Numerous friends were here from town for the last rites said week for Ben B. Gully. Among...

## Problem of the Curious Crowds as Fire Boys in a Deep Study

A fire alarm that turned out to be false Monday night put scores of people, apparently hundreds, of passenger cars on the ground at the location of the blaze and the resultant confusion as they crowded corners and took short cuts...

## Waycees Announce Wayland Sr. Players Here In Comedy Apr. 18

"Hold Everything!" This is the demand which will bring you to the High School auditorium on Friday night, April 18 at 8:00 o'clock for the Floydada Junior Chamber of Commerce.

## Interscholastic Leaguers Meet Sat. at Matador

In addition to the 18 athletes of Floydada High school who will be defending the Green and White championship in track and field events of District 4-A, Interscholastic events of the District meet in Matador next Friday and Saturday.

## Unique Quilt Will Be Shown

A unique quilt, designed and made by Mrs. Chas. Watson, of Petersburg will be on display at the meeting next Tuesday, when members of the Floyd County Rural Electric cooperative gather here for their annual meeting.

## \$100 Contributed To Jefferson Day Democratic Fund

Thirty-four Floyd county Democrats with donations of \$1 to \$10 last week contributed \$100 to the Jefferson Day Democratic campaign fund.

## Weather and Crops

Talk of greenbugs, as the diminutive insects apparently multiply in the wheat and alfalfa fields, and hot day would come along and put a stop to their inroads, has been current in Floyd county this week.

## Grade Crossing Accident in Fog Kills Well Driller

A dense fog yesterday morning that covered the area for less than half an hour was responsible for the death of John Howell, 51, Plainview well driller, at a grade crossing on Highway 70 one mile west of Lockney.

The accident occurred at 5:30. They crashed into a Fort Worth & Denver train broadside in the fog. Orville Payne, about 40, who is in Lockney hospital, was owner and driver of the truck traveling east from Plainview, his home.

## Hall County Rural Electric Gets New Extension Money

A telegram filed yesterday afternoon at Washington to The Hesperian from Congressman George Mahon will be of much interest to northeast Floyd county people who have been looking forward to electrification for their homes through the Hall County Rural Electric cooperative.

## Father of Ted and George Allen Died Sunday in Colorado

Zack T. Allen, 70, died Sunday in Mercy hospital in Durango, Colorado, where he had been for two days. Mr. Allen's body was brought to Floydada Monday by T. G. Hall Jr., of Harman Funeral home.

## To Attend National Rural Electric Assn.

Johnny Lackey, as a director of Floyd County Rural Electric cooperative, and Geo. L. Fawver, as a member representative, will attend the meeting of the National Rural Electric cooperative in Spokane, Washington.

## Arrange Appliance Show For Tuesday

### Amnesia Victim?

Disappearance of B. E. Needles prominent in the South Plains area for a quarter of a century as a tire distributor, on March 22, is deep tragedy in his family and circle of immediate friends, who express the belief he is probably the victim of amnesia.

## Little Interest Shown Saturday School Election

Only a bit of interest was shown in the trustee elections in Floyd county last Saturday, particularly so in Floydada Independent School district where out of a possible thousand or so votes only 20 were actually cast.

## Wright Lakeview Cemetery Assn. Hd.

At a meeting of the Lakeview Cemetery association held April 3 W. C. Wright was elected president of the association and Mrs. Wright was elected secretary.

## Local Telephone Service Almost Up to Par since Strike Started

Telephone service on strictly a local basis has been approximately up to par in Floydada this week with little business accepted on long distance lines since Monday morning at 6 o'clock when local operators were called off the job in a dispute over wages and working conditions.

## Petersburg Assn. Has Lead Role In Fight on Water Control Bill

Leading delegation in numbers and end activity at the water hearing in Austin last week, when the committee on state affairs of the legislature killed the state control proposal was from Petersburg, and Marvin Shubert and Chas. Shuler took the lead in working up interest among plains irrigation farmers in opposing the move.

While the board of directors of Floyd County Rural Electric cooperative were completing their report on the affairs of the organization this week to be presented next Tuesday to the membership in the annual meeting here, 18 of the electrical appliance dealers of the community were shaping up their displays for the all-day show to be held at Plains Equipment building, 313 South Wall street on the same date.

Monday night the dealers drew for places in the large display room and with Superintendent L. W. Chapman went over plans for the show. This week new appliances and devices, some of which are yet to go into production in quantity, were being received by dealers, indicating their suppliers are impressed with the large potential market not only on rural electric lines of the area but in communities such as Floydada.

The display will open at 10 a. m. and will stay in place until the close of the business day. People of Floydada and other communities are invited to view the display of new appliances, especially while members of the rural electric cooperative in their annual meeting from 7 to 4 o'clock in the district court room.

Invitation Broadcast Every present and prospective member-family of the big cooperative, numbering some 2,000 families are being invited to the show and urged to attend the annual meeting Mr. Chapman said.

## Induct Three New Aldermen Tuesday Night

Formalities of inducting three new members of the city council into their respective offices Tuesday night, followed the canvas of the results of last week's city election, as the council had its first post-election meeting.

## Yeggs Picked Nichols Safe

A person of some experience knocked the knob off of the unlocked safe at Nichols Lumber company, North Main street building material concern, Wednesday night of last week, jimmied the inside cash compartment, and took something over \$15 in cash therefrom.

## Local Telephone Service Almost Up to Par since Strike Started

Telephone service on strictly a local basis has been approximately up to par in Floydada this week with little business accepted on long distance lines since Monday morning at 6 o'clock when local operators were called off the job in a dispute over wages and working conditions.

## Wright Lakeview Cemetery Assn. Hd.

At a meeting of the Lakeview Cemetery association held April 3 W. C. Wright was elected president of the association and Mrs. Wright was elected secretary.

## Petersburg Assn. Has Lead Role In Fight on Water Control Bill

Leading delegation in numbers and end activity at the water hearing in Austin last week, when the committee on state affairs of the legislature killed the state control proposal was from Petersburg, and Marvin Shubert and Chas. Shuler took the lead in working up interest among plains irrigation farmers in opposing the move.

# EDITORIALS

## POKE LATE THIS SEASON

One thing about paper. If you have any it has to be still while you write. This being a prelude to a lesson in English as she is wrote we are reminded that those not so well informed put what they think on paper and it goes through the mill the same as those who know their okra, so to speak.

Being of the earth earthy we think in terms of the seasons. When its time for March winds we think how can you arrange it so the feed won't all blow out of the trough when its feeding time. Or, as when Good Friday came last week, will everybody get their beans planted as they should. Of course, a lot won't or didn't, but those who observe the signs carefully and try to give nature a chance did.

Then at the usual time for poke greens and sheep sorrel, or as the dictionary says, sheep sorrel, our thoughts turn to the same and how good they used to be to eat and to make you slick off in the spring before we had greens and lettuce, too, all winter.

We note, incidentally, that both are going to be late this spring, considering that Easter is already come and gone, and nary a poke shoot yet and no sheep sorrel in the bar ditches or fence corners.

## MANY A NEW FENCE POST

Looking around for signs of poke and sheep sorrel we have noted many a new fence post over the country. The people from the cedar breaks country are hauling them in by the thousands and the yards are selling a lot, too, as well as barbed wire and staples.

Fence posts may be too high and barbed wire, but after a farm hasn't had any new fence or posts for a good many seasons, like as in the past five or six, a man has got to put up something that will keep the cattle and sheep in and out.

Being considerable of a fence builder and windmill fixer we can't help but note that some are building good fences and some are not building so good. No fence is better than the corner posts. In fact, the corner post is the fence if you do the rest of the job like it should be done.

## POKE GREENS IS SALAD

We noted somewhere in reading the other day, probably in one of these University Press things they call quarterlies and sometime print stuff that is screwball, a writer spoke of poke salad. It put us to looking. Had we thought of poke salad all these years as poke salad? Had our raising been all wrong, the years wasted as it were?

If we understand Mr. Webster the country folks that call it salad are right and the town people, who lean back so hard trying to be right and correct and proper about everything, are wrong. Salad is a sort of a helmet of a thing with a projection over the neck, the only definition we can find for it. Salad is, among other things, any kind of a green herb grown to make salad, so for instance, you take poke and put in some seasoning and cook it right and you've got poke salad and it doesn't taste like a helmet with a projection over the neck. At least it doesn't taste that way to us.

Had the heads of raising healthy dairy calves can be won by cloth, dry, calf pens.

## SECRET BALLOT IN TEXAS

For a good many years a good many people have found fault with Texas election laws. We do not know that the complaints lodged against the way votes are cast, counted and tallied are groundless at all, but we do know that we have no basic complaint against the election laws in this state. The procedure and several things could and should have the attention of the legislature. Among other things the state's law making body might spend some time making the law one which could be complied with in more particulars.

But so far as changing the law basically to get what is now being urgently sought as a really "secret" ballot is more than we could ask of the legislature.

In the first place you must assume that men and/or women of character and integrity are going to hold the elections. If your premises in an argument on the matter is not based on that assumption then it doesn't make any difference anyhow. And if you have men and women of character running the elections in your various precincts you are going to have an honest election and a secret ballot to the extent that if the election holders do learn how some or all of the voters in a given precinct cast their ballots at least they are going to consider this knowledge one of sacred trust and will make it a point not to know the things they know as a matter of personal or privileged knowledge. Fact is the present law makes it a criminal offense for one of the election officials to make public any such knowledge.

## "SECRET" BALLOT A DELUSION

A "secret" ballot such as is now being sought in this state is a snare and a delusion. It plays into the hands of the crook and the "vest pocket" interests. No reason why, under statutes proposed, there couldn't be all kinds of ballot stuffing, and no court in the land able to ferret out the how and get at the facts.

What faults there are in the present system of voting and ballot counting in Texas wouldn't be solved by a "secret" ballot that takes away responsibility of a good citizen for a fair and impartial count and an accurate and prompt report, under penalty.

Everything may not be just right and fair and honest in all of the 254 counties of Texas as to voting. We do not know about that. We do know that, so far as we are concerned, we want some good responsible man under oath to count and tally the votes in our precinct, report them promptly and be in position to answer when and if the results of the election he held are questioned.

We have no desire for a ballot so "secret" that it and all of the others can't be recounted if need arise.

Veterans Administration now has about 150,000 employees eligible for veterans preference. They comprise 80 per cent of all VA employees, male and female.

Veterans Administration board of appeals now is disposing of an average of 2,900 appeals from VA rulings monthly.

Commercial hatcheries in Texas turned out 1,790,000 baby chicks during December. Total 1946 hatch was 47,645,000 chicks.

## The Floyd Co. Hesperian

Established 1896 by Claude V. Hall Entered as second class mail at the postoffice at Floydada, Texas, April 18, 1907, under the act of Congress of March 3, 1879.

## Floyd County 14 Years Ago

(Issue of April 13, 1933)

Pioneers of Floyd County may meet in Floydada on Monday, May 28, to celebrate the forty-second anniversary of the founding of the county. This date was announced by Glad Snodgrass, president of the association of pioneers this week, after talking with several members of the organization, who indicated the date is satisfactory.

Ward & Hargis, automobile mechanics, have moved their automobile repair shop from the building heretofore occupied by them on South Wall to the old Hesperian building 217 North Main Street.

Work of cutting down the grade on the south side of Blanco canyon on the Falls highway to make the grade much better than the present roadway, was begun in earnest this week.

W. A. Grund installed a new drinking fountain and extra gas lights Wednesday at the new Allen school.

Miss Joyce King was hostess to a number of friends at a lawn party at her home Friday evening. Varied entertainment was enjoyed during the party.

O. L. Landers assumed charge of the Motor Bus Service station Thursday of last week, succeeding Darwin Callahan.

Mrs. E. B. Mather, who is commencing following an operation at Lubbock three weeks ago, was able to be returned home Sunday.

Postmaster and Mrs. J. D. Stark left Thursday morning of last week for Houston, where they are spending a vacation with their daughter Mrs. J. K. Green. They plan to return home the first part of next week.

Kathleen Hedge, first year Latin student in Floydada High school

won second place in her division at the Latin tournament at Amarillo Saturday.

What do you think railroads make?

The public thinks we make 15%

15%

What do you think they should make?

The public thinks 10% would be fair

10%

What are the facts?

Actually the railroads earned only 2 3/4% in 1946.

To provide the service you want, railroads need to earn at least 6%. But estimates indicate that even with the recent freight rate increase, the return for 1947 will be only about half that requirement.

2 3/4%

## Why it takes 6% to make the grade...

Impartial research polls show that, on the average, people think we make 15%. They also think a fair return would be 10%.

### What We Make

But for the year 1946, with the biggest passenger traffic in history, the railroads earned only 2 3/4%. This is less than one-half the comparable earnings for other industries.

The reasons for this low return are not hard to find. Since 1939 railroad wages have increased 42 1/2% and the price of fuel, materials and supplies have gone up 67 1/2%.

But freight rates have just recently been increased on an average of only 17 1/2%—a year after the effective date of the last big wage increase.

### What Awaits This Year?

It is estimated that the return for 1947, even with the recent freight rate increase, will be only about half the 6% minimum return required to provide the improvements and service needed. This will be because of increased costs of materials and supplies, because certain wage increases granted in 1946

were in effect for only part of 1946 but will be in effect for all of 1947, because of increased special payroll taxes on railroads, and because of a decline in passenger business.

### What Does This Mean To You?

The answer is "Plenty!" Your standard of living is the highest in the world because of mass production. But mass production would not be possible without mass transportation, which the railroads provide at low cost.

### Why 6% Is Needed

The kind of service your standard of living requires takes a lot of money for new equipment and improvements. To carry out the post-war improvement program for better equipment, tractors, terminals and modern safety devices, a minimum return of 6% is needed.

So when the railroads make only 2 3/4% cents on each \$1.00 of their net property investment, it concerns you.

The funds for future new equipment and improvements must come from railroad earnings and also from investors. They will furnish money on reasonable terms only if they have confidence in the future earnings of the railroads.

### You Have Another Stake In This

Even if you do not own any railroad stocks or bonds, insurance companies and savings banks do. So you still have a special interest in seeing that the railroads are allowed enough to do a good job... for you.

We are publishing this and other advertisements to talk with you at first hand about matters which are important to everybody.

\*On total property investment, the railroads made only 2.1%.

## er Veterans Choices in mt. Policies

F. Dvoracek, Veterans Administration itinerant contact representative, serving Floydada, said that veterans in the Floydada area responding to the advice given to their GI Insurance, as issued by the great number who are making to the VA contact station, located in the First National Bank Bldg., Room 15 in Floydada, Texas, to reinstate or get their G. I. Insurance.

Veterans in this area who have not made payments on their G. I. Insurance, Dvoracek said "It is not late to reinstate. Under conditions made possible by a recent act of Congress, a veteran who has let his insurance lapse, may reinstate it by paying only two months' premiums and signing a statement that his health is as good as it was at the time of lapse."

It was pointed out that some veterans have been confused over the matter of converting G. I. Insurance. Due to miss information, few veterans have been lead to believe that "converting" means dropping government life insurance and buying a policy with a private company. This of course, is not only a mistake but an injustice to the veteran.

By converting, the veteran retains his National Service Life Insurance and simply changes it from term insurance, the kind issued to the military service, to a permanent plan of National Service Life Insurance, Mr. Dvoracek said.

The Veterans administration has six types of permanent plan NSL. They are: Ordinary life, Twenty payment life, Thirty payment life, Twenty year endowment, Endowment at age sixty, and Endowment at

age sixty-five.

GI Insurance is a special privilege available only to veterans. Some of the important provisions are: low premium rates, lump sum settlement, no restrictions on beneficiary, income while totally disabled, premium waiver during total disability, dividends, guaranteed values and loan provisions.

Terminal leave bonds may be used to pay advance premiums. In this case the veteran can take advantage of saving at the rate of 3 per cent per year which is allowed on premiums paid on other than a monthly basis.

### Half Minute Interviews

Fred Wimberly: "I've had a couple of Brahms steers running with my mixed cattle this winter. They have done pretty good."

W. R. Dooley: "We got our beans planted on Good Friday, just like the almanac says."

H. W. Schacht: "Greenbugs are more numerous in the alfalfa than in the wheat."

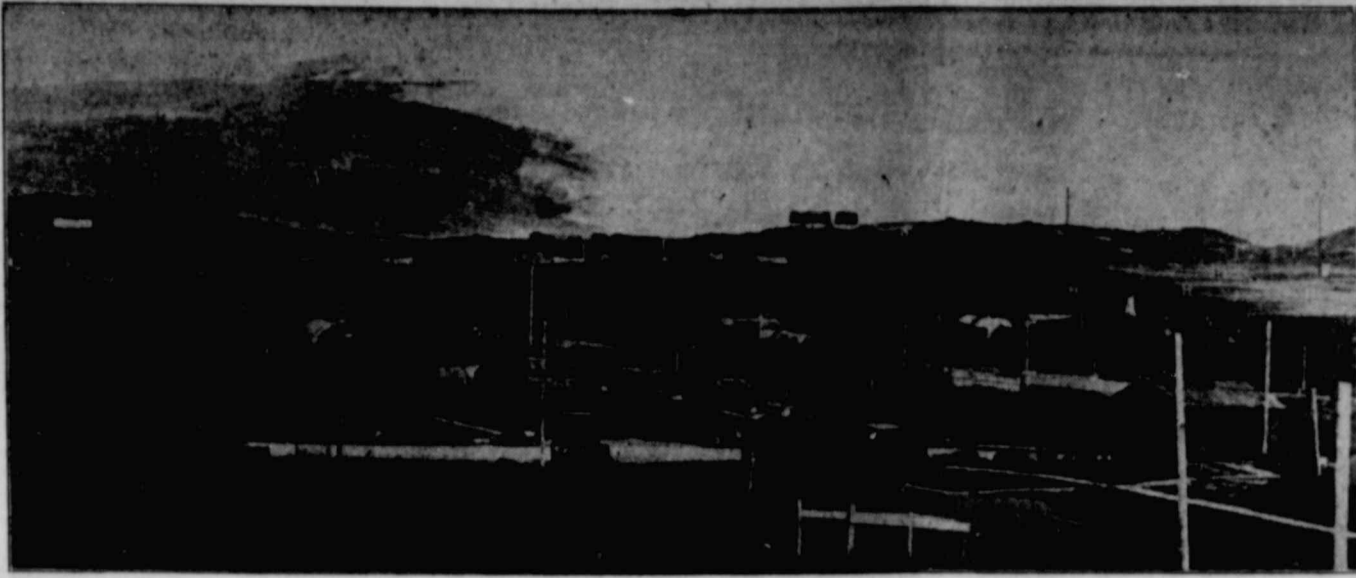

C. W. McCarty, of Maxwell, New Mexico, was in Floydada on business, the latter part of last week.

**DELIVERING CATTLE**  
Among the cattle feeders of Floyd county who are delivering cattle this week is Fred Wimberly, who turned over 110 head of whiteface to a buyer the latter part of last week and is delivering some 200 head of mixed breed cattle to a Nebraska man this week.

Mr. and Mrs. F. P. Donathan, of Amarillo, were here the first of the week, guests of Mr. and Mrs. Clarence Leatherman and Mr. and Mrs. Tom Hall. While in this section they also visited with their children at Plainview.

Mr. and Mrs. M. C. Smith made a trip to Stamford and Roby last week-end visiting friends and relatives at their former home.

**BASE CAMP OF TASK FORCE WILLIAWAW IN THE ALEUTIANS**—In these bleak surroundings members of a training unit will spend six months testing Army Ground Force equipment and tactics under wet and cold winter conditions existing in that area.

### CHILDREN OF FAMILY VISIT TEPPLES DURING EASTER

Mr. and Mrs. R. I. Teeple, 500 West California were fortunate in having all their children as guests for the Easter holidays.

Children present were Mr. and

Mrs. J. V. Nelson, Mrs. Wanda Adkins and Mrs. Harold Hamm of Amarillo, Mr. and Mrs. Gaines Teeple of Dumas, Mr. and Mrs. Raymond Teeple of Silverton and Mr. and Mrs. Leighton Teeple of South Plains. Grandchildren present were Barbara Elaine Nelson, Ray Irwin

and Norma Joe Teeple, Sandy Lou Teeple, Mrs. Rufus Wood, Annelde and Haroldene Hamm, Gloria and Adelaide Adkins and Shirlene Teeple.

Mr. and Mrs. Jack Shisler and son Jackie of Lubbock and Mr. and Mrs. E. T. Borum and son of Earth Texas spent the holidays here in the home of Mrs. E. R. Borum. Mrs. Borum remained in Floydada for a longer visit.

Mr. and Mrs. Delbert Dillard of Lubbock spent the week-end here with relatives and friends.

### CARD OF THANKS

Our deep appreciation to all our friends and neighbors for their kindnesses, aid and expressions of sympathy during the illness and at the death of our grandfather, Ben B. Gulley; also to the doctors and nurses for their ministrations during his last illness. And for the beautiful floral expressions of esteem.

Mr. and Mrs. Dickie Atteberry,

Mr. and Mrs. DeWinn Fyffe of Lubbock spent the holiday here with Mr. and Mrs. D. W. Fyffe and other relatives.

# This Month We Commemorate Our First

**T**wenty years in west Texas

Counting from the founding of our company, we mark our twentieth birthday this month—on April 14, to be exact.

We mention our birthday, not because we feel deserving of any particular acclaim for having attained twenty years of age, or for having served well for nearly that long. Rather, we mention it because these twenty years have witnessed such a tremendous development of the territory we serve. We believe it's the fastest-growing part of the nation. And we sincerely believe, too, that the availability of good Natural Gas Service is contributing substantially to this rapid development.

We express our appreciation for the thousands of fine friendships that have grown up between us and the people of west Texas. We shall strive to hold and deepen these friendships, and to make many more, during our next twenty years.

The above map shows the area we serve. "Fastest-growing section of the U.S.A."

**MORE TIRE FOR YOUR MONEY**

## There's EXTRA VALUE in the Tire that OUTWEARS PREWAR TIRES

It's time to measure what you get for what you pay. No matter what you buy, the measure of true worth is in performance... how long it will serve you. In tires there are several yardsticks... mileage, protection against bruising and road shocks, resistance to skidding. In all of these, the B.F. Goodrich Silvertown gives you extra value. Its wider, flatter tread which covers more road area, spreads the wear more evenly. The more tire in contact with the road also means more tread to grip... to prevent skidding. Be-

neath this better tread is a 35% stronger cord body built with sturdier cords and more of them to give better resistance to road shock and bruising. All this Extra Value adds up to today's big tire buy... the postwar B. F. Goodrich Silvertown—the tire that OUTWEARS PREWAR TIRES.

## WELCOME

### REA Customers and Other Visitors

You are cordially invited to visit our booth at the Appliance Show.

We will have on display a beautiful Westinghouse Radio Combination, the instrument that gives concert hall performance in a masterpiece of fine cabinet making. There will be a new 1947 Westinghouse Refrigerator, also the Westinghouse Range . . . streamlined beauty at its best—and most efficient. The Westinghouse Laundramat will be shown for the first time in Floydada. We will also be showing the Westinghouse vacuum cleaner and the Elektrikbroom. The Elektrikbroom is a post war vacuum cleaner designed to the housewife's specifications, although it weighs only 6½ pounds, it combines all the durability and thorough cleaning power of any good vacuum cleaner without the clumsy bulk that makes housework a drudgery. You will want to see the new Zenith Radios and Combinations. There will be many smaller appliances such as Electric Mixers, Toasters, Percolators, Electric Clocks, Irons, Lamps, etc.

Be sure to visit our booth and then come to our store. Visit with us and see our stock of electrical and gift merchandise.

### Inaugurate Vesper Worship Hour at Methodist Church

Beginning with next Sunday, April 13, a vesper worship hour will be conducted at 5 o'clock in the afternoon at the First Methodist Church of Floydada. This service will take the place of the 7:30 evening service. Consequently there will be a worship service conducted each night. This night period will be given over to a program of youth work which more will be announced later. The pastor will preach at 5 o'clock vesper hour on the

subject "Life's Recreations". In the eleven o'clock morning worship the pastor will discuss the topic "Life Exacts Its Pay". There will be no youth meetings next Sunday due to the district youth rally which is being conducted over the week-end at Abernathy.

Miladies Specialty Shoppe

**WELCOME**  
REA Customers and Other Visitors

You are cordially invited to visit our booth at the Appliance Show.

We will have on display a beautiful Westinghouse Radio Combination, the instrument that gives concert hall performance in a masterpiece of fine cabinet making. There will be a new 1947 Westinghouse Refrigerator, also the Westinghouse Range...streamlined beauty at its best—and most efficient. The Westinghouse Laundramat will be shown for the first time in Floydada. We will also be showing the Westinghouse vacuum cleaner and the Elektrikbroom. The Elektrikbroom is a post war vacuum cleaner designed to the housewife's specifications, although it weighs only 6½ pounds, it combines all the durability and thorough cleaning power of any good vacuum cleaner without the clumsy bulk that makes housework a drudgery. You will want to see the new Zenith Radios and Combinations. There will be many smaller appliances such as Electric Mixers, Toasters, Percolators, Electric Clocks, Irons, Lamps, etc.

Be sure to visit our booth and then come to our store. Visit with us and see our stock of electrical and gift merchandise.

## Weekend Report on Oil Tests in Crosby, Dickens

Reports on the oil tests in West Mt. Blanco community in Crosby county, and one mile north of Dickens in Dickens county, given out over the week-end are as follows:

Humble Oil & Refining Company No. 1 Thomas Montgomery well in North-Central Crosby county, about 12 miles north and slightly west of Crosbyton, and in southeast corner of section 21, block 7, Row 3 and Business survey, had reached 4,700 feet and was drilling ahead in shale.

So far, it has failed to report having logged any indication of possible oil or gas production. It is due to drill to at least 10,000 feet—unless it gets profitable production at a higher level.

Humble No. 1-G Matador, one mile north of the town of Dickens in Central Dickens county, and 690

feet from south and east lines of section 8, block C, Concho survey, had penetrated past 7,800 feet in an unidentified lime formation and was making more hole. Maximum depth contract on this well, under present arrangement is to 8,500 feet.

The LaPoint well in southeast Hale county which is at a crucial depth is said to be running 210 feet lower structure than the discovery well on the Fisher farm.

### Half Minute Interviews

C. L. Berry: "Eleven years ago Floyd county hens were laying eggs that weighed 50 pounds to the case. Now the Floyd county eggs weigh 55 pounds to the case."

Calvin Steen: "If a fellow could not hit away a couple of nice Jersey heifers now they might make him a living two or three years from now."

### Center News

CENTER, April 8—The Center Home Demonstration club will meet Monday, April 14 at 2 o'clock in the community kitchen at Center school house with Mrs. Frank Dunn as hostess. Miss Petty will be present at the meeting.

Mrs. Welburn Miller, who underwent an operation at Lubbock Memorial hospital Wednesday, is expected home this week.

Margaret June Green spent Thursday night with Eunice Welburn.

Janice Noland spent Friday with Irma Jean Noland.

Curtis Meredith spent Friday with Joe Richard Noland.

Mrs. K. J. Matthews spent the week-end with the J. E. Green family.

Mr. and Mrs. Roe Jones and Clara Mae spent Friday and Saturday in Amarillo on business.

Mr. and Mrs. Clarence Ashton and family visited his parents, Mr.

## VETERANS: To get help in making your educational or training plans—

- 1 Visit or write your nearest VA office and apply for education or training. You'll receive a Certificate of Eligibility.

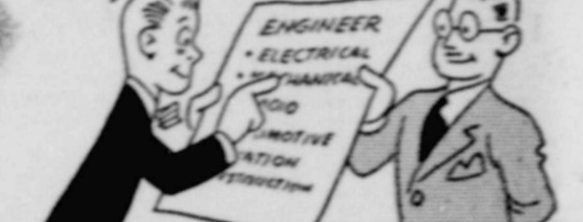

- 2 Discuss your problems with Vocational Adviser at VA Guidance Centers, Regional or Sub-Regional offices.

- 3 Tests to discover your special abilities may be arranged during this visit.

- 4 Choose from recommended trades or professions and select your school or training activity.

## Mrs. R. L. Williams Funeral Rites At Clovis Yesterday

Mr. and Mrs. Kenneth V. Rimmer and children returned last night from Clovis, New Mexico, where they attended funeral rites yesterday afternoon for Mrs. R. L. Williams, aunt of Mr. Rimmer.

Mrs. Williams, 61, died Tuesday morning at 4 o'clock at her home there. The funeral was held at the Central Baptist church, and interment made at Clovis.

Surviving are her husband, R. L. Williams, two daughters, Mrs. Jeff Price and Mrs. Madril Williams, one son, Leon Williams, and six grandchildren, all of Clovis, New Mexico; three brothers, E. B. John and Gordon Rimmer, all residents of California; and two sisters, Mrs. Eula Carver and Mrs. Rosa Moore.

Mrs. Williams had been a resident of New Mexico since 1932, when the family moved from Floydada, after several years of residence here. She was a native of Mangum, Oklahoma.

Mr. and Mrs. Harold Sparks of Lubbock visited here during the holidays with Mr. and Mrs. Alva Sparks and in Lockney with Mr. and Mrs. Joe Inman.

### A. H. MANNING AT LUBBOCK

A. H. Manning, of Floydada, who became rather seriously ill while on an extended stay at Glenrose and was hospitalized in Fort Worth, is now in Lubbock, where he also spent some time in the Memorial hospital.

Mr. Manning is still under the care of a physician but is doing well and expects to snap out of it soon.

C. L. Berry, Jr., who is attending college at Canyon spent the holidays in Floydada.

## Skinned Faces, Sore Legs Tell Story—It's Spring Training

A common sight among the athletically inclined boys of F. H. S. this week is either a skinned face or sore leg resulting from spring training.

Coaches Gresham and Baker have lost no time in getting the squad of about thirty-five boys into shape. Although they worked out only four days last week, they spent much time bashing heads.

The coaches' first step has been dealing with the fundamentals of blocking and tackling; however punting and passing drills have been held, too.

Kenneth Hart was team captain last week and led the boys through their calisthenics.

## EDITORIAL

### YOUR BUSINESS

It is lot's of fun to date that gal—or guy—every night. Algebra II can just go hop it does, just ask Mr. Harris. Why, wasn't that show good night? More murders! But class wasn't nearly so interesting for some reason. Could last late hours make sleepy start kicking yet—I've only you get report cards next no? Don't we wish it were sure sure isn't going to like in Science. Department isn't too high either. What's of having dates if you can't them to the best gal Friday? O. K., so that's your. That's what I'm trying to make it your business to put before pleasure. It's lots fun to go places if you know up on your studies! For the weeks of this school year your business to have good

## DE QUACKER

When I stuck my lil' old bill into de can.  
To find out what you kids and Cupid had in store.  
'Dis lil' duckling's head oh needed a fan—  
Cause of all dat gossip and scandal galore!  
One sweet lassie from annuder has stole  
De affections of her swoon boy so bold,  
So her woes to us all, her has told;  
Den, too, me learned of new romances in de mold.

One of these new romances that particularly caught my eye is that of Joy Bunch and Dan Goodson. Yes, kids, I can and do still watch that show pretty close on Saturday nights. Better watch out!

Sherwyn Fyffe and Ted Davis are supposed to still be "that way" about each other, but at the party Thursday night Sherwyn was having the time of her life and it did not seem that she missed Ted very much. You know, I have seen Sherwyn swoon as Tuff passes by. Come on, Sherwyn, I'm tired of guessing, tell us which one is 'the one.

Bill Jones is another who can't make up his mind. I've seen him with Billie Chowning quite a bit lately, but I still think that Peggy is his "true love."

Several girls I know get "tha' look" in their eyes as Bill Smith passes by. For instance Valrie Burke, Verna Laster; I could name them forever. How about it, Bill? When are you gonna give these girls a chance?

What is it that these out of town boys have that wins so many of our Floydada girls. Ralls, Petersburg Lockney—wheh they all draw the F. H. S. girls like a magnet. First there is Ann Payne and Arliss Phillips from Ralls. Then Thada Lackey and Billy Verdin from Lockney. (She still hasn't forgotten Leon Jones tho').

Another Lockney boy, Smitty, has caught the heart of Faye Williams. Of course, Billy Freeman is still very much in love with Ken Taylor from Petersburg.

Oh, me, it's so hard to keep up with all the out of town romances. Those sweet glances really flew between Tommy Rucker and Betty Jean Laminack at the party Thursday night. They were together at church Friday night, too. M-m-m looks interesting.

Well kids, that's all for another week. Be good little ducklings and put that ole gossip in that can before next Friday. Especially you sophomores, remember that next week is your week and the gossip will be about you only!

## Profile of the Week

There is one particular senior in Floydada High school who is 5 feet 7 inches tall, has brown hair except in places, and brown eyes.

To start her day out right she would like to be waked up by her mother's bringing her breakfast to her about 11:30. Then she would like to go swimming until about 3:00, then come in and eat, go to town to fool around, and then go home and dress for a date to do something exciting, come home about 1:00, and go to bed.

Her likes include horseback riding, black glasses, picnics with just three people, broiled steaks, Ink Spot records, or just records, jewelry, shoes, chemistry, friendly people, dates, slumber parties, and dances.

Her dislikes include math, turnips, spinach, catty and unfriendly people.

Her favorite orchestra is Tex Bencke's and her favorite song is "I'm Afraid To Love You."

The most wonderful show she ever saw was "Spellbound." She swoons when she sees Robert Mitchum.

Her favorite pastimes are sleeping, reading, eating, and listening to records in front of the air conditioner.

She hates blistered backs and two-faced people.

Her ideal boy has brown eyes and real light brown hair, is about five feet ten inches tall, hates to sit still and likes to go places, especially to dances.

Her biggest scare was one Halloween when some one got after her with a shot gun and her biggest thrill was her first date to the eighth grade banquet with Bill Hale.

She likes to watch and play football better than any other sport.

Her ambition is to travel all over the world. Her weakness is men.

She plans to go to John Tarleton but might change her mind.

She is typist on the "Hesperette" staff, secretary-treasurer of Gamma Sigma Kappa, and a member of the Junior Choral Club.

Of course, you must have guessed that this is none other than Marihelen Lewis. She is a really swell girl with lots of personality. Best girl luck to you, Marihelen, because a wonderful girl like you deserves the best.

**DATE DEADLINE**  
Miss Osborne, junior class sponsor, announced this week that all dates for the annual Junior-Senior Banquet, which is to be held April 26, must be in to Norma Jean Carpenter by Friday, April 19.

**EXES VISIT F. H. S.**  
Some of the ex-students seen in the halls of Floydada High school this week were the following: Dean Walls, Earl Edwards, Jr., Marjorie Oden, Mary Eunice Hennessee, Orange Willson, Bruce Womack, and Macy Orman. Welcome, Exes!

## Lower Slabbovian Pronunciations As Heard in FHS Halls

"Watchano?"  
"Donoathing. Nothinnew ever happensrounhere."  
"Watchaget on y'ringlestest?"  
"Plunkdit. Haboutehoo?"  
"Digetuback. Zabsent."  
"Wayagonnaw."  
"Tilberry. Gottagettabook firstry."  
"W'mean fratol bookreport?"  
"Yeah. Gottabookyete?"  
"Notchet."  
"Cobbago tliberry thme now."  
"O. K. Wannastopn gettackoke?"  
"Suzme, Iwannna hoddogtoo."  
"J'almasanna eat?"  
"Natch. M'alwasungry."  
Strange as it may seem, this conversation did not take place in Lower Slabbovia or even in Pig Latinia. Conversations like this are heard every day in F. H. S. (Well, maybe it is exaggerated a little).

Two morals are found here. Moral number one: Speak distinctly and get better grades. Moral number two: Talk like the characters in the paragraph above and you'll be in style at Slabbovia!

## What Did You Do During Holidays?

Mr. Harris—Went to Levelland and hunted Easter eggs.  
Miss Garrett—Went to Youth Revival and entertained the preacher.  
Mr. Barber—Went to Ft. Worth Weatherford, and went to graveyard and work.  
Miss Marr—Went to see my folks at Crowell.  
Miss Osborne—Nothing unusual.  
Mickey Kenamer—Nothing.  
Bobby McGuire—Slept.  
Pete McGee—Worked (not much).  
Mr. Baker—Stayed at home and slept.  
Mr. Haden—Nothing printable.  
Joy Lambert—Worked on Youth Revival and swooned over the singer.  
Jeanne Batley—Went on picnic.  
Valrie Burke—Went to Silver Falls.  
Bonannell Puga—Visited school at Ralls and went to Youth Revival.  
J. D. Helms—Went to church and played baseball.  
Margaret Abbott—Went to Roswell.  
Marlene Poote—Went to Plainview twice.  
Biff Sisson—Spent week-end with Norma Jean and went to Youth Revival.

## Biology's Annual Cat Operation

Thursday, during the second and third periods, the Biology class performed the annual operation of dissecting a cat.

Although some of the students did not want to see this done, it was of special interest to Dan Goodson and Carol Haynes.

The class has been waiting for this event for some time, and each student was graded on his attention.

Vell Hall—Went to Kirk Martin's Ranch.  
Ruth Harmon—Went to Youth Revival.  
Fred Conner—Worked, slept, and went to Youth Revival.  
Sammie Shultz—Stayed home.  
Betty Lou Tye—Went swimming and went to Kirk Martin's ranch.  
Jo Muney—Met Eddie Ruth at Lubbock.  
Carol Haynes—Ate, slept, and went to Youth Revival.

## Floydada Thinclads To Defend Title In Saturday Meet

The Floydada thinclads have been putting on the finishing touches this week for the tournament. Practicing at dinner, in the afternoons and at various other times, they intend to do their best.

The defending champions, the Floydadans really plan to be just that, and they will be helped a lot if as many students as possible will be at Matador Saturday to cheer them on.

### Teachers Will Be Honorees at Party

Mrs. Sam Green and Mrs. Collie Ross are invited to host a party to be given at the Lakeside school auditorium Friday night, April 11 at 7:30. Mrs. Green and Mrs. Ross are leaving their present positions as teachers in the Lakeside school. Mrs. Ross has taught school there for 17 years.

The people will present the teachers with a gift.

Courses of "42" will furnish entertainment for the adults and games will be played by the young people.

### Jr. Stock Show

(Continued from first page)  
 champion and the reserve champion will be awarded a rosette. Another is in the showmanship award. Prizes will be awarded the first high, \$2 for first, \$1 for second and \$1 each for third, fourth and

- 22 Showmanship \$4 per cent on value of animal, \$2 per cent on value of equipment.
- General Rules of Show**
1. Entrance will be admitted from any regularly enrolled 4-H Club member, boy or girl, who is 8 years of age or older 60 days before the show, or F. F. A. member who lives in Floyd county or who attends school in Floyd county.
  2. Each exhibitor must certify that he personally owns and cares for the animal under the supervision of the county agent or F. F. A. teacher.
  3. Each exhibitor will be limited to only one entry in each of the breeding classes and two in the fat classes and one entry in each of the other classes as set forth in the rules.
  4. A member may show only one animal in each class but may show two lights or two heavies.
  5. All animals must be in place by 10:30 o'clock on the day of the show and must remain until the show is completed. No judging will begin at 10:30 A. M.
  6. Each exhibitor should bring enough straw or other material to properly bed his animal during the show, and should clean his pen after showing.
  7. Lanes in the fat classes must all have their hump levels.
  8. Hags in the fat classes must weigh at least 170 pounds. The rows and open girls may be shown in the fat classes, but the same animal must be shown in the fat and breeding classes.
  9. Each fat and bred place in the lights and heavies classes will compete for Grand champion and Reserve champion.
  10. Since 1946 animals exhibited must be fed in any manner outside the individual.
  11. Animals will show on weight at time of entry. Weight tickets made at time of entry will be required on any animal in question. Scales at Producer's Cooperative elevator have been designated as official for beef cattle. Scales at show ground official for swine. This is for show purposes only.
  12. The decision of the Judge shall be final.

 of accounts, making the job less laborious as a political plum.

Offer to Pass Intersections

It was informally decided by the council that the city should assume responsibility for the strip paving of all intersections that connect up paved blocks. This is to aid in the current efforts of citizens on various blocks to get strips on their streets hand-carried. A \$2 per running foot for an 18-foot strip offer by Stone & Falls is the basis on which property owners are working. What if any definite results had been obtained was not indicated.

Contract for the audit of the city's books for the period from April 1, 1946, to March 31, 1947, was accepted by Oregon and Stile, an Amarillo firm, according to a re-

### Silverton Auxiliary VFW Announce Box Supper April 17

The Ladies Auxiliary to the Veterans of Foreign Wars, Lloyd Sherman Post No. 1289, will sponsor a box supper Thursday night, April 17, at 8:30 p. m. in the Veterans Hall at Silverton.

An evening of good fellowship and entertainment is promised for all who attend. Free coffee and hot chocolate will be served to all who attend.

Proceeds from this affair will go into the Auxiliary treasury and be used to purchase needed equipment for the Auxiliary and to help needy veterans' families.

Everyone is urged to attend and enjoy an evening of fine entertainment with the crowd.

### Broken Culvert Causes Near Wreck For The Rices

Mrs. J. Lloyd Rice and Mrs. Oscar, a neighbor, suffered slight leg injuries and the radiator of the car of Elder J. Lloyd Rice was damaged Monday night when the tire ran into a broken culvert at East Tennessee street as they drove south on Ninth.

They drove into a caved in culvert which they were told had been crushed in by a heavy truck.

### PERSONNEL COOP HOSPITAL AT LOCKNEY ANNOUNCED

Mrs. Winnie Spruce and Mrs. Lena Martin are on duty as nurses and Mrs. B. N. Hamilton as assistant at the Floyd County Co-operative hospital, which opened April 1 in Lockney.

Dr. D. B. Foster of Lubbock is head of the hospital with J. D. Copeland as business manager.

Virgil Bostler, who is attending the University of New Mexico at Albuquerque spent the Easter holidays in the home of his parents, Mr. and Mrs. V. H. Bostler. Also visiting in the Bostler home during Easter were Charles Hiltbrand of Chicago, a student at University of New Mexico, and Betty Bostler.

**Dougherty News**

**DOUGHERTY**, April 8—Mr. and Mrs. Pat Cook were host and hostess of a reunion of the Brownlow family Sunday, March 30 at their home in Dougherty.

Present for the occasion were Mr. Mrs. J. M. Brownlow, Mr. and Mrs. Buck Brownlow and children and Mrs. O. R. Sanders and children and Willie Wisdom all of Hereford; Mr. and Mrs. John Carlock and daughter, Mr. and Mrs. Wiley Webb and children of Fresno California; Mr. and Mrs. George Hill and J. L. Burnett of Eldorado Texas; Mr. and Mrs. Charles Williams of Amarillo; C. L. Brownlow of Hereford; Mr. and Mrs. Randolph Neese and children, Mr. and Mrs. Tom Carmack and children, Mr. and Mrs. Bill Brownlow and Mrs. C. C. Cumble all of Floydada; Mr. and Mrs. Drew Cumble of Cone; Mr. and Mrs. Raymond Holt and daughter and Mrs. Eugene Brownlow and Mr. and Mrs. R. T. Jones and children and Mr. and Mrs. Elmer Cook of Dougherty.

**Attend Funeral at Claude**  
Mr. and Mrs. W. S. Poole, Mr. and Mrs. J. T. Poole, Kenneth Poole, C. Woodson, Mrs. Mac Summerlin, C. Hunsucker and Noble Hunter attended funeral services Wednesday of last week at Claude Texas, for Mrs. Emma Ball.

Mrs. Ball was a sister to Mr. Hunsucker and an aunt of W. S. and J. T. Poole.

**Shower for Dorothy Brooks**  
Mrs. W. S. Poole entertained Friday afternoon from 3 until 5 o'clock with a miscellaneous shower honoring Dorothy Crawford Brooks, a mid-winter bride, at her home in Dougherty.

From a table laid with white linen and centered with an arrangement of forsythia and daffodils entwined with blue satin ribbon, Mrs. Ruth Daniels assisted by Mrs. Chet Caffee served golden punch and cake.

Guests present and sending gifts were Mesdames Carl Denison, C. E. Bartlett, Joe H. Sherrin, Bill Smith, A. H. Kreis, Bill M. Norman, Frank Pohl, J. G. Cage, Harlan Case, Darrell Caruthers, Claude Rine, J. T. Poole, C. R. Woodson, Ruth Daniels, Jack Ross, S. M. Crawford, Chet Caffee, Maurice Campbell, R. T. Jones, Cecil Ford, F. M. Covington, S. H. Wright, Noman Hamilton, Berry Bockman, Ruth Kilscore, J. E. Newton, Bill Webb, Ada Hinton, Bob Hinsley, Tom J. Boyd, S. K. Brooks, John Hatley, Oran Hatley, Jess Glover, Ott Glassmoyer, Tate Jones, R. W. Lotspeich, Fred Hardage, Bill Rucker, Tom Emert and Oliver Emert.

Mr. and Mrs. Jim Morrison spent the Easter holidays with their son Policeman J. D. Morrison and family of Fort Worth. Mr. and Mrs. Morrison made the trip down state to meet their daughter-in-law, who arrived in Fort Worth recently from York, England and to get acquainted with their ten month old grandson, David. Mrs. Morrison and son came over on the Alexandria.

Mrs. H. N. Powell left Thursday for a visit with her daughter, Mrs. J. L. Nichols and Mr. Nichols of Wichita Falls, and with her mother Mrs. J. M. Bennington of Mabank. Mrs. F. M. Dougherty is visiting

with relatives in Fort Worth and Dallas.

Mrs. Berry Bockman of Lone Wolf, Oklahoma and Mrs. Ruth Kilgore of Memphis visited last week with their brother, S. M. Crawford and family.

Mr. and Mrs. Charlie Ray, Tom Russell and Clarence Booth all of Burleson, who were here for the Ben B. Gully funeral services, visited with Dougherty friends before returning to their home.

Mrs. J. H. Freeman of Floydada is spending the week in the home of her daughter, Mrs. Orland Howard.

Mr. and Mrs. Fred Hardage and children left Sunday night for Hillsboro, after receiving a message that Mrs. Hardage's uncle had been killed and her father seriously injured in a two car accident near Hillsboro Sunday morning.

Mr. and Mrs. J. T. Poole, Kenneth Poole and Mrs. Mac Summerlin left Saturday for Burleson where they attended a dinner Sunday honoring Mrs. G. W. Moore on her seventy-fifth birthday. Mrs. Moore is the mother of Mrs. Poole.

Mr. and Mrs. J. E. Newton will leave this mid-week for Dallas where they will attend the state grocer's convention. They will visit with their daughter, Mrs. Allan Leach Jr. and Mr. Leach in Fort Worth before returning home.

Mr. and Mrs. Elmer Cook visited during the week in Hereford with his grandparents, Mr. and Mrs. J. M. Brownlow.

Mr. and Mrs. Marion Brooks of Abilene and Bennie Crawford of Lubbock spent the holidays with their parents, Mr. and Mrs. S. M. Crawford.

F. M. Dougherty made a business trip to Carlsbad, New Mexico, last week.

Mr. and Mrs. Bill Dunn of Crosbyton attended church here Sunday after receiving a message that Mrs. Dunn's uncle had been killed and her father seriously injured in a two car accident near Hillsboro Sunday morning.

Jo Powell spent the week-end with Kay Sparks in Floydada.

Mr. and Mrs. Otto Faulkner returned to their home in Long Beach, California, the latter part of last week, after spending several days here with Mrs. Faulkner's parents, Mr. and Mrs. E. P. Nelson. While in Texas, the Faulkners also visited in Bowie with his parents Mr. and Mrs. Lee Faulkner.

Mr. and Mrs. J. M. Willson were in Fort Worth the first of the week where Mrs. Willson attended a meeting of the trustees of Texas Wesleyan college.

Marketing eggs at least once a week will help reduce the loss in quality due to thin egg whites.

Be wise—Advertise.

**Phone 385**

\$10,000 of Income Insurance will provide a monthly check of \$100, as long as you live. If you don't want the checks when you reach retirement age, an attractive cash settlement can be arranged. Should death interrupt your plans, protection for a beneficiary is provided. Rates depend upon your age. At age 30, for example, you can put this program in effect by setting aside \$6 a week.

**Just a Drop IN THE BUCKET**

That's the way Jim always referred to the cost of his Southwestern Life Insurance. "From my pay check," says Jim, "I set aside ten per cent every month. It was just a drop in the bucket. I never missed it—less than a dollar a day—less than I'd spend on something I didn't need. But it created something real for me!"

Jim is retired now. He quit work at 65. And now he's "living the life of Riley," playing a bit of golf now and then, hunting, fishing—doing the things he always wanted to do, and never found enough time to do before. His Southwestern Life policy made that possible.

You can get the same kind of insurance through Southwestern Life, and you can start your program today. It will take care of your family, should you suddenly be taken out of life's picture—and it will take care of you when you are ready to quit work. You can retire at 55, 60, 65, or at any age of your choice. Now, while you are earning, is the time to start your program. You'll never miss the funds you set aside out of the surplus income for this protection. Some day, they'll seem like "a drop in the bucket." Without obligation, ask for a descriptive outline covering your needs.

## Hijackers Take \$3400 from Pair, Miss Bigger Loot

CHRONISTON, April 4.—Hijackers who followed them from Lubbock took \$3400 from a man giving his name as Martin Roy of Ruidoso, N. Mex., and Nashville, Tenn., and Ann Peterson, whose home is in San Diego, Calif. But the three missed another \$6000 which was contained in the car, Sheriff J. J. Pierre reported.

The hold-up occurred Saturday night around mid-night, just over the line in Dickens county on Highway 42. The car, which Roy had rented following them all the way from Lubbock, came up beside them and forced them off the highway. Two men got out of the stick-up car, climbed in the car with Roy and Ann Peterson and forced him to drive up the old highway just in the edge of Dickens county about one-half mile.

They took the \$3400, all in \$20 bills, and also \$75 from Mrs. Peterson's purse, one of Roy's boots and the keys to the car. Then the two hijackers walked back to their

car parked on the highway. At least one other man was in the car, Roy reported to Sheriff Pierre, who was called to the scene about one o'clock.

Roy admitted upon questioning, Sheriff Pierre said, that he had won most of the money in a poker game in Lubbock. When he arrived in Chronistone he had only \$600, and at one time in the game had over \$10,000 won, but lost approximately \$7,000 on the last hand he played, he told the officers.

The \$3400 which the hold-up men did not find was in the coat pocket of a suit hanging in the car. There were two \$200 bills, twenty \$100 bills and the remainder in \$50 bills, the Sheriff said.

Deputy Sheriff and Mrs. Len Hayes drove to the scene of the hold-up after Sheriff Pierre had taken Roy to Lubbock. Convinced in the weeks near the intersection of the old and new highways they found the best containing three \$20 bills which the robbers had left for their victims. But they did not leave the keys to the car as they had promised Roy said.

Some gardening calls for a constant fight against insects. Local county Extension agents can explain details on spraying and dusting to control garden pests.

About 25 percent of all fires that destroy homes are caused by careless use of matches, and smoking.

## IMPORT-EXPORT ALLOCATIONS SET

The International Emergency Food Council has allotted the United States imports of fats and oils amounting to a net gain of 102 million pounds for the first quarter of 1947. However, this will not be enough to offset the deficit caused by depletion of domestic reserve stocks.

The size eggs a hen lays is largely a matter of inheritance. Insurance against small egg production is buying baby chicks from stock known to have individual ability to lay large eggs.

## Electricity Said Man's Hired Hand

Down thru the years man has continuously endeavored, thru science and practice, to develop cheaper and more efficient ways of doing things. Since the discovery of electricity ever increasing methods have been tried and put to use. There are few things that the average person does daily that are not affected one way or another by the use of current. Take the average man who arises in the morning. He turns the light on and starts the daily routine. His water is made warm by the water heater, he shaves with an electric shaver. From there to the breakfast table where his food comes out of the toaster, his eggs from the electric griddle, coffee from the electric urn, etc. To work his car must have electricity to start and maintain. For entertainment and knowledge the Radio comes into use.

## TEXAS LEGIONNAIRES IN KEY GOVERNMENT OFFICES

AUSTIN, Texas—From national cabinet to village constable, Texas Legionnaires have been honored in executive, legislative and judicial branches of state and federal governments this year.

In the White House cabinet from Texas is Tom Clark of Dallas, attorney general, long a member of the American Legion in this state and now returning to a Washington, D. C. post. In the U. S. Senate is Tom Connally member and former chairman of the foreign relations committee who still maintains his hometown American Legion in Texas.

In the top three Texas political posts are three outstanding Legionnaires. They are Governor Benson, former leader of Corsicana, Lieutenant Allan Shivers of Fort Arthur and Attorney General Price Daniel of Liberty.

Even Legionnaires are serving in the Texas Senate and 46 in the Texas House of Representatives. Four of the justices of the Texas Supreme Court, two of the three members of the state railway commission and the secretary of state also are Legionnaires.

NEWPORT NEWS, Va.—Launched in the city for which she was named, the USS NEWPORT NEWS, first of a new class of "the heaviest heavies" in the world, is expected to be ready for commissioning this fall. She will be the first ship to carry nine 8-inch rapid-fire guns mounted in three triple turrets and will be completely air-conditioned to increase fighting efficiency and living conditions aboard.

WASHINGTON—The Navy is still experimenting on new style uniforms with the aim of modernizing service dress of enlisted men. Recommendations of a permanent Navy Department uniform board, together with suggestions of personnel afloat and ashore, will effect final decisions, although no change is expected for two or three years because of present high prices and the large stock of uniforms on hand.

Writing Dispatch, Hesperian.

## Doctor Marshall Named successor to Dr. McDonald

PLAINVIEW.—Trustees in a called meeting here today elected Dr. J. W. "Bill" Marshall of Richmond, Virginia, to succeed Dr. George W. McDonald as president of Wayland Junior College.

Dr. McDonald will retire July 31 as president emeritus after heading the school administration for 27 years.

The new president has served for the past five years as personnel secretary of the Foreign Missions Board of the Southern Baptist Convention.

Prior to that time he was secretary to the Baptist Student Union of Texas, a position he held for 9

years. Dr. Marshall is a former pastor of the University Baptist Church in Fort Worth.

Dr. Marshall is young, married and the father of two children. Dr. Marshall was born in a covered wagon in Oklahoma. He attended the University of Kansas, Baylor University, Texas Christian University and received his doctorate from Hardin-Simmons University. He is a graduate of the Southwestern Baptist Theological Seminary in Fort Worth.

WASHINGTON.—Manufacturers of military insignia have been asked by the Navy's submarine information and security group to produce a gold lapel device in the form of a miniature submarine. The device is proposed as an unofficial insignia for past and present Navy sub-

mariners and will be worn with Italian clothes. Capt. Roy S. Brown, chairman of the group, announced Second Sheets. The Hesperian.

### ing Cotton Form Low-Insurance

STATION, Apr.—What advantages of treating cotton with insecticides? A question that E. A. Miller, agronomist of Texas A. & M. College, believes cotton producers should be asking now.

What are the lines of insurance in companies that offer the utmost protection?

### C. TUBBS INSURANCE AGENCY

16 Bishop Bldg. Phone 162

puhel of seed, kills disease germs on seed, and protects seed and seedlings from disease that may be in the soil.

The two worst cotton seedling diseases in Texas are angular leaf spot and soreshin, the agronomist says. In the Blacklands, angular leaf spot ranks next to root rot as the No. 1 hazard in growing cotton. It is found to some extent in nearly all the state.

Angular leaf spot usually shows up first on the seed leaves, and if damp weather prevails after the seedlings break through, the disease may kill many of the plants and injure others, unless the seed is chemically treated before planting. Angular leaf spot can also destroy buds on young cotton plants, and stunt the growth of early fruiting branches. Result: reduced yield, says Miller. The disease also carries through to the older cotton plants, where it appears as angular spots on the leaves and as bacterial rot on the bolls.

Soreshin is the disease that causes brown spots on the plants either below or above the soil surface. While many plants may recover from soreshin, they are often delayed in developing, which again can mean less cotton per acre.

Cotton producers have found seed treatment prevents much of the trouble resulting from these two diseases, says the agronomist. Furthermore, chemical treatment also helps produce a sturdy, vigorous seedling, which gives producers a chance for earlier and better cultivation.

### Wildest Rodeo Is Ballyhooed

Joe Berry Meador, of Matador, was ballyhoo man for the Tech rodeo students' caravan which made a swing around a day's travel of towns including Floydada Monday.

Joe Berry claims that while their rodeo, an annual event at Tech, to be held this year on Friday night and Saturday afternoon, may not be the best rodeo ever seen, it will at least be the wildest.

At the Texas A. and M. College Agricultural Experiment Substation at Temple, fuzzy cottonseed treatment with either two percent or five percent cerasan, had 25 to 30 percent better stands than untreated seed. The plants had one-thirtieth to one-tenth less angular leaf spot infection and made anywhere from 30 to 130 pounds more lint per acre than non-treated seed. Some of the chemicals used satisfactorily in cottonseed treatment are cerasan, yellow cuprocide, sperguson, arasan, cyanamid 154-6-B.

Over long periods, Experiment Station tests have shown that chemically treated seed gives four-year average yield of 25 percent at College Station, 15 percent at Temple, 10 percent in the Brazos bottom near College Station and four percent at Lubbock.

Judging from results like these says Miller, cottonseed treatment is definitely a part of cotton production. He invites producers to write the Texas A. and M. College Extension Service, College Station, Texas, and ask for USDA Leaflet 198, "Cottonseed Treatment". The leaflet contains full directions for treatment.

### Interscholastic Plans Being Laid For Regional Meet

LUBBOCK, April—Plans are now being laid for the Region One Interscholastic League meet to be in Lubbock April 19, and programs will be released within a few days according to Dr. Ernest Wallace, director general of Region One.

The region includes two conference AA districts, four conference A districts and 11 conference B districts. Approximately 800 contestants are expected to arrive in Lubbock to vie for a chance to compete with winners from seven other regions in Texas at the state meet in Austin May 2 and 3.

### Silsbee Publisher Floydada Visitor

Mr. and Mrs. R. L. Read and their son Randy, were in Floydada the latter part of last week, guest of Mr. and Mrs. I. R. Grundy, parents of Mrs. Read, and other relatives.

Mr. Read is engaged in the newspaper business at Silsbee, being co-publisher with his brother of the Silsbee Bee. They are just completing the construction of a new and modern office building and hope to move into it soon.

GRADUATED FROM BEAUTY COLLEGE LAST WEEK'S CLASS. Mary Eunice Hennessee, daughter of Mr. and Mrs. V. W. Hennessee was a member of the class which graduated last week from the Lubbock Beauty college in Lubbock.

The college has enrolled approximately 40 students since its opening last September.

J. A. Carruth, formerly of Amarillo, is making his home for the present with the H. P. Colemans at Lockney, his former home. Since the death of Mrs. Carruth in January he has been at loose ends but is beginning to adjust himself to the circumstances, he said one day last week here.

WASHINGTON — The famous "Black Sheep" squadron, Marine Fighting Squadron 214, has been awarded a Presidential Unit Citation for a combat record in the South Pacific which saw 273 Jap aircraft destroyed before its guns during actions which began at Guadalcanal on April 7, 1943, and ended at Torokina on Jan. 6, 1944. Lt. Col. Gregory P. "Pappy" Boyington, USMC (Ret.), skippered the squadron.

Biggest apple and pear insect pest in Texas is the codling moth, which can be controlled by spraying with four pounds of 50 percent DDT in 100 gallons of water throughout the growing season.

# April Is Cancer Month Thruout the United States

ADISTON.—By proclamation of President Harry S. Truman, the month of April is Cancer Control Month throughout the nation. Dr. Geo. W. Cot, State Health Officer is asking each citizen to consider the danger signals and secure medical advice at the first appearance...

## Lemon Juice Recipe Checks Rheumatic Pain Quickly

If you suffer from rheumatism, arthritis or sprains, this simple recipe may give you relief. Get a quart of fresh lemon juice, a 1/2 cup of water, and a few drops of oil of wintergreen. Mix in a glass and stir. Drink three times a day. This will give you relief. It is a natural remedy and is safe for all ages. It is a natural remedy and is safe for all ages. It is a natural remedy and is safe for all ages.

of any suspicious symptoms. There are many causes of cancer, the most common form of which is thromic or prolonged arthritis.

One of the questions often asked is whether or not cancer is hereditary in human beings. Tendency to form cancer may possibly be inherited; however, since the method of inheriting such tendencies is obscure, the presence of cancer in one or both parents should be merely a cause of greater alertness in looking for and recognizing suspicious symptoms on the part of family members. There is no need of a fatalistic attitude. The facts concerning heredity do not justify them.

At the first warning signs recognized, consult your physician. The early symptoms are very sure that are not being particularly about the tongue, mouth, or lips; a palpation or thickening, especially in the breast, hip, or tongue; irregular bleeding or discharge from any natural body opening; progressive change in the size or color of a wart, mole, or birthmark; persistent indigestion; persistent hoarseness or difficulty in swallowing; any change in normal bowel habits. See your doctor about any of these signals.

Early recognition of cancer symptoms will lead to early diagnosis and treatment, and in many cases the victim can be entirely cured and live out a normal life span.

## HAIL INSURANCE

Miss Arlene Beady spent with a slumber party of last week. Attending were Ellen Young, Mary Ann Wenzel Hucksabee, Ann Lorene Willford.

## Don't Take Your Greatest Asset for Granted

★ Most of us throw every safeguard possible around our property. Homes, automobiles, and valuable personal property are carefully insured against losses by fire, theft, and storm. We insure our lives to protect the economic well-being of our dependents.

Yet health, on which depends our ability to earn the material comforts, is often completely neglected. Good health is too frequently taken for granted until it is lost. It is wise to protect this priceless asset. Include a health examination for every member of the family in your year budget. When medicine is prescribed, bring the prescription to us for prompt, economical service.

## Arwine Drug Company

PRESCRIPTION PHARMACISTS

# Announces Details of \$20,000,000 Price Reductions

Details of the recently announced International Harvester policy of making price reductions to save users of our products approximately \$20,000,000 a year have now been worked out.

We have reduced prices on 163 models. These cover 12 basic models of farm tractors, 123 basic models of farm machines, 16 basic models of industrial tractors and engines, and 12 models of motor trucks, as well as certain motor truck attachments. The new lower prices are effective as of March 10, 1947.

These reductions were made not because of any decline in demand, but because we believe nothing is more important to this country than to lower the prices of the goods people buy.

While prices have not been changed on all products, we have made reductions wherever possible, in the amounts possible. Prices of many of our most popular products have been substantially lowered.

Altogether, more than half of the company's customers will be benefited by the reductions, which range from 1% to 23.8% and from \$2.50 to \$300 per item, based on list prices, F.O.B. Chicago.

Since the people have demanded that the government withdraw from price control in peacetime, the responsibility to keep prices in check is back where it should be—in the hands of business and industry. The business outlook makes it possible for us to move toward the goal of lower prices, and we have felt a duty to act as promptly as possible.

Our ability to maintain these lower prices will depend on the supply and price of materials we buy from others and on uninterrupted production at reasonable wage levels.

The prices listed here carry out our announced policy that "Any price is too high if it can be reduced."

## 25 More Types of Products

- Plows—52 models reduced from \$9.00 to \$20.00 (3% to 16.7%).
