Gifts for Hospitalized Veterans Forwarded by Legionnaires; Christmas Party December 21

Announcing the annual party of McDermott post and auxiliary for Saturday evening, December 21, Mrs. Billie Henry, president of the auxiliary, said that as many gifts as possible are being sought to be sent to veterans who are in hospitals at Amarillo and Kerrville; and that instead of observing the custom of having gifts for names in the annual Christmas party all gifts would be for the wounded veterans. A long list of suitable gifts were named by Mrs. Henry.

In addition to the members of the post and auxiliary, who are expected at the party, Mrs. Henry said that veterans who are home for the holidays from college, their girl friends and wives, are invited to be present. A covered dish supper will be served.

Gift Boxes Down-Town

In addition to the Legion gift box for veterans boxes this week were placed at Felton-Collins grocery and Figly-Wigly grocery for the convenience of any who would like to have a part in remembering

the veterans in close-to-home hospitals. From the list of suggested gifts Mrs. Henry said that it would be easy for any person in Floyd county to contribute something. Here is the list of suggestions:

Suggested Gift List

Books—pocket size editions most acceptable, including mysteries, classics, bibles, comics, popular novels, westerns, dictionaries and current digest magazines; Stationery and games.—Playing cards, checker boards, chess sets and poker chips; folding writing pads and stationery; fountain pens, pencils, address books, folding picture frames;

For the Smoker.—Tobacco pouches, Tobacco pipes, pipe cleaners, lighters, cigarettes, cigars, boxes of package safety matches;

Toiletries.—Toilet kits, pocket combs, shaving soap, tooth brushes, tooth paste and tooth powder, bath towels and wash cloths;

Things to wear.—T shirts, handkerchiefs, Sox, good sun glasses, pocket knives, identification bracelets.

Rain that rates any reasonable figure fell in Floydada, over Floyd county and a wide area of the plains and panhandle Wednesday morning. Late yesterday intermittent showers were continuing.

At noon the rainfall, which settled the earth around good stands of wheat on thousands of acres through out the area, had equalled 1.05 inches at Floydada. Additional moisture, not measured last night, had raised this total.

For wheat pasture for live stock, as well as for a good set to go into the winter, the rain was ideal. So all reports from every direction from Floydada indicate. Dry spots, if any, sought by The Hesperian by telephone yesterday afternoon were not found.

Most of Crops Are In

While the rainfall catches some crops still in the field, the long continued pretty weather following the early November downpours, had made great progress in gathering. Many shocks of bundle feed are in the fields, but these can well await colder weather to make them keep better after they are stacked. Grain, caught on the ground in the area southwest doubtless, will damage to some extent.

The last fifth or less of the cotton crop in the irrigated belt is all that is left in the field and in other portions of the county the dry land cotton has been gathered, except for remnants.

Cold Is Due Tonight

Almost amazing to long time residents of the area is the fact that freezing last night did not follow the heavy rains of Wednesday. There was not even a trace of ice or frost this morning. During the week the thermometer has not registered a temperature lower than 33. Yesterday morning the mark was 44 degrees.

U. S. Weather forecast, and an extremely low barometric pressure this morning indicate, however, that high winds later today or tonight will be accompanied by cold tonight.

65 Per Cent County Taxes Are Paid Up

About 65 per cent of the state and county taxes levied on the current rolls have been collected to date, Mrs. Ethel Graham, assessor-collector, said yesterday.

One per cent discount on state and county taxes is being given taxpayers for the remainder of this month, and the tax bills must be paid in full not later than January 31 to avoid penalty.

Poll tax receipts issued number ed 924 yesterday at noon.

George Smith Named County Health Officer

Appointment of Dr. George V. Smith as county health officer was made this week by the Commissioners court.

Dr. Smith succeeds Dr. N. E. Greer of Lockney, whose health has been unsatisfactory, and on account of which he recently resigned.

Major activities of the court in their session Monday was the care of routine affairs of the county.

Speaks at Ralls Barbecue Dinner Honoring Veterans

John B. Stapleton of Floydada, district attorney-elect, was the principal speaker at a barbecue dinner given Tuesday night at the City auditorium in Ralls honoring the discharged veterans, their wives and sweethearts of that area.

Mr. Stapleton, much in demand as a speaker, is a veteran of World War II. He saw foreign service in the Southwest Pacific.

Santa Claus Good To City Employees

City council of Floydada, in the role of Santa Claus, Tuesday night voted a bonus of five per cent of their annual salaries to all appointive employees of the city administration and the city light employees.

At the same time the council voted to put in force hospital insurance for all of the employe group of the city.

DAUGHTER BORN WEDNESDAY TO JESSE PATTERSONS

Mr. and Mrs. Jesse Patterson are the proud parents of a daughter born yesterday morning in the Plainview sanitarium. The baby weighed seven pounds and five ounces and was named Sheila Jane. The mother and baby are fine.

Grandparents of the new baby are Mr. and Mrs. T. L. Gilly of Floydada and Mrs. Flora Patterson of Strawn, Texas.

Rites Held Tuesday for A. L. Spence

Rites for A. L. Spence, 66, who died Sunday afternoon at West Texas hospital, Lubbock, were held at the First Baptist church in Floydada Tuesday afternoon at 2 o'clock, with Rev. Clay Muncy, of Lockney, and Rev. J. R. Balch of Seymour officiating. Crager Funeral home had charge.

Reading three miles north of Center, Mr. Spence became ill some weeks ago and had been in a Lubbock hospital since that time until his death.

Nephews of the deceased were active pallbearers. They were Adrial Spence of Floydada, Elvis, Alvin Roy and Billie Marley, and Kelton and Arlan Winegar all of Crosbyton. Flower attendants, all nieces of Mr. Spence, were Mes. Alene Thornhill, Alma Willie Winegar, Viola Marley, Doris Marley, Jean Marley, and Miss Georgia Mae Spence, all of Crosbyton.

Named among the honorary pallbearers (See A. L. SPENCE, back page)

Mr. and Mrs. M. C. Potter Wed 64 Years ago, Are Dinner Hosts

SILVERTON, Nov. 28.—Mr. and Mrs. M. C. Potter celebrated their 64th wedding anniversary Sunday, November 24, with a Thanksgiving turkey dinner for the following children:

Mr. and Mrs. Bert Hawkins of Quitaque, Mr. and Mrs. B. F. Conner of Floydada, Mr. and Mrs. N. R. Honea of Silverton, Mr. and Mrs. M. M. Potter of Wichita, Kansas, Mr. and Mrs. O. B. Hefner of Crosbyton.

Grandchildren present were Mr. and Mrs. Fred Craig of Quitaque, Mr. and Mrs. Potter Craig of Las Vegas, New Mexico, Mr. and Mrs. Joe Hefner of Lubbock, Mr. and Mrs. O. B. Haught of Lubbock, Mr. and Mrs. Jeff Sauter of Phillips, Johnnie Bell Potter of Wichita, Kansas.

Great grandchildren present were Troy Mack, Rochelle and Preston Craig, Tommie Craig, W. E. Hawkins and Gay Haught. Mrs. Emma Prieze of Silverton was also a guest at the dinner.

WRIGHT FIELD, Ohio.—Lt. Col. Kirk H. Scott, right, receives congratulations from Maj. Gen. B. W. Chidlaw, Deputy Commanding general for engineering at Air Materiel Command, following ceremonies in which Colonel Scott received the Legion of Merit medal. Colonel Scott is Chief of the Design and Planning section, Air Installations division, Wright Field, Ohio.

Strike Over, Post Office Taking Parcels Normally Again; Office Also Open Saturday Afternoons

With the coal strike over Monday, and the embargos and restrictions on the flow of freight, passengers and mails lifted, Mrs. Barbara H. Smith, postmaster of Floydada office this week announced the office again is accepting parcels weighing as much as 70 pounds and not exceeding 100 inches in length and girth combined.

Only parcels of small dimensions and weighing not in excess of five pounds were received the last three days of last week at the local office following an embargo of larger and heavier parcels due to strike conditions. The regulations, going into effect just at Christmas-time, were due to add to the inconvenience of the public to a marked degree and local postal officials were happy to see them lifted before the heavy rush began.

Office Open Saturdays

To add to the convenience of the patrons of the office in the period before the Christmas holidays, Mrs. Smith announced this week that the post office here will be open all day on the two Saturdays intervening—December 15 and December 21—for the benefit of those who have Christmas parcels or letters.

Committeemen Named Monday for Farm Year

Members of the Floyd County Triple A committee for the year of 1947, chosen by county delegates here Monday morning are as follows:

Geo. B. Johnston, Route 1, Lockney, chairman;

Lowry A. Williams, Route 4, Floydada, vice-chairman;

George C. Beedy, Silverton route, Floydada, regular member;

William F. Ferguson, Route 1 Floydada, first alternate member;

Buck Sams, Route 2 Lockney, second alternate member.

Of these Johnston, Williams and Ferguson are members of the 1946 committee.

County Convention Held

The county convention at which the three community delegates met Monday morning at 10 o'clock to choose county committeemen, was held at the Agriculture building.

Reverend Tubbs' Condition Grave

Reverend O. W. Tubbs, 84, pioneer Missionary Baptist minister, is gravely ill this week. He suffered light apoplectic attacks last week-end and on Tuesday was taken to Floydada hospital for care.

Rev. Tubbs is unconscious most of the time, the report late yesterday from the hospital stated.

Christmas Lights Turned on Friday

Although beset with considerable difficulty in overcoming material shortages, efforts of local business people to get Christmas lights, similar to those of pre-war days strung across principal down-town blocks, was successful last week-end.

The strings were completed and the lights turned on Friday. City light plant employes and the Clydes Lovell and Smith, worked for several days in getting the strings prepared and put in place.

Strike Over, Post Office Taking Parcels Normally Again; Office Also Open Saturday Afternoons

With the coal strike over Monday, and the embargos and restrictions on the flow of freight, passengers and mails lifted, Mrs. Barbara H. Smith, postmaster of Floydada office this week announced the office again is accepting parcels weighing as much as 70 pounds and not exceeding 100 inches in length and girth combined.

Only parcels of small dimensions and weighing not in excess of five pounds were received the last three days of last week at the local office following an embargo of larger and heavier parcels due to strike conditions. The regulations, going into effect just at Christmas-time, were due to add to the inconvenience of the public to a marked degree and local postal officials were happy to see them lifted before the heavy rush began.

Office Open Saturdays

To add to the convenience of the patrons of the office in the period before the Christmas holidays, Mrs. Smith announced this week that the post office here will be open all day on the two Saturdays intervening—December 15 and December 21—for the benefit of those who have Christmas parcels or letters.

Ed Gee Died Monday; Rites Wednesday

E. C. Gee, 53, veteran welder, blacksmith and metal worker, died at his home in West Floydada Monday morning at 6:30 and funeral rites were held yesterday afternoon at 4 o'clock at the First Methodist church.

L. A. Doyle officiated. Harmon Funeral home had charge of the arrangements. Interment was made in Floydada cemetery.

Pallbearers were Ulmer White, R. T. Jones, Paul Banks, Wayne Bennett, Harold Woody.

An acute heart attack resulted in death within a few minutes after Mr. Gee had risen to light the morning fires in the home, and returned to bed before breakfast. Called for the morning meal he did not respond and the body was lifeless before medical aid was obtained.

Last Son Reaches Home

Survivors are his widow, three sons, Ralph, Charles and Edwin Louie, and six daughters, Mes. Norma Visage, Lockney; Emogene Quisenberry, Long Beach, California; J. W. Edwards, Quanah, and Misses Eddie, Tommy D. and Bobby (See OEE FUNERAL, back page)

DAUGHTER BORN WEDNESDAY TO JESSE PATTERSONS

Mr. and Mrs. Jesse Patterson are the proud parents of a daughter born yesterday morning in the Plainview sanitarium. The baby weighed seven pounds and five ounces and was named Sheila Jane. The mother and baby are fine.

Grandparents of the new baby are Mr. and Mrs. T. L. Gilly of Floydada and Mrs. Flora Patterson of Strawn, Texas.

Rites Held Tuesday for A. L. Spence

Rites for A. L. Spence, 66, who died Sunday afternoon at West Texas hospital, Lubbock, were held at the First Baptist church in Floydada Tuesday afternoon at 2 o'clock, with Rev. Clay Muncy, of Lockney, and Rev. J. R. Balch of Seymour officiating. Crager Funeral home had charge.

Reading three miles north of Center, Mr. Spence became ill some weeks ago and had been in a Lubbock hospital since that time until his death.

Nephews of the deceased were active pallbearers. They were Adrial Spence of Floydada, Elvis, Alvin Roy and Billie Marley, and Kelton and Arlan Winegar all of Crosbyton. Flower attendants, all nieces of Mr. Spence, were Mes. Alene Thornhill, Alma Willie Winegar, Viola Marley, Doris Marley, Jean Marley, and Miss Georgia Mae Spence, all of Crosbyton.

Jones Trial

Jones, on trial in Hale District court at Plainview for the shooting of H. C. yesterday afternoon gave to justify his actions, death he was overcome with when he came out of his and his wife and young son sitting at the curb in the store. He "just went berserk," after calling his name Jones, asking him to the store, that he was in the store and wanted to talk to the grocer said he did not have a pump shotgun from which he later surrendered to Sheriff Lee Howard, after the latter from the City cab and across the street.

Carroliated

Jones, who preceded her to the stand, gave testimony substantiating the claim of the grocer that the killing was one of his home. Mrs. Jones, mother of four children, in a habe in arms.

Jones finished his direct testimony yesterday morning. Sheriff Howard, Dr. D. H. Pitts, at Hospital H. C. Love, Jr., was for the gaping wound in his T. Dillard, who was asleep in a car when the shooting occurred, and Mrs. H. C. Love, Sr., of the slain boy were among witnesses heard in the testimony Tuesday.

Testifying were Eugene J. manager of the taxi stand, Silvas, highway patrolman (JONES TRIAL, back page)

Mail Season Open but Few Ducks Found

Mail season which opened Monday many a hunter in the with gun and dog but few ducks were found, according to reports from parties who went to sail forth on opening day January 16.

Mail open season continues on January 16.

Either did not produce, when the prey of predatory and birds, or have retreated to the reaches of the large game, the hunters say.

On the other hand there are ducks but it is a very who outwits them on West wide open areas around the January 1 is the closing for duck hunting.

Man Injured When Panel Truck Rives Pavement

McClung and Herman W. riding in a panel truck carrying milk to Matador for Patrick Tuesday morning, over in the vehicle about six this side of the Motley county and are wearing stitches and are now as the result of cuts abrasions they received. Wet caused the wreck.

passers-by picked up the men and took them to hospital for treatment.

considerable damage was to the truck and a load of good was wanted. After being treated injured men brought the home. They will be all right few days.

Safety Deposit Boxes Received

safety deposit boxes, provided for new customers vault when new bankers quarters were more than a year ago, have received by The First National here this week.

boxes, ordered a year ago and have been installed now. Waid, vice-president of the said. The new boxes number in addition to those already in customers of the bank.

New Hangar at Airport Will Accommodate Two New Planes

Floydada Airport has a new hangar under construction, which should be completed this week except for sheet iron.

The hangar is 60 by 25 feet to two airplanes, one of which is now setting out, the other a Piper Super Cruiser which is delivered December 19.

H. Tanner, manager of the airport, expects to go to Lockhaven, Oklahoma, for the Super Cruiser.

MAIZE WOULD BE 'IT'

With sharply down prices on forage grains in the southwest and everywhere, a commentary might not be out of line that it is always a fall taken out of the man who tills the soil that first presages a change in the tide of affairs.

To us it is peculiar that few gaws and things which serve no useful purpose are not the first to go out of the high price bracket when a break begins. Always it is something like maize that gets caught in the economic strait.

Whether the present low prices of forage feeds will continue through next spring is one of the things that a good many folks would like to know. This feed is down about 100 cents per 100 pounds from the price that was being paid the farmer back in early September. That is quite a drop. The price of \$170 quoted last week in Floydada, at that, was mostly a nominal one. Ways of getting the grain to market in any appreciable quantity were lacking. The man with the product on hand, of course, was loath to take any such price at the same time attempt to pay the prices he would have to pay for other commodities or services that have been skyrocketing upward. Meanwhile there are millions of dollars worth of various kinds of merchandise lying about on shelves over the nation that will take a tumble later on. But right now it is maize.

Get the Want ad habit.

WHISKEY MEN TO BLAME?

Last year, it is interesting to note the live stock fattener had to take his choice of getting out of business or paying too much for fattening and growth-producing feeds. He wondered for a time what was the matter. Finally, he discovered that the whiskey taxes were his strong competitor for grain of the type he needed. Maize by the hundreds of carloads poured into St. Louis for distribution among the distillers and brewers, who evidently could more than stand to pay the market than a cattleman could. They could see their way out, the cattleman could not.

More recently we hear by way of the grapevine that the whiskey folks have their bins full of maize and men that they bought from the bootlegger at above ceilings in a scarce market as a sort of guarantee that they wouldn't be caught short. When this illegal market stopped the prices went tumbling down. We hope we have got the gossip correctly and that the ongoing market has caught the deleted who live off of liquor profits with their pants down and that it has cost them a pretty penny.

The distillers and brewers and a generally fuzzy control program together helped keep the live stock men in a dither for two or three years and is due to break a good many of these stockmen before something of normalcy comes back on the scene. Fortunately, a stockman expects to go broke about every so often so it doesn't take the zest out of the game for him to assume that he is out on thin ice.

MR. LEWIS HAD TO DO IT

President John L. Lewis, of the United Mine Workers, took a smart out from dilemma he was caught in after ordering a strike of coal miners. Caught in nation-wide condemnation for taking an unfair advantage of the distress of his fellow man, to advance the interest of his own clique, Mr. Lewis had to back down. He did it pompously and with high-sounding Shakespearean words but he did it.

Anybody who knows the mining people, their problems, their large high character, can but help

be "on their side" in any reasonable situation. But when even a hard-pressed man becomes unreasonable or blindly follows an unwise leader he can't expect his fellow man to be sympathetic or tolerant. This the miners found to be the situation in the fourteenth day of their "strike". They bombarded Mr. Lewis with demands that he use common sense. They "made" him do something to meet the situation and to calm an outraged public.

UNWISE LEGISLATION

Principal danger for the immediate present on the labor front, it seems to us now, is to keep the congress from passing some unwise legislation. Perhaps the public does demand that something be done to prevent a car-type man from having it in his power to do a much damage as Mr. Lewis has done. The situation, in fact, may resolve itself back to a nearly analogous one when big business had to be curbed. But hardly anybody will deny that some most unwise laws were put on the statute books while the anti-trust agitation was going on, and legitimate business still is hamstrung by some of these laws, which the public is afraid to have wiped off the statutes. One thing we mean by unwise legislation now is that every law that is passed puts the government that much further into the private affairs of the citizenship, with all the accompanying numbo jumbo, federal edicts, et cetera. Nothing can be much worse for the country, as we have been having abundantly proven for the past 30 years.

"CHRISTMAS IN SAN ANTONIO"

(Editorial written for a weekly mimeographed information sheet by a service man in San Antonio.)

The Army has issued orders that there will be no blanket furloughs over the Xmas holiday. That means that a lot of fellows will spend their first Christmas away from home, especially the basic trainees in the area who have no regular time coming to them.

"During the war these restrictions weren't so bad because the Nation was service minded. Now, however, the general public has forgotten the GI. Here is where a lot of us are going to feel mighty homesick. This year the USO will be put to the extreme test; to be able to keep the lads smiling, will really be a job.

"Here in San Antonio, we should try to get ourselves in the mood for the occasion, and try to make this a merry a Christmas as we can, not only for ourselves, but for the younger fellows who will really need it most."

TO WHOM IT MAY CONCERN:

Notice is hereby given that Arthur Clary, Emory Huggins and Henry Teubel, partners, composing the firm of Floyd Creamery, doing business under the firm name of Floyd Creamery, intend to dissolve said partnership and to incorporate such firm and business, without a change of the firm name, on December 31, 1946.

Executed this November 26, 1946.

Floyd County 14 Years Ago

These news items taken from the Floyd County Hesperian published 14 years ago.
 (Taken from Dec. 13, 1932 issue)

Influenza in the most virulent form in which it has appeared since the widespread epidemic of 1918 has taken toll in Floyd county this week. Only a few cases of pneumonia have developed however, and the disease in the majority of cases has not been so severe.

Funeral services for Wallace W. Sparks, first scheduled to be held Wednesday afternoon at 2 o'clock were postponed until this morning when his daughter, expected from Port Arthur, Texas, were delayed in route for twenty-four hours by bad roads. They, with their mother, the former wife of the deceased, reached here about 12 last night, after being on the road since Monday.

Funeral services for Paul Burns, a year old son of Mr. and Mrs. A. N. Burns of Barwise, was held Saturday afternoon of last week at Carr's Chapel cemetery. Services were conducted by Rev. C. E. Matthews, of Peterburg, Texas. The boy died Friday, December 9, of pneumonia.

Yesterday marked the thirteenth anniversary of Water Superintendent G. R. Strickland's connection with the city as an employe. His first introduction on December 14, 1913, to work in the water department being a job of pulling sucker rods in a water well on the city's lots on West Virginia street, which is still retained as an emergency well with oil engine power installation.

Alken School district lost by fire its \$11,000 brick school building about 3 o'clock Wednesday morning, the building and the entire equipment books, and library valued at approximately \$15,000 being a complete loss.

J. N. Redd & sons is the name of a new wholesale and retail produce house opened in Floydada the first of the week. Mr. Redd having associated with him his sons and W. F. Birch.

Remains of Vennie Wiggins, age 9 years and 9 months, daughter of Mr. and Mrs. Wiggins of Campbell community, were interred in Floydada cemetery following funeral services conducted at Campbell school Tuesday afternoon at 1:30 o'clock. She died at 1:10 o'clock Monday afternoon from pneumonia which developed from an attack of influenza. She became ill Tuesday, Dec. 6.

David, one of the seven-month old twin sons of Mr. and Mrs. Fred Gross, eight miles northwest of Sand Hill, died Saturday of last week of pneumonia at the family home, and the remains were laid to rest in Carr's Chapel cemetery Sunday afternoon, following the funeral services held at the chapel at 2:15 o'clock.

Floydada public schools will dismiss Friday afternoon, December 16 at the regular closing hour at 3:30 o'clock for the Christmas holiday period to continue two weeks. It was announced this Thursday morning by Superintendent A. D. Cummings. The change in the holiday dates from one to two weeks was made by Mr. Cummings after he had conferred with individual members of the board.

C. M. Meredith, tax collector of Floyd county, will spend Friday, December 23 in Lockney on a tax collecting expedition, he announced this week, to give taxpayers an opportunity to make payments without the necessity of a journey to the county seat.

Mr. and Mrs. Isaac Wilhoit, 311 West Mississippi Street have been united in marriage over a longer period of years than the average individual lives these days and times and they have grand-children who are grand-parents!

On Sunday, December 4, they observed their seventy-second wedding anniversary! He is a centenarian and she is 89 years young!

Two from the ranks of Coach R. P. Terrell's fighting whirlwind gridiron machine were awarded berths on the mythical All-District 3 team for 1932 in class B which was made by a committee of coaches and announced Sunday at Lubbock.

J. E. DeCordova and Marion Heald, members of the Green and White squad that swept into district finals this year with Brownfield, were first string selections.

Designed Bath Lighter And Convenient

COLLEGE STATION—Now they are making bathtubs, making them lighter and more convenient. The new tub is being produced today, it is being reported by Mrs. M. C. Calver, home manager of the Texas A. and M. Extension Service. The tub is designed in the tub, which leaves room on the inside and outside for the tub's length. The new tub is narrower than the regular tub, which makes cleaning the tub an easier job, says Calver. The tub is the cheaper one possible by the tub's design. When the newly-designed tub hits the market, consumers will find it less costly than other tubs, since its lightweight design less shipping costs.

THE QUESTION

Recently observation that the question in favor of the light flock of egg layers is the way by T. C. Byerly, U. S. Department of Agriculture. 25 pounds of feed to the laying stage, about four-fifths as much as a hen through the usual requirements for the old hen you get a coat of feathers, while in the new you get five pounds of meat. Into consideration the fact that pullets lay more eggs, this choice between the two is a matter of preference for pullets and hens in the master, Byerly believes.

M. C.'S AND M. D.

The only man on Capitol Hill who can "cuss out" a member of Congress and make him like it is Dr. George W. Calver, official Capitol physician.

As a naval officer, he was detailed to the job 18 years ago. Members came to like him so well they passed a special law making the job his for as long as he wants it. He now holds the rank of Rear Admiral.

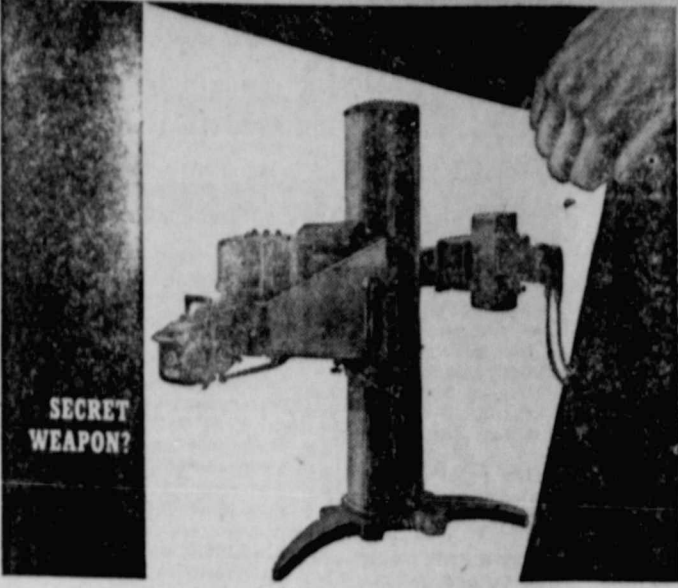

With the help of one junior Navy medical officer, four Navy hospital corpsmen, and a civilian nurse, he watches over the health of a small city of 12,000 Congressmen and employees on Capitol Hill.

Teacher, A recognized expert on the physical problems and illnesses of middle and old age, Dr. Calver goes to the Mayo Clinic four weeks each year to give the clinic the benefit of his experiences, and to brush up himself.

Dr. Calver harps on his theme that members of Congress work too hard, pay too little attention to personal health, don't exercise enough, eat sketchily during busy days and too heavily at night.

Many of the Congressmen who have died in his 18 years' experience did so, he says, because of overwork.

For his own relaxation, Calver walks and fishes. "Any kind of fishing," he says, "I'd fish in the bathtub if there were any chance of catching a fish."

Here's one "secret weapon" that needs to be unveiled in every corner of the land . . .

THE ENEMY: Tuberculosis, the dread White Plague which kills more Americans between 15 and 35 than any other disease.

THE WEAPON: The X-ray, surest means of catching TB early, when it can be cured more easily and before it spreads. Christmas Seal money fights TB in many ways: one of the most important is to buy X-ray units and promote mass examinations. Please, send in your contribution today.

BUY CHRISTMAS SEALS

The National, State and Local Tuberculosis Associations in the United States

percent or more of the purchase price. On the average, the debt in such cases was more than the full market price in 1941.

And wouldn't you like to live long enough to read a newspaper interview with just one railroad man who, on retiring from work, doesn't say, "I'm going to catch up on my fishing?"

Domestic wheat supplies in 1946-47 are now estimated at over 1,269 million bushels, consisting of a carry over of 101 million bushels and a prospective crop of 1,169 million bushels.

Judged on the basis of September conditions, that supply of feed grains for 1946-47 will total about 138 million tons.

Six pounds of good alfalfa hay will furnish enough nutrients for a dairy cow to produce one gallon of milk.

Athlete's Foot Common Disease

AUSTIN—The common disease popularly known as athlete's foot, is said to be the third most common disease seen by skin specialists during the summer, and the fifth most common disorder in winter. It is due to a little mold-like growth or fungus which thrives best where there is moisture and warmth. Therefore the feet make an ideal place for the growth of this germ.

"To have athlete's foot, the infection must be gotten either directly or indirectly from someone else," states Dr. Geo. W. Cox, State Health Officer. "The most common places to contract the infection are:

1. After bathing, dry carefully and thoroughly the spaces between the toes.
2. Liberally apply a plain, unscented talcum to those areas and sprinkle it freely in socks, stockings, and shoes.
3. Wear properly fitting hose, that are absorbent but not too coarse.
4. Wear shoes that are not too tight, nor too large. They should fit the foot comfortably.

throughout the year. Food processing equipment should be improved to some extent next year, but limited plant capacity and equipment is likely to hold down normal progress in some lines of food marketing. Over the long run, important developments are anticipated, such as pre-packaging of fresh fruits and vegetables and the growing use of quick freezing methods of food preservation.

Shortage of motor-truck transportation in 1947 will probably be much less critical than the rail shipping situation.

It is very unlikely that water transportation tonnage will return to pre-war levels. Most types of transportation, especially by rail, probably will cost the user considerably more in 1947 than during the current year. The Interstate Commerce Commission has already permitted a temporary increase of about three and a half per cent in rail rates on agricultural products, and hearings are now being held by ICC on the carriers' request for still further rail rate increases.

around shower rooms, baths or bath houses, locker rooms, and other public places where persons go barefoot. And it is probable that at least one-half of all adults suffer from the infection at some time."

Dr. Cox suggested the following as some effective measures for preventing and avoiding recurrent attacks of athlete's foot:

Dairy cows need three-fourths of an ounce of salt a day for each 1,000 pounds of liveweight, and one-third of an ounce for each 10 pounds of milk produced.

Properly applied, the herbicide 2, 4-D either kills bindweed or cuts its vigor to the point where it can't produce seed or interfere with crop production.

Gladiolus and other bulbs should be protected during the winter months by a heavy mulch.

Prices of clothing and textiles are expected to continue increasing in the next few months.

On October 1, 11,486,000 persons were working on farms in the United States.

What to Expect in Agriculture

COLLEGE STATION—Total demand for farm products is due to drop in 1947 and prices received by farmers during the coming year are likely to be below the 1946 average.

This is the situation reported by specialists of the Texas A. and M. College Extension service who attended the Annual Agricultural Outlook conference in Washington, D. C. recently to get the picture on what to expect in agriculture for 1947. As summed up by the specialists, the following is a general outlook for farmers next year:

Although cash receipts from farm marketing and government payments may be five per cent less than in 1946, farmers are still likely to receive more money for their products than they did in 1945, a nearly record year. With increased production costs and reduced sales, it is possible that the net income of farm operators will be reduced as much as 10 to 15 per cent from 1946. Even with such reduction, the net farm income will still be near the high wartime levels of 1941-45, and about two and a half times the 1935-39 average.

The increased consumer income due for next year is likely to go more for satisfying accumulated demand for many manufactured goods, as these become available, and not for the purchasing of more farm products.

Also, foreign demand for farm products is likely to be somewhat smaller in 1947. Index of prices received by farmers during 1946 is estimated to be about 225, and that figure is slated to drop the early part of 1947. Prices in the latter half of the year may average considerably lower if crops continue large and exports are greatly reduced.

Production expenses are likely to continue the upward trend which has prevailed during the war period. Total farm production costs in 1946 will be about 10 per cent higher than in 1945, and a further increase of as much as five per cent may occur next year. The indicated total for 1947 will be nearly 50 per cent greater than in 1920, the highest year prior to World War II. Increasing prices for nearly all commodities used in production are mainly the reason for the production costs due. One exception is the lower prices in sight for feed bought for livestock.

In the years immediately ahead, a higher average interest rate for the farm mortgage debt is seen judging from the mortgage debt trends of the past few years. A more significant rise in interest costs during the coming year may occur in connection with non-real estate credit. The various creditors will make loans at about the same rates, but to finance larger purchases farmers will increase their debts with dealers and finance companies whose rates are considerably higher than those of the more usual lenders—banks and production credit associations.

Property tax payments made by farmers in 1947 will be up somewhat from those of 1946. The 1945 levies on farm real estate, payable largely late in 1945 and early 1946, were more than 10 per cent higher than those of 1944. A further rise is expected in 1946.

For 1946 the realized net income of farm operators is estimated at about 14.7 billion dollars, or more than 10 per cent above 1945. Net income for 1947 may be from 10 to 15 per cent below 1946.

In the marketing and transportation picture, some shortages in means of processing and distributing farm products are expected to continue. Rail transportation shortages are likely to remain critical.

Just A Reminder Folks

Time is drawing near for Christmas is just around the corner.

We still have plenty of gift merchandise from which you may make your gift selection.

We welcome your visit to our store. Here you will find staples of most every kind in Household and Farm Supplies.

NINE OLDSTERS BOAST INTERESTING CAREERS

"LADDIE BOY"

"BUSTER"

"BUDDY"

"RITZ RACHMANINOV"

"MIDGIE"

"ACIE"

"ZIPPY"

The search for the oldest dog in America, conducted by the Dog Research Center, New York, as part of the 1946 France of National Dog Week, resulted some exceedingly interesting stories.

The oldest one found was Laddie Boy (named after President Harding's dog), 25½ year old male of dubious ancestry owned by Mrs. E. C. Baynard, of Mount, N. C. This age in dog is equivalent to 135 years human. Though dogs half his age are considered old, Laddie is healthy well and has required veterinary attention in over 70 years.

Ritz Rachmaninov, a purebred Samoyede owned by Mrs. Daniel McKnight of Vallejo, Calif., and now 15 years old, distinguished himself at the age of 12 (75 in human equivalent) by siring a litter of four healthy puppies.

Susie, 16, owned by Al Johnston, a government trapper of Logan, Mont., still goes hunting with her owner every day. She has pulled down over 600 coyotes and once helped capture a wolf weighing 103 pounds.

Acelona Wire Girl ("Acie"), purebred Wire Foxterrier owned by Mrs. B. J. Blackburn of Roseville, Mich., is still sporty-looking and avel of figure despite her 12 years. Acie has produced 10 litters of puppies and raised all of them. Besides nursing her offspring, she has acted as foster-mother on three different occasions for other dog mothers who had more puppies than they could take care of.

Buddy, a Shepherd (Collie type) belonging to Mrs. Stoddard Porter of Gramsamsville, N. Y., is still working for a living at the age of 16. He brings the cows home from pasture every afternoon. In addition, he has completely eliminated woodchucks from the Porter farm.

In Somerset, Pa., Mrs. William E. Griffith has a toy Black and Tan Terrier male, named Zippy, now 19 years old. She told the Gaines Dog Research Center folk, "Zippy has traveled extensively, stopping at the very best hotels in the country."

Mrs. Robert E. McKinley, of Federalsburg, Md., boasts that her 17-year-old mixed Terrier, Buster, "can actually talk." She claims he says such words as "I'm hungry" and "I want to go out." This claim places Buster well ahead of the much-publicized English dog Ben who is said to be able to distinctly say, "I want one."

A white female Spitz, "Midge," owned by Fred Oertel, of Keokuk, Ia., had a litter of three healthy puppies in May, 1946, when she was 16 years old. On other occasions, when she had no puppies of her own, Midge mothered a litter of white rats, some chickens, another dog's four puppies, and still another time simultaneously nursed a puppy and a kitten.

We're expecting a lot of long distance calls on Christmas

Thousands of people will be calling long distance this Christmas.

There'll be so many calls that circuits—even with the hundreds of new ones we've added during the year—will be crowded beyond capacity.

Long distance operators will do their best to get every Christmas call through on time . . . and most calls will go through that way.

But in spite of every effort, we know some calls will be delayed.

If you can call before—or after—the holiday rush, you'll have a better chance of getting through promptly.

SOUTHWESTERN BELL TELEPHONE COMPANY

Incorporate Rat-Proofing as New Building Put Up

In a preventive program directed against typhus fever in Texas, Dr. George W. Cox, State health officer, has prepared for distribution through the state and local health departments, a pamphlet explaining the importance of incorporating rat proofing in the construction of new buildings.

"I am anxious to have this pamphlet in the hands of every builder in Texas," Dr. Cox said. "Detailed drawings show how simply and cheaply fundamental rat-proofing can be incorporated in designing a building."

The booklet further explains how much less expensive it is to include rat-proofing in the construction, than it is to make a building rat-proof after it is already built.

"When we build new homes in Texas, they should be for our families only. Rats should be excluded," Dr. Cox declared. "When a new home is not rat-proofed, the rats

usually move in about the same time your family does. As long as this continues, typhus fever menaces your family and community."

The booklet may be procured from your local health department, or by writing the State Health Department, Austin, Texas, and every prospective home builder in Texas is urged to procure a copy before completing the plans for a home.

Jess Blasingame Mt. Blanco Pastor

CROSBYTON, Dec. 6—Rev. Jess Blasingame of Plainview has accepted the pastorate of the Mt. Blanco Baptist church and will move to the field this week according to reports from leaders of that church.

Rev. and Mrs. Blasingame have three sons. One, W. A., is in the army and two are at home.

All the members of the church and others in the community are invited to hear Rev. Blasingame Sunday.

Choose Hospital Business Manager

CROSBYTON, Dec. 6—Keltz Garrison, who has been administrative officer of the Crosby County ACA since July 1, 1942, was elected as business manager of the Crosbyton Co-operative General hospital this week by the board of directors of that institution.

Mr. Garrison will take over the duties of the office in the near future, it was reported this week.

The Grundy was taken to the Plains hospital in Lubbock last Thursday for a rest. He is feeling fine and expects to be home in two weeks, according to a report from Mrs. Grundy.

Sul Ross college students elected as officers of their new Institute of Business Relations are left to right—Bill Schofield, Harlingen, Texas; Woodrow Gavenda, Edinburg; Carol Click, Carthage; Elvia Speer, Alpine; J. P. Ward, Rosenberg, Texas; Dr. Neighbor, president, Duncan, Arizona; Aubrey Edwards, Iraan; Dorothy Daugherty, Andrews, Texas; William Speary, Runge, Texas; and Leeman Norman, Floydada, Texas. Not shown in the picture are Carl Shultz, Jr., Alpine; and Henry Bertrand, Columbus, Miss.

Seek Certifying Officer in County for WAA Surplus

Darnell G. Ayres, county service officer, is endeavoring to secure the services of a certifying officer of the War Assets Administration, to visit the county in the near future, said L. W. Chapman, commander of McDermitt post, American Legion, here this week.

The officer certifies veterans of World War II for the purchase of surplus government property.

Certifying officers have been paying visits to other counties throughout the area for months but none has as yet spent any time in Floyd county to aid the more than a thousand veterans here. Many of these have made long, expensive trips in an effort to qualify for veteran status with WAA, Chapman said.

Lubbock Little Symphony Recital on December 17

O. M. Watson, jr., publicity chairman here for the Lubbock Little Symphony, announced this week that the guest artist for a program on December 17 will be Myron Taylor from North Texas State Teachers college, Denton.

Concerts will be given in Lubbock at the High School auditorium on December 17, February 12, March 25, and April 29. Season tickets are now on sale.

Mr. Taylor, whose operatic career began with study in Europe, and who prepared operas in Italy, Germany and France, made his debut at Metropolitan opera in 1937 with the leading role in Walter Dmowski's "The Man Without a Country." He has sung with numerous other opera organizations of national repute and has been presented on the Columbia Broadcasting system.

Miss Doris Kolb, talented pianist, is to play the first movement from Mendelssohn's G Minor Concerto for Piano and Orchestra; the orchestra will play "The Nutcracker Suite" (Tchaikowsky) and will give an arrangement of Christmas carols by J. Hollie Cross.

Harry O'Hearn Passes at Lockney

LOCKNEY, Dec. 6—Harry O'Hearn, an electrical contractor and electrician, who had made his home in Lockney for the past four years, passed away at his home here last Friday morning at 7:45 o'clock after an illness lasting a week.

The deceased came to Lockney from Fort Worth in 1942 and was for a time employed with his brother the late John T. O'Hearn in the electrical business here. Later he went into business for himself.

Survivors include his wife, a baby daughter, Mona Kaye, two stepchildren, Doris and Kenneth Murdock and one niece.

Funeral services were held at the Crager Funeral home Friday afternoon at 3 o'clock conducted by Rev. R. H. Campbell, Methodist pastor. Burial was at Fort Worth beside the mother, sister and brother of the deceased. The body was accompanied to Fort Worth by W. F. Carthel and Vestal Eiland.

Typewriter Ribbon, Hesperian.

O. K. CAFE

C. O. Spence, Jr., Assistant Agent of Denton County

DENTON, Dec. 3—C. O. Spence has been appointed assistant agriculture agent for Denton county and will start work immediately with County Agent G. R. Warren.

The appointment was approved by the commissioners court Monday to fill the vacancy left by the resignation of Al Petty several months ago. He will assist Warren and will be in charge of boys 4-H work for the county.

Spence is a veteran of five years in the Army Air corps in which he served as flight control officer. He was reared on a farm near Floydada where he had training in Future Farmers, dairy judging and grain judging.

After graduation from Floydada High school in 1935, Spence attended Texas Technological college at Lubbock and received his master's degree there in 1940. In his senior year he won honors on a national grain judging team at Kansas City and Chicago.

The new assistant agent has a wife and daughter who will move to Denton from Fort Worth as soon as housing is available.

Spence is the son of Mr. and Mrs. C. O. Spence of Floydada.

4200 BALES AT LOCKNEY

LOCKNEY, Dec. 6—The three Lockney gins have ginned approximately 4200 bales of cotton according to a survey made by The Beacon Thursday. The crop is largely gathered and only a few hundred more bales are expected, it was reported. Most of the remainder of the cotton will be gathered with sleds and strippers, it was indicated.

Mr. and Mrs. A. H. Manning are enjoying their stay at Glenrose very much, they told Mrs. G. C. Hillburn in a letter this week.

HAND CAUGHT IN COMBINE, H. B. HANDLEY IMPROVING

LOCKNEY, Dec. 6—H. B. Handley, who suffered a badly lacerated hand on November 18 when he caught it in a combine, is recuperating at his home near Lockney after spending 10 days in a Floydada hospital.

The left hand was severely cut and the thumb almost torn from the socket when it was caught in a combine cylinder. Mr. Handley was alone in the field at the time and worked for 10 minutes before he was able to free himself and go for treatment.

IMPROVING RAPIDLY

LOCKNEY, Dec. 6—Carl McAdams is improving rapidly in a Lubbock hospital it was reported Wednesday. He underwent an operation about two weeks ago and has been very ill. He is expected to be brought home soon, it was reported.

From where I sit... by Joe Marsh
A Grand American Tradition
The Cuppers had a grand old family reunion last week—for the first time since the war.
Big and Little Cuppers came, by ear and train, from as far west as Nebraska and as far east as Vermont. They crowded Doc and Jane's house, set up quarters in the barns, or stopped with neighbors—and a jollier gathering you couldn't have imagined!
I was asked to their final Saturday night supper, when they sang old songs, drank beer and cider, reminisced. Dark Cuppers and blonde ones—Vermont accents and Alabama draws—doctors and farmers... all with their differences of taste and politics, yet as close and harmonious in spirit as a group could be.
From where I sit, it's a great American tradition—not just family reunions, but the ability to get along as one harmonious family, regardless of differences of taste—whether it's taste for politics or farming, beer or cider.
Joe Marsh

Weight of Horse in Trends Recent Years

Several factors have occurred in recent years to speed the disappearance of horses and mules from the American farm, the Department of Agriculture points out. The total number of horses and mules on farms at the beginning of 1946 was 26,700,000, reached in World War I and the total of 14,481,000 on January 1, 1940.

One outstanding reason for a decrease in horse and mule population is the displacement of animals by power-driven farm machinery, particularly when farm and feed costs are high. As machines and types of machinery available this trend is expected to spread even further.

The number of colts raised in recent years has been small, and the decline in horse and mule population has been increasing. The average of horses raised on farms has been accompanied by a greater rate of death and a strong demand for horse and large exports in 1944-46 have tended to reduce the number of horses on farms.

Horses are being purchased by the UNRRA program, the being sent to Europe mainly for agricultural work. Requisitions issued for the purchase of mares for export in 1946 relief agencies have sent relatively small numbers abroad. Exports of horses also were relatively small in 1945, totaling 14,029 head, largest since 1928, and far outstripping imports of 6,901 for riding and for work (excluding exports for slaughter) in 1945. In recent years, imports of horses for breeding and for work have far in excess of exports. Exports of mules in 1944 and 1945 totaled 4,500 a year and were the highest since 1930.

Slaughter of horses has been large in the past 5 years. This has resulted from the strong demand and prices for horses. Federally inspected slaughter of horses in 1945 set the record high of 77,887 head, about 26,000 more than a year earlier and almost three times larger in 1939. Slaughter has continued large in 1946 at a rate almost double that of 1945 for the corresponding period. This year through August, CCC purchased over 33 million pounds of canned horse meat and five million pounds of cured horse meat for the UNRRA program. The CCC purchase program was completed in August.

Iricks News

IRICK, Dec. 10—Mr. and Mrs. Oliver Holmes and Mr. and Mrs. Travis Dunn shopped in Amarillo last Tuesday.

Several from here attended the football game at Floydada Friday. Bro. Vanlandingham filled his regular preaching date Sunday. He and his family spent the day in the Jack Dollar home.

Visitors in the Bascom Baxter home Sunday afternoon were Mr. and Mrs. Hatchett of Lone Star, Mr. and Mrs. Horace Baxter and Mr. and Mrs. W. R. Kirkpatrick and children.

C. A. Purnell spent Sunday with Mr. and Mrs. Harrell Dollar.

Mr. and Mrs. Bob Battles and Wynona spent the week-end with Mr. and Mrs. Red Jones and family of Grady, New Mexico.

The Jolly Stickers club met in a called meeting last Thursday with Mrs. Milton Ashton. Plans were made for a Christmas party.

Mrs. Virgie Terrell and Misses Allene and Laura Mae Terrell of Plainview visited Mr. and Mrs. Dale Laceywell Sunday afternoon.

Mr. and Mrs. John Holmes and family and Mr. and Mrs. Oliver Holmes and children spent Sunday afternoon with Grandmother Holmes of Sandhill.

Mr. and Mrs. T. J. Robertson have purchased a place close to Olton where they will move soon.

Mr. and Mrs. Melvin Potts and children visited with Mr. and Mrs. Johnnie Terrell Sunday afternoon.

Guests in the D. L. Wright home over the week-end were Mr. and Mrs. Kenneth Kemperton and baby of Plainview and Mr. and Mrs. Lester Bond of Lubbock.

Mr. and Mrs. Tom Graham and Betty Louise spent Sunday with Mr. and Mrs. Walter Shaddix of Plainview.

Mr. and Mrs. Andrew Jolly and daughter Lynn visited relatives near Plainview Sunday.

Little Jimmie Graham, son of Mr. and Mrs. Warren Graham, is in the Plainview clinic suffering from a burn received several days ago.

NEW DAUGHTER DECEMBER 6

Mr. and Mrs. Bob Collier are the parents of a new daughter born December 6 in a Lubbock hospital. The young lady weighed five pounds and thirteen ounces and has been named Suzanne. Both mother and daughter are doing nicely.

Grandparents of the new arrival are Mrs. Kate Collier of Floydada and Mr. and Mrs. Robert Jones of Lubbock.

Time is valuable — let Hesperian want ads sell it for you.

Anetelo De Leon was admitted December 9 to receive treatment for injuries received in a car accident.

G. W. Tubbs was admitted December 9 for medical treatment.

FLOYDADA HOSPITAL NOTES

Leonard Johnston was dismissed this week after receiving medical treatment.

Born to Mr. and Mrs. Ernie Sumner, a boy on December 3. The baby weighed eleven pounds and has been named Ronnie Joe.

Born to Mr. and Mrs. M. H. Watson, a girl on December 5, weighing eight pounds and a half. The infant has been named Sherry Darlene.

Born to Mr. and Mrs. Ruben G. Kemp, a boy on December 6, weighing 10 pounds.

Danny Bowman is recovering nicely from an attack of pneumonia.

Pike Hanna was admitted for medical treatment this week.

Mrs. Lewis Bybee was admitted December 12 for medical treatment.

Jim Barnard was admitted December 9 for medical treatment. He

Christian Church Men's League New Program

Members of the First Christian church district two who met at the Christian church in Floydada Sunday afternoon and reviewed their activities of the year and made plans for the coming year.

Afternoon session was opened by prayer, J. D. Dyer, of the district, and a report was given by the officers of the following year. They are: President, Mr. McKissick of Lubbock; vice-president, Crawford Burdette of Brownfield; secretary, J. D. Dyer of Floydada; treasurer, Wayne McLubbock.

World War Two Veterans Feted at McCoy Supper

A supper was given for the veterans of World War II at the McCoy school house Friday night, November 29.

After everyone had eaten the following program was given: America, sung by everyone; Reading by Mabelle Smith; song by Billy Jo Smith; reading by Loveta Cummings; sixty seconds of silent prayer in memory of Arnold Helms, son of Mr. and Mrs. P. D. Helms, the one casualty of the community.

Each of the veterans were introduced, each telling where he served. The following veterans were present: William Cullpepper, Edward Smith, Charles Hulsey, Earl Switzer, L. H. Smith, Jr., Thomas Pierce, W. H. Eubanks, Leon Hulsey, Paul Willis, Troy Cummings, J. W. Day, Jr., Charles Hartwell, Griggs Hulsey, Ervin Graham, J. T. Myrick, Jr., Chick Wilson, and Carroll Johnston.

Visiting veterans were Don Willis from Petersburg, Orvis Phillips from Ralls, and Orlan Cates from Plains. Piano and guitar music by Mrs. J. M. Pierce and Thomas Pierce was enjoyed by all.

Opening Offices In Boothe Bldg.

Richard F. Stovall, in anticipation of retirement from the office of District attorney on January 1, has been fitting up an office in the Boothe building on West California street.

Mr. Stovall will have the suite of rooms formerly occupied by Dr. C. K. Arnold on the second floor. Miss Jo Powell, who recently returned from Wichita Falls, has been employed as office assistant.

YES, MR. BENNY!
INTRODUCING the two hilariously-funny telephone operators on the Jack Benny program, Bea Benedard, left, and Sara Berner. As Gertrude Gearshift and Mabel Flapsaddle, respectively, the two radio actresses, unlike the usual hard-working, discreet switchboard operator, make Jack's life an open book for millions of listeners.

Oragene Willson Is Outstanding at Ward-Belmont

Mid semester grades at Ward Belmont College in Nashville, Tennessee gave Oragene Willson membership in Hood and Gown and placed her on the honor roll, stated a recent letter to her father J. M. Willson, Sr., from Charles P. Ho-garth, dean of the college.

Ward Belmont has a scholastic enrollment of 800 students. The 12 most outstanding students are in Hood and Gown and only 66 students made the honor roll this semester.

Miss Willson graduated from Floydada High school as an outstanding student with the class of 1945, and is in her freshman year at Ward Belmont.

FIRE OF UNKNOWN ORIGIN DESTROYS ESTACADO GIN

LORENZO, Dec. 6.—Approximately \$30,000 loss was the result of a fire early Sunday morning which completely destroyed the Estacado gin. Origin of the fire was undetermined as late as Friday.

Arthur Isom was the first person to detect the blaze and notify the owner and operator, J. M. Keene. The gin was completely destroyed by the time Mr. Keene arrived.

The cotton house and seed house were saved from the main fire.

Mr. Keene has owned the gin since 1943. Prior to that time he owned interest in the Flowers-Keene gin in Lorenzo. Mr. Keene had ginned 891 bales of cotton up to Saturday night and expected to gin around 1500 before the end of the season.

MRS. E. J. BARKER AND MRS. ASSITER ARE DUE HOME

Mrs. E. J. Barker, who underwent an operation in Chicago November 21, is reported to be in excellent condition. She has been in Chicago eight weeks with her daughter, Mrs. L. V. Assiter, who has been ill.

Mrs. Barker, Mrs. Assiter and daughter Sandra Gail are planning to leave for Floydada December 10. Mr. Assiter will join them later and will spend the Christmas holidays with Mr. and Mrs. Barker and Mr. and Mrs. G. T. Assiter.

They will return home the first of the year.

Ort to Had Been Located Diffunt But No Harm Done

MATADOR, November 28.—From a mathematical standpoint, some of Matador's streets and residence locations are cockeyed, according to a survey made last week by Walter Newell, licensed surveyor from Floydada.

Newell's figures say that the east west road which connects with north Main street just north of the bridge should, according to mathematics, run under the bridge.

Also, the Scout Hut is in the center of an unopened road, as is a Negro residence and a Negro chicken yard.

But from a practical standpoint it's nothing to worry about, according to John Hamilton, legal representative for the Q. A. & P. Railroad—the company which shared expenses with several Matador businesses and citizens to bring Newell here for the survey.

CAR OF EARLY '30 VINTAGE LORENZO STREET 'MYSTERY'

LORENZO, Dec. 6.—The biggest mystery in Lorenzo for the past several weeks has been the whereabouts of the owner of one Hudson automobile, vintage of the '30's.

The old car, still adorned with flapping top and soap scrawls on its windows stands at the front of the bank. To the certain knowledge of nightwatchman Ben Smith, the car has not been touched for 30 days.

It has come to the point that two young ladies who work in the bank, Misses Irene Lee and Helen Ponder, are ready to take up a collection to pay a reward to anyone who can find anyone who will claim the car.

BUYS A SCOOTER

WICHITA FALLS—Over 300 veterans attended a surplus vehicle sale at Sheppard Field, Friday December 6, to purchase 88 vehicles offered for sale by War Assets Administration, Fort Worth. Forty-five vehicles were awarded to holders of oldest dated certificates the first hour of the sale. The remainder were sold on a high-bid basis.

William O. Newberry, a Floydada veteran, bought a 1944 Cushman scooter for \$78.00 with an oldest dated certificate.

This was the final sale where oldest dated certificates would be served first. After December 10th, WAA has a new policy whereby veteran certificates will be honored for all types of disposals irrespective of date issuance.

Miss Lelia Petty, county home demonstration agent, spent the Thanksgiving holidays in Austin with her sister. She returned by plane to Lubbock.

Mr. and Mrs. Leon Chambers and Inez of Amarillo spent Thanksgiving holidays in the home of his parents Mr. and Mrs. J. E. Chambers, here.

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

EXPRESSES GRATITUDE

We wish to thank our many dear friends who did so many kind deeds for us during the serious illness of Mr. Bailey. Each word, prayer and those dear neighbors who came and cut and shocked our feed, plowed the ground and sowed our wheat we thank all of you.

"In as much as ye have done it unto one of the least of these, my brethren, ye have done it unto me." Matthew 25:40.

Mr. and Mrs. G. C. Bailey. Mr. and Mrs. Frank Cline and family of Lubbock spent Sunday in the home of Mr. and Mrs. Alva Sparks.

ACCEPTED BY WARD-BELMONT

NASHVILLE, Tenn.—Miss Marlene Poote, daughter of Mr. and Mrs. C. D. Poote of 618 West Tennessee, Floydada, has been accepted by the Ward - Belmont school for girls in Nashville for the year 1947-48.

Marlene, who will graduate from the Floydada High school next spring, will enter the freshman class at Ward-Belmont on September 9, 1947.

Mr. and Mrs. Paul Wheeler are the proud parents of a new son born November 21 and named Billy Lowell.

Jones Trial—

(Continued from first page)
 man. The latter gave rebuttal testimony to the effect that Mrs. Jones told him the day following the shooting that her husband had no reason to be jealous of her. The state, on cross examination of Mrs. Jones also attempted to show that the shooting followed when the defendant resented efforts to get him

to go home from the store.
Took Boy to Hospital
 Mrs. H. C. Love, sr., testified that she and Mr. Love were notified of their son's injuries at their home by Edgar Jones and her father-in-law, Edgar Jones. Part of her testimony as to conversations between herself and her son at the hospital, was excluded from the jury. She talked several minutes with her son, the testimony indicated.
 Prior to the notification of Mr. and Mrs. Love that their son had been shot, Mrs. Fred Jones testified that she and her father-in-law, Edgar Jones, took H. C. Jr., to the hospital. The ex-soldier, who had been decorated for bravery after recovering from wounds sustained in the Bulge battle, died the following afternoon at 4 o'clock. He had been employed with the Jones food store for about six months.
 In his rebuttal testimony Patrolman Silvas testified that Mrs. Fred Jones told him that the slain youth was "just a child, a kid, and loved Fred and Fred loved him."

More than 50 witnesses had been subpoenaed by the state, among them Bruce Gentry, and Johnny Lackey, who ate steak dinner about 7 o'clock at B & M cafe with the defendant, his wife, and H. C. Love, jr. Gentry and Lackey testified as to events immediately preceding and during the dinner. They were not with the Jones' after the dinner the testimony indicated. Wallace Covington, nephew of Mr. and Mrs. Fred Jones, who lives with them, was a witness.

Court Room Crowded
 The court room in which the trial was held is small and the crowd of spectators taxed its capacity. Many of the audience were from Floyd county, who heard the sensational development in the testimony.

With testimony completed it was indicated that the charge of District Judge C. D. Russell would be given to the jury this morning at 9 o'clock, and that arguments of the lawyers would ensue. Special Prosecutor Meade F. Griffin of Griffin and Morehead, is assisting District Attorney Richard F. Stovall in the case. E. T. Miller, of Amarillo, is the lawyer for the defendant.

A jury in the case was obtained early Tuesday morning, when the twelfth man was chosen. Testimony got under way immediately thereafter.

FUNERAL RITES SUNDAY FOR H. L. CLENDENEN HELD AT MONAHANS, TEXAS

Funeral services for H. L. Clendenen, brother of Mrs. T. L. Pittman of Floydada, were held Sunday at the First Church of Christ in Monahans. Mr. Clendenen passed away Friday.

Mrs. George Smith of Floydada and Mrs. A. F. Stork of Halla, nieces of the deceased, attended the last rites. Among other survivors is a brother, J. A. Clendenen.

Cpl. Fred Martin Has Landed in USA

Cpl. William Fred Martin, son of Mr. and Mrs. Mark Martin, called home Tuesday night from New Jersey after landing at Camp Kilmer. He had just returned to the states from Germany.

One of the odd things about his call home was that he called his family to tell them "hello" from the very same phone and in the very same telephone booth from which he had told them good-bye.

In another telephone conversation last night, Fred said that he was to go to Fort Dix, New Jersey, this morning and receive his discharge and leave for home probably Sunday.

A. L. Spence—

(Continued from first page)
 bearers were C. W. Burton, H. B. Mankin, Jas. E. Green, C. M. Meredith, Walter Sims, Claud Carpenter, W. B. Jordan, Leo Fritzell, C. C. Huckabee and O. R. Gholightly.

Surviving Mr. Spence are his widow, two sons, Donovan C. Spence of Corona, California, Dennis M. Spence of Los Angeles, California; four daughters, Mrs. T. R. Noland and Mrs. Buri Huckabee of Floydada, and Mrs. O. J. Schmitt of Colton, California and by 10 grandchildren. Four brothers and four sisters also survive the deceased. They are:

Lum and Sam Spence of Belton, Mack Spence of Crosbyton, and Charles O. Spence of Floydada; Mrs. Nellie Cox and Mrs. Mary Adair of San Saba, Mrs. Lillie Marley of Crosbyton, and Mrs. Effie Wright of Morality, New Mexico.

Native of Austin County
 Alonso L. Spence was a native of Austin county, Texas. He was born near Bellville, August 9, 1880. He was married to Velma Beatrice Carothers the widow who survives him, August 19, 1906. They moved to Floyd county in 1916, and have resided here since except for five years when he was a resident of Plainview. Mr. Spence had been a member of the Baptist church for more than a quarter of a century.

Mrs. Ralph Taylor and daughter Jacquelyn of Tulare, California, arrived here Friday morning to visit with her parents, Mr. and Mrs. V. W. Hennessee.

P. T. Haynes Named Pastor

Rev. and Mrs. P. T. Haynes and two daughters of Raymondville, Texas, are new residents of Floydada where they moved Saturday to the house address at 817 South Main street.

Rev. Haynes, who in past years has been located in this area, is the Methodist circuit pastor.

Quarterly Conference
 District Superintendent W. C. Hinds, will preach at Rushing Chapel Sunday at 11 a. m. and will hold the first quarterly conference on the circuit.

Gee Funeral—

(Continued from first page)
 June, of Floydada. Two brothers, Phillip Gee of Bonham, and Luther Gee of Honey Grove, also survive.

The last of the three sons to return from army service came in about 30 days ago after being in ETO since 1943. He is Elvin Louis who served in the Army Air corps, now on terminal leave.

Active here as a blacksmith and welder until the day before his death, Mr. Gee had lived in the county 10 years. He was born at Honey Grove November 25, 1893. He was married on October 16, 1916, to Miss Tommie E. Hindman, the wife who survives.

At the time of his death Mr. Gee was associated with his three sons in business here under the firm name of Ed Gee & Sons.

MARRIAGE RECORD

Marriage license was issued last week at the county clerk's office by Margaret Collier to the following couple:

Thomas E. Wells and Wilma Faye Wright, December 3.

Half Minute Interviews

Jim Conner: "The doctor might not have ordered this fine rain, but the farmer did."

A. L. Hartzog: "Everything in Chicago, including the fine new buildings are covered with greasy coal smut."

Cotton Machines Demonstrated in Field Near Aiken

Lockview farms near Aiken was the scene of a field demonstration of cotton harvesting machines last Friday before nearly 400 farmers, county agents, cotton men and ginners.

The Anderson Clayton company's 800-acre seed farm, of which Robert W. Stewart, is manager, was used in the demonstration. There the company grows Paymaster cotton, and on adjacent farms are grown nearly 4,000 acres in a seed block by neighbors.

Eight different harvesters of three distinct types were operated, each machine gathering a total of three bales of cotton over certain designated ground. Percentage of waste left by each machine was figured and data will be compiled for a summary of the demonstration in the cotton firm's publication.

Farmers Watch Project
 Four machinery manufacturers, International Harvester, John Deere, Boone Cotton Harvester company of Dallas and the Wallace Cotton Harvester of Lubbock had machines in the demonstration. Types of machines were the cotton picker machine, the converted picker-stripper, the straight stripper type and the stripper with burr extractor.

Farmers and others interested in the cotton harvesters followed the machines up and down the mile-long rows throughout the day, carefully observing the operation of each machine. Farmers also gathered around the tractors and studied cotton gathered by each machine.

Outcome of the demonstration may have an effect on the future of mechanical cotton harvesting in this area.

Improvements Said Planned
 Machinery company officials themselves admit they haven't the solution to the problem yet, but constant research and engineering on the machines may result in complete mechanization of harvesting in this area.

High officials of Anderson, Clayton attended the demonstration. They included: J. M. Johnson of Houston, Anderson, Clayton vice-president and president of the West-

ern Cotton Oil company; Leland Anderson, also of Houston, another Anderson, Clayton vice president; Dupree Bateman, another vice president and executive vice president of Western Cotton Oil; Ben Barbee, vice president and general manager of the West Texas Cotton Oil company, both of Abilene.
 Visitors were guests at a barbecue dinner at noon with Plainview employees of the cotton oil firm, an Anderson, Clayton subsidiary, as hosts.

Cotton Crop Ginnings Up From Last Yr.

Although the Floyd county cotton crop has been a light one, with extremely low acreage, the total bales ginned as of mid-November, as compared with last year has shown a large increase.

Reports show 3,881 bales ginned this year against 2,151 last year, says the Bureau of the Census.

First activity of considerable proportions in southeast Floyd county were last week when the "big" day at Lakeview gin was 23 bales. Mrs. J. E. Newton said. Major portion of the crop has been ginned in the west side of the county.

Methodist Women Meet in Plainview

The Methodist Women's Society for Christian service of the Plainview district met at the First church in Plainview last Wednesday in a Harvest Day festival.

Among those attending from the Floydada circuit, who had a part in the program were Mrs. George Stiles, who led the devotional and Mrs. M. J. McNeill, who had charge of the memorial service. Mrs. Fritz Schacht of Lockney rendered special music for the morning program. Mrs. J. D. Travis of Cone attended as leader of Zone 2.

Others attending from the Floydada church were Mesdames Will Snell, George Smith, N. W. Williams, D. D. Shipley, W. H. Henderson, M. L. Solomon, and A. N. Ward.

Typewriter and pencil carbons, Hesperian Pub. Co.

Macyl Boteler, student at Iowa university, spent the week here with his parents, Mr. and Mrs. V. H. Boteler.

Entertainment Scheduled in Plan Christmas Eve

At a meeting of the Business Men's club last night, plans were completed for a Christmas program to be presented all day on Christmas Eve.

At 10:30 a special Christmas program will be given by local talent. This will also include a free reading of Dickens Christmas Carol at the Plains Theatre and the giving of several turkeys.

The program will start at 10:30 a.m. from a platform to be erected on Main street. Zoel and his string band will be followed by a men's quartet. The high school will then present a series of choruses and the program for the evening will be concluded by Zoel and his string band.

TOWN NEWS

I think I'd better get a loaf of Butterkist from the Floydada Bakery. That's something I want this house to ever have.

Floydada Bakery

Watson's band. The afternoon program will take place in the Plains theatre and will begin at 7:15. A pageant, "Star of the East" will be arranged by Mrs. Troy Ray. Mrs. Robert Smith will give a Christmas reading and a quartet will sing "Silent Night". The Story of Christmas will be told and then the picture "Charles Dickens Christmas Carol" will be shown.

Santa Claus is scheduled to arrive some time during the morning and will stay through most of the day. He will bring candy and fruit to every boy and girl in town that day and will distribute it himself on the streets.

Following the afternoon show several turkeys will be given away on Main street by the Business Men's club.

Stringing of colored lights on Main street was started this week by Joe Parrish. Plans also include the erection and lighting of a Christmas tree on Main street.

Center News

CENTER, Dec. 9—Today warm weather yesterday and today after days and days of beautiful sunshine. Sunday morning all those at church enjoyed the Lottie Moom Christmas mission program. And enjoyed having a part in the offering for foreign missions afterward. To date it has reached \$65.09. If you were not present you may bring yours next Sunday.

Sunday dinner guests in the J. H. Moody home were Mr. and Mrs. Clarence Guffee and family and Mr. and Mrs. R. C. Ross and Norma June James David Welborn was a dinner guest of Bobby Ashton Sunday. Afternoon visitors in the Ashton home were Mrs. J. D. Welborn and family.

Mr. and Mrs. T. C. Carpenter of Ralls visited in the Leo Fritzell home Sunday afternoon.

Mr. and Mrs. W. B. Harris and children were Sunday dinner guests of Mr. and Mrs. J. B. Jordan.

Mr. and Mrs. C. M. Meredith

Income Exceeds Seven Million in Floyd for 1945

More than tripling their annual gross income in comparison with 1940, as reported by the U. S. Bureau of Census, Floyd County farm families last year produced crops and livestock with the record value of more than \$7,380,000.

This huge increase in farm revenue has already created heavy demand for general farm improvements and for home remodeling, according to a study released by the Tile Council of America. With every industry anticipating greater business in the state than before the war, floor and wall tile manufacturers alone expect their sales here to triple in the next few years.

"Increased sales of industrial products mean in turn a new level of prosperity for every local businessman and worker," said D. P. Forst, chairman of the Council's Residential Construction committee.

The study shows that many farm improvements were made even during the war. Since 1940, for example, the number of farm homes reporting electric lights here has increased from 469 to 525. Heavy demand for such modernizing as installation of running water, tiling of bathrooms and improving kitchen layouts has already resulted, according to Forst.

Forst also pointed out that farmers in the county today have 530 more tractors than in 1940, according to the Bureau of Census, and that the number of trucks on farms has likewise increased substantially. "These facts not only indicate the importance of the farm market but also make it one which no businessman or manufacturer can afford to overlook," he said.

Mr. and Mrs. Jim Holligan will leave the first of next week for California, where they plan to spend sometime with their son, Ernest Holligan and family.

CHRISTMAS MEETING OF ALATHEANS DECEMBER 19

The Alathean Sunday school class of the First Baptist church will meet in the basement of the church December 19 for their Christmas meeting and exchange gifts.

All members and associate members are asked to be present.

HARTZOG HOME THIS WEEK

County Agent A. L. Hartzog is at home this week, having arrived Tuesday from attendance at the National 4-H Club congress held in Chicago, and where, also, county agent of the nation, conferred in a two-day session.

Hartzog's return journey was made with a stop in Missouri. In that state he visited with his grandmother at Sweet Springs.

Mrs. R. L. Reed and son of Beaumont arrived in Floydada Sunday to visit here through the holidays with her parents, Mr. and Mrs. I. R. Grundy. Mrs. Grundy and Mrs. Lacey Martin met Mrs. Reed in Lubbock.

HOME FROM WEST COAST

Mr. and Mrs. T. J. Day returned home Monday from the West coast, where they spent several weeks. Their trip took them to Vallejo, California, where they were guests in the home of a daughter, and also journeyed to Portland, Oregon, where they visited for sometime with another daughter.

Mr. and Mrs. Billy Grundy and children of Dumas, Mrs. Lacey Martin and daughter and Mrs. I. R. Grundy visited in Lubbock Sunday with Ike Grundy who is in the Plains hospital there.

Mr. and Mrs. Billy Grundy and children Doyle and Bobby of Dumas spent the week-end here with Mrs. Ike Grundy.

Wellington Wins; Whirlwinds Bow Out of Football

The Floydada Whirlwinds and their coach are not having to bother this week about how to meet a regional opponent for football honors. The Wellington Skyrockets effectively solved this problem for them last Friday afternoon. Over the week-end the Whirlwinds used rubbing alcohol and Absorbine on their aching parts and the coach took success in a bit of a quail hunting expedition.

Wellington's bi-district champions demonstrated again that District 3-A football is superior to District 4-A football 38 to 7, before the largest crowd of football fans ever to assemble on Wester field.

Bigger and faster, harder and better-financed the north panhandle boys got the job done in a way that the boys in this territory haven't been able to meet in a good many years of bi-district competition.

I. D. Russell and company rolled in from Wellington Friday and in five plays after the whistle sounded at 2 o'clock demonstrated they knew what to do and how to do it. The rest of the 58 minutes of play was only to determine how and how much. A big, strong boy is better than a little strong boy. And that is the story.

Still Packed a Wallop
It doesn't matter so much that the 'Winds demonstrated they still packed a wallop by scoring again a first string outfit in the last five minutes of play after plowing downfield for 65 yards, and then taking an extra point by way of an off-tackle plunge.

Second Quarter Decisive
The second quarter of the game was decisive. After holding the

Whirlwinds for the first quarter while the Floydada boys had advantage of the wind the Wellington lads took command in the second quarter. With the wind to their backs they went on a rampage that netted them 26 points. When the second half began, after the bands and pep squads had done their stuff, it was only a matter of whether the Winds would score at all and how much more the Skyrockets would add.

Fine Day, Big Crowd
It was a fine day and a crowd that taxed the capacity of the athletic council of Floydada High school to handle. Not so many Wellington fans were present as expected. Many of them sensed it was a Skyrocket in the bag and stayed at home. But everybody on the South Plains was fooled and fans of half a dozen counties here about were represented generously in the crowd. The weather man was kind and the crowd was a stadium-filling one. Expense of handling the big crowd was terrific and the council did not make as much money as the general public thinks, but the situation was met.

Pretty Fair Substitute
I. D. Russell, billed as a replacement for Tim Hatch in the fullback position for the Skyrockets, accounted for two rushing touchdowns, flipped two scoring passes and kicked for two extra points, and also accounted for several yards to make up the total of yards gained for the Wellington entrants in the fray.

Carmack, Hagood and Jones valiantly strived against their heavier opponents but the Wellington line was too good. The Floydada backfield men didn't have time to screen their strategy. The Wellington line kept the Floydada line off balance most of the afternoon, except for the 10 minute nearing the close of the game.

In addition to Russell's two scores Junior Orr, Wellington right half, made a 50-yard punt return for one score, and Benny Moore, left half, hit the line in the frenzied second quarter to make the downfall of the Whirlwinds complete.

Leonard Grigsby Scores
Only member of the Floydada squad to get consolation out of the game was Leonard Grigsby, left end who scored Floydada's touchdown. After Carmack, Hagood and Jones had plowed from the Floydada 32-yard line down to the nine-yard stripe, Leonard caught a pass out in the flat zone from Billy Hale and ran the distance for the score with Skyrocket Moore breathing hard down his neck. Carmack bulldogged an extra point through the line for conversion. It was the Grigsby boy's first and only official score of a whole season of effort.

Statistics of the Game
Statistics of the game indicate that Floydada made 10 first downs, Wellington 14, Floydada won 141 yards rushing, lost 29, while Wellington won 284 yards, lost 20. Floydada attempted eight passes, com-

Final Outcome District 4-A

Close of the conference race in District 4-A interscholastic football in Thanksgiving week found the teams with the following per centages:

Team	W	L	Pct.
Floydada	7	0	1.000
Spur	6	1	.857
Paducah	5	2	.713
Matador	3	4	.428
Crosbyton	3	4	.428
Rails	3	4	.428
Petersburg	1	6	.142
Lockney	0	7	.000

Deeds Recorded

Alpha Boothe to Dan C. Day, 40 acres of land, being SW $\frac{1}{4}$ of the SE $\frac{1}{4}$ of survey 61 of block 1, ABM; Guy Sams et al to W. L. County Program Red Cross Award's Study

The time programs of the Red Cross were the subject to which members of the Floyd County American Red Cross, gave time in a meeting held Tuesday afternoon of last week at the county superintendent's office.

Mrs. Freida Kennedy, general field representative of the Red Cross, met with the group. Administering free blood plasma now available, which can be administered from local hospitals, the need of more children's clothes, and a course of instruction in nutrition for lunch room personnel, were among the subjects discussed.

Floyd County chapter probably will undertake a clothing making program after the first of the year. Also plans are incomplete as yet for the nutrition class. Miss Lella Petty, county home demonstration agent, will teach the class when the St. Louis headquarters gives final approval to plans.

Fry Again Fund Chairman
R. E. Fry was again named fund chairman for the Red Cross to serve through 1947. Other appointments included:
Mrs. James L. Asher to succeed Mrs. O. M. Conway as county production chairman; and
R. E. Patterson of Lockney as a member of the board of directors to succeed Bob Miller, who has moved away.

Weekly SURPLUS NEWS WAA

Conservation District News

R. G. Dunlap, W. F. Ferguson and W. H. Nelson members of the board of supervisors of the Floyd County Soil Conservation district left early Monday morning for Austin to attend a meeting of the State Soil Conservation Supervisors association which was held Tuesday and Wednesday.

District supervisors from soil conservation districts over the entire state of Texas were present at the meeting. The meeting is an annual affair held for the purpose of stimulating interest in soil and water conservation and formulating plans for use by districts in directing their conservation operations.

The local representatives are expected to return some time Thursday.

The Fort Worth Press has recently announced awards amounting to \$10,000 for outstanding work in the field of soil conservation. An award of \$1,000 will be made to the outstanding soil conservation in Texas; \$500 to the farmer in Texas who has made the greatest achievement in soil conservation, a plaque to the business or professional man or woman who has rendered the greatest unselfish service to conservation; and an all-expense trip to Denver, Colorado, to the high school student who writes the best essay on the subject "Save the Soil and Save Texas."

In addition to the above awards which are made on a statewide basis, other awards will be made on a regional basis. Texas is divided into five regions. An award of \$300 will go to the outstanding district in each region, \$200 to the second best district, \$100 to the third best and \$100 to the fourth best.

Two hundred dollars will go to the outstanding conservation group in each region and \$100 in awards will go to outstanding essays by high school students. A plaque will be given the outstanding district cooperator in each soil conservation district and a certificate of honor will go to every cooperator who has completed a program under his soil conservation agreement and still is maintaining that program.

Co-sponsors with the Fort Worth Press in making the awards are approximately 4,500,000 board feet of lumber, builders hardware, electrical supplies and fittings will be held by WAA at Camp Howze, near Gainesville, starting Monday, December 16. On the same date, a similar sale of stockpiled building materials from the demolition of more than 300 buildings at the former Prisoner of War camp at McLean will get under way.

In both sales, WAA will serve only holders of HH priority Certificates which are issued by the National Housing Agency or the CPA, and Veterans or contractors seeking to build a home for sale to a Veteran will each be permitted to buy not more than sufficient materials to complete one individual five room dwelling.

We Can Deliver NOW

BISHOP MOTOR COMPANY

Two important changes in the interests of better serving Veterans of World War II in acquiring surplus property were made by War Assets administration this past week. From now on, all veterans who hold WAA Certificates will be sold on a "First Come, First Served" basis regardless of date of certificate, according to Harold S. Gish, Chief of the Veterans Division in Fort Worth.

No further Certificates will be issued for the numerous items on the Veteran "Set Aside" list, due to the large number of unfilled certificates nationally. A speed-up drive is to be made endeavoring to sell all "Set Aside" items to Veterans by February 28.

Texas Veterans will have two big buying opportunities to secure badly needed lumber, wiring, plumbing and hardware items for the construction of new homes starting next Monday, December 16. A sale of ap-

QUALITY CLEANERS

Automobile Was Monstrous Thing in Year of 1907

The old days--the first days of the automobile in West Texas--are recalled by a newspaper clipping we found recently in the Amarillo Daily News, taken from the column conducted by Miss Laura V. Hamner. This clipping is a letter from H. O. Pope, of Floydada, which recalled history in Armstrong county back in 1909. Says Mr. Pope (in Sunday, December 1, Issue) in the letter quoted by Miss Hamner:

"Some of my friends told me they heard your Sunday talk about Claude. I was not at home so I did not hear you."

"Dr. H. Z. Pennington and I had the first two cars in Claude. They were shipped from New York to Galveston by water and on to Claude by freight in 1907. They were unloaded the same day. Dr. Pennington registered his car as No. 1 and mine as No. 2. They were Maxwell runabouts and cost us \$300 each. Your dad used to put a piece in the Claude News, trying to get the people to stop us from coming on the streets of Claude with them."

"I was the first man to cross the Canyon south of Claude in an automobile. This was in the Spring of 1908. Walter Cope crossed it in 1909. Those were great days. Horse and even people were afraid of automobiles."

Mr. and Mrs. Hayes O'Neal are the parents of a son born on December 5, which they have named Royace Hayes. The new son weighed 9 pounds at birth. He and his mother, the former Dola Maddox, are doing nicely.

As A Farm Woman Thinks

(By Nellie Witt Spikes)

I just love Christmas. Always have since the first one I can remember when father and mother went to visit an hour with some neighbors in Weatherford. I remember the people. A woman who had no thumbs to speak of and was the best dressmaker in Weatherford. I recall the scissors in her fingers, her children who taught me the Psalm. The Lord is my Shepherd. I would show off for them when they wanted me too by reciting it every word.

That night when we got home Santa had been there and left presents on the bed. There was a gold band ring for me. Years afterward I learned how father had scrapped and smoothed a pair of buffalo horns to sell for the money to buy his little girl a ring. I lost it years and years after in a surface tank at grandfather Jones ranch near Emma, lost in muddy water where the cattle watered. (Dirty water where we children had no business to be.)

Two plates were on the bed with capital letters of the alphabet in gold around the smooth white rim. There was a little hammer and box of tacks for my brother Lowell. He left them out not long after and some one picked them up. There was candy on the bed for Lowell and I, and nuts, perhaps, I do not recall.

Then the first Christmas on the Plains at Grandpa Jones. The big sycamore fresh from the canyon, the big dinner with the yellow-checked tablecloth. The trees at Emma courthouse, tall and stately, covered with sparkling jewelry and myriads of colored silk handkerchiefs. Christmas in my own home with three little children, miles of white snow between us and town. Shut in with no way to go but in an open hack with a team, but happy.

I still like Christmas. I like the shiv tinsel, the smiles of happy shoppers, the cedar and pine, the sparkle of the cellophane. I like to make things for this happy season, search the papers for new ideas. Wreaths of evergreens, mantels glowing with green and red, blue and silver.

I love it because it is our blessed Lord's birthday. It gives me the joy of a child and I become as a little child in my happiness and pleasure.

The following very interesting writing was given me by my good friend, Mrs. Orle Ferguson and was written for the Texas Almanac by her father, J. J. Hammack, who many will remember was postmaster at Emma for many years.

"Crosby County--1904"
"Crosby County is situated upon the Llano Estacado or Staked Plains and lies in the central part of same. It is distant 110 miles from Canyon City on the Pecos Valley railroad and this is the nearest railroad point. It is 125 miles from Colorado City on the Texas and Pacific R. R. Population in 1900, 788. Property assessments 1903, \$1,338,827. Crosby County lies two thirds

on the Plains and one third in the brakes. The brakes on the east known as Blanco canyon and on the south, Yellowhouse canyon. On the plains the soil is about three feet deep and is a dark chocolate loam with some sandy land toward the southwest. There is no large timber in this county with the exception of several cottonwood groves in the brakes, and some mesquite timber which is very small. The land in the brakes is rocky and sandy, with "shinnery" or scrub oak. In the eastern part of the county is the White river running south and in the western is the Salt Fork. Both of these streams are tributaries of the Brazos River.

An inexhaustible supply of underground water is obtained at 200 to 250 feet. No irrigation has been tried on the plains except for gardens. This has been very successful.

The principal crops are milo maize, kaffir corn, Indian corn, millet, sorghum and Johnson grass. Some cotton was planted in 1903 and averaged one half bale to the acre. There are no known minerals in the county. Lands sell at \$2.50 to \$3.00 per acre. At least one half of the county is taken up by large pastures.

"There are eight public schools in the county. The scholastic population is nearly three hundred. Emma, the county seat, is situated within five miles of the geographical center of the county. The population is 200. Other towns are Estacado, 15 miles northwest of Emma, and Cone, 14 miles north. The county is out of debt."

IRVIN BISHOP HOME

Irvin Bishop, who just recently returned from a trip to Pacific and southwestern lands as a member of the Merchant marine, has been at home since last mid-week, guest of his brother, Thurmon, and other relatives.

Mr. Bishop's latest trip took him to Japan, China, Australia and the Malay archipelago.

Mrs. E. C. Mince is making preparation this week to leave Sunday for Lomita, California, where she will pay a Christmas visit with her son, E. C. Mince and family.

Phillips "66"
Truett & F. A. Smith
Northeast Corner Square

A frantic mechanic named Crocket,
Got so mad at his car he could hock it,
But his wife, she said, "Nix!
"It just needs '66",
Now it starts every time like a rocket!

For Rocket Starts...

Get Phillips 66 Gasoline

Phillips regulates "66" gasoline to your seasonal driving conditions--that's why you get those quick starts on cold mornings! That's why your car will warm up faster than it does with low volatility gasoline.

We draw on our vast reserves of high-test natural gasoline to give you more highly volatile elements in your fuel as the weather gets colder.

Try Phillips 66. See if this "controlled volatility" doesn't give you quicker starts and easier warm-ups in cold weather. Drive in at the next orange-and-black "66" sign!

AS THE SEASONAL TEMPERATURE GOES DOWN... PHILLIPS 66 VOLATILITY GOES UP!

For good service... Phillips 66!

BE WISE... and SHOP EARLY!

I'll be here before you know it
