Legion Building Fund to Profit by Palace Picture

McDermott post, American Legion, is sponsoring the feature picture at the Palace theatre, Floydada, on Tuesday and Wednesday of next week, March 12 and 13, and whatever net profit is realized will go to the new building fund of the post it was announced this week.

An active sales campaign will be conducted by the Legion members in advance of the show, in the hope that public support will be liberal. "It all came true," the feature picture, with appropriate shorts, features Humphrey Bogart and Ann Sheridan. Jack Deakins, manager of the show, recommends it as a good picture to see.

Several Floydada people enjoyed the evening and there was a good crowd of South Plains people. Mrs. J. B. Jarnagin and Mrs. Menard Field were among the women of the community who took the lead in making plans for the pie supper.

Menard Field served as the pie auctioneer. None sold for less than a dollar. A pie made by Mrs. J. B. Jarnagin was the high at \$15.15. Eighty two pies were sold. Mrs. Jarnagin received a pair of nylon hose from Hale's Department store as a prize for the highest pie sold in the auction. Given back to the fund by Mrs. Jarnagin to be re-sold the hose brought \$13.50.

J. C. Wester, adjutant of McDermott post, was among those who spoke briefly. He expressed keen appreciation of the spirit of South Plains on behalf of the post.

Home Coming Day at Nazarene Church Sunday

Home-Coming day for service men at the Church of the Nazarene last Sunday was enjoyed by a good number of people, and a wonderful dinner was spread and enjoyed by all.

The Floydada quartette composed of Lester Burgett, Earl Rainer, C. M. Lyles and Rev. Arch Gibson sang a spiritual entitled "You Got To Be Holy". Following the special song was the welcoming address by Judge Alton B. Chapman, the theme of which was "Am I My Brother's Keeper". Judge Chapman pointed out that some people give credit to the atom bomb for stopping the war, but he thought that the credit should go to those brave men who marched on Bataan and those who landed on the beaches at Anzio, Salerno and others.

The quartette sang "There's a Beautiful Home." Also Mrs. Bennie Rose read a poem which was written by J. T. McLain in honor of the occasion. The high light of which is quoted in part:

"In the name of Jesus Christ
We gained a wonderful victory twice,
Over that vicious hell-bound German
beast,
And those treacherous Japs far to the East.

Now we thank God for your safe return,
That Liberty and Love in our hearts may burn.
But let us not all now forget,
That thousands are in uniform yet.

Let us continually hope and pray
That God will speed that most happy day
When all can be at Liberty once more,
And have Peace at home and on foreign shore."

Tom W. Deen State representative of the 120th district gave a message on "Love". The climax of this inspiring message was "that a war to end all wars" has been fought and now we must overcome the evil with love. Judge Deen also pointed out that the secret of the great love for America and American ways was the belief in God and religious freedom.

After the special songs and the timely message the special guests for the day were asked to come forward, and as the quartette, with Mrs. Bennie Rose replacing Rev. Arch Gibson sang "Give Them Red Roses" (and a handclasp and welcome back home) a beautiful red rose was pinned on the service men by Mrs. Arch Gibson and Miss Catherine Hall.

After the gorgeous dinner was enjoyed the afternoon was spent in singing.

Discharged Friday, Son is Born Sunday

Sgt. L. H. Smith, Jr., son of Mr. and Mrs. L. H. Smith, of McCoy, has just received his discharge from the Army Air forces. He was stationed at Randolph Field, Texas, at Pilot Training school. He has been in service for 38 months.

Sgt. Smith returned to his home in Floydada on Friday of last week, and on Sunday a son was born to the sergeant and Mrs. Smith which weighed 8 pounds and 14 ounces. The new born was named Leonard Aubrey.

The young son is, beside being the grandson of Mr. and Mrs. L. H. Smith, sr., of McCoy is also the grand son of Mr. and Mrs. H. R. (Harry) Stanley of Floydada.

TWIN SONS DIES
Mr. and Mrs. W. H. Bunch's infant son Billie Don Bunch who was born on Sunday died in a hospital at Lubbock and was buried Tuesday 3:00 p. m. with Elder W. R. Dale of Cone, officiating.

The services were held in the Lakeview Baptist church. Little Billie Don is survived by a twin brother and another brother and sister.

AUNT DIES AT MEMPHIS
Mrs. Joe McIntire of Memphis, Texas, passed away Friday in Memphis. She was an aunt of Mrs. L. R. Grundy and mother-in-law of Dr. Clark of Lubbock. The Grundys were unable to be there.

George Sherrill Out of Unique As a Partner

Jack Burleson and G. G. Glover this week announced the purchase of the interest of their partner George Sherrill in the Unique barber shop. The three-way partnership was terminated as of March 1.

Sherrill is getting out of the business to take a different type of work. He will travel for the Ford Cheving gun makers, said Mr. Burleson Monday. For the present, at least, the Sherrills will continue to make Floydada their home.

Inch Rainfall Gives County Fine Season

Rain over Floyd county and a large portion of the panhandle and south plains blew in with some sleet and hail early Tuesday morning to give small grain fields, farm lands and ranges an excellent season.

Nine-tenths of an inch of rainfall was recorded at Floydada. Reports from various parts of the county in all directions indicate the fall was a bit "spotted" but that all sections had more rain than at Floydada, notably below the caprock and northeast.

Rainfall did not extend southward far past Blanco canyon in west Crosby county. While farm operators around Floydada yesterday were still waiting for land to dry sufficiently to work plowing was in progress around Ralls Tuesday, travelers reported.

The fall was lighter in northwest Floyd county our reports show and noticeably lighter at Plainview.

Mild Weather Prevails
The rain "slipped up" on this area, following a period of temperatures that were above normal and "dry" winds. Temperatures have been mild since the rain, thermometers registering above freezing in the 30 and 40-degree brackets at the lowest.

Mrs. Lightfoot Died at Mineral Wells Tuesday

Funeral services were held Wednesday at 3:00 o'clock at the First Methodist church for Mrs. E. W. Lightfoot who passed away in Mineral Wells on Tuesday. Rev. L. A. Doyle, pastor of the First Baptist church of Floydada officiated at the last rites, being assisted by the Rev. Clay Muncy of Lockney, and Rev. Merle Weathers of Merkel.

Mrs. Lightfoot was born 58 years ago in Leon county, Texas on December 22, 1887 her maiden name being Elizabeth Viola Easterling. On August 19, of 1906 at Della, Texas she was married to E. W. Lightfoot. She is survived by her husband and six children, three sons, Travis of Floydada and Gordon and Orville both of Dallas; also three daughters, Mrs. Cella Weathers of Merkel, Mrs. Gertrude Hollums and Mrs. Nadine Smith of Floydada. Seven grandchildren and four brothers; W. M. Easterling, Megargle, Texas. S. J. Easterling, Kansas, M. Easterling, Lockney and D. R. Easterling, Haskell, Texas; and two sisters, Mrs. W. W. Reeves of Bolling, Texas, Mrs. Esie Heehnote, of Haskell.

Mrs. Lightfoot was a member of the Center Baptist church and a christian for about 26 years. The family have been living in Floydada for about 28 years.

Allege Amateur Safe Blower Is From Floydada

Three Floydada youths, all recently discharged from the armed forces and two of them with long records of service in the Pacific, are charged with the amateurish attempt at burglary of the court house safe at Crosbyton.

Arrested last week by Sheriff Hillin, the three have been released on \$1000 bond each to await the action of the grand jury.

CROSBYTON, Mar.—Court house officials and employees were astounded when they went to work Tuesday morning of last week to find an attempt had been made during the night to blow the safe in the tax collector's office, after someone had broken in a front door to the collector's office.

Later, a thorough check showed that nothing was missing. Except the knob had been blown off the safe door! County Judge Warren Haines was worried about the cost of new locks for the doors as well as a new combination knob for the safe.

From what he found, Sheriff Roy Hillin has reconstructed the crime, saying that a couple of amateur burglars did the job. They even tried to blow the safe by using a fuse but the fuses didn't work for the same reason. And he is convinced no nitro was used.

"If they had used nitro, they would have blown up the whole office," he points out. "When they bought what they thought was nitroglycerin, they only got straight glycerin with a little touch of explosive in it. They used a 32-calibre gun as we found a bullet lying on the floor of the office."

"The whole job was so amateurish that officers believe the guilty party or parties had never before attempted anything like it. Up to press time, the authorities were still in the dark as to the guilty persons.

Tax Collector Earle Florence reports he only had a very little cash in the safe Monday night. So the robbery would not have paid off, if it had succeeded.

Study of Singing and Music Begins on Monday Night

Next Monday night at 7:30 in the city auditorium of Lockney the people who are interested in singing will meet to study music and singing under C. M. Lyles of Floydada as teacher.

This school has been paid for already and anyone who wishes to learn to sing is welcome to attend it is announced. This will be in progress for two weeks.

FOSTER SON AND WIFE PAY VISIT FROM FORT WORTH

Cpl. and Mrs. Jesse Haines of Fort Worth spent from Friday night until Tuesday noon in the home of Mr. Haines' foster parents, Honorable and Mrs. Tom W. Deen.

Mr. Haines was an airplane mechanic in the army air corps, and received his discharge from Fort Leavenworth, Kansas, on February 13, after two years and eight months of service. He hopes to make Fort Worth home.

List of Surplus Motor Vehicles Ft. Sale Received by Davis

Gaines Davis announces the receipt of surplus motor vehicle catalogues from War Assets corporation that veterans may be interested in. The sale will be held at Fort Hill, Lawton, Oklahoma, beginning March 4, through March 15.

Any information will be given by Mr. Davis at the American Legion hall in regard to these surplus sales and of new and used construction and farm machinery.

Henderson Is Felton-Collins Meat Manager

Clyde W. Henderson, who has been popular in Floydada as a meat department manager, is now associated with the Felton-Collins food store on West California and is manager of the meat department. T. P. Collins, of the firm, announced this week. Mr. Henderson began work Monday.

During the absence of Richard Fenner in the army, Mr. Henderson had charge of the meat department at Looper grocery.

Five Answer For Induction

Five Floyd county boys answered their nation's call on Monday of this week, going to El Paso for induction. Two are from Floydada and three are Lockney boys.

From Floydada were John Edward Walker and Robert Leonard O'Bannon. From Lockney where Virgil Cleo Murphy, James Calvin Colvin, Jr., and Johnny Vaughn Aycock.

Floyd county has a pre-induction examination call for March 29, for nine men.

Captain Clifford Potts Home From Manila on Leave

Captain Clifford Potts returned last week from Manila and is spending a 40-day furlough with his family.

Captain Potts was overseas about 14 months and served as a chaplain, most of the time in the hospitals. He will report to New Orleans for re-assignment April 6.

Dillon Patterson Out With Discharge

Dillon B. Patterson, one-time foot ball hero of Floydada High school, is back at home once more and in civvies to resume where he left off in October of 1942 to join up with the Coast guard.

Since his return to continental United States, following a Southwest Pacific tour, Dillon has been stationed on the west coast.

He returned home Sunday and will be associated with his father, Felt Patterson, in the operation of the Phillips 66 Retail Station.

Volley Ball Gets Under Way with 4 Teams Playing Twice Weekly

The volley ball league got off to a flying start Tuesday night with four teams taking a hand in the first games. If Tuesday night was only a beginning we can expect some real competition before the city champions are crowned.

The faculty seems to have the best team to date with Coach Gresham, Barber, Baker, Harris, Gatewood, and Bandmaster Marshall.

The Aggies have a good bunch of volley ball players which will develop into a real threat when they get lined up. The following men make up their roster: Wiman Burke, Wright, Latham, Crowell, Hamilton, and Crump.

Another good team is the Piggy-

Wiggly with such players as Jack Knox, Joe Wood, Alfred Duncan, J. B. B. Jones, Roy Sparks, and Leland Hart.

The fourth team is the Bishop Pharmacy team. The men on this team are: Aaron Carlisle, Felt Patterson, Kyle Glover, Foe Wee Rainer, Leroy Chowning, Clifford Go-lightly, and Jake Watson.

J. C. Penny Co. and Oden Chevrolet are thinking about entering teams. There are several volley ball stars nonattached to any team who would like to play. The league plays every Tuesday and Thursday night at 8 o'clock at the Andrews Ward gym.

The public is invited to come out and watch these games.

BETWEEN THE GRINDSTONES

The Hesperian, which has a habit of looking at all sides of most of the questions (we tell ourselves) is somewhat amused at the predicament of the restaurant man, the shirtmaker, and the wholesale and retail filling stations find themselves in. We hasten to say our amusement is the old-fashioned kind where you feel for a friend and get amused at him too, when there appears to be nothing you can do about his troubles. The above three only illustrate. There are plenty of others caught between the grindstones.

They are still operating on their 1941 price lists, or have been, right on through the war. Increased taxes alone should justify somewhat of an increase in the prices for most of them. Add to this doubled and tripled expenses of other kinds and you can realize that most of them who are going ahead and doing business are digging into their reserves to keep their shops open. In the case of the maker of cloth and shirts, who probably makes diapers as well, he can look around for something that he can make that will not cause a loss. The restaurant man and the service station man are in a different category, of course. All they can do is try to wait on two customers at a time with one hand, trying to make ends meet.

Now the funny part is any! Nobody sympathizes with them. They are in the vast minority. Along with them raising Cain, of course, is the man who is set to get rich quick if he can get the price barrier broken down. So the man who has just got to have a raise to keep in business is put in the same category as the man who wants to get something for nothing at the expense of the public. He is in a hard spot but he doesn't holler publicly. The neighbors will not understand. He is between a rock and a hard place and may stay that way for some time.

OFA OKEYS HIGHER FEEDS

The Office of Price administration has given its blessing to a raise in the ceiling prices of feeds. Although hot cakes and shirts still stay on the taboo list, the authorities are of the impression that higher prices will move feeds like wheat and oats, corn and barley into channels.

Perhaps they are right. Usually the best way to get a farmer to sell is to cut the price and get out a scare that the stuff is going down.

Typewriter Ribbons, Hesperian.

LOW EGG PRICES EXPECTED

Since every agency from the Department of Agriculture on down through the book is telling the poultryman to anticipate lower prices for eggs as well as lower prices for fowls, the man who is in the poultry business may assume that such is likely to be the case and trim his sails accordingly. In addition to lower income the problem of the right kind of feed at any price also looms for the next several weeks. With everything somewhat awry from the way people feel about things on through matters of finance and supply one might as well prepare for the worst and then if they turn out much better. Our guess is that nobody can guess what eventualities will be. What makes it seem reasonable that prices may be less in spite of talk of inflation is that when prices are either terribly high or terribly low there is left only one way for them to go.

WHAT ABOUT CATTLE

None of this talk about prices is intended to leave the impression that we think we know what may happen in any line of business. There are many elements of uncertainty. For sure prices of feeds are underwritten by the government at least through 1947 and one good lawyer associated with the Department of Agriculture says the price of feed has a floor under it for 1948.

But for cattle, for instance, in the same periodical a big cattle raiser of the mid-west, which means "back east" to us, says his firm, a sort of a syndicate, is making preparations to try to make money by raising eight-cent cattle. He means by that he anticipates his crop of calves this spring may sell at eight cents per pound to the feeder two years hence. He says that the range cattle raiser has quiet a bit of advantage in this respect, but that his company is going to try to meet the situation and show a profit if they can. We wonder what he may or may not know. Along with this kind of talk comes urgings by the New Mexico man who is head of the Department of Agriculture telling cattlemen to get rid of their surplus now—in orderly manner, he says, but get them to market just the same. From another source closer home the warning is that Texas pastures are being forced to carry numbers of cattle all out of proportion to the grass and feeds available.

NEED IS CONCENTRATES

Although that commercial feed makers admit that grain is not too plentiful in the country, they say that the bottleneck is not in those feeds, which can be found in sufficient quantities for all actual needs for cattle and poultry, but is the concentrates—cottonseed meal, soybean meal, fish meal, and meat scraps.

Given these four the manufacturers could find enough oats, barley, or corn, the live stock and poultry people thought. What has become of these four concentrates is the sixty-four dollar question, they say. While they should not necessarily be available in abundance there ought to be enough to go around granted that conservative use is made of them and care exercised to avoid waste.

As A Farm Woman Thinks

(By Nellie Witt Spikes)

A PRAYER

By Avis H. Grant

I ask, Thee, God, that I May never hurt another's heart; May never unkind word Of mine cause bitter tears to start.

Dear God, I pray that Thou Wilt let my words be heaven-born, That they may never make A fellow man in sorrow morn.

Before my window is a beautiful green branch of a tree now in full spring dress. Only a few days ago, that same branch was loaded with ice and I thought like some hearts that know sorrow, the icy winds of death and separation almost break some souls. But like the willow tree, which the ice could not break, sorrows will not break the ones who call upon God in their grief and loneliness.

I am thinking now of families of two dear friends that left us only a few days ago, left hearts broken with sorrow and numb with pain.

Mrs. Lamb and Ellwood Assiter, gone from our midst, but leaving behind memories of lives that gave of their love and kindness to the ones whose tears fell fast at their leaving us.

We all loved kind, sweet Mrs. Lamb, (Aunt Lamb as many lovingly called her) and she loved us. As I passed I always watched to see if I could see her. Pleasant happy thoughts always came into my mind as I saw her for a brief moment. Now she has joined her husband who went on ahead some three years ago. And today I like to think he is showing her the glories of heaven, the city that needs no sun for the glory of God doth lighten it. He is showing her the foundations that can only be likened to the glory of the diamond, the sapphire, the emerald, the topaz, and like precious stones of earthly glory. He takes her to the streets of gold, and to the gates of wonderful pearls. It is gold that the earth does not know of for it is called, "gold like unto clear glass." It is gold that the glory of God can shine through—it is the glory-gold. And to her children that she loved and left these words may be comfort.

But when I go To my lone bed, I find no mother there; And weeping kneel, to say the prayer she taught; Or when I read the Bible that she loved, Or to her vacant seat at church draw near, And think of her: a voice is in my heart, Bidding me early to seek my God and love

My blessed Saviour; and that voice is hers.— I know it is, because these were the words She used to speak so tenderly, with tears, At the still twilight hour,—or when Forth in the spring, among rejoicing birds, Or peacefully talked beside the win-

ter's hearth. Ellwood was a farmer. He knew that unless seed were planted in the earth, there could be no harvest. He was a good man, he knew that unless a person was buried in death, there could be no resurrection into a better world. Death is unclasp; joy breaking out in the desert; the heart comes to its blossoming time. Do we call it dying when the bud bursts into flower?

Seed Corn Into Grain We are too stupid about death. We will not learn How it is wages paid to those who earn.

How it is the gift for which on earth we yearn.— To be set free from bondage to the flesh; How it is turning seed-corn into grain.

How it is winning heavens eternal gain, How it means freedom evermore from pain.

How it untangles every mortal mesh We are so selfish about death. We count our grief Far more than we consider their relief.

When the great Reaper gathers in the sheaf, No more to know the season's constant change And we forget that it means only life.—

Life with all joy, peace, rest, and glory rife. The victory won and ended all the strife, And heaven no longer far away or strange.

*** The little house that has been my closest neighbor for some thirty five years, has moved to town. How I miss it! As long as it was there friends and neighbors came and went. Now I will look down there and see a vacant spot. How the names come, The Deans, The Mc Clintocks, the McLanes, The Ausmus family . . . and my own dear daughter, Wilma, her husband, Paul Wheeler and my sweet grand son, Joe Ellis. Whoever lived there, I was welcome. Grandma Little rocked and knitted under its shelter. Eyes were closed in death in that hour, babies born and laughed and played. It has known the storms of winters and the heat of summers, joy and sorrow and the sweetness of living. I am glad it was not torn down. It will still be a home in Ralls. Mrs. Nellie Lancaster will live in it and friends and neighbors will still enter its doors and sit by the fire.

*** Our house was full of folks over the week-end. This Monday morning it is very still. The extra bedding is put away, the toys in place, and the many things interesting to boys which they found put away in the attic, have been carried back up there. Some day, we pray soon, our son will join the rest of us and an extra chair will crowd in around the big table where eleven of us have been eating, and the number will be twelve.

Producers Disclaim Responsibility of Shortages

Producers of formula feeds who disclaim responsibility for the present shortage of feed grains, which they claim will get worse, place the blame at the door of government regulations in a statement recently and given state distribution.

of formula feeds," says the statement, which is given out by the Texas Feed Manufacturers Association. And here are what they claim as the facts followed by their recommendations for a conservation program until existing conditions are relieved:

Feed Shortage Facts

Government regulations have resulted in feed ingredients such as soybean meal, cottonseed meal, corn, milo, wheat and other commodities being diverted from regular channels into more profitable outlets not governed by ceiling prices. This practice has replaced normal distribution to such a point that Texas feed manufacturers are unable to obtain sufficient ingredients to supply their dealers with present feed needs.

The barter system has replaced normal buying and selling operations. This system has completely disrupted normal distribution. Grain stocks badly needed in the Southwest have been shipped out, leaving little for livestock feeding. The exportation of wheat from the Southwest has completely depleted this crop for food and feed.

Feed grains such as milo, kafir and oats are being sold at seed grain prices, which prohibits the feed manufacturers from using such grains in formula feeds.

The USDA has recently issued order WFO 9 which limits production of formula feeds to conserve the supply for domestic and foreign use.

With such conditions prevailing the feed industry has been forced to reduce production in line with feed ingredients available to the manufacturers.

Our Recommendations

With existing conditions, the Texas feed manufacturers association urges all retail feed dealers to recommend

the following feed conservation program to their customers:

Market low producing individuals from your herd or poultry flock. Keep only the top producers. Do it now.

Order your normal number of chicks and poult. Do not purchase more than your present equipment will care for. Overcrowding results in losses and feed waste.

Feed wisely. Feed good feed, but don't waste feed.

Discourage any new ventures in livestock and poultry until feed supplies are back to normal.

Don't hoard. Fresh feeds are better. Your neighbor needs feed also.

There should be enough feed for all livestock and poultry provided we follow these five recommendations.

SECOND SUNDAY SINGING AT CHURCH OF THE NAZARENE

The second Sunday singing which has been held in the First Methodist church for the past few years has been changed to meet at the church of the Nazarene on the corner of Fourth and Tennessee streets, next Sunday at 2:00 o'clock with Earl Rainer in charge.

Mr. Rainer announced this change the first of the week.

DISCHARGED FROM NAVY

Arthur Womack, jr., Mo. M. M. 2/c USNR, received his discharge from Camp Wallace February 21. He had served three years and four months during which time he was in the Southwest Pacific and in the Western Carolines aboard the U. S. S. Y. M. S.

Womack is the son of Mr. and Mrs. A. V. Womack of Sand Hill.

WEEK-END TRIP

Students home from college over the week-end included Betty Yearwood, Earnestine Fowler, and Dorothy Jean Rushing from W. T. S. C., Mary Lee Thacker from Baylor university, Gene Arwine from Tech and Dale Goen from John Tarleton college.

Miss LaNell Harmon and Kay McKenna who are employed at radio station K. F. Y. O. in Lubbock spent Saturday night and Sunday with Miss Harmon's parents, Mr. and Mrs. Frank C. Harmon of Floydada. Miss Ruth Elaine Harmon and Miss Joe Muncy returned with them to Lubbock for Sunday night and Monday returning Monday night.

James Sever, a student in Texas Tech, was a guest this week-end in the home of Rev. and Mrs. C. A. Hartley. He has recently been discharged from the army after having served eighteen months in the European Theatre.

Lora Nell Hartley returned this week to Georgetown where she is a student in Southwestern University after spending midterm vacation with her parents Mr. and Mrs. C. A. Hartley.

L. C. B. Hartley has recently been given a promotion in the U. S. M. C. R. that of First Lieutenant. He is going to Japan for a few months detached duty.

Mr. and Mrs. James R. Burrus of Phillips visited over the week-end with Mrs. J. A. Burrus and Mr. and Mrs. Clinton Pyffe also with Mrs. Burrus parents Mr. and Mrs. D. Pyffe and family.

Seaman first class Virgil Boteler, from the Great Lakes Naval hospital arrived Sunday for a 30 day recuperation leave with his parents Mr. and Mrs. V. H. Boteler.

C. W. Burton went Wednesday to Munday to see his father W. T. Burton who is ill. Mr. Burton will remain for an indefinite time to help care for his father.

Roy Wellmaker of Chickasha, Oklahoma came Saturday for a short visit with his sister and mother Mrs. Frank Simpson, and Mrs. Mary Wellmaker.

Miss Jean Duff of Lubbock spent the week-end with Miss Frances Mitchell, former room-mate at Tech.

Thrifty Texans Are Still Buying Savings Bonds

"Texans are not only patriotic, as evidenced by their record purchases of U. S. War Bonds during the war years," Nathan Adams, state chairman of the advisory committee for Texas, declared, "they are also thrifty. With the war over, Texans continue to buy U. S. savings bonds in satisfying manner with a total of \$17,681,000.00 invested in Texas during January."

"Availability of U. S. savings bonds with the same rate of interest as war and victory bonds is direct result of demands by management, employees, and schools throughout the land."

he continued. "Savings bonds are being handled on the same basis as war bond purchases with payroll savings plans, banks, schools, and other issuing agents. Too much stress cannot be put on the value of accrued savings through savings bonds investment for both the individual and the nation. The individual should continue to save for his own security and for the security of the financial structure of his country."

"The best way to safeguard the country from ruinous inflation is for individuals to continue to invest in U. S. savings bonds," Mr. Adams concluded.

National sales of E bonds in January amounted to \$640,900,000.00, which was 80% of the January, 1945, rate according to figures released by the Savings bonds division of the U. S. treasury. Redemptions for the month amounted to only 1% of all outstanding E bond holdings.

Virgil Simpson and George Marquis visited in Aspermont over Saturday and Sunday.

LET'S TAKE STOCK NOW

★

Everybody wants goods:

Manufacturers want to make them for you.

Yet months after the war's end, you still find it difficult to get many of the things you want and should have.

So, isn't this the time for all of us to take stock . . . to learn a lesson . . . to find out, if we can, what will cure the troubles we are having and prevent their recurrence?

Let's look ahead and agree on a program that will insure the full production everybody agrees is the real answer to most of our problems.

Suppose we begin by taking a good look at three roadblocks to prosperity...

STRIKES

Whatever their justice or injustice, strikes paralyze production, force people to use up their savings, and result in losses that can never be made up.

PRICE CEILINGS

Full production isn't possible when industry suffers losses because of rising costs and frozen prices. Price

ceilings limit production — goods just don't get made.

GOVERNMENT SPENDING

Continued huge government spending means continued high taxes. High taxes discourage production, hinder the creation of jobs, and leave you less to spend.

ISN'T THIS THE WAY?

The people, through Congress, can remove these roadblocks in the long-range interests of all . . .

By establishing a labor policy that will treat labor and management exactly alike, and above all be fair to the public:

By removing the shackles of price control on manufactured goods;

By cutting down on government spending now and balancing the Federal budget by the 1947 fiscal year at a level of income and outgo that taxpayers can stand.

Do you believe this program is in the public interest?

Your Representatives in Congress are the only ones that can put it into effect. Tell them how you feel about it.

So'western Over 1/2-Billion Mark at End of 1945

With a gain of \$30,983,077 in business, Southwestern Life Insurance Company passed the half-billion mark at the end of the year and now has \$512,701,350.00 of insurance in force. At the same time, assets increased \$13,418,004 to bring the Company's total to an all-time high of \$526,119,354.00. The figures were announced here today in the Company's forty-third annual report to policyholders, released by C. F. O'Donnell of Dallas, president.

The 1945 gain in insurance in force was the second largest in the Company's history the report indicated. In 1928, the Company's gain in insurance in force exceeded \$26,800,000 and in 1943 it was more than \$28,200,000. The 1945 gain compares with the record production at the close of 1944, when the gain was \$31,788,467.

Mr. O'Donnell voiced keen appreciation for the policyholders of the company in this area, and for the agency work of the company's local representation. Southwestern Life is represented here by R. E. Fry.

TATE JONES AND WIFE HOME LAST WEEK FROM ROCHESTER

Mr. and Mrs. Tate Jones, who spent nearly a month at Rochester, Minnesota, while Mr. Jones had an operation at the Mayo clinic, returned home Thursday night of last week. "Up in Iowa we hit a heavy snowstorm and prospects didn't look so good for travel," Mr. Jones said. However, they drove out of the storm in about four hours after an all-night stop and made it in successfully and nearly on schedule.

Mr. Jones thinks a nerve operation done for him at the clinic will prove successful.

MORE THAN 2 MILLION JUST LIKE ME!

Every year from the ranches of the Panhandle-Plains and Pecos Valley, come more than two million head of the finest beef in the world. There's plenty of good feed, an abundance of crystal clear water, healthful climate, and men who know how to take care of cattle.

This entire area is acre-high for beef production. Everything is in its favor for raising the finest beef in the U.S.A.

We have everything in the Panhandle-Plains and Pecos Valley including an abundant supply of cheap, dependable electric power. Electric power helps the cattleman, too, in grinding feed, pumping water, irrigating, filling silos and a score of other tedious chores.

Smalley Bride Worth Man in February 23

Gerald Smalley, brother of the bride, lighted the candles. The bride, given in marriage by her father, wore a white satin floor length wedding gown with sweetheart neckline. She wore a fingertip veil of white net. She carried a white Bible covered with a gardenia and showered. For something new she wore a strand of pearls belonging to her mother, for something borrowed she carried a handkerchief belonging to her grandmother and for something blue she wore a blue wristlet belonging to her sister.

Her bridesmaids were her sisters, Mrs. Clinton M. Rhodes of Fort Worth, who wore a pink net and taffeta evening gown with a deep pink carnation corsage, and Dolores Smalley, who wore a blue net and Jersey evening gown with a deep pink carnation corsage. Little Joe Smalley was ring bearer. Grover C. Freeman was best man.

Mrs. Smalley, mother of the bride, wore a navy blue dress with a white carnation corsage. Mrs. Wilson, mother of the groom wore a black and white suit with a white carnation corsage.

A reception followed the ceremony. The serving table was covered with a white Irish linen cloth. A three tiered wedding cake topped with a miniature bride and groom and punch was served to the guests by Mrs. Doyce Smalley, Mrs. Grover Freeman, Mrs. Clinton M. Rhodes, and Mrs. Silas Herion.

The brides going away suit was soldier blue with black and fuchsia accessories.

Mrs. Wilson is a graduate of Floydada High school with the class of 1940. She was employed with Consolidated Aircraft of Fort Worth three years. Mr. Wilson is employed with Amarillo Welding and Machine Works.

Guests were Mr. and Mrs. J. J. Smalley, parents of the bride, Mr. and Mrs. J. B. Wilson, parents of the groom, Mrs. Harry Lawing, sister of the groom and Reggie Lawing, nephew of the groom, all of Fort Worth. Mrs. John W. Story and Mrs. T. J. Dobson of Burk Burnett, Mrs. Silas Herion of Iowa Park, Mrs. N. J. Smalley, Betty Ruth and James Calvin of Matador, Mrs. Kate Powell of Ralls, Mr. and Mrs. J. A. Smalley, Mr. and Mrs. J. F. Briggs, Mr. and Mrs. Alvin Wilson and Almeda, Misses Melba Smalley and Betty Lou Freeman.

After a short wedding trip the couple will be at home in Amarillo.

SWEEK'S PERSONALITY

Personality of this week is of those tall, dark, and handsome. These days, January 13, was a day that Weatherford will long remember; for on that day, our personality of this week was born.

Personality is six feet tall, has grey eyes and brown hair. His favorite food is ice cream, with a close second, his favorite is hunting and fishing. He says he especially likes dogs because the dogs are such good company.

Barber says his worst habit is to introduce people and forgetting everybody's name. His favorite color is red. He especially likes red hair. His family consists of his wife, Cora, and his son, Don. His wife is a beautiful blonde, with "Very Red Hair", as Mr. Barber says. He is nine years old, and he helps with the housework.

Barber's nickname is "Peck". I'm sure it's because he's such a ringer for Gregory Peck. His like is livestock and all that has to do with the house. All his life, Mr. Barber has liked the end of a Perfect Day better than any other song.

Barber's secret ambition always has been, and still is, to be a rancher. He is the most embarrassing person in his life was turning over a leaf of tea in a lady's lap. To top it off, she had on a beautiful evening dress.

Mr. and Mrs. Barber were married June 29, 1926, at 11:30 at the home of the bride's parents in Weatherford. I asked him where he met his wife, and he said there were two versions of that. The one tells is that he met her at the home of his grandmother.

Mr. Barber is the Agriculture teacher, and also a member of the Metropolitan Club at Texas A&M. He is also the Senior class sponsor for things and PFA Advisor. One of the most likeable people he ever met was D. R. Alexander, one of his teachers.

Barber's favorite entertainment of the week is playing bridge. Mr. Barber writes in his spare time. Recently he wrote an article on how to put a banquet, and it was published in "Agricultural Magazine", and he plans to do everything he wrote in that article.

If you are ever looking for Mr. Barber when he has disappeared, he will probably find him in his book shop behind the garage. His favorite vacation spot is anywhere in the mountains. When school is over, he plans to stay on here and help the Ag boys with their summer projects. I'm running out of space. I will close. He is one of the most likeable people in this town, school faculty.

MARRIAGES
 LaVerne Poteet and Truitt Marty were united in matrimony Sunday at 3:00 p. m. at the First Baptist Church. LaVerne was a senior in high school.

The students of FHS enjoyed a variety of selected cartoons for the assembly program last Tuesday.

Trackers Working For District Meet

The Floydada Trackers are having regular workouts each afternoon. They are preparing to enter the district meet at Crosbyton. They will have entries in the one mile, 110 yard low hurdles, 110 yard high hurdles, broad jump, high jump, pole vaulting, discus and shot put throwing. These all come under the senior division or boys who are 15 years or older. The junior division is for boys under this age. They have a 50 yard dash and several other races.

Two Ags Showing Calves in Show

Kenneth Willis and George Reid May, Floydada Future Farmers, are showing calves at the Amarillo Fat stock show this week. They are included in the Floyd county group, which is composed of Avon Shearer, Seth Johnson, Billy Joe Hambricht, Gordon Hambricht, and Kay Terrell, 4-H Club boys from Floydada.

WANT ADS

Wanted: Margie Whitehead to quit flirting with other boys.—Edward P. Looney.

Wanted: My name left out of the paper when it concerns topics that I know nothing about, for instance, letters to "Bill" from a "fake" John.—Lindel Simmons.

Wanted: Help to decide which one I love, Dorothy Brand or Francis Pratt. A boy in doubt, Earl Dean Leach.

Wanted: A rest in Bookkeeping.—The Bookkeeping Class.

Wanted: Something besides zeros in 3rd period Speech class.—The Speech Class.

Wanted: A ride home Friday night.—Glenn Carmack.

Wanted: Jane Whitaker not to talk so much. (Somebody).

Wanted: To know why Marjorie slid down in the car seat and didn't want to be seen with a certain boy the other night (E. E.).—Several nose people.

Wanted: A date with Nancy Bishop.—Bobby McGuire.

Wanted: Fountain pens and pencils to remain in lockers, or if taken from lockers to be returned to lockers.—Some girls in FHS.

Wanted: To know when Melvin and Glenn will start growing taller instead of "broader".—A number of students.

Wanted: A certain girl to come back. J. T.

Wanted: Still a man, but he must be handsome. Maxine Griffin.

Wanted: To know why Mr. Baker reads the "Quacker" first when he picks up the Hesperette. (Curious students).

Found: Compack belonging to Beattie Mae Morrison.—Apply at house one block south of school.

Wanted: Van Johnson in the movies next Tuesday. Mary E. Hennessee.

HALF-MINUTE INTERVIEWS

SUBJECT: Projector and Movies. Wenona Faulkenberry—I think it's a great benefit to the school.

Roberta Garrett—I'd like to have more comedies.

Pat Kirk—It's nice and dark in there.

Leonard Wilson—I like them.

Audean Finley—WOO WOO!!

Betty Muncy—It's OK.

Achie Johnson—It's something different for assembly.

Carol Womack—We want more and better pictures.

Dorothy Anderson—It's really keen.

Jean Bradford—They're alright.

THOUGH THEY HAD NEVER MET B-4

WHAT CAUSE HAD SHE 2-CARE SHE LOVED HIM 10-DERLY BE-CAUSE HE WAS A 1,000,000air !!!

Can't you make your mind up "Ajax"? I thought you were off Vell. Say now, you were having a good time Thursday night.

Seems like Travis and Maxine were having fun one Friday night.

What's this about James Elliott being a house detective for Lee Howard. You'd better watch "Wild Bill" Elliott sheriff!!

Billy Joe Johnson, football season is over, or were you just practicing huddling with Wilma Hamilton last Thursday night??

What were Mary Maxey, Roberta Garrett, Billy Latham, and Jerold Vinson doing in assembly last Tuesday morning? It was awful dark you know!!

What goes on between Melba Smalley and Dean Walls in Bible class?

Why does Wayne Beedy go down to the office every morning? Is it on business, or is it on account of Laverne???

What happened between Dwina and Glenn last Friday night?

Roberta, what is the matter? A-raid Wilma H. is beating your time?

Who was "Chick" with Thursday night? Or is that Pete's business? Anyway, if I had my binoculars adjusted right, it was Jim Bob Hedge-coke.

Wonder why Fred Conner is always talking to Lavell Hall? He couldn't be crazy about her, could he? She is something to be crazy about tho!

Jean Cardinal, why were you on your knees Thursday night? Wuz she proposing or begging??!!!!

What is going on between Dorothy Brand and Richard Parrish, or could my eyes deceive me when I see them winking at each other in the halls?

So Virginia Odum didn't need to see the show, "Kiss and Tell", as she knew how already! Edcor Ring, I supposed!!

I notice Delmar Hartley and Billie Hopper seemed to be enjoying the show, "Kiss and Tell", or was it afterwards they enjoyed most?

Sammy Hale and June Finley make a cute match. How about that Sammy?

June Burleson has decided she'd rather housekeep than have a career. If that's not the reason, why did she quit school—Burlie? Huh!!

Why did Babe call the usher Sunday? Bet she wuz trying to find Dale!!

Who was the little girl winking at Don Booth?

Nancy Bishop had a little trouble Sunday, I'm told. What happened between her and a very cute boy?

"Oh, shucks, I thought I'd get to put my hand on Jerold's shoulder," was Ann Payne's remark when Mrs. Collins suggested that they change characters for the rest of the play. Isn't it awful!! Girl, don't be discouraged tho, maybe you can get another chance!

Ask Dwina if she likes to flip coins... Hubba, Hubba!!

It looks as if Pete broke Joy's New Year's Resolution...

Duz a little Sophomore know that Glenn has been making eyes at her?

Favorable progressing is being seen in the Francis Pratt and Dean Leach romance...

Bobby McGuire, explain why you are so friendly with a certain Benior girl in Speech class! Her name is Almarene!

Do we hear a faint sound of wedding bells ringing? Venita Green has not been to school in a long, long time. I imagine "Freddie" can tell us why!

Jack Hough, are you the big man in Christeen's life now? You seem to be.

SPECIAL NOTICE to all people that WRITE NOTES!!!! All notes found in Room 101 will be printed word for word each week in this paper the remainder of the school year.

THIS WEEK: Quote—"Valrie, what is the matter hon? I hope you aren't mad at me. Val, I think I know what it is

about but I don't know what has happened. Tell me, if I have done anything, I didn't mean anything by it. Answer, Love, Vell."

Unquote—VERY INTERESTING!!

Wonder if Lovene has fired Lewis Lloyd as her chauffeur—or did C. L. No, it doesn't look like James and Willa like each other much now. But, then I could be mistaken.

Majorie and Squirt seemed to be taking the initiative being in the back seat of Babe's car the other Sunday night.

What's this I'm hearing about Tom Ballard being the 8th grades' swoon boy. Come, Come, Tom, tell us more. This is very interesting!!

Poor Mable June doesn't have any thing to do in the 7th period Study Hall except to write "Bruce, Bruce, All over everything."

You mean little rescals have been on your toes this week, so I'd better run find me a deep hole quick. But remember, your patronage is always welcome no matter how hard I have to dig! See'ya!!

Attend FHA Area Council Meeting

Saturday, Miss Osborne, Miss Marr, and Willa Bradford went to Tulla to an F. H. A. Area Council meeting.

The purpose of this meeting was to elect officers for Area I for the following year. During the morning session the Superintendent of Tulla schools spoke, and plans were made to raise money for a state F. H. A. camp that all homemaking girls may attend. The nominees were named for the officers.

In the afternoon the qualifications of the officers were read, and the votes were cast and counted. A social hour concluded the meeting.

JUNIORS SELECT RINGS

The Junior Class met in the auditorium Friday afternoon, Feb. 22, for the purpose of selecting the 1947

class rings. The ring unanimously chosen by the class is a very beautiful one. It is one of the most elaborate rings ever to be chosen.

The entire class is well pleased with the selection and is eagerly looking forward to their arrival which is expected the first week of September.

EX-STUDENTS VISIT

Lyndell Roberts and N. E. Tyler, Jr., both ex-students, were visitors last Thursday in FHS. Today, Monday, we have had two more ex-students to visit FHS. They are Mary Lee Thacker and David Joe Lambert.

Can Endocrine actually help make the face more youthful looking?

Do you know that now... through ENDOCREME... scientific research has answered the above question for thousands and thousands of women with an emphatic "yes"? Moreover, it is doing this to a degree hitherto thought impossible. This is because ENDOCREME helps improve the skin itself, not merely its superficial appearance. How? Well, only ENDOCREME contains ACTIVOL®. This ACTIVOL® is a scientific replacement for woman's own skin-vitalizing substance. Absorbed by the skin, it helps to restore normal growth to ageing cells and tissue. Thus it aids the skin of face and throat to become firm, fresh, "alive," vibrantly youthful again. How better can you invest your cosmetic dollars? Try ENDOCREME. Many report distinct improvement in only 30 days.

Try ENDOCREME Hand Lotion, \$1.25 plus tax.
