Formal Tea Honoring Senior High School Girls Monday evening

The Business and Professional Women gave a formal tea honoring the Senior High School girls Monday evening of last week in the parlor of the First Baptist church, observing National girls week, beginning April 24.

The welcome to the class was given by Mrs. Cleveland and the response for the girls by Ruthie Harmon.

Mrs. Russell King, chairman of the committee in charge of the program, introduced Mrs. Bill Marshall of Plainview who presented three foreign students of Wayland college. Muriel Okamoto of Hawaii sang "Song of the Islands" and "Blue Hawaii". She is of Japanese descent, but was born and reared in Hawaii.

Rose Wang of Shanghai, China gave some very interesting comparisons of China and the United States. She said the differences in the two originate with our different religions. She was born of a Buddhist family but they have since become Christians. Rose said that when we think of the number of missionaries on the field in China, it seems that there are many, but that they are able to contact but a very small percent of the vast number of Chinese.

Lucy Zia, who is also from Shanghai, gave a few statements as to her family and homeland. She was born in a Christian home and has had work in the colleges there. She wants to study here and go back to her home land as a missionary and teacher among her own people.

Mrs. Marshall reviewed her trip to the orient in 1940. She spent most of the four months in China where she observed the culture, history and customs of the Chinese. She also spent two weeks in Japan and pointed out that we are mistaken in our opinion that the people of these two nations are alike.

Mrs. Marshall brought her major topics on China by spelling out the name of that country. C standing for her culture and oldest civilization. Many styles in architecture that we use today were being used by the Chinese before Columbus discovered America. H reminds us that China is a heathen nation, with many idols, medicine men and superstitions. I is for insensitivity, and outstanding quality of the Chinese. They have a universal talent for all types of tedious handwork, especially carving, painting and embroidery. N stands for the new China which so many can see in the future. Christian and educated. A reminds us of the many abuses among the Chinese through the years.

Mrs. Marshall pointed out that the people are so easy to reach with just a small amount of teaching and assistance. One of the greatest curses of the country is the use of opium. It is one of her ambitions to see this great nation come forward to her educational system.

Members of the high school graduating class present for this occasion were: Willie Hopper, Rose Beard, Colline Ardry, Clara Polton, Dorothy Anderson, Carlene Daniel, June Dunford, Ann Jones, Margaret Huckabee, Florence Jarrett, Joyce Jarrett, Billie Clark, Margaret Green, Jean Beebe, Ruthie Harmon, Jean Bradford, Mava Smith, Marvie Latta, Leslie Joe Crabtree, Pat Kirk and Pauline Denison.

Mr. and Mrs. W. J. Wilkes, Mr. and Mrs. J. T. Dennis and Mrs. Jesse Dennis made a trip to Lubbock Saturday afternoon.

Men put off things they ought to do, and women put off things they ought to wear.

Mrs. Dorothy Dorrell Needle Club Hostess

The Blue Bonnet Needle club met Thursday, April 29, at the home of Mrs. Dorothy Dorrell. Games furnished amusement in the afternoon, and prizes were won by Mrs. Oleta Collier and Mrs. Pansy Finley.

Refreshments were served to the following members: Mesdames Irene Dorrell, Ruth Christian, Juanita Widener, Ethie Allen, Lila Kendrick Oleta Collier, Kay Murry, Pansy Finley, and the hostess.

The next meeting will be Thursday, May 13, with Mrs. Pansy Finley. The meeting time has been changed from 3 o'clock to 3:30 o'clock.

LAKEVIEW HOME DEM. WILL BE GUESTS OF BAKER CLUB IN MEETING ON MAY 17

The Lakeview Home Demonstration club opened its meeting Monday with committee and council reports. Hostess for the meeting was Mrs. Fowler Elsep. The club accepted an invitation to a party from the Baker club at the Baker school house on May 17 at 1:30 o'clock in the afternoon.

The demonstration, given by Leila Petty, was on lighting the living room. Miss Petty stressed the fact that more living room lights are ornamental than useful.

The members are invited to a tea to be given at the Legion hall on May 7 at 2:30 o'clock. The tea is being given in observance of National Home Demonstration week to honor all former county council chairmen.

Members present for the meeting were: Mmes. William Powell, Walter Hollums, Homer Newberry, R. L. Nichols, G. W. Smith, Joe Thurston, W. H. Bunch, Dick Nichols, S. V. Adams, Earl Edwards, Gollightly and the hostess, Mrs. Elsep.

Visitors present were Mrs. J. A. Rinchele, Mrs. Florence Bartlett, Parris Wheeler and Don Harrison.

STITCH AND CHATTER CLUB MAKES MAY PARTY PLANS

The Stitch and Chatter club met April 28 with Mrs. Jewel McCormick. Plans were started for a party about the middle of May, and the members voted to have a White Elephant sale on May 26.

Roll call was answered with a house-hold hint. The members pieced quilt blocks for the hostess at the meeting.

During the social hour gifts were exchanged and refreshments were served to the following members: Lillie Mae Johnson, Susie Mooney, Pauline Faulkenberry, Laura Campbell, Lela Price, Claudia Porter, Robbie Stewart, Ethel Trice, Era Norrell, Jewel McCormick, Myriam McLeod, Florence Garner, Mattie Norrell, Betty Baker, and Marie Turner. Mrs. J. W. Haney was a visitor.

The club will meet May 12th with Laverne McCarty.

Half Minute Interviews

Mrs. Hollis Bond: "In my home county half of the delegates to the Democratic convention Tuesday would have been women."

Guests of Mr. and Mrs. Paul Davis over the week-end were Mr. and Mrs. V. L. Peel of Post, Mr. and Mrs. Durward Brown of Silverton, Gayle Bowen and Frank Stokes of Plainview.

Queen Esther Girls Hostesses at Tea To Honor Mothers

The Queen Esther Girls' auxiliary of the First Baptist church were hostesses at a Mother's Day tea Sunday afternoon at 4 o'clock in the parlor of the church. They were assisted by their counselors, Maurice Burton and Alene Warren.

As the guests arrived, they were served punch by Wilma Hamilton from a beautiful table laid with a white linen cloth. The serving table was centered with an arrangement of pink roses flanked on either side by crystal candelabra. Claudene Goen assisted Miss Hamilton in the serving.

Roberta Garrett, president of the Auxiliary, had charge of the program. Following the welcome by the president, each girl introduced her mother or guest. Ivy Pearl Simmons gave the devotional, "A Virtuous Woman." A duet, "That Wonderful Mother of Mine" was rendered by Molly June French and Dorothy Bishop, accompanied by Mrs. Carl Muench at the piano. Mary Helen Parrish read "Grandmother's Sermon", which was portrayed by Mrs. L. A. Marshall and Don Doyle. The closing prayer was led by Mrs. J. D. McBrien.

Present were Mmes. L. A. Doyle, W. B. Jordan, J. D. McBrien, Omer Parrish, C. L. Berry, L. A. Marshall, T. T. Hamilton, J. C. Odum, Polk

Women Try to Smuggle More than Men Do

More women than men attempt to smuggle articles into the United States from abroad according to U. S. Customs officials. The difference between them and most men is that they are petty smugglers while men go in for it in a big way, according to an article in a Housekeeping magazine. Women when caught are more likely to put on a show, the article says in part. "They cry; they plead poverty; they try to bargain. They women with sufficient means travel abroad, try to smuggle in something that puzzles officials. An obvious but incomplete answer is that they want to save the men of the duty," the article states. Men consider smuggling a kind of innocent game. They apparently have little difficulty rationalizing their part in it. Certainly they do use such a harsh word as 'smuggle' to describe themselves. Some women merely want the satisfaction of putting something on a man. Valuable warnings for potential men smugglers are contained in an article which lists the various techniques which women think are foolproof but which are old hat to the alert customs men. One of the most hackneyed is reusing a foreign label with a duplicate one. The main trouble with this is that the substituted label usually doesn't entirely cover the one occupied by the old one, and gray inspectors pay little attention to labels. They know a foreign garment by sight and its material," the article says. "If it is fur they can tell by the dresser's mark on the fur. If the inspector is in doubt he calls an appraiser." Right there is where the amateurish tricks employed by would-be smugglers are exposed because a customs appraiser is a specialist in the line whether it be furs, silks or wool, and in many instances can tell the passenger just where she

EXPANSION OF COMMUNISM IN EUROPE—In timetable fashion, Czechoslovakia became the seventh state in eastern Europe to be engulfed by the red tide of Communism. The map shows the progress of encirclement. The schedule so far: March, 1945, Yugoslavia and Rumania; December, 1945; Albania; May, 1947, Hungary; September, 1947, Bulgaria; October, 1947, Poland; February, 1948, Czechoslovakia.
 The speed and ease with which the Communists gained control in Prague may encourage them to take similar action elsewhere. Communism, like Fascism or Nazism and the other totalitarian ideas, seems unable to stand still. Where will it strike next?

Lakeview News

LAKEVIEW, May 4—In the baseball tournament held at the Lakeview school last Friday, Baker emerged winner, defeating Sand Hill in the final game by a score of 19 to 12. Baker had previously defeated Dougherty and Sand Hill had reached the finals by defeating South Plains 18 to 1 and Lakeview 14 to 6. Starkey was defeated in the first game 29 to 4 by Lakeview and its second game by South Plains 28 to 10.

Proceeds from the sale of refreshments amounted to \$65.35. The women in the community had charge of the refreshments and it was done in such a fine way as to win the praise of those who participated. Lakeview says hats off to the women for their good school work. After paying all expenses a net balance of \$37.13 was placed in the bank.

Flower arrangements At Home Garden show

Each member of the Floydada Garden club will bring an arrangement of flowers to the home garden show in the American Legion hall Wednesday, May 14. The show is planned as a part of the regular meeting. It was previously scheduled for May 28 but was moved ahead so as not to conflict with the Old Settlers reunion.

Meeting time will be 10 o'clock Wednesday morning.

DRUG STORES CUT HOURS TO MEET HELP SHORTAGE

Effective May 2, the Lockney Drug company and Powers pharmacy in Lockney have a new alternate closing schedule. Under the new schedule one of the stores closes every night at 7 o'clock while the other remains open until the regular closing time. The new practice will also be in effect on Sunday.

Both stores will be open on Saturday nights and Sunday mornings until 11 a. m.

The new schedule was arranged because of the lack of help and for the benefit of present employees.

Mr. and Mrs. L. L. Clark and granddaughter, Tanya Redd, left Sunday for Oklahoma, where they will spend several days visiting with relatives and fishing. At Hugo, they will be guests of Mr. and Mrs. Oscar Riddle.

Last Word for Truck Drivers

Featuring a new steering column gearshift and a foot-operated parking brake with hand-pull release, GMC 1948 light duty models in the FC-100 and 150 series provide greatly increased driving and parking ease, more leg room and easier exit and entrance from either side. For smooth-clashless shifting, these models also have a re-designed 3-speed Syncro-Mesh transmission. A completely new 4-speed Syncro-Mesh transmission, offered as standard equipment on the heavier FC-250 through 350 series, is optionally available for the lighter models.

REQUIRE REST PERIOD

Little is known yet, says the U. S. Department of Agriculture, about what causes the rest period in plants a necessary stage in the lives of many kinds they are to resume growth and reproductive processes in the season roll around. For many plants, particularly trees and shrubs that shed their leaves in fall and survive freezing, says Dr. H. L. Crane of the Bureau of Plant Industry, Soils, and Agricultural Engineering, rest is one of the most important adaptations. The rest period, he says, may be likened to the long sleep or hibernation of some animals, in that it brings a great slowing up of life activity.

The rest period, according to the plant physiologists, is the time in which the buds will not open and grow even though temperature, moisture, and other external conditions are highly suitable for growth. Dr. Crane calls attention to the fact that different trees, for example require different rest periods in order to go ahead normally, just as some people require more sleep than others. He cites as extremes in this requirement, the almond tree and the butternut tree. Two or three weeks is the usual rest period of the almond, but the butternut commonly rests three or four months.

Dr. Crane has more lore on these peculiarities of trees as to rest. The Eastern black walnut requires more rest than most Persian walnuts and they need more than the Southern California black walnut. Even within a species there are great differences in rest requirement. Varieties of Persian walnuts grown in Northern California and in Ore-

gon have the longest rest period and those grown in Southern California the shortest one.

Among the facts learned about the breaking and beginning of the rest period Dr. Crane mentioned: Growth starts in spring as a result of the coming of warm weather and other favorable conditions. How soon rest starts depends on the age as well as the kind of tree, on moisture and nutrient supply. In some trees -- the tunc for example -- the rest period is brought on by the arrival of short day-lengths. After the rest has become deep a certain amount of chilling temperature is needed to bring it to an end so that buds can open and grow normally when warm weather comes.

Knowledge of rest period is of practical value in predicting cold injury that may be sustained and explains why certain plants may succeed in places of cold winters and yet not succeed in places with shorter or milder winters.

Texas leads all states in many items. It has a much larger production of petroleum than any other state in the Union, its lands are productive of many kinds of farm crops, and in all parts of it are manufacturing institutions of various kinds.

North Carolina is one of America's progressive states. It produces a large variety of agricultural products, including peaches, pears and grapes. It produces a large amount of minerals, among which are gold, silver and copper.

Dagley President of United Pension Assn

At the annual meeting of the Texas United Pension association in Fort Worth on April 24, J. L. Dagley, of Lockney, was elected president.

Mr. and Mrs. Dagley attended the meeting as delegates from the local organization. Mr. Dagley succeeds O. H. Moore who has served the organization the past year as president.

While downstate, Mr. and Mrs. Dagley attended a meeting at Waco and visited in Corpus Christi.

In addition to being noted for its bluegrass region with its fine stock, Kentucky boasts of its tobacco production, which is second largest in the nation. Corn is the state's second largest crop, its oil production is considerable and its manufacturing, transportation and financial interests are large.

Miss Peggy McKinney, who has been making her home at Lamesa, Texas, recently has moved to Plainview. She is a dentist's laboratory technician.

Mr. and Mrs. W. H. Smith, Sr. and Mr. and Mrs. Bob Smith will attend the Pickens county (Oklahoma) Cowboys re-union at Addington, Oklahoma, this week-end.

MORRIS' RETURN FROM THE DOWN-STATE TO FLOYDADA

Mr. and Mrs. W. L. Morris spent last week down-state with relatives and friends, have returned to Floydada to spend several days before journeying on to California. They were married April 25 in a quiet ceremony performed by Rev. R. C. Guest in South Plains. Mrs. Morris is Mrs. Maud Burras. Morris, one-time business manager of Floydada, has made his home in California for many years.

On their trip they were guests of relatives of Mr. Morris at Westford and Mineral Wells, also with Mrs. Morris' sister, Mrs. Earl Packinon, and her sister-in-law, Mrs. Hattie Foster, both of Crystal City.

Mrs. Lynn Ely and A. J. Beedy are in Floydada this week visiting with Mrs. A. J. Beedy and children.

MR. WHEAT FARMER

I am asking you to let me discuss hail insurance with you. The Panhandle Mutual Hail Association tells me that there is no wheat crop too small nor too large for them to take the risk on. The say "Get the application." We had a nice rain and always have had more, so contact me before it hails so you will be protected in case it does hail. The Panhandle Mutual says don't write it after it has been hailed on. Thanks for the nice start and am anxious to serve you. All losses paid in full last year.

Potts New Leader For Junior Scouts

James F. Potts is the new Cub scoutmaster for the Floydada sub-juniors in scouting. He succeeds Rev. Otto F. Marshall, who resigned recently to make his home in another community.

Jack Henry, commissioner of the Cub scout organization, in announcing the acceptance of the responsibility by Mr. Potts said the new director of activities for the youngsters is due to carry on the excellent work where Rev. Marshall left off.

Monthly Cub pack meeting was held Friday night, April 30, at 8 o'clock at the American Legion hall. The following boys were presented badges:

Den I: Larry Glassmoyer, Bob Cat Badger; Bennie Blankenship, Lion Badger;

Den II: Bobby Rainer, Bear Badger; Gary Carthel, Bear Badger;

Den III: Norman Gant, Bob Cat; Butch Muench, Bob Cat;

Den VI: Harold Gideomb, Bob Cat; Ray Gideomb, Bob Cat; Stanley Burleson, Wolf.

Jimmy Simmons received a shoulder cord with one star for serving as den chief of Den II for the past year. James Stanley received a shoulder cord for serving as assistant chief.

Den III received a banner for the best bird houses.

Stanley Burleson of Den VI made the outstanding bird house of all the dens and received honorable mention.

Special Mother's Day Program Sun.

Rev. H. L. Barnam, of Spur, will be guest speaker at the morning and evening services Sunday at the Lakeview Baptist church in the absence of a permanent pastor.

A special Mother's Day program has been planned for the morning service.

Sunday School begins at 10 o'clock and preaching at 11 o'clock. Song Service in the evening begins at 7:30 o'clock followed by preaching at 8.

Rev. W. T. North recently resigned as pastor of the church to accept a full time position at Peacock.

Mr. and Mrs. John E. Bradley and children of Lubbock spent Sunday in the home of Mrs. Bradley's mother, Mrs. M. L. Probasco, and Billy Tad.

W. R. LEIGH MAKES AMERICA'S FABULOUS WEST LIVE AGAIN IN EXCITING ART SHOW!

"The Killer." Mr. Leigh's factual interpretation of how the cougar of our Western plains kills horses that roam the plain. It is a legend among cattlemen that no human has ever seen the cougar kill his prey, the horse, and the artist's conception, based on extensive research, coincides with that of Will James, that other lover and recorder of our fast disappearing wild and woolly West.

William R. Leigh, whose Indian and western paintings record an integral part of American history as nostalgic as a Will James "Western," opens another of his stimulating exhibitions at the Grand Central Art Galleries, Grand Central Terminal, 15 Vanderbilt Avenue, New York City, April 13 through 24, to which the public is invited.

Today when Americanism in the best sense is held out as a beacon to other less fortunate nations, Mr. Leigh's exhibition is like turning back through enchanting pages of American history and having them come to life vitally and accurately.

The exhibition is a large and comprehensive panorama of Mr. Leigh's work. In addition to characteristic cowboy and Indian paintings, there will be seventy oils done in Africa by Mr. Leigh when he accompanied Carl Akeley to paint studies for the habitat groups of the Akeley African Hall at the Museum of Natural History and on the Carlisle-Clark Expedition. Also fifty-two black and white drawings, never before exhibited in New York, of African animals and landscapes used in Mr. Leigh's book, "Frontiers of Enchantment," published by Simon & Schuster in 1940.

District Announces Sale of Buildings

LOCKNEY, April—The Lockney Rural High school district has announced public sale of the buildings and properties at the Prairie Chapel and Pleasant Valley school building sites Tuesday, May 11. Public auction will be held at the Pleasant Valley building at 1:30 o'clock followed by the sale of the Prairie Chapel building at 2:30.

The Pleasant Valley building is a two room brick with small cloak rooms and closets. The four acres of tillable soil which was the school campus will also be sold.

The Prairie Chapel properties offered for disposal include a five room brick and tile building, one 50 x 30 frame 8 room teacherage, one old double garage, one well house with overhead cypress tank, one complete windmill tower with steel wheel and sucker rods and two or three outside frame buildings of small size. Five acres of tillable soil are also offered for sale along with the properties.

The state of Kansas is one of America's thrifty and greatest producing states. It leads all other in the production of wheat, and produces many other farm products. It also ranks very high in mineral production, among its production being large quantities of oil, zinc, coal, natural gas and cement.

The state of Iowa is a great agricultural empire, producing corn, oats, hay, wheat, barley, rye, potatoes, fruits, berries and other farm products. The state also ranks high in livestock, poultry, dairy farming, poultry, eggs and produces large quantities of wool.

According to a recent announcement research developments offer reasonable promise that within a few years synthetic gasoline will be produced from coal at a cost close to that made from petroleum and natural gas.

Illinois is one of the great and leading states of the Nation. Its agriculture is important and varied; its mining industry is large and valuable; its financial, wholesale and manufacturing interests are immense and valuable.

Methodist Church Special Services

With the Reverend Don Schooler of Chickasha, Oklahoma, preaching, his wife, Mrs. Jessie Ruth Schooler, conducting the work among the young adults, and the Reverend Oscar Bruce of Matador leading the music, the eight days of special services at the First Methodist church, is continuing this mid-week. Services are being held twice daily--10 o'clock in the forenoon, 7:30 in the evening.

The church is making use also of local musical talent and other leadership in the series of meetings, which are planned to continue through Sunday. Rev. Schooler affords an inspiring leadership said Rev. Lloyd H. Jones in making announcement of the plans for the services, and urges that persons interested in intensifying their spiritual experience will find much help in attending.

A Farm Woman Thinks

(By Nelle Witt Spikes)

was the custom in days of old for fair maidens to bathe their faces in the morning dews of fair May. They used soap and much water for their faces. So many farmers now take their girls to get the sand off their faces this beginning of May where would they find any dew?

like to get outside at night and look at the lights on the tall derricks for oil some eight miles here. They look like giant trees. So many farmers now take their girls to get the sand off their faces this beginning of May where would they find any dew?

Convention

(Continued From First Page)
view won the convention's whole-hearted applause.
Delegates To State Convention
Southwest, Northwest and Southeast Floydada precincts, West Lockney precinct, Baker and Providence delegations were seated in the convention.
Delegates chosen to attend the state convention and vote Floyd county's five votes at Brownwood were Walter G. Collins, W. E. Grimes, Homer Stoen, John B. Stapleton, and R. B. Rossen. Alternates selected were Alton B. Chapman, T. E. Cowart, Richard F. Stovall, Ben P. Ayres and Judge A. S. Moss.
Proffered the place on the delegation to Brownwood, Judge Moss demurred saying that while he bowed to the will of the majority he felt delegates selected should be more in sympathy with the expressed instructions from the convention. It was suggested, however, that he go along and see the fun when the Trumanites got steam rolled.
Richard F. Stovall was elected chairman of the convention and presided. J. G. Wood was elected secretary.

Long-Time Friends By Correspondence Visit McLains Here

As a result of a correspondence started 20 years ago, Mr. and Mrs. Irvin Bates and son, Johnny, of Cincinnati, Ohio are in Floydada the latter part of the week visiting with Mr. and Mrs. J. T. McLain and Mr. and Mrs. Jess Wright. The Wrights and McLains have been acquainted with the Bates only by letter.
The correspondence started in 1928 when Mrs. Wright was attending school in Trent, South Dakota. She obtained Mrs. Bates' name through a classmate and began writing to her. Mrs. Bates was then Mildred Deem and attending school at Cincinnati. In 1930 Mrs. Wright sent Melba McLain's name to Mrs. Bates and asked that she write her. Since the death of Miss McLain in 1935, Mr. and Mrs. McLain have kept up the correspondence.
Mr. and Mrs. Bates arrived in Plainview Wednesday morning by train from Cincinnati and were met by Mr. and Mrs. McLain and Mrs. Wright. Mr. Bates was given a week's vacation from his duties in the Western Union office and the family decided to pay their Texas friends a visit. They expect to leave for their home tomorrow.

Proper Freezer Management Brings Savings

Unless your home freezer is at least two-thirds full at this moment, there is something wrong with your freezer management and you are not getting your full value from it.
Freezer management is an important part of having a freezer in your home, according to an article in the House Beautiful magazine, which points out ways to make your freezer feed you better, save you trouble, and eventually pay for itself.
"It is best to manage your freezer on a rotating plan, so you can draw upon the contents constantly, while at the same time, you are constantly replenishing," the article states in part.
"Theoretically, a rotating food plan fills the freezer at least twice throughout the year, instead of only once. This means your freezer will not only store twice as much food but the cost of the freezer and its operation will also be materially reduced.
"A 36-cubic-foot freezer, for example, will hold as much as 3,000 pounds of food on a rotating plan; whereas, if it were filled only once a year, storage capacity would be only 1,500 pounds. Likewise cost of the freezer and its operation computed on a per pound basis would be more than ten cents per pound filling the freezer only once, and less than six cents per pound filling the freezer on the rotating plan."
Mrs. Ted Borum and son, Bobby of Earth, spent Sunday night in Floydada, guests of Mrs. E. R. Borum.

**Man Indicted,
in New Mex.**

Leland A. Hart went to New Mexico last week to claim the inheritance of Ben York from New Mexico authorities and returned him to Floyd county grand jury trial on charges of passing a forged check for \$1000 a year ago.

Hart was apprehended in Loving, Texas, but New Mexico authorities claim he was serving a sentence in the penitentiary there. Floyd county authorities claim Hart passed a forged check for \$1000 at a Piggly-Wiggly food store in Floydada, and the indictment follows.

Daylight Saving: Got to be such a big thorn in the sides of the broadcasters of radio entertainment and information that when daylight saving comes along as insisted upon by certain segments of the American public the systems with nation-wide hook-ups are finding it necessary to make transcriptions of their programs and present them in a way that areas get the features at the hours which suit their convenience. Originally started as a war measure daylight savings time has grown up into a perennial controversy and a headache for all who have to do have to do with it. Areas like West Texas, with official time already far off of sun-time find daylight saving quite a nuisance. Not only that but a down-right irritant.

Battle among the Democrats of Texas for state convention control has a counterpart among the Republicans of Texas for state convention control. Opposing Deweyites and Taft supporters will be in this Republican battle. The old time Republicans and the late comers, somewhat younger, will see what they see about who controls Texas Republican politics for the next two years. R. B. Creager has been the GOP chieftain in Texas for these many years. Some of the younger Republicans would like to take over.

As to the weather The Hesperian disclaims any responsibility for the present situation in which farmers and row crop men find themselves. We are against this dry and blow one day from the west-southwest, the next day dry and blow from the north-northwest. Although we know this has occurred in times past and is not an unusual condition in some West Texas years, we do not condone it simply on account of old times. Weather that makes the dry land farmer look out and wish he had some moisture for his wheat and some water in the middles so he could start planting cotton is not to our liking. Also, we think it would be fine if the irrigation farmer could get a bit more help from the rain clouds so he wouldn't have to operate his wells on a 24-hour schedule. But we knew things were going to be somewhat like this when some kind of a disruption in the ethereal battle between the cold of the north and the heat of the south headed off the cold snap that was to have occurred in the latter part of April. Always, when it thunders in February look out for a cold snap exactly 60 days afterward. When it thunders also in January, that is something else, too. When this normal situation is disturbed other abnormalities also may be looked for undoubtedly.

There's just as much horse sense as ever, but seems like the horses have it.

We do not know how serious a threat the pink bollworm is and do not want to leave the impression that the pink bollworm authorities should or should not impose restrictions on this district. Light infestation was found in Floyd, Crosby and Motley counties last fall and the alert was sounded for the Pink Bollworm commission. The rule is that all refuse from gins must be burned, that cottonseed from an infested area must be sold under strict control. This means a very material loss to the farm operators and is an expensive procedure for gins. Biggest actual loss, we estimate, is in the fact that the live stock industry is robbed of the use of the gin moats, burrs, et cetera, for use as filler for cattle. This is especially punishing in years when feed is going at a premium and a farmer needs to carry his cattle through with as little money outlay as possible. What we hope is that the pink bollworm authorities come to the conclusion that the past hard winter has quite likely killed what pink bollworms were left in the district and that the continued restrictions will be unnecessary. It appears to be up to the governor to decide. What he decides will likely be what he is advised by the experts and field men to decide.

Distance and time: Neither means as much as they once did. Illustrative of this fact is a brief trip the Floyd County Agriculture agent, Mr. Hartzog, took the other day. Five hours, about, to the west coast, and five hours home, he was gone from his local job two days and nights in all, but went out into the field and saw new irrigation pumping ideas in operation in California. Since Floyd county is going irrigation so strongly the trip of Mr. Hartzog and other West Texans most likely had important significance to the area. But what we meant to point out, Mr. Hartzog left home early Monday. He was back in his office Wednesday morning as usual. He had covered more than 3,000 miles, had a night and part of two days in the west coast, had had time to see some advanced ideas in irrigation, all in the routine.

Plenty of young, tender green feeds often save as much as 15 percent of the mash usually fed to growing pullets. Some of these good green feeds are: rape, turnip greens, lettuce, ladino clover, lespedeza, soybeans, Bermuda grass and lawn clippings.

Also, while we were making bound volumes of things, we had bound all the issues of all the local contemporary or competitive newspapers that we could lay hands on. These will be coming on later, we are told.

Over 90 per cent of us are lazy.

Funeral services for J. E. Hammitt, 57, were held Friday afternoon. Leona Carter, McCoy, and Helen Propps, Starkey, were injured in a car accident Saturday evening.

R. C. Henry will succeed G. R. Sandidge this week as wholesale distributor for Continental Oil Company.

Albert Clubb, former Floydada resident, was elected mayor of Petersburg Tuesday of last week.

Funeral services for W. M. Smith, 73, were held Friday afternoon.

May 2 to 9 Music Week in America

The 25th annual observance of National Music Week May 2 - 9, will have for its keynote Foster American Music. The annual Letter of Suggestions issued by the central committee from its headquarters in New York states that this keynote was the one used in the first synchronized nation-wide observance in 1924 and that it was adopted again as an appropriate marking of the first quarter century cycle.

Musical groups like the Federated Music clubs, music teachers associ-

ation and school music departments have long been finding the observance a good setting in which to demonstrate their work of the season in both collective and individual performance.

Churches will use the opening Sunday of Music Week for sermons on music and religion, and as a factor in wholesome family life.

The closing Sunday of Music Week coincides with Mother's Day, and the two events are frequently celebrated together.

Among the organizations represented on the National Music Week Committee are the National Federation of Music Clubs, and many others. State Extension Departments in Agriculture and Home Economics are participating through the 4-H and Home Makers Clubs.

In regard to National Music Week and its possible value to the nation

President Truman in a recent said he hoped all Americans come to a greater appreciation of the significance of music as a vehicle for achieving spiritual among the peoples of the world.

Floyd, Crosby County Awards Dairy Show

Floyd and Crosby county Jersey cows, both senior and junior, in the money in a big way at the annual Plains Dairy show in the two counties furnished the outstanding herds in the showmen from the counties also did a good job. Crosby county youths, T. G. Herring, Jr., and Frank Sellers placed first and third respectively in the Jersey showmanship awards. Agricultural Agent A. L. Herring, of Floyd county, who was president of the dairy calf show, said the boys of the high school counties had some outstand-

ing animals and did a most excellent job of showing for the most part.

WOULD YOU WORK 5 YEARS for \$6.15 a month?

If you are now age 35 and have earned and continue to earn at least \$3,000 a year under Social Security, at age 60 you will be entitled to a benefit of \$50.25 a month. Payments will begin when you are age 65. If you continue to earn \$3,000, and work right on until you are 65, you will get \$6.15 a month more from your Social Security. But would you work five years longer for \$6.15 a month more?

Chances are, you couldn't live on \$50.25 a month—or \$56.40 either, for that matter. Chances are, you couldn't afford to quit. But you can afford to quit when you are 60 if you supplement your Social Security now, while you are earning a steady income. Which would mean the most to you—five more years of labor, or five years sooner in which to start taking life easy?

You can supplement your Social Security benefits with Southwestern Life Insurance to guarantee yourself an income of \$100, \$150, \$200 a month—or for any amount you wish—and quit when you are 60! There's a Southwestern Life retirement plan to fit every pocketbook. Let me show you today how to combine your Social Security benefits with Southwestern Life Insurance. The sooner you hear the facts, the more you will know about how easily and conveniently you can combine life insurance with Social Security.

Conservation District News

Lines have been run to develop an irrigation well for E. O. Cates of Floydada and C. W. Bond of South Plains.

J. B. Smithman of South Plains has had some lines run to water wheat.

Contour lines for contour planting have been run for T. C. Herring and Leighton Dorrell, both of Floydada.

A high point for an irrigation well was set for Jim Simpson of Floydada and one for W. H. Mayo of Sand Hill. The Board of Supervisors of the Floyd County Soil Conservation district held their monthly meeting Tuesday, May 4. Final plans for the field day on Thursday were made. Applications for assistance were approved as follows: W. J. Rankin, H. C. Copeland, J. W. Moore, R. E. Young, L. G. Rhine (2), B. H. Ooley, Oscar Golden, B. W. Cox, Harvey L. Newberry, W. C. Snodgrass, Bill Robertson, E. W. Turner and T. C. Herring.

Conservation plans between the District and the following cooperators were approved: Huey Davidson, A. D. Schaffner, C. R. Moore, O. C. Snelling, W. E. Sims, Arthur Brown, Thomas E. Casey, William D.

Casey, J. W. Moore, T. W. Ashburn, Joe D. & Ray L. Neal, B. R. Childers, W. E. Marrs, Leighton Dorrell and T. C. Herring.

Technicians assigned to the District ran some lines on alfalfa for W. A. Boedeker of the Providence community. Mr. Boedeker tried to water this land and it would not water properly. He asked the technicians' assistance in laying out a system that would work.

A high point for an irrigation well was set for Harvey L. Newberry of Floydada and another was set for L. H. Rhine of Lockney.

A. D. Schaffner has finished developing a good well. The technicians gave him some assistance in watering beds.

The Soil Conservation Service crew went over W. E. Marr's farm with him and gave some assistance in methods of irrigation.

Row directions were run for H. R. Patterson on his Sand Hill farm. Mr. Patterson has some vetch sown in oats that is growing fast after having been grazed rather heavily. It has been watered recently.

• Unbalanced Wheels are something to worry about! The chances are 100-to-1 that your car has them! There are two kinds of unbalanced wheels. Statistically unbalanced. Dynamically unbalanced.

For today's driving speeds wheels must be balanced both ways.

• To do this has been created the Bear Dynamic Wheel Balancer. This machine shows you by means of a flashing 'NEON' eye the exact points of unbalance. Not only does this operation cut your tire bills, make your car steer easier, eliminate the destructive vibrations which cause excessive wear and tear on your car. It also prevents accidents by giving you greater control of your car through the elimination of the chief causes of vibration and wheel shimmy.

MOTHERS DAY

Each year is set aside to honor the Mothers of America. The day is a carnation-white for the mother, colored if one's mother is dead, which is further celebrated by appropriate sermons in the churches, by special programs, and family reunions.

The day was first suggested in 1907 by Anna Jarvis of Philadelphia in a public meeting she convened in the sentiment now back of its name with the words, "In honor of the best mother that ever lived—your mother."

In 1913, the U. S. Congress passed a resolution on May 10, 1913, concerning the observance of Mother's Day by Congress and the executive branch of the government. The U. S. Congress authorized the President to set aside the second day in May as Mother's Day. An American Flag is displayed on government buildings and on private homes.

Every person, large or small, rich or poor, young or old, will always remember and respect Mother's Day as a remembrance of his own mother.

Fashion of Week

The fashion for this week is for the juniors to be in a great hurry to get somewhere fast. With a hammer in the right hand, a saw in the left hand, a brush in one hip pocket, and a gaudy raincoat of bright colors, a corridor pass in one hand, and a "now what the matter be" look in their eyes, they hurry up stairs, down stairs, and up stairs, and up stairs to start all over again. Reason for this hurry—scurry course, is the highly anticipated and long waited for junior banquet.

Next week perhaps the fashion will have changed and all the juniors will be wearing a pleased and look that suggests a job done.

Singing Cartoonist Entertains F. H. S.

The students of F. H. S. enjoyed something very different and exciting for the assembly program Thursday. The program was given by Wally and Patricia Overman. The Southern Assembly sponsored the program.

Patricia and Wally Overman have been cartoonist for over thirty years with colored and fluorescent chalk.

They have traveled all over the world and entertained in the U. S. O's for service men.

Pat has been in business twenty years as a vaudeville actress. She has a very amiable disposition.

The very enjoyable program began when Wally Overman, the singing cartoonist, drew in a matter of seconds, cartoons of men with various features. After varied and interesting cartoons Mrs. Overman changed the pace with her novelty tunes. She started with "He's Too Fat For Me," followed by "Baby Face." After several others, she sang "Exactly Like You" which was dedicated to Coach Gresham, (and was his face red!!!)

Afterwards Mr. Overman continued the program with several more amusing cartoons including a lady's face, which took seventy seconds; a pig looking around, which took ten seconds; and Miss Bull Durham, which took forty three seconds. After this he took us on a tour of the world with pictures and demonstrated the new fluorescent chalk. He drew pictures ranging from the U. S. to Africa. He also drew a very handsome portrait of Mr. O'Dell.

He concluded the program with a very effective drawing of Lincoln and one of "Uncle Sam".

Honor Students of '48 Class Revealed

Ah, at last -- the joyous day has come! The end of school is drawing near! Two years of long work have finally come to a profitable end for certain members of the senior class. These members are Margaret Green, Margaret Huckabee, and J. D. Helms.

Margaret Green has qualified for valedictorian with an average of 94.25. Margaret Huckabee receives the salutatory honors with an average of 92.67. Jake Helms took top honors of the boys and qualified for honor boy with an average of 90.62.

Those students with averages of 90 or above for the past two years are Carlene Daniels, Bobbie Medlen, Jean Bybee, Pauline Denison, Billy Scott, and Wade Payne.

Congratulations, students. It has been a long hard fight, and we are glad you have won. Keep up the good work! May your future years be as successful as these have been!

Seniors Write Up Secret Meeting

The Seniors of '48 are very different this year. They held a secret class meeting on Thursday, April 29, and then wrote the meeting up for the paper.

At any rate, the meeting was held for the purpose of deciding the senior gift to the school for this year. The gifts for the senior sponsors were discussed and a committee was appointed to attend to purchasing them.

Also, at this meeting, the date for Kid Day was set for Tuesday, May 4.

Thespians Have 5 Juniors on the Roll

The Thespian Club has on its membership roll five juniors. They are Barry Rosson, Brad Beedy, Mary Maxey, Jennie Chowning, and Verna Laster.

Barry Rosson has taken a very active part in speech. He won second in junior boys' division at regional. Barry carried first place honors this year. "Last Flight Over" several plays. "Last Flight Over" "Orville's Big Date", and was starred in "The Perfect Gentlemen".

Bradford, better known as Brad, plays the part of Petti in "John Doe". Bradford also won third place in the senior boys' division at regional.

Jennie after winning senior girls' declamation contest at regional will journey to Austin this week. Last year Jennie won junior girls' division at regional. She has been in one play, "The Perfect Gentlemen."

Mary Maxey is light and music technician in the one-act play "John Doe."

We are expecting all of our Thespians to carry home flying colors from Austin.

Can You Imagine?

Barry as tall as John Moss?
June Powell being still or stiff?
Bob White as small as Shorty Cardinal?
Ivy Pearl making thirty on deportment?
Gene Dale quickly catching on to one of Mr. Cogdill's jokes?
Randall Handley in a Cadillac?
All the girls not swooning over Bobby Bishop?
June not with Fred?
Gladys not with Trav?
Don being a counter instead of a Boothe?
John being grass instead of Moss?
Bob being black instead of White?

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like pain and nervous strain of functional periodic pain. Like a tonic, it soothes and relaxes the muscles, and restores the normal rhythm of the system. It should be taken 2 days before "your time" and 2 days after. It is a sure relief for functional periodic pain. Try it!

Glee Club News

The high school Glee Club has and will continue to have practices every day at noon. They have several engagements to fill and are working very hard on their selections. Since this is junior week we will recognize the Glee Club juniors. They are: Mary Maxey, Verna Laster, Gladys Roberts, June Powell and Gene Dale Jackson. The club is making wonderful progress and soon will be open for any other engagements that may arise.

TENNIS NEWS

Things have quieted down since the Matador tourney.

The boys in the Tennis club who are in the junior class are:

Bobby Cline, double;
Gene Jackson, double;
Barry Rosson, double.
These boys have done good and will have another chance next year. The girls are:
June Powell, singles;
Mary Maxey, doubles;
Gladys Roberts, doubles.
They too will be at it again next year.

Use 2, 4-D Weed Killer Carefully Warns Hartzog

While farmers and others are urged to use 2,4-D as an effective agent for killing or controlling bindweed and other broad leaf weeds, the weed killer 2,4-D will also kill your tomatoes, cucumbers, sweet potatoes, peas, beans, fruit trees, ornamentals, and some field crops if you are not careful in using it, County Agent, A. L. Hartzog, warned this week as the weed control season gets under way.

Last year cotton at several points along the Gulf Coast was injured from nearby rice fields. In many cases, cotton has been planted right along side rice. When the rice was sprayed with 2,4-D, the wind carried it on over the cotton field, badly damaging the cotton plants. Since the esters of this poison evaporate and drift away in the air so easily they should not be applied close to plants they are likely to kill.

The chemical 2,4-D should not be stored in buildings where seeds, fertilizers or insecticides are handled because there is a very good chance the 2,4-D will ruin it.

A committee of research and extension workers, crop growers and chemical manufacturers appointed by Dr. R. D. Lewis, director of the Texas A. & M. College Agricultural Experiment Station, has issued the following warnings on the use of 2,4-D:

1. It is not a good idea to use

- 2,4-D in the dust form because it may drift several miles into field crops or gardens.
2. If a good strong wind is blowing, even the spray form is dangerous.
3. Be sure your equipment is in good condition before you start.
4. Use a separate sprayer for 2,4-D; it is hard to thoroughly clean 2,4-D out of a sprayer.
5. Pressures below 75 pounds per square inch for your ground sprayers, and the nozzles producing coarse sprays are the best.
6. When using planes for spraying, don't get closer than half a mile to susceptible crops downwind. Don't spray when wind is blowing more than 3 miles per hour.
7. Employ only pilots who know their business. (See No. 6)
8. Esters evaporate quicker than other forms of 2,4-D. These fumes can cause quite a bit of damage so it's best not to use them except under competent supervision.
9. If you can prevent the drifting of sprays, dust and fumes you will save many of your crops which would otherwise be damaged.
10. Talk it over with your county agent or other men who know about the best times to use 2,4-D. Don't overdose your crops.

George Ross taking Vacation in Texas, Guest of Brother

Mr. and Mrs. George Ross, of Fresno county California, are here this week guests in the home of Mr. Ross' brother, S. W. Ross and Mrs. Ross.

Mr. Ross has an interesting job. He is office manager for an irrigat-

ion farming company which operates farming on a big assembly line scale. The organization is large enough and operates enough farming land that it is profitable to make use of FM radio communications to keep in touch with the various operations going on over some 20,000 acres.

George moved with his parents, Mr. and Mrs. T. R. Ross from Wortham, Texas, to Floydada, when he was one year old. The family moved on to California in 1916 and this was his first visit to what he thinks of as the "old home town." Mrs. T. R. Ross, his mother, lives now at Fresno.

Hayes O'Neal and Mr. and Mrs. Jack Deakins were in Dallas last week, where they attended the Furniture mart, a region-wide showing of the new ideas in home furnishings. The O'Neal & company representatives returned home Friday.

THE STATE OF TEXAS

TO: The Unknown Heirs of J. G. Harris, deceased, and J. G. Harris if living, and their heirs and legal representatives, Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Floyd County, Texas, at the Court House thereof, in Floydada, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 21st day of June A. D. 1948, then and there to answer Plaintiff's Petition filed in said Court, on the 20th day of April A. D. 1948, in this cause, numbered 3737 on the docket of said court and styled Agnes E. Forman and D. Rhea Forman Plaintiffs vs. The Unknown Heirs of J. G. Harris, deceased, J. G. Harris if living and their heirs and legal representatives Defendants.

A brief statement of the nature of this suit is as follows, to wit: Plaintiffs sue in Trespass to Try Title to recover of and from defendants fee simple title to 640 acres of land being all of Survey No. 89 in Block D-3 Cert. No. 413 in Floyd County, Texas. Plaintiffs allege that plaintiff Agnes E. Forman owns said land in fee simple and that defendants do not own any interest in said land, and further plaintiffs specially plead that said Agnes E. Forman has title to said land by virtue of the five year statute of limitation, and that she, and those whose estate she has, claiming the same under deeds duly registered, has had peaceable, continuous and adverse possession of said land, cultivating using and enjoying the same and paying all taxes due thereon, before delinquency, for a period of more than five years next after defendants cause of action, if any, accrued, and before commencement of this suit, and plaintiffs further plead that said Agnes E. Forman has title to said land under the ten year statute of limitation and she, and those whose estate she has, claiming to own same have had peaceable continuous and adverse possession of said land by an actual enclosure and fencing of said land, cultivating, using and enjoying the same for the period of ten years after defendants cause of action accrued and before commencement of this suit, and that such adverse possession was held under deed specifying boundaries of said tract of land, duly recorded in Floyd County, Texas, deed records; and plaintiffs further plead that said Agnes E. Forman has title to said land under the twenty-five year statute of limitation, and that she, and those whose

estate she has, have had peaceable and adverse possession of said land, claiming to own same, for a period of twenty-five years under claim of right and title in fee simple, in good faith, under deeds describing said land and purporting to convey the same, which deeds have been recorded in the deed records of Floyd County, Texas, during said twenty-five year period, and all prior to the filing of this cause of action, and all after defendants cause of action accrued, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs. If it is not served within 90 days after date of its issuance, it shall be returned un-served.

Issued and given under my hand and the Seal of said Court, at office in Floydada, Texas, in Floyd County, Texas, this 4th day of May, A. D. 1948.

Attest:

A "star" in any car!

If you're "shooting" for smoother engine performance... for full protection and less added oil between drains... make a date, today, to OIL-PLATE... with Conoco Nib Motor Oil!

You see, Conoco Nib (Patented) contains a special, added ingredient that fastens extra lubricant so closely to metal that working parts are OIL-PLATED.

This extra OIL-PLATING stays up on cylinder walls, won't all drain down, even overnight! That means your engine is extra-safe from harmful combustion acids... extra-safe, too, from sludge and carbon caused by wear.

For "star" performance... full-time protection... more miles per quart...

Junior Class Has Big Representation in F. H. S. Band

Since this is the juniors' week
for the paper we will take the time
to list the juniors in the band and
their accomplishments. The band is
really very proud of their juniors.
There are also some juniors in the
orchestra, and that also will be
listed.
The juniors are the following:
Gene Jackson - president of the
band his sophomore year, plays the
solo trumpet in the band and the
orchestra. Gene has been in the
band every since he has been in the
high school. He has been in the
orchestra for the past two years.
Gladys Roberts has her own or-
chestra. She plays the baritone
this year, but the other two years
also has been in the trumpet. She
has been in the orchestra for the
past two years.
Mary Maxey is business manager
of the Whirlwind band. Mary plays
the drum and is a vocalist in the
band. She has been with the
band for the past two years.
Hope McIntosh is a new-comer in
the band this year. She plays the
cornet.
Claude Goen has been in the
band for the past two years and
plays a clarinet.
Barry Rosson plays saxophone.
Barry has been in the band for the
past three years. He has been in
the orchestra for the past two years.
Also he is famous for being the
band clown.
Barbara Landers is also a new-
comer in the band this year. She
plays a clarinet.
Ferne Stoval plays the clarinet.

Ferne is another new-comer to the
band this year.
Billie Freeman is a drummer, Billie
is another new-comer in the band
this year.
Ruth Riggles is a drummer. This
also makes Ruth's first year to be
in the band.
Dale Johnson plays a bass horn
Dale has been in the band for the
past three years.
June Powell is a twirler. June
has been in the band for the past
three years. She was a vocalist in
"Chick Lambert" Orchestra. June
numbers many times during her high
school years.
Bobby Jack Harber is a member
of the color guard. He also helps
to act as one of the stage managers
This is Bobby Jack's first year in
the band.
Roberta Garrett is publicity man-
ager of the Whirlwind Band. She
plays the bell lyre and is the
 pianist of the orchestra. She has
been in the band for the past two
years.

Judge Lumpkin Campaigns for Appeals Court

Judge James G. Lumpkin was a visitor in Floydada last Wednesday in the interest of his candidacy to remain as an associate justice of the Seventh Court of Civil Appeals at Amarillo. It was his first visit to Floydada.

Judge Lumpkin is a native of Amarillo, is the son of Mrs. A. F. Lumpkin and the late Dr. Lumpkin one of the Panhandle's pioneer physicians. He graduated from the New Mexico Military Institute and the University of Texas. Prior to practicing law, he taught four years at Amarillo college.

At the time he entered the military service in 1940, he was an assistant district attorney at Amarillo. After serving with the 36th Division, he returned home and was three times elected district attorney. Judge Lumpkin has been on the Court of Civil Appeals for more than a year. He is a member of the vestry at St. Andrews Episcopal church and is a member of the Amarillo Lions club.

The court of which Judge Lumpkin serves has jurisdiction in civil cases over 48 Northwest Texas counties. The court is composed of three members, one chief justice and two associate justices. Judge Lumpkin is one of the associate justices.

Liquid Fertilizers New Idea in Fields That Are Irrigated

Belief that liquid fertilizer, applied to crops of the irrigated fields of the plains through regulated flow in the canals is most likely to become the accepted practice was expressed last week by Harry Morckel, Mr. Morckel at the same time announced the opening of an agency here under the firm name of Morckel Farm Chemical company.

Judge James G. Lumpkin

The plan is being practiced already in some portions of the irrigation areas of the southwest and seems to be practical, Mr. Morckel said. For one thing, the big thing liquid fertilizer will require no labor and no machinery for application. The operator merely places the barrel at the headwater, inserts the regulator and adjusts the rate of flow to the desired quantity, Mr. Morckel pointed out. More continuous growth in field crops, too, can be obtained through the frequent application than by the use of one or two large feedings during the season.

Fertilization through some means in Mr. Morckel's opinion, is going to prove so profitable on irrigated farms that it is going to be followed generally. If the use of liquid fertilizer proves as good in practice as it appears that it should it will help reduce the cost and increase the efficiency of fertilization and acidification.

Dalhart Station, KXIT, Goes on Air

DALHART, April 24 — Dalhart's first and only radio station, KXIT went on the air with its first formal program at 2 o'clock this afternoon.

Various Panhandle dignitaries greeted the new station in a program from KXIT studios in the Coon Building. The station, owned by Ed Bishop, local printer, and his brother Baird, Floydada drug store owner, is managed by the latter's son Ken.

KXIT operates on 500 watts of power at 1410 kilocycles, and will be on the air with local programs from sunup to sunset. The transmitter is situated a mile north of the city limits.

Competition for state honors among one-act plays of Class A regional winners will begin tomorrow afternoon and continue tomorrow night at Austin.

Winners, announced by Bruce Roach, League speech activities director, for regions other than One, which Floydada High school will represent, are:

Albany with a play titled "The Ladies Speak at Last," North Junior high, Waco, "Pink and Patches," Carthage, "Last of the Lowries," West Columbia, "Mrs. Lincoln's Whiskers," Giddings, "Riders of the sea," and Mission, with "Anti Spring."

Q. A. & P. Railway Adding Industrial Switches in Floyd

Lessons learned in last season's mid-summer wheat harvest are being heeded by the Quanaah, Acme & Pacific Railway company. An expenditure of some \$10,000 is involved in bettering facilities in Floydada to meet the situation more adequately when carload freight offerings get heavy.

One switch will give Producers Co-operative elevator an additional siding for loading from its elevators on Eighth street, another adds facilities for Farmers Grain company at California street, and a third adds some 1,800 feet of industrial switch in the vicinity of Houston street, both north and south of this street.

Most of the work already has been completed, Robt. Medlen, agent of the company reports.

Santa Fe to Issue 65 Club Awards

Sixty-five educational awards to outstanding 4-H club members in Colorado, New Mexico, Texas and other states served by its lines, will be offered in 1948 by the Santa Fe Railway, in continuance of its policy of annually encouraging American boys and girls to train themselves in agricultural pursuits, President Fred G. Gurley has announced.

The awards are cash sums sufficient to defray all traveling and other expenses for the winners to attend the National 4-H Club Congress held in Chicago.

In announcing the 1948 awards, President Gurley stated that their purpose is to help 4-H Club members to help themselves and that the Santa Fe takes pride in the fine records its past winners have made in their home communities.

Post Rodeo Dates Set up to May 20-23 to save Conflict

POST—The dates of the 1948 Post Stampede and Rodeo have been set up to May 20 - 23 inclusive to avoid a second annual conflict with the professional rodeo sponsored by the American Business Club in Lubbock.

The sudden enforced change of dates found the Post Citizens ready to pitch in and make the 1948 show "the biggest and best in history and truly 'The Fastest Show in the West.'"

Three thousand dollars will be given to winners of rodeo contests.

Each evening's performance, through Saturday, and the Sunday afternoon performance, May 23, will be preceded by a parade. A highlight of the show, as always, will be the Cowgirl Sponsor Contest.

CANDIDATE'S RALLY AT HARMONY SET FOR JUNE 18

Setting their date a long time ahead so as to be sure and not have a conflict with some other community in the county, the Harmony Home Demonstration club has announced a candidate's rally in their community for Friday night June 18. The women of the club and the community are planning to make it a big event for the community and the candidates as well.

Look who gets squeezed!

Union leaders representing less than one-tenth of railroad employees reject recommendations of President's Emergency board—refuse to negotiate except on their own terms—threaten to paralyze nation by strike!

THE LEADERS of three railroad unions, representing less than one-tenth of all railroad employees, have called a railroad strike that would paralyze the nation.

These leaders refuse to accept a 15 1/2 cents an hour wage increase retroactive to November 1, 1947. This increase was recommended by an impartial Emergency Board appointed by President Truman.

This increase of 15 1/2 cents already has been accepted by the 19 other railroad unions. But the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Engineers, and the Switchmen's Union of North America won't accept what more than 90% of all railroad employees have accepted. They have called a strike to get more!

Unions refuse rules discussion
Certain rules changes demanded by these union leaders—which would increase wages still further—were recommended by the Board. But the union leaders want more—they demand that the railroads put into effect ALL the changes they asked for, including those the Board felt should be denied.

On top of this, they insist that certain rules changes proposed by the railroads be withdrawn—in spite of the fact that the Board recommended them! These union leaders have refused to negotiate except upon these arbitrary terms.

Greater wage increase not justified
Engineers and firemen are among the highest paid of all employees in America, as figures in the box show. This strike threat doesn't justify giving a greater increase than other railroad workers received.

Emergency Boards are a means provided by the Railway Labor Act in the public interest to avoid strikes. The President's Board,

after hearing evidence for 33 days, made recommendations based on all the facts in the case. The railroads have accepted these recommendations.

Who's to blame?
Although they deplored so large an extra cost burden, the railroads accepted the report of the Board because they felt it was in the public interest to uphold the spirit and intent of the Railway Labor Act.

Compare these wages with what you make!

Here is a comparison of average annual earnings of engineers and firemen for 1939 (pre-war) and 1947. Also shown is what 1947 earnings would have been if the 15 1/2 cents per hour increase, offered by the railroads and rejected by the union leaders, had been in effect throughout the entire year 1947.
