Friday Afternoon games will be held at 7:30 o'clock. The game will be played on Wester field.

Conditioners played at 7:30 o'clock. The game will be played on Wester field.

Conditioners played at 7:30 o'clock. The game will be played on Wester field.

## McPherson Chicken Thursday

McPherson conducted Friday afternoon at 3:30 o'clock in the First Baptist church in Lockney. The Rev. R. H. Campbell, officiating.

## Mrs. J. W. Clonts In Westex Hospital

Mrs. J. W. Clonts, of Kopperel, Texas, daughter of Mr. and Mrs. A. R. Hanna of Floydada, is in West Texas hospital this week where she is to undergo a major operation. It is learned yesterday morning.

## Former Residents Visit Son Here Last Week

Mr. and Mrs. O. R. Gordon, of Coleman, Texas, were in Floydada last mid-week, guests of their son and his wife, Mr. and Mrs. Ralph Gordon.

## Comfort Exhibit, Co.-Wide Tours Planned; Gold Star Girl Chosen

Exhibit and education expansion committees of the Floyd County Home Demonstration Council have decided to have an all-county tour of the county court on Tuesday, October 23 for the "World" Program. Each county has had one country of the tour during the year and will give a short skit, exhibit and a county-wide meeting during the tour.

## County Council To Meet on Saturday

The Floyd County Home Demonstration Council will have its regular meeting at 2:30 Saturday afternoon in the County Court room. Reports will be given by the delegates who attended the state meetings of the Texas Home Demonstration association at Galveston.

Longer... \$17.95

## Cotton Grading Good, But Slow Job in Fields

Cotton is grading better than in any harvest for several years in Floyd county in spite of the fact that it is green, according to ginners, who say about the only complaint is the lack of workers in the fields.

A few cotton harvesting families have moved into the fields of the county in the past several days, but the acreage in this county has not been sufficient to attract workers in large numbers as is true of counties to the south and east.

Ginners say that a good many fields are being held up to make one operation of harvesting after frost take care of the job. A lot of cotton per acre is open and it is considered likely that the staple will damage somewhat if left to take the weather.

Two Showers in Week -- neither of them big enough to get more than mention -- fell Sunday morning and Tuesday night. They were sufficient to slow up operations in most fields Monday, however, and again Wednesday.

No weather approaching freezing temperatures has hit in the county as yet. Lowest today was on Monday morning when the thermometer registered 51 at West Texas Gas company's office here. On the high side the sun has been blazing in the afternoons with plenty of days in the eighties. Saturday the register went to a high of 90 degrees.

Strict Middling Cotton -- Strict middling cotton has been more in evidence than middling with considerable inch staple. Other crops have been moving slowly, with the major portion of the feed that is not expected to mature already in the shock.

A late cutting of alfalfa is running a race with jack frost deadline, with a chance that quite a bit of it will be saved to add to the supply of feed for the winter.

## Mrs. Bert Bobbitt Rites Held Sunday

Funeral services for Mrs. Bert Bobbitt, resident of the Sterley community were held Sunday afternoon at the Baptist church with Rev. E. J. Cobb, pastor, and Rev. Hitt, of Sterley, officiating. Interment was made in Lockney cemetery under the direction of Cragg funeral home.

Mrs. Bobbitt died Saturday in the hospital at Plainview. She had been ill several months.

Born in Alford, Texas, July 6, 1887, Mrs. Bobbitt had lived at Lockney since 1902.

Mrs. Bobbitt is survived by her husband; two sons, Jim Bob, who lives at the parental home and Bill of Oklahoma; two daughters, Evelyn Bobbitt, of Amarillo and a daughter who lives in Eureka Springs, Arkansas. A surviving brother is Joe Reeves of Lockney.

Among many old friends of the family who attended the rites held for Mrs. Bobbitt were Mr. and Mrs. J. B. Jenkins, Judge and Mrs. W. E. Grimes, Rev. R. E. L. Muncy and D. I. Bolding.

## Leader In Rural Medicine to Speak

Dr. Michael A. Shadid, M. D. of "Whose Who in America" fame of outstanding for his leadership in rural medicine and hospitals will appear in a lecture and discussion of rural medical problems at the District Court room, Monday evening, October 20, 7:30 p. m., under the auspices of the Floyd County Memorial Hospital association, according to John A. Lloyd, President of the Hospital Board of Directors.

## Today's Market

# Road Bond Election November 22

## Death Takes Eldest Link of Five-Generation Chain

LINE BROKEN.—The recent death of Mrs. J. W. Hay, extreme right above took the eldest link in a five-generation chain. Mrs. Hay died in the home of her daughter, Mrs. W. A. Shaw, where this picture was made not many weeks ago. Mrs. Shaw is shown seated next to her mother. Other shown are: second from left, Mrs. John Austin, of 2303 Twenty-fifth street, Lubbock, who is a daughter of Mrs. Shaw; and at left Mrs. Joe D. Wright, of 3716 Ave. U, and her baby daughter Anne Lou, two months old, who are daughter and granddaughter of Mrs. Austin. Mrs. Hay was 90 years of age. Her remains were interred at Trenton on October 5. —Reproduction Courtesy Lubbock Avalanche-Journal

## Two-Day School In Landscaping Here Last Week

A two-day landscape school for county home demonstration agents was held in Floydada, Thursday and Friday of last week. This was the first of two sub-district schools conducted this month by Miss Sadie Hatfield, specialist in landscape gardening, from the Extension Service of A. & M. college, in District 2, and was attended by agents from Gaines, Crosby, Dawson, Castro, Garza, Hale and Floyd counties.

Study was given to trees and shrubs especially adapted to this area. Insects and diseases of those plants were discussed and the group visited the Fugua-Barber Farm Supply store which has a large stock of fungicides and insecticides as well as some spray equipment.

## Funeral For Mrs. Vernon Shaw Held Sunday Afternoon

Funeral services for Mrs. Vernon Shaw, 45, former resident of Floydada, were held Sunday afternoon at 4 o'clock in the First Baptist church following her death Friday evening at her home in Kerrville. Officiating were Rev. L. A. Doyle, Rev. E. J. Cobb of Lockney, Franklin Swanner of Plainview, and A. A. Brian of Levelland.

A short service was held Saturday afternoon in the Smith Funeral Chapel in Kerrville and the body was brought in overland to Floydada by a Smith Funeral Home ambulance arriving here early Sunday morning. Interment was made in the Floydada cemetery, with Harmon Funeral

## Quebe Announces Meeting to Plan Farm Bureau Membership

Floyd County Farm Bureau solicitors and team captains will meet at Baker hotel, Lockney, at 8:00 p. m. Thursday evening, October 23 for the kick-off meeting which will launch the Farm Bureau membership drive for 200 members in this county during state-wide Farm Organization week, October 23-30. Ben Quebe, president of the county organization, has announced.

A radio will be ready to bring workers the network address of J. Walter Hammond, president of the Texas Farm Bureau Federation, which will be heard over the Texas Quality Network from 8:30 to 9:00 p. m. President Hammond will speak to some 7,500 workers assembled in approximately 150 Texas counties who will participate in the state-wide drive for members during Farm Organization Week. Floyd county's goal is 200 members. The state goal is 40,000 members.

Also heard during the 30 minute broadcast Thursday evening will be Edward A. O'Neal, president of the American Farm Bureau Federation; H. L. Wingate, president of the Illinois Farm Bureau Federation.

"Farm Bureau is an organization of, by and for farmers," Mr. Quebe said, "and its chief job is to maintain farm prices. To accomplish this, farmers must have an organization strong enough today to adopt and maintain an agricultural program that will stabilize the price of farm products, which will in turn stabilize business and industry."

The death of Mrs. Shaw marked the end of a life well spent in every phase of church work, especially working with young people. She was a graduate of Wayland Baptist college and attended Howard-Payne and Hardin-Simmons universities. It was her privilege to serve as Associated, District and State leader of the W. M. U. organization of Baptist churches. During the years 1937 and 1938, while the Shaws lived in Floydada, Mrs. Shaw was young people's secretary of district 9. During this period of service as young people's secretary, she fostered the largest boys' and girls' camp in the south, at Ceta Glen. Over 600 boys

## Fall Swine Show Plans Readied for October 25

With all advance arrangements completed, E. L. Angus, president of Floydada Chamber of Commerce, this week announced officials, prize list, and rules and regulations, as well as the program for the annual FFA and 4-H Achievement Day Hog show to be held on Saturday, October 25.

The big new show barn on the grounds of the Floydada Rodeo association in east Floydada will be used to display the animals and Ray C. Mowery, widely known judge of the Agriculture department of Texas Technological college, will place the animals.

In addition to the cow-hog-hen gilts contest in which youthful aspirants to farm management will be in keen competition for special prizes donated by four of the county's leading coops, prizes are offered for light and heavy fat hogs breeding gilts and sows, pens of three and litters of five or more swine.

Officials for Show Named -- Mr. Angus will serve as the general superintendent of the Achievement Day show, his assistants being H. O. Barber, vocational agriculture leader of Floydada High school and A. L. Hartson, county agriculture agent of Floyd county.

Publicity director will be Guy Olin and Grady Walker and Harry Morckel will have charge of pen assignments. In the sale that will follow the show, Col. W. H. Seale will officiate with O. P. Rutledge and Homer Steen as clerks. On the

Vote on the issuance of road bonds in Floyd county will be held on November 22. An order of the Commissioners court issued Monday sets that date. The order is based on petitions circulated during September and the earlier part of October.

The issue as stated in the order is as follows: "Whether or not the bonds of Floyd county, Texas, shall be issued under Article 3, Section 52, of the constitution, in the amount of \$300,000, bearing interest at the rate of not to exceed three (3%) per cent per annum, payable semi-annually, and maturing at such time as may be fixed by the Commissioners court, serially or otherwise, in not to exceed twenty-five (25) years from the date thereof, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, throughout Floyd county, Texas; and whether or not ad valorem taxes shall be levied annually on all taxable property in said county sufficient to pay the annual interest on said bonds and provide a sinking fund sufficient to pay the bonds at their maturity."

How Ballot is to Read -- Ballots in the election, according to the order entered, will read: "For the issuance of road bonds and the levying of an ad valorem tax in payment thereof."

Against the issuance of road bonds and the levying of an ad valorem tax in payment thereof. "The court checked the names on the petition to be definite that the minimum requirements of the statute governing their responsibility in calling the election had been met. Idea of the proponents of the bond issue is that the bond issue will afford the county funds with which to carry on the farm to market road building program throughout the county in compliance with a suggestion of the State Highway department that, where counties want to go ahead with a program of good road construction, the department will furnish 25 per cent of the needed funds, will supervise the contracts, handle all engineering details, and finally assume responsibility for the maintenance of the roads after they are built. Estimate of the highway department is that a federal program cannot be reinstated before the elapse of two years, during which market road building will be stalemated throughout Texas.

Discussions Are Held -- Several meetings were held during August and September to discuss the matter and others are due to be held where the demand for information or point of view is voiced. Since the program of road construction will be one entailing a vast amount of work and the time is limited, those favoring the issue are anxious to find out whether the program planned will meet with approval of the taxpayers so that it can be gotten underway or the county-wide plan abandoned until such time as the federal program is reinstated, if at all.

It has been indicated that in case the county-wide plan is found not to meet approval of the tax-paying voters, one or more areas will begin work to get road construction done on a road district basis.

## Mrs. Mary A. Clark Funeral Rites Held Monday Afternoon

Funeral services for Mrs. Mary Alicia Clark, 81, were held Monday afternoon at 3 o'clock in the First Baptist church with Rev. L. A. Doyle officiating. Interment was made in the Floydada cemetery with Harmon Funeral home in charge of the arrangements. Mrs. Clark died Sunday afternoon after an illness of some ten days.

Mrs. Clark was born February 22, 1866 in McMinn County, Tennessee. She was married to W. B. Clark June 10, 1886 in Tennessee.

Early day residents of Parker County, the couple came to Floyd County in 1890 and homesteaded land five miles southwest of Lockney. Mr. Clark, former county judge and county clerk of Floyd county, preceded his wife in death March 5, 1939. Mrs. Clark had been a member of the Baptist church for many years.

Survivors include two sons, A. B. Clark of Floydada and Wallis Clark of Sterley. (See Mrs. W. B. Clark, back page)

## Lakeview Oil Test is Below 2,500 Feet

Standard Oil company's Lakeview oil test on the Daniel land 6 1/2 miles southeast of Floydada yesterday unofficially was reported to be down 2,500 feet or more.

No official report on the operation was available this morning. The drilling rig that has been stored at Cedar since the abandonment of the McWeather test there is being moved this week to a new location said to be slightly southwest of the Fisher discovery well in southeast Hale county.

The schedule of events calls for the auction sale of barrows to begin at 4:30. Champion and breed champions sell first then others. Boys are not required to offer their animals for sale, and entries may be removed from the grounds at 5 o'clock if judging and sale has been completed in all divisions.

Rules and Regulations for the show are as follows: 1. See that your animal is properly entered. (Show barn open to public.) (See Fall Pig Show, back page)

# EDITORIALS

Newspaper publishers who expected the removal of OPA controls to add materially to the stockpile of newsprint while not increasing materially the cost of the paper itself were deluding themselves as to the course that affairs would take, it is now evident. Latest signs point to further increases in costs before there is any alleviation in the shortages of paper which beset the printing industry. The howls which were general in demanding the removal of OPA controls we know would have been increasingly sharp and there is no reason to think that newspaper people, any more than any others, would like to return to the kind of controls that were in effect. But publishers, like others, would have had the drift from bad to worse headed off by a different attitude of government toward industry since V-E day.

One important development that points to alleviation of the newsprint scarcity sometime next year is under way down in deep east Texas where a newsprint mill is doubling its capacity and by mid-spring will have an ample flow of paper to take care of all the big publishers in the state and take them out of the competition for the product of the mills which furnish the smaller newspapers with sheets. This mill, they say, will not make sheet news. That is another operation after the rolls are made. But it will increase the stockpile, the overall tonnage available to this section of the country. What it will do to the price remains to be seen to be sure.

As a sort of a political venture, to assuage our insistent reader on the weather outlook: We predict that all unexpectedly the cold fronts that have been chugging nearly into this area for the past few weeks will break through sometime in late November or early December, and if not, then in late January, and if other conditions have not changed meanwhile meaning the moisture laden winds from the southeast have not ceased, the southwestern area of the nation, including Floyd county, will have some considerable moisture. What has been happening is that the rain-making cold fronts would have filled the air with rain all during the latter part of September and early October if they could have reached the moisture laden winds that came up from the south. But it is one of those things when the over powering flow of air from southwest to northeast (the norther in reverse) gets set. It takes a real upheaval in the realm 20 thousand feet above us to overcome this tremendous volume of force.

Farm population of the U. S. is still 2 1/2 million below the 30 million prewar figure.

One year old-timers will recall, while the norther in reverse was set in the grove, they planted their wheat in the dust in October and November and it came up to a good stand the next May. That we offer as quite a consolation to a man who has a big investment in small gain power machinery, who last July foresaw his broad acres smiling with green grazing for somebody's cattle by November 15, but has since decided he will be happy if he gets a good stand peeping out of the ground around January 1.

Congressman Mahon's return from Greece and Italy to report that although the people of those countries are now eating food from America sent over to help them see through a starvation period, are unaware of this fact, sitting around waiting for the Marshall plan to be put to work to afford them relief. The Marshall plan envisions nearly 20 billions of American dollars worth of food and clothing to be poured into the stricken countries. The do-gooders are anxious to get going quickly while the more conservative want to study the situation a bit to try to figure out a way to keep the folks in those countries from biting the hand that is feeding them already. Mr. Mahon thinks, with apparent good reason, that 125 million dollars worth of food moving into Greece in a stream now ought to run that particular population until March at least.

As is usual in such circumstances, Mr. Mahon reports finding the rich living in luxury and the poor with hardly more than enough to keep body and soul together. It was that way before the war. It will be that way when the last dollar of the American relief funds have been spent. It is not hard-heartedness but common sense to try to see that the relief funds actually go to relief and that, without a show-off attitude, our country gets credit for keeping the hungry of Europe from starving. In the distribution of the UNRRA aid immediately following the war all kind of things were permitted to happen by lazy or inefficient American best-hotel sitters. If you have a friend who happened to be employed on that job ask them how much UNRRA helped the standing of America in the eyes of the people there. Soviet Russia actually took over the supplies and got credit for saving the populace in some of the areas where Americans poured boat load after boat load of food and clothing.

Every day in the United States, 100 farm fires take the lives of ten farmers.

The federal government owns about one-fourth of all the land in the United States.

## The Floyd Co. Hesperian

Established 1896 by Claude V. Hall Entered as second class mail at the postoffice at Floydada, Texas, April 10, 1907, under the act of Congress of March 3, 1879.

HOMER STEEN, Editor Published by The Hesperian Publishing Co., Inc., Floydada, Texas.

Subscription Prices: In Floyd and adjoining counties—one year, \$1.50 six months, 75c, four months, 50c; in advance.

## Floyd County 14 Years Ago

These items were taken from the files of the Floyd County Hesperian published fourteen years ago.

(Issue of October 19, 1933)

Operating with night and day crews, Floydada gins have been running to full capacity this week, and this season have received 1,978 bales a report this morning showed. Ginn of the county have received 6,668 bales.

Traffic signal lights were turned on in Floydada Saturday afternoon and will be operated each week to assist officers in maintaining order.

Coach R. P. Terrell of the Floydada High School whirlwind football eleven will send his charges into their first conference battle tomorrow afternoon against the Paducah Dragons.

Mr. and Mrs. Earl Rainer and children returned Friday from Merckel where they attended the funeral of Mr. Rainer's father, J. G. Rainer 77, who died Thursday morning of last week.

\$46,792 is being distributed this week to cotton farmers of Floyd County who plowed up and retired cotton acreage from production during the summer.

A check-up this last week-end on the progress of obtaining right-of-way for Highway No. 28 west from Floydada to the Hale County line indicates that disposition has been made of all tracts, except four.

The marriage of Lee Carver and Lucile Edwards was solemnized in a double ceremony with Jack Gidcomb and Minnie Ola Edwards Sunday afternoon.

The lowest temperature for the month of October was recorded Tuesday morning at West Texas Gas company, when the mercury fell to 43 degrees.

## Lockney Locals

LOCKNEY.—Oct. 13.—A singing school will begin in Lockney October 20. The school will be taught by W. Allen Sims, of Clovis, New Mexico. The public is cordially invited to attend.

A number from here attended the singing at Floydada Sunday afternoon.

The band mothers organized a club Friday afternoon at the high school. Mrs. J. B. Seale was elected president.

Mrs. Oscar Phillips underwent a tonsillectomy Friday at the Plainview hospital.

Mrs. Arthur Swartz, of St. Louis, Missouri, and Mrs. Zeb Baker, of Dallas, who have been here visiting their mother, Mrs. E. M. Whorton returned to their homes last Wednesday.

Mrs. F. S. Byars and Mr. and Mrs. A. C. Carthel and children spent Sunday afternoon at Plainview hospital with Mrs. Oscar Phillips.

Mrs. Grady Wimberly and Mrs. G. R. Dowdy, of Silverton, attended the funeral of Mrs. Bert Bobbitt here Saturday.

Mrs. Conde Davis spent last week-end in Childress with her daughter, Mrs. Tony Lanndarim.

Mrs. Hershel Carthel was accompanied home last Wednesday by her husband from Temple, where she underwent a major operation at Scott and White hospital.

J. E. Norris, of Crowell, was here last week visiting his daughter, Mrs. Wilburn Miller and brother, Alex Norris.

## NOTICE IN PROBATE

THE STATE OF TEXAS To the Sheriff or any Constable of Floyd County—Greeting: You Are Hereby Commanded to cause to be posted for ten days, exclusive of the day of posting, before the return day hereof, at the Court House door, in Floydada, Floyd County, a copy of the following notice:

THE STATE OF TEXAS To all persons interested in the estate of Nancy Hay Deceased, J. Spencer Ellis has filed in the County Court of Floyd County, an application for the Probate of the last Will and Testament of said Nancy Hay Deceased, filed with said application, and for Letters Testamentary and said application will be acted upon by said Court in Floydada, Texas, at which time all persons interested in said Estate may appear and contest said application, should they desire to do so.

Herein Fall Not, but have you this writ before the said court at the time aforesaid, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Floydada Floyd County, Texas, this the 13th day of October A. D. 1947.

Margaret Collier Clerk, County Court Floyd County, Texas.

By Mary McPherson, Deputy. (Seal) 37 lte

Even though "Cheating Husbands" is a little risqué, spicy, smart and racy, it is entertaining and "naughty but nice". 37 lte.

## PATTON'S DAIRY

*A wife owes her husband the responsibility of maintaining a home, even when she is taken out of life's picture.*

## First Lady

YES, SIR, in Mother's language she's the "first lady." And Mother had her in mind, as well as Dad, that day she took out a Southwestern Life Insurance policy on her own life. Mother calls it "Wife Insurance;" it's her plan to make sure that Dad won't be head-over-heels in debt, if she should be taken away.

You see, she knows about wives who suffered lingering illnesses, and incurred big medical, and hospital, and other bills, and then were taken away. She knows what a struggle the husbands had trying to hold the family together and carry on, because they had no ready cash to pay those bills. She knows about them having to go in debt, and how many, many months it took some of them to get "back on their feet" financially. And since Mother wants Dad to be able to carry on, and to give her little "first lady" all the things they've planned together to give her, Mother has a Southwestern Life Insurance policy on her own life that will give Dad the cash he'd need in such an emergency.

How about *your* wife? Would you have the ready cash to pay the doctor, the hospital, the druggist—to settle all the bills you'd have to settle, if she were called away? Or would you have to "go in debt?" With Southwestern "Wife Insurance," you can avoid the long, tedious, financial set-back that such misfortune brings. You can have the ready cash when you'll need it most. Now, while she is in good health, is the time to put *your* wife's plan in effect. Let's talk it over.

## EDITORIAL

First six-weeks of school are over yesterday was "Blue Wednesday" report card day. For you it was blue. Your eyes were not quite what you expected. Some were higher; some were much lower than was expected. And whose fault was it? Not your parents', your schoolmates', or your schoolmates' teachers? There is only one person left to blame to fall upon. YOU! You simply can't miss, and, of course, that date of life or death. And you get home, you get your report card open to study that English well, you'll get up early in the morning and study it. And so it goes.

Minutes later, or so it seems, you are off. You groupingly get out of school, and go back to your assignment. When you get to class, the teacher gives you a choice of making the grade or having a few points taken off your grade. Oh well, what's two points! Ah, but those two points! And you wonder your grades are so low.

And only you, can raise your grade. Don't you think it's about time you buckled down to our studies? Let's get busy and see if we can't get our grades up to those of the next six-weeks. It's your chance!

## Thumbnail Sketches

and Flore Jarrett—alike, vivacious and pretty eyes!  
 Chiller—blonde, small, cute!  
 Charming—lively, always happened oh my!  
 Little, but hubba, hubba!  
 Owner—mischievous and cute!  
 Stewart—a plenty good sport!  
 Nixon—an all around guy.  
 Hart—sweet, and pretty eyes!  
 Britton—Ah, that beautiful hair!

## BOOKS RECEIVED

## Whirlwinds Only a Breeze as They Edge by Jackrabbits

The Whirlwinds were only a breeze in edging by Ralls in their first conference tilt on penetrations 4-3. The Whirlwinds got a penetration in the last minute of the game although they had the Rabbits 13-8 in first downs.

The favored Winds took the opening kickoff and pushed to a touchdown with Hart plunging across. The conversion was wide and this was all of the scoring Floydada did. In the second Ralls drove deep into Whirlwind territory but could not cross the double stripe. Floydada took over and after a steady uphill climb reached the Ralls 16 yard line but a costly 15 yard penalty offset their scoring threat. The first half ended 6-0, Floydada.

The third period was the same story with neither Floydada nor Ralls able or capable of capitalizing on their scoring threats. A long pass in the final stanza set up Ralls touchdown that came several plays later as a result on off-tackle plunge. The conversion by Howard that a Ralls win depended on was low and the score stood 6-6.

In the final minute of play Floydada threatened but could not push across against a very tired, but game Rabbit line and the game ended 6-6.

This game was one of the closest contested games around here in a long time. The district championship that everyone thought for a while, would be settled when Spur met Floydada is now a wide open race.

After their first encounter with district competition, the Winds journey to Abernathy for a non-conference tilt.

## Candid Camera

This week I have something special in store for you readers! The Candid Camera proudly presents Miss June Powell, one of the feature attractions in the F. H. S. Band. People from every section of West Texas have seen her outstanding acrobatic performances with the band's marching and admired her remarkable ability.

We of F. H. S. know June not only as a valuable majorette but also as a likeable, sincere, and intelligent girl. Born May 5, 1932 she is 5 feet 4 inches, 120 pounds full of "plenty cute." June has silky brown hair and meaningful brown eyes topped off with long, thick eyelashes. She has a well-shaped mouth, firm chin, and a friendly expression irresistible to everyone (especially Fred).

June likes John Tarleton, T. C. U., fried chicken, corn-on-the-cob, green, very friendly people, white Mercury convertibles with red leather upholstery, swimming, diving, slacks and levis, football, "Lucein Lelong's" "Dianthus" lipstick, and horseback riding, algebra and Speech "Tabu."

The majorette who marches on Biff's right side most of the time has one big secret desire. To be an aerial artist with Barnum and Bailey's Circus. She has no special hobby, but twirling is the pastime she enjoys most. June's favorite time of day is when she goes to her locker between bells. June's idol is L. F. Gresham; her ambition is to fly.

A certain boy about five-feet six inches tall, weight 140 pounds, with "super-muscles" and personality-plus is June's idea of the perfect male. He has brown hair and mischievous brown eyes with little green lights twinkling at you. In them June's dream boy plays right guard on the first string of the Whirlwind team; he is lively, and yet rugged serious, yet not too serious, different and always lots of fun. Incidentally he is "the matinee idol of a million other women."

Pink and orange are synonymous with the word "dislike" from June's viewpoint. She also dislikes cokes without carbonated water and the colors black and orange. (guess why!) June absolutely detests people who try to act like Lena Horn, too.

The beginning of a perfect day will begin after she has slept until she is tired of sleeping. Through with a big breakfast in bed, she is off on a good horseback ride until she feels a good dip in an ice cold pool will be just the right refresher. June's lunch (she is a big eater) will consist of shrimp cocktail, a mountain of french-fries and catfish iced tea, Boston cream or cherry pie. After lunch she will be off for a long hike. When she returns she will take a long swim, and spend the rest of the day deciding what to wear when Fred takes her to Citro's in the big, white Mercury convertible. That takes care of the rest of the night.

Good luck to you, June. You have fully earned your reputation as a dependable, friendly "all time all timer" of F. H. S. Beat Abernathy!

**Band accepts WTSC Invitation to Their Home Coming Day**

The band has accepted an invitation from W. T. S. C. to come to their home coming, October 18, at Canyon.

For the stunt Friday night the band marched down the field playing "Notre Dame Victory March." Leaving the Color Guard, they did a counter-march and several flank movements, which put them right in front of the stadium. They formed a semicircle with a few selected instruments in the middle. The people in the middle played "Margie," while Billie Chowning and Peggy Collier, as little negroes, did a jitterbug number. After getting back into regular formation the band did a counter-march and left the field.

The members of the band ordered green coveralls with "Whirlwind Band - Floydada" written across the back in white. We plan to wear these when it is muddy to help keep our uniforms nice.

**Fire Prevention**

The City Council of Floydada is sponsoring a fire prevention essay contest. Each student will be required to write an essay of approximately three hundred words concerning fire prevention. Mrs. Thomas has a selection of materials

pertaining to fire prevention which will be available in the library. This was furnished by the local fire department. There will be two groups in the contest.

Freshmen and Sophomores will constitute one group, and Juniors and Seniors will make up the other. Appropriate prizes furnished by the city council will be given to the winners of each group. The essays are to be turned in not later than October 24. These are to be given to your English teachers. Let's all get busy and try to write the winning essay.

**Speech Department**

Tuesday, October 21, Mrs. Graves is presenting a one-act play in assembly. The name of this play is "The Perfect Gentleman"; the characters are:

Robert Ethelbert Ames (The Perfect Gentleman), Barry Rossen; Margaret Ames Ruthie Harmon; Alicia Ames, Jennie Chowning; Mrs. Ames, Doris Vinson; Mr. Crawford, Bill Smith; and Prompter, Genelle Norman.

**Ag Class News**

This week the Aggies have been studying projects which included hogs, cattle, poultry, sheep, and roots.

They made another field trip this week to Bobby Patterson's to look at the sprinkler type irrigation. They also looked at Berkshire hogs at the Harold Norrell farm.

The boys have been taking six-weeks tests this week, also.

Clean, cotton rags wanted at The Hesperian office

**Half Minute Interviews**

What is your opinion of six-weeks exams?

Dorothy Foster—I don't like 'em! Doris Foster—Some of them are pretty tough.

Lonnie Cates—Pretty hard. L. C. Ferguson—Oh cow! I don't like 'em.

Dorothy Clayton—O. K. if you study, but who does?

Charlene Daniels—Too long (she just held her nose).

Pecos Hart—Really hard (he looked as though he meant it). No time to study.

Connie Reeves—Alright, if they weren't so hard.

Gladys Roberts—It's just a bunch of nonsense!

Jerrold Vinson—They stink! Billy Scott—They could be easier.

Phillip Smitherman—They couldn't be any harder.

Ruth Smith—Some are O. K. Don Probasco—Fair.

Meri Young—Oh gosh—that's hard to say.

Johnnie Rutherford—I had rather not say.

Welms Norman—It's too good to be true (he made a good grade).

Leslie Nixon—It wouldn't do to tell.

**Two Popular Boys Suffer Injuries**

Jr. Perry, a very popular sophomore happened to an unfortunate accident last Thursday afternoon while scrimmaging on the football field. One of his limbs was fractured in three places.

The last report is that he is making satisfactory progress at present, and needless to say this makes the class very happy as well as the entire student body. Everyone hopes that it will not be too long until Jr. is back in school again.

Bob Reeves, popular senior boy was hurt last Wednesday evening while pulling a one-way plow out of the ground. He strained his back and is in the Plainview sanitarium. He was taken to the hospital Thursday evening.

The student body and faculty wish Bob a speedy recovery and hope to see him back in school soon.

**De' Quacker**

I think that I shall never see A gossip column like an acorn tree. For although both from nuts are born, The trees has leaves: The column corn.

There seems to be a lot of flirting going on in the seventh period Math Class. None other than Nell Anderson and Jack Cantrell. Will we? ? ?

It looked as though Connie Reeves was having a good time Friday night with those two boys from Canyon. What about that, Connie? ? ?

Tom Martin and Edith Garrett are rather interested in each other. And what will become of this? ? ?

There seems to be a triangle going on. Would it do to say Darlene Johnson, David Nichols, and Dale Johnson are it. Wonder who's going to win.

What was Joyce Myrick and Lu Juana McCAda doing at the school house Sunday night? ? Didn't you know we're not having school on Sundays these days?

Margie Herring is heart broken! Clint Johnson doesn't pay much attention to her anymore. Emma Lee McNeese seems to have changed his mind.

I heard Bill Shurbert ask Lou Reta Poteet for a date and Don Shurbert acts like he would try to beat Bill's time. What mix-ups some people do have! She gets around, eh girls.

Martin Peterson and Bill Scott were seen with Marlene Holums and Margie Latta. Lucky women!

There is a certain little romance which seems to be in full bloom. That's right, how did you guess it? Lane Decker and Billie Hopper! Haha!

There seems to be a question! ! Why has Clara Pollan quit bringing Gene's car to school? ? Come on tell us.

I see'd it with me own eyes! ! Estell and Dale Smalley surely do have a good time in fourth period study hall.

What has Jimmy Joyce got that no other girl seems to have? (don't hit me girls! Ask the boys on the Sand Hill bus. For instance Don, Bob, and Charles Eddie. Gosh! ! !)

It looks as if Wanda Reed and Randall Warren have a good time in first period study hall, but that doesn't hurt Arlene. If Randall isn't handy, she will be glad to ride to school with Kenneth Burgett. What next? ? ?

I suppose Lee has ditched Don! She was seen with Jim Bob Friday Saturday, and Sunday nights. That gal gets around and I don't mean maybe! ! !

Well brats, being as I was rather out of circulation this week this is the end of the gossip. Keep the trail to Mr. Baker's office hot (taking gossip, I mean) and I will see you next week! ! !

# Over-Confident Whirlwinds Win Narrow Mark

Last week the Whirlwinds turned in a performance that kept the mid-sporters standing and going in general for at least a half the game.

So happens that Floydada just ran up against a team that better than expected and that the Whirlwinds were not the feared foe had expected to be. Ralls was scored in the least and in fact had a defense for the Floyd-players that had been making all yardage for the Whirlwinds. The habit of gambling on a down run, fell through in the game giving the Ralls Jack advantages they no doubt expected through previous games of the heavier Floydada

eleven. All this plus a very hard hitting Ralls backfield made a very exciting game that Floydada won only on penetrations.

The score Floydada 6, Ralls 6; penetrations, Floydada 4, Ralls 3; first downs Floydada 13, Ralls 8.

**Glancing at Highlights**

For the starter Floydada received the ball and made a steady march from their 10 yard line to the Ralls goal line where Hart took the ball across for Floydada's only tally of the game. Conner kicked the ball wide on his attempt at conversion making the score, six to nothing with the outlook that Floydada could just about do as they pleased the rest of the game. However Ralls began to settle down and the game for the rest of the first quarter was played virtually at a deadlock.

The second quarter Ralls had the ball and took it to the Floydada 15 yardline and were stopped only after Pate, left end for Ralls fell due to the rough ground in the end zone, missing a very nice pass over the goal.

Floydada then started a march from their 15 after taking over on downs, to the Ralls 32 where they

drew a fifteen yard holding penalty and then fumbled the ball. This march resembled the first, that netted a T. D., only to have Ralls recover the ball, and the quarter ended with neither team gaining much advantage.

The third quarter was near a draw except for another march by Floydada which like the second quarter march was stopped by a 15-yard penalty and loss of the ball on downs on the Ralls 17 yard stripe. Another less serious threat was stopped on the Ralls 27, ironically enough, from a loss of the ball on downs preceded by a five yard penalty, off side. The Ralls eleven marched to the Floydada thirty five-yard stripe before the quarter ended, and had maneuvered into position for their fourth period tally.

**Then the Teams Go Wild**

As far as Floydada fans are concerned this fourth period of a hard fought game is one that can and will be long remembered.

The teams seemed to go wild as well as the fans, who probably didn't touch their seats this entire quarter, the excitement starting from the first play. Ralls took the ball to the Floydada eight yard line for a first down with four downs to make their T. D. It took the full four plays to make it, although there are those of us that didn't see a Ralls man cross the goal. However, let's consider that it's hard not to be with the under dog and benefit of the doubt will usually go to him. The umpire is only human and he is for the underdog, so the decision was a T. D. by Gilbert on the fourth down.

\* Both teams were now out to win the old game and both seemed to throw caution to the winds. Both pulled everything they knew, in an attempt to make that winning tally. To keep the excitement at a fevered pitch Floydada fumbled on the Ralls 40 only to have Conner intercept a pass two plays later on his own 40 and run the ball back to the Ralls 25.

Floydada well knew this was their chance to win the game but after taking the ball to the two yard line, fumbled twice, and Ralls recovered the last one. From then Ralls delayed the game as best they could and finally ended with a kick out of bounds, on their own 30 yard line. To stop the last minute threat Ralls had 11 men on the line and rushed so hard they caused the Floydada fumble in trying to pass the ball.

This turned out to be a win that you can just manage to call a win at least from the standpoint of score. Actually it was a Floydada game all the way with penalties to stop their goalward thrusts. However it does show us that from now on we had better be right if we expect to win district. The game last Friday, for instance shows Lockney to be a seven point better team than the Whirlwinds since they beat Ralls 19 to 12.

Confidence is a wonderful thing but after last Friday let's hope we don't have more than our share. It looks as if we did then.

**Statistics of the Game**

Floydada	Ralls
228 yards rushing	123
7 passes attempted	12
1 passes completed	1
15 yds gained passing	30
2 punts	5
38 punt average	29
40 punt returns	55
1 passes intercepted	0
45 yds on interceptions	0
45 yds. penalized	15
13 1st downs	8
4 penetrations	3

**Starting Line Up**

Floydada	Ralls
L. E.—Parrish	Page
L. T.—Mayfield	Norris
L. G.—Jarboe	Ferguson
C.—Amburn	Chron
R. G.—Conner	Phillips
R. T.—Nixon	Arthur
R. E.—Grigsby	Howard
R. H.—Jones	Keith
L. H.—McGuire	Campbell
Q.—Hale	Gilbert
P. B.—Hart	Rowell

Other Floydada boys to see action in the game were Jeter at left half; Cline at center; McGuire, a starter, who played a great deal as defensive left end.

For a sophomore, Jeter does very well and in all likelihood will be a spark plug if he keeps improving. Hart is showing lots of improvement but still lacks that hard hitting drive he is capable of which nets lots of yards.

**South Plains News**

**SOUTH PLAINS, Oct. 13**—Rev. and Mrs. R. C. Guest have gone on a two weeks vacation. They went to El Paso and Old Mexico. From there, they are to visit relatives in Northeast Texas.

Mr. and Mrs. Arby Mulder, Nathan and D. M. Fitzgerald, of Clarendon, father of Mrs. Mulder, spent the week-end in Littlefield visiting relatives.

Mrs. Carrie Bostick, Mrs. J. B. Jarnagin, Mrs. Betty Jeffcoat and Allen visited with Mrs. Upton in Plainview Friday afternoon.

Mr. and Mrs. Raymond Upton and children visited Mrs. Upton and Helen in Plainview Sunday afternoon.

Dean Stewart visited in Plainview Sunday afternoon.

Mr. and Mrs. H. L. Marble and children visited Sunday afternoon in the T. C. Hollums home in the Sand Hill community.

J. B. Jarnagin is ill at this writing.

Mr. and Mrs. Bruce Whitlock and Leon Marble were guests in the H. L. Marble home Thursday.

Sterling Cummings has developed a good irrigation well on his farm. South Plains is going to be in the irrigation belt after all, it seems. Mr. Sanders is drilling and some of the rest of the men are planning on trying for water.

Mrs. Billie Stanforth, jr., and baby returned home Wednesday from the hospital.

Mr. and Mrs. Charlie Jarrett and family, Mrs. Carrie Bostick and Mrs. Lena King attended church at Floydada Saturday night and Sunday.

Glenn Jarnagin has been spending some time at the bedside of his father.

**H. D. Club Met October 8**

The South Plains Home Demonstration club met Wednesday of last week with Mrs. Arthur Brown as hostess. Mrs. J. B. Smitherman was elected as president of the club for the coming year. With Mrs. Smitherman, Mrs. E. P. Smitherman will serve as vice-president. Mrs. J. P. Taylor, secretary-treasurer, Mrs. George Weast, council representative and Mrs. H. L. Marble, reporter.

Games were directed by Mrs. Arby Mulder. The hostess served lovely refreshments.

Members present were Meses. E. P. Smitherman, J. P. Taylor, Doodle Milton, H. R. Hartman, Raymond Upton, Arby Mulder, Bryant Higginbotham, H. L. Marble and the hostess and one visitor, Mrs. Frank Brown.

Scientists estimate that there is about twice as much nickel in the earth's crust as there is copper, zinc and lead combined.

Even though "Cheating Husbands" is a little risqué, spicy, smart and raucy, it is entertaining and 'naughty but nice'.

Even though "Cheating Husbands" is a little risqué, spicy, smart and raucy, it is entertaining and 'naughty but nice'.

## "THE FIRST NATIONAL IS MY BANK"

There are many people in this community who say with sincere pride, "I bank at the First National."

They have found at the First just the kind of financial cooperation they need. There is completeness in its service, combined with promptness in rendering it. There is friendliness without formality; safety without unnecessary rules or restrictions.

Our friends feel rightly that the First National is conducted with their welfare and interests first in mind.

## Difference In Pan Broiling and Panfrying

Cooking by panbroiling and panfrying are two distinctly different methods. Though both are accomplished with the use of a heavy frying-pan, each has separate advantages, according to Reba Staggs home economist.

Panbroiling is a method akin to broiling. The same cuts of meat are suitable for both, though it is when the cuts are thinner that panbroiling is used. This method is also very practical for a few chops or a small steak.

In panbroiling, the frying-pan may or may not be heated. The pan is often rubbed with fat before the meat is cooked, with the thought that this will prevent it from sticking. However, this is not necessary, because the fat cooked out of the meat will prevent sticking. As it cooks, the fat is poured from the pan. This is where the difference lies, for in panfrying the fat is left in the pan. The meat is turned frequently so that it cooks evenly. To test for doneness, cut a small gash close to the bone and note the color of the meat.

The following cuts are suggested for panbroiling: thin steaks, thin beef steaks, beef patties, lamb chops and patties, smoked ham slices, Canadian style bacon and bacon.

Frying, on the other hand, means to cook in fat. Fat is added to the pan. In panfrying, the fat accumulated, is not poured from the pan. The meat is usually floured before it is cooked by this method. It is then browned. The temperature is reduced and the meat is turned occasionally to insure even cooking.

This method of cooking thinner cuts of meat, breaded meat cuts and some of the slightly less tender cuts is a popular one principally because of the appeal of the flavor of the meat which has been browned in fat. It's a good method of cooking veal steaks and chops, liver, and the more lean thin cuts of meat because it supplies fat to the meat.

Beautiful boxes and candlesticks of a white metal called "pakings" made in China in ancient days by adding zinc to what we now know to have been nickel-copper ores were brought to Europe by the East India Company in the Seventeenth Century.

## Capacity Audience Hears John Josey at Baptist Church

Last night the First Baptist church's spacious auditorium and balcony was filled to capacity with music lovers who gathered to hear John Josey, of Amarillo, at the new Wurliitzer organ received this week by the church. Mr. Josey was presented in the concert along with Irvin O. Tolson, violinist, of Amarillo. Included in the program were the ever popular "Clair De Lune" by Debussy and "Traumerei" by Schumann. Mr. Josey is acclaimed as one of the best organists in the southwest.

Local talent on the program was Midget Swinson, who sang "Lord Let Me Live", a girl's sextet arrangement of "Great Is Thy Love" and the youth choir, who sang, "My Anchor Holds."

## Sand Hill Local Meets October 21

The Sand Hill Farmers Union local will meet Tuesday night, October 21 at the school house. "Co-op insurance: Key to a greater Cooperative economy" will be discussed. All members are urged to be present. Other topics of local interest will be presented.

Members are asked to bring pie. Coffee will be furnished.

## TEKE GETS A HOT-FOOT

An ingenious engineer was recently confronted with the problem of removing a large black locust tree located on his property. After much thought he decided to experiment with a wire made of a nickel-chromium alloy capable of retaining its strength under high temperatures. He attached this wire in a semicircle around the tree trunk and passed an electric current through it, causing the wire to become "red hot." At the same time employing a system of weights he pulled the burning hot wire back and forth through the tree trunk until the tree fell neatly severed close to the ground.

The results of a recent survey show that over 3,000 alloys in current use contain from a fraction to something less than 100% of nickel.

Mrs. D. H. Preston, of Electra, is here visiting in the home of her sister, Mrs. Lon V. Smith, who is recovering from a foot operation.

**FAMOUS PAINTING ARRIVES**—Rosa Bonheur's Horse Fair, one of a \$1,500,000 collection, has arrived for exhibit at the Museum of Fine Arts at the State Fair of Texas. The collection, the greatest ever exhibited in the Southwest, is being loaned by the Metropolitan Museum of Art, New York. On guard are Texas Rangers Bob Crowder, left, and E. J. Banks, Museum Director Jerry Bywaters is shown directing the unpacking of the famed picture.

## Big Magazine Sale Will Help Projector Fund of West Ward

Youngsters of Andrews Ward school have been getting some interesting experience in magazine selling the past 10 days, and Principal A. D. Pultz yesterday advised The Hesperian to express his thanks to the school patrons and other residents for helping the kids. The school is in serious need of a projector and the profit made by the youngsters will go into a fund for the purchase of one. Approximately \$1200 worth of magazine were sold in the 10-day campaign said Mr. Pultz.

## "HOPPED-UP" MILK MACHINES

In sharp contrast to the poetic or sentimental "dear old bosom" or contented cow" approach, is the "hard boiled" or "strictly economic" view that a milk cow is a machine -- a four-legged factory for converting grass and grain into milk and butterfat. The second viewpoint is emphasized by recent research on the feeding of thyroprotein. Dairy scientists are now experimenting to gather basic facts, says the U. S. Department of Agriculture, to supply answers to questions raised by the new development. Dairy-men need to know whether the feeding of thyroprotein will pay in the short run -- in the middle distance -- and in the long run. It will take several years of practical experimentation to gather this kind of information. Short run results have proved amazing.

Thyroprotein is formed by chemical action of iodine on casein. It is not extremely expensive. The product is also called thyrolactin, iodinated casein, thyrocasein, and iodinated protein. Fed to a dairy cow this synthetic has much the same effects as the injection of thyroxine the active principle which may be extracted from thyroid tissue.

Adding one to several ounces of thyroprotein to the daily ration of a dairy cow usually results in boosting the flow of milk and the production of butterfat. Unless feed is increased the cow is likely to lose weight -- literally turning herself into milk and butterfat. A cow "fused" this way has a more rapid heart beat. She will eat more. She "lives faster" and exhibits some symptoms observed in humans with an overactive thyroid gland. Some cows give as much as 40 percent more milk when "hopped-up" in this way, but a 20 percent average seems more usual. Heaviest increases seem to come in the middle months of the lactation, not at the start or finish. The quality of the milk does not seem to be affected but the fat percentage is usually higher.

It is still too soon to know whether cows dosed repeatedly in this way would die earlier -- and whether a short life and a high production one might prove more profitable; also about figuring costs for replacements, the overhead of dairy production, and the relative prices of milk and of feed plus the cost for thyroprotein.

Obviously thyroprotein feeding would complicate dairy herd testing. A record from a dosed herd could not be compared usefully with a record from an unstimulated herd. An extra calf -- or two or three -- from a high producing cow might well be worth more than the extra milk traceable to thyroprotein.

## Fire Hazard Here Is Minimum Chief Rodgers Says

In the judgement of Fire Marshal Carl Rodgers there are no serious fire hazards and no fire traps in any of the business houses or public buildings in Floydada.

Making his inspection trips last week he found fire extinguishers in good working order, found the schools well equipped and fire prevention conscious and organized for quick exit from the buildings in case of fire. The round was made as a part of the annual Fire Prevention week's activities locally.

The fire department answered no fire calls in the period of a week to last night. Most hazards right now are on premises where grass and weeds have been neglected to make a serious hazard to any adjacent buildings. City officials have been urging property owners to take notice of this condition before fire occurs.

## Church Convention Held at Plainview

The District Convention of the First Christian Churches of District 2 was held in Plainview Wednesday. Theme of the day was to impress upon the minds of the people the importance of the five year crusade now in progress. The crusade is in its second year to raise money, membership and in general, to keep the movement progressing. Otto F. Marshall, of Floydada, presided over the meeting.

Principal speakers were a missionary from Africa and a native Chinese missionary.

A paper bag luncheon was served at noon and a lovely banquet last night. Attending the convention from Floydada were Mmes. L. B. Fawver, Victoria Asher, J. B. Jenkins, Claud Price, J. C. Wester, Fay Maxey, C. B. Carmack, Lon Davis, Ed Brown, Miss Myrtice Meador and Lon Davis, Ed Brown, J. B. Jenkins, and Rev. Marshall.

## Edwards Heifers In State Jersey Herd

The 10 head of Jersey animals comprising what the best judges in state Jersey consider tops of the Texas crop of this year, are being shown at the State Fair this week and are entered for prizes in their various divisions.

The animals will go on to other fairs enroute north, finishing the competition at the National Jersey show in Columbus, Ohio. Two heifers from the herd of Earl Edwards, Jr., are in the state herd. They took first places in their divisions in the State Fair's Junior show Monday last week, a report from the fair states.

## TIING UP A BUILDING

Did you know that in modern building construction air spaces or chambers are left between the floors and ceilings to improve ventilation as well as to simplify methods of connecting electrical wiring and piping? This space is made possible by hanging the ceilings from the floor above. Employed in this construction are runner bars which are attached to the floor above and Monel tie wire which is used to tie the ceilings to these bars. Monel is preferred for this application because it does not corrode, is pliable and is easily threaded.

## MAYBE YOUR INVENTION IS GOOD

The best fish that Frank Perez ever hooked into he lost. His reel was to blame so he resolved to make his own. As events proved he made not one but 834 handmade reels during the following twenty-two years and wound up with an international reputation.

Today these reels are custom made since they are used primarily for salt water fishing many parts of the reel are made of Monel, which effectively resists corrosion by salt water and sea air.

## New Trial Motion In Crosby Slaying Cites New Evidence

CROSBYTON, Oct.—An amended motion for a new trial has been filed by George Holland, 33, Ralls negro convicted of murder in connection with the August 2 slaying in Ralls of Crosby County Sheriff J. J. Pierce.

Holland was assessed the death penalty by a jury in the 72nd district court of Judge Dan Blair in Lubbock September 16. Counsel for the negro set out that new defensive evidence had been discovered since the trial.

Counsel A. C. Cooke set out in the motion that Lewis Flowers a negro, would testify in a new trial of the case that evidence he gave in the former hearing was untrue; that he had so testified because officials had threatened him with an indictment charging perjury unless he testified according to a statement he gave after other negro witnesses allegedly had been intimidated in Ralls the night of the slaying.

## FORD MAKES A NEW METAL SO SOFT HOT WATER MELTS IT

DEARBORN, Mich.—A metal so soft that it melts in hot water has been put to work by Ford Motor Company research engineers as die material for making experimental parts.

The soft metal, an alloy of bismuth, tin and lead, ordinarily is too soft to stand the tremendous pressures imposed on dies.

Ford research engineers have overcome this obstacle by freezing the die in liquid nitrogen, one of the coldest substances known with a Fahrenheit temperature of 320 degrees below zero.

This freezing action intensifies the hardness of the surface from a consistency comparable to dried putty to the far greater hardness of ordinary brass.

From six to ten stampings can be secured between chillings in the rigid bath.

In the past experimental engineers have had to wait for six to eight weeks for small steel dies to be made. Soft metal dies are now produced and sample parts obtained in from 24 to 48 hours.

Newly arrived on embattled Pelulu, during the Palau Islands campaign, a Seabee -- one of the Navy's gun-wielding construction workers chased a Jap into a cave. Cautiously approaching the hiding place, the Seabee shouted:

"Come on out you (censored) son of heaven!"

"Come and get me, you (censored) souvenir hunter!" came back the reply in perfect English, in attestation of one of the Seabee's favorite pastimes.

## License Examiner Dates Announced

The State Department of Safety announced this week that the dates for the patrolman's visit to Floydada for the issuance of examiner drivers for driving licenses will be the first, third and fifth Thursdays of each month.

The examiner will be at the county court room in Floydada, the hours being from 9 a. m. to 4 p. m.

## YARD LIGHT IS INSURANCE

Besides making early morning and night chores easier and safer, yard lights are proving good insurance against chicken thieves, say report-reaching REA electric cooperative farmers who have installed yard lights.

Come a commotion in the hen house and a farmer who has a yard light with a switch indoors can quickly flood the barnyard so that a sneak-thief could not get away unseen. Thieves know this. Thus, farmers feel they are getting what amounts to free insurance against theft when they put in yard lighting to make it easy to see their way quickly and safely between farm homes and outbuildings regardless of the hour.

REA recommends that yard lights should be located midway between the house and the outbuildings and hung high enough so that they will clearly illuminate the space between. The lamp should be at least 100-watt -- and better 200-watt -- size with a very shallow weatherproof reflector unit to sweep the rays. The yard light should be controlled by a three-way or two-way switch arrangement with switches located both at the house and the barn or garage, so that the light can be controlled at either place.

## CITY ORDINANCE MAKES HORSES CARRY LIGHTS

It isn't enough that automobiles nearly pushed horses off the road of America. Under a new ordinance, L. L. ordinance, city being held up as models for to initiate, says Pathfinder.

The new law aims to keep particularly riding academy boys from being a hazard after dark. Night-going rigs must show a light visible at 500 feet, a tail light visible at 200.

If they prefer, the riders wear the lights themselves, some stablemasters are taking chances -- nags and riggers lights. Reason: Fine for a horse is \$100, or six months.

# Social Events, Clubs

## New Garden Club Has First Social Meeting, Mrs. Henry Hostess

The Home Garden Club held its first social meeting Thursday last at the home of Mrs. Billy Hostess, assisted by Mrs. W. E. Garrett.

A covered dish luncheon was served at the home of Mrs. Hostess. The individual card tables were centered with small wheelbarrow containing miniature dahlias and autumn leaves.

Members present for the social: Mesdames Glen M. Armstrong, Brothie, Alton B. Chapman, Glenn, John Kiser, G. E. Mayo, J. D. Stovall, Jim Potts, Alva Redd, M. L. Solomon, Aubrey, George Van Wickle, Jake, J. M. Willson, Jr., Fred, and the hostesses.

## B & P W Club Meeting Held Monday Evening

The B & P W Club met in regular session Monday evening at 7:30 in Fellowship hall of the First Christian church. Mrs. J. D. Stovall, club president, presided over the business meeting. She called attention to a bulletin from the Amarillo club, stressing some of the highlights of the program in the district meeting to be held at the Herring hotel in Amarillo, October 25 and 26.

The theme for the evening's program was "Facing the Future." Mrs. C. D. Flote rendered as a solo, "The Golden Key" by Carrie Bond.

Mrs. Nell Swinson discussed a paper on "Facing the Future Economically." She called attention to the hardships of teachers and the low salaries of college graduates in other fields.

Some of the things that also contribute to recessions are: high standards of living, tax system, credit, and a lack of international trade.

Some of the things to help avert recessions are: a settled tax system, encouragement of new and small business, encourage international trade, intensive market of product research. Having more confidence in the economic system will help to avoid a depression, also.

A special stunt committee gave a "preview" of a stunt which the local club will present at the district meeting to be held in Amarillo.

Mrs. J. A. Hutchison was elected to membership in the club.

## Landscape Specialist Guest Speaker For Floydada Garden Club

The Floydada Garden Club met in the home of Mrs. John Hoffman on October 10 for a covered dish luncheon. Assisting hostesses were Mesdames J. D. Cleveland, E. F. Stovall, A. N. Ward, and L. J. Welborn.

Mrs. Cleveland introduced the guest speaker, Miss Sadie Hatfield of College Station, who is a specialist in landscape gardening of the Texas Extension service. She is also a member of the State Garden Club Board. Miss Hatfield spoke on "How Amateur Gardeners Give Themselves Away."

Roll call was given. Mrs. W. S. Poole gave a poem, "O. M. Watson had the flower arrangement. Mrs. McBrien, retiring president, had charge of the installation of the officers for the new club year.

Newly elected officers are: president, Mrs. John Hoffman; first vice-president, Mrs. E. L. Angus; second vice-president, Mrs. Roy Leslie; third vice-president, Mrs. J. B. Jenkins; recording secretary, Mrs. R. C. Henry; corresponding secretary, Mrs. O. M. Watson; treasurer, Mrs. A. N. Ward; parliamentarian, Mrs. C. A. Caffee; historian, Mrs. O. P. Rutledge.

Attending the luncheon were Mesdames E. L. Angus, John Stapleton, B. K. Barker, C. A. Caffee, J. D. Cleveland, E. C. Henry, R. C. Henry, Paul Hoover, J. B. Jenkins, Wilson Kimble, Roy Leslie, J. D. McBrien, L. C. McDonald, E. J. Morehead, E. L. Norman, W. S. Poole, O. P. Rutledge, L. J. Welborn, G. V. Smith, E. F. Stovall, A. N. Ward, O. M. Watson, J. M. Willson, Miss Lela Petty and the hostess, Mrs. Hoffman and the guest speaker, Miss Hatfield.

## Miss Alma Holmes And Albert G. Cannon Married at Clovis

Miss Alma Lou Holmes, daughter of Mr. and Mrs. John Holmes, of the Irick community, and Albert G. Cannon, son of Mr. and Mrs. Albert Cannon, of Friona, were united in marriage Saturday at 1 o'clock in Clovis, New Mexico.

The bride wore a royal blue dress with black accessories. Her corsage was of red roses.

The maid of honor, Johnnie Holmes, was dressed in brown with brown accessories and wore a corsage of white carnations.

N. M. Cruise, of Friona, attended the groom as best man.

Other attending the wedding were Glenn Cruise and Callie Mae Holmes and a number of friends from Friona.

Mrs. Cannon graduated from Lockney High school in 1945. She has been employed in Paltview the past few months.

Mr. Cannon is a graduate of Dimmitt High school. He served three years in the service.

The couple left Sunday for a short trip to Juarez, Old Mexico, after which they will return to their farm at Friona.

## Mrs. John Hoffman Hostess 1934 Study Club meeting Tuesday

The 1934 Study Club met Tuesday evening at 7:15 o'clock in the country home of Mrs. John E. Hoffman, west of Floydada. Mrs. John B. Stapleton presided at the meeting, at which time Miss Jo Hal Wofford was introduced as a new member.

The program was led by Mrs. Diana Gresham, who in turn introduced Jack Cogdill as guest speaker. Mr. Cogdill brought an interesting lecture on "Personalities" and "Personality Sketch."

A delightful refreshment plate was served to Elizabeth Armstrong, Polly Cardinal, Ruby Cleveland, Florence Crowell, Ruby Evans, Diana Gresham, Flora McNeill, Jettie Moss, Lela Petty, Irene Sherrill, Bernice Stapleton, Anne Sherrill, Anne Willson, Jo Hal Wofford and the hostess, Thelma Hoffman.

## Irick News

IRICK, Oct. 14—Mr. and Mrs. J. T. Meek and children visited relatives at Crosbyton over the weekend.

Mr. and Mrs. Dow Colson and Mr. and Mrs. Jack Dollar shopped in Amarillo last Tuesday.

Mrs. Virgie Terrell, of Plainview is spending this week with her daughters, Mrs. Potts and Mrs. Lacey.

Anna and John Schacht returned home last Friday after spending several weeks with relatives in Iowa and Nebraska.

Mr. and Mrs. Bill Taack made a business trip to Dallas last week.

Mr. and Mrs. Bascom Baxter and girls spent Sunday with his parents, of Lockney.

Mr. and Mrs. D. L. Hall and family took Sunday dinner with Rev. and Mrs. Gibson, of Floydada. They attended the singing Sunday afternoon.

Delbert Graham, of Parnell, visited Mr. and Mrs. George Graham Sunday afternoon.

Mr. and Mrs. John Holmes and Mr. and Mrs. Harrell Dollar shopped in Amarillo last Wednesday.

Mr. and Mrs. Lloyd Withrow and children of Lockney, visited Mr. and Mrs. Bob Battles Sunday afternoon.

## Granddaughter of Mr. and Mrs. Lee Burgett Weds at Skellytown

Miss Twila Fay Cook, daughter of Mr. and Mrs. Archie Cook, of Hooker, Oklahoma, became the bride of Owen Long, son of Mr. and Mrs. H. E. Long, of Permna, Saturday night at the home of Rev. and Mrs. Homer Long, of Skellytown.

Attending the couple were Mrs. Neoma and Misses Bonita Cook and Lavenia Malone.

The bride wore a grey tailored suit with black accessories. She carried a white corsage, a gift from her parents.

Mrs. Long attended White Deer high school. She has been employed in Hooker, Oklahoma, for the past two months.

The groom attended Permna High school. He has been employed in Permna.

The couple will be at home in Hooker, where both are employed.

Mrs. Long is a granddaughter of Mr. and Mrs. Lee Burgett of Floydada.

## October Eastern Star Meeting Thursday eve

The regular monthly meeting of the O. E. S. was held at the Masonic hall on October 9 at 8:00 P. M. The following officers filling the stations: Helen Patterson, Worthy Matron; Malcolm McNeil, Worthy Patron; Anne Green, Asso. Patron; Bill McNeil, Asso. Patron; Eula Thurman, treasurer; Vera Meredith, Secretary; Amanda Hart, Conductress; Velma Berry Asso. Conductress; Maud Merrick, chaplain; Ruby Boteler, marshal; Avis Muench, organist; Helen Solomon, Ada; Lula Green, Ruth; Flora McNeil, Esther; Eula Mae Smith, Martha; Gladys Howard, Warden; and H. O. Cline, sentinel.

Members present were Leona Bell, Carrie Cline, Carl Muench, Lela McNeil, J. E. Smith, Bula Swepton, A. T. Swepton, Hazel Swepton, Hershel Swepton, Betty Tye, Frankie Berry, Jeanette Lackey, and Gerald Lackey. Visitors for this meeting were Mr. and Mrs. W. F. Sauls of Quitaque.

The Worthy Matron, Helen Patterson, was elected as the delegate to Grand chapter, which meets at San Antonio on the 27, 28 and 29 of October. The following members plan to attend this Session also: Avis Muench, Lela Green, Velma Berry, Eula Mae Smith, Flora McNeil, Jeanette Lackey.

The November meeting was designated as used clothing night. All members are urged to bring any good used clothing, particularly children's clothing. These are to be distributed among the needy in our community.

The chapter is invited to Crosbyton on October 16 to a get-together a birthday celebration, for that chapter as it will have been two years since that chapter was organized.

A social hour was enjoyed following the meeting with the following acting as host and hostess: Hershel Swepton, Bula Swepton, Betty Tye, and Lala Green.

Mr. and Mrs. Bill Colville, of Amarillo, spent the week-end here with Mr. Colville's mother, Mrs. W. M. Colville, who is ill.

Mr. and Mrs. E. L. Norman, Jr moved last week-end to Lubbock where they will make their home. Mr. Norman will be connected with Sears Roebuck & company. The couple have made their home in Floydada since last January and Mr. Norman was employed at the First National Bank here.

Loyce McDowell of Los Angeles, California, has been visiting Mr. and Mrs. R. G. Dunlap for the past two weeks. She left by plane Monday to return to California to be present for her parents, Mr. and Mrs. J. A. Dunlap, golden wedding anniversary.

Mrs. Elizabeth Godby, of Fort Worth, left for her home Monday after a visit of a week in the home of her granddaughter, Mrs. Phil Steen.

Mrs. Virginia Arndt of Springfield, Missouri, is here visiting her sister, Mrs. R. G. Dunlap and Mr. Dunlap.

### Huge State Fund For Crosby Schools This School Year

CROSBYTON, Oct.—Crosby County schools this year are due to receive approximately \$180,000 from state school funds, said Superintendent D. A. Edwards, county superintendent. Of this amount, \$120,450 represents the per capita apportionment of \$55 on the county's 2,190 pupils. A total of \$37,973 has been awarded the county in rural state aid, with \$30,330 going to the independent districts and \$6,743 to common school districts. About \$23,000 will be received for transportation aid.

Mrs. Ernest Tunnell, of Plainview and Mrs. Henry Baker, of Childress were Sunday guests in the home of Mr. and Mrs. I. R. Grundy.

Be wise—Advertise.

### Labor Camp's Use at Lockney Begins

LOCKNEY, Oct.—Transient laborers are being admitted to the Lockney Labor camp, although all improvements planned for the camp have not been installed. Water and light connections are being made. Gas will be connected in the future, but will be delayed because of the lack of pipe.

The laborers will be charged \$7 per week rental on each cabin and in addition each farmer, who uses the laborers will be asked to pay ten cents a day for all those over 12 years of age.

Sixteen of the buildings have been set down on the location. The other four buildings purchased and the two buildings to be used as bath houses will be moved at a later date.

John Thompson has been employed as supervisor of the camp.

Writing fluids, Hesperian

### Report From Greece

By George Mahon  
This is about Greece, written from London while I am awaiting a ship for New York. Our Committee on Foreign Aid has recently returned from a week in Greece.

Before going there, I had rather expected to see people dying in the streets from starvation and want. I believe Greece is in worse shape than any nation in Europe, but the aid program of the U. S. and the efforts of the people are preventing the complete collapse of the country. The Greeks made a heroic effort during the war to hold the enemy and give aid to the Allies and since VE Day vast sums of money of many nations have been spent there to arrest the ravage of disease and starvation.

At present our nation is in the midst of the 300 million dollar aid program to Greece which is being administered by former Governor Griswold of Nebraska. The object of the program is to help stabilize the country and prevent the further extension of the Russian Iron curtain.

It is no secret that the principal object of American foreign policy in Europe is to assist democratic peoples and prevent the extension of Communist terrorization and domination to the Atlantic ocean, enveloping all Europe. If the Iron curtain of Russian Communism comes to the Atlantic, billions of additional American dollars will have to be spent on our national defense program and American security will be in jeopardy. For right or wrong that is the prevailing viewpoint of our Government. No one knows for certain just what may develop; history will record whether our policy is right or wrong.

Greece has about the same population as Texas, but it is only one-fifth the size of our state. And what is more important, most of the country consists of a series of rugged mountain ranges and the land available for agriculture is very limited. Moreover the people depend principally on agriculture for a living as there is practically no industry. The annual rainfall is about the same as in West Texas. We first went to Athens and then to Macedonia in northern Greece where much of the guerrilla warfare is being carried on. In company with Greek soldiers and officers, we went as far north as the Bulgarian and Yugoslav borders. In this part of Greece I saw scores of farms which would normally be planted to wheat lying idle because the people had fled from their homes because of the so-called bandits and guerrillas. It is estimated that 250,000 have fled from their homes because of the guerrilla menace, and they are living in the cities under unspeakable conditions. There are about 16,000 of these bandits in widely separated areas who hide out in the mountains and conduct sporadic raids upon the villages.

Some of the bandits are accepting the offer of the Greek Government to surrender on a promise of no punishment. I talked to a number of these surrendered bandits in different localities. Most of them were quite young. Their stories and everything I heard in Greece confirmed the charge that the bandits are being inspired and supported by the Communists across the Greek borders to the north.

The primary need in Greece is employment and freedom from the reign of terror of the bandits. Governor Griswold and his staff are actively pressing for action in the American aid program but their job is difficult and success is not assured. The Greek government has been reorganized under Prime Minister Sotiropoulos age 86, but the government is still weak and the Greek army at present is doing a poor job of suppressing the bandits and restoring order. I found no one who thought American troops should take over this task. Such a policy in my opinion is not only unnecessary but would be a tragic mistake otherwise.

The top men in the agriculture program of the American mission in Greece are E. N. Holmgren and B. F. Vance, both of whom were former administrators in the AAA program in Texas. Perhaps they were selected because Greek agriculture is similar in some respects to our own. I visited many dry-land farms and many farms where underground water is pumped for irrigation. The average farm is 7 acres in size. The irrigation program seems to offer the quickest way to increase production.

The Greek cotton crop will not be adequate to meet the needs of the country. Greece normally raises about 60,000 bales of cotton. There is a surplus of olive oil and tobacco for export but the Greek currency is on such a weak footing that the export program is far from satisfactory. There is little confidence in the value of the currency. The war devastation in Greece was terrific and many of the highways and railroads are impassable, and the great ports for Athens and Salonika are not yet in full operation. It takes time to repair the ravages of war.

Of one thing I am sure, the rank and file of the people in Greece do not want Communism and they will not willingly accept it. They are close to the Communist states of Bulgaria, Yugoslavia and Russia and the rank and file want no part of it. But Communism operates through terrorist methods and when a police state is established freedom is lost. That is the principal reason why Communism is such a threat throughout the world.

I have been forcefully struck during our study in Europe with this fact. You do not learn too much about a country at the Embassy or at the seat of the Government. You learn more by visiting the people in the streets and in the workshops - by visiting them in their homes, on their farms and in their villages.

If you start a conversation in a village the whole neighborhood gathers about you. The people seem anxious to express their opinions and I found the people in Greece were well informed and greatly interested in current problems. They are well aware of American aid and they are grateful for it. That is not true throughout Europe.

One who has not been in Greece cannot realize the abject poverty of the Greek people. The most they could hope for is a chance to earn a meager existence and live in peace. Our nation is seeking to follow a policy of enlightened self interest in Greece. It is a gamble of our powerful country in the interest of world stability and peace. In six months we should know whether the chances of success are good.

In addition to conferences with members of the American mission in Greece, we met at length with Prime Minister Sotiropoulos and various other Greek officials. We made no promise in behalf of Congress or the American people. We sought to get facts which would be of assistance to Congress when further action is taken in Washington.

PLEDGES LAS CHAPARRITAS  
LUBBOCK, Oct.—Dwina Glassmoyer daughter of Mr. and Mrs. O. G. Glassmoyer of Floydada was recently pledged to Las Chaparritas women's social club at Texas Technological college.

### Conservation District News

During the past week district agreements between Floyd County Soil Conservation district were signed by the following farmers: C. B. Carmack, J. B. Schrader, Roy P. Wilkes, Ernest Lee Thomas and Sterling Cummings.

Ernest Lee Thomas has leased Mrs. J. D. Christian's farm. An irrigation well has been dug and Mr. Thomas expects to irrigate a major portion of the farm land.

Sterling Cummings has completed his irrigation well. It appears that he has plenty of water. He is irrigating wheat stubble. He later expects to put in 25 acres of cover crops, some alfalfa and some irrigated pasture.

The soil Conservation Service technicians assisting the Floyd County Soil Conservation district were on the A. L. Holt farm making plans for an irrigation system last week.

Mrs. Grady Hall and Mrs. Glen Crawley and Miss Oma Wright, of Lubbock, made a trip to Amarillo Monday.

Mrs. L. F. Martin and Mrs. I. R. Grundy spent Friday in Lubbock where Mrs. Grundy received medical treatment.

### Active Campaign Crosbyton For Buying Respirator

CROSBYTON, Oct.—Directors of Crosbyton Lions club have voted to assist in sponsoring the purchase of a respirator for the community. The type and price of respirator to be purchased.

Several organizations of the city have already indicated they are willing to help in securing funds for a respirator, which is badly needed in case of a fire or explosion and in cases of the entire community in case of need and will be used in care of the hospital.

### Fairview News

FAIRVIEW, Oct. 13—A small fire broke out in this community Sunday morning, but this morning work is going on as usual.

Mr. and Mrs. Hulbert Austin and Mrs. Virginia Ruddick, of

Borger, spent Saturday night and Sunday with Mr. and Mrs. Walter Wilson and family. Other Sunday dinner guests were Mr. and Mrs. Thurman Perry.

Mr. and Mrs. Arthur Graham and children, of Amarillo, are here visiting a few days with her parents Mr. and Mrs. J. C. Crabtree.

Mr. and Mrs. L. B. Cozby and Mary Dee spent Sunday with Mr. and Mrs. Preston Bullard.

Mr. and Mrs. Ben Galloway and children and Robert and Jean Bradford, of Floydada, spent Sunday with their parents, Mr. and Mrs. C. L. Bradford.

Sunday dinner guests in the home of Mr. and Mrs. Clyde Barwell were Rev. and Mrs. Bill O'Dell and Mr. and Mrs. E. W. Walls.

A family reunion of the Stewart family was held Sunday in the home of Mr. and Mrs. R. M. Cannon. All the brothers and sisters were present, along with the mother, Mrs. G. A. Stewart, with the exception of Cyril Stewart, who lives in Oregon Children, who live away from here who were present were Mr. and Mrs. Vernon Stewart, of Phillips, Mr. and Mrs. Sherman Stewart, of Sweetwater and Mr. and Mrs. Virgil Cheeves, of Amarillo.

### Local Girl Named on 'B' Average List

DENTON, Tex., Oct.—Miss Patsy Jack Parkey, daughter of Mr. D. J. Parkey, Route 4, has been named on the "B" average list at Texas State College for Women, on the basis of grades she received at the college last semester.

Having a "B" average entitles a student to exemption from all regulations pertaining to class attendance, with the exception of attendance at laboratories, examinations student teaching periods, and college assemblies.

A senior Secretarial Service major Miss Parkey is vice-president of her social club and last year was chosen president of Smith-Corroll Cooperative system.

### WENDELL DANIEL STATIONED AT BOCA RATON FIELD, PROMOTED TO CORPORAL

BOCA RATON FIELD, Fla.—Wendell B. Daniel, son of Mr. and Mrs. J. V. Daniel, Floydada, Texas, has recently been promoted to the grade of corporal.

Col. Daniel entered the service 10 Sept 46 and reported to San Antonio, Texas, for his basic training. Upon completion of basic he was transferred to Lowry Field, Denver, Colorado and from Lowry he was assigned to Boca Raton Army Air field. Daniel's duty assignment is now with the Base chaplain.

Prior to entering the Air Force Cpl Daniel was attending the Baylor university at Waco, Texas. He is a graduate of Floydada High school.

### CARD OF THANKS

We are grateful to our friends for their acts of comfort during the trying sickness and death of our mother and grandmother.

Wallis Clark  
A. B. Clark  
Mrs. E. A. Preston  
Mrs. Mable Foster  
All the grandchildren

### WORD OF APPRECIATION

Thanks to our friends and neighbors who were so helpful during the time our son, Jerry Mac, was hospitalized.

Mr. and Mrs. J. R. Robertson

### Center News

CENTER, Oct. 14—Sunday will be regular preaching day at the Baptist church. Everyone is urged to attend.

## Borer Trouble? Here's Solution, Says Miss Petty

Prepare a mound of soil to hold the gas. The usual treatment is from one-half to one pint of the material per tree, depending on the age and size of each.

Both of these materials can ordinarily be bought at your local drug or seed store. And at a cost of only a few cents per tree, borer damage can be eliminated.

**Baker Locals**

BAKER, Oct. 13-Mr. and Mrs. Bill Dowdy spent Sunday in the home of Mr. and Mrs. G. L. Pawver and Mary Lou.

Mr. and Mrs. P. I. Roberts and Janis and Ken spent Sunday with Mr. and Mrs. C. D. Wilson, of Matador.

Dale Roberts visited Sappo Geesky of Matador, Sunday.

Jerry and Donnie Allen spent Saturday night with Mr. and Mrs. Bill Graham and family.

## As A Farm Woman Thinks

(By Nellie Witt Spikes)

Among the names listed in White's Daily newspaper published at White City, New Mexico and bearing the date of October 11 you will find the following:

Mr. and Mrs. Paul Wheeler, Joe Ellis Wheeler and Mrs. J. J. Spikes, Floydada Texas. Some seven hundred other names are there, thirty-five states being represented, but we all had one thing in common, to see the most marvelous cave in the world.

Paul, Wilma Joe and Billy took me as their guest and we all had a wonderful time. I shook my fist at the white sands of the Mesclera as we smoothly passed over on a concrete road for at one time in my youth I had walked behind a slowly moving covered wagon over those sands so that the horses would not have too much to do. My feet were as heavy as leaded feet that hot summer day years past but now they were comfortable on the floor of a car this year of 1947.

We enjoyed every minute at White's City, buying souvenirs, making new acquaintances getting located in a beautiful modern court and hearing a very funny lecture by Mr. White himself. We pressed our noses to the glass in front of the Whittlin' cowboy's collection of seven years of whittlin' and marveled at his skill of reproducing the days I remembered in a new cow country. He did not forget a thing even to the Sears and Roebuck Catalog!

Early the morning of our tour some three hundred had gathered for the first trip and at the arrival of the guides at nine, New Mexico time, we started down the smooth ever-turning inclines. Joe with his hand in mine and Billy in Paul's arms. The blue sky began to grow smaller above till at last I told Joe to look up for the last little bit of blue. The guide gave us our instructions, pointed to the vast cave of the bat, then down and down we all went, knees trembling from the walk and perhaps from the fear of the unknown world below.

As we stopped for the first rest, a young woman near me sighed and said, "This is the softest rock I ever sat on," and I agreed heartily with her. From there on the wonders of the fairland began to take every eye and the dazzling beauty of this cave hidden for so long under a rocky, cactus covered hill left nothing to the imagination. The Palace of the King and the Chambers of the Queen, surely these would be the best. But we were to go through long corridors to see other rooms of equal beauty and interest.

Icebergs hung from the tops of ceilings some one hundred to three hundred feet above our heads, giants grew from the ground. We saw a castle on a high hill covered with glistening snow or so it looked. Santa Claus stood as if petrified in his own snow and ice. We saw the wonders reflected in small still, clear pools. "You are now eight hundred and twenty nine feet under the ground," the guides told us, and soon you will go up some eighty appetite making feet to the vast dining room where we will stop for a few minutes for the last part of the tour.

And did the candy and pop taste good and were the seats soft and easy? We felt refreshed and eager to go on to the big room where every step unfolded such marvelous sights we were amazed more and more. Little forests, ice covered or so they looked, vast cathedrals and lovely shrines. Pools of mirror water near our feet, jumping off places in Stygian black, black holes disappearing off from snow white walls, giant rocks high above our heads big rocks near our path.

As we went, the young and old sweethearts, wives and husbands and grandparents and grand children, our eyes all trying to take in everything possible of all the grandeur around us. Big feet and little feet far below us on the trail. Shoes that had only known pavements of New York, boots that knew the

## As A Farm Woman Thinks

(By Nellie Witt Spikes)

feel of spurs and stirrups. I watched the going on and on. Soft voices from the deep south blended with voices from the mid west, California voices and Texas tongues, the people all the life in this vast subterranean palace.

Not a living thing, no flies nor ants, no growing green vines. No wind. No noise. Only the noise of the moving feet and the tongues of humans. When they were all gone there would be only silence. But it is a place of growth, of change water trickling over limestone and salt and gypsum, a thousand years is nothing in its growing and changing time.

A palace where the Hand of the Heavenly Father must have enjoyed making for He looked on His creation and saw that it was good.

Dear Readers I have attempted to tell something about my visit to the Carlsbad cavern in New Mexico, but as Coleridge said, "It is a sight to dream of, not to tell." Perhaps I would have been better to have said what one of the women in the trail said that day, "Gosh, if anyone asks me how it looked, I will tell them it is a pretty cute little hole."

**It's to your interest to know about this proposed feather-bedding!**

For sheer feather-bedding, this mock work proposal takes the cake. But it is only one of 44 "rules" demands filed by the leaders of the operating unions. If all these demands were granted, they would cost the railroads an added BILLION DOLLARS A YEAR.

**Increased Wages, Too**

On top of these "rules" changes, the leaders of the operating unions have filed an additional demand for a wage increase of over 30 per cent. If granted, this would be an added cost to the railroads of \$400,000,000 a year.

**\$468,000,000 To Non-Operating Employees**

In addition to this, an Arbitration Board has just granted a wage increase of 15½ cents an hour to the million employees represented by the 17 non-operating unions. This will cost the railroads \$468,000,000 a year.

**Where Will The Money Come From?**

Where will all the money come from to pay these increases? They total several times as much as the railroads made in 1946 or will make in 1947.

In July, the railroads filed an application for increased freight rates to close the gap which then existed between wage and material costs, and railroad revenues. Since then it has been necessary, because of further increases in wages and material costs, to supplement that petition and to ask for an additional freight rate increase. No other course is open.

**Railroads Do Not Run For Employees Alone**

Railroads are operated for the benefit of not one, but several groups—shippers, passengers, employees, stockholders, and the general public. The interest of all must be served—and that cannot be done unless the railroads can operate efficiently and economically, and unless they are allowed to earn sufficient revenue to provide the kind of transportation service this country MUST HAVE.

**Museum Drive to Raise Money For 2nd Unit**

CANYON, Oct.—The second unit of the Panhandle-Plains Historical society museum is just \$50,000 behind completion, according to Boone McClure, museum director. The campaign for funds to complete the second unit will get underway in all of the 26 counties of the Panhandle at once, and it is hoped that the funds will be raised rapidly, and that the bulk of the money will be in by Dec. 1.

All directors of the Panhandle-Plains Historical Society have been mailed a new bulletin, written by H. C. Pipkin, Amarillo, chairman of the building committee, which sponsors the campaign for funds.

The campaign will be open to every citizen of Floyd county. While many citizens have made contributions in the past, this drive is for money to complete the second unit. Kenneth Bain and Jim Wilson are members of the Board of Directors and will receive contributions in Floydada.

During the summer months attendance at the museum soared to an all time high, with 5,113 persons visiting in July and 6,336 in August. This brought the total of visitors since the museum opened to 480,160. The total for the year is 35,000.

**Mrs. Vernon Shaw**

(Continued From First Page)  
and 800 girls attended during the camp season.

At the time of her death, Mrs. Shaw was Intermediate Training Union director, teacher of a Sunday School class at Kerrville, association W. M. U. president, member of the District W. M. U. board, member of the District executive board and a member of the state W. M. U. executive board.

Rev. and Mrs. Shaw moved from Floydada in 1941 to pastor the Baptist church in Snyder, then to Temple and from Temple to Kerrville some two years ago.

Mrs. Shaw is survived by her husband; one son, Kenneth Shaw; her mother, Mrs. Ella Marr, of Lockney; two sisters, Mrs. F. S. Shearer of Lockney and Mrs. Ed Stewart, of Amarillo. Mrs. Shaw was preceded in death by the father J. T. Marr, March 16, 1946.

Palbearers were E. P. Nelson, H. O. Cline, M. B. Johnston, Alva Hull, J. D. McBrien and W. C. Cates.

**Fall Pig Show**

(Continued From First Page)  
accept entries at 10 a. m.)

2 Entries in barrow classes will show weight at time of entry; weight tickets made at time of entry will be required on any animal in question.

3. Scales at Armstrong pens have been designated as official for sale of hogs. Scales at show ground of help for checking swine for show classing.

4. Hogs 170 pounds through 230 pounds show in light classes. Those 240 pounds and over show in heavy classes.

5. Owner may show a gilt in barrow classes or in the breeding classes but the same animal cannot show in both.

6. Decision of the judge is final. 7. An exhibitor may show one light and one heavy barrow, or two light or two heavy in each breed in the single classes.

Admits May Also Show  
A feature of the pig show this year, that has not been possible in shows of prior years, may be an exhibit of registered swine by adults. Invitations are being issued for adults to have their animals on exhibition and pen room provided E. L. Angus said.

These exhibits will not be judged and no prizes awarded this group this year.

**SADIE HOLMES RECOVERING FROM INJURY AT HOME HERE**

Sadie Holmes is at the home of her parents, Mr. and Mrs. J. K. Holmes, this week recovering satisfactorily from a skull fracture received in an automobile accident the latter part of September in Amarillo.

Miss Holmes had been in Northwest Texas hospital in Amarillo some three weeks, but was able to be brought to her parents home yesterday in a Harmon ambulance. Mrs. Holmes made the trip in the ambulance with her daughter.

**Bridge Timber Buy Deferred by Court to Next Saturday**

The Commissioners court will take up the purchase of bridge timbers for the bridge in northeast Floyd county on Saturday morning next at an adjourned meeting of their regular session.

Routine on Monday's busy day in the Commissioners court kept in crowding the bridge matter until it was too late in the day when the court got to it to make a final decision.

The court expects to spend some \$7,000 for the materials for the bridge, a badly needed repair and replacement job, for which road and bridge warrants will be issued.

Condition of the bridge has been a serious handicap to travel in the northeast part of the county, especially for loaded vehicles.

**APPRECIATION EXPRESSED**

We want to thank the doctors and nurses for being so kind to our little daughter during her illness. Also our loved ones and friends who offered prayers, visits, phone calls, gifts, letters and cards in her behalf do we especially thank. Thanks to the friends who offered their homes as a place for us to rest. May God's blessings rest on each of you.

Mr. and Mrs. Cargile H. Wise and family

Mrs. S. J. McIntosh and baby, of Sweetwater, are here this week visiting with her parents, Mr. and Mrs. A. H. Kreis and Mr. McIntosh's parents, Mr. and Mrs. B. F. McIntosh. Mr. McIntosh will join his family here Saturday to begin his week's vacation.

Mrs. S. B. McClary, of Etowah Tennessee, was in Floydada last week, guest in the home of her niece, Mrs. Lon Davis and Mr. Davis. Week-end guest in the Davis home was Lon, Jr., of Wichita Falls.

Miss Loveta Cummings, student at Wayland college, spent the week-end with her parents, Mr. and Mrs. O. F. Cummings.

ther who lives there. They are expected home this week-end.

**PITTS HOSPITAL NOTES**

Mrs. G. W. Hart was admitted October 10 for medical treatment. Billy Brownlow was admitted October 10 for medical treatment. Venita Green was admitted October 11.

Mrs. W. M. Colville was admitted October 11 for medical treatment. Johnnie Owens was admitted October 11 to undergo an appendectomy.

Mrs. Burl Ferguson was dismissed October 15, after receiving medical treatment.

L. P. Orsburn and Mrs. W. T. Sargent, of Fort Worth, returned last week from a trip to Arkansas, where they visited with relatives. They were accompanied home by Mrs. Roy Holmes and daughter, of Pilot Point, Texas, who visited for a few days in Floydada.

**Postmaster at So. Plains Has Been Ill**

J. B. Jarnagin, postmaster South Plains, has been ill since Friday of last week.

He was put to bed after he was found unconscious in the kitchen, his residence in the rear of a post office building. He had fainted or suffered a light stroke.

Dr. Geo. V. Smith who has been the patient under his care, Tuesday Postmaster Jarnagin's condition had continued to show improvement.

Judge W. E. Grimes has been in Waco this mid-week where he was to attend a meeting of the Board of Commissioners of the state Methodist Orphans' home.
