Training Here Begins on Nov. 15

Temperature To Drop Two Wednesday

The State Veterans approving committee has just reported that the Veterans' Training School for Floyd county has been approved said school Superintendent I. T. Graves yesterday morning.

This will give an opportunity for all of the veterans of this county to receive training in vocational agriculture and also trades and industrial education and distributive education just as soon as enough enroll and a teacher may be secured in these fields.

The teacher for the vocational agriculture has already been appointed and the classes will begin in this work just as soon as the preliminary steps may be taken for enrolling," announced Mr. Graves.

Procedure for Enrollment

In order for a veteran to receive subsistence allowance which is \$85 per month for single veterans and \$90 per month for those who have one or more dependents, it is necessary to fill out Form 16-40782-2 which may be secured from Darnell Ayres, County Service officer, whose office is in the First National Bank building. It is also necessary to have a certified copy of discharge marriage license, if married and form 686-C from the county service officer. Those that have not done this should do so at once, as this is essential to be approved for subsistence.

"The purpose of this course is to give immediate practical, rather than academic and theoretical help to those who desire such training. Due to rapid progress in agriculture, business, and industry, it is believed that the proper training will be of great assistance to this county," added Mr. Graves.

The first course that is to be taught will permit any one taking it to have farm management, food preservation and other work pertaining to agriculture.

Other Schools Visioned

Since we have over 1200 veterans in Floyd county, it is believed that there will also be enough interest in Floyd county, it is believed that there will also be enough interest in trades and industry to have school in these fields, too. These were approved with the Vocational Agriculture.

Those who are interested should report at the Floydada High school building within the next few days as the first school will start the 15th of November, Mr. Graves said.

The Floydada Board of education has given permission for the Vocational department to be used at night to help with this program.

The agriculture class is to be taught by Ralph Johnston, who was recently promoted to the rank of major in the Army reserve. Mr. Johnston graduated from Texas Tech, where he majored in agriculture.

A Help Giving Two City Babies

Chief of the Floyd department, thinks the iron needed by Floyd county this year, has fully justified the amount spent on it, although it has been needed little Floyd county resident.

Rodgers saw two pretty boys, one of them playing up in the hills of Plainview whose lives have been saved, so the doctors said on the road to recovery. He wanted to the polo center, a definite part in their recovery.

A few days, Rodgers said that will claim their iron while a little New Mexico, about 5, with blond curls around with little or no the effects of polio. She the lung's help during her provided by Floyd county and the Floydada fire chief said the investment is worthwhile especially since it is still serve others who may need similar time.

J. D. Carr Rites Tuesday Afternoon

Baptist Set November 24 Home-Coming, House Warming Date

Sunday, November 24, will be a big day in the annals of the First Baptist church of Floydada, when the congregation is planning for a home-coming and house warming in the beautiful new auditorium of the church.

The day will begin at 9:45, lunch will be served at noon and the day given over to an outstanding program of devotion and re-union.

The church is making up lists of former members who will be sent invitations to join the congregation in one of the biggest events of its history.

Finishing touches on the fine new edifice are being made and it is anticipated everything will be in readiness after many months of effort punctuated with disappointments incident to material and manpower shortage.

Tax Reallocation Gets Approval of Voters Tuesday

With 17 out of 22 precincts reporting up to 4 o'clock yesterday, it was evident that the plea of the Commissioners court for permission of the electorate to re-allocate taxes in Floyd county for the next six years had overwhelmed approval.

Although the total vote cast in the election was only 20 per cent of the county's estimated strength, the percentage of those who did vote in favor of the change was more than five to one. Seventeen boxes including four of Floydada and one at Lockney gave:

For re-allocation 496 votes;
Against re-allocation 96 votes.

The commissioners court, faced with heavily increased expenses asked for the plan to be adopted to make it possible to operate without getting the general fund and the road and bridge funds further into debt and at the same time avoid a raise in valuations.

The court indicated in their prediction statements that they expected to be able to weather the financial tension of the foreseeable future without increasing valuations if the taxpayers would give them leeway for changes which in the court's view needed to be made.

Taxes and tax levy for the current year will not be effected, the re-allocation becoming effective with renditions for the 1947 loans.

Baby Is Victim of Cyanide Poison

Last rites for Ronald Eugene Gilly, 2, victim of cyanide gas poisoning, were read Friday afternoon at 3 o'clock at the First Methodist church with Rev. H. E. Smith of Cedar Hill and Rev. Olan Beauchamp of Lockney, officiating. Interment was made in the Floydada Cemetery.

Ronald Eugene was at the home of his uncle, Clifton Gilly, at the time he consumed the poisoning. It is not known whether he drank the cyanide or was killed from the fumes. He died within thirty minutes after reaching the Floydada hospital.

Survivors include his parents, Mr. and Mrs. Eugene Gilly; grandparent, Mr. and Mrs. J. V. Gilly, Mrs. R. A. Hill of Amarillo and Jess Patterson of Floydada; great grandmothers, Mrs. R. F. Luttrell and Mrs. Flora Patterson; two aunts, Mrs. Claude Hammett and Mrs. Oscar Hammett; three uncles, Lucius Hill Clifton and Carlee Gilly, eight great aunts and two great uncles.

Palbearers were Truman Dillard, Gerald Lackey, Jack Yeary and Jack Stansell.

A double barreled election set for Saturday of this week in Floydada when the citizens will pass upon two proposed bond issues, will be the first debt-creating proposals to come up for consideration in the municipality since 1938.

Of the two propositions the first is an issue of \$85,000 in revenue bonds for the payment of which the income from waterworks and sewer systems would be pledged, the other a \$25,000 issue for which a general tax pledge would be made.

Little opposition has been indicated against the \$85,000 issue, the generally expressed opinion being that stress the water system has become so serious "the council will have to do something about it" Already the city authorities had had a well drilled under contract This well, indicated as an excellent one, will be tied into the city system at a cost of several thousand dollars. Other funds provided by the issue, it is carried, is indicated by the council as to be spent for added storage waterworks and sewer line extensions and betterments. An engineer's estimate puts the cost of the contemplated improvements at about the figure the bond issue will provide. Apparently this is to have an overwhelming majority Saturday. Otherwise a crisis, even a breakdown from overload, is due to come next summer in the view of the council, a viewpoint shared largely by taxpayers, if sentiment is correctly interpreted in this newspaper office.

With no more water and make-shift extensions the demand made on the waterworks department has practically doubled. The bond market is not so good, practically all materials needed are at an all-time high on the market and pipe scarce but no relief is seen in the predictable future in the pinch and the citizens apparently share the view of the council that the community must make haste in the emergency at whatever cost. Revenue bonds of the waterworks and sewer systems will be issued if the taxpayers give their approval Saturday.

Swimming Pool Urged

The vote on the proposal to put in a municipal swimming pool is one on which there is some division and the outcome of the vote on this issue is not so clearly foreseen as on the waterworks and sewer bond vote. The plan is being urged by Mayor Frank C. Harmon, and is one of the projects which the Floydada Lions club composed largely of younger business men, is sponsoring. Edd Johnson, president of the club, and others are strongly supporting the measure as a forward move for the community, to provide more recreation.

PLAINVIEW, Nov. 4.—Stanford Oil & Gas company's No. 1 Fisher in section 5, block CL, ELRR survey 5 miles northwest of Petersburg, was spudded in last week-end and surface pipe set. To feature oil developments in Hale county last week.

Pure Oil Company No. 1 Preston in section 12, block DT, HE & WT survey, topped the pay at 5.49c and is now rigging up a reverse circulation unit to drill in, having set 5 1/2 inch casing at 5,489 feet.

Finance Drive For Scouts Near Finish

With \$508 in hand the annual finance drive for Boy Scouting in Floydada is practically finished, said Guy Ginn of the campaign committee yesterday.

A few people who have not been contacted will be seen this week and the drive completed, Ginn said.

Lions Find Place For Club Meetings

Floydada Lions club, comprised of more than 40 business men of the community, who have been holding their meetings under some difficulty, are on the beam now with a good meeting place where they can be served luncheon.

Their luncheon will be served at Andrews Ward cafeteria. The date is tonight (Thursday) and the meeting 7:30. Ed Johnson, president, asks all Lions to be present promptly, and points to important business matters coming up for club consideration.

CARLETON FAWVER HOME

T/5 Carleton Fawver arrived home Wednesday, October 30, after receiving his discharge at Fort Sam Houston, San Antonio. Carleton had just returned from overseas where he was last stationed at Yokohama, Japan, with the Army Engineers. He entered the service in February of 1945.

During his absence, his wife the former Louise Ely, has made her home in Floydada.

Gray Eagle run Down by Landers Had Wing Spread of Seven Feet

A gray eagle with a wing spread of nearly seven feet which has been living off residents of the Fairview and neighboring communities for the past few years, was finally taken in one day last week.

Leon Landers caught the bird of prey gorged on lamb meat in a pasture adjacent to E. B. Chesnut's home and ran him down with his car after a chase of several minutes back and forth across the turf.

The eagle had been giving sheep growers trouble as far north as Cedar hill and beyond. Even in death the bird was vicious looking. His claws had a spread of seven inches. He had pinched many a lamb to death with the huge talons said Landers and others in the neighborhood, who were proud the bird of prey had been put out of business finally. Another eagle almost as big is still at large in the area, they said.

Congressman George Mahon of the 19th district spent yesterday in Floydada, giving the morning over principally to visits around town and at the high school where he talked to the student body.

In the afternoon he spent several hours with officials of the Floyd County Soil Conservation district and other farm leaders of the county.

At the noon-day luncheon he addressed Floydada Rotary club.

Voters Here Ok Two Am'ndm'ts Turn Down One

Although press reports indicate that all three state constitutional amendments proposed had weathered the storm of voting in Tuesday's election, the proposal for the state pension system for officers and employees of the State of Texas lost in Floyd county by a majority which almost reached two to one.

While the John Tarleton appropriation amendment was carrying 462 to 130 with 17 precincts reporting, and the road fund amendment had a majority of more than five to one—506 for and 93 against—the pension amendment was turned down by the same voters 343 against to 241 for.

Less Than One Thousand

The five boxes which had not made returns to Wednesday afternoon at 4 o'clock were West Lockney, Aiken, Providence, Goodnight and Starkey. With 699 votes accounted for it appeared certain the total vote in the county will hardly reach the thousand mark.

The Democrats, as was expected walked away with the vote in this county. Of the total of 669 votes accounted for in the governor's race Jester had 644, Nolte Republican 25. Senator Connally received 629 votes, Selis 29.

A report on the vote of the county by precinct in the two major races, together with the amendment vote Tuesday and Thursday, will be given next week by The Hesperian.

Trickle of Votes In Vet Election

Last night it appeared there would be only a trickle of votes in the Veterans' Land Amendment election in Floyd county today.

Generally looked upon as a "good thing" the amendment has no expressed opposition to mention. Accordingly it is indicated that many will take for granted the amendment will carry and only those who find it convenient will cast a ballot.

The amendment would create a revolving fund with which a state board, headed by the Commissioner of the General Land office may buy land and re-sell it to veterans who want to take up farming or ranching.

Willis Shower Tonight

The date for the public shower at the Center school house for the Floyd Willis family whose home recently burned, was inaccurately printed in the last issue of the paper. The correct date is Thursday (tonight) November 7.

Everyone is invited to come. Any articles of clothing or household goods as well as cash donations will be appreciated.

SOMETHING ELSE IN LIFE

(By Boyce House)
There are some people whose first question, when any proposal is advanced, is:
What is there in it for me?
These people do not believe that a man will do anything unless he expects to reap a financial benefit for himself.

And yet you know of parents who sacrifice for their children—preachers content to make a bare living in order to preach Jesus Christ and Him crucified—teachers who go on teaching when they could make more money in something else—because they love to teach.

Some of the finest "breaks" I've ever received came because some friend perceived an opportunity and thought of me as the man for the opening. That was a disinterested act, a service rendered to a friend.

When you do something generous and unselfish, you do get something out of it; you get the satisfaction of doing something for others.

Back when I was a newspaper reporter, I attended two funerals on successive afternoons. One was the funeral of a financier and theatrical producer. He had made millions but he had forgotten to make friends. There was not a moist eye at the service.

The other funeral was that of a school janitor. They held the service in the school auditorium; it was felt that the scene of his labors should be the place where the last rites for him should be held—besides there was not a church in the community big enough to hold all who wanted to attend.

He had been hard-working, honest, honorable, quiet, unpretentious. The teachers respected him. The students and all the thousands who had been students during the many years he had served, loved him. Three ministers took part in the service; all three had tears in their eyes as they spoke.

Mrs. Ardis Ratjen, who is employed in Lubbock, spent the week-end with her parents, Mr. and Mrs. Bob Ratjen.

Floyd County 14 Years Ago

These news items taken from the Floyd County Hesperian published 14 years ago.

(Issue of November 10, 1932)
Frank P. Henry, former judge of Floyd County, former mayor and postmaster of Floydada, and longtime resident of the county, succumbed Sunday morning at 5:30 o'clock at his home 101 North First Street, after an illness of five weeks. He was 71 years of age.

Boasting one of the strongest aggregations in history, the Floydada Whirlwinds will roar into the Longhorn corral at Lockney Friday for the annual Armistice Day battle of a gridiron feud of long standing. The game is scheduled to start at 2:30 o'clock and will draw hundreds of football enthusiasts from this section.

Right-of-way for Proposed Road Sought

MATADOR, Nov. 1—An attempt to purchase the remaining east end of rights-of-way on the Flomot farm-to-market road, will be made at 10 a. m. today at a meeting of the county's commissioner's court, according to W. R. Cammack, county judge.

Four Flomot residents, owners of property needed to complete right of way purchase have been invited to attend the meeting, Judge Cammack said.

The property owners are Wade Martin Jr., O. D. Calvert, Wilburn Barton and Mrs. Carrie George.

The proposed road will break from Highway 18 on the Wilburn Barton property north of Matador and thence to Flomot. There will be a two mile "jog" in the road from Flomot.

Floyd County's part of the road building will connect with the Motley county road from Lockney, Judge Cammack said.

Polio Victim Gives Birth to Daughter

San Antonio, Oct. 28—Mrs. Dorothy Crutcher, 28-year-old victim of infantile paralysis, gave birth today to a six-pound baby girl in the police ward of the San Antonio City -County hospital.

Doctors who removed the young mother from an iron lung respirator to deliver the child said both Mrs. Crutcher and her new daughter were doing nicely.

It was the first birth recorded in the police ward and doctors said they didn't use special equipment— including a tiny oxygen mask— made ready for the arrival of the child.

The little girl was named Sheryllyn Kay Crutcher. The mother was returned to the iron lung immediately after the birth. Mrs. Crutcher, wife of Riland Crutcher, Jr., of a San Antonio men's furnishing store, was admitted to the hospital on September 21. She was the city's 100th polio patient during the summer outbreak of the dread disease and Sheryllyn Kay is her third child.

Mrs. Crutcher, the former Dorothy Snell, is the niece of Will Snell of Floydada. She has visited in his home here several times.

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.
Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.
No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

ties of the Department of the Interior and through those channels has arranged for Floyd county's trapper, Tom Sparks, to assist Lewis McDonald, Metley's trapper, in an extensive trapping and poisoning campaign against coyotes.

Since the scare began, one livestock death, that of a hog of the Ben Keltz farm, has been attributed to rabies infection. Another dog belonging to trapper McDonald, has died, although Mrs. McDonald expressed her belief that causes other than rabies caused the death. She said that just prior to the hound's death, he had caught and held a coyote while she killed the predatory animal.

BACK IN THE STATES
Louie Gee, son of Mr. and Mrs. Ed Gee, who has been in the Army of occupation in Germany since the close of the war, is back in the state and is due to reach home sometime this week-end.

In the service for five years, Louie has been overseas for the past three years. He made his last visit home four years ago. He is in the Army Air corps.

Funeral Thursday for Father of Mrs. Hart at Clovis

Funeral services for T. K. Stephens 74, father of Mrs. Fay Hart of Floydada, were held in Clovis, New Mexico October 24 at 2 o'clock at the Steed's Funeral Chapel. Rev. J. W. Harrison officiated. Interment was made in the Mission Garden of Memories cemetery with Steed's Funeral home in charge of the arrangements.

Mr. Stephens passed away at the Clovis memorial hospital at 3:30 o'clock October 22 following an illness of two weeks. He had been a member of the Baptist church since the age of 22.

Mr. Stephens was born in Alabama February 6, 1872 and was reared there and in Georgia. He was married to Miss Manila Jane Crow in 1894 and the family moved to Texas in 1907.

Survivors include his wife, two sons and six daughters, Tom Stephens and Mrs. H. A. Williams of Fort Air, New Mexico, H. A. Stephens and Mrs. J. F. Hendricks of Clovis, New Mexico, Mrs. G. W. Matlock of Fort Worth, Mrs. M. D. Rexrode of Dallas, Mrs. Monroe Gibson of Turkey and Mrs. Fay Hart of Floydada. All the children were present for the last rites.

Gun Shot Victim Continues Gain

Gerald B. James, son of Mr. and Mrs. C. S. James of the Cedar Hill community, is at his home recovering from a gun shot wound received Sunday afternoon of last week when a gun was accidentally discharged in the car in which James was riding.

James, along with James Eldon Wigginton and another boy, whose name was not available were rabbit hunting in the Wigginton car at the time of the accident. James and Wigginton were riding in the front seat, as the bullet was discharged from the back seat and entered James' back coming out under his arm.

J. B. Wigginton, father of James Eldon, came with the boys to the hospital. At latest reports, James is recovering satisfactorily.

Mr. and Mrs. Roy Nabors and children and Mrs. N. Nabors, of DeLeon, Texas, were here the latter part of last week, guests in the homes of Mr. and Mrs. P. Q. Haney Mr. and Mrs. Fred Nabors, and Mr. and Mrs. Gerald Cardinal.

Mr. and Mrs. Lovell Jones returned last week from a trip down-state. At Waco they spent the week-end with their daughter, Lovene, who is a freshman student at Baylor University, and enroute home attended to business in Fort Worth.

GERM PLASM FOR FARM HERDS

Bulls bred by the Bureau of Dairy Industry in its experimental herds at Beltsville, Md., and at its several other field stations, are contributing their good germ plasm to the improvement of the Nation's dairy cattle, says the U. S. Department of Agriculture. This comes through their service in herds owned by institutions and by individual farmers who cooperate in proving the young bulls.

In the last 3 years 50 Beltsville-bred bulls and 6 bulls bred at the other stations have been selected for use in artificial breeding associations. Thirty-nine of these bulls are in active service at the present time and, at a conservative estimate of 500 cows to each bull, they will sire nearly 20,000 calves this year. Beltsville-bred bulls have already sired more than 12,000 calves in the New York State Artificial Breeders' Cooperative Association alone.

Also on loan at present to individual farmers, institutions, and cooperative breeding organizations are 77 Holstein bulls, 37 Jersey bulls and 27 Red Dane bulls from the Beltsville herds and about 150 Holstein and Jersey bulls from the other field stations. The kind of germ plasm that farmers can expect by cooperating with the Bureau in proving young bulls from its experimental herds is indicated by the results obtained with 332 bulls from 7 Bureau stations that have already been proved. These 332 bulls sired 4,619 daughters with a mature-equivalent average production of 10,914 pounds of milk and 426 pounds of butterfat. Most of these cows were milked and tested under Dairy Herd Improvement Association conditions. These daughters produced 690 pounds more milk and 30 pounds more butterfat on the average than their dams. Approximately 30 percent of the 332 bulls sired daughters that average better than their dams.

Hesperian Included In Newspaper List For U of T Study

AUSTIN, Texas, Oct.—The Hesperian has been selected for use by journalism classes at the University of Texas in comparative studies of representative newspapers of the Southwest.

Each issue of The Hesperian will be placed in the new Journalism library, which is used by the 575 individuals now taking work in the Department of Journalism.

Interest in the newspapers of the smaller cities and towns has been increased this semester through a new course, "The Small-City Newspaper," taught by Prof. Olin E. Hinkle.

Selected newspapers received by the new library include thirty-five Texas dailies and almost as many weeklies, twelve out-of-state dailies ten out-of-state weeklies. The London Times, and the London Express. Also available are many trade publications.

Librarian in charge is Charles C. Sansom, World War II veteran who joined the staff of the main library in 1939.

PRETTY FAIR TURNIP

Last week the Hesperian received a nice turnip as a present from D. A. Senn who lives northwest of Floydada a mile and a half. It was a 34-inch specimen.

Planted the first Monday in August, the turnip had been growing only eight weeks, but it was so large it represented a boarding house full of people.

The family of Tate Fry take this means of acknowledging our appreciation of the expressions of sympathy during our recent period of bereavement.

WEST HAS MORE TO SAY ABOUT SWIMMING POOL

I SUGGEST: That we vote against the \$25,000 bond issue because it places a 30 year mortgage on all our Floydada property.

That the 102 petitioners donate \$1,000 each for purchasing a park putting down a well, building a swimming pool and such needed additions as would add to our morals;

That the 102 be allowed to solicit subscriptions to purchase heating facilities sufficient to make the pool usable for at least five months each year;

That John L. West be privileged to secure means to construct a peep-proof wall 102 inches high around the pool and a wall 102 inches high dividing the pool into two equal apartments, one inclusively for each sex;

\$102,000 would double the size of a \$25,000 pool, besides in 1950, when the pool has been outmoded, we could sell or use the pool for an aquarium, sell bull frogs and turtles for meat, keep strange water animals to show to our Plains school children and in this way let it be sustaining and educational;

Our state laws forbid nakedness on our streets, then why should our city license nakedness when the state forbids. Now 102, I am not wanting to reject YOU, but I do REJECT your method.

A co-laborer for good, John L. West.

ATTENDS CHEVROLET POLICY MEETING HELD IN HOUSTON

As A Farm Woman Thinks
 By Nellie Witt Spikes
 This is a gray, gray, Monday morning. Thin wisps of rain veil the fields, pastures and trees, which are still green. Reports of snow close by come over the radio and we shiver with the thoughts of winter which we hoped would be delayed for several weeks at least.
 Margaret Neil and I picked up the pecans Saturday. Pecans are the last fruit trees we shall gather this season. Mulberries, sweet and cloying, were the first. Then came the red cherries, sweet-sour. We carefully pulled the orange apricots and gloated over the couple of gallons. A tree of peaches, ripe red canyon plums, purple grapes, each in their turn gave us gladness and delicious eating. Deep blue balls hung from the blue damson, more peaches, till the trees hung yellow and red and gold. Yellow pears hung thick on the stubby limbs of the old, old tree and now the last, the brown pecans. I must not forget the trees that only gave beauty. The weeping wands of the giant willow, the ferny fronds and pink sweet blossoms of the mimosa. The cotton wood leaves fanned our flushed faces and whispered secrets to us. We could almost hear the tinkle of the tiny white bells of the persimmons which did not make fruit. We watched with delight the rapid growth of the box elders whose ancestors made shade and coolness for the Quakers at Estacado. The ash trees in front of the house made a shady place for the children's swing and the chairs for the grownups. The pussy willow trees that now already the buds are large and red. And I must not forget the tall slender poplar and the thorny locusts, the black and the honey trees.
 This has been a glorious year in many respects. True we did not make the summer crop we worked so hard but perhaps we are more thankful over the fall crop the good Lord granted us.

"Are not five sparrows sold for two farthings, and not one of them is forgotten before God?" These words of Luke came to my mind as I watched the sparrows one day in Floydada as I sat waiting in the car for Wilma and Lois to do some shopping. There on the hard concrete of the streets, the sparrows were busily eating. Wheat and maize seeds had pushed and trallors. One family of sparrows was eating on the floor of a truck which had been emptied and grains hung in the cracks of the floor. A child dropped a handful of crushed cookies, a grocer swept out crumbs. The sparrows were being fed where there was nothing being grown. I watched one sparrow intent on building a nest in the hole where a crank had worn and torn a large place in the front of an old car. The sparrow went in with a straw, put it down and saw it fall on to the ground. He flew down and got it again and again. Once in awhile a straw would stay, but most of them fell to the ground, but the sparrow was persistent. I left before the nest was made, but perhaps the car left also.

Thoughts for the week from the writings of Fyodor Dostoyevsky born in 1821, died in 1881.
 "Be not forgetful of prayer. Every time you pray, if your prayer is sincere, there will be a new feeling and new meaning in it, which will give you fresh courage, and you will understand that prayer is education."
 "Love all God's creation, the whole and every grain of sand in it. Love every leaf, every ray of God's light. Love the animals, love the plants, love everything. If you love everything, you will perceive the divine mystery in things. Once you perceive it, you will begin to comprehend it better every day. And you will come at last to love the whole world with an all-embracing love."

MAKES COFFEE TASTE MUCH BETTER!

Does away with flavor-robbing, messy filter cloths and metal parts. Filters coffee through coffee! That's why coffee made with the Cory Glass Filter Rod is so much fuller-bodied, richer tasting. Much more convenient, too. Just rinse it and it's clean. An exclusive feature of the famous Cory Glass Coffee Brewer—but fits all standard glass coffee makers.

Dear Lion:

Mr. Jack Henry and Mr. Jim Willson recently requested me to give you an estimate of what our swimming pool has made for our Legion Post.

The pool has cleared approximately \$2,800 this season, all expenses paid. Gross was approximately \$5,600, but expenses had to be paid out of that. It may be possible to reduce expenses to some extent, as we hire several attendants and pay a regular care-taker.

I hope this will give you the information you need, and I shall be very glad to give you any further assistance.

Yours sincerely,

WHY WE SHOULD VOTE FOR PARK IMPROVEMENT BONDS
 Park improvement bonds will not raise your city tax one cent. Ten per cent of each dollar you pay your city in taxes goes to up-keep and park improvement fund (or should have). To look at our parks one would think we did not have a park fund. Go up and look at the City Park—how many swings, see-saws, slicky-slides, sand piles and benches.
 In the past, this 10% has been used for other purposes and not to provide amusement and recreation for the youth of our city. Then you wonder why you can't keep the youths at home. The forgotten youth will seek amusement and recreation on the highways, or off to Roaring Springs Plainview, Lockney swimming pools or some other place.
 Here are some facts and figures from the Plainview swimming pool operated by the American Legion of Plainview: This last season, after all operating expenses were paid they had a net of \$2,800 (see letter in ad on another page of this newspaper).

Longhorns Break Out of Corral But Are Subdued

The Whirlwinds corralled the Longhorns last Friday night but the herd was so uncommon sturdy there for a time they put everybody out of the lot and were kicking the fence to pieces, before they were finally calmed down.

and speed the Whirlwinds scored 26 points and ended up with an overwhelming 53 to 19 score, but in the beginning minutes of that last stanza it was an uncomfortable 27 to 19. Coach Ford's boys uncorked a passing game the Green and White couldn't stop.

The herd's third surge to the goal line that really did scare the 'Winds started on the Longhorn's 30 yard line. In four plays they traveled 67 yards and Messer went the other two yards through the line. Their bid for another score was stopped when Jones, the 'Winds sterling full back, intercepted a pass on the Lockney 30 and ran for a touchdown. The rest of the way the playing was all in the Longhorn back yard, Womack, Hagood and Carmack scoring

in succession. Bill Womack had some extra fun on the next to the last score when he grabbed a blocked kick out of the air and ran over for the extra point.

At First It Was Ho Hum

The Whirlwinds started the game corraling the herd in handy fashion. Bill Womack iced the first six points scoring from the Lockney 28 yard line. Amburn intercepted a Longhorn pass on the Lockney 27 and Hagood swept around end for the next six points. This was followed by another six points by Jones after Hagood and Carmack put the ball on the Lockney 4-yard line. With a half-minute to play Coach Gresham sent in seven recruits from his reserve to take over on the Floydada 38 - yard line. The Longhorns hooked them back to the four yard stripe, aided and abetted by a 15-yard holding penalty against the 'Winds. Here the Longhorns would not be denied. Guthrie went over standing up and passed to Messer to make it seven points. They had scored with ease.

Gen. Convention Texas Baptists at Mineral Wells

The Baptist General convention of Texas will have its annual sessions at Mineral Wells beginning on Tuesday night November 11 and running through a night session on

Dr. J. Howard Williams Thursday, E. D. Head of Ft. Worth is president of the convention. Texas personalities who will occupy prominent places on the convention program are: W. R. White of Austin, Carr P. Collins of Dallas, E. J. Gregory of San Antonio, C. E. Hereford of Corpus Christi, E. H. Westmoreland of Houston, W. H. McKenzie of Dallas, Forrest Pezoor of Waco, Hal Buckner of Dallas and Thomas J. Watts of Dallas.

Out of State speakers will be J. W. Marshall, Duke K. McCall, John D. Freeman, and John L. Hill all of Nashville, Tennessee and Ellis A. Fuller of Louisville, Kentucky.

C. E. Matthews, superintendent of evangelism for Texas Baptists, will present his report at the Wednesday night session.

Dr. J. Howard Williams of Dallas will climax the sessions when he brings the first annual report of his current tenure as Executive Secretary of Texas Baptist on Thursday night. He will report state office receipts for all causes totaling over \$2,500,000.00. This figure is more than three millions above the receipts in 1935. The World Emergency Relief Offering which has claimed recent Baptist attention has reached the staggering total of \$725,000.00 when Texas Baptists were asked to give only \$458,200.00.

There will be two pre-convention meetings beginning on Monday November 11. One of these is for the men and the other is for women. It is anticipated that 10,000 messengers will attend the three meetings.

The Woman's Missionary Union will have sessions at the City Auditorium beginning at 1:30 P. M. on Monday and running through Tuesday afternoon.

The Layman's Brotherhood Convention, of which Grover C. Cole of Ft. Worth is president and L. H. Tapscott of Dallas is state secretary will meet at the First Baptist church beginning Monday night and closing Tuesday afternoon.

Mrs. Mildred Pace Will Speak Here Sunday Afternoon

Mrs. Mildred Pace of Plainview will be speaking at the Methodist church Sunday afternoon, November 10 at 3 o'clock under the auspices of the W.S.C.S. She will be speaking on mission work in India and will probably be dressed according to styles in India reported Rev. Lloyd H. Jones.

A free will offering will be taken to sponsor a definite work in India. Everyone is invited to attend.

From where I sit... by Joe Marsh

Who Gets Off Easiest—Men or Women?

Maybe you saw that poll on who has the easiest life—men or women? Of course, the men voted that the women did, and the women vice versa.

It would be the same in our town—take any family. Thad Phibbs envies his Missus spending the day at home, with no hot office to attend to. And Sue envies Thad his luncheons with the boys; and his evening glass of beer with friends (while she cleans up the dishes in the kitchen).

Of course, none of it goes very deep. Thad knows way deep down that the Missus has plenty of work running a house; and Sue knows Thad's friendly glass of beer is well-deserved relaxation after a long hard day's work.

From where I sit, most husbands and wives may grumble now and then—but they know in their hearts it's a case of live and let live, give and take, that comes out pretty even in the end.

Joe Marsh

THE COST OF MEDICAL CARE

★ That the cost of medical care has risen, no one can deny. But the rise has not been out of proportion to the general advance in the cost of living. At the same time the quality of medical service has been immeasurably improved.

Consider that today your physician has invested from eight to ten years and about ten thousand dollars in his education alone. He has no chance to earn until he is twenty-six or twenty-seven years old. He must have an office in a good neighborhood, good equipment, a car, good clothes.

Pharmacy, too, has stepped up its standards. Almost every state now requires four years of college and a year or two of practice before registration. All this adds up to better medical service for you.

Champions in the Making

The Longhorns gave ample evidence that they have a district championship contender in the making for next fall. When the Whirlwinds took over with 12 minutes to go the herd was still scrapping at the Green and White surged through with their four added scores and two extra points. The game ended as Hagood intercepted a final toss by the Longhorn Guthrie in an effort to rally again through the air.

The Longhorns at that may have slowed the Whirlwind enough to cost them the district. With three gruelling contests coming up as the season stretches toward the climax against Spur on Thanksgiving day the 'Winds cordially view that interim of let-down from the pressure coming up week after next. After they take on the Matador Matadors here next Friday night and Crosbyton on the night of the fifteenth, they tackle Spur. Carmack Billy Hale, McGuire and Grigsby are slowed down by injuries. Hagood Womack and Jones will have to shoulder the ball toting assignment unless Coach Gresham has a magic trick for re-conditioning his men.

The sturdy line, excepting ends Grigsby and McGuire, came through in good shape. Center Amburn who figured largely in stopping the Longhorn passing game, was shaken up but should be normal again by the time the whistle blows next Friday night. The two Womacks, Bruce and Bill, at tackle and end, came through strong, and Nixon, Bunch and Hart got some good lessons in how the game sometimes gets rough and tough without suffering any major hurts. They performed very acceptably.

Guthrie of the Longhorns was out in the last several minutes of play but should be in shape before the herd's next contest. Little 130-pound Carthel, quarterbacking for the Longhorns took a lot of punishment as line-backer, but came through sturdily. Jeffercoat subbing

Fairview News

FAIRVIEW, Nov. 4.—This week came in with rain and a cold wave putting farm work to a standstill. This spell caught a lot of bundle feed on the ground as a number of farmers had binders going in their fields trying to get the feed cut before a freeze came.

The Halloween party at the school house last Thursday night was attended by a large crowd.

Mr. and Mrs. Clyde Bagwell spent two days last week in Lubbock where they were called on account of the death of Mrs. Bagwell's uncle, C. D. Thacker.

Dean Walls, who is in school at A. & M. college at College Station was here last week-end visiting his parents and friends here and at Floydada.

Whirlwinds Clip Longhorns 53-19

Scoring three times in the first, once in the third, and four times in the fourth quarters, the Whirlwinds downed a game Longhorn team 53-19, last Friday night at Western Field.

A startled and amazed crowd witnessed Lockney score twice in the third stanza to pull within eight points of the Winds. But the Winds caught fire in the fourth with Carmack, Hagood, and Jones scoring. Jones got his chance to score after racing 30 yards with an intercepted pass.

Floydada dominated the play in the first quarter. After holding four downs, the Winds marched down field with Bill Womack ringing up the game's first score. Bruce Womack converted, and Floydada led 7-0. Womack did a very good job on conversions kicking 5 of 7.

Following the kick-off, Amburn intercepted a Longhorn pass. This set up Hagood's 35 yard run for the Winds' second tally. Womack's kick was good.

After the kick-off the Floydada forward refused to budge and forced Lockney to punt. Carmack raced 30 yards to the Longhorn's 10 yard line, where Jones plunged over. The kick was wide, and at the end of the first quarter the Winds led 20-0.

Guthrie scored for Lockney after a blocked punt set this chance up. The kick was good, and this ended the scoring in the first half. Except for this one score the game seemed back and fourth in the second quarter.

Lockney opened up in the second half and showered Floydada with a barrage of passes, the likes of which the Winds had never seen. They passed their way deep into Floydada's territory until Bill Womack intercepted one and brought it back to midfield. Here Hagood took over and went on a scoring jaunt of 50 yards. Womack's kick was perfect and the score read 27-7.

Lockney still in the ball game received the kick and in no time flat passed the way down field and scored. The conversion was wide and the score was 27-13 Floydada.

But Floydada took complete control in the fourth quarter. Carmack plunged across for his second T. D. of the night and the first of Floydada's counters in the fourth. Womack's kick was good bringing the score to 34-19.

Jones grabbed a Longhorn pass and raced 30 yards with it to score. The conversion was good, and Floydada led 41-19.

After the kick-off Bunch recovered a fumble and Hagood romped for another score, and Floydada's score began to climb higher at 47-19.

Just before the game ended, Carmack again scored a T. D. The kick was good and the final score read 53-19.

After Friday's game with Lockney, the Winds have only three games left, Matador here November 9, Crosbyton there, November 15; and last but not least Spur there November 28.

Let's all try to see these games and cheer our boys on to a district championship.

BEAT MATADOR!!!

Guess Who?

He is a senior and plays football. He has brown hair and brown eyes. He stands about 5 feet, 10 inches. He has a swell personality and is usually found pursuing a certain junior. Guess Who???

She is about 5 feet, 5 inches, has rather short brown hair. She is classified as a senior and usually yells with the pep squad. Her interests also are in a junior. Guess Who? Watch this column next week for the answers!!!!

Happy Birthday!

We want to wish each of you who will have a birthday in the month of November the very happiest of birthdays. Those to whom we send our greetings on their birthdays are:

- November 1: Bonnanell Fuqua
 - November 2: Joy Bunch and Seth Johnston
 - November 3: Ruthie Harmon
 - November 6: Wade Payne and Randall Warren
 - November 9: Kenneth Freeman
 - November 11: Mary Childress and George Spears
 - November 12: Junior Perry
 - November 14: Elmer Rucker
 - November 16: Douglas Whitfill
 - November 17: Bobby Mooney
 - November 19: Betty Ruth Head
 - November 21: John Moss
 - November 23: Lois Nell Herring and Billy Mooney
 - November 25: Keith Stansell
 - November 26: Le Roy Burgett
 - November 28: Dan Bishop
- Happy Birthday!!!!

MORE OF THEM COME HOME

Some other former Floydada High school students have been seen in the halls of Floydada High school this week.

Those that we have seen are Marion Parrish, Robbie Gene Johns, Steve Mize, and George Mize.

Welcome, all of you. We're always glad to have you.

Band, Pep Squad Perform Well at Game Friday Night

The band was very proud of the pep squad and themselves after the performance Friday night.

During the half the lights were turned out and the letters L. H. S. were formed. The pep squad used flashlights with red and white paper to show the letters. The band played "Hail Hail".

Then green and white paper was used over the flashlights and the letters F. H. S. were formed while the band played the "School song."

We marched to the end of the field, and counter marched and came back playing "Hail Hail", then we went off the field. Also we were pleased with the mascots' new hats.

By the way, Mr. Haden has a flute out in the club house just waiting for some talented person to play. No kidding, if anyone would like to play it, please see Mr. Haden immediately.

Hints to the Boys About Don'ts That Girls are Thinking

Girls all build their air castles and every air castle has an ideal boy in it. Boys, read the following article and don't let so many of the girls' air castles shatter. If you don't stand up to these hints, then get busy and try to improve!!!! You know, practice makes perfect.

Girls, don't like a boy who:

Is a last-minute dater;
Discusses other dates he has had;
Is always telling his side of the story, but never tells the other side;
Doesn't arrive on time and is habitually late;

Uses poor English;
Never lets them talk;
Tries too hard to make a good impression.

Hasn't a good character, but has a swell reputation;
Isn't neat in his clothes, hair, teeth, and nails;

Stands girls up!;
Is a sissy, softy, or tea cake;
Spends his money recklessly;
Is sarcastic;

Isn't himself at all times;
Is afraid to look at you;
Won't confess frankly when he is broke;

Is always serious;
Is always joking;
Thinks all girls are in love with him;

Doesn't act his age;
Thinks girls are chasing him;
Can't take up for himself in a fight;

Isn't a good sport;
Isn't clean in mind, thought, and talk.

Junior Music Club

Future plans have been discussed and additional officers have been elected in the Junior Music club. The president is Joy Lambert; vice-president, Ruth Harmon; secretary-treasurer, Norma Carpenter, and reporter, Marlene Foote.

Miss Rowena Tierney, a graduate of N. T. S. T. C. and a music major is the director. Miss Tierney teaches public school music in grade school.

The course of study has been increased and now includes a musical appreciation course, instructed by Rowena Tierney, using various records, operas, etc., along with the regular choral practice.

The plans for the year provide for a monthly social and many impressive and entertaining programs of various types. The members are quite enthusiastic about the year's work.

The club is affiliated nationally with all other Federated Junior Music clubs and is sponsored by the Senior Music club.

Safety Does Pay

The topic of our last assembly program was "Safety Pays". We had a very interesting motion picture "Highway Mania". It showed the destruction that can be done by careless driving.

A guest speaker on the program was Mr. H. B. Matthews, who spoke to us about safety. He encouraged all students who drive automobiles and who do not have a driver's license to get them as soon as possible.

The students found Mr. Matthews' talk to be interesting as well as helpful. Remember! Safety Pays!

Miss Jean Cardinal underwent an appendectomy in the Lubbock General hospital last Friday morning. She is doing nicely.

NOTICE!!!

The picture of Nita Patterson being crowned queen is now on display in the trophy case. These 8 X 10 pictures will soon be available for \$1.00 each. If you want one of these pictures, turn your order to Beth Hinson by Wednesday, November 13.

Masquerade Party

The Gamma Sigma Kappa entertained its members and guests with a masquerade party October 30, 1946, at the home of Joy Lambert. The Halloween motif was used in the house decorations. The guests were served apple cider and angel food squares.

Those present were Hazel Patton, La Vell Hall, Marlene Foote, Beth Hinson, Nita Merle Patterson, Betty Muncy, Betty Lou Tye, Dwina Glassmoyer, Valie Burke, Norma Moore, Bobbie Medlen, Norma Carpenter, Rose Beard, Doris Vinson, Bonnanell Fuqua, Mickey Kennamer, Bessie Morrison, Maxine Griffin, Ruthie Harmon, Jo Muncy, Marihelen Lewis, Miss Swepton and Mrs. Cardinal, sponsors.

Guests present were George May, Claud Parrish, Buddy Amburn, Elm Hall, Travis Jones, Fred Conner, Thomas Amburn, Leonard Origsby, Sammie Hale, Bill Hale, Tom Borjarbe, Bruce Womack, Mac Smitherman, Bobby McGuire, Pete McGuire, Kelly Hagood, Glenn Carmack, Orby McCleskey, Bill Womack, Weims Norman, and the hostess, Joy Lambert.

Green Hands To Chapter Farmers

Twenty-four boys were raised from the degree of Green hands to Chapter farmers last Wednesday night. Refreshments were served and a good time was enjoyed by all.

A registered duroc gilt was won by Charles Beedy this past week as a reward for his Ag. work. The gilt was given away by the chapter.

Two more gilts will be awarded this year. Charles will get his gilt from Dale Sims. The other two will be furnished by Travis Jones and Fred Conner.

This week is the last week of the F. F. A. Sweetheart contest. The Aggies have chosen as their candidate Reva Thomas. All of the classes are running a candidate. It cost only one penny a vote, and the money will go to the Aggies.

Senior Candidate for F.F.A. Queen Mickey Kennamer was elected Senior candidate for F. F. A. Sweetheart in the Senior class meeting Tuesday. We're very proud to have Mickey as our candidate, and we believe we can give the others some competition. All help will be greatly appreciated.

Junior Candidate for F.F.A. Queen Betty Lou Tye was chosen candidate for the F. F. A. Sweetheart by the Junior class. The Juniors feel that she is worthy of this position because she possesses such winning ways and a grand personality.

Soph. Candidate for F.F.A. Queen The Sophomores elected Christeen

Jones as their candidate for F. F. A. sweetheart. They are proud of her as their representative in this contest, for she is a charming girl. Freshman Class Candidate
The Freshman Class has chosen Dorothy Bishop as their candidate in the F. F. A. Contest. Naturally they are eager to win this honor for this pretty little Freshman girl.

Salvation Army Offering at School

This year instead of the usual Junior Red Cross drive in our school the funds collected will be given to the Salvation Army to help repay them for the wonderful work they did during the war. Each student has been asked to bring his contribution to his home-room teacher. This collection is not compulsory but merely a free will offering.

However, we are sure that each student will want to give his thanks to this wonderful organization for the swell job they are doing, so bring your money tomorrow!!!

Forces of Attraction Hold the Moon "Up" in the Sky....and OIL-PLATE Your Engine!

THE moon isn't really "up" in the sky, but it is held from flying off into space by gravitational attraction between it and the earth.

Through tireless explorations in realms of molecular attraction, Conoco chemists have been able to bring America the benefits of new and better oils. In fact, by employing the force of molecular attraction they are able to bond a special ingredient in Conoco Nth motor oil to working surfaces of your engine. So strong is this attraction that cylinder walls and other parts are OIL-PLATED.

And because molecular attraction holds Conoco OIL-PLATING up where it belongs... prevents it from all draining down to the crankcase, even overnight... you get these benefits:

- added protection during the vital periods when you first start your engine
- added protection from corrosive action when your engine is not in use
- added protection from wear that leads to fouling sludge and carbon
- added smooth, silent miles

That's why you'd be safer to OIL-PLATE your engine now... at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company
