Floyd County Boy Valedictorian School of Deaf, Austin, Texas

Lee Lowrance

Olon Lee Lowrance, jr., is valedictorian of the School for the Deaf in Austin, Texas, where he will graduate on May 24. He is making plans to attend Gallaudet College for Deaf at Washington, D. C., another year.

Olon has spent all of his school life in the School for the Deaf at Austin. He is the son of Mr. and Mrs. O. L. Lowrance, sr., of Buda, Texas.

Olon Lee was an outstanding football player at school having lettered for the past four years. He played left guard this past football season and was given the "All America" award. Not only has he been active in football, but in all school activities.

The Lowrances are former residents of Floyd County.

Showers Cool Area Briefly

Showers in limited areas of the county Sunday evening and again Tuesday afternoon washed the dust from wheat and grass and cooled the area briefly. Westward in portions of Hale heavy local showers fell. East also good rains were reported. Reports locally indicate that heaviest fall was around Dougherty where 4-tenths of an inch was recorded Sunday. Many points in the county had no rain.

Farmers Grain Co. Sell Out; To Liquidate

Farmers Grain company of Floydada is selling its elevator and storage properties located on the industrial switch and will liquidate, according to W. C. Cates, a director and manager for most of the 22 years the business has been in operation here.

Two elevators and a large storage house, together with five whole lots and 12 pieces of lots are included in the contract the Farmers have made with Triangle Grain company, a firm composed of H. B. Lindley, manager of the Farmers Grain company of Tulsa, Jack Greenman and Harry Hitch, of Fort Worth. The last two named are associated with Uhlman Grain company but the purchase here is a private venture, not connected with Uhlman, according to Mr. Cates' information. Lindley was elected president of the Panhandle Grain Dealers association at Amarillo this week.

The exchange will be made about June 1, according to the plans made. Farmers Grain company will turn over empty elevators, storehouses and office to the new owners, selling all their merchandise and office equipment.

Robt. Crowell C-C Manager

Robt. Crowell, conservationist's aide with the Soil Conservation service in Floyd county for the past two years, formally took over the management of Floydada Chamber of Commerce Monday of this week.

New office of the Chamber of Commerce is in the Williamson building formerly occupied by Floyd County Electric. Crowell was busy this week getting his office set up and getting the lay of his new job.

"Except in a very general way I am unfamiliar with the job I am undertaking but I am ready to go all out on it and hope to have the help of all the citizenship in doing the work that will be set out for me by the directors," said Mr. Crowell in a brief talk to a meeting of the Chamber of Commerce Tuesday night at the Legion annex.

Dance Floor Pioneers Worry

Floyd county pioneers, as represented by the executive committee of the Floyd County Pioneer association, this week are pondering the problem of a dance platform for their annual afternoon and evening dance on old settlers day, May 28. Heretofore, even during war days, some good fortune has come along

O. L. Stansell, chairman of the parade for the pioneers on Friday morning at 11 o'clock, said this week there'd have to be a lot of cooperation from everybody to make this year's parade as good as usual. "We will need floats, horses, and everything. The Old timers have a lot of other town competition this year and we'll have to depend on ourselves to have our own, fun, it looks like," he said.

to solve the problems of how and why, but this year the situation doesn't look so good. Saturday it looked bad, in fact. This week the old timers have been trying to work out something but they didn't have

anything for the newspapers as late as yesterday. They've got an old-fashioned dance but they haven't any platform for the squares to form on as yet. Ray Jones, the dance chairman, could not attend Saturday's meeting.

Everything else is all set, however. There is some money in the treasury, the high school band has promised to lead the parade on Friday morning of next week at 11 o'clock, the Rodeo association is going to entertain in the afternoon with a big roping event. The dinner, with 250 or more expected to be present, is all arranged for, with six home demonstration clubs collaborating to make it a big event. And there will be the usual exchange of greetings by way of the loud speaker for those who like to sit around on the lawn and enjoy visiting.

Prize List is Made Ready
Also, the usual prize list has been made ready. Several windows have been made available to any who wish to put on a display of relics, old pictures, heirlooms, etc. etera. Among these is the Southwestern Public Service southwest window,

which Manager George B. Caven says he will be happy for any organization or community to use. The company is going all out in one of their windows for the old settlers on their own and hopes the other window will be used. Others also are offering windows for pictures, relics, anything depicting the early days.

As to prizes for those in the parade, Mrs. Maud Hollums secretary of the Pioneers Re-Union is offering a special prize that may interest the youngsters of the area. This prize is for the young couple, married or unmarried, who are in the parade in the best pioneer costume. First prize is \$10, second \$5. Other prizes are offered as follows:

For the best float, \$5.00; second \$4;
Best dressed pioneer man, \$4, second \$2;
Best dressed pioneer woman, \$4, second \$2;
Old time cowboy, \$4, second \$3;
Oldest pioneer man in parade, \$4;
Oldest pioneer woman in parade, \$4;

Best explorer in parade, \$4; second \$3;
Oldest married couple in parade \$4;

Prizes For The Youngsters
In the afternoon activities prizes of \$3 and \$2 are being offered in a potato (foot) race; and a cracker eating contest offers a chance for some youngsters to pick up some easy money. For the youngster who wins this contest a prize of \$2, for the second best \$1.

Wild flowers for the table at the old timers dinner will be provided, it is hoped, for the contest for the best and prettiest wild flower bouquet. First prize will be \$3, second \$2. Flowers are to be left with Miss Leila Petty, county home demonstration agent, for use on the dinner table.

Prizes for the business house windows are \$4 for first prize, \$3 for second.

Walter Gound is president of the pioneers re-union this year. He presided at Saturday's meeting. Date for the re-union is Friday, May 28.

United Community Memorial Service

Marshall Swebston, commander of McDermott post, American Legion, announced Monday that in addition to sunrise ceremony at Lada cemetery for the dead, an all-community memorial service will be Sunday night at the First Methodist church.

Lloyd H. Jones, of the First Methodist church, will bring the final message for the evening service and friends of deceased service men, especially Gold brothers have an invitation to attend.

Swebston said that all the church congregations had been invited, unless through oversight, the invitation to be present and bring a message for the evening service and friends of deceased service men, especially Gold brothers have an invitation to attend.

ing a check list in an effort that none of the veterans of the war are overlooked when they are decorated in Floydada on Memorial day, a committee headed by Mr. J. B. Griffin of Plainview will make the results of their work of the graves and records as indicated. More than 50 names are interred in the cemetery.

Memorial day in Floydada will be at the rise of the sun by a memorial service at which F. Griffin of Plainview will realize the war dead. Mr. Griffin is, himself, a veteran of America's last wars.

arrangements is composed of B. Stapleton, J. C. Wester, Jack E. L. Cornelius. This committee urges that as many who like to join in honoring the dead arrange to have flowers in their gardens for the soldiers' graves. While flowers from commercial shops are welcomed the yard work will be needed in some places. Any who would like to help flowers from their yard may contact the flower committee which is composed of Elton Goen, Carl and Rex Brown.

ceremony will be held promptly sunrise and it would be a fitting thing, think the Legionnaires if many could be present on occasion to pay their respects to the men who served their country and have now passed beyond the grave.

Flags on Graves
The committee who have the marking of soldiers' graves in charge is headed by Walter G. Collins, Harold and J. B. Turner. Their work may be incomplete and who know of ex-service men whose bodies now lie in Floydada would confer a favor, said the committee.

Members of the committee will place flags on graves to mark the respect in Memorial Sunday, back page.

Three Service Men's Bodies Due Home Soon

Sometime within the next few weeks the bodies of three Floyd county men who died on foreign battle fields, two in Europe, one in North Africa, are due to reach home for interment. They are:

Charles L. (Leroy) Cates, son of Mr. and Mrs. W. C. Cates, whose body last week was reported enroute back to the United States from North Africa;

Oliver Alexander, son of Mr. and Mrs. C. Alexander, whose body is coming from France; and

J. W. McCravery, son of Mr. and Mrs. L. E. McCravery, whose body also will be forwarded from a temporary burial ground in France.

The Cates family expect their son's body home within two or three weeks. W. C. Cates said this week Leroy was killed at Bengazi, Lybia, on July 13, 1943. He was killed on the take-off of his bomber, of which he was pilot, when a fire broke out in the plane and the crew attempted to land. He had been on five missions over Europe when he and all members of the crew were killed.

Both Oliver Alexander and J. W. McCravery were in the 90th division and both were killed in Normandy, within two days of each other, McCravery on June 29, Alexander on June 22. Both took part in the invasion of the Normandy coast.

Doctor of Theology Degree given Rev. Ellis Meredith in Ceremony at So'western Baptist Seminary

ARLINGTON, — At commencement ceremonies held Friday morning, May 7, at the Southwestern Baptist Seminary in Fort Worth, Rev. Ellis Meredith, pastor of the First Baptist Church here, had the degree of Doctor of Theology conferred on him. Rev. Meredith has been pastor of the church here since June 1, 1941.

A former principal of the schools at Lillie, the 37-year-old pastor, who was reared at Floydada, where his mother, Mrs. C. E. Meredith, sr., still lives, completed his high school work in Floydada High School. He then completed Wayland Baptist Junior College in 1929 and received his B. A. degree from Simmons University (now Hardin-Simmons) in 1933.

He taught school for three years, part of that time at Pleasant Hill and Dougherty, and then began his pastoral work in 1934, holding pastorates at Dodsonville, Petrolia, Archer City and Burleson before coming to Arlington.

In 1940 he received his Master of Theology degree from Southwestern seminary and was admitted for graduate study and completed two years residence work toward his Th. D. degree in 1942.

Requirements Are High
Requirements for Doctor of Theology degree are high as all work must average 90 or above. Five years of residence work are required in addition to college degree work and a rigid oral examination on the all work must be taken with a thesis involving extensive research. All work must be approved by a graduate committee.

Writing his thesis on "The Humanity of Jesus as Set Forth in the Gospel and First Epistle of John," Rev. Meredith did some research work previous to last fall. The church here granted him necessary leave for completion of his work at that time and additional research was done in the libraries of the Seminary and TCU at Fort Worth

Rev. E. Meredith given degree of Doctor of Theology at Baptist seminary.

as well as the libraries of the Southern Baptist Theological Seminary and the Presbyterian Seminary in Louisville, Kentucky. The thesis was completed and submitted for approval in February of this year.

Church Growth Gratifying
Under Rev. Meredith's leadership, the church resident membership has increased from 616 to 1103, there have been 1161 additions to the church and the Sunday School attendance has been upped from an average of 256 to 470. Rev. Meredith has also led in a building campaign which was culminated in the erection of a \$225,000 church building on South Center Street.

Mrs. Meredith, the former Miss Maude Dukeminier, daughter of Mrs. J. A. Dukeminier of Wellington, and the pastor were married in 1934. She is an accomplished musician and pastor's helper.

Quarter Horse Show on Thursday Will Be Judged by Roland Moore

Carl Smith, president of Floydada Rodeo association, announced this week that Roland Moore, accredited American Quarter Horse association judge, will place the animals in next Thursday's quarter horse show which precedes the old settlers' day celebration. Judging will begin at 11 a. m.

Smith pointed out that all halter classes will be judged to the fourth place. A reining horse competition is also scheduled.

First go-round of the matched roping contest between Red Whalley and Billy Kirk, cast plains ropers, against Zeano Ferris of Las Cruces and Bill Bomar of Clovis, will be held Thursday night. Ferris is officially the third best rated calf roper in the world. The teams will rope for big money and the fast calf in the two go-rounds will draw \$20 extra. Second go-round is set for old settlers day, Friday, May 28. The club has rather salty Brahmas for the experts to tackle. An open to the world jackpot roping will be held following each of the two go-rounds.

MR. AND MRS. DOUGLAS PITTS HAVE A DAUGHTER
Mr. and Mrs. Douglas Pitts, of Austin, have a daughter born Monday of last week, May 10. She has been named Kathryn Ann. Dr. and Mrs. D. H. Pitts, who went down to Austin to visit with the new arrival and her parents, returned home Saturday.

Douglas Pitts is a business administration major student in the University of Texas.

Four-Way Tie for First
In the city league there is a four-way tie for first place, South Plains having been shoved down one rung where they are perched along with Phillips, Merchants and Hagoods, all with three wins and one loss each.

Tied for fifth and sixth place are Grigsby's Laundry and Stansell-Collins. McCoy and Footlight clubs have had hard luck. Each still has to win a game. All teams had played four games Tuesday night. A. H. Rainer is official announcer and statistician of the league.

Standing of the Teams

Grigsby Ldry, 4 2 2 500
McCoy, 4 0 4 000
Footlight, 4 0 4 000

Week's Results
Friday night: South Plains 15, McCoy 5; Stansell-Collins 18, Grigsby Laundry 12; Phillips 24, Footlight 4; Merchants 12, South Plains 2.

Tuesday night: Hagoods 9, Stansell-Collins 0; Grigsby Laundry 10, McCoy 6.

Change in the Schedule
Due to a variation in the Old settlers schedule, the Rodeo will be presented the night of the 27th instead of the 28th as has been the practice in the past, necessitating a change in the soft ball schedule, which was set up originally so as not to interfere with the celebration. The games scheduled to be played on the 27th, will be played on the night of the twenty-eighth instead, Gene Collins, general chairman of the softball committee, announces.

Doyle Family At Convention

Rev. and Mrs. L. A. Doyle and their sons, Bob and Don, left Monday morning for Memphis, Tennessee, where they were due to be in attendance the remainder of this week at the Southern Baptist convention, and thereafter for several days visiting relatives in Arkansas and Mississippi and possibly other states east of the Mississippi.

The trip combines an official trip to the south's largest annual church gathering and a vacation renewal of old home ties.
The Doyles are due home on May 29.

Parrish Farms Expand Crop Plans

No sooner than The Parrish Farms, incorporated, were all started this week on planting their 300-acre carrot field adjacent to Barwise 12 miles west of Floydada than they announced plans for another crop of similar proportions for the late summer. The Hidalgo county truck producers, who also go in for other commercial crops, will plant 200 to 300 acres of lettuce on the L. L. Jones farm six miles south of Floydada as soon as Jones can get a wheat crop off of the land and they can bed it for the new crop.

300 Acre Lettuce Field
Announcement of the plans of the big lettuce field, size to be limited only by the capacity of the irrigation water supply up to 300 acres, was made here this week by J. W. Parrish, president of The Parrish Farms, incorporated. Associated with him as the manager of the Floyd county project is R. P. Walker. Their home is at Mission and both operate farms in the Rio Grande valley.

The effort to throw a fast one past Mrs. Nature on the Jones farm south of town will be done to the tune of much deep plowing and fertilizing. They expect to have the lettuce grown and out of the way by the time Jones will be ready to re-plant to wheat in the fall. This is a high pressure procedure but Parrish says that is the plan that has been matured and for which preparations are now being made. Jones' wheat crop will come off sometime in June. The first day the wheat is out of the way, weather permitting, the preparation of the soil for the lettuce will get underway.

Meanwhile, carrot planting and watering operations on the Jones lease west of town is going along rapidly. Dry weather has been exactly to the valley men's liking. This week they had the first 60 acres of carrots planted, flooded and sprinkled. It should be coming through the ground in a day or two. Also (See Soil Saving, back page)

Prominent among the winning farmers and ranchmen to be honored is the conservation group at Dougherty who were declared winners in county sub-divisions. This group is composed of Robert J. Hinsley, Russell H. Crawford, Claude Ring, F. M. Dougherty, W. S. Poole, Bill Norman, Hugh Martin and A. H. Kreis.

To be honored as the outstanding individual conservationist of the region will be James A. Bobbitt of Sterley, and as the outstanding individual (See Soil Saving, back page)

Commencement Week Begins at FHS with Baccalaureate Sunday

EDITORIALS

Last week's road news for this county was that the State Highway commission has good news. The story out of Austin had it that the State Highway commission has given the go-ahead signal for 40 miles of road construction here in which the state will participate on their 25-75 per cent plan. This work is to be done within the next three years, and total cost will run something upward of \$300,000. Engineering, supervision, advantage of the highway department's vast contracting power, and maintenance afterward, all go in the hopper to make the deal a very, very good one for this county. At least, it certainly does conserve our locally voted bond money and will help make it stretch a lot further. This is much as per hope and plan of the Commissioners court, whose members are to be commended for going along with the State Highway department, now that the people have provided the money for the purpose. Undoubtedly, since the highway building set-up in Texas is like it is, the way to do is to go along with approved procedure. It is fortunate the court is aware of this fact. Floyd county in this respect may turn out to be much more fortunate than some west Texas counties, where local authorities listened to glowing promises, turned their backs on the State Highway department and "went it on their own," with their road building. The better plan may take a year or two longer, but hard-surfaced roads are built for a long, long time and a year's wait to get things done right is a mighty short time comparatively.

How often we all unfairly mis-judge each other. For instance, it comes to our mind that when and if we call the folks together to pray for rain and look around for a lead off man there are three or four telephone numbers it is far from our minds to call. What we will be in need of, as you may well believe, will be persons who have connections. Thus, if the community needs something from congress, not that we would get it, of course—why we'd call on a man who could hold converse with our congressman. If we needed a man who could talk with the authorities at the state capital, then it might be another man altogether different. And if we need to pray for rain, we'd want somebody in touch with another source. Our readers will understand and not be offended, we know. Plains people are broad-minded that way. We mean that if we mis-judge you, should dry weather hold on and on, and we don't call you to lead the delegation, it may mean that we have unfairly judged you, but not with the intention of being unfair. The whole intent would be to get results.

The Connecticut woman who is refusing to collect withholding taxes from her employees is getting prompt action out of the federal government. The Internal Revenue department has filed claims and from there the fight begins. Presumably, since the congress passed the measure and it became the law, the courts will sustain the law and make

an example out of the woman. Her name is Vivien Kellems. She runs a factory of some sort that employs more than eight persons. The law says for her to take money from her employees, remit it to the government and give the employe a receipt. So far as we are concerned, we are rooting for Mrs. Kellems. We want her to win even if Mr. Mahon did vote to have Mrs. Kellems (and The Hesperian) take money from employes and turn it over to the government. Mrs. Kellems has enough things to engage her mind, if she runs a successful business, even if she goes broke for that matter, without trying to attend to her employes' tax affairs for them. The fact is employes should be made to be responsible for their own taxes, as they would like to be. The Internal Revenue department justifies the law of making the employer be responsible for his employes' taxes on the basis of economy to the department. The fact that it costs an employer hundreds of dollars a year to tend to his employes' business for them does not seem to enter into the calculation. This kind of talk would seem to indicate The Hesperian does not fancy the Withholding tax plan. That certainly is right. We don't fancy it. It isn't right. It has the employer sticking his nose into the employes' business. Employes are citizens. They need to tend to their own tax affairs.

Save the Express Agency: It is said the Post Office department is wondering why it would not be a good idea to dispose with the Railway Express agency and have all the parcel business turned over to the post office. The department will find it rough going, if the public has a chance to give expression to dissent, ever to get the express agency out of the way. People like a bit of independence about their affairs and while we do not charge the post office department is high handed there are plenty of people who do so charge. And these want to go around the corner and do business with somebody else when they don't want to do business with the postal people. An idea that seems to have been overlooked by the postal authorities in their claim that it is un-economical to the railroads to handle small package traffic is this: that if the agency's business is un-economical to the railroads it also would be to the taxpayer, who is already paying a heavy loss in parcel post service. For very good reasons, we think, the Railway express agency or an organization of the kind certainly should not be dispensed with. For one thing, you can collect from the express company. Try collecting from the post office department.

More and better vegetables can be raised in the home garden if the gardener applies three or four pounds of 5-10-10 or 4-8-12 commercial fertilizer to 100 feet of row, a little lower than the seed.

It's true that the plain unadulterated truth can be mighty unpalatable.

Floyd County 14 Years Ago

Items taken from the files of The Floyd County Hesperian published fourteen years ago.

(Issue of May 24, 1934)

Most of Floyd county has fair to excellent season for wheat maturing and row crop operations this week, following a two day period of rain. Loaded with a cargo of potatoes and bound for Floydada, a truck driven by Virgil Redd turned over three times Thursday while coming through the mountains of Colorado. Neither Redd nor his fellow passenger, Walter Birch, was injured.

R. Fred Brown will have associated with him again this season his sons, Charles, Rex and Harold in operating an agency for Caterpillar combine parts.

Juanita Fannin and Terrell Williams are winners of medals awarded for the highest attainment in violin

study during the past year. Roy Wilkes, son of Mr. and Mrs. P. J. Wilkes, sustained a broken left arm Saturday afternoon at the local skating rink.

Mr. and Mrs. C. F. Lincoln, of Dougherty, who recently celebrated their forty-third wedding anniversary, left Wednesday on their second "honeymoon."

Mr. and Mrs. J. N. Gullion returned home Thursday from Hot Springs, Arkansas, where they had spent a month.

CHEVROLET—and ONLY Chevrolet—
IS FIRST!

First in all-round quality in the entire low-price field!

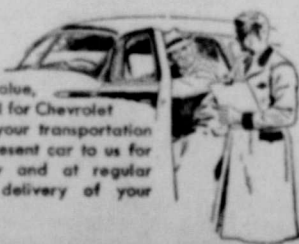

How you and your family will enjoy ownership of this newer, smarter, finer Chevrolet for 1948! It brings you BIG-CAR QUALITY—not in one item only, but in every phase of styling, engineering and construction—and brings it to you AT LOWEST COST, at well. That is why more people drive Chevrolets, according to official nationwide registrations—and more people want Chevrolets, according to seven independent nationwide surveys—than any other make of car. That is why you, too, will agree that CHEVROLET AND ONLY CHEVROLET IS FIRST in all-round value!

Nowhere else beauty like this! New styling! New colors! New upholstery fabric! All this added to the basic Big-Car luxury of Chevrolet's famous Body by Fisher. Remember—this body is exclusive to Chevrolet and higher-priced cars.

You'll enjoy much greater comfort in Chevrolet for 1948. It brings you the Big-Car riding-smoothness and road-steadiness of the Unitized Knee-Action Gliding Ride. Another feature found only in Chevrolet and more expensive cars.

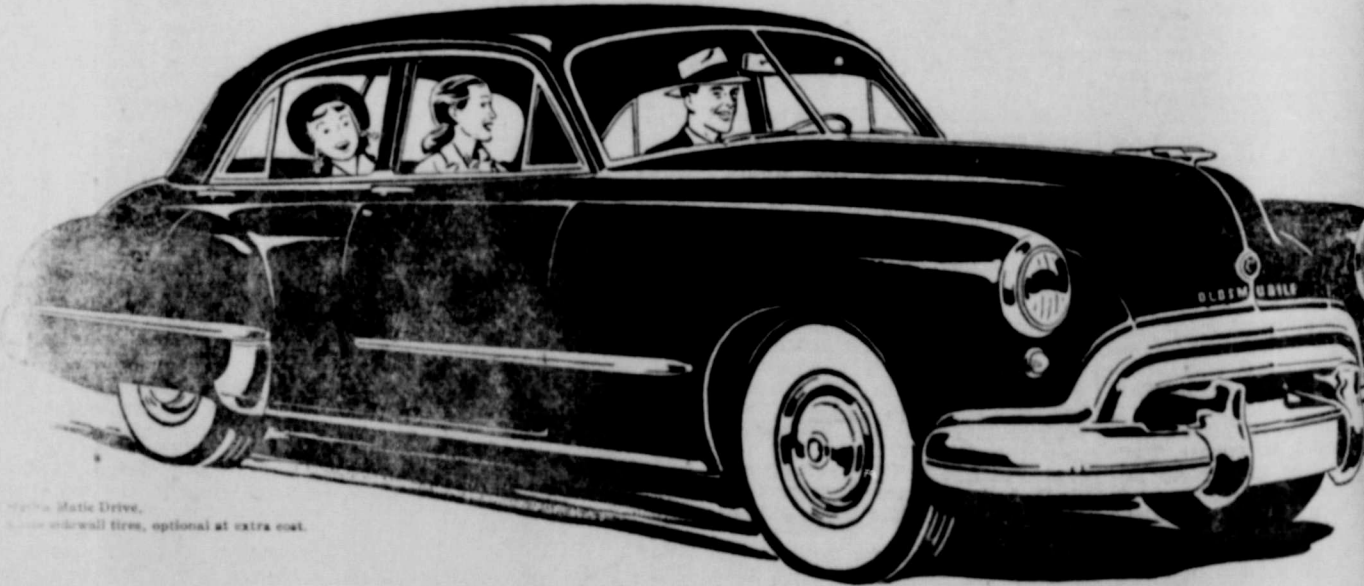

Just as you'll find no equal for Chevrolet value, so you'll find no equal for Chevrolet service. Safeguard your transportation by bringing your present car to us for skilled service, now and at regular intervals, pending delivery of your new Chevrolet!

"Drive in Futuramic Style every Hydra-Matic Mile!"

Here's the car that's inspired new words for "My Merry Oldsmobile." It's the Futuramic "38," a brand new model that's leading the way into a new Golden Era of progress and advancement!

Whirlaway WITH GM HYDRAMATIC DRIVE

It's the smash hit of the year... the big success story of 1948... the car that has all America singing its praises! Everywhere it goes, the Futuramic Oldsmobile goes over in a big way. Watch how people gather 'round to inspect that massive Futuramic front end... those flowing Futuramic fenders... that smartly tailored Futuramic interior.

Then watch the face of the lucky driver. He's got that "Futuramic Feeling." It's more than just the smoothness of a coil-cushioned ride. It's more than just the simplicity of "no-clutch, no-shift" Hydra-Matic Drive. It's even more than the breath-taking thrill of stepping down on the accelerator and feeling that surge of power as WHIRLAWAY goes into action. That "Futuramic Feeling" is a combination of all these Oldsmobile features—topped off with a goodly measure of pride at driving the best looking of all the new cars on the roads today!

Improved Farm Practices Are on Tour

Approximately 250 farmers, businessmen, vocational agriculturalists and agriculture workers attended the Floyd County Soil Conservation District tour sponsored by the Soil Conservation District and County of Floydada about 9:30 and proceeded to Lockney to meet a group of that vicinity. The group enjoyed a barbecue at Lockview Farm which was a courtesy of the new Farm and the District of Supervisors. County agent Hartog acted as master of ceremonies through the day. The first stop Ferguson Farm

discussed his improved pasture mixture and remarked that his fall planting was better than spring seeding. He thought it very desirable to have two or more pastures so that one can be watered and allowed to grow while another is grazed. G. D. Russell pointed out that his terraces have protected the sloping land as well as save the rich flat land that was being damaged by gullies before the terraces were built. He stated that his vetch had done well irrigated. His irrigation well was out of operation and if the vetch had been watered he thought he would have had twice the top growth.

A short stop was made at the G. F. Wier farm to view a spring planting of alfalfa seeded with barley nurse crop.

Ditch Border Irrigation
Carl J. Muench, Engineer for the District, discussed ditch border irrigation on wheat land at the S. R. Jones farm. He noted that Mr. Jones had little or no trouble irrigating and it was watered uniformly. Part of the wheat had an application of nitrogen fertilizer, while other did not. The ferti-

lized wheat was thicker on the ground and had a better color.

Ben. Quebe discussed the wheat variety demonstration on his farm. His remarks were supplemented by Mr. Hartog who discussed advantages and disadvantages found in various wheats, with emphasis on mill quality of each variety.

During the noon hour R. G. Dunlap, chairman of the board of supervisors of the District, presented the cash awards to the vocational agriculture boys winning the window display contest sponsored by the Soil Conservation District. Bob Stewart, manager of Lockview Farm, discussed operations of that farm.

Lockview Farm Viewed
After the barbecue at noon, the tour was resumed by viewing a field of vetch at Lockview planted in volunteer wheat. Superphosphate had been applied and it has been irrigated, resulting in a rank growth.

The second stop of the afternoon was made at the Oscar Golden farm to see an improved pasture. Mr. Golden stated that he is well pleased with his pasture and that he intends to increase the acreage.

A field of vetch on the E. M. Sewell farm and another belonging to Buck Sams across the road were compared. One was being grazed and the other was not.

A controlled grade irrigation system on his rolling cotton land was discussed by Rhea Mitchell. He remarked that his field had been very troublesome to water before this system was laid out. The ditch was run on flat grade while the master was run on five inch fall to one hundred feet. Mr. Mitchell stated that he practiced pre-planting irrigation on rolling row crop land as it is hard to water after cultivation. The land has recently been planted to cotton and fertilized simultaneously. He left a small area unfertilized so that he can compare the value of fertilizing.

Sprayed With 2,4-D
Bindweed control work was observed and discussed on the R. C. Mitchell farm. It had recently been sprayed with 2,4-D, but had not had time to have much effect.

Ralph R. Cogdell, Work Unit Conservationist in the Floyd County District, led a discussion on knot grass at the Clark Harris farm. It appears that this grass has some merit for future use in lakes and wet sites.

A spray irrigation system was in operation in an improved pasture on H. R. Patterson's farm. Mr. Patterson gave a very interesting discussion on its operation and uses. Several questions were answered as to the cost, ease of moving, amount of water that can be sprayed, types of land most successfully used on and other related information.

THE STATE OF TEXAS

TO: The Unknown Heirs of J. G. Harris, deceased, and J. G. Harris if living, and their heirs and legal representatives, Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Floyd County, Texas, at the Court House thereof, in Floydada, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 21st day of June A. D. 1948, then and there to answer Plaintiff's Petition filed in said Court, on the 20th day of April A. D. 1948, in this cause, numbered 3737 on the docket of said court and styled Agnes E. Forman and D. Rhea Forman Plaintiffs, vs. The Unknown Heirs of J. G. Harris, deceased, J. G. Harris if living and their heirs and legal representatives Defendants.

A brief statement of the nature of this suit is as follows, to wit: Plaintiffs sue in Trespass to Try Title to recover of and from defendants fee simple title to 640 acres of land being all of Survey No. 89 in Block D-3 Cert. No. 413 in Floyd County, Texas. Plaintiffs allege that plaintiff Agnes E. Forman owns said land in fee simple and that defendants do not own any interest in said land, and further plaintiffs specially plead that said Agnes E. Forman has title to said land by virtue of the five year statute of limitation, and that she, and those whose estate she has, claiming the same under deeds duly registered, has had peaceable, continuous and adverse possession of said land, cultivating using and enjoying the same and paying all taxes due thereon, before delinquency, for a period of more than five years next after defendants cause of action, if any, accrued, and before commencement of this suit; and plaintiffs further plead that said Agnes E. Forman has title to said land under the ten year statute of limitation and she, and those whose estate she has, claiming to own same have had peaceable continuous and adverse possession of said land by an actual enclosure and fencing of said land, cultivating, using and enjoying the same for the period of ten years after defendants cause of action accrued and before commencement of this suit, and that such adverse possession was held under deed specifying boundaries of said tract of land, duly recorded in Floyd County, Texas, deed records; and plaintiffs further plead that said Agnes E. Forman has title to said land under the twenty-five year statute of limitation, and that she, and those whose estate she has, have had peaceable and adverse possession of said land, claiming to own same, for a period of twenty-five years under claim of right and title in fee simple, in good faith, under deeds describing said land and purporting to convey the same, which deeds have been recorded in the deed records of Floyd County, Texas, during said twenty-five year period, and all prior to the filing of this cause of action, and all after defendants cause of action accrued, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs. If it is not served within 90 days after date of its issuance, it shall be returned unserved.

Issued and given under my hand and the Seal of said Court, at office in Floydada, Texas, in Floyd County, Texas, this 4th day of May, A. D. 1948.

Attest:
Mrs. J. O. Dudley, Clerk,
District Court, Floyd County,
Texas

Growth of Air Mail Use In Thirty Years

From the period May 15 to 21 the United States is celebrating a historic event—the 30th anniversary of the inauguration of the United States Air Mail Service on May 15, 1918.

And the public is urged by the Post Office Department to use air mail in business and personal correspondence in observance of Air Mail Week.

The first mention of possible Air Mail Service in the United States was on June 10, 1910. Senator Shepard of Texas introduced a bill in Congress for an investigation to determine the practicability and cost of an aeroplane or air ship mail route. No action was taken.

But on May 15, 1918, the first air mail route in the United States was established between New York and Washington via Philadelphia. At first the War Department furnished planes and conducted the flying, but after August 12, 1918, the Post Office department took over the entire operation.

At present we have not only air mail service to all cities in the United States but we also have international air mail service of letters and parcels.

The Post Office Department has a 10c Air Letter sheet that you can send for 10c anywhere in the world.

For 5c an ounce, you can mail a letter at 4:00 p. m. and it will arrive by air at

- Amarillo 10:19 p. m. same day;
- Austin 8:50 a. m. next morning;
- Boston 12:45 p. m. next morning;
- Chicago 4:25 a. m. next morning;
- Dallas 11:52 p. m. same day;
- El Paso 11:21 a. m. next morning;
- Fort Worth 11:32 p. m. same day;
- Houston 9:45 a. m. next morning;
- Kansas City 1:20 a. m. next day;
- Los Angeles 5:25 a. m. next day;
- New York 1:30 p. m. next afternoon;
- San Francisco 7:35 a. m. next morning.

Air mail dispatcher at 6:00 p. m. will arrive at Austin 11:39 next morning; Houston 12:29 next morning.

San Francisco 4:40 p. m. next day Phoenix 7:10 p. m. next day.

History of Air Mail Service in Floydada.

In 1925, the first air mail letter arrived at Floydada Post office. It was mailed at Salt Lake City by Fred Zimmerman, sr., and was addressed to Mark Martin. The letter traveled by air to Denver, Colorado, and came the remainder of the distance by rail. As the letter was unlike any other mail that was arriving at Floydada Post office, Postmaster Starks notified Mr. Martin to call at post office for this air mail letter.

On May 19, 1938, Floydada dispatched and received its first air mail pouch from a plane landing at Floydada Air port. This plane piloted by J. H. York, brought greetings from Lubbock city officials.

chials, The Post Office department, and Chamber of Commerce executives. This plane was greeted by Floydada High School band and many civic-minded citizens.

In 1941 Floydada Rural Route No. 1 received unofficial air mail service. At Ralls highway crossing and at Day crossing, believe it or not, the White river was out of its banks washing fences away and it was impossible to cross the canyon in automobile or by horse.

Mark Martin kindly flew mail for Route No. 1 across the canyon, without any expense to the government, and gently dropped the pouch near Carrier Clontz, who lived south of the canyon. The patrons on Route No. 1 have never forgotten this much appreciated service from Mr. Martin, said Mrs. Barbara H. Smith, postmaster.

Conservation District News

The Soil Conservation Service technicians assigned to the Floyd County Soil Conservation District ran some ditch lines and gave row directions for Ray Plummer of Lockney, who is farming land belonging to W. C. Price.

An elevated ditch was staked out for Richard F. Stovall, which is to be built by a County machine.

The Soil Conservation Service crew ran lines for T. J. Cardinal to water wheat and row crop land on the Cecil Hagood farm Southeast of Floydada.

A high point for an irrigation well was set for Oscar Golden on the Obenhaus land north of Aiken.

The Soil Conservation Service farm planner went over Bailey Henderson's farm with him last week.

Mr. Henderson is irrigating some summer fallowed wheat with ditch borders, using water from a neighbors well.

A contour irrigation system has been laid out for Leonard Smith of McCoy. Mr. Smith expects to plant milo in twenty inch rows.

Three to Graduate at North Ward in Exercises Tonight

Three students will graduate from North Ward school at the commencement exercises tonight beginning at 8 o'clock. They are Cynthia Lee Neal, salutatorian, Charles W. Taylor, valedictorian, and Velma R. Campbell. The salutatorian's address will be "Life's True Aim" followed by the valedictorian's address, "A Broader Vision." The farewell address, "Education is the Means and Life is the End," will be given by Velma R. Campbell.

Rev. R. C. Barrett, pastor of Mt. Zion Baptist church, will address the graduating class preceding the presentation of diplomas by Prof. W. Hardaway, principal of North Ward school.

The program includes a number of songs. The closing benediction will be given by Rev. Barrett. Odessa Bass, daughter of Mr. and Mrs. Joseph Bass, is expected home today from Franklin Beauty school in Houston, where she has completed the course there. She graduated from North Ward school with the class last year.

Mr. and Mrs. Tom Hall and daughters, Barbara and Jodie, and Mr. and Mrs. N. E. Tyler, jr., and daughter, Nancy LaNell, spent last week-end in Ruidoso, New Mexico, visiting with Mrs. Hall's brother and family, Mr. and Mrs. Ben Donohue.

J. A. Patterson spent the first of the week at Strawn where he was a guest of his mother, Mrs. Flora Patterson for a brief stay.

Breaking Conditions of Parole Brings Five-Year Prison Term to Man Charged in Two Burglaries

J. R. Turner, convicted of burglary early this year in Floyd county, but released on probation by Judge Alton B. Chapman, broke the conditions of his probation and is now facing a five-year term in the state penitentiary.

His probation was revoked by Judge Chapman and he was sentenced to serve the term Wednesday. Two cases of burglary were alleged. Time in state penal institution will run concurrently on the two.

Turner was arrested in Crosby county on a charge of disturbing the peace. Sheriff Hart returned him to Floyd county. One of the conditions of his probation was that he would not violate any of the laws of the land during the five years of his probation.

Burglaries last December. Charges against Turner were filed following two burglaries he is alleged to have taken part in during Christmas week. In the first of these the farm home of O. M. Bybee at Muncy was burglarized, and in the second the home of W. L. Davis of Starkey. Following indictment he was convicted in District court on one charge, while judgment was withheld in the other.

The probation law differs in some respects from the suspended sentence law. It was invoked in this instance by the judge, who cautioned the defendant that an exemplary life would be required of him. Turner is a former resident of the county. He is married and has three children by a former marriage.

South Plains News

SOUTH PLAINS, May 17—My, but these clouds surely look good. Maybe we will get some rain. Seems like just about the time everybody decides it will never rain again, well sure enough it does. I think it has just about come to that point.

We enjoyed very much attending the 50th wedding anniversary of Mr. and Mrs. H. S. Calahan. Everything was so very nice. We wish the bride and groom many more happy anniversaries.

Mr. and Mrs. Carl Calahan and Miss Delia Cummings, of Dallas, spent the week-end here attending the reunion of the H. S. Calahan family. All 11 children, 21 grandchildren and one great grandchild were present. All the in-laws were present except Raymond Upton, who is in Minnesota at present.

Rev. and Mrs. Harless and his father attended church here Sunday. They were old friends of the H. S. Calahan family. All those attending the reunion were dinner guests in the Z. C. Cummings home.

Rev. and Mrs. R. C. Guest and Rev. C. A. Joiner attended the dinner in the Cummings home.

Mrs. Roy Childress and Louise spent the week-end at home.

Mr. and Mrs. Gilbert Bean returned home Thursday from Dallas, where Mrs. Bean took treatment for her eyes. Albert Bean returned home with them and spent several days.

Mr. and Mrs. Dock Jones are in east Texas visiting relatives.

Mrs. E. P. Smitherman and boys visited at White Flat with Mrs. Tommie Edwards and children Sunday.

E. P. Smitherman, Arby Mulder and Tommie Edwards went fishing last week-end.

Mrs. Arby Mulder is visiting relatives at Clarendon.

Mr. and Mrs. Ambrose Joiner and Mrs. W. F. Joiner, of Abilene, spent several days last week with Rev. C. A. Joiner and the M. M. Julian family.

Mr. and Mrs. Early Joiner and Gordon and Rev. C. A. Joiner were dinner guests in the Murry Julian home Friday night.

Sunday visitors in the H. L. Marble home were Mr. and Mrs. E. M. Jackson and girls and Mr. and Mrs. F. I. Marble.

Mrs. Betty Jeffcoat returned home last week-end.

Mrs. Lloyd Horn and baby spent last week with her mother, Mrs. J. B. Jarnagin.

The community wishes a speedy recovery for Mr. Horn, who once lived here.

Mrs. Carl Lee Banks, of Amarillo, spent last week with her parents, Mr. and Mrs. C. L. Jarrett, and other relatives.

Guests in the Doodle Milton home Sunday were Mr. and Mrs. Oscar Hewitt.

Mr. and Mrs. George Weast spent the week-end in Amarillo with Mr. and Mrs. E. T. Evans. Mrs. Evans is recovering from an operation.

School closed Friday with a picnic at the Plainview park. A large crowd attended and everyone enjoyed it very much.

Mrs. Charlie Jarrett visited Friday with Mrs. Lena King.

The South Plains Home Demonstration club met May 12 with Mrs. Johnnie Wilson. The president took charge. The roll was called and the minutes were read by the secretary. Mrs. Art Willis conducted the recreation period. The musical program consisting of several group songs and special singing was greatly enjoyed.

Refreshments were served to Mrs. George Weast, R. C. Guest, M. M. Julian, Menard Field, Bryant Higginbotham, J. B. Smitherman, Doodle Milton, L. T. Wood, A. L. Stewart, H. B. Hartman, Wade Deavenport, Oscar Hewitt, Art Willis, H. L. Marble and one former member, Mrs. Lenton Lanham.

The next meeting is with Mrs. M. M. Julian on May 26 at 3 o'clock.

Mr. and Mrs. F. O. Conner were among the plains people who saw the final scrimmage of football players at West Texas state Tuesday night. Mr. Conner was a guest at the stag dinner which preceded the game. Their son, Eddie Wayne, is halfback on the first team.

Half Minute Interviews

Rev. R. E. L. Muncy: "I'm doing a land office business in tomato plants, strawberries and onions these days."

Cecil Hagood: "T. J. Cardinal tells me we're running a pipe full of water on our irrigation test on the W. B. Jones home place northeast of Pleasant Hill. I guess we'll put a well on the 110 acres northwest of it."

Geo. B. Caven: "I have found a house for my family and me. We'll be living at home soon."

Three Cars Cement In Ten Days Here

Cement much sought, far short building commodity, has rolled into Floydada in the past 10 days in sufficient quantities to keep most of the local construction jobs going, or resumed after being stopped for several days to two weeks.

Three carloads of cement had been received by two firms within the 10 day period ending Tuesday. Both industrial and residence construction had been slowed down materially during the first 10 days of May for lack of cement.

Brummett Appoints Campaign Mgr.

Dudley K. Brummett, Lubbock aspirant for the office of State senator from the 30th district, was announcing in Floydada Tuesday afternoon the appointment of his campaign manager for the race. He is Dudley K. Brummett, jr., who arrived in Brummett family on May 7. Born at West Texas hospital Dudley K., junior, weighed seven pounds, four ounces.

CHILDREN OF E. C. KING FAMILY HOLD RE-UNION

Home grown strawberries and fried chicken were the outstanding items on the menu of the bountiful dinner given at the home of Mr. and Mrs. E. C. King, 311 West California street, Sunday when a number of their children gathered together for a reunion. One daughter, Mrs. J. W. G. Hill, of Little Rock, Arkansas was unable to be present for the occasion but extended her best wishes to the group at the noon hour by telephone.

Guests for the day were Mr. and Mrs. W. A. King and son, Bobby Ned, of Chicago, Mr. and Mrs. Raymond King and daughters, Sandra Kay and Donna Gail, of Dimmitt, and Mrs. Mrs. Hobby Heath and children, Geary Lynn and Carolyn of Plainview, Mr. and Mrs. Russell King and son, Denny, and Mr. and Mrs. R. B. Calhoun, of Floydada.

PAUL FOSTER'S DAUGHTER'S CONDITION MUCH IMPROVED

LUBBOCK, May 17—Mr. and Mrs. Paul Foster of 2305 Tenth street returned Sunday from McKinney, where they were called Thursday by the serious illness of their daughter, Mrs. Troy Straughn. Graveside services were held Friday morning for the infant daughter of Mr. and Mrs. Straughn who died at birth Thursday. Mrs. Straughn is the former Margaret Foster, registered nurse who formerly was employed in Lubbock. Her condition was much improved when Mr. and Mrs. Foster left McKinney.

Mrs. Straughn, who graduated from Floydada High school and took her nurse's training at Plainview, is a niece of Mrs. A. C. Jackson and W. H. Foster of Floydada.

Newton, Hinsley Sure Combination On a Fox Chase

J. E. Newton and Robert Hinsley, of Dougherty, appears to be a good hunting combination if you're after foxes and it's way out on the prairie. They took a three-fourths grown red fox the other afternoon and gave him in captivity. No dogs, no guns, just good running and maneuvering.

Enroute to the 4-section irrigation well that W. S. Poole is developing Newton discovered the fox sitting by the side of the road. About three miles of chase and Hinsley put his foot on a thistle the fox had hid himself under. Newton got hold on the back of the neck and had a barehanded capture to it."

Mr. Hinsley reporting the incident, said that while it might not rain in Floyd county in 1948, it could at least be recorded that a fox was captured. Mr. Newton has the varmint as a captive at his home in Dougherty.

Artificial Breeding Program Urged

A program of artificial breeding for Jersey and Holstein herds of the county is being offered through the extension service of Texas Technological college, and a campaign is on this week carrying the message of the possibilities of increasing milk and butterfat production on Floyd county farms through this program.

E. L. Angus, manager of Floyd Creamery, has been one of the backers of the campaign, in which 500 to 700 cows are sought to be signed up. A detailed film, for men only, is being used in presenting the program.

County Agent A. L. Hartzog said that Tech college's offer is a feasible one. He is attending all of the meetings in the various communities that he can.

A meeting at Lakeview Wednesday of last week was followed by another at Sand Hill Tuesday night of this week. South Plains Wednesday night. Tonight's date is at Lone Star and tomorrow night the plan will be carried to Cedar for consideration of dairy producers there.

The final meeting will be held Saturday afternoon here in the court room at 2 o'clock.

Culpeppers in Five Month Trip Renew Old Acquaintances

The W. F. Culpeppers, who returned home just recently after spending five months and eight thousand miles in Texas, Oklahoma, Louisiana, Mississippi, Alabama, and Georgia, had the pleasure of attending church at various places in these states and missed only one regular church service while away from home five months.

One of the highlights of their trip came at Clanton, Alabama, where they visited the first church Mr. Culpepper ever attended and met again his first pastor, Rev. J. D. Hughes, who held the pastorate there for 39 years.

The couple spent three months at Stovall Hot Wells before beginning their trip. Visits with relatives and old friends were made in Louisiana, Mississippi, Alabama and Georgia. Some of the friends Mr. Culpepper had not seen for 45 or 50 years.

On their fine trip they saw lots of rain, but none in Texas. Mrs. Culpepper is greatly improved in health since taking the hot baths.

Winter Peas Make Big Difference, so Lewis Harber Finds

A crop of winter peas grown on a five-acre plot by Lewis Harber west of Floydada in 1946, made Mr. Harber and his landlady a mighty big profit when cotton harvesting time rolled around in 1947. Figures released from the office of County Agent L. A. Hartzog this week on Mr. Harber's five-acre plot read like this:

On the five acres he made 12 bales of cotton, selling \$2,022.60 worth of cotton and cottonseed, using Paymaster. Mr. Harber paid his landlady \$101.13 per acre from the five acres. Adjacent cotton made around three-fourths of a bale per acre.

Not all the results were due to the winter peas, of course. Mr. Harber is a good farmer, but he credits the planting with a very large part of the good luck he had.

Orthopedic Clinic Saturday, May 22

A clinic for orthopedic examination for deformed children will be held on Saturday, May 22, beginning at 8:00 A. M. in Khiva temple, corner of 5th and Fillmore, Amarillo. T. P. Collins, Potentate aide for Floyd county, said any child with a deformity under 15 years of age regardless of race, creed, or color, and where the parents are unable to pay, is eligible and welcome. Applications for this clinic can be obtained from Mr. Collins, Floydada, or any member of Khiva temple.

This clinic is sponsored and financed by the Khiva Kendrick fund and it is their sincere desire to be helpful to any and all unfortunate and deformed children living within the jurisdiction of Khiva Temple," said Mr. Collins.

Receptionists, nurses, and orthopedic surgeons will conduct the clinic. They will make examinations and give their recommendations during this clinic. It will be conducted for examination only.

Cecil Faulkner Body Interred at Vashti, Near Bellevue, Tex.

Otto Faulkner, who was here several days in mid-May on a visit with his parents-in-law, Mr. and Mrs. E. P. Nelson, and has since returned to his Long Beach home, had just returned from Bellevue, where he attended the last rites for his brother, Cecil, lost in World War II. Several of the Faulkner family's childhood years were spent in Floydada.

The brother, who was a lieutenant colonel in the Army Air corps, was buried with full military honors at Vashti cemetery after the funeral rites had been held at Bellevue. The American Legion post of Bowie was the officiating military organization.

Cecil Faulkner was killed in a B-17 crash in Cuba, while conducting an instruction flight from the main land, on April 25, 1945.

Was At Pearl Harbor

Cecil Faulkner was at Pearl Harbor when the Jap sneak attack was made, and was in the Southwest Pacific campaign until 1943, principally in New Guinea. The survivors include the parents, Mr. and Mrs. Lee Faulkner, residents of Bellevue, the brother Otto, of Long Beach, two sisters, Mrs. Edna Patterson of Port Worth, and Mrs. Ina Moore of Buda, his widow, since re-married, and two children, Wendy, 5, and Michael 3. His widow was Fay Dodd before her marriage, and is now Mrs. Fay Small.

Floydada OES Wins in School Instruction

Floydada Chapter No. 31, Order of Eastern Stars, was well represented on May 5 at the annual meeting of instruction held at Plainview. The 12 members representing the local chapter were Helen Green, Herschel Green, Ann Green, Velma Bernice, Eula Mae Smith, Velma Bernice, Gladys Howard, Eula Muehl, Gladys Howard, Eula Muehl, and Flora McNeill. All passed the examination and received the A and B certificates.

The meeting opened at 9 o'clock Monday morning with the Plainview officers acting as hosts for the thirteen Grand officers were in attendance including the Worthy Grand Matron, Cheba Dewess, of Plainview and the Worthy Grand Matron, Pat Boone, of Littlefield.

At 3:30 p. m. a banquet was held at the Hilton Hotel to honor all Grand officers. The banquet was presided over by Helen Patterson, Worthy Matron of the Floydada Chapter, and Bessie Russell, Worthy Grand Matron of the Lockney Chapter. Sixty-two officers and members attended the banquet. A special program was rendered by a group of young people from Plainview, Lockney and Floydada.

Address by the Worthy Grand Matron highlighted the night session in the Plainview Masonic beginning at 8 o'clock.

STRATOJETS UP FRONT IN AIR FORCE PROGRAM—Left, Boeing XB-47, one of the newest bombers of the U. S. Air Force, zooms skyward under the impetus of 42,000 pounds of thrust. Snake trails are from the 18 JATO (Jet-Assist-Take-Off) rocket units, mounted integrally in the big bomber's fuselage. Six General Electric J-35 turbo-jet engines, each developing 4,000 pounds of thrust, are slung beneath the slim swept-back wing to provide normal power. The bomber is comparable in size to the Boeing B-29 superfortress. Right, Nose drops for shooting star? Not really. It's just Sgt. Elliott A. Ingram, Colorado Springs, Colo., furlishing a jet-propelled P-80 at the Air Force Advanced Fighter Pilot School, Williams Air Force Base, Arizona. All jet aircraft used in the training program get a regular steam bath as a part of the maintenance of modern equipment. Accumulated dirt and grime, incidentally, are about the only things capable of slowing down the 550-mile-per-hour P-80. (Air Forces photos)

New officers were elected at the meeting last Thursday night. The year closes on May 31 at which time a public installation will be held in the Masonic hall beginning at 8 o'clock. This is the only meeting of the Eastern Star to which the general public may be invited and anyone wishing to do so may attend said Helen Patterson, Worthy Grand Matron.

The young man in the dentist's chair asked if the radio could be turned off. "I know six teeth have come out," he said, "but I don't want it done to the tune of 'The Yanks Are Coming.'"

Hale Leads in Soil Conservation For Northwest Region

PETERSBURG, May—The Hale County Soil Conservation association was adjudged the outstanding soil conservation district in Region 1 in the Save the Soil Save Texas campaign, sponsored by the Scripps Howard newspapers of Texas. This is the northwestern region and is one of five in Texas.

Four representatives of the district attended the state meeting in Fort Worth Saturday. They brought back with them a check for \$300 which was the prize money awarded. The representatives were J. J. Hegl, of Petersburg, Earl Laney, of Hale Center, W. A. Painter, of Edmondson, and C. A. Robinson, of Plainview.

Crosby County won second in this 52 county district, Floyd county third and Moore county fourth place.

SAND HILL YOUNG PEOPLE ENJOY PICNIC ON BLANCO

The Young People's B. T. U. Class of Sand Hill and their sponsor, Claude Jones, enjoyed a cottonseed ride to Blanco Canyon, Thursday night, May 14.

Those enjoying the occasion were Don Probasco, Junior Allen, Buddy Peterson, Margie Latta, Kenneth Hollums, Ray Bartram, Shirley Peterson, Mava Smith, Martin Peterson, Willy Hughes, Alice Marie Latta, Marlene Hollums, Patricia Adams, Dorothy Holmes, Johnnie Rutherford, Marlene Raley, Billy Carmack, and the sponsor.

All young people of the community are invited to come and join the group.

MOVING TO MISSOURI

Mr. and Mrs. Bill Baker and children, Billy Keith and Sue, left Sunday for St. Joseph, Missouri, to make their home.

The Bakers have been connected with the Floydada theatres here. Mr. Baker will have charge of a chewing gum machine route when they move to Missouri.

Oil Play Hits Lockney Area

LOCKNEY, May—Work has been in progress the past two weeks on two blocks of oil leases near Lockney, according to The Lockney Beacon.

One block directly south of town is being worked up said The Beacon for a major oil company by Hall & Harris, local real estate dealers. The block is 2228 acres running five miles east and west and from one mile to one and a half miles in depth north and south. It begins at the south edge of Lockney town-site and the farthest land south is the George Webster land. It extends from the Judson Miller place on the east to the Henry Ford place on the west. The company is paying \$3 per acre for the lease and \$1 per acre per year rental on a 10 year contract.

Elmer Thornton is working on a block north of town. Information indicated that this block contained around 13,500 acres and extended from a point just north of town west to Aiken and thence north about four miles.

Voice Pupils And Chorus in Program on Tomorrow Night

Voice students of Mrs. L. H. Christensen and the Andrews Ward chorus will be presented in a musical program at the Andrews Ward school Friday evening, May 21, at 8 o'clock.

The program will include solos, duets, trios and full chorus numbers. Special voice students participating in the program are Loyce Ann Herring, Barbara Hart, Beverly Thomas, Alma Jean Porter, June Ware, Norma Dunn, Alice Elaine Latta, Tanya Redd, Ewarda Hart, Beth Walker, Darlynn Warren, Maide Beth Johnson and Clara Mae Jones.

GIRL BORN ON APRIL 24

Mr. and Mrs. Ralph Womack are the parents of a baby girl born April 24 and weighing six pounds and 11 ounces. The baby has been named Donna Lynn.

Mr. and Mrs. Womack are now living in Dallas, Texas.

Insurance Fire

After ten months rest, I am again gladly writing fire insurance, now with EXTENDED COVERAGE also, for Farmers Union County Mutual Insurance company — our own Texas company. We now operate state-wide under our good Texas laws.

I think we always did have the best set-up in the state, but the wrong manager will ruin any good business or company when people lose confidence.

We are now under completely new and capable management.

I personally ask for your insurance business.

- 1st—Because the premium is less;
- 2nd—Because we pay more (no \$50 or \$100 deductible clause);
- 3rd—Because the National Farmers Union says: "We are behind Texas both morally and financially to the limit." That means safety for you.

My guess is, we will have the insurance on every 4th home in Floyd county—both in town and country in less than 3 years. When you know you are safe, you simply won't continue to send your money to out of state stock companies and pay the first \$50 or \$100 of your own loss when a smaller premium in your own Texas company will pay all your losses in full and pile up a reserve that still belongs to you. Investigate now.

Now a word about Hail Insurance on growing crops with your own Texas Panhandle Mutual Hail association (paid over \$700,000 crop losses in Texas last year).

Tom L. Porter came to the farm and said, "I want some of Ed's rest medicine" and Alma proceeded to write him \$2200 hail insurance protection. He saved \$41.30 on his premium.

I'm begging you to insure your cotton with us the minute it is up to a good stand. It will sell for about 30c per pound this fall—if it doesn't hail! If it does hail—we pay you and you re-plant in feed or do as you please. About 10 pounds of lint insures you for more than \$20 per acre. It's just plain good business.

WHAT WILL YOU DO?

The day is rapidly approaching when school will be out for the summer holidays. Some students already have plans made for the summer, but there are some who don't. If you are one of those students who have made no plans, perhaps this will be beneficial to you.

There are several things that young people can do during the three months allotted to us for a vacation from the drudgery of school. We shall list some of these.

Boys can do many things. One way to earn extra money is by working on a farm. There is always cotton to be hoed and tractors to be driven. Boys can also help on truck farms and help at dairies. One of the best paying summer jobs is working in the harvest. This also affords an excellent opportunity to travel through a few of the forty-eight states. Those boys who want to work in town can work on milk and paper routes, do yard work for the townspeople, and "jerk sodas" at several places in town. These jobs pay very well and are easy to learn.

Girls may also be "soda jerks." Experience is not necessary at most of the soda fountains, and an alert and courteous attitude coupled with a neat appearance is almost all that

is needed. The same requirements apply to jobs as waitresses and clerks, in the same various stores in town. These jobs afford very good opportunities to get accustomed to meeting people and learning how to deal best with them. Another job for girls is that job which is always being joked about but which is a well-paying job—baby sitting. A liking for children and a tolerant attitude are the essential requisites for this position. There are many other ways to spend the summer months but we shall not attempt to enumerate them.

Not only will these jobs give practice in working for and meeting the public but also will they bring you extra spending money. This will, in turn, enable you to buy some of the things you may have wanted but felt you couldn't afford. Also, a summer job helps pass time on which idleness could lead to mischief. There are many good points to a summer job and there are very few bad ones. Why not try your hand at a job and decide what you will do this summer?

WHAT IF—

This were the second week of school instead of the next to last week?

Seniors' backs were blue instead of red?

Margaret Green and Huckabee flunked this semester's work?

Everyone were fresh and lively instead of being dull and having spring fever?

Everyone were exempt?

Students were quiet instead of noisy?

The building were air-conditioned instead of being as hot as a boiler-room?

Why send away for office supplies call no. 8.

Allied Youth Has Chartering Service

The high school auditorium Thursday evening, May 13, was the scene of the chartering service for the Allied Youth Post of Floydada. The program began with each member marching in. The recessional and processional were played by Jack Cogdill. Rev. L. A. Doyle, pastor of the First Baptist Church, gave the invocation. Sammy Hale, president of the organization, presented the speaker, Rev. Jones, pastor of the First Methodist Church. Rev. Jones gave the care of the organization to Mr. O'Dell, sponsor of the post here. Then Rev. Jones gave the different symbols to the officers and they placed them on the table to form the shield. Each member after lighting his candle took the oath which is, "I believe in the platform of the Allied Youth and will abstain from the use of alcohol beverages." Each member received a pin later.

After the oath was taken, the recessional began and everyone marched out.

GLEE CLUB NEWS

The first appearance of the Glee Club in several weeks was made Monday night, May 17, when sixteen selected members from the club sang at the graduation recital of Patricia Kirk, also a member of the club. The chorus of sixteen sang at intervals during the program. The songs which were sung were "I'll See You In My Dreams" with Ruth Harmon as soloist, "Old Devil Moon" and "All the Things You Are." The group did very well on these beautiful songs and enjoyed presenting them very much.

The club will present an assembly program Thursday and will sing at another recital very soon. The details concerning the recital will be announced later.

Boys Play Soccer To Toughen up

The next season football boys are busy the last period by playing soccer (bloody murder).

The football boys chose sides, and after the sides are chosen, Coach pitches the ball up in the air while the boys are busy knocking each other in the head. The person, or persons, who gets the ball tries to get the ball over the goal line the best way he knows how. The only rules are that you can't get mad and you have to run the ball over the goal line.

This is a toughening-up exercise for the boys who want to get Slaton, who is their first opponent, when football season opens, and then go on through the season undefeated. This is the first year that Class A schools go as far as state champions.

The football boys are looking for a good season next year. They have the weight, size, and plenty of know-how.

Welcome Back, Pat!

The staff of The Hesperette, the faculty, and the students of F. H. S. are all very glad to know that Patricia Kirk, who is recuperating from an injury caused two months ago by an accidental blow on the head, is back at Floydada again.

Pat went to Fort Worth May 6, and consulted two brain specialists, Dr. William McKinny of Fort Worth and Dr. John Strube, an English surgeon from New York, who diagnosed the injury as a basilar skull fracture instead of a brain concussion as the injury was believed to be.

When she went through Furman clinic, a blind spot was found in her right eye and also a poison fluid was found at the base of the spinal column. Monday Pat underwent a spinal tap which relieved some pressure in her head. A second spinal tap may be necessary in six weeks. Pat was able to return home Wednesday.

Pat, please take care of yourself. Here's wishing you a rapid recovery and hoping you will be feeling fine soon.

FASHION OF THE WEEK

This week the fashion is in the red. That's right! The fashion is to be aching with blistered backs, arms, and legs. Really blistered, not just a little but really in the red. Come on now, lower classmen, and be in the fashion with the seniors.

As you know, the seniors are about the only ones in fashion this week.

BEST WISHES

F. H. S. wants to extend its best wishes for a speedy recovery to Christeen Jones and Doris Vinson. Both Chris and Doris have been ill this last week.

Chris, who underwent an appendectomy at the Crosbyton hospital, is reported as doing nicely and should be released soon.

Doris will be unable to return to school this year due to a lung disturbance. She has difficulty in breathing.

Girls, we hope you both will be better soon and will be able to come back to F. H. S. to see us.

Life is full of ups and downs. But the most difficult of all is keeping appearances up and expenses down.

AQUARIUS

The Ram and Bull lead off the line Next Twins and Crab and Lion shine. The Virgin and the Scales; Scorpion, Archer and Sea-Goat. The Man that bears the wat'ring pot, And Fish with glittering Tails.

—Old Astronomical Rhyme
 The zodiac is an imaginary belt in the sky containing the orbits of the major planets. This belt extends 8 degrees on each side of the sun's path, this being the zone of the star groups known to ancient man. The zodiac is divided into twelve sections, or "signs," probably because of the twelve re-appearances of the moon in a year. These signs are equal portions of 30 degrees each; the stars moving through them at all times. Zodiac comes from a Greek word for animal, as most of the signs represent beasts.

Aquarius, the Water-Pourer, is the name of a constellation and of the eleventh sign. To many nations of long ago, this star group represented a man pouring water from an urn or jar. In Babylonia, the sign rose in the rainy season and was associated with a month whose name meant "curse of rain." To the Greeks, it signified Jove, at whose command water fell in torrents and flood. In India, it was called the Water-Jar, while the Egyptians thought the floods of the Nile were caused by it. The ancient Peruvians called it the Mother of

Waters, because it marked the beginning of the rainy season in the latter days. Aquarius is appropriately the part of the sky called the Rains. Rather inconspicuous to the aided eye, it is very interesting when viewed through a telescope. It contains double and triple star clusters and nebulae. The "water stars" flowing into the main of the Southern Fish constellation directly below.

The Navy today is a three-dimensional fighting force with modern and specially developed equipment and weapons capable of doing war equally well on, above and below the surface of the sea.

At the U. S. Navy Fleet Weather Central in Pearl Harbor, 300 weather reports are received from 100 stations every six hours, related into weather maps, coded and broadcast.

ors Have Their Annual Picnic At Spring Springs

By this time everything was well underway. Everyone was beginning to get ready to come home by 4:30, so about 5:00 everyone was dressed and ready to come back home. Slowly everyone climbed into the trucks.

Despite the blistered backs and everything, everyone had a very enjoyable day.

Those who attended this annual picnic were Thomas Amburn, Col-line Ardry, Jean Bybee, Leslie Crabtree, June Dunford, Margaret Green, Ruth Harmon, Truitt Hartsell, Margaret Huckabee, Jo Muncy, Leslie Nixon, Claud Parrish, Billie Frances Sisson, Reuben Whitfill, Bill Scott, Rose Beard, Sammy Hale, Leonard Grigsby, Bob Jarboe, Ann Jones, Travis Jones, Ted Lanham, Bobby McGuire, Eugene Mayfield, Wade Payne, Robert Reeves, Bobby Robertson, Mac Smitherman, Doyle Turner, Doris Vinson, Leonard Wilson, Carrol Womack, Martin Peterson, Bobby Kinchloe, Patsy Childress, Charlene Daniel, J. Band Makes Ready For Pioneers Day

The past week the band has been working on music for a concert on Old Settler's day. The Whirlwind band will march in the parade, and after dinner they will give a concert.

Monday, May 7, officers were elected. The following were elected: President, Joy Bunch; vice-president, Leroy Burgett; business manager, Sammie Shultz; publicity chairman, Barbara Landers. The band is very proud of its new officers and wants to congratulate the officers this year for the fine job they have done.

De' Quacker

And how is all my every-lovin' chickadees? Still making the news, or dirt, I should say! This weather certainly makes one feel so gay and happy with everyone! (Ha-joke, maybe?)

Bobby had better watch Gloria Ratjen cause I hear she's been writing mighty sweet things in some people's annuals. Teh! Teh!

Who is it Molly June and Betty Laster have been making eyes at lately? Better tell, we'll find out anyway!

Glady's should have been at Roaring Springs Friday to take care of her interests. Trav seemed to enjoy himself to the fullest! Just ask Carlene, she knows!

Leonard enjoyed himself, too. He sorta liked Billie Hopper's company, but don't tell Dorothy, she might get the wrong impression!!

Bratford and Jennie were having fun Sat. nite and I don't mean maybe? But I can't figure it out—where did Leo Baxter come in?

There was a slight mix-up between Trav, Hope, Weims, and Glady's Saturday nite. The way I heard it—they swapped partners. Never a dull moment!!

Ruth Williams must have forgotten her lost love. She was painting the town red Friday nite with Ray. Not bad!

Verna has a new flame. None other than Don. Tell us all about him now.

Mary just can't make up her mind! She's still pondering over Jon Parkey, Dale Johnson, and Tom Bob. Better hurry up and decide because it may be too late. Tom Bob was with Carlene Friday nite in the show! Some people get around.

Joy and Rex are still making it fine. What's the formula?

I done went and peeped. Claud-can and John Mason have been having a time!! Haha!

Betty Jean Laminack and Don Shurbet broke up. Tough luck! Experience is the best teacher, they say!

Sherwyn seemed awfully hurt Saturday nite! What did you do, Bill?

Gene Dale has been going with Billie Newberry!! What does Barry think of this—huh?

I heard something about Bill Mooney and Billie Hopper but I didn't get all of it (must clean my ears out!!) Alos, Kelly was involved, too!!

Jo, what happened to you Sunday nite?? Was James E. really insane??

Kiddos, guess what?? Next week is Senior Edition of The Hesperette. Let's all get busy and dig up all the dirt we can find on those silly seniors... the lucky things!

Well, this is thirty fer now but don't forget the can in the office!! Do you hear me?? S'long!!

On a bleak November day, which was the 16th day in 1931 in Plainview, a most uncommon occurrence happened; a little child was born. This terrifying thing happened to the parents, Mr. and Mrs. Carl Daniels. This little girl, with pig-tails, grew up to be five feet six inches tall. One trouble this girl has always had and that is being so fat. She weighs 106 pounds. Oh! But no kidding around about it, this girl is intelligent, pretty, and above all she has a striking personality, and she is Miss Jeffie Carlene Daniels. Carlene is what she is called by her friends and the name suits her too. Carlene is a charming girl. She has brown eyes and black hair, which just set things off.

Carlene loves blue and she likes to eat fried chicken. Carlene likes "The new look" and delights in wearing clothes of this type. Carlene's favorite lipstick is Revlon's "Windsor". Her favorite perfume is Tabu. Carlene's pet aversions are the names that Pease calls her. Carlene likes summer even though it is rather hot. Coach is her favorite teacher and algebra is her favorite subject. Football is her favorite sport. Her pastime is sleeping and her favorite time of day is night.

Carlene had a hard time deciding her favorite movie but after some thought she decided it was "Sea of Grass," and her favorite stars are Kathryn Hepburn and Spencer Tracy. Red Skeleton is her favorite comedian and Cass Daley is her favorite comedienne. Her favorite book is "The Egg and I." The author she likes is Sinclair Lewis.

Carlene loves people, but those she likes most are those people who talk a great deal. She especially likes friendly people. The person she admires most is Rose and she just likes her for herself.

Carlene likes popular music. Her favorite song is "Nature Boy". She likes Gershwin as a composer. Her favorite band is the "W. T. Band". She likes "Happy Roberts" orchestra. Carlene's favorite singers are Perry Como and Ruthie. Carlene enjoys listening to music as well as comment about it.

Among Carlene's likes are orktra, pretty clothes, swimming, Bobby Bishop, flying, New Jersey, speech, and horses.

Among her dislikes are catty people and snakes.

Carlene's most exciting moments were when she was elected queen of the 8th grade and when she found out she was on the honor roll.

Carlene twirls a baton for a hobby, and her great ambition is to be a famous ballet dancer.

An ideal boy for an ideal girl would be six feet tall with blonde curly hair and brown eyes. He must have a wonderful sense of humor, and he must know how to swim well. He definitely must have lots of money. Carlene has not found him, but she has a good substitute.

Her ideal day would begin at 6:00. At this time she would go horse-back riding until noon. She would then come home and eat lunch. She would go swimming then and finally come home after so long. She would have an hour to get ready to go with her ideal boy and she would not come home until 2:00.

Oh, yes, Carlene was most embarrassed the other night when she walked out of the show and there was a car passing by. Carlene yelled to them; she turned around and Mr. McCravy was standing there!

You're a wonderful person, Carlene. F. H. S. will miss you next year. Stay like you are because that is the way we like you. Best of luck to the best of persons.

EVERYONE LIKES ELECTRIC REFRIGERATION

ICE CREAM...any time you want it. Yes, it's no wonder the youngsters like electric refrigeration. They know that with an electric refrigerator there's always the chance of having a heaping dishful of home made ice cream or other cool summer desserts.

Mother likes it too, because it keeps all kinds of foods garden fresh and healthful. Makes it easier to have chilled salads, and add wide variety to summer menus.

Father likes it because there is always plenty of ice on hand for whatever kind of cooling beverages he wants. AND he knows that cheap electricity in the area we serve makes electric refrigeration more economical than ever before.

We have nothing to sell but good electric service. You will find the new electric refrigerator available in a choice of makes and models at nearby appliance dealers.

Floydada Dealers At Grain Meeting

Mr. and Mrs. Henry Edwards, Seaton Howard, C. W. McCarty and C. A. Boothe attended the Panhandle Grain Dealers association held in Amarillo Monday and Tuesday. Headquarters for the meeting was in the Herring Hotel. A lovely banquet followed by a dance was given Monday night at the country club. Tuesday morning, the ladies were given a coffee, while the men discussed matters that are familiar to the feed and grain dealers.

Parrish Farms

(Continued From First Page)

coming along but more slowly is a 7½ acre planting of California Wonder sweet bell pepper. This is on a 12-acre plot, six rows of pepper, three rows of African millet. The millet is planted in the field to protect the bell pepper against winds. The millet is already looking through the ground but the peppers will take 14 days for plants to begin to emerge. By the time the pepper begins to put on blooms it is expected the cane will be big enough to keep the wind from whipping the blooms off the pepper stalks. Parrish said the grown peppers, ready to market, are due to be 3 inches by 3 inches in size.

Eighty Acres Every 15 Days
The Jones lease, taken on a rental basis by the Parrish Farms, incorporated, is on land belonging to W. N. Jones of Floydada. L. L. Jones has operated the land in wheat on lease basis for a number of years. The new operators are renting from L. L. Jones.

With their first planting of carrots in the ground, the operators of the carrot farm had another eighty being planted Tuesday. They plant with a two-row outfit that reminds a plainsman on first sight of a go-devil being small and close to the ground. One man drives the tractor, the second man stands over the hoppers, manipulates the seed and sees that they go into the dry ground uniformly. They have a schedule of 80 acres to be put into the ground every 15 days. Assuming suitable weather the operators expect to finish up with planting shortly after July 1 or thereabout. They follow a block of planting with flood water, then use the sprinkler to keep the top of the ground moist until the tender seeds can germinate and put shoots up.

Messrs. Parrish and Walker are operating on a big scale of expense compared with the average farm operations in this area. At this time with not a plant yet above the ground they have spent \$15,000 on their beet field. Much of this expense was on land preparation and seed.

Mr. Parrish, who is here for this week from the Valley, said they like the combination of irrigation by flowing water and by spraying. Their spray system for irrigation is large enough, with a sufficient power plant and enough light weight pipe to irrigate 160 acres at one setting of the power plant.

Plant Two Rows to Bed
Parrish and Walker are planting

their carrots two rows to the bed, rows 15 inches apart, beds 42 inches wide. They are planting three pounds of seed to the acre.

The operators, new to the type of soil they are working, found that their deep plowing operations, cutting through the hard pan of wheat-planted land, called for harder plow points than valley land. They wore out points completely here at times in 10 hours of plowing, Walker said.

Parrish explained how they expect to clean the fields of weeds. They will use ordinary diesel fuel applied in the form of a fine spray or dew. This they expect to kill any kind of weed growth they will encounter unless it is tickle grass. They still have to figure out how they will eliminate this enemy of cultivated plant growth. Incidentally diesel fuel can be used to kill weeds only weeds, in brocoli and endive. It kills other types of cultivated vegetation. They can't use 2,4-D on carrots. They expect to spend \$8 an acre cleaning their carrots of weeds when cultivation time comes. However, they'll make a complete round of cultivation for their crop every eight days, using specially prepared tools.

Harvesting Plans Made
Elmore & Stahl Vegetable company, a Pharr, Texas, company, has contracted to pack and sell the carrot crop for The Parrish Farms, on the basis of an agreed amount per car. Parrish said arrangements are practically complete for a packing and washing shed in Floydada, and for the needed freight cars, ice and water. From the first day that they can begin harvesting until the last day they have 30 days time, Parrish said. With all arrangements thus planned out up to and including harvesting and marketing, he said they hope to deliver a No. 1 carrot to principal southwestern markets. They expect to put a minimum of 300 carloads of carrots and peppers on the market and with good fortune they think the total shipments could run as high as 450 cars from the 300 acres. This will include a few acres of experimental lettuce in advance of their big lettuce project late in the summer.

Wednesday representatives of the Quana Acme & Pacific Railway company were here conferring with Parrish and Walker over details for the shipping operations in mid-summer.

R. P. Walker and his family moved to Floydada to have general supervision of the carrot farm some six weeks ago from Misson. Advance plans are already made for housing for their harvesting and hauling crews when the huge crop is ready to move to market. R. P. Walker is a brother of Grady Walker of Floydada, wheat and cotton farm operator.

Soil Saving

(Continued From First Page)

dividual aide to soil conservation not engaged as a farmer will be Ed Johnson, of Floydada.

Bobbitt Outstanding Farmer.

Mr. Bobbitt returned from service in the U. S. Army early in 1946 to his father's farm ready to pick up his farming operations where he had dropped them some few years gone. During the time that he was gone, however, irrigation farming had been rapidly replacing dry land farming in his area. He applied to the local Soil Conservation District for assistance and since then he has been a complete cooperator.

Mr. Bobbitt realized that under irrigation the yields would be increased, thereby causing the soil to become depleted at a much quicker rate. He realized that a coordinated farm plan with the Soil Conservation District would be a plan which he could use to obtain better yields. He applied the practices as planned in his agreement and the results were very good. His neighbors showed an interest in his methods and he furthered those interests by explaining his plan and the District organization to them. He not only practices conservation but he preaches it as well. His missionary work among his neighbors and other farmers in the county has caused more of them to become soil conservation minded and to make applications to their local Soil Conservation District.

Johnson Is Active Aide

Chosen as individual not a farmer who has made greatest unselfish contribution to soil conservation in Floyd county is Edd Johnson of Floydada.

Mr. Johnson was selected as the business or professional man who has rendered the greatest unselfish service to Soil Conservation because of his great interest in agriculture in general. This interest is aroused because of his professional background. The clothing store on which he depends is dependent on agriculture primarily. Realizing this

he has pushed soil conservation because he has learned that through soil conservation farming the whole community is bettered and conditions are improved accordingly.

Mr. Johnson also was president of the local Lions Club during the past year and as such he kept very active committees on agriculture. He promoted a program for farmers day which consisted of a field tour, barbecue and guest speakers of agricultural background.

All of Mr. Johnson's activities have been on his own personal time and his cooperation with the Soil Conservation district has been one hundred percent.

Commissioners and Judge Attend Abilene Meeting

Floyd County Judge W. E. Grimes with Commissioners Fred N. Clark of Precinct No. 1 and W. C. Plum-lee of Precinct No. 3, attended the annual meeting of West Texas County Judges and Commissioners association at Abilene last week-end.

The sessions of the association were given over to important discussions of county affairs, and many new ideas were advanced, especially in matters associated with county state relations, Judge Grimes said.

Court Accepts Road Plan

In a special meeting of the Commissioners court held on Monday the Floyd county body passed an order accepting the proposal of the State Highway department for the improvement of 40.1 miles of road in the county on a 25-75 basis and forwarded a copy to the commission. A formal agreement between the two bodies on the procedure is due to be made soon.

Strawberries; Strawberry Preserves

Doesn't like good strawberry preserves? This is strawberry season the time to put up preserves for winter use. Here is Leila Petty, home demonstration agent for Floyd county, would be a good way to handle crop for your garden or

(By Leila Petty)
A pound of sugar is used for each pound of fruit. If 1/2 pound of sugar is used, the preserves will not be as thick. When making the usual amount of sugar, or if corn syrup is substituted for sugar, it is necessary to sterilize the containers to prevent moldy souring.

Standard Strawberry Preserve
Boil 2 cups sugar and 1 cup water together until it begins to boil. Add 1 pint of strawberries and boil 10 minutes. Add another pint of strawberries and 1 cup of sugar sprinkled on top.

One tablespoon lemon juice added at this time helps retain color. Boil continuously about 10 minutes, or until it reaches a jelly stage. Remove them from the fire and shake the kettle gently until steam collects in the center and is easily removed. Then pour into a flat container and let cool before putting into sterilized containers. Cover with paraffin and seal.

Freezing Strawberries
Use only sound ripe fruit. Wash, remove hulls and soft berries wash again in ice water. Leave fruit whole and slice large. Use sugar syrup or dry sugar. Syrup may be made by 2 cups dissolved in 1 quart boiling water. Chill before pouring over. When using dry sugar use 5 parts of fruit to one of sugar. Mix sugar with

only air-tight and moisture-proof containers. The size of the container should be suited to the needs. Leave a headspace in all containers for expansion.

A Farm Woman Thinks

(By Nellie Witt Spikes)

had one-eighth of an inch in last night. The wind must have been pretty high as the corn was moved some distance and broken out of trees. No one woke up, however, until the rain fell. This shower gives me hope for rain to fall and we'll get it so!

Spikes and I had such a day last week at the Massey-Harris Implement show in Floydada. We sat by the fire that day, for it was chilly enough or forgot the you missed some delicious sandwiches made with plenty of dressing, pickles and meat, ice cream and sugary doughnuts. As we were plenty we all feasted and the afternoon found them as good as the dinner hour when they passed around. The pictures were fine. I always like to see the being harvested and we saw Massey-Harris implements harrowing fine crops in every country. I met some old friends and made new ones.

W. T. Robertson brought me some granite from Stone Mountain near Atlanta, Georgia. To recall your memory as it did mine of a mountain of granite is the solid body of granite in the stands alone in the midst of a nearly 1000 feet high, seven miles around the base, and a mile to the summit on the sloping side. It is far than the Rocky mountains, Appalachian mountains, the Alps and the Himalayas. On the north which is almost a perpendicular precipice, the greatest monument of all time is now being carved in memory of the soldiers of Southern Confederacy. It will be a central group, representing the Confederate High command, groups of infantry, cavalry, and artillery. The equestrian figures in the central group will be as tall as the story building. Below the central group, a great Memorial Hall is dedicated to the women of Confederacy, will be carved out of granite, undetached from the other side, so that Memorial Hall stands as long as the mountains. This above is copied from the beautiful folder given by Robertson.

Thank you, Mrs. Robertson for the beautiful stone and for the remembering of me when on your vacation.

A bunch of Boy Scouts were interviewed over the radio. When asked what good deed he had done that day, the boy replied, "I helped

an old lady across the street." "How old was she," the interviewer wanted to know, "Oh she was forty-five," the boy answered.

Margaret Nell always brings about a half dozen books when she wants me to read to her which is often. I read three little books and told her I had to quit and go to the garden. She reached for another, looked up with a smile and said, "You surely would want to read about Jesus, wouldn't you?" Then I read another book.

Thought for the week: "Remember that a gardener can choose the kind of seed he plants, but he cannot make them grow. It is true he can help them grow by cultivating them, watering them, and enriching the soil about them; but the actual growth is a process that he does not understand. . . . Wrapped up in every little seed is a plan that determines the manner in which the seed shall develop. Because this is so each seed is said to produce after its kind. . . . Thoughts and words are like seeds, and they produce a crop of experiences in our life that are like the kind of thoughts and words we plant by thinking and speaking. Foolish and destructive thoughts are like weeds and thistles. Good thoughts produce good fruit. Man is like a gardener for he can choose the kind of seed thoughts he will plant, and the seeds will grow and bear fruit after their kind in his affairs, even though he does not know how they grow." —Lowell Fillmore in Weekly Unity.

Meeting and Garden Tour by Our Home Garden club Thursday

Our Home Garden club met in the home of Mrs. Jake Watson Thursday afternoon, May 13 at 2:30 p. m. Mrs. Fred Zimmerman, jr., called to the attention of the members the flower show to be held Saturday morning, May 15, by the Floydada Garden club and urged each member to attend and bring a flower arrangement.

Mrs. Alton Chapman presented Mrs. J. D. Cleveland who spoke to the members on "Home beautification". It was a most interesting as well as beneficial discussion, and Mrs. Cleveland presented it in a charming manner.

A garden tour was arranged for the afternoon. The group visited the homes of Mesdames John Kimble, Fred Zimmerman, jr., Everett Collier and G. V. Smith.

Delicious refreshments were served by the hostess to the following: Mesdames Glen Armstrong, Alton Chapman, R. C. Clem, Robert Collier, W. E. Garret, Billie Henry, Ralph Johnson, John Kimble, Seaton Howard, Kinder Farris, M. J. McNeill, Jim Potts, M. L. Solomon, George Van Wicksel, James Willson, Jr., Fred Zimmerman, jr., John Reus, Aubrey Stewart and J. D. Cleveland.

Mr. and Mrs. J. O. Warren and family spent Sunday in Clovis, New Mexico.

Delegates to State B & PW Make Report

The B. & P. W. club met Monday evening of last week in regular session at 7:30 o'clock at the Legion hall. Mrs. J. D. Cleveland, club president, presided over the business meeting which was followed by reports from the recent state meeting in Dallas by Mrs. Fred Stewart and Mrs. Sam Green.

Mrs. Stewart and Mrs. Green attended the Dallas meeting as delegates from the local club. Mrs. Stewart's report covered mainly the business conducted at the meeting and Mrs. Green covered the social angle.

Twelve members were present for roll call.

The next regular meeting for the club will be a dinner at the Hotel Coffee shop on May 24. All members are urged to be present at this meeting.

Annual reports will be made by the various committee chairmen. Recommendations for the new year will be made.

Members are urged to make reservations for the dinner by noon Saturday.

Fairview News

FAIRVIEW, May 15—The rain cloud that came up late Sunday afternoon and gave some parts of the county some moisture missed this community, so we are still very dry.

Mr. and Mrs. R. A. Cannon and son from Los Angeles, California, arrived last mid-week for a two weeks visit with relatives and friends.

Mr. and Mrs. Dean Walls visited at Dimmitt over the week-end with her aunt, Mrs. Ben Hill.

Thursday night visitors of Mr. and Mrs. Clyde Bagwell were Mr. and Mrs. Walter Welch of Floydada, Lewis Dell Stapleton of Plainview and Mrs. C. W. Payne and June Kathryn.

Mr. and Mrs. L. B. Cozby and Mary Dee spent the week-end at Portales, New Mexico, visiting relatives.

There was a meeting held at the school house Monday night to discuss the disposal of the school property.

C. W. Payne came home Monday from Pitts hospital. He is able to be up and about some now.

Mr. and Mrs. L. D. Horton and son of Plainview visited a while Sunday afternoon with his parents, Mr. and Mrs. L. A. Horton.

Fisher No. 1 Has Higher Potential Than Production

PETERSBURG, May—Efforts to restore the Fisher No. 1, Petersburg field discovery well of Stanolind Oil and Gas company are progressing at the lease, 5 miles northwest of Petersburg.

Tubing has been drawn and cleaned with steam. An operation

has started and designed to plug the well back to 6,965 feet. The cement load inserted was calculated to fill the hole 27 feet, but due to soft formation, only 9 feet was plugged. Operator will continue until the hole is plugged back this 27 feet

from total depth of 6,992. It is hoped that when the well is plugged back water from below will be shut off and production of the well increased. Its potential rating is far in excess of its current production.

Luncheon for Starkey Ladies Lovely Affair

The home of Mrs. Carrick Snodgrass was the scene of a lovely luncheon given by the Harmony Demonstration club for the Starkey club on May 6. Upon arrival, four leaf clover identification cards were given to the guests.

The Mexican food, the flower arrangement and the place cards that were used were three different demonstrations that the club has had during the year. The napkins were white with Harmony and Starkey printed on them in green letters.

The program for the day consisted of movies from different parts of the world shown by Mr. and Mrs. Billy Stanforth, of South Plains. A reading on gardening was given by Mrs. Kinder Farris, of Floydada.

"The Golden Wheel of Time," a history of the past presidents, was given by Mrs. M. D. Ramsey, assisted by Mrs. Chioma Williams, of Harmony, and Mrs. Will Ferguson, of Starkey.

The guests on the program were introduced by Mrs. Jim Barnard.

Mrs. Chioma Williams presented a Texas shaped pin with the letters "THDA" and "HPP" to all the past presidents.

Thirty-six members from the two clubs were present for the luncheon.

Home Builders Plan Two Important Club Events

The Homebuilders club met at the home of Mrs. D. D. Shipley Friday for a demonstration on "What is new in the Food Field," by Leila Petty.

Miss Petty illustrated her demonstration by pictures showing the value of different vitamins needed in the daily diet. She showed samples of new products that may be quickly prepared.

During the business meeting, plans were made to entertain the Sunnyside club at the home of Mrs. D. T. Mayo yesterday. The finance committee made a report on plans to help serve dinner to the old settlers May 28.

Mrs. John E. Horton was welcomed as a new member.

Present for the meeting were Mesdames O. G. Mayfield, Raymond Williams, John Lloyd, Joe Dunn, W. A. Cates, John E. Horton, J. D. Eaves, T. J. Heard, Dickie Atteberry, D. T. Mayo, Elbert Parks, F. F. TO THE CITIZENS OF COMMISSIONERS PRECT. NO. 1:

The other day I found some 300 of my candidate cards left over from the last commissioners race and have been wondering if I should try using them this year. I have been solicited to quite an extent, and would like to run, but being of a conservative turn I don't want to jump in without getting a little more of the expressions of the people, whether you would like for me to get in the race or not.

If you would like for me to get into the campaign please let me know. My telephone number is 540-J. W. J. Waller. (Advertisement)

PLAN NEW AUTO STORE

LOCKNEY, May—A White's Auto store will open in Lockney on May 29 in the building recently vacated by Watson Hardware and furniture. Owners and operators of the new business will be J. B. Seale and Clyde (Bunt) Jester.

Mr. Seale recently relinquished the management of the Plains theatre. Mr. Jester has been local manager of the Bennett Auto supply in Lockney for two years.

Miss Lovene Jones, student at Baylor university, was at home for Mothers day on a brief visit with her parents, Mr. and Mrs. L. L. Jones.

Hiway Department

Workers honored at Picnic, Barbecue

Certificates of merit were awarded 35 highway department employees including four from Floydada at the picnic and barbecue of the Texas Public Employees association Friday night at Mackenzie park in Lubbock.

Public employees and their families attended and heard association officials and department heads commend their efforts in behalf of the public. Speakers included S. C. McCarty, district highway engineer, W. H. Garrett, president of the association, and State Senator Sterling J. Parrish.

McCarty presented the certificate to the department employees based on their handling of equipment without accident for periods from one to ten years.

J. A. King and W. S. Simmons, of Floydada, received the three year certificates, Willard L. Hall received the two year certificate and J. C. Odam received a one year certificate.

INSTALL PTA OFFICERS

LOCKNEY, May—Officers for the school year of 1948-49 were installed for the Lockney Parent-Teachers association in a meeting held Tuesday night in the visual education room at the grade school.

The new officers include Mrs. E. A. Bonner, president; Mrs. Harmon Handley, vice-president; Mrs. Lowell Copeland, treasurer and Mrs. Emma Thomas as secretary.

DORSEYS AND MRS. HENRY HOME FROM NORTH CAROLINA

Mr. and Mrs. A. M. Dorsey and Mrs. Bob Henry returned home Thursday from a month's trip to return Mr. Dorsey's aunt, Miss Johnnie Dixon, to her home in Shelby, North Carolina. On the trip to North Carolina, the group went through the mountains of Tennessee and returned by the way of South Carolina, Georgia and the southern states. They visited a number of relatives in the different states while away from home.

SCHOOL BUILDINGS SELL

LOCKNEY, May—The Pleasant Valley school building was sold at public auction Tuesday to T. B. Mitchell for \$1700.

On the same day, the Prairie Chapel building was sold for \$1250 to Cecil Brown. The land went with the building in each instance.

Several out buildings were sold at Prairie Chapel. The bids on the teacherage at that school was rejected and it was not sold.

Mr. and Mrs. Virgil Lusk of Manchester, Tennessee, are here visiting Mr. and Mrs. Tilford Taylor and Mr. and Mrs. W. C. Wright and brothers, Poyner and Harmon Roberts of Floydada, also E. L. Roberts of Crosbyton, J. F. Roberts of Ralls, and Frank Roberts of Abernathy.

Mr. and Mrs. Ben Whitaker of Big Spring, Mr. and Mrs. B. W. Snell and Miss Margaret McKinney of Lubbock, and Mrs. Ernest Kendrick and daughter, Sue, of Ralls spent Mother's day with their parents. Mr. and Mrs. J. J. McKinney.

The most attractive filling station we know of is the dining room.

SISTER VISITS P. O. HANEY AND BROTHER AT ABERNATHY

Mrs. Ida Monroe, of St. Louis, Mo., is spending an extended here with her brother, P. O. HANEY, and with another brother, Abernathy, from whom she was separated in their early childhood they became orphans.

Before returning to her home Monroe also will visit another brother, whose home is in California.

Mrs. O. J. Huntsman, sr., children, Jimmie, Lois Ann and nie, of Rochester, Texas, visit the home of Mr. and Mrs. Christensen Sunday.

Mr. and Mrs. Bob Ewen, of Deer, spent the week-end in Floydada visiting with relatives.
