gene Jones. Members and their families attended.

One Act Play . . . The one act play "The one act play" was carried to the regional at Canyon and Mrs. Jones carried the play cast to Austin to the state meet. The play "The one act play" won second in state, and Kay Sparks made the all-star cast and were voted best actor and actress in the state for the year. Maurine Medlen and Betty Yearwood received honorable mention for the fine support they gave in their roles.

Football Games . . . All of the football games played here and elsewhere were the main pleasures of the year. H. S. during the first semester. At the climax of the season of football was the game between Spur and Floydada for district championship which was played November 1944 after a tough fight.

All-District Team . . . Five of the Floydada whirlwinds made the all-district team this year, and two made the second string. Lane Deckard and Senior Events, back page)

Want Rodeo Pens Ready for Old Settlers Day; Enthusiasts Get Good Response Raising Funds

Indications that ropers and riders of the area will stage a rodeo in Floydada on Pioneer's Re-Union day are good today as reports indicate that fund-raising for chutes and pens has met with enthusiastic response from many sources.

Among those helping yesterday to raise the fund were O. L. Stansell, Roy C. Curry, W. S. Poole and Calvin Steen. Pens are chutes will be located at some convenient site, if the plan goes through.

The arena, if built, would not serve for a rodeo on old settlers day alone but would be used along as desired by ropers of the area. Lone Star, South Plains, Crosbyton, Quitaque, McCoy and other roping clubs have indicated an interest.

Oscar Stansell said that if the plan can be built before the day of the re-union it will greatly enhance the interest of the horsemen of the county in the event and add greatly to the number of horsemen in the parade.

"We don't know exactly what the bill will be, where we will put the pens and chutes and several other things, but we do know that a good many people are interested," O. L. Stansell said.

Plans were indefinite this morning, but a meeting at an early date to get more help, and to thresh out the numerous details, will have to be held, it was indicated.

WM. T. ANDERSON, WOUNDED IN BELGIUM, IN HOSPITAL AT SPOKANE, WASHINGTON

Still a long way from home, but back in the states once more, is Pfc. Wm. T. Anderson, son of Mr. and Mrs. A. W. Anderson, who was wounded while fighting the Nazis in Belgium on February 24.

Pfc. Anderson reached Charleston, South Carolina, on April 30 and was forwarded to army hospital at Spokane for further treatment. His wound was through the chest, the missile entering the right side and emerging from the left, his parents have learned.

Red Cardinal Has Returned to U. S.

Staff Sergeant Fred Cardinal, USMC, after 27 months of campaigning in the Southwest Pacific, has returned to the states and was due to have a furlough beginning this week, according to a telegram from Mrs. Cardinal to her mother, Mrs. Stella May here Monday. Fred arrived at San Diego on Sunday.

Mrs. Cardinal has been making plans to go home in his absence. The couple will leave for home as early as they can to spend a week here. Fred is the son of Mr. and Mrs. J. Cardinal.

A cousin of Fred, Staff Sergeant George, who has been in the march for approximately the same length of time, arrived in this country a week earlier and has been working in Plainview for several days, with his father, Neff Cardinal.

SPENDING YOUR MONEY

(From Journal Editorial)
If you want a thing well done, do it yourself.

Like many another old saw, that is a substantial truth with exceptions. You would not attempt to fill your own teeth, for instance. But you probably believe you can spend your own money more wisely than some stranger.

Government was established under our Constitution to do a limited number of things which individuals can not do for themselves. Among these things is to provide for the common defense. No government seems to do this very well otherwise, the world would not become entangled in the bloody business of war.

Another task necessarily assigned to government is the maintenance of order and protection of property. Government does not accomplish this very well. The frequency of crime, the confusion and delay of court procedure, are constant evidence that the task is badly handled.

Since government performs so poorly the basic jobs for which it is created, why should it be expected to do well a multiplicity of other things? Would it not be better to build to the original American doctrine? Once the American believed that the individual should bear most of his own responsibilities. Some he delegated to the township or county, where his servants could be watched closely and held to account. A few he assigned to the state, and vigorously he resisted the assumption by Federal government of powers which he wanted to be kept closer under his eye.

Now we have drifted to a point where the individual surrenders one day's earnings or more out of every five—four out of five if his earnings are high—for government to spend. Government is simply a number of men, nearly all strangers to our personal acquaintance, with no special wisdom.

As post-war plans number one, hadn't Americans better start to prepare themselves to do for themselves, so that we can personally decide how we choose to spend more of our money?

OLD-AGE AND SURVIVORS INSURANCE QUESTION

"Who gets monthly benefit payments?"

When the retired worker reaches his old-age benefits additional benefits go to his wife, if she is 65 or over or when she reaches 65; and to his children, step-children or adopted children.

As A Farm Woman Thinks

(By Nellie Wain Spikes)

Dark clouds squeezed up into little tight knots here and there in the blue sky Saturday afternoon, spitting out some hail and a little rain across the country.

The usual amount of dust swept before, lightning ripped from cloud to cloud, thunder shook the earth a few times, and a few drops of rain fell. A typical West Texas rain, we said, and hurried to think of happier things. The ending of the war in Europe being the main one. So many prayers have been answered by the cessation of fighting and still we pray for war to end in the Pacific. We want to send ship loads of food for the starving, clothing and medicine for them. We want our own to come home again.

The garden is coming along fine, thank you. The English peas are ready to bloom, beans putting out second leaves, and tomatoes starting. We want to do with more joy, as we see the green stuff grow. I can't mind the weeds, but oh how I hate the insects! Usually I let them have whatever they have in mind to eat at that particular time and plant something else in its place.

Willie tells me there are mites in the henhouses, another had just chased by English sparrows building nests in the houses. Well, nothing else to do but put on old clothes, fill the sprayer with thick black oil and wash it.

Farmers are looking longingly at cotton seed and as each day passes cross all another planting day has and the reason for planting is so nearly gone.

Joe Ellis was delighted with his new shorts. "Come grandmother, look, they have something in the back that, when you pull it and out and stays close to me." Has it been that long since elastic was plentiful?

I drive the car when we go after the cows in the pasture. Mr. Spikes having to show me the cows we talk as I never could learn to tell cows apart. And with all his telling I will never make a cow and know how to drive cows. I never notice, for one thing, do not go around another quickly enough. And, anyway, cows

Floyd County 14 Years Ago

(News items taken from files of the Floyd County Hesperian published 14 years ago.)

(Case of May 14, 1931)
Diplomas will be issued Friday night, May 12, to 98 graduates from Floydada High school, the largest number in history, during the exercises at the high school auditorium. Dean J. M. Gordon of Texas Technological college of Lubbock will make the principal address.

Thomas Crawford with an average of 94.25 points won the high class honor of valedictorian. Bruce Norton with 82.50 points was second honor graduate and is valedictorian. W. E. Cowley, Jr., is honor boy graduate of the class.

Arrangement of details have been completed for the program of the graduation exercises of the Andrews Ward school Thursday night, May 22. It was announced Wednesday by R. F. Shewell, principal. Diplomas will be issued to 26 students who will complete the grammar grade work. Judge G. E. Hamilton, pioneer settler of Marley county, and widely known attorney of the district, will make the principal address at the gathering of the old settlers here on May 28, when they celebrate the forty-first anniversary of the organization of Floyd county.

S. Huffman, 71, for four years a resident of South Plains, succumbed after a long illness from cancer of the throat Tuesday night. Funeral services were held Wednesday at South Plains.

Miss Edith Fuller and W. E. Marrs were united in marriage Saturday morning, May 9, by the Elder J. J. Day at his residence in South Floydada.

Lowell Gambien, Floydada, high school won second place in the mile run at the state Intercollegiate League meet held last week at Austin. It was the first time in history that an F. H. S. entry had gone to the state finals at Austin.

Funeral services were held Tuesday afternoon for Thomas Melton Hodge, 11 year old son of Mr. and Mrs. T. S. Hodge of this city, who died Monday evening at the local hospital.

Representatives of the Floyd county National bank and the First National bank of this city are in attendance at the State Bankers convention being held this week at San Angelo.

Clinton Mitchell Memorial Service Held by Marines

(By Staff Sergeant Harold A. Brown, Marine Corps Combat Correspondent)
SOMEWHERE IN THE PACIFIC OCEAN—A memorial service for Marine Corporal Clinton W. Mitchell, 24, of Sevier, Texas, and 18 other members of the command who were killed in the conquest of Iwo Jima was held here by the Third Tank Battalion, Third Marine Division, Iwo Jima, Sunday.

Mitchell was gunner of the tank in enemy territory, he was killed by a sniper bullet while trying to make his way back to the Marine lines.

Yet I fought with the helm of love contained. Earthenware, just earthenware, vessels of clay, just earthenware. All of us made by the one great Potter. Some of us as white as porcelain, some as brown as terra-cotta. Earthenware, just earthenware, that the Master will repair. When we go to the clay that we came from, some as broken earthenware.

Mr. Spikes wanted to buy me a new gadget to work the garden with but I thought to myself if he would use the hoe a little that we had it would be easier on me than a new kind of walking and pushing gadget.

Mrs. Maude Hollums, of Floydada, when you make your next pot of hominy in that old hominy pot, please let me know and I will be there.

We have peaches! Believe it or not, in fact I have counted some two dozen on as many trees. Can you beat that?

We missed "Uncle" Joe Parks at the Mother's Day program this morning at Ome, but now we know he is staying with the angels in glory and we miss his fine voice and earnest prayers. He sang the Christian songs he loved so well with love and understanding of their beauty and meaning. He gave of his best and now the best has come to him in peace on the "other shore."

We do not know whether our son is packing his bags to come home from Europe or getting them ready to go on to the Pacific. Perhaps his work is not done and we will have to have patience till it is done and he can be with us once more.

Best poem of the week. Earthenware. Bouncing of our wealth and virtues rare. What are we but bits of earthenware? Fashioned by the one Great Master's hand. Each one marked by that Great Maker's brand. Some of us are fashioned tall and fair. Dresden ware. Some of us are big pots lined with gold. Some of us are snug, bought and sold. Some of us are broke—ah, that's a fact. Some of us are not broke, only cracked. Some of us are fashioned fine and true. With every ray of sunshine gleaming through. Some of us are coarse and chipped and stained—

How women and girls may get wanted relief from functional periodic pain

Cardui. Many women say, the longest relief from the cramps, the aches and burning pains of functional periodic distress, "Cardui" is the best. It is a natural, non-toxic, and safe relief for the "blows" of cramps. It is a relief that is not a habit. It is a relief that is not a habit. It is a relief that is not a habit.

moved through a defile in a ridge into a small valley in northern Iwo. The flames that swept through the tank set off its supply of machine gun ammunition.

The exploding cartridges forced the five men manning the tank to abandon it. In trying to make their way back to their lines, three of the men, including Mitchell, were killed by a Jap sniper firing from a nearby cave. The remaining two got back.

The services included orchestral music and prayers and a sermon by Lieutenant John E. Hollingsworth, III, USN, (Ch. C.), of Birmingham, Alabama.

At the conclusion of his eulogy, the chaplain called the roll of the dead. As the name of each was announced, his closest friend in the command advanced and placed a small white cross on an altar on the altar.

Marine Sergeant Walter S. Seiler of Detroit, Michigan, another member of Mitchell's company, placed the cross on the altar in his memory.

The service was brought to a close by the sounding of "Taps." Mitchell enlisted July 29, 1943.

War Bonds offer an opportunity for Safe, Systematic Saving that is one of the best investments of our time.

TO ALL the Young People who were to come, the Founding Fathers left the Supreme Gift of FREE CHOICE. That's the Democracy of it. In many lands children do not Know such a Rare Opportunity exists in the world But here our children write their own success stories. They grow up believing anything is possible for them, that if they are good and intelligent they will succeed and everybody will love them. Such sublime notions are possible only in a wide-open, expanding world.

To our young people who are finishing Floydada High School we offer our best wishes for a bright and happy future.

Billy Joe McPeak At Logan Hospital

After 18 months in the Southwest Pacific War theatre, Billy Joe McPeak, 21, son of Mr. and Mrs. Geo. McPeak of this city is in a P. Logan, Colorado, AAF Convalescent camp and is fondly hoping for hospital leave right away for a visit home.

This is the latest news the family had from their son the first of the week. Billy Joe was burned two months ago in an explosion. He arrived back in the states on May 2 and was forwarded from the AAF Regional and Debarcation hospital at Hamilton Field, California, to Logan on May 4. The army indicated his condition as good in their wire to the family.

Jug of Water Sets House Afire

Mr. Homeler set his house on fire with a jug of water the other day. He left the gallon glass jug on the front porch of his house two miles west of Kress one night. It was about six inches from the wall. Early next morning the jug, low in the wall, slipped on the bottle, setting off a burning flame, which spread to the jug, setting an intense heat which burned into the side of the house.

Homeler's boys noticed a thin spiral of smoke and investigated. He couldn't believe it when they said "Dad, you set the house on fire with a jug of water," but he soon found it was true.

Now he believes that if no one had been at home the house could easily have been burned to the ground. —Petersburg Journal.

Mr. Wright last has found a double meaning.

Two men were walking down the street when one stopped dead in his tracks to gaze at the loveliest woman he had ever seen.

"Who?" said his friend, "is Mrs. Wright."

"Ah," said the other, "Now I understand what that wife must mean!" when he said "I'd rather be Wright than be president!"

The territory of Michigan was formed in 1805. Thirty-two years later Michigan was admitted as a state.

They thought he was so kind to send his wife away for a rest, until he said: "Goodness knows I need it."

County's Waste Paper Into 'Suits' For Big Shells

Residents of Floyd county can supply enough waste paper for 165 mm. shells if they will buckle down and save an average of 10 pounds of newspaper, wrapping paper and bones a month. The 165's are the big ones that have been helping American forces in their advance toward Berlin and Tokyo.

Last year Americans saved 106 1/2 pounds of paper per capita, or enough for about 15 containers each for the 165 mm. shells.

For each ammunition container or "paper suit of armor" used to protect the shells from salt water, denta, sticks and corrosive dirt, approximately three pounds of waste paper are required, according to W. J. Wardell, vice president of the American Can Company, which is manufacturing millions of the containers. Ammunition containers board, one of the principal materials used in making the "suits of armor," is made from mixed paper and old corrugated boxes, Mr. Wardell said. Another material used is

HIGHLIGHTS OF 1944

from the General Electric annual report

JET PROPULSION. General Electric developed the world's most powerful engine for the world's fastest plane—the G-E jet propulsion engine for the Lockheed P-80 "Shooting Star." It is over twice as powerful as previous models produced for the Army Air Forces.

PRODUCTION INCREASED. For the fourth successive year, General Electric turned out record quantities of war goods despite an average of 2 per cent fewer employees. G. E. produced over 8,000,000 horsepower of ship propulsion turbines for the Navy in 1944.

NEW DEVELOPMENTS. G-E research and engineering played a part in such recent developments as radar, silicones, jet propulsion, rocket weapons, remote gun control for the B-29 "Superfortress," the A-35 "Invader," and the P-61 "Black Widow."

EMPLOYEE EARNINGS UP. The average G-E employee earned \$1,772 in 1944. Employees also shared \$254,999 in Incentive Awards. Top award was \$2,999 for an idea that speeded production of G-E gas control for the B-29. G-E employee suggestions aid the war effort.

234,732 STOCKHOLDERS. Ownership of the company was divided among more stockholders than ever before. Dividends were \$1.40 per share—same as 1943 and 1942, less than 1941 and 1940. Net income was less than 1940, while sales billed were 3 1/4 times greater.

Rotary Club Has Job Women For Lunch Wednesday

Floydada Rotary club had as its Wednesday representative of Floyd County Home Demonstration clubs, every club of the county being represented at the meeting except one.

C. A. Caffee, of Dougherty, speaker. She is secretary of the Home Demonstration Club.

News Encouraging from McMurry and Tommy McIntosh

Latest news from C. L. McMurray and Oatis R. McIntosh, wounded on Iwo Jima, is encouraging.

McIntosh wrote his parents, and Mrs. B. F. McIntosh, that his wounds were of little consequence, and Pfc. McMurray told wife in recent letters that he was at Guam, and that his leg injuries are responding to treatment.

McIntosh told his family that he was being treated like a hero. He is in the medical corps. McMurray is an infantryman.

Exes Win Spring Scrimmage From Next Year Squad

The last football game of the school year was played May 2 at the Floydada High school at the close of Spring training, between last year's football team and the team from next year. The Exes won the game with a score of 19 to 6.

During the first quarter the ex's kicked off and the other side returned. After several downs the ex's got the ball and on the first play Lyndell Roberts ran through the line for a touchdown. Billy Morrison kicked for the extra point and made it.

In the middle of the second quarter Billy Morrison threw Lane Decker, right end, a pass and Decker made a touchdown. No extra point was made.

During the third quarter Roberts intercepted a pass and made a touchdown. The try for the extra point by Morrison was unsuccessful.

In the fourth quarter next year's team got loose and Melvin Robertson made a touchdown. Glenn Carmack tried for the extra point but with no luck.

L. V. Assiter and Carl Arnold Hold Floydada Reunion in Britain

A BASE IN SOUTHERN ENGLAND—Lt. (jg) L. V. Assiter, of 219 West Crockett st., Floydada, Texas, has met a neighbor more than 5,000 miles from home.

Serving as a communications officer for an LST flotilla staff, he met Ensign Carl Arnold, gunnery officer aboard LST 516, and the pair had a Floydada reunion on British soil.

In the invasion of Normandy, Lt. Assiter served as communications officer on the staff of the task group commander.

Son of Mr. and Mrs. George T. Assiter, of 528 West Missouri st., he attended Floydada High school and is an architectural graduate of Texas Technological college at Lubbock. His wife, Addie, and 2-year-old daughter, Sandra, live at the West Crockett street address.

Scion of Pioneer Floyd Co. Family Dies of Wounds

Truman G. Anderson, chief electrician mate, USNR, died of wounds following naval combat in the Pacific, according to word re-

Truman C. Anderson

ceived by his parents, Mr. and Mrs. J. M. Anderson of Phoenix, Arizona, former residents of Floyd county.

Truman was born in Floyd county 23 years ago, and moved with his parents to Arizona when a child. He finished high school at Tolleson, Arizona, and attended the University of Arizona. He entered the service soon after Pearl Harbor. He received his training at San Diego.

He had served 23 months in the South Pacific and had just returned to active duty again after a 30-day leave spent at home, when his parents were notified of his death.

Besides his parents he is survived by one brother, Ray of Tolleson, Arizona, and three sisters, Mrs. Arlene Turner and Jimmie Lou Anderson of Los Angeles and Mary Nelda Anderson of Tolleson. He is the grandson of J. A. Clendennen of Floydada. His mother is the former Tennie Clendennen who was reared near Floydada. He is the nephew of Mr. and Mrs. T. L. Pittman, pioneer residents of this county.

Girls Social Club Seeks to Develop Poise, Personality

The girls social club was organized in 1941. It was later given the name of Gamma Sigma Kappa. Each year the club has a membership of 25 members. The girls must be junior or seniors before they are eligible for membership. Each member is voted in by the old members or the members that are leaving high school that year. The purpose of the club is to create a friendlier atmosphere; to develop poise and personality and to learn new ways of entertainment.

The senior members of 1944 and 1945 are: Jean Wester, Maurine Medlen, Ernestine Fowler, Eddie Ruth Muncy, Jean Covington, Dorothy Jean Rushing, Leola Fowler, Marilee Thacker, Betty Yearwood, Kay Sparks, Joe Powell, Betty Boteler, Georgeann Hueckebach, Charlene Fulkerson, and Bobbie Stephens.

Kay Sparks is president of the club with Joe Powell serving as vice president, and Betty Yearwood secretary-treasurer.

The club has one social each month. This year the club's activities included a formal Christmas dance, a Halloween dance, Thanksgiving dinner, the formal and informal initiation, a theater party, a Valentine dance, a hayride, and the last event of the year as usual a slumber party, which was given Saturday, May 12, and at that time the officers for next year were chosen.

Two Graduates of FHS Married During School Year

Two members of the Senior class have been married during the 1945 school year, Pauline Bunch and Jane Warren.

Pauline was married to S2c Vernon Wright who also is a graduate of FHS with the class of 1944.

And Jane Warren was married to Buddy Graham who is now employed in Amarillo where they are making their home.

The reason some girls never get married is they are too biased. It's bias this and bias that until the boy friend is busted.

Sergeant Bunch Says Landings On Okinawa Slick Job

With the headquarters company of a Marine battalion which made the landings on Okinawa, Sergeant Earl Bunch of Floydada, wrote his mother, Mrs. J. M. Bunch that the operation was a slick one. The letter dated April 18, said that his Marine outfit was right out in front all the way. At that time he could say, "This may be a war but I have yet to see a dead Jap. There just don't seem to be any around." Possibly he has changed his mind since the heavy fighting has been going on in May. His letter said among other things:

Japs Haven't a Chance
"We have had a few air raids and I may say I really enjoy seeing the planes shot down. The Japs just don't have a chance.

I don't want you people to start worrying for I'm not in any danger here that I can see. I'm sending you a 20-yen note that I picked up the other day. Just thought maybe you'd like to have it.

"I also have a silk kimono, but I don't know whether I will keep it or do away with it. If it gets too heavy I'll probably throw it away, otherwise I will bring it home."

How Pfc Myrick Won Bronze Star

There are about as many ways to win a bronze star as there are critical situations that can arise when the fighting is for keeps. How Pfc. Clovis D. Myrick, since wounded and hospitalized back to the United States, won his Bronze star by presence of mind and disregard of danger is told in the citation from the headquarters of the 7th Armoured division by Major General Silverter. The armored infantryman's outfit had reached Chartres, France in August. The citation recites:

Trapped in Enemy Ambush
For distinguishing himself by heroic service in connection with military operations against an enemy of

the United States on August 1944, in the area of Chartres, France. While making a night reconnaissance inside the city of Chartres, Pfc. Myrick's half-track was pinned in an enemy ambush of machine guns, grenades and small arms. While the other members of the platoon sought available cover, Pfc. Myrick unhesitatingly sprang to the concentrated volleys directed at him, he opened fire in the direction of the enemy. Pfc. Myrick's accuracy and volume of fire pinned the platoon greatly in withdrawal from the ambush. The courage and presence of mind of Pfc. Myrick reflect the highest credit upon self and the Armed Forces.

To The Feed Buyers of Floydada Territory We Are Grateful

This week we will receive our Seventh Car of feed since the 29th day of October 1944. We believe we have delivered as much feed as any other dealer in Floydada. In the last Sixty days we believe we have sold more feed than any other dealer in Floydada. Six hundred thirty nine sacks in twenty three days. Below is one of the reasons our sales have increased to this proportion. Mr. J. N. Redd who has just marketed Fourteen hundred seventy four fryers, bought from us Fifteen hundred chicks, fed them Ful-O-peP through the entire feeding period says he can produce a 2 pound fryer on six pounds Ful-O-peP starter at 27c and two pound Ful-O-peP Chick feed at 7c, a total of 34c. Folks are you growing your birds at this price?

Mr. Redd has proven that you can produce fryers on good feed at a good profit. He is receiving another shipment of Fifteen hundred chicks Thursday of this week, also is feeding them entirely on Ful-O-peP feed. There's a reason folks. Come to our store and let us help you with your feed problems. We have what you need.

Next week we will receive 500 sacks certified field seed to add to our present large stock of almost anything in the seed line. Included is a recent shipment of Certified sweet sudan. Remember it takes time and gas to drive around and hunt for quality seed and feed. Come here where one stop does it all. Also plenty chicks this week.

You can now buy Ful-O-peP dog food at our place. Meal and Pellets.

Will you hold a
FAT-SALVAGE BEE
for your country?

HERE IN AMERICA, when a neighbor needs help, it has always been the custom for all the folks to pitch in and give him a hand. Many a harvest would have been lost without the help of a husking bee.

YOUR COUNTRY NEEDS a fat-salvage bee right now! Millions of tons of fat have been used up to supply the thousands of battlefront and home-front needs in this war. And there's still a lot of war ahead!

A PLEA TO EVERY WOMAN! Our country is calling on you, the women in small cities and towns and on the farms, to save every drop of used fat. Your used fats are desperately needed to meet our country's requirements.

So scrape all pans and roasters. Skim soups and gravies. Keep your used fats in a tin can—any kind will do. Save meat trimmings and plate scrapings in a bowl; melt them down and add the liquid fat to your can.

When the salvage can is full, take it to your butcher. He'll give you 2 red points and up to four cents for every pound. If you have any difficulty turning in your used fats, call your Home Demonstration or County Agent.

Needed this year: 100,000,000 more pounds of used fats

With spring rains in many of the states have increased damage from powdery mildew on rose-hips, according to reports received by the A. and M. Extension service.

In one case, Mrs. Florence Low, specialist in landscape gardening, suggests using dusting sulphur a week until the mildew goes. She offers this warning, however, on the dusting of roses, "the sulphur sparingly hot weather on account of leaf injury."

In cases where roses should be sprayed with sulphur. In making solution, use two ounces of sulphur per gallon of water, the expert advises. The roses should be sprayed thoroughly with this solution until all signs of mildew have been removed.

Once a week is advised if signs of the disease begin to appear immediately after a rain. The foliage should be covered with a thin film of the dust to prevent germination. During the winter, dusting need not be so frequent.

Preventive measures for the disease can be taken during the dormant season. The bushes should be pruned and stripped of diseased wood, so that the disease won't find new shoots in the spring.

Story of Thos. Wright's Twenty Days in Jungles

(The story of F.O. Thos. R. Wright's 20 hazardous days in the jungles of New Guinea, and how it came about is now being told by the Army Air corps. The dispatch below gives the official account.—Ed. Note.)

SANTA MONICA, California—Forced down in a New Guinea jungle, F.O. Thomas R. Wright, returned radar observer, lived with three other men for 20 days on the wing of his wrecked B-25.

Wright who has returned to the United States after 26 months and 32 missions over New Guinea and the Philippines told bits of 20 harrowing days in the jungles.

"From our B-25, on which I was acting as navigator, we dropped a bomb on a Jap freighter, hitting the boat amidship and setting it afire," Wright recalled.

Answering shots from the Japanese ship so damaged the B-25 that it was forced down in the jungle swamps and its crew was marooned for 20 days.

The men were kept alive by daily visits from a Catalina flying boat, which dropped food, drugs and mosquito nets to the stranded crew.

If the parachutes of supplies dropped short of the plane wing, it meant hours of wading through neck-deep jungle mud to recover the stuff.

Discovering that there was a river by which they might rescue the trapped men, a rescue party of Australians, Americans, and natives was sent in by plane.

They paddled up the river in outrigger canoes until the river became so narrow they could go no further. Then the plane dropped life rafts to let the searchers move further up the stream.

The rescuers ended up walking in jungle mud up to their necks, but finally reached the waiting crew.

It took three more days to reach the river again where the PBY flew them back to the base.

While the rescue party was on its way, the Catalina flew in an infantry patrol to deal with Japs. They killed 30 Japs and took 8 prisoners—all of whom were from the freighter that the B-25's bomb had struck.

Wright's parents, Mr. and Mrs. S. H. Wright, live in Floydada, Texas. He was graduated from Floydada High school. His wife, Mrs. Norma Mae Wright lives in Lemon Grove, California.

At Boca Raton New BOCA RATON FIELD, Fla.—Flight Officer Thomas E. Wright of Floydada, Texas, arrived last month at Boca Raton Army Air Field, an important unit of the AAF Training Command, for permanent assignment on the base.

Gas Prepared Use Gas But Time Ran Out

Lockney General Hospital, Texas, May 17—The Germans used the modern way of spreading gas, they lost air supremacy and used it for one reason it was not used in the final stages of the European war. Cpl. David L. Kirk, chemist, intelligence man from Floydada, Texas.

Major reason, the Germans did resort to the use of gas, in Kirk's opinion, was the Germans were in a position to use it after the evacuation of Europe. After the battles across France, the battles taking place in Germany and the use of gas is detrimental to the Germans.

The troops were prepared with gas masks when they hit the coast because the Germans were expected to use gas. Those who belonged to the National Guard before entering service were wounded by a wooden bullet fired by a sniper at San Hubert, Texas, January 12, 1945.

Returned out of Foxhole reconnaissance near Walldorf, Germany, Kirk recalls an occasion when concussion raised him out of his foxhole with out injury. He calls in combat as too numerous to count but that one stands above all the rest in the corpsmind because the shell came from an American's gun.

Kirk went overseas October 17, 1944 and saw his first action at France. He is convalescing at McCloskey General Hospital, Floydada, Texas.

Mr. and Mrs. O. W. Walls of Floydada, he wears the Purple Heart, Combat Infantry badge, Good Conduct ribbon, and the Medal of Merit for his service in the 1st Airborne Division, 1st Airborne Division, 1st Airborne Division, 1st Airborne Division.

Nelson Cowand, 76 Died Saturday

Nelson Cowand, 76, resident of Floyd county since 1917, died Saturday morning at his home on West Mississippi street. He had been in failing health for some months. Death was due to a stroke.

Funeral rites were held Monday afternoon at the Wall Street Church of Christ and interment made in Floydada cemetery. Elder O. W. Kirk and Elder Elias Howell of Tulsa officiated. Harmon Funeral home had charge of the arrangements.

Born in Dallas county in 1869, he moved to Floyd county in 1917 and farmed here for several years before retiring from active work due to his health.

Mr. Cowand married Edna Finley November 23, 1890, and to this union was born five children, all surviving. They are: Earl Cowand of Fort Worth, Texas; Mrs. Ivy Jean Scott of Dallas; Mrs. Alta Lee Tribble, of Floydada; Miss Mary Pearl Cowand of Floydada; and Mrs. Letha Tomme of Valley Spring, Texas.

Memorial Sunday Honors Memory of Pfc. S. N. Goen

Taps was sounded and a memorial flag of his country presented to the family by Texas State guard unit of Floydada, as a last rite, marked the simple but impressive memorial service Sunday afternoon for Pfc. Stanford Norman Goen, held at the Church of Christ on Wall street.

Elder John R. Freeman, of Lubbock and Elder Ohmer W. Kirk, of Floydada, the latter an uncle of the 22-year-old native Floydada youth, officiated at the service.

The son of Mr. and Mrs. W. S. Goen, of this city, Pfc. Goen lost his life in a tank battle on April 10 as American forces crashed their way into Germany. He was a bow turret gunner on a medium tank and had been in battle, except for a brief period when he was wounded and in a hospital, for nearly six months. He was a crewman of the tank corps that broke through to Bastogne to relieve the hard-pressed forces there holding the Germans back in the Belgian bulge of Von Runstedt.

Last letter received from him by his wife, the farmer Margaret Hale, was dated on March 23. He was attending Texas tech when he was called to the colors on March 2,

1943. Training at Fort Knox and in Arizona, he sailed overseas in July of 1944. He and Margaret Hale were married on December 1, 1943, at Fort Knox. A small son, Stanford Norman Goen II, also survives, and one brother, Lt. W. Elton Goen, whose home port is on the west coast.

Half Minute Interviews

J. R. eCodriva, Petersburg: "The oil test on the Weise land in north-west Crosby county was drilling away below 3,500 feet the last time I had a report."

MRS HUGHES

Mrs. Lucile Hughes, 57 years of age, passed away Sunday in the Pitts hospital after an illness of several weeks. Services were held in the First Baptist church of Floydada Wednesday afternoon, with Rev. Ben D. Johnston of Lubbock officiating. Interment was made in the Floydada cemetery.

Mrs. Hughes had been a resident of Lubbock for 29 years, but at one time had lived in Floyd county. She was staying with her brother, O. L. Lowrance and family since her illness.

Mrs. Hughes is survived by a son, James R. Hughes, jr., USNR, stationed at San Francisco, California, who arrived home last night, her mother, Mrs. W. E. Lowrance of Floydada, and four brothers and two sisters.

PAT STANSELL DUE HOME PROBABLY THIS WEEK-END
The O. L. Stansells and Mrs. Pat Stansell are eagerly awaiting the arrival this week-end of their son and husband, Sgt. John H. (Pat) Stansell, who wired Monday he had

reached Miami, Florida, from a zil communications center and he would leave the following day for home on furlough. Sgt. Stansell has been stationed below the equator for the past months.
