## Club Sets Sept. 15 for Flower Show

### Good Growing in Race With Winter

The Floydada Garden Club takes pleasure in announcing to flower lovers of Floyd county that the annual public flower show will be held at the Southwestern Public Service building on Saturday, September 15.

Flower growers from all parts of Floyd county are invited to bring their flowers. The general public is invited to attend the show. Small prizes will be given to the first and second prize winners of all classes of flowers if there are three or more entries in that class.

**Entries At 10 o'clock**

Committees in charge will begin accepting entries at 10 o'clock. Out of town judges will judge the flowers as soon as the entries can be arranged. The show will be open to the public at 12:30. The entries are to remain until 6 o'clock p. m.

Judging will be based not only on the size of the flowers but also on the effectiveness of their arrangement and their display. Each individual will bring containers for her flowers. There must be at least three in a bouquet of the larger flowers, five medium size flowers, and eleven small flowers. One person may not enter more than one bouquet in any class or color of flowers. For example: In dahlias we have the formal, cactus, pompon and show dahlias in a wide range of colors. Each class and color will be judged separately in each class, but will not be allowed to enter two arrangements in one class and color.

**Committees Are Named**

The following committees will be in charge of arrangements:

Reception: Mrs. C. A. Caffee, president of Floydada Garden club, Mrs. A. P. McKinnon and Mrs. Wilson Kimple.

Receive and Register Entries: Dahlias: Mrs. L. J. Welborn, Mrs. E. L. Norman and Mrs. O. M. Watson.

Roses: Mrs. J. D. Cleveland, Mrs. John Hoffman, and Mrs. J. D. McBrian.

Zinnias: Mrs. E. F. Stovall and Mrs. A. N. Ward.

Marigolds: Mrs. L. C. McDonald (See FLOWER SHOW, page 4)

### Changes Due Arriving at Housing Quota

Joseph P. Tufts, national representative of the National Housing Agency, with headquarters in Dallas, arrived here this week that "extensive changes in the methods of allocating housing quotas" are anticipated from the War Production Administration.

Modification and possibly relaxation of building material restrictions may come in the near future, Tufts letter indicates.

The letter was in answer to a request from the Mayor of Floydada for some help could be obtained in relieving the most acute housing situation in the history of this community. The shortage is due to normal growth and not to war-consumption, the mayor pointed out.

Due consideration to the establishment of a housing quota for your community just as soon as new programs have been established," will be given, it was indicated by the national agency representative in his letter to the mayor.

### Funeral Held at Lockney Saturday

Mrs. J. T. Hill, a former resident of Lockney passed away at her home in Plains, Texas, Friday night. She was brought to Lockney Saturday by the Cragger Funeral home. Funeral services were held in the Main Street Church of Christ Saturday with Guy V. Caskett officiating.

Interment was made in the Lockney cemetery by the side of her husband.

Mrs. Hill was an old settler in Floyd county, having lived here 47 years. She is the mother of Mrs. Hill, former deputy sheriff and peace officer of Lockney, now of Wichita Falls.

### L. JACKSON HOME

Mr. Sid L. Jackson has returned to El Paso for reassignment after spending the past 30 days with his family after returning from ETO.

Mrs. Jackson and children, Leon and Sherry, visited several days in Oklahoma City with their father while he was home.

## Texas Wac, Texas Army Man, Wed in Australia, Will Take Up Civilian Life Once More

Putting things into civilian language assuming the role of Mr. Beasley will be the next step in the life of Sgt. Major Dixie M. Eckles, WAC, and Sgt. Edward W. Simmons, U. S. Army who were married in Brisbane, Australia, October 1944, and who have been covering the Southwest Pacific, for three years and she for 15 months.

Beasley was discharged recently from the army and Mrs. Beasley will receive her discharge this month.

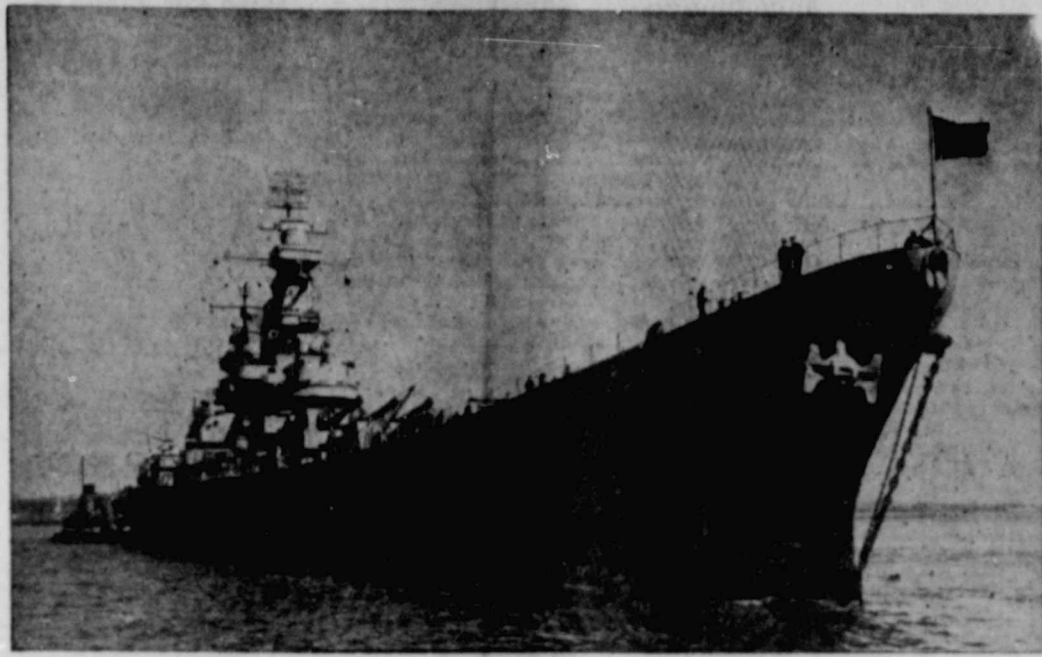

Mrs. Beasley is the daughter of Mr. E. C. Potter of Albuquerque, New Mexico, and has been in service 51 months. She attended Am-

arillo high school and graduated from Floydada high school. She will be remembered here as Dixie Potter. Beasley graduated from Abilene high school and attended Hardin-Simmons two years before entering service.

Their plans are indefinite at the present as to where they will make their home.

The wide travels of this young couple and their service in the Pacific as well as the romantic ending of their service with Uncle Sam's forces was the subject of a recent interesting feature story in Abilene News-Reporter.

## Local Man Was There When U. S. S. Iowa Blasted Japan

The majestic U. S. S. Iowa, 45,000-ton battleship of the United States Navy's 3rd Fleet, crowned her wartime record shortly before the end of the Pacific fighting by taking part in a daring midnight bombardment of industrial targets, just 70 miles from Tokyo.

## Harmon Learns Floydada Needs Active C of C

Serving as mayor of Floydada serves to teach you a good many things, and in the short time he has served the community in this capacity Mayor Frank C. Harmon's experiences have convinced him that Floydada needs a live Chamber of Commerce with an active manager in charge of its affairs working for the town and handling the hundred and one things of general interest and of urgent need for the continued progress of the town.

Mr. Harmon says he has been offered enough jobs to do (and most of them worth following through on) to keep a Chamber of Commerce busy for months, with a man concentrating on them and committees of community leaders giving them their study and thought.

"A one-man Chamber of Commerce, of course, wouldn't be the way to handle the job in the first place and a mayor isn't that man if he could handle them," said Mr. Harmon. "We need to get our forces lined up together, under the leadership of an aggressive organization and get busy as an entire community. The mayor can do what he can do but there are some demands called for in official capacity and, of course, a person has to go ahead and make a living in his business."

**Shouldn't Be Satisfied**

Mayor Harmon declares the town shouldn't be satisfied to wait for growth and development. It's a question of whether we want to make a better, more live-able community, one that is growing and desirable to live in or one that just goes along, everybody satisfied and willing for somebody else to do the town-building. For instance, he has in mind as possibilities:

A campaign for more good homes, especially good rent homes; which so far as the immediate future is concerned, will call for federal relief. (See NEED C. OF C., page 4)

## Amendments Carry Except Legislator Pay

Floyd County voters in decisive manner turned thumbs down on the proposed constitutional amendment that would have increased the pay of state legislators to \$10 per day during the tenure of office, according to the official returns canvassed by the Commissioners court Tuesday. The vote was 167 for to 367 against, a majority of more than two to one.

Unofficial reports on the vote state-wide indicates that the proposal met with a similar reception throughout Texas. News analysts are pointing to the vote as a rebuke to the legislature.

**Other Amendments Carry**

The other three proposed amendments carried in Floyd county and apparently in the state. Votes here was as follows:

Soldier voting, for 444, against 100; Supreme court increase for 304, against 232; Welfare, for 299, against 235.

Closest vote in the state was on the welfare amendment. It seemed probable that the people had adopted this proposal on the face of the returns yesterday at 11 o'clock, but it is possible that the measure may have been defeated.

Unofficial figures obtained by The Hesperian by precincts in Floyd county were as follows:

Southwest Floydada: Soldier voting, for 116, against 14; legislators' pay, for 61, against 73; Supreme (See AMENDMENTS, page 4)

## 60-Cent Tax Levy Is Set For County

The levy for various funds for Floyd county taxes next year vary a little from the current year in part but the sum total will be the same as the 60-cent levy on which tax rolls were made up for 1945, according to an order entered by the Commissioners court Wednesday.

Jury fund remains at 5 cents, road and bridge fund at 15 cents, general fund at 25 cents. Permanent improvements levy last year was 13 cents, this year is 15 cents. But a two-cent levy last year for court house annex was dropped from this year's budget because enough funds are on hand in the fund to pay off this debt and interest.

**Nobody at The Hearing**

There was nobody at the budget hearing yesterday morning when the court was called to order by Judge Grimes. That is, there was nobody there except the officials required by law to be present. John Citizen showed his lack of interest by being somewhere else.

## Schools Begin Year Monday Morning

Floyd county rural schools for 1945-1946, will swing into operation on Monday, September 3, with almost a complete list, two exceptions being Center which will open the 17th of September and Baker which opened the 27th of August. All others are scheduled to open on Monday the third of September. Teachers are listed below:

Irick, Mrs. Mattie Gentry, vacancy; Fairview, Mrs. Jim Conner, vacancy; Starkey, J. A. Stegall, vacancy; Aiken, Thos. L. Collins, Mrs. T. L. Collins; South Plains, Mose L. Damron, Mrs. Mose Damron, Mrs. Paul Snodgrass, Mrs. R. G. Dunlap; Sand Hill, J. M. Williams, Mrs. J. M. Williams, Mrs. Glenn Jackson; Lakeview, Mrs. Cella Rose, Mrs. Sam Green, Mrs. Bob Merrill; Center, Mrs. J. H. Moody; Lone Star, Fred A. Hardage, Mary Slover; Cedar Hill, Mrs. Pearl Childress, Eloise Langley; McCoy, Mrs. Helena K. Green;

A meeting of the County school board members in the County School Superintendent Clarence Guffee's office was held Wednesday at 2:30 o'clock, to check over the bus routes, and discuss them. Members of the board are W. Earl Edwards, president; J. T. McLain, precinct No. 1; Ben Quebe, precinct No. 2; C. W. Burton, Precinct No. 3 and R. M. Battey, Precinct No. 4.

**Opening plans at Lockney**

Lockney school will open Monday, September 3, with general assembly at 11 o'clock, with Dr. J. K. Rogers, Presbyterian minister of Plainview guest speaker.

Pre-registration this week beginning August 30 for juniors and seniors, August 31, for freshmen and sophomores, with the grade school students enrolling Monday morning at 9 o'clock. Approximately 25 boys (See Lockney School, page 4)

## Issue Books Here Friday And Saturday

Text books for high school pupils in Floydada will be issued from 1 to 5 o'clock Friday afternoon (August 31) and in the same hours Saturday afternoon of this week. Superintendent I. T. Graves said yesterday, "All high school pupils should get their books at this time so that they will not be delayed in meeting their classes when school opens Monday, September 3." Mr. Graves said.

Andrews ward pupils will not be issued books before Monday morning; however, the faculty will arrange books for preparation to be issued Monday.

**Coach is Graham Man**

Football boys will be issued uniforms on Saturday afternoon at 2 o'clock and will have their first work out Saturday afternoon.

Yesterday Mr. Graves announced L. P. Greshman as the new athletic coach. He comes from Bowie where he coached three years. Prior to that time he was at Memphis two years. Aldene Hudson, of Rochester, who was elected to the place when Floyd Murry resigned to go to Perryton; resigned and has taken the coach's job at his home town and returned there the first of this week.

Greshman is an East Texas State (See Floydada School, page 4)

## Will Display Home Making Girls' Work

About 40 Homemaking girls of Floydada high school have completed summer projects which will count as credit toward graduation. These projects consist of at least 100 hours work which includes sewing, cooking, canning, gardening, re-decorating homes, and part time work in stores and on the farm.

Displays of some of their accomplishments will be shown in the windows of the J. C. Penny company, Parker Furniture, the Community Canning center, and Southwestern Public Service company from Saturday, September 1, through Tuesday, September 4.

## Pearl Harbor To Tokyo Bay

Quite likely the only Floyd county boy who dodged Jap bombs at Pearl Harbor on December 7, 1941, and completed his cycle of service in World War II with the American forces on a ship in Tokyo bay at the surrender of the Nips is Warrent Officer G. H. Shirey, USN, son of Rural Route carrier and Mrs. G. N. Shirey, and husband of Mrs. Betty Shirey, the former Betty Newell.

A broadcast heard by the navy man's mother yesterday morning named her son's ship, the Benevolence, a palatial floating hospital, as one of those at Tokyo with the battle fleet. Shirey sailed with the ship from the east coast two months ago for the Pacific War theatre and the ship was in service when the Japs gave up.

Shirey was a seaman on the Maryland at Pearl Harbor when the sneak attack came on December 7. Although hit the ship was not sunk as were the Oklahoma and others. Shirey escaped uninjured from this holocaust.

In the interim he has served in various theatres with advancements in rank. He was a boatwain mate when he returned home last year to be married. Since that time he has been promoted to the rank of warrent office, position of envy in the navy.

## Ten Churches Represented In Meeting

The Woman's Missionary union of the Floyd county association convened with the First Baptist church Tuesday, in an all day session.

The scheduled program for the day was rendered. The local W. M. U. arranged special musical numbers which were rendered by Miss Billy Jean Swinson.

Thirty-six ladies were present representing 10 churches of the association.

The discussions were based on the scripture, "Having the everlasting gospel to preach unto them that dwell on the earth, and to every nation, kindred and tongue and people." Throughout the day there was manifested a forward look to the carrying out of the Great Commission of giving the gospel to the entire world.

## Swisher Family Move to Floydada

Mr. and Mrs. D. T. Mayo, formerly of Tulla, are now residents of Floydada, having recently moved into the home at 1122 South Main street, formerly owned and occupied by Mrs. O. M. Conway.

Mr. Mayo had farming and other interests in Swisher for several years. Mrs. Mayo is a sister of Mrs. Earl Hogge.

With them for the present is their daughter, Mrs. L. H. Hodges, and her daughter, Lynn, whose husband and father is in the Army of occupation in Germany. On V-E day, Hodges was with an artillery outfit in the Seventh army.

Mr. Mayo's business plans are indefinite for the immediate present, he said.

## Funeral Rites Held At Lubbock Wed. For Judge B. H. Howard

Funeral services were held in Lubbock yesterday for Judge B. H. Howard, 86, father of Mrs. John Reagan, and Ard and Grady Howard all of Floydada. His death followed a stroke which he suffered last week. Death came to him at his home 1414 Avenue M, in Lubbock, Tuesday at 12:40 o'clock.

Judge and Mrs. Howard were married in Livingston, Tennessee, in 1881, moving to Texas about 15 years later. They first settled in Montague county, but later moved to Crosbyton where he served as county judge in 1919 and 1920. In 1937 he moved to Lubbock, where he was making his home at the time

of his death.

He was a member of the Methodist church where the last rites were held. Also he was a Royal Arch mason. He leaves besides the widow, seven sons, six daughters, 15 grandchildren and 14 great grandchildren to mourn his passing. Other sons are Postmaster Howard of Lubbock, Dr. J. P. Howard, Merkel, Uris Howard, and Roy, both of Lubbock, and Vanroe Howard of McAdoo. Other daughters are Mrs. A. G. Reeves, Lubbock, Mrs. J. N. Payne, Ralls, Howard Crausabay, McAdoo, Mrs. Harley Henderson, McAdoo, Mrs. Frank Hill, wife of the Lynn County News editor, also of Tahoka.

## Aiken Resident Died at Alvarado Friday Morning

Mrs. J. E. Hampton of Aiken passed away in Alvarado, Texas, Friday morning and the body was brought to Lockney Friday morning. Funeral services were held in the First Baptist church in Lockney Sunday at 3:30 with Rev. E. J. Cobb officiating assisted by Rev. M. B. Carroll.

Interment was made in the Lockney cemetery.

Mrs. Hampton is survived by her husband, J. E. Hampton, and by two children, Sgt. J. E. Hampton, Jr., who was at home because of his mother's illness, and Miss Nell Hampton.

Mrs. Hampton was enroute to Marlin for treatment when she suffered a heart attack at Alvarado enroute. The family have been residents of Aiken for 20 years.

## Order Allows Discount For Oct. Payments

In line with a ruling of the attorney general of Texas the Commissioners court of Floyd county Wednesday in their special session for the budget hearing passed an order allowing three per cent discount on all county taxes paid in the month of October.

Heretofore the discount has been allowed only on that part of the tax due to the state.

## 4-H Clubbers Make Camp at Ceta Canyon

Sixteen Floyd county 4-H club boys spent the first three days of this week at Ceta canyon on an encampment in which boys from counties all over District 2, Extension service joined.

With the boys from Floyd county are W. M. Hambricht, adult leader of the Lakeview club, and A. L. Hartzog, county agent. Three days packed full of activities was the plan laid out for the encampment.

On the trip were Joe Mc Dunn of Irick, Chas Hammit of Cedar, Bobbie Kinchele, Gordon Hambricht, Lavon Shearer of Lakeview, Henry Neil Schacht of Lakeview, John Moss, John Dale Lloyd, Hershel Nelson, and Gerald Vinson of Floydada, Earl Edwards and Billy Joe Hambricht of Floydada high, and Troy Lee McNeill of Dougherty.

## V. P. Switzer Is Discharged After 6 Yrs. in Air Corps

Tech-Sgt. V. P. Switzer of the Army Air force has landed in the United States and has received his discharge with 108 points.

T. Sgt. Switzer served six years in the Air corps and served 18 months in England, Belgium, France and Germany with the 9th Air force.

## Ration Calendar For September

SUGAR: Stamp No. 36 expires August 31. Stamp No. 38 becomes valid September 1 and will be good through December 31.

MEATS AND FATS: Book IV, red stamps V2 through K1 are good for 10 points each. L1, M1, N1, P1, Q1, become valid September 1. V2 through Z2 expire August 31.

SHOES: Book III, stamps one, two, three and four with airplane pictures, each good for one pair shoes indefinitely.

TIRE INSPECTION: T book holders every six months or every 5,000 miles, which ever comes first. Application for passenger car tire replacement must show condition of all tires in use.

Sugar stamp no. 38 is being validated instead of no. 37 because so many home canners by mistake last year mailed sugar stamp no. 37 to their local War Price and Rationing Board to obtain special canning allowances, instead of spare stamp 37 requested by OPA.

## Renew Trade For Trapper

Contract for the continued service a predatory animal trapper for the ensuing year was renewed by the Commissioners court yesterday, when the court passed an order accepting the terms of the Predatory Animal control, a federal agency of the Department of Interior.

T. J. Sparks is the trapper who has been operating in this county since mid-summer. Considerable areas of the county have trouble with coyotes in particular and predatory animals in general, the service of the trapper aiding in the control of these animals.

## EDITORIAL

### ABOUT TWO MEN A DAY

Discharges from the armed forces are coming through on the basis of about two men a day for Floyd county's estimated one thousand men sent to the wars in all branches.

If this rate of discharge continues—and it might—Floyd county would have 240 of its service men back home by the first of the year, counting those already at home, an estimated 300.

"They" say that February will be the big month for discharges, on the basis of present outlook of the various forces.

The atomic bomb has set off a bomb under all previous planning of the army and the navy, it is said. What to do? Big army, little army, keep all the ships sailing, put some in storage? The pattern that was all laid out to follow is now to be made over again. The atomic bomb did it. Who knows what to do?

### CALL FOR ECONOMY

The thunderous pace at which the country has been spending money to win the war and save as many boys' lives as possible now is being

slowed down as fast as can under the demand from many sources which say why keep spending it? Quite likely the spending will be cut too deeply just like it was expanded too much in the first place. And in the subsequent days there will come to light millions and millions of waste which will be difficult to justify in the light of peace days but which at the time may have been fully justified by the situation and the outlook. Some good reputations are due to be sneered.

### ALARMING SHORTAGE STILL

There is one shortage which is alarming in high sources but just will not be taken seriously among the folks. That is the shortage of fat.

The shortage of fats and oils is the most serious in the history of the nation, the Fat Salvage committee declares. V-J day only serves to highlight the need. It is just important to save every bit of used fat as it was during the war and will be for several months.

Because used fats collect in tiny bits and are a source of annoyance—and actual loss in money for that matter—many dealers will want to be rid of the nuisance. Instances already have come to light where the dealer said to the housewife that since the war is over no further need to collect fats.

Of course, the big boys are helpless to get the job done unless the main run of people take them seriously and continue to go to the trouble of saving fats and turning them in. It seems probable that the vast majority will not continue to do so. It is the way of human nature.

### FOOD TIP

Eat lots of potatoes now. They are plentiful and to spare, so plentiful that they cannot be marketed successfully. Those which will not grade high enough to go into storage are going on the market from nearby counties where the production is large.

Potato eating will help the neighbors. Also they stick to the ribs, and can be served in many, many ways for a change.

### FIGHTING THE WEATHER

Even in attempting to sign up for the peace with Japan the American forces are finding the weather one of their toughest problems to overcome. Typhoons, which were as rough on American men and ships, in the China sea and the vicinity of Japan, as their human enemies, caused many a casualty both of ships

and men. And fighting the weather will continue to be one of the big jobs for our boys as they begin the patrol to see that Japan carries out her word. Is it possible the Japs take their treacherous characteristics from the kind of weather that surrounds them?

### SIGNS OF THE TIMES

It's good to see plentiful, or nearly plentiful, supply of cigarettes on the counters and on display now, and the smile of satisfaction on the dealer's face who offers you two packages when you ask for one. Some weeks ago there were signs that this would come to pass. It is said that the cigarette shortage is one that is definitely over and soon will be just another one of those things that happened back during the war.

### GOOD FOR MR. HARMON

In this issue of The Hesperian is a story of one thing Frank C. Harmon has found out in the short period he has been mayor. Doubtless, he has had a number of experiences while in office, some interesting and pleasantly so, some interesting and unpleasantly so. Nothing like public office to make you find out things, particularly about yourself. Like sticking up a lightning rod.

This thing that Mr. Harmon has found out as related by the story is that Floydada needs an active, up-and-at-them Chamber of Commerce. It needs not to be called that necessarily but the kind of an organization we think of when we say Chamber of Commerce, is what is meant. Mr. Harmon been offered enough things to do for the good of the community since has been mayor to keep a Chamber of Commerce busy for a year. Meanwhile other things would pile up.

How to get people interested enough to furnish the money to make the mares go, to pay the rent and keep a good organization busy is our reaction. The Hesperian has insisted since there was a Hesperian, perhaps, at least for a third of a century, that an active Chamber of Commerce which gives its attention strictly to Chamber of Commerce affairs would be the most valuable community business welfare organization Floydada could have. The emergency organization that has been maintained on a standby basis has done some invaluable service. But there is nothing in the world so good for a community as thoroughly organized, active, aggressive coordination of effort to solve community problems, to make a town grow.

Contentment cannot be the lot of a good community any more than it can be the lot of a good business establishment. We do hope the story about the mayor wanting an aggressive, live wire Chamber of Commerce gets something done.

### SAM McLEAN, A FORMER RESIDENT, HERE LAST WEEK

Mr. and Mrs. Sam McLean and Mr. and Mrs. J. B. Mallotte all of Ft. Worth were in Floyd county last week attending to business. Mr. and Mrs. McLean and their daughter, Mrs. Mallotte, were former residents of Floydada making their home in the Starkey community where Mr. McLean owns a farm.

### WORD OF APPRECIATION

We are most grateful to our friends for their expressions of interest and sympathy, and their help; and also the flowers sent during the serious illness of Mrs. Thomas.

Mr. and Mrs. J. J. Thomas.

Mr. and Mrs. W. B. Jones and Mrs. Nannie Ross of Plainview spent Monday in Munday, Texas, to be with Mrs. G. L. Keene who is seriously ill. Mrs. Keene is a sister to Mrs. Jones and Mrs. Ross. Mrs. Ross remained for a few days.

Mr. and Mrs. Horace Mitchell and children and Mrs. I. H. Mitchell of Fort Worth, Brian Martin of Aspermont, and Mr. and Mrs. Horace Marble and children of South Plains spent last mid-week in the home of Mr. and Mrs. J. L. King.

W. C. Roberson of Plainview was in Floydada Monday on business and also visiting with friends.

## Floyd County 14 Years Ago

These news items taken from the Floyd County Hesperian published 14 years ago.

(Issue of August 27, 1931)

Work is progressing rapidly on the canning of surplus vegetables from Floyd county gardens by the women of various churches of Floydada for use by the needy this winter, according to a report from Lon Davis, general chairman of the work, issued this morning. The quota of 100 cans have been accepted by four churches.

The Floyd County Association of the Baptist Women's Missionary union will convene with the local Baptist church in the annual all-day meeting Friday, August 28. Mrs. G. A. Linder will make the welcome address.

Daniel H. Sandige, of St. Louis, field representative of the United States Department of agriculture, working under orders of the Administrative officer of St. Louis, was in Floydada Thursday, Friday, and Saturday of last week checking over drought loans made by the Government during the early part of the year.

Cleo Cosby, 16 year old daughter of Mr. and Mrs. L. B. Cosby, of Center, underwent an operation for appendicitis at the Smith and Smith sanitarium last night.

Miss Kate Stiles was elected president and Misses Mildred Olson and Ola Hanna vice-presidents of the P. W. G. Club at a meeting Monday night at the home of Mrs. E. L. Angus, sponsor.

Funeral services were held Tuesday morning at 10:30 o'clock for E. M. Bond, 72, who died at his home in south Floydada Monday morning at 10:55 o'clock. Funeral services were conducted by Rev. P. D. O'Brien, pastor of the Baptist church.

Miss Eddie Hammit and Clarence Strickland were quietly married Sunday afternoon at the home of the bride's parents, Mr. and Mrs. J. E. Hammit in northeast Floyd county.

Mrs. Flynn Thagard entertained last Thursday afternoon honoring her little daughter, Sammie on her third birthday.

## City Fat Saving - Record Falls Under Town and Farm Push

Ever since our government asked town and farm women to save used fats, the record previously set by city women has taken a beating.

We must keep up the good work! This country is facing a shortage of 1 billion, 500 million pounds of fats in domestic supplies, alone. Tons of vital war and home-front supplies requiring fats are still needed. We in towns and rural districts are in a better position to save fats than most city folks, so the government is depending on us.

Save every drop, every scrap. Melt down solid fats. There's never too little to save! Butchers will give you up to 4¢ and 2 red points a pound. If you have any difficulty, call your Home Demonstration or County Agent. Approved by WPA and CPA. Paid for by Industry.

### Crosby Grand Jury Takes Up Hillin Death

The Crosby County grand jury, summoned by Judge Dan Blair, met Monday of this week to investigate the circumstances surrounding the death of Lonnie C. Hillin, son of Sheriff and Mrs. Hillin, whose body was discovered by his father in a bar ditch about four and one-half miles west of Crosbyton on the morning of August 16.

Funeral services were held for Lonnie Hillin Saturday and burial was made in the Ralls cemetery. A charge of murder was filed against Ruel Griffin of Crosbyton last Friday by State Ranger Captain B. M. Gault. Griffin was filed in the Justice of the Peace R. E. Karr's court at Crosbyton.

The State Rangers took over the preliminary investigation of the case within a few hours after the body of young Hillin was found. A second Crosbyton man was held in jail for several hours before being released, and a game in a Crosbyton residence on the afternoon of August 15 also were questioned by the rangers.

Gene Collins, Jr., son of Mr. and Mrs. Gene Collins, is home from Phillips, Texas, where he has been employed for several months, and has registered in Texas tech again this year.

Mrs. Earl Hogge and son, Earl, Jr., are in Hot Springs, New Mexico, where they are taking the baths. Mr. Hogge accompanied them to the resort town some 10 days ago, returning last week.

### Many Attend Hospital Meet At Crosbyton

A large gathering was held last week in Crosbyton to arouse public interest in the co-operative hospital plan. A barbecue was held and attended by over 2,000 persons Friday night, August 17, with P. Merriman of Lubbock, auditor for the Amherst hospital giving a talk on the co-operative hospitals and their benefits to members. Joyce Halsey and her Drug Store cowboys from Lubbock furnished the music which got the meeting underway.

Much was accomplished by the meeting and it was enjoyed by every one. Many communities from the county and nearby counties were present and it was just like old home week for a few hours.

Nugent E. Brown, editor of the Crosbyton Review, is secretary of the hospital organization.

### Methodist Notes, Aiken District

(By J. G. Walker, pastor)

We closed our meeting at Bellview Sunday night. One of the best meetings that I have been in lately. Five confessions, and five additions to churches. We have never seen greater interest among young people; and Bellview has as fine a group of young people as I have ever met, and they have the largest number of any community of its size. It was a union meeting sponsored by the Methodist and Baptist.

Brother Howell, the Baptist pastor at Kress did the preaching. He has evangelistic qualifications, space will not permit me to say what I would like to say for him. I would recommend him for admission into the Methodist conference, if he wanted to join.

Brother P. R. Pickens, Methodist pastor from Hart lead in the singing. He is a good song-leader; and worker among young people. He was pastor of Aiken circuit several years ago.

This Sunday we will be at Bellview at 10:30 a. m.; and Aiken at 12 m and 9 p. m. Come, and worship with us.

It won't be long now until the closing of the Conference year. Let's work to make it a pleasant closing.

### The Home Front

(Edith L. Wilson)

The war's end has not solved the problem of sending food to servicemen overseas and "food from home" is the first thought most of the boys have when they are asked what they would like to find in their Christmas packages.

Mrs. Winifred J. Leverenz, Texas A. and M. College Extension Service specialist in Food Preservation, says, "Experiments last year taught us to use foods canned in tin cans if at all possible. At least, it is essential to pack the foods in tight metal containers."

Reports from servicemen indicate that food not sealed in cans was usually molded, infested with insects, soaked in oil or water, or it was dried out and old.

Proper canning will be even more important this year with the bulk of the packages going to the Pacific, where the climate and distance of travel will be harder on the contents.

"When sending food to the servicemen, it is best to send a variety of things unless he has asked for one specific food," says Mrs. Leverenz. "Some women planned a menu on this order: 1 can turkey, 1 can cranberry sauce, 1 can nuts, 1 can plum pudding. Another sent 1 can cheese, 1 can pickles, and 1 can crackers at one time. A meat, a vegetable, a fruit, a relish and a sweet which go together well might make a whole meal," recommends Mrs. Leverenz.

Fruit cakes were among the most popular items sent last year. It is one of the most desirable products; therefore, Mrs. Leverenz advises that we continue to send fruit cakes even if sugar substitutes have to be used.

Other items which have been canned and sent overseas successfully are: cookies, candies, baked or fried pies, breads, preserves and jellies, well-cured meats, fritos and potato chips, pickled boiled eggs and many other types of cake in addition to fruit cake.

Mrs. Ona Mitchell and daughter, Frances, and Misses Alene Warren, Maurice Burton and Billie Jean Swinson visited over the week-end in Lubbock.

The Dixon Bible company distributors of Lubbock were in Floydada Tuesday of this week.

## Home From Trip To Cordell Reunion of Berry Family

Mr. and Mrs. Grady Harris and children Jolene and Johnnie Wayne also Mrs. Phil Crawford visited Mrs. Harris' parents, Mr. and Mrs. G. W. Berry of Cordell, Oklahoma, the past week returning to Floydada on Monday.

Mrs. R. P. Isbell, mother of Mrs. Berry, celebrated her 74th birthday which called for a family reunion.

About 65 persons attended to wish Mrs. Isbell happy birthday. Mr. Harris who is installing a gin for West Texas Gin company at Chilli-cothe returned to his office there on Tuesday.

**Medal for Heroic Duty** Staff Sergeant Raymond H. Berry supply sergeant, brother of Mrs. Harris, was recently awarded the oak leaf cluster to Bronze star for heroic duty and efficiency in directing and supervising the unloading of supplies from boats at a ferry site. These were critically needed supplies which played an important part in the Saar River operations, in the vicinity of Killingen, Germany before the surrender of Germany. Sgt. Berry visited in Floydada on his furlough about two years ago. His father G. W. Berry and sisters were at that time operating the Palace cafe here.

## Forgery Charged Against Wichita Falls Boy Here

Things were good for Darwin Ashlock, 18, Wichita Falls boy, in Floydada 10 days ago while he was spending money he drew on Archer City bank checks, but the going was not so good this week.

Officers charge that the young man forged the checks, amounting to upward of \$80 and cashed by three local banks. On their complaint he was arrested in his home town the first of this week and Deputy Sheriff H. E. Whitaker brought him to Floydada Tuesday to face the charges here. The lad has a good appearance and personality. The grand jury has been called to convene Saturday to investigate the charges.

The grand jury also will investigate a rape charge against a Floyd county man, against whom complaint has been filed in Justice O. B. Olson's court and who is now under \$2,500 bond to await the action of the grand jury.

Greshman, Mrs. Ruby Orman, Miss Vera Meredith, Mrs. Louise Haight, Mrs. Ethel French, Mrs. W. S. Spears, Mrs. Gladys Howard, Miss Emma Lou McKinney, Mrs. Hulsee, Mrs. Joe Hopkins.

## NEW OATS MULTIPLIED FAST

Rapid multiplication of the seed of new crop varieties by plant breeders is making the rabbit and guinea pig old style as symbols of prodigious reproduction. For example, the U. S. Department of Agriculture recently noted an oat variety, developed in a cooperative Federal-State breeding program, that in one year was increased from three-fourths of a bushel to more than 1,200 bushels. If the coming season is average good for oats, the 1,200 bushels should produce 35,000 bushels for distribution to farmers for 1945 planting.

This new variety, developed by the Bureau of Plant Industry, Soils, and Agricultural Engineering and the Iowa, Illinois, and Indiana experiment stations, is resistant to the rusts and smuts and in addition has a very stiff straw that grows taller than the disease resistant Tama and Vicland varieties and stands better at harvest time for combining.

Only 23 pounds of this new variety was harvested in July 1943, at Ames, Iowa, where most of the breeding work on this variety was done. Then came the skillful multiplication: Three months later, in November, this seed was sown at Mesa, Arizona, on irrigated land. In April, 1944, the experimenters harvested 65 bushels of seed, more than 2,000 pounds. This ton of the new oats was immediately shipped to Aberdeen, Idaho, and sown May 20 on irrigated land. A destructive storm damaged the ripening crop, but in spite of this unanticipated loss some 1,200 bushels—practically 20 tons—were harvested in August—just a little more than one year after the original harvest of 23 pounds.

The variety will be increased in 1945 on farms of select growers.

Cleaning up and straightening up, general laundering and renewing of business establishments with new and modern fronts and better appearing surrounding premises. Campaign for a modern abattoir or slaughter house that would meet all the requirements of the State Department of Health. Such an enterprise would begin making money at once, he thinks.

And there are several other chances for the town to move forward, that the whole community could be working on. Harmon's idea is that some of the things that could be done might be "chancy" but that town building can't be done by hoarding money. Anything you go at, he points out, always has the element of chance. Mr. Harmon realizes that an aggressive organization, such as he has in mind, will take money to operate. He says that the organization, as at present carried on, is doing all it can do with the money at hand. And he praised the work that has been done so far as it has gone. What we need, he declares, is a general awakening and a demand that the Chamber of Commerce broaden its activities—and that it be given ample funds with which to operate. "It will make a lot of difference in the way Floydada grows and prospers and gets things done," he declared.

The Chamber of Commerce has been operating on an emergency basis for several years, during which time its membership has been maintained and matters of moment or emergency given attention. Mr. Harmon has no idea of reflecting on the good work done, his belief being that its scope of activity should be greatly broadened.

Antelope, McCoy, indicate this. In wheat stubble that has been kept clean the seedling moisture for planting, soon to begin, is good. Marvin Stiles said the first of the week that tests made by him north-east and southwest showed more than two feet of moisture in well-cared for stubble, with deeper penetration northeast.

The area of the biggest per cent of cotton acreage in the county—around McCoy—had exactly the right kind of a shower Monday afternoon, and it extended into Crocker county and back this way heavily to Blanco canyon. An inch of better fell at McCoy, and eastward as far as Ed Kelley's in Barker the rain was practically as heavy.

**Cotton Fruits Wonderfully** What cotton there is in the county, including that around McCoy and in an area north of Lockney, is fruiting wonderfully this year. It got off to a slow start but the seasons were right after June 1. The stalks are big and healthy and covered with fruit wherever you find a field dotted around over the county.

In Iowa, Illinois, and Indiana. The following year this newcomer—scarcely out of the cradle, so to speak—will be released for growing on many farms in the North Central States. The name of the new variety probably will be announced within the next few months.

## WHERE CHIMNEY SWIFTS GO

A good mystery loses flavor once the answer is found. I have always enjoyed the chimney swifts in summer a little more, because no one knew where they went in winter. They had a secret. The migration paths of all other common birds were known, except that of the swift. He just disappeared. Now the mystery is gone. Numbered bands, issued by the U. S. Wildlife Service, are placed each year on thousands of birds. Lately thirteen swifts, wearing bands attached in Tennessee, Alabama, Georgia, Illinois, Connecticut and Ontario, were

shot by Indians in the River Yana-yaco valley of Peru. Next summer when the swifts return to my chimney I shall have to think of a Peruvian valley called Yanayaco instead of being able to wonder about the autumn mystery of their disappearance. One can know too much. Wheeler McMillen.

## Diabetic White Collar Malady Is On Increase

AUSTIN, Texas.—Diabetes, a disease for which modern medicine can do so much, took a toll of several hundred lives in Texas during the past year, according to Dr. Geo. W. Cox, State Health Officer.

"While the communicable disease such as typhoid fever, malaria, diphtheria, and smallpox are causing a decreasing number of deaths each year in this country, diabetes is now taking a decreasing number of human lives, especially in the middle aged group," Dr. Cox said.

"Until recent years diabetes was not noted as a major health problem but it became accepted as such in direct ratio to the development of medical laboratory procedures, which made the disease more easily diagnosed."

Dr. Cox said that diabetes is generally recognized as a class disease. It seems to attack the white-collar class of indoor men and women much more frequently than it does the outdoor person whose work is more vigorous and calls for more exercise. Whatever the actual cause of the disease may be, vocational and economic conditions are factors, since it seems a fact that those who do not indulge in luxurious living and whose occupations calls for manual labor are not frequently affected. Dr. Cox said that simple living, wholesome diets, sufficient exercise and sleep are factors in the prevention of diabetes, and an annual physical examination is important to determine whether or not the disease is present in the middle-aged group.

## Finishing Second Lot of Fryers, Starts Another

J. N. Redd, finishing his second lot of fryers grown for the market this week, is preparing to start with another 2,000 this week-end.

Like the first 1,500, his second 1,500 showed a good profit, too. His net on the second lot, he figured Monday, was \$652.40. He started them on May 17 and sold the bulk of the flock on August 13, something over \$200 per month for a few hours time a day plus return on his investment.

Mr. Redd uses a building 20 by 40, paying especial attention to ventilation. The building, he said isn't big enough to handle 2,000 chicks past about a month old. He plans to take out the pullets, however, to use for layers, and to finish out the roosters for fryers as before.

The demand has been far greater than he could supply, Mr. Redd said.

## Yvonne Hale To Be Married Soon, Told at Announcement Tea

At a tea at the home of Mrs. A. H. Rainer, 623 W. Virginia street, Tuesday evening, 8:30 o'clock, August 14, Mrs. J. Sam Hale announced the engagement and approaching marriage of her daughter, Yvonne, to Flight Officer Paul A. Kern, Jr., son of Mr. and Mrs. Paul A. Kern, Sr., of Pontiac, Michigan.

The guests were received by Mrs. A. H. Rainer, sister of the bride-elect and were registered in the guest book where Mrs. Norman Goen, sister of the bride-elect, presided. Miss Hale and Mrs. J. Sam Hale stood in the receiving line and the guests were ushered to the dining room by Miss Frances Field. They were served from a lace covered table lighted by candles by Mmes. Kenneth Roberson, Roy Hale, and J. S. Hale, Jr. The punch bowl embedded in green fern and pink asters served for the center piece and white napkins bearing the names Paul and Yvonne, September 1, engraved in gold letters served as plate favors.

The living room was beautifully decorated with cut flowers and was lighted by candles. A plaque of blue and white hung on the mirror above the fire place with the names Kern and Hale in the center. Soft dinner music was played throughout the evening.

The guest list included Mmes. Billie Fowler, Ouida Britton, Mildred Carter, Ruth McIntosh, Gwendolyn Norman, all of Floydada, Jane Teaschner of Kress, and Leone O'Hare of Lubbock, Misses Lovell Ginn, Maurice Burton, Reda Mae Gary, Gracie Waller and Eva Elmore Smith.

## Margaret Camden, Sg. Oran Beck Married Here Sunday Morning

Miss Margaret Camden became the bride of Platoon Sergeant Oran Beck in a single ring ceremony performed by Rev. L. A. Doyle at his home Sunday morning at 9:30 o'clock.

The attendants included Mrs. L. A. Doyle, AM 2c Earl Beck, and Miss Thelma Doyle.

The bride wore a blue dress with black accessories. For something borrowed she wore pearls belonging to Miss Mary Barum of Amarillo. She carried a white lily and wore a corsage of gardenias and tube roses.

Mrs. Beck is a graduate of Floydada high school with the class of 1942. She attended Wayland college in Plainview for two years and has been employed with the Amarillo post office for the past 10 months. She is the daughter of Mr. and Mrs. C. T. Camden of Amarillo.

Sgt. Beck also graduated from Floydada High school with the class of 1942. He has been serving in the Marine corps for three years and has just returned from the Pacific where he served for 30 months. His parents, Mr. and Mrs. A. O. Beck, live in Dumas.

## INSURANCE FIRE

FARMERS UNION from the national office on down believe in the Government's all crop insurance. In fact we think that without the support of the Farmers Union we wouldn't now have it in Floyd County. Personally I wish every wheat farmer in Floyd County would take this insurance and be safe. Then next year, if and when you get some good wheat growing, we will be glad to write 100% HAIL INSURANCE with NO 10% DEDUCTIBLE CLAUSE.

Regardless of what the Old Line Boys had to say about we "might not" pay off, I say the record will show that "we did." The farmers, who had the hail losses, say we were fair in our adjustments and we paid all losses in full and paid Lewis Harber 100% Hail Loss. We think he is the only farmer in the county who collected a 100% hail damage.

Now about our Farmers Union Fire Insurance. It's new to Floyd County Farmers, but one out of twenty farm homes in Floyd County have now taken advantage of the 100% protection at less than one-half the premium rate.

John F. Lewis this week insured \$10,000.00 worth of Farm Buildings and Personal Household property in the Farmers Union at a saving of \$60.00 per year. No risk is too big for we have millions behind us, regardless of what "They Say."

H. H. Caldwell this week insured his tenant house for \$350.00 with up at a saving of \$3.50 per year. No risk too small to be appreciated.

You Farmers in Floyd County have some nice homes and we are on the up and up. You need this property protected 100% but you don't need to pay the double rate. Help develop another Co-op and let the madam spend the savings in your own home.

## RADAR spots targets through darkness smoke or fog

The Bell System, the largest source of Radar for our fighting forces

This is not surprising for Radar development and production stem from the same roots that produced and continue to nourish this country's telephone system.

Radar, the instrument which enabled our land, sea and air forces to spot enemy targets through darkness, smoke or fog, was one of the outstanding new fighting instruments of the war.

Two years before Pearl Harbor the Government asked Bell Telephone Laboratories to put its wide experience and knowledge of electronics to work to help perfect Radar as a military instrument. From then on the Laboratories cooperated closely in the Radar Program with the National Defense Research Committee, with Army and Navy specialists, and with scientists of Great Britain.

The Western Electric Company, manufacturing branch of the Bell System, became the Nation's largest supplier of Radar systems. One type it makes was universally used by B-29's in the Pacific for navigation, target location and high altitude bombing. Another played an important part in aiming the guns on our warships.

If you're waiting for a home telephone, it helps a little to know that Radar is one of the reasons. For years telephone manufacturing plants were devoted to war needs.

## Sugar Reserves Lowest in Years

COLLEGE STATION, August 28 (AP)—The United States has the lowest sugar reserves since the last time they were so low. Our sugar reserves probably will not be rebuilt until 1947. You probably know only about one-fourth of our sugar is grown in the United States. So when the war started our sugar troubles began. Not only the United States, but our allies were cut off from the Pacific areas, except Hawaii. And likely many more will pass before most of the producers will ship sugar to the United States. In the meantime, our allies who were formerly dependent on home sugar and on sugar from the United States have had to obtain some of their sugar from the Caribbean area. That means less sugar for the United States. With less sugar to buy, our national supplies have gradually dwindled. In the face of that, we used 450,000 tons more sugar for home canning purposes last summer than we had needed for the food we put on the table. The money to buy it and the appetites to eat it, we probably had some of that canning sugar in the form of cookies, lemonade and the like. We have practically no reserves of sugar to fall back on. Uncomfortably Cuba has suffered from the worst drought in 87 years. The sugar crop in Cuba was 100 tons short of expectations. Fortunately, more sugar beets were planted in the United States last year, but not enough to balance other shortages and we can't expect much improvement in supplies for many months.

## First Passenger

### Produced in East

The first passenger automobile to be produced in the East since 1942 rolled off the line August 14 at the Edgewater, New Jersey, Ford Motor company plant. The River Rouge plant at Dearborn, Michigan, has been in production since July 3. The Edgewater plant was the first to return to passenger car assembly since reverting from war production to peace time production. Before the war, Edgewater plant produced approximately 400 passenger cars a day. Plans are under way to increase production over the figure once restrictions are removed.

## PLEASANT VALLEY CLUB

MEETS WITH MRS. HARRIS  
The Pleasant Valley Home demonstration club met in the home of Mrs. Clark Harris. A talk on war planning for G. I. Joe was given by Mrs. Dorsey.

Mrs. Collins Walker gave the club a more interesting things about the short course. Mrs. Harris had a party of games. Delicious refreshments of punch and cookies were served to the guests.

# In This Hour of

# TRIUMPH

Behind us lie 3½ years of deadly struggle in which, with God's help, we have prevailed.

So, today, we celebrate a victory.

After the celebration, what lies ahead?

For most of us, the outlook is a bright one. If we will simply use the brains, the will, the energy, the enterprise... the materials and resources... with which we won our war, we can't fail to win the peace and to make this the richest, happiest land the world has known.

For most of us, the years ahead are bright with promise. But for others of us—and, ironically enough, their part in bringing victory was a major one—the years to come must bear a different look.

In America today are hundreds of thousands of injured men. Men with neatly pinned up sleeves and trousers. Blinded men. Men with clever iron hooks instead of hands. Worst of all, men with hurt and darkened minds.

These men need our help. Helping them will cost a great deal of money. We can help them best by buying Victory Bonds.

Far away from America today are millions of Americans. As we would be, they're on fire to get back—to their wives, to the children some of them have never seen, to their jobs.

These men need our help. Helping them will cost a great deal of money. And we can help them best by buying Victory Bonds.

This is our day of triumph. But it's theirs too—the injured men, the men who are still far away.

Let's not forget them, in our just rejoicing. And the one way we can help most to care for our wounded... to bring our veterans home... to give them a fresh start in the country they fought for... to care for the families of those who died before the Victory was won... is simply this:

Buy all the Bonds you can. Keep all the Bonds you buy.

### Support Fire Dept., Urges State Chief

A plea for support and encouragement for Floydada Volunteer Fire department and for all similar organizations of the thousands of Texas communities was made to the Rotary club by Frank Williams, State Fire chief, who spends his time in state-wide travel from city to city working with fire departments and helping to keep them up-to-date in their methods and practices.

What the Floydada department is worth annually—amounting to several thousand dollars—to this community was pointed to by Mr. Williams as evidence of the very valuable service the boys of the department render to this community. On the program also were Fire Chief H. B. Johnson and Melvin Ray, of the Leveiland department, and Carl Rodgers of the Floydada

Fire department. Mayor F. C. Harmon presented the speakers.

### JOE ARWINE DUE TO GET OUT OF AIR CORPS SOON

Lt. Joe A. Arwine, Jr., is due to be home soon with a discharge from the Army Air corps. This information he gave the family last week-end when he said he was checking out of Monroe field and would soon be enroute to a separation center for final release from the army.

### CARL ARNOLD ON LEAVE HOME FROM NEW ORLEANS

Lt. (jg.) Carl Arnold arrived home Saturday from New Orleans where he has been stationed for the past month after returning from Europe. Lt. Arnold will spend a 30-day leave visiting with his mother, Mrs. C. K. Arnold. He will report to Norfolk, Virginia, at the end of his leave.

### Claud Mullins Rites Held at Crosbyton

Funeral rites for Claud A. Mullins, about 45, former resident of Floydada, whose death of a heart attack occurred at San Angelo Monday, were held Tuesday at Crosbyton.

Besides his wife Mr. Mullins is survived by an adopted daughter, Jean, whom the couple adopted while living in Floydada. They moved from this place about 10 years ago.

Mr. Mullins was one of the men who drilled scores of "wells" on the caprock on Quitaque when the Denver South Plains lines were built in 1928. Charges of blasting powder were put at the bottom of the holes to blast the rock and earth formation loose for excavators and workmen to make the tunnel through which the lines run.

Crosbyton was one time home of the Mullins' and where Mrs. Mullins lived when they were married.

### RECENTLY PROMOTED

T/S Gene Smith who is stationed in the Philippines was recently promoted to T/4. He has been in service for 32 months and overseas 18 of that time.

His wife and daughter, Fleeta, make their home in Floydada.

### Eleanor Simmons Still In Europe

Pfc. Curtis E. Simmons WAC, is now helping with the gigantic task of re-deploying Air Forces personnel and supplies to the Pacific. She is one of the key personnel needed in the United States strategic air forces in Europe to redistribute the thousands of aircraft, motors and replacement parts which had poured into Europe for the Eighth and Ninth Air forces.

Pfc. Simmons is the daughter of Mr. and Mrs. W. S. Simmons of this city. She will either be transferred to a new job or discharged, depending upon the number of points she has accrued on her adjusted service rating card.

### ATTEND OLD SETTLERS ROARING SPRINGS MEET

Among the Floydada people who attended the Old Settlers re-union of Dickens and Motley counties at Roaring Springs last week were Glad Snodgrass and Marshall Bob Smith.

Mr. and Mrs. Buck Hickerson and Sgt. Milton Terry also were among those who went to the re-union, as were Mr. and Mrs. W. F. Farrow and Mr. and Mrs. Jim Garrett.

Typewriter Ribbons, Hesperian.

### Mrs. J. S. Cope Funeral Aug. 19

Funeral service for Mrs. James S. Cope, 53, of Lockney were held Sunday afternoon, August 19 at 3:30 at the First Baptist church in Lockney with Rev. E. J. Cobb, pastor, conducting the last rites.

Mrs. Cope died the preceding Friday afternoon enroute to the Plainview hospital. Her death was attributed indirectly to varicose veins.

The deceased is survived by her husband; two sons, Lt. James W. Cope of Savannah, Ga. and Seaman First Class Ephriam Carl Cope who is somewhere in the Pacific; her mother, Mrs. M. A. Broyles; three brothers, Sam Broyles of St. Vrain, N. M., Ephriam Broyles of Albuquerque, N. M., and Carl A. Broyles of Plainview; and two sisters, Mrs. Edna Shipley of Forney, Texas and Mrs. Martha Reynolds of Parker, Arizona.

Mr. and Mrs. S. H. Lanier and son, Earl Wayne, of Fort Worth visited last week in the home of Mr. and Mrs. George Pinkner with their daughter, Mrs. S. H. Lanier, Jr., and son.

Mrs. Vernon McPeak and son, Melvin, returned Tuesday from Oklahoma City where they visited Mrs. Pat Patterson.
