NUMBER 11

Commissioners In Talk with Engineer

Commissioners Contract Sale Road Bonds

Members of the Floyd County Commissioners court Tuesday had a two-hour conference with S. C. McCarty, district highway engineer of the State Highway department, and as a result are said to have determined on a plan for three years of their highway construction program in the county.

According to the report on this meeting, 40 miles of the total of 68 contemplated in the taxpayers' bond issue voted in February is definitely provided for, with state participation, engineering, supervision and maintenance. And in this program about \$245,000 at present costs—of the total \$500,000 bond issue is to be spent. No other construction work is included in this planned program. Any other work is said not to be excluded but left in abeyance awaiting developments.

Fast Action In Congress

The road construction picture may be altered very considerably soon, with federal funds provided to add several more miles to the possibilities in road construction in the county, is indicated by reports in the newspapers and from the State Highway department. No member of the Commissioners court was contacted in connection with this report, but it was said the increased mileage might be as high as 25 miles. Pressure on the other hand is being put on the court to pass the Highway department program and get independent effort of their own.

Report of discussion in the court seems to be scotched by the fact that the court last week contracted for the sale of the \$500,000 county road bond issue and Monday unanimously confirmed this sale to L. M. Sheaffer & company and Hatcher & company. This sale is in line with the earlier reported agreement, which individual members of the court denied, having been made before the bond issue was voted by the taxpayers. A report made by Judge W. E. Goss that bids would be received on a date to be set for the sale of the bonds was thus nullified also.

Bonds Mature

Fourth of the bonds will mature April 1, 1949, \$15,000 in each year 1950 to 1952, \$17,000 in 1953 and 1954. In 1956 the maturities are \$18,000 per year, and beginning in 1957 the maturities total \$20,000 per year and in 1960. For the four years 1964 the bonds mature in \$22,000 per year, and in the period 1965 to 1968 the maturity is \$25,000 per year. In 1970 years each \$27,000. In 1971 the county contract \$28,000 and in 1972, \$30,000. The state's surplus fund account may be used for the payments for county taxpayers long beneficiary maturities accounts been expressed. How- ever, has been made in connection.

Ayres Rallies Long Illness

Ayres is at his home, 226 West street, this week from an illness of some months spent in the Floydada hospital. Mr. Ayres' condition was said to be somewhat better than when he is in the hospital. His condition continues to improve. D. G. Ayres, Floydada service officer, will serve officer's school in Saturday and Sunday at 25 in the Hilton hotel. He will be for county and organization post or chapter officers within a radius of fifty to seventy-five to a miles of Plainview.

School Baseball Opens Tomorrow In District 3-A

With practically all of the Inter-scholastic League track and field and literary events behind them athletes of seven of the eight schools in District 3-A have been making ready for the opening of their baseball round robin.

The round robin begins tomorrow with Floydada at Lockney, Ralls at Abernathy, and Crosbyton at Spur. Paducah drew an open date and Matador will not compete in baseball this season.

Next games are on Tuesday afternoon of next week, April 20, when Spur plays at Paducah, Abernathy at Floydada, and Lockney at Ralls. Crosbyton has an open date. The split double round robin schedule closes on May 4. In the split Floydada, Lockney, Abernathy and Ralls are labeled the "west half" with Crosbyton, Paducah and Spur in the "east half."

Rites Said Sunday Afternoon Here for Mrs. F. C. Irwin

The funeral of Mrs. F. C. Irwin of Fairview, was held Sunday afternoon at 3 o'clock at the First Christian church, with Rev. Bill O'dell, pastor of the Fairview Baptist church, officiating. He was assisted in the service by Rev. Lloyd H. Jones, of the First Methodist church of Floydada, and Ota F. Johnson, minister of the City Park Church of Christ.

Interment was made in Floydada cemetery. Mrs. Irwin died Saturday morning in Plainview sanitarium where she had been a patient since January. She had been ill for two years. Survivors include six sons, Randall of Lubbock, Shirley, Loflin Sherman, Herbert and Hershel, and two daughters, Leola, a student at West Texas State college, and Louella; one brother, Faye Maxey of Floydada, and two sisters, Mrs. Margie Lemons of Buena Park, California, and Mrs. Ruby Boteler of Floydada. Two grandchildren, Joe (See Irwin Funeral, back page).

Pioneers Set Get-Together

Pioneers of Floyd county will have their annual get together or reunion on Friday, May 23, this year. This was the decision Saturday of a gathering of officials and members who had a session in the county court room to make plans and appoint committees. The date is the same day in the month as that 58 years ago when the county was founded.

W. A. Gound, president of the association, called the advance meeting, and a meeting to check on progress was set for Saturday, May 1. The parade, the memorial ceremony, the display of relics of early days, the annual dance and the special dinner were planned in a general way and committees named to get arrangements under way for them.

Committee chairman who are to report on progress on May 1 were named as follows: Chairman are named Finance committee, Geo. L. Fawcett and G. L. Snodgrass; Rating committee chairman, R. Williams; Trade chairman, Oscar L. Stan-ley; Registration chairman, Mrs. S. W. Fawcett; Chairman of Memorial committee: Mr. M. Honea; and antique chairman, C. L. Herson; Chairman of old-fashioned dance committee, Ray Jones; Chairman of table arrangements committee, Mrs. S. W. Fawcett; and dinner chairman, Geo. L. Fawcett.

Light Plant Costs Are Up Again, But City Shows Operating Profit of More than \$11,000 for the Year

The increased cost of doing business in the years of 1947 and 1948 are reflected in the report of the City of Floydada municipal light and power plant, but in spite of this increase the plant showed an operating profit of \$11,290.49. This is according to a report put out this week over the signature of B. K. Barker, city secretary, for the year ending March 31, 1948.

Increased items of cost principally are in fuel and labor, and the city has the usual report that, although volume of business has shown a healthy increase, costs have advanced even more rapidly. Thus \$56,347.20 gross business in the year ending March 31, 1948 showed a profit of \$11,290.49, whereas gross revenue for the year ending March 31, 1947, of \$47,099.75 operating profit of \$13,991.85. It adds up to \$9,200 in round figures more business, \$2,750 in round figures less profit. Every expense item is up, none down.

Signs Are Considered Healthy

Under the heading "another year of progress" the city's power and light division statement is given on another page of this newspaper this week.

Gen'l American Stakes Three Tests in Floyd

The new play in extreme south-east Hale county, where the A. F. Byrd well was re-operated and brought in for a commercial producer last week, is bringing activity into the confines of Floyd county again.

An official statement last week said the General American Oil company, which has the block of acreage, has staked four more tests of three of them on Floyd county tracts adjacent to the Byrd lease. Here is the story as released to the press Sunday: General American Oil Company of Dallas Monday staked four outposts to its Clisco, Pennsylvania line. Discovery, two miles north-east of Petersburg in southeastern Hale county. One of the locations is in Hale and the others are in southwestern Floyd County.

Half a mile west of the discovery, No. 1 A. F. Byrd, section 17, block K, TT survey, General American will drill No. 2 Byrd 660 feet from south and 1,650 feet from west lines of the 300-acre Byrd lease, or 660 feet from south and 1,980 feet from west lines of section 17 in Hale.

No. 1 E. M. Carmichael Three-quarters of a mile east of the strike in Floyd, the firm spotted No. 1 E. M. Carmichael, 660 feet from south and 1,980 feet from east lines of the Carmichael lease in section 18.

Five-eighths of a mile southeast of the discovery in Floyd, the company will drill No. 1 Bob Mayo, 660 feet from south and west lines of section 18. The fourth outpost is No. 1 Flora C. Strickler, 1 1/2 miles north-east of the discovery in Floyd and 660 feet from north and east lines of section 19, block K, TT survey. The first three are projected to 6,000 feet and the fourth to 8,200 feet.

The discovery, which topped the Clisco of the Pennsylvanian at 5,270 feet, was rigging up pump to complete through perforations from 5,830 to 5,895 feet.

Area is Given Major Awards In Dairy Show

Numerous major awards in the Panhandle-Plains Dairy show at Plainview this week have come to Floyd and Crosby county herds and the junior husbandrymen of the two counties.

Floyd County Agent A. L. Hartzog has been general superintendent of the show. Complete list of winnings by dairymen in this section will be given next week.

LIONS TO HEAR CHORAL CLASS

Members of the Lions club will hear a program by Mrs. L. H. Christensen and her Andrews Ward school choral class at their regular meeting tonight.

MRS. GORDON ILL; POSITION FILLED BY MRS. PAUL DAVIS

Mrs. Ralph Gordon is absent this week from her duties as assistant secretary to City Secretary B. K. Barker while she is in Floydada hospital receiving medical treatment. Filling Mrs. Gordon's position at the City hall is Mrs. Paul Davis.

Purse of \$2000 at Stake Sunday

Floydada Roping club this week is making preparations for the big opening of their season this year on Sunday next, April 18, when Red Whitley, top arena hand of this section, will be pitted against Fred Albright, of Guthrie in the principal event of the day.

The program will begin at 2:30 o'clock and this is to be followed by a jackpot roping in which entries may be heavy. Calvin Steen, secretary of Floydada Rodeo association, had a note from Lt. Tom Sawyer, of the Dallas County Sheriff's posse, that 10 men from that organization will be present and take part in the roping and also many top hands in this area are planning to put in for the high roping honors in the jackpot.

Top Hands at Roping Job

The Albright-Whitley matched roping will be for a purse of \$2,000. Top hands in West Texas roping circles, they'll be riding top quarter horses. Albright will rope on Steel-dust's Brownskin, lead-off gelding of the Bateman ranch at Guthrie, and Whitley will use Hopper, the great little roping horse from the Sam Morris ranch. Superior ropers superior roping horses. Both Albright and Whitley are RCA men. They will rope 12 calves each.

Carl Smith, president of the Floydada Roping club, announced the admission prices at \$1.20 for adults, 60 cents for children. Make Plans for May 28: Meanwhile the Floydada Rodeo association is making plans in advance for their May 27-28 event. On May 27 the association sponsored colt show in daylight will be followed by a roping contest at night, and the second go-round of the roping contest will be held on the afternoon of May 28, date of the Pioneers re-union.

Plumbers Say State Plumbing Law Poor One

Plumbers at a meeting of representatives of Plainview, Lockney, Lubbock and Floydada plumbing establishments here last Thursday night pledged themselves to do everything in their power to protect the health of the people of their cities and in the area surrounding them. W. F. Foley, city inspector of plumbing at Plainview, made the principal discussion of the evening. He called on the plumbers present to do what they could to get the present state plumbing law discarded and an adequate one put on the statute books. Hazardous installations of water heaters and improper sanitary plumbing were among the items he highlighted as permitted by present inspection methods.

Dinner for the more than 20 present was served at Hotel Coffee shop. Floyd Johnston, water superintendent of Floydada, introduced Mr. Foley. The latter's discussion was followed by a talk by George Dallinger, also of Plainview, who talked on improving the ordinances of the City of Plainview.

A question and answer period furnished interesting points of view, especially as to the need of proper training of younger men entering the plumbing profession. Present for the meeting were: F. C. Harmon, mayor of Floydada, Carl Rodgers, fire chief, J. A. Patterson and Louis Norman, councilmen, Floyd Johnston, city inspector. (See Plumbers Code, back page)

Sunday 'High Attendance' Goal Is 600 at Baptist Sunday School

The revival at the First Baptist church which started last Sunday is progressing nicely. Sunday has been designated as "high attendance day" with 600 as the goal for Sunday school. All members are urged to be present and a cordial invita- tion is extended our friends. The meeting will be in progress through Sunday, April 25. Bro. Jesse Yelvington, state evangelist, is preaching and song service is led by Gerald Johnson.

EDITORIALS

One of the things that is wrong with the press in Texas, they tell us, is that we haven't been spending enough of our space on ourselves, telling the people what essential people we are, how nice and kind and benevolent and patriotic. One dispatch from deep east Texas tells of a candidate, approached for some advertising for newspapers of the state, who had never so much as heard of the Texas Press association. This press association has been going for nearly three-quarters of a century. Mostly a back patting, we think a lot of each other sort of thing, though, not like the Teachers association which lays the money on the line for somebody to go down to Austin and tell the legislature which cow ate the cabbage, and what are you going to do about it if you want to do the right thing. Anyway, the candidate mentioned above had spent some time and money getting around to find some black market newspaper to get out a "newspaper" which would tell the people the "facts", while the newspaper which operate as well between campaigns, panted and ranted for paper on which to print their established editions. Which makes us think possibly our East Texas friend is right.

We all practically know that the nation is safer and stronger because the people of the nation invested billions in the government securities which we speak of as war savings bonds or, since the war is over, savings bonds. These bonds draw the amazingly low rate of interest of two and three fourths per cent (isn't that right?) and it takes seven years for \$75 to equal \$100. The Treasury department, the newspapers, the radio, the county committee—everybody in fact—tell us that it is too good a proposition to turn down. People who hear about 3 and 4 and 5 per cent money but have been paying 7 to 15 per cent all of these years are not convinced but are not in position to argue. They would like to go along. They would like for the committee to be right. We are in that category (to make use of a good big word they use all along now in the higher echelons of our government bureaus) We don't know, but we hope its so, that the people ought to do what the government wants them to do. Anyway, under present circumstances, the amount is relatively small. So everybody kick in. Go along with the government and the committee. We doubt if the committee members would be satisfied with the interest rates they suggest should make an amazingly good deal for us folks. But on the other hand, what might be good for us wouldn't necessarily be good for somebody in a different situation. So, if you're just so-so folks, get you some government bonds of the security loan type like as now suggested. They ask for loan work. Team up with them. Make your nation safer and stronger. Perhaps the reason the Communists got in their work at Bogota last week end was because the average citizen was not sold on the way things were going—didn't have a stake in his government.

Just exactly how many irrigation wells there are in Floyd county is not known. Whatever the actual number was last week, this week the figure is incorrect. It is low. Dry weather, or the threat of it, everybody saying that a dry cycle is at hand, has the man handling farm and ranch lands looking around him to find a way to beat lack of rain. Irrigation certainly is a good way to do that. The best way to use irrigation to get the most from the water at the least cost is a matter of trial and error which will go on a good while, one can well suppose. Meanwhile depend on it, of all the irrigation wells in the county and in neighboring counties as well, none but are pouring water on alfalfa, wheat or row crop land.

In Texas it is the price that is the great oil discoverer. In periods of low prices production goes down, no new discoveries are brought forth. But let the price of oil rise and watch things begin to happen. Likewise the part that oil plays in the support of state government and the part that price has to do with this support is illustrated in the report of the State Comptroller as of April 6. The cash balance of the state government had been going down steadily since last fall until price came along to put more funds in the state's lap and the over-all balance reached a new all-time high.

Station Ford is by's Plan

APRIL 14—Hereford is to be started at 250-watt station will open kilocycles. A 270-foot tower will be erected. The station will be operated by Marshall Ford, publisher of the Hesperian. Ford and his wife own the station in Brownwood and are actively engaged in operating. Ford is a veteran of World Wars.

Formby is a former county judge of Dickens County, former senator of the 20th district, and a graduate of Texas Tech, with a master of journalism degree from the University of Texas. He spent four years with the army engineers, serving 20 months in Europe in World War II. Formby and Blake originally obtained a permit for erection of a station at Canyon, but later amended the permit and got permission from the Federal Communications Commission to erect KPAN at Hereford instead of Canyon. KPAN, to be known as "The Panhandle Station," expects to be on the air in July.

Tim Bob Rafferty, of Odessa, spent the week-end with his parents Mr. and Mrs. H. L. Rafferty. Other guests of the Raffertys was a grand-daughter, Darvi Lindsey, of Plainview. Lindsey came down Monday night and her son returned home with her.

Weekly SURPLUS NEWS

Seventy-five buildings of the Children's Army Air Field are not to be included in the airport property to be transferred by WAA to the city of Childress. They will be offered in a public location sale at the field April 21 and 22. The buildings will be sold regardless of priority, enabling purchasers who desire individual structures for their own use to buy them on high bid basis for removal. Catalogs will be available at the Childress location, where the inspection period will continue through April 20.

No punches will be pulled in describing the condition of 40 house trailers soon to be sold by WAA at Houston. The trailers are actually unusable due to deterioration of roofs, sides and flooring, the agency advises. Thirteen are located at the University of Houston, 3801 St. Bernard St., with the others at 3201 Wheeler St., where they may be inspected on April 26. They'll be offered on a high bid basis to World War II veterans from 10 to 11 a. m. April 27, with any remaining going to the general public thereafter.

Continuing its continuous series of public sales of war housing, War Assets will move its traveling crew soon to Pampa Army Air Field. Approximately 207 surplus buildings at this field will be included in the sale. The general public is invited to complete inspection by visiting the field between April 22 and May 3, excepting Saturdays and Sundays.

Mister, this Oil gives you "Lubri-tection!"*

Yes, That's the Kind of
Protection You Get With the Great
Phillips 66 Premium Motor Oil!

RIGHT—you can get more than just lubricating qualities with this fine oil—you get plenty of engine protection, too!

That's why we call it "lubri-tection"! Because Phillips 66 Premium does more than just oil moving parts. It washes away harmful sludge, helps reduce piston-fouling varnish, protects delicate bearing metal from corrosion. All that in a quart of oil!

Why not give your engine this kind of treatment—it's worth it. Just ask for the new Phillips 66 Premium.

Good tip for any trip!

Take it from those who know travel and travelers best . . . before any trip, drain out that dirty old winter oil and Oil-PLATE your engine with fresh, new Conoco Nth!

Conoco Nth Motor Oil (Patented)* contains a plus ingredient that acts magnet-like to fasten an extra film of lubricant so closely to metal that your engine's cylinder walls and all moving

parts are actually OIL-PLATED!

And because protective OIL-PLATING stays up there where it belongs . . . won't all drain down even when your engine's idle overnight. . . Nth Oil extra-protects from "dry-friction" starts . . . from power-choking sludge and carbon due to wear!

For extra-powerful, extra-cool, extra low-cost miles . . .

Make a date to OIL-PLATE!

Garden Club Members Feted with Tea By Our Home Garden Club

Members of the Floydada Garden club were honored at a tea given by Our Home Garden club Thursday afternoon of last week at 4 o'clock in the parlor of the First Baptist church. The Floydada Garden club sponsored the organiza-

tion of the newly formed club and the tea was a gesture of appreciation for the help and interest shown. Guests were greeted by the president, Mrs. Fred Zimmerman, Jr. and ushered to the refreshment table by Mrs. Guy Ginn. A centerpiece of white jonquils flanked by white tapers decorated the table. Mrs. John Kimble presided at the punch bowl and refreshments of punch, cookies and flower shaped mints were served to approximately 40 guests and members. Mrs. Kinder Farris gave a series of readings on gardening and Mrs. L. T. Graves presented two students Misses Peggy Collier and Molly June French in a skit, "The Minuet."

DAN W. GOODSON OF FLOYD IN NEW GROUP AT ACC

Dan W. Goodson, of Floydada, is one of the group of approximately 900 students at Abilene Christian college to become a member of the Anti-Cancer and Anti-Heart Disease society just recently organized.

The organization of the non-smoking society, the first of its kind in the United States, followed a talk by Dr. Gordon Maddox, of Dallas, who showed a relationship between the increased smoking in the United States and the increasing death rate from cancer and heart trouble.

Footlight Club's 'Arsenic And Old Lace' on Boards

"Arsenic and Old Lace," second successful production of the Footlight club was presented Monday and Tuesday nights in the High School auditorium to a fair to large crowd. The three-act comedy, by Paul Kesserling, opened on Broadway in 1933 and played for four years. A movie was made from the play with Gary Grant and Priscilla Lane portraying the leading characters. "Arsenic and Old Lace" followed the murder-mystery "Through the Night" presented by the club the latter part of November.

The play took place in the home of Martha and Abby Brewster, two insane sisters, played by Joe-Hal Wofford and Alice Bell. The sisters poisoned 13 men and had them buried in their cellar. Throughout the entire play, they were looking for unsuspecting victims to drink their poisoned wine. The only sane member of the Brewster family was the old ladies' nephew, Mortimer, played by Jack Cogdill. Mortimer spent his time trying to straighten out the problems presented by his aunts and his brother Teddy, who thought he was Teddy Roosevelt. Teddy was played by Bill Brown.

A homicidal maniac, Jonathon, had an equally good record as his aunts, with 12 dead men to his credit. Jonathon's companion, Dr. Einstein was played by Olin Watson, Jr. Doniece Cline, who played the part of Elaine Harper, and her father, played by Randall King, became involved in the problems of the Brewsters when Elaine fell in love with Mortimer. Thurman Battey played the part of Mr. Gibbs, who was almost poisoned by Martha and Abby's wine. Four policemen, who added more humor to the play were portrayed by John Hollums, Aldine Williams, Doyle Walls and George Mize. Adriel Spence played the part of the head of the sanitarium for the insane. Climax of the play came when Martha and Abby poisoned Mrs. Witherspoon and Jonathon was taken to jail for his crimes.

Blunt Greet Cleo Stephens When He Resists Intruders

Cleo Stephens, cook at the Malt Shop, got a clout over the ear and a bruise on the side of his head for his trouble when he resisted intruders at his home in West California street Saturday night about 11 o'clock.

A knock on the door brought Stephens out. The clout with some force of a blunt instrument came when he made a dash to pull a man out of his car, Stephens said. He

fell on top of this intruder when he was hit from behind. Dazed, he forgot to do anything more than get to the hospital to get his head and ear sewed up as the intruders dashed eastward on California, he said. Apparently no damage was done to his car and nothing but a flashlight taken, which he recovered on the scene along with a jacket that was not his.

Later the same night two loiterers were taken in tow on West Kentucky street by Sheriff Leland A. Harf. They were picked up on the steps of the First Methodist church. Charge of drunkenness was lodged against the pair.

So. Plains Bankers in 3-Day Conclave

Members of the South Plains Bankers association, including O. M. Watson, sr., and Earl Crow, of Floydada, attended a three day conference of bankers in El Paso Thursday, Friday and Saturday of last week.

The conference was closed Saturday with the election of new officers for the coming year. The new president is Herman A. Dobbs, vice-president of the First National Bank of Odessa.

A number of high ranking officials from many parts of the country were present to hear interesting discussions by Floyd Childress, vice-president of the First National Bank, Roswell, New Mexico; Dr. T. C. Root, dean of the School of Business administration, Texas Technological college, Lubbock; Nathan Adams, chairman of the board, First National Bank of Dallas and Dr. D. M. Wiggins, president of Texas College of Mines.

The association voted to hold its next conference in Lubbock April 21, 1949.

Bass Jackpot Hit at Pos'um Kingdom

John I. Hammonds, who with Mrs. Hammonds returned home Monday after three weeks stay at Mineral Wells, had the best bass fishing luck on Possum Kingdom lake that a fisherman could have.

During Easter holidays the Hammonds' had two of their sons, Johnnie, A. & M. college student, and Ralph, of Dallas, with them. They had great fishing luck, one of the senior Hammonds' catches weighing seven pounds. In addition to the family jaunt out to the dam Mr. Hammonds made several half-day fishing trips and had good fortune every time. They had several "fish fries" with plenty of bass to go around, and when they reached home Monday the Hammonds' had 42 bass weighing two pounds and up for their locker.

ments of sandwiches and drinks were served to all.

Present were Messrs. and Mesdames Lenton Lanham, Bob Garrett, T. L. Holland, Clyde Haden Grady Freeman, John Lloyd, Andrew Jackson, Tom Hart, Grady Walker, Harmon Roberts, Lester Burgett, W. H. Burch, and Mrs. C. L. Berry and Mrs. Paul Newberry.

The club plans a chicken fry for their next meeting on May 7 at 7:30 p. m. at the City Park. The band parents and their families are invited.

Band Parents Enjoy Games at Meeting

The Band Parents club met Monday evening at 7:30 o'clock at the Andrews Ward gymnasium. Games of "42" were played and refreshments were served.

Doctor Amazed That Diphtheria Is Tolerated

Austin, Texas—It is a tragedy that Texas parents continue to allow their babies to suffer and die from that painful and killing disease diphtheria. This is the opinion of Dr. Geo. W. Cox, State Health Officer, who says "It is up to the parents. If they protect their children with immunization, they need not have diphtheria."

Dr. Cox said that it is amazing

that this disease should be allowed to take its toll of young lives when it can be entirely stamped out by proper immunization. Yet in the past week, 23 cases were reported in this state.

"Babies should be immunized by the age of eight or nine months," Dr. Cox advised. Authorities on the care of infants recommended a first dose by the age of eight or nine months, and sometimes as early as six months. A second dose is usually given later."

To maintain complete immunity Dr. Cox said that a reinforcing dose of toxoid is advised when a child is old enough to enter school. If a skin test reveals the need of one, children who have never been immunized certainly should be protected without any further delay, the State Health Officer declared, and added that it is the responsibility of the parents to save the lives of their children.

HEADS HESPERIAN TO KEEP FLOYD COUNTY TOUCH

April 7, 1948

Box 685

Mendocino, California

Dear Homer:

An sending a check to cover subscription to our home paper, The Floyd County Hesperian. You can realize that we old pioneers of Floyd county, cannot forget the old familiar places and faces, and we take the means of reading your sheet to keep up with old friends and the trend of time there.

This rough Mendocino coast, as it is familiarly known by all, is very interesting scenically, as well as a fishing and hunting paradise, which will be changed within a few years, as people are coming in as they are pushed "Westward Ho" with on coming rush for more open spaces. Mendocino is known as the "Little City by the sea" with the largest undeveloped bay side of San Francisco, where the redwoods come down to meet the ocean.

The population consists of people from all over the world, and our nearest neighbors are Portuguese and they are wonderful neighbors. And as Dear Old Brother Britton use to say, "folks is folks any place, anywhere."

My Mother can hardly wait to get the Hesperian for she gets homesick at times for Floydada and the people Yours truly,
Stella Tubbs Nevins.

Fire Dept. Praised by the Spears Gin

Substantial proof of their appreciation of the fact that Floydada Fire department rendered valuable emergency aid to the Lockney Fire department in the V. E. Spears Gin fire in early February was recently given by Mr. and Mrs. Spears, who sent a note of thanks for the promptness with which the Floydada boys answered the call for quick help.

"Thanks for the promptness and the work you did," said the note from the gin people, enclosing a check for \$125 for the department.

The gin people also remembered their own fire department with a similar liberal contribution to the "Firemen's funds."

Sunday events in the home of Mr. and Mrs. W. B. Jones were Mr. and Mrs. Lloyd Otten and family, of Clovis, New Mexico, Mr. and Mrs. Tate Jones, Mr. and Mrs. Bill McNeill and Mr. and Mrs. Roe Jones.

As A Farm Woman Thinks

It was my great pleasure to attend the tenth annual meeting of the South Plains Electric cooperative, at Lubbock, Friday the ninth. It was the largest group of farm men and women I have seen. We had a lovely day, the breeze was cool and sweet and fanned gently the new green leaves on the trees. A soft covering of clouds gray and thin as smoke, spread over the sky. Cars turned in the driveway of the park grounds and men and women got out to join the crowd, busy with registering, seeing friends and making new acquaintances, then on to the many booths where Lubbock firms proudly demonstrated the newest electrical equipment. Mr. Newton and his helpers had done a fine job getting ready the entertainment and dinner of red beans, barbecue, salads, coffee and pie.

The mayor of Lubbock graciously welcomed his farm guests and several paid tribute to us. All the while Mr. Spikes sat there remembering; the times he had rounded up cattle over this very spot of ground, the night he slept in his tarp bed in the canyon only a few hundred yards away, no trees and the stars overhead, coyotes howling and not enough lamp lights in the whole county of Lubbock to make as much light as the big beacon light now makes.

It was a day to talk of light, and more and more light, till every farm home would be beautiful with light. It was a day to realize the farm woman had come into her home with city conveniences. It was a day to wrap with the sweet fragrance of kindness and friendliness and lay away with the nicely printed badges we wore, for a future time of "remembering."

I saw Eternity the other night Like a great ring of pure and endless light.

On many an old photograph of pioneers of early Crosby county days, we read the name of the photographer, "Photo by Duncan." I answered an advertisement to Frank Duncan, Terlingua, Texas which I saw in the Mineral News Magazine. I wrote him for price lists of rocks as he makes a specialty of

rocks from that part of the state. He answered, saying he once lived north of old Emma and in Floydada for a time. I sent an order for rocks and asked him if he was a brother to the "camera man." He answered yes. Said he folded up broke in Emma. "Just couldn't take the hard dry years," he wrote.

But I wonder if Mr. Duncan knows about the wealth he left with us gold that we would not willingly part with. Pictures of mother and father as young folks, pictures of brothers and sisters as babies. Scenes of the Emma courthouse, with its white walls and shuttered windows, locust trees growing around it and cowboys sitting lazily on cowpokes. We have the Witt and Spikes store our surrey with its swining fringe around the sides of the top, mother and father standing near, me with my flowered hat in a cane bottomed chair. Even the bird dog slipped in the picture.

He took pictures of the school and the teachers and pupils, young ladies with high ribbon collars and pompadour hair, grandmothers and grandfathers. It was not often the pioneers had the privilege of having their pictures "taken". He made beautiful scenes of Blanco canyon. He did good honest work as these pictures of some forty-some years will bear testimony. No, Mr. Duncan, we are now pretty late in telling you, but even if you did not make money, you left a lot of what money could not buy to the descendants of the early day settlers. We are proud of these old pictures and we hope some day you can come back and see the country as it is now.

The rocks he sent me were very lovely, it made me more eager to see that Big Bend country of which there is nothing like in the whole world, or so I am told.

It seems no work of man's creative hand By labor wrought as wavering fancy planned, But from the rock as if by magic grown, Eternal, silent, beautiful, alone! Burgon

Choral Pupils Give Program for B & P W Club Monday Evening

The Business and Professional Women met Monday night at the union hall for an interesting program arranged by the Hospitality Committee.

Mrs. L. H. Christensen and her ladies presented several outstanding musical numbers at the beginning of the program.

Mrs. Ralph Johnston discussed "Promotion of Woman for Policy Making Posts" from the standpoint of the possibilities of a woman candidate for vice-president. She quoted Frances Perkins' recent statements in an article written for a current magazine, giving her ideal qualifications for such a candidate.

In a brief business session, the finance committee made a report on the school seniors to be given on April 26 at 8 o'clock in the parlor of the First Baptist church. Several committees were appointed to take care of the details. Mrs. Bill Marshall from Plainview will speak on "Foreign Travels" and a student from Hawaii will furnish music.

Clement B. McDonald returned Monday night from Pierre, South Dakota, where he spent last week on business for his father and R. T. Jones, at their newly-acquired stock farming land there. He was accompanied on the trip by Mrs. Gillispie, of Lubbock.

Mr. and Mrs. Sam Hampton, of Lubbock, and Mrs. T. A. Penton, of Las, visited Sunday in the home of Mr. and Mrs. V. W. Hennessee and family here.

Denage is a group of ruins of ancient Druids in England.

Huddle-Hinsley Vows Solemnized at Canyon

Wynelle Huddle, daughter of Mr. and Mrs. S. N. Caruthers, and Lonnie Hinsley, son of Mr. and Mrs. B. C. Hinsley, were united in marriage in a single ring ceremony performed Wednesday night of last week at 10 o'clock at the home of the Presbyterian minister in Canyon.

For her wedding, the bride chose a light blue wool suit with white accessories.

The bride attended high school in Fort Worth.

The groom attended Floydada High school. At present he is engaged in farming with his father.

The couple are at home at 720 South Main street in Floydada.

CARR'S CHAPEL WSCS

The Carr's Chapel W. S. C. S. met at the home of Mrs. L. A. Williams April 6 at 2 o'clock. The usual business session was conducted by the president, Mrs. Zant Scott. Mrs. L. A. Williams was in charge of the monthly program on "Making the Way Known."

The first session of the study was directed by Mrs. C. A. Williams. The second session of study is to be with Mrs. Sherwood Ramsey April 12 with Mrs. Wesley Carr as leader.

Those present were Mesdames M. Carr, Tucker and children, Patricia and Lonny Zant Scott and Dwana Beth, C. A. Williams and LaJuana Sue, J. D. Barnard, C. B. Lyles, M. D. Ramsey, L. A. Williams. The hostess served delicious refreshments to all present.

Mrs. F. L. Hickerson left Monday morning for her home in Grand Prairie after visiting in Floydada since Thursday with her sons, L. T. and Buck Hickerson and families.

Pauline Croslin Wed in Saturday ceremony to Clovis Myrick

Clovis Myrick and Pauline Croslin were united in marriage in a quiet ceremony performed Saturday morning in Lubbock and are now making their home in Floydada on West Jackson street.

Mr. Myrick, son of Mr. and Mrs. H. D. Myrick, spent a number of months in the army, where he was a member of the 7th Armored division in Europe. He was awarded the Bronze Star medal for heroic action against the enemy in the vicinity of Chartres, France.

At the time of his discharge he held the Purple Heart with one cluster, being wounded in France and Holland.

Prior to her marriage Mrs. Myrick was employed at Russell's Cleaners. She is a daughter of Mr. and Mrs. Johnny Cantrell.

Mrs. Mayo Hostess to Floydada Garden club

The Floydada Garden club met April 9 in the home of Mrs. D. T. Mayo at 10 o'clock. Mrs. E. L. Angus presided at the meeting. "The Gardeners Prayer" was read by the club. Roll call was given.

Mrs. L. J. Welborn was leader and introduced the guest speaker, Mrs. Henry Barber, who spoke on "Values of Horticulture and Soil Conservation." Mrs. Lon Davis read a poem, "Song Of My Little House." Flower arrangements were by Mrs. W. S. Poole and Mrs. E. L. Norman.

Those present were Mesdames E. L. Angus, B. K. Barker, Hollis Bond, C. A. Caffee, J. D. Cleveland, Lon Davis, E. C. Henry, R. C. Henry, Earl Hogge, J. B. Jenkins, J. D. McBrien, L. C. McDonald, A. P. McKinnon, E. L. Norman, W. S. Poole, John Stapleton, G. V. Smith, O. M. Watson, L. J. Welborn, A. N. Ward, J. M. Willson and guests of the club were Mrs. L. O. Stewart and Miss Lois Stewart of Ames, Iowa, and the hostess, Mrs. Mayo.

The next meeting will be April 23 at 10 o'clock in the morning at the American Legion hall. Guest speaker will be Mrs. Lyle Blanton. Our Home Garden club members will be guests at the meeting.

Mr. and Mrs. W. M. Goode and daughter spent the week-end visiting with relatives in Waco, Hubbard and Coolidge. Mr. Goode presented The Hesperian and a number of his friends with large bouquets of blue bonnets that he picked while in Hubbard.

Mary Eunice Hennessee spent last week-end visiting Martha Cudd of Lubbock.

Mrs. Poke Bonnett Will Talk About Her Family at P-T Assn

The Parent-Teachers association will meet Wednesday night, April 21, at 7:30 at Andrews Ward gymnasium. Guest speaker for the evening will be Mrs. Poke Bonnett (Mrs. Clifford Wimberly of Plainview) who will speak on "Mr. Bonnett and the children."

The Hospitality Committee for the meeting will include Mrs. Richard Stovall, Mrs. Johnson, Mrs. Bob Rosson, Mrs. Gene Collins, and Miss Opal Blankenship. The meeting will be called to order by the president, Mrs. Tom Porter. Invocation will be given by H. G. Barber. Mrs. O. W. Kirk will have charge of special music.

This meeting is especially for the dads and mothers and all parents are urged to be present, as well as anyone caring to attend.

Texas Program theme at 1934 Study Club

Mrs. Ruby Cleveland was hostess to the 1934 Study Club on April 6 at her home on 505 West Virginia Street. The program was on Texas.

During the business session, Mrs. Bernice Stapleton presided. The group voted to pay \$15.00 in beautifying the City park in co-operation with the other clubs of the town.

For the program on Texas, Miss Jo Hal Wofford presented many interesting facts about the state of which we are all proud. Among the facts, Jo Hal mingled several tales of entertainment of the cowboys, rain, sand, and cattle that are native to Texas. Franklin Stovall, a disclaimer presented by Miss Wofford.

gave "Laska." Lovely refreshments were served to Mesdames Florene Crowell, Bernice Stapleton, Irene Sherrill, Elizabeth Armstrong, Corene Barber, Polly Cardinal, Ruby Evans, Mary Fenner, Frances Graves, Diana Gresham, Mary Frances Haden, Flora McNeill, Jettie Moss, Avis Muench, Mary Shaw; Misses Jo Hal Wofford, Anne Swepton, Margaret Collier, Leila Petty, and the hostess.

The state of Colorado boasts about 6 million acres of farm lands. It boasts of 35 minerals, of which gold and silver lead; it is the chief beet sugar producing state and has over sixteen beet sugar refineries; on account of its fine summer climate its tourist trade is very large; its largest city, Denver, is the trade center for the Rocky Mountain states.

Tom Jernigan left Friday for Dallas due to the serious illness of his brother, J. W. Jernigan. Mr. Jernigan was scheduled to undergo a second operation yesterday morning.

Conservation District News

The Supervisors of the Floyd County Soil Conservation District are planning a field tour to be held on May 6th to give farmers of the county an opportunity to view improved pastures, winter legumes, methods of irrigation and other conservation practices applicable to irrigated land in this county. Details of this tour will be published at a later date.

The District supervisors have received good response from the letter that was mailed to each of the cooperators. They want to thank each farmer for his donation.

The Soil Conservation service does not have as many technicians available to assist the Floyd County Soil Conservation District as they have had in other years. Due to increased work load and many new applications, it would be appreciated if cooperators and future cooperators would give the District office several days notice of any needed assistance. This will enable our personnel to give more prompt and satisfactory service.

The technicians ran lines to water wheat for Leighton Teeple, B. A. Robertson, J. T. Huckabay, W. H. and Jim Simpson of Floydada, and C. W. Hargis, Huey Davidson and C. W. Hargis who live near Lockney.

An elevated ditch was staked for W. A. Campbell of Floydada last week.

Row directions and lines have been established for Jack Billington of Lockney. Leslie Ferguson had some ditch lines run.

At the regular meeting of the

board of supervisors Tuesday of last week, the following applications for assistance were approved: O. C. Snelling, R. H. Tinsley, Leslie Ferguson, W. C. Wisdom, T. H. Chasman and J. T. Huckabay. They also approved agreements between the District and the following farmers: Y. H. Kellison, W. A. Campbell, S. J. Lewis, Jr. and R. L. Lewis, W. C. Wisdom, J. T. Huckabay, Huey Davidson, R. R. Kellison, Frank Brown, Jack Traweek, Leslie Ferguson and Orlin Stark.

The technicians assigned to the Floyd County Soil Conservation district went over the Joe D. Neal and Ray L. Neal farm in the Irick community. The Neals are planning to plant an acreage of improved pasture and some alfalfa.

Elevated irrigation ditches were staked for W. H. Ferguson of Floydada and for James Bobbitt of Sterely last week.

Irrigation systems have been laid out for W. C. Wisdom, Jack Tra-week and Frank Brown, all of Lockney.

Lines to water wheat have been run for E. J. Huckabee and Arthur Brown of near South Plains and W. T. Rankin of Lone Star.

A high point for an irrigation well was set for Carrick Snodgrass on a farm he operates southwest of Floydada.

Leroy Durham and S. L. Holmes had lines and row directions run for irrigation.

Remember the District tour and barbecue on May 6 and plan to attend.

MRS. TATE JONES HOSTESS FOR DOUGHERTY H. D. CLUB

The Dougherty Home Demonstration club met Wednesday of last week with Mrs. Tate Jones, president of the club. During the business meeting, Mrs. C. A. Caffee gave the council report. The club voted to help serve the dinner for the Old Settler's reunion if needed. Following the business session, Leila Petty gave a demonstration on lighting the living room. She gave a true or false game in the form of questions that were answered and discussed by the club members.

During the recreation period, led by Mrs. C. W. Denison, prizes were awarded to Mrs. Ruth Daniel and Mrs. Maurice Campbell, a new member. The attendance prize was won by Mrs. Bill Smith. Refreshments of punch, angel food cake and ice cream were served to Meses, W. S. Poole, C. W. Denison, C. A. Caffee, C. E. Bartlett, J. T. Poole, Claud Ring, H. A. Drysdale.

NOTICE TO BIDDERS

Sealed proposals addressed to the Honorable Mayor and Board of Aldermen of Floydada, Texas, will be received at the City Hall until 2 p. m., May 4, 1948, for furnishing all necessary materials, machinery and labor for constructing an outdoor swimming pool, bath house and appurtenances complete, including the necessary equipment for a complete recirculation system.

Bidders must submit a Cashier's or Certified Check issued by a bank satisfactory to the Owner, of a Proposal Bond from a reliable Surety Company, payable without recourse to the order of the City of Floydada, Texas, in an amount not less than five per cent (5%) of the largest possible bid submitted as a guaranty that the Bidder will enter into a contract and execute bond and guaranty in the forms provided within ten (10) days after notice of award of contract to him. Bids without the required check or Proposal Bond will not be considered.

The Successful Bidder must furnish bond on the form provided in the amount of 100% of the total contract price from a Surety Company holding a permit from the State of Texas to act as surety, or other Surety or Sureties acceptable to the Owner.

All lump sum and unit prices must be stated in both script and figures. The Owner reserves the right to reject any or all bids and to waive formalities. In case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof or to reject the bid. Unreasonable (or "Unbalanced") unit prices will authorize the Owner to reject the bid.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions under which the work is to be done. Attention is called to the provisions of the Acts of the 43rd Legislature of the State of Texas, Page 91, Chapter 45, (Article No. 5159A Civil Statutes 1925) concerning the wage scale and payment of prevailing wage established by the Owner. Said scale of prevailing minimum rates of wages is set forth in the specifications.

Information for bidders, proposal forms, specifications and plans are on file at the office of B. K. Barker, City Secretary, Floydada, Texas, and Parkhill & Cooper, Consulting Engineers, 1006 - 14th Street, Lubbock, Texas.

Copies of the Plans and Specifications may be secured from Parkhill & Cooper, Consulting Engineers, 1006 - 14th Street, Lubbock, Texas, upon a deposit of \$20.00 as a guar-

antee of the safe return of the plans and specifications. The full amount of the deposit will be returned to the Contractor on submission of a bonafide bid on the work, with such Plans and Specifications, or upon returning the plans and specifications immediately after examination of same, and advising the Engineer that bid will not be submitted; otherwise the deposit shall be forfeited.

Match Roping Floydada Rodeo Grounds Sunday, April 18 2:30 p. m.

The first big match roping contest of the year—for a purse of

\$2000

Fred Albright
of Guthrie, Texas
—VS.—
Red Whitley
of Crosbyton, Texas

Both these men are top ropers in the RCA group, and will rope 12 calves each. Both are going top quarter horses. Albright will rope on Steeldust's brownskin ("Brownie"), and-off gelding of the Batehan Ranch. Whitley will use Copper, the great little roping horse from the Sam Morris ranch. It will be a real pleasure to watch these two good arena hands and these two really superior roping horses go after those Brahmas for the big money.

BIG JACKPOT
OPEN TO ALL
\$10 Entry — \$100 Added

We want the best ropers for our very first show, and this jackpot event will find the best contesting. First, second, third, fourth money. Entries strictly limited, must be made in advance, and will be first come, first served. Each entry must be accompanied by \$10 in cash or money order, and list will close on April 15. No drawdowns for any reason. Many extra events not to be listed here. Come and enjoy a great show.

ADMISSION: Adults \$1.20

Santa Fe Says Wheat Outlook All Guess Work

(Here is the story of the wheat outlook in Floyd county as told by the Santa Fe Railway company's April 1 release, except for the fact that the railway company's data says 30 to 60 inches of moisture whereas the actual depth in this immediate area is 18 to 24 inches.—Ed. note.)

Snow and rain during late February and early March gave the Southwestern wheat belt a new lease on life. Fully three-fourths of the area received from two to five inches of moisture, sufficient to penetrate the subsoil to depths varying from 30 to 60 inches.

This sounds like enough moisture to insure a good crop, and would ordinarily, but there are a lot of "ifs" between now and harvest. Wheat is extremely late, small and poorly developed, deficiencies resulting from the long drought last fall, and there are other hazards yet to face.

starting to grow, it still is handicapped by cold weather and is no farther along than it should have been early last October. No matter how favorable conditions are from now on, the crop will mature late with harvest almost certain to encounter hot weather.

Aside from wheat that got an early start in widely scattered areas lucky enough to receive fall moisture, also that on most of the summer fallowed and irrigated land, wheat is far off schedule and questionable at this time. And this includes probably 80 per cent of the total acreage.

Careful estimates indicate that 50 per cent of the wheat is of the volunteer variety. Because of the delay in planting, many farmers did not have time to first kill volunteer growth. The mixture now presents two sizes and the volunteer probably will mature first. Volunteer alone seldom is too thick but the double stand in some cases may be too dense.

Crop Poorly Rooted
As a rule wheat free of volunteer is developing thin stands, is not rooting properly and is poorly rooted. When rapid growth begins under the stimulus of warm weather, now that there is plenty of top moisture, the short roots may spread instead of going down, meaning that an abundance of spring rains will be required to keep up the surface supply, especially since weeds are getting a good start.

Despite a severe winter, little killing is reported, probably due to the fact that much of the wheat belt was covered with snow when temperatures dropped. Neither has there been much wind damage up to this time, although this danger still exists. Everything considered it will take a period of good growing weather to get an accurate picture. Until then, production estimates are little more than guess work.

Footo Organization In the Butane News

Texas Butane News: C. D. Footo Butane Co. of Floydada opened his company in 1944, and has since moved to a new building, added a bottle filling station, and installed several storage tanks.

The company has storage facilities for 22,000 gallons and sells and installs appliances. Distributorships are held for Western-Holly and Dearborn appliances.

The employees are Robert E. Owens, service man; Sid Jackson, driver; and Mrs. C. D. Footo, book-keeper.

Mr. and Mrs. Footo have one daughter, Marlene. They are members of the Country Club, and are active in civic affairs.

COUNTY COUNCIL MEETING SATURDAY AT COURT HOUSE
The Floyd County Home Demonstration Council will have its regular meeting at 2:30 on Saturday afternoon, April 17, in the County Court room in Floydada.

MARRIAGE RECORD
Marriage license was issued last week to the following couple:
Clovis Myrick and Pauline Cantrell Croalin, April 6.

L. F. Martin, Claud Patton, Mark Martin in company with Will Martin, of Clovis, New Mexico, returned Sunday from a few day's fishing trip to Lake Texhoma, near Gainesville.

Mr. and Mrs. J. O. Warren and daughter visited in Lubbock Sunday with Mr. and Mrs. Bob Rogers.

Sammy Lou Vickers Starter Solution Dress Show Model Suggested for Use April 2nd at Tech In Transplantings

A style show with clothing planned specifically for teen-agers was presented by the Simplicity Pattern company at the Aggie Auditorium at Texas Tech, April 2. Miss Jane Gibbs, 4-H Club stylist of New York City presented the show. Models were 4-H Club girls of District 2, and among them was Miss Sammy Lou Vickers of the Baker 4-H club. Sammy Lou modeled a black and white checked gingham dress with an eyelet embroidery yoke.

Those attending the style show were Sammy Lou and Francis Vickers, Benevee, Genevieve and Hattie Dell Boyd, Mary Lou Fawver, Marcelleta Green, 4-H Club members from the Baker 4-H Club, and their adult leaders Miss Edith Ambury and Mrs. Herschel Green.

From the Sand Hill 4-H club were Marlene Raley, Dorothy Holmes, Shirley Womack, Pat Adams, Frances Allen, and Hazel Cates and their adult leaders Mrs. H. P. Jackson and Mrs. Morris Raley. Miss Leila Petty, County Home Demonstration Agent, also attended.

Mrs. Ike Grundy returned Saturday from the Plains hospital in Lubbock, where she had been since Tuesday receiving medical treatment. Mrs. L. F. Martin and daughter, Norma Ruth, Gay Grundy and Mrs. Mary Shaw visited with Mrs. Grundy in the hospital Wednesday.

A Samurai was a member of the military caste in Japan.

To get an early start in growth with tomatoes, peppers, and egg-plants, try using a starter solution says Leila Petty, County Home Demonstration agent of the Extension Service of Texas A. and M. College. These vegetables are having to be set out a little late this year due to the late freeze.

When setting out plants in the garden, pour a teacup full of the solution around each one. And here are directions for making the starter solution:

Add one pound of 5-10-5 fertilizer to five gallons of water - that's the same as 10 pounds of 5-10-5 to a barrel of water - mix well and let the solution stand for awhile so it will completely dissolve. Repeat in seven to ten days to give the plants a good "send-off".

Magazines, Sacrifice Homes, Texans' Habit

STIN—Texans have a dangerous habit which is fire hazardous. Marvin Hall, State Fire Insurance Commissioner, calls this habit the useless habit: "We save everything old, moldy newspapers to brood furniture. Although we we won't have use for these items, we just can't bring ourselves to throwing them away." Hall hopes that during Spring Up-Week, April 4-10, Texans part with their sentiment and fire hazards in their attics, closets and garages. \$10,000 is sacrificed in fires year by Texans who had rather save picture frames and magazines than their homes and usable household goods. Rubbish and spongy ignition rate number 5 as cause of insured fire losses in state.

First of all old paper, boxes, bottles and rags should be taken out burned. Hall recommended, "or could be sold or given to places that have use for items as these."

Discarded clothes and furniture should be removed and given to charitable organizations or sold to hand-dealers," he suggested. These items in accumulation in furnishes excellent fodder for firebugs. Should a chance match electric wiring catch fire and some of these nearby things could gain great headway be discovered in such an unrefined place as an attic.

Oil or paint-soaked rags should kept only in tight metal containers due to their ability for self-ignition, he stated.

A spacious new-look will appear in the dark corners of a home as storage spaces are used correctly for seasonally used items," Hall stated.

He concluded: "The best things we have are the lives of your family and your home."

APRIL SHOWERS BRING MAY FLOWERS, SAYS THE POET

The first day of Spring is one of God's glorious blessings. When the warm sun shines on the cold earth and warms our souls, we can only think of Him.

Before sun-up a sparrow peeped; then a robin called. Soon I heard a blue jay squall at her young.

The trees, after being drenched in warm rain, boded and burst into the wonderful green of Spring. Flowers turned their faces to the sun and grew in leaps and bounds. The blossoms burst forth in all the colors of the rainbow.

Children played barefoot and raced in the sun and on the new grass. Freckles popped and color came to the pale winter cheeks. Arms browned and elbows become rusty with warm rich earth.

Then came sunset with all the glory of a king. The dark came creeping blue, purple, and then misty and pale over the village. Children's heads nodded from a long tiring day and they longed to get in their bed for tomorrow would be another glorious day of Spring.

FUTILITY

Why do men make themselves wrecks.
 Trying to impress the weaker sex?
 They'll go out for football and baseball in season.
 They jump the high hurdles for no other reason.
 They try debating and the play acting game.
 In hopes of pleasing some dizzy dame.
 Won't they ever, ever get wise?
 Someone ought to tell those guys.
 The only sure way you'll rate a date is in a Cadillac '48!

Looks like Chuck wants to go with Sherwyn and Billy Jo says you can have her, too bad Sherwyn. It's better to have had and lost, than never had at all.

Ruth Smith and Loy Lee Trice are getting along just fine and I don't mean maybe. Well I can't say this is a new romance-or is it? You had better watch it Ruth, Don might get jealous.

Estelle Richardson sure does watch Don Marble in fourth period study hall. Looks good! Huh!

What's this I see now? Dale Johnson winking at Dorothy Clayton in fifth period study hall. New romance! My, how some people do get around!

Don Marble is kept busy in fifth period study hall passing notes for Jane and Doc.

What's this about Aubrey and Grace having a wonderful time at Matador? ? ?

Say, Ruth Smith, why don't you give David Willson a chance? ? He's been waiting a long time.

Gloria and Bob are having a wonderful time together! ! !

What's this about Bill Jones trying to be popular with the girls? ? Fess up Bill, tell us more! ! !

Seems like Bobby Durham is looking at Betty Laminack lately! Betty give him a chance.

Did I see Leroy Burgett and Mary Alice Grubbs together last Thursday night? ? ?

Delton Waggoner and Alice Moss are seeing a lot of each other.

Trois still has her eyes on Orby Tye. It must be serious! ! !

It seems as if Peggy has forgotten about Bill Jones. She has her eye on Dan Hagood now! !

Betty Jean and Don Shurbert were really going Sunday night. Seems Betty got her wish.

Jane can't decide which boy she wants, Doc Smalley, Bill Jeter, Junior Perry, or Leonard Grigsby. Better decide, Jane! ! !

Clint Johnson came to Floydada just to see Pat Saturday! !

Flash! Doc you had better watch Jane. I hear she was stranded in Lockney with Bill. You knew an

Allied Youth New School Movement

Have you heard about the Allied Youth? If you haven't, you certainly are behind time these days, because we are lucky enough to get to organize one here in Floydada.

A small group of interested youth have been meeting for the past three weeks on Tuesday night to find out what it really is about.

W. Roy Bree, Executive secretary, is coming from Washington, D. C., to speak at assembly next Tuesday, April 20, and to help us get started off with a bang!

The Allied Youth Post here will provide a good program for teenagers; (1) alcohol education, (2) alcohol-free recreation, and (3) wholesome character and personality development.

The age limit has been set for 14-19 now; but it is temporary until we are fully organized. Mr. Bill O'Dell has been chosen for sponsor by the present group. Any youth that is interested is urged to find out all about The Allied Youth.

old romance can brighten up again!! Seems like Bobby Bishop and Bobby Finley sure had a swell time in Paducah! ! !

Junior says he didn't have a good time. You boys shouldn't let us see the pictures.

Velma have you heard from your boyfriend lately? ? ?

Tennis Club News Is Story of Losses

The Floydada High School Tennis club attended the Tennis tournament at Matador Tuesday and Wednesday of last week.

Spur, Matador, and Lockney entered also. For Floydada it must have been two unlucky days, for they seemed to be unable to win.

Sammy Hale played the Senior singles and lost.

The Senior doubles were Gene Dale Jackson and Bobby Cline, who lost also.

The Junior singles was Jeroid Vinson, who likewise was defeated. The Junior doubles were Aubrey Guthrie and Dan Hagood, who were on the losing side, also.

The Senior Girls' single was June Powell, who had a very close call of winning. The Senior Girl doubles were Jo Muncy and Happy Roberts who played a good game, but still lost.

The Junior girls' single was Grace Muncy who lost after a hard try. The Junior Girls' double were Peggy Collier and Sherwyn Fyffe, who played hard but were forced to accept defeat.

By now one can tell that it must have been an unlucky day for Floydada.

Better luck, next time - players!

VOLLEY BALL NEWS

Both volley ball teams of Floydada with Mr. O'Dell journeyed to Ralls last Tuesday for several practice games.

The first string beat the first and third games with a score of 15 - 1 and 15 - 11, but were defeated the second game 15 - 8.

The second string won the first two games with scores of 15 - 3 and 15 - 4.

The girls of the first string who went were:

Gloria Ratjen, Carlene Daniels, Margaret Green, Joy McCravy, Ruth Beedy, and Margie Latta.

The girls of the second team who went were:

Rose Beard, Christeen Jones, Joy

Bunch, Gleva Ratjen, Bessie Bee, and Betty Johnson.

District Winners Named From F.H.S.

Declamations

District contest of high school declamations was held Friday afternoon in the high school auditorium at 2:30 p. m. Rossos placed first in the boy's division. Place in the junior girls' division was won by Janet Lloyd. Pat won third. Senior boy's division, Brad won first place and J. D. placed second. Junior girl's division, Billie Chowning won first place. Senior girls division, they are also proud that our play, "The Doe", won first place in the district contest of one-act plays. Members of the cast of John won recognition by being on the All Star cast. They are D. Helms and Bob Jarboe. Critic judge of both the declamations and plays was Mr. Toliver of the speech department at Texas State College. F. H. S. and of these students who have represented the school so well and who wish them all the luck in the regional contest at Lubbock.

Thespian Club Now Has Its Charter

National Thespians were made last week when their charter arrived. They had known for a long while it had been granted, but they had not actually receive it until last week. There are places provided on the charter for the original signature of twenty-eight Thespian members. The next problem will be to get names and find a place for it to

Good Crop of Sophs In Band This Year

The band has a good crop of sophs this year and the rest of the members are very proud of their sophs. Their learning to play now means a better Whirlwind band later.

I know you are eager to meet these sophomores so we shall take the pleasure of introducing them to you and the instruments they are noted to play.

Doris Bollman - trombone.
Trois Muncy - tenor sax. Trois has been with the band for three years as she was in the band her eighth grade year.

Keith Stansell - trumpet.
Chuck Holmes - bass horn.
Donald Holland - bass horn.
Arminia Berry - clarinet.
Leroy Burgett - clarinet.
Don Pope - clarinet.
Sammie Shultz - flute.
Joyce Stewart - cornet.
Joy Bunch - saxophone.

Some of these sophs are not only in the band but also in the orchestra. Those are Joy Bunch, Doris Bollman, Keith Stansell, and Trois Muncy.

Candid Camera

This week the spotlight is focused on the Sophomore favorite in F. H. S. He was born on January 4, 1931, at Olton, Texas. He is six feet in height, weighs 175 pounds, has brownish black hair and green eyes. Yes, it is none other than Billy Jeter.

Bill's most exciting moment was the Lockney vs Floydada football game. He likes to play football better than anything else, and he does and white, people. "Butter Milk a very good job of it."

Among Bill's favorites are green skies (Wonder if he likes butter-milk), "The Yearling", Humphrey Bogart, Ingrid Bergman, Coach Gresham, Mrs. Cardinal, World History, sport clothes, and dogs. He likes every kind of dog, but prefers baby chickens as a pet and pastime. His dislikes are snooty people and hateful girls.

Bill's ideal girl must be five feet seven inches in height, blond hair, weigh 120 pounds, have blue eyes, be pretty with a whoo, whoo, figure and be kind and good natured. If any girl has these features, then get in contact with Bill.

Bill's ideal day would start like this. He would get up at 8:00 a. m., go swimming until 12:00, and then eat a delicious dinner. After dinner he would go hunting until 6:00 and swim until 8:00. (He must enjoy swimming a lot). After dressing, he would pick up his ideal girl in his new Pontiac convertible, green with white seat covers. They would bowl until 10:00, dance until 12:00, and just drive until 1:00. He thinks that will just about fill the day so he would retire.

You're a swell guy, Bill, and we're all for you. When the road of life becomes rough, just remember this "Hitch your wagon to a star, hold your seat, and there you are."

WANT ADS

Sammy Shultz-Wanted: good grades in Spanish.
Joy McCravey-Wanted: to win Volley Ball tournament at Falls.
Velma Briggs-Wanted: teachers not to sign so many lessons.
Betty Lamineck-Wanted: A boy friend for Pat Hennessie.
Billie Chowning-Wanted: a tall, dark, and handsome boyfriend.
Gleba Ratjen-Wanted: good grades in World history.

FRESHMAN NEWS

"CHANGE OVER TO" Gold Cup Dunlop Cushion

Here is the tire sensation of the year—Gold Cup Cushion Tires. They carry their load gently on a larger softer cushion of air that smooths out all up and down and lateral bumps and shocks. They make steering easy giving you perfect car control. They hold the road better, even on sharp curves, and the multiple braking slots which cut through road film, wipe the road dry for quicker, safer stopping.

LIBERAL ALLOWANCE FOR YOUR OLD TIRES
Let us tell you how little it will cost to equip your car with these new tires, when we give you an actual value allowance for your present tires.
