Grade School Lost Fire at Lockney

Fire of undetermined origin last night completely destroyed the grade school in Lockney, together with a major part of equipment, entailing a practically incalculable loss since it cannot be immediately replaced.

Discovered while still a small blaze in one room, the fire spread so rapidly that a few minutes later when the Lockney Fire department's pumper failed to function proved disastrous. Floydada and Plainview Fire departments send pumps and crews to aid. Fire Chief Rodgers of the Floydada department, said the Floydada crew spent their time spraying adjacent buildings, since the school house was too far gone when they reached the scene.

Officials of the school this morning had not had time to determine a course of action, and no announcement had been made at 9 o'clock where school work would be resumed or when. Offers of any possible assistance by schools of neighboring towns poured in on Superintendent H. P. Clemens, however, including offers of surplus books, desks and equipment.

The building was constructed in 1914 and an addition made to it in 1921. Insurance totalling \$55,000 was in effect, Superintendent H. P. Clemens said this morning. He said a meeting of the school board is scheduled for this afternoon. "We are just going to have to square our chips and meet the situation as it is," said Mr. Clemens, commenting on the fact that four weeks of the school year remain and teaching quarters must be found to complete the year.

Sketch Shows New Building of the Legion

A sketch of the new Legion home in Floydada proposed by McDermitt post, was received and put on display Monday night.

Drawn by M. C. Butler, of Lubbock, the sketch indicates a 90-foot front on Fifth street, the main auditorium extending back to the west for 80 feet. The assembly room will have a seating capacity for 400 people, with large stage and dressing rooms provided.

Also shown in interior arrangement is the 19 by 15 feet kitchen equipped for mess hall service and convenient arrangement.

Lounge and library, with homey atmosphere, are included in the plans.

As A Farm Woman Thinks

(By Nellie Witt Spikes)

It is a delight to go around the place these days and see the new flowers and leaves on the trees. As soon as I dress in the morning I go take a look at the garden first. The new potatoes stand at attention down the rows. The English peas are coming up, and the onions make daggers of green, light green of lettuce, dark green of mustard and radishes, the fine little leaves of the carrots just coming up.

I look for the dahlias planted, but not a sign of them yet. The poppies in the garden corner are up as thick as careless weeds. There is always something new in the garden and of a morning is a good time to take a look. I come round the house by the spirea hedge and glory in its white beauty, gather a few sprays for the vases, then hurry in to put the coffee to boiling, the biscuits to baking and the meat and eggs to frying.

Later on in the day I will go over the place. This I did this beautiful day. The peach trees are full of small peaches and imagine my pleasure when I found the little apricot I set a few years ago full of fruit, looking for all the world like green olives. The quince tree has small fruit on it such funny, knobby little green balls. I will have to look at them every day or so, for I have never had the opportunity to watch the growth of quinces, a fruit I love very much, that is the jelly and preserves made from it.

The blue damsons are bearing for the first time. Years ago we had a big one in our orchard and it was almost always full of blue plums in the late summer.

The box elder trees are in bloom. They make long seed pods and I believe I have told you that they are seedlings from the trees the Quakers brought to Estacado long ago.

The leaves on the cottonwood shine like green glass. They are always moving on their slender stems. The poke is up, and ready for cutting, plenty of asparagus and

winter onions. Grapes are putting out early and yesterday I saw new leaves on the mesquite, which is hardly ever enticed out in time for a late frost to bite.

This morning as I bent over the spirea I heard something big flop out a tree over my head. I thought it was a lazy old hawk, but it looked at me and it was a big owl.

There is so much to do this time of year. Weeds come up better than seed you plant, and in the wrong places. The hose needs changing over so often, or the precious water will waste. Old mean hens fly over to scratch in the damp soil where seed are coming up. They see you coming, start hunting a place to fly over and just as you are almost ready to grab, they manage to get away.

"It is a warm winter," I heard someone say the other day. And we hope it will stay that way. Wilson has not made it in yet, but we look for him hourly. The time seems longer than it did when we knew he was not coming in.

As usual every spring I promise myself that I will not let my arms get sunburned. For many days I will put on a long sleeved smock, but a little later I will slip out just a minute for something, then again and again, until my arms begin to burn and I sigh and say there is no use covering them up, they are burned and brown anyway.

Going to Ralls is not the same anymore. Two good friends will not be there to greet me. Mrs. Wright and Mr. Sargent have passed on to a "city" not made with hands, and left walking the cement sidewalks of Ralls for the Streets of Gold.

Mrs. Wright was always cheerful. When things looked the darkest, it seemed that she could see the silver lining and help you to see it, too. There was a smile on her face, and kind words on her lips. You felt like the world was a much better place after you walked on down the street after meeting her. One time she told me she had tried always to make the best out of any situation. And her good life is a testimony that she made the best of life.

We will miss Mr. Sargent, also. Life was pleasant to him and he made it pleasant for the ones he met. Yes, we will miss these two friends but their memory will be precious to the ones who loved them. Who was it that hollered so loud the first war about having to eat corn bread and who is it now that is hollering about not having any corn meal to make corn bread?

If you were at Farmer last Saturday about six or seven there is not any use for me to write about the glorious time folks had. If you were not there, I could not begin to tell what a time all had. The banquet tables where the service men were seated were set with pretty dishes and silver on white cloths and decorated with red and white and blue bouquets of flowers. Big cakes frosted in white with red and blue flowers and lettering, held place

cards of the Liberty Bell with tiny flag above and the names of the service men.

The big crowd ate picnic style and let me tell you, there was plenty of good barbecued beef to go round. Farmer neighborhood does not do things by halves. They go the whole way with a good percentage over for good measure. It took lots of hard work and lots of planning to put the big job over, but if the servicemen could fight a war why the home folks could feast them when they got back. And make them welcome and happy to be home again. May this be an annual homecoming for the "boys" who went away to duty.

ORDINANCE NO. 239

AN ORDINANCE REQUIRING CONNECTIONS TO BE MADE TO THE CITY SEWER, REGULATING SAME, PROVIDING A PENALTY AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF FLOYDADA, TEXAS:

SECTION 1: That all owners or occupants of buildings or agents for the said owners situated in any section of the city on property abutting or adjoining any street or alley upon which sanitary sewer pipes have been laid, or where said sanitary sewer pipes may hereafter be laid, are hereby required to construct or cause to be constructed suitable water closets on their property and connect same with the city sewer under the supervision of the Water Superintendent.

SECTION 2: Said sewer connections shall be in conformity with Ordinance Number 72 and Ordinance Number 173, being ordinances governing the installation and maintenance of the sewer system of the city of Floydada, Texas.

SECTION 3: It shall be unlawful for any person or persons to build or use any privy vault above or below the ground in the City of Floydada on any lot or parcel of land abutting or adjoining any street or alley upon which sanitary sewer pipes have been laid or shall hereafter be laid. All persons now having such privies in such localities are hereby required to abate the same within thirty days after notice by the City Water Superintendent to do so and to construct and put in water closets and connect the same with the city sewer, as required by this ordinance and in compliance with Ordinance Number 72 and Ordinance Number 173 prescribing the manner and method of making connections to the sewer and the maintenance thereof.

SECTION 4: It shall be unlawful for any person or persons living on property which is not abutting or adjoining any street or alley upon which sanitary sewer pipes have been laid, or shall hereafter be laid, to build or use any privy vault which is not over a pit six feet in depth. All persons now having such privies on property not abutting or adjoining any street or alley upon which sanitary sewer pipes have been laid are hereby required to abate the same within thirty days after notice by the City Water Superintendent to do so and to place same over a pit six feet in depth as required by this ordinance.

SECTION 5: That every person who omits or refuses to comply with, or who insists on willfully violating any of the provisions of this ordinance shall be deemed guilty of misdemeanor and upon conviction shall be fined not to exceed \$100.00.

SECTION 6: The fact that there is no ordinance requiring connections to be made to the city sewer on property abutting or adjoining any street or alley upon which sewer pipes have been laid, and the fact there is no ordinance regulating privies erected on property abutting or adjoining any street or alley upon which sewer pipes have been laid, creates an imperative public necessity and constitutes this an emergency measure for the preservation of public health, demanding that the rule requiring ordinances to be considered and read at more than one meeting be suspended and that this ordinance be passed as an emergency measure and shall be in force and effect from and after its passage, approval and publication, and it is so ordained.

Passed and approved this 9th day of April, A. D. 1946.

The prehistoric discovery of the FLAME was man's first step toward civilization; and from that ageless past to the present, the Flame has been keeping humanity warm, cooking its food and performing other services. However, no energy, even that of the FLAME, would be valuable to modern civilized society unless it would be capable of being controlled. It is interesting to note that it was this controllability that, early in our economic history, provided continued usefulness to the GAS FLAME—a usefulness that through the years has constantly widened and strengthened. Today this controllability reaches its highest point of development. And so, as in the past, the GAS FLAME will continue to release, even more effectively, its energy, remaining man's faithful servant for cooking, water heating, refrigeration and year 'round home comfort.

New Silver Falls Golf Club Formed

CROSBYTON, April 11—Twenty-four members were signed up last Thursday night for the new Silver Falls Golf Club, of which Joe Parks is president and Stanley Carter is manager.

The club already has secured a lease on 150 acres in Blanco canyon, paying \$150 annual rent on it. Fairways, the same as used a number of years ago, are said to be in fine shape but some work is being done this week on the greens by sanding and oiling them. It is a nine-hole course.

Brownsville, Texas, holds "The Charro Days Fiesta" February 28 to March 3rd.

The famed 38th Division will be returned to Texas as a National Guard unit.

Conservation District News

Olin Bryant a cooperater of the Floyd County Soil Conservation district, who lives in the South Starkey conservation group is planting a mixture of Reed Canary grass and western wheat grass in a lake on his farm in an effort to make productive this ground which is subject to frequent overflow.

G. D. Russell of Lockney, has

just completed terraces on a part of his farm. He is a new cooperater with the District and is making rapid progress toward the completion of his conservation plan. With the help of the Soil Conservation Service technicians assisting the District, irrigation ditches were run on the portion of his farm which will be irrigated and contour lines for chiseling were marked on the pasture land. In the fall he plans to seed a grass and legume mixture to prevent further soil erosion on a sloping part of the field.

A. K. Glover of Sterey, has recently installed a new irrigation

well and is watering wheat with the ditches which the District helped him lay out. Considering the amount of sand he is pumping he thinks his conservation plan may have to be changed to include sandy land crops.

J. W. Jones of Lockney has completed a flume under the road in front of his house. This will make it possible for him to water the field he is working just across the road.

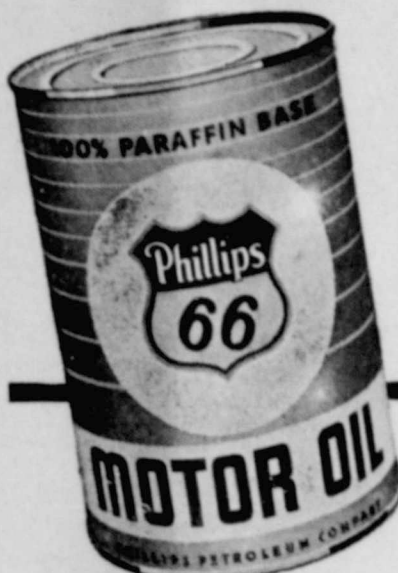

The District furnished F. B. Trowbridge, a cooperater of the Har-

mony Community, with two pounds of dwarf perennial seed this week. Mr. Trowbridge will plant about four acres the winter here as they are in other localities farther west in Arizona, new seedlings made next year on land tired from cultivation.

Make Your Cotton Planting Seed go Farther

Here is How

Let us delint your seed by the Kemgas Process then you can plant half as many seed and secure a better stand.

Why is This True?

The Kemgas Process removes All the lint then recleans, grades, and treats the delinted seed with cerasan. Seed processed in this manner will germinate 3 to 5 days quicker than fuzzy seed. Tractors plant 25% more seed land in a day because there is absolutely no lint

to choke planter boxes and one filling of the planter box will run 3 to 4 hours.

Planting Attachments

No special planting attachments are required—just an ordinary corn plate will plant these seed.

Planting Seed Scarce

Good planting seed is scarce this year. Get the most out of your seed by letting us process them. We are equipped to do a first class job.

We are able to supply a limited amount of Kemgas Delinted Seed in the following varieties:

Hi-Bred

Northern Star
Macha (Storm Proof)
Western Prolific
D and P. L.

All these seed are first year from originator and are \$10.50 per hundred.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky fat right in your own home. Make this recipe your own. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barcentrate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build rest-answering for the "time" to come. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes. Try it!

Efficient Work of P. T. A. Leader Gets Recognition

Mrs. Olin Bryant, president of the Cone Parent-Teachers association was awarded a beautiful gold pinat the 14th district Parent-Teacher conference in Paducah last week by the District president Mrs. J. L. Adams, for having led her unit to reach its 100% goal mark.

Cone was one of the four local units who reached the 100% mark out of 69 units, including 21 counties. Amherst, Crosbyton, and Plainview Seth Ward were the other three who reached their 100% mark.

Mrs. Bryant's manner has led the Cone P. T. A. to high accomplishments and achievements. She was awarded an honor by Mrs. H. O. Stinnett, state chairman, for having the unit bylaws approved and up-to-date.

Mrs. Bryant will be remembered by her friends as Georgia Lee Assiter, daughter of Mr. and Mrs. G. T. Assiter of Floydada.

World wheat production in 1945 was 8 per cent below pre-war levels.

The use of 80 per cent flour instead of the usual 72 per cent is expected to make 27 million bushels of wheat available for export to hungry nations.

Nuptials Candle Light Setting Sunday

April 14 (Sp.)—In a pretty home setting, lavish with ferns and huckleberry blossoms of Easter lilies, Miss Sue Anne Stewart, daughter of Mr. and Mrs. J. H. Roby, became the bride of James Edward Lovell, son of Mr. and Mrs. J. H. Roby, at the Methodist church, Sunday, April 14.

were tied with huge bows of white satin ribbon, falling into cascading streamers. A matching floral and candle arrangement appointed the piano top.

The Rev. L. B. Smallwood, retired Methodist minister, Sweetwater, and former pastor of the Methodist church in Roby, read the double ring ceremony, while Mrs. E. L. Springer, Casper, Wyoming, sister of the bride, played soft strains of Schubert's Ave Maria. Mrs. Springer also played Lohengrin's Wedding March as processional for the wedding group.

The bride, given in marriage by her brother, Clyde Jay, of Roscoe, wore a Swan-down model suit in seagull grey, with belted detail, wing sleeves, terminating in double pleats at the wrists, and high closing front. The suit was complemented by a white, sheer blouse, and an orchid shoulder corsage. She wore a small crownless, off-face hat, fashioned of black, starched lace, and bowed with

black grosgrain ribbon.

Attendant to the bride was Vondell Womack, of Dallas, a former roommate in McMurry, Abilene. Miss Womack wore an afternoon frock, in deep blue crepe, with side drape featured in the skirt detail, and complemented by a shoulder corsage fashioned of gardenias. Attendant to the groom was his stepbrother from Floydada, Gene Blackmon.

Reception Held

Immediately following the marriage services, a reception was held in the dining room of the home. The dining table, laid in bride's white, Quaker lace cloth, was appointed in crystal and silver, and featured a central floral arrangement of lilies and fern in a low crystal bowl, flanked by white candles, in crystal candelabra. First slice of the three tiered wedding cake was cut by the bride and groom. Mrs. Hubert Pollard, Sweetwater, and Mrs. George Stuart Roby, both sister of the bride, and the latter, a twin sister, assisted in serving the cake and fruit punch. Mrs. Clyde Jay presided at the guest registry.

Relatives and friends of the bride attending the wedding and reception included: Mrs. Jay, and a brother and sister at home, Joe and Robbie; George Stuart, Roby; E. L. Springer, Casper, Wyoming; Hubert Pollard, Sweetwater; Mr. and Mrs. Ed Jay Sweetwater; and Mr. and Mrs. Fred Jay, Roby. Relatives and friends of the groom attending, besides his parents, included: Mr. and Mrs. Roy Hale, Mr. and Mrs. A. H. Rainier; Mr. and Mrs. John Garner, Sammy Hale, Mr. and Mrs. R. B. Gary, Mrs. E. L. Angus, all from Floydada; and Mr. and Mrs. Kenneth Roberson, Petersburg, Texas.

Gift Tea for Bride

On Friday afternoon, April 12 the bride was honored with a gift tea, in the home of Mrs. J. F. Davis in Roby. Assisting hostesses were Mrs. V. G. Rogers, Mrs. Morris Neves, Mrs. W. W. Morton, Mrs. C. R. Webb, Mrs. N. P. Deel, Mrs. M. E. Doyle, Mrs. R. H. Headstream, Mrs. T. H. Mayfield, and Mrs. L. B. Cauble.

The bride's mother, and Mrs. Davis received with the honoree, while Mrs. Mayfield greeted arriving guests. Mrs. Morton presided at the registry, while Mrs. Rogers, Neves, and Cauble, assisting in serving.

Colorful arrangements of red roses and fern were on tables in the living room, and formed centerpiece for the lace laid, dining table, and the buffet. The table was appointed in crystal and silver, and refreshments were sweetheart cookies and fruit punch. Mrs. Webb and Mrs. Deel showed the gift display. Recordings of Harris Davis, Roby soloist, and musician, and son of Mrs. Davis, were played during the afternoon, with Mrs. Frank Davis in charge.

Following the reception, the bridal couple left for their home in Montrose, California, where they will operate a shoe store, as part owner. Mrs. Hale is a graduate of the Roby schools, and attended McMurry College in Abilene, where she was a member of the Wah Wahaysee Drum and Bugle Corps; the TTP social club; and the Charters. She has been associated with the Farm Security Administration for the past three years, and in the office at Floydada for the past fifteen months. The groom is a graduate of the Floydada schools, and later attended Texas Technological College, Lubbock, and the junior college, in Glendale, California. He served three years in the ground crew of the Army Air Forces before his discharge several months ago.

Miss Sue Anne Stewart became the bride of James Edward Lovell, M. M. 3-c U.S.N. at Long Beach, California, March 22 in a double ring ceremony. James Lovell is the son of Mr. and Mrs. W. A. Lovell of Floydada.

William L. Stegall, Miss Todd Marry at Abilene Church Today

LOCKNEY, April 12—William L. Stegall, son of Mr. and Mrs. J. A. Stegall of Starkey and Miss Alice Elizabeth Todd, daughter of Mr. and Mrs. Chester Arthur Todd, of Abilene, will be united in marriage Thursday, April 18 at University Baptist church, Abilene, according to an announcement received here this week.

The Stegall family are former residents of Erick community. William attended Lockney schools. He spent several years with the army serving in the South Pacific area.

The club will meet Tuesday evening, May 7th, with Adelaide Scott as hostess at her home, 429 West Mississippi Street.

Petersburg Bride And Groom to Enroll At Tech This Fall

PETERSBURG April 12—Clifton Butts and Betty Newton were married on March 27. Charles Watkins of Lubbock officiated.

Mrs. Butts is the daughter of Mr. and Mrs. John Newton of Petersburg. She is a graduate of Petersburg high school and attended one semester at Tech at Lubbock.

Mr. Butts is the son of Mr. and Mrs. A. B. Butts of Begonia, Texas, formerly of Petersburg.

They will be at home at Lubbock. They will both enroll at Tech this fall to finish their college work.

Bride-to-Be Honored With Buffet Supper

Mrs. Earl Crow and Miss Dorothy Nell Swinson were hostesses at a buffet supper and kitchen shower in honor of Miss Evelyn Withers at the Earl Crow home on Friday evening of last week.

The guests arrived at 8:00 o'clock bearing lovely gifts for the bride-to-be.

Supper was served from a table centered with sweet peas, and small tables held individual corsages of sweet peas for the following guests: Misses Wanda Withers, Alice Osborn, Alice Bell, Maurice Burton, Midget Swinson, Lyda Walding, Mary Louise McPherson, Alene Warren, and Frances Mitchell.

Rehearsal Dinner for Wedding Party

Mrs. Ohmer Kirk entertained at her home, 504 South Wall street, on Monday evening at 6:00 with a buffet dinner for the wedding party of Miss Evelyn Withers and Eugene Boren, whose wedding was held on Tuesday evening at 4:30 o'clock.

Tables were appointed for the rehearsal dinner, with the colors of pink and blue being carried out. Place cards were laid for the following guests:

Rev. and Mrs. L. A. Doyle, sr., Mr. and Mrs. Dick Boren of Corpus Christi, parents of the groom, and Mr. and Mrs. L. G. Withers, parents of the bride;

Also Eugene Boren, groom, and Evelyn Withers, bride, Ted Bell, best man, Wanda Withers, maid of honor, sister of the bride, Miss Alice Osborn and Miss Alice Bell, bridesmaids, and David Walker of Pharr, Texas and Olin M. Watson, jr., as ushers.

Texas Flowers Topic at 1934 Study Club

"Texas Flowers" was the topic of discussion Tuesday evening when the 1934 Study Club met with Jewel Martin as hostess at her home. Each member wore a flower and answered roll call by telling something about it. Edith Wilson gave an interesting discussion on "Wild Flowers that grow in Texas" and used a display of dried, mounted wild flowers in her discussion. Each member was given a little package of wild flower seed to plant in her flower garden.

The rooms were decorated with spring flowers and a bouquet of bluebonnets was used as a centerpiece for the dining room table. The bluebonnets were a gift from Mrs. Ola Clonts, a former member, who sent them from her home at Kopperl in Bosque County.

Members present were Corine Barber, Margaret Collier, Della Cummings, Hester West, Maurine Hammond, Thelma Hoffman, Bernice Hartzog, Adelaide Lloyd, Camille Bell, Florine Crowell, Jettie Moss, Avis Munch, Helen Patterson, Jimmie Wynan, Mary Shaw, Bernice Stapleton, Edith Wilson, and the hostess, Jewel Martin.

HAIL INSURANCE

Unlike some others, I'm proud I DO NOT represent any Old Line or Stock Company! ALL OUR stays in Texas and none to Stockholders in this other State. I think producing farmers like it that way too because —

The Company I represented last year and will represent this year sold more HAIL Insurance Texas last year than any other company!

We paid every loss in full. From 5% paid to J. rates to 100% paid to Lewis Harber. Our adjustments experienced and practical farmers. Same as year, we will adjust and allow losses as low as 5%. Losses that equal or exceed 90% will be allowed as % losses.

This is a cooperative organization and as such is operated in a manner similar to that of Cooperative Elevators and Oil Companies, which are owned and operated by the farmers comprising their membership.

Our rates for full coverage for each \$100.00 are: \$12.00 or note 12.60. You save around \$60 on premium for each 100 acres you insure at \$10.00 acre, by allowing us to write your insurance. I keep this saving in your own pocket and insure your own company.

Don't wait until the HAIL season starts! Insure as it will cost you no more. We do not require to be in full head before adjustment is made. Case of known crop failure, free cancellation of hail policy is allowed prior to May 10th.

We don't want to write all the hail insurance and will not block it solid. There is some areas where we don't want the business.

Many of you KNOW that I am working, trying to better conditions for the farm home owner that his own land. I appreciate your confidence and word. Producers can go a long way together. I we are headed forward.

Joe W. Jennings Gives Platform

Joe W. Jennings, of Hale county this week announced the formal platform on which he seeks election to the Legislature from the 120th Legislative District.

In the last election Jennings re-

Joe W. Jennings, Platform

ceived 6,028 votes of a total of 12,378 votes cast, being defeated by 577 votes. "Had I received 300 more votes I would have been elected by a narrow margin," he said. "With a more vigorous campaign this time, I feel confident that I will be successful," he said, "many citizens having indicated to me that they want a change at Austin. I have never held any political office."

A native Texan, Jennings graduated from Texas A. & M. in 1911, taught vocational agriculture, managed a ranch in Badley county, 1914-16, served as county agent in Lubbock and Randall counties, and since 1928 has farmed in Floyd county where he owns and continues to operate a 120 acre farm since moving to Pleasanton.

His platform advocates:

1. Retention permanently of 4 cents per gallon retail on farm-used gasoline.
2. Equitable proportion of taxes to market needs for West Texas.
3. Adequate support of the needy aged, underprivileged children, the deaf, dumb, blind, and insane, but is not in favor of creating an "Utopia" for any group of citizens.
4. American system of free enterprise, as opposed to government intervention.

5. Reorganization of Texas Legislature by reducing House of Representatives from 120 to 80, three representatives from each of the 27 senatorial districts, some being designated as Placer One, Two, and Three, so arranged as to equally represent each district.

6. Adequate, but not exorbitant salary for legislators, thus tending to reduce length of regular sessions and to decrease number of special sessions, and to give legislators something over the expense of attending. This would make the members independent of gratulation of well-meaning friends and free them from obligations thus incurred.

7. Four-year terms for all elective offices, both state and county reducing expenses of elections and increasing services of public officials.

8. Irrevocably opposes:
 1. Any form of state control of our underground water resources. It, and only when, any control should be year after year that it is under districts governed locally by elected representatives, subject only to such advice and information as may be necessary or desirable from the State Board of Water Engineers.
 2. Any new or higher taxes and deficit financing, except in cases of dire necessity. Strict pay-as-you-go state fiscal policy and building up in good times a cash reserve to serve as a cushion in leaner years.
 3. Unnecessary governmental interference in private business and agriculture—more business in government and less government in business.
 4. Government by special blocks or by pressure groups.

9. I have and will make no commitments to any one and will pass on legislative matters as they arise and on the basis of public welfare.

Barn Fly CONTROL MADE EASY

You have heard of DDT, the "miracle killer." Purina research has developed a plan for using DDT that is both effective and low cost.

1. PURINA FLY SPRAY FOR FARM BUILDINGS. Two applications a year keep down flies in the barn.
2. PURINA FLY SPRAY FOR DAIRY CATTLE. Should fly come into the barn on the cows, this quickly kills and repels them.

TROOP 37 NEWS

Boy scout troop 37 met Wednesday night at 7:30 at the Scout hut. They were to go on a winter roast at the canyon last night.

There were 18 to re-register. The scouts have started four patrols but they are not completed. Any boys between the ages of 12 and 18 who would like to join, please do so. Pretty good attendances have been reported.

The nearest Russian land to the United States is Big Diomedea Island, only one and one-half miles away.

The next meeting will be with Mrs. Frank Dunn, April 22.

OVER 100 MILLION BOTTLES SOLD! SIMPLY GREAT FOR MONTHLY PAIN

Lyla E. Pinkham's Vegetable Compound does more than relieve monthly pain when due to female functional periodic disturbance. It also relieves accompanying weakness, nervous, crampy feelings—of such nature. Taken regularly—Pinkham's Compound helps build up resistance against such distress. It's also a great stomachic tonic!

If life apparently has lost its zest, you again may be able to enjoy life as you did in your youth. If added years have slowed down your vim, vitality and youthful pleasures, here is a simple method that may change your whole outlook on life. Just ask your druggist for CASSELLA stimulating tablets. Take as directed on label. Don't feel old and worn out at 40, 50 or more. Take these tablets regularly until you feel that you have regained the pleasure of living you once enjoyed. Why be discouraged? Why not try CASSELLA tablets and regain the vigor and zest of a much younger man? There is nothing harmful in these tablets. They contain Celery seed, Thiamin Chloride, Passion Flower, Iron. Ask your doctor or druggist about this formula.

Endocrine helps the skin and throat

Do you like to look younger than your age? Well, for women, ENDOCREME can accomplish this beautifying degree hitherto thought impossible. Eight years ago proved ENDOCREME helps to improve the skin not just its superficial appearance. It is the one face cream that contains ACTIVOL**. This ACTIVOL** is a replacement for woman's own skin-vitalizing hormone. Absorbed by the skin, it helps to restore normal cells and tissue. This aids the skin to regain its natural freshness, smoothness and radiant charm. As the first scientific face cream 8 years ago, ENDOCREME is today assisting thousands to regain the beauty of face and throat. Isn't this the biggest value a dollar can buy? If you agree, try ENDOCREME. Many get marked results in only 30 days.

Try ENDOCREME Hand Lotion, \$1.25 plus tax.

Endocrine ... in successful use since 1937 ... the only cream containing ACTIVOL**

Pharmacy 30 days' supply \$3.50 plus tax.

Beauty through Science

"Okay, just so the engine's OIL-PLATED!"

"This one is . . . and you're 101% right," the car salesman agrees. He goes on to explain, "We want this car to show you real engine endurance—which means the least carbon, sludge, and upkeep you can have. That's goodwill for us. And all it takes to keep your engine's insides OIL-PLATED is Conoco Nth motor oil. . . Say, this time you're figuring to treat your new car right!" . . .

Many of the oldest cars, too, are being kept in the running by having their engines OIL-PLATED. This internal wear-fighter—OIL-PLATING—is created by magnet-like action. That comes from Conoco Nth oil's added ingredient—surfacing your engine's insides with durable OIL-PLATING. There's your barrier against lots of wear. You can have it in any car—any model or year—by driving around to Your Conoco Mileage Merchant's station. You'll get your correct Spring grade of Conoco Nth oil—and an OIL-PLATED engine. "Traffic jam" on Long Distance

Like automobiles bumper-to-bumper along a congested highway, millions of long distance calls are crowding the wires every day.

To meet this load, we are training thousands of new operators, adding thousands of miles of new circuits, and installing new switchboards so that every call can be handled promptly and to your liking.

The millions of dollars we are investing in this expansion program will mean fewer and fewer delayed calls as construction work progresses. Our aim is to bring everyone better-than-prewar long distance service.

THE HESPERETTE

Edited by Pupils of Floydada High School

PERSONALITIES

Personalities of the Week

This week we have two personalities, the vice-president and the secretary-treasurer of the Junior class.

Our vice-president was born in 1929. He is a junior and rides the South Plains school bus. He has brown hair and eyes and is five feet seven inches and VERY good looking. Just ask the girl of his life, Jean Cummings. He is one of the best liked boys in the Jr. class; and in our rounds we have never heard anything against him by either students or teachers.

In case you are wondering we are talking about Charles Beedy. He says his favorite sports are baseball and horseback riding. He likes banana pudding best of all. His favorite subject is girls (Jean I imagine). He likes agriculture best of all his subjects. His worst habit he said, is talking in English class (which Mrs. Jones probably knows). His favorite movie star is Joan Leslie.

His most embarrassing moment was when he borrowed some paper and the teacher thought he was getting a paper to copy.

He wants to go to Texas U., and he says he has no secret ambition. He doesn't know what he wants to do, but what ever Charles decides to do we know he will be a success.

Our other personality is the Secretary-treasurer of the Junior Class. She is 5 feet 5 inches tall and has blue eyes and blonde hair. She was Sophomore Queen and will be head pep-leader next year.

Of course I am talking about La Vell Hill, better known as Vell.

She was born in 1930 at Pleasant Hill and then moved to Petersburg; and then when she was four, she moved back. She came to school at Floydada when she was in the seventh grade.

Her most exciting moment was when she lived at Petersburg and started to the Lubbock fair on her tricycle. This happened when she was three. Also, one time Myra Nell, Dwina, and she ran away from home. She likes to ride horseback and swim, and, incidentally, to watch football games.

Her favorite colors are green and white. She says her worst habit is being hateful (but I think everyone knows better). She likes hamburgers and "french fries". She dislikes getting up in the morning more than anything.

Vell likes to wear T shirts and levis. In her spare time she likes to lie around and sleep. Her favorite movie star is Cornell Wilde.

Her most embarrassing moment was when she, Dwina, and Myra Nell were showing a girl how good they could ride, and fell off.

She likes the song, "You Came Along."

She intends to go to Texas Tech and wants to be an interior decorator. She is one of the most popular girls in school. We know she will be a success in life.

HALF-MINUTE INTERVIEWS

Subject—Junior and Senior Banquet.

Ruth Reddy—"I think it is going to be really something."

Bobby McGuire—"Well, you see it this way. It will be all right if it ever gets finished."

Bernice Hinsley—"Boy O Boy!"

Charles Beedy—"I think it's going to be good."

Wanda Faye Pricer—"I think it's going to be good."

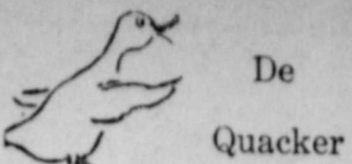

Glenn Carmack—"Everything but my singing will be all right."

Dwina Glassmoyer—"It is going to be wonderful."

FAMOUS EXPRESSIONS

Wilkie Parrish—"Yeah-Hoo".

Kay Crumpton has been sick the past week. She is in the Pitts hospital.

De Quacker

Why does Margaret Abbott patronize the confectionary the most nowadays?? You guess! She and Melvin have been the STEADIEST twosome, so we can't be wrong when we say, "It's the real thing and not a mere facsimile!"

Lindel Simmons can't tell me that was a "fake" letter she was displaying around Friday!!!!

I believe Beth has that date she applied for, doesn't she, Squirt!!

What's this about Dorothy Cantrell looking at a date to the banquet?!

Looks as tho Reva is beating Mona's time with Walton. They've made a date to the banquet.

Who were the boys June Finley and Val Burke were conversing with Friday, sixth period? I still say—I'd like to read some of these excuses!!

Betty Lou Kenny's favorite sport obviously must be motorcycling. And that's not the "ONLY" game she plays! Ask Eugene Mayfield in American History.

Whose class ring is that, Loveta? Oran's? Might be.

You know, I think Bill Hale's dream girl is Jean Cummings. Or am I just guessing? Too bad he was too late in asking her for a date to the banquet. It was Charles.

Nancy, did you ever ask Johnny to the S. C. Hayride? And did you ever dig hard enough to find a man? Inquisitive, ain't it!!

Joyce Reddy is so unhappy. Her boy friend moved to Lubbock.

Oran should have been watching the station wagon instead of someone beside him.

What! Ethel McNelly—Eugene Mayfield? First, she does like him. Then, she doesn't. But I distinctly heard her say that she thought Fred C. was so cute. "He is so short," she said.

Wonder if Fred and Kenneth had fun Saturday night?

Bonnanelle doesn't know which she wants to cry over—Ralls or Petersburg.

Seems to be an every night affair between Valrie and June Finley and the Ware Brothers!

What's this about Joyce Porter and "Red" Leach? They're sure chummy!

Yes, Willa and Leonard are certainly getting thick, don't you agree! Oh no! Ted Lanham and Ruby Nichols.

Melvin, Margaret will become jealous if you don't quit flirting with Jeanne Battey in American History.

Marilhelen and Tuff . . . yum yum.

Are John Henry—Wanda Faye married? Just wondering!

Can't La Vell ever get Kelly on her string! Maybe he goes for "dark eyes".

Bobby McGuire, I know of a certain little Freshman that is simply crazy about you!

And Nadine and Gene H. have fun on the bus, we hear.

Laquita thinks Tom Davis is cute. I wonder if he knows. Wilma does too.

Who is this "Blackie" that Verna Lynne McPeak is so crazy about? And "Blackie" isn't a dog—it's Bud Turner!

Who is the Senior boy Audene Finley is so crazy about?

We see Reva still corresponds with Dick Guest. When is he coming home, Reva?

We wonder who Joy Childress was with the other Sunday. She said it was her cousin. Some cousin, yes!

Whose Ag ring is Deloyce Stephens wearing? Could it be a new romance? Jane Whitaker and D. D. seem to be breaking up. They can't make up their minds.

Ruth Reddy was seen walking up the stairs with Oran Eubanks and was seen giving him a note. Was it from you, Ruth?

I wonder where Wanda Faye and John Henry went after John Henry got Wanda's pie (Friday night)?

Bobby is innocent. But he still likes red hair.

Who is that scrumptious looking guy that is the double of Spencer Tracy and who visited the Methodist church Sunday—Lindel??

Who was Bobby McGuire with out at Lover's Lane Friday night? Was it June Powell???

Twenty in Squad Out for Football

The Floydada gridmen started their spring training Monday, April 1.

Those who reported were Bobby McGuire, Bill Hale, Joe Bunch, Leslie Nixon, Kelly Hagood, Bill Womack, Bruce Womack, Thomas Am-burn, Travis Jones, Leonard Grigsby, Kenneth Hart, Fred Conner, Don Boothe, Glenn Carmack, Tom Bot Jarboe, Eugene Mayfield, Pete McGee, Kenneth Finley, Claude Parrish, and Sammy Hale.

Eleven lettermen from last year have reported for the spring practice. There will be plenty of weight but experience is lacking in the prospects.

Now... no wheat used in beer or ale

And wheat alone can solve the problem of feeding the world's hungry

Actually wheat has never been a large item in the brewing process—only $\frac{8}{10,000}$ of the entire U. S. wheat crop was used in 1945:

In accordance with United States Government policy, the brewing industry has used no wheat whatever since March 1, 1946.

OTHER MATERIALS CUT 30%

The other grains used have been reduced by 30%—that is, to 70% of the 1945 amount.

Wheat alone can solve the problem of feeding the hungry. The grains to which the industry is now restricted, are of a variety and grade not normally consumed by the people of the world as food.

LESS BEER AND ALE

Altogether, the brewing industry is using 30%

less materials than in 1945. This results in a proportionately lower production. But since the current demand for beer and ale is about 25% greater than a year ago, the real shortage is nearer 50%.

Consequently, your dealer will not be able to supply you with all the beer and ale you would like. We know you will understand the reason for this.

Your attention is earnestly directed to the recommendations of President Truman's Famine Emergency Committee, which are summarized in the box below.

This statement tells in clear, simple terms what each of us *individually* can do to help during the emergency.

What the President's Famine Emergency Committee asks us all to do

1. Save and share wheat and fat products . . . Go light on all foods that take wheat, fats and oils—save breads, macaroni, cakes, cookies, pastries and deep-fried foods. Use drippings for pan-frying. Save salad oil—use boiled dressings.
2. Buy and serve more plentiful foods . . . Balance diets with the more plentiful foods, such as potatoes, fresh fruits and vegetables.
3. Waste NO food . . . Dress up today's leftovers for tomorrow. Make every crust count with melba toast, crumb-toppings, bread puddings and stuffings. Take no more than you can eat. Clean your plate. Turn in unusable fat salvage promptly.

Percy Lamar of Crosbyton Died Sunday

CROSBYTON, April 15.—Funeral services for W. P. (Percy) Lamar, 56, wealthy farmer, investor and civic leader who died Sunday afternoon in a Wichita Falls clinic, will be conducted at 3 o'clock Tuesday afternoon at the First Methodist church.

Rev. J. Smallwood, retired Sweetwater minister and former pastor of the Crosbyton church, and Rev. J. W. Watson, present pastor, will officiate. Burial will be in Crosbyton cemetery.

Lamar was rushed to Wichita Falls about two weeks ago for what was then believed to be a heart ailment; but cause of death was dia-

gnosed as a blood clot. A few hours before his death relatives believed he had passed his crisis.

Lamar owned several business buildings here, and at least 12 sections of land, eight of them in the Dimmitt section. He was a director of the bank, and in recent years had lived at his large modern home two miles west of Crosbyton.

As a hobby he took up flying and last summer became one of the eight Crosby county farmers who purchased airplanes. The flying farmers organized a club and flew about the country together.

Lamar moved to Crosby county 47 years ago with his father, from Milstead, where he was born. The family settled at Old Emma. Young Lamar attended school at Crosbyton and at Canyon, where he met his future wife, Miss Elgina Henson. He and his wife came back to Crosby county and taught school here several years and at Lorenzo and other places.

He was a member of the Masonic lodge.

Only the widow, a daughter, Mrs. Marie Ingram, and his mother, Mrs. W. D. Lamar, all of Crosbyton, are

Sunrise Service Easter Morning at Christian Church

"The watcher of the dawn" will be the sermon subject of the pastor Otto F. Marshall, for the Easter sunrise service at the First Christian church Sunday morning at 6 o'clock. The congregation of that church will be joined by numerous others in the early-morning assembly.

Rev. L. D. Ballard, pastor of the Cumberland Presbyterian church will say the invocation, the scripture lesson will be read by Rev. Arch Gibson, of the Church of the Nazarene, and a prayer of gratitude will be said by Rev. Ballard.

Special music has been arranged. The services will be held at the church, where the audience has been gathering at sunrise on Easter morning for a number of years.

FIRST METHODIST CHURCH

Easter Sunday is "Membership day" at the First Methodist church in Floydada. A program of evangelism has been pursued for several weeks pointing toward this occasion. A large group of persons are planning to unite with the church in the morning service on Easter.

The reception of members will take place immediately before the morning sermon in the eleven o'clock worship service. The pastor will preach on the subject, "The Vision Sublime". He will also preach in the 7:30 evening service.

Church school is at 9:45 Sunday morning. The Youth Fellowship groups meet at 6:30 Sunday evening.

wright and urged him to accept. On last Friday April 12, a telegram was received from Senator Connally saying "Pleased to advise that General Wainwright has accepted the invitation". On the same afternoon a letter was received from the General himself saying "I am happy to accept your invitation."

General Wainwright will come here from San Antonio probably on July 4. He will probably speak at 2:00 p. m. on the court yard, where a stand will be erected. Everyone is invited to attend and no admission will be charged.

The General has been invited to review the parade at 10:00 a. m. also to attend the rodeo, but it is not known if he will accept.

\$4 PER CAPITA

Clarence Guffee announced the receipt of \$4.00 per capita apportionment of state funds on April 15, which makes a total to date of \$25.00 of the \$30.00 per capita to be received for the school year, Mr. Guffee said.

Mrs. J. B. Claiborne and son Jay Wood, of Haskell, are here this week, guests of Mr. and Mrs. J. G. Wood. Mrs. Claiborne is a daughter.

Good Roads—

(Continued from first page)

sought a route that would tie in to the Floyd county system at the Mirock of Blanco canyon on the M. Blanco road through Lakeview. Another enterprise would have a connection south from Dougherty to McAdoo. Others also are proposed including a road from Barwise into Floydada and a road down the Fort Worth & Denver from Lockney to the Hale county line toward Petersburg. One or more of the proposals have been presented to the district Highway engineer's office by private citizens. All the proposals have considerable merit and the Highway department might be included them in a set-up when appropriations of federal funds are available, said Judge Grimes.

Commissioners See Commission

All members of the Floyd county Commissioners court yesterday attended the conference in Lubbock with members of the State Highway commission. Some 30 counties were heard on various projects by the state board in the first session of its kind ever held in this part of the state.

AT CONSUMERS MEETING

L. A. Williams, C. O. Spence, Roe Jones, G. C. Collins, John Lloyd and C. C. Huckabee are in Amarillo this morning attending the annual shareholders meeting of Consumers Cooperatives association.

This meeting will continue through tomorrow. It is being held at the Herring hotel.

Mrs. Rusty Russell of Fort Worth visited this week with her mother Mrs. G. Scott King.

Rural Electric—

back on duty as superintendent Melvin Henry, who served during Chapman's absence in the armed forces also continues with the company in an executive capacity since its greatly enlarged area and number of members calls for additional administrative work.

Chapman received his discharge from the army at Fort Bliss in March. He was a reserve officer when the war began and finished his service as a captain. He was in the ordnance department and served two years in the Pacific War theatre, returning home on December 30. Reports made on the activities of the cooperative the past 12 months shows a much enlarged scope of service and number of members. Many new service installations have been completed in the year.

Mrs. J. G. Wood returned last week from Haskell, where she had been the guest of her daughter Mrs. J. B. Claiborne and Mr. Claiborne.

L. D. Ballard, a student in Texas Tech, Lubbock, was a week end visitor in the home of his uncle, Rev. L. D. Ballard.

G. T. Young, of Denton, has been here this mid-week with his mother Mrs. M. C. Young, who has been ill. He is returning home today.
