club members will again show their beef cattle, swine, sheep and dairy cattle project demonstrations in the coming annual Boys Junior Fat Stock Show to he held in Floydada Saturday, April 20.

Rules for the show are being for mulated this week by show officials and the probability is that there will be little change if any from the regulations in effect at last show according to A. L year's Hartzog, Floyd county agent.

Chamber of Commerce officials and businessment of Floydada have shown increasing interest in the annual affair and present idica tions are that problems connected with getting ready to receive the livestock will be overcome by sho time.

The chief headache of show of ficials is securing sufficient panels for swine pens and judging arena Heretofore these have been borrowed from the Plainview Fair associa-tion but due to the change of dates for the Panhandle Plains Dairy show at Plainview and the resul tant conflict in show these pens will not be available to us this year. Consequently officials are seeking to arrange for suitable materials to construct the neces sary pens. H. G. Barber and his F. F. CONSUMER GOODS

With their eyes upon the major upheavals in industry like the Gen-eral Motors strike, steel strike and now the coal strike, people may be apt to overlook the fact that thousands of businesses making things for the consumer are going along with their jobs. Not all the workmen in the United States are on the payrolls of the colossal companies

We hear, and surmise it is true, that consumer goods are being made in tremendous volume and the flood manufacture in some lines at least will begin to catch up with the demand not many moons hence. The unusual gets the headlines, the usual goes unnoticed.

IT'S SWELL TO FEEL WELL!

There's nothing like it -- 'that good feeling that comes when you and your family are healthy --- and that's the way most folks feel all the time in the Panhandle-Plains and the Pecos Valley area.

The climate in this area is ideal. Our cool, invigorating summer nights and our moderate winters keep those of us who live here comfortable and healthy the year 'round. You can see the glow of health on everyone's face.

It's great to live here. The Panhandle-Plains and Pecos Valley have everything - including plenty of dependable, low-cost electricity.

Can Endocreme actually help make the face more youthful looking?

Do you know that now . . . through ENDOCREME . . . scientific research has answered the above question for thousands and thousands of women with an emphatic "yes"? Moreover, it is doing this to a degree hitherto thought impossible. This is because ENDOCREME helps improv the skin itself, not merely its superficial appearance. How? Well, only ENDOCREME contains ACTIVOL **. This ACTIVOL ** is a scientific replacement for woman's own skin-vitalizing substance. Absorbed by the skin, it helps to restore normal growth to ageing cells and tissue. Thus it aids the skin of face and throat to become firm, fresh, "alive," vibrantly youthful again. How better can you invest your cosmetic dollars? Try ENDOCREME. Many report distinct improvement in only 30 days.

WARNING - DANGER!

Parking In The Fire Lane At The Fire Station Is A Dangerous Practice!

Fire alarms do not wait for your convenience.

This zone is marked with white stripes and a "No Parking" sign. It is for your safety and for the protection of the Property and Lives of the citizens of the community.

You can safely park west of the white stripe, but you subject your car to Heavy Damage by parking in the lane and any occupants of a parked car might be seriously injured or killed.

Please do not take this as a threat but as a warning of unavoidable danger if you are careless.

This Week We Celebrate Our 10th ANNIVERSARY WITH AN ANNOUNCEMENT WE ARE PROUD TO MAKE

Beginning Monday We Resume One-Day Service

It has been a long road we've traveled since Pearl Harbor and our Customers have been Very, Very Considerate as to Deliveries and other services we were giving during the war. Everyone realized it was a matter that just could not be helped.

But now Things are Changing up a bit and we are confident you will be mighty glad to get the announcement that Stewart's One-Day Service that you formerly enjoved will be available again.

We Are Replacing Old Machinery

Although we have been unable to replace old and outdated machinery as fast as we would like we have had orders in for months and are gradually getting the inefficient machines replaced with new ones. Our Stream-lined arrangement helps, too, to get a maximum of work done with a minimum of effort. Thank you, each and everyone for the past 10 years of your patronage.

IOTOR OIL

Phillips

Probably you are already thinking about that regular spring oil change for your car. It's important. But equally important-is the kind of oil you change to?

For unless you change to a rugged, protec-tive oil that'll stand up under the hot, hard driving coaditions of the months ahead, we say-you're just wasting your money.

Make your spring change-over with an oil you can be sure about - Phellips 66 Mater Oil' It has been proved by 66,000,000,000 miles of all kinds of driving . . . by hundreds of thousands of pleased drivers.

GAMMA SIGMA KAPPA SOCIAL

The Gamma Sigma Kappa was entertained with a bowling party in Plainview, Thursday evening, Marin ch 28. The girls met, at the home of Oragene Willson at 6:30 and drove to Plainview.

After hearing and watching more experienced bowlers, the girls took their turn.

The outstanding bowler was Marjorie Oden. My! How that girl can bowl! What a picture she made in her levies and long, plaid shirt, with her feet a yard apart, her hands be-hind her back, and that wistful look on her face, as she watched the ball go rolling down the gutter. We won't reveal Marjorie's score for the

sake of our necks. Chick Lambert was a whiz at Chick Lambert was a whiz at bowling. But how she wound up sit ting down every time is beyond us June Foster and Mary Eunice Hennessee really did some gran⁷ bowling for their first try, however. Those enjoying this party were Dragene Willson, June Foster, La-La-Rue Graves, Marjorie Oden, Hazel Patton, Mary Eunice Hennessee, Joy Lambert, Mickey Kennamer, Beth Lambert, Mickey Kennamer, Beth Hinson, Lovene Jones, Jimmie Hicks Hughetta Smartt, Nancy Brown, Mrs. W. The "haulaways" are abroad in the land! Your new car is on order-or in your mind. And now here is why any car of yours should have an OIL-PLATED engine . . .

OIL-PLATING will shield your engine's insides. It saves fine-finished surfaces from lots of wear. And that's how to raise resistance against carbon, gum, and sludge.

An OIL-PLATED engine is yours for the asking. Simply insist on filling with Conoco Nth motor oil. Conoco Nth brings its added OIL-PLATING substance. This acts magnet-like . . . joins lubricant durably to metal, so as to form protective OIL-PLATING! The process is the same in any engine. Though yours may not be new, this is an extra good time to OIL-PLATE it. For it needs a Spring oil change, and simply by getting Conoco Nth you'll get oil that OIL-PLATES-at a few cents' extra cost!
