

The Floyd County Hesperian

VOLUME 52

FLOYDADA, FLOYD COUNTY, TEXAS, THURSDAY, JULY 26, 1945

NUMBER 25

Constitutional Amendments Vote Aug. 25

Proclamation of the Governor of Texas for the election in Texas to vote on four proposed constitutional amendments was issued last week, the date for the vote being Saturday, August 25.

Of these amendments one proposes that the number of members of the State Supreme Court be increased to nine, with five constituting a quorum.

Another would set the salary of the members of the Texas legislature at \$10 per day during their term of office and allow \$2.50 for each 25 miles of travel of members in going to and from the sessions of the legislature.

A third amendment to be voted upon is a proposal that a ceiling of \$5 million be set on payments per year to the aged and needy blind and that the limit of payments that may be made to any one person from state funds shall not exceed \$20.

The fourth amendment proposed by the legislature is relating to a vote by members of the armed forces without the payment of a poll tax, if otherwise a qualified voter, if the election is held while the United States is at war or within a stated time thereafter.

Election Holders Named
Election holders in Floyd county will be the same as were named to hold general and special elections in the biennium of 1943-44. They are as follows:

Precinct number one, southwest Floydada: R. E. Fry, presiding judge; E. C. King, judge; George Finkner, judge; J. M. Willson, judge; Precinct number two, Starkey: J. (See ELECTION, back page)

Director Pays Visit to Soil Dist. Tuesday

S. J. Payne, of Tullia, representative of the executive committee of the State Soil Conservation board, paid an official visit to the Floyd County Soil Conservation district Tuesday and conferred with the supervisors of the district during the day.

A public meeting held at the county court room in the forenoon was followed by a session of the supervisors with the director and local soil conservation workers in the afternoon.

W. F. Ferguson, chairman of the board of supervisors presided at the morning session, the other district supervisors being W. H. Nelson, Floydada, John Belt, Lockney, Cecil Purcell, Quitaque, and M. H. Taylor Cedar. A review of past activities, a forecast of future work to be undertaken and a discussion of the outlook for soil conservation by Mr. Payne, were included in the subject matter of the meeting.

Several visitors sat in on the meeting. Among these was State Representative Tom W. Deen. In a brief talk he said the legislature had made an effort to give the people of the state a good, workable law for soil conservation work.

The supervisors had the visitors as guests for dinner at the OK cafe at noon. Among those present were County commissioners R. B. Callahan and W. C. Plumlee, County Agent A. L. Hartzog, FSA Supervisor W. S. Spears, Representative Deen, Director S. J. Payne of Tullia, W. Scott Amend, of the Soil Conservation service, Amarillo, Paul Snodgrass, chairman of Floyd County ACA, and Ray McEntire, administrative officer of ACA.

MR. AND MRS. JOE HART MOVING TO MINERAL WELLS

Mr. and Mrs. Joe P. Hart are moving this week to Mineral Wells, where they last week completed the purchase of a home in the suburbs. They plan to spend at least a year in the resort city, Mr. Hart said yesterday, to take advantage of the baths.

Mr. and Mrs. Emmett Johnston likely will join the Harts in Mineral Wells this fall, after wheat planting time, Mr. Johnston said.

Extend Date For Maturity Cotton Loans

Maturity date for 1944 crop cotton under CCC loan has been extended for an indefinite period and will not fall due July 31, E. C. Munro, acting district representative, Commodity Credit Corporation's office of supply, USDA, has been advised.

All loans will be carried in past due status, subject to call by the Corporation. The extension gives farmers an opportunity to repay their loan and take possession of the cotton or sell their equity after July 31.

Nation-Wide Farm Safety Week Stresses Need for Eliminating Careless Practices on Farms

The supervisors of the Floyd county Soil Conservation district in this time of critical production needs and shortage of labor, wish to call the attention of all District farmers to the President's proclamation for National Farm Safety week, July 22 through July 28.

In the light of the 1943 farm accident toll wherein 17,200 farm people were killed and 1,500,000 were injured the Supervisors feel that all should concern themselves not only with taking every possible safety precaution during this period but should continue their activities along these lines to make the program continuous throughout the year.

Farm Hazards Check List
Are you protecting your family and property against fires? Do you regularly inspect and clean chimneys and stovepipes? Avoid using kerosene and gasoline in starting fires?

Insulate wood and other inflammable materials from the heat of stove and stovepipes?
Store gasoline and other inflammable or explosive materials at safe distances from major farm buildings?

Do you keep electrical extension cords and appliances in good repair? Have handy means available for putting out fires?

Are you protecting your family against preventable falls? Do you use only safe ladders, securely fastened?

Provide adequate handrails for steps, porches, stairways?

Keep steps, porches and stairways in good repair and clear of rubbish and all tripping hazards? Keep wells, cisterns, pits, etc., securely covered?

Are you protecting your family against preventable injuries from animals? Do you—
Keep bulls, boars, and rams securely penned?
Use care in handling animals with newborn young?
Keep vicious dogs tied up and away from children?
Speak to animals before entering stalls?

(See SAFETY WEEK, back page)

Wm. A. Stewart Due Home Soon

Pvt. William A. Stewart is now in Brooke hospital at Ft. Sam Houston, Texas with an infection of his eyes, after arriving there from overseas June 9.

William A. was liberated from a German prison camp in April of this year after having been a prisoner since last October.

Mrs. Ollie Stewart, mother of the private, had not heard from her son since he had been liberated until she received a letter last week telling her that he was in Texas again. He writes he is getting along fine and expects to be home soon.

J. D. Morrison Back from England

Cpl. J. D. Morrison arrived home last Thursday to spend a 30-day furlough with his parents, Mr. and Mrs. J. M. Morrison.

Cpl. Morrison for the past 23 months has been stationed in England with the 8th Air Force there. His wife, the former Barbara Kenward, was unable to accompany her husband home and will remain in York, England with her parents, Mr. and Mrs. J. H. Kenward, until transportation is available.

J. D. is a graduate of Floydada High school with the class of 1942. He will report to Seattle, Washington, for further assignment.

Need of Salvaged Fats by Army Continues Critical as Receipts Fall Way Off in Stations Here

Used fats, which are collected at most grocery stores in Floydada for use in making ammunition and other valuable war products, have been reported by the grocery stores to have completely stopped at some stores and at others to have fallen off greatly.

The only explainable reasons for this sudden drop is that lard is practically impossible to find and many people are making their own soap from used fats, and also meats are scarce and less fats are obtainable.

The prospects for more used fats look slim as there is very little fat that is not put into use by every housewife at this time, say the collectors.

Military Needs Great
Meanwhile, needs of the military for used fats continues unabated. The present slackening of receipts in small cities and towns will be reflected in receipts at central receiving stations sometime in the next 60 days. Authorities of the FFA Salvage committee continue to urge

Schools Open In Floydada September 3

Floydada schools will open September 3 to begin the 1945-1946 school year.

Wednesday of this week it was announced that there were only two teaching vacancies in the school system and they hoped to be filled very soon.

The grade school lunch room will remain open for the coming year it has also been announced.

The vacancy of grade school principal has been filled by Gordon Gatewood, the former principal of Matador High school for the past two years. Mrs. Gatewood has accepted the position of second grade teacher in the school here. The Gatewoods are seeking a home to move here at once.

Marvin W. James Killed April 19, Wire Tells Wife

Mrs. Marvin W. James, of Lubbock, received a telegram Tuesday of last week telling of the death of her husband, Pvt. Marvin W. James killed in action on Okinawa April 19, 1945. He was in the Seventh Infantry division.

The young private, 26 years of age, was the son of Mr. and Mrs. C. S. James, formerly of the Cedar Hill community. They moved to Silverton last year. He was reared in the Cedar Hill community and attended school there. He was married to Miss Rose Nash, daughter of Mr. and Mrs. A. H. Nash of the Fairview community. They have a daughter, Joyce, age 4. They made their home in Lubbock before he entered service in January of this year. He had been employed by Economy mills for the prior two and a half years.

Marvin is also survived by two brothers, Pvt. Gerald James stationed in the Philippines and Pfc. Silman James stationed at Chanute field, Illinois; also three sisters, Mrs. O. W. Mitchell of Silverton, Mrs. E. L. Munday of Dallas and Mrs. C. F. James of Hillsboro.

BOBBIE MUNCY, SKI, HOME FROM SAN DIEGO NAS

Miss Bobbie Muncy, storekeeper since last Friday on leave from the Naval Air station at San Diego, California, and will visit for two weeks or so with her parents, Mr. and Mrs. A. B. Muncy, of Muncy, while on leave.

Miss Muncy has had more than two years in the navy, volunteering in the WAVES while employed with The Hesperian as bookkeeper.

PENSION FEDERATION WILL MEET SATURDAY AFTERNOON

Protective Pension federation will meet in the I. O. F. hall in Floydada Saturday afternoon, July 28, at 3:00 o'clock. It is announced by T. G. Black, secretary.

OVERSEAS SERVICE SOON

Lt. Lon Davis, Jr., USNR, recently spent three days with his parents, Mr. and Mrs. Lon Davis, enroute from Vinyard Haven, Mass., to the west coast.

Lt. Davis expects overseas service soon.

Committees In Wheat Insurance Planning Meet

Planning meeting is being held today by members of the community committees of the Floyd County Agricultural Conservation association for the opening of the wheat insurance program under the Federal Crop Insurance Corporation.

Ray McEntire, administrative officer of the Triple A agency, who called the meeting, said the 27 community committee-men would formulate plans to present the insurance program intensively to Floyd county wheat growers during the next several weeks before crop planting time.

The wheat insurance program is similar in all respects to that of the cotton insurance plan, designed to protect the grower against all risks, Mr. McEntire said.

Dairy Payments Heavy
The administrative force is approximately two weeks behind in its work of getting out dairy payments to milk and cream producers for the April, May, June quarter, Mr. McEntire said. This is due to the fact, principally, that double calculations have to be and checked on every payment because of two effective rates in the period.

On the last total made, Friday night of last week the office had issued drafts for dairy payments to 386 persons for a total of \$14,256.33.

Closed Saturday Afternoons
Mr. McEntire said that the Triple A administrative offices, being a federal agency, was subject to the 44-hour law and are required by order from Washington to close the office on Saturday afternoons. "This works a hardship on farmers in some instances and we had planned to meet the 44-hour regulation by staggering time of employees so as to keep the office open during all the week's usual business hours," he said. "However, we find that this cannot be done." The 44-hour week was adopted by all federal agencies on an executive order issued early in this month. All other federal agencies in the community, including OPA, also are observing the same rule.

Funeral Is Held For Mrs. Newman Here Saturday

Mrs. Mary Newman, born August 8, 1867, passed away July 19, 1945, at the home of her daughter, Mrs. Roy Lobdel in San Antonio. Her body was brought to the Harmon Funeral chapel here Saturday morning where it lay in state until time for the funeral.

Funeral services were held in the First Methodist church Saturday, July 21 at 3 p. m. Rev. L. A. Doyle officiated assisted by Rev. Phil H. Gates and Rev. C. A. Hartley. Interment was made in the Floydada cemetery.

Mrs. Newman was the wife of the late J. W. Newman who passed away August 12, 1944, while they made their home at 420 West Grover street in Floydada. Following the death of her husband Mrs. Newman moved to San Antonio.

Mrs. Newman is survived by one daughter, Mrs. Roy Lobdel of San Antonio, three sons, J. O. Newman of Redondo Beach, California, E. W. Newman of Chicago, Illinois and S. A. Newman of Wichita, Kansas, who were present for the last rites except the son, J. O., who was unable to be here.

Also surviving are one brother, E. J. Sanders of Oklahoma and one sister, Mrs. Ida Winham of Long Beach, California, eight grandchildren and four great grandchildren.

Mrs. Newman was a member of the First Baptist church of which she had been a member since her early girlhood. Mrs. Newman would have been 78 years old at her next birthday in August.

Out of town people here to attend the funeral included a grandson, S. A. Lobdel and wife and daughter, Martha, of San Antonio.

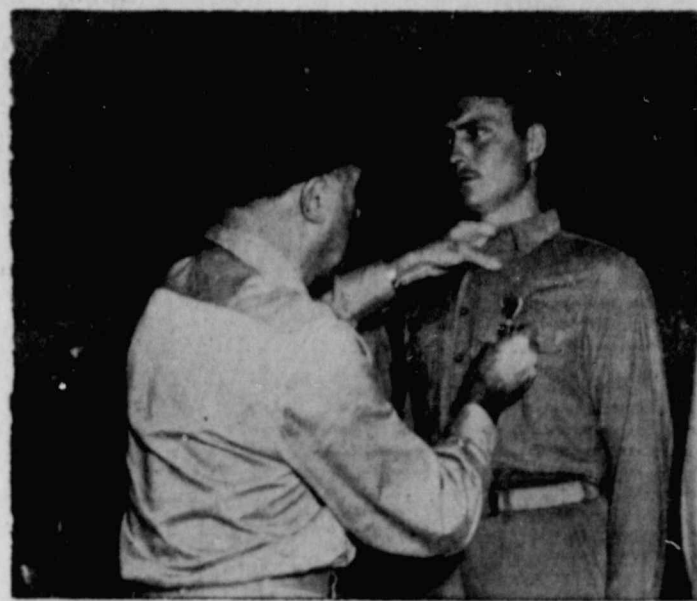

Palbearers were Carl, John and Olen Lyles, E. J. Barker, E. B. Chesnut, and Albert Beck of Dumas.

No Certificates on '46 Models Until Quotas Set

No certificates will be issued for new 1946 cars until distribution makes it possible to establish quotas, according to OPA Rationing Executive William G. Williams.

New 1946 cars were removed from rationing July 13. The eligibility list, need and serviceability tests for the new 1946 models remain unchanged. The procedure for handling applications and issuing certificates through the Lubbock District office remains the same.

All outstanding certificates for new 1946 cars were invalidated July 28.

Purple Heart Award—Here is shown Pfc. Archie B. Muncy, Jr., of the Second Marine Airways, as the Purple Heart, awarded by Major General Francis P. Mulcahy on Okinawa, was pinned on the young Floyd county serviceman by the general himself. Pfc. Muncy was hit by fragments of a Jap bomb on April 20. A letter home written in July from A. B., Jr., said he was okay again and back on the job. "I was standing too close to a bomb when it exploded," is the sum total of the news he has written home concerning the experience.

Several Delegations at Amherst From Here Today; Massmeeting Set for Saturday Afternoon

Delegations from at least 12 communities of Floyd county are in Amherst today where they are seeing at first hand the operation of a co-operative hospital such as is being urged for Floyd county.

Late yesterday it was indicated that parties from Floydada, Harmony, Baker, Starkey, South Plains, Lakeview, McCoy, Center, Erick, Allmon, Sand Hill, Fairview and Providence, and possibly other communities of this county would be in the group which is making the trip.

The plan of organization and operation, the financing and the benefits actually being obtained under the plan will come in for observation and study by the Floyd county group.

Frank Overturf, Elk City, Oklahoma, secretary of the National Farmers Union, who arrived here yesterday on invitation, will be in the group which makes the trip.

Overturf is a member of a co-operative hospital group at his home city, he said yesterday afternoon.

Mass Meeting Saturday
After the group returns from Amherst the first action in regard to a hospital for Floyd county will be Saturday afternoon in a mass meeting at the District Court room in Floydada. "If the people decide they want a co-operative hospital the job will be undertaken then and there," said Ed Holmes, who has been one of the leaders in pushing the proposal. The meeting hour will be 3 o'clock.

Mrs. Wilson Boyle Regaining Use of Hands and Feet

Mrs. Wilson Boyle, of Crosbyton, is rapidly regaining her normal self at Hot Springs National park, Arkansas, she wrote in a note to The Hesperian recently.

She now walks good and her arm and hand have limbered up so that she can comb her hair and dress herself once more. Mrs. Boyle was knocked down by an ambulance and was in serious condition for several days early this year. At the Pioneer's reunion in Floydada this spring, she was slowly gaining but decided on the trip to the "Switzerland of the South" to get the benefit of the baths. She is enthusiastic about the scenery and the surroundings in Hot Springs.

Talks to Husband At Pearl Harbor

Mrs. R. T. Furrow recently had the pleasure of talking with her husband, S. L. R. T. Furrow, in Pearl Harbor. The sailor called his wife Saturday night, July 14. He said he was well and doing fine.

R. T. has been in the Pacific some 12 months. He was in Pearl Harbor on furlough.

BEN GALLOWAY HOME FROM FT. SAM HOUSTON

Pfc. Ben Galloway, who was wounded in Germany, and was hospitalized to the states some weeks ago, is now at home on hospital leave, his knee severely injured by a shell fragment being much improved.

He has been with his wife and children here since last mid-week and his parents, Mr. and Mrs. John Galloway.

Weather Favors Feed Crops But Rain Is Needed

The only Floyd county man who is not exactly ready for a rain is the man with alfalfa hay that needs to be harvested this week-end.

The row crop man who jumped in and planted forage feeds, millet, cane and the like in the past two weeks has a good stand that is doing well but a good rain—even a shower—would pep his crop up. And continued hot such as has featured the past five days, without moisture, is going to dry out the loose ground mighty fast.

The wheat land farmer, for the most part, still has some land to go over but an interruption of his operations wouldn't bother him a bit.

And what few cotton farmers have a stand of cotton growing would have no objection. In fact, some want rain even with their cotton going well.

Unanimous For Rain
So it is just practically unanimous in favor of a rain this week for Floyd county and the high plains generally.

Temperatures of the week have ranged from a low of 58 early Sunday morning to 97 degrees both Monday and Tuesday afternoons, with Wednesday close to that figure and the thermometer due to jump above 100 degrees this afternoon, according to the weather man.

No rainfall is promised the area this week-end and none has fallen in the past week in this area. Ranges are doing good but flies and mosquitoes are keeping the cattle from doing as well as they otherwise would.

No estimates on the number of acres of forage feeds planted and now up to a growing start in the county have been made. However, the figures run into thousands of acres.

Ben Quebe New Grand Jury Foreman

The new court term of the 110th Judicial district for Floyd county got under way Monday morning of this week when a new grand jury was empaneled to serve for the ensuing six months.

Of the 12-member body Ben Quebe of Providence was named foreman, by Judge Alton B. Chapman, other members of which are Hershel Green, A. D. Monk, W. M. Knight, John S. Lackey, R. W. Smith, Jr., E. L. Norman, E. E. Foster, Menard Field, W. C. Cates, Walton Hale and L. A. Williams.

Delinquent tax suits filed in large numbers in an effort begun 18 months ago to clear up the tax rolls of Floyd county have been among the matters the court has disposed of this week.

CPL. KYLE GLOVER HOME FROM SERVICE OVERSEAS

Cpl. Kyle Glover, who has been in Germany for the last nine months, returned to the states July 17, and was met in Abilene by his wife. They returned to Floydada Friday.

Cpl. Glover will be with his wife and daughter, Lois Ann, until August 18 when he will report at Fort Benning, Georgia.

NEW SHOE STAMP

The new shoe ration Airplane Stamp No. 4 in the War Ration Book No. 3 will become valid August 1, 1945. Also Airplane Stamps Nos. 1, 2, and 3 will be good indefinitely.

Test Passes 5,700 Feet

The oil test at Pleasant Hill, Geo. P. Livermore No. 1 Alexander on the J. C. Cooper survey, the first of the week had reached a drilling depth of 5,700 feet, according to report in Floydada, and was continuing yesterday.

Drillers have encountered no trouble to date and no information as to unusual formations has been given out.

Many Singers Expected At Convention

C. M. Lyles, president of the Five-County Singing convention this week indicated the probability of a big attendance at the fifth Sunday gathering at Lockney City auditorium beginning at 11 o'clock. Dinner will be served.

Hall, Floyd, Motley, Brisco and Dickens county singers make up the association and Mr. Lyles said many singers from these counties are due to be present. In addition quartets which are expected are the Plainview Radio quartet, two Stamps-Baxter quartets, the Glenwood Baptist church quartet of Amarillo, the H. H. Lowe quartet of Childress, and possibly others.

H. L. Putsch of Dickens is vice-chairman of the convention and Miss Dorothy Jean Casey, of Whiteflat, is secretary.

Ralph Hammonds to War Theatre

Mrs. Ralph Hammonds and daughter are making their home here with her parents, Dr. and Mrs. D. H. Pitts, after having spent some time with her husband, 1st Lt. Ralph Hammonds, in California prior to his leaving three weeks ago for the Pacific war theatre.

Lt. Hammonds has been in service some three years. He received his training at Camp Collins and went to OCS in Ft. Benning, Georgia. He spent 10 months in Panama and has recently been stationed at Camp Hood, Texas.

No word has been received by his wife since the lieutenant left the states.

Wayne Finley In Hospital

Wayne Finley, east Floyd county farmer, is in Floydada hospital this week suffering from a gunshot that inflicted rather severe injury to one of his legs about the knee Sunday afternoon.

The accident occurred while Finley in company with Lt. Hershel Hinson was hunting rabbits in a field at Finley's home. A double barreled shotgun backfired into Lt. Hinson's face. Blinded temporarily he dropped the gun, when the second load exploded and inflicted the wound in Finley's leg.

County Cannery Will Open Aug. First H. G. Barber Announces

The Floyd County Cannery will open around August 1 it has been announced by H. G. Barber. Sponsored by the Vocational Agricultural department of Floydada High and the Commissioners court, the cannery will open with Mrs. W. C. Sims as supervisor.

The cannery will be open three days a week, those days not announced as yet, and there must be at least 150 cans of number two cans canned a day to make it possible for the cannery to remain open.

An appointment is absolutely necessary before you are able to can, Mr. Barber announces, adding that without an appointment there is no need in coming down.

If the cannery is very active the number of days it will remain open will be increased to as many days as are necessary to fill the need.

Everyone is urged to take advantage of this plan, said Mr. Barber.

EDITORIAL

As A Farm Woman Thinks

HOGGY AND DOGGY

Cities and towns of all sizes have their growing pains and there is no reason to assume that Floydada would be an exception to the rule. In a town this size one of the perennial problems is that of the dog, cow, sow and hen versus gardens and health protection. The problem is one that is continually and continuously on the desk of the mayor and the marshal, and, as they get together, also on the agenda of the city council.

Right now the health scare, with polio always in the background as a menace, and the general run of diseases due to poor sanitation ready to pounce upon the community, has the bulge on the dog owner and the resident who would like to grow "a little meat" for backbone and spare rib purposes this fall and winter, and keep a cow so the children will have plenty of milk and to spare to grow good bones and teeth.

There is no doubt that, if the ordinances now in effect will not stand up in the courts can be passed. Also it is well known that towns the size of Floydada are always in the bad graces of the State Department of Health. So many small cities and towns, struggling to keep clean and raise their hogs and cows and dogs all at the same time, do such a bad job of keeping clean the health department can practically assume that all the public health rules are being violated and if called on to prove it, can do so.

FRESH FROM OPEN SPACES

The background of most of us who live in small cities is out in the open spaces where a hog pen or more or less and a cowpen more or less is taken for granted. When we come to town we attempt to bring them with us, and do so to some extent. So that any ordinance that attempts to curb this natural trend of mind will not be a popular one, although as a theory in line with the best policies for the community. So that each of us thinks of a good reason why the council ought to make an exception of our case but go ahead and enforce the rule in regard to the other folks.

Right at the time the no-hog ordinance that takes the place of the one-hog-to-so-many-feet of space does actually work a hardship on some people. It isn't that keeping a hog in town pays off in dollars and cents so much as that keeping a hog would insure some meat later on while the OPA rules make it impossible for a family to obtain as much meat for the diet as has been customary.

And thus it goes. Trying to make the rules of good public health policy fit in with the practical needs and trends of the population always makes problems which just have to be worked out. The council, all will have to admit, are right in the proposition that a general epidemic in the community right now could not be coped with unless we called for outside help—and we might not get it at that. Man and woman power in the community's health service is down to the irreducible minimum, assuming that we do not have any emergencies.

NEED OF HOUSING SERIOUS

While on the subject of the city and problems that are of general interest only on the "town section", perhaps lack of housing is causing more stress than any other. Many people who need to live in Floydada and other who would like to live in Floydada cannot because they can't find a roof to go over their heads. How many houses it would take to relieve the situation, we can only guess. We would say 50 at a minimum. One hundred might be a better guess.

The 19-year period from 1930 to 1940 is still in the minds of people with money who would ordinarily be expected to build good modern homes for rental. In that period rents went down and down until finally people were living in pretty fair houses for not enough to pay the taxes and insurance, and many not paying even that.

Many who have to have houses for their families, whose jobs are in Floydada, have solved the problem by buying homes, and there is quite likely at this time the highest

The Floyd Co. Hesperian

The green world has been wonderful, after looking at a brown one so long at the summertime of year when things should be green and growing. The little green feathers of feed stand straight down the long curved rows of the field, brave soldiers against the cold and want of winter. Whether they are too few and too late cannot be told as yet, but we hope rains will come and hurry them up higher and

14 Years Ago Floyd County

These news items taken from the Floyd County Hesperian published 14 years ago.

(Issue of July 23, 1931)

John Asstier, 83, for the past 12 years a resident of Floydada, died last night about 9 o'clock at the home of his son, G. T. Asstier on West Missouri's street, the end coming while the aged man slept.

Mrs. A. R. Hanna, of Sand Hill, will be honored as one of the five winners of the Texas Master Farm Homemakers title for 1931 on the opening day of the twenty-second annual Farmers Short Course at Texas A. and M. college July 27, officials of the contest announced this week.

Hunter King 17, was fatally injured and Lorraine Nelson, Pete Nelson and Fred Jenkins, all of this city, suffered minor cuts and bruises when the roadster in which they were riding overturned two miles west of Turkey Friday night.

An all-day meeting with dinner on the ground, will be held Sunday at Starkey, it was announced this week by Rev. I. J. Boyd. The Sunday night church services will close a protracted meeting being conducted at Starkey by Rev. Lloyd.

Jeanne Marie, 17-month old daughter of Mr. and Mrs. G. A. Prizzell, of Globe, Arizona, is suffering this week from the bite of a large half-German police dog, which attacked her Sunday at the home of her grandfather, J. J. Prizzell, eight miles north of Floydada.

The heroic efforts of Mrs. C. W. Melton, 35, of Ralls in a futile attempt to save the life of her 18-month old child from their burning home in Ralls, cost the lives of both the mother and baby last Friday morning. Buel C. Ruthven, of Floydada, was heralded as the hero of the tragedy, when he drug the mother's body from the building, after three unsuccessful attempts were made by other witnesses.

Miss Victoria Fitch, formerly of Floydada and recently of Fort Worth, became the bride of G. T. Young of this city, when the young couple were married at Clovis, New Mexico Sunday afternoon.

Reminiscence of acquaintance made "back at home" featured the annual Floydada picnic held July 12 at Anaheim, California, when 96 former residents of Floydada, who are now making their home or visiting in California, gathered for their annual "old fashioned picnic."

percentage of home ownership in the community of two or three decades. But those others who can't afford to invest because their situations are temporary and subject to change without notice, are in pretty bad luck. One family moving now calls for five to 10 other moves.

There are numerous families living in houses here that are not worthy of the name home, and 50 good, medium-priced houses would quite likely pay the owners good return on their investments and at the same time raise the standard of the community's homes a great deal.

Thus it comes about that lifting the ban on building material is being awaited with a considerable bit of impatience. In contrast to many communities the demand for homes here does not seem to be occasioned by the war.

higher till each wears a golden plume of grain.

When the beans did make, they made a plenty. Beans are like that. Usually make too many at once and then quit. I like the pinto for the reason they will keep on making if they have plenty of water if you will keep the beans gathered off. We canned some and put others in the locker.

The tomatoes die one at a time with wilt. They are wilt resistant variety but they stood so long without sufficient moisture, they were weakened down. The late beans and peas are up and growing. I have to let the cement pool keep full for Joe and Carey to swim in, even if the garden is skimped a little. Both boys can swim and they scare me to death by turning somersets (perhaps this way of spelling is not found in Webster's, but you will recognize the word) in the water as they dive from the bank.

The wind is blowing this lovely summer Monday morning and the windmill keeps a clear stream running in the overhead tank with a splash that makes music to my soul. Water, running water, fresh cool and plentiful, maybe that is the reason folks stayed with the plains and kept on trying regardless of the sand storms and droughts.

Henry and Corene Barber of Floydada are adding another room to their home all by themselves. Don't know which one is boss as they both are wearing the overalls.

The mimosa tree is in bloom again and the slim fingered green leaves are partly hidden with a misty pink veil and the fragrance is sweet.

Just remembering: A pair of ox-blood slippers I had when a small child: Mrs. Lena Bonine as a little girl wearing a silk string round her fat white neck with a piece of asafetida attached: the Witt family living in Emma in a two room house taking the teacher, Marcus Phillips to board and hanging up long call-curtains to make him a "bed-room" the water bucket in the cor-

ner of the schoolroom with a tin dipper usually leaky before the school was half out men pitching dollars beside the stores boys bringing a load of cowchips on Saturdays to sell to the women for their next week's supply of fuel—Jeff King's three legged dog that guarded his saddled horse on the east side of the Emma Courthouse and did all children and most grown ups stay away from that side!

how pretty Esther Murray was and how we all loved her. Major Dill the time his pocketbook was stolen as a young man slept, or did he? by the side of the little major—how the prairie grass waved in a summer breeze and how soft it felt to brown feet—red wine cups, white daisies and blue spiderwort held in hot sticky hands—just remembering and are you also just remembering?

Enjoyed Mrs. Crausby and Mrs. Hodges of the East Plains visiting a short time in our home.

Figure this out: It takes three feed sacks to wrap up three hundred pounds of chicken feed: it takes three feed sacks to wrap myself up in a dress and I know I do not weigh three hundred pounds!

On of my earliest remembrances is living in Parker county near Weatherford in a small house on the Nursery. I went to town with my father, John Witt, in a small cart pulled with one horse. I liked to hear the clop-clop of the horse's hoofs on the cobbled streets. The bushel baskets of blackberries and dewberries and raspberries behind the seat where we rode so proudly it seemed to me, shining like jewels in the summer sun. The baskets of red and yellow peaches smelling like heaven, the long green, cool Parker County melons, wasn't that a nice place for a little girl with long pigtails and ruffled sunbonnet to be riding? And how the tin quart cup glistened in the sun as father measured out the shiny jewels to the waiting women! How patiently the old horse stood switching off flies! And then as father took up the reins we clopped to another house and to the stores 'till

at last the baskets were all empty and we turned and went back to the lovely nursery where all these good things grew in profusion.

We were at mother's home talking about our hobbies. Mother collects plates, Etina collects dolls and I have so many collections, poetry, figurines, elephants, bottles, stamps and others but sister Lela said, "Well I do not collect anything unless it is grandsons, having four at that time with no girls for grandchildren." Well last week for grandchild another grandson, Michael Graves, son of Lela and T. Graves. Mother and young son are in Lubbock and T is wearing the navy uniform and is "somewhere" in the Pacific.

One of my favorite poems, **Mud and Stars**
A man looked out through a window wide,
When the purple night was in bud,
There were trees and flowers in the rain outside,
But he only saw the mud.
Another man looked in the gloaming time,
Out through the iron bars,
He glanced beyond the mud and grime,
And he only saw the stars.
It isn't so much what the world holds fair,
For stars and mud there be—
And it isn't so much what's really there,
But what we look for we see!

J. W. Gilbreath Lived the Saga of the Sangamon

J. W. Gilbreath seaman first class, USN, son of Mr. and Mrs. W. A. Gilbreath will leave from Norfolk, Va. for home July 27 to spend a 30-day leave visiting with his parents and friends here.

Seaman Gilbreath has been in the navy for two years and three months and until that time attended Floydada High school. He has been back in the states for only about a month.

On Jeep Carrier Sangamon Seaman Gilbreath served his 18 months in the Pacific on the American jeep carrier, Sangamon. The Sangamon was fresh from the coast of Casa Blanca when it dock-

ed in the states in November of 1943, and took on a new crew which included J. W. and left for the Japanese Empire the Air Group Thirty Seven.

In those days the baby flat-top was overshadowed by the fast, first line carriers and her value to the fleet was unknown. But the Sangamon went to Tarawa and after that short assault the results were sorely reviewed, the mistakes recognized and remedied, the strategy and tactics of amphibious warfare in the Pacific revised.

At Kwajalein and Eniwetok the Sangamon began to prove her worth. Her pilots were keen now and finely trained. Aitape, Hollandia, Wake followed in close succession.

Always in Combat Zone

For long months now the Sangamon had been always in the combat zone, her pilots were tired, her crew tired. Other ships and other air groups came and fought and retired, the Sangamon stayed on. So she fought on, Saipan, Tinian, Pagan, Rota and Guam.

At Saipan the acid test of her ability was shown. Plains from the

Sagamon and the other jeep carriers, rose to meet the Japs. Wave after wave of enemy planes came in and they were clawed down out of the sky. The jeep carriers held their own.

After Guam and the Palau it was surely time to go home. The old ship and her air group had fought ten major engagements, she had pushed her blunt nose through tens of thousands of miles of sea, her pilots had flown hundreds of gruelling hours and they were tired. But the greatest target of all lay ahead of her—the Philippines.

A Magnificent Ship

In the invasion of the Philippines the Sangamon showed once again that she was a great; a magnificent ship. A year had passed since Tarawa. For 10 months of that time the men of the Sangamon saw only the glooming, mist covered hills of the alien islands of the Southwest Pacific or the flat sandy, treeless atolls of the Central Pacific. They visited no cities, saw no lights and heard no music. But again they took part in a great invasion, that of Okinawa, at which time the Sangamon was wounded.

Big Toll of Japs

Added to the uncounted thousands of Japanese dead in blasted holes and trenches, caves, pillboxes, and gun emplacements on dozen of islands, this air group has destroyed or damaged two hundred Japanese aircraft, they have sunk 20,000 tons of Japanese shipping, and in the Second Battle of the Philippine Sea it helped seriously damage five carriers, three battleships, and sink a destroyer.

The price for this year of devastation was remarkably small. Only five of the Sangamon's pilots are dead and two of its aircrewmembers.

So now her air group is home for reassignment. Her pilots have been given no medals, the ship no commendation, for they did nothing spectacular and few counted the missions she sent against the enemy. She has steamed a hundred thousand miles in the Empire of Japan and her pilots are rewarded with the knowledge that the job they did was magnificent.

Seaman Gilbreath is proud to have served with such a ship, and to have been a part of the crew who sailed it.

Service Workers Badly Needed By the Red Cross

Mrs. E. L. Angus spent last week in Amarillo where she attended the Red Cross Home service refresher course. The study course was taught by Mrs. Mae Shuey of the Mid-western Area Red Cross at St. Louis. Eight county chapters were represented.

Home service workers are needed so badly and the work is growing so fast, that a large group of volunteer workers and paid workers are needed. Mrs. Angus learned. With the boys coming home, more workers are needed in work concerning pensions, compensations, G. I. Bill of rights, Referral service, rehabilitation, and other services which are to be taught to the workers to enable them to assist the veteran in filing his benefit claims.

Home service gives reporting service, communications, financial assistance, helping with government benefits and claims, and other assistance.

A course of 20 hours, two hours each evening for 10 days, will be taught by Mrs. Angus beginning July 30. The hours will be from seven until nine in the evening. Workers and assistants are badly needed in all chapters for home service work, and anyone who is interested in taking this 20 hour course and receiving a certificate from the National Red Cross will please contact Mrs. Angus at the Red Cross office, 206 Bishop Building, or telephone numbers 138 or 155 before Friday, July 27.

Mrs. L. A. Edwards of Wichita Falls is visiting with Mrs. Ralph Hammond enroute to Panama to be with her husband, who is stationed there.

Many Hard of Hearing Can Hear Tomorrow

with Orlene drops used with a simple syringe. If you are deafened, bothered by ringing buzzing loud noises due to hardening or congested wax (earwax), try the Orlene Home Method test that so many say has enabled them to hear well again. You must hear better after making this simple test or you get your money back at once. We recommend Orlene.

Center Revival To Open Sunday

A revival with the Center Baptist church will begin Sunday, July 29, and will continue through the following week.

Rev. E. J. Cobb of Lockney will preach for the series of services and Rev. A. C. Lamb of Finney will direct the singing.

Everyone is cordially invited to attend these services. Rev. Clay Muncy, pastor, announces.

Fairview News

FAIRVIEW, July 25—Visitors in the home of Mr. and Mrs. C. L. Bradford Friday were Mr. and Mrs. Earl Foster and family, Mr. and Mrs. Line and family, Pfc. and Mrs. Ben Galloway and family of Floydada, Houston Bradford of Ft. Worth, Mrs. J. C. Crabtree and Mrs. Arthur Stewart and children. Pfc. Galloway has recently returned from the European theater of war.

Clara Cozby spent Saturday night and Sunday with Juanita Meredith of South Plains.

Mary Lou Wise returned Sunday from a 10-day visit in Amarillo where she visited with Bobby Jean Rhodes, Mr. and Mrs. J. P. Denton and other relatives.

Sunday dinner guests in the home of Mr. and Mrs. R. M. Cannon were Rev. and Mrs. Curtis Butler and family, Mr. and Mrs. Arthur Stewart and family, and Geneva, Marcellita and Jenn Bradford.

Mr. and Mrs. Arthur Graham and daughter of Amarillo and Mr. and Mrs. Chill McClure visited with Mr. and Mrs. J. C. Crabtree Sunday.

Mr. and Mrs. Walton Wilson and children visited Sunday with Mr. and Mrs. Sun Reeves of South Plains. T-4 Hulbert Austin, brother of Mrs. Wilson returned home with them to spend several days.

Sunday dinner guests in the home of Mrs. Bradford Wilson were Mr. and Mrs. Lindsey Graham, Mr. and Mrs. John Galloway, Pfc. Ben Galloway and family, Hazel and Buck Galloway, Mr. and Mrs. Bob Willis of Floydada, Mr. and Mrs. Randolph Wilson and son of Dumas, Mr. and Mrs. A. S. Mize and Mrs. H. C. Randolph of Cedar Hill.

Grady Reeves made a business trip to Roy, New Mexico, the first of the week.

Sunday visitors in the C. H. Wise home were grandmother Wise, Mr. and Mrs. Albert Duncan, Mr. and Mrs. N. L. Boykin of Amarillo and Mrs. Boyston.

Cpl. and Mrs. B. W. Snell of Clovis, New Mexico, spent the week-end visiting in the homes of their parents, Mr. and Mrs. Will Snell and Mr. and Mrs. J. J. McKinney.

Baptist Revival Continues Through Sunday Night

The revival at the First Baptist church which began July 15 is still in progress with a fine attendance, good preaching and singing.

The revival will last through Sunday night with Rev. H. E. East of Tulsa preaching and Raymond White of Plainview leading the singing.

Guests in the home of Mr. and Mrs. W. J. Waller Sunday were all of their children. They were Mrs. A. L. Maxwell and children of Detroit, Michigan, William Waller, Mr. and Mrs. H. S. Waller and son, Mr. and Mrs. G. W. Switzer and son, Mr. and Mrs. G. E. Assiter and son, Gracia Waller, Vera Waller, Ina Waller and Eva Waller, of Floydada and neighboring communities.

Mr. and Mrs. C. L. Minor had as their guests the past week-end Mrs. G. L. Kirk and Don of Midland, Lt. Colonel and Mrs. Sneath of Lubbock, Mrs. Sneath's mother, Mrs. Charles Hill, and Mrs. J. A. McKenzie of Houston, Mrs. McKenzie, Mr. Minor's sister remained for an indefinite visit.

Dr. Wilson Kimble returned home Monday from Jacksonville, Texas, where he and Mrs. Kimble had been visiting their daughter and husband, Rev. and Mrs. Don Harris, for the past two weeks. Mrs. Kimble remained with her daughter for an indefinite visit.

Lt. and Mrs. Hershell Hinson have been spending a few days with his parents, Mr. and Mrs. E. E. Hinson, and her father, Baird Bishop. Hershell returned to camp this week but Mrs. Hinson remained for an indefinite visit.

Sgt. Ross Day is spending a 30-day furlough with his sister, Mrs. R. R. Ferguson and family.

Mr. and Mrs. J. W. Day, Jr., of Borger are visiting friends and relatives here.

Prescription Filled Over 15 Million Times

Recommended to do just two things: relieve constipation and gas on the stomach.

This successful prescription is now put up under the name of ADLERIKA. Get a bottle of Adlerika next time you stop at your druggist's and see for yourself how quickly gas is relieved and gentle but thorough bowel action follows. Good for old and young. Caution, use only as directed.

TOWN AND FARM WOMEN BEATING CITY FOLKS AT FAT SAVING

Our government knows that city women have done an outstanding job saving used fats—but, now that you town and farm women have rolled up your sleeves, you are providing more used fats per kitchen than any other group in the U. S. Keep it up! 100,000,000 more pounds of used fats are needed this year to help make vital war supplies. Without your record savings, we'll never make that quota.

Save every drop! Remember, it's the small amounts that fill the salvage can faster. Drippings, skimmings, scrapings, and fat scraps melted down. Your butcher will give you 2 red points and up to 4¢ a pound. If you have any difficulty, call your Home Demonstration or County Agent. Approved by WPA and OPA. Paid for by Industry.

We've Had Some Interesting Experiences, Too!

Whether you fly 'em... or make the fuel that flies 'em... you learn something!

The boys who have been filling Tojo's fleet as full of holes as an old tin can will have some interesting stories to tell when they get home.

And Phillips is going to have some interesting things to tell you (and show you) too!

Because a big part of our job the last five years has been to produce the 100-octane Aviation Fuel that has kept the big boys over Berlin and Tokio. And it hasn't always been an easy job.

In some ways it has involved almost as many trials and tribulations as a pilot goes through before he wins his wings. We've built vast new laboratories and staffed them with the wisest and most experienced scientists we could find. We've built new plants and introduced new processes. In short, we've gone "all out"—with every bit of brains and brawn we have—to give our fliers every ounce of precious 100-octane fuel that could be produced!

The result—today Phillips is one of the very biggest producers of 100-octane Aviation Fuel in the country! That's a mighty important fact—and one of which we're very proud.

And it's a significant fact, too—for every man and woman who plans to drive a car after the war. Because you can bet your bottom dollar that all the experience, all the know-how, all the scientific knowledge we've gained in becoming one of the largest producers of 100-octane gasoline—will be packed into the Phillips 66 Gasoline which powers your post-war car!

When you see the Phillips 66 Shield, remember—it stands for fuels for Victory today, and fuels for better driving tomorrow.

PHILLIPS PETROLEUM COMPANY, Bartlesville, Okla.

FOR VICTORY... Buy U. S. War Bonds and Stamps

IMAGINE 4,300,000 Toll and Long Distance calls!

That's just an average day's work for the Bell System. Service generally is good but sometimes there's an extra big crowd on some lines and people are waiting. Then the operator will ask your help by saying... "Please limit your call to 5 minutes."

THE STATE OF TEXAS

TO THE UNKNOWN OWNERS OR CLAIMANTS, of the East one-half of Survey No. Eighty-six (86) Certificate No. 729, T. T. Ry. Co. in Block G, in Floyd County, Texas, said East one-half of said Survey being a tract of 320 acres of land, who claim or own same as beneficiary or holders of equitable shares, title or interest, under and by that certain trust deed or indenture heretofore given to the GRANTEES, Minor C. Keith of the City of Babylon, Long Island in the State of New York, Harry I. Miller and Ward E. Pearson, both of the City, County and State of New York, Francis R. Hart of the town of Milton and Bradley W. Palmer of the City of Boston, both in the state of Massachusetts, their successors and assigns, as TRUSTEES, said instrument signed by J. H. Slaton, H. C. Randolph, Leroy W. Baldwin, Harry I. Miller, Ward E. Pearson, Francis R. Hart, Minor C. Keith and Bradley W. Palmer, and same dated the 12th day of December 1914 and recorded in Vol. 27, pages 1-4 of the Deed Records of Floyd County, Texas, to which references is made for further description, said beneficiaries or holders of equitable shares, title or interest, all being parties

Gripsholm Docks With Repatriates From Greece

Relatives of 1,400 repatriates scheduled to reach the United States about July 31 aboard the former Swedish luxury liner Gripsholm were asked today by Mrs. E. L. Angus, home service director of the Floyd county Red Cross chapter, not to attempt traveling to New York to meet the returnees.

Relatives, Mrs. Angus explained, will not be allowed on the pier when the Gripsholm docks at Jersey City, N. J. In addition, she said, congested travel conditions and an acute shortage of hotel space in New York make such trips not only unnecessary but uncomfortable.

Messages and money for repatriates will be delivered, however, by the American Red Cross on the Gripsholm pier as soon as returnees have cleared customs, according to Mrs. Angus. Checks or money orders are acceptable when made payable to the returning civilian. Messages should be addressed as follows:

Name of repatriate, Gripsholm Repatriate, Care of Home Service, New York Chapter, American Red Cross, 215 Lexington Avenue, New York 16, New York.

The Floyd County Red Cross chapter will not be notified by national headquarters of the American Red Cross Home Service of individuals on board the liner. The Department of State also has announced that next of kin names are not disclosed by said instrument and whose names are unknown to plaintiff, all said owners or claimants, hereinafter called DEFENDANTS.

Greeting:

You are hereby commanded to appear before the Honorable District Court of Floyd County Texas, at the Court House thereof, in Floydada, Texas at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 3rd day of September, A. D. 1945, then and there to answer Plaintiff's Petition filed in said Court, on the 23rd day of July A. D. 1945, in this cause numbered 2983 on the docket of said court and styled E. M. Collins, plaintiff, vs. the above named parties to whom citation is addressed, Defendants.

A brief statement of the nature of this suit is as follows, to wit:

Said suit is brought by plaintiff as an action in Trespass To Try Title as prescribed by statute and the rules of Civil Procedure and brought against defendants, the parties to whom this citation is addressed, as UNKNOWN OWNERS OR CLAIMANTS of beneficial interest or title under the trust deed herein above described in addressing defendants as authorized by Article 204a of the Civil Statutes of this state of Texas, and sought to recover of and from defendants fee simple title to the land and premises herein described, and the interest or title of defendants in said land is such right, title or interest in said land as defendants, or any of them, own as beneficiaries or owners of equitable shares, title or interest in said land as undivided and unknown owners or claimants under and by virtue of that certain trust deed described above in designating those to whom this citation is addressed, and the land and premises herein referred to is The East One-half Survey No. Eighty-six (86) Certificate No. 729, T. T. Ry. Co. in Block G in Floyd County, Texas, said East One-half of said survey being a tract of 320 acres of land, and plaintiff seeks in said suit to recover of and from defendants simple title and possession to said 320 acres of land and his damages of \$500.00, all as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs. If this citation is not served within 90 days after date of its issuance, it shall be returned unserved.

320 acres of land, and his damages Issued and given under my hand and the Seal of said Court, at office in Floydada, Texas this the 20th day of July A. D. 1945.

Attest:

Mrs. P. G. Stegall, Clerk, District Court, Floyd County, Texas (SEAL) 244tc.

Wright Pace of Los Angeles is here visiting with his mother, Mrs. Cora M. Pace.

MT. BLANCO CLUB HOME DEMONSTRATION REPORT

Mrs. Walter Crawford gave some very important points on electrical appliances at the home demonstration meeting of the Mt. Blanco club given at the home of Mrs. Spurgins the first meeting in July. Mrs. Appling demonstrated how to repair a plug and showed that wrapping exposed wires will save a lot of trouble.

The sickroom equipment the club purchased for the community is ready for use and will be found at Mrs. Appling's home. The items include a bed pan, a bed tray, fever thermometer, hot water bottle, ice bag, rubber sheet, rubber cushion, glass drinking straws and a first aid kit.

Meet With Mrs. Kirk

The second meeting in July was with Mrs. Mary Kirk. Mrs. Appling gave a report on the short course held at Lubbock this month.

The community Club picnic will be at Silver Falls on August 14. Each family bring a basket dinner, drinks, plates, cups and silver for your family.

The next meeting will be at Mrs. Garnell Trammell's on August 18.

SEABEE SUTTLE SPENT 15 MONTHS IN THE ALEUTIANS

CAMP PARKS, Calif.—Seabee C. R. Suttle was home recently at 216 East Crockett Street, Floydada, Texas, on a 30-day leave after 15 months duty with a Navy Seabee battalion in the Aleutians.

The 36-year-old ship's cook first class was attached to a unit charged with airstrip maintenance. Before enlisting he was employed by the Bishop Drug company in Floydada. He will be re-assigned at Camp Parks.

Mrs. W. C. Boren of Corpus Christi, Texas, is here visiting with relatives and friends before leaving for Calmesville where she will visit with her son, Lt. W. C. Boren, Jr., and wife.

Mrs. W. E. Gromes and son, Billy Burke, visited with her parents, Mr. and Mrs. C. L. Gray and other relatives in Crowell over last weekend.

Lt. Donald Cornelius and Capt. Watson Jones spent the week-end visiting in Dallas with Mr. and Mrs. James Wester and daughter.

W. H. Simpson is in Temple, Texas, undergoing medical treatment after an illness of a month.

Mr. and Mrs. Jim Cleveland spent the week-end visiting in the home of Mrs. Cleveland's parents, Mr. and Mrs. J. M. Wood of Lamesa.

Those enjoying the delightful occasion were Mr. and Mrs. C. C. Huckabee and Georeann, Mr. and Mrs. Collis Roland, Mr. and Mrs. E. W. Dunavant and family, Mr. and Mrs. Ollie Meek and children, Mr. and Mrs. Alvis Chowning and daughters, Mr. and Mrs. C. E. Clifton; Mr. and Mrs. Edward Porter and daughters, Mr. and Mrs. M. R. Grubbs and children, Mr. and Mrs. J. B. Wood, Mrs. C. C. Huckabee, jr. and daughter, Mrs. Ona Mitchell, Misses Nita Merle Patterson, Frances Mitchell, Alene Warren, Vernie McNeill, Beatrice Davis, Mickey Kennamer and Johnnie Roberts.

Big Peach Crop Hears for Market

AMARILLO, Texas, July 26—The largest peach crop farmers have ever grown in early producing areas is now headed for local markets and housewives are asked to take advantage of the plentiful supply and serve them generously and more often.

E. C. Munro, acting district representative, CCC's office of supply, says 26,000,000 bushels are now being harvested in 10 southern states, principally in Georgia and the Carolinas, and peak harvesting can be expected shortly.

The national crop this year will be about 78,000,000 bushels, counting harvest from later producing areas. But since late peaches do not ordinarily show up plentifully in this section, the current crop should be fully used, he said.

The armed forces are getting first call on canned foods and since their needs for fruits are high all the peaches which can be canned, frozen, dried and preserved at home now is insurance against the day when commercial foods are expected to be in short supply, Munro said.

Jno. W. Maxwell Returns from Aleutian Islands

Jno. W. Maxwell, who has been in the Aleutian Islands on a construction job for the past several months, returned to the states recently and has been visiting in Floydada this week with his sister, Mrs. Harry Stanley, his brother, Pink L. Maxwell and with friends.

Maxwell is not returning to the Aleutians, he said. "Too much wind, rain, snow, sleet, hail and fog, no sunshine."

Lockney Public School Opens September 3

Lockney Public schools will begin the 1945-46 year September 3 it has been announced by the Lockney School board.

Up to date there are only two vacancies in the Lockney school system. One is in the 5th grade in grammar school and the other is in mathematics in high school.

Meeting at City Park Church of Christ Under Way

The City Park Church of Christ began their meeting Sunday with Silas Howell of Clovis, New Mexico, preaching for the services and S. T. Easley of Munday, Texas, directing the singing. Howell is minister of a church at Clovis.

The services are held daily at 10:30 o'clock a. m. and 9 o'clock p. m., and will continue through August 1, Grady Pricer, local minister, has announced.

Student Transfer Deadline July 31

To all parents and guardians, who have children that are to attend school this year in a different district, please do not forget that Tuesday, July 31, is the last day that transfers can be made.

Transfers are required for students of all grades, Superintendent Clarence Guffee reminds parents. There is no such thing as an automatic transfer either for grades higher than taught in the home district or for the lower grades, he said.

Herbert Sims made a Trip to Lubbock Saturday

Mrs. Ethel Wells of Amarillo is vacationing in Missouri.

Roy Snodgrass and son, Tom Roy, of Amarillo were in Floydada Wednesday on business.

Mrs. Ona Mitchell, Frances, and S. Sgt. Charles M. Mitchell are visiting relatives in Houston this week.

Miss Floy Jean Hale, student at T. S. C. W., arrived home last week to spend the remainder of the summer at home.

Mr. and Mrs. L. S. Jackson and daughter, Margaret Ann, of Oklahoma City, Oklahoma, spent Wednesday in the home of Mrs. Elton Goen.

On top of Mt. Washington (N. H.), on April 12, 1943, at 1:21 p. m., there was a wind gust at the rate of 231 miles an hour.

Creation of the Texas State Parks Board was motivated by Mrs. Isabella Neff, mother of Hon. Pat Neff who deeded to the state a small tract of land on the banks of the Leon River as a public meeting place.

Splendid Record During Rush of Wheat Harvest

(Narrative report made to A & M Extension service on valiant work done to save County's wheat crop when 280,000 acres ripened in fields overnight, as made by A. L. Hartzog, county agent.)

Floyd county wheat harvest got under way June 7 with a general feeling that the wheat was ripening so rapidly that a serious shortage of help and combines might develop over night. No agent was stationed in the county at the time but Mrs. Harry Morckel, the secretary in charge of the Extension office, using the channels of the Extension Service Combine Program was able to meet the situation splendidly by supplying farmers with laborers, trucks and combines in the amounts needed respectively.

Farmers requested 110 trucks and 90 were supplied through the farm labor service and the others were supplied by non-registering itinerants. Three hundred sixty eight farm workers were requested and 326 were placed from the office. Eighty five combines were requested and 82 were placed by Mrs. Morckel through the office.

This record of placements represents an achievement on the part of the Extension Service Farm Labor program with a very high cash value in the minds of the wheat farmers in Floyd county who made their requests through office calls and by telephone throughout the two weeks of the harvest season.

Many farmers have been outspoken in their wholehearted appreciation of this service which they had not fully learned to use prior to this emergency. Placements through the office represented sufficient labor to shorten the wheat harvest by several weeks and the harvest has been characterized by many operators of wheat farms as the "shortest in combining time" in the history of the county and one of the most satisfactory. Early hail in the county claimed some crops which caused much apprehension among the growers since the wheat was all ready at one time and they feared that the least weather disturbance might cause the loss of huge acreages. Therefore when the herculean task of harvesting 280,000 acres of wheat, oats and barley was completed within 14 days time everyone had a tendency toward surprise and genuine rejoicing.

All Cooperate Wonderfully

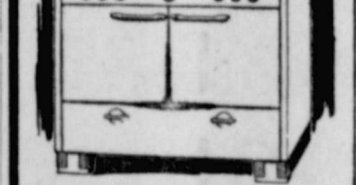

Other agencies cooperated wonderfully in the program, according to Mrs. Morckel and no small part of credit that might be due should go to those who were exceedingly helpful in seeing that migrant combines and trucks and crews were constantly supplied with adequate gasoline, tires, food and other rationed commodities.

Business houses of all kinds and particularly the elevators from all parts of the county were outstanding in their kind courteous helpfulness in connection with the labor program and many spent considerable time aiding in the placements of migrant crews.

Such fine cooperation between farmers, business men and all

branches of governmental agencies located here in the county made possible the "quickest" harvest in the history of the county at a time when 2,500,000 bushels of wheat is no small change in the nation's bread basket.

Private Lopez With 21st Infantry on Mindanao Island

WITH THE 24th INFANTRY (Victory) Division on Mindanao—Private Mathilde C. Lopez, son of Mr. and Mrs. John Lopez of South Plains, Texas, joined the veteran 21st infantry regiment of this famed "Victory" division.

He has been assigned as a mortar man.

In the 21st, Lopez is surrounded by combat-wise troops of one of the Pacific's crack regiments. As part of the hard-hitting 24th Division it went through the December 7 sneak attack on Pearl Harbor; has since taken revenge of the Japanese on Hollandia, where it spearheaded the Division's attack, and on Leyte, where it fought and won the bitter battle of Breakneck Ridge.

On Mindanao, during the 43 days of continuous assault against well fortified enemy positions the 21st Infantry killed 42% of the Nips credited to the 24th division.

The regiment is a regular army unit and rich in tradition. It was organized during the Civil War and has vanquished enemies of America for almost a century.

Conoco Praised By Petroleum and Army Authorities

Ponca City, Oklahoma, July—Continental Oil company has received commendatory telegrams from General of the Army H. H. Arnold and Ralph K. Davis, deputy petroleum administrator, upon the manufacture of more than two million barrels of 100 octane aviation gasoline during the past year and ten million barrels of all petroleum products for military purposes since Pearl Harbor.

"The Army Air Forces heartily congratulate your company and your workers on the production of your tenth million barrel of petroleum products since Pearl Harbor," stated General Arnold's message.

Continental Oil company manufactured the first 100 octane aviation gasoline to be completely processed in one plant in Oklahoma.

Methodist Notes, Aiken District

(By J. G. Walker, pastor)
We had two good services at Carrs Chapel last Sunday. The people seemed a bit jaded from hard work, made necessary by the good rain received several days ago; but very hopeful in spirit; and everything seems favorable now that most people will have their work out of way by August 12 the date set for opening of the revival.

Rev. Oscar Bruce of Lockney is to do the preaching; and A. M. Walker of Whiteface is to lead in the singing. Remember, that God cannot bless us in sin. We must turn from our wicked ways. The sooner we reconsecrate ourselves, the sooner the revival will begin. Pray for the preacher and song leader.

This Sunday being a fifth Sunday we will preach at Carr's Chapel in the morning, and we will return to Aiken for the evening service. Rev. Roy, the Baptist pastor at Aiken will preach for us. It is a cooperative service of the Methodists and Baptists; and all are expected to help make a full congregation, and a gracious service. People of all faiths are invited.

WORD OF APPRECIATION

We thank everyone for all their kindness and help in our hour of sadness of mother's funeral. Especially do we thank Mr. Harmon for his help and kindness and the Wesley Girls Sunday school class for the nice dinner they prepared. And for the many nice flowers sent.

Mrs. Roy Lobdell and family
The Newman boys and families
Mrs. J. W. Lyles and children.

AT FEEDERS SHORT COURSE

Among the Floyd county people attending the Feeder's Short course at Texas Tech this week is County Agent A. L. Hartzog. His duties at the office and in the field kept the agent from attending sessions of the course earlier in the week.

CARD OF THANKS

We wish to express our sincere thanks and appreciation to our many friends for the sympathy shown to us, the kind deeds, and the beautiful flowers, during the illness and death of our husband and father.

Mrs. Jim Eubank and family.

New Assignment For Lt. Howard

An unusual assignment in the Air Corps is that of Lt. Eldon B. Howard, who was returned to the states for a rest recently instead of being sent to a rest area in the Pacific after several strikes over the Japanese empire.

And while in the states he was given a delay enroute to spend a brief period here with his parents, Sheriff and Mrs. Lee Howard and with his wife and daughter at Lubbock.

His new assignment will be at a leadplane school in California. He left for a station there Tuesday night to take up his new assignment.

Mr. and Mrs. John McKinney, jr. are the parents of a baby son born July 18 at San Antonio and named James Arthur. The baby is the grandson of Mr. and Mrs. J. J. McKinney and P. A. Denison, of Floydada.

Both Iron Lungs Are at Hospital

Keeping the recently acquired resuscitator at the fire station, but sending both the adult and the infant iron lung to Floydada hospital, Carl Rodgers, chief of Floydada Fire department, this week made the announcement of the removal of the "lungs" for the information of the general public and the many who subscribed to the fund to make it possible to acquire the life-saving devices.

Half Minute Interviews

John A. Hollums: "The housing situation is getting really serious in Floydada. We could fill up 80 modern residences. We also need several good business houses to accommodate people who would like to go into business in Floydada and can't."

BRIT'S FOOTBALL SHOULDER TO GET ATTENTION AGAIN

Chief Petty Officer L. D. Britton is scheduled to undergo a shoulder operation today in the Naval hospital at Shoemaker, California, is the word received here by Mrs. L. D. Britton.

"Brit" underwent such same operation in October, 1942, but due to strain while overseas the operation proved unsuccessful. Cause of the defect is a football injury received several years ago.

Mr. and Mrs. Frank Hill and Mr. and Mrs. Harley Henderson and daughter, Barbara Jean, all of Talhoka visited this week with Mrs. John Reagan, A. B. Howard and Grady Howard and families.

Mr. and Mrs. J. C. Newsome have returned home from Stovall Wells where they spent some 10 days taking the baths.

Miss Margaret McKinney of Amarillo spent the week-end visiting with her parents, Mr. and Mrs. J. J. McKinney.

PIGGLY WIGGLY A GOOD PLACE TO TRADE

More About India Sold by Floydada Soldier There

India is as big as all outdoors, that one soldier writes one thing about it, another something else and both be right. Below are reports from Staff Sergeant T. M. Whitley's recent letter to his parents and Mrs. T. J. Whitley of One, which gives a new slant on that country of many questions and social and economic progress. Set. Whitley is in the Air Corps, and flying again, thank you. Time really drags so I'm not flying. The monsoons don't dry here. Rains every 30 to 40 days. Everything I have is green. My bed hasn't been coming dry for two weeks. But it's hot now. It's hot when the sun is shining, but that's not so hot as it is at night. It is really nice sleeping here. This is a healthy climate. I've been sick here at all. The crops are about two feet high. It looks like the irrigated wheat. It looks pretty form the sky. I found one beautiful little girl in China. It looks like parts of Colorado. And the weather is just what I need. I don't know how exactly to tell you about this country. It is a very country. There are lots of rivers and creeks, but the water seems to be awfully poor. Everything is old fashioned. They still use oxen to homestead wooden plows. They dress like the Arabs. Just a bed sheet wrapped around them, with a scarf on their heads and no shoes. They smoke a kind of leaves rolled up or a pipe. A big bowl with a long pipe on it, which they pass around among themselves. It has a kind of charcoal in it that smokes. Most of their houses are made of bamboo. The richer ones have double or rock houses. Their main food is rice. Most of them are small and skinny. I might average one hundred and ten pounds. The women are as large as the men and very fat.

Get Off Ugly Fat With This Home Recipe

It is an inexpensive home recipe for getting rid of ugly fat and help bring back your curves and graceful slender figure. Just get from any druggist, four ounces of liquid Barcol Concentrate. Add grapefruit juice to make a pint. Take two tablespoonsful twice a day. Wonderful results may be obtained. Now you may slim down your figure and lose pounds of ugly fat without breaking exercise or starvation diet. Easy to make and easy to take. Contains no harmful. If the very first bottle shows you the simple, easy way to lose weight and help regain slender, graceful curves, return the empty bottle and get your money back.

On The FARM & HOME Front

A. L. HARTZOG County Agricultural Agent Texas A. & M. College Extension Service

EDITH L. WILSON Home Demonstration Agent

(By Edith L. Wilson)

Here is a way to make your sugar go farther—

One syrup which is said to be excellent for use in canning is "invert sugar" which can be made at home and is sweeter than natural sugar or syrup. To make it, mix two cups of sugar and one cup of water. Add one-fourth teaspoon of tartaric acid, obtainable at any drug store. Cover this sugar, water and tartaric acid mixture and simmer gently for 30 minutes. Allow it to cool. The invert sugar made this way is nearly twice as sweet as plain syrup of the same weight. For a thin syrup, use one-fourth cup of invert sugar to one cup of water. This is also good for sweetening fruits, cereals, ice cream and beverages.

SGT. AND MRS. CLAYTON PARENTS OF A DAUGHTER

Sgt. and Mrs. Guy D. Clayton are the parents of a baby girl born July 12 at Florence, South Carolina. The baby was named Nancy Jan. She is the granddaughter of Mr. and Mrs. Will McDonald of Lockney. Mrs. Clayton is the former Kathryn McDonald who was employed at the Triple A office in Floydada.

Parks W. Bell and Tommy Swane, both with the Great American Reserve Insurance company of Dallas, were guests in the home of Mr. Bell's sister, Mrs. L. D. Britton, Tuesday night.

Mrs. Pat Collins and son, Don, of Corsicana, Texas, are visiting here with Mr. Collins' parents, Mr. and Mrs. T. P. Collins, for several weeks.

They have very few cars. Their trains are little dinkie outfits. There are no paved roads at all, except for some paved streets. The towns are dirty and sloppy, and the food you get there is awful. Boy, what I would give to walk in one of our cafes and get an American meal. In towns you can get rides in two wheel carts with a boy pulling it. They are like our tricycles only lots larger. That is about all of interest here. I could tell more, but it seems that I can't write it.

CASH PAID

For Late Model Used Cars and Pick-Ups

Oden Chevrolet Company

(By A. L. Hartzog)

A note of interest this week to Floyd county potato growers is embodied in a telegram received by the County agent from Dr. Ide P. Trotter, director of the Texas Extension Service.

"Effective 12:01 A M July 22 Texas Potato Ceiling price adjusted from 2.70 per hundred US number 1 to 2.85 per hundred effective through August 20."

Of interest to ranchers and farmers having stock tanks is the fish stocking program of the Texas Game, Fish and Oyster commission. The agent calls to the attention of all owners of farm stock tanks and other small bodies of water that application for fish may be filed prior to August 1. Such fish as Yellow Cat, Channel Cat, Black Bass, Blue Gill and Croppie may be had free of charge for stocking all suitable water providing applications are filed with the Commission before the dead line is reached.

Farmers needing farm hands should by all means let their wishes be known at the County Agent's office. While applicants for work are not always available it would be tragic indeed if any applicants for farm work should fail to find placement because of inadequate information on file in the County Agent's office concerning the needs of our farmers.

Many tractor drivers, combine men, scoopers and other help were placed through the office during the harvest rush because farmers let their needs be known. The fact that the number of workers placed exceeded 300 along with the placement of 82 combines and 90 trucks was largely due to the ability of the agent's office to know at all times just when and where such help was needed. The agent's office can know this only if the farmers strive to keep us well informed as to their current needs.

Center News

CENTER, July 24—Mr. and Mrs. Frank Dunn and children spent Sunday in the Floyd Willis home.

Rev. and Mrs. Clay Muncy visited last Saturday with the C. M. Merediths.

Margaret Hambright of Lakeview community spent the week-end with Glenna Faye Robertson.

The party in the home of Mr. and Mrs. A. W. Anderson was enjoyed by a good crowd.

Mr. and Mrs. Travis Lightfoot and children visited Sunday evening with Mr. and Mrs. E. W. Lightfoot.

Mrs. O. C. Vinson and her sister from Lubbock visited Sunday evening with Mrs. Woodrow Wilson.

Mrs. Leona Bell and Mrs. Victoria Asher of Floydada visited Sunday evening with the J. E. Greens.

Mr. and Mrs. A. W. Anderson and children gathered in the home of Mr. and Mrs. Floyd Anderson last Tuesday night and made ice cream.

Patsy Wright of Oklahoma is visiting in the home of her aunt, Mrs. Dennis Welborn and family.

Mr. and Mrs. J. E. Green and Margaret attended church at Floydada Saturday night.

Mr. and Mrs. A. L. Spence visited Sunday in Plainview with Mr. and Mrs. J. L. Crosthwait and baby. Mr. Crosthwait is home on furlough.

The home demonstration club met Monday, July 23, with Mrs. A. L. Spence. Mrs. Woodrow Wilson had charge of the program in the absence of our president, Mrs. O. C. Vinson.

Mrs. R. J. Rhodes read the council report. The county club picnic will be on August 30. Every club member is invited.

The cooks will be checked in the club kitchen on July 28 and August 4.

After the recreation delicious refreshments were served to Meses. C. J. McClure, J. L. Montgomery, J. E. Green, C. M. Meredith, Woodrow Wilson, R. J. Rhodes, Mac McNeil, Travis Lightfoot and the hostess, Mrs. A. L. Spence. The club adjourned to meet August 13 with Mrs. J. A. Hartsell.

Revival Meeting

The revival meeting will begin Sunday July 29 and continue through the following week. Rev. E. J. Cobb of Lockney will do the preaching and Bro. A. C. Lamb of Finney will lead the singing. Everyone is invited, so please come and let's have a large attendance.

Doris Cornelius is home from Camp Kiwanis near Amarillo where she has been the past six weeks acting as counselor for the Girl Scout camp.

Miss Jean Covington spent last week-end in the home of her grandparents, Mr. and Mrs. R. F. Hall of the Lakeview community.

Johnnie Parrack On Four Pacific Invasion Strikes

Cpl. Johnnie W. Parrack, 19, formerly of Lockney, who is with the Fourth Marine division, is now at a rest camp in the Hawaiian islands following four island invasions including Tinian, Saipan and Iwo Jima in his 18 months overseas.

With the Amphibious corps, Cpl. Parrack is an amphibious tractor driver and goes in with the first wave of equipment. Still only 19 years old after two years in the Marine corps, the corporal went into service after his graduation from

Lockney High school when he was 17. He is the son of Mr. and Mrs. W. B. Parrack, sr. of Amarillo, former residents of Lockney.

Cpl. and Mrs. William A. Glenn from Colorado Springs, Colorado, and Mrs. Callie Browder of Fort Worth visited Mr. and Mrs. C. B. Carmack and family last week.

Mr. and Mrs. H. P. Bell of Fort Worth arrived Sunday to spend some time with their daughter, Mrs. L. D. Britton.

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like aches and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, & thus help build resistance for the "times" to come. Started 2 days before "your time", it should help relieve pain due to purely functional periodic causes. Try it!

ROPER GAS RANGES

Provide the cooking top for "Tops" in canning

A BIG 40-INCH COOKING TOP ALL OF WHICH CAN BE USED

You'll agree that this beautiful Roper gas range with patented "Staggered" top is ideal whether you do a little or a lot of home canning.

You will delight in the arrangement of burners and the generous amount of in-between space. At no time is it necessary to reach over or around regardless of size of utensils or number of burners being used.

"Simmer-Speed" burners provide the exact heat speed needed — so all important in the canning operation.

Main Line of Power

IN WEST TEXAS AND EASTERN NEW MEXICO

Serving electricity the "high-line" way assures you of an adequate supply of cheap electric power 24 hours a day. From town to town—from factory to factory—from farm to farm, electricity from our power stations, strategically located in the territory we serve, comes to you at a lower cost than ever before.

Cities and towns that receive their electric service the "high-line" way have a definite advantage. With adequate and dependable power, new industries are more attracted; better service for all. Yes, the "high-line" way is the modern way!

SOUTHWESTERN PUBLIC SERVICE COMPANY

25 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

THANKS

TO OUR CUSTOMERS FOR THEIR PATIENCE

During this war emergency it has been impossible at times to render our customers the fast one-day service we formerly took as a matter of course It always makes us unhappy to have to disappoint a customer or be compelled to say: "We're sorry — come back tomorrow." We LIKE to please every customer. Customers are the life-blood of our business. So we want to say we appreciate your patience and understanding of our problems. We are always eager to please you.

In Spite of the War We Strive to Serve You Well

Most service departments are short of trained mechanics. The men we have know their business and DO A GOOD JOB — but it takes a little longer than before — but the work is reliable and we'll keep your car or truck in operation. THAT IS OUR PLEDGE. The very best possible every time.

Howard Merry Rites Tuesday

Mr. and Mrs. Bob Smith received a wire from their daughter, Mrs. Phil Merry, saying that she and F-O Phil Merry had reached Tacoma, Washington, Monday of this week to attend the funeral services for Lt. Howard Merry, brother of F-O Merry, who was killed in a plane crash July 18 near Tacoma. Funeral services were held Tuesday.

F-O and Mrs. Merry are expected in Floydada this week-end before going on to Drew Field, Florida, where Phil is stationed.

DEATH TO INSECTS

The effectiveness of a spray, described as "invisible death" for forest insect pests now menacing certain western forests, is being studied this summer following a third aerial experimental attack staged on a 78-acre tract in the Grand Mesa National Forest in Colorado, according to the U. S. Department of

Agriculture.

The deadly ingredient of the invisible death formula is none other than DDT, the new and potent insecticide. From a low flying airplane, DDT is sprayed over insect-stricken forests. These experiments are being carried out cooperatively by the Bureau of Entomology and Plant Quarantine and the Forest Service.

Among the pests are the spruce budworms that have increased to the point where almost all of Colorado's 15 National Forests comprising more than 15 million acres are threatened. Thousands of Douglas firs of saw timber size have already been partly defoliated. John W. Spencer, Rock Mountain regional forester, reports:

A recent attempt to check the spruce budworm occurred in the Roosevelt National Forest near Estes Park, Colo., when a plane, in a three hour flight, sprayed DDT mist over 150 infested acres. An earlier DDT experiment was conducted on the Nebraska National Forest in April when 500 acres were sprayed the object of the attack being the pine tip moth. Results of this attack will not be assayable for some time, according to the Department. Pine tip moths have plagued the Nebraska forest for several years and have limited the success of ponderosa pine plantings.

A third flight is planned, aimed at controlling a beetle that is attacking Englemann spruce in the Grand Mesa forest. Results of the three spraying experiments will include a study of the effect of DDT on wildlife, particularly on those animals and birds that depend on insects for food.

Well, at any rate, I'm a man of my word, he snapped angrily. I do call a spade a spade.

Maybe, Henry, his wife retorted, but you don't call a club a club, you call it working late.

Safety Week—

Are you protecting your family against preventable injuries by machinery tools, equipment of all kinds? Do you—

Keep all hazardous belts, gears, etc., well guarded?

Permit only experienced operators on machinery?

Stop equipment before adjusting, refueling, etc.?

Keep children away from dangerous equipment?

Safely use and store sharp-edged tools?

Keep yard clear of broken tools, machinery, etc.?

Are you encouraging accident prevention in your home? Do you—

Urge members of your family to work safely, play safely, drive safely, and otherwise prevent accident by correcting conditions that might cause accidents?

Do you—

Have first-aid materials on hand for treatment of minor injuries? Are members of the family familiar with the proper use of first-aid materials?

Many a man has stopped calling his wife "the little woman" after taking a good look at her in slacks.

Son: Pass the butter.
Mother: Pass the butter—what?
Son: If you can reach it.

I have an awful time catching people's names when I'm introduced said one.

So do I, said the other, but I found a clever way to get around the awkwardness of asking to have the name repeated. O just ask, Do you spell your name with an e or an i? It usually works splendidly.

I know, I heard about that before. It worked with me too, until once I met a girl I wanted to know better. Now she won't even look at me. How is that?

Well, when I was introduced to her, I didn't catch her name, so I asked whether she spelled it with an e or an i.

What was her name?
Hill!

After a gentleman had spent nine weeks in Scotland and had seen rain every day, he asked the girl in a tobacco shop:

"Does it rain every day here?"
"Oh, no, sir," she replied blithely, "sometimes it snows."

Squire: "Did you send for me, m'Lord?"
Lancelot: "Yes, Yes! Make haste. Bring the can opener! I have a flea in my knight clothe!"
