They Named Texas Gas President

Hinchey of Lubbock, for the 14 years Vice President and Manager of West Texas Gas Company, is now President and Manager of the company. He succeeds R. E. Wertz.

Hinchey, who relinquished the position of chairman of the Amarillo Oil Company, an active affiliate. The change to enable Mr. Wertz to devote more time to special work of affiliated companies, was following a meeting of directors of the company in Kansas City on Tuesday. Hinchey came to West Texas Gas, Oklahoma, on June 1, 1933, in charge of the construction of a gas transmission line through the Panhandle gas field down south plains, and of districts in the various cities which were to be served. Two February 29th Births In Floydada

Two of Floydada's new babies of the week were born on February 29 and accordingly will not have another birthday until they are "great big" youngsters four years hence. Woody Lynn Berry, who weighed in at 6 pounds and seven ounces, was born at 3 o'clock Sunday morning, son of Mr. and Mrs. Harold L. Berry, 405 West Lee street. Mother and son doings nicely. Woody Lynn has a brother, Charles Lewis, 4 1/2 years old. Their father is associated in the Berry Produce & Feed business.

Rebecca Lee Roberson was born at 1 o'clock Sunday morning, the daughter of Mr. and Mrs. Emery L. Roberson, 629 West Jackson. She weighed seven pounds, 12 ounces. Mother and daughter are doing nicely. Rebecca Lee is the second daughter in her family, an elder sister being Hope, age 5. Mr. Roberson is parts department manager for Bishop Motor company. Both of the new "Leap Year day" babies were born at Pitts hospital.

EDITORIALS

The weather department of The Hesperian is terribly embarrassed and in some minds discredited by one or two minor happenings and a clerical error or so which transpired in the month of February. February always has been a hard month and an unlucky one in this office. Briefly, we make a resume so you'll understand why we are not quitting the weather business; January 28 it thundered, loud enough that it was heard from nine miles northeast of Floydada to 13 miles southwest, a distance of 22 miles. To be conservative we reported this clap as a 21-miler although nine and 13 certainly makes more than 21. But we argued that one of the hearers might have been a mile or so from home enroute somewhere, which is what most everybody is these days. Thumbing through our weather library, including the Ladies Birthday almanac, we hunted down the thunder-in February-frost-in-April (60 days) arrangement which Nature inaugurated along with tarantulas and other prairie small life when West Texas weather matters were being negotiated. All we did was to substitute January for February in the month column and 60 for 90 in the number of days column, and come out with the answer April 28. As it turned out, we missed the actual frost day in April by four days. That is not bad, of course, in a wheat country, but inexcusable in the minds of our customers, which includes principally those from Lamar, Denton, Bosque and Titus counties. Four days wouldn't make a lot of difference on a less important matter. But we put it down and charge ourselves with an error: The frost date is April 24 not April 28. We haven't figured out why we should have put it down in black and white that it wouldn't thunder in February, (it thundered on February 24) but that could be explained easily, no doubt, if we had time to go into the matter more fully. Many people do not understand that in a newspaper office the chores are many and varied. We have no idea of abandoning our long-established custom of giving the public the benefit of our pre-knowledge of weather events just because the pages of our figuring book got stuck together one time.

The more unstable the equilibrium (in business) the more vulnerable the situation becomes, until finally there is a collapse. Sometimes collapse stems from some external force, but at other times the balance is so precarious that the events causing the upset are not of sufficient importance to be noticed. Probably the most important element of the present business situation is the degree of unbalance present, since the level of business during 1947 was an all-time high—U. of T. Bureau of Research.

Abstractly nobody condones lynching and abstractly few favor a law requiring poll taxes as a pre-requisite to vote. So on this bare statement one wonders why Southern or Northern or any other Democrats should oppose the move in Congress for an anti-lynching law, for a law prohibiting poll taxes. And the Fair Practices Employment act also has a well-meaning background, doubtless. One objection to them all is that they substitute federal for state authority in these important matters of civil rights. They project the FBI into the civil affairs of communities such as Floydada. They are, or would be harmful, as much in New York or Connecticut as in Texas and actually are not believed in by people in communities of those states, for example, any more than they are believed in by Floyd county people. By federal law the attempt will be made to govern people's prejudices, their racial instincts, whom an employer shall hire. "Direct action" is provided for by opposition in Virginia where to think is to act against the candidacy of President Harry S. Truman as the standard bearer of the Democratic party. In Texas the leaders of the Democratic party are counseling against firing before the enemy is close enough to be hit. To keep the record up-to-date, it should be said here, we assume, that the Democratic party's standard bearer four years ago as a candidate for the vice-presidency was for "civil rights" then.

People of Texas and the nation are waging of fight in Congress now trying to meet the onslaughts of those who have convinced the Supreme court that, by court legislation some property rights reserved by the states can be taken over by the federal government. This is in the "Tidelands" matter. On the face of it the case seems to wade out too deep for such small fry as The Hesperian's editorial writer to discuss, and too big for ordinary people of Floyd county to be concerned about. The fact is the matter is bedded in the same kind of reasoning that governed when the constitution was adopted, as simple and direct as can be. Times are no more "complex" now than they were in the colonial days. People are only more willing to hunt escape from their responsibilities in preserving their liberties. The attempted "tidelands" steal is similar in its approach to the lives and liberties of the American people to the anti-lynching, the anti-poll tax, the Fair Practices Employment act. It is elemental and not "involved" at all. Its attempts to steal the liberties of the people is just undertaken by a different crowd.

A MILLION MILES of telephone wire

PROGRESS REPORT ON TELEPHONE SERVICE

This year we will install a million miles of wire in telephone cables in the Southwest.

These cables will connect telephones to switching equipment in the telephone office. Inside the lead cable sheath are hundreds of tiny wires, and it takes one pair of those wires for each telephone line.

Most telephone cables are full today. All wires are in use serving as many people as possible. New applications keep coming in almost as fast as we can

install new cables to connect telephones. That's why we need more cables in practically every telephone exchange.

Even a million miles of wire in cables won't be enough. We need to continue asking people to take party-line service — so that one pair of wires may serve as many as four families.

If you're one of those waiting, you may be sure that we're working hard to get and place cables to connect your telephone as soon as we can. We don't like to keep anyone waiting for telephone service.

Specialist Talks Members of County Council

Floyd County Home Demonstration Council met Saturday, Feb. 21, at 2:30 o'clock in the court room with the chairmen, Mrs. Carrick Snodgrass presiding. Sixteen clubs were represented by twenty-eight council members. Miss Helen Swift, Specialist in Men's Organizations of A. & M. College and Miss Kate Adele Hill, District Agent for District 11, were the seven visitors.

Recreation was furnished by Pleasant Valley club with Mrs. Cope and Mrs. A. M. Dorsey in charge. Thirteen new members were added to club rolls according to reports given by the club presidents during roll call.

C. L. King, chairman of the Extension-Expansion committee presented further plans for carrying out the recommendations of her

committee. As a means of cooperating with the Good Neighbor Policy each club president drew a clip of paper on which was written the name of a country in the Americas which her club is to study during the year.

A plan was outlined for each club to entertain a neighbor club sometime this year. A study of the council manual was given by Mrs. Willie Bunch of Lakeview. A true-false test was conducted by Mrs. Bunch.

Miss Swift spoke to the group on Rural Women's work. She stressed the importance of the work of club leaders and club demonstrations. Miss Hill extended greetings and explained the object of the Better Radio Listening Program which is being tried in District 11.

Council representatives present for the meeting were: Mesdames Hershel Green, Baker; J. V. Greer and M. J. McNeill, Center; C. A. Caffee, Dousherty; Lee Rushing, Friendship; Zant Scott, Harmony; O. G. Mayfield and John Lloyd, Homebuilders; Willie Bunch, Lakeview; F. L. Brown, Lockney; C. L. King and Herman R. King, Lone Star; Lee Pooe, Pleasant Valley; Bill Butth and Jake Jones, Providence; Lynn Miller and Arlon Miller, Sand Hill; J. B. Smitherman, South Plains; S. L. Holmes and R. L. Harless, Starkey; W. A. Lovell, Sunnyside; and the County Home Demonstration Agent, Miss Leila Petty.

Mrs. Lula Moore spent the weekend in Lubbock, guest of her daughters and families, Mr. and Mrs. Bob Cole and Mr. and Mrs. R. V. Smith.

Weekly SURPLUS NEWS WAA

Texas veterans received new assurance this week that their preference rights in acquiring war surplus materials will not be discarded in War Assets Administration's rush to finish its disposal job. Site liquidation sales which include initial offerings of surplus goods will provide for a period of inspection by priority groups, with World War II veterans receiving next to the highest priority. In the southwest, sales now being planned will also give veterans at least fifteen days advance notice, according to Colonel Karl Wallace, head of the Grand Prairie office.

In plenty of time for the spring wheat harvest comes news that 409,000 bales of top quality binder twine have turned up among Uncle Sam's war surplus. This Mexican Henequen twine is stored at various War Assets depots, much of it at New Orleans, Louisiana. The WAA is seeking buyers at low, fixed prices per bale, although the minimum purchase to be considered will be a carload consisting of 1,600 bales. Orders should be sent to WAA's Washington, D. C. office before the March 16 closing date.

For those who are interested in building bargains, the WAA has 31 surplus structures at North Camp Hood, near Gatesville. Since this is a residue of buildings to be cleared from this Texas camp, the sale will be by sealed bid on a non-priority basis. Dental wards, officers mess, guesthouse and standard GI construction are included. The camp will be open for inspection between March 1 and March 12, final date when bids are acceptable. Special forms and other details are available at the awarding office, in the WAA plant, Grand Prairie, Texas.

Floyd Women Attend Study of Organization

Eleven Floyd County women including the Home Demonstration agent, Miss Leila Petty, attended a training meeting on county Home Demonstration council organization held in Plainview February 23.

The meeting, under the direction of Miss Helen Swift, rural sociologist of A. & M. college and Miss Kate Hill, District agent for District 11, included five counties and was the third meeting of its kind held in the District.

More than 65 women from Bailey, Castro, Swisher, Hale and Floyd Counties attended the meeting.

Miss Helen Swift explained in detail the work of each county home demonstration council committee, and Miss Kate Adele Hill spoke to the group on the radio listening program which is being tried out in District 11. The purpose of the program is to encourage better radio listening habits among all club women who are interested in it and also to give special emphasis to radio programs being conducted by the Extension service, Texas A. & M. college in District 11.

Those attending from Floyd County were Mesdames George Stiles, Friendship Club; C. L. King and Herman R. King, Lone Star, John Lloyd and O. G. Mayfield, Homebuilders; Bill Butth, Providence; Willie Bunch and Orvus Shearer, Lakeview; A. M. Dorsey, Pleasant Valley and Carrick Snodgrass, Harmony.

Friend Dedicates Brief Eulogy to R. F. Hall, Dec'd

Relatives and friends of R. F. Hall as they clasp sympathetic hands have more cause for joy than sorrow when they think of husband and father who is dead but liveth forevermore.

The thought should be a benediction to them as his example is a sweet memory.

To his children and wife I would say, "weep not as those that have no hope, as death to him is only a fuller life and a larger work. Look to the heavenly Father who can heal the broken heart, that no earthly being can do." We know there is a vacancy in the home that no other can fill, except the Greater Being.

I extend my hearty sympathy to the family as one who knows how to sympathize. Dear father and husband, goodbye, the Heavenly Father who dwells on high knew it was best to take him home.

Better Heating

A forced-air central furnace gives you all the advantages of low-cost natural gas heating. It provides clean, constant, automatic heat, evenly distributed throughout the rooms by means of a blower. With it there is no stratification of heat, no cold floors, no cold corners. This excellent type of equipment is always vented. A basement is not necessary.

The floor furnace, while not as desirable as the forced-air central furnace, is a splendid piece of equipment, very popular in West Texas. It is always vented. When thermostatically controlled it provides fully automatic heating, clean and healthful. Suspended beneath the floor, it occupies no "in-the-room" space. Naturally it can be used only in ground-floor rooms.

Similar in operation to a floor furnace, but built into the wall rather than beneath the floor. Although relatively new, a number of these units have been installed in West Texas homes. The panel wall heater is always vented, and may be thermostatically controlled. May be used either in ground-floor rooms or second-story rooms. Dual units are available for heating adjacent rooms with one installation.

Vows Unite Miss Rosie Leavern Couch, Billie J. Grubbs

Miss Rosie Leavern Couch, daughter of Mr. and Mrs. N. G. Couch, Plainview, and Billy J. Grubbs, son of Mr. and Mrs. M. R. Grubbs, of Floydada, were united in marriage Friday morning at 8 o'clock in the home of the bride's aunt and uncle Mr. and Mrs. Jesse Couch, 1409 Milwaukee Street, Plainview. Elder Claude Stevens, sr., read the vows in the presence of a number of friends and relatives of the couple. The mantle, decorated with an arrangement of pink carnations, white stock and palm accented with brunched candelabra, furnished the background for the ceremony. The bride wore a navy blue dress with pink and black accessories and carried a white Bible topped with gardenias.

Miss Bobbie Jean Newton, maid of honor, wore a grey suit and a pink carnation corsage. Morgan Reese Grubbs, jr., brother of the groom, served as best man. The maid of honor and best man lit the candles preceding the ceremony. For her daughter's wedding, Mrs. Couch chose a brown suit and wore a white carnation corsage. Mrs. Grubbs, mother of the groom, was dressed in black and wore white carnations.

The groom was a student in Floydada High school before entering the Army Air corps. He has just recently been discharged after serving a year and a half.

The couple plan to be at home in Floydada.

A reception was held immediately following the ceremony. The traditional three tiered wedding cake was cut by the bride and groom. Spice tea and chocolate were served by Mrs. Jesse Couch. Twenty-eight guests were present for the wedding and reception. Among those present were Mr. and Mrs. M. R. Grubbs and children, Reese and Mary Alice of Floydada.

MRS. LELA LOYD SURPRISE BIRTHDAY HONOREE

Mrs. Lela Loyd was the surprise honoree at a birthday party arranged at her home 505 East Tennessee by her daughter, Mrs. Marvin Tingley. Mrs. Loyd, who was 74 years of age, has lived in Floyd county since 1924.

The honoree received several pretty gifts. Guests attending were Mrs. C. Surginer, Mrs. P. L. Harcin, Mrs. Lee Noble, Mrs. Aubrey Epperson, and Mrs. John A. Pawver.

Church Affiliation or Preference Survey Gets Fine Co-operation From Floydada Public Schools

A survey to ascertain the church affiliation or church preference of various families and individuals represented in our public school population was made recently in the public schools of Floydada.

In cooperation with the school administration and teachers, the students were given an opportunity to fill out a simple form which furnished information regarding their church affiliation or preference whether or not they were members of some church, and whether or not they were members of some Sunday school.

These forms when filled out by the

Bridal Shower Honors Rosie Leavern Couch

Miss Rosie Leavern Couch was honored with a bridal shower Wednesday of last week at the home of Mrs. Herbert Brink, 905 Austin Street, Plainview, preceding her marriage to Billy Joe Grubbs, of Floydada, on Friday.

Punch, cookies and candy were served from the lace covered table centered with the crystal punch bowl.

A number of guests called during the hours from 2 until 6 o'clock.

'The Ministry' to Be Series Subject at Methodist Church

In the morning worship hour at the First Methodist church of Floydada, the pastor will begin a series of messages on "The Ministry."

This series of messages will attempt to better inform the membership of the function of the minister in the church and community. They will deal with what a minister is not and what he is, something of his responsibilities, the nature of the services which he offers as a minister to the persons of the church and community. How to get the most service out of the minister will be dealt with. The various attitudes and understanding of the minister found in the minds of the persons in the community and church are to be discussed.

It is proposed that this series of three or four messages be followed by a similar series on "The Church," dealing with its origin, its nature and its function, and the nature of The Methodist Church, the "why" of The Methodist Church, its relation to the community and to other churches, its fellowship with other churches and interest in their successes.

Membership day: Sunday, March 14, has been designated in the local community as "Membership Day" and a class of candidates for church membership will be received into the church on that day.

Young People Hold Meeting at Olton

Young people from Petersburg Lubbock, Olton, Garden City and Floydada attended the Fifth Sunday Cumberland Presbyterian Youth rally held at Olton Sunday, February 29. Speakers for the afternoon were Vernon Barrow, Petersburg; Billy Jack Eudy, Floydada, and Bill Crannon, Lubbock.

Representing the Floydada church at the rally were Rev. J. P. Smith, Mr. and Mrs. Pierre King and daughter, Leora, Bill Smith and Billy Jack Eudy.

The next youth rally will be held at Petersburg April 30.

Garden Club Talks of New Varieties of Flowers Available

Our Home Garden club met in the home of Mrs. John Reue Thursday of last week at 2:30 o'clock. Mrs. Fred Zimmerman, jr., president, had charge of the business session. Mrs. Kinder Farris was voted into the membership. A nominating committee consisting of Mrs. John Kimble, Mrs. Aubrey Stewart and Mrs. John Kizer, was elected by the club. Election of officers will take place the last meeting in March.

Mrs. M. L. Solomon was leader of the program. She presented Mrs. Glen Armstrong, who brought an interesting discussion on "New Flowers and Seed Catalogues." She presented to the club various seed catalogues and called the attention of the members to the new varieties now available.

Refreshments were served to Mrs. Mmes. Glen Armstrong, Alpha Boothe, Alton Chapman, Nell Clem, W. E. Garrett, Guy Ginn, John Kimble, John Kizer, M. J. McNeill, Jim Potts, M. L. Solomon, Aubrey Stewart, George Van Wickel, Jake Watson, J. M. Willson, jr., Fred Zimmerman, jr., and the hostess.

The club will meet with Mrs. George Van Wickel March 11.

Henry Clay has been called the Great Compromiser.

Churchmen Gather Show Esteem For Departing Pastor

To express esteem for their pastor Otto F. Marshall, the members of the First Christian church gathered at Fellowship hall for a basket dinner Sunday. J. C. Wester ably expressed the thanks and appreciation of the fine work that the Marshalls have done, which was followed by an expression of gratitude by Mrs. L. B. Pawver, spokesman for the Woman's council, organization of the church.

The departing minister and his wife and son were presented with several nice gifts from the members of the congregation.

The Marshalls left the first of the week for their new work in Crescent, Oklahoma, where Rev. Marshall will pastor the church there and do graduate work at Phillips university at Enid.

Today a jury in county court rendered a fine of \$500 and jail sentence of nine months against Clar-Christ Loving, colored, of Floyd, charged with illegal sale of liquor in the case, filed by Sheriff Leland Hart, charged with having sold whiskey to Potocet on February 21, 1948. Potocet is a deputy sheriff in Crosby.

District Attorney John B. Stapleton prosecuted the case in the absence of County Attorney S. H. Mill-who is ill in the hospital at the time. Loving's attorney was J. Boling of the Lubbock law firm of Smith, Cunningham and Boling. Notice of appeal has been filed in the case, and appeal bond has been posted.

**Fishermen's Safari
Into the Jungles**

Home last week and rested up from a fishing trip that turned out to be more of a trek, expedition or safari, are five Floyd county fishing enthusiasts who found weather "that would freeze you to death" 20 miles north of the Tropic of Capricorn, had a bit of good fishing luck and ran into gusty winds almost like that of the plains country at times.

On the party were Bill Norman, Polk Goen, Grady Walker, Wallace King and J. G. Deakins, who fished in a preserve far south of Monterrey in Old Mexico. Some flew into the area, while others made the trip by a converted command car with a pick-up to carry the fishing gear.

**Grimes Announces
Will Be Candidate
For County Judge**

TO THE PEOPLE OF FLOYD COUNTY:

Having been solicited by people from all parts of the county, I have decided to again offer myself as a candidate for re-election to the office of County Judge.

During my tenure of office I have done my best to give the county a good business administration, and I refer you to the financial report of the county recently published as evidence of our success in this matter. The general finances of the county, as you will see, are in excellent shape in spite of the fact we have passed through one of the highest inflationary periods of history. Taxes have been raised very little and no taxes to speak of have been raised without a vote of the people.

The people have recently voted a large road building program for the county, and I promise to do my best to carry out the wishes of the people as indicated by such election, and as most plans of this program will be worked out this year I believe that I will be in a better position to work with the highway department than I would if I had not worked it out with them.

I have given the duties of this office and the interest of the county my first attention at all times since I have been in office. I am not being supported by any special interest, clique or clan, and if you desire me to continue as your county judge, I will be free to give you the best service I am capable of rendering, to all interests alike, and without special favors to any group.

W. E. GRIMES,
Candidate for County Judge,
Floydada, Texas.

Jaycees Banquet

(Continued from page 1)

paid by the organization.

The Jaycees called a meeting of all the clubs and civic organization officers to try to promote a community building. After several meetings of the group, it was decided that the only feasible way that this could be accomplished was by public subscription and donations. The meetings were conducted by the chairman and secretary.

The publicity committee was authorized in August to investigate the possibility of inviting the Harmony school children to come to Floydada.

The district vote to consolidate with the Petersburg district did not carry. The Jaycees solicited the aid of the Chamber of Commerce in the matter and as a result of the undertaking, the Harmony school children are now coming to Floydada and will soon have paved roads. The committee handling the matter was Jim Word, James Willson and Phil Steen.

U. S. Flag and School Flag

Approximately \$125 made from the concessions at the baseball park were used to buy a U. S. flag and the school flag, which were presented to the band and High school. The public address system was purchased by the Jaycees and used at the ball games last fall. The football games were announced by A. H. Rainer, assisted by Carl Minor, Jr., and Leroy Chowning. Advertising for the football games was sold by Rainer and made almost enough to pay for the system.

The Jaycees loaned the Footlite club \$100 to finance their first play. Members of the organization helped with the ticket sales and derived a percentage of the door proceeds. This turned out to be a good investment as the club did not use the money and the Jaycees realized a small income by just standing by with the money.

The sum of \$300 was made when the Jaycees sponsored a carnival.

Nudges Senior Organization

Joint meetings were held with the Chamber of Commerce in October to decide what could be done to build up the membership of the organization.

BABY CHICKS

The baby chick season is now on, and we are in position to give the best service since we have sold chicks.

Three deliveries each week, Tuesday, Thursday and Saturday.

We are distributors for what we believe to be two of the best hatcheries to be found anywhere, Hamlin Hatchery of Hamlin, Texas, Texas Largest Hatchery and Swift and Company Hatchery, Lubbock, Texas.

We have sold Hamlin Hatchery chicks for several years, there are probably more laying flocks in Floydada trade territory than from any Hatchery.

Swift and Company have been supplying this section with chicks for several years and have many customers who regard their chicks very highly.

We recommend the system used by these hatcheries for delivering their chicks. Within four hours after these chicks are hatched they are delivered to our door in a bus kept at the proper heat temperature for healthy birds. If you are interested in meat and production birds see us at once.

We also have in stock Electric Brooders, Electric Water Heaters and a complete supply of Poultry Supplies.

We sell and recommend Dr. Solsbury's, Dr. LaGeers Poultry Remedies.

D. K. Brummett Seeks Senatorial Honors in 30th

Dudley K. Brummett, Lubbock attorney and Army Air Corps combat veteran of World War II, announced Saturday that he is a candidate for State Senator from the 30th Senatorial district.

Brummett is 38 years of age and married. He is a former member of the Attorney General's Department of Texas under Gerald C. Mann. He served as an Attorney for the Supreme Court of Texas following his release from military service in October, 1945. Since September, 1946, he has been actively engaged in the general practice of law at Lubbock and an instructor of government at Texas Tech. He is an ex-student of Texas Tech and the University of Texas Law School.

Brummett volunteered for the Army in May, 1942 as a buck private. After training at Mineral Wells, Texas, he was transferred to the Air Corps and trained as an aviation cadet. He later was commissioned a lieutenant. Brummett flew a bomber plane from the United States across the ocean to England. From there he participated in bombing raids over Germany. He piloted a B-17 flying fortress, and together with his eight crew members, was shot down on his sixth mission over Hamburg, Germany. All crew members parachuted from the burning plane to safety from ten thousand feet, though one crew member was

jerked unconscious when his parachute opened and when he struck the ground broke one leg and seven ribs. All members on landing were scattered over a distance of about twenty miles.

When Brummett hit the ground he

D. K. Brummett

attempted to escape into a nearby forest. He was pursued and fired upon by German soldiers who had seen him come down. Brummett and all crew members were gathered up and became prisoners of war of the Germans until the end of hostilities. Brummett, together with several thousand other Air Corps prisoners of war participated in the January sub-zero march on foot through deep snow from Sagan, in the east part of Germany to Spremberg, Germany.

The prisoners of war were being removed out of east Germany to

prevent their liberation by the approaching Russian army invading Germany from the east. They were there crowded into box cars and carried to Mooseburg in southern Germany, a crowded, infamous and filthy prisoner of war camp, with out heat or fuel, and there kept on a starvation diet. They were liberated by General Patton's Third Army on the 29th day of April, 1945. Brummett and his entire crew were immediately flown out of Germany and returned to the United States, which all agreed was the most blessed country on earth. Brummett was awarded the Air Medal for his bombing missions over Germany.

Brummett stated that in seeking the office of State Senator, "I desire to serve my fellow man in the Senate Hall of Texas. It has been my life ambition to serve in public life." Brummett stated further, "I have but one promise to make in offering myself as a candidate for state senator, and that is that when elected I will represent all the people of my district to the best of my ability on every legislative matter that shall come before the Senate of Texas."

Brummett was born and reared in Dickens County. He moved with his parents to Lubbock in 1932. He attended the Lubbock Public School and Texas Tech, working his way through school as a grocery clerk with Furr Food stores for three years of this time. He later attended the University of Texas Law School.

Brummett is a vice-President of the Junior Bar of Texas, member of the State Bar of Texas, member Lions club, member Junior Chamber of commerce, member Methodist church, member Texas Prisoner of War Club, member Caterpillar club and a reserve officer in the Air Corps of the United States Army. As A Farm Woman Thinks

(By Nellie Witt Spikes)

I spent three days in my son's hospital at Ralls recently. As I lay there I thought of how many times I had attended him when he was sick and now he was seeing after me. True the methods I used when he had a cold were far different from the ones he used on me.

I found a heavy flannel cloth greased it good with lard, then sprinkled it with turpentine, camphor, kerosene oil, warmed it good by the fire and put it on his chest, with loud protestations from my son. I gave him a good dose of castor oil, he more vigorously protesting but then I thought it had to be done so he got it, even had to lick out the spoon, insult to injury. And for high fever once I made a poultice of hot cooked onions and put it on his stomach. Well the fever left after a time, anyway. Seemed like the worse we made anyone smell and the more uncomfortable the bitterer or worse the dose of medicine, the better chance the patient had of recovery.

How tender is the touch of my son's long fingers, I thought as he gave me soothing drops to stop my headache, how fine it is to have him near us again. And he never even put a greased cloth on me or gave me castor oil to get even.

Dear Day Again in Memory

Time turned back some years one day last week as Mrs. John Luttrall of Tampa, Florida, and Mr. and Mrs. Otis Murry of Floydada visited in our home. What cared we about the present when there were hours long gone by to live over. We laughed and the tears came near when we recalled the time when Mr. and

Mrs. Luttrall were near neighbors. Tears for their son Dave, who passed away in his young manhood and tears for the separation of good friends.

We wondered just how long it would take to get the old Center circle back to a meeting and how far some of the members would have to come. We could enjoy hearing Mrs. Bragg laugh, and for Mrs. Crump and Mrs. R. D. Cox to get together for a joke. There would be Mrs. Janes, now back to her old home in Comanche. Mrs. Dean with her good poems. Mrs. McLane and Lillian and Venita would come from Ralls and Lorenzo. But Grandma Little? Well grandma was slipped into her soft white dress she had made with her own work-worn hands, and "why shouldn't I make it?" she said. "I made all my own clothes, even to my wedding dress," and went away to heaven to meet her beloved husband. Lois Davis and Roleta would sit near the fire, but Mrs. Cagle will have to have a door or window open. What fun we all had then no money but plenty of time to give our neighbors and friends. Mrs. Patterson would come. I know bringing Grace and Billy and Imogene. What a good number we had in that dear old club. And we made big frosty cakes and hot chocolates and cold drinks, had ice cream suppers, plays and entertainments.

There are many more. Mrs. Tom Davis that was Mrs. Luttrall's twin Mary and Madeline, Wilma and Wilda, Winona and Wanda, Golda Marie and Yvonna. They were all here last week as Mrs. Luttrall talked and remembered, but they were only here in loving memory.

Mr. and Mrs. Lon Emert and Mr. and Mrs. Oliver Emert and family left Monday for Hava, South Dakota where they will make their homes on the McDonald and Jones ranch. Hays is about 40 miles from Pierre capital of the state.

ON TARLETON HONOR ROLL

Stephenville—There were 185 students on the Tarleton honor roll for the fall semester, according to Dean E. J. Howell.

Thirty grade points were needed for the semester honor roll.

In the list was Edgar Judy, a Floyd county veteran, son of Mr. and Mrs. E. L. Judy of the Campbell community. Judy entered John Tarleton College in September, 1947.

Recent visitors in the Lee Burgett home were Mr. and Mrs. Merle Mercer, of Skellytown, Bill Burgett and family, of Shallowater, Mrs. A. M. Cook and children, of Abernathy and a granddaughter, Mrs. Alben Long, of Pampa, and Mr. and Mrs. Carl Nelson and Troy Lee, of Floydada.

Glyde Wright, of Amarillo, spent the week-end in Floydada, guest of his mother, Mrs. Morgan Wright.

Mrs. Ona Mitchell and daughter, Frances, spent Saturday in Lubbock.

ed Methods re Told About y Wes Izzard

Just how the Soviet Politburo about its conquest of nations the world is told about in the following editorial of Wesley S. Izzard, editor-in-chief of the American Daily News in a recent issue. It presents the matter in true light in the simplest terms. We take the liberty to re- print it in full to acquaint our readers as we believe, in the abhorrent methods of tyranny.)

Our readers are growing tired of discussion of Communism, our time must be that we are getting of watching the steady and unobstructed march of Communist conquest across the world. Armed with the knowledge that methods of subversion will work. Those methods will work here because they appeal to human nature at its worst and at its best. These in such a way that we have so far proved infallible.

While the seizure of nominally democratic Czechoslovakia is still fresh in the minds of most people will furnish an excellent example of the methods of Communist seizure. The fall of democracy that middle European nation paved the pattern of the seizure control of Rumania, Poland, Hungary, Yugoslavia and Bulgaria. It was the same plan which was attempted in France and Italy, but so far been defeated in those countries.

The drive was headed nominally by Premier Gottwald, Communist leader of Czechoslovakia, who, of course, set the stage for the kill. At the critical moment, Deputy Prime Minister Zorin arrived from Moscow, just as other emissaries were on other Eastern European governments when the show came.

Ignorance and Fear
The usual Communist raised hue and cry of Western imperialism, telling the people the other side to the coalition government plotting to deliver the country to Great Britain, or America, or the anyone, so long as it appeals to ignorance and fear. The next is to create dissension in the net, to drive a wedge into the union, and win over one of the warring parties—in the case of Czechoslovakia, the Social Demo-

crats. When comes mopping-up operations, the complete seizure of government agencies and the reorganization of state police along Communist lines. In this process it is the party which voted with the Communists, the party which hoped to share the power and control, which is first liquidated.

This is both easy and necessary. It is easy because all the other parties felt that the deceived party has betrayed the nation, and the liquidation of it falls across their minds as a sort of "poetic justice." In it is quite in line with human nature for other party members to get in hunting out and destroying "big shots" who trailed along with the Communists.

Play Upon Better Impulses
Liquidation of the party which the Communists is absolute-ly essential, since they are the first to realize the betrayal and in the final course of remorse would go back in bitterness to try to amend. They are the people who would at first suppose could influence and temper the Communist. But the Communists want tempering influences, they want advice, they play upon but never cease themselves the better impulses of human nature.

When the celebration of the death of the "reactionaries" is ended, people wake up to the fact that the Communists are in control of the army, the police, the labor unions, radio, newspapers and other communications, and that the free national election scheduled for is no longer possible.

This Is a One-Way-Street
Meanwhile in the United States we have a candidate for President who says we should understand the plan way of life, that we should have a President who should go to Moscow and work out a peace plan with Joseph Stalin. But the Politburo does not want the Russian people to know anything about the Russian way of life—it is a one-way street.

This nation was founded upon the principle that every man has the

right to speak his opinion; to assemble freely with other of his opinion; to criticize the acts of government and to seek redress from these acts by peaceful means. In this country we believe in the right of every man to advocate changes in our political, social and economic structure so long as this advocacy is done by peaceful means and according to law. We believe in the absolute freedom of religion without any political interference on the part of the state. These are a few of the tenets of the American way of life.

Contrasts the "Freedoms"
The Russian way of life which we are to understand and bow to, is this: It does not believe in the right of the individual to speak his opinion—the secret police enforces this law as accuser and judge. There is no freedom of assembly; no freedom of speech, no freedom of religion, no freedom of criticism, and even to ask redress is a crime against the state. Any one asking a change in the political, social or economic structure in Russia, or any other Communist controlled state, is lucky if he gets off with only 10 years of hard labor. The penalty usually is death.

Compromise with the Russian way of life is little else than submission to it. We in this country are trying to broaden our conception of freedom, trying to enlarge and expand life on the premise that the more freedom we can give to others, the more we can have for ourselves. And there are a lot of Americans who need to know it.

Consumer Buying Program is Held by Homebuilders
The Homebuilders club met Friday with Mrs. Dickie Atteberry for a program on consumer buying. Mrs. Elbert Parks had charge of the program.

Mrs. John Lloyd, marketing chairman, gave some interesting facts about sheets— their purchase, use and care. "Most women will want long wear as the first requirement of a sheet. A smooth pleasant feel is important. True economy is based on long satisfactory service. Never store sheets with medicines, cleaning fluids, etc., which may contain injurious chemicals or fumes," the speaker said.

Mrs. P. F. Bertrand held a round table discussion of food and agricultural organizations of the United Nations. Some of the things that the members agreed on were at least two-thirds of the world's population are ill-nourished;

The farmers and ranchmen of the world could produce enough food for everyone if they used methods known to modern science;

The people of the world want to get together;

We are being hurried forward into a new age for which we are ill prepared, both morally and intellectually;

Cooperating on a world food plan will develop an atmosphere of mutual trust and good will which will make it easier to deal with other complicated international questions.

During the business meeting, Mrs. Atteberry, finance chairman, gave a report for her committee.

Present for the meeting were Mmes. J. E. Horton, a visitor, and W. A. Cates, T. J. Heard, D. T. Mayo, C. J. Parr, Elbert Parks, J. D. Eaves, Riley Teague, D. D. Shipley, T. C. Herring, O. G. Mayfield, John Lloyd, P. F. Bertrand and the hostesses.

The next meeting will be with Mrs. P. F. Bertrand, March 12 at 2 o'clock. Visitors and new members are welcome.

Lutrick Potential Is 162.5 Barrels
A potential oil test, gauged by the Texas Railroad Commission, was run on the J. A. Lutrick No. 1 oil well this past week end. Humble started the test at 10:30 a. m. Saturday and concluded it 24 hours later on Sunday morning. The well flowed 162.5 barrels of oil in 24 hours, through a 12-64 inch choke. The gas-oil ratio was 414 to 1. The test has been shut down for several weeks.

WHAT'S IN A NAME?

What does your name mean? Do you know? You are probably like the thousands of students who do not know what their own name means.

Our given names are derived from many sources. From the Hebrews come David, which means beloved; Caleb, a dog; Mary, bitter; Huldah, a weasel; Rachel, an ewe; Ruth, beauty; and Jean, gift of God.

Greek names also have a wide range of meaning. Peter signified a rock; Andrew, strong; Helen,

light; Phillip, a lover of horses; Phyllis, a green bough; Stephen, a crown, and Margaret, a pearl.

Among names of Latin derivation are Calvin, meaning bold; Clement mild; Paul, little; Stella, a star; Flora, flowers; Pauline, sweet and gentle, and Ursula, a female bear. English names are also commonly used. Edward is a guardian of property; Eric, brave; Harold, a champion; Edith, a rich gift; and Patricia, of noble birth.

Some impressive Celtic names are Arthur, denoting proud; Kenneth a leader; Donald, chief; Brian strong; and Neil, a chief. Francis meaning free; and Guy, a leader, are from the French language.

From the Germans come Eugene, signifying well-born; Herman, warrior; Leonard, brave as a lion; Bernard, bold as a bear; and George a hand-holder.

These are some of the more commonly used names. If your name isn't in this group, get out the dictionary of names and find yours. You might find what's in a name

Dimmitt Whams 'Wind Quintet, Takes Regional

The Whirlwinds were knocked out of the Regional tournament as the Dimmitt Bobcats romped over them 54-23. The Bobcats were ahead all the way for they put in three quick field goals. Martin, high point man for the Bulldogs, started the fireworks as he put in a crisp shot. At the end of the first quarter the Bobcats were far ahead as they led 14-4. The "Winds" were hot the last three minutes before the half and scored nine quick points.

James Finley accounted for six points to become high point man for the Whirlwinds. The half-time score was 15-26. To start the second half, Dimmitt got the tip-off and scored. Floydada only scored one point in the third quarter, while Dimmitt ran their total up to forty-three. The second string of Dimmitt was playing then, and Floydada's second string was in the last three minutes.

Dimmitt went ahead and beat Levelland in the quarter-finals and defeated Sudan to win the tournament. They will represent Region 1 at the state meet in Austin on March 2, 3, and 4.

Thespians' Play Given Study Club

The Thespian Club, which is sponsored by Mrs. Graves, entertained the 1934 Study Club Tuesday night with the presentation of the play, "John Doe."

Afterwards a banquet was held for the club. Guest speaker was Mr. W. A. Moore, head of the speech department at West Texas State college in Canyon. Mr. Moore was accompanied by three speech students from W. T.

The banquet was served by the Homemaking girls in the sewing room at the school.

News of the Week

Several important things happened this week in F. H. S. The members of the Senior class were measured for their caps and gowns. The caps are to be blue with a white tassel. The gowns also are royal blue and the girls' gowns have white collars.

Orders have been given by the seniors during the week for the graduation announcements. These announcements are to be printed on white parchment. The words, "Floydada High School", are to be printed in gold on a half-rolled scroll on the front of the announcement. At the side of the scroll is a quill. The card-holder is on the left side of the inner cover. A raised scroll is on the right side of the announcement. The invitation is engraved on the scroll. The announcements are very beautiful and will be received in a short while.

Another outstanding event of the week was the "forty-niners" ordering their class rings. These rings are oblong with a protected crest in the middle. The crest is flanked by raised ridges. The year is represented by figures on each side. The rings will be received in the fall semester of school next year.

News of FHA Girls

The F. H. A. girls met Friday February 27. The program consisted of speeches based on "Planning Your Future" given by Velma Briggs, Carlene Daniel, and Margaret Huckabee.

Several of the girls are planning to attend the Area meeting which is to be held in Plainview on March 20.

The girls will also serve the Thespian club banquet Tuesday night.

EARLY HISTORY OF FLOYD COUNTY IS NEW VOLUME IN HIGH SCHOOL LIBRARY

The students and faculty wish to express their appreciation for the gift of an unusual book to the library. It is entitled "The Early History of Floyd County" by Claude V. Hall, who was one of the early settlers and civic leaders of Floyd County. This book is a presentation of Homer Steen and is a very worthy contribution.

TSW REDBUD FESTIVAL

DENTON, Texas, March—Heralding the beginning of the spring season 3000 redbud trees of the Texas State College for Women campus have begun to bud and give promise of full blossom for the tenth annual Redbud Festival March 12 - 13, according to Dr. L. H. Hubbard, president of the college.

Annually thousands of Southwest beauty lovers come to Denton to view the millions of fuchsia blooms so familiar on north Texas countryside in mid-March. Invitations are extended to those who are unable to attend Festival activities to visit the campus lanes and gardens Sunday, March 14.

On March 21 and September the nights and days are of equal length all over the world.

Club Boys Place First in Judging

The Floydada F. F. A. livestock judging team went to Tulla early Monday morning where they won first place in livestock judging over other teams from the Plainview district.

The members of the team representing the Floydada chapter were: W. Dunavant, Douglas Whitfill, Gordon Hambricht. The fourth member, Bobby Kincheole, was unable to make the trip because of the illness of his mother.

The boys judged beef calves, swine and sheep.

The teams ranked in the following order: Floydada, Lockney, Hale, and Plainview.

Miss Kress, and Happy did not compete for prizes as their teams had placed on the animals previously owned by some of their boys owned the animals.

The banner will be ordered for the Floydada team as soon as possible. The award will be made by the district chapter.

A short meeting of advisors and members was held following the contest. At present the boys are printing trees, building stage sets, and studying for six weeks actual practice in balling and burbling has been done, and chapter homes to win a prize one of its essays on "What Soil Conservation Means To My Community", which is a state-wide contest.

Social Club Party Held Friday Evening

Friday, February 20, 1948, the Social Club entertained guests at the Ohmer Kirk home. The evening was a very enjoyable one, during which many table games were played or attempted.

Those who attended the party were: Sammy Hale, Ted Lanham, Trav Jones, Thomas Amburn, Fred Conner, Jon Parkey, Don Boothe, Gervin Beedy, Claud Parrish, Bill Smith, George Cardinal, and Fred Cardinal.

Jo Muncy, Ruthie Harmon, Biff Sisson, Bobbie Medlen, Doris Vinson, Rose Beard, Pauline Denison, Mary Maxey, Gladys Roberts, Roberta Garrett, Hope McIntosh, June Powell, Jennie Chowning, Verna Lester, Chris Jones, Jane Frizzell, the sponsors, Miss Anne Swepston, Mrs. Fred Cardinal, and the hostess Patricia Kirk.

Social Club Pins Arrive

The long anticipated Social Club pins have finally been received to the joy of the members who ordered them. The pins are very attractive; they are gold plated with the Greek letters for Gamma Sigma Kappa printed in gold on the black face. A small guard is attached to a chain with the initial of the member. The officers also have guards with emblems signifying their office.

BAND NEWS

Half of the band members went to the W. T. S. C. clinic.

Those that attended the clinic were Gene Jackson, Gladys Roberts, Billie Frances Sisson, June Powell, Trois Muncy, Billie Newberry, Ted Lanham, Barry Rosson, Edith Garrett, Billie Freeman, Ruth Riggles, Mary Maxey, Tommie Hart, and Armita Berry.

The students attended a concert by the clinic band, a concert by W. T. S. C. band and a very interesting stage show. Instruction was offered for drums and baton twirling. Everyone had a very enjoyable time.

Candid Camera

Very sincere in everything she does is a girl whose personality is rare and who is our profile of the week. Born on a lazy and sultry day, July 15, 1931, was Miss Margaret Genelle Huckabee, a darling girl with chestnut brown hair and a medium fair complexion. Margaret has the most beautiful blue eyes. Besides just being pretty, Margaret has a unique personality. She takes great part in school activities and besides having fun, this gal makes excellent grades, the highest in most of her classes. One sure thing about Margaret is that she always succeeds in everything she sets out to do, which is something that is to be proud of. Margaret is 5 ft. 3 1/2 inches in height and weighs 110 pounds. She is neat in appearance and is always dressed properly and she acts properly at the right places. Margaret has been teased all her life and nicknames have usually been the result but since she has so many, Margaret asked that I just put two, so here they are—Halelujah and Hon Hon.

One of Margaret's weaknesses is pretty clothes and she also adores pink. Margaret just likes any kind of music and so she doesn't have a favorite song, although her favorite band is the Whirlwind Band. Margaret does have a certain yearn for George Gershwin's compositions though. Her favorite sisters are Peggy Lee and Frances Craig; she also likes to hear Frances Craig play. Margaret's favorite pastime is just running around and she likes reading too. Her favorite stars are June Allyson and Dick Haymes and her favorite movie was "The Boatman's Boy". Margaret's favorite time of day is from 9:00 to 12:00 p. m. She loves pineapple, macaroni and cheese, tuna fish, and just practically any kind of food. She prefers "Old Spice" when it comes to perfume and Chenju heads the list in lipstick.

Margaret's ideal teacher is Mrs. Jones and her favorite subject is Homemaking. Her ambition is to be a housewife. Margaret is unusual for the fact that her holiday is cleaning house.

The first thing Margaret notices about a person is their hair. The quality she likes in a person and thinks is important is friendliness. She likes Norma Carpenter because she is so sweet to everyone. Her

strong aversion is nosy people, but def!!

Margaret's most embarrassing moment happened when Bob was at her house. Her little brother came up to her and pulled her skirt up.

Among Margaret's likes, friendly people head the list. She also likes black hair, the twins, shorthand, talking to Dewey, traveling, comical plays, cute clothes (especially bell-bottom skirts), music any kind anywhere, and bubble gum.

Her few dislikes consist of bossy people, turnips, cabbage, chemistry, stuck-up people, writing themes and messy houses.

Margaret's ideal boy must be very friendly and nice to everybody. He also, must have a wonderful sense of humor. He is tall, has blue eyes and dark hair. You know, "tall, dark, and handsome". Sounds good Margaret, we hope you've found him.

Margaret's ideal day begins at 7:00 when she will get up and have breakfast of bacon and eggs. After this she will go horse-back riding and then eat lunch after which she'll rest awhile, ride around, and go swimming. From there she will go home and dress and get ready for her ideal boy to come and get her at 4:30. They will have dinner and a show, and go home at 3:00 so she can hear her favorite orchestra.

Here's to a wonderful girl. May you reach your goal and always have the best of luck. We are proud of such a wonderful student, and we hope you will always remember us.

De' Quacker

Do you know which year this am? It's the one the boys all fear.

"Cause all the gals is a "chess" 'em Don't cha know, It's Leap Year."

Well, me lil' kiddies, how be ye this fine day? Here I be with scads and loads of de' juiciest gossip I ever laid me eyes on... Listen to me, while you read the latest what's what from guess who??

I think I've been seeing double these days. Lee Hutchinson was sitting in the show with Gene Dale and then after the show she was riding around with Gene Hollums and James Jones. Scandal??

Shorty's not doing half bad these days. He's got Norma Britton on the string. Looks as if Billie's left out somewhere. Tell me!

There must be a new affair going on between Dub Hodge and Billie Chowning. Lately I've seen!

From what I've gathered and heard—Bill Jones had better make up his mind which one of the Collier girls he wants to go with before it is too late to get either one. Sounds like a warning.

I seed Carlene with Muir at the show the other night and they weren't acting like new acquaintances, either.

Barry was burning his heart out along with his car over Roberta. Now, tell us, Roberta, how does he rate??

Ariene and Randall are still going strong. They were at church the last two Sundays. Together, of course.

Even though Dorothy Clayton did give Bobby Plumlee's ring back they're getting along fine. Tough luck, Doris, but don't give up too easily. Dorothy's been having fun with Keith in World History.

Billy Mac and Wenona have a wonderful time on the McCoy bus every morning. What's the song about "In Love On a Bus"?

Have you heard the latest?? In case you haven't, lemme tell ya Lorena Willford wants to go with Randall Handley. Not a bad pair-some. Watch her, James.

Floydada girls have some competition with Paducah these days. Pecos, Herman, Bobby F. and Loy Lee seem to find them quite interesting.

Eddie Joe and Dorothy Foster are hitting it off grand these days. Atta goin'.

All the gals are rather worried about Teddy Ascher. He has said that girls and the least of his worries and seems to prefer studying to them. He also loves them all, but then his motto is "Love your enemy" so where does this get us? You tell me??

Pauline Denison has been doing fine here lately. Guess who she was with Friday night. That's right, Roy Lucas. Sunday she was with H. C. Calahan. Bo-i-ling. Gad, gal, how does you do it?

Genelle, I thought George Cardinal was your prize possession from what I heard, but lately it seems you've been giving Leslie the run-around. Do you think Gene Dale, Bill Jeter, George, or Leslie are going to wait for you to make up your mind??

Ann West had better watch Connie Reeves if she cares about Hansel Sanders. From my point of view the other night Connie seemed to be taking him over but completely. Wonder if June's decided who her

one and only is? I don't think Fred's having too hard a time; he was at Jo's house the other night.

Who is it that Mary Alice likes—Bobby Cline or Don Boothe? She was with Bobby not too long ago. Well, well.

Betty Lester could be carrying the torch for Roy Chitty. Tell us all about it, Betty—we'll find out anyway.

Undoubtedly Jerry Piercy can't make up his mind. He is seen with Peggy Jo Hand doing just "all rest", but yet he gives a birthday present to Eunice. Oh, these fickle men.

Could be the Joy Bunch—Joy Walker romance is on the verge of a break-up. He is seen talking to Patsy Childress all the time and Joy called Gene Dale up the other night. Boy, am I confused.

Sherwyn and Billy Joe seem to be setting along okay. But from what I heard Ruth Williams is trying to step into the picture. But, you know, I don't think she will get very far.

Mary Maxey was with Don Boothe the other night and I think Gene Dale was disappointed. Don't take it so hard, life is but a gamble anyhow.

Ruth Riggles and Billy Scott have broken up—so it 'pears. She was with Tom Davis the other night.

Well, kiddies, this be the crop for the week—so I'm signing thirty for now. Quack!! Quack!!

Wanted—Someone to take Leonard's place. Happy Roberts.

Wanted—A nice soft shoulder to cry upon. Fred Conner.

Wanted—More juicier gossip. De' Quacker.

Good Attendance Floydada Jaycees at Regional Meet

Representatives from every Junior Chamber of Commerce in the Panhandle registered Saturday at the Amarillo Hotel as the Jaycee meeting of Region 1 and 2 got underway. Of the 350 active representatives registered, 200 were out-of-town delegates.

Activities of the first day were closed by a dinner-dance at the hotel. Music for the occasion was furnished by the West Texas State college swing band.

The two-day convention closed with a business session held Sunday. Principal speakers at the business meeting were Frank Butler, Temple, state president, and U. A. Hyde, executive vice-president of Texas Jaycees. Honored guests at the meeting were Melvin Evans, national director

of the Junior Chamber of Commerce and Benton Ross, a past president of the state organization.

Floydada Jaycees and their wives who attended the meeting were Mrs. and Mrs. Guy Ginn, Mr. and Mrs. Ed Wester, Dr. and Mrs. James Wester, Mr. and Mrs. A. H. Rainer, Mr. and Mrs. Watson Jones, Mr. and Mrs. Jewell Elza, Mr. and Mrs. W. E. Garrett, Mr. and Mrs. James Willson, Jr., and Fred Zimmerman, Jr.

leader. Your son fell mortally wounded beside the body of his squad leader. The Corporal was killed instantly as he attempted to give help to your son.

"Herman died shortly afterwards, without pain, and fully conscious that his efforts were an important factor in the taking of that pillbox.

"A pillbox may seem to be a small thing to cost a man his life. Yet it was a big thing to your son, to

all his buddies near him on the front line; to all the world as a matter of fact. There was a job to be done. Your son moved forward without fear or thought of personal safety to do that job. And he did it as you would expect a Marine to do it, as an American boy would do it, as you would have wanted him to do."

Was Born At Floydada

Herman Macyl Roberts was 21 years of age on November 10, 1943 before his death on February 19. He was born at Floydada. His mother is the former Jura Dunn, daughter of the late Mr. and Mrs. A. W. Dunn. She, as well as the father of the slain youth, was reared here. On his father's side the boy was a grandson of J. F. Roberts, one of the county's pioneers.

Besides his parents surviving are a brother Johnnie who finished high school here last year, and a sister, Gladys, 16, who is a student at Floydada High school.

R. F. Hinchey

(Continued from page one)

First offices of the company were in Amarillo, but early in 1930 after the initial construction work was complete, the general offices of the company were moved to Lubbock where they have remained.

Mr. Hinchey has spent his entire working life in the natural gas business. His father and grandfather had likewise been employed in the natural gas industry. He started in his teens as a water boy for a construction crew building a natural gas pipeline from Bradford, Pennsylvania, to Buffalo, New York. He has stayed with the gas industry ever since with the exception of about one year spent serving in the armed forces during World War I. His work led him from New York and Pennsylvania to Ohio, West Virginia, Oklahoma, and finally to Texas. Known as "Ray" to many friends throughout West Texas, he has been actively identified with the progress of this area.

Starting with the company as its first employee, Mr. Hinchey has seen it grow until now it serves approximately 45,000 accounts and has more than 1500 miles of pipe in its transmission and distributing systems. The company serves 44 cities and towns from Canyon on the north to Odessa on the south and from Muleshoe and Seminole on the west to Crosbyton, Floydada and Turkey on the east.

Pensioners Meeting Sunday Afternoon

Assuming reasonably good weather Sunday afternoon the meeting of the Floyd County Pensioners federation will be held, and the gathering will be addressed by Jas. L. Dagley, president of the organization at Lockney. S. H. Wright, secretary, who announced the Sunday plans said, the meeting would be held at 2:30 o'clock in the county court room. A sizeable delegation has been promised to accompany Mr. Dagley here from Lockney.

Time and date of the twice-monthly meetings of the Pensioners are now 2:30 o'clock on the first and third Sundays instead of 2 o'clock on the second and fourth Sunday after-

noons, Mr. Wright announced.

"Many of the pensioners in Floyd county have been having a hard time making it on the incomes that have been set up for them," said Mr. Wright in discussing the fact that the problems in general of the aged are difficult to get before the people, especially business people.

"We have had an organization for several years now and never yet have we had a business man present, although our meetings are wide open," he said. The present income from pensions in Floyd county is approximately \$9,000 per month and 90 per cent of it is spent at home, Mr. Wright estimated.

Mr. and Mrs. B. L. Ewing and family, Mrs. Earl Switzer, Mrs. Ola Jester and Tillmon Coleman spent Friday in Lubbock visiting with the family of the late L. M. Powell

Jim Bomar Funeral Held at Silverton

COTTON TALKS

It's a far cry from holding the seeds that burst forth into fluffy white fibers to incising the parts of a radio that bursts into song or speech at the flip of a wrist, but that's just what cottonseed hulls are doing now. University of Tennessee freshman Shirley Scroll shows one of cotton's new products, a mahogany-colored radio cabinet made of cottonseed hull plastic.

RUG AND DRAPERY TIPS GIVEN AT LAKEVIEW CLUB

Rugs and draperies were discussed by Lella Petty at the February meeting of the Lakeview Home Demonstration club. Tips on buying rugs and making draperies and braided rugs were given.

The next club demonstration will be on "home improvements" and will be given by club leaders. Hostess for this month was Mrs. Willie Bunch and members present were Mrs. Homer Newberry, W. E. Edwards, Dick Nichols, S. V. Adams, G. W. Smith, R. L. Nichols, Walter Hollums, Wayne Russell, Orvis Shearer and a new member, Mrs. Marvin Davis. DON'T

Put shades on lamps that "swallow" light. Use clear translucent shades that utilize every bit of light given by your bulbs.

Sit under a light that does not throw sufficient illumination on the book or paper you are reading. Eye-strain is the result.

Allow a child to study under the wrong type of lamp. Some lamps put too much light on books and papers and cause harsh reflection.

DO

Clean lamp shades and bulbs frequently. Much light can be wasted in dust and grime.

Place lamps so that equal and sufficient light is given for everyone who uses the lamp.

Make sure that children have the proper type of study lamps, giving clear warm light on the work they are doing.

Simple rules for good lighting that will add comfort and enjoyment to your living. They are important rules to follow that will protect the precious eyesight of every member of your family. Better light means better sight.

Conservation District News

The supervisors of the Floyd County Soil Conservation district held their regular meeting Tuesday, March 2. Among other business transacted the following applications for assistance were approved: G. E. Assiter, A. O. Foster, J. M. Tye, L. M. Baker, R. R. Kellison and V. H. Kellison.

Agreements between the district and the following farmers were also approved: E. L. Browning, J. E. Stover, M. M. Julian, Glenn Jarnagin, W. E. Roach, C. B. Carmack and Glenn C. Lewis.

Farmers interested in getting bees for pollination of alfalfa and vetch can contact the District office for a list of sources of bees.

The best pastures contain elements of legumes in addition to grasses. Legumes add organic matter and nitrate to the soil, making it, thereby, more suitable for perennial grasses than for themselves. Grasses can compete more favorably than the legumes can.

Music Appreciation Resumed in U. of T. League Program

AUSTIN, March—Music Appreciation, long-time favorite in University Interscholastic League grade school contests, has been resumed after several years absence from the program. Roy Bedichek, director, says.

With this addition, there are now 11 contests open to grade school children in 1,029 schools registered with the League.

Even second and third grade children may participate in the Story-Telling contest. Only one contestant may represent a grade school. Stories are mailed directly from the state office, and after a story-teller reads a story, the contestant tells it in his own words. Other contests open to younger students are declamation, ready writing, spelling and plain writing, choral singing, number sense, tennis, volleyball, junior track and field and playground baseball.

A change in the Number Sense rule is that two contestants shall compete on an individual, rather than a team, basis.

Be Right Keep Left When Left Turns

TIN—You have to keep left right, according to George managing director of the Safety Association.

"Let me tell you what I mean you think I sound mixed up."

"A left turn in heavy traffic is one of the most difficult maneuvers in an automobile, and it is a traffic tie-up and accident-prone."

He said that the Texas Safety Association is cooperating in a nationwide "Know and Obey Traffic Program" during February, and the National Safety Council is showing the need for such a program.

At least 3 1/2 per cent of all fatal traffic accidents are caused by left turns.

idents involve a turning vehicle and improper turning was reported in from 4 to 5 per cent of all accidents.

Pointing out that about twice as many turning accidents involve left turns as right turns, Clarke listed five rules to remember in making a left turn.

1. Keep next to the centerline or center of the roadway, so that no car will approach from behind on your left as you turn.
2. Turn around two points, one where the center of the street or road you are on meets the crosswalk or property line, and the other where the center of the street or road you are turning into leaves the crosswalk or property line.
3. Start to get in the proper lane for turning far enough back, at least a block before the turn.
4. Use hand signals before making the turn and be sure to make a full turn. Don't cut corners!
5. Always respect the right of way of other drivers who are at the intersection or approaching so close as to be a hazard.

Pumping Oil Fields in Reverse

PITTSBURGH, PA.—By pumping water and natural gas into the depths of the oil fields, modern science is bringing 10 to 50 per cent more oil to the surface. This typical cross section shows one way it's done. Here gas is pumped in above the oil pool, and water underneath it. These artificial pressures, from above and below, force the oil to flow thru the sand or rock in which it is imbedded and up the well shaft. Sketch is based on an explanation by Gulf Oil.

SENATOR'S MEAL COSTS 65 CENTS

The Senate took a long look at its figures this year and promptly went out of the restaurant business, says Pathfinder.

Things had been alarming enough in the preceding five years when operating losses in Senate restaurants totaled over \$200,000. But when the fiscal year 1947 added \$68,000 more to the red side of the ledger, something had to be done.

Capitol architect David Lynn was shelved as chief restaurateur last Aug. 1. The Senate Rules Committee hired a Chicago concern to manage the restaurants, bought more than \$10,000 worth of streamlined equipment. The patrons say the food today is better, hotter—service is faster—and they can get the best dollar meal in town for 65 cents.

The new management believes losses will be cut by 35 per cent in 1948. Even so, taxpayers will pick up a Senate dining check running well over \$44,000.

MORE WOMEN JURORS AS STATES LIFT BAN

More than two-thirds of American women may now be represented by their own sex on juries in state and Federal courts, according to Pathfinder.

New laws in Maryland, North Carolina and South Dakota have boosted to 19 the number of states requiring compulsory service for women. In 16 states, including New Hampshire, which also joined the ranks this year, service is voluntary. That leaves only 13 states which still bar women from juries. (Ala., Fla., Ga., Mass., Miss., N. M., Okla., S. C., Tenn., Tex., Va., W. Va., Wyo.)

Eligibility for Federal jury service depends on laws of the state in which the Federal court is located.
