## What Red Cross Teaches Home Svc. Secretaries

The American Red Cross conducts a school for home service secretaries every month of the year except July and August. The 12 or 15 ladies who are ready for the school are called into St. Louis, the mid-western area office of the Red Cross, for these classes. All their expenses are paid by the National Red Cross office at Washington. In the June class which Mrs. Wynne Angus Home service secretary of the Floyd County chapter, attended, the states of Texas, Michigan, and Wisconsin were represented. Classes were held from nine o'clock in the morning until five in the afternoon. Noted lecturers and Red Cross workers were the teachers and notes were taken on all classes by the members. At the end of the school suggestions and comments were given by the class members.

A class on the claims of the G. I. was taught for three days this year by Mr. Henry Classe, head of the claims division of the National Red Cross. The Red Cross home service secretary is ready and able to give the ex-G. I. any help or advice on his claims. Courses on educational benefits, and financial assistance to the veteran were given.

Social case work was the subject of the main course. Communications and information were subjects discussed by leaders in their

Mrs. James Asher and Mary Kay are in Ben Wheeler, Texas, where they attended the funeral service for Mrs. Asher's grandmother, Mrs. Wood. They are expected home today.

## Conservation District News

W. F. Ferguson, chairman of the board of supervisors of the Floyd County Soil Conservation district has written to Rising Star in an effort to locate hairy vetch seed. There is a growing demand for this legume in the District for use as a winter cover, grazing and soil building crop on irrigated land.

The technicians of the Soil Conservation service assisting the district have given engineering assistance to the following cooperators in the past week: J. W. Mathis, Roy Dalton, E. T. Pigg, Allen Smith and P. F. Brand.

J. B. Robertson of the Allmon Conservation group has recently drilled a new irrigation well on his farm east of Allmon school. Robertson is a new cooperator with the district and with the assistance of technicians of the Soil Conservation service located the well and completed the conservation plan. The plan calls for plantings of improved pasture, alfalfa and a planting of hairy vetch to keep up the fertility of the irrigated land and furnish winter cover and grazing.

Mr. Robertson has applied 30 pounds of 20% superphosphate to alfalfa. An increase in growth of the alfalfa can already be seen. Robertson stated.

Allen Smith of the Lakeview conservation group completed terracing his land this week. The terracing was planned as a measure for soil and water conservation on his dry land farm.

Plans were completed last week on the following new district cooperators: J. B. Robertson, J. B. Schrader, J. D. Dillington, E. D. Teuton, E. W. Thorton and E. T. Pigg.

A number of cooperators have purchased their grass seed for the planting of improved pastures this fall.

### ON CONVALESCENCE FURLOUGH

Pfc. Billy J. Williams, formerly of Floydada, arrived from El Paso Saturday of last week to spend a 30-day convalescence furlough with his parents, Mr. and Mrs. Paul Williams of Plainview, who are spending the summer in Hereford.

Billy was recently flown from an army hospital in Amarillo to the William Beaumont General hospital in El Paso.

### JOHN LEWIS STAND-IN

There's a newspaperman in Washington who hesitates to go out at night for fear of being mistaken for United Mine Worker's head John L. Lewis and being beaten up.

John L. himself takes precaution—he seldom goes anywhere without a bodyguard. But H. O. Bishop, a native Texan and longtime correspondent and public relations man in Washington, can't afford to hire protectors.

Like Lewis he is portly, with bushy eyebrows and pomposness of the mine leader, but even so, laborator accost him on the street to congratulate him for strike success. They also stop to swear at him.

Bishop, who likes to play a part sometimes accepts the congratulations without revealing his identity. Once, however, he admits he went too far—"I had to change my bus stop on the way home," he says. "The panhandlers were waiting for me."

"Big Shot." On a visit to New York, he entered a barber shop where the barbers gazed at him with something akin to awe. As one of them was finishing cutting Bishop's hair, he whispered that the men "would like to shake hands with you, Mr. Lewis."

"Sure," said Bishop, expanding his chest slightly in the best Lewis manner. After he had shaken hands all around, he heard one of the barbers wishing vocally that Lewis were head of the barbers' union instead of UMW.

"If I were," said Bishop, "I'd get the union to set a one dollar fine for every man who shaves himself instead of letting a union barber do it." The barbers were a little abashed at that. But some months later, when Bishop, back in Washington, told Lewis about the incident, Lewis didn't seem startled at all. "Not a bad idea," he said.

### BLAST 'EM CLEAN

During the war Navy chemists found that by grinding and blowing corn cobs through a blasting machine they could clean machine parts better and faster than by any other process.

Now that it's no longer a Navy secret, the Department of Commerce's small business division is holding demonstrations over the country showing how the machines (cost about \$50) can be used by

**To The People of Floyd County, Texas**

Dear Friends:  
 As the duties of my office will not permit me to see everyone personally and as I believe it is to your interest for me to remain on duty, I take this method of soliciting your vote in the coming July 27, primary.  
 I have adhered to the policy of strict economy in County government, have used my influence to hold down expenses in this time when the temptation is great to spend a lot of money. I have been rigidly opposed to raising the valuation of your property for taxation, as such plans of raising taxes means that out of every dollar raised the county gets to use about 25c, I believe this is the time to get the County out of debt instead of into debt. The bonded indebtedness of Floyd County has been greatly reduced since I have been in office.

You have had the benefit of my legal training and 16 years of experience as a lawyer, in hearing cases tried in the County Court, the Probate Court, as well as advising your Commissioners Court and other officers as to the law. I find my experience of teaching school for 14 years a great help in dealing with the juvenile problem, which has become a serious problem throughout the country. I invite you to inspect the records to verify these facts.

In conclusion, I wish to thank the people of Floyd County for the cooperation I have received in trying to conduct the affairs of this office, that I am glad to assist anyone who needs our help; that the affairs and duties of my office have the right of way at all times for anything that needs to be done, and if you believe that I have kept faith with you and am filling the office as it should be, during this my first term, then I earnestly solicit your vote and influence for a second term of this office.

**—AND WE'RE ON OUR WAY!**

Industry needs a lot of electric power and we're ready to supply it. We started long before the war ended. Our expansion program which includes additions to six power plants, an entirely new plant in one location, and miles of new transmission lines, makes it possible for industry to settle in practically any section of the territory we serve. We can offer ample electric power for any industry, large or small. The effort we are making to help develop the territory we serve proves our faith in the future of the people we serve.

## Mahon is Moving Toward Top In National Affairs

In a matter-of-fact type of report to the people of Floyd county Friday, George Mahon, congressman of the 19th district and candidate for re-election, last Friday told audiences at Lockney in the afternoon and Floydada in the evening that his return to the congress election after election is paying dividends to the 19th district in influence and rank in legislative halls at Washington.

The congressman's two speeches in this county were a part of his whirlwind campaign over the district seeking re-election. With practically all of his time for the past six years spent in the national capital, Mahon's political fences had begun to need repair, his friends had urged him, and he left the scene of the political center of the nation to come down and battle for the retention of his place.

### FRIENDSHIP CLUB MEETING

The Friendship H. D. club met with Mrs. A. H. Kreis in an all day meeting Wednesday, July 10. The day was spent sewing and visiting and for the regular club meeting. Mrs. R. M. Stovall led the meeting in the absence of the president, Mrs. George Stiles. Roll call was answered by "a sugar saving hint". Papers were given out on summer salads and desserts.

### CARD OF THANKS

May we take this method to express our thanks to our neighbors and friends who in any way made our stay in the hospital and days of convalescence at home shorter and brighter, by their visits, telephone calls, cards, letters and flowers. Your interest and kindness will always be remembered.

### Veterans Attend Surplus Sales by Invitation

Marshall R. Patterson, Route 4, of Floydada, a veteran of World War II, has been invited by the War Assets Administration regional office in Fort Worth to attend a sale of surplus used motor vehicles to be held at the Childress Army Air field Tuesday, July 23.  
Patterson was certified May 21 to purchase a 1/2 ton weapon carrier and consequently, is named as an alternate to attend the sale at which 8 carryall trucks, 4 pickup trucks, 19 weapon carriers and a platform truck are being offered for sale exclusively to eligible certified veterans.  
Letters of invitation have been sent to a list of principals and other alternates for each type of vehicle and inspection of the vehicles may be made daily between the hours of 8:30 a. m. and 4:00 p. m. with the exception of Saturday and Sunday.  
All used vehicles are offered veterans at fixed prices, dependant upon condition, and all sales are on a cash basis. WAA officials stressed that no veteran should plan to attend the sale unless he had received a letter of invitation, since the oldest dated certificate holders who have been invited will be sold in strict chronological order of date of certification.

## TO THE VOTERS OF PRECINCT No. 2

I had said I would not be a candidate for Commissioner of Precinct No. 2, but after many solicitations, and finally confidence in my ability expressed so strong that I agreed for these Taxpayers and Citizens to place my name on the ticket for the July primaries.

I do appreciate this confidence, and also realize the importance of the job as Commissioner of any county or precinct.

I have no criticism to make of anybody. Will make a few statements that can be verified by the county treasurer's record:

- (1) Precinct No. 2 was not in debt January 1, 1945;
- (2) There wasn't as much money spent in 1944 as in 1945 for road purposes;
- (3) It wasn't necessary to give time warrants on Precinct No. 2 in 1944 to be paid the following year.

It is the duty of every honest, thinking voter in this county to go to the polls and cast a vote for the best interest of his county and state.

As you all know plans have been and are being made by the federal government to spend millions for Farm-to-Market roads. I believe in this program, and if you elect me commissioner I will be working to see that we get our part; also I strongly favor keeping our dirt roads in proper condition.

I think we have as good if not the BEST county in Texas.

I will sure appreciate your vote in the primary on July 27.

## Persons Bitten by Rabid Animals Are On Increase

AUSTIN — With a sharp increase in the number of persons being bitten by rabid animals in East Texas and similar occurrences reported in other sections of the state, Dr. Geo. W. Cox, State Health Officer, recently warned all Texans to be on the alert for symptoms of this disease when around domestic or wild animals.

The 2,166 animal heads received

for examination by the State Health Department during the past year have shown 687 positives, including incidence among cats, dogs, horses, rabbits, rats, squirrels, skunks, guinea pigs, coyotes, gophers, raccoons, hogs, sheep and prairie dogs.

Rabies is transmitted to man through a bite or having a cut exposed to the saliva of a rabid animal. Bites through clothing are not as dangerous as bites on exposed surfaces, because the saliva is wiped off by the tooth passes through the cloth.

If a person is bitten, the offending animal should be penned, if possible for a period of ten days observation. If the animal is normal at the end of that time, the case can be dismissed. If it is necessary to kill the animal, this should be done in such a manner that the brain is not destroyed, otherwise, an examination

to determine whether or not the animal had rabies will be impossible. If the head is sent to the State Health Department, care should be used in properly icing it to prevent decomposition.

### BLESSING THE FLOW

Taking a plow to church for a blessing, thus reviving a ceremonial that had lapsed for about 300 years was a recent development in the British version of the 4-H Clubs of the U. S. The British call them Young Farmers' Clubs, but acknowledge the movement as "among the good things that have come to Britain from the United States." Lord Northcliffe promoted the organization of these clubs after he saw 4-H Clubs in operation here in 1921. There are now nearly 1200 clubs with a membership of more than 50,000 according to the British Ministry of Agriculture and Fisheries.

The next few weeks termite still will be swarming, which makes them easy to discover. Termites are what is known as white ants and can fly during the swarming season. Later they lost their wings. The pest-form concealed canals in which they travel and can eat away wood until "you'll step through the lining room floor before you know they're around," King warns.

If infestation is discovered, consult local county Extension Service agents on control. King advises Measures also are listed in Farmers Bulletin 1911 issued by the U. S. Department of Agriculture.

Where new construction is planned, King recommends these precautions: Remove all wood or cellulose materials from the building site. Don't place any untreated timber in contact with the ground. Make sure there is at least 18 inches of clearance under buildings which don't have cellars, basements, or concrete slab foundations. Provide good drainage and cross ventilation under buildings of frame construction. Allow at least two feet to screened opening for every 25 lineal feet of wall. Seal spaces around pipes and other floor or wall openings with coal tar pitch. Inspect for termites at least twice a year.

**INFORMATION, PLEASE**  
The Nation's Capital, besides being filled with Senators, Representatives and bureaucrats, also has more than its share of transients. No group is more thoroughly aware of this than the city's bus and streetcar operators. Already beleaguered by inadequate equipment and overcrowding, the operators daily are called on to act as guides and information bureaus answering thousands of questions.

Under such circumstances, the only defense against an anti-social outlook is development of a sense of humor.

**Tell Me, Sir.** The other day deep in the northwest section, a gentle old lady boarded a streetcar clearly marked for a destination in the far southwest section, in the diametrically opposite corner of town. Before depositing her fare the old lady inquired:

"Do you cross Seventh street?"  
"Lady," the operator replied sadly, "I don't see how I could avoid it."

**PRESTO!**  
To remove a wart, a schoolboy ties it to a dead cat—in a graveyard at midnight. In a brief but pithy rhyme he then asks the devil to snatch both away.

Dr. B. V. Low-Beer, University of California, tried a newer "demon"—radio-activity from cyclotron-cooked phosphorus. (It was under test as skin-cancer treatment.) Applied as a paste, it banished 90 to 100 warts, probably beating Old Nick's best record.—Ex.

**LEFT-HANDED CHECKBOOK**  
It probably won't revolutionize the banking industry, but the National Bank at Culpeper, Va., offers a reversed check-book to aid left-handed check writers.

Giles H. Miller, Jr., bank president, is the inventor and believes it will prove a boon to southpaws. "It's already helped the bank," he said, "and right now we probably have more new left-handed depositors than any bank our size."—Ex.

Mrs. Rachel Ivey of Clovis, New Mexico, spent two days here this week guests of her mother, Mrs. C. Surlinger. The latter had just returned home from a stay of several days in New Mexico.

## Be on the Alert For Termites

**COLLEGE STATION** — Termites are found in every section of Texas and do as much damage in this state as elsewhere in the nation according to Charles A. King, Jr., entomologist for the Texas A. and M. College Extension Service, who is recommending a vigorous war against these undercover agents.

It is especially important now to conserve lumber and other cellulose building materials necessary for repairs, remodeling, and essential construction, he points out. Termite damage in the nation is estimated at 37 million dollars every year.

The next few weeks termites still will be swarming, which makes them easy to discover. Termites are what is known as white ants and can fly during the swarming season. Later they lost their wings. The pest-form concealed canals in which they travel and can eat away wood until "you'll step through the lining room floor before you know they're around," King warns.

If infestation is discovered, consult local county Extension Service agents on control. King advises Measures also are listed in Farmers Bulletin 1911 issued by the U. S. Department of Agriculture.

Where new construction is planned, King recommends these precautions: Remove all wood or cellulose materials from the building site. Don't place any untreated timber in contact with the ground. Make sure there is at least 18 inches of clearance under buildings which don't have cellars, basements, or concrete slab foundations. Provide good drainage and cross ventilation under buildings of frame construction. Allow at least two feet to screened opening for every 25 lineal feet of wall. Seal spaces around pipes and other floor or wall openings with coal tar pitch. Inspect for termites at least twice a year.

**A FARM PROGRAM**  
The American Petroleum Institute believes it has launched one of its important efforts in a newly-formed Agricultural Development Committee, designed to provide a means of liaison and co-operation between two of the nation's largest and most essential industries.

The oil industry has a great wealth of products and services to offer the farmer. It supplies him much of the fuel that powers his farm, heats his home, and takes him to and from markets over many oil-base roads. It supplies chemicals and fertilizers, fruit ripeners and insecticides and many other new materials and methods that improve his product.

Citing these things, President William R. Boyd, Jr., of the Institute told oil men recently that "it would be dereliction of duty on our part if we did not devote special study and attention to the subject of better serving his good customer who produces the food for our continued existence."

Coupled with this phase of the program is the interest of this new committee, the Institute points out in formulating a long-range program to correlate agricultural products with petroleum products, particularly in the industrial utilization of farm products. The committee will seek to ferret out such possibilities and to encourage their development.

This is an ambitious and worthwhile program. If it succeeds, not only will oil men and farmers benefit, but the national economy as a whole. American industry succeeds because it is not afraid to tackle difficult, long-range jobs.

**RESEARCH WINS**  
In the opinion of Dr. Robert O. Wilson of Chicago the success of American industry must be based upon the conviction that there is a better way to do anything than the way it now is being done.

Thus, says Doctor Wilson, research will be the most essential operation of industry for the next several years.

"The assignment of a research organization," he says, "is to survey the whole field of science to find out what is of value to a company's business and the whole field of a company's business to see where it needs the application of science."

Doctor Wilson is right, but what he has to say is applicable to a far broader field than that of industrial research. The cultivation of an inquiring mind is an asset in every walk of life and every phase of human endeavor. Just because an idea is new does not automatically make it better, but it would be well for all of us to give every new idea a thoughtful eyeing. The person who stops thinking is of little use to himself, his community or the nation.

**LOCAL GOVERNMENT**  
"In the final analysis, all conservation and all utilization of natural resources takes place at the local level and experience has demonstrated that the best results can be obtained by and through the state and local governments."

"The federal government renders its great services, serves its highest usefulness and obtains its most effective results through supporting and co-ordinating conservation by and through the state and local governments."

The man who said that knows whereof he speaks. He is Governor Robert S. Kerr of Oklahoma, Chairman of the Interstate Compact commission, an organization which has turned in a brilliant performance in the conservation of the nation's petroleum supply.

Mrs. W. I. Tandy, of Oklahoma City, is here with her sister, Mrs. C. Surlinger, on a visit. She is enroute from an extended stay in the states of New Mexico and California.

### SHIVERS CLAIMS NO RUN-OFF FOR LIEUT.-GOVERNOR

There will be no run-off in the nomination of the lieutenant governor, says Allan Shivers, candidate for the office.

Shivers said that during the past week he became convinced that he would receive a majority vote on primary day because "the people are insisting that political offices be filled by qualified and competent men." Shivers has been a member of the Texas Senate for 12 years.

World Awaits Second of Atomic Bomb

By WALTER A. SHEAD  
WNU Correspondent.

USS APPALACHIAN CROSSROADS. — Baker test of the atomic bomb lagoon, now tentatively July 25, will be like a fish in a pond.

Another feature of the blast is the placing of submarines in the target area. It will be interesting to see the effect of the bomb force on the hulls of these vessels.

Scientists predict that the underwater blast will be of sufficient force to sweep over low-lying islands, although this was not the case in the first blast.

Stain Removal Usually Easy in Cotton Goods

COLLEGE STATION — Many common stains in cotton clothes can be removed easily if the treatment is known. So Mrs. Dora R. Barnes, clothing specialist for the A. and M. College Extension Service, lists the following treatments: Asphalt, tar, wax and paraffin stains can be removed from both white and colored cottons with carbon tetrachloride. Fresh fruits stains on white cottons can be removed with javelle water. For colored cottons, sponge with warm water. Then apply lemon juice after testing a piece of the material. For grass and green vegetable stains, use javelle water on white cottons and alcohol on colored clothes. A prepared ink remover is best on white cottons. But ink should be removed from colored cottons with alcohol then lemon juice. However, Mrs. Barnes cautions that a piece should be tested before this treatment is applied. Rust can be removed from both white and colored cottons with oxalic acid or lemon juice. Paint stains in both white and cotton goods can be removed with turpentine or carbon tetrachloride. Carbon tetrachloride will remove lipstick in both white and colored cottons, but cold cream should be worked into colored material before application. For treatment of mildew in white cottons, use hot suds, rinse, and alternate javelle water and oxalic acid. For colored things, use soap and water.

PLATEAU SINGERS MEET IN PLAINVIEW JULY 20-21

PLAINVIEW, July.—John E. Taylor of Canyon was in Plainview July 13 making preliminary arrangements for the 25th annual Plateau Singing convention which will be held in Plainview July 20 and 21. Taylor music teacher and director of the convention since its organization said around 6,000 people are expected. Among them will be some of the most outstanding musicians in Texas and New Mexico. Quartets of exceptional ability are making plans to attend, Taylor said. The convention, to be held at the city auditorium, will open at 10 a. m. Saturday morning, July 20.

A SILVER LINING

One of the ways to keep silver bright and shiny, so home economists have found, is to line the drawer in which it is kept with dark outing flannel. J. A. Clendennen, who spends his time with his children and other relatives in Texas, California and other states, has been here this week visiting in the home of his sister, Mrs. T. L. Pittman of McCoy. He is just back from a trip to the west. Damaged U. S. currency is worth only half its face value if only two-fifths and no more than three-fifths remains. Paper money issued by a government, against which neither gold nor silver is held in the Treasury, is known as fiat money. Be true to your teeth and they won't be false to you.

RODEO AT PLAINVIEW

PLAINVIEW, July. — Plainview will be the mecca for bronc busters and ropers July 26-28 when the Plainview Rodeo association, inc. presents its initial show in the new roomy arena.

Performances are scheduled at 8 p. m. on Friday and Saturday nights and at 2 o'clock on Sunday afternoon. Maybe there isn't much to be seen in a small town, but what you hear makes up for it.

The man who never thought anything of walking ten miles a day now has a son who never thinks of it either. The trombonist is the only man who can succeed by letting things slide.

To The Voters of Floyd County:

It is impossible for me to see all of you Voters as I have to work for a Living and am afoot besides, having sold my car when I entered the army. I served two years in the army, 10 months in France, Belgium and Germany. I feel that I am qualified to make you a Sheriff. I am a married man, 38 years old, with a family.

Saratoga May Be Second Target Ship

the Saratoga, which suffered only negligible damage in the first test, is that her commander, Capt. Donald MacMahon, knowing that she was slated for the second target ship made a wager with a friend in Washington, before bringing the ship to Bikini, that he would take her back to the East coast under her own power. It looks now that he has better than a 50-50 chance of winning his bet.

### Matthews Family Hold Re-Union At Leavenworth, Kan

Sunday, July 7, was marked by the reunion of the older members of the West Texas pioneer K. J. Matthews family, and some of their children, in the home of Mr. and Mrs. W. T. (Tarpley) Matthews, 511 Cine St., Leavenworth, Kansas.

All attended services at the First Baptist church, Leavenworth, and enjoyed the sumptuous meals at the home.

Those present were Mrs. K. J. Matthews, Phillips, Texas; Mrs. Nannie Matthews Latta and son Cpl. Anthony Latta, from Crosbyton; Mrs. Fannie Matthews Greer and daughter, Margaret, Floydada; and Mr. and Mrs. Tarpley Matthews and daughter, Marjorie, and sons Kenneth and David, Leavenworth.

The guests drove through from Phillips on Saturday and Monday Anthony continued the drive to Port Custer, Michigan, where he is stationed.

The others stayed until Friday returning by rail. All report a most enjoyable association with loved ones and in singing, swimming, games, taking pictures, etc.

### Captain Guthrie on 30-Day Leave

Captain Woodrow Guthrie, recently returned from Japan where he has been serving with the Army Medical corps, is here this week as guest in the home of his brother Dr. A. E. Guthrie.

He is on 30-day leave and will spend part of his time at other points in this area, including Clayton, New Mexico, before reporting at San Antonio.

Captain Guthrie anticipates an early discharge.

### W. L. Finley

(Continued from first page) Survivors include his widow, one son, Porter of this city, a granddaughter, his step-mother, Mrs. A. F. Finley, six brothers, R. F. and Charles of Floydada, J. I. of Amarillo, Elmer C. of Hereford, Millard of Dimmitt, and Glenn of Rochester, Washington, and two sisters Mrs. Fannie Cogburn of Seligman, Arizona and Mrs. E. D. Wyer of Dimmitt. A daughter, Mrs. Wilda Ruth Pryor preceded her father in death September 14, 1945.

**No Successor Named**  
So far as could be learned this morning the Commissioners court had taken no action looking toward the selection of a successor to the deceased weaver. Since this season of the year is an off-period for the public weaver, no serious necessity is indicated for an immediate appointment.

**Vernon King**  
(Continued from first page) ed with Lee Wilkinson when he first came here, later working for Geo. M. Finkner and J. M. Daniel.

King's wife was prostrated by the news of her husband's trouble. The couple live on East Mississippi street where they own their home. They have a son, 13, and a baby daughter, seven months old.

D. W. Fyffe who went to New Mexico on receipt of the news of King's trouble, returned with his truck after four days spent at Albuquerque. He is not too optimistic, he said, over King's chance for proving innocence of wrong-doing.

**Service Book**  
(Continued from first page) a vital part in the winning of the war, and the Hesperian wants to properly represent that part in this service book.

Bring in your pictures at the earliest time possible. They will be left in the care of the newspaper office for only a short time.

There are no strings attached to placing pictures and write-ups in the book. They are absolutely free but the Hesperian anticipates that many people will want copies of the book. Arrangements have been made for orders to be placed for these at once. The book will sell for only \$3.50, and the printing will be limited to the number of orders placed. So, if you want a book, place your order now!

Any man who sneers certainly spoils his good looks—especially if he sneers at a larger man.

### Jack Burleson Thinks Sheriff Is Full Time Job

R. C. (Jack) Burleson, with the approach of the date for the first primary, this week was bearing down in his campaign for sheriff

R. C. (Jack) Burleson

in an effort to see as many people as possible to ask for their votes. "I haven't made a thorough canvass of the county because I have been holding down a job and have campaigned only as I could," said Mr. Burleson.

"I have seen many voters but some I haven't, and I want to say it has not been intentional. I want the job because I need it, and I believe I can make the people a good and impartial peace officer."

**Is Full Time Job**  
"If the people of the county decide to choose me for the office I will consider it a full time job and will give all my time to it," Mr. Burleson concluded.

Resident of the county for a quarter of a century and associated in a public capacity with the people all of that time, Burleson is convinced he knows what is expected of a sheriff here, and hopes the voters will give him their confidence and a chance to make good as their sheriff.

### Halsey Brings His Campaign to Floyd

Hop Halsey, ex-Marine and candidate for the congress from the 19th district of Texas, brought his drive for votes to Floydada yesterday afternoon in a swing around the northeast part of the district.

Promising vigilance for the welfare of the 19th district as well as of the nation, and declaring the people of the district could always find how he stood on important questions Halsey predicted he would be chosen on primary election day and that the people would "have a new man in congress" from the 19th district.

Halsey had his sound truck and his Drug Store cowboys who made good music during the 40-minute stay here.

**MEET FRIDAY NIGHT**  
The Sand Hill Farmer's Union Juniors will meet Friday night July 19 at the school house.

Those planning on going to camp and have not registered, please bring \$2.00 Friday night to register. Ed Holmes is taking his truck to carry those who do not have ways to go to and from camp. Those not having ways to go from other communities are invited to come and go with the Sand Hill Juniors, sponsors teachers, and leaders.

### Florists Meeting Reported Biggest In State History

Mr. and Mrs. W. Elton Goen of the firm of Park Florist of this city spent from Saturday, July 6, until Friday, July 12, in Houston at the annual convention of the Texas State Florist association.

The convention was held in the Rice hotel this year with over 1200 state F. T. D. A. and T. D. S. florists enrolling. Expert designing by nine of the best floral artists in America were featured with Bill Clowe of Cedric's Flowers (Breakfast in Hollywood Florist) of Los Angeles, as the outstanding artist.

The first day was devoted to designs in baby novelties, hospital arrangements and elaborate funerals designs such as hugh crosses, Masonic and Eastern Star emblems and casket covers and blankets. The last two days were devoted to table decorations, basket work, anniversary parties, anniversaries, brides and attendants bouquets, and the final flower exhibit was the erection of a home and church wedding decoration complete with the entire bridal party.

Nightly entertainment included visits to San Jacinto battle grounds, cocktail parties, buffet suppers and dances at the Plantation club with Al Donague and orchestra and the

### Club Clears \$115 With Booth on 4th

The Sand Hill Home Demonstration club met July 10 in the club room. The finance committee reported approximately \$115 cleared from the sale of sandwiches, pies and lemonade at the booth on 4th July 4. It is believed that there has been more than enough money made to pay for the playground lighting system.

The club voted at the last meeting to send the Gold Star 4-H club girl, Miss Joyce Nell Womack, to the Short course at College Station.

Mrs. Jake Brock, president, resigned at the next meeting. Mrs. J. V. Greer delivered the bolt of blue sash that was ordered last fall.

In the absence of Miss Edith Wilson, the demonstration on summer desserts and salads was given by Mrs. Lynn Miller.

Those present were Mesdames R. H. Campbell, Roy Hollums, Jake Brock, W. M. Knight, Lynn Miller and Misses Verona Miller and Marlene Hollums.

The next meeting will be July 24 at 2:30 p. m. in the club room. Mrs. Claude Jones is to present "Help with household tasks." All members are urged to be present.

there is quite likely to be a period of "buyer resistance". Some symptoms of this already are apparent in cancellation of orders and lack of enthusiasm. The seller's market is not yet over. It is quite likely to run on for months, but the signs are appearing. People are becoming more selective; they are starting to shop around and are not grabbing anything at any price.

"This is a good thing. At least it will squeeze the water out of the market and eventually return business to a competitive basis which is the true foundation of our economy."

Expert opinion now believe that all industry will reach reasonably good production around next January, Bathrick declared.

**AN EXPERT KNOWS  
MORE ABOUT LESS**

Good health for every citizen, every family is the chief concern of medicine and pharmacy.

To accomplish this objective in the best way, the vast field of medical science has been divided into specialized groups. The physician is thoroughly schooled in diagnosis and treatment. As pharmacists, we are experts in the preparation and dispensing of drugs. We do not pretend to be able to diagnose your illness. But we are qualified, and gladly accept the responsibility of filling your prescription exactly as your doctor specifies.

**The Voters Of Precinct  
Number One:**

We would like to call attention to some things in behalf of W. H. (Bill) Brock's race for re-election for commissioner.

When he was elected four years ago there was very little funds in Precinct One to work with. The equipment needed repair, and there was about three thousand dollars (\$3,000) outstanding warrants against Precinct One.

The bridge on Blanco Canyon had washed out in 1942. Brock managed to borrow money from other funds to run along until April when the money for the Road & Bridge Fund came in. He paid the money back that was borrowed, and after the roads were graded, he let a government contractor lease one of the machines. This machine made the county enough money to pay out the bridge.

The roads in Precinct One have all been improved, and like all other people, Brock has worked under handicap. Material, labor, and parts for machinery have been a problem to get. These are some of the situations no other commissioner had to contend with.

Brock gave every road his close attention, and an impartial service to the tax payers. The last fiscal year he turned in two thousand and seven hundred dollars (\$2700) to Precinct One Fund; work that has done for the tax payers.

We have checked the records and find that Brock has handled his finances very economically, and has ample budget for this year.

With the rest of the Court, Brock has worked diligently trying to get Floyd County all the farm to market roads possible.

We believe at a time like this the people need the most experienced men that can be had to fill our county, state, and national offices. With Brock's ability and experience we believe he will make Precinct One, and Floyd County a good commissioner.

Brock has also stood for lower taxes, and helped keep them down during these wartimes, which everyone knows has been a hard thing to do.

These statements are our belief why we think Brock should be re-elected as your commissioner.

Thanking you,

**W. H. (Bill) Brock's Friends**

**BADGETTS HAVE A DAUGHTER**

**JUST NOT ANY HOGS**

About every so many years the  
 conditions get wrong for hogs in  
 Floyd county and the high plains  
 country. Whatever it is that hap-  
 pens just does and everybody gets  
 rid of their porkers.  
 A couple of years ago it was that  
 OPA or the Department of Agricul-  
 ture or somebody with their feet un-  
 der a mahogany table and the cool-  
 ing system working good, decided  
 how to straighten out everything  
 and make it level off. They arbi-  
 trarily put feed too high for peo-  
 ple to raise pork profitably.  
 Result was that sows and gilts by  
 the hundreds and even thousands  
 came to the Floydada market and  
 all the other markets, enroute to the  
 packer and the consumer. Every-  
 body saw it happening, but helples  
 to do anything about it, and wor-  
 ried about their own affairs, boys  
 overseas, too much to do, and things  
 of that kind, just let it go.  
 Now a good sow on a Floyd county  
 farm is a curiosity and a man with  
 20 or 30 head of hogs fattening for  
 fall sure is peculiar,—and popular.  
 You don't read about anybody ad-  
 mitting they made a terrible mis-  
 take that cost the country billions  
 and being responsible for the death  
 of a good many more people in the  
 war-ravaged countries. No indeed  
 the boys at the \$5,600 and better  
 level are still telling the folks what  
 to do and how to do it—and when  
 they get the chance—making them

**THE TROUBLE WITH OPA**

The fundamental trouble with  
 OPA was not that it was not a good  
 idea. It was that OPA was not of  
 the people, for the people and by  
 the people. The first line you read  
 on the first rationing card that you  
 signed was a warning that you'd get  
 put in jail and have to pay a large  
 fine if you didn't goose step. It was  
 as much of Germany and of Russia  
 as though you lived in one of those  
 unhappy countries. And OPA never  
 did get the common touch. Its un-  
 happy burning was in some tall of-  
 fice where the files didn't bother  
 we'd say in the pink suite of some  
 fellow traveler. Possibly even a  
 dyed in the wool Communist lined  
 up the whole arrangement. It was  
 presented to the great president who  
 couldn't supervise all the doings of  
 all the appointees and okayed there.  
 Never an official appeal to your  
 desire to win the war, to help your  
 country, to help your boys. Always  
 an insistent warning that somebody  
 was headed for jail. And always, so  
 far as our information goes, a  
 broken down business man, an un-  
 successful school administrator, a  
 defaulter by way of the bankruptcy  
 courts, as a supervisor and policy  
 maker.

No wonder that now people would  
 throw OPA out the window. No  
 wonder the people would like to  
 swap horses and let natural laws  
 govern once more, hard as many of  
 the decontrols will be on many  
 worthy persons and their children.  
 People do not believe that an un-  
 worthy, incapable appointee of a  
 bureau can do better for them than  
 they can do for themselves. Much  
 as they would like to hold things to-  
 gether, to head off inflation, to make  
 it easier for the renter and white  
 collar job holder, they'll take what  
 comes to get rid of the bankrupts  
 the pinks, the autocrats in high  
 places.

**If telephone  
 service is slower  
 ...here's why!**  
 We're taking emergency steps to  
 bring telephone service to people  
 who are waiting.  
 We're adding more telephones  
 to switchboards already heavily  
 loaded—more telephones than the  
 switchboards were ever intended  
 to handle. This may slow up tele-  
 phone service here at the busiest  
 times of the day.  
 In normal times we wouldn't  
 even consider such action. But  
 many people are waiting for ser-  
 vice. And new equipment is hard to  
 get and takes considerable time to  
 make and install. The size of the  
 job staggers imagination. Tele-  
 phone equipment is needed every-  
 where in large volume.  
 That's why it is necessary to  
 load the present switchboards to  
 the very limit.  
 SOUTHWESTERN BELL  
 TELEPHONE CO.

As fast as we can in the face of  
 material shortages we're pushing  
 our construction program. Our  
 first goal is to serve everybody  
 who is waiting. Then we'll restore  
 service to prewar standards as  
 quickly as we can. It will cost a  
 good deal. This year we plan to  
 spend 47 million dollars in the  
 five states we serve.  
 Sometimes you may not  
 hear "Number, please?"  
 promptly  
 With switchboards here heavily  
 loaded, the operator may not  
 always be able to answer your  
 signal as promptly as she and you  
 would like. This may be true es-  
 pecially during the busy calling  
 hours, in midmorning and early  
 evening.  
 If you do not hear the opera-  
 tor's "Number, please?" for a few  
 seconds after you lift your re-  
 ceiver, we hope you'll understand  
 why. She will answer just as soon  
 as she can.

Texas bluebonnet seed may be sowed now but these will not come up until fall, so plant where they are to remain, the specialist says. Where fall blooming plants are forming long awkward branches these may be cut or pinched back. Among those which may require this attention are dahlias, chrysanthemums, poinsettias, and lilies. Tall growing plants may need to be staked. Cuttings made of shrubs, trees, and many flowers (such as petunias and Carnations) will root immediately now if given half shade and plenty of moisture. The specialist gives this advice on watering: Give all plants a long slow soaking and let them show signs of thirst before watering again. This keeps their roots deep in the soil. During dry weather, "use of the hoe instead of the hose" keeps plants moist.

### Irick News

(Crowded Out Last Week) IRICK, July 9—This section received a good shower Saturday afternoon.

Mr. and Mrs. Dow Colson spent Sunday with Mr. and Mrs. W. C. Poage of Plainview.

Mrs. Battles is visiting her daughter, Mrs. Red Jones and family of Grady, New Mexico. Her granddaughter, Carolyn, had her tonsils removed last week.

Mr. and Mrs. Travis Dunn spent Saturday night with his parents near Floydada. They spent Sunday with her mother, Mrs. Smith of Lakeview.

Mr. and Mrs. Wilburn Dollar and son spent Sunday with Mr. and Mrs. Wade Kurtees near Bellevue.

Gary Terrell of Dumas is visiting his cousin, Ronnie Laceywell.

Mrs. Bill McNeil and daughter Barbara, of Dougherty and Misses Vernie McNeil, Joyce and Carolyn Porter, spent Monday with Mr. and Mrs. B. A. Robertson.

Rev. and Mrs. Vandlingham and children of Littlefield spent Sunday with Mr. and Mrs. Lonnie Bullard.

Miss Leona Miller of Plainview spent last week visiting Wynona Battle.

Several from this community attended the Fourth of July celebration at Floydada last week.

Those spending Sunday with Mr. and Mrs. Harrell Dollar were John Holmes and children and Elna Sanderson.

Kennard Gilbreath fell last week and cut his knee. Several stitches were taken but he is doing fine.

Sunday is our regular church day but our pastor cannot be present so he filled his place the past Sunday. Sunday school will be promptly at 10 o'clock. Let's all be present.

Tomorrow night, Friday, is Farmer's Union night. The young people especially are urged to be present as plans are to be made for the camp which will be held at Ceta Canyon August 9-10-11. Dominoes and '42 will be played by the adults.

C. A. Parnell visited with Mr. and Mrs. Harrell Dollar Monday.

Miss Alma Lou Holmes returned to Amarillo Sunday after spending the holidays with her parents.

### Marion Barton In Sheriff's Race

"I want to serve the people of Floyd County as their next sheriff, because I feel I am qualified by experience to fill the office. I am asking the people to give me a job," said M. A. (Marion) Barton, who has worked as a peace officer here and as a guard at McLean, Texas, helping build that internment camp.

"If elected sheriff I pledge an intelligent and business-like administration with the best law enforcement that I am capable of giving," said Barton. "I will also lend full co-operation with all other peace enforcement agencies, city, state, and federal and will solicit suggestions and assistance from all the law-abiding citizens. I invite a searching examination of my records as an officer and as a citizen."

Barton has been a citizen of Floyd County since 1925, has farmed part of the time and was your deputy sheriff two years after working at McLean, Texas. He is a native of Texas, having been born in Hood county. Barton says he will not be inexperienced in the sheriff's office because he has already performed every duty of the office many times.

"I will appreciate each vote and each person's influence in helping me in this race," he concluded.

A. J. Beedy and daughter Marian of Ft. Worth visited over the 4th with Mrs. A. J. Beedy and family.

## VOTE FOR Alton B. Chapman FOR District Judge BECAUSE:

1. HIS RECORD IS NOT SURPASSED BY ANY DISTRICT JUDGE IN IN TEXAS.  
 This fact was recognized in his election as President of the State Judiciary for 1943-44, the only time in the history of Texas a West Texas judge has been accorded this honor.
2. HE HAS SAVED JURORS HUNDREDS OF MAN HOURS AND THE COUNTIES THOUSANDS OF DOLLARS BY NOT CALLING JURIES EXCEPT WHEN ABSOLUTELY NECESSARY.
3. HE HAS HAD THE LEGISLATURE PASS A CONTINUOUS TERMS BILL THAT KEEPS COURT IN SESSION IN ALL FOUR COUNTIES ALL THE TIME. THIS SPEEDS LITIGATION AND MAKES IT UNNECESSARY TO WAIT FROM ONE TERM TO ANOTHER TO FILE AND TRY A LAW SUIT.  
 In order to pass this bill Judge Chapman made a trip to Austin at his own expense to prepare the bill and have it sponsored through the legislature.
4. IN ADDITION TO DOING ALL THE WORK IN THIS DISTRICT HE HAS, WITHOUT ANY EXTRA PAY, HELD COURT IN 10 OTHER COUNTIES OUTSIDE OF THIS DISTRICT. IN LUBBOCK COUNTY ALONE HE HELD COURT FOR SIX MONTHS CONSECUTIVELY, WITH A SAVING TO THE STATE OF \$2,500.00 IN SALARY.
5. HIS FAIR AND COURTEOUS TREATMENT OF JURORS AND HIS CONSIDERATION FOR THEIR COMFORTS, WELFARE AND EXCUSES FROM SERVICE HAS MADE HIM RESPECTED AND APPRECIATED BY ALL MEN WHO HAVE BEEN CALLED FOR JURY SERVICE.
6. HE HAS RUN A CLEAN RACE, STRICTLY ON HIS OWN MERITS AND QUALIFICATIONS.

Arranged and paid for by Floyd County friends who want to keep experience and proven efficiency in the district judge's office.

### Revival Crowds Break the Record

Revival at the Church of the Nazarene which closed Sunday night was well attended throughout and the anticipated record-breaking crowd at the church was realized for Sunday school and other services of Sunday, Rev. Arch Gibson reported this week.

Aiding the pastor in the meeting was Rev. W. B. Walker, of Abilene, who is district superintendent of the Nazarene church.

Next Sunday services will begin at 10 o'clock with Sunday school, preaching and communion service at 11 a. m., and evening worship service at 8:15. The pastor will preach.

This week the pastor and a number of the congregation are in Cisco where they are attending a regional camp meeting.

### As A Farm Woman Thinks

Indeed the rain was fine. We had begun to worry about it being a dry year after all, I mean a year that nothing is raised. May be yet but the feed is up and growing like Jack's beanstock. Bread is scarce, butter is scarcer and too high to put on a piece of bread if one had the bread, so Jack had better not ask for a slice every time he goes out to see how much his feed and cotton has grown. There may be a giant at the top and the giant may be hungry.

Mrs. Crump, Alma D and myself were at Cone at a shower given for the new bride, Mrs. Jack Ware, by Mrs. John Heard, when the big shower of rain came pelting down. The earth was a lake when we started for home, the roads rivers, but without hardly any slipping, we got to the Crump home alright.

There I tried to turn around and was almost up on the road when the back wheels began spinning. I backed, went forward with jerks, the road got slipper, the ditch bogger. I gave it up and Mr. Crump cranked up his tractor, tied on to the front and started down the road. I could not make the car climb the bank. Down the bar ditch I plowed like a road grader. For some hundred yards we went, then I called to him to stop.

He took loose and started to turn round to go back to the house, but down in the other ditch on the other side of the road his tractor slipped, just like something in the funny paper. He called to me, but I was bending over in the car to keep him from seeing me laughing. I almost had hysterics, it was so funny just then. I looked up to see him laughing also. Then he went up the ditch plowing it up deeper till he gave that up. Mrs. Crump brought a pair of overshoes and a wrap to keep me dry and we went back to the house till Paul and Wilma and Joe came to our rescue.

The draw across the northeast corner of our place has been a small river these last few days. Like a silver ribbon it flows steadily towards the Brazos and we sigh and wish it was always running that way.

Five o'clock Monday morning Mr. Spikes, Wilson and I are almost ready to leave for Dallas and Kaufman County. Wilson will buy

some medical supplies and we will visit Mr. Spikes' old home in Kaufman county. He will find the old house gone. Many, many of the kin gone on to a better world, but there will be a few left and he will renew his youth. He is getting a good deal better the last two months. Will tell you about the trip next week.

#### BOBBY O'BANNON HOME

Pvt. Robert L. O'Bannon of Camp Lee, Virginia, arrived Monday to visit with his mother, Mrs. M. L. O'Bannon, on a delay enroute to Overseas Replacement depot at Camp Stoneman, California.

Bobby is a graduate of Floydada High school with the class of 1945 and entered the service last March.

Mr. and Mrs. Homer Kennamer arrived in Floydada Wednesday for a short visit with Mr. Kennamer's parents, Mr. and Mrs. H. G. Kennamer. The couple arrived from Massachusetts but plan to make their home in Amarillo for the present.

Miss Leola Fowler of Hot Springs, New Mexico, is here visiting her parents, Mr. and Mrs. John Fowler.

Zack Stringer of Amarillo visited last week-end with David Battey Jr. Mr. Stringer had just received his discharge from the army. Before entering the service he was a roommate of David's when they were attending West Texas State college at Canyon.

Misses Dorothy Greer and Patay Parkey returned to Texas State College for Women at Denton, Texas, yesterday where they will enter summer school.

Alex McGlinchey of Fort Worth was a recent visitor in the home of his aunt and uncle, Dr. and Mrs. Wilson Kimble.

### ALLAN SHIVERS IS ONLY VET IN RACE

Senator Allan Shivers, of Port Arthur, candidate for lieutenant governor, is the only war veteran seeking that office. Exempt from military service, he joined the army as a volunteer and served two years in Africa, France, Italy and Germany. A member of the Texas Senate 12 years, he is asking to be promoted to lieutenant governor on the basis of his service to his country and his state.

## IT'S June IN January

(THE YEAR 'ROUND)

Clean, efficient gas heating and modern gas air conditioning make any home a most comfortable, livable home the year 'round. Healthful too, for most colds and minor ailments are aggravated by uneven temperature.

Then, too, there are the more common uses for gas. Cooking with a clean, easily controlled heat. Refrigeration is best with a silent gas refrigerator which has no moving parts to wear out. The fully automatic gas water heater provides all the hot water the family needs when it needs it...economically. Plan your new kitchen around gas, the fuel that gives you these advantages. ### Wings on Long See Much West Scenery

I know me know that almost fifty nine years I have been around mainly around the past-cowman, hog lot, chick-Sand Hill with an occ-trip to Floydada. (ten

us to another sister, Mrs. J. W. or Montez Wiggins. While visiting this sister and her family we drove to Tyler, Mineola, Grand Saline and Lindale. At the latter place we visited in the home of Mr. and Mrs. George Menchu. Mrs. Menchu will be remembered by many of the old timers here as Pearl Darby daughter of L. C. Darby who was an early day tax assessor of our county and granddaughter of B. P. (Uncle Perry) Merrell, one of our first county commissioners and a grower of good horses for those days. They lived at Sand Hill before the name was given it.

Pearl is in very bad health confined to her bed about all the time. After a brief visit in these parts we left Dallas in a north-easterly direction, reaching Texarkana about noon. My wife didn't wish to tarry there. I guess you know why. Anyway you have heard of the mysterious murders there. Being that kind of pleasing husband that usually does as the wife says if it suits us we drove on.

We went by Hot Springs, Little Rock, West Memphis, then a rather northern route through what is

supposed to be one of our nation's richest farming belts. Land that not so many years ago was re-deemed from a dense swamp where malaria and all that goes with such by a system of ditching and draining to its present productivity. Real near the highway you see scores of small huts with no place for a cow, chickens, garden nor any of the-it seems to me-necessary things of life. They seem to raise very little there except cotton and negroes. From the appearance about the huts it seems that the latter crop is quite prolific. Some rice fields and especially a little farther north a lot of soy beans alfalfa and corn and, etc.

We ran into the region of Charleston, Mo., where our son, Clifton lives. We hadn't seen him since his discharge from service. He has a son, Michael, who was two months old when our nation celebrated her 170th Independence day. After a few days in those parts, Clifton and his wife joined us in a visit in northeast Arkansas where I was born sixty-eight years ago and hadn't seen since I was five years old. My birth place was Randolph county, Pocahontas county site.

I saw the place where I was born but no sign of a house there now. Also where my mother was born also her mother at the same place but no trace of a house there.

My mother's only living sister lives in a large house near the spot where they were born. We visited this aunt and her husband and some fifteen or twenty cousins and a lot of more distant relatives in a radius of some 65 miles of the old home.

Some of this country is quite hilly with a lot of rocks while further away is about as smooth as our own country.

Many of the highways were very rough due to the excessive rains. Crops as a rule were late due to the same thing. I was born near the Eleven Point river. So named by the uniting of eleven streams near one point some seventy-five miles above there. It seemed good to me to eat young squirrel killed near its banks and fresh fish out of its waters.

These relatives-some of whom had visited us in Floyd county others that I had not seen since leaving there in 1883 and still others that I had never seen-seemed almost as glad to see us as I to see them.

Much of the upland that was once in cultivation is washed and worn until is now in Bermuda grass, Lespedeza and other hay and grazing crops. Still a lot of timber there some of which is going to the saw mills each year.

We also visited Mammoth Spring which is only a few hundred yards on the Arkansas side of the Arkansas-Missouri line. This spring is really big covering (they say) ten acres and I guess it is all there. Anyway it starts Spring river which is a real river from the jump go. The government has taken charge of it. Have a large dam on the low side and produce a lot of power.

We went back to our son's home which is only two or three miles from the Mississippi river. While there we crossed over into Illinois and Kentucky. We saw the uniting of those two mighty streams, the Mississippi and the Ohio. Viewed the water sign some 10 or 12 feet high on buildings at Cape Girardeau, Missouri. It looked to me like it would be a mighty flood to even put water up to the street but the unmistakable evidence was high on the buildings above there.

Seeing a little sign of excessive water in many places back that way reminds me that this high dry country is a pretty good place to live.

On our return trip we took Highway 60 across southern Missouri to Springfield, then 66 across the corner of Kansas to Tulsa and Oklahoma City, Shamrock and on to Amarillo. We visited our daughter and family there (The Tylers) also came by Castro county and visited my sister, Myrtle Williams and husband. Last of all on home on Friday after a twenty-two day very

### DISMANTLE HEREFORD CAMP

Plans to dismantle Hereford Prisoner of war camp, Hereford, Texas and make the salvage lumber and critical building materials available for building under the Veterans Emergency Housing program, are now under way. Harry L. Holliday, Dallas Regional Director of War Assets Administration, announced Tuesday.

This constitutes the first offering in this area under terms of the Lanham-Mead resolution whereby surplus lumber and building materials from military installations will become available for veteran housing.

LOCKNEY BOYS DISCHARGED  
LOCKNEY, July 12.—Joe Briar Norman, son of Mrs. Earl Norman of Lockney, has received his discharge from the Navy and is expected home the first of next week.

Bill Allen, son of Mr. and Mrs. J. B. Allen has received his discharge from the U. S. Navy and is at home with his parents.

LANIERS AT HOT SPRINGS  
Mr. and Mrs. J. W. Lanier have been at Hot Springs, New Mexico for several days and are taking the baths, rest and recreation there.

Mr. and Mrs. Clyde Davis, former residents of Floydada now of Sterling City, Texas, are going to come up some of these days soon and "see all the old bunch," a note from Mr. Davis said. They planned to be here for July 4th but things didn't work out.

To make the most of summer fun, put pleasure before the unpleasant business of cleaning and pressing clothing and household articles.

Our convenient and dependable cleaning service will give you more time to indulge yourself in those things that make you really live, instead of merely existing.

MEMBERS OF THE FLOYD COUNTY COMMISSIONERS COURT

### Clarification On Farm-to-Market Road Through McCoy

Due to so many rumors the Commissioners Court of Floyd County wishes to clarify their actions and what the facts are on Farm to Market Highway 54 from Petersburg, east through McCoy to Highway 207.

This Highway was located by the Texas Highway Department with approval of the Federal Government (this is necessary as Federal Funds are being used on the construction of this road). The location was then turned over to the County Commissioners so they could secure the Right-of-way.

The Right-of-way has been given to the County by land owners on the road in cooperation with the Commissioners in trying to improve roads in that precinct, with the exception of two out of town owners.

Because the Commissioners believe this road to be an asset to the County they are buying the right-of-way through these two places.

The cost of this right-of-way will be paid out of funds collected by extra work done with equipment in Precinct One. This means that no tax money is used or necessary to build the Farm to Market Road.

The Public is welcome, and asked to if there are any doubts, to check the county records and procedure in this case. Please get the facts and fight all these unfounded rumors.

### My Campaign for Public Weigher

IN PRECINCTS 1 and 4

I have covered practically all the territory and seen practically all the people except an area in brick community.

To every one of the voters I have seen I have that I would appreciate their vote and support. Now it looks like I am not going to get out to see brick people because I don't have any way to get there. But I want you to know that I need your just the same as though I had come to see you. You to please remember P. O. (Pat) Sterling as you come to vote on July 27. Nobody could appreciate your vote and support more.

### The Voters of Floyd County

I know the people of Floyd County and I think I know what they want in the way of a peace officer, I lived in Floyd County until I was called to World War I.

I returned in 1919, then later spent three years in Perry County, returning to Floyd County about six years ago. I married a Floyd County girl.

If I am elected I promise the people that I will enforce all laws without fear or favor. I tried to do this as a Deputy Sheriff while serving under the present Sheriff.

If you feel that I can and will make you a good Sheriff I will appreciate your vote July 27th, 1946.

(Crowded Out Last Week)

FAIRVIEW, July 9—Showers fell over different parts of this community Friday, Saturday and Sunday. Some farms received as much as three-fourths of an inch of moisture while others only had about one fourth of an inch.

Farmers are very busy killing weeds in the row crops and plowing wheat stubble. Much of the cotton in this community has the farmers guessing. Some have plowed up their cotton and planted the land in feed.

Mr. and Mrs. Erwin A. Fancher and daughters, Bettie Lois and Janith Sue of Wichita Falls visited Friday and Saturday with his aunt Mrs. G. C. Bailey and Mr. Bailey. Mr. Fancher has just recently received his discharge from the Marine corps at Fall Brook, California where he had been stationed for the past 10 months. Other guests Friday night in the Bailey home were Mr. and Mrs. Lester Fancher and daughter, Novell of Floydada.

Wayland Bagwell and son, Donnie, of Los Angeles, California, visited last week with his brother, Clyde Bagwell and Mrs. Bagwell.

Mrs. Walter Welch of Fort Worth is spending two weeks with her parents, Mr. and Mrs. L. A. Horton, and other relatives here.

Mr. and Mrs. W. F. Cuipepper and Mrs. Joe E. Wilson of Floydada and Claude Owens and Will Ross Henry of Athens, Louisiana, spent Tuesday in the home of Mr. and Mrs. Henry Cuipepper.

Mr. and Mrs. Preston Bullard and family visited last week-end at Potosi, New Mexico, with her father, W. S. Watson and Mrs. Watson. Their daughters, Gail and Dixie remained for a longer visit.

Mr. and Mrs. L. B. Cosby and Mary Dee and Mr. and Mrs. Thurman Perry visited Sunday with Mr. and Mrs. Grady Reeves.

Mr. and Mrs. Cap Featherston visited Mr. and Mrs. G. C. Bailey Monday evening.

Mr. and Mrs. L. A. Horton were Sunday dinner guests of Mr. and Mrs. Walton Wilson.

Mr. and Mrs. Carl Smith visited Mr. and Mrs. Edell DuBois Sunday.

Mr. and Mrs. J. C. Bailey and son John Dean, of Amarillo visited last week with Mr. and Mrs. G. C. Bailey here, then they all visited at Brownfield with another brother Ernest Bailey and family. From their they went to Meadow to visit an uncle and aunt, Mr. and Mrs. M. L. Kiker. Mr. Kiker has just passed his 80th birthday.

Sunday dinner guests in the home of Mr. and Mrs. E. W. Walls were

Rev. and Mrs. C. A. Butler and Mr. and Mrs. D. D. Tate and daughters Virginia and Mavis of Lockney.

Miss Clara Cosby, daughter of Mr. and Mrs. L. B. Cosby, and T. C. Goodman were married June 24 at the First Baptist church in Clovis, New Mexico. The pastor of the church performed the ceremony.

The couple spent several days at Carlsbad, New Mexico, on their wedding trip. Their plans for the future are indefinite at this time.

#### SAND HILL FARMERS UNION JUNIORS ARE ENTERTAINED

The Farmers Union Juniors of Sand Hill were entertained July 2 with a weiner roast at the home of Martin Roe Peterson. Everyone enjoyed it very much.

Those present for the roast were Loreita Stringer, Grady Phillips, John Henry Brock, Wanda Faye Pricer, Stinson Stringer, Buddy Peterson, Bobby Jack Harbor, Ruby Phillips, Joyce, Jerroldine and Shirley Womack, Shirley and Norma Peterson, Linda and Mike Peterson, Billy Phillips, Marlene Hollums, Mr. and Mrs. Clyde Peterson and the host. Several visitors were also present.

The Juniors regular meeting will be held at the Sand Hill School house, Friday night on July 19.

#### JOHNNIE COLLINS HOME

Johnnie C. Collins S 2/c arrived home Friday night on a fifteen day leave to visit with his parents, Mr. and Mrs. Gene Collins and family. Johnnie entered the navy in February and was stationed in San Diego where he received his boot training.

He will report back to Tacoma, Washington.

#### NEED A COMPASS?

Approximately 40,000 compasses will be offered for sale by the Fort Worth regional office of War Assets Administration July 15, Hamilton Morton, regional director, announced today. The sale will be to Federal agencies and veterans for the first 20 days. Remaining articles will then be sold to other purchasing levels.

The compasses are of the watch pocket type, about 2 1/4 inches in diameter, with magnetic luminous dial

and closed face. They come in black-painted aluminum alloy, brass and silver cases and most of them are contained in canvas carrying cases with snap-type cover.

Most of the compasses are new but those that are not are in usable condition. While they cost the government an average of about \$1.50 each, they will be sold at fixed prices ranging from 60 cents to \$1.15 each, according to the type and the level of trade making purchases.

### ALABAMA RELATIVES PAY VISIT TO MRS. R. C. WATSON

Mr. and Mrs. W. E. Matthews, sr., of Tusculuma, Alabama, were here Wednesday of last week on a visit with Mr. Matthews' aunt, Mrs. R. C. Watson, and other relatives. Their visit here and the arrival of a son of Mrs. Watson, Clarence and his wife from Alpine, called for a general get-together of the members of the family here at Mrs. Watson's home. Mr. and Mrs. Ray Chapman, of Lubbock, were present, as were

### Mr. and Mrs. Fred Batley, Mr. and Mrs. Chas. Batley, Mrs. Chas. Neil sr., and Mr. and Mrs. O. M. Watson.

Mr. and Mrs. G. M. Armstrong and Harold Snell have moved to Floydada from Los Angeles, California. They will live on West Kentucky street. They have been living in California for sometime but will make this their home. L. J. Welborn returned home last Friday after visiting with relatives in Alabama.

### Mr. and Mrs. J. A. Ballard, of Hermosa Beach, California, were here on business last week.

### EX-SERVICE MEN—WHAT THE "CLOSED SHOP" DOES FOR YOU

John Lee Smith, candidate for Governor says: "The C.I.O. and other 'closed shop' unions have compelled hundreds of thousands of returning veterans to join up with their unions before giving them employment—in other words these former fighting men have had to pay the union in order to get a job in the country they fought to save! This is an outrage. It is Hitlerism pure and simple. The 'closed shop' is un-American. For four years I have been advocating the abolition of the 'closed shop.' If elected Governor I will use all my influence to secure this result."

### GET THE NEW B.F. GOODRICH SILVERTOWN AND KNOW YOU'RE SAFE!

The new B.F. Goodrich Silvertown has been tested by experts! By experts like Col. A. R. Killiam (shown here), Superintendent of Indiana State Police, who helped put the tire through miles of carefully recorded road tests. Millions of miles of tests proved the super-safe construction of the new B.F. Goodrich tire.

### Come in and see us today for the tire that OUTWEARS PREWAR TIRES!

You can get earlier delivery if you see us NOW!

"Outwears Prewar Tires!" Those magic words have made the new B.F. Goodrich Silvertown tire the most wanted tire on the market — because those words state an honest fact conclusively proven by millions of miles of carefully recorded tests and millions more miles of consumer driving!

What does the new B.F. Goodrich tire have? It has B.F. Goodrich's own "road level" tread to give you more rubber to share the wear... more tread to stop on... more traction to hug the curves. It has tougher cords and more of 'em to give it a far stronger body.

Even at high speeds, the new Silvertown OUTWEARS PREWAR TIRES.

### Soldier Voting Opinions Written by Atty General

Following is a summary of opinions written by Attorney General Grover Sellers relating to voting by members and former members of the armed forces in 1946 elections, whether primary, general or special:

1. (a) Any person who, at the time of such election is, or within eighteen months prior to date of election was, a member of the Armed Forces of the United States or of the United States Reserve or of the United States Marine Corps, or of any branch or component part of such Armed Forces or Armed Force Reserve, or the United States Maritime Service or the United States Merchant Marine, may vote at such election even though he has not paid his 1945 poll tax and does not have a poll tax receipt.

(b) Such persons are entitled to vote, although their names do not appear on the "list of citizens in each precinct who have paid their poll tax or received their certificates of exemption." They are not required to obtain a certificate of exemption in order to be entitled to vote.

(c) Such persons are entitled to cast their votes absentee, upon the same terms and conditions as are others. They may not, however, be required to enclose with their ballot or application for ballot either a poll tax receipt or a certificate of exemption. If the election judges are sufficiently advised to know the person is entitled to vote, they may receive the absentee ballot although it is not accompanied by affidavit showing that the person is a qualified voter. In order to insure the receipt of their absentee ballots, it is advisable that such persons forward with their ballots an affidavit showing that the person is a duly qualified voter. If the person is a resident of a city of 10,000 inhabitants, or more, the ballot should be accompanied also by the affidavit of a well-known resident of his ward that such person is a qualified voter at such election and in such ward.

(d) A serviceman or veteran must meet the qualifications required of other voters, except, insofar as the payment of poll tax is concerned. He must, therefore, meet the requirements made of all voters as to age, citizenship, and length of residence within the state, and in the district or county.

2. The rules stated in paragraph 1 do not apply to members of the regular Army, Navy or Marine Corps; members of the regular Army, Navy or Marine Corps are not qualified to vote in elections held in this state. (Subsection 5, Section 1, Article VI, Constitution of Texas).

3. If a serviceman or veteran is challenged at the polls, the election judges can legally require him to show his qualifications under oath before permitting him to vote. However, when any such serviceman or veteran, upon being challenged shows by his own oath, (or, in cities of 10,000 or more, by the oath of a well-known resident of the ward) that he is a qualified voter at such election, the election judges cannot legally refuse to accept his vote.

### Indian Minister Preaching Nightly For Revival Here

Yes, it is here, the revival at the Assembly of God Church, 328 West Virginia Street. Let's all go and hear the Indian minister from Oklahoma.

Rev. R. G. Batson has been pastoring the Albuquerque Assembly of God church the past seven and one half years and consented to come to Floydada for a few days, after resigning as pastor of the church in Albuquerque.

"Rev. Batson was reared in the Cherokee Indian country and could not speak English when he first came to our territory. He was reared to be a witch doctor and was in heathen superstition until he was saved by the power and grace of God," said Rev. C. L. Hundley. "He wishes to meet you and see you at the revival. Rev. Batson's slogan is 'I never met a man I did not like'. He likes you. We know you will like him."

The Assembly of God church has its doors wide as the gates of heaven for everyone. Why not come? The revival began Sunday night and will continue through July 28.

Rev. Hundley, pastor, announces services each night at 8:30 with special music and singing.

### JOHN FINLEY'S RETURN HOME

Mr. and Mrs. John Finley and daughter, Audine, returned Friday from a weeks vacation trip. They spent a few days in Carlsbad with Mr. and Mrs. Bill Debnam and children. Mrs. Debnam is a sister to Mrs. Finley.

The party made the trip through the cavern while there, then went to Mineral Wells where they were guests of an aunt and uncle, Mr. and Mrs. R. K. McCleskey.

### ATTEND DISTRICT ASSEMBLY

O. P. Rutledge, president, Ray McEntire, vice-president, S. W. Ross, secretary-treasurer and Glad Snodgrass attended the Rotary district assembly for the 127th district of the Rotary International in Childress Monday from the Floydada Rotary club.

Mr. and Mrs. J. C. Asher of Plainview spent Sunday with Mrs. Victoria Asher.
