MORE TALK ABOUT WEATHER

When rainy weather took over from the other influences which govern the first killing cold snap of it became a complete uncertainty about when the first frost would be recorded in Floyd county. The students of the cycles said that when the first frost didn't come in the October 7 influence it then should hit about October 19. October 7, as you recall, missed by about two hours of time and some four degrees of temperature. When it did that, of course, it added immensely to the value of the feed crop in Floyd county. How many hundred thousand good bundles have been added to the supply for cattle in this area since the tenth of October could only be estimated.

About that time, as is so well and pleasantly known, the rain god took over and did a good job. But even a rain god can't keep a freeze away from a country in the temperate zone always. So it is bound to come sooner or later.

Meanwhile, Floyd county farmers are getting their bundles in the shock so as to save the fodder and get the most out of their feed. We are venturing — not from the signs which have been crossed out — but by the guess that the freeze now will come between November 10 and 15. That gives time for Boreas to get his bearings once more, restore his confidence and begin huffing and puffing again.

WOMEN GOOD TRACTOR MEN

Floyd county women — wives and daughters of farmers — did a pretty good job last week helping their fathers and husbands get their wheat planted, their bundles bound, fuel hauled and things of the kind. They drove the tractors while the male members of the family did heavier work.

We are sure we are about right when we say that women as men rode the bumping, bouncing, vibrating tractors in the past two weeks.

Men were just not available, and it was a glorious thing, one way you look at it, the way the women took hold and helped "hold things together" during the emergency. A good many women took a good deal of punishment and perhaps it wasn't anything but right. Anyway, right or wrong, it was that or else on many, many farms.

A DEBT NINE YEARS OLD

We do not know whether the people of Texas will vote to adopt the amendment that will appear on the ballot next Tuesday which would make it legal for the state to pay for a building at John Tarleton college constructed nine years ago and for which the contractor does not yet have his money.

It was the intent of the legislature for the appropriation to go through at the time. When, however, the builder had finished his job it turned out that the act was defective and the treasurer could not legally pay the \$75,000 which it was intended to appropriate.

The amendment has been turned down once. Perhaps it will not this time. At least we hope the information that the debt is morally due and that only way the fault can be remedied and justice done, is for the people to adopt an amendment to the constitution permitting the state to pay the debt. This doesn't seem to make sense but it is a fact.

Funeral rites for W. L. Boerner 76, pioneer of Floyd county, were held Monday afternoon of this week at 2 o'clock, following his sudden death Saturday morning. Rev. I. A. Smith, pastor of the First Methodist Church officiated, assisted by Rev. G. I. Brittain, of Plainview a long-time friend of the Boerner family. The funeral was held at the home, 802 South Fifth street. A large number of friends including many pioneer residents were present.

Mallory Grocery company, local Red & White store, entertained their friends and patrons Friday night of last week at a formal opening which was featured by displays of Red & White products. Over 400 people were in attendance during the evening. Refreshments were served.

Warning that the funds which Highway No. 28 through Floyd county will be built are emergency funds and that if the paved highway is to become an actuality, conditions of the department must be met without delay, was given members of the Floyd County Commissioners' court and members of the local highway committee at a called session of the court by Guy R. Johnston of Lubbock, District highway engineer Tuesday morning.

Rev. S. R. McClung, who recently accepted the call of the First Baptist church of Floydada as pastor arrived with his family last night and they have taken up their residence at the Baptist parsonage on South Wall street. Rev. McClung spent a few hours here Sunday, preaching Sunday morning, when he was heard by messengers from some fifteen other churches in the association as well as by members of his own new congregation.

S. O. Adams, of this city, veteran of the Civil war, and pioneer resident of the county, was so far recovered Wednesday from his recent illness that he was able to be out and giving business matters his attention.

Baker, Hanna & company this week announced that their local store would be closed at the end of their "Quit Business Sale" now underway. Jim Houston, manager stated that the store would be closed November 12.

Henry F. Hollis, 54 resident of Lakeview community, southeast of Floydada, since 1928, died at his home three miles southeast of Lakeview Sunday at 12:30 p. m. after an illness of brief duration. He became ill Friday.

Two equally determined elevens will face each other on Burleson field tomorrow at Matador in what is predicted to be the football classic of the north half of District 2 of the Interscholastic league. The Floydada Whirlwinds and the Matador Bullfighters, both undefeated elevens so far as conference games are concerned, will fight it out to determine which of the two teams remains in the race for district honors. Both elevens have won their first conference tilts, Floydada

Friendship—Three Thousand Miles Apart

Ever play chess? It's a great game! One of the strongest friendships I know of started with a game of chess—between Dad Hoskins, in our town, and a man named Dalton Barnes, in England. They've never seen each other, never met. But for the past eight years they've been playing chess by mail together—Dad puzzling over Dalton's latest letter, while he sends a chart of his next move to England. A MESSAGE OF INTEREST to all who await deliveries of new Chevrolets

We want you to know that everything possible is being done to speed deliveries to you; but production still lags far behind schedule—even though Chevrolet has built more cars and trucks than any other manufacturer from January through September 1946

WE REALIZE how eagerly you are awaiting delivery of the new Chevrolet you have ordered from us, and we want to pass on to you the latest information received from the Chevrolet Motor Division, even though that information isn't too encouraging at this time. It is true that Chevrolet leads all other manufacturers in total production of passenger cars and trucks from January through September 1946, despite the fact that Chevrolet was out of production entirely during the first three months of this year. It is also true that Chevrolet has continued to maintain its lead in total production during the third quarter of 1946. And yet production is still running far below desired levels, with the result that Chevrolet's output of cars and trucks through September 1946 was only 38.7% of the number produced during the corresponding period of 1941. This means it may take many months for the Chevrolet Motor Division to reach peak

KEEP YOUR PRESENT CAR RUNNING. Meanwhile, the most important car of all to you is the car you are driving now. May we suggest that you keep it in top running condition until you secure delivery of your new Chevrolet, by bringing it to us for skilled service now and at regular intervals. Remember—cold weather is hardest on old cars. Please see us for a complete check-up today. . . . And, again, thank you! ODEN CHEVROLET COMPANY 221 South Main St. Telephone 4

## Legionnaires Favor Veterans' Land Amendment

Legionnaires of Texas to hold a convention in Galveston, since our organization, is the leading one dedicated to veterans' activities. It behooves us all to make a special effort to get out and vote for its passage.

And it will require a special effort. It will be voted upon two days following the general election the first Tuesday in November.

A clerical slip-up made it necessary to hold a separate election two days later than the general election. Land Commissioner Bascom Giles, who is sponsoring the bill, has asked The Texas Legion News to bring before Texas Legionnaires the urgency of getting out the vote on November 7.

Highlights of the amendment are that it was passed unanimously by the house and senate of the last legislature; that the board will be composed of the governor, attorney general and general land commissioner; that such board is given authority in concurrence with the legislature to issue bonds up to \$25,000,000 for the purchase of additional land from the federal government, individual and other state

agencies located in every sector of the state; the bonds bearing three percent interest will be sold to other state departments carrying heavy surplus funds now un-invested, thus eliminating the necessity of any additional taxes.

It should be pointed out that under the amendment veterans would not be required to 'homestead' or live upon their land. They also would not be prohibited from selling their equity.

It is planned that farms ranging from 50 acres to ranches up to 2500 acres be purchased by the veterans, thus providing a wide variety of crop and livestock production in various parts of Texas. Each veteran would be limited to a maximum purchase of \$5,000. His bid and check would be accompanied with a photostatic copy of his discharge. The entire purchase routine is planned to be dressed down to the simplest possible form with a minimum of usual red tape.

Only Texas veterans will be allowed to enter bids. The land would be sold either for all cash or for as low as one tenth down payment with notes to run for 40 years bearing four percent interest per annum. Finally the veteran purchaser retains a seven eight mineral fee on sulphur and fifteen sixteenth on oil and gas.

In this amendment Texas is proposing to do something tangible for its own veterans. Many are anxious to enter the ranching and farming business on a modest scale. Commissioner Giles has received more than 5,000 inquiries from men and women veterans.

## Robert A. Childers, Marjorie Murphy Wed In Oct. 25 Ceremony

Miss Marjorie Angela Murphy daughter of Mrs. Richard Norman Davis, Jr. of New Orleans, became the bride of Lt. Commander Robert Ashley Childers on Friday, October 25 at 10:30 o'clock in the morning. The vows were read at 3505 Louisiana Avenue Parkway, New Orleans.

Lt. Commander Childers is the son of Dr. and Mrs. R. A. Childers, former pioneer residents of Floydada and nephew of Mrs. Dora Reagan of this city. Dr. Childers was formerly a practicing physician in Floydada. Robert Ashley, now a navy flier, was born and reared here.

A reception was held at the New Orleans Athletic club immediately following the ceremony.

### BENNIE JACK GOODSON AND CHARLES E. GEE MARRIED

Bennie Jack Goodson, daughter of Mrs. L. F. Goodson of this city, became the bride of Charles E. Gee son of Mr. and Mrs. C. E. Gee, city, in a single ring ceremony at the Nazarene parsonage, Monday evening. Rev. Arch Gibson read the ceremony.

The bride was dressed in a light blue wool suit with black accessories. She had a corsage of pink and white roses.

Mr. and Mrs. Visage, Lockney, were the only attendants.

The couple will live in Floydada where the groom will be employed in Gee's blacksmith shop.

### PATSY JACK PARKEY PLEDGES LITERARY CLUB AT TSCW

DENTON. — As pledges to the 11 literary and social clubs on the Texas State College for Women campus 269 students have ended the informal initiation period and are now considered active members. Miss Patsy Jack Parkey of Floydada is including in the group.

During the period of initiation the "lowly pledges" soberly carried loaded suitcases, eggs, and brooms to class, measured the distance around the courthouse with beads and scrubbed the post office steps with a toothbrush.

Purpose of these clubs is to stimulate interest in literature, art or music, promote social activities for members, and encourage the achievement of high scholastic standing.

Miss Parkey, daughter of Mr. and Mrs. D. J. Parkey, is a member of the Alice Freeman Palmer club.

## Burgett-Mercer Vows Solemnized In Pampa

Miss Neoma Burgett, daughter of Mr. and Mrs. Lee Burgett of Floydada, became the bride of Merle L. Mercer, son of Mr. T. J. Mercer of Guthrie, Oklahoma, in a single ring ceremony performed in the Methodist parsonage in Pampa on October 24 at 3 o'clock. Rev. Bowing officiated.

Mr. and Mrs. Clyde Mercer and Bonita Cook of Skellytown were the couple's only attendants.

The bride wore a street length dress of melon pink with black accessories.

Mrs. Mercer attended Floydada High school and graduated with the class of 1943. She attended Draughton's Business college in Lubbock and for the past three months she has been employed in Pampa.

The groom attended school at Marshall, Oklahoma and graduated with the class of 1942. He received his discharge from the army in January of this year, after having served three years in the Western theater of war.

Immediately following the wedding, the couple left for a five day wedding trip to Amarillo, Lubbock and Floydada to visit friends and relatives.

Mr. and Mrs. Mercer will be at home in Skellytown, where the groom is employed with the Northern Natural Gas company.

### WILLING WORKERS SPONSOR SHOWER FOR WILLIS FAMILY

The Willing Workers Sunday School class of the First Methodist church of Floydada, taught by Mrs. Jim Willison, is sponsoring a shower for the family of Floyd Willis whose home and all of its contents were destroyed by fire during the past week.

Mrs. Graves visited with her daughter, Miss LaRue Graves, who is a freshman at Baylor.

## Letter Carriers Favor Good Road Amendment

In best of weather the reduced cost of operating mail cars over paved roads gives every rural letter carrier special incentive to back any plan for better rural roads. Floydada Rural Carriers declared yesterday. Cost of operation is four cents more per mile and cars get two miles less per gallon of gas driving over dirt roads than on paved, they said.

"Construction, improvement and maintenance of main and rural roads are uppermost in the minds of Texas rural letter carriers," they said, "and it is with this in mind that we heartily endorse the Good Roads Constitutional amendment to be voted upon in the November 5 general election.

"All farmers should support the Good Roads amendment because they face the same difficulties we do because of poor roads. In addition, farmers and their families feel the lack of all-weather roads more keenly because often they are isolated for days at a time in bad weather. It is bad enough when we can't get the mail to them, but it is worse when they can't get out even in an emergency."

### Number Three on Ballot

Number three on the ballot, the Good Roads amendment, continues to allocate one-fourth of the gasoline tax to education and guarantees availability of the remainder of the gas tax and all motor vehicle registration fees for the construction of roadways, farm-to-market roads and urban trafficways.

Pointing out the fact rural mail carriers of Texas cover 1,659 routes daily, traveling 82,552 miles, they explained that many of these mail routes are almost entirely over unimproved, primitive dirt roads. Portions of some routes—and even all of others—cannot be traversed for days during heavy rains and snows.

"Our carriers went on to explain, 'we cover 320.35 miles a day of which approximately 32.75 miles are paved. In the past, there have been numerous occasions when they were unable to make their routes because of impassable roads.'"

### Entitled to Good Roads

Furthermore, they declared, they serve one of the best sections of Texas and as fine a group of rural folks as can be found anywhere and they believe their patrons are entitled to all-weather roads so their children can attend school every day the same as children in the city, and they themselves can get in and out regardless of weather and can count on getting their mail regularly, the same as the farmers in many other states do.

"After all," they stated, "the people of Floyd county spend enough money on the extra wear and tear and gas and oil consumption of their cars, trucks and trailers to build and maintain a fine road system over the county. Therefore it is not a matter of not being able to afford it, but can we afford not to have them. So our slogan would be to our farmer friends, 'Let's build good roads and save the difference.'"

The Floydada rural carriers and routes are S. L. Powell, route 1; L. J. Welborn, route 2; T. W. Salisbury, route 3; Oliver Allen, route 4; and G. N. Shirey, route 5.

## Shower at Center November 9 for the Willis Family

The Center Home Demonstration club is sponsoring a public shower Thursday night, November 9 at the Center School house beginning at 7:30 o'clock for Mr. and Mrs. Floyd Willis and family, whose home was burned last Friday.

Any articles of clothing or household goods as well as cash donations will be appreciated very much.

Games of "84" will furnish entertainment for the evening. Everyone is invited.

## Johns and Parrish on Terminal Leave

Sgt. Robbie Jean Johns and Staff Sgt. Mascot Parrish are at home on terminal leave from the U. S. army their separation from the service having been made last week.

Johns whose wife has been making her home at Big Spring, and mother, Mrs. O. D. Howard, at Amarillo, is visiting in the John Fowler home and with friends here.

Sgt. Parrish is the son of Mr. and Mrs. Creed Parrish.

The two service men left the states together and spent the 12 months and 29 days of their overseas tour of duty on Okinawa together.

## First Methodist Church News

Rev. Lloyd H. Jones, pastor of the First Methodist church of Floydada, announces that the Communion of the Lord's Supper will not be observed on next Sunday November 3, since this is the last Sunday before the Annual Conference.

In the eleven o'clock morning worship service the pastor will speak on the subject, "Where Faith can't Work."

The hour for the evening worship is being changed to begin at 7 o'clock rather than 7:30 as formerly. The pastor will present the fifth message in his series on Jesus' use of parables in teaching about the kingdom of God. The parables of the "treasure" and the "pearl" are to be dealt with in this message.

Church school begins at 9:45 on Sunday morning.

The Youth Fellowship meetings are conducted at 6:15 on Sunday evening.

Due to the fact that the pastor will be away at conference on the following Sunday, November 10 there will be no preaching services on that day. All other regular services, however, will be conducted.

### FARM HOME BURNS

The home of Mr. and Mrs. Floyd Willis was destroyed in a fire which occurred about mid-afternoon Friday. A bedroom suite was the only household furniture saved.

None of the family was at home at the time the fire occurred. Two men in an adjoining field were the first to reach the fire.

The farm home was owned by L. J. Welborn.

The origin of the fire has not been determined.

**Cotton Growers At Hearing Today**

A group of Floyd county farmers left Floydada last Thursday for Lubbock, where they attended a hearing conducted by a House of Representatives sub-committee which is formulating plans for future policy as to cotton by the federal government.

A brief and outline of suggestions presented at the meeting was planned in discussions in this county last week by a representative group of cotton men, A. L. Hartzog county agent, said.

The delegation from Floyd county included G. B. Johnston of Lone Star, L. A. Williams of Harmony, W. F. Ferguson of Starkey and Ray McEntire, administrative officer of the county Triple A committee, Mr. Hartzog and others.

**PLEASANT EXPERIENCES ON TRIP DOWN-STATE ARE RELATED BY J. T. McLAIN**

No. I am not coming grumbling nor complaining this time, but just to bring a few thoughts on life's other side.

Recently, it fell to the lot of wife and I to spend a few days at Mineral Wells. While there, we went to Fort Worth to spend the weekend with two families of relatives of mine, the Vandergriffs, who lived for years at Lockney and now own a farm in the Sand Hill community and the R. E. L. McLain family who spent a few years in Floyd county during her real pioneer days. I hadn't seen R. E. L. except twice since they left here in 1891 and his wife, of whom I thought a great deal only once in the 55 years.

Also living in their home is her Aunt Jennie Stevens, who I knew sixty years ago as an old lady and appeared that way to me and I was just a small boy. Now I am nearly as old as she for in spite of the fact that she was born in the year 1845 and is now more than a year old on her second century she gets around quite well without the use of even a stick. She attends Sunday School and church almost every Sunday.

As though these privileges were not enough, here come my sister Miss Winnie McLain of Dallas and another sister, Mrs. John Wiggins and husband of Canton and their daughters and children.

Religion and Temperance On the bus over to Fort Worth which was crowded, by chance I got a seat at Weatherford by a past middle-aged lady from Albany, Texas, on her way to Dallas to visit her father, who is old and afflicted with rheumatism. She was quite pleasant to talk with on the line of religion and temperance.

On the return trip it fell to my lot to sit by a younger lady (perhaps thirty) who lives at Weatherford, but works in Fort Worth. She looked tired and said she was. I mentioned the frequency of the liquor signs and that I was from a part of the country where liquor is not legalized and that to me they did not represent anything good. She seemed to listen and said, "Oh it is not good. I work in a hospital and drink is the cause of such a large per cent of the wrecks and those drunken wreck victims are so hard to handle when they are coming to, and it is so hard for me to have patience with them!"

Very Pleasant Company When we reached our apartment, we were met by our landlady, who smilingly ordered us into her side of the building and to her dining table which was loaded with far too much good stuff to eat and seated at it was one of the most pleasant elderly couples that one ever runs across. We had first met them only three days before, but they know and are directly or indirectly related to so many people that I know or have known that it seems we had known them a long time.

It hardly seems possible that so much pleasantness could be crowded into one 36-hour period.

As I think on this so many people going to the trouble of bringing pleasure to me, it might be that even I added my wee bit to the pleasure of some of them.

This was an experience that mon

**Crosbyton Child Killed on Highway Was 6-Year-Old**

CROSBYTON, Oct. 18.—In one of the most tragic accidents that has occurred in Crosbyton in many years, little Claudine Jacobs, 6-year-old daughter of Mr. and Mrs. C. H. Jacobs, was killed by an oil truck as she crossed the highway to her home, after leaving a school bus. The accident happened about 4:30 p. m. Wednesday as the bus was starting its afternoon schedule, and had stopped at the entrance to the Birdwell ranch, just on top of the cap at Blanco canyon, to let the little girl off.

The truck, driven by Selman Mercer of Lorenza, had just topped the rise out of the canyon and was heading west. Witness stated that he made every effort to stop after the child darted from behind the school bus and crossed the highway in front of him, but was unable to do so. Her father, an employee at the Birdwell ranch, was plowing in a nearby field.

**Boll Weevils Hit at Roaring Springs**

MATADOR, Oct. 17.—Boll weevils are playing havoc with Roaring Springs cotton, Rufus Emmons, county agent, declared this week.

Emmons said that a spot examination on one Roaring Springs farm revealed that approximately three-fourths of the late cotton was weevil infested but that no other reports of weevil damage had come in from other parts of the county.

Cotton crops which had been sprayed with poisons suffered about half as much damage as the unsprayed fields, although it is now somewhat late for spraying, Emmons said.

According to bulletins in Emmons' office the sooner cotton producers destroy their cotton stalks the more weevils will be destroyed. But due to the lateness of Motley's cotton crops, this practice is also impractical, according to Emmons.

They won't buy and anyone would be foolish to sell for money if we could. Yet on the other hand, it might be that for a few pennies or a dollar we do sell the opportunity of such. On the other hand it has recently been more than once demonstrated in our midst how one in a moment of time can bring permanent sorrow on himself, his family and many others besides.

So let's you and I try to scatter a little sunshine as we go along. For plenty of shadows will come across the trail of everyone, uninvited.

### Regional Meet of Scout Leaders on Wednesday

W. Ginn, local member of the executive board of the South Texas council, Boy Scouts of America, will attend an all day conference of lay leaders to be held at the Brook Hotel Nov. 6, according to announcement by O. M. Unger Scout executive of the local council. Other executive board members from the 20 counties served by the local Council, headed by Dr. F. Malone, president, will also attend. It was pointed out that the meeting, an annual affair which is interrupted by war-time travel restrictions, is being resumed at the Regional Chairman Homer Mitchell of Dallas, who is head of the Ninth Regional committee of Boy Scouts of America. Region includes all of Texas, Oklahoma, New Mexico and parts of Arkansas and Arizona. "In this series of four sectional meetings of the regional committee, we hope to stimulate a renewed sense of devotion to the cause of Scouting available to all", said Mr. Mitchell. "There are over 166,000 registered men and boys in our region alone, and we are men who are willing and able to make far-reaching plans to these boys. The purpose of these meetings is in part to meet

### Conservation District News

O. H. Huckabee, a new cooperator of the Floyd County Soil Conservation district, who lives nine miles north of Floydada in the Mules Conservation group, is constructing terraces on his farm this week. The County road machinery is being used to do the work. Soil Conservation Service technicians assigned to the District assisted in planning and laying out the system.

According to W. F. Ferguson chairman of the board of supervisors, Congressman George Mahon will meet with the board on Wednesday November 6. Mr. Ferguson explained that this would give the Floyd County Soil Conservation district an opportunity to make its needs and problems known as well as to acquaint our Congressman with the work the District has already done.

In their regular monthly meeting on October 22, the District supervisors approved applications for assistance in soil conservation work for the following: C. A. Mitchell Alvin Wilson, M. A. Boone and E. A. Baker.

New cooperators, whose conservation plans were approved by the supervisors and who will receive assistance from the District in carrying out the plans are: C. H. Jones Alvin Wilson, Claude Harris, Dennis Thorn, C. A. Mitchell, Henry Schacht, B. E. Harris and W. H. Baucum.

R. H. Crawford, district cooperator, who lives in the Dougherty Conservation group, maintains his terraces with the use of the one-way plow. By going around and around the terrace always throwing the dirt toward the top of the terrace he is able to replace soil which may have been plowed down during the year's normal operations. Mr. Crawford has recently completed this operation on the terraces in the south part of his farm.

Thomas Evans, a District cooperator of the South Floydada Conservation group has completed contour planting of 300 acres of wheat. The ground had previously been plowed twice with a Hoeme plow on the contour leaving the stubble on the surface. Mr. Evans stated that during the recent rains, practically no water left the field but was impounded from end to end in the contour furrows.

Several Center women were among those who attended the bridal shower given at the home of Mr. and Mrs. H. D. Meredith of the Liberty community last Thursday for Mr. and Mrs. H. C. Burke.

Mrs. J. D. Welborn and baby Joanne left Wednesday for Pampa where they are visiting for a week with her mother and other relatives.

Friday afternoon, Mr. and Mrs. Floyd Willis had the misfortune to lose most of their household goods in the fire that destroyed their home about two and a half miles south of the school house. None of the family were at home when the fire was discovered.

Roe Jones, who was hurt early Saturday morning when he fell from a moving one-way plow, was at last report, resting very well at the Floydada hospital.

Miss Floy Bell of Dimmitt was a guest Saturday night in the home of Mr. and Mrs. J. B. Jordan.

Miss Viola Golightly of Lamesa visited over the week-end with her parents, Mr. and Mrs. O. R. Golightly. Sunday afternoon visitors were Mr. and Mrs. L. D. Golightly and Mr. and Mrs. J. B. Jordan.

Mr. and Mrs. Clarence Ashton and children Francis and Bobby visited after Sunday School with her

## EDITORIAL

Probably the one thing everyone does more than any other is to talk and that is one thing which only a few can do properly. For this reason, every student should take a course in speech, which offers a great many advantages whether he plans to make some form of speaking his career or not. For no matter what one makes his life's work he will have to do a certain amount of talking and, by the way, who doesn't like to talk?

The speech course not only includes learning to speak in public but students in speech, also, learn to carry on interesting personal conversations, business interviews and telephone conversations. So this course will greatly benefit any student in F. H. S.

A lot of interest is being shown in the speech classes this year. About eighty students are enrolled in the three classes. We are looking forward to some very good plays from these classes. However, no more plays will be put on until after football season since there is such a little time to practice. One play has been presented to the public this year. The very interesting one act play, "Pink and Patches," was given at the Junior Jamboree. The characters in this play were Ruth Harmon, Gene Dale Jackson, Hazel Patton, and Beth Hinson. The classes are now reading two three-act plays—one a comedy, "Professor How Could You?" and the other a mystery, "The Night of January 16th." Also, the students are looking forward to and already preparing for the speech tournament in April.

Mrs. Graves always carries off top honors with her one act play and oratorical entries. She has not decided definitely which she will present this year, but we know that it will be a very good one. Also, she hopes to have entries in debating, declamation, and extemporaneous speaking.

"I do appreciate the interest shown in my classes and I hope it continues throughout the year. More students are always welcome," said Mrs. Graves in an interview recently.

## The Extra Hour

If there were twenty-five hours in a day instead of twenty-four what would you do in your extra hour?  
Miss Svepston—bake a cake, if I had the sugar.  
Claude Parrish—find a woman! (sounds like he's desperate—look out girls!)  
Sammy Hale—Ha-ha-ha.  
Miss Osborne—sleep! (too much night life!)  
Pep Leaders—learn some new yells.  
Bobby McGuire—say I'd like that! Another hour to read the sport page.  
Maxine Griffin—sleep. (another lazy one!)  
Leonard Grigsby—It's just according to where I was, what I was doing, and whom I was with.  
Tuff Hall—teach the pep squad some new plays.  
Mrs. Cardinal—go airplane riding, if I had an airplane.  
Bonnanell Fuqua—study English IV.  
Mrs. Graves—read Eugene O'Neill's new play, "The Ice Man".  
Dwina Glaszmoyer—Keep practicing football.  
Joy Childress—I should study Chemistry, but what I would do, Oh brother!  
Rene Thomas—with Charler around, are you kidding???

Doris Vinson—write Deryl a 10-page letter.  
Chick Lambert—play football.  
Buddy Amburn—take ballet lessons.  
Hazel Patton—run laps.  
De Quacker—get more filthy gossip so—why don't you kids help me??? Turn that gossip in!!!!

## FAST STUDENTS VISIT

Friday afternoon we welcomed several of the past students of Floydada High school. Those seen in the halls were Deane Walls, Ralph Womack, Melvin Robertson, Kenneth Rogers, Fred Lloyd, C. L. Berry and Bill DuBois.  
Dean is attending Texas A. and M. Ralph is in the Navy and is now stationed in Florida. Melvin, Kenneth, Fred, and C. L. are going to West Texas state, and Bill is living here in Floydada.  
We were very glad to have you boys! Keep coming back!

## Whirlwinds Slay Paducah Dragon

A very disappointed crowd at Paducah witnessed the Green Knights from Floydada massacre the Dragons to the tune of 40-0. The Whirlwinds ran wild scoring at will with Carmack, Hagood, and Womack totting the ball for six, six pointers. Bruce Womack added three conversions. Hagood ran wild scoring three times and also added other numerous runs.

Paducah received the kick off gained nothing, and their punt was blocked by Nixon and Womack. From there Hale completed a pass on the first play from scrimmage to Womack, then Hagood and Carmack drove for first downs to the 4 yard line. Carmack crossed for six and Bruce Womack added the point.

After the kick-off Paducah relinquished their hold on the ball. Hale, Hagood, and Jones reeled off first downs to start a second downfield drive. Hagood plunged across for his first T. D. Womack again split the uprights.

Floydada kicked to Paducah to end the first quarter of play leading 14-0.

After Paducah was held for four downs, Floydada took over. Immediately Hagood tore loose for over 70 yards to run up the score to 20-0. The conversion was wide.

Floydada recovered a Dragon punt on the kick off but after a fumble was stepped off against each side. Paducah regained the ball or a fumble. But a staunch Floydada line held and forced Sandlin to punt.

Jones got the "Winds a first down then Hagood went 60 yards to score. Womack added the point to add up the score at the half to 27-0.

Hagood returned the kickoff, then made a first down followed by a pass; Hale ran roughshod over the line to add his second tally. The 3rd quarter ended 33-0.

Early in the 4th quarter Womack climaxed a sustained drive of 90 yards scoring on an end around. The kick was good. This ended the game's scoring, and the score read 40-0, Floydada.

Here Floydada's reserves took over and made a very impressive show with Conner, Jarboe, May, and Parrish stopping the Dragon ball carriers cold. S. Hale, Womack, and B. Jones were no slouches, making considerable runs.

Boothe not to be outdone connected up on a 30 yard pass to White ending the game.  
BEAT LOCKNEY!

## Floydada to have its Powder Bowl

Not to be outdone by the Rose Bowl, Cotton Bowl, etc., Floydada will hold the "Powder Bowl" football game on Western field, November 22, at 8 P. M.—between the Pep Squad and the Band Girls!

This promises to be one of the outstanding ball games of the year and we are very fortunate in obtaining two first rate ball clubs. Neither team has been defeated this year.

Both teams are rapidly rounding into shape with daily work-outs "Coach" Haden has already started moaning the blues for his band girl "Slick Chicka." But promises to put up a whale of a fight before yielding to the larger Pep Squad "Coach" Harris was not available for a statement on his Pep squad team.

No folks—this isn't a joke—it's a real football game complete in every detail except that the girls will have to touch the ball carrier with both hands instead of tackling. There will even be a big Pep Rally on Thursday night before the game. This should be one of the best comedies of the year, plus some pretty good football.

Admission will be fifteen cents for grade school and thirty-five cents for high school students and adults. The proceeds are to be divided between the Band and Pep Squad.  
Don't Miss the Powder Bowl!!!!

## Lots of Fun Had At Junior Carnival

Lots of fun was had by all at the annual Junior Carnival Saturday night. It was held on the south side of the Courthouse lawn from six-thirty until nine o'clock. Each class had one booth, and the money made from it was for the benefit of their queen. Saturday night was the big night ending the race for the Floydada High school queen. Everyone was held in suspense until the coronation, which was held at the High School auditorium at ten o'clock.

The Freshman class chose a wheel of chance for their booth. Many prizes were given to the winners. This booth was well attended.

The Sophomore class pitched pennies and threw rings. For the latter, Hershey candy bars were given as prizes.

The Senior class had a hot-dog stand. This concession was very popular and undoubtedly brought in much money.

The Junior class used their bingo stand for their queen. They gave away many prizes. As an added attraction, they had a marriage license bureau, which drew many couples for mock marriages. Norma Carpenter was the fortune teller.

## DE QUACKER

This week I read the dope on the Smitherman-Burke romance.

And the Hinson-Amburn love affair. Also took my glance. I know just who broke up this time.

What old romances are returning. Which kids are oh, so much in love. And which are deeply yearning. And, as usual, it's all yours. To read'em all and weep. But of complaint or of remorse Don't let me hear a peep.

A letter was dropped in my little can to Mac Smitherman. It says: "Mac, I didn't know until yesterday afternoon why you're not speaking to me. Hazel said you told her Saturday night that I two-timed you and that you didn't intend to two-time me until I two-timed you. But if you didn't intend for me to two-time you, you never said anything about it. So how was I to know? And as for Hazel saying that you said you would see me Saturday night, I don't remember it. I don't know if what Hazel told me is so, maybe I'm sticking my neck out, but I would really like to know. Thanks, Val." Now will somebody please tell me how it turned out. . . . But no matter how it ended, it was a very interesting letter, don't you think?

A new romance is blooming between Billie Freeman and Richard Parrish. One of those old, but not forgotten romances is returning. Lou Ola Ewing was seen secretly giving Randall Warren notes in the 2nd period study hall. But Randall was seen with Arlene Beedy at the football game. What did Lou Ola think of that, Randall?

The romance that began at the first of school between Mava Smith and the boy from Ward School Tom Martin, is still going strong. Could it have been more serious than we thought?

Truitt Hartsell and Wilma Dyer are getting more out of A. History than just history lately. I'm afraid that they aren't getting too much out of history though, come to think of it.

Bobby Pumlee has his eye on a certain brunette in Algebra class. She is, of course, Ann Payne. But Ann has another beau, too. Bob Mooney thinks she's simply darling.

Doris Vinson has been seen with James Elliott quite a lot lately. Sunday night, Friday night, and Saturday night. What does Leonard think of that, Doris?

James Finley seems to have lost his technique. We hear that Rose has found another friend.

Billy Mooney and Annie Lou Hopper have discovered that they have a lot of things which simply must be discussed in history class. It must be very important. From what I hear it certainly is. I just heard they got married. There's something fishy around here.

Maybe having the same name (no relation, I believe) drew Austin and Callie Holmes together. Anyway something must have started what promises to be a beautiful friendship. But Austin doesn't just stay with one girl. Callie is fine but he wants a few more too. So he discovered the Lakeview girls. Two of them the same night it seems. First it was Maxine Thornton, then Joy Bunch. Like Lakeview, Austin!!!

What is wrong with Jeanne Battey these days? She seems to be floating on clouds, and her eyes are like stars. Must be love—and the only boy I know anything about is Edward Landers. Lucky guy.

Billie Joe Smith and Neil Reddy have been having one swell time on the bus from what I hear. Oh Brother!!!

Bruce has been down in the dumps lately. Says that none of the girls want to go with him. But we know different. Norma Jean Moore is one of the many who are just dying for a big hunk of man to give them a whirl. Cheer up, Bruce you have no cause to worry.

Wanda Faye and Ralph Langley get along very well, it seems. Such a pity she's engaged isn't it, Ralph?

Leroy Parrish has been making eyes at Gennell Norman in study lately so I hear. Just wait, there'll be a romance pretty soon.

What happened Sunday night Beth? Or maybe I'd better ask Thomas Wayne? I hear that he stood you up. Could that be right? But you must have forgiven him this time. At least I've seen you together since then. Don't be too easy on him now.

Oh, oh, Wilma Hamilton has competition for the love of Thomas Rucker. Evelyn Holder was in the show with him Wed. night. Who's going to win, Thomas?

Weims had a little trouble the other week. You see, he asked one fair lady (a senior) if he could take her home and of course she said yes. Then everybody got lost in the crowd and he ended up with Ruth Harmon. Don't you know better than that, Weims?

Arlen and Sammie have up a case but he must be bashful or something. You know, he doesn't feed her the line, etc., that most of these Floydada wolves specialize in. Better improve a little, Arlen.

Dwina, how's Charler? Or would you know? Don't think he's been seen around these parts lately.

She drew quite a crowd to have their fortunes told. The Juniors had a "bean jar." A black woolly dog was given to Marlene Foote for guessing the number of beans. Also, they had a throwing game. The boys who have a talent for throwing passes had a chance to win money prizes by throwing a football through a tire.

The carnival closed about 9:00 due to the crowd's winning all the prizes.

All the classes wish to express their thanks to the merchants who have given us their help and cooperation. We greatly appreciate your generosity in donating prizes and your votes for our candidates.

## Nita Patterson Crowned Queen

Nita Patterson, senior, queen, was crowned FHS queen of 1946-47 Saturday night at the high school auditorium.

The coronation ceremony began at 10 o'clock with Jean Cummings, queen of 1945-46, on the throne escorted by Pete McGee.

Claude Parrish, president of the Junior class, was master of ceremonies. Bugler was Gene Jackson.

The master of ceremonies and their escorts. Each couple entered from the back of the auditorium walking down the aisle to music played by Beth Hinson. They bowed before Queen Jean, then took their place on either side of the throne.

Queen Nita, escorted by King George, entered last behind the crown bearers, Julie Haden and Ronnie Harris. Mr. Graves crowned Nita, and she ascended the throne while the queen of '45-'46 took her place among the other attendants. Each of the attendants then decorated the throne with their nosegays.

The High school trio, Norma Carpenter, Ruthie Harmon, and Bobbie Medlen, sang, "The Desert Song," "Ted Lanham sang "Night and Day".

We are very proud of our queen and wish to thank each and every one who helped. All help for each queen was deeply appreciated.

## Band Surprises With Two Mascots

The band had a big surprise for the public to see last Friday night. The surprise was the two little mascots. They are Julia Haden and Ronnie Harris, and we are very proud of them. They looked very cute in their little green uniforms.

Friday night at the game, the band and the mascots, marched up the field, made a counter march and then made a half circle in front of the grandstands. We played "Cheering for the Whirlwinds" while June Powell did acrobatic stunts. Then the drum majorette gave the starting signal, and we got back into our regular formation. We played "Hail, Hail" and went off the field.

The two mascots did very well to keep up with us, but at the last were very tired. For next week's game we have something rather special worked out, so everybody come!

## Ag Boys Active

The F. P. A. and 4-H Achievement Hog Show was held Saturday. The boys had a very successful show. The grand champion barrow was shown by Billy Joe Hambricht. The auction sale started at 4:00 o'clock, and the business men bought some of the hogs. The grand champion which brought 40¢ per pound was a nice Hampshire. The reserve champion sold for 35¢ per pound; all of the others ranged from 26¢ per pound to 33¢.

Monday the boys had an insurance representative to come talk to them. He was Virgil F. Young, representing a Life Insurance company in which only people having something to do with agriculture may take out a policy, and it pays dividends on policies. Mr. Young will be back Thursday when he will fill out a policy for any of the boys who wish to take this policy.

## Pep Squad Final Fund Drive is On

The pep squad will have dogs, candy, cakes, coffee, pop, and gum to sell Friday night. As usual, everyone to buy from us will get a special prize. As usual, we'll be at the north of the football stadium so we'll give us some trade. We only do this game and one more at which we can sell and then make our final fund for the ball banquet.

The pep squad and band made Ronnie Harris and Julie Haden were in uniform last Friday night and we were very proud of them. By this Friday night we hope have their caps and batons.

The pep squad will march with the band at the half Friday night and make formations.

**Long Beach**

Oct. 25—Mrs. E. P. Thompson, a Floyd County pioneer, died at her home in Long Beach, California on Wednesday.

Services were held at the chapel in Long Beach Saturday at 11 a. m. with Rev. Harold Edson officiating. Interment was in the Westminster cemetery.

Thompson came to this section in 1890 and was a pioneer teacher in Floyd county. She lived at the old Roseland school about seven miles from Lockney, and this school was named for her.

Her maiden name was Roseland Ewing. She was married to E. P. Thompson in 1893. A Floyd county settler has since gone out of her name.

Mr. Thompson was born in 1823. His children include her two daughters, Mrs. R. Thompson and Mrs. Dick Thompson, and a number of sons.

Mrs. Rankin and her husband, attended the services at Long Beach. They returned home Tuesday.

**Road Possibilities**

Floyd county commissioners returned home last week hopeful and optimistic over the possibilities for market road developments of the period of the next year in this county.

Attending the Judge and commissioners association meeting in Paso the previous week-end, the commissioners had the opportunity of conferring with the members of the State Highway Commission in Austin Tuesday.

They returned home Wednesday night, especially do the commissioners believe that an adequate farm-to-market road program can be accomplished in this county if the highway department is given a signal on their road program.

The proposed highway fund amendment to the state constitution. The advantage lies in the fact that the commission can make plans and carry them out with certainty that road funds will not be diverted to other uses.

The party at El Paso and Austin Floyd county were Judge Grimes, Commissioner Brock, Plumlee and Calhoun and Lee Howard. They made the cross-country by automobile.

**HOSPITAL NOTES**

Navy Day, 1946, heralds a new step forward in the United States Navy's expansion of its electronic development program, which is designed to equip it as a Guardian in Peace, just as electronic progress has enabled it to emerge a Victor in War. The Bureau of Naval Personnel has announced that, beginning November 4, 1946, the basic course of Electronic Technicians' Mates and Aviation Electronic Technicians' Mates will be broadened from 29 to 42 weeks. There are more than 7,900 billets now open in these ratings. There are more than 2,700 different types of modern, complex electronic equipment aboard ships of the Fleet, in Navy planes and at shore stations. **Fishing Party Has Good Luck on Lake Mead, Boulder**

A Floyd county party of fishermen, who tried their luck on the upper reaches of the waters backed up by Boulder dam, returned home recently and reported excellent luck, and a good outing.

The party was composed of R. L. Nichols, James Lee Nichols, Dick Nickels, Lloyd Nelson and O. M. Watson, of Floydada, who were joined at Lake Mead by Claude Nichols of Williams, Arizona. They fished 100 miles northwest of Williams and got various kinds of fish, particularly bass. They were gone eight days, spending four days of the time on the lake.

**AMENDMENT No. 3 on Your November 5th Ballot:**

**What Does The Amendment Mean for Texas?**

- ★ Hard-surfaced farm roads to get the farmers out of the mud.
- ★ School buses running regularly regardless of weather.
- ★ Better rural mail service.
- ★ More jobs for Texas workmen.
- ★ More tourists for Texas.
- ★ Safer roads—fewer traffic deaths.
- ★ A wider distribution of manufactured products at less cost.
- ★ Increase in the value of rural property.

**Amendment No. 3**

**The Good Roads Amendment Guarantees:**

1. The use of motor vehicle registration fees and gasoline taxes for school and road purposes.
2. Constitutional allotment of one-fourth of the gasoline taxes to the schools.
3. Funds for securing the rights-of-way, construction, maintenance and policing of all public roadways.
4. Retirement of county and road district bonds.
5. Continuation of legal refunds on non-highway gasoline.
6. Present share of motor vehicle registration fees to counties.
7. THE ULTIMATE CONSTRUCTION OF AN ADEQUATE SYSTEM OF STATE AND FARM ROADS TO MEET THE NEEDS OF THE PEOPLE OF TEXAS.

"From my study of road building problems, as County Judge, Speaker of the House of Representatives, Lieutenant Governor, and Governor, I am convinced that the Good Roads Amendment should be adopted on November fifth."—Governor Coke R. Stevenson.

"The adoption of the Good Roads Amendment on November 5th will establish a sound financial policy upon which our road planning agencies may base their plans."—Beauford H. Jester, Democratic Nominee for Governor.

"It is my firm and considered belief, as a citizen and as Chairman of the Texas Highway Commission, that the passage of this Good Roads Amendment is to the best interest of all Texans, and for that reason, I am for it and advocate its passage."—John S. Redditt, Chairman, Texas Highway Commission.

## West Cites 12 Reasons Against Park Bond Issue

First, We already have two parks that are surplus property.  
Second, The \$25,000 issue is a rider high on the back of the \$85,000 bond issue. There is a real need now and for the future of this \$85,000 issue.  
Third, Extending our white way system is a need far more pressing than another park and would afford protection to our homes, properties and our citizens.

Fourth, \$25,000 spent on sidewalks and street crossings would make it possible for school children to go dry-footed and better able to do required work. Also office workers and church goers could be on time and be decent in appearance.

Fifth, Fully \$25,000 could be profitably spent on our street crossings. If you doubt this, try driving north and south across our town on any of our dirt streets. If it is wet and you expect to get across, engage a wrecker before you start.

Sixth, Leave this \$25,000 rider off and property owners can spend more on sewers, gardens, shades, water and flowers. Property values and public pride will be maintained.

Seventh, One tenth of this rider used on street markers mark our streets so even a stranger could find his way.

Eighth, With \$1,000 of this \$25,000 the city could drain the east and west streets north and south of the Baptist church, accommodating all forms of travel along the sidewalk and streets of South Main and South Wall when wet. No citizen with just a little bit of warmth in his nature would withhold from that "Morning Star," a just and needed support. Let's lend a hand.

Ninth, Many families have come here of their choice, others forced from the farms and have invested and yet owe to their limits to pay. An extra tax to put this rider in the saddle must not be voted on them by me. Thrifty home owners elevate our morals, our business enterprises, and our onward and upward march.

Tenth, The Bible, history, and experiences teaches me that the parents, the teachers in our schools and church teachers, with our city county, and state officers as a whole direct the minds and actions of our youth. So let those responsible direct us all after a due deliberation, for our acts live on after we pass.

Eleventh, There are hundreds with us who have no homes or hearth welcome where they stay. The GI's and helpless women and children need our part of this tax more than the rider.

Twelfth, Knowing our city officials as I do I am persuaded they are not acting on their best judgment knowing such a scheme can not be self-supporting and will pass into disuse long before it is paid out. So let us all vote for the best and all can rejoice together on and on.

I have been a worker for good in Floydada since 1902. I must not quit.

## Drive For Good Land Am'ndm't Vote Nov. 7th

AUSTIN, Texas, Oct.—Veteran organizations of Texas were in the midst of a full scale drive today to assure a good vote in the solo election on Veterans' Constitutional Land Amendment which was inadvertently set two days after the general election.

The American Legion, Veterans of Foreign Wars, the fighting 361st Division and other ex-servicemen's groups were pitching in to get out a substantial tide of ballots for the election which follows two days in the wake of the General Election of Tuesday, November 5.

The amendment on ratification will permit Texas veterans to select farm and ranch home lands from a list to approximately 10,000 tracts state-owned, in every sector of Texas, permitting purchase with small down payments on long term low interest rate notes.

## Sugar Stamps Nine and Ten Are Extended

WASHINGTON, Oct. 26—Housewives will have another 30 days to use their canning sugar stamps, the OPA announced tonight.

Instead of expiring at the end of this month, spare stamps number 9 and 10 will continue valid through November 30. Each is good for five pounds.

The action completes a series of moves designed to offset local and regional sugar shortages resulting from the maritime strike. Earlier this week arrangements were made to ship western beet sugar to the east.

The OPA announcement said tonight it had agreed to movement of "western beet sugar into eastern deficit areas in order" to permit housewives to receive their fair share of sugar.

The regular table sugar stamp spare number 51 in ration books remains good for five pounds until the end of this year.

## Rev. Strickland To Preach here Sunday

Rev. and Mrs. C. L. Hundley former pastors of the Assembly of God church, recently resigned their charge here and left Tuesday to enter temporary evangelistic work.

Rev. Hundley has been with the Floydada church since March, 1944 coming here from Snyder, Texas.

Rev. C. A. Strickland of Memphis, Texas, and sectional presbyter of the east central section of the West Texas district of the Assembly of God organization, will be the guest speaker here Sunday, November 3, due to the fact that another pastor has not as yet been secured.

## OIL FOR COLDS

We note that the army is experimenting with a new light-oil solution for spraying blankets and bed clothes in the hope that it will reduce respiratory diseases, colds, flu and the like.

Let's hope that these tests turn out to be a great success. The common cold causes more misery, costs more money in days lost, and upsets things generally more than all the more dreaded diseases combined.

Anything that reduces the incidence of colds will be a major benefit to mankind.

## HELP FOR HAY-FEVER VICTIMS

Here is a community enterprise of exceptional merit. The new weed killer, "2,4-D," sprayed on vacant lots and other areas where ragweed grows, it will kill the ragweed there by removing the cause of hay fever to the great majority of its victims. All hay fever sufferers and their friends who have to agonize with them in the autumn days before frost should join in a jihad against ragweed now that they have this new oil-based spray as a weapon.

## Santa Fe ..that's the System!

One shipper tells another: the way to get better on-time delivery of freight shipments to and from the West and Southwest is to ship Santa Fe.

Here are some of the reasons Santa Fe keeps freight service "on the advertised" (which is railroad language for "on-time performance"):

- ... world's largest fleet of freight diesel locomotives.
- ... more miles of double track than any other western road.
- ... more miles of Centralized Traffic Control, which enables freight trains to meet and pass non-stop.
- ... world's largest private telephone system, to keep shipments moving more swiftly.
- ... increased yard capacity, and improvements along the line, such as curve straightening, new bridges, longer sidings.

It all adds up to getting what you want where and when you want it, when you ship Santa Fe.

Ship Santa Fe all the way

**OF ELECTION FOR THE ISSUANCE OF BONDS**  
 STATE OF TEXAS,  
 COUNTY OF FLOYD,  
 CITY OF FLOYDADA.

**QUALIFIED VOTERS OF THE CITY OF FLOYDADA WHO OWN TAXABLE PROPERTY IN SAID CITY, AND HAVE DULY RENDERED THE SAME FOR TAXATION:**

NOTICE that an election will be held in the City of Floydada, on the 9th day of November, 1946, to determine whether or not the City Council of said City shall issue the bonds of said City, in the following amounts, for the following purposes, to-wit:

1. \$85,000.00 Revenue Bonds for the purpose of improving, enlarging, extending and repairing of the City's Waterworks System and the City's Sanitary Sewer System in and for said City of Floydada, Texas;

2. \$25,000.00 General obligation bonds, for the purpose of acquiring and improving a Park in and for said City of Floydada, Texas.

The above motion carried by the following vote: Aldermen White, Oden, Lanier, Hale and McBrien voting "AYE", and none voting "NO".

AND, THEREUPON, Alderman J. W. Lanier introduced an order calling an election, for the purpose of submitting the propositions to a vote of the qualified property taxpayers of said City, and moved the passage and adoption of such order. The motion was seconded by Alderman Walton Hale.

**THE MOTION**, carrying with it the passage and adoption of the election order, prevailed by the following vote: Aldermen White, Oden, Lanier, Hale, and McBrien voting "AYE"; and none voting "NO".

The election order is as follows: WHEREAS, the City Council of the City of Floydada, Texas, deems it advisable and to the best interests of the City that the revenue bonds of said City shall be issued to the amount of \$85,000.00, for the purpose hereinabove stated, and that there is a necessity for the issuance of said bonds; and

WHEREAS, there came on to be considered the petition of Edd Johnson and 102 others, asking that this Council order an election upon the issuance of general obligation bonds of said City to the amount of \$25,000.00 for the purpose of acquiring and improving a park in and for said city; and

WHEREAS, the City Council deems it advisable to order such election; therefore,

**BE IT ORDERED BY THE CITY COUNCIL OF THE CITY OF FLOYDADA, TEXAS:**

I. That an election be held on the 9th day of November, 1946, which date is not less than fifteen (15) nor more than thirty (30) days from the date of the adoption of this order, at which election the following propositions shall be submitted to the qualified electors who own taxable property in said City, and who have duly rendered the same for taxation, for their action thereupon:

**PROPOSITION NUMBER 1**  
 "SHALL the City Council of the City of Floydada, Texas, be authorized to issue the revenue bonds of said City in the principal sum of Eighty Five Thousand Dollars (\$85,000.00), maturing serially over a period of years not to exceed twenty (20) years from the date thereof, bearing interest at a rate not to exceed THREE AND ONE-HALF PER CENTUM (3 1/2%) per annum, for the purpose of improving, enlarging, extending and

repairing the City's Waterworks System and the City's Sanitary Sewer System in and for said City of Floydada, Texas, as authorized by the General Laws of the State of Texas, particularly Articles 1111 et seq., Revised Civil Statutes of 1925, as amended; said bonds to be special obligations of the City of Floydada, Texas, payable as to both principal and interest from and secured by an exclusive first lien on and pledge of the revenues of the City's Waterworks System and the City's Sanitary Sewer System, after deduction of the reasonable expenses of operating and maintaining said Waterworks and Sewer System, as said expenses are defined by statute?"

**PROPOSITION NUMBER 2**  
 "SHALL the City Council of the City of Floydada, Texas, be authorized to issue the general obligation tax bonds of said City, in the principal sum of TWENTY FIVE THOUSAND DOLLARS (\$25,000.00), maturing serially over a period of years not to exceed thirty (30) years from the date thereof, bearing interest at a rate not to exceed THREE AND ONE-HALF PER CENTUM (3 1/2%) per annum, for the purpose of acquiring and improving a Park in and for said City, and to provide for the payment of principal of and interest on said bonds by levying a tax sufficient to pay the annual interest and to create a sinking fund sufficient to redeem said bonds as they become due?"

II. In no event shall the issuance of bonds for one of the aforesaid propositions or purposes be dependent upon the authorization or issuance of bonds for the other proposition or purpose, it being the intent hereof to provide for the creation of two (2) bond debts, each separate and independent of the other.

III. In event the said revenue bonds are authorized to be issued by a majority vote of the qualified electors of said City, voting at said election, and the same are issued and sold, the holder or holders of such revenue bonds shall never have the right to demand payment therefrom of any funds raised or to be raised by taxation; and each bond issued or executed in pursuance of such election, shall contain this clause: "The holder hereof shall never have the right to demand payment of this obligation out of any funds raised or to be raised by taxation."

IV. Said election shall be held at the City Hall in the City of Floydada, Texas, and the following named persons are hereby appointed officers of the election, to-wit: J. G. Wood, Presiding Judge, E. P. Nelson, Judge, Mrs. C. K. Arnold, Clerk, Mrs. E. P. Nelson, Clerk.

V. That said election shall be held

under the provisions of and in accordance with the laws governing the issuance of municipal bonds in cities, as provided in the General Laws of the State of Texas; and only qualified electors who own taxable property in the City, and who have duly rendered the same for taxation, shall be qualified to vote.

VI. That the ballots of said election shall have written or printed thereon the following:

**OFFICIAL BALLOT**  
 "FOR THE ISSUANCE OF WATERWORKS AND SEWER SYSTEM REVENUE BONDS AND THE PLEDGING OF THE REVENUES OF SAID SYSTEM TO THE PAYMENT THEREOF"  
 "AGAINST THE ISSUANCE OF WATERWORKS AND SEWER SYSTEM REVENUE BONDS AND THE PLEDGING OF THE REVENUES OF SAID SYSTEM TO THE PAYMENT THEREOF"  
 "FOR THE ISSUANCE OF PARK BONDS AND THE LEVY OF A TAX IN PAYMENT THEREOF"  
 "AGAINST THE ISSUANCE OF PARK BONDS AND THE LEVY OF A TAX IN PAYMENT THEREOF"

As to each of the foregoing propositions, each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his or her vote on the two propositions, respectively.

VII. That a copy of this order, signed by the Mayor of said City and attested by the City Secretary, shall serve as proper notice of said election.

VIII.

That said notice of said election shall be given by posting and publication of a copy of this order, at the top of which shall appear the words: "NOTICE OF ELECTION FOR THE ISSUANCE OF BONDS." Said notice shall be posted at the CITY HALL, and at two other public places in said City, not less than fourteen (14) days prior to the date on which said election is to be held, and be published on the same day in each of two successive weeks in the Floyd County Hesperian, a newspaper of general circulation in the City of Floydada, the first of said publications to be made not less than fourteen (14) days prior to the date set for said election.

PASSED AND APPROVED, this the 14th day of October, 1946.

F. C. HARMON  
 Mayor, City of Floydada, Texas.

**Forces of Attraction Keep a Comet in its Course...**

**and OIL-PLATE Your Engine!**

**BASIC** forces of attraction and repulsion keep a comet in its course around the sun. By ceaseless study of the molecular attraction between liquids and solids, Conoco engineers are able to bring America's motorists new and better oils.

For example, under the laws of molecular attraction, a special ingredient in Conoco N<sup>th</sup> motor oil is attracted to working surfaces of your engine. So strong is this attraction that cylinder walls and other parts are OIL-PLATED.

And because molecular attraction holds OIL-PLATING up where it belongs... prevents it from all draining down to the crankcase, even overnight... you get these benefits:

- added protection when your engine starts up
- added protection from corrosive action
- added protection from wear that leads to fouling sludge and carbon
- added smooth, silent miles

That's why to OIL-PLATE now... at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company

night of November 15.  
 Even with three stand out first string men out of play on grounds of ineligibility the Crosbyton Chiefs are a threat to the aspirations of the Whirlwinds of 1946 to go up against Spur undefeated. And a game between the Lockney Longhorns and the Floydada Whirlwinds can never be called decided until the whistle blows in the last quarter. The Whirlwinds defeated the lame Ralls Jackrabbits more decisively than Matador beat them last week and the Winds should take their Matador game on November 8 here.  
**Whirlwind Line Improves**  
 The Whirlwinds found a new seat in their backfield last Friday night against Paducah, when Kelley Hagood scampered with the ball while Carmack favored his game leg, calling himself to carry the pigskin only enough to be kept limbered up. Coach Gresham has been trying to get Hagood to do what he did Friday night ever since the season opened, and it seems the young man has found out how it is done.
