Help for the cotton fields and for the gins that will process the crop and get it ready for market is beginning to arrive slowly from the areas down-state where the cotton harvest has been finished. Meanwhile in this most unusual plains cotton year the crop is getting ready and may be ready to gather by the time the killing frost hits. The estimate is that thousands of bales of cotton are open in the fields right now and not a lock of it on the ground. A few of the right kind of winds and this statement couldn't be made by the time another Hesperian is printed. How to save the cotton while it is in good condition is what the cotton man has going through his mind. Incidentally most of the cotton fields have more dollars and cents out there per acre than the wheat fields did this last spring.

If you're a young man living in or near Floydada and hot at the old heads for not making the Senior Chamber of Commerce an active, up and at them organization such as you think it should be, we offer this as a tip: The Chamber of commerce doesn't belong to one any more than to another. You can join if you want to and any body else that is interested enough. After you join you have a vote and with enough votes you can set the policy and make the organization over from stem to stern if you decide to do so. And you can have it be that aggressive organization which you long to see in operation. Join and attend the meetings and vote. It's that easy. That's what the oldtimers did when they were your age. And they had a live one. They've only slowed down a bit and are holding things together as best they can, according to their lights, until you finally wake up to the fact that you're supposed to take over and do the work. A Chamber of Commerce, one of these live ones you think of, calls for lots and lots of work—leg work in particular—and some successes and some disappointments.

What the people of the county will or will not do with any given proposal for road bonds and construction of roads is beyond saying. They might or might not vote for in sufficient numbers to get a program of road building going. But some way, sometime, they will have to get a program going that will make it possible for children of the county to attend the public schools. Embarked on a program of consolidation and attendance at primary schools, while disbanding the smaller schools and selling off the properties, it just doesn't add up for the children to be at the mercy of the weather in the number of days attended. There are so many all-weather roads needed and the de-

mand is so great for each the very need might result in defeat for a bond issue to make a start. Nearly everybody wants good roads but invariably the question comes up: Why not mine first? Since all can't be first nobody has the answer.

One of the "biggest" things in the history of Floyd county is due to come up pretty soon, when Southwestern Bell Telephone company criss-crosses the area with telephone lines that will be lines you can talk on. Hardly a community but will have telephone service for the asking by whomsoever may ask it. And at a reasonable introductory cost. And everyone of these telephones will be a "long distance" station, by which we mean that the telephone user can talk to whom and wheresoever he wants to talk, so long as he has the money to pay the bill. We understand you won't have to crank but you'll have to dial. Southwestern will have to begin the job pretty quickly to get through with the first exchange by March of next year. And this is only the beginning!

Southwestern has learned a lesson, they hope, from the experience of the light and power companies, which, instead of going ahead with development of new rural business as fast as they could, grabbed off the occasional good and left the others to go along with their coal oil lamps or what have you. They hollered Socialism when the government took it up, but said the bill was too high for private enterprise to undertake. Likewise that the "pay off" date was so far away that they couldn't get the public to finance the job of putting electric energy in all communities. If the job was too big to be undertaken by private enterprise there was not but one way left, because this particular development was the most needed for the more efficient and happy farm of any that could be undertaken. The telephone people are trying to beat the government to it. It calls for millions and billions and the pay off day may be far away. We look at it, that nobody ever has lost yet betting on the country. We think Southwestern and the other Bell affiliates won't lose by their far-sightedness. We know Floyd county people will be the immense gainers.

Floydada streets either need a lot more gravel or a regular paving program that will lift the town out of the mud when it turns muddy. Whether this is the time or not, we couldn't say, but the need is imperative.

Dairy cows don't need horns. Dehorning them as calves makes dairying safer for both the dairymen and the animals.

Weekly SURPLUS NEWS WAA

One of the biggest automotive parts sales ever held in Texas will take place at the Red River Arsenal near Texarkana Tuesday through Thursday, October 7, 8 and 9, with \$700,000 worth of war surplus parts up for informal bidding. A total of 500 lots will be on display at six warehouses in the arsenal, most of them small for the "little buyer" as well as the commercial dealer.

A veterans merchandise section of the War surplus sales facilities of the WAA's Customer Service Center has been added to the Grand Prairie office. Only very limited stocks of set-aside items for veterans are anticipated for the time being. Under the plan, veterans may buy and take with them merchandise available in this section.

The sale of 562 buildings at Gulf-Port Army Airfield at Gulf Port, Mississippi, was recently postponed on account of damage wrought by the recent hurricane. War Assets Administration announced that new sales dates would be posted some time in the future.

A quantity of construction and farm machinery is being offered by War Assets Administration to both priority and commercial buyers through its Grand Prairie Customer Service Center until November 3. The sale opens October 17.

The "Old Cotton Patch"

IS BIG TIME BUSINESS NOW

King Cotton has found the promised land! Here in the fertile Panhandle-Plains-Pecos Valley Area we market more than \$81,000,000 worth of cotton and cotton seed a year.

New uses are being found constantly for one of our number one crops. And today "the old cotton patch" is big time business for the folks in our area.

We have so much confidence in the cotton industry—and all other industries we serve—that we are investing 35 million dollars in a building program. This expansion program in our territory will bring more dependable electric service to industry and better living—electrically—to everyone!

Bull Dogs Pay Whirlwinds Visit in a Scrimmage

The Whirlwinds out of action last week the "B" squad engaged in a "B" squad in a scrimmage Friday night and matched Spur's effort 2-1.

The ball was put into play from scrimmage on the 40 yard line. Blair going all the way to the first play of the night. Floydada could not get going after Blair took over on a fumble. Spur also bogged down and was forced to punt; however received another chance on a recovered fumble. This time stopped their downfield drive and he took an intercepted pass and was wide and the score was 6-6 at the end of the period.

The tide seasawed back and forth in the second quarter without any scoring threats from either side.

Floydada started the ball rolling when they took the ball from scrimmage on the 40 yard line and scored on a play covering 60 yards on a field drive. The extra point by Floydada led 13-6.

Spur entirely dominated the play in the fourth period with sizable leads off by Blair and Brantley. A fumble lost Spur the ball but Blair went to the line.

Spur then resumed their drive until Finley intercepted and started his own drive. He hit the line for eight yards. Beedy took a pass good for 25 yards at the end of the scrimmage and what Spur could not.

The scrimmage drew a large crowd and was good practice for the who will be playing in real soon. The line ups were:

Minister Makes Inspiring Address

Tuesday morning, September 23 the student body and faculty were privileged to have Reverend Lloyd Jones to address them.

His timely subject was "You can choose your path where the snags are or where the snags are not." In his discussion, he presented many inspiring and beneficial thoughts for the students to consider.

De' Quacker

Could this be a new romance or do my eyes deceive me??? Carlene Daniels and Fred Connor seem to get along "ree" in Algebra the fourth period. Such adoring glances Fred can give!!!

Well, I hear that Billy Hart wants a date with Jennie Chowning. Come on, boy, where's your nerve?? Oh Margaret, what is this I hear about you writing a poem about Kenneth Willis?? How about letting us read it??

My, I really get around these "nights". For example at the football game the other night I saw Bob Reeves and Christeen Jones behind the stadium. Ah ha!! What will Melvin say, Christeen???

Latest Bulletin!! Flash!! A romance is blossoming in fifth period Algebra class. Bob W. and June P. nearly broke up class winking at each other. Later developments will be reported in this column so keep in touch!!

Now that Hope seems to be so faithful to you-know-who, Weims seems to be left out. Don't worry though, Weims, give someone else a chance.

Ronald Raft and Mary Parrish have more fun in Math class. They are always smiling at each other. Mary likes him and he likes her. Well, where do we go from here?? Need I say more??

I wonder why Genelle enjoys play practice so much?? Could it be that Truitt is there, too?? Tell us more!!

From what I hear Betty Laster is walking on fleecy clouds lately. Could it be that Carroll Womack sits behind her in the seventh period study hall?? I wonder!!

It seems as though Bob Reeves isn't so slow getting around either. He was seen with Eunice Welborn the other night!! Bob, why do you break so many hearts??

Margie Herring and Clint Johnson were seen flirting together the second period. He winked at her and she melted, and guess what?? You're not so dumb.

No wonder Katie likes second period Study Hall so well. Stanley and Thomas Wayne happen to be in it. Too bad you just have it on Tuesdays and Thursdays. Now ain't that tough??

There happens to be a senior girl who wants to go with Leslie Nixon. I wonder who?? Whoever it is had better watch Joyce Jarrett because she was with him Saturday night.

Joe Walker has been seen flirting with Ruthie Harmon. But Margaree Huckabee showed him and found interest elsewhere. Just like a woman!!

Wanda Huckabee seems to prefer Crosbyton to Floydada. Wonder what attracts her??

Jo Muncy seems to have a slight desire to go with Melvin Hollum again. She must like him a little better than Bill or maybe she's mad at Bill because he has her bracelet and won't give it back. Better be nice to her, Bill!!

Who was the cute guy that Floyce Jarrett went with during the summer?? I heard he was one of Gene's cousins from Amarillo!! Couldn't be Alvie Lee Gill could it??

Could Lee Hutchinson be jealous of Juanita Huckabee because Dan Hagood flirts with her in Math Class?? Well?

Fred seems to make a good substitute for June while Berny's going to college. What's Berny going to say about this June??

Why is Mary Young always falling all over herself when she sees James Finley?? And that look!! Ooooo-La-La!! Could be love.

Roberta was floating on billowy clouds Friday and I do mean maybe. She had a date with Pecos. Congratulations!!!

Mary seems to be losing out with Leonard. He was with Gladys Thursday night. And that ain't all he's been rushing Norma Jean as well. Romeo!!

Speaking of Norma Jean, she was with Tom Bob Thurs. Not bad. Not bad.

Valrie seems to be beating Joy Jackson's time lately with Dale Sims. What's the matter Joy, are you slipping???

Dat's all folks!! But remember, put all of that nice latest gossip in de can. S'long!!

Raise 18 Ag Boys To Green Hands

Fifteen Ag boys were raised to the degree of Greenhand at an initiation ceremony held in the Ag room of the high school Tuesday, September 23, at 8 o'clock. Those receiving degrees were the following:

Emile Cardinal, Charles Holmes, Johnny Lloyd, Bob Patterson, Bob Harless, Allan Gross, Don Marble, Bob Hartman, Buddy Peterson, Buddy Sanders, Dean Stewart, Franklin Wiley, Douglas Whitfill, and Derral Young.

The initiation ceremony was in charge of President Bob Reeves with other officers assisting. A brief business session was held. Hotdogs were served to the fifty-five members present at the meeting.

The agates have been studying the farm weaknesses of Floyd county. They have also been working on the grandstand this week. Banners were put up in the center and each end. A platform for the visiting pep-squad was built at one end also.

Candid Camera

My latest "Personality Picture" is that of one of the top-ranking favorites in F. H. S. When you see a "king-size", honest-to-goodness-through-and-through Whirlwind with a friendly gleam in his unusual brown eyes, and 5'11½" and 172 lbs of muscle, you may correctly conclude his name is "King" Thomas Amburn!

Brown-haired (what is left of it after the traditional G. I. "Tat" Swan) has distinguished himself on the Whirlwind team at the center position. He was selected captain in the Tulla-Floydada game. Besides being treasurer of the Senior Class, Thomas was elected business manager for Miss Ruthie Harmon, Senior Class Queen.

Being born in Floydada is the luckiest thing that has ever happened to Thomas Wayne. Beside liking his home town, there are innumerable other things, namely green and white levis; "T" shirts the new football jackets; Chemistry; every boy's idol, Coach Graham; and most people. "At the mention of the word, "food", "No. 39" sighed, "Hum—hamburgers and french-fries are my weakness! I guess I'm just another Wimpy."

Thomas' favorite pastimes are football, eating, and, of course, sleeping. He will never forget "The Outlaw" and his favorite actress, Jane Russell. "Bunny" is his favorite actor. (All these difficult parts you know!) Thomas Wayne has a very distinguished pet, the popular little green "T" model you see spluttering to school every day.

Thomas Wayne remembers one thing very vividly from grade school days. It seems there was a certain blonde who used to sit behind him in the fourth grade who continually would call the teacher, begging him to "make him be still!" Thomas became so irritated with the girl that one day he turned around and pulled her hair. Incidentally, the "it" forms Carpenter and Thomas are still friends (believe it or not!).

At this time yours truly has the great privilege of announcing Thomas Wayne Amburn's secret desire: That the headlines in leading newspapers everywhere maybe, "The Flashy Floydada Whirlwind Victor in Regional Tussle."

Some of No. 39's pet pees are silly, giggling girls, spinach, and this week, grey and black, Phillips' colors.

"The most beautiful girl in F. H. S." is "King" Thomas' ideal. She is "five feet, one inch short", "100 Pounds light" with dreamy eyes that almost speak by themselves. She has that certain olive "oh, a perfect" complexion, and a full, sensitive mouth. Her hair is chestnut brown, fixed simply, yet becomingly. A beaming, talkative personality combined with the right amount of intelligence make her the kind of person Thomas likes to be around. This girl is not only Thomas Wayne's dream girl, but she is also the Queen of a certain senior class.

Persuaded that sleeping after 12 noon is shameful for a full-grown boy, Thomas Wayne decided his ideal day would have to begin at lunch time. Getting up for lunch consisting of Southern-fried chicken, giblet gravy, English peas, cream-mashed potatoes, hot rolls, iced tea, and pecan pie is his idea of starting a perfect day. An afternoon in swimming followed by a big steak would be a perfect afternoon and to top the afternoon, that night would be made perfect by seeing Ruthie Harmon crowned Queen of F. H. S. (Then, of course, he'd have to go home and catch up on some sleep.)

Thanks to you, Thomas, for contributing your talents to F. H. S. We think you are the very best—a real Whirlwind!!

PROOFS

"Blue Monday was brightened up slightly for the Seniors, who received the proofs of the pictures taken last Tuesday morning. The exclamations most popular were: "Oh, my goodness, how awful!" and "Oh, I don't think so, I think they are good!" At any rate, these are the pictures that will be used in our Senior group picture that hangs in the hall.

Road District Bond Issue Up in East Crosby

CROSBYTON—A total of 195 tax paying citizens of Crosby County's road district No. 1 petitioned the commissioners' court Wednesday asking the issuance of approximately \$77,000 in bonds to build about 50 miles of farm-to-market roads in the district, he called. The petitioners were presented to Judge Enzyperati by Andy Wooten, of the East Plains.

The roads would be built under the state's new co-operative plan whereby the county or a subdivision would secure the right of way and furnish 75 percent of the cost of construction. The state would furnish the engineering, 25 percent of the cost and assume maintenance after it is built.

The petition designates the roads to be constructed as follows: Two miles from Big Four north to the wagon. The road from Big Four to Crosbyton has already been designated for construction; eleven miles north of the Tom Jackson farm (formerly the J. A. Hodges' place)

MEMPHIS JUDGE MOVES TO NEW HOME AT LOCKNEY

LOCKNEY—Judge and Mrs. A. S. Moss moved into their recently purchased home here Tuesday of this week. The home is the two-story brick formerly belonging to Dr. and Mrs. N. E. Greer, who have moved to Mineral Wells.

Judge and Mrs. Moss moved here from Memphis, Texas where Mr. Moss served as district judge and practiced law for many years. They own considerable land east of town which is being farmed by their nephew, Frank Brown.

Report from Europe

By George Mahon

This is being written from the city of Trieste, a town of about 300,000 on the shores of the Adriatic sea. I am here in Trieste with a Congressional sub-Committee charged with making a study of our foreign aid program. I had hardly heard of this city prior to the war and that is probably true to most Americans. It is now one of the danger spots of the world.

The place belonged to Austria before World War 1 and to Italy after World War 1. The city and a small bit of land surrounding the city have now been set up as a free state which is to have a governor appointed by the United Nations. The city of Trieste is only five miles from Yugoslavia.

At the conclusion of the war Yugoslavia and Russia demanded that the city be made a part of Yugoslavia - America and Britain refused to agree as most of the people in the city are Italians, and the Free State was finally agreed upon.

A force of 5,000 American troops and a similar number of British troops occupy the city of Trieste. The city is the dividing line which separates Russia and Yugoslavia from the western world. It may be our first line of defense against Russian aggression. In addition to maintaining our troops here, we are spending about \$800,000 per month to help feed the people of the area. A ship load of American wheat arrived recently and there are no signs of starvation here. The Port was heavily bombed during the war. Our government is supporting a program to make the place self-sustaining.

South Plains News

SOUTH PLAINS, Sept. 29—Several from our church attended the association at Crosbyton last Thursday. They reported a good meeting. Several in our community attended the Fair at Amarillo last week.

Mrs. and Mrs. Gilbert Bean were guests in the Shelby Calahan home Sunday.

Mrs. C. H. Brown spent the week-end at her home.

An aunt of Carlene Daniel's attended church here Sunday.

Raymond Reeves and Charles Beedy spent the week-end at home. Rex Smitherman and Albert Stewart spent the week-end in Abilene visiting.

Miss Doris Stewart spent last week in the home of her parents, Mr. and Mrs. Albert Stewart.

Mr. and Mrs. F. L. Marble and H. L. Marble attended the funeral of a cousin in Amarillo Wednesday.

Mr. and Mrs. George Beedy and Ariene spent the week-end in Clovis New Mexico visiting relatives.

Ann West is convalescing from a fractured ankle.

Mrs. Lena King and Mrs. Carrie Bostick spent the week-end in Dumas with Mr. and Mrs. Russell Reed.

Mr. and Mrs. H. S. Calahan and Junior, Mrs. Hilburn Casey and Jack Calahan visited a sick friend at Merkel Sunday.

Patsy Childress had as her guests Wednesday night, Misses Christeen Jones, Mary Alice Plumlee, Connir Reeves, Nell Huckabee and Eunice Welborn.

Mrs. West, Mrs. Jarnagin and Mrs. Betty Jeffcoat and son, Allen visited Mrs. Robert Lee Smith, jr., and new daughter Friday morning.

Mr. and Mrs. Lytle visited in the J. R. Wiley home Sunday afternoon.

Mr. and Mrs. H. L. Marble and family visited in the Elmo Rever home Sunday afternoon.

Mrs. Arby Mulder and Mrs. E. P. Smitherman went to Amarillo Wednesday to meet one of Mrs. Mulder's sisters, who is visiting her.

Don't forget the P. T. A. meeting Friday night. Everyone is invited to come and bring tables and dominoes. The children will present a program.

4-H Club Met Sept. 15

The South Plains 4-H club met September 15 with Miss Leila Petty. Eight ways of voting were discussed. The club voted to meet every third Monday of each month.

Peggy Jo Brown was elected as president of the club. Serving with her will be Shirley Reeves, vice-president; Peggy Jones, secretary and Winnie Hartman, reporter.

Members present for the meeting were Winnie Hartman, Peggy Jones

ploded in the streets and a few people have been killed. The Yugoslav army outnumbers the Anglo-American forces in this area, but the presence of American war ships in the harbor and the flight over the city of our four-engine bomber gave a stabilizing influence on the situation.

One of the most spectacular demonstrations was a Communist funeral procession through the street of the city. The Communist claimed that the anti-Communist were responsible for the killing of a child who belonged to a Communist family. The child's casket was carried down the street on the shoulders of six young men, preceded by four red flags. The bands played and hundreds of flowers were carried in the procession. The marching crowd extended several blocks and was estimated at 15,000 people.

In Trieste we have conferred at length with American and British military officials, where we have found considerable pessimism as to the chances for peace and stability. Trieste is headed for trouble unless the United Nations is able to pursue a firm policy and establish a strong civilian government. We have conferred also with local citizens and officials. The majority of the people in the city of Trieste are Italian, but there are also Yugoslavs in the area.

Among the 5,000 American troops in Trieste are 137 enlisted men from Texas. I had a pleasant visit with two of them from West Texas, Max Carpenter of Sundown, and Cecil Drake of Big Spring, Texas. All our troops seemed to be in fine shape and morale appeared to be high.

Mary Wiley, Shirley Reeves, Bonnie Upton, Janice Mathis, Gail Brown and Peggy Jo Brown.

H. D. Club Has Picnic

Mrs. Raymond Upton was hostess to the South Plains Home Demonstration club, when the members met recently at the park in Floydada for a picnic. Miss Leila Petty gave a demonstration on "living room accessories". Games furnished entertainment during the meeting.

Refreshments of soda pop, sandwiches and ice cream were served to five visitors. Mmes. J. B. Jarnagin, L. L. McKenzie, Carrie Boetick, Betty Jeffcoat, Mrs. Shaw and the following members, Miss Leila Petty, Mmes. G. Bean, Geo. West, Menard Field, Doodie Milton, Grimsby Milton, sr., and Linnie, J. B. Smitherman, R. C. Guest, L. T. Wood, Lula Julian, Johnie Wilson, Bill Beedy, H. R. Hartman, Arthur Brown, Bryant Higginbotham, H. L. Marble, and the hostess and several children.

Definite Health Program Need In Every School

AUSTIN.—Every school should have a definite school health program. Situations such as the kind of drinking water, arrangements for the school lunch, the lighting, seating, ventilation and cleanliness are the bases of the school health program, said Dr. Geo. W. Cox, State Health Officer.

Every school has tremendous opportunities to promote the health of its pupils and of its community. From early childhood to early manhood and womanhood, most children are enrolled in schools and are under the supervision of school staffs for a substantial part of the day for approximately half the days of the year. The conditions under which they live in school, the help which they are given in solving their health problems, the ideals of individual and community health which they are taught and the information and understanding that they acquire of themselves are factors which operate to develop attitude and behavior conducive to healthy happy and successful living.

Schools alone however cannot enable children to attain all the desirable goals of individual and community health. Considering the magnitude and multitude of the diverse and continuing efforts that must be made to satisfy the health needs of children, it is fortunate that many people and groups, in addition to schools, are greatly interested in promoting health. Parents have a prime responsibility.

Physicians, dentists, nurses, health officers, social and welfare workers and their official organizations such as medical, dental and nursing societies, health departments and voluntary health agencies are all rightly concerned with health activities in their communities.

Texas Municipality Officials Get Low Down on Problems

The sessions of the League of Texas Municipalities in Fort Worth last week, attended by five Floydada officials, was praised this week by B. K. Barker, city secretary at a place where they've had all the problems and somebody knows how to answer the one that's bothering you, if you work for a city.

In addition to the three days of general and sectional meetings in which all types of problems of a municipality were discussed, the city officials were given a full round of entertainment by Fort Worth officials and business interests.

In the party from Floydada who attended the meeting were Mayor Frank C. Harmon, City Secretary Barker, Alderman J. A. Patterson, Water Superintendent Floyd Johnson and Electrical Superintendent Al Fuchs.

Assembly of God Revival Services Continue this Week

Revival services in progress at the Assembly of God Church will continue each night throughout the week with Evangelist Roy Sapp doing the preaching. Services begin each night at 7:45 except Sunday night when the time will be changed to 7:30.

The young evangelist is assisted in the special music and singing by his brother Benny.

Evangelist Sapp will be speaking on "The Times of the Gentiles" taken from the second chapter of Daniel, Friday night, and Sunday night he will bring an interesting message on Prophecy and will endeavor to answer a number of questions including "What Does the Bible say of the UNO?" "The United States—what part does it play in Bible Prophecy?" "Who or What is the Beast and his Image?" and "What of the Mark of the Beast?"

The public has a cordial invitation to attend these gospel services.

Come On, Texas!

When action aboard the battleship Texas reached battle heat, her crew members used to shout, "Come on, Texas!"... which meant: "Let's get in there and fight!" After 35 years of service, through two world wars, she won't fight any more. The Navy has put her on the retired list, and unless the State of Texas takes action, she goes to the scrap heap.

She is seen above, steaming out to open sea, as she was in her glory as a capital ship of the U. S. fleet. To bring her home to Texas, Lloyd Gregory, chairman of the Battleship Texas Commission, urges every Texan to aid the fund-raising campaign which began September 15.

All contributions are to be sent to Mr. Allan H. King, Battleship Texas Fund, First National Bank, Houston 1, Texas.

Wearing Apparel May Cost Life Of a Loved One

Inflammable wearing apparel may cost the life of a loved one. "Be careful what you wear and when you wear it," Dr. W. E. Coughlin, Ph. D., Director of the Good Housekeeping Textile Laboratory warns in an article in a recent magazine article. "All ordinary fabrics will burn rather slowly, so the flame can be extinguished or the garments removed before any great harm is done."

"On the other hand some fabrics ignite easily and flame furiously because of their fibres or construction, or a combination of these factors. You should learn to recognize these fabrics and garments made from them, so you can be careful when you are wearing them."

Important advice on what to wear is offered by Dr. Coughlin who states in part:

"Your chances of becoming a human torch are slim if you exercise ordinary care and common sense in wearing highly flammable garments. Don't, for the example, attempt to save a few minutes by slipping down to prepare breakfast in your dressing gown. The long loose, flowing sleeves and dangling sashes of these garments and the sheer, napped, or pile fabrics from which they are made invite disaster when you are using your range. Also be careful how you light cigarettes when you are wearing a veil or dressing gown, and never stand close to an open fire. The same advice goes for flannel nightgowns and robes, and long napped sweaters of cotton or rayon. When choosing special party costumes, avoid sheer or lona-napped materials.

"Hospital records show that most injuries to small children from burning clothing come from fabrics that

Floydada Boys On WTS Buffalo Squad

CANYON, Oct.—(Special)—Three Floydada boys are making good on the 1947 West Texas College football team. They are paced by the fine backfield work of Eddie Conner who this week appears to have won a starting berth for the next game.

Conner hurt a shoulder in the pre-school practice sessions, and played only a few minutes in the first game of the season against the University of Tulsa. Last week against ACC in Abilene, Eddie played a great deal more, and turned in such a good game Frank Kimbrough had him running in the first string lineup in practice Monday and Tuesday.

The next game for the battling Buffs will be against Tech in Lubbock Saturday (Oct. 4) afternoon. Bruce Womack played creditably when called on to fill a breach left in the first line reserves when Wayne Hill was injured. Johnny Cardinal, an end candidate, has shown definite promise and made the traveling squad from the start.

The Buffs will open their home schedule on October 11 in a night game against Jack Curcione's Texas Miners, the current surprise in the Border Conference.

Marketing No. 1 Farm Problem

COLLEGE STATION.—One of the first things slated for study under the national Research & Marketing act will be ways of devoting a more economical marketing system so that American farmers may sell a greater volume of their products and consumers may buy more.

E. A. Meyer, administrator of the act, says agriculture in the past six years has increased production of milk by 13 percent; eggs, 23 percent; chickens, 33 percent; cattle and calves, 43 percent; wheat, 49 percent; and fruit, 57 percent.

The American people are eating 16 percent more food than they did before the war. And Secretary of Agriculture Anderson has said they would like to buy -- and eat -- more.

Apparently the only way farmers can sell more products at a fair price and consumers on the other hand can buy more without upping their food budget is to overhaul the marketing system. And that is the mandate Congress made to the U. S. Department of Agriculture when the Marketing & Research act was passed.

Farmers are working on the problem too. County Agent E. A. Spaček says Wood county farmers consider marketing of farm products their No. 1 problem. Wood county delegations have visited and studied every major farm market in East Texas.

The encouraging thing to Spaček is that the farmers are also interested in improving the quality of their products, in offering a more attractive package and in stabilizing local prices.

ordinarily are not considered to be dangerously flammable. The panic-stricken child's inability to extinguish the flame and to remove the burning garment usually is the reason. The answer here is keeping a watchful eye on very small children and teaching older ones to understand and avoid the hazards of playing with matches and bonfires. Children should be warned about the sheer dresses and veils worn on occasions such as church ceremonies, especially when lighted candles are carried or are standing near by."

Local Horses In the Money At Tri-State

Floyd county quarter horses kept getting in the money at the southwest shows where they are entered.

At the big quarter horse show last week in connection with the Tri-State fair in Amarillo, Paul Kropp's aged stallion was judged second in his class and placed second in the reining contest.

J. B. Shurbet's stud won first in his class and his other yearling stud won fourth place in the same class.

M. C. Smith's stallion placed fourth in the three-year-old class and his yearling filly also placed fourth. Shurbet's Chubby stallion was judged first in set of stallion with three of his colts entered.

Competition was strong in all divisions of the show, the first six horses being placed in each group.

Harmons have new Packard Coach

Harmon Funeral Home this week has a new Packard ambulance purchased last week in Dallas and driven to Floydada Thursday by F. C. Harmon, who had been in Fort Worth attending sessions of the league of Texas municipalities.

The new coach has a heater in the front and back and is equipped throughout to give modern ambulance service to the people of Floyd and adjoining counties.

CURLEE CLOTHES

MAKE MINE CURLEE...

The Quality Overcoat

WHEN WINTER COMES along—cold, blustery mornings and nights with snow flakes falling—it's business as usual, as far as you're concerned. You just slip into your new Curlee Overcoat and go your usual way, secure in the knowledge that you'll be warm and comfortable—and looking your best.

There is nothing so very surprising about this, when you come to think about it. The Curlee folks started a long time ago, making clothes for men who wanted the best. Over the years they have discovered or developed the ingredients which spell success. First of all, they search the market for fine materials, not only overcoat fabrics of good quality in the season's smart patterns, but linings and inner materials as well. These they turn over to their skilled designers—men who know what you want in the way of suits and overcoats. When they have created the patterns, expert workmen build lasting good looks and comfortable wear into every garment that carries the Curlee label.

One thing which is surprising, though, is that so much downright quality can be packed into these Curlee Overcoats at such moderate prices. It is no wonder that when it comes right down to style—fit—and comfortable wear—so many discriminating men say "MAKE MINE CURLEE."

Bye McIntyre wed E. W. Sweny at Pedro, California

Wed In San Pedro, California

Irene Maxwell of Hawthorne, Cal., has announced the marriage of her daughter, Miss Bobbye McIntyre, formerly of this city, to Everett William Sweny, son of Mr. and Mrs. Charles E. Sweny, of Toledo, Ohio. The marriage ceremony was held before the glacial altar of the Mary Star of the Sea Catholic Church, San Pedro, Cal., with the Reverend Desquinn officiating, assisted by Miss Maxwell, sister of the bride, and Mrs. L. J. McMillen as Altar Boys.

MR. AND MRS. EVERETT WILLIAM SWENY

The bride, who was given in marriage by Mr. Robert Dow, a close friend of the family, was dressed in a gown of white imported or silk with sheer yoke and sleeves and at the wrist, and fitted to the skirt was of tiered ruffles. She wore a veil of illusion and carried an arm bouquet of white flowers.

'We Face Tomorrow' Theme In Observance of B. & P. W. Week

"We Face Tomorrow" is the theme of the twentieth observance of National Business Women's week, October 5 thru 11," stated Mrs. Jim Cleveland, president of the Floydada club.

All over the nation business and professional women will center programs and discussions during this period on how we are facing the future spiritually, educationally, socially and politically. The local club will join other clubs in opening the observance of National Business and Professional Women's week with a "group go to church" on Sunday October 5th, attending the Methodist Church to hear Rev. Lloyd H. Jones bring a message on facing the future spiritually.

Truman In Praise of Business Women

"National Business Women's week gives me the welcome opportunity to pay tribute to the business and professional women of this country for the part they have played in winning the war and for their current activities to win the peace," says President Harry S. Truman in a message to the National Federation of Business and Professional Women's clubs.

"Through my long experience in government I have come to have a great respect for the influence American women exert to better their community, their state and their nation."

"I know that the business and professional women throughout the country will continue to do everything they can to keep the United States in the forefront of the struggle for permanent world peace."

Arch Destroyer Is Demon Fire

AUSTIN.—Do you want to add more digits to your bank book? Do you need a new house? Or want a new car? Do you want to live longer?

Then you should be interested in the thing that is keeping many persons in the United States from realizing these same desires—fire.

In the face of this country's worst housing shortage, last year fire burned up enough timber and lumber to build 200,000 five-room houses. That would mean one new home for every man, woman and child in the cities of Austin, Galveston and Texas City.

Fire destroyed 600,000 buildings and homes in the United States last year with a property damage alone of \$561,000,000. If the State had this amount to distribute, every Texan would receive over \$93 each.

Last year when this nation stood aghast at the tremendous loss of man days of work because of strikes and industrial disputes, fire caused a loss of more than one-quarter as many man days of work, or approximately 25,000,000 man days which would be enough working time to make nearly 1,000,000 badly needed automobiles.

This would supply everyone in Houston, Dallas and Fort Worth with one new automobile.

Approximately 11,000 persons were burned to death and more than 20,000 persons were injured in fires last year. Totaled these figures would equal the entire population of Denton and Corsicana.

The careless disposal of lighted cigarettes and matches is the principal cause of all fires, says State Fire Insurance Commissioner Marvin Hall. He estimates that about 120,000 fires last year were from this cause alone.

Hall urges that every Texan accept as his individual responsibility adoption of fire prevention measures at home and at work, not only during Fire Prevention Week, October 5 through 11, but throughout this year. Only then, he says, can we

realize some of our dreams through savings from unnecessary and preventable fires.

As A Farm Woman Thinks

(By Nellie Witt Spikes)

I missed the last week's paper with this column. I went about writing it in my mind as I gathered the butter beans and peas. As I peeled the Indian peaches for preserves and pickles, I wanted to tell you about the Indian peaches that Mr. and Mrs. McDermott grew a long time ago. Down through the years they have come and now I am putting them up. I hope the seed will be planted for many years to come and this delicious peach not be lost for the coming generations.

It was in my mind about the fairs we used to have in Floydada and Ralls and Crosbyton and I remember an especially good one at Petersburg. We shed and shed at the vegetables and cotton and grain we had seen all the year but which put together, the best of all kinds, it was nice.

I thought when I had time to write down this column I would tell how sad it was to part from an old friend George Carter of Ropes and how we shall miss his hearty laugh and pleasant ways. I could have told about the school starting at Old Emma and of Old Nubbin and Blue-dog and Bates, Paul, Polson's old mare and the mules and horser hitched at the back of the schoolhouse waiting the long, long day through for the children to get through and go home. Nothing to do but to swish flies when the days were warm or to turn their tails to the cold northerners of winter.

But the tasks were too many for me to stop and put this all down. The days too short to add another thing. So the peaches are in jars red as beets, yellow as gold, these the ones given me by Mrs. Tom Reed, white and clear as syrup, some spicy and sour-sweet, others almost candied. And another place in the paper which I have filled so long is missing.

Precious in the sight of the Lord is the death of his saints, we remembered as the organ softly played and the flowers were a living background, as Uncle Isham Tubbs lay silent and still in death in the Methodist church he had attended so long, being a charter member and the last one to go.

"Thou shalt come to thy grave in full age like as a shock of corn cometh in his season", Brother Robinson read from the book which had been the guide of this grand old man for a lifetime of service to the Lord.

Uncle Is was the Uncle by marriage to my husband. He married Texana Spikes in Kaufman and now they are happy together once more. Almost a century he had lived.

and as he sat and sang songs to his great nephews and nieces, he knew the songs they sang in the Revolutionary War, the songs sung in the war between the States. He remembered the Spanish war, and lived through two more.

"What cannot be cured must be endured" he would say when trouble arose. So he went about curing what could be cured and enduring with patience that which he could not help. He was loved by the young as well as the old. For all he had pleasant words. All richer by being in his presence. What a heritage he has left for all that knew him and even those who did not for he helped establish schools, and law and churches and crops in a new land on the Plains of West Texas. We are left sad but "The morning stars sang together and all the sons of God shouted for joy" as he entered the gates of gold.

Poem for the week is by Myrtle Vorst Sheppard.
Because I have known God
In little things,
In brook-song and a bird's
Bright wings,
In low-voiced whisperings
Among the pines;
Because I have followed Him
Along a narrow path that winds
Through silent wooded places,
Because I have found His heart
Of a flower, because I've walked
With Him day by day,
And felt His presence
Through the star-freckled night—
In that quiet hour
When I kneel to pray
Before the candlelight
I find He is truly mine
In the blest bread and wine.

Hospital Building Site at Lockney on North Main St.

LOCKNEY—The directors of the local co-operative hospital made two important decisions in a called meeting held last Saturday night. The first was to purchase a site on North Main Street, on the second block north of Hammond and company.

The second important decision was to change the name of the hospital. It was chartered under the name "Floyd County Co-operative Hospital" and has borne that name since its charter was granted. In order to please a number of organizations with whom the hospital has contact, as well as many local members, the directors passed a resolution changing the name to "The Lockney General Hospital." An application will be forwarded to the Secretary of State asking that the charter be so changed within the near future. The change of name does not affect or change the manner of operation in any degree.

Invisible Man On Highway Out, Says Garrison

(By Col. Homer Garrison, Director of Department of Public Safety)
Fix your lights so that you can be seen by the other fellow and your brakes so that you can stop, and you'll be alright under the new traffic law, which went into effect Sept. 5.

You must have two burning headlamps and a burning red tail light. The only thing which every motorist has to have after Jan. 1, 1948, which he may not have now is a little white light over the rear license plate. Formerly reflectors were enough on trailers of all kinds, but after Jan. 1 a burning red tail light is required for any vehicle whatsoever on the road. Trucks and buses under 80 inches wide must have in addition to other lights a stop light and two red reflectors on the rear.

Trucks or buses over 80 inches wide or having an actual registered gross weight in excess of 3,000 pounds must have the following lights besides the headlamps, tail light, license plate light, stop light, and two red reflectors:

Amber clearance light at front outermost top corner on each side;

Red clearance light at back outermost top corner on each side;

Red side marker near rear on each side;

Amber side marker near front on each side;

Amber side lamp near front on each side;

Red side lamp near back on each side;

When disabled upon the highway all types of trucks, busses, and trailers must have three properly spaced warning devices such as spot flares, electric lanterns, etc.

All brakes must be capable of stopping the vehicle going 20 miles per hour within a distance of 30 feet on a smooth, level surface and must be maintained in good working order so as to be applied evenly on all wheels. Any type trailer having an actual or registered gross weight in excess of 3,000 pounds must have a separate set of brake thereon.

Floyd County 14 Years Ago

These items were taken from the files of the Floyd County Hesperian published fourteen years ago.

(Issue of October 5, 1933)
Horace Kincaid, 31, of this city was instantly killed early this morning about seven miles north of Dallas when a truck he was driving struck a signal post in the center of the highway at a railway crossing.

Floyd County's 4-H club boys captured all the first places in the Jersey heifer show in their division at the Tri-State Fair at Amarillo last week.

Floydada Independent School Board will accept legally issued warrants for the school term 1933-34 as collateral in place of the government bonds now deposited with the school board by the First National Bank to cover the sinking fund now carried in the bank, according to a decision made by the school board in a called meeting Tuesday night.

Miss Marie Lewis and Harold Allen were united in marriage at Clovis, New Mexico Thursday afternoon.

Mr. and Mrs. Robert Garrett left Saturday for Chicago, where they are attending the Century of Progress American Legion Convention.

American Paving company, of Childress, were low bidders on construction of 18.3 miles of Highway No. 28 in Floyd County from a point in north Floydada to the Motley County line. Their proposal was slightly in excess of \$64,000.

Man Who Helped Organize Lubbock County Succumbs

RALLS—Mr. and Mrs. Jeff Spike and Mrs. Coke Fullins attended funeral services for their uncle I-ham Tubbs, 95, who passed away Tuesday morning in a Lubbock hospital. He suffered a fractured hip Sunday night from a fall at his home. Services were held at the First Methodist church with the pastor officiating.

Mr. Tubbs came by freight wagon to old Estacado in 1890. He helped to organize Lubbock county in 1897 and cleaned land and planted one of the first crops there. He served on Lubbock's first grand jury and school board.

Mr. Tubbs was married to Texan Spikes, who died in 1930.

MARTHA SUE McDANIEL BRIDE OF W. E. (BILL) BOREN
PETERSBURG—The First Baptist church was the scene of a lovely wedding Thursday evening of last week when Miss Martha Sue McDaniel, daughter of Mr. and Mrs. Roy McDaniel, became the bride of W. E. (Bill) Boren, son of Mrs. Lorena Boren, in a double ring ceremony read by the pastor, Rev. C. T. Holtzclaw.

AUXILIARY MEETING HOSTESS
Claudene Goen was hostess to the meeting of the Intermediate Girls' auxiliary Friday night at her home 614 West Kentucky Street. Various games furnished entertainment for the evening. Lovely refreshments were served to Roberta Garrett, Norma Britten, Wilma Hamilton, Mary Maxey, Claudene Goen and Maurice Burtor and Alene Warren, counselors.

Mr. and Mrs. W. H. Jackson are expected home the latter part of the week from a two weeks trip, which took them to Littlefield, where they were joined by Mr. Jackson's parents and then to Carlsbad, New Mexico where they visited the caverns. Before returning home, Mr. and Mrs. Jackson will visit in Seagraves with Mrs. Jackson's sister and family, Mr. and Mrs. Steve Bloyd.

The pear crop seldom seems to fail and may be relied upon by home canners to provide summer fruits for winter tables. To break the monotony of plain canned pears the universally used Ball Blue Book on home canning suggests some tasty variations. Orange pears may be made by using the juice and rind of one-half orange to each quart of sirup. Remove the orange rind before packing the pears into jars. To make cinnamon pears use two or

three tablespoons of "Red Hots" to each quart of sirup, or use stick cinnamon and a few drops of red coloring. Ginger pears are made by using ginger tea (water in which ginger root is boiled) instead of plain water for making sirup. Use pineapple juice instead of water for the sirup to make pineapple pears. For plum pears use tart, red plum juice instead of water for making the sirup. These variations are sure to "hit the spot" with your family.

Life Sentence Is Assessed in District Court

Despite the knowledge that his actions would result in a life sentence as a habitual criminal a man in District court here yesterday morning pled guilty to a charge of forgery, the seventh of which he has been convicted in his life time.

The man is Ralph H. Williams, 30 and the resulting sentence to life imprisonment is the first rendered in Floyd county giving such a drastic penalty in a quarter of a century.

Williams was indicted by the Floyd county grand jury in July on a charge of passing a forged instrument. The check which was his undoing was dated April 2 and was cashed at the Panhandle Service station operated by C. N. Walding.

Two Other Recent Sentences

Two other recent sentences given Williams was one of seven years in which the case was tried in Motley county, and another for seven years in the present term of the district court here, based on a check passed at the Pleasant Grocery at Lockney.

Williams' first run in with the law on a forgery charge here was in November of 1941 when he was given a three-year sentence, and another case in which he was given three years in Hale county. The two sentences ran concurrently. Williams was in the Marine corp when he was arrested and Sheriff Fred N. Clark made the trip to California for the accused man when he was released by the Marines to stand trial on the charges.

In November of 1943 Williams again was charged with the offense of forgery in Hale county and given three years.

Williams' first trouble on forgery charges was in Seary county several years ago when he was given a suspended sentence and a chance to resist temptation.

Scouters Plan

(Continued from page one)

W. Lott of Lorenzo and D. A. Edwards of Crosbyton will report to the district their nominatings at the December meeting.

After lengthy discussion the group decided to put forth every effort to get enough people to invest in the Scouting program to make possible the securing of a field mar for the four county area of Floyd Crosby, Motley and Dickens, the all out campaign to be conducted in October.

Present at the meeting were: Guy Ginn, Jas. F. Potts, J. W. Reue, J. E. Elza, Robt. Crowell, W. B. Henry of Floydada; Mr. Lott of Lorenzo; and D. A. Edwards and H. A. Sessions of Crosbyton; W. R. Postma scout executive of the South Plains council, and O. K. Reynolds, field executive.

Legion Building

(Continued from page 1)

It is the adjutant, who would give permission with the understanding of the responsibility on the individual making the request.

The big new auditorium will be an excellent place for community meetings of sizeable proportions, for banquets or similar gatherings. In attempting to complete it the post wants money of course, and will accept donations from organizations or individuals on a free will basis.

Donors, big and little, by the scores who have made most substantial contributions, have the hearty thanks and appreciation of the post membership for the aid given in putting the project in its present healthful financial status, Adjutant Colville said.

Mrs. Chambers

(Continued from First Page)

Mrs. Chambers was born November 28, 1878 in Arkansas. She was a daughter of Mr. and Mrs. Joe Alexander and was married to Mr. Chambers December 9, 1897. To this union were born eight children, five of whom survive. The family has lived in Floydada for the past ten years.

Surviving relatives are the husband, J. E. Chambers; four daughters, Mrs. O. W. Wellmeyer, of WALL, Colorado, Mrs. F. M. Scott, wife of Dr. E. M. Scott, New Mexico; Mrs. Willard Hall and Mrs. David Summers, of Floydada; one son Leon Chambers, of Amarillo; eight grandchildren; six great grandchildren and three brothers, Joe, John and Tom Alexander.

Pallbearers were W. J. Wilkes, W. U. Stephens, Kay Ferguson, M. C. Floyd and J. B. Bishop.

Christian Church Services Sunday

Otto F. Marshall, minister of First Christian church, announces that Bible school will begin at 10 o'clock Sunday with the morning worship at 9 o'clock.

Sunday evening worship begins at 7:40. Mrs. Pearl Pagan and Billie Francis Sisson will sing. Special music is given each Sunday evening.

The public is invited to the services and worship, under the leadership of Marshall.

Jim Bob Rafferty, who is associated with the Daily American at Texas, was at home Sunday in brief stay with his parents, Mr. and Mrs. H. L. Rafferty.

Britton Funeral

(Continued from First page)

children are Linda and Bob McCullough, children of Mr. and Mrs. Hugh McCullough of Fort Worth and Wayne Middleton, son of Mr. and Mrs. Allen Middleton of Houston.

Mrs. Britton had served the public practically all her adult life in one capacity and another. From 1918 to 1922 she was county treasurer of Floyd county. She had been a resident of the county since 1908 when she came to the plains. Mrs. Britton has been a lifelong member of the Order of the Eastern Star. Her parents were Mr. and Mrs. J. M. Crawford who pioneered as druggists at Lockney. Mrs. Britton was a native of Arkansas.

All of the surviving children were here for the last rites. One sister Mrs. Dell Fowler, of Plainview, was unable to be present due to illness. Other out of town relatives here included two granddaughters, Mrs. Hugh McCullough and children, of Fort Worth and Mrs. Neil H. Wright Jr. of Lubbock.

Pallbearers were Bill Fowler, Bob Finley, Ernest Carter, George Sherill, Lewis Norman and Russell King.
