### SINCERE THANKS

### To The Citizens and Taxpayers of The City of Floydada for Their Continued Loyalty and Co-operation During 1946

In the first year of peace-time and operating under numerous disadvantages which have been common to all of us, we have found the people helpful and anxious to see that our city carry forward its program of building a better community, a substantial one of which we can all be proud.

### WE WANT TO THANK EACH AND ALL FOR THE COURTESIES WHICH HAVE BEEN OURS

There have been criticisms, which we know were honestly made and intended for the good of the community. Most of these have been helpful in giving your public servants viewpoints which they might not otherwise have obtained.

### WE REMIND YOU THAT YOU AND YOUR NEIGH-BORS ARE FLOYDADA, ALONG WITH US

Together we are in the Light and Power Business, the Water and Sewer Disposal Business. We are serving ourselves and the profits, if any, we will use to our own community benefit.

Our Patronage of ourselves will mean the difference between success and failure; we go along together or we go down together.

We have numerous problems to be solved this year, which include considerable expansions and repairs, additional equipment, the purchase of Critical Items which we have been forced to forego until the War was won, and moreover, until they come back into production in quantity.

We are sure your council and the employes of the City of Floydada can count on your Loyalty and co-operation in the New Year as in the past.

one, it is best. My New Year's Wish For You

Gleaned from the Poetry of Books wish you golden sun and silver rain; frost that will bring you free curtains of lace, free of cost: May you have white bread and golden butter to spread on it: The song of birds and time to listen to them: the beauty of a butterfly's wing: time to wipe away the tear from the cheek of a little child and to see the dew drop in a rose: I wish you the riches of faithful friends, the riches of a good name, the gold of grain, the silver of flute music diamonds on the grass, good health, clear thinking minds: May you have good books and food and summer rain: I wish you the joy to forgive and to be forgiven: May you have the hope of a gleaming taper's light Faith that is the substance of things hoped for: love that seeketh not of itself to please: I wish for clouds in your sky a silver lining and the last I wish you the peace of God which surpasses all understanding.

### **County Pioneers Return for Visit**

Mr. and Mrs. J. T. McLain had as their guests Sunday night December 22 his sister and her hus-band, Mr. and Mrs. E. C. Fullingin and their daughter and family, Dyers all of Albuquerque, New Mex-

They had previously been met at Plainview by a sister of Mrs. Fullin-gim's Mrs. J. C. Williams, and other Mrs. Dunn relatives and friends,

They left Monday morning for Dallas to visit a sister Miss Winnie McLain then on to Canton to see another sister, Mrs. J. W. Wiggins and family where they will remain while the Dyers go on to Galveston.

The Fullingims were pioneer residents of Floyd county where they married in 1890. They resided in Sand Hill and Harmony communities for many years, and also a short time in Lockney before moving to other parts of Texas and finally to

Little fire was generated at the meeting but a determination to meet the arguments of proponents of state control was indicated.

Joining Regional Association The regional organization form ed Saturday at Plainview was joined in by the Floyd county group. The regional organization will be known as the High Plains Water Use and Conservation association.

Its governing body was set up so as to form a committee of presidents of county associations and one additional member chosen from each county

From the Floyd county group Ed Whitfill automatically became one member and Joe W. Jennings, long a water user in crop production was chosen as the other.
