## Party Primaries On Tap Saturday

SATURDAY IS PRIMARY election day, and Friona area residents are urged to go to the polls and cast their ballots for the candidates of their choice.

Some Friona voters, those in the northwest part of town, and many in the south and eastern portion of town, will find themselves in new voting precincts, due to the recent redistricting of the county's precincts.

The south and eastern portion of Friona, along with a two-mile strip east of Highway 214 southward to Hub, find themselves annexed to the Lazbuddie precinct, and will be called on to help elect a commissioner, either Raymond McGehee or Raymond Treider, Jr.

Residents in this section will be voting at the junior high school on Saturday.

Residents of the northwest part of town will now help to elect a commissioner who previously has represented only Bovina and the Rhea area. Democratic candidates are the incumbent, Jack Patterson, Tommy Williams and Radford Venable. The polling place is the Friona Community Center for these voters.

Dale Hart is a candidate on the Republican ticket for Commissioner of this latter precinct, and his supporters will have to drive to Bovina in order to cast a vote in his favor (those living in the northwest part of Friona.)

All other residents of the city of Friona will vote at the high school—also other country voters represented by Ernest Anthony.

The city map showing the new voter boundaries is being reprinted on this page. Election officials have strived to let voters know where to go to cast their ballots, and it is hoped that no one will fail to vote due to the confusion which might prevail. After all, if you get to the wrong poll at first, you can't be more than a few blocks from the right one.

We would urge the Democrats of this area to go to the trouble to write in the name of Richard Collard as County Chairman. Richard did not get his name on the ballot, but has said he would serve another term if elected.

Collard is conscientious, and we hope local voters will take the time to write his name in at the space for County Chairman.

Also, we appreciate the endorsement given this week by District Judge Jack Young and a group of attorneys on the various state-wide judicial races.

If you are like many voters who just don't know who to vote for in these races, turn to the ad on Page 8 of this issue, and see who the attorneys are endorsing.

They have rated the candidates on such matters as their records in overturning court decisions, and have come up with a set of recommendations which might come in handy before you go to the polls.

### New Precinct Lines Enforced During Primary

The new precinct lines, which were proposed earlier in the year and approved by the County Commissioners, will be effective in the primary elections, coming up May 1, according to County Judge Porter Roberts.

Although these lines have not yet been approved by the Justice Department, these will be the guidelines that voters should go by when casting their votes.

Most adversely affected will be the voters in Friona, whose precincts have been worked around in a very confusing maze of patterns.

As far as Bovina is concerned, there should not be any real problems, as the precinct has been able to remain pretty much intact, even after the re-apportionment.

Saturday, May 1 is primary election day for both the Democrats and Republicans, but for voters residing in Friona, the question of "where to vote" may override that of "for whom to vote."

The map of Friona, with new voting precincts is being re-printed on this page for the benefit of those who might have missed it last week.

In the Democratic Primary, the polling place for voting precinct 2 is the Friona Junior High School; for precinct 2-1 the polling place is Friona High School, south (main) entrance. Precinct 2-2 will vote at the Friona Community Center.

Polls will be open from 7 a.m. to 7 p.m. election day.

### Swim Pool Work Is Underway By City

The City of Friona has undertaken a project to improve the municipal swimming pool and its dressing facilities, and have the improvements ready in time for the 1982 pool season.

City Manager Jerry Lewis directed city employees this week on a project to rebuild the dressing rooms at the pool, remodel the snack bar area, add lights for later hours for the pool, plus a number of other improvements.

Lewis is also looking into the possibility of purchasing a type of "thermal blanket," which would be placed over the pool at night to hold the water heat. One of the most common complaints concerning the pool in recent years has been its lack of heat.

The walls of the dressing room area of the pool, particularly the east wall, have been unstable for the past year or more. Workmen from the City of Friona began this week dismantling the walls, and will re-build the dressing rooms. Many of the old concrete tiles can be re-used in the project.

The snack bar area at the pool has been stripped of its floor tiles. A non-skid floor will replace the old tiles.

Bright lights are to be added on the four poles, two on each side of the pool, which would enable the pool to remain open in the evenings, or make

Also, due to the redistricting situation, voters in the Friona area will be electing two additional precinct chairmen, and these chairmen will have to be written in.

Jay Beene, a resident of voting precinct 2-2, is the only precinct chairman candidate on the Democratic ballot. Otherwise, Danny Kendrick has indicated that he would serve if elected as chairman in Precinct 2-1 (high school box), and Fred Florez is a write-in candidate for voting precinct 2 (junior high box).

County Democratic Chairman Richard Collard, whose name is also not on the ballot, has indicated that he would serve another two-year term if elected, but his name likewise will need to be written in by voters in the

Democratic primary, if they so desire to re-elect him to that office.

"We realize that the situation at the local precinct elections is bound to be confusing, due to the boundary changes, but if voters will consult the maps being published, they should have no trouble finding the right place to vote," Collard said. Larger scale maps are posted on the bulletin board at the Friona Star office, for anyone wishing to inspect them more closely.

Highlighting the Democratic Primary ballot will be the governor's race, where six candidates are seeking the nomination. The best known of the six are present attorney general Mark White, present land commissioner Bob Armstrong, and railroad commissioner Buddy Temple.

A runoff in June appears to be virtually certain for this race.

The attorney general's race also looks to be interesting, due to the re-emergence of Max Sherman into the political arena. Jack Ogg is his principal opponent in the primary, although two other Democrats are running.

The state treasurer's race also drew four candidates, principally Lane Denton and the incumbent with the famous name, Warren G. Harding.

On the county level, two county-wide offices are contested. Benna Felts, the incumbent treasurer, is opposed by Anne Norton of Farwell.

For District Clerk, where longtime clerk Dorothy Quickel is retiring, Cynthia Thippen and Marjorie Watkins, both of Farwell, are the candidates.

In commissioner's precinct four, which now includes a portion of Friona (east, southeast and

### Star Issue Is Out Early

This issue of the Friona Star went to press early, and is being received by most readers earlier than usual.

Reasons for the earlier than regular time include the primary elections to be held on Saturday. A number of the political candidates have included their final advertisements in this issue.

ALLSUP'S NUMBER 225... The newest in the chain of Allsup's Convenience Stores, located at 1311 West Highway 60 in Friona, is shown as Grand Opening activities got underway at the store on Thursday. Grand opening continues through Saturday night. Allsup's also plans a second new location in Friona, on East Highway 60, with construction to get underway in the near future.

## Grand Opening Underway At Allsup's Store

A grand opening sale is underway for Friona's new Allsup's Convenience Store, located on West Highway 60 in Friona. The sale started Thursday, April 29, and continues through Saturday, May 1.

Customers have been treated with a free bag of groceries every half hour, from 9 a.m. to 7 p.m. each of the three days. They are also asked to register for a 26-inch Huffy 10-speed bicycle, to be given away Saturday at 8 p.m.

Customers are also being offered a variety of money-saving specials during the Grand Opening Sale. See page 3 of this issue for the advertised specials.

The newest Allsup's Convenience Store, located on West Highway 60 in Friona, is number 225 in the growing chain of stores, founded by Lonnie Allsup in 1956. The Clovis-based corporation serves portions of New Mexico, Texas and Oklahoma.

Friona has played a vital role in the development of the Allsup's operation. The company's old location on Highway 60 and Prospect Street, was number seven in the chain that now numbers over 200 stores.

And the expansion of Allsup's in Friona is not finished, as a building permit has been issued, and groundbreaking is expected to begin soon on another new store on East Highway 60, two blocks east of Main Street and north of the highway.

The stores represent a capital investment of over \$500,000 each, according to Russell Haley, the company's director of real estate.

"The residents of Friona have been good customers since we have been in business there. Sometimes we have been busy expanding to new towns and have neglected updating our old locations. But we appreciate Friona, and the additions of the two new stores should be an indication of this," Allsup stated.

The addition of the new store will add to the local economy by adding another payroll. Donna Asher is manager of the new store. Other employees there are Gordon Asher, assistant manager, Donna Gail Asher and Katie Stone.

Ann Gee, who has served as Allsup's local manager for a number of years, will continue as manager of the old location store until completion of the new store on East Highway 60. Other employees at Number Seven store are Bonnie Pope, Jimmie Sue Gibson, Jennifer Woody, Teena Nunley and Larry Wilson.

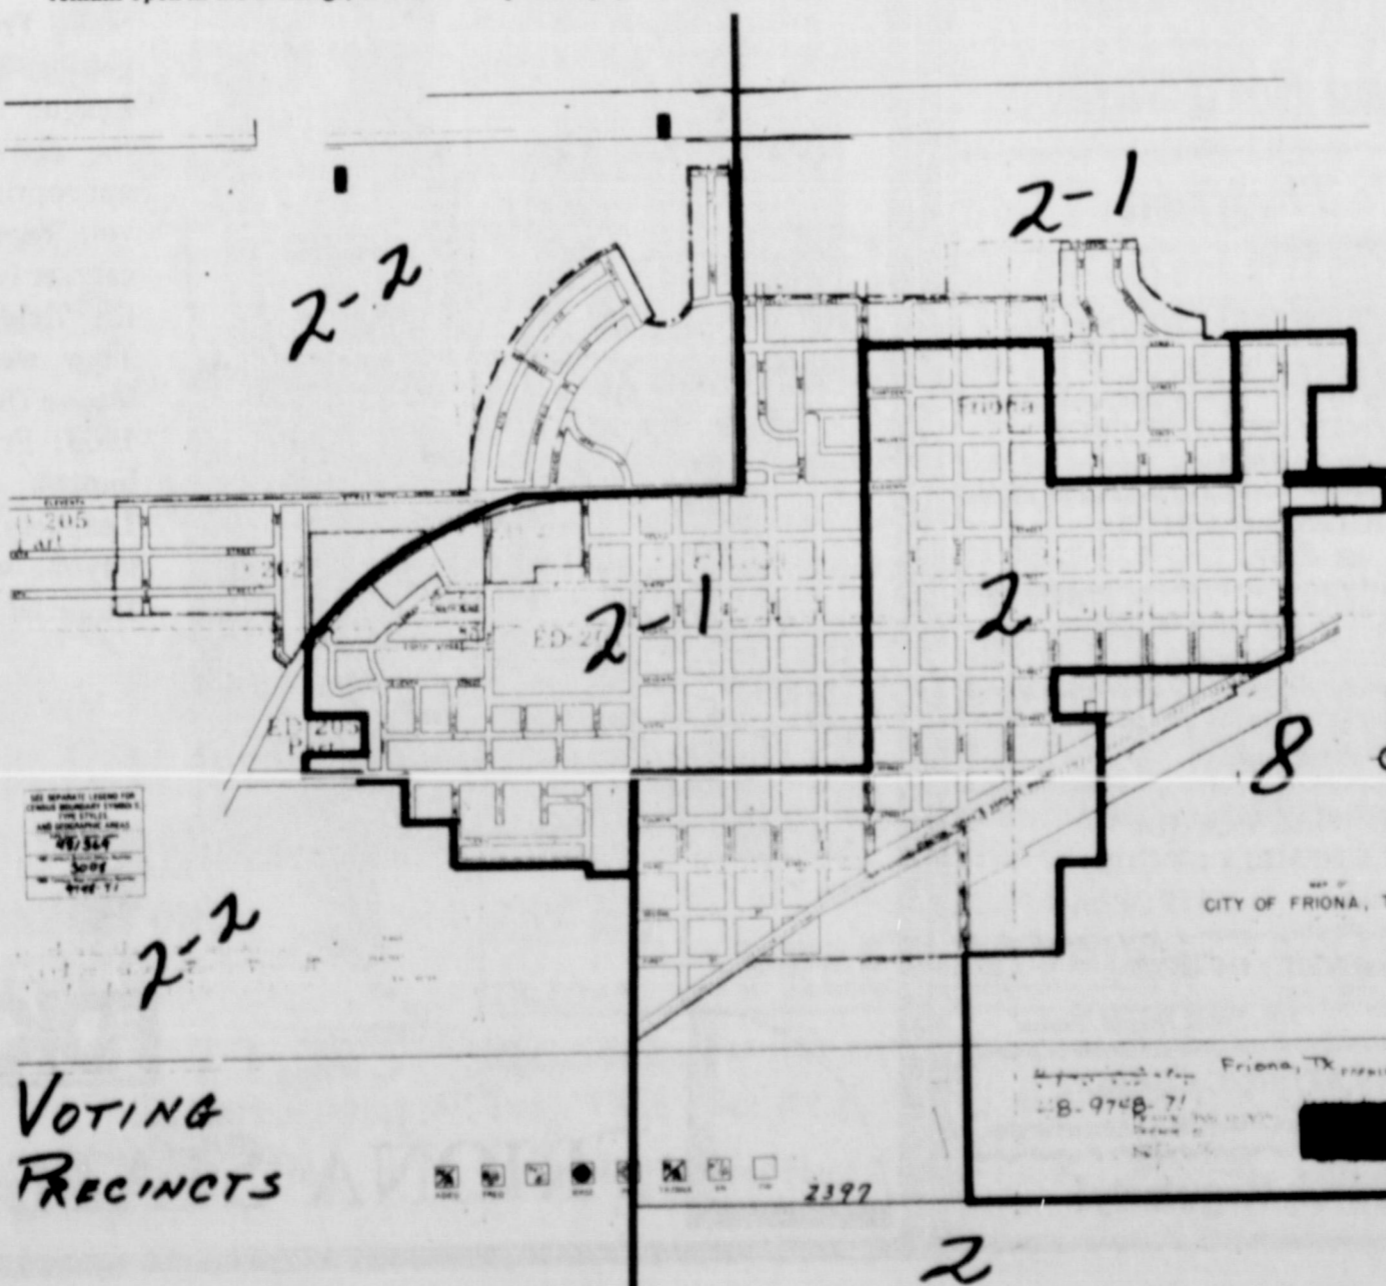

Shelby Bishop of Hereford serves as Allsup's district supervisor, and has been in Friona a considerable amount of time prior to and during the current grand opening sale. Other Allsup's company officials were slated to be on hand during the three-day extravaganza.

Lonnie Allsup attributes his success to the philosophy of providing convenience and service to the customers.

In the convenience store field, Allsup is an innovator, willing to try new ideas in retailing. And he usually is followed by the larger, national chains.

It was Allsup who started selling cooked foods through convenience stores and he was one of the first operators to sell gasoline—a concept he and other convenience store owners initially had pooh-poohed.

## County Scales Check Shows Accuracy Rate

Parmer County people can count on getting their money's worth in weight through the year if the products are weighed on local scales or gas pumps. Agriculture Commissioner Reagan V. Brown said today.

In the county there are 202 weighing devices of different types, ranging from 106 fuel pumps to 55 supermarket scales.

"Our Department regularly checks the commercial scales in the county and has found that they conform to our previous surveys across the state. Of those that were above or below tolerance, not many scales were off by significant amounts. Also, as many were giving the customer too much of the product as were giving too little. Because of frequent checks, scales are not out of calibration very long," Brown said.

"Business owners are glad to see us come in because as often as not, they have been losing money if their scales were not accurate," Brown said.

The Texas Department of Agriculture has inspectors assigned to every county. They are trained to check all different types of scales—

from those of medicines in a pharmacy to those for livestock and grain.

The inspectors also spot check packaged goods, such as cereals and crackers, to make certain that the weight stated on the label is accurate. If on the average the weights of the packages are below the amount stated on the label, the shipment is put on a Stop-Sale order. The store owner then either returns the items to the processor or as is the case very often, gives them to charitable organizations. Meat packaged in the supermarket as well as processor packs are also checked by Department inspectors.

Held at the company's home offices in Clovis, N.M., the class is a requirement for all Allsup's assistant managers. According to Whittington, "The training prepares individuals for future advancement by teaching them proper food handling, cooked food procedures, store cleanliness and maintenance as well as public relations. It's designed to produce a more professional employee who can better serve the customer and community." Gordon will return to his store at 1311 W. Highway 60 in Friona to assume the duties of assistant manager.

**Golfer Gets  
Hole-In-One  
At District**

FHS golfer Wade Davenport, playing as a member of the school's "B" team in the District 2-AAA tournament, realized the golfer's dream at the tournament in Muleshoe on Tuesday, scoring a hole-in-one.

Davenport made his shot on the 118-yard hole number nine, and used a nine-iron.

It's the second hole-in-one for a FHS golfer this season, as Kim Carthel made one during a practice round earlier in the year. But Davenport's shot was under sanctioned conditions, and in tournament play.

**Golf Team  
Competes  
In Meet**

The Friona Squaws' golf team competed in the girls regional meet last weekend in Lubbock.

The team's score of 1022 rated 11th in the tournament. Tulia won the meet with a score of 812, and Kermit grabbed the other state tournament slot with an 820.

Friona players' scores were: Faith Wright 117-125-242; Patsy Aragon 131-124-255; Kim Carthel 122-133-255; Carol Dement 149-126-275 and Sherri Brownd 146-147-290.

Other teams in the regional field were Fabens, Muleshoe, Spearman, Tulia "B," Seminole "A" and "B," Breckenridge "A" and "B," Dalhart, Slaton and Tahoka.

The Friona varsity, Jeff Fontanilla, Scott Straw, Mark Tucker, Kirk Wright and Paul Melton, will compete at the Region 1-AAA tournament May 6-7.

**DISTRICT CHAMPS...**The FHS golf team won the District 2-AAA title after their final match this week. From the left are Jeff Fontanilla, Kirk Wright, Mark Tucker, Scot Straw Paul Melton.

**Golf Team Wins District**

The Friona Chieftain golf team won the District 2-AAA championship Tuesday after the final district tournament at Muleshoe.

Friona's varsity team shot a 325 to 334 for Muleshoe, to win the district title by 55 strokes over the Mules. The three-tournament total was 975 for Friona to 1030 for Muleshoe.

The real battle, however, was for district medalist, where Muleshoe's Sammy Gonzales shot a 71 on the cold, windy day, but Friona's Jeff Fontanilla and Scott Straw held on for the top two places.

Final standings in the medalist race were as follows: 1. Jeff Fontanilla, Friona, 232; 2. Scott Straw, Friona, 233; and 3. Sammy Gonzales, Muleshoe, 234. The top two players are eligible to compete for regional medalist honors.

Individual scores for all Friona players (A and B team members) were as follows, in the Muleshoe tournament:

Scott Straw 72; Jeff Fontanilla 76; Kirk Wright 85; Wade Davenport 87; Bill Caudill 88; Edward Garcia 89;

**WINS FIRST....**The Friona Star volleyball team recently took first place at the Cochran County March of Dimes tournament in Morton. # Chieftains Qualify Several To Regional

The Friona Chieftains had a banner day at the District 2-AAA track and field meet Monday in Hereford, qualifying both relay teams and seven individuals for the regional meet.

As a team, the Chiefs scored 140 points, to finish as runnerup to Muleshoe in the race for the district team championship.

"We did about as well as we expected to do, overall. We did better in some events, and not as well in others (as we thought we would)," said Steve Williams, FHS boys' track coach.

Team members came up with only four best marks of the season, in spite of a warmer than usual day for the meet (although the wind did hamper some events).

Junior Mike Neill and seniors Robert Osborn and Nelson Jackson, led the list of regional qualifiers.

Neill won two events, the long jump, with his season's best jump of 20 feet, four inches, and the 100-meter high hurdles, again with a personal best of 15.09. The Chieftain thinclad also placed fourth in the high jump, clearing 5-10, which was three inches off his best mark of 1982.

Osborn also qualified for regional in two events, finishing second to Neill in the high hurdles in his best time of the season, 15.27, and was also second in the intermediate hurdles to Littlefield's Bill Davidson in 40.93.

Osborn also led off Friona's mile relay team, which qualified for regional. The relay foursome was edged at the tape by Littlefield, and was timed in 3:33.17.

Other members of the relay team are Eloy Caballero, Alfredo Mata and Nelson Jackson.

**PHOTO FINISH...Littlefield's Bobby Price, right, is shown barely nipping Friona's anchorman, Nelson Jackson, in the 400-meter relay finals at the district meet. Time difference was in hundredths of a second, Littlefield clocked in 44.84, to Friona's 44.88. Both teams go to regional, however.**

Jackson will also be involved in three events at regional. The Chieftain speedster won the 200-meter dash in 23.06, slightly off his best time of the year. He also anchors both the mile and sprint relay teams.

Jackson was nipped at the finish of the sprint relay by Littlefield's Bobby Price. Littlefield's time was 44.84, and Friona was a close second at 44.88. Other FHS team members are Charlie Morgan, Robert Caballero and Eloy Caballero.

The Chieftains ran in lane six, which wasn't exactly the choice lane, and their final baton exchange wasn't letter-perfect, or they would have had the gold medal.

Also qualifying for the regional meet were Thomas Merritt, with his season's best pole vault mark of ten feet even, and Troy Crutchfield in the 3200 meter run in the time of 11:23.12.

Near-misses for regional qualifiers were Michael Chaney in the discus at 131-4 1/2 (third); Bruce Patterson in the 800-meter run, 2:06.87 (third); Eloy Caballero in the 400 meters, 53.02 (fourth) and Charlie Morgan in the 100 meters, 11.48 (fourth).

Other point-winners for the Chieftains in the meet included Robert Caballero in the long jump, fourth at 19-3; Tony Lafuente, fourth in the 3200, 11:26.08; Patterson, fourth in the 1600-meters, 4:58.02.

Also, Carl Jackson, sixth in the shot, 40-4; John Aguirre, fifth in the 800, 2:10.57; Rich Malouf, sixth in the 800, 2:11.35; Malouf, fifth in the intermediate hurdles, 44.04 and Morgan, fourth in the 200-meters, 24.11.

Team standings: 1. Muleshoe 158; 2. Friona 140; 3. Littlefield 106; 4. Olton 60; 5. Dimmitt 50.

**FRIONA WINNER...Ben Neelley, right, member of the Freshman Chieftain track team, is shown winning the freshman division of the 100-meter high hurdles. Neelley scored an impressive win in the event.**

## did you know?

The add-on heat pump can provide both central cooling and heating. The pump can be used with your existing heating system and can provide all your heating requirements on moderately cold days. The add-on heat pump also saves on your overall heating costs by providing up to two units of heating energy for each unit of electricity it uses. And the pump automatically switches over to your existing heating system whenever it cannot meet your home's complete heating needs.

John Kallas, Consumer Services Representative, Lubbock

Of the known recoverable energy reserves in the United States, nearly 80% are in the form of coal deposits. This is one reason for Southwestern Public Service Company's decision to switch to coal-fired power plants. Today, more than 40% of the electricity produced by SPS is generated by coal-fueled boilers. At SPS, we expect to produce almost 60% of our customers' electricity with coal by 1985.

Earl Zwickey, Plant Engineer, Tolk Station, Muleshoe

Microwave ovens use less electricity because they cook faster than conventional ovens. Microwaves cost less to operate than conventional electric ranges and can save on summer air conditioning costs as well, since they use a cool cooking method. Faster cooking helps foods retain their natural flavors, vitamins and minerals.

Connie Moyers, Home Service Advisor, Clovis

Knowing what electricity is worth is worth knowing. For answers to your questions, call or write your SPS manager.

northeast), incumbent Raymond McGehee and a former commissioner, Raymond Treider, Jr., both of Lazbuddie, are the candidates.

In commissioner's precinct two, which also has been redrawn to include the portion of Friona north and west of Highway 60 and north Highway 214, incumbent commissioner Jack Patterson is opposed by Tommy Williams and Radford Venable, both of the Bovina area.

Other county officials, including Judge Porter Roberts, Charles Aycock, clerk Bonnie Warren, and district judge Jack Young, are unopposed.

.....  
In the Republican primary, there are only four contested races. The race drawing the most interest is that for U.S. Senator, where Dallas legislator Jim Collins hopes to challenge incumbent Democrat Lloyd Bentsen. He first must beat GOP challengers Don Richardson and Walter Mengden, but should have little trouble.

The other two contested GOP races are for state comptroller (Raymond Frank vs Mike Richards) and land commissioner, where three are running: Woodrow Glasscock, Jr., Andrew Jackson and Al Gutierrez.

The Republican ballot has five propositions, including those for parimutuel betting on horse races, mandatory jail time for repeat DWI offenders, initiative and referendum, banning private ownership of handguns, and abolishing the Sunday closing laws.

Mr. and Mrs. Don Blessingame of Colorado City, Texas were recent visitors in the home of Mr. and Mrs. Glyn Hamilton of the Black Community.

Blessingame is Mrs. Hamilton's brother.

Out-of-town guests in the home of Mr. and Mrs. Alvin Gaines and Kay last weekend were Mr. and Mrs. Doug Gaines and son, Michael, Amarillo; J.D. Gaines of Roswell and David Merrell, Bovina.

Mrs. Jeff Harkey and sons and Linda Martin, all of San Angelo, were weekend guests in the home of Mr. and Mrs. Lawrence Martin. Mrs. Harkey is the former Susan Martin.

Members of Black Study Club are planning their annual Mother's Day Tea. This tea is for all Golden Age Women in the community and all members of the club will feel honored if you will come.

There will be a program and refreshments will be served. Festivities will begin at 2 p.m. at Friendship House, Thursday, May 6.

Mrs. Donna Hamiga and son, Darin, and daughter, Terri, who is a student at the University of New Mexico, came down for a weekend visit in the home of Mrs. Hamiga's grandmother, Mrs. Eula Hamilton, who lives at 1206 Elm.

Rene and Jinx Snead drove down to Abilene last weekend for a visit with one of Jinx's nieces, Robin Waites, who lives there.

Robin's mother, Joan Gray Waites and sister, Debra, who live in Port Arthur, were also there.

Saturday afternoon the ladies attended a bridal shower in Merkel honoring Robin. Another guest in the shower was Pearl McClain, a former teacher in the local school system.

She has been retired several years, but still keeps busy with hand work

and hobbies and sent greetings to her friends here by the Sneads, who returned home Sunday afternoon.

Mrs. Arma Coffman, who had been a medical patient in the local hospital several days, was dismissed and returned to her home Tuesday morning. Out-of-town visitors in her home recently have been her youngest son, Clifton, who lives in the Fort Worth area, and his daughter, Lisa.

One of her daughters, Mrs. Woody Glascock of Albuquerque is here at the present time.

Watson Whaley returned home from Amarillo one day last week. He had been a surgical patient at St. Anthony's Hospital, then spent some time in the home of Mr. and Mrs. John Sutton, who live there, before returning to Friona.

Mr. and Mrs. Sutton were down here last weekend. Mrs. Sutton is the former Lou Whaley.

Recent visitors in the home of Mr. and Mrs. Herschel Johnson have been Mr. and Mrs. Jack Crownover, who live at Nacona, Texas.

Hoyt and Kathryn Smith recently made a flying trip downstate to visit kith and kin. Their first stop was in Sherman, where they were guests in the home of Mr. and Mrs. Mike Smith and daughters.

Their next stop was in Austin, where they visited their granddaughter, Dana Smith Malouf, and her husband, Joey. The Maloufs are students at Texas University.

The Smiths reported a lot of rain and beautiful shrubs, wild flowers and green grass.

Mr. and Mrs. Howard Allen of Shallowater were Wednesday visitors in the home of Mrs. Allen's sister, Mrs. Juanita Wright.

Mrs. Bob McKee and sons of Cortez, Colorado, have returned to

their home after a visit in the home of Mr. and Mrs. Grady Nelson. Mrs. McKee is the former Jeannie Nelson.

Mike and Lynn Blackburn Hutson moved to Amarillo last weekend. They have both been employed by White's Auto Store and have been living at 1508 Cleveland.

Two Frionans, Olive Massie and Carol Ellis, returned home Sunday after a week long stay in Salt Lake City, Utah. They're both "family tree" enthusiasts and went with a group from Amarillo to Salt Lake to research files, which are reported to be very well kept and up-to-date.

Think they were so busy researching that they didn't do a lot of sightseeing. The weather was colder than they expected, so the lack of winter coats may have helped them decide to stay inside more.

Pat Fallwell, a surgical patient at High Plains Baptist Hospital in Amarillo is reported to be in good condition by one of her daughters, Jimmie Sue Gibson.

Martha Euler, who has been a patient at High Plains Baptist Hospital in Amarillo and Parmer County Community Hospital, is at home. She was released from the local hospital Friday.

Lucy Welch, a resident of Prairie Acres, is a patient at High Plains Baptist Hospital, Amarillo.

If anyone collects clever bumper sticker slogans, here's one we observed between here and Hereford one day last week. An older couple drove down the highway in a very elaborate looking recreational vehicle.

Above a Vermont license tag was a bumper sticker, which read, "WE'RE SPENDING OUR CHILDREN'S INHERITANCE."

## AAM Endorses AAC April 19

American Agriculture Movement National officially endorsed the American Agriculture Clearinghouse marketing co-op (AAC) Monday, April 19, 1982.

The marketing co-op is headquartered in Monroe, Louisiana and will be offering contracts on wheat, cotton, corn, milo and soybeans for 85 per cent parity. Thus far, only Louisiana and Mississippi are cleared to sign contracts. We are working in most states to be cleared and make it a nationwide project.

We will need to sign as much production nationwide as possible in order to make it work most effectively, even though those who do sign will receive 85 per cent parity for their production. This program will work the same as if the Secretary of Agriculture actually set the CCC loan rate at 85 per cent parity. Although the whole program is a farmer's marketing co-op, the only basic requirement is to participate in the USDA-ASCS program and purchase one share of stock per member for \$100.00. Your State Delegate can give you more information.

This can be one of the greatest things that has ever happened to American Agriculture if we all work together.

Constructed price per unit measure: 1. Wheat, \$6.03 per bushel, No. 2 grade; 2. Cotton, \$5.099 per pound, SLM 1-1/16; 3. Corn, \$4.16 per bushel, No. 2 grade; 4. Milo, \$6.97 per hundredweight; 5. Soybeans, \$10.62 per bushel, No. 2 yellow.

For more information call Garvin Thorn, Friona, 265-3437.

AT OPEN HOUSE.....Margaret Duggins, left, is showing two visitors, Katie Osborn and Ilene Osborn, a portion of the new elementary school at last Sunday's open house for the new school facility. Hundreds of visitors availed themselves of the opportunity to see the re-modelled facilities.

## Honorarium Books Planned For Library

Friends of the Library announced this week that a new place is being planned for the Friona Public Library.

Two volumes in which all honorary donations and memorial contributions to the library will be permanently recorded.

With the approach of Mother's Day it is noted that these permanent honorariums and memorials will be a beautiful way in which to remember our mothers and other loved ones both living and deceased.

These Honorarium books and Memorial registers will be on

permanent display in the new library for years to come," according to a spokesman for the Friends of the Library.

## Tornado Drill Set Thursday In City

On Thursday, May 6, at 7:15 p.m., (weather permitting) the Friona Emergency departments will sound the tornado warning sirens. This will be long blasts in succession.

The all clear will be sounded at about 7:20. This will be several short blasts.

This is to familiarize the town with the tornado alert siren system since the tornado season is now here.

A local spokesman for one of the emergency departments said that it was a good idea to have a tornado drill with your children on what they should do if the tornado siren should sound and the parents be away from home.

Also, he asked that if a tornado siren sounded during school hours, leave your child at school instead of trying to go pick them up. The school has had tornado drills and the children would be better protected there than in a car.

Here are some steps to take when a tornado threatens: Stay away from windows, doors and outside walls. Protect your head.

In homes and small buildings, go to the basement or to an interior part on the lowest level. Get under something sturdy.

In schools, hospitals, and public places, move to pre-designated shelter areas. Interior hallways on lowest floors are best.

In mobile homes or vehicles, leave them and go to more substantial shelter.

If outdoors, with no shelter available, lie flat in nearby ditch, and shield head with arms.

## State Crude Oil Totals Include Parmer's Well

The tenth consecutive year of production at the maximum efficient recovery rate in nearly all of Texas' oil and gas fields pushed the state's output of crude oil and condensate last year to nearly 929 million barrels.

The total of 929,710,351 barrels included more than 897-million barrels of crude oil. Figures compiled by Texas Mid-Continent Oil & Gas Association also indicate that more than 31-million barrels of condensate were produced.

Texas' drilling boom, spawned by crude oil price decontrol, continued last year. Figures from the Railroad Commission's Oil & Gas Division show 24,998 new holes drilled in the state last year, an 18.1 per cent increase from the 1980 total of 20,490 wells. Oil completions stood at 15,627, up 21.2 per cent from 1980, while drilling applications jumped 17.8 per cent between 1980 and 1981. A total of 47,940 applications were received last year, compared to 39,442 in 1980.

Last year's crude oil and condensate production total was 31.6 million barrels below the 1980 figure, a decrease of 3.3 per cent. It marked the ninth consecutive year of a downward trend since Texas' output peaked at near 1.3 billion barrels in 1972. However, 1981 production from the nation's number one petroleum producing province pushed the all-time cumulative total since 1866 to more than 46.6 billion barrels of crude oil and condensate.

Avery Rush, Jr., of Amarillo, chairman of the Dallas-based Association, noted that although the production decline continued last year, the 1981 decrease reflected a slowing in the rate of decline. It was the lowest percentage drop in the past five years.

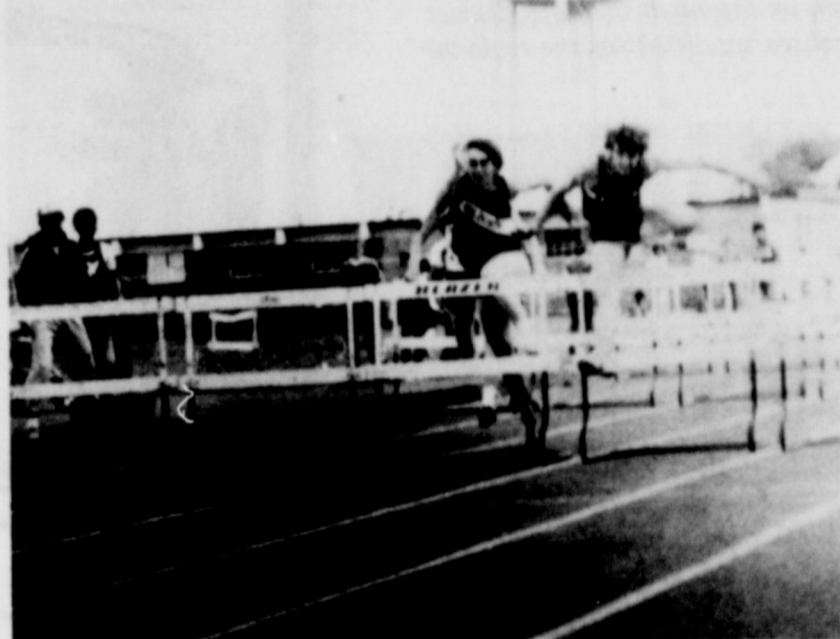

"It is very encouraging to see that the unprecedented drilling activity of the past two years is beginning to have a positive effect on Texas production," Rush said. "Only by increasing our reserves can we eventually turn around our production decline. And the only way to increase reserves is by drilling," Rush said.

Parmer County, which has had recorded production since 1963, has a total production through the end of 1981 of 144,000 barrels of crude oil.
