Boys Get Bowl Trip Despite Rule Scare

That the spectre of possible disqualification reared its ugly head during the trip of the football squad of Floydada to the Cotton Bowl last night.

The fact that the plans of the school council of Floydada to send the school's football team to the Cotton Bowl last night was abandoned after a lengthy question was asked by the boys got to make their way to the game.

The boys gave the go-ahead to the already well-known Cotton Bowl game when the Texas Longhorns of the Missouri Tigers and the Dallas Coach Gresham led the boys on the trip to the game.

It was considered "award" of school authorities that the school funds used for the trip followed by Roy Bedcheck, of the Texas Interscholastic Association, who said that such an action would be interpreted as an act of a school and that it might be interpreted as an act of a school and that it might be interpreted as an act of a school.

After the close of the football game, the school council announced that the school would be taken to the game in Dallas. Tickets were bought and all arrangements completed when the school's statement was given.

The plans called for the elimination of the school trip. To avoid the appearance of violation plans were drawn to use a school chartered bus being used for the trip.

Boys left home at 3 o'clock on Monday morning and returned home yesterday afternoon.

New Machinery Co. Will Handle Massey-Harris

Wasson & Garner Machinery company, a new firm in Floydada, have announced the opening of a Massey-Harris agency for this area at their location at 303 East Mississippi street, a short distance west of the Q. A. & P. depot.

Their spacious new building and adjacent improvement of grounds to accommodate the business have been made ready and their work shop is being installed.

Although afflicted with the shortages common to business at this time, including some of their shelving and a considerable portion of their stock, they are making plans that include a considerable volume of business in power farming equipment. Their line includes the Massey-Harris self-propelled combine which made history in plains fields last year.

J. W. Garner, of the firm, comes from Lubbock. For 17 years he has been in the machinery business. He and his wife and son George are located at 603 South Wall street. The son is just home from the Pacific war theatre. Mr. Garner was reared in northwest Floyd county and has made West Texas his home.

Hanley Wasson, other member of the firm, makes his home at Plainview and farms.

The Garners, in addition to the son here, have a son, J. W. junior, at Pampa, just out of the ETO, where he was in an airborne troop carrier, and another son, Billy Tom, who has been in the army eight months now stationed at Fort Bliss.

Baptists Ordain B-17 Commander to the Ministry

Ordination services were held at the First Baptist church Sunday afternoon at 2:30 o'clock December 30, ordaining to the full Gospel ministry Lonnie A. Doyle, jr., son of Rev. and Mrs. L. A. Doyle, sr., of Floydada, who with Mrs. Doyle has spent the past 10 days in the parental home.

The presbytery was composed of ministers of the Floyd County Baptist association, which includes churches in three counties—Crosby, Motley, and Floyd; also the district missionary, Rev. B. N. Shepherd, of District No. 9, who lives in Plainview.

After the questioning and answering by the candidate, Rev. Aaron Shaw of Quitaque made the recommendation to the presbytery that the candidate be ordained. The church acting upon the recommendation made by Rev. Shaw; W. C. Cates made the motion to proceed with the ordination.

Laying on of Hands

The dedicatory prayer was led by Rev. Sidney Johnston of the McCoy community; following which came the laying on of hands, and the presentation of a lovely Bible. Later the charge to the candidate was given and explained by Rev. Hal Verner of Matador.

Rev. H. E. East, pastor of the First Baptist church of Tulla delivered the ordination sermon, reading the scripture from Luke 9: 57-62 verses Study at Abilene.

Rev. Doyle plans to re-enter Hardin-Simmons university at Abilene at the mid-term on January 28; his ministerial education having been pushed aside by his urge and call to duty, when he volunteered for U. S. Service in the Army Air Corps in November, 1942, and entered active duty February 22, 1943. Rev. Doyle spent 11 months in the European Theatre of war, being stationed in England; he was Lt. and Pilot of a B-17 bomber plane, and completed 29 missions before V-E Day. He received his discharge the last of October from San Antonio, Texas.

Rev. and Mrs. Doyle, jr., left Wednesday of this week for their home at Abilene, where both will be in the Senior class at the University, and are hoping to get their degrees in August of 1946. Both Rev. and Mrs. Doyle are volunteers for foreign missionary service. They plan to enter Seminary Hill in September, and after competing four years there hope to receive an immediate appointment to their chosen field in Brazil.

Housing Shortage Makes Building Boom in Year-End

Goen Will Head March of Dimes Drive in County

Dallas, M. P. Goen of Floydada has been appointed Floyd county director for the 1946 March of Dimes campaign to carry on the work of the National Foundation For Infantile Paralysis in its battle against the dread crippling.

George Waverley Briggs, Dallas chairman of the Texas State Committee for the fund-raising celebrations in January, announced the appointment of the local director who, in turn, will organize a full committee of local civic leaders immediately.

Entertainments of all kinds and cash collections for the March of Dimes are being planned to raise funds for combating the disease which cripples thousands of America's children each year. The local campaign will tie in with activities in all Texas counties, now being intensively organized.

Last year 253 Texas counties participated in the campaign, raising \$611,192, of which Floyd county raised \$2,142.74. Citing the severe polio epidemic of summer, 1945, the director expressed hope that the 1946 contributions would be materially increased.

"Fortunately, through funds from last year's March of Dimes campaign, we were prepared to meet the 1945 epidemic," Mr. Goen reported. "More than \$500,000—or 65 million dimes—was spent by the National Foundation and its chapters over the country for transportation, hospitalization, services of doctors (See March of Dimes, back page)

National 4-H Dairy Winners

Three of six national 4-H dairy production winners are shown here, with their favorite animal and preferred liquid refreshment—milk. They are (left to right) Bill Van Cleave, Chapel Hill, Tenn.; James Galbreath, treet, Md.; and Earl Edwards, Jr., Floydada, Texas. They received college scholarships presented by the Kraft Foods Company.

Review of the news of 1945 in Floydada develops the fact that the need for housing has predominated as the major interest of the community. And as the year-end approached this need was accelerated by returning service men in search of shelter for themselves and their families.

Not only housing for shelter but housing as well for developing business establishments.

In the year 53 permits for construction issued by the city gave an indicated value of \$114,550 on the records of City Secretary B. K. Barker. Of these eight were issued in December, representing construction now under way in the form of residences or residence repair.

Find a Way to Build

In spite of building materials shortages and an almost total lack of some items, doors and windows and steel beams in particular, Mr. and Mrs. Floydada have worked out numerous ingenious ways of getting homes built. And when government restrictions have stymied efforts of building materials dealers to get one kind of material the would-be home owner has found some other type with which to go ahead. Dimension lumber from small mills here and there, from the mountains and from down-state, have been found in truck load lots and various and sundry types of roofing and siding have been used to take the place of conventional materials where necessary.

Apparently, too, most of the building is being paid for as it is done. Elevator, Church, Bank

Of five jobs of considerable magnitude in various stages of progress one is a grain elevator of steel and concrete for which materials are on the ground and work progress has been satisfactory. This is the new plant of the Producers Cooperative elevator. Another is a church building on South Main street, where a long-delayed building program was gotten under way in August. Delays have been numerous due to lack of materials. The First Baptist congregation first got their money and then began their work after getting a permit from WFB. The work now awaits window and door frames of needed type to go up with outside walls.

Lack of materials also is delaying work on the First National bank building, where a major operation will practically re-make that institution's quarters, as well as offices of their tenants.

Others where some work is being done along and some delay is being experienced include the Plains Market (See HOUSING, back page)

Lockney For Barnett, 74

J. S. Barnett, 74, former county resident, at Tulla, died at the First Baptist church, Lockney, Texas, on Monday afternoon at 2 o'clock following an illness of several days.

Mr. Barnett was born in Lockney, Texas, on December 29, 1871, and was a member of the First Baptist church, Lockney, Texas.

He was survived by his wife, Mrs. J. S. Barnett, and three children: J. T. of Tulla, and two daughters, Mrs. Bowers of Tulla, Miss Bennett, teacher in the Amador school, and several grandchildren.

Funeral services were held at the Lockney Baptist church, Lockney, Texas, on Monday afternoon at 2 o'clock.

Burial was in Pleasant Valley cemetery of Lockney.

Pioneer Freighter, Trail Driver Taken by Death last Week

A kindly old gentleman, J. A. Wiley by name, 76 years of age, who lived in Floydada for 18 months of his life and for 35 years prior thereto in and around Lockney and Muncy, died in a hospital at Wichita Falls on December 29 and the remains were interred in Lockney cemetery Sunday afternoon at 3 o'clock following funeral rites held at the Baptist church in Lockney. Rev. Judon Cobb officiated.

Thus ends life's story for a pioneer freighter and trail driver of the plains of Texas. J. A. Wiley had been on the trail northward with herds time and again and from 1898 to 1903 he was a freighter between Lubbock and Canyon. He was born in Coryell county March 3, 1869. He was a bachelor.

Mr. Wiley is survived by two brothers, O. W. Wiley of Snyder and J. R. Wiley of South Plains, together with a host of nieces and nephews. G. W. Wiley and family attended the last rites but the South Plains brother was detained by illness although his family attended.

Among others who paid their last respects to the deceased at his funeral were Mr. and Mrs. John Husky and family of Clovis, New Mexico, James Wiley of Colorado City, Mrs. Ada Reeves and Mrs. Estes Turner of Canyon, Mr. and Mrs. Fred Husky of Amarillo, Mr. and Mrs. C. D. McCandless of Lockney, Mr. and Mrs. J. L. Bailey of Plainview, Mr. and Mrs. C. A. Russell and family and Mr. and Mrs. Wayne Russell and family of Floydada.

Funeral services were held at the Lockney Baptist church, Lockney, Texas, on Monday afternoon at 2 o'clock.

January First 'Moving Day'

January first was moving day—almost—for some Floydada business establishments and a considerable number of Floyd county farm operators.

But in several instances one thing and another has gotten in the way incident to the tight housing situation.

Radio Electric company is one of these firms and Patterson Fruit stand is another. After nearly 30 years in the First National bank building at 106 West California, Radio Electric will move to a west side location—108 South Main where Patterson has been located the past two years. Patterson, in turn, has a lease on the building at 102 South Main, occupied by Palace cafe.

After moving day the firms will have some days of re-doing and arranging before they hit normal stride in business again.

Radio Electric's move is being made incident to the enlargement of the quarters of The First National bank and two ground floor firms there have "stacked the furniture" until the re-building is done there. They are Palace Barber shop and Palace Beauty shop. Both will reopen at a date which now appears will be sometime in the spring.

County Over the Top in Last-Hour Drive for E Bond Sales

The bond drive is over and thanks to everybody that helped.

With those words J. M. Willson county chairman of the U. S. Treasury War Finance committee, announced that Floyd county had finally exceeded its quota of E bond purchases. On a quota of \$145,000 in E bonds Willson's figures showed sales at 3 o'clock Monday of \$147,944.25.

The county made it under the wire on the final deadline in time to be recorded as a county that had completed its quota in every War loan campaign. Although the official close of the bond sale close was several days before Christmas.

Willson said local committeemen did a great big job in the last few days of the campaign. For days he was pessimistic that it would be accomplished.

The overall quota of the county which includes all E bond sales and all other types of bonds, was \$210,000. This figure was far exceeded according to the reports which show an overall total for the Victory bond campaign of \$541,004.25.

Funeral Rites Friday Pioneer

Funeral services for the late Mrs. J. E. Burns, 80, a resident of Floyd county for the past 54 years, were held at 2 o'clock Monday afternoon at the Lockney Baptist church, Lockney, Texas.

Burial was in Pleasant Valley cemetery of Lockney.

Mrs. Burns was born November 7, 1865, in Birmingham, Alabama. She was the wife of the late J. E. Burns, who died Christmas day at the age of 80, following an illness of several days.

She is survived by three children: Mrs. Edna Patterson, Hale; Mrs. Virgie Alford, Naravitas; and Mrs. Sallie McCracken, Potts. She is also survived by a son, Mr. G. L. Burns, and a daughter, Mrs. Mary Burns, both of whom were in the service during the late war.

School Opens Again Monday

Floydada Public schools, according to the calendar of the school district, will re-open following the holidays on Monday morning of next week.

Captain Harmon Returns to Duty

Captain and Mrs. Farnk C. Harmon, jr., and children Franklin (third), and Judith Ann left New Years day for Captain Harmon's station at the Kearns Army Hospital, near Salt Lake City, Utah.

Captain Harmon is a doctor in the army hospital there and has spent a two week Christmas vacation leave at the home of his parents in Floydada and with Mrs. Harmon's parents in Plainview. Mr. and Mrs. Russell Hale.

Miss La Nell Harmon, who accompanied her brother and family on the trip to the parental home, plans to remain for an indefinite time here. Miss Harmon is secretary in the dental department of the Kearns Army hospital.

Tires, Though Unrationed, Will Continue Scarce; Price Controls Will Continue on Indefinitely

The OPA office by staying open last Saturday was allowed a double holiday on Monday and Tuesday of this week, reopening on Wednesday January 2. The office personnel also were granted Monday before Christmas day in connection with Christmas day, after having kept the office open on Saturday before.

Tire rationing was discontinued on Monday December 31, but a shortage of tires is much in evidence, and probably they will be somewhat scarce for the next few weeks or possibly for the next 90 days, Mr. Brown said the first of the week.

Sugar rationing will continue for the time being, and will be handled by stamps, but it has not been made known exactly what form of registration will be used but presumably through and by the local office, as it will continue to operate as in the past.

Price control will continue, with new features added the first of the week. Mrs. Delise McGuire, general clerk, will be in charge of price control.

Bad Move, Conservative Idea

Interesting observations on the raising of the tire lid made by W. Ed Brown, chairman of the county board, herewith:

Effective January 1, 1946, rationing of tires of all kinds was discontinued. It remains to be seen whether or not this is a wise move. If the manufacturer is able to supply the dealer with sufficient tires to meet the heavy demand which will follow the discontinuance of rationing all will be well. Otherwise many emergency needs for tires of the farm and on the ranch will not be supplied.

The thought of the conservatives is that the rationing should have been continued for several months in 1946, on a liberalized scale, until the "slack" in supply could be taken up by the manufacturer. To those who know what happened when tractor and implement tires were released from rationing, the thought of the "conservatives" is quite logical.

Cars Gobble Up Tractor Tires

Tractor and implement tires were released some three months ago. The entire stock of all dealers was "gobbled" up by town cars and other "indolent" at the time and as a consequence there has not been a small size tractor or implement tire in Floyd county since. This

Milk Up Cent a Quart Here

Milk at retail delivered to customers in Floydada has gone up one cent on authorization of the Office of Price Administration, Roy Patton, owner and operator of Patton dairy, announced here yesterday.

The increased price, he said, was authorized to offset heavy increases in costs of producing milk, for which dairymen have been contending for sometime. He was of the opinion yesterday that consumers generally would look upon the increase price as justified, since it is the first raise authorized by OPA since ceiling prices were set.

Lt. Jack McIntosh Back at El Paso

Lt. Jack McIntosh, U. S. army, who has been on an assignment in the Southwest Pacific War theatre for more than two years, is back in the states once more. Arriving on the West Coast last week he has been stationed at El Paso temporarily and Mrs. McIntosh, the former Ruth Kreis, has joined him there.

Lt. McIntosh anticipates he will be stationed at Camp Hood, Texas.

Sgt. John S. Hale, jr., who also arrived on the West Coast from the Philippines last week has been forwarded to El Paso and his wife is with him there.

Basketball Is Scheduled Friday Night

Tomorrow night the eight schools of District 4A will begin the basketball schedule of play that will end on February 8 after all schools have played a round of nine games, according to the schedule adopted by the schools earlier in the year.

For the first time Petersburg High school will be in this interscholastic district. Their athletic department has given every evidence of having plenty of material and coaching to make a worthy addition to the district's competition.

Floydada will play its opening game with Spur; Lockney will play Crosbyton at Lockney; Paducah will go to Petersburg and Matador will go to Ralls.

A check on any possible change in this schedule could not be made by The Hesperian late yesterday. All the schools have had some preliminary practice games, and it appears evident the competition will be keen.

Young Demos Meeting Set For Saturday

Report on the state convention and a discussion of future activities of the county organization are included in the plans for the meeting of the Young Democrats here Saturday afternoon at 3 o'clock.

County Chairman Robt. W. McCollum, of Lockney, called the meeting and set the place as the county court room. He is anxious to see a big attendance at the meeting, which will have largely to do with the program of activities in this county in the immediate future.

Opens Elevator At Boothe Spur

Troy Leonard, new owner of the elevator at Boothe spur, which he acquired from Farmers Grain company last fall, announced this week that the elevator is being opened for business this week.

All types of grain will be handled as offered, he said. Principal grain items due to go on the market at this time are wheat and maize wheat predominating.

The elevator has been re-named Troy Leonard elevator. Mr. Leonard said this week he has extensive improvements planned.

TIRE RATIONING ENDED

Rationing of tires, an extreme war measure that was put into effect in 1942, officially came to an end on Tuesday, January 1, 1946. Of the numerous items on the short list for the civilian while the war was waged, doled out only under necessity by ration boards, was tires.

The fact that the tire makers are now making many tires and have a fairly heavy distribution going to their agencies over the country, has caused federal agencies to decide that rationing is no longer of value and therefore to be discontinued.

However, discontinuing rationing doesn't mean as yet that tires will be readily available for a time at all stores. A backlog of stock, needed to take care of the demand, has not been distributed and tire users will still have to look ahead a bit for their earnings. It is a good many months before the return of the old shipping custom of looking around and buying one of several choices offered.

POINT OF VIEW COUNTS

What you conclude about most any controversial matter is based on the point of view. Few of us can disassociate our personal inclinations or needs and view a matter of dollars and cents, religion or politics

objectively. Thus the point of view of the International Teamsters relative to the price of milk and that of the U. S. Department of Agriculture, the latter with the farmer viewpoint are opposed.

The teamsters union, of which battle-scarred Daniel J. Tobin is president, has an active campaign under way in Indianapolis and other important areas, to force dairies to resume daily deliveries to their patrons. This will make more jobs for more veterans says the Teamster argument, in which every-other-day delivery is given credit for "stale" milk in the homes.

On the other hand the USDA points to the alternate-day delivery of milk as "the single most important adjustment in the direction of lower distribution costs for milk." Other war-time adjustments have been minor in comparison to the value of the skip-a-day schedule. Having the farmer point of view to an extent the department's point is that the cost of getting food and clothing to the nation's people—that is freight, drayage, deliveries, free service and whatnot—from the farm where it was raised, has been all out of proportion. That is largely what broke the farmers in the 15 post-war years following 1918, thinks the farmer. Thus "labor costs represent the major part of the cost of distributing milk and are associated with all the delivering operation. Alternate-day delivery and the elimination of special deliveries have brought mileage reductions of 35 to 45 per cent, also reducing truck operating cost and in spite of higher wages and other increases, have kept milk prices to consumers from advancing except on a relatively light scale. So says the Department of Agriculture.

APPEAL TO PROUDNESS

Every man and every stratum of social life have their preferences their way of viewing social and economic problems. And the best way to reach any of these is to appeal to a prejudice which is natural to that person or group.

This, we assume, is the reason that most if not all of the appeals for special favors either at the hand of the public or of the government are based on argument which does not give persons of contrary views credit for honesty or fair-mindedness, as far as goes their ability to see fairly.

The idea that one must club an opposing thought rather than reason it out of existence does not seem to occur to these many minorities. Everybody who opposes is either ignorant to the point of criminality, hard to begin with or naturally given to theft.

To us it is difficult to imagine all the honesty or fairness having gravitated all to one side of any social or economic controversy.

He who does only what he is hired to do is a slave.

As A Farm Woman Thinks

(By Nellie Witt Spikes)

Christmas is over, the last day of the year shines warm and bright. All the green, fragrant cedar has been taken down, dead and crumbly

The little brown snow-covered log house and church are gone from the mantle, the big tall candle that my little friends Nan and Trilla Nordyke sent, has a blackened wick where only a few days ago the flame lighted up the window. The snow is swept up

the Christmas tree trimmings put in a box and lettered for another season. Christmas of 1945 we loved you. Many friends made us happy with cards and letters and gifts. The children were happy and there was only one vacant chair around the table with traditional turkey and fruit cake. Our son has not come home yet but we made merry and hope to see him soon.

The old year has gone. It brought us many trials and much hard work. It did not bring us rain for crops five months of it. Mr. Spikes has been hurt. It did not bring our son home. But as I sorted out the things to throw away and the things to keep from the Christmas decorations, I will sort out and keep the good things the year did bring. It brought the love of friends, their prayers and help in time of need. No box can be large enough to put them away but there is plenty of storage place in our hearts.

The year brought peace to the world, plenty of room for keeping that in the hearts that beat around the world. It brought us the love and comradeship of little children bawdy in their play and to be at grandfather's home. It brought a new revival in the churches and pray God that the good works started shall not be let die for the lack of workmen in the "vineyard of the Lord." Oh the good of the year stacks higher and higher.

We bundle up the hard and the bad and cast it out to grieve over no more or make up unhappy. We are ready for the year that will come with the next pink sunrise, or rather in the star-lighted night while we sleep. We will have the good with the bad, the hard with the easy, but we pray for strength and love to meet both and we will try to get the best out of each day as it passes.

New Year's Eve Farewell old year, we walk no more together, I catch the sweetness of the latest sigh;

And crowned with yellow brake and withered heather, I see thee stand beneath this cloudy sky. Here in the dim light of a gray December. We part in smiles, and yet we meet in tears; Watching thy chilly dawn, I well remember, I thought thee saddest born of all the years. I only saw the dreary clouds unbroken, I only heard the splash of icy rain; And in the winter gloom I found no token To tell me that the sun would shine again. O, dear old year, I wronged A father's kindness, I would not trust Him with my load of care; I stumbled on in weariness and blindness. And lo, He blessed me with an answered prayer! Goodbye kind year; we walk no more together. But here in quiet happiness we part; And from thy wreath of faded fern and heather I take some sprays and wear them on my heart.

I will close with a wish of peace and happiness for all who read this column and the words of Dr. W. B. Hinson:

"And now, years of our Lord, go up to God." Slip out, little broken bit of time into the circle of eternity! As dew-drops slides into the shining sea, so drop you, old year into the time-bless deep."

One more year of days has been sown by us in the furrow of time and the harvest is sure to come. Snatcher of song and words of cheer we fling out on the air, and those echoes will roll from soul to soul forever. And the cross stays! And Christ has larger grown!

Floyd County 14 Years Ago

These news items taken from the Floyd County Hesperian published 14 years ago.

(Issue of January 1, 1932)

H. R. Chapman and Miss Opal Letimer were married here last Thursday at the home of Rev. F. O. Garner, who performed the ceremony.

Little Dannie Cupid continued in a "slump" for 1931 so far as Floyd county marksmanship was concerned. His tiny arrows found their mark for only 34 times during the year of 1931.

There are 20 members of the High Seventh grade at Andrews Ward school whose examinations next week will determine the graduates to be presented with their diplomas in exercises that will mark their passing to the classification as freshmen.

Fire of undetermined origin destroyed the large barn and its contents of 10,000 bushels of wheat, fifteen tons of maize and several sets of harness Friday night at the farm home of H. O. Shurbet, nine miles northwest of town.

Miss Patty Looper entertained last Friday evening with a 6 o'clock dinner honoring Miss Gwendolyn Snodgrass, who was spending the holidays with her parents, Mr. and Mrs. Glad Rodgers.

Clover Leaf club met Tuesday afternoon at the home of Mrs. Ed Johnson. Three tables of bridge were at play. Mrs. A. S. Hollingsworth held high score for the members and Mrs. John Reagan for the guests.

Fire Thursday evening of last week destroyed a farm residence valued at \$2,500 on the N. F. Cherry farm three miles north of Floydada and with it the greater part of the household effects of Mr. and Mrs. Harry Morckel, who lived on the place.

Mrs. V. Andrews will present her expression pupils' Friday evening in a recital at the Palace theatre.

Poultry raisers of Floyd county are expected to enter 500 birds in the show to be held Friday and Saturday, it was stated Wednesday by Edwin Heald.

While A. B. Keim, manager, was at the back of his establishment and Hearon Wright and Ross Hanna employees, were out in town soliciting tailor work, someone rifled the cash drawer at the City Tailors Thursday morning of last week and escaped with \$77 in cash and a few papers.

Endocrine actually help the face youthful looking?

Do you know that now... through ENDOCREME... scientific research has answered the above question for thousands and thousands of women with an emphatic "yes"? ENDOCREME, it is doing this to a degree hitherto thought impossible. This is because ENDOCREME helps improve the skin itself, not merely its superficial appearance. How? ENDOCREME contains ACTIVOL**.

ACTIVOL** is a scientific replacement for woman's skin-vitalizing substance. Absorbed by the skin, ENDOCREME restores normal growth to ageing cells. Thus it aids the skin of face and throat to become firm, fresh, "alive," vibrantly youthful again. How can you invest your cosmetic dollars? Try ENDOCREME. Retires Farm Life He Would Like to Be 'Handy Man'

L. A. Marshall, who is retiring from farm life because of his health writes the following to The Hesperian:

I wish to try an experiment. I wish to establish a service to the public—it is along the line of, say, Chamber of Commerce handy man or just neighbor. I want an office down town, with a helper, a telephone, typewriter, letter files, desk etc.

Anything we might help you to get done, that might be helpful to you or the other citizens, or the general welfare of the community—the idea is to help the citizens to co-operate to further promote their happiness. It makes no difference what your troubles are, and your neighbors might help you. It might be that you could get assistance.

I would want at least one hundred on the board of directors, all volunteers. These would be divided into special committees of not more than three.

I just moved to town from Sand Hill. That is the most co-operative neighborhood I know of. It is one of those places where the neighbors keep you in debt to them. They are just nicer to you than you can be to them. If there is anyone in that neighborhood who is mad at some neighbor I never heard of them in my four years out there, and that is something.

This word—Co-operate—means you help your neighbor and he will help you. That spirit has just won a war, and it will do wonders for our community.

Floydada needs a payroll. I have several wild ideas about this and some of them might work.

About my pay. That would be immaterial, I might pass the hat on the first of each month. I feel inclined to want to help my fellow-man, especially farmers. On the radio and in the newspapers the farmer is getting rich, but I happen to know this is untrue; he gets gaged going and coming, financial-

ly speaking. I am going to try to do something about it, there are a lot of things that might be done. I would like to know what you think about me trying the handy man idea. Will you please tell or write The Hesperian if you think for or against the idea.

GI TOURS IN ANCIENT JAP CAPITAL—Where Shoguns and emperors of feudal Japan stalked in fierce splendor through the centuries and pilgrims came to attend festivals and worship Buddha, informal American soldiers now stroll through the sacred gates of the Imperial Palace at Kyoto and gaze in wonder at its magnificent shrines and temples. Sixth Army troops under General Walter Krueger, after dreary months in the insect-infested jungles of New Guinea and the heat of ravaged Luzon, find themselves walking unmarred pavements and riding street cars in the only large Japanese city untouched by Yankee bombs. Here is the colossal red torii (gate) to the shrine dedicated to Emperor Kammu, founder of Kyoto. American enlisted men are quartered in a public hall to the left hidden by the trees.

Charlie Smith Is Out for Precinct Two Commissioner

Charlie Smith, Commissioner of Precinct No. 2, Floyd county, this week has authorized the announcement that he is a candidate to succeed himself as Commissioner of Precinct No. 2.

"My race will be subject to the Democratic primary, and I will appreciate very much the consideration of the people of the precinct for my re-election when they go to the polls."

Commissioner Smith is serving his first term.

Safety First

"Can I see you home?" "Sure," he said, "Did you know I was married?"

"Holy smoke," said he, "Excuse me this time."

"But my husband is dead," said she.

"You just show me his grave first," said he.—Ex.

A young engineer boarded the train at Chicago and, deciding to grab a couple of winks, liberally tipped the six-foot porter to put him off at Lafayette.

"I'm a very sound sleeper," he said, "and you must take no notice of my protests. Seize me and put me out on the platform."

The next morning he awoke to find the train pulling into Cincinnati. Raging with fury, he found the porter and began to bowl him out in strong language.

"Sub," said the porter calmly, "you've got a whale of a temper but it ain't nothing compared with the young feller I put off at Lafayette."

The train was pulling out and the old gentleman was just settling down comfortably. Suddenly the door burst open, and a young man stumbled into the coach and seated himself, panting and putting, opposite. The latter looked on with obvious disapproval.

"You must be very unfit, young man," he said after a while. "Why when I was young I never panted like that after a run."

"Perhaps not," said the other, "but I missed this train at the last station."

A wise-cracker stepped up to the crowded train as it stopped at the station and inquired of the conductor: "Well, Noah, you've got here at last. Is the Ark full?" The quick-witted conductor replied: "Nope, we need one more monkey Hop in."

Two spices, mace and nutmeg are obtained from the same tree.

Jack Burleson

Out for Sheriff

R. C. (Jack) Burleson is offering himself for sheriff of Floyd county subject to the Democratic primary he announced this week.

A resident of Floyd county for 22 years, 19 years of that time as a barber in Floydada, for the past nine years he has been a co-owner in the Unique Barber shop, and he and his family make their home here.

"I am offering for the office because I need the salary it will pay and believe I can make the people a good man in the place," said Mr. Burleson, adding that his only promise in the campaign will be to treat everybody fair, if elected.

He plans to make an active campaign, and will try to see every voter in the county.

A sailor spotted his buddy in the "base library. Said buddy was solving a cross word puzzle and filling in with a fountain pen instead of customary pencil. First sailor tapped his buddy on the shoulder and remarked, "When a guy whistles in a grave yard I know he is afraid. And when a guy cuts out paper dolls it means he is 'psycho.' But when a fellow fills out cross word puzzles with a fountain pen, what does that show?" "Confidence," his buddy calmly replied.

FIRST U. S. ARMY PLANE READY FOR ITS TEST FLIGHT—This "flying machine" with Orville Wright at the controls and Lieut. Frank P. Lahm (left) as a passenger was accepted by the Army August 2, 1909, after trials at Fort Myer, Virginia. It had a wing span of 34 feet, 4 inches, and its weight empty was 790 pounds. Two light propellers were driven by chains from a small gasoline engine. The landing gear consisted of two runners, or skids. In 1908 a plane also built by Wright Brothers crashed in tests at Fort Myer resulting in the death of Lieut. Thomas E. Selfridge and the injury of Wilbur Wright.

Eighth and Ninth Oak Leaf Clusters For Maj. Powell

Dispatches reaching The Hesperian this week from the India-China division of the Air Transport command at Calcutta, India, tell of the Air medal (eighth and ninth Oak Leaf clusters) being awarded to Major Sherrill L. Powell, jr., pilot.

Major Sherrill returned to the states weeks ago after an outstanding record in the Far East, and the new honors are just now catching up with him. Announcement of the award, were made by Brig. Gen. Charles W. Lawrence, commander at the Calcutta Air Transport base.

C. W. Denison, jr., and family and Gilmer Denison and family, of Lubbock, were here several days last week visiting their parents, Mr. and Mrs. C. W. Denison.

Marion Barton Is Sheriff Candidate

M. A. (Marion) Barton announces his candidacy for the office of Sheriff of Floyd county, subject to the Democratic primary in July of 1946.

A former deputy sheriff of the county Mr. Barton has been a resident of the county for many years. He said this week he plans to make a thorough canvass of the voters before the campaign is over.

Meanwhile he asks the consideration of the people in the belief that he can make them a good sheriff, and will do his utmost at the job. (Political advertisement)

Homing Veteran Arrives in Time For Xmas Dinner

Captain John B. Stapleton, homing veteran, resuming civilian life after three years in Uncle Sam's army, enjoyed a Christmas dinner, first meal after reaching his home surroundings, with kinsmen at the home of his brother Ralph and wife who live near Whiteflat.

Capt. Stapleton had just cleared the post at Fort Sam Houston and with Mrs. Stapleton, his wife, made some time to reach the brother's home in time for the feast.

Present for the gathering of the family was Mrs. O. J. Stapleton, of Lockney, mother of the two sons and of Frank who came from the Bivins ranch north of Amarillo and of Mrs. Estes Woodburn, who with Mr. Woodburn, attended from Lockney.

But John was not the only veteran present for the Christmas feast. Also present was Pat Woodburn, of Lockney, son of Mr. and Mrs. Estes, just out of the navy and Geo. D. Stapleton, son of Mr. and Mrs. Ralph Stapleton, just out of the Army Air corps. Mrs. W. B. Gilbert, the surviving widow of the Flomot pilot who was killed in the air battle that raged over Guadalcanal, was also present. Mrs. Gilbert is a daughter of Ralph and Mrs. Gilbert, hosts for the family gathering.

Bishops Have Children At Gathering

Family reunion was held Christmas at the home of Mr. and Mrs. Bishop 312 South 2nd street. It should hold some type of or at least special mention of a family of seven sons this first time all had been together 18 years.

Turkey dinner with all the guests was eaten and enjoyed by Mrs. R. Bishop of Waco, Mr. Bishop of San Antonio; Mr. Mrs. Daily Bishop and family (Black) Bishop and family from Diego, California; Mr. and Mrs. Bishop and son Sammie of New Mexico; (Harold Bishop) recently received his discharge from the Navy as MM2/c with service in the South Pacific; Lieutenant and Mrs. Gayle Bishop and family. (Lt. Bishop has returned from Guam); he was the 20th Air Force and is now on leave until January 21. His discharge is to be given to the youngest son, Beryl Bishop who recently received his discharge from the Navy as a Pm. 2/c wounded on Guam and has returned to the past year in Bainbridge, Miss. as an X-ray technician head of the X-ray department. He left last week for Wichita Falls where he will be X-ray technician at the General Hospital.

The wives and families returned to their homes last week except Mrs. Gayle Bishop and family who are still visiting the parents and whose plans for the time are indefinite.

Edward Fawcett, of Fort Worth the first of the week for his to resume his studies in school spending the holidays here with grandparents, Mr. and Mrs. Fawcett.

Mr. and Mrs. D. T. Mayo had as guests during the Christmas days Mr. and Mrs. H. A. Hodges and Mrs. G. M. Brown of

Chinese Eager to Learn More About the Gospel

Miss Blanche Groves of Bridgeport, Texas formerly a Baptist Missionary to China and a sister of Mrs. E. R. Borum of Floydada, spoke at the First Baptist church on Monday evening.

Her message was composed chiefly of the vivid comparison of "What we (as American people) have and the Chinese have so little and yet they are so faithful and eager to learn more of the teachings of the Gospel."

Tea, coffee and cake were served to all present after Miss Groves had completed her message and all had a visit together.

Miss Groves expects to return to her field in China in the near future possibly the middle or last of January. She has spent the past three and one half years in the states due to conditions beyond her control and is quite eager to return.

CHILDREN ALL HOME FOR THE CHRISTMAS HOLIDAYS

Mr. and Mrs. M. P. Childs were glad this Christmas. They had all of their children home during the holidays. Their son, Elvis, who was here from California. Also here are Ed and H. L. who have returned from service overseas.

Elvis had been working for four years in the shipyards but now has another job. He had not seen his mother since he returned from service. In fact, it was the first time all of the family had been together in 12 years. All had Christmas dinner together with their parents.

HOUSING CONTROL PLAN

A new housing control plan placing home construction on cubic foot basis instead of price is under consideration by Federal officials. Idea would be to assure small homes by materials allocation: 60% for small homes, 25% for apartments, 15% for big homes after allowing needed materials for industrial expansion.

Mr. and Mrs. George Newman and sons, Wendell and Pete and Mrs. Clarence Maier of Lubbock visited Mrs. Newman's parents, Mr. and Mrs. A. B. Blount Sunday. Mr. and Mrs. Newman had just returned from Amarillo where they had met their son Pete, discharged from the army recently.

Mr. and Mrs. Paul Looney had their sons, Joseph and Irvin, home from college at Commerce, for the Christmas holidays.

Virgie Boteler from the Great Lakes Naval Station left Monday for his station after a visit with relatives and friends in Floydada.

Rev. and Mrs. Lloyd H. Jones and family spent New Year's day and night with friends in Amarillo, also attending to business.

Horace Cates, salesman from Oton spent Monday night with Mr. and Mrs. Ott Walden and family. Mr. Cates is a cousin of Mr. Walden.

Mrs. J. W. Freeman returned Monday from Freewell, where she spent Christmas with her son Mr. and Mrs. Austin Freeman and family.

R. D. Looper and son-in-law Chester Pass of Plainview were in Floydada New Year's day on business.

Mrs. Estelle Emmert visited in Lamesa over the week-end with her Uncle Mr. and Mrs. W. W. Holladay.

VET RECEPTION PLANS

Getting the boys home for Christmas is playing havoc with some home state reception plans. Divisions are split up on boats docking at different ports. Texas' plans for dockside welcome for 36th Division have been spoiled, ditto for New England's welcome to the 20th-Pathfinder.

Former Resident Escapes From Japs to go Underground

Captain and Mrs. Maurice Hughett from Waco, Texas, nephew of Mrs. S. G. Bishop visited briefly in Floydada on Wednesday of this week on their way to Sweetwater to visit Mrs. Hughett's parents.

Captain Hughett is the son of Mr. and Mrs. G. H. Hughett former residents of Floydada. Captain Hughett was a pursuit pilot on a P-40. He has many interesting accounts of his experiences as a Japanese prisoner for 2 1/2 years. He risked his life many times to go out and buy medicine for fellow prisoners and return without being put to death; on his tenth time to escape he managed to complete the connections and worked then for the French underground.

His parents received official notice of his liberation on the 4th of September and he returned to his home soon after that.

CHURCH COERS DUCK SHOT

Folks in Orangetown, N. Y., lived a pretty quiet life, except on Sundays. But what was you'd see them falling out on their faces, cursing and shouting hunters shotgun squirming at their pews when shot rattled against church walls.

When the citizens put the heat on Police Chief Fred Kennedy, that official looked long and hard. Finally he found what he wanted in the State penal code, a law prohibiting shooting, hunting, gaming, disturbance of the peace on the first day of the week.

Result. The next Sunday Kennedy was out bright and early. He tracked down 50 hunters, read them the riot act, told them to tell their fellow hunters. Orangetown, on Sundays, is quiet again.—Ex.

RUSSIA BUILDS AUTOS

Russia announced a five-year automobile industry plan that could make her a rival of Detroit in world markets. At Moscow, Gorki, Yaroslavl and new industrial centers in the Ural mountains, assembly lines that turned out armament will be converted to trucks and cars.

Red 1946 models range from the "Zis 110" (a flashy, eight-cylinder job something like a Buick or Cadillac) to the "Victory" (a four-cylinder economy model) planned to roll off the lines at a clip of more than 1,000 a day.

Among Russia's advantages over Detroit will be freedom from strikes, which are against the law in the USSR.—Ex.

MORE DEADLY THAN DDT

The bug world was afflutter last week with news of "666," a British-developed chemical more deadly than even DDT to many insects.

From Dr. Bailey B. Pepper, Rutgers' chief entomologist, came this verdict on "666" (benzene hexachloride). Better than DDT against the pea aphid (chief enemy of the pea-canning industry), potato aphid on tomatoes, trips on onions, Mexican bean beetle on lima beans.—Pathfinder Magazine.

U. S. AERONAUTIC BOARD, 1909—On the favorable report of this board which observed tests at Fort Myer, Virginia, the Wright Brothers plane was accepted by the Army. Against Diphtheria Urges Health Officer

AUSTIN, Texas, January 3. — All children should be immunized against diphtheria at a very early age, according to a statement on the subject released this week by the Texas state department of health, explaining that toxoid which can be administered easily and without danger can safeguard youngsters against this serious and killing disease of childhood.

Dr. Geo. W. Cox, state health officer, urges all Texas parents to have their children, who are not already protected, immunized at once.

"The administration of toxoid can save a child from serious illness or even death and those who have not been safeguarded against this danger should be inoculated immediately," Dr. Cox said.

"Babies should be immunized by the age of eight or nine months," Dr. Cox advised. "A first dose of toxoid is recommended by authorities on the care of infants by the age of eight or nine months, and sometimes as early as six months. A second dose is usually given later."

To maintain immunity at a high level, Dr. Cox emphasized that a reinforcing dose of toxoid is advised when a child is old enough to enter school or have a Schick test made. Children who enter school or kindergarten this year without this additional safeguard or without ever having been immunized certainly

Army Recruiters Will Office Here on Sat. Afternoons

T. Sgt. Rainold and Sgt. York from the Army Recruiting station in Lubbock were here in Floydada last Saturday. They are planning to be in Floydada each Saturday from 12 o'clock noon until 4:30 p. m. They will be in the County Delinquent Tax Collector office in Northwest corner of the courthouse in the basement.

They will be glad for anyone to come to the office for any information on the Army enlistments and in the College Education program.

FACTS FOR THE VETERAN

Accrued Pay
American Red Cross News Service

Cesar B. and Emma L. legally adopted Harold from a foundling home when the boy was only a month old. Oscar and Emma were never married, but lived together under a common-law arrangement until Emma's death. When war broke out, Harold became a first lieutenant in the army and was stationed in the Philippines where he was captured by the Japanese. Subsequently he was held at sea when the Japanese tried to evacuate prisoners of war during the American invasion of the islands. In April 1945, Oscar was notified that the war department had made an official finding of death as of April 20, 1945. Oscar has received the formal claim for death gratuity and accrued pay. Death gratuity in this case amounts to approximately \$1,200 and accrued pay is over \$5,000. Oscar is having difficulty in preparing the claims forms because his marriage to Emma was a common-law marriage and because his son, Harold, was adopted and was not a part of the marriage.

In making claim for accrued pay, a veteran may pay without administration proceedings amounts up to \$1,000 to the next of kin. Amounts in excess of \$1,000 are held up until an administrator is appointed by the court. The local probate or

county court has jurisdiction in transferring ownership of property to the legal heirs of a deceased veteran. The court will determine Oscar's claim and entitlement. He should employ an attorney as that he himself can be appointed administrator of his son's estate.

Since Lieutenant B. was legally adopted by Oscar, there should be no question in the latter's mind about the propriety of making claim for accrued pay and death gratuity because for legal purposes, Harold is his son.

Floyd County Red Cross chapter prepared to give you counsel and assistance with reference to benefits available to veterans and their dependents.

LAKEVIEW CLUB CHRISTMAS PARTY AT EDWARDS HOME

The Christmas party of the Lakeview Home Demonstration club was held with Mrs. W. E. Edwards as hostess. Gifts were exchanged and refreshments of punch and fruit were served to Misses G. W. Smith, R. L. Nichols, Glenn F. White, Walter Hollums and the hostess, Mrs. W. E. Edwards.

The next meeting of the club will be at the home of Mrs. F. B. Estep on January 28. Renovating hair will be discussed and illustrated by Miss Wilson.

HOLIDAY VISITORS

Among the holiday guests in Floyd county Christmas were the Rev. and Mrs. Clay Lyles, of Owsin, Texas, and Mrs. Vera Boteler and daughters of Artesia, New Mexico, who were here with their parents, Mr. and Mrs. C. M. Lyles.

Mr. and Mrs. Ernest Holligan, of San Bernardino, California, were here during the holidays on a visit with their parents, Mr. and Mrs. D. Holligan of Lockney, and Mr. and Mrs. A. C. Collins here.

Mrs. Allen D. Dewey and Jack Allen have been spending the holidays with her parents here, Mr. and Mrs. F. A. Smith, returning to Denver, Colorado, Saturday. Mrs. Dey, employed with the May Company Department store there.

Pfc. and Mrs. F. M. Bishop have spent the week with relatives here. Pfc. Bishop will return to Buckley field, Colorado, this week-end to receive his discharge. He has been three years in the armed forces.

Kyle Savage Back Unscratched After 26 Months Combat

Kyle Savage son of Mr. and Mrs. W. A. Savage of Amarillo and grandson of Mrs. C. Snodgrass of Floydada is a new civilian after 26 months service, 25 months of which were combat service, in ETO. His division was surrounded at Bastogne by the Germans but he came through with the rest of the 101st Airborne.

Young Savage landed in Normandy on D-Day, and was at Berchtesgarden when the war ended, after having gone all the way through France, Belgium, Holland and Germany. He was an anti-tank gunner, and was promoted from time to time from the rank of private to technical sergeant and was also platoon leader. He is credited with four battle stars on his campaign ribbon, also the bronze star.

Kyle was chosen as the most popular Amarillo GI back in December of 1944, when more than 4,000 bonds were bought giving him close to a million votes. The prize awarded him was a lot in Bivins Addition (Amarillo) on which he is now building a home for himself and Mrs. Savage. He is co-owner with his father of the Blackstone Drug store. The Savauses family are former residents of Floydada.

BETTER MAIN STREETS

Main Street, America's principal business thoroughfare, is going to get a multi-million dollar face-lift, says Pathfinder Magazine.

During the next few years new shops, stores, restaurants, service centers and office buildings will blossom forth on Main streets from New York to Burlingame, Calif.

Main Street rejuvenation is a community program in many towns. For instance, in Janesville, Wisconsin, where the Rock river meanders through the business section the Citizens' Development committee has merchants, city officials and residents working hand in hand to beautify the river front.

New buildings will be constructed, old ones will get new facades along a park which will feature a memorial to the heroes of Bataan. The city will install wide shopping district promenades and transform wanted alleyways and backyards into a dozen parking lots. The Janesville plan offers concrete proof of what can be done to "tone up" a town.

DIFFERENT DOLLARS

Sharp eyed citizens noted some of their money was different. Their one, five or 10-spot bills had a yellow instead of a blue seal—or a brown seal with "Hawaii" overprinted, according to Pathfinder Magazine.

War currency, used in foreign invasions, was in general circulation. Designed to thwart the enemy, its use domestically would save \$105,000 in Treasury printing costs.

But it raised this question: Was it good? Treasury said yes because \$25 million in yellow seal and \$400 million Hawaiian dollars were charged to war appropriations, had normal dollar value.

NO BATHTUB RINGS

Allen Property Custodian James E. Markham turned over to U. S. manufacturers a German soap patent soap that promised to banish the household chore. "This soap," said Markham, "is reported to eliminate the bathtub ring."—Pathfinder Magazine.

A colored boy and his girl were basking in the moonlight when he said, "Say Rozella, what would you like to be if you wasn't what you is?"

Rozella replied "Hush, you all mouth, I can't be somethin' I ain't."

"Well," said he, "if you could be what you ain't, just what would you like to be?"

"A red rose," said Rozella.

"I'd like to a centipede if you was a red rose."

"So I could climb up the stem and put all my arms around you."

"Hush you all mouth," said Rozella, "you ain't usin' the two arms you has got."

Teacher — Do you think George Washington could have pitched a dollar across the Rappahannock river, as he is said to have done?
Jimmie—I don't know; I guess so. Our history book says he pitched his camp across the Delaware river when the British were pursuing him.

It begins to look now like we picked up a "Hot Potato," when we found the "Atomic Bomb." We are afraid to lay it down for fear somebody else will pick it up and walk away with it. What are we to do with this red headed baby?

• Why take any chances on *not* having all your equipment in good running order next season when you can have it all fixed up now. That's our business—expert repairs on any tractor, implement or tool used in farming. We have the mechanics, the special shop equipment and a big stock of genuine IHC parts to do your work right.

The main thing is to give us a little advance notice when you can. Most of

the time our shop is swamped but when we know ahead of time we can schedule your jobs and have your machines ready when you want them.

Just give us a ring. Then when you're coming in, load up your tractor or any other piece of equipment and drop it off here. You'll find our service as good as the McCormick-Deering machines we sell. Our prices are reasonable. And we guarantee your satisfaction.

Robt. V. Scott, Miss Wesemann Married at Los Angeles

A wedding of much interest to Floydada people was held at the Placerosa Christian church, Los Angeles, California, on Monday the twelfth of November 1945, when Miss Ingeborg Hedwig Louisa Wesemann, daughter of Mr. H. P. Wesemann of 439 1/2 St. Street, New York City, New York, became the bride of Lt. (jg) Robert Vining Scott, son of Mr. and Mrs. R. C. Scott Sr. of Floydada.

Mrs. Scott met Lt. Scott while he was attending Harvard college and she was stationed at Boston with the Waves. She held the rank of Lt. (jg) at the time of their marriage but has since then received her discharge from U. S. service. Mrs. Scott was stationed in Washington, D. C., at the time they arranged to meet in Los Angeles on Lt. Scott's short leave from his ship for their marriage. Mr. H. P. Wesemann, father of the bride flew from his home in New York to Los Angeles to attend his daughter's wedding.

Lt. (jg) Scott graduated from Floydada High school with the class of 1939. Later he joined the V-12 course, attending "Tech" in Lubbock, from whence he went to the University of Oklahoma where he received his degree in Chemical engineering. Later he attended Notre Dame, also Harvard, then upon completion of the course assigned him to the Massachusetts institute of technology he was assigned to a ship, the U. S. S. Goodhue, A. P. A., and for a year or more he has been duty on the high seas, from the Philippines to the U. S. and from Japan to the U. S. on transporting troops, while serving as radar man for the ship.

Ruth Simpson, Don Shaw Married at Tijuana Christmas Eve

In a ceremony read in Tijuana, Mexico, Christmas Eve Miss Ruth Simpson became the bride of Don Shaw. It was a single ring ceremony.

The bride was dressed in a lime green suit with brown accessories. She is the daughter of Mr. and Mrs. W. H. Simpson of this city. She attended Floydada High school and graduated with the class of 1940. She attended West Texas State Teachers college at Canyon and was a member of Kappa Tau Phi sorority. She had been employed at Lubbock, Washington, D. C. and at Stockton Field, California as supervisor of the Air corps supply.

The bridegroom is the son of Mr. and Mrs. Tom Shaw of this city. For the past 16 years he had been making his home in Los Angeles, California, except for four years spent in the army. Volunteering in 1941 as a private he was an infantryman in the New Guinea campaigns. During the last year of his service he was a first lieutenant. He is now employed with the Royal Insurance company.

THE LAST DAY
FOR MEN NOW IN THE ARMY TO
RETAIN THEIR PRESENT GRADES
BY REENLISTING...

Men now in the Army who reenlist before February 1 will be reenlisted in their present grade. Men honorably discharged can reenlist within 20 days after discharge in the grade they held at the time of discharge, provided they reenlist before February 1, 1946.

There's a long list of attractive reenlistment privileges in the new Armed Forces Voluntary Recruitment Act of 1945. The ability to keep your present grade is only one of them, but this privilege expires on January 31.

There are plenty of other reasons why many thousands of men have enlisted, and more thousands are enlisting every day. You'll certainly want to know all of the opportunities open to you. If you'll read them carefully, you'll know why a job in the new peacetime Regular Army is being regarded today as "The Best Job in the World."

Free Nazi Jail, Little is Haven for TB Patients

ANKPORT — A famous medicinal castle in Giessen, Germany, the Nazis used as a prison for political prisoners, has been transformed into a tuberculosis sanatorium by UNRRA. The castle, known as the Hohen Sanatorium, is now being nursed back to health. Before V-E Day, French prisoners were disciplined with whips.

care for them. UNRRA obtained the requisition of the Giessen Castle. UNRRA personnel under Dr. Hans Pick, formerly of Prague, took over. With the help of displaced persons and requisitioned German labor, they removed all vestiges of Nazi use of the castle, disinfected and sunned it and attacked the food problem. The farm at the castle operated at full capacity, yielded the milk, butter, fresh eggs and vegetables essential for the patients' daily diet of 3,000 calories. Of the many patients who have passed through the converted prison, only two have died. Like Dr. Pick, the staff of two other doctors and six nurses is drawn from among the displaced persons with experience in tuberculosis treatment.

Side Lights From Washington

(By George Mahon)

Congress is in recess until January 14, and I am glad to be back in the district. During this time, I expect to get about over the district as much as possible. On account of the shortness of the recess I will not undertake to open an office, and regular mail should still be addressed to me in Washington.

I think the following notes on the changes which Congress has recently made in the G. I. Bill of Rights will be of interest.

Heretofore, a veteran has been allowed \$50 per month living allowances for educational purposes and \$75 if he has dependents. Under the new law, \$65 will be allowed for single veterans and \$90 for those with dependents.

Previously, veterans were presumed to have had their education interrupted only if they were under 25 years of age when they entered the service. The new bill removes that limit, so that now any veteran, regardless of age, can get a year's training plus as many years as he was in service, with a maximum of four years.

Short, intense courses are also approved in the new amendment, as are recognized correspondence courses—cost not to exceed \$500.

Heretofore, the veteran was required to start to school within two years after discharge or the end of the war, whichever is later. This is changed to four years, and instead of being compelled to complete his

PREACHERS'

course of study in seven years, this has been extended to nine years after the end of the war.

Considerable change is made in the loan provisions of the G. I. Bill. The maximum guarantee on real estate loans is raised from \$2,000 to \$4,000. However, guarantees are still limited to fifty percent of loan and guarantees on non-real estate remain at \$2,000. Maturity of all non-real estate loans is set at ten years. The amortization period on real estate loans is fixed at 25 years unless the real estate is a farm, in which case the period of amortization can be as long as forty years.

The term "reasonable normal value" has been a confusing and difficult requirement in making appraisals of the value of property. Under the new law, the term "reasonable value" is substituted, which will liberalize the act.

Anyone interested in further details of the new law can secure a copy of the Act itself by addressing a request to the writer at the House Office Building, in Washington.

RETURNS FROM AMARILLO

**Our Families
Build New Homes**

New homes have been built in southwest Floydada recently by Mr. and Mrs. John Galloway on West Crockett street and Mr. and Mrs. Estel Goodgoin on West Jeffie street. Both families moved into them recently.

Mr. and Mrs. Mance Moore are building a home on West Marivena street. Also Mr. and Mrs. H. D. Payne began a home last week at the west end of West Marivena street.

Mr. and Mrs. D. W. Badgett and sons David and James, also Mrs. Preston Badgett and son Mike spent New Years at Whitewright with their parents Mr. and Mrs. D. R. Badgett.

**Conner's Sister,
Mrs. Eva P. Coffey
Is Taken by Death**

Mrs. Eva P. Coffey, 68, sister of S. P. Conner, of Floydada, died at her home in Amarillo the afternoon of December 21.

Mr. Conner attended the last rites held for his sister December 22, held at the chapel of N. S. Griggs & Son, at which Dr. E. B. Fincher, Presbyterian minister, officiated. He was assisted by Rev. Edgar T. Neal, Methodist minister of San Jacinto.

Mr. Coffey, her husband, a member of the Amarillo Police department for many years, preceded her in death almost exactly a year.

A son and three daughters are surviving members of her family. Another brother is A. B. Conner of Sulphur Springs, Texas.

Mrs. Ruth Salters, a niece, her husband and son Troy Mask, of Borger, were among those who attended the funeral.

Charlie Joins March of Dimes

Charlie McCarthy is no dummy, according to nine-year-old Hannah Toomey of 333 East 55th Street, New York City. At least, he is right there when it comes to a good cause such as the March of Dimes Campaign, January 14-31. While Edgar Bergen looks on, Hannah shows Charlie one of the new dime cards for school children. A victim of infantile paralysis, Hannah was aided by the National Foundation for Infantile Paralysis and wants to see other unfortunate children have the same care.

chinery & Equipment company on South Wall street and Oden Chevrolet company on South Main. The five jobs named represent in the aggregate a round figure of \$150,000. All will be finished as shortages and restrictions relax.

A hurried survey of residences under construction at this time indicate some 20 in various stages of completion, and practically all sections of the town are sharing in the development. In numerous instances houses which have served their purpose elsewhere are being bought and moved into town and repairs and modernization done. Several painters have been kept busy, too, for the entire year. Since many thousands of dollars in this type of work is not represented in the official records only an estimate of the gross improvements made and being made can be given. A quarter of a million dollars in all appears to be conservative. Indications are that, while the ball is rolling, another quarter of a million will be spent by mid-summer if the materials are in any way to be had.

Weather So-So

Plains weather has been so-so this week.

Little wind, no rain, lots of sunshine, and temperatures mostly mild and above freezing. Saturday morning the temperature barely dipped to 31 degrees, the low of the week being on Tuesday with a 21 followed yesterday by 22. On the high side 72 was hit Saturday by the thermometer, other highs for the week ranging downward to 62 on Monday.

Cpl. John C. Odam is home on a 21 day hospital leave from Ft. Jackson Regional hospital, Columbia, South Carolina. He is improving nicely, gaining weight and strength since coming home December 17.

Holiday guests in the J. H. Poore home included Mr. and Mrs. O. E. Poore and family and Miss Odessa Poore, all of Amarillo; Miss Jimmie Poore and Kyle Holloman both of Lubbock and Cpl. and Mrs. J. C. Odam and daughters of Floydada.

and nurses, and special equipment such as hot pack machines, iron lungs, braces crutches and wheelchairs. Treatment of a polio patient costs an average of \$2,500 a year and must be continued for years to effect recovery. Since no one knows where or how hard polio may strike in 1946, we must again be ready to meet the attack wherever it may come, as well as continue treatment still necessary for patients of previous years. Contributions to the March of Dimes is our assurance that no victim of infantile paralysis will go uncared for, regardless of age, race or creed.

Half the contributions raised will remain in the county chapter for care and treatment of local patients, while the other half goes to the National Foundation for epidemic aid, education and research to find a means of preventing the disease.

**MRS. ROGERS IS HOSTESS
AS 29 GATHER FOR GLOVER
