FLOYDADA, FLOYD COUNTY, TEXAS, THURSDAY, OCTOBER 17, 1946

NUMBER 37

Widely Read Medium In Floyd County

Hamilton, Veteran Road Maintenance Foreman, Dies

Hamilton, veteran road maintenance foreman of Floydada district of the highway department, died last morning at 10:30 o'clock in a hospital, where he had been a patient for three weeks. He was 67 years old and was not expected to live.

Funeral services were held Friday afternoon at 2 o'clock at the First Methodist church. Rev. Lloyd H. Gresham, officiating. Interment was in the cemetery.

Five Generations Represented in Family Group

Five generations, represented in this group picture recently made in Floydada, is an unusual occurrence. From left to right the persons in the picture are W. B. Jones, of Floydada, one of the first Floyd county farm operators to make power farming successful on a large scale; Roe Jones, his son, of Center; Mrs. E. R. Melton, of Ralls, daughter of Mr. and Mrs. Roe Jones; and Mrs. R. T. Jones, who makes her home with her daughter, Mrs. O. Z. Smyth at the TMBAR headquarters.

The pert little lady seated center on the hassock is little Dorothy Ann Melton, daughter of Mr. and Mrs. Melton. She is the great-great-granddaughter of Mrs. R. T. Jones and the great granddaughter of W. B. Jones.

W. B. Jones moved to Floyd county from Godley, Johnson county, in 1912.

Water and Park Vote Called for Nov. 9

Abernathy Next 'Wind Opponent' Friday Night

An opponent which the Whirlwinds of Floydada High school have not before faced in football is the Abernathy Class B team which will be seen in action at Wester field Friday night.

The game begins at 8 o'clock. With a line ranging from 145 pounds to 170 pounds and a backfield that almost exactly averages the same as the Whirlwind backfield, the aggressive Hale county lads will come to Floydada with no intention of taking any Whirlwind dust, certainly not the small end of the score.

The starting line-up for the Floydada squad is not expected to be changed from that of last week when McGuire and Bill Womack began at the end positions, Nixon and Bruce Womack at tackles, Bunch and Hart as guards, Amburn at center and Carmack, Hagood, Bill Hale and Jones in the back field. The official line-up had not been released late yesterday by Coach Gresham, however.

Starting line for the Abernathy team puts 150-pound Finley at left end, 165-pound Ray at right end; Parson, 165 pounds, and Parker, 157 pounds, at tackle position; Neils, 145 pounds, and Knox 170 pounds, in the slots as guards; Hamilton, 155 pounds at center; and in the backfield Smith and Thomas, both 140-pounders at the halfback positions Snodgrass, 150 pounds, at quarter; and Riley, 160 pounds, at full.

The game is not a conference tilt.

GENERAL JOSEPH W. STILLWELL

Vinegar Joe.—Plain spoken hero of the retreat from Burma and the long march back to victory over Japan, died Saturday at Letterman General hospital in San Francisco. His placid passing was in contrast to a life of violent combat in two wars.

Jenkins Named Board Member of Quanah Route

J. B. Jenkins, of Floydada, was elected a member of the board of directors of the Quanah, Acme & Pacific Railway company Monday afternoon at the annual meeting of the stockholders held at the Quanah general office.

Also named on the board were Chas. H. Sommer, of St. Louis, Mo.; P. R. Markham of Sherman, Charlie Phillips of Paducah, G. E. Hamilton of Matador, A. P. Pierce, Quin Baker, Spencer Morrow and J. W. Sampley of Quanah.

In the board meeting which followed, Sommer was re-elected president, Baker vice-president and Sampley secretary.

The road is enjoying a good through business at this time, Mr. Sommer reported to the stockholders. He also reported to them that the roadway and equipment had taken heavy punishment during the war years and that heavy expenditures will be needed during the fiscal year on repair and upkeep. An undertaking now under way is the replacement of the present bridge across Pease river with a 150-foot through steel truss span on concrete, which Mr. Sommer anticipates will avoid washouts which have been a problem for years.

Mr. Sommer, Mr. Pierce and Judge Hamilton were here Tuesday for a short time following the stockholders meeting.

An avid follower of the St. Louis Cardinals in their race for the world championship against the Boston Red Sox, Mr. Sommer was at the Hesperian office when the news came through that the Cardinals had pulled ahead 4 to 3 winners in the final game of the world series, beating off a ninth inning rally attack of the Boston team.

MRS. CAMDEN RECOVERING

Mrs. Chas. Camden, of Amarillo who has been ill and in an Amarillo hospital for an operation, is regaining her strength and recovering normally, according to Mr. Camden, who was here over the weekend.

General Election, Re-Allocation of Taxes, Amendments, Call For Elections on November 5 and 7

Floyd County residents will vote in two state and one local election next month, two on November 5 and the other on November 7.

The November 5 election will be the general election in which candidates nominated in the primary election will be voted on. The other election will be held two days later on a proposed constitutional amendment calling for a state land fund to be used in purchasing land to sell to veterans of World War II.

Also to be voted on in the general election November 5 will be three proposed constitutional amendments. One of the proposals calls for taxation of petroleum products for the purpose of obtaining highway funds, another calls for the

Petition Seeks Vote on Swimming Pool Proposal

The anticipated election to pass on the issuance of bonds for improvements of and extensions to the waterworks system of Floydada, was formally resolved by the City council on Tuesday of this week and the date for the election set for Saturday, November 9.

Revenue-bearing bonds will be issued against revenues of the city water and sewer systems in the sum of \$85,000 if the issue gets a favorable vote from the taxpaying citizens of the community.

On the same date the vote on the \$25,000 bond issue for the construction of a municipal swimming pool will be voted upon. Petitions bearing the signatures of Ed Johnson and 103 others was presented to the council at the meeting Tuesday asking for the swimming pool bond vote. The bonds for the swimming pool will be issued "for acquiring an improving a park" should the vote be favorable. Bonds cannot be issued for a "swimming pool" as such but a swimming pool is considered as constituting one of the improvements which can be made at a park site and funds so spent are considered legal, the council as been advised.

The "swimming pool" bonds will be general obligation bonds of the city when and if issued and a tax would be levied to pay the interest and create a sinking fund to retire the bonds.

Swimming Pool Is Urged
Agitation for the construction of the swimming pool by the city has (See WATER BONDS, back page)

Pension Federation Meeting Saturday

Formal notice that the Floyd County Pension federation will meet on Saturday of this week to elect delegates to the state convention, was issued this week by O. B. Olson, president, and S. H. Wright, secretary-treasurer.

The meeting will be held at Odd Fellow hall on the west side of the square at 2:30 o'clock in the afternoon. The date is October 19. All who are interested are invited to be present, said the announcement issued by the officers of the organization.

Dental Office Opened by Dr. H. W. Guthrie

Dr. H. Woodie Guthrie, who has been at home on terminal leave from the army for several weeks, after 19 months in overseas service with the Medical corps of the U. S. Army, has opened an office for the general practice of dentistry in Floydada.

Equipment received last week was set up over the week-end at Floydada hospital.

A graduate of Baylor Dental college, Dallas, Dr. Guthrie, practiced for a time at Plainview hospital before being called to service three and a half years ago. His overseas experiences began with the invasion of Leyte. He was replacement dental surgeon in the Philippines and Japan in the last months of the campaign and capitulation of the Nipponese, quitting the service with the rank of captain.

Ineligibility Ruling Going to Court Crosbyton Supt. Tells Committee

Action of the executive committee of District 4-A of the Interscholastic League of Texas here yesterday in declaring three star football players of the Crosbyton Chiefs ineligible for competition will result in the matter being carried to the courts, superintendent R. K. Green of the Crosbyton schools, notified the committee through an attorney G. H. Nelson, of Lubbock.

The boys declared ineligible are Lawrence Simmons, 190-pound power house back, Jack Jones, fleet half, and Kerry Horne, squadsman. Simmons and Jones returned last year and their addition to the squad this season would make the Chiefs even more formidable than they are in championship competition in the district. Horne was due to be first string player for the team this season.

The district committee have had

the eligibility of the Crosbyton boys as the subject of debate in three different sessions prior to the session this morning and at each meeting the boys were declared ineligible for play. The last prior meeting in the matter being carried to the courts, superintendent R. K. Green of the Crosbyton schools, notified the committee through an attorney G. H. Nelson, of Lubbock.

The committee permitted Senator Nelson to appear before them and present the viewpoint of the Crosbyton school both here and at Matador last week.

When legal action is to be taken and in what form, the chairman said he was not informed. Mr. Graves has notified the state secretary of the interscholastic league at Austin of the action taken by the district committee and of the expressed intention of Superintendent Green of Crosbyton to take action seeking legal redress.

year from the Crosbyton school, but each was a senior and all were in the graduating exercises, walking across the stage and receiving dummy diplomas. The committee had to rule the boys ineligible according to the view-point of the committee. Mr. Graves said.

The committee permitted Senator Nelson to appear before them and present the viewpoint of the Crosbyton school both here and at Matador last week.

When legal action is to be taken and in what form, the chairman said he was not informed. Mr. Graves has notified the state secretary of the interscholastic league at Austin of the action taken by the district committee and of the expressed intention of Superintendent Green of Crosbyton to take action seeking legal redress.

About One-Half USO Quota Has Been Reported

One district in Floyd county has completed the campaign for USO funds and two others have made partial reports to give the county about one-half of the quota of \$1220 sought, Cecil Hagood, county chairman, said yesterday.

Reporting complete is Harmony and incomplete Floydada and Lockney. Exact figures will be given later, it was indicated by the chairman.

"Finish the job" campaign was instituted on Monday and Tuesday in the hope that the funds would be raised in one day. Committee-men throughout the county had been asked to volunteer for the campaign.

Mr. Hagood is urging that those who have not been contacted but who would like to help in the cause, see their community chairmen or make donations directly through E. L. Norman, treasurer, at the First National bank in Floydada.

School Child at Crosbyton Hi-way Victim

A 10 or 12-year old school girl, alighting from a school bus, east of Crosbyton on the highway about 5 o'clock yesterday was run down and crushed to death by a passing six-wheel truck and trailer, P. Q. Haney, veteran oil transport operator, related this morning in Floydada.

Haney, enroute to Floydada from Rotan with a load of fuel, passed the scene shortly before sundown. He said officers, patrolmen, trucks and cars were thick and that he passed through the crowd with difficulty. He was told the bus had made a stop for the little girl to alight. Passing around the bus she stepped out into the path of the onrushing truck and was mashed to death instantly, his informant said. He did not learn the names of the little girl nor either of the drivers. The six-wheel truck and trailer was an International outfit, he learned.

Tests Indicate Deep Moisture Thruout Area

Moisture penetration from the deluges of rain in late September and early October is down to a depth of 48 inches and more in most of the area of Floyd County, tests made by the Soil Conservation service indicate, Jim Wyman, conservationist, reports.

Least moisture penetration found in eight or more tests made Tuesday was 36 inches. Two tests showed 42 inches, and 43 and one 44 inches. But several tests showed moisture going on down from 47 inches deepest penetration possible with the soil augur used, said Mr. Wyman. One of the 48 inch tests was in the vicinity of Floydada and two in the vicinity of Lakeview.

In usual years the crop yields especially of wheat, are directly in ratio to the depth of the moisture penetration of the fall previous records made have disclosed, which forecasts good yields for Floyd county dry land farms next year, if normal conditions prevail in the spring and early summer.

Tests made by technicians of the Soil Conservation service indicate that the penetration of moisture to subsols of the county had gone into the caliche early in the month on lands where preparation of fields had been consistently maintained by farm operators.

LEO WHITE JUDGE

Leo White, county agent of Briscoe county, will judge the pig show for Floyd County 4-H and PFA boys, it was announced this morning by County Agent A. L. Hartzog. Judging begins at 1 p. m. and the sale at 4 p. m. The date is October 26.

County, State Tax Rolls Ready; Payment Can be Made Any Time

State and county tax rolls of Floyd county are now ready for the payment of taxes. Mrs. Ethel Graham announced this week, and have been completed. The payment of taxes was delayed by a tax rate to be set for purposes in Lockney Rural district. Normally tax rolls are paid beginning on October 15.

per cent if paid in November, one per cent if paid in December. In January the full amount must be paid and after January 31 the tax becomes delinquent. All school taxes of school districts in the county excepting Floydada Independent School district property, are assessed and collected through the county tax collector's office. This includes the taxes of the newly-created Lockney Rural High School district.

As A Farm Woman Thinks

(By Nellie Witt Spikes)

Lakes full of water, green grass, fat cattle. This was the dream of the pioneer and it still looks good to his followers. But the pioneer did not have broad fields of ripened grain and bundles to keep his cattle fat in the winter and when the snows came the cattle drifted and died.

Most every nester had a small patch of cane and maize, the tall, tall kind, which he headed with a knife and the cane was cut with butcher knives tied to long sticks or sometimes cut with long knives on the side of a slide. My arms and back still ache at the thought of gathering maize. I was never the right height, the maize had to be reached for and what had fallen down had to be stooped after. I bless the combine every time I see one gather the grain so easily and so swiftly.

I did not help make a crop very much. Never tried to run a cultivator but once and plowed up two rows of corn, thus losing my job. I helped with the hoeing and was in the field from the time the

SOUTHWESTERN PUBLIC SERVICE COMPANY
22 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

Floyd County 14 Years Ago

These news items taken from the Floyd County Hesperian published 14 years ago.

(Issue of October 20, 1932)

Rev. S. R. McClung, pastor of the Central Baptist church of Lawton, Oklahoma, for the past three years, formally accepted the call of the First Baptist church Sunday morning and will move here with his family the first week in November according to plans worked out before his departure the first of the week.

Oliver Allen, Ross DeFrees, T. B. Brooks of Lockney and Bill Hensherot of Amarillo left yesterday for Concordia, Kansas, where they will spend a week at the National races for greyhounds. Allen will have six dogs in the races.

Bonnera Stephens is in Lubbock where she has been since Sunday taking treatment at the sanitarium there.

Whirlwind fans will invade Drag-onland down at Paducah in full force Friday the majority of the fans with the Green Peppers and the football squad making the trip in a four-coach special train ordered by Agent Robert Medlen.

Funeral services for Mrs. Cornelia Ray Goen, 73, one of the early pioneer settlers of Floyd county, will be held this afternoon at the Wall Street Church of Christ conducted by Elder Charles W. Watkins of Petersburg.

Yesterday was the first day for absentee voting in the general election scheduled for Tuesday November 3, and although the ballots for this purpose are in the hands of County Clerk Tom W. Deen, no ballots had been requested at this date.

South Side Singing convention will meet at Center Sunday afternoon, October 23 it was announced this week by D. D. Boyle, president.

Formal opening of the Wilson Kimble Optical & Jewelry company in their new location at 118 Main Street will be held Friday Saturday and Monday it was announced this week by Dr. Kimble.

Movement of the cotton crop of Floyd County to the gins, just gotten under way, was brought to a halt this morning following damp, cold weather last night with light showers and overcast skies. Floydada gins have totaled 847 bales and other gins of the county about the same production.

Marion Heald, star halfback for the Whirlwinds, flashed across the gridiron Friday afternoon and zoomed away from all kinds of Jackrabbits in two sensational runs of 65 and 70 yards respectively to score two of a series of six touchdowns piled up by Floydada in a decisive 38-6 victory over the Maroon and White of Ralls High School. Captain Floyd Murray and Malcolm Bridges shared honors of the day for the Green and White.

Lakeview News

LAKEVIEW, Oct. 14—The Lakeview Home Demonstration Club met with Mrs. Orvis Shearer, September 23. Those present were Mesdames F. B. Estep, Earl Edwards, G. W. Smith, O. G. Shearer, W. B. Powell, Joe Thurston, Emmet Dulton, and one visitor Mrs. R. A. Colston.

Mrs. Joe Thurston will be hostess to the next meeting, which will be held October 28.

Mr. and Mrs. W. W. Gentry are the proud parents of a boy born October 1, 1946.

Dick Nichols, James Lee Nichols and R. L. Nichols, went to Aryno on a fishing trip. They left Wednesday and are expected back Wednesday.

Dale G. Smith spent Sunday with his grandfather, John Lloyd. Mr. and Mrs. Faye Hart were called to Clovis to the bedside of Mrs. Hart's father. He is reported better now.

Mr. and Mrs. Earnest LaFrance and family and Mr. and Mrs. L. L. Jones and family spent Sunday with Mr. and Mrs. Fred Jones.

Baker Locals

(Too late last week, muddy roads)

BAKER, Oct. 9—James Stubbs spent Sunday night with Shorty Cardinal.

G. L. Fawver and James Stubbs visited in the home of T. J. Cardinal Saturday.

Mr. and Mrs. Fay Hart visited in the home of Mr. and Mrs. Jim Hart Monday.

Mr. and Mrs. Lloyd Murry have recently moved to town. We regret having Rebecca Jo leave our school.

Elton Amburn of Tulsa, Oklahoma visited in the E. E. Amburn home Saturday.

Mr. and Mrs. Arthur Brown and Carolyn visited Mrs. Brown Saturday evening.

Baker and Dougherty played a game of soft ball Friday afternoon at the Baker school house. The score at the end of the game was 10 and 10. The weather did not permit the play-off of the tie.

We will have our "42" social Friday night. Everyone is invited to come. E. E. Amburn and G. L. Fawver sr. won the most games the last time we had a social.

Dougherty News

DOUGHERTY, Oct. 14—Wilton Holt, a former Floyd County boy and one of the first to enter the armed services of the United States, visited briefly during the week with his brother, Raymond Holt and sister, Mrs. Jim Morrison and families here.

Wilton was enroute to his home in Los Angeles, California, from Bosque county where he visited his parents, Mr. and Mrs. K. Holt.

Mr. and Mrs. Bill M. Norman and children, Weims and Genelle, were shopping in Lubbock Saturday.

Mr. and Mrs. Mac Summerlin of Compton, California, arrived Thursday for a visit with Mrs. Summerlin's sister, Mrs. C. R. Woodson and family and other Floyd county relatives.

Mr. and Mrs. Harlan Cage and children spent the week-end with Harlan's brother Horace Cage and family of Spur.

Mrs. Raymond Holt and baby daughter, Wanda Gail, and mother, Mrs. J. M. Brownlow, were shopping in Plainview Monday.

Mrs. Warren Beall Poole and sons David and Daryl, left Lubbock Thursday night by plane for their home in Oklahoma City after a two weeks visit in the home of Dr. Poole's parents, Mr. and Mrs. W. S. Poole.

Mr. and Mrs. Fred Hardage spent Monday in Plainview.

After spending several days in New York, Mr. and Mrs. F. M. Dougherty are expected home this mid-week. The Doughertys have spent the past six weeks in London, England, and Paris, France. They were joined in Paris by their son Bill and Mrs. Dougherty of Moscow, Russia.

Mr. and Mrs. J. W. Womack and little daughter of Lubbock, spent the week-end with Mrs. Womack's parents Mr. and Mrs. Claude Ring.

Miss Ruth Simpson was a guest of friends in Plainview Sunday.

D. E. Senn, who spent several days last week in a Floydada hospital, suffering with a jaw infection was able to be brought to his home Friday.

Elmer Cook and Bill Wisdom were at Hereford Sunday and Monday on business.

Mr. and Mrs. Orland Howard were shopping in Lubbock and Plainview last week.

Mr. and Mrs. Glenn White spent the week-end at Fort Worth with Mr. White's sister, Mrs. Allen Leach, Jr. and Mr. Leach. Mr. Leach, formerly with the Merchant marines, is now employed as a commercial engineer with the Southwestern Bell Telephone company, with headquarters at Fort Worth.

Mr. and Mrs. H. N. Powell were Sunday visitors in Matador.

Harvie Jo Powell of Wichita Falls, came Monday for a visit with her parents, Mr. and Mrs. H. N. Powell.

Mr. and Mrs. Autry Sparks of McCoy spent Sunday with her parents Mr. and Mrs. S. M. Crawford.

Fairview News

FAIRVIEW, Oct. 14—The farmers are having a few days rest while waiting for the fields to dry up so they can finish getting the wheat crop sowed. Most row crops still have people guessing as to what they will do between the frost and freeze.

Mrs. Clyde Bagwell and mother, Mrs. C. L. Joiner, spent last Friday in Plainview where they visited Mr. and Mrs. P. W. Cayce and Lucille Shultz.

Mrs. Hattie Barnett of Electra spent last week with her niece, Mrs. E. W. Walls.

Verlon Dean Walls, a student of A. & M. College spent a few hours here Sunday with his parents Mr. and Mrs. E. W. Walls.

C. H. Wise, Jr. of Floydada spent the week-end with his parents, Mr. and Mrs. C. H. Wise, Sr.

We are glad to report that G. C. Bailey, who has been seriously ill at the Floydada hospital for the past two weeks, is showing improvement the last few days.

Mrs. C. L. Joiner and Mrs. Clyde Bagwell visited awhile Saturday afternoon with Mrs. Ohmer W. Kirk at Floydada.

Mrs. Della Dawson of Elcerrito, California was in the community the first of the week visiting relatives. Mrs. Dawson is a sister to Mrs. G. M. Bullard, a former resident of this community.

Sunday visitors in the home of Mr. and Mrs. L. A. Horton were Edgar and L. D. Horton of Plainview and Mr. and Mrs. E. W. Walls.

Rev. Dick Gambrell preached at the Baptist church Sunday for both services and he and his family were dinner guests of Mr. and Mrs. C. L. Bradford.

ALVA REDD BUYS DIXIE TAVERN FROM RALPH JONES

LOCKNEY, Oct. 11—Alva Redd formerly of Floydada, has bought the Dixie Tavern in Lockney from Ralph Jones. Mr. Redd took charge of the business the first of this week.

Mr. Redd has had a number of years experience in the cafe and grocery business in Floydada. He has employed Mrs. Jean Taylor and Mrs. Harry O'Hearn to assist him in the cafe.

Mr. and Mrs. J. T. Hollingsworth, of Alexandria, Louisiana, are here guests in the home of Mr. and Mrs. W. Ed Brown. Mrs. Hollingsworth and Mrs. Brown are sisters.

Conservation District News

W. E. Whitfill, who lives north of Lockney in the Wylie Conservation group and is a cooperator of the Floyd County Soil Conservation district, has a good stand of a grass and legume mixture following a recent seeding. The planting was made on a sloping field in the southeast corner of the farm. Mr. Whitfill plans to leave this field permanently in grass in order to prevent any further washing and blowing.

L. A. Pate, a District cooperator who lives in the McCoy Conservation group, reports that his newly constructed terraces performed well during the recent heavy rains. He stated that no serious washing occurred and that lots of water was held on the land.

According to Soil Conservation service technicians assigned to the district, much more serious washing occurred from the recent rains on fields which had no crop residue left on the surface. They pointed out that on fields where all the residue had been turned under, the surface of the soil tended to run together and seal when the first rain hit it so that it was difficult for the moisture to penetrate. As water collected and began moving down the slopes, there was no trash or stubble to slow its movement and the faster it went, the more damage it did.

W. B. Eakin, a District cooperator who farms in the Allmon Conservation group, reports that he plans to seed a winter cover crop of hairy vetch and Austrian winter peas as soon as the ground is dry enough. Austrian winter peas have not previously been grown in this District but according to Soil Conservation service technicians, have done well in adjoining districts.

Blanco News

BLANCO, Oct. 14—La May Worsham is on the sick list this week. Frank Martin is able to be out again.

Mr. and Mrs. W. C. Snodgrass and Elaine had Sunday dinner in the G. L. Snodgrass home.

Ardis Ratjen spent the week-end at home with her parents, Mr. and Mrs. Bob Ratjen.

Mr. and Mrs. W. F. Daniels visited in Hart Sunday with Mr. and Mrs. Ray Bennett.

Mr. and Mrs. E. L. Thomas visited Mr. and Mrs. W. L. Thomas in Lockney Sunday. W. L. Thomas is recovering nicely from an operation.

There was a large crowd at Blanco Friday night for the "42" social. Bob Bratton and E. L. Thomas tied for high score. The next social will be a tacky party Friday night October 25. Everyone is invited to be here.

ENROLLS AT ACC

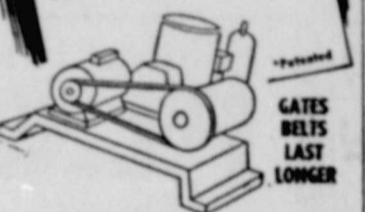

ABILENE, Texas—P. T. Malphurs, graduate of Floydada High school, has enrolled as a freshman student in Abilene Christian college.

P. T. is the son of Mr. and Mrs. J. G. Malphurs, 1215 Chesnut, Colorado City.

The P-39 war plane is popularly called the Airacobra.

Torrential Rains Retard Late Crops

CROSBYTON, Oct. 11—Heaviest rains since 1941, measuring 7.69 inches here during the past week have filled lakes and terraces and retarded the maturing of late cotton and feed crops in Crosby County. Farmers and business men alike welcomed the clearing skies and sunshine yesterday morning, following a week of clouds and rain which reached torrential proportions Sunday.

More telephone service than ever...

FOR MORE PEOPLE THAN EVER...

We've put in more than 190,000 telephones in Texas in the first nine months of this year—nearly twice as many as we connected in the first nine months of 1940.

We're handling a million and a half more local calls a day than a year ago.

And 13 per cent more long distance calls. (Nearly twice as many as before the war.)

Putting in all those telephones and taking care of all those extra calls—regardless of shortages of materials—is one of the biggest jobs the telephone company has ever done.

Best part is that service has remained good on most calls despite heavier-than-ever volumes.

There are some delays but we're working on them—just as we're working hard to serve people waiting for telephones. Service will be better than ever, for everyone, as soon as new equipment can be made and installed.

Seniors Make Bid With Box Supper Tonight at School

The Seniors are progressing in the race for the Carnival queen by means of a box supper Thursday night at the high school auditorium. The box supper is under the supervision of Joy Lambert and Orby McCleskey, business managers of the class.

Everyone is invited and urged to come. All women and girls bring a box and the men and boys bring pockets full of money. This box supper is for the Senior Queen Nita Patterson. The parents, friends and patrons are cordially invited. The time is 8 o'clock at the high school auditorium, October 17 -- Thursday night.

De Quacker

I love to be de Quacker. Cause then I always know How the romances are coming And who is feeling low Cause so and so has left him And it really is more fun To see who is chasing whom And who is on the run. But because I am so nice Each week I pass it on to you. So here it is, you kids. You'll soon know who loves who.

Norma Jean Moore, what has happened to you and Travis? I heard that Betty Lou Tye was very interested in getting him too. Who's ahead in the race?

Marhelen and Stephen Mize. Boy is that case getting good! They are together too often for there not to be hearts involved. Am I wrong?

A little bird told me that Ann Lou Payne is through with men. What's wrong, Ann? they mean to you or something?

Glewa Ratjen really must like Mac Smitherman. She can hardly wait for third period study hall every day.

They are going for the veterans in school, too. Gladys Roberts looked for Dan Goodson the other night. What I want to know is did she ever find him?

A new romance is blooming between Joyce Stewart and Jimmie Simmons in the 7th period study hall.

Who is doing the matchmaking for Travis Jones and Billie Frances Sisson? Anyhow, it seems that Billie Frances is being very hard on Travis. Aw, come on, give the poor boy a chance.

Thomas Amburn was very gloomy last week. Bless his heart, he had a hard time. You see, it rained and Floyce and Joyce Jarrett couldn't get to school.

Harvey Dale Tardy and Averill Wilkinson are getting along just fine from what I hear. How does that girl get around so well? She has at least one new boyfriend every week.

Very, very interesting. This new Beedy-Huckabee romance, I mean. But don't ask me which Beedy. She must take turn about. Luck Margaret. First it's Garvin, then she changes to Douglas, and next she gives Bradford a whirl. Wow!

Weims Norman didn't waste any time when Dorothy Clayton moved in. He has been so nice to show her around and everything. That boy really gets around.

Mava Smith isn't so dumb. When Mrs. Jones asked for a girl to move to the back, she jumped at the chance. She knew all the time that Floyd Lyles sat back there.

Geneva Richardson has opened her campaign for Buddy Amburn. She just can't keep from looking at him in 6th period study hall. Now Geneva, you know that you are supposed to study in study hall, not look at the good looking boys.

Well, looks like the Abbott-Boothe romance is still going strong. Though maybe not so strong as it was last year. You see, Melvin kinda likes Ruby Jewel too, and she's Margaret's best friend so what's a guy to do?

Flash!! The Story of the Year! Mr. Harris got a letter from a Pvt. Bobby Long at Scott Field, Ill. Mr. Long said, and I quote, "Do you have a girl in your school named Norma Jean Carpenter? If you do will you please send me her address. Norma Jean can't remember who it was. She seems to faintly remember somebody by that name who lived in Girard Prairie. Tell us more about this interesting story will you Norma Jean?"

Fred, was the picture show good the other day at noon? Oh, I forgot, you wouldn't know. Sitting by Jean Cummings sure is a lot more interesting than any old show. Joy Lambert isn't wasting any time. No use worrying about losing Pete so she moves in on South Plains territory. You couldn't possibly spend that much time with Charles Beedy just talking about Senior Business, now could you Joy?

George Reid was very happy Friday. You see, he had a date with Nita that night. And unless I'm mistaken, he was lucky again Saturday night. The other boys would like to know how you do it, George?

Robert's face turned a bright pink the other day in the Library when Miss Swepston said, "Well, Roberta, what are you thinking about besides Newton Dale?"

LaVell Hall is very unhappy. You see, a certain Marine hasn't written her. If the Marines see this paper, please don't break Vell's heart like that. She's simply wasting away.

John Bunyon's Pilgrim's Progress has been translated into more than 100 languages and dialects.

Whirlwinds Crush Buffaloes 44-0

The Floydada Whirlwinds gained revenge for last year's 13-6 defeat by the Petersburg Buffaloes when they fumbled the ball on their Friday night on Wester field.

The opening kick off by Bill Womack found the Buffaloes jittery as they fumbled the ball on their own 20 yard line. The Whirlwinds took advantage of this opportunity as Kelly Hagood went over standing up after only a few plays had been run. The conversion was no good and the Whirlwinds led 6-0.

Womack kicked off the second time and Parkey returned for the Buffs. The Buffs were held and were forced to punt. Hagood set-up a touchdown with a long 50 yard run. Travis Jones, Floydada full-back, went over for the second score. The conversion was good, which brought the score to 13-0.

The Floydada Whirlwinds kicked off for the third time, and the Buffs were again stopped and were forced to punt. A long pass from Hale to Carmack was good for their next score. The first quarter ended 19-0 in favor of Floydada.

The next score was in the second quarter on a long pass from Hale to Womack. The kick was wide and the score stood 25-0.

Glenn Carmack's outstanding run of 70 yards gave Floydada their next score. The kick was good. Carmack passed to Womack, good for 60 yards and gave Floydada another score. The half ended 37-0.

Petersburg kicked off to the Whirlwinds to start the third quarter. Carmack again set off one 50 yard run and gave Floydada another score. The conversion was good and the score was 44-0.

The Floydada line was outstanding in blocking and tackling all through the game. Floydada's line really made a showing in the game by continually offsetting the Buffaloes' attack.

Floydada reserves played nearly the entire second-half, with Bill Jones, the smallest reserve, doing some outstanding running.

Pep Squad Does Rushing Business

The Pep Squad wishes to thank the public for the co-operation it gave us in buying the things we had to sell Friday night. Especially, do we wish to thank Mrs. G. R. May, who made the beautiful chocolate cake that was auctioned at the half. She donated the cake to the squad, and she has been very faithful in helping us this year. We also wish to thank F. C. Harmon, who bid the highest price for the cake.

The funds for the football banquet are increasing fast, and we will continue to sell at the football games. We ran out of hot dogs and coffee last Friday night, but we will try to have enough for everyone from now on.

The pep squad and band are going to have two mascots this year, and we hope to have them in uniform this coming Friday night. We have elected Mr. Haden's little girl, Julie, and Mr. Harris' little boy, Ronnie. Both are very suitable.

Future Farmers Work on Courts

The Floydada chapter of the Future Farmers of America has been busy this past week working on basketball courts for the school. They were busy with six weeks tests last week, and they started the new six weeks with a clean sheet.

Besides the good beef cattle program the boys have a good hog program. Some of the boys have a barrow for the October show, which is rapidly approaching. The show will be held the last Saturday in October. The 4-H boys will show as well as the Future Farmers.

The boys are looking forward to a good October show.

SOPHOMORE NEWS

The Sophomore Sub-Debs entertained Saturday night with a Buffalo-Bill Party given at the home of Jennie Chowning.

Those enjoying the refreshments were: Hope McIntosh, June Powell, Joy Jackson, Roberta Garrett, Claudean Goen, Fern Stovall, Barbara Landers, Jane Frizzell, Mary Maxey, Bobby Cline, Jerrold Venson, Bobby Bishop, Donald Nelson, Ted Lanham, Hansel Sanders, Richard Wiley, Bob Reeves, Wayne McCormick, Gavin Beedy, Jack Adams, Robert Quisenberry, James Quisenberry, and the hostess, Jennie Chowning.

Inhabitants of Alaska and Northern Canada use the Caribou as a work animal.

ATTENTION EVERYBODY!!!

Have you purchased tickets yet for the Junior Jamboree? If not we urge you to do so, because we would not want you to miss all the laughs, music, and skits. We especially want you to see "Pink and Patches", Mrs. Graves' one act play, only one of the interesting numbers at the Junior Jamboree. Buy your tickets now from any Junior. The date is Monday night October 21, at the high school auditorium at 7:30. Don't miss it! Vote for Joyce!!

Orderliness Helps Morale at School

This week the students of Floydada High school practiced going into the auditorium in an orderly fashion. This was a great improvement over the way they formally did. The time getting settled and ready for the program was only two and one half minutes instead of the five it did take, and everyone was quiet and orderly. In this way the students can show visitors how nice and well-mannered they are, and the faculty can be very proud of its student body in assembly as they are in classes and in other school activities.

Mr. Graves especially commended the students on their behavior Monday, and he is very sure that the morale of the school will be built up a great deal because of this change in marching to assembly.

Even in Queen's Contest, Classes Are Cooperating

This year the classes have been co-operating nicely even in the queen's race. In the Sophomore Amateur program all the classes participated, many of them winning prizes.

Next week the Juniors are giving the Junior Jamboree. One of the features of this program is a play, "Pink and Patches." Included in the cast are two Seniors and a Sophomore who have generously agreed to give the performance for the Junior Class.

The students can be very proud of a student body which practices such co-operation.

FASHION OF THE WEEK

This week the fashion of the week was originated by the Seniors. Most of the seniors have had at least ten or fifteen pictures in their hands for the past week. Yes, it is time to exchange senior pictures again, so don't be surprised if you see a senior standing on his head writing on the floor, or leaning against the wall writing on it, or even writing on each other's back. Don't be alarmed. They are merely writing on their pictures so that they can exchange them.

Fresh milk, butter, fresh fruit juices, yolks of eggs, meat juices and cereals are foods particularly rich in vitamins.

POSSUM FLATS... "HEAVEN ON EARTH"

Social Events, Clubs

Jewel Dean Wofford, Thurman Davis Wed

LOCKNEY, Oct. 11.—Miss Jewel Dean Wofford and Thurman Davis were married Sunday, October 6 at 2:30 o'clock at Baker, Texas. Rev. Campbell, Methodist minister performed the ceremony.

The bride wore a three-piece blue wool suit with a pink blouse and black accessories. She was attended by Miss Sue Knop of Abilene.

Leo Matzias of Shirley attended the bridegroom.

Mrs. Davis is the daughter of Mr. and Mrs. Claud Wofford of Lockney and is a 1946 graduate of Lockney high school. She is employed at the Lockney Drug.

Mr. Davis was also a member of the 1946 graduating class of Lockney high school. His parents are Mr. and Mrs. Mason Davis, who reside north east of Lockney.

Mmes. Olson, Walker Hostesses at Meeting

Mrs. O. B. Olson and Mrs. Sarah Walker were hostesses at the Pastor's Helpers Sunday school class social which was held all day Tuesday in the basement of the Methodist church. A covered dish luncheon was served at noon.

Members present were Mesdames D. D. Shipley, Lula Slaughter, E. C. Henry, Bob Willis, Addie Thagard, P. M. Felton, R. M. McCaulley, J. E. Laughlin, George Dicky, O. B. Olson, Lillie Britton, W. E. Walker, A. P. McKinnon, S. E. Thurman, Bob Henry and Will Snell.

Visitors present were Mrs. Ella Johnson, Lela McGill of California, Rev. and Mrs. Lloyd H. Jones and Bobby and Mary Lynn.

BLUE BONNET NEEDLE CLUB MEETS WITH MRS. DORRELL

The Blue Bonnet Needle Club met October 3 at 3 o'clock with Irene Dorrell, who had charge of the recreation period. The afternoon was spent in doing needle work.

Members present were Mesdames Bessie Wilson, Eula Mae Edwards, Jesse Roberts, Helen Perry, Ruth Christian, Ethie Allen, Mary Alice Eakin, Oleta Collier, Lila Kendrick, Ruth Edwards, Tumme Tinnin, Dorothy Dorrell, Mildred Fuqua and the hostess, Irene Dorrell.

CLEVELAND HOME SINCE MONDAY, IS IMPROVING

J. D. Cleveland, who was taken to the Lubbock hospital October 10 bleeding internally, is at home now recovering satisfactorily according to a report from Mrs. Cleveland Tuesday.

Although he must rest for several days longer, Mr. Cleveland is not confined to his bed.

Mr. Cleveland and his wife, who had been with him during his stay in the hospital returned home Monday.

FIRST METHODIST CHURCH

"The Physician of the Spirit" is to be the subject upon which the pastor, Rev. Lloyd H. Jones, is to preach in the 11 o'clock morning worship at the First Methodist Church next Sunday. In the 7:30 evening worship hour the pastor will deliver the third message in his series on Jesus' use of parables.

The fourth quarterly conference is to be conducted at 3:30 Sunday afternoon under the leadership of Rev. W. C. Hinds, District Superintendent of the Plainview District of the Methodist Church.

The W. S. C. S. will meet at 3 P. M. Wednesday.

Choir rehearsal is conducted at 7:30 Wednesday evening.

Youth Fellowship services are at 6:50 on Sunday evening.

J. L. KING ATTENDING TEXAS SYNOD CUMBERLAND PRESBYTERIAN CHURCH

J. L. King is in San Antonio where he is attending as a delegate from the Floydada church, the Texas synod of the Cumberland Presbyterian church, which is in session in that city.

Mr. King left Monday and is due home Friday night.

FLOYDADA HOSPITAL NOTES

A son was born to Mr. and Mrs. E. E. Wilkins of Aiken on October 9.

Mrs. J. R. Turner was admitted October 11 for an operation.

PITTS HOSPITAL NOTES

Mrs. James Lee Nichols was dismissed October 9 after receiving medical treatment.

D. A. Senn was dismissed October 11 after receiving medical treatment.

Mac Crawford underwent a tonsillectomy October 12.

Cheryl Crawford underwent a tonsillectomy October 12.

Mrs. Oran Emert was admitted October 14 for surgery.

Mrs. Q. Carter was admitted October 14 for medical treatment.

A son was born to Mr. and Mrs. Geneva North, on October 14. The baby weighed seven pounds and twelve ounces and has been named Donald Ray.

R. C. Scott was admitted October 14 for medical treatment.

A son was born to Mr. and Mrs. M. L. Jeffcoat October 15.

Sweet potatoes should be completely mature before they are dug for storage.

Nelson-Newton Vows Said in Amarillo

LOCKNEY, Oct. 11.—The marriage of Miss Virginia Nelson and Dewey E. Newton was solemnized at 6 o'clock Saturday evening October 5 at the Missionary Baptist church at 5th and Cleveland in Amarillo. Rev. Evans performed the ceremony.

Mr. Newton, son of Mr. and Mrs. J. E. Newton of Lockney was in the Army Air corps, and spent 17 months in England.

Mrs. Newton is the daughter of Mr. and Mrs. Carl Nelson of Booker, Texas. She attended Fleming Business college and until recently was employed at Amarillo Army Air field.

The couple will be at home at 1004 Taylor Street in Amarillo.

FIDELIS MATRONS SOCIAL

The Fidelis Matrons Sunday School Class will have their social October 24 at the home of Mrs. J. D. McBrien. This will be a luncheon and the group will sew for Buckner Orphan's home.

Each member is asked to bring a covered dish and some material and thread.

Irica News

IRICK, Oct. 15.—Mr. and Mrs. Avon Powell and daughter Charlotte Ann and Mrs. Lofton of Clovis, New Mexico, spent Sunday with Mr. and Mrs. Robert Powell.

Mr. and Mrs. Milton Ashton and daughters, Mrs. Compton and Virginia left Saturday for a few days visit in Seymour, Texas.

Mr. and Mrs. R. W. Josey of Corona, California, visited Mrs. Lonnie Bullard and family the first of the week.

Mr. and Mrs. McNeley and J. H. Bullard of Covington, Texas, visited relatives here last week.

Mr. and Mrs. D. L. Hall and family attended the singing at Floydada Sunday.

Mr. and Mrs. George Deiter and son of Dimmitt spent Sunday afternoon with Mr. and Mrs. Walter Taack.

Mr. and Mrs. Jack Dollar spent Sunday with Mr. and Mrs. Earl Poage.

Mr. and Mrs. Ray Bowman and children, Mr. and Mrs. Harley Bowman and Danny visited relatives in Amarillo over the week-end.

Rev. and Mrs. Charles Vanlandingham and boys spent Sunday in the Melvin Potts home.

Mr. and Mrs. Wilburn Dollar and son spent Sunday with Mr. and Mrs. Wade Kurfes.

Mr. and Mrs. Bacon Baxter and girls visited Mr. and Mrs. J. H. Baxter of Lockney Sunday.

Mr. and Mrs. Lonnie Bullard and girls visited Mr. and Mrs. Grady Josey of Hale Center Sunday.

Mr. and Mrs. Byron Robertson spent Sunday with his parents of Sandhill.

The Jolly Stitches Club will hold their regular monthly meeting next Thursday, October 24 with Mrs. Lonnie Bullard. Every member is urged to be present as plans will have to be completed for the Halloween carnival.

Mrs. Virgie Terrell of Plainview returned home last Friday after spending a week with her daughter Mrs. Potts and family.

Charlei Purnell of Cedar spent Monday with Mr. and Mrs. Harrel Dollar.

Mr. and Mrs. Rose and family who were employed by Melvin Potts have moved. Mr. and Mrs. Miller of Plainview have replaced them.

Mr. and Mrs. J. O. Ray and children returned Monday after a few days trip to Stephenville, Texas.

Mr. and Mrs. Oliver Holmes, Mr. and Mrs. John Holmes and family attended a reunion at Gould, Oklahoma, Sunday.

Mr. and Mrs. Roy Warren and boys spent a few days last week with relatives near Austin.

Mr. and Mrs. Andrew Jolly and daughter Lynn visited friends near Sandhill, Sunday.

Mr. and Mrs. Bob Battles spent Sunday with their daughter and family of Lockney.

Mrs. T. V. McCure, sister to Ray and Clifford Warren, who has been very ill in the Plainview clinic, is reported to be much improved and is leaving the clinic this week.

Misses Wynona Battles and Johnnie Holmes spent the week-end with friends in Lockney.

30,000-BILL BRAIN

Elmer Lewis is known around the Capital as the man with the "card index" memory. He is just about indispensable to the Congress, newsmen, bureaucrats and others with interest in national legislation.

He is Superintendent of the Document Room of the House of Representatives. His specific job is the filing and indexing of copies of all bills, amendments and resolutions introduced in both Houses of Congress, together with committee reports, communications from the President, etc.

Each of the 20,000 documents filed in a busy session has a title and a number which are duly recorded and cross-indexed on cards.

At the same time they are recorded in Elmer's remarkable "card index" brain. He doesn't forget them.

Ask Elmer. You or your Congressman can go to Elmer any time during a session—bring afterword—and ask the exact status or final disposition of any one of those thousands of measures.

He gives you the answer immediately, out of his memory, and he's never wrong. In the 27 years he has been on the job, the files have never failed to confirm his memory. Don't ask him how he does it. He doesn't know.

H. M. McDONALD HAS RETURNED HOME FROM TEMPLE

H. M. McDonald has returned home from Temple where he spent several days in Scott & White clinic for a rheumatic condition in his hand and arm. Belief that the trouble had been located and that Mr. McDonald could expect recovery within a reasonable time was indicated by the physicians, Mr. McDonald said.

Mr. and Mrs. C. L. Knerim, of Anthony, New Mexico, left last week for their home after spending several days here with Mrs. Knerim's brother and wife, Mr. and Mrs. E. B. Chesnut, and at Matador with a daughter, Mrs. Frank Pohl.

SON BORN OCTOBER 3

Mr. and Mrs. O. J. Schmitt of Colton, California, are the proud parents of a son born October 3. The baby weighed six pounds and thirteen ounces and has been named James Arden.

Mrs. Schmitt is the former Betty Jean Spence, daughter of Mr. and Mrs. A. L. Spence of Floydada.

School Children Cheated, Charge

In an article "Stop Cheating Your Children," by Charles Harris, it is stated, "The American educational system of which we have long been proud is sagging badly..." To support this contention, a note appended to the article quotes Ralph McDonald, executive secretary of the Department of Higher Education National Education Association, as saying, "It is reported that Russia in her economic poverty spends the equivalent of \$13,000,000.00 or twenty percent of her national income for education. We, in our enormous wealth, spend less than \$3,000,000.00 or less than two percent of our education."

These statements are typical of the fashionable credo to decry anything American and to uphold anything that is foreign. The fact that the American educational system is democratic, available to everyone is completely overlooked, as is the fact that a student may choose the school he prefers, the courses he will study, and believe what he wants to believe. He is not indoctrinated, he is taught.

There is no logical comparison between the educational budget of Russia and the United States. The former is in the process of building up an educational system that will extend over an area covering approximately one-sixth of the globe and a population of 193,495,710. Public education in America is an institution of long and honored standing. It is being maintained and added to, but the groundwork was done years ago.

Volunteers Still Benefit by GI Bill of Rights

It was announced today by the US Army Recruiting Service of Lubbock, that volunteers in the army may still benefit by the GI Bill of Rights in the educational field for the duration of the war, which has not yet been declared at an end.

For each month of army service a volunteer will receive one month of school until the duration of the war. If 90 days of service is accomplished before the duration, the volunteer will receive one year refresher course at GI approved schools.

W. A. Cates and Mr. and Mrs. Oran Eubanks returned home

W. A. Cates and Mr. and Mrs. Oran Eubanks returned home the first of the week from a trip down state, during which they visited the state fair and in Johnson and Denton counties. They were accompanied as far as Brownwood by Mrs. Cates, who was a guest there for several days with a daughter.

There are 42,000 more honeybees colonies in Texas this year than last year.

Scurvy, pellagra, and beriberi are three of the recognized diseases that are directly traceable to a lack of sufficient vitamins in food.

W. H. Farrow returned the latter part of last week from Wink

W. H. Farrow returned the latter part of last week from Wink, where he spent several days on business.

Bobby Rice of Amarillo spent the week-end here visiting his aunt and uncle, Mr. and Mrs. L. L. Clark.

Mr. and Mrs. H. G. Parker are spending the week in Dallas, where they are seeing the state fair and fall furniture displays in the wholesale market.

Greek Femme in Texas School

Denton, Texas, October. — Of all the amazing things that impressed Efi Macariadou of Athens, Greece, upon her arrival in the United States, none impressed her more than the opportunities and freedom available to American women. Efi was brought to Texas by the AAUW to attend Texas State College for Women. In addition to her classroom work, she set out to learn to drive a motor bike, a freedom unheard of among the feminine sex of Athens.

HIRAM J. McDONALD IS ELECTRONICS INSTRUCTOR

GREATLAKES, Ill., Oct. 14.—Hiram J. McDonald, 22, electronics technician's mate, second class, son of Mr. and Mrs. J. R. McDonald of Lockney, is serving as an instructor at the electronic technician's school at the Naval Training Center, Great Lakes, Ill. The school has an enrollment of approximately 3,000 future electronic technician's mates and aviation electronic technician's mates.

Dr. and Mrs. J. G. Pruitt spent the week-end in Amarillo visiting with friends.

Mr. and Mrs. Lee Trice and Mr. and Mrs. Gerald Lackey visited last week-end at Vernon.

Dr. and Mrs. N. A. Gilliland, of Alexandria, Virginia, are here this week, guests of the Guthries

Dr. and Mrs. N. A. Gilliland, of Alexandria, Virginia, are here this week, guests of the Guthries, Dr. H. W. and Dr. and Mrs. A. E. while on a tour of western states on their honeymoon.

Dr. Gilliland and Dr. Woodie were buddies through practically all of their overseas service with the medical corps of the army. Dr. Gilliland serving as depot surgeon at the same base where Dr. Guthrie served as depot dental surgeon.

Soil fertility is the foundation of profitable farming.

German bombers sped deep into Allied territory, dropped 1,500-lb. 10-ft. bombs that never exploded

German bombers sped deep into Allied territory, dropped 1,500-lb. 10-ft. bombs that never exploded floated to earth under four triangular parachutes.

Inside the "eggs": Spies and saboteurs. Strapped onto horizontal ham mocks in the cushioned containers agents were protected from separation and other risks run by unskilled jumpers. They were first used in 1940, could carry four highly skilled agents each.

Mrs. Kreis Wins Culinary Award at Lubbock Fair

Mrs. A. H. Kreis was the winner of the South Plains division of the culinary division of the department of the Panhandle Plains fair, Lubbock, last week.

Mrs. Kreis won first place with her angel food cake and the canned vegetables and beans, taking first on canned beans, first on mixed pickles, second on canned corn. All entries were awarded first place on place on canned tomatoes.

Mrs. Mal Jarboe and Mrs. Stiles and Mrs. Kreis were at the Floyd county home extension club booth during the fair.

ROUTE OF RESCUE PARTY SEEKING AMERICAN AIRMEN IN CHINA—Deep in the rugged mountains of western Szechwan province in China, five Army Air Force B-29 crewmen are reported held captive by aboriginal Lolo tribesmen. An AAF C-47 flew from Shanghai (A) to Chengtu (B) to investigate the reports. At Chengtu the crewmen were met by a French priest who reported that the men were being held by the natives and forced to tend herds of sheep and goats in an isolated region nine days' foot from the village of Hsichang (C). The priest, who maintains a tiny mission six days' walk from Hsichang, together with members of a Graves Registration detachment are attempting to locate the men. They flew from Chengtu to Hsichang to investigate the landing facilities there and to inspect the surrounding territory by air. The C-47 returned to Shanghai over the week-end and arrangements were begun to form an expedition to rescue the men. The base of operations is at Hsichang. It is thought that the only successful way to secure the release of the men will be through barter. The Lolos are considered likely to put the men to death if any attempt is made to get at them armed force. They are reported to have taken five prisoners and killed two other crewmen when they resisted capture. The men are thought to have been held for more than two years. The country, southwest of Hsichang, is marked on the map by an X. The area is on a direct line from former bases in China to Burma.

Lubbock City Studies Blanco for Dam Site

Crosbyton, Oct. — Possibility that the City of Lubbock may build a dam in Blanco Canyon for the purpose of securing a water supply for that city was brought to light this week when it was learned that a party of Lubbock men were here Friday to go over possible sites.

The City of Lubbock is faced with a water shortage, due to its tremendous growth and the fact that the underground water supply is being impeded by irrigation. Several new wells were drilled by that city this year which temporarily alleviated the shortage, but it is understood that they will face the same situation next summer as was experienced during the summer just past.

Several possibilities are being considered for the securing of a new water supply for the city, it is understood, but Lubbock city officials have been warned that the underground water supply for a large city is questionable.

NOTICE OF ELECTION FOR THE RE-ALLOCATION OF COUNTY TAXES

THE STATE OF TEXAS COUNTY OF FLOYD
To the Resident Qualified Property Taxpaying Voters of Floyd County, Texas:

TAKE NOTICE that an election will be held on the 5 day of November, 1946, in said County, in obedience to an order duly entered by the Commissioners Court on the 19 day of September, 1946, which is as follows:

On this 19 day of September, 1946 the Commissioners Court of Floyd County, Texas, convened in regular session, at the regular meeting place thereof in the Courthouse at Floydada, Texas, with the following members of the Court, to-wit:

W. E. Grimes, County Judge,
W. H. Brock, Commissioner Precinct No. 1,
Charlie Smith, Commissioner Precinct No. 2,
W. C. Plumlee, Commissioner Precinct No. 3,
R. B. Calhoun, Commissioner Precinct No. 4, being present, and among other proceedings had by the Court were the following:

Commissioner Charlie Smith introduced an order and moved its adoption. The motion was seconded by Commissioner R. B. Calhoun. The motion, carrying with it the

adoption of the order, prevailed by the following vote:

AYES: Commissioners W.H. Brock, W. C. Plumlee, Charlie Smith, R. B. Calhoun;
NOES: Commissioners:
The order is as follows:

WHEREAS, at the general election held throughout the State of Texas on November 7, 1944, the qualified electors of the state, voting on the proposition, approved the amendment to Section 9, of Article 8, of the Texas Constitution, which amendment provides that the Commissioners Court in any county may re-allocate the county tax levies authorized in said Section 9 of Article 8, by changing the rates provided for any of the purposes authorized in said Section by either increasing or decreasing the same but in no event shall the total of taxes exceed Eighty (80) Cents on the one hundred dollars valuation for any one year, provided that before the Commissioners Court may make such re-allocations and changes in such levies the same shall be submitted to the qualified property taxpaying voters of such county at a general or special election; and in event such re-allocations and changes are approved by a majority of the qualified property taxpaying voters of any such county, such re-allocations and changes shall remain in force and effect for a period of six (6) years from the date of the election at which same shall have been approved, unless the same again shall have been changed by a majority of the qualified property taxpaying voters of such county, voting on the proposition; and

WHEREAS, the Commissioners Court of Floyd County, Texas, deems it advisable and to the best interest of said County to re-allocate the county taxes authorized to be levied annually by Section 9, Article 8, of the Constitution, by changing the rates in respect to certain county taxes as herein provided:

THEREFORE, BE IT ORDERED BY THE COMMISSIONERS COURT OF FLOYD COUNTY, TEXAS:

That a special election be held in said County on the 5 day of November, 1946, which is not less than thirty (30) days from the date of the adoption of this order, at which election the following proposition shall be submitted to the qualified property taxpaying voters, who own taxable property in said County and who have duly rendered the same for taxation, for their action thereupon:

"Shall the Commissioners Court of Floyd County, Texas, be authorized to levy and collect in each year for a period of six (6) years from the date of said election

county taxes as follows:

Not exceeding thirty five Cents (35c) on the \$100.00 valuation, in any one year, for County purposes;
Not exceeding twenty-two Cents (22c) on the \$100.00 valuation, in any one year, for roads and bridges;
Not exceeding eight Cents (8c) on the \$100.00 valuation in any one year to supplement the jury fund of the County; and

Not exceeding fifteen Cents (15c) on the \$100.00 valuation, in any one year, for the erection of public buildings and other permanent improvements."

In the event that the annual levy of a tax not exceeding fifteen (15c) cents on the one hundred dollars valuation for the further maintenance of the public roads of said County has heretofore been, or shall hereafter be, authorized by a majority of the qualified property taxpaying voters of the County, voting at an election held for that purpose, nothing herein shall be construed as rescinding or in any manner affecting the power and authority of the Commissioners Court to levy and to continue to levy said tax.

The said election shall be held under the provisions of the Constitution and laws of the State of Texas, particularly amended Section 9 of Article 8, of the Constitution, and Section 3a, Article 6, of the Constitution, and all persons who are legally qualified voters of said County, and who are resident property taxpayers who own taxable property in said County and who have duly rendered the same for taxation, shall be entitled to vote at said election.

The ballots for said election shall have written or printed thereon the following:

"FOR RE-ALLOCATION OF COUNTY TAXES."
"AGAINST RE-ALLOCATION OF COUNTY TAXES."

Each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his or her vote.

The polling places and presiding officers of said election shall be respectively as follows:

PRECINCT NO. - VOTING PLACE - PRESIDING OFFICER

1. Martin & Co. Implement St. R. E. Fry
2. Starkey Schoolhouse J. K. Holmes
3. Allmon Schoolhouse E. E. Foster

19. Sterley Schoolhouse Bert Bobbitt
20. McCoy Schoolhouse James J. Smith Jr.
21. County Courtroom C. B. Sims
22. County Treasurers Office Mal Jarboe

The manner of holding said election shall be governed by the laws of the State regulating general elections.

A copy of this order, signed by the County Judge of said County, and certified to by the County Clerk of said County shall serve as proper and sufficient notice of said election.

Notice of said election shall be given by posting a copy of this order at the top of which shall appear the words "NOTICE OF ELECTION FOR THE RE-ALLOCATION OF COUNTY TAXES", at the Courthouse door of said County, and in each of the election precincts of said county for thirty (30) days prior to the election, which notices shall be posted by the Sheriff or constable, who shall make return on a copy of such notice, how and when he executed the same.

Notice of said election shall also be given by publication thereof in a newspaper published in Floyd County, once each week for three consecutive weeks, the date of first publication being not less than twenty-one (21) full days prior to the

Date of said election.
ADOPTED AND APPROVED this 19 day of September, 1946
W. E. Grimes, County Judge.
W. H. Brock, Commissioner Precinct No. 1.
Charlie Smith, Commissioner Precinct No. 2.
W. C. Plumlee, Commissioner Precinct No. 3.
R. B. Calhoun Commissioner Precinct No. 4.
THE STATE OF TEXAS

COUNTY OF FLOYD
I, the undersigned authority, Clerk of the County Court and Ex-Officio Clerk of the Commissioners Court of said County, do hereby certify that the above and foregoing is a true and correct copy of an order passed by said Commissioners Court on the 19 day of September, 1946, and of the minutes pertaining to its adoption, as said order appears of record in Vol. 8, Page 373
WITNESS MY HAND and the seal of the Commissioners Court this 19 day of September, 1946

See Your U. S. Tire Dealer Today

TAKE A DEMONSTRATION RIDE ON TOMORROW'S GREAT NEW PREMIUM TIRE

U.S. ROYAL Air Ride

If you drive a car, you should discover what it means to ride on the new U. S. Royal Air Ride Tire. And you can do just that—today! Although the Air Ride has not yet been released for sale, your U. S. Tire Dealer is waiting now to take you for a demonstration ride in an Air Ride-equipped car... waiting to let you experience an entirely new and thrilling kind of tire performance!

You're riding on more air—a substantially bigger, noticeably softer air cushion. But that's only the beginning. The Air Ride is a magnificently balanced tire—swift, nimble, "light on its feet"—responsive to your slightest touch on the steering wheel.

Try a sudden stop. The Air Ride stops fast! For it has the exclusive U. S. Royal Brake Action Tread—with literally thousands of sure-gripping, swift-acting tread surfaces to wipe away road film and bring you to a safe, straight-line stop.

There never has been a tire like this before. Building the Air Ride requires new molds, new machinery, new methods—but we hope it won't be too long before the Air Ride is offered for regular sale.

See your U. S. Tire Dealer today—actually ride on this dramatically different premium tire—prove for yourself that the Air Ride is the tire you'll want to ride on for keeps!

Practitioner of Health Dept. Contrasted with Practice

...STIN, Texas.—Dr. Geo. W. Cox, Health Officer, was recently given the duties of the State Department of Health in contrast with those of the practitioner of medicine.

...stated, "The Health Department is charged with protecting the health. This it does by education of the people as to how they may secure protection against disease, such as vaccination against smallpox and typhoid fever, immunization against diphtheria; by investigation of sources of outbreaks of disease; by quarantine and isolation of those ill with communicable disease; by the prevention of the spread of disease; by inspection of water supplies; by advising the production and use of milk and to prevent outbreaks of communicable diseases.

People will become ill and accidents will happen. The cure of disease and the repair of accidents are within the scope of the duties of the practitioner of medicine and surgery. The general practitioner of medicine is also engaged in preventive medicine when he advises mothers to have their children protected against diphtheria and smallpox or family as a whole immunized

VA OFFICE SIGNS SECOND CMH WINNER

The Grand Rapids, Mich., Veterans Administration sub-regional office became the first to number two Congressional Medal of Honor winners among its contact staff when Dirk J. Vlug (right) joined the staff. Vlug and his brother disposed of four Japanese tanks on Leyte. Standing is J. Carlton Sjogren, awarded his CMH for knocking out nine Japanese pillboxes in the Philippines, who went to work for VA several months ago. Manager W. E. Asman presides.

against typhoid fever before planning travel, such as cross country trips.

The general practitioner and the Health Department alike believe that it is better to remain healthy than it is to get well after becoming ill, but the Department is engaged in the control and prevention of disease as it affects the general population of a community or state. The field of treatment and cure of those ill belongs solely to the general practitioner of medicine.

2, 4-D DOES NOT HARM COWS

In continuing their studies of the new weed killer known popularly as 2, 4-D, U. S. Department of Agriculture scientists sprayed a pasture with about double the quantity recommended for weed control. Cattle and sheep grazed the treated pasture readily, the Bureau of Plant Industry, Soils, and Agricultural Engineering reports. The animals showed no symptoms of discomfort or illness, and post-mortem examination of slaughtered cows revealed no unusual conditions caused by the 2, 4-D.

The experimenters fed to one cow a daily dose of 5.5 grams of 2, 4-D (about a fifth of an ounce daily) for more than three months without harming her health. They found that this cow carried a solution of 2, 4-D in her blood serum but did not secrete 2, 4-D in her milk. They concluded that pastures sprayed for weed control are not likely to be harmful to livestock, or to people who eat meat or milk from sprayed pastures.

This experiment was with the pure 2, 4-D. The experimenters warn that these results "do not preclude toxic effects of commercial preparation of 2, 4-D that may contain impurities or constituents other than those used in this experiment."

Mark Twain, the famous author was red headed.

His Landlord Near Century Mark in Age

J. H. Norvell thinks that he has the oldest land lord of any renter in Floyd County and as fine a man as Floyd County has ever had in the person of R. S. Staley. He at one time had considerable holdings here. He has really been well to do. I have lived on his place for 17 years having moved in this house March 26, 1929," said Mr. Norvell.

I had a letter from Mr. Staley the other day stating he would be one hundred years old the 28th of this month and is still up and about. I hope that he has a big birthday. His address is 1121 Broadway Springfield, Missouri," Mr. Norvell added.

Half Minute Interviews

BOX McPeak: "My outfit stood for two hours in the heat of Iraq and listened to General Stilwell make a speech. He didn't stand in the shade with fans blowing on him though. He said he had a speech to make to us and we could take it if he had to."

Visitors in the home of Mr. and Mrs. J. H. Tribble for the week-end were Mr. and Mrs. Leon Saffell and children Teddy and Anita Jean of Meadow, Texas, Pvt. John Ray Tribble of Kelly Field, San Antonio, Texas, and Wade Felps of Plainview.

Farm leaders in Congress will recommend the trash heap for scarcity programs, acreage restrictions and marketing quotas, which were the heart of farm legislation before the war. production demand, they say, makes a better farm program.

Call 36

HE'S HUNTING SCALPS

"I want to find out who the men are in Government that are milking this country, and then I want to throw them out."

This is the ambitious program mapped out for himself by white-haired, 70-year-old William G. Williams, head of Washington's newest pressure group, "Direct Action, Inc.," reports Pathfinder News Magazine.

Leadership of "Direct Action" was virtually thrust on Williams after he waged a single-handed but effective campaign to stop shipment of 16 ice-making machines, 5,000 washing machines, 100 bulldozers and other equipment to Communist-dominated Yugoslavia.

Letters, telephone calls and visits—many of them veterans—poured into his office. Some suggested forming a permanent committee to keep an eye on the Government. Out of these suggestions grew "Direct Action, Inc." Williams calls it a "political vigilance committee." Its present plans are vague, but will take more definite shape after a few meetings in a hall near the White House which has been offered free. Williams is definite about one thing "We don't want any Communists."

Williams, an engineer by profession, had been around Washington a long time. He served in the petroleum administration in World War I. Later he participated in the Teapot Dome investigation.

Farmhouse Floor Plans Published

COLLEGE STATION.—Farm families planning to build new homes can get ideas for floor plans from the Texas A. and M. College Extension Service.

Extension Publication B-145, entitled "Floor Plans Of Farmhouses" has been released by the Extension Service and can be obtained at local County Extension offices or by writing to the Texas A. and M. College Extension Service, College Station, Texas.

The publication contains 75 different floor plans for farm dwellings of two to eight rooms, both one and two story houses. Many plans are shown which accommodate families who plan to build small houses and add other rooms in the future.

Prints showing more details on any one of the plans in the publication may be secured either through the local county home demonstration agent or county agricultural agent, or may be requested directly from Extension Service at College Station.

CROP YIELDS PUSH UPWARD

Back of the Nation's rise in farm production during the war and after—a climb of nearly one-third over the average in 1935-39 -- lies a story of continuing increases in yields per acre, the Bureau of Agricultural Economics points out. Over the last quarter century, output per acre has been rising until the total gain now stands at more than 20 percent, taking all crops as a whole.

Wartime gains in farm production stem largely from these long-time yield increases. Aggregate yields for the Nation's 18 main field crops—making 95 percent of all crops—climbed 19 percent during the war. Total output of field crops rose nearly one-fifth, whereas total acreage in all crops increased only 3 to 4 percent from prewar.

Unusually favorable weather helped roll up records for both crops and livestock products, but accounted

5 Sargent Sisters Spend Week-End at Parental Home

Last week-end was celebrated in a holiday fashion and was marked as a red letter date on the L. A. Sargent calendar, because the family of five girls and their families were together again.

The highlights of the occasion was a party Saturday night followed by a dinner served family style the following Sunday.

Those present to enjoy this occasion were Mr. and Mrs. L. T. Hickerson and daughter Pat, and Miss Almada Sargent, all of this city; Mr. and Mrs. E. J. Cooper and son Mac of Lubbock; T. J. Dulon Sargent, who is on terminal leave from the WAC, who will be discharged on November 14, and continue to make her home in Los Angeles, California; and Miss Myrtis Sargent, a sophomore at WTSC at Canyon.

for not more than a fourth of the total wartime gains in farm production by official estimate. The rest of the gains came from other things—use of better plant and seed varieties, wider use of improved machinery, more and better fertilizers, better insect and disease control, better soil conservation, better feeding for animals, skilled farm management—and always harder work by farmers and their families.

Mrs. D. D. Shipley returned home Thursday from a three weeks trip to Corpus Christi, San Angelo and other points downstate. She reports excessive rains at every place she visited.

Crosbyton Wavers On Question Of Municipal Plant

CROSBYTON, Oct. 11 — Events broke fast this week concerning the long discussed issue of the municipal light and power plant, and a meeting has been called for this afternoon, Friday, at 2 o'clock at the Queen theatre for the purpose of endeavoring to iron out the situation.

All taxpayers in the city have been mailed cards asking them to be present at the meeting, and speakers from both sides have been invited to discuss the issues at stake.

Two main events have brought the situation to a head this week: one being the election called for Tuesday, October 15 to decide whether \$41,000 in revenue bonds will be issued for the purpose of improving the plant, and the other being a petition presented Wednesday night to the city commission asking that the plant be sold.

ATOMIC POWER PLANTS

Atomic power plants promise to become practicable and within reasonable cost range, but the first plants will probably serve sections remote from coal and water.—Ex.

MORE COTTON GOODS

A shift from scarcity to abundance in cotton textiles may be sudden and soon, but don't look for quick relief in the men's suits squeeze. Shortage of skilled labor will keep suit output well below demand for many months.—Ex.

LABOR TURNOVER

Job hopping continues at a high rate in some cities with plants in the Midwest reporting a steady turnover in 40 percent of their jobs.—EX.

BATHROOM MYSTERY

Mrs. Pauline Wiseman, of Pittsburg, Pa., reported that somebody entered her home and stole a bath. She had cleaned the tub just before retiring, and the next morning there was a dark ring in it, a pile of men's clothing on the floor.—Ex.

PAID WHAT SHE OWED

The Collector of Internal Revenue at Greensboro, N. C., received a return from a woman who claimed she owed no tax. Accompanying it was a check made out for "no dollars and no cents."—Ex.

HOSPITAL SQUATTER

Lee hospital officials, Johnstown, Pa., would like to know the name of the stranger who walked into the institution, climbed into a vacant bed and went to sleep, then several hours later, refreshed, departed without a "thank - you"—Ex.

GROOMLESS WEDDING

James Caesar Petrillo ruled that Jules Benner, member of the musicians' union, couldn't attend his own wedding since it was to be held at the Warwick Hotel, Philadelphia, Pa., where union musicians, on strike couldn't enter.—Ex.

ALL FORGIVEN; COME HOME

Terre Haute, Ind., police wired Louis Gilbert, a Louisville, Ky., tavernkeeper, they had arrested one of his employes, who confessed stealing \$400 from Gilbert. The boss wired bus fare and expense money explaining: "He's one of my best employes."—Ex.

DOESN'T WANT MUCH

Ben (Hobo) Benson, running for kingship of the hobos, advocates a four-hour day, a four-day week, free railroad transportation, \$100 a month for hobos over 60, and nickel beers.—Ex.

UNLUCKY SNAKES

The Jackson, Miss., rat extermination campaign was too efficient for I. E. Bennett, manager of the zoo. He can no longer find rats to feed his snakes.—Ex.

Pedestrians should look first to the left, then to the right, before crossing a street. Traffic coming from the left is nearest.

American Indians did not refer to their future state as "the happy hunting ground." Application of the term was made by early-day writers as a result of descriptions given them by hunting tribes.

It was Edmund Burke who said "If I were an American and a foreign troop landed in my country I never would give up my arms."

INSURANCE

FIRE...

It is difficult for you farmers to help in a direct way to get an adjustment in your freight rates for the Southwest. It seems a slow fight against the big corporations that have the press and radio through which they can propagandize the public, and spread untruth and develop hate and prejudice until rural communities divide on questions they should be together on.

Big business now is moving in to own the land of our country until young people will have no opportunity to own their own farms. You will have to choose which side you are on.

The safe side is on the side of the farm-owned and controlled cooperatives operated as an honest yard stick for fair profits.

Farmers Union is building a cooperative insurance program and have organized their own Texas Fire Insurance Company controlled by the policyholders through five Directors elected by them. The Farmers Union Cooperative Company is not changing their policy of paying losses in full. There is no \$50 or \$100 deductible clause in our contracts. We pay in full for the amount for which a premium is charged. Join the Farmers Union and patronize the cooperative insurance and save yourself a Christmas present. While you build better homes here for you and your family you will insure better homes for your children and grandchildren by building farm Cooperatives.

For a program to get about half what you would expect — Listen to "A FARMERS LIFE AS HE LIVES IT" K. V. O. P. Each Saturday 12:45 to 1 p. m.

C. Horton died Thursday

LOCKNEY, Oct. 11.—H. C. Horton, a former resident of Lubbock, passed away unexpectedly Thursday evening at 6 o'clock at Lubbock hospital. He had undergone an operation on Tuesday and was thought to be improving Thursday when he suddenly became worse. His death followed a long illness.

Survivors include his wife and the following children: Clinton Horton, Walter Horton, Borger; Mrs. H. A. Patton, Douglas, Arizona; Mrs. H. A. Horton, Lubbock; Charles Horton, Lubbock; Mrs. Irma Vern-Lockney and little Chusita Horton, Lubbock. Three grandchildren, one brother, two sisters and a number of nephews and nieces survive.

Funeral services were held at

Lockney Baptist Church Saturday morning at 10 o'clock conducted by Rev. E. J. Cobb, pastor.

Interment was in the Dickerson cemetery.

Center News

CENTER, Oct. 14.—Bright sunshine again -- the birds singing. We are so glad so many came to Sunday school Sunday. We are grateful for rain and grateful for sunshine. "Some days must be cold and dark and dreary."

We are glad to learn that Mrs. C. E. Meredith, city, is convalescing.

Mr. and Mrs. J. H. Moody and Emmett accompanied the R. C. Ross family after Sunday school to the home of Mrs. Ross, father, S. A. Guffie, where they all took dinner.

Mr. and Mrs. Roe Jones and family and the Travis Lightfoot family visited Saturday evening in the home of Mr. and Mrs. E. R. Melton.

Mr. and Mrs. Doyle Sandefer and Mr. and Mrs. J. B. Jordan and

Kathie visited Mr. and Mrs. Wilburn Miller Monday and Tuesday nights respectively.

The Green family made a trip to Plainview Saturday afternoon.

Victor Green visited home folks here Sunday and attended Sunday School with the family.

Mrs. Green, Victor and Margaret visited at Mt. Blanco Sunday afternoon in the W. A. Latta home, while Mr. Green attended the singing at the Methodist church in town.

Among those attending the birthday dinner of W. B. Jordan Sunday were Mr. and Mrs. J. B. Jordan and Kathie Ruth.

Mr. and Mrs. Charles Horton and Bruce and Mr. and Mrs. W. B. Sandefer of Lockney visited Mr. and Mrs. W. P. Sims Sunday.

Mr. and Mrs. Claude Carpenter called at the J. E. Green home late Sunday afternoon.

Mrs. O. R. Goughly, who has been sick so long with rheumatism is able to be up some.

The Home Demonstration club met Monday afternoon with Mrs. Travis Lightfoot.

Those present were Mesdames Green, H. B. Mankins, J. B. Jordan, W. P. Sims, O. C. Vinson, R. C. Ross, Clarence Ashton, J. E. Green, Francis Ashton, J. L. Montgomery and Frank Dunn.

Farmers Union will not meet this week. The date will be announced later.

Mrs. A. L. Spence is in California with her daughter, Betty Jean and husband, who have a new son.

Mrs. J. L. Montgomery had as Sunday dinner guests, Mr. and Mrs. Floyd Montgomery of Lubbock and Mr. and Mrs. Frank Dunn and family.

Weekly SURPLUS NEWS WAA

Texas schools and colleges will be given top preference and bargain prices in the purchase of surplus machine tools and classroom laboratory equipment for use in training veterans enrolled under the GI Bill of Rights. WAA will sell to eligible educational buyers at a fraction of original cost - 5% of the fair value (plus shipping charges).

More than 1,500 flying jackets of various types are being offered for sale by WAA. Prices range from \$2.62 to \$5.98 each. The jackets are all used, but usable without repair.

Steel airplane landing mats now have a new use - for conversion into temporary corn storage cribs. A national sale of 4 million feet suitable for that purpose is located at Kanahe, Ill., and will be shipped from there to purchasers FOB in carload lots.

A fifty-million dollar stock of surplus capital and producers goods has come on the market through the New York regional office. The stock is divided among machine tools (\$3,000,000 inventory), industrial equipment, metals, and electrical equipment.

BULLETIN ON TERMINAL LEAVE PAY

(Armed Forces Leave Act of 1946) WARNING

1. Navy Department reports many errors were made in first 80,000 applications received. All of these must be returned for correction. Errors reported are:

(a) Discharge or Separation Certificate was not attached.

(b) Photostats of front of discharge certificate only were attached.

(c) Photostats were too small to be read.

(NAVPERs No. 553 form was not attached where needed. (40% error in this.)

2. If Questions 11 or 13 are left blank, application will be returned. If 13 answer is "unknown" information will be obtained as described in our previous bulletin, and submit application after information is received.

3. Instructions in our previous bulletin have been modified, and copies of NAVPERs No. 553 may be used.

4. WAAC service does not count and WAC service counts only after 1 July 1943, date of activation as part of the armed forces.

5. Applications may not be made by next of kin of person who dies while in service. He was not discharged and no leave time is payable to him (her). His next of kin received six months gratuity pay and will get nothing under this act. Next of kin of persons who were honorably discharged or separated from service and then died may make application.

6. Veterans with more than 48 month's service only will fill out item 12.

NEW GRANDSON

Mr. and Mrs. E. L. Saul of Waco, Texas are the parents of a new son born September 28 in the Hillcrest hospital. The baby weighed six pounds and has been named Ronald Leon. Mrs. Saul is the former Edith Shirley.

Grandparents are Mr. and Mrs. G. N. Shirley of Floydada and Mr. and Mrs. A. M. Saul of Mineral Wells, Texas.

Mrs. Shirley is in Waco visiting her new grandson.

CARD OF THANKS

To our friends and loved ones, our deepest thanks and appreciation to every one of you for the cards and flowers and your prayers during Mrs. Golden's long stay in the hospital.

Mr. and Mrs. L. M. Golden.

BABY BORN AT AUSTIN

LOCKNEY, Oct. 11.—Mr. and Mrs. Roach V. Allen are parents of a baby daughter born at Austin hospital Tuesday, October 8. The baby, who is a granddaughter of Mr. and Mrs. J. B. Allen of Lockney has been named Lynda Kay. She weighed six pounds at birth.

The popular name of the B-29 war plane is the Superfortress.

COTTON FAMINE

"There is as much danger today of a cotton famine as there was of a cotton surplus five years ago."—Carolina Cooperator.

On November 11, 1794 the United States signed a treaty guaranteeing every Indian on the tribal rolls of the Six Nations, six yards of calico annually.

From where I sit ... by Joe Marsh

Want a Vacation from Marriage?

John Blake went south on his vacation, for some fishing, and left his Missus to enjoy a vacation from the corn-cob pipe, clothes in a heap, and solos on the harmonica.

First few days, Martha enjoyed it—house neat and quiet, top back on the toothpaste, no morning mess from Alvin's midnight snacks (Al's partial to a bit of cheese and beer at bedtime).

Come the end of the week, she began to fidget; couldn't even read the *Clarion*, it looked so unsmugged; didn't have any appetite with no-

body to cook for. She was about to wire Al, when he barges home a week ahead of time, and she almost cries for gratitude. ("Felt the same way myself," says Al.)

From where I sit, those differences of habit and opinion—whether they have to do with corn-cob pipes, a glass of beer, or playing the harmonica, seem mighty trivial when you're separated. And they are, too!

Joe Marsh

Forces of Attraction Make the Tide "Come In"...

EVERYONE knows that tides are caused by the strange force of attraction exerted on the sea by the moon.

Utilizing molecular attraction (basic force that holds things together) Conoco scientists bring America's motorists new and better oils. In fact, a special ingredient of Conoco Nth motor oil is bonded to working surfaces of your engine by an attraction so strong that cylinder walls and other parts are OIL-PLATED.

And because molecular attraction holds Conoco OIL-PLATING up where it belongs... prevents it from all draining down to the crankcase, even overnight... you get these benefits:

added protection when your engine starts up
added protection from corrosive action
added protection from wear that leads to fouling sludge and carbon
added smooth, silent miles

That's why to OIL-PLATE now... at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company

Board of Three Would Handle Vets Land Bill

A maximum revolving fund of \$25,000,000 would be set up for the purchase of Texas lands and their re-sale to veterans of World War II, if Texas voters adopt an amendment to the state constitution on November 7, permitting this to be done.

The amendment would set up the machinery for the purchase and sales of agricultural and ranching lands, and will become effective as soon as the passage of the amendment is certified.

The legislation, adopted by the last legislature, was given approval

in the house 119 to 0, and in the senate 29 to 0. Today no serious opposition to the move has been noted in the state.

Board Is Set Up

The board to administer the legislation, which becomes effective when and if the amendment is adopted, will be composed of the Governor, the Commissioner of the General Land office and the attorney General. The plan recommended to be followed by Bascom Giles, commissioner of the General Land office is as follows:

(1) Acquisition by the Veterans Land Board of Federal surplus real property (of which there are some \$50,000 acres in Texas) and other state owned land, 500,000 of the 1,500,000 acres of public free school lands and such other privately owned lands as practical, located throughout the State.

(2) Conveyance of such lands through sales to the veterans under the following conditions:

(3) All sales to be made to Texas

veterans only through competitive bidding.

(4) No land to be sold until six months after formal cessation of hostilities and none for less than the state purchase price.

(5) Maximum purchase to be limited to one tract not exceeding \$3,000 state valuation to any one veteran.

(6) Land to be sold for all cash or for as low as one-tenth down payment with notes to run for 40 years and bearing four per cent interest per annum.

(7) A 7/8th mineral fee interest on sulphur and 15/16th mineral fee interest on oil and gas to go with the title to land purchased with the state retaining 1/8th free royalty on sulphur and 1/16th royalty on oil and gas.

(8) Listing of location of land will not be available until acquired by proposed Veterans Land Board. It is proposed to acquire this land in the various geographical divisions of the state so as to afford a wide variety in crop production in keeping with the desire of veterans to carry on a balanced farm or ranching program.

Wyoming Hunt Nets Menard Field Party Limit of Moose and Elk

When the season opens for game hunting in the mountain states Menard Field of South Plains is one Floyd county man who can't resist the call. Every year for a decade or more Field has been making trips to the mountains and always comes home lucky.

For a time it was deer, then deer and bear, a little further into the wilds each time. This year his arrangements were for the bigger game in the higher reaches of the mountain country and his trip was made in mid-September into north-west Wyoming, up close to Yellowstone National park. And to get to the story quick he and his hunting partner, Dr. T. C. Webb, of Wichita Falls, bagged the limit of elk and moose.

Field was in Floydada Tuesday headed for the locker with three

elk and a moose carcass—and of course with the horns of the animals. Elk horns are a curiosity in Floydada and moose horns really are.

Their hunt was in a densely wooded mountain area up high—part of the time up to the timber line, and was made from a ranch where they made headquarters out where the roads end and pack animals are used. It was freezing in September, and when Field made the trip back for the meat and horns last week snow was four feet deep in places and temperatures considerably below freezing.

Field used a thirty nought six rifle on this hunt, discarding the deer guns he usually carries. An idea of the weight and bigness of the slain animals is gained from the fact that the heavy calibre ammunition did not penetrate through and through but lodged in the "hol-low."

The moose they brought home measured about 15 1/2 hands high and weighed about 1600 pounds. Field's guide told him. The animal was not unusually large as moose go, some specimens gaining a weight of 2,000 or more pounds.

Water Bonds—

(Continued from First page)

been going on for more than a year. Mayor Harmon has been one of the strong supporters of such a move. Recently the Lions Club voted as one of their projects to urge the swimming pool construction.

The submission of the waterworks bond issue was taken by the city council of their own volition. Added water supply and connecting water lines, additional storage and extensions to water service lines are indicated as badly needed. The council will urge the favorable vote on this issue to meet an emergency. It has been indicated by one or more members of the council. Grave shortage of water may occur again next summer as last should the city be unable to get an added supply tied in before the heat of mid-summer 1947 arrives.

Favorable interest rates on the issue are probable to offset to a considerable extent the expected high cost of materials and construction.

A new well completed in south-west Floydada and now being developed would be tied into the city mains and added storage acquired if the money is made available, according to the plan which has been under discussion by councilmen.

A. J. Hamilton—

(Continued from first page)

Stonewall and then was for several years a grader operator at Brownfield.

For his 20 years of outstanding service with the State Highway department, Hamilton was honored last June at Lubbock in recognition of meritorious work with the department. District Engineers S. C. McCarty presented Hamilton with a gold lapel pin and scroll at the ceremony.

Out-of-town relatives here for the funeral were Mrs. H. W. Anderson and Judge and Mrs. Roy Anderson and family of Asperment; Joe and Roy Anderson of Seminole; Mr. and Mrs. Tommy Anderson of Post; Mr. and Mrs. Tommy Polks of Lubbock and a sister, Mrs. Delbert Lay, of Tutwiler, Mississippi.

Any Set Dairy Records Better Than No Record

COLLEGE STATION—Any kind of record that is kept in feeding dairy cows is better than none say dairymen of the Texas A. and M. College Extension Service.

The dairymen that keep no feeding and production records at all will usually feed all his cows the same amount, which means that the high producing cows are underfed and the low-producing cows are overfed. The Dairy Herd Improvement Association will furnish dairymen with the information necessary to do the right job of feeding cows according to production, the Extension dairymen say, and this method of feeding means more pounds of milk for each pound of grain fed.

If cows are on pasture and getting all the roughage they can clean up each day, grain can be used most economically by feeding one pound to Jerseys and Guernseys for each three pounds of milk they produce and one pound to Holsteins for each four pounds of milk produced.

Accurate milk weight and butter-fat tests are the only true measure of a cow's production, the dairymen say. Production and feed records will show the dairymen just what part he has played in his cows' production. Improved feeding practices have made many dairy association herds develop into higher producing and more profitable businesses.

Productive Land As Necessary as Water and Air

"Productive land is much more limited than commonly has been supposed," warns H. H. Bennett chief of the Soil Conservation Service, U. S. Department of Agriculture, who says that it and water and air are the only natural resources without which we cannot live.

"We are completely dependent on soil for the food we eat, except fish," Dr. Bennett explains. "We also depend on it for a very large share of our clothing and shelter. We cannot get enough to feed ourselves, or provide our clothing, from the oceans. On any large scale, hydroponics would be utterly impractical. We might conceivably turn sometime to some form of synthetic food as pills, plus a roughage. This appears to be a fantastic extreme still far away. . . . To protect our source of food, then, the only sensible, practical thing to do is to protect the productive land we now have.

"The United States is somewhat better off, from the standpoint of productive land, than most nations," Dr. Bennett continues. "Even though we have ruined more good land in less time than any other nation in recorded history, we had the advantage of an unprecedented supply to begin with. Now we have little margin left. We still have enough productive land if we take care of it. We cannot hope to maintain our present standard of living if we lose much more; eventually if the losses should continue, the nation would suffer even more seriously."

Texas dairymen cannot afford to keep low-producing cows.

Charles Camden, of Amarillo, was here on business the first of the week.

W. L. Morris, of Anaheim, California, has been here this week on business.

U. S. Department of Agriculture now estimates the nation's 1946 cotton crop at 9,171,000 bales—second smallest crop since 1884.

Mrs. C. L. Joiner, of Santa Ana, California, left for her home this week after an extended visit here with her daughter, Mrs. Clyde Bagwell, and Mr. Bagwell.

Mr. and Mrs. Elbert Custer and daughter, Rose Marie, were here over the week-end, guests of Mr. and Mrs. J. C. Custer and other relatives.

An electric cooperative organization at Tahoka, Texas, has received a loan of over \$400,000 for system improvements and for 431 miles of line serving 751 rural consumers.

We have built our business on a FAIR and SQUARE DEAL for all—a policy that has always maintained the lowest possible prices on high quality foods. We have loyally supported and rigidly observed OPA price ceilings, actually selling hundreds of items below government-regulated prices. It is this SELF-CONTROL of prices that gives you BIGGER and BETTER FOOD VALUES in every department. This policy will be continued in the future as faithfully as it was carried out in the past . . . a performance you can prove to your complete satisfaction by shopping here today for ALL your food needs.
