Greater volume of Land Bank loans was closed in Texas during 1946 than in any year since 1939, according to John A. Lloyd of Floydada, president of the Floydada National Farm Loan association, and Secretary-Treasurer A. B. Clark who attended a conference of NFPA leaders held in Lubbock last week.

Loans From Land Bank Show Trend to Long-Term Finance and Tie Down of Rates, Lloyd Says

This increase in loans indicates a desire of landowners to put their financing on a long-term basis and tie down to-day's low interest rates. Mr. Lloyd said.

At the meeting in Lubbock, reports showed that the Land Bank has practically completed its program of decentralizing loan servicing functions begun five years ago. The result is that today most of the business, farmers and ranchers have with the Land Bank, can be transacted with their own home association.

The Federal Land Bank of Houston is completely over the Texas farmers and ranchers through the 143 local national farm loan associations, Mr. Lloyd said. The Land Bank, with no government funds of any kind invested in it now has combined capital, surplus and reserves amounting to more than \$43,000,000. This is in addition to approximately \$6,000,000 in reserves and surplus of the associations in their own local accounts.

Willson Named West Texas V-P

J. M. Willson, Floydada director of West Texas Chamber of Commerce and for several years president of the regional chamber's freight office organization, was named a vice-president at the annual convention in Abilene late Tuesday.

C. P. Dodson, of Decatur, was elected president in the 30th annual convention in which 150 delegates participated. He succeeds H. C. Custard of Cleburne. Dodson is mayor of Decatur and past president of the Texas League of Municipalities.

John Mitchell of Odessa and B. P. Bludworth of Brownwood also were named to vice-presidencies. D. A. Baneen was re-named general manager.

The delegates sitting in referendum session, set up policies for WTCC during 1948.

Willson, who attended the meeting as director and delegate from Floydada, left Abilene before the election of officers was held and was informed of his selection as vice-president Tuesday night after reaching home.

Sears Foundation Jersey Chosen by Robert W. Smith

When R. W. Smith of Sterley went out seeking a registered heifer to fill his requirements as a Sears Foundation winner he found the calf in his liking in the Earl Edwards, Jr., Jersey herd at Lakeview and now has the heifer in his own lot and giving her due care.

The Sears foundation awarded \$150 to R. W. as an achievement award recently and the youthful farmer added to this fund to get the heifer he wanted.

It was Mrs. Montgomery's second game to see in her lifetime so says Joe. They left their four-month baby daughter at home with mother and sat on the 45-day line on the students' side.

Joe is in business at Anchorage the garage and auto sales business. He is Chrysler-Plymouth dealer there. Anchorage now is a city of 18,000 population, whereas there were 3,500 souls in the town when Joe moved there and began working when he got out of the Army Air Corps. It is at the end of the Alaska highway and Joe says there are plenty of places for an automobile owner to drive including the area around Anchorage for 50 miles, to Mantanus valley where 3,000 people now live, and down the highway to other cities in the area.

Mr. and Mrs. Montgomery, when their visit here is finished, will leave for Alaska and make the trip overland over the highway, which will be in best condition for travel during this month and December. They will be home to see a football game when he got home after a

Floydada High Home-Coming on Thanksgiving

(By Pat Kirk and Pauline Denison)

Thanksgiving day will be celebrated by the students of Floydada High school, both past and present, on the familiar grounds of their Alma Mater. Members of the band and pep squad have been very busy making plans and preparations for the gala Homecoming festivities.

All ex-students may register either Wednesday night, November 26, or Thursday afternoon, November 27. Wednesday night's activities will include a gigantic bonfire and an arousing pep rally. The bonfire will be formed in a box shape, the corners being telephone poles. A huge bulldog will be burned to ashes atop the bonfire. The bonfire will be held at 6:30 p. m. on a vacant lot near the High School grounds. The exact location will be given later.

Home-Coming Program

Upon leaving the bonfire, everyone will go to the high school auditorium where the pep rally will be held. A Homecoming program will be presented also at the rally. Everyone is urged to attend the bonfire and pep rally to give our boys the glorious send-off needed to win against the vicious and blood-thirsty Spur Bulldogs.

Thursday morning's events will consist of a breakfast for the ex-grad members, a coffee for the pep squad girls, and a parade by the Spur and Floydada High School bands through the business section of the town.

The breakfast will start at 8:00 a. m. and will continue until everyone has been served. Beginning at 9:00 a. m. and lasting until 10:30 a. m. will be a coffee given for the Green Peppers. The exact locations for these socials have not yet been decided.

Interest Gains in Baby Contest

Interest is mounting in the Floydada Baby contest which the V. F. W. is sponsoring in connection with the "Cornzapoppin" benefit show. The competition is keen with contestants running quite close.

Among the first to enter were Larry Mayo, Nancy Tyler, Hope Robertson, Delores Chowning, Vickie O'Neal, Dennis Richard and Donald James Denison, Rickie Richardson, Mary Sue Burleson, Dwan Goodson Jerry Powell, Jimmy Oden, George Steward, Kay and Gay Pruitt, Larry Mac Furrow, Joe Gilbreath, Vickie Fair, Cheryl Halmark, Troy Lee Johnston, Donald Ray Wilson, and Darlene Galloway.

Votes, at a penny each, may be cast until the beginning of the second act of the Friday night show. The voting jars will be collected Friday evening and taken to the high school auditorium where voting may be continued.

All contestants will be introduced from the "Cornzapoppin" stage at 8:17 Friday night. The votes will be tabulated during the second act and the final winners announced before the beginning of the third act.

Contestants' standings will be posted daily.

Show On Friday Night Tomorrow night, November 14 the high school auditorium curtain will rise at 8:17 on the V. F. W. sponsored show "Cornzapoppin" (See Interest Mounts, back page)

Pitch Campaign For 200 Members Floydada C of C

O. M. Watson and his committee of seven this week announced that a campaign for 200 new members of Floydada Chamber of Commerce, including both firm and individual memberships, with a goal of a \$500 monthly income for the organization, will be pitched at an early date.

The campaign will be carried through to a successful termination or until such time as it becomes apparent that a majority of the business concerns in the community consider an aggressive, militant and well-manned organization to promote the community and the county is not needed here.

The job set for the committee by the organization is not an easy one said Mr. Watson. Backed by members of his committee, however, he says that a business-to-business house campaign will be carried on. The committee's pre-campaign canvass of the situation indicates there are 200 potential memberships in addition to the present enrollment in the Chamber of Commerce. Many of these are young men who have entered business in Floydada in one capacity or another and are anxious to get into harness in community-building capacity and help make the town a well-rounded center for service to a wide area.

J. A. Patterson of the committee said yesterday it was inconceivable that all the good youthful talent that is available should not be harnessed for an all together job of town building. Patterson is convinced that the elder business men of the community will give the organization ample backing to organize it on a business-like basis.

Want Well-Business Organization At present the Chamber of Commerce, organized for more than 25 years, and with a background of great service to the community, is working on a strictly volunteer basis, with no salaried manager or secretary. This type of organization has been in effect since before the war. E. L. Angus, president, who is anxious to see his successor named has spear-headed activities for the past two years. J. C. Wester, his predecessor in office, who is still treasurer, did gratuitous service for the business organization for several years. (See C of C Drive, back page)

Tour of Homes Grand Success

(Thelma Switzer and Kay Sparks, of The Hesperian's staff, were among those who enjoyed the two-day achievement tour of Floyd county women's homes this week. Miss Switzer was assigned the Tuesday trip and Miss Sparks on Wednesday. Their brief reports are given herewith.)

For the first time since 1940, the Floyd County Home Demonstration agent, a number of the club representatives and visitors made a two day tour of Floyd County and viewed the accomplishments of the club members' demonstrations carried out this year — home food supplies and living room improvements. Members of the caravans were impressed with the household improvements and food on hand that the members have prepared this year. Many new ideas were gained by visiting the different demonstrators and several of the ladies were anxious to get home and try out some new improvement.

The north part of the county including Providence, Lockney, Pleasant Valley, Center and Cedar Hill were visited Tuesday. Leaving Floydada at 10 o'clock, first stop of the group was at the home of Mrs. W. C. Sims, on West Missouri. Mrs. Sims is food demonstrator. Great interest at her home were jars of (See Two Day Tour, page Seven)

Jones Murder Case Returns For Re-Trial

The Court of Criminal Appeals Wednesday handed down a decision reversing the judgement of the Hale County District court and remanding for re-trial the W. Fred Jones murder case.

First report reaching the district said the case had been affirmed by the higher court, but this was indicated within the hour as being an erroneous report.

The defendant, prominent in Floydada business circles, had been in Lubbock county jail since last spring, after he was tried on charge of venue to Hale county from Floyd. He was indicted by a Floyd county grand jury, in October after the death by gunshot wounds of H. C. Love, Jr., on the night of September 28 in front of the Jones Super Market on West California street in Floydada.

The case was tried in January and a verdict of death returned by a jury of Hale county men. On appeal several arguments were heard in June and the decision of the high court has been awaited since.

Henry Neil Schacht, Club Garden Winner of County, Has 4-H Trip to Club Congress This Month-End

COLLEGE STATION.—One of a delegation of 14 boys and 11 girls from Texas to the National 4-H Club congress in Chicago November 30-December 4, will be Henry Neil Schacht, of Lockney, who is state and national winner of the Allis-Chalmers Manufacturing company tractor division award for gardening.

Henry Neil has been a state winner for four years in succession. He is the son of Mr. and Mrs. Henry Schacht. He will leave on November 28 by way of Amarillo with a group of winners. It was announced by J. W. Potts, state boys 4-H club leader. One of these will be Floyd Acker of Nazareth, who is a Santa Fe trip winner in all-around 4-H club achievement.

Henry Neil Schacht finished his high school work at Lockney high last year and is now a freshman student at Texas Tech, Lubbock. He has been a consistent 4-H club worker during his grammar and high school career and has been cited twice for his outstanding achievement in garden production.

Boy Scout Drive Still Unfinished Reue Reports

Although some teams have been so crowded for time they have been unable to make their canvass and report, those teams which have made reports give encouragement to the expectation that the Boy Scout fund campaign in Floydada will be successful, said John W. Reue, drive chairman this week.

Mr. Reue is asking teams which have not turned in reports to get on the job and finish their work as quickly as they can so that a clean-up squad can be put to work on call backs, complete all calls, and finish the drive.

The quota for Floydada for a 12-month period is \$1,200 and indications are that it can be met without burden to the community if enough people can be seen. During the past year a quota of \$700 has been carried by 86 people and 200 are wanted to carry the \$1,200 quota.

One of the possibilities that may come from a successful drive is that Floydada may be selected as the place for the location of a field executive to serve the four-county area of Floyd, Crosby, Motley and Dickens.

"We, who are familiar with what scouting is doing for the community, urge that every business man and resident in the community, give their co-operation to complete the campaign as quickly a possible," said Mr. Reue.

Earl Branson Starts Job In Arabia

Earl Branson has landed safely in Drahran Soudi, Arabia, according to information received here last week by his mother, Mrs. W. T. Branson. Mr. Branson is employed by Standard Oil company and has contracted for 18 months of work in Arabia. He made the trip by charter plane, making five stops before arriving.

FATHER OF JO-HAL WOFFORD SUCCEMBS AT PLAINVIEW

R. W. O'Keefe, 90, of Plainview a cattleman, died there Tuesday of last week, and last rites were said on Thursday.

Miss Jo-Hal Wofford, member of the Floydada Public school faculty an adopted daughter, attended the rites. Other survivors include his widow, a daughter, Mrs. May Ryan of San Francisco, and a grandson Rufus Ryan, also of San Francisco.

Castro Youth Picks Jersey Heifer Here

Jack Acker, a national 4-H club winner, who journeys to Chicago this month-end as a guest of the Santa Fe Railway company because of his outstanding effort in 4-H club work, has a Jersey heifer from a Floyd county herd, which he will develop as a part of his future activities in Jersey herd building.

The heifer selected here was chosen after a visit to several herds in the area. Daughter of a famous bull Love Senator Dan, developed by R. P. King, the heifer is of Combination Premier breeding on her dam side also.

The Nazareth youth was aided in making his selection by Raymond King, Castro county agent. The R. P. King herd has been in process of development for the past 10 years. The heifer chosen has several sisters left in the herd which are outstanding individuals for type, with excellent production records as a back-ground.

Standard Starts Test 14 Miles W. of Floydada

Unless something more important develops on Standard of Texas Leota M. Daniel No. 1 7 1/2 miles south of Floydada during the interim, the most important oil news of the week so far as Floyd county people are concerned, is the Joe Kellhor test of Standard Oil Company of

The No. 1 Leota M. Daniel oil test of Standard Oil company, 7 miles southeast Floydada was bottomed at 5,100 feet last night, according to an unofficial report received by The Hesperian

Texas, which is preparing to drill a few hundred yards west of the Floyd-Hair county line, almost exactly 14 miles due west of Floydada. This report and others issued formally by the oil fraternity over the week-end follow:

In Southeast Hale county, a wildcat to explore to around 7,500 feet, was staked. That venture is to start making hole in the near future, using rotary tools.

It will be Standard Oil company of Texas No. 1 Joe Kellhor, and is located in block 7, League 3, Callahan county school land, about ten miles north and slightly west of the town of Petersburg.

That puts the prospector 1,980 feet from north line of League 3 miles north and slightly east of the Hale county.

Stanford Oil & Gas company No. 2 Fisher, one location diagonally northeast of the lone producer from the Cisco-Pennsylvanian, in the Petersburg field, in southeast Hale county, and 1,980 feet from south and 2,208 feet from west lines of section 5, block CL, ELARR survey, had reached 8,048 feet in granite wash, and was drilling ahead.

It is expected that this exploration will enter the solid granite at any time. So far it has not encountered any possibilities of commercial production of oil or gas in any zone through which it has drilled.

Dickens Oil & Refining company

No. 3 Matador Land and Cattle company, slated 9,000-foot wildcat in Northeast Dickens county, and about 10 miles north-east of the town of Dickens, had reached 1,536 feet in lime, and was to drill ahead as soon as the 9 5/8 casing, which had been set at 1,923 feet, is satisfactorily cemented.

Standard Oil company of Texas No. 1 Daniel, Southeast Floyd county wildcat to 7,500 feet, about seven and one half miles south of Floydada, had reached 4,543 feet in dolomite, and was drilling ahead.

REA Lineman Gravely Hurt

John Taylor, 42, lineman of Floyd County Rural Electric cooperative, was hospitalized in Lubbock General hospital yesterday afternoon following injuries received while constructing a tap line one mile east of Floydada. A 2,700-volt shock burned his safety belt hooks and he fell 30 feet to the ground. Taylor was treated at Floydada hospital for burns on his hand and stomach and for a broken back. Later he was taken to Lubbock in a Harmon ambulance.

Red Gregory and R. C. Pollan, who were Taylor's helpers, brought him in to the hospital from the scene of the accident. They said a cold wire was securing it to the pole. It was the "top" wire and was energized when it contacted a live line. He reached to recover it and the shock threw him back violently.

District Governor Lions Here Tonight

John McLean, of Hereford, governor of Lions District 27-1, will pay an official visit to the Floydada Lions club tonight, and will address the club, after conferring in the afternoon with officials of the club on its progress and welfare.

The club has declared the evening ladies night and attendance is due to considerably exceed 100 persons.

The visiting governor is a Lion of long standing and has been prominent in the organization for several years.

SON BORN YESTERDAY TO MR. AND MRS. A. B. MUNCY JUNIOR, AT PITTS HOSPITAL

Robert Clive Muncy is a new arrival in the home of Mr. and Mrs. A. B. Muncy, Jr., born yesterday afternoon at 1:35 o'clock at Pitts hospital. Last night's report said mother and son were doing nicely.

Grandparents of the baby are Dr. and Mrs. C. M. Thacker of Floydada, and Mr. and Mrs. A. B. Muncy Rev. R. E. L. Muncy, of 414 South Wall street, is a great grandfather of the new baby.

EDITORIALS

TWO KINDS OF BOSSES

George V. Ormsby, the London correspondent of the Wall Street Journal, recently wrote that nationalization of industry is not "proving the utopia the workers imagined it would be, but merely the changing from a private boss to a state boss." He cites an instance where an ex-director of a nationalized coal mine met one of his former workers and asked him how he liked the new regime. "Not so good," said the miner. "I thought I was going to be where you were, but I've only got a new boss."

A good many million people must feel a similar disillusionment with the super-state. It is one thing to work for a private boss, and a very different thing to work for a state boss. The private boss can be controlled by law and public opinion. He can be forced to arbitrate with his employes and give them higher wages and better working conditions and other benefits to which they may be entitled. The government and the unions are always ready to pounce on him if he steps out of line.

The state boss, on the other hand, is a bird of another feather. When government becomes a mass-employer, it determines its own employment policies. The right to strike must be directly or indirectly abrogated. The decisions of the government must be final, and the worker who feels he is unjustly treated has no redress. The heads of government invariably become more and more sensitive to criticism, and move in one way or another to silence it. Every phase of the national life is entangled in red-tape, and the freedom of the individual is inevitably limited. It is a notable fact that even England is now seriously considering what amounts, in principle, to a labor draft to force reluctant workers to accept employment in the coal mines.

The super-state can have only one end—and that is total dictatorship. Most of Europe is a miserable example of that truth today. To trade the private boss for the state boss is to risk trading freedom for slavery.

Two out of every three pedestrians killed in traffic accidents are either violating a traffic law or committing an unsafe act, according to the Texas Safety Association. And of these violations, crossing a street between intersections accounts for about half of the fatal accidents. So don't cross in mid-block—remember your Uniform Traffic Code and walk a few more steps to the corner—and then walk watchfully—you'll keep walking longer!

Parsley lends flavor, color and food value to many dishes and can be easily grown in a kitchen window box or flower pot.

Mr. Molotov and Mr. Vishinsky, arguing in the United Nations councils, have done more to convince the people of America that something surely must be wrong with Communism than any home-made speeches or writings could do. A point that has been quietly driven home by Americans in these meetings is that the ill-tempered and ill-mannered speeches of the Russian representatives have been given full and free circulation in America and in many other parts of the globe where freedom abounds, whereas no other ideology than Communism has been permitted to flow out to the Russian people. Without vision the people perish was not said of people of the United States alone. It must also be true in Russia and in all the satellite nations of that unhappy oligarchy.

It has been an axiom among plains irrigation farmers for a good many years that it is poor policy to wet down ground for small grain in the fall in an effort to get a crop going when there is no bottom season. They say the bill comes too high and the effort and cost is too strenuous. However, with wheat at its high peak in price and grazing almost invaluable many Floyd county farmers are putting in the extra money and effort in the belief that it can be made to pay this winter. Cost of watering has not jumped in comparison with the anticipated income, so they are looking on small fields of winter wheat as a good bet. Value of plenty of green pasture to a man with some cows through the December-February period of 1947-48 would be hard to estimate right now.

Need for saving the soil of America has deeply impressed industrialists who in the past few years have been "sold" on the idea that we can and should do something to preserve the earth's productivity, from which comes all the nation's basic wealth. The Texas banks which found the idea of getting these industrialists into this state, hit on the idea of bringing along Louis Bromfield, the Hoosier farmer-writer. The industrialists fell like ten pins when they saw the combination. It looked too good to pass up. Incidentally, it is today that the trainload of men representing industrial management is being given a dose of the most intensive selling a community nearly ever did for itself. Lubbock is selling them on saving the soil incident to selling them on Lubbock in the first place.

Dairy cows must have 3 to 5 times as much water as they produce milk. Insufficient water reduces production, increases costs and wastes feed.

THEY'RE GOOD-SPORTS TOO!!

We want to congratulate Coaches Gresham and Baker and the boys on the good sportsmanship they have shown both on and off the grid during the current season.

Good sportsmanship is a quality that is preached up one side of a person's character and down the other but is very seldom practiced.

Our team and our coaches have really set an example which all of us should follow. Several times, member of the other teams in the district showed rather poor sportsmanship by expressing, though not verbally, the fact that they disagree with the officials or resent the decisions these men make. But our team can never be rightly accused of such conduct, which is a good sign that our students in general are good sports.

Longhorns Take Hard Game 6-0 from Whirlwinds

The game of the week last Friday in region one, district 4-A between Floydada and Lockney, proved to be the game of the week. Two teams that were strong contenders for the district championship were friendly enemies, and the game was a hard fought affair where one had to be a winner and one a loser. Lockney was the winner by six hard fought points.

whole game found Floydada on the defensive in their half of the field. Floydada's line on the defense as well as the offense is still about the best in the district, however as usual our secondary defense was weak and our scoring punch was in the same condition. But lets look at what happened.

First Half Lockney
Lockney kicked to the Floydada club and stopped Jeter for no gain on the return. Floydada started power plays only to fumble on the third down and Lockney recovered. Lockney went over on downs to Floydada on the Floydada seventeen-yard marker. Floydada's offense bogged down again and Grigsby was forced to kick out. A lucky break followed when Carthel fumbled the ball after a ten yard return from the forty-five to the thirty-five where Hale pounced on the ball. Then as if to even things up Jones fumbled on his own forty-two, the Longhorns taking the ball on the recovery. From that point the Longhorns

marched to the Floydada five yard line and seriously threatened a T. D. only to fumble again with Floydada recovering. Floydada then carried the ball to their own twenty-five yard stripe where the quarter ended.

March Nets 5 Points
The second quarter the Whirlwinds had the ball for a total of eight plays only. When play was resumed in the second canto they were forced to kick from their thirty-seven yard line to the Lockney forty seven yard line. Carthel took the ball and was stopped only after he had returned the ball to the Floydada thirty two. However four plays later they gave up the ball on downs only to have Carthel intercepted a Hale pass the next play. Again they were stopped and the fourth down kicked to the Floydada fifteen-yard stripe. Floydada was also stopped and kicked to the fifty yard marker where Lockney took the ball and started their T. D. march. This march netted the Longhorns six points when they ended a sixty yard march with a twelve yard pass over the goal, Carthel to Keeter. Carthel's around the end attempt at the extra point was stopped short leaving the score six to nothing nearing the end of the half in favor of the Lockney Longhorns.

Floydada took the kick after the T. D. returned the ball to the twenty seven yard line where they threw a pass which Lockney again intercepted. In three more plays the Longhorns were within two yards of pay dirt only to have the half end before they could pull a T. D. play from their bag of tricks.

Floydada in a Hole
The third quarter was in a manner of speaking a punting duel with neither team making a serious goalward threat. Both played on their own half of the field when they had the ball and each only crossed the fifty yard stripe once. In this quarter Floydada drove to the Longhorn forty-five, the only time they were in Longhorn territory with the ball in their possession but fumbled at this point. Lockney recovered the fumble but was stopped cold and kicked to the Floydada fifteen where Floydada took over and advanced to their own forty yard marker before the quarter ended.

When play was resumed in the final period of this hard fought game Floydada was stopped cold and kicked out of danger to the Longhorn thirty-five. Lockney was also stopped and punted on the

H-SU HOMECOMING
ABILENE, Nov. 13—Plans for entertaining thousands of visitors to the campus of Hardin-Simmons university during the annual homecoming celebration, were nearing completion today, as faculty, officials of the college, and students joined in preparations for welcoming the guests. Homecoming is set for Saturday, November 15.

A traditional West Texas welcome awaits all ex-students, and other visitors to Hardin-Simmons on that date, Rupert N. Richardson, president of H-SU, said Wednesday.

Heading the feature list for entertainment is the Homecoming Game to be played in Fair Park Abilene, Saturday night, when the Hardin-Simmons Cowboys will meet the Miners from the Texas School of Mines, El Paso.

Bands in Maneuvers
For the half time entertainment both the Floydada High school band and the Lockney High school band performed.

The Floydada band marched down field, did a counter march and when they reached the center of the field again started playing "Strawberry Blonde" and waltzing. When they had completed this maneuver they continued downfield to the goal post where they executed a block corner, and unlike most maneuvers where the casual observer can tell what is happening it seemed as if everyone in the band marched a little on the wild side and were indeed lucky to end up in the correct position.

At the end of this maneuver the Floydada band moved off the field and the Lockney band moved on. They performed a great variety of maneuvers derived from "to the winds" and when in the center of the field faced the Lockney stands formed an "L" and with the aid of the Lockney pep squad gave a yell. Several more of these difficult maneuvers followed and the band single filed from the field.

We look forward to the time when they entertain us again.

Miss Fowler Becomes Bride of Luther Bain In Ceremony Sunday

Miss Ernestine Fowler, daughter of Mr. and Mrs. Ernest Fowler, and Mr. Luther Bain, son of Mr. and Mrs. Luther Bain of Plainview, were united in marriage in a double ring ceremony read at the home of the bride's parents in Littlefield, Texas, Sunday morning, November 9, at 10 o'clock.

The wedding vows were exchanged in front of a background of fern with baskets of white chrysanthemums and fern and graduated candelabras on either side.

Mrs. Grace Bennett of Amarillo cousin of the bride, played "Cavalleria Rusticana" by Mascagni for the candlelighters and before the ceremony "Clare de Lune" by Debussy was played. "Lohengrin" by Wagner was played for the processional.

The bride, given in marriage by her father, wore a blue wool crepe dress with black accessories. Her corsage was white tube roses, and she wore a halo of white tube roses. For something old she wore a gold wedding band belonging to her grandmother, Mrs. George Webster, sr., of Lockney. For something new she wore a gold necklace, a gift from the groom, and for something borrowed and something blue she wore a blue garter belonging to Miss Maurine Medlen.

The maid-of-honor was Miss Laverne Fowler, sister of the bride who was dressed in a peach wool crepe dress fashioned after the bride's. Her corsage was white gardenias.

Candlelighters were Miss Maurine Medlen and Miss Kathryn Brooks, both students at WTSC in Canyon, Texas.

Best man was Bobby Harder of Plainview, cousin of the bride.

Immediately following the ceremony the couple left for a wedding trip to San Antonio and other points. For her going away outfit the bride chose a brown gabardine fish-tail suit with brown accessories and her corsage of tube roses.

The bride is a graduate of Floydada high school with the class of 1945. She attended West Texas State college in Canyon for two years and for the past few months has been bookkeeper for Higginbotham-Bartlett company in Littlefield.

The groom is a graduate of Plainview high school and was in the armed services during the war. Upon receiving his discharge he attended WTSC one semester. He is employed at Bain Furniture company in Plainview.

When the couple return they will be at home in Plainview. Attending the wedding from Floydada were Mr. and Mrs. R. E. Fry, Mrs. Edward West, Mrs. Watson Jones, Mrs. Lyndell Roberts and Miss Kay Sparks.

1929 Study Club Has Women and the News as Program Subject

"Women and the News" was the title of the program for the meeting of the 1929 Study Club held Tuesday evening of last week at the home of Margaret Collier, 615 West Kentucky Street. Annie Wilson was leader of the program and discussed women who had made fame for themselves in fashions, including gadgets such as electric heated coats dress lengths and hats. Also a great artist who did not reach fame until after her death was discussed. Women, who were writers, and in politics were presented. The woman of the hour, from the social standpoint, is Princess Elizabeth and her approaching wedding.

Bernice Stapleton had charge of the business meeting, at which time the club voted to have the community Christmas tree on Monday night, December 22.

Answering roll call were Frances Graves, Elizabeth Armstrong, Anne Swepston, Anne Wilson, Bernice Hartzog, Diana Gresham, Mary Shaw, Lella Petty, Emma Louise Johnston, Flora McNeill, Ruby Cleveland, Jettie Moss, Irene Sherrill, Jewell Martin, Avis Muench, Bernice Stapleton, Florence Crowell, Mary Frances Haden and the following visitors, Mrs. Everett Collier, Mrs. Bob Collier, Adelaide Loyd and the hostess, Miss Collier.

The next meeting of the club will be a Thanksgiving dinner at the home of Elizabeth Armstrong with Irene Sherrill and Flora McNeill as hostesses.

Thelma Switzer, Eureka Joy Kirk, Genevieve and Genevieve Boyd, Mary Alice Grubbs and Betty Johnson, all of Floydada, and Jimmie Stewart and Ida Bee Hobbs of Lubbock.

Germany Is Studied By Study Club Group

The 1929 Study Club met November 6, in the home of Mrs. Alton Chapman, 420 West Jackson street in Floydada. The theme of the program was Germany.

Mrs. L. J. Welborn was leader of the program. "Reports from Germany" Roll call was answered by "Good German Characteristics." Mrs. Welborn gave an interesting and educational history of Germany. Mrs. Welborn then introduced the guest speaker, Olin Watson, Jr., who spoke on "The Western Portion of Germany." Mr. Watson was in this section during the war and he gave the club many new ideas of Germany and showed the club members many interesting pictures of Germany.

German music was played during the arriving of the guests and while they were served refreshments. Mrs. J. D. McBrien was in charge of the business meeting.

Club members present were Mesdames E. L. Norman, John Kimble Jr., P. A. Denison, R. Henry Clement McDonald, Alvie Hull, John Hoffman, Buren Cates, Lloyd Jones, J. D. McBrien, L. J. Welborn, L. A. Doyle, Troy Leonard, and Olin Watson, Jr., and the hostess, Mrs. Chapman.

MRS. J. J. MCKINNEY, MRS. GLEN M. ARMSTRONG ARE CLASS MEETING HOSTESSES

Mrs. J. J. McKinney and daughter, Mrs. Glenn M. Armstrong were hostesses to the regular meeting of the Pastor's Helpers Sunday School Class of the Methodist church Tuesday. A covered dish luncheon was served. The devotional was led by Mrs. P. M. Felton. Mrs. Bond Discusses Equal Rights Amdmt at Meeting of B&PW

Mrs. E. L. Angus, vice-president presided over the regular meeting of the B. & P. W. club Monday night. Mrs. Lewis Norman, leader for the evening, announced the subject of the program, "Equal rights are human rights" and introduced Mrs. Hollis Bond, the main speaker. Mrs. Bond discussed the passing of legislation, granting women equal rights with men. She pointed out the fact that the equal rights amendment or the Lucretia Mott amendment (so called because it was proposed by that person) was first introduced in Congress in 1923, but to date has not become a law. Mrs. Bond showed in her discussion that though women have been granted many privileges, yet in some states there are various so-called protective laws which in fact discriminate against women. She pointed out that women can compete with men in filling vocations and positions, yet women seldom draw equal pay when actually doing a job equally as well as men. Her discussion brought out the fact that pressure from all the women's organizations will eventually be effective in bringing about the passage into law of the equal rights amendment.

Mrs. Lewis Norman, Mrs. Russell King and Miss Lella Petty gave interesting reports on the district meeting of B. & P. W. clubs, which was held in Amarillo, October 25-26.

In the business meeting, Mrs. Angus urged the attendance of as many members as possible at the Inter-City program to be held in Lockney with the Lockney club Monday night, November 17 at the First Methodist church. Any members who can attend this meeting are asked to contact Mrs. Angus by Friday of this week.

Lakeview Singing Sunday Afternoon

Fish from the heavens showed ... Marksville yesterday as the town ... observed poultryless Thursday. ... Hundreds of goggle-eye perch, ... bream and shad showered down ... on the town as workmen hurried ... to their jobs.

Green Edwards, agent of the state ... fish and wildlife commission, said ... they ranged in size from two to nine ... inches and were of the types com- ... mon to this section.

The fish fell during a two and ... a half hour period while a heavy ... fog hung over the town. ... The New Orleans weather bureau ... said the only satisfactory explana- ... tion was that a tornado dust devil ... or updraft had scooped the fish out ... of a lake, pond or stream and car- ... ried them over the town. No such ... tornado or updraft was reported to ... the bureau, however.

Floyd County Has All Gins Enrolled Smith-Doxey Act

Here's another "first" for Texas agriculture and Floyd county. The U. S. Department of Agriculture has announced that Texas has more farmers than any other state who planted cotton this year in groups organized under the Smith-Doxey Act of 1937. Smith-Doxey, you know, authorizes the government to provide free classing and market news service to any group of producers organized to promote the improvement of cotton the big aim of the act being to enable growers to sell cotton on the basis of quality and to allow the producer to know within a few days after ginning just what he has to offer for sale. Texas has well over one-fourth the total U. S. Smith-Doxey membership, over 94,000 farmers in this state. Mississippi is second with

57,600, and Alabama third with 31,600. Sixty-four percent of this year's U. S. cotton acreage was Smith-Doxey cotton, and that's a record and an increase of about two million acres over last year. Floyd County gins are enrolled for this service annually by A. L. Hartzog county agent.

STARKEY CLUB WILL HAVE THANKSGIVING SUPPER

Regular meeting of the Starkey Home Demonstration club was held Friday of last week. The afternoon was spent in making out the year's report. It was decided to have a Thanksgiving supper at the school house Wednesday night, November 26. Everyone is invited to come and bring supper, which will be spread in the lunchroom. Each family is asked to bring dominoes and table for games of "42". Members present for the meeting were Meses. J. W. Day, Jr., W. F. Ferguson, F. F. Stephens, Rafe Ferguson, Bill Robertson, R. S. Harless and S. L. Holmes.

Weekly SURPLUS NEWS WAA

"Fair, fast and final" is the way 4,000 buildings will be sold to the general public at Camp Bowie on November 18, 19 and 20. Inspection will continue until November 17. Buildings offered in this sale include barracks, recreation, supply, administration, storehouse, officers quarters, mess halls, maintenance buildings, hutments and various other types. All structures are to be removed from the camp site by purchasers. The sale will be fair in that you have the same chance as your neighbor to buy one or as many buildings as you desire and all awards will be made to the highest bidders. The sale will be fast in that you can bid, pay and carry your purchases away the same day or later as desired. The sale is final in that all sales are on an "as is, where is" basis, subject to War Assets Administration rules and regulations and terms and conditions of sale.

As wide open to the public as the plains of West Texas is the non-priority sale of 248 buildings at Dalhart Army Airfield and its Auxiliaries Nos. 1 and 2 to be held November 23 and 26. Along with such buildings as dormitories, apartment pump house with motors, recreation barracks, mess halls, warehouses and officers quarters will also be offered hogproof fencing, barbed wire, picket fencing and lattice fencing. Buildings are to be sold with all the fixtures they now contain. Inspections may be made between November 17 and 24 any time from 8:00 a. m. to 4:30 p. m., Saturday and Sunday excepted.

The Week's Social News

Home Demonstration Club at Cedar Plans Christmas Party

The Cedar Home Demonstration Club met Wednesday of last week at the home of Mrs. G. D. Lackey for a home demonstration. Mrs. Yearly presided over the meeting. Arrangements for Mrs. Lackey's Christmas party, to be given at her home, were discussed. The club voted to have a Christmas party and exchanged gifts on Friday night, December 22. The date of the party will be announced later.

Members, carrying out the Christmas motif, were served by Mrs. Jack Stansell, E. E. Gilley, C. Gilley, Rene Yearly, Mamie and the hostess.

Wednesday Night

Members and their families enjoyed a lovely social Wednesday night. A delicious dinner and games were enjoyed by all. The next meeting of the club will be Mrs. Jack Yearly November 22. Mrs. Lela Petty will be present to give a demonstration on machine attachments.

WOMAN SUNDAY CLASS MEETING THURSDAY

Althean Sunday School met Thursday of last week in its regular monthly meeting. A delicious luncheon was served at 11 o'clock. The devotional message of the class was held at 12 o'clock.

The meeting was presided over by Mrs. J. T. Snodgrass, A. D. W. F. Brown, W. A. Cates, J. A. H. Manning, J. A. G. M. Bullard and grand-children, Patricia and Rev. and L. A. Doyle.

Fawvers Celebrate 48th Anniversary at Home Here Friday

Mr. and Mrs. John Fawver celebrated their 48th wedding anniversary Friday of last week, November 7.

About 35 friends and relatives attended a supper at their home Friday night to help them celebrate the occasion. Many nice gifts were presented to them and everyone enjoyed themselves until late in the evening.

Mr. Fawver came to Floydada in 1891 and has lived in and around Floydada since that time. Mrs. Fawver came to Floyd county in 1885. She is a daughter of the late Mr. and Mrs. El Johnson.

They were married in 1899 by Judge Arthur B. Duncan and Mr. Fawver remembers that H. S. Wilkinson gave them their license and Judge Duncan performed the ceremony for no charge.

Four of their children: Mrs. Mable Epperson, Mrs. T. R. Corley, John Fawver, Jr., and Joe M. Fawver were present Friday to help mark the anniversary occasion.

FRIENDS GATHER SUNDAY FOR DINNER AT HALE HOME

Mr. and Mrs. J. Sam Hale were hosts last Sunday, when several friends gathered at their home, 202 South White street, for dinner.

Guests included: Mr. and Mrs. L. A. Williams, Mr. and Mrs. Wheeler Turner, Mr. and Mrs. Mather Carr, Robt. Gary of Harmon, Mr. and Mrs. Lois Turner of Brownfield, Mr. and Mrs. C. O. Spence and Rev. and Mrs. L. A. Doyle, of Floydada.

Mr. and Mrs. Eddie Cantrell spent Sunday and Monday with their son Billie Joe, who is in the veterans' hospital in Amarillo. Billie Joe underwent an operation Monday morning but was doing fine when his parents left to return home Monday evening.

Mr. and Mrs. Felix Kelm who were married October 26 at Immanuel Lutheran Church in Clovis, New Mexico. The bride is the former Ada Belle Snodgrass, daughter of Mr. and Mrs. J. B. Snodgrass. The family are former residents of Floydada, but now make their home in Clovis. The couple are making their home in Clovis.

Golden Wedding Day Observed by Mr. and Mrs. J. A. Dunlap

Mr. and Mrs. J. A. Dunlap, former residents of Floydada, celebrated their golden wedding anniversary in their new home, First and Beach Ave. Yucalpa, California, October 19.

The Dunlap's new home is at the foot of snowcapped mountains which made a lovely background for the beautiful flowers, which decorated the entire home. The dining room was darkened, except for the light of the candles, which reflected on the bronze chrysanthemums surrounding the lovely five tiered anniversary cake topped by a miniature bride and groom.

A turkey dinner was served to relatives and friends. Children present were Mrs. Lois McDowell, Los Angeles, California; Mr. and Mrs. Onley Newberry and Mr. and Mrs. Willard Dunlap, of El Monte, California; Mrs. Leone Kilgore, Los Angeles, California; four grandchildren and three great-grandchildren. R. G. Dunlap and wife, of Floydada, were unable to attend.

Open house was held from 2 o'clock to 5 o'clock. Mrs. H. Harris, of Yucalpa, California and Mrs. Bob Sims, of Modesto, served punch, coffee and cake.

Mr. and Mrs. Dunlap were married at Belton, Texas, October 20, 1897, and lived in Floyd county the greater part of their married lives. In 1943, Mr. Dunlap retired from farming and the couple moved to California to make their home.

Mrs. Bain is Hostess When 1922 Study Club Has Nov. Meeting

Mrs. Kenneth Bain, 502 South Main street, was hostess when 1922 Study club met last Thursday afternoon for the club's regular meeting.

Aside from the business meeting, a review of the book, "Ringing of the Bells" by Mrs. Ralph C. Johnston, was the afternoon's feature. Mrs. Johnston presented the review in a most interesting manner. Lovely refreshments were served by the hostess.

The club's next meeting, on Thursday, November 20, will be held at 9 o'clock a. m., when Mrs. O. P. Rutledge will be hostess at a 9 o'clock breakfast at her home, 319 West Missouri street.

Directors Named For Labor Camp

LOCKNEY, Nov.—A permanent organization to direct the destinies of the Lockney Labor camp was formed at a dinner given Monday night at the Baker hotel. Following a motion to form a permanent organization, which was carried, the group elected three permanent directors, Ed Whitfill, Harmon Handley and J. B. Seale, and selected Hugh Counts as secretary-treasurer. Plans were laid for a financial drive to complete the camp. Goal for the drive was set at \$2,000.

Center News

CENTER, November 11—Everyone please remember the request for cookies for Buckner's Orphan Home by November 21. Deliver them to Mrs. Travis Lightfoot packed in a box and ready for shipment.

Mr. and Mrs. James Robertson and daughter of Olton spent Saturday night and Sunday with his parents, Mr. and Mrs. Joe Robertson, Sr. and family.

C. M. Meredith went to Plainview Friday.

Those visiting Eunice Welborn during the week were Margaret Green, Clara Mae and Christeen Jones, Jean Bybee, Bobby Plumlee and Jerry Pearsey.

De' Quacker

De' weather may be cold. An de days so dark and gloom. But lil ol' Cupid always do unfold Nuff romances to lighten any tomb!

June Dunford and Dale Sims had a wonderful time the other day at dinner. He picked her up on the way to town! What does Verna say about this? Or does she care? She was with Melvin Friday night. These confusing mix-ups!

Looks as though Bobby Finley has taken over Katie Collier! Well Stanley, are you going to stand there and not do a thing? What about her winking at all of the first string football players?

A new get-together is Mary Plumlee and Bobby Cline! They seem to like it, too! Sighhhhhhhhh!

Bob Reeves has the cutest wink—and Rose Beard gets it. The lucky girl! You jealous women!!

Johnny, why don't you make up your mind?? Is it Meri or Edith?? By the way, wasn't that Lee driving your car the other night? But you might as well know Jimmy Powell has his eye on Meri as well as Lou Reta—Bill! But don't get excited!! It will all straighten up—I think! Looks as if Don Shurbert is interested in Wanda Reed since Randall isn't anymore and that Wanda is interested in Don since she dropped Randall—Well now, isn't that just ducky!!

Why wouldn't Juanita Huckabee give up Bobby Harliss' math work book the other day?? It can be one of two things—either to make a good grade or maybe she likes him!!! Draw your own conclusions.

Carlene and Garvin were seen in the hall together twice Monday. Well Jane, guess he's stepping out on you!! Tough luck!!

Don Marble and Geneva Richardson are beginning to like each other I do believe!!

Sherwyn Pyffe is about to die with love for Tom Martin. Cupid shot to kill!!

Billie Newberry really has a crush on L. C. Furgerson and Ruth loves him to death and so does Elaine Snodgrass!! My, my, girls, take it

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. easy, after all!!
 Luella Irvin and Kenneth Hol-lums have a lot of fun "getting acquainted" the third period. That's one thing to call it!

Billie Chowning and Peggy Collier are running a close race for Bill Jones. Now I wonder who'll win!!??

Dorothy Clayton would like a date with Arlen White to make her happy!! Not to mention the dates she's had with Loy Lee Trice, some Jerrold Vinson, and she married Jr. Perry Sat, at the carnival. I know because I have the license. It doesn't take much to make her happy, eh what??

Why does Sherwyn, Verna, and Betty want to break up Stanley and Katie—Grace and Aubry??

Dub Hodge would like a date with Meri Young!! Well, I'm not going to ask her for you, too!!

Dan has taken his brother's place in high school. If he's not flirting with the Foster twins, he's winking at Juanita Huckabee and what's more—he has a yend for Kathryn Weddington!! Not a bad start!!

All of the band kids have their sweethearts worried as to what happened over the week-end. From what I heard, everyone had a wonderful time!!

Youse kids be good and be sure you wash your ears so's de can will be running over next week!! Don't do anything this kid wouldn't!!

We will run a want ad column next week, and anyone wanting to run a want ad, put it in the gossip can in Mr. Baker's office.

Candid Camera

Lookie, chickadees, into your camera and picture this week's most fascinating personality. Being born April 14, 1931, and making Mr. and Mrs. Travis Jones very happy, a brown haired and medium complexioned athletic boy was named Travis Phillip Jones, known to most of his friends as just plain "Trav". Trav is 5 feet 8 inches tall. He is built of 160 pounds of hard muscle; he has a ruddy complexion, and eyes that change from green to blue that makes everyone sit up and take notice. They have that certain sparkle too, that makes the girls just melt. One thing different about Trav is his hair. It has two "yellow patches" in that neat brown hair of his that evidently was caused by wearing football helmets.

Trav is that handsome fellow that plays right half-back on the Whirlwind team and has done very outstanding work in this position. He is also the Senior class president. All the fellows and girls of his class look up to Trav as their leader. Trav has a magnetic personality. He is friendly and well-liked.

Trav's favorite movies were The Yearling and 13 Rue Madeline. His favorite movie stars are James Cagney, Jeanne Crain, and Joan Leslie. He is simply crazy about football and he likes the Whirlwind football team. Trav seems to like chemistry better than any other subject. Our personality loves to dance but he says he can't. (I know better). He thinks Coach

is swell and incidently football is his favorite sport. Trav gets a joy out of wearing boots, lewis, and bright colored shirts. Trav's favorite pastime is driving the G. M. C. truck, but he says he never gets to do so. His idol is Tom Bob; he likes "Near You", and he just loves to whistle.

Have you seen a girl who has dark complexion, black curly hair and brown eyes, and is about 5 feet 6 inches and weighs 120 pounds? This is Trav's idea of an ideal girl. She must like football and surely must know how to cook (by all means). She must like to dance. Oh, yes, and she must have a magnetic personality. Well, Trav, this is pretty hard to find in one girl but we hope you do. Anyway if you do find her, she must be a dream (Trav says he hasn't found her but he's still hopeful.)

An ideal day for Trav starts at 10:00 in the morning. He would get up and eat no breakfast, go swimming, and then carry the horses. He would eat at 12:00 and would have fried oysters and all the "fixins" to go with it and then

Records
 Music for your every mood as you like it...
H. G. Parker Furniture Co.

would have a most delicious piece of cherry pie that just melts in his mouth. After all this, he would get the ten ton G. M. C. and go hunting for rabbits until 3:00. Again he would go swimming in a private swimming pool and have a game of pool with his ideal girl. All of this should happen in one short hour from 3:00 until 4:00. He would then hop into his helicopter and go to South Fork, Colorado, fish for trout then eat the trout he caught on the bank of the stream and then come back home the next day.

Trav says he just detests spinach, people who are always trying to show off, yellow, and doesn't care much for the Lockney Longhorns, and doesn't like "Mountair Dew", English IV, studying, and he hates to sing.

was when he was a freshman. He had to kiss Joe Powell, because he was a pledge in the "F" club, but he says he "Kinda" liked it.

The most wonderful things that ever happened to him was when he was elected president of the Senior class and running close second in be-

ing district champs. Trav, you are generally the guy that everybody likes and out you, old F. H. S. would be incomplete. You have helped us be what we are Trav, here is luck and happiness always. You are really great

LET'S KEEP OUR ROAD BUILDING PROGRAM ROLLING!

OUR INDUSTRY AND OUR SCHOOL SYSTEM DEMAND THAT WE GO FORWARD!

Floydada Junior Chamber of Commerce, an organization of young men who believe in the future of Floyd county and its institutions wants to urge the people of Floyd county to keep permanent road-building construction under way in our county. We believe that we need to supply the funds that will make this possible when we go to the polls on Saturday, November 22.

We are for the program mapped out, after due consideration, by the State Highway Department and the Commissioners Court of Floyd County, because we recognize the fact the authorities have to have a beginning place and a program to work from. There are other important Farm-to-Market roads, of course. We ought to have them built and must have them built. In fact, we ought to have many more miles of good, hard-surfaced roads right now. But we do not have them and never will have them until we make a start. So, in saying we are for these road-building plans we do not say we are against any other roads that the people need. We are for a start on a Road Building program.

At This Time the Highway Department says they can and will help us with continuing a Farm-to-Market Road Building program. This program will stop when the Lakeview Road is finished, for at least two years, unless we take positive action to prevent it. The Highway Department of the State of Texas pledges the State to (1) Handle all engineering; (2) To make the road contracts and to supervise all work; (3) To maintain the hard surfaced roads that are built; and (4) to pay one-fourth of the construction costs. This means that the county will get the benefit of the services and the partnership of the Greatest Road Building and Maintenance Organization in our nation at half price. We take no chances on losing! We will be big winners!

FLOYD COUNTY IS DEVELOPING BEYOND OUR FONDEST DREAMS: OUR COMMERCE AND INDUSTRY DEMAND GOOD ROADS; OUR SCHOOL CHILDREN MUST HAVE A WAY TO GET TO SCHOOL.

At present our road system is being maintained at heavy cost but on a non-permanent basis. Everything a Commissioner does to make the roads passable in his precinct must be done over the very next time it comes a rain. We are moving the dirt over and over from year to year the route we are going now. These roads must be maintained this way until we can do better. But every mile we get transformed into a better road and turned over to the State of Texas to maintain is one mile less that the Commissioners Court will have to maintain on a hand-to-mouth basis.

LET'S START NOW FOR A PERMANENT ROAD BUILDING PROGRAM IN FLOYD COUNTY

(This advertisement underwritten and sponsored by the Floydada Junior Chamber of Commerce, an organization of young taxpayers who want to build a future in a growing and forward-looking county.)

HESPERETTE

(Continued)

**Whirlwinds Nudge
From Winds**

Floydada played strictly a defensive game last Friday allowing 14 points but they could never get these and lost a hard fought game. The Whirlwinds won the toss and Jeters returned the kick and on the next play a fumble resulted and Lockney recovered on the Whirlwind 26 yard line. Two off tackle thrusts and a pass through center gave Lockney a first down. From there another first down placed them on the

Winds 8 yard line; however Quisenberry's inability to crack the Green and White forward wall and a futile pass attempt lost Lockney the ball. Floydada then sent Hart chashing up through center for 7 yards; however failure to gain further forced Grigsby back into the kicking slot. Carthel, Longhorn safety, returned the punt to the Winds 42 yard line where he fumbled after being tackled and Grigsby recovered the ball. This streak of luck was short lived as Lockney recovered a Floydada fumble after an incomplete forward pass. The Longhorns started a passing attack but failed to click and Floydada took over as the first period ended.

After a first down romp by Hart the Winds attack frizzled and Grigsby kicked. Two completed passes by the Longhorns placed them on Floydada's 32 yard line. An end sweep by Carthel netted little

yardage and on the next play, a running pass, Carthel connected with Keeter in the end zone for the games only tally. The conversion attempt, a line buck, failed.

Floydada received the kickoff and opened up with a pass on the first play only to have it intercepted by Bybee, Longhorn center. Carthel again faded back and connected with Keeter on the Whirlwinds 11 yard line. Time ran out before Lockney could score and the half ended 6-0 Lockney.

Amid smoke, fire, dust, and cold the second half started. The tide sea-sawed back and forth with neither team threatening, however. Floydada remained deep in their own territory without ever igniting a spark to kindle their offense.

The third canto ended with Lockney still ahead 6-0.

Fumble Erases Last Hope

Floydada showed signs of starting a goalward surge early in the fourth period when Grigsby was moved back into the halfback slot. Hart and Jeter also contributed yardage to this drive; however a fumble erased Floydada's last fading hope of a score. Lockney took over on 2 and held the ball until time ran out. This year's score was 6-0.

It was a clean, hard fought game from start to finish and to win was truly a credit for Lockney.

Jarboe, Conner, and Nixon were defensive standouts for the Whirlwinds throughout the game.

The Whirlwinds have an open date this week in which to prepare for their game here with Crosbyton. Although they are nearly out of the running for the district flag, the Whirlwinds under the able leadership of Coach Gresham and Baker are out to scalp the Chiefs.

ASSEMBLY PROGRAM

The assembly program Tuesday was sponsored by Mrs. Thomas. The entertainment included a song by the Foster twins, Doris and Dorothy; the bear story told and illustrated by Billie Newberry and Eva Waller; a song by Oleta Neeley and Lavern Payne; a twirling act by Edith Garrett; a reading by Janet Lovel; a tap dance and song by Billie Newberry and Ruth Maxey; a skit, "Going Shopping", by Teddy Assiter and Mary Ruth Parrish; a reading by Kathryn Waddington; and a song and skit by Jane Johnson, Betty Laminack, Billie Chowning, Joy Bunch, and Pat Hennessee. Everyone enjoyed the program and is looking forward to another one by the freshmen.

**School Annual staff
Members Named**

It's news! For the first time since 1930, Floydada High school is publishing a school annual. The following staff has been selected:

Editor-in-chief, Ted Lanham; assistant editor, Margaret Huckabee; business manager, Ruth Harmon; assistant business manager, Claude Parrish; other assistants on the staff, Bobbie Gene Medlen and Hope McIntosh. Some additional members may be added later.

The annual, which has been entitled *The Whirlwind*, is under the sponsorship of H. G. Barber and Anne Swepton.

Band News

The band went to Lockney for the game Friday night.

For their stunt, the members lined up on the goal line. After the band and drums announced the band, they started coming out on the field. They marched down the field playing "Beer, Beer", did a counter march, and fell into "The Strawberry Blond". They did a little waltz step to this tune. Immediately after this, the drums started beating the regular beat and they marched to the end of the field playing "On Wisconsin." Doing the square corners, they marched back down the field after doing several flank movements.

The band members wore their overall so that they might save their suits for the Wichita Falls trip next day.

Band Trio to Wichita Falls

Hardin College invited the Whirlwind Band to their homecoming in Wichita Falls, Saturday, November 8th. Very sleepy, the band members and Mr. and Mrs. Haden left Floydada at 3:45 a. m. Saturday morning. They arrived at Wichita Falls just in time to form marching formation for the parade.

After lunch twenty-eight band members entered a marching and stunt contest.

Just before the game that night, a mass band concert was held on the field with all the bands participating. This numbered two thousand pieces. They were also invited to the game that night, to see the Hardin Indians play the A. C. C. Wildcats.

The band party spent the night in the Kemp Hotel and came back Sunday at noon.

In spite of losing the keys to the bus and running out of gas, everyone had a wonderful and educational trip.

Carl Smith Brings Home Top Stud Colt From Seymour Sale

Carl Smith was the purchaser of the top stud colt at the W. R. Cooper Palomino sale in Seymour last week-end, and now has the Waggoner bred animal in his barn in northeast Floydada.

Smith went up to \$1,000 to get the animal with the yellow hide and white mane and tail, but considered the colt the best he has seen of Palomino breeding in the southwest in many a day. Foaled in August a year ago the colt was sired by Rainy Day No. 3, his dam being Joy Reed, both track horses of the Waggoner string, and Palomino since the breed was first established.

have never made the trip by car although he was up the route by air when he "came out" this summer and flew a plane for a brother-in-law back to Anchorage. There will be an ample number of filling stations and they can stay overnight at road houses along the way, says Joe. Automobile parties are making the route right along at the rate of some 30 a day even in the summer-time, he said. Gasoline at Anchorage, which is hauled in 2,200 miles from Seattle by boat, is reasonable considering, about 32 cents per gallon. Business is brisk at his garage. Joe Dolph's brother Robert is running the business while he and Mrs. Montgomery are away. They have a garage with 10 men at work and could use 20 if they had the room for them.

Queen Will Reign

A Homecoming Queen, representing the student body, will reign over the entire Homecoming festivities and will be crowned during the half at the game. The queen will be elected by the student body and will be announced next week.

The feature attraction of the Homecoming is to be the annual football battle with Spur. This is usually the decisive game for the district championship and promises to be an excellent display of gridiron feats.

The invitations have been mailed to as many of the out-of-town exes as addresses afforded. The Notification Committee has been unable to obtain many of the exes' addresses. It would be greatly appreciated if everyone would notify and graciously invite any ex-students known to them. Husbands and wives are also included in these invitations.

Exes Class, Re-Unions

If the ex-students wish class reunions, please notify some representative of the pep squad or band. Again the exes are urged to attend. Participation in the days' events will afford an excellent opportunity to see many classmates and reminisce with them about the happenings at their Alma Mater.

The committees for the preparation of the Homecoming are:

Notification—pep squad.

Financial Manager—Pauline Denison.
