Floyd to Get Asst. County Farm Agent

Jack Carruthers, a veteran, who is a recent graduate of Texas A. & M. college, will take up duties in Floyd county as assistant to County Agricultural Agent A. L. Hartzog on Monday, August 16...

Notice of Carruthers' assignment to Floyd County as Assistant County agent in training by W. N. Williamson, District Agent of the A. & M. College Extension service, was received this week by Judge Grimes...

Under the training arrangement the Commissioner's court will provide suitable office and other facilities and A. & M. College provides the trainee's compensation in full throughout the training period...

In approving the plan the Commissioners court viewed the fact that Floyd county was chosen for the location of the trainee as a recognition of the ability and leadership of Mr. Hartzog.

Leading Agricultural County Judge Grimes said that Floyd county is recognized as a leading agricultural county and its constant growth in variety of farming and agricultural enterprise had for some time prompted the county commissioners to attempt to secure the services of a full time assistant county agent.

Duties of the assistant agent will be many fold as are those of Agent Hartzog. However, Carruthers will chiefly assist with the county boys' 4-H Club program which is one of the largest in Texas...

"Weed Control", Judge Grimes said, "is an item which has caused the court considerable concern and which members of the court are giving an increasing amount of study due to the fact that these weeds are lowering crop yields in certain areas and are seriously endangering the farm land in the county."

A nominating committee, named last week, will make its report, presenting names for the various posts. L. W. Chapman is chairman of this committee, the other members of which are Jack Henry, Edward Wester, and Carl Minor, Jr.

Post commander, first vice-commander, second vice-commander, an adjutant, chaplain and sergeant-at-arms will be nominated.

Refreshments, "principally home-made ice cream," will be served, and it is announced that the auxiliary members of the post are being invited to attend the meeting.

Lockney Bank Re-Modeling

LOCKNEY, Texas, July 12 - The First National Bank in Lockney has moved their working force and office fixtures into the building just back of the present bank building in order to make room for the installation of new fixtures in the bank, it was announced this week by Chester Beardsley, cashier.

The new fixtures have been ordered for some two months and the work of installing them was due to begin this week. The bank building will be remodeled also.

Jaycees Plan Barbecue, Ladies Night for Officer Installation

When Floydada Junior Chamber of Commerce installs new officers Tuesday night of next week it will be made a backyard barbecue affair at the home of Mr. and Mrs. Fred Zimmerman, Jr., 530 West Mississippi street. Zimmerman is the incoming president of the organization.

The Jaycees and their wives will take part in the festivities, with a few invited guests from out of town. The hour for the meeting is 7:30 o'clock. Sixty to 80 persons are expected to be present.

In addition to making plans for the installation meeting the Jaycees in their Tuesday night meeting continue their investigative interest in DDT spraying again soon.

Plan Community Carnival Officers who will be installed Tuesday night are Fred Zimmerman, Jr., president; Dr. John W. Kimble, first vice-president; Jewel Elza, second vice-president; O. M. Watson, Jr., secretary; James H. Word, parliamentarian; and Guy Ginn state director.

Hospital Dedication Ceremonies 8 o'clock this Evening at Lockney

Celebration of the completion of the Floyd County Cooperative hospital at Lockney, the open house this afternoon and evening, will be climaxed tonight with dedication ceremonies at which Dr. J. Ralph Grant, minister of the First Baptist church of Lubbock, will be the principal speaker.

The celebration features are being sponsored by Lockney Business Men's club, of which L. A. Hooten is president. Features will continue throughout the afternoon, and although the town will be full of candidates the celebration will in no sense be a political rally. "Shuttering Sam" Cecil Hunter - of Amarillo, will high light an outdoor program beginning at 4 o'clock, and meanwhile Plains theatre will have a free cinema show in progress beginning at 2 o'clock.

Lockney business men officials of the hospital are cooperating in the effort. Those who wish to visit the new hospital may do so during the afternoon, open house having been declared throughout the period.

Carmichael No. 1 Good Producer

Quebe's report on wheat variety Demonstration Results 1947-48

In discussing the quality improvement program for Floyd County, A. L. Hartzog, County Agent, said this week that Ben Quebe of the Providence community has just made a final report on one of the most complete variety tests ever made in Floyd County. The Agent pointed out that while the wheat demonstration plots grown on the Quebe farm were small and were seeded unusually late, due to poor fall seeding conditions...

Table with columns: Variety, Per A. Yield, Approx. date harvest possible, Relative Amt. of shatter. Rows include Comanche, Triumph, Tenmarq, Red Chief, Wichita, Westar, Pawnee, Early Blackhull.

The above production was secured on land irrigated once immediately prior to seeding and once during the growing season. Nearby Westar sown earlier following irrigation made a yield of 40 bushels per acre with two irrigations during the growing season.

Mr. Quebe hopes to repeat this demonstration next year using a more nearly average seeding date.

McDermitt Post Holds Election Monday Night

McDermitt post, American Legion will have its annual election of officers on Monday night of next week, it has been announced by Hershel Swepton, post commander. The election will be held at the post's home, corner of Fifth and Virginia streets. The meeting hour will be 8 o'clock.

A nominating committee, named last week, will make its report, presenting names for the various posts. L. W. Chapman is chairman of this committee, the other members of which are Jack Henry, Edward Wester, and Carl Minor, Jr.

Post commander, first vice-commander, second vice-commander, an adjutant, chaplain and sergeant-at-arms will be nominated.

Refreshments, "principally home-made ice cream," will be served, and it is announced that the auxiliary members of the post are being invited to attend the meeting.

Vote July 24 Indicated As Probably Heavy

Floyd county people may yet whip up interest enough in the forthcoming primary election to make it an interesting event comparable to former years. This possibility is forecast by the fact that absentee voting has been reasonably brisk.

County Clerk Maxwell Collier reported 30 ballots already cast and in her hands and an equal number out on applications made by absentee voters.

Primary election day is Saturday of next week, July 24. A complete slate of nominees for precinct, county and state officers will be on the ticket which Floyd county people will vote.

Resumption of the election party to be given by The Hesperian on primary election night was decided upon this week by the newspaper management, in spite of argument of high costs against it.

Whether the newspaper will issue a special on the morning following the election and distribute it to all the readers will have to depend on the interest indicated this week-end. Regard also will have to be had to the tight newsprint situation.

Use of the Martin building at the corner of California and Fifth streets, now the property of the Floyd County Rural Electric cooperative has been promised the county committee by L. W. Chapman, manager of the coop. The International building on South Main street has been used for sometime in prior years.

Use of this vacant building for several weeks. Use of this vacant building for several weeks. (See Primary Vote, back page)

The Robert Donnell No. 1 Carmichael, Floyd county's first producing oil well, three and one-half miles northeast of Petersburg, is a good well. East step-out from Byrd No. 1 in the Arick field, it was given official test last week-end by the State Railroad commission. In 24 hours it produced 405.72 barrels of 42.3 gravity oil with two per cent water.

The test was through perforations 5 1/2 inch casing from 5855 to 5940 feet. The gas-oil ratio was reported 431-1. It is due to be given an allowable of 120 barrels or better per day with no shut-downs, according to a report obtained through H. S. Hillburn, publisher of the Plainview Herald. Official location of the well is 600 feet from the south line and 1980 feet from the east line of the north half of Section 18, Block K, T T Railway company. The location is almost exactly 13 miles southwest of Floydada.

Another report, which is considered reliable, said that the well is putting about 200 barrels of oil per day into storage tanks for the pipe lines, measuring 41 to 42 gravity with no water this week. An electric pumping unit has been installed. A gas-oil ratio of 431-1 means that the well would flow at times, but it will be operated as a pumpjack.

The Carmichael test is one of four east step-outs from the Byrd No. 1 in Hale county. Three of these tests have been desired dry holes and abandoned.

Byrd No. 1 is said to be producing 175 to 180 barrels per day with 2 per cent water content.

Report has it that another hole will be drilled one location away from the Carmichael No. 1, though this report could not be verified.

Telephone Co. Granted Raise in Local Rates

As forecast in announcements of the past two weeks in advertisements of Southwestern Bell Telephone company, representatives of the company Tuesday night met with the city council of Floydada and presented the company's plea for increased local exchange rates.

For business telephones, \$5.50 monthly; For residence straight-line, \$2.75 monthly; For residence two-party line, \$2.25 monthly.

Federal taxes, which apply, are not included in the above. The increase represents \$1.50 per month on business telephones and 25c per month on residence telephones.

The telephone company has a large expansion program under way in the area, which will represent an expenditure in 1948-49 here of about \$300,000. Two new long distance circuits as well as increased switch board space and nearly 600 new rural telephones in addition to new lines and telephones in the city are included in these expansion plans.

CROWELL AT DALLAS CHMBR. OF COMMERCE INSTITUTE

Robert Crowell has been attending the Southwestern Chamber of Commerce Institute in Dallas this week. His wife accompanied him as far as Wichita Falls, where she is visiting with relatives.

Mr. Crowell will be back in his office Monday morning, reports J. W. Reue, president of the Chamber of Commerce here.

TOM WARREN MUCH IMPROVED THANKS MANY FRIENDS

Having come home from the Plainview hospital Tuesday, Tom Warren is very much improved and sitting up part of the time, his family reports.

He asks us to thank all of their friends for the kindness and consideration during his illness, and especially to thank Seaton Howard and Foster Amburn for their blood transfusions.

NEW DATE AT MCCOY

The dedication program marking the completion of the Floyd County Co-operative Hospital building in Lockney necessitates the postponement of the candidate speaking and pie supper at McCoy one night. The speaking, scheduled for tonight has been re-scheduled for tomorrow night at the McCoy schoolhouse.

RODGERS IN HOSPITAL

In order to give his heart a little rest, Carl Rodgers is now under an oxygen tent at Pitts hospital. He is reported to be doing very well.

## Joy Kirk And Patterson Sunday Morning

A grey crepe dress with white accessories and a corsage of pink carnations.

Melvin Dunavant attended the groom as best man. Ring bearers were Marjorie and Carolyn Dunavant. Don Kirk, brother of the bride was usher.

For her daughters wedding, Mrs. Kirk chose a sheer black and white dress with a corsage of white gardenias.

The bride graduated from Floydada High school with the class of 1947. Prior to her marriage, she was employed by the Q. A. & P. Railway company.

The groom graduated from Floydada High school with the class of 1941. He is engaged in farming near Plainview, where they are now at home.

An informal reception was held following the wedding ceremony. Punch and the three tiered wedding cake topped with the miniature bride and groom were served the guests by Mrs. John McClendon, of Texas City, and Mrs. Grady Dunavant. The serving table was covered with a white linen cloth and centered with the cake. Arrangements of white gladioli and lighted tapers adorned either end of the table.

## Eureka Joy Kirk Miscellaneous Shower Honoree last Friday

Janne Frizzell, daughter of Mr. and Mrs. Leo Frizzell, of the Center community, and Garvin Beedy, son of Mr. and Mrs. G. C. Beedy, of South Plains, were united in marriage in a quiet ceremony performed Saturday afternoon at 3:30 in the Methodist parsonage in Lockney. The pastor, Rev. R. H. Campbell performed the single ring ceremony. For her wedding, the bride chose a grey suit with dusty rose and black accessories and a corsage of a dozen red roses.

Mrs. Beedy attended Floydada High school. Prior to her marriage, she has been employed at Norman's Variety store.

The groom was a member of the 1948 graduating class of Floydada High school.

The couple is at home at South Plains, where the groom is engaged in farming.

## Center News

**ENGAGEMENT ANNOUNCED**  
Mrs. O'Wayne Ross of Lockney announced the engagement and approaching marriage of her daughter, Billie Earl, to Floyd Bert Ehresman, son of Mr. and Mrs. B. E. Ehresman of Plainview, at a lawn party Friday afternoon at her home.

Mrs. R. P. Graves, accompanied by her granddaughter, Marceleta Green, returned Monday from a visit in Vernon.

Rev. Clay Muncy preached at the church Sunday morning. He dined in the C. M. Meredith home. Mrs. Muncy was visiting with relatives down state.

Wedding bells rang for one of our Center girls over the week-end. Janne Frizzell was married to Garvin Beedy, of South Plains, in Lockney Saturday afternoon. We wish them many happy years together.

Sunday dinner guests in the J. D. Welborn home were Mary Alice and Bobby Plumlee and Margaret and Don Clark Green.

The Home Demonstration club will sponsor an ice cream supper next Friday night, July 16, at the schoolhouse. Everyone in the community is invited. Bring enough bowls and spoons for your family. There will be music and games.

We hope we can retain our schoolhouse for our community center, thus keeping our community spirit for which Center has always been famous.

**CENTER DEMONSTRATION CLUB MEETING HELD FRIDAY**

Mrs. J. E. Green gave an interesting discussion on new discoveries in medicine and control of cancer at the meeting of the Center Home Demonstration club Friday of last week. Mrs. Edd Dunavant was hostess for the meeting. Roll call was answered with the showing of each member's favorite vase.

## Carter-Hartsell Vows Solemnized at Red Springs on Saturday

At 12 o'clock noon Saturday in Red Springs, Texas, Miss Auden Carter, daughter of J. T. Carter of the Allmon community, became the bride of Charles Hartsell, son of Mr. and Mrs. H. L. Hartsell, of the McCoy community, in the home of the bride's sister and brother-in-law, Rev. and Mrs. Perry Threadgill. Rev. Threadgill performed the single ring ceremony.

For her wedding, the bride chose a white suit with black and white accessories and a corsage of roses and gardenias.

The couple's only attendants were Floyce Jarrett and Dewey Parkey. Miss Jarrett wore a white dress with gold accessories and a corsage of white carnations. Other wedding guests were Mrs. Threadgill and son, Don.

Following the ceremony, dinner was served to the wedding party. The bride attended Floydada High school. Prior to her marriage, she was employed at King's Variety store.

The groom is a graduate of Floydada High school. He served two years in the army, almost a year being spent in the Pacific War theatre. The couple will reside in Floydada a short time before moving to their home in the McCoy community.

## FIRE ALARM AT NOON SPOILS MEAL FOR FIREMEN

There was a hot time in the new high school clubhouse yesterday. Every fireman in town had indigestion from gulping his dinner down when the alarm rang about noon. The casing of one of the double-windows on the west caught fire, but was quickly put out with only a small amount of damage.

## Eureka Joy Kirk and Russell Patterson Sunday Morning

A grey crepe dress with white accessories and a corsage of pink carnations.

Melvin Dunavant attended the groom as best man. Ring bearers were Marjorie and Carolyn Dunavant. Don Kirk, brother of the bride was usher.

For her daughters wedding, Mrs. Kirk chose a sheer black and white dress with a corsage of white gardenias.

The bride graduated from Floydada High school with the class of 1947. Prior to her marriage, she was employed by the Q. A. & P. Railway company.

The groom graduated from Floydada High school with the class of 1941. He is engaged in farming near Plainview, where they are now at home.

An informal reception was held following the wedding ceremony. Punch and the three tiered wedding cake topped with the miniature bride and groom were served the guests by Mrs. John McClendon, of Texas City, and Mrs. Grady Dunavant. The serving table was covered with a white linen cloth and centered with the cake. Arrangements of white gladioli and lighted tapers adorned either end of the table.

## Eureka Joy Kirk Miscellaneous Shower Honoree last Friday

Miss Eureka Joy Kirk was named honoree at a miscellaneous shower given at the home of Mrs. R. F. Jackson, 501 South Main street, Friday afternoon prior to her marriage on Sunday to Russell Patterson.

In the receiving line were Mrs. H. R. Patterson, Mrs. W. A. Kirk, the honoree and her grandmother of Silverton. A corsage of sweet peas was pinned on Miss Kirk.

Guests were registered in the bride's book by Miss Betty Jo McClendon, cousin of the bride, and ushered into the dining room where Mrs. Byron Clark, Mrs. C. T. Pope and Mrs. Grady Dunavant served refreshments of punch and angel food squares from a lace covered table. White mints were used as plate favors. Miss Mary Pearl Coward presided at the crystal punch bowl. Flower decorations were used in both the dining and living rooms. White napkins on which were printed "Eureka and Russell" in blue were used.

Hostesses for the occasion were Meses. Byron Clark, C. T. Pope, R. F. Jackson, Ed Dunavant, Grady Dunavant, Ernest Williamson, Bill Finley, Otis Murry and Miss Mary Pearl Coward.

A contest was held for the bride-elect of the day, the winner being Miss Kirk, who was presented many lovely and useful gifts.

Approximately 30 ladies were present and numbers of others sent gifts.

Janne Frizzell, daughter of Mr. and Mrs. Leo Frizzell, of the Center community, and Garvin Beedy, son of Mr. and Mrs. G. C. Beedy, of South Plains, were united in marriage in a quiet ceremony performed Saturday afternoon at 3:30 in the Methodist parsonage in Lockney. The pastor, Rev. R. H. Campbell performed the single ring ceremony. For her wedding, the bride chose a grey suit with dusty rose and black accessories and a corsage of a dozen red roses.

Mrs. Beedy attended Floydada High school. Prior to her marriage, she has been employed at Norman's Variety store.

The groom was a member of the 1948 graduating class of Floydada High school.

The couple is at home at South Plains, where the groom is engaged in farming.

## Center News

**CENTER, July 13**—The Home Demonstration club met Friday afternoon with Mrs. Dunavant. The members enjoyed an interesting meeting and delicious refreshments were served to about 20 women and girls.

Francis Ashton and Clara Jones spent Thursday night with Loene Williams.

Rev. Clay Muncy preached at the church Sunday morning. He dined in the C. M. Meredith home. Mrs. Muncy was visiting with relatives down state.

Wedding bells rang for one of our Center girls over the week-end. Janne Frizzell was married to Garvin Beedy, of South Plains, in Lockney Saturday afternoon. We wish them many happy years together.

Sunday dinner guests in the J. D. Welborn home were Mary Alice and Bobby Plumlee and Margaret and Don Clark Green.

The Home Demonstration club will sponsor an ice cream supper next Friday night, July 16, at the schoolhouse. Everyone in the community is invited. Bring enough bowls and spoons for your family. There will be music and games.

We hope we can retain our schoolhouse for our community center, thus keeping our community spirit for which Center has always been famous.

## CENTER DEMONSTRATION CLUB MEETING HELD FRIDAY

Mrs. J. E. Green gave an interesting discussion on new discoveries in medicine and control of cancer at the meeting of the Center Home Demonstration club Friday of last week. Mrs. Edd Dunavant was hostess for the meeting. Roll call was answered with the showing of each member's favorite vase.

The Club voted to serve the Rotary club on July 21.

**BAKER CLUB STUDIES SAFETY MEASURES IN HOME**

The Baker Home Demonstration club met with Mrs. E. H. Spears Monday of last week for a discussion on "Safety Measures in And Around The Home." Lela Petty gave an interesting demonstration on storage spaces. Charts of sewing rooms and chests of drawers in new homes were shown.

Present were Meses. R. L. Neil, Claude Pawwer, Floyd Bradford, Ray Smith, Herschel Green, G. L. Pawwer and Mary Lou, Henry Thornton, Poyner Roberts and Miss Petty, one visitor, Mrs. J. W. Woolsey, a new member, Mrs. Jim Owens and several children.

The next meeting of the club will be with Mrs. Ray Smith, July 20 instead of with Mrs. John Smith on July 19.

Many a man thinks he has an open mind when it's merely vacant.

### Country Club Committee hunting Golf Handicap Champion Player

Everyone has a chance to be crowned "Handicap Champion" -- the youngest or oldest, boys or girls, men or women, because of the handicap system which will be employed in judging them.

All country club members and their families are invited to participate, said Edd Johnson, who is a member of the handicap committee.

Each contestant will compete against all other contestants. Only one player will be crowned "Handicap champion," but prizes will be awarded the leading 20 players. Five blind prizes will be given for the worst and wisdest shots, so if you can't be the best player there, you can at least win the prize for being the poorest.

The entrance fee has been reduced to one dollar in an effort to have everyone enter. The money will be used to purchase prizes.

All persons desiring to enter the tournament may play an 18-hole qualifying round, or a nine-hole qualifying round, or she may estimate his or her average score and turn it in to the handicap committee

### SPORTSMEN'S SHOW IS YEAR-ROUND EXHIBIT

Turning a fondness for outdoor sports into an indoor hobby that in turn became a traveling exhibit is the neat trick turned by Albert Saddler, an electrician in the Gambirinus, O., steel mill of The Timken Roller Bearing Company.

An avid hunter and fisherman, Saddler started his collection with a model rifle and from there it just grew. In little over a year the exhibit of some 200 miniature pieces, ranging from game animals to rifles and a frying pan, has grown out of the hobby stage and into a collection that is in constant demand by schools, churches and sportsmen's gatherings.

Included in the display are models of game birds and animals, some in their natural surroundings, guns which are fired by using watch-heads as ammunition, casting and fishing equipment, a tent, cooking utensils, a hunter and even a game warden, with badge.

### If At First You Don't—Put It Off Awhile, Try Again

It couldn't happen in West Texas, people say, but it did.

The Crosbyton golfers came last Sunday for their game against the Floyd county golfers. The game had already been postponed twice because of rain and a holiday Sunday they were rained out again.

Crosbyton has decided to wait three weeks and try again.

### OUR HOME GARDEN CLUB HAS AUCTION SALE THURS.

Anyone wanting to pick up a few things cheap, had only to go to the home auction sale at the James Willson, Jr., home last Thursday.

Our Home Garden Club had their luncheon and auction to raise some money for the treasury. Every year they make donations to some charitable institutions. The money can also help to pay part of the expenses for the flower show that they decided to have in September.

Hostesses for the occasion were Mmes. W. E. Garrett, Jim Potts, Stanton Howard. Mrs. Billy Henry was the auctioneer.

Members present were Mmes. Alpha Boothe, Alton Chapman, R. C. Clem, Robert Collier, Kinder Farris, W. E. Garrett, Guy Ginn, Billy Henry, Stanton Howard, Ralph Johnson, John Kimble, G. E. Mayo, M. J. McNeil, Jim Potts, John Reue, Aubrey Stewart, George Van Wickle, Jake Watson, James Willson, Jr., and Fred Zimmerman, Jr.

The next meeting will be held at the home of Mrs. Aubrey Stewart on July 22.

### Steps and Minutes Saved Housewife by Careful Storage

The home of Mrs. Raymond Williams was the scene of the meeting of the Homebuilders club Friday for a demonstration on storage spaces for rural homes by Leila Petty. Miss Petty's demonstration showed that by not wasting space and by having things where you want them means hundreds of steps and many minutes saved for the housewife.

During the business meeting, the education committee reported members had read 52 books from the T. H. D. A. reading list. Mrs. Raymond Evans was welcomed as a new member. Mrs. T. J. Heard and Mrs. D. D. Shipley have not missed a meeting the first six months of this year.

Present for the meeting were Mmes. O. G. Mayfield, John Lloyd, D. D. Shipley, D. T. Mayo, Clyde J. Parr, Harmon Roberts, J. J. Eaves, J. P. Moss, Raymond Evans, F. F. Fuqua, P. E. Bertrand, Miss Petty and the hostess, Mrs. Williams.

The next meeting will be in the home of Mrs. J. D. Eaves July 23 at 3 o'clock. Visitors and new members are welcome.

### PASTORS HELPS SUNDAY SCHOOL CLASS MET TUESDAY

The Pastor's Helpers Sunday School class of the First Methodist church had an all day social, featuring a covered dish luncheon Tuesday.

Hostesses were Mrs. Addie Thagard and Mrs. J. E. Latshlin. The social was held in the basement of the church.

The day's program consisted of a devotional, given by Mrs. W. L. Johnke with 145 Psalms as her script, and a business meeting.

Members present were Mmes. D. D. Shipley, P. M. Felton, E. C. Henry, J. E. Laughlin, Addie Thagard, Will Snell, W. L. Johnke, O. B. Olson, W. E. Walker, A. T. McKinnon, Bob Henry, Lula Slaughter, Myrtle McCally, and W. H. Alexander.

Visitors were Mrs. W. H. Hilton, Mrs. Ella Johnson, and Robert and Janet Olson, from Winslow, Arizona. The children are visiting in the home of their grandparents, Mr. and Mrs. O. B. Olson.

### HUNDREDS ATTEND BARBECUE

A crowd of Floydada Country club members and their families, estimated at more than 800, attended the country club barbecue on Friday evening of last week.

With the enlarged membership, the barbecue, an annual affair, had the biggest attendance since it was started as a feature of the club.

### CARD OF THANKS

We wish to express our deepest heart felt thanks to our many friends and neighbors for their beautiful floral offerings, sympathy and acts of kindness at the death of our son and brother.

Rev. Fred Null of Borger, will preach for the South Side Baptist church revival, which starts Monday, July 19. Services will begin at 8 p. m.

Everyone is invited to come and bring their friends, according to pastor, J. E. Young.

Some of the topics that will be preached on are The Shortest Road to Hell, Why Was Abraham Called the Friend of God? Can A Saved Person ever be lost?, and others.

### 1948 Chevrolet is Massive

The over-all simplicity and massiveness of the new 1948 Chevrolet is well shown in this three-quarter view of the Fleetmaster Sport Sedan. Fenders, hood, body and door panels all blend, and the crease moulding, below the windows, is wider than that used in previous models. Note the new T-shaped chrome center bar on the radiator grille.

## How To Make Iced Coffee

THERE'S nothing like Iced Coffee to take the sizzle out of summer, leaving you perked up and cooled off. But it's got to be good iced coffee . . . darkly rich in color, sparkling clear and full of real coffee flavor.

Start by making good hot coffee and transform it into Iced Coffee by either of these two methods.

### DOUBLE STRENGTH METHOD

1. Make coffee double strength, by using half the amount of water to the usual amount of coffee.
2. Pour hot over ice cubes in tall glasses. The extra strong coffee allows for the dilution caused by the melting of the ice.
3. Serve with cream and sugar.

### PRE-COOLED REGULAR STRENGTH METHOD

1. Make coffee regular strength.
2. Cool in a non-metallic container for not more than 3 hours. Or, if the container is tightly covered, chill in refrigerator.
3. Serve in tall glasses with ice, adding sugar and cream to taste.

Vary your iced coffee service by adding a big scoop of ice cream to each glass. Or serve it with whipped cream flavored with a few drops of vanilla, cinnamon or nutmeg.

## New President Of Texas Tech Is Dr. Wiggins

LUBBOCK, July—Dr. Dossie M. Wiggins, for the past 12 years president of the Texas College of Mines has been elected president of Texas Technological college, effective Sept. 1, successor to Pres. W. M. Whyburn who will become head of the Department of Mathematics at the University of North Carolina.

Dr. Wiggins, chosen from over 60 candidates, is a graduate of Hardin-Simmons university; holds a master's degree from Yale university and a Ph. D. from the University of Chicago.

He is 53 years of age, a native of Crowley, La., and previous to entering college teaching and administration was principal of high schools in Burkburnett, Vernon and Canadian and superintendent of schools at Canadian. He moved to the presidency of Texas Mines in 1937, leaving a post as dean and head of the department of Education at Hardin-Simmons. He is credited with bringing major growth to the College of Mines.

Mr. Wiggins, whose wife is the former Winnie Lee Kinard of Memphis, is a director of the El Paso

chamber of commerce and the El Paso country club. He is a member of the Baptist church and the Rotary club and holds membership in the National Education association, Texas State Teachers association, Phi Delta Kappa, and Kappa Delta Pi.

Dr. Wiggins is expected to formally accept his appointment as president of Texas Tech at a directors' meeting in Lubbock August 12.

### "NO HIGH SCHOOL FOR ME"

How much education should a young person have, in this atomic age? Are eight years of school enough to fit him for citizenship in a world more complicated than ever before?

If you think not, ponder this.

One farm youngster out of five, 14 to 15 years old, never even starts to high school. Eight grades, or less, are all he or she gets.

At ages 16 to 17, barely more than half are still in school. A pity, isn't it?

On the other hand, 96 per cent of city children start high school, and nearly 70 per cent are there two years later.

But just why don't more farm children go to high school? As far as we know, nobody ever asked them.

So Farm Journal editors and correspondents in all parts of the country have talked to 100 farm boys and girls who have dropped out of school, and to their parents and teachers.

Here are their answers:

1. Don't like school. This was the reason most commonly given. Many feel that there's nothing practical, nothing interesting there—especially if the high school offers no vocational agriculture or home economics.
2. Needed at home. Some parents put this reason first. There are more chances to stay out and work on the farm than in town.
3. Distance lack of transportation, bad roads. Stanley Overbeck, 16, of Allegan County, Michigan, took one year of traveling 25 miles a day to and from high school. Now he's home on the farm.
4. Parents' objection. The most alarming thing Farm Journal's survey showed is that a surprisingly large number of parents don't believe in high school, and actually encourage their children to quit.

### CROWDED SHADE TREES

"As shade trees grow larger and their root systems spread," says Dr. Curtis May, shade tree specialist of the U. S. Department of Agriculture, "these root systems come into competition with each other if the trees are planted too close together. Thus trees that had ample space to supply their water needs when they were small are unable to get enough water when they grow large because of competition resulting from too close spacing. Trees that are suffering from drought are more subject to some insects and diseases than trees that have an ample supply of water."

## Negro Jailed For Return Of 'Merchandise'

ABERNATHY—A negro landed in jail here recently after his slick trick failed to work the second time at Struve's. Walter Struve of Hale Center fell victim to the trick, and suspecting the black might try the same thing at Abernathy, came here to warn the merchants. Rudolph Struve was questioning the negro when Walter arrived.

The negro man came into Struve's down the middle aisle and by the time one of the clerks reached him, he had managed to "associate" himself with a pair of new shoes, which he claimed had been purchased there and "his brother wanted him to trade them for a pair of black shoes or a pair of cowboy boots." When he couldn't be satisfied on either point, he asked for money back, and was given \$9.75.

Later he returned in company with a negro woman and while she was shopping in the dry goods department, he roamed over to the hardware side and "latched" onto two one-gallon buckets of paint while Jack Kiker was waiting on another customer. When Jack asked the negro what he wanted, he requested money back on the paint he claimed was purchased there a few days ago. "I became suspicious of him," Jack said "when he went into so much detail in trying to make me remember when he bought the paint." Jack called Rudolph and they were questioning the black when Walter arrived from Hale Center.

The negro had pulled the shoe trick on Walter.

The negro man told O. Rutledge

## Another Contribute Brownfield Letter

Again Brownfield sends a mystery letter to Floydada.

Mrs. Roy Curry received a letter this week addressed to her former husband the late B. P. Woody, and herself saying:

July 7 (Deleted) New Mexico; Many years ago I took something from you without you knowing about it and am sending you this to pay for it. I am sorry.

The letter was scribbled on a blank money order. Enclosed was a \$50 bill.

If anyone in Floydada has ever lost any money to anyone living in

Brownfield, chances are that it will come back. Clarence Foster recently received a similar letter, dated from the same place.

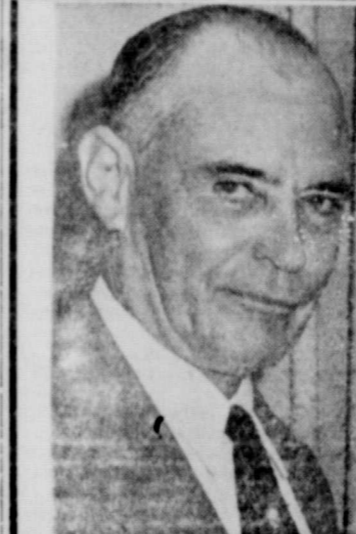

Upon comparison of the handwriting, however, it was definitely decided that they were not by the same person. The letter to Mr. Foster had a feminine appearance, while the one to Mrs. Woody had nothing delicate about it except the \$50 bill enclosed in the letter.

Mr. and Mrs. Joe Fisher, of Paducah, visited during the week-end with Mrs. Fisher's parents, Mr. and Mrs. J. H. Tribble.

### Legion Dance Is Announced

McDermott post, American Legion, yesterday announced a date for a dance in their big, new auditorium for Saturday night of this week. It will be July 17.

Mike Smith and his cowboy ramblers, a Matador string band, will play for the occasion. L. W. Chapman, member of the post's committee, said.

The Jess Wright family were dinner guests in the J. P. McLain home last Sunday. That afternoon they left for Buena Park, California, where they expect to make their home. The McLains had other visitors Sunday also.

### Maurine Medlen Pledged Alpha Chi

For the third time, a daughter of Mr. and Mrs. Robert Medlen has been elected to become a member of Alpha Chi, a National Scholarship society, at West Texas state.

Maurine Medlen, a second semester Junior, most recently honored daughter, is majoring in accounting. Only the top ranking tenth of the junior and senior classes are eligible to membership in Alpha Chi.

Mrs. Henry Kelley and children, Richard and Mary Lou of Paradise, are visiting in the home of her sister, Mrs. Clarence Guffee, this week.

### Famous Quartette Coming to Mount Blanco July 26

The Stamps Ozark Quartet, of radio station KWPT, Wichita Falls, Texas, is appearing in person at the Mt. Blanco Baptist church Monday, July 26, at 8 p. m.

The quartet is being sponsored by the brotherhood of the Mt. Blanco Baptist church. Admission will be 50 cents for adults and 25 cents for all children under 12 years of age. Tax is included.

All money raised will be for the financial aid of the church. The congregation plans to sand the floors, tune the piano, and many other things as soon as their finances permit.

The Quartet will present a good clean program of gospel and secular songs, say members of the Mt. Blanco church. Everyone is invited to come and hear them.

### TAYLOR RECENTLY HOME FROM FT. WORTH HOSPITAL

J. L. Taylor was returned home recently from Fort Worth, where he had been seven weeks receiving medical treatment. Taylor, a lineman for the Floyd County REA, was injured in a fall from a 35-foot pole in November. His back was broken when he fell after taking a 7200-volt electric shock from a live wire. Since that time he has been paralyzed from his waist downward.

Taylor is at the home of his mother, Mrs. P. T. Taylor. He is now receiving medical treatment at Plainview.

### SUFFERED SCALDS MONDAY

While helping her mother wash, Ann Jones was scalded on the face and shoulders Monday afternoon at Denison's Laundry and taken to Pitts hospital for treatment. The accident occurred when Mrs. Fred Jones, her mother, decided she didn't have her tubs full enough, took down the cold-water hose, and, without noticing, turned on the hot water.

Miss Jones is reported doing very well, and the burns are not expected to scar, said Pitts hospital yesterday.

### PITTS HOSPITAL

Mrs. D. J. Summers was dismissed July 8 after medical treatment. Mrs. Cecil Queen was admitted July 10 for an appendicitis operation.

W. M. Sanders was injured in the Sunday night railroad accident and admitted for treatment.

Carl Rodgers was admitted for medical treatment July 14. Charlie Craig was admitted for treatment of burns after an accident July 14.

### HAS ANKLE SPRAIN

Mrs. Will Snell received a bad ankle sprain and some ligaments torn loose Tuesday when she stepped off the edge of a sidewalk. She had an X-ray taken that afternoon, and the ankle taped. Although she will have to stay in bed for several days yet, she is reported to be resting very well.

Mr. and Mrs. J. T. McLain and Mr. McLain's sister, Mrs. J. W. Wiggins, visited Thursday and Friday with their sister, Mrs. J. C. Williams and Mr. Williams, of Castro County. They also visited other relatives and friends at Hereford. Mrs. Wiggins left Monday morning for her home at Arlington. She had been in Floydada visiting the past week.

### Future Freshmen Homemaker Guests at Open House

Following the completion of their summer projects, the Floydada Future Homemakers held an open house for the future freshman homemakers. Cookies and lemonade was served to some thirty girls.

In order to complete a summer project each girl is required to do at least 100 hours of work in the different phases of homemaking, such as cooking, canning sewing, redecorating bedrooms and kitchens and refinishing furniture, etc. Ten of these hours were spent at school where the girls made 43 choir robes.

The girls who finished their projects and who will receive one-half credit toward graduation were Cleva Ratjen, Billie Newberry, Elaine Snodgrass, Virginia Holmes, Veva Buske, Anne West, Mary Anne Wilson, Luella Irwin, Patsy Brown, Connie Reeves, Nell Huckabee, Darline Johnson, LaJuana McAda, Doris Dyer, Wenona Faulkenberry, Charlene Perry, Ima Nell Jones, Maxine Thornton, Barbara Dutton, Jennie Hennessee, and Eva Waller.

### WICHITA FALLS VISITORS

Mr. and Mrs. Fulcher Armstrong and Mr. and Mrs. Fred Krings, of Wichita Falls, were week-end visitors in the home of Mr. and Mrs. Jack Henry.

The Wichita Falls couples were on their way home after a vacation of fishing at Creed, Colorado.

Mr. and Mrs. Rae Thornton and Mrs. Ed Thornton were in Dallas the first of the week visiting with their niece and granddaughter, Evalena Smith, who is a patient in Baylor hospital. Evalena, 10, underwent a serious heart operation two weeks ago. She is the daughter of Mr. and Mrs. Ben Smith, who reside in New Mexico.

## TO THE VOTERS OF FLOYD COUNTY:

Because of the necessity of taking care of the official duties of the Sheriff's office, it has not been possible for me to make a house-to-house canvas, nor to see all the voters. I realize my first obligation to the citizens of Floyd County is to perform the Sheriff's job to the very best of my ability even if it means I cannot electioneer at all. I have done my best to fulfill that obligation ever since I took over the office some 18 months ago, and as long as I hold the office that obligation shall be uppermost in my mind.

I am a candidate now for my Second Term as your Sheriff, and I am running on the record I have made in that office. I invite your investigation of that record. I have tried at all times to make you a vigorous but fair law enforcement officer. That was my pledge to the citizens of Floyd County two years ago when I returned from the Army and ran for the office, and that is still my pledge to you.

If you feel the service I have rendered merits a Second Term in the office, I will appreciate your help and your votes.

## Baptist Camp Opens With Big Registration

Baptist encampment on Blanco canyon south of Floydada opened its first three-day program Monday with a thrilling start for churches of District Nine of Texas, when 560 youngsters were registered from 63 churches.

Many elders who saw the camp for the first time this week indicated delight over the possibilities of the camp for a recreational center for the youth—and elders also—during vacation months. At the camp cafeteria, in charge of Mrs. R. E. L. Patrillo, District WMU president, 800 persons were fed Tuesday noon, including numerous visitors from over the district. The cafeteria, completed only last week, accommodates 300 persons at a sitting. Modern cooking arrangements are in the kitchen of the cafeteria. The tabernacle where public gatherings are held will seat 1000 persons. Strong adult leadership has been afforded for the first of the series of camps for the youngsters.

Churches have been continuing to move in their buildings and all are intruded by the possibilities of beautification at the 70-acre site, which has two miles or more of the winding white river within its confines.

Yesterday afternoon the junior boys began moving out and the intermediate boys to move in. The intermediate boys group is expected to total about 150 from all churches.

Next Monday the camp will be swarmed over by the junior girls. Rev. R. E. L. Muncy, of the local church, said officials of the district organization will not be surprised if 1000 of these youngsters are in camp. The intermediate girls will have their turn on the week-end following. A \$4 fee covers all costs for the three-day encampment for each child registered.

During the first of the week there had been 64 conversions and 44 dedications, it was indicated.

## H. A. Copeland, jr.

(Continued From First Page)

known as a "lake". H. A. was the first to succumb to its clutches. Many others have barely escaped according to local legend and report.

H. A. went down about 3:30 Saturday afternoon before the horrified eyes of three youthful companions. His body was recovered at 6:10 o'clock the same afternoon. Lubbock firemen and a state highway patrolman operating grappling hooks recovered the body from 20 feet of water after two hours of surface diving and seining by Sheriff Leonard A. Hart, Floydada Fire department members and numerous other volunteers were unavailing.

Hundreds of people, Saturday afternoon visitors in Floydada, the boy's parents and many local people, lined the steeply cut bank 30 feet above the water and watched the search.

Swam Two-thirds Across The little Copeland boy swam from the south bank toward the north, about two-thirds of the way across the cold, muddy body of water, before he sank, said Samuel Shakelford, 16, one of the party. Samuel saw the Copeland boy's struggles and started for him but the lad's hands disappeared in final struggle and the Shakelford boy turned back. Another lad, Jimmy Nichols, 14, tried to throw an inflated tire tube to the struggling Copeland youth, but it fell short. The third little boy's name was not learned.

The youthful witnesses of the tragedy hurried to the highway drive in operated by Mr. and Mrs. H. A. Copeland, father and mother of the boy, to give the news of the drowning. Mr. and Mrs. Copeland were in Plainview on business and arrived an hour and a half after their boy's body had sunk into the muddy waters.

It was Miss Maxine Griffin, of Sheriff Hart's office who telephoned the district headquarters of the highway patrol asking for help. The patrol called the Lubbock Fire department. Meanwhile Sheriff Hart, the fire department of Floydada and volunteers were carrying on their diving and seining operations.

The rescue of the body was made from a 20-foot depth. Fire Chief W. E. Twitty, L. D. Bedel, a member of his department, and Sam Fort, a state highway patrolman, scurried for about 30 minutes before recovering the body. They used a boat belonging to Stephen Solomon, of Lubbock, equipped with an outboard motor belonging to Beamous Carver of Floydada. By coincidence Solomon was passing the scene enroute with three companions on a week-end fishing expedition to Lake Diversion, Wichita Falls, and Carver, a member of the local fire department, was preparing for a similar trip, and quickly dismounted his out board motor to help in

making the probe for the body. They took the engine and fitted it to the Solomon boat.

Captain Wiley Rogers, Fred Lambert, Kelly Hagood, Jas. F. Potts, Bill Dyer and numerous others were among the volunteers who strived to regain the little boy's body from the pit before it was too late to use a pulmotor rescuator.

From the pit the body was taken to Harmon's Funeral home where it was prepared for burial.

Estimate of the length of the water hole is 110 yards and its width 40 yards. It is a receiving place for rubbish, cans, etc., during dry weather. It fills up quickly in the heavy rain and is sometimes as deep as 40 or 50 feet in water. Little boys commonly play in its dangerous reaches, although parents warn of its treachery.

## CONTROL OF FARM CROPS IS IMPORTANT ITEM

Farmers not only need to know how to make crops grow and yield well, but in some cases how to keep them from getting the upper hand. Many a troublesome weed, according to specialists of the U. S. Department of Agriculture, got its start through being welcomed to the farm as a crop.

Bermuda grass (the ordinary kind now spoken of bitterly in the South as "cotton patch bermuda" came from India where it was considered a gift from God as feed for the sacred cow. It is a good seed producer and spreads easily in fields intended for other crops, a bad characteristic in a plant used for pasture in a row crop area.

Now the new Coastal Bermuda that highly productive hybrid between Tift, a special strain, and another Bermuda from South Africa, is increasing the Southern farmer's regard for the crop. Unlike the "cotton patch" kind, Coastal Bermuda produces almost no viable seed, a considerable factor in keeping it where it is wanted. It is propagated by means of sod plugs or vegetative cuttings.

There are several other crops whose histories contain variations from disfavor to popularity or at least usefulness. Johnson grass was introduced as a pasture possibility in the South and soon spread as a weed. It was finally adopted as a pasture grass because farmers found it too difficult to eradicate. Sweet clover on the other hand came in as a weed -- probably in ship ballast in the early 1700's and finally became a slot.

On Tuesday night, July 20, unless the boys change their minds again, the public will see Stansell-Collins and Grigsbys in a one-game tussle.

Plugging away at their disrupted schedule last week and beginning anew this week, the league had three official games. Of these last Friday evening's game was the most interesting. The Grigsby Laundry kids played like veterans behind Grigsby in the box and won from the league-leading Merchants 4 to 3. In exactly opposite style the youngsters booted the ball over the field Tuesday night to lose to Hagoods 11 to 1 in five innings. The same evening the Merchants gave another evidence of the reason they lead the league by taking Stansell-Collins 13 to 7 in a hard-fought battle.

valuable soil improver, pasture and hay crop, with improved strains now widely grown.

A weed is commonly known as a plant out of place, but, say the agronomists, sometimes a place can be found for it or it can be kept in its place.

Success is built on small margins. The fastest runner in the world can't run five per cent faster than ordinary runners.

Only 11 times out of the 36 legislative sessions has someone failed to bring up the proposition.

Heaviest pressure apparently came during the 27th Legislature in 1901, when five different suggestions were made. At the previous session, four proposals were offered.

One proposal for a convention passed—in the 35th Legislature in 1917—but nothing was heard of the convention after the Legislature forwarded the call to Governor Ferguson.

The 36th Legislature in 1919 passed a second convention call, but made it contingent on approval by the voters. It was defeated 71,376 to 23,549.

The past two Legislatures have not had such proposals, but they were offered at the five preceding sessions.

### When Old Customers Bring in New Customers

Most of our new customers come to us through the recommendation of old customers. These introductions take place almost daily, and we confess that nothing gives us more pleasure and inspiration.

It is gratifying to know that we have the confidence and loyalty of those we have served for many years. We appreciate their kindly interest in us. At the same time we feel called upon to do our best to measure up in every way to the expectations of the new friends who have come to us through their influence.

Return of cotton into the minds of the people of this area as a probable good source of farm revenue points up the fact that mechanization for the cotton farm is a bit nearer all the time. Mechanization from the time the four-row outfit is rigged up to plant de-linted cotton that has been treated for the common ailments of young cotton to the time when the staple is ready to go to the gin. At this time there appears to be no such thing as mass ginning. A gin can gin a bale of cotton in about so much time, a good gin a bit faster and better than one that isn't so good. Accordingly the cost of ginning cotton is about as low as it can be made in the foreseeable future. But other costs and the elimination of risks incident to bugs, insects, improper feeding of the plant and things of that kind on up to getting the cotton out of the field are beginning to come around to the condition that prevails as to feed crops and wheat, namely that if you can't get much help for manual work you can find a substitute in machinery and/or science.

Notice that whatever your preferred aspirant for office does seems to be the ideal thing. As for instance, our man for the senate, Coke R. Stevenson, is making Texas in a car that bears no signs, no placards, no windshield stickers, no loudspeaker, is not a part of a caravan. When he hits town he makes it a walking tour of main street and talks to the people. We recall Pat Neff made that kind of a campaign when he was out for governor, and Governor Stevenson ran that kind of a campaign when he won the lieutenant governorship. "I figure it would be out of character for me to try to conduct a high-pressure, loud-talking campaign," said the former governor the other day. Every man has his own way of doing a job. Apparently Mr. Stevenson is not going to try to campaign the way somebody else does. A man should be as nearly like himself as he can even in a political campaign. This is not intended to indicate that somebody else's candidate is not being natural also.

The report of the comptroller of the State of Texas that income of the state has been exceeding the expenditures ought to set the spenders to thinking up things to spend the state's money for. It looks like there will be a horrible surplus by the end of the biennium! This is in reverse of the national trend. All other states are having the trend in the other direction. Texas ought to go in the hole, too, because New York and New Jersey, and Illinois, and Pennsylvania, are. They set the pattern. Any fool state that doesn't do like these Italians and Poles and Jews and Lithuanians is a backward state. You understand a cowman, oil producer, farmer,

country merchant, garage man, egg buyer, printer, in Texas is not as smart as these boys who have come to this country in the last few years. The National Education association's school teachers and scores of others patriotic organizations which view us with alarm have been telling us! They add up the figures, divide them by something, take some factor or other to multiply it by—and there you are. How backward, how uncouth, how lacking we are in the appreciation of the better things of life; how unsympathetic toward the welfare of our children, toward this and that. We need to spend a lot to take up this slack in our income. Why not make an increase of seven hundred million or more in our outgo? Then we could float a bond issue a bit later. And sure enough be up-to-date! And in line with the way they do in New Jersey. Hurrah for New Jersey and a deficit, down with Texas and a surplus!

## RETURNING ORGANIC MATTER TO THE SOIL

(A contributed editorial)

Organic matter or crop residue plays an important part in soil conservation as well as soil fertility. When soils are low in organic matter their porosity is poor, and much of the rain that should go into the land runs off. Soils that are low in organic matter do not have large capacity for holding available moisture and crops will suffer in dry years. More runoff also means worse water erosion on the land. Soils that are bare are affected more from soil blowing than fields that have large quantities of crop residue on them. Thus crop residue aids in protection of land from water and wind erosion. What stubble left on the surface forms a perfect barrier against soil movement by both wind and water. The combine grain sorghums leave a large amount of residue which offers good protection from wind erosion. When soils are low in organic matter they are very deficient in available nitrogen and crops usually starve for this nutrient and the crop yields are reduced.

Crop residue management can be practiced in several ways. Leaving large amounts of residue and working it into the soil in good management. Burning crop stubble is poor management.

In planning menus, include at least three vegetables in the meals each day—one or more servings of potatoes, green or yellow vegetables and "other" vegetables. The "other" group are neither yellow or green, such as egg plant, white squash, radishes, onions, celery, white corn, or half mature beans and peas.

## When you farm Electrically!

THERE'S a world of convenience, comfort, and profit behind the switch when you farm electrically.

Low cost electric service can do so much, at such a low cost, that more and more modern farmers are making Reddy Kilowatt their number one hired man.

Naturally the women-folk are pleased because they can use electricity in so many ways around the house... but beyond that they know there's less work, and more profit on a farm where dependable electricity is used.

Write or visit your nearest Public Service or REA office today for the latest information on farming electrically.

# Injunction Crosby Road District Fight

FRYBYTON, July—A petition for an injunction restraining Emory Pieratt and the Crosby County Commissioners Court continuing work on the re-approved road building program Crosby Road District No. 1 was Tuesday on Judge Pieratt. A copy of the petition was also served on Ray Karr, tax-assessor col-

lector, enjoining him from collecting taxes to pay for the new road. The injunction petition was filed Friday, July 2, well within the 30-day deadline which expired Wednesday. The petition was signed by C. L. Harris and A. W. Salyars, attorneys of Lubbock, for their clients, Andy Wooten and Mrs. C. I. Cannon. The case was termed: Andy Wooten, et al. vs. Crosby Dan Blair, et al. District Judge Dan Blair has set Wednesday August 4, as the date for hearing on the petition. Judge Pieratt said Tuesday. The petition was filed in the office of District Clerk Will F. Ezell and copies were served on Judge Pieratt and Mr. Karr by Sheriff L. E. Haynes. A contract has already been made for the sale of these bonds, Judge Pieratt said, subject of course to cancellation in the event of a permanent injunction. The petition stated that the road

program should be enjoined because "to permit the issuance and sale of said bonds and levy taxes as against said petitioners' property situated within said district would be arbitrary and contrary to the statutory laws of this state." The Commissioners Court in ordering the issuance of bonds, must find that the issue would be for the benefit of all taxable property within the district, the petition points out. This was alleged to be untrue, thus making the proceedings irregular. Just what action will be taken now by backers of the road bond program could not be determined this week. However, several had made the statement that they intended to fight the granting of the injunction in 72nd District court. Quite a number of persons have discussed hiring an attorney for this purpose. "This will slow up work on the road program," Judge Pieratt said. "However, the bonds were approved too late to have secured any paving this year anyway."

Six million dollars. This will probably rise to Seventy-Five million by the end of the fiscal year. It is obvious that an ad valorem levy for the general fund will not be made for the coming year with revenue exceeding spending and this whopping big surplus on hand. Sheppard added a new section to his report this month, which gives registrations in the bond department. This shows bonds of Political subdivisions registered during June, of over forty million dollars, highest in history. Bonds registered year to date of 194 million is almost twice that of last year. The indication is higher activity in the rebuilding of schools, streets and public buildings and the great expansion of public facilities made necessary by our rapid industrial growth.

**Weekly SURPLUS NEWS WAA**

The near-empty war surplus barrels of the southwest region are being scraped these days in an effort to provide critically needed supplies for expansion of polio treatment facilities in Texas. Surplus property inventories were searched last week to find iron pipe for an addition to the Grandview polio hospital in the Rio Grande Valley. A sufficient quantity, 800 feet, was located in Houston and rushed to the project before it had to be halted. At Gonzales the Warm Springs Infantile Paralysis foundation put out a call for some high pressure pumps, which were quickly withdrawn from a scheduled public sale just before sale time. A polio clinic in Houston was enabled to solve its problem of overcrowding by the use of a government surplus building furnished by the War Assets Administration.

Tag-end items of consumer goods are being rounded up at Camp Swift, near Bastrop, for a clean-up sale there July 23. Screen doors, steel cots, heaters, stoves and furniture articles will go to the highest bidders.

Utility facilities and the buildings housing such terminals at the Dalhart Army Air Field and the field's two auxiliaries are being placed on sale by War Assets Administration to both priority and non-priority purchasers. All property is for removal from the grounds. Included are well houses, turbine pumps, electric motors, wood poles, copper wire and related materials.

All of the remaining buildings classed for offsite use at Camp Swift, near Bastrop, will be disposed of by the sealed bid method during July and August. Involved is a total of 354 buildings and fixtures, eligible to be purchased by priority claimants during an opening period, with the balance of the offering going to the general public.

## State Revenue Receipts Up

AUSTIN, Texas—Revenue receipts for the State of Texas are up 38% while expenditures are up only 31% over last year said Comptroller Geo. H. Sheppard. This reverses the national trend. Tax Administrators news said "State Expenditures rise faster than revenues."

Sheppard released his monthly financial report today which disclosed that Crude Oil Tax was the big factor in Texas prosperity. It hit an all time high during June of 8 million 3 hundred thousand dollars. The Motor Fuel Tax is far ahead of last year and almost all the increase of 7 million dollars received from this source accrues to the Treasury as refunds are only slightly above last year. This means the increased consumption of Motor Fuel was for highway travel.

Only one major item of revenue, store tax, showed a decrease from last year. This apparent reversal of trend was caused by heavy collection of delinquent taxes during the prior year. Most of these delinquencies have now been liquidated and future years collections will not be inflated thereby. Collection of current store taxes this year is ahead of last year. The General Fund balance at the end of June before allocations of June receipts were made was Sixty-

**NATIVE WEST TEXAN**—Born on a farm in Crosby County, December 2, 1915, RALPH BROCK has been a lifelong resident of this district.

**EDUCATION**—Honor graduate Lubbock High School, 1933; honor student Texas Tech, 1933-1935; graduate University of Texas Law School, 1938 and licensed to practice law.

**PUBLIC SERVICE**—In 1940, at age of 24, RALPH BROCK was elected County Attorney, Lubbock County, over two opponents in first primary. Re-elected 1942 without opposition.

**VETERAN**—Soon after Pearl Harbor BROCK waived deferred classification to volunteer as Apprentice Seaman in the V-7 program of the Navy. Resigned office with more than two years unexpired term and relinquished legal rights to its salary. He was on active duty for 40 months and spent 20 months in the Pacific aboard a sea going tug. He here advanced to rank of Lieutenant and was recommended for command.

**BROCK IS A WORKER**—As a boy he sold papers, mowed lawns and raised and marketed garden products. He worked his way through 5 years of college and university as a truck-driver, clerk, lifeguard, librarian, laborer, nightwatchman, elevator operator and as a member of the Board of student Editors of the Texas Law Review. He worked hard to make Lubbock County a fighting prosecutor; he is working hard to win this election, and he will work hard to make you a good SENATOR.

## RALPH BROCK

Solicits Your Vote  
For  
**STATE SENATOR**  
30th Senatorial District  
of Texas

**BROCK IS DEPENDABLE**—He has been active in worthwhile community activities, civic projects and church work. He is a teacher of a large Bible class and a member of the Board of Stewards of the First Methodist Church in Lubbock, and has been for many years. Those who know Ralph Brock know how they can depend on him.

**BROCK BELIEVES** in re-districting local control of underground water, adequate support of teachers salaries, schools, colleges, Eleemosynary Institutions, old age assistance, farm to market roads and soil conservation.

**RALPH BROCK SAYS:** "I believe that your Senator should be a fighting Senator. Although the legislative process sometimes makes it necessary to trade and to compromise, I will never trade your vote in the Senate for personal gain, nor will I compromise against sound principles, good morals or the interest of those who have by their faith in me, elevated me to this high and important office. But, when all honorable efforts at compromise have failed to bring about a fair result for our district and the battle line is drawn, I believe that your Senator should have the ability and the courage to stand on the floor of the Senate and with vigor and with fire prosecute and defend the rights of the people he represents."

"To all counties, big and little, I pledge fair and equal representation. I was reared in Crosby, Dickens and Lubbock Counties; I have lived and worked with the farmers, ranchers, laborers, white collar workers, public officials and the business and professional men. It is with the feeling that my background, experience and ambition for public service suit me for this office that I earnestly seek to be your STATE SENATOR."

RALPH BROCK.

## Demonstration on Rural Home Storage Space

Lella Petty gave a demonstration on storage space for rural homes at the meeting of the Dougherty Home Demonstration club Wednesday of last week. She pointed out some very interesting facts about storing things in the home that were helpful to the members.

Mrs. Ruth Daniels was hostess to the meeting, which was presided over by Mrs. Tate Jones. During the

business session, Mrs. Sam Lide gave the council report. The report was followed by a program on safety quiz under the direction of Mrs. Claude Ring.

Recreation was led by Mrs. Sam Lide. Mrs. Jones and Mrs. J. T. Pool were prize winners. Mrs. Bruce Johnson won the attendance prize.

Refreshments were served to Mmes. Tate Jones, C. E. Bartlett, Claude Ring, Orland Howard, R. C. Woodson, Bill Smith, Maurice Campbell, Sam Lide, Louis Blum, J. T. Poole, Bruce Johnson, H. A. Drysdale, Bettie Blum and the hostess, Ruth Daniel and children.

The next meeting of the club will be July 21 at 2:30 with Mrs. Tate Jones. At that time G. G. Holmes of Holmes Electric Service, will give a demonstration on ironers that he handles.

## Conservation District News

The Soil Conservation Service technicians assigned to the Floyd County Soil Conservation District checked some old terraces on the Bailey Henderson farm in Lone Star community this week. These terraces were spaced too far apart and were not kept up. They have broken, causing some bad gullies to wash out. A new system with a diversion terrace above them is being planned, which will protect the band around the lake as well as the flat area nearer the lake bed.

A ditch line with which to water some cotton has been run for V. H. Kellison, who farms northeast of Alken. This line will make it possible to make a shorter run and thereby control the water better.

Some ditch lines have been run for W. C. Clark, who farms north of Providence with which to irrigate cotton.

Huey Davidson had some lines run to shorten the length of runs in cotton he plans to irrigate in a few days. This will enable him to distribute the water more evenly.

### WRIGHTS MOVING TO NEW HOME IN CALIFORNIA

The physical condition of Jess Wright makes a move necessary for him and his family and they chose Buena Park California as the place next to Floydada that they would like to live. The fact that Mrs. Wright's parents, Mr. and Mrs. D. L. Morse, live in Buena Park helped the family make up their minds to move to California.

Mr. Wright's physical condition has been unfit since a month ago, when he had to give up his duties as a plumber due to bad health.

The Wrights have lived here six years. For two years, Mr. Wright engaged in farming and the remainder of the time he was a plumber.

They have three children, Betty, Ronnie and Mary Frances.

Mr. and Mrs. Robbie Gene Johns and daughters returned Sunday from a week's vacation trip to Vernon, where they were guests of Mrs. Johns' sister, Mrs. Otha S. Noyes, to Medicine Park, Oklahoma, where they visited with Mr. and Mrs. Ray Dorey and Amarillo, where they visited Mr. Johns' parents, Mr. and Mrs. O. D. Howard and family. Mrs. Howard and sons returned to Floydada with her son and wife for a visit.

Mrs. E. L. Brown, Eldorado, returned to her home yesterday after a major operation at San Angelo. Her parents, Mr. and Mrs. Z. A. Burnett of Floydada, spent much time in San Angelo while Mrs. Brown was in the hospital and Mrs. Burnett returned to Eldorado with her to stay for a month.

## Thanks to All, Says Retiring Co. Officer

I wish to announce that I am out in the race for Assessor-Collector of Floyd County, but I want to thank each and every one of you for your support, for if it hadn't been for you, I would not have made a success.

Thanks so much.  
Sincerely,  
Ethel Graham 24 2tc.

### I DREAMED OF HIM

Pearl Simmons (Age 16)

Last night I dreamed of Jesus,  
I dreamed my Master fair  
Had come to stand beside me,  
His radiance to share.

And wonderful the feeling  
That overflowed my soul  
As I saw Him - my Savior -  
Who died to make me whole!

He put His arm around me;  
A strange peace settled down;  
A peace more sweet and holy  
Than I had ever found.

Last night I dreamed of Jesus,  
I saw His kindly face,  
And in that precious moment  
I felt His matchless grace.

Happiness came crowding in  
Exhilarant, glorious wave;  
Last night I dreamed of Jesus  
And I know He came to save!

This poem was printed in the July 8 copy of the Baptist Standard.

### COUNTY COUNCIL MEETING

The Floyd County Home Demonstration council will have its regular meeting at 2:30 on Saturday afternoon, July 17, in the county Court room in Floydada.

Mrs. L. D. Britton, accompanied by Mrs. Russell King and son, Denver, went to Ft. Worth and Dallas Saturday to spend their vacation. Mrs. Britton is visiting her mother, Mrs. Bessie C. Bell, and her husband will join her later this week.

Mrs. W. P. Wall, of Calumet, Iowa, visited this week in the home of her brother, T. T. Hamilton, and family.

Miss Ruby White visited in the home of friends and relatives here last week-end. She is now employed by George S. Bond in Lubbock.

Mr. and Mrs. Charles E. Neil, Jr., Amarillo, spent the week-end here with his parents, Mr. and Mrs. C. E. Neil.

## Hargis Vows in Plainview

Marjorie Lyles, daughter of Mrs. C. W. Hargis, son of Mrs. C. E. Hargis of Plainview, solemnized Saturday at 7 p. m. a double ring ceremony took place at the home of Rev. Olney, the First Methodist church.

The bride wore a pink suit with white accessories. Her corsage was pink carnations.

Mr. J. Sams attended the ceremony.

## TERRY TREADWELL BIRTHDAY PARTY SATURDAY AFTERNOON

Five years old. Ice cream and cake. A birthday party. Balloons everywhere. Plenty of playmates. Could anything be more perfect?

Terry Treadwell, son of Mr. and Mrs. G. B. Treadwell, was the honored guest. The party was held Saturday afternoon in his back yard, which had balloons draped from every piece of shrubbery or yard furniture.

The children played games, with prizes for the more lucky ones. Caroline Cates and Mike Peterson won them.

Present for the party were Caroline and Jan Cates, Keith Thomas, Mike and Linda Kay Peterson, Pat and Terry Treadwell, Alice Marie Latta, Ardis Daniel, Irene Peterson, Mildred Cates, and Minnie Faye Thomas.

The bride is a graduate of Floydada high school and attended two years at WTSC. The bridesmaid is a graduate of Lockney high school.

The couple will make their home in the Irick community.

Mr. Sams attended as best man. Wedding guests were Mr. and Mrs. Roy E. Lyles, Mr. Clarence Lyles, Mr. Duard Reeves and Viola Stinnett.

Mrs. O. H. Johnston, of Lubbock, spent the first part of the week in Floydada visiting with her sister, Mrs. A. C. Jackson, Mr. Jackson and other relatives. The few days spent in Floydada were a part of Mrs. Johnston's two weeks vacation from her duties at a hospital in Lubbock.

Get the want ad habit.

## Mrs. Geo. Turner, jr. Honoree at Shower

Mrs. George Turner, jr., formerly Miss Leo Maude Watson, was honored with a bridal shower at the home of Mrs. Barney Manning on Thursday, July 1 from 4 to 6 p. m.

Daisies and baby's breath surrounded the crystal punch bowl, making an impressive background against the hand crocheted cloth. Pink tapers in crystal holders completed the picture. Mary Louise Manning served the cake, and punch was served by Mrs. Jay Channell.

Guests were greeted by Mrs. Manning, Mrs. Glen Watson, the honoree, and Mrs. George Turner, sr.

Mrs. Roy Patterson presided at the bride's book and Mrs. Arthur Barker was in the gift room.

In the house party were Meses. Manning, R. C. Bennett, Harry Blendin, Kenneth Thornton, Boyce Kennedy, J. W. Channell, A. P. Barker, Guy Sams, Roy Patterson, Lorn Wofford, D. D. Tate and Loyal Reecer.

### BARBECUED SPARERIBS

- 3 pounds spareribs, cut in servings
- 1 medium onion, chopped
- 2 tablespoons butter, margarine, or bacon drippings
- 2 tablespoons vinegar
- 2 tablespoons brown sugar
- 1/4 cup lemon juice
- 1 small bottle or 1 cup catsup
- 3 tablespoons Worcestershire sauce
- 1 tablespoon prepared mustard
- 1 cup water
- 1/2 cup chopped celery

Salt and red pepper to season. Brown spareribs on all sides.

Brown onion in fat; add remaining ingredients and cook slowly until flavors are blended, about 15 minutes. Pour sauce over browned spareribs. Cover closely and bake in moderate oven (350° F.) 1 1/2 to 2 hours or until done. 6 servings.

### Fairview News

FAIRVIEW, July 12—Light showers to heavy rains have fallen in our community the past week. The heavy rains have come almost up to a line fence, causing one farmer to have to "take out" for several days while his neighbor kept busy at work. Row crops are growing and so are the weeds.

A nice crowd attended the workers conference at the church last Tuesday.

Mrs. E. W. Walls left Saturday for Borger in company with her two sisters from Lockney in answer to a message that their brother, Louis Percy, had been seriously injured in an oil field there.

Several gathered at the church Friday and Saturday to do some work on the building and also on the windmill and over-head tank.

House guests in the C. W. Payne home this week include Mrs. Payne's mother, Mrs. Huffaker, and her sister, Mrs. Claud Daniel and son, Claud Lee, also an aunt of Mrs. Payne, all of Wolfe City. They arrived last Wednesday and will return to their homes the latter part of this week.

MARRIAGE RECORD

## Santa Fe Indian Village

CHICAGO RAILROAD FAIR

You'll think you are really on an Indian reservation in the Southwest—when you visit the Santa Fe Village at the Chicago Railroad Fair this summer (opening July 20).

You'll see Navajos, Apaches, Hopis, Zunis, San Juans and Jemez—125 colorful Indians living in pueblos, hogans and wickiups.

You'll watch ceremonial dances seldom seen away from the reservations, and see Medicine Men make their famous sand paintings and destroy them every day at sundown.

Indian craftsmen weave rugs, make moccasins, baskets and jewelry. In fact, in

the Village you actually see a faithful portrayal of costumes, ceremonies and living quarters of Southwestern tribes. Their way of life today is noticeably unchanged from that of their ancestors who inhabited the Southwest years before Columbus discovered America.

## Rose Thrips May Spoil Your Summer Roses

COLLEGE STATION, July — If your rose buds dry before they open, it may not be the dry weather that is spoiling them. If fully opened roses dry before shattering and stay on the bush, look for thrips. Thrips take the sap out of your blossoms and may cause your rose bushes to fill with dried flowers, warns Sadie Hatfield, extension landscape gardening specialist of Texas A. & M.

College. As soon as one flower dries the thrips fly to another and take sap there.

Thrips are so small and so hard to see that many people do not notice them. It is easy to find them if you look. Take all the petals of one bloom with one hand and pull them off. At once tap them gently on a piece of paper and you will see tiny insects run and fly away.

It is easier to see them if you shake them into a piece of solid black cloth. Since they have wings and have quick movements, many of them fly away at the first disturbance. However, enough will be left for you to see them. You can part the petals of the flower and see them running about inside the rose. They are flesh colored, very slender and are about the size of tiny black ants. These pests destroy many other kinds of blooms, too. Sometimes they draw sap from leaves and cause them to dry up.

When a rose garden is infested with thrips, it is a good idea to pick all of the blooms and the partly opened buds into a paper sack. Burn them immediately. If left outside or in an open container the thrips will fly back to the rose garden. After burning the flowers, dust or spray with nicotine sulphate or with 5 percent DDT mixture.

Another remedy is poisoned bait. Be sure to handle with care because this is poisonous to people as well as to thrips, cautions Miss Hatfield. Use six teaspoons of tartar emetic, two cups of granulated sugar and

## Floydada Grocers Attend Food Dealer Picnic in Amarillo

Several Floydada grocers and their families attended the picnic for members of the Panhandle Associated Grocers at Elwood park in Amarillo Sunday afternoon.

Those attending from Floydada were Mr. and Mrs. T. P. Collins, Mr. and Mrs. Carl Minor, sr., and Mr. and Mrs. Carl Minor, jr., Mr. and Mrs. J. R. Blount, Mr. and Mrs. Clyde Henderson, Parnell Powell, and Arlen White.

It was estimated Sunday night that 860 people attended the picnic, according to Charlie McBeath, Manager of the warehouse at Amarillo, which is headquarters for the Panhandle-wide association.

The picnic was preceded by an open house, held in the warehouse, where some 30 nationally known food packers had their products on display. At 4 p. m., everyone gathered at the park for entertainment.

Music was furnished by the Maverick club and the Howard McCollum string band. Acrobatic stunts performed by children were another attraction.

From the table loaded with gifts which were given away, Floydada families won much of the pyrex. Both Mr. and Mrs. Collins won pyrex dishes. Mr. Minor, sr., and Mr. Blount also won pyrex dishes.

Free lunch and soft drinks were served at the park, and after a short speech by the warehouse manager, ice cream sticks were served.

## Smith-Doxey Classification Applications Due

STATION, July—Texas farmers who want to classification and market their 1948 crop on their group applications a few days.

The date for the eastern part is August 1 and for the western part, August 15. John Sum, manager, southwest branch, USDA's Production Marketing Administration, announced.

A deadline takes in all being entirely or for the

most part east of the 100th Meridian and the August 15 closing date all counties lying entirely or for the most part west of the 100th Meridian.

Both services are provided without charge under the Smith-Doxey Act to organized cotton improvement groups.

Group applications may be filed at the Dallas cotton office, 1104 South Ervay, or at PMA's classing offices located in Austin, Abilene, Galveston, Lubbock and El Paso.

Texas had more than 1,000 organized improvement groups last year consisting of nearly 100,000 farmers who had over a million, and a half bales classed. This represents about one-half of the 1947 crop, McCollum explained.

Somebody has said that a dirt farmer is a man who starts out with nothing, loses on everything he grows and comes out even at the end of the year. Nobody knows how he does it. He doesn't even know himself.

## As A Farm Woman Thinks

(By Nellie Witt Spikes)

We are at home again and my hands are doing the same old tasks but my mind is still a-traveling.

I went to the garden this morning to get some vegetables. There were five lovely soft pink gladiolas in bloom. But I was remembering a big truck piled in with big bunches of tall stalks of gladiolas just beginning to bloom. Like sticks of cord-wood, I thought, as the truck bounced and shook the load as if it did not matter no more than would have the wood. When I got out sugar to make ice cream for dinner, I thought of big truck loads of sugar beets going to the refinery and big truck loads of sacked sugar leaving out for the sweet loving peoples of the world.

Whole trees of gold took the place of the orange I was peeling for Margaret Nell. A bit of the lake caught my eye as I stood washing the breakfast dishes. I was longing for another sight of the grand old ocean with its swells breaking into white foam on a sandy beach.

Never did I get tired of watching the ocean but I must admit that if the way had been longer than thirty miles to the beautiful island of Catalina, it might have been just too long. Anyway my stomach did feel perfectly at ease, but every time, just before I saw another flying fish and was saved from sea sickness. The land felt good to me. Somehow the ocean looked from the steamer just like the plains of my youth in winter when there was a light snow sprinkled over gray grass. The masts of ships were the windmills, and the fishing boats the pioneer homes.

I saw the plains in the desert, the plains after a terrible sand storm. I see the desert in the future when the long canals that are built and more being opened, bring life giving water to the land. Fields of green alfalfa made green spots and combines cutting wheat looked like our own land.

Some day my grandchildren will go through what is now called the desert and wonder why grandmother told of the desolate and useless stretch of land she passed through.

I just loved Flagstaff and wanted to sit under the tall pine trees, take out my crochet and call it home. I arose early and went for a walk while the others got ready for the days travel. It was cool and I wore my coat. The walk soon took me in sight of the mountain. High above timberline this grand old mountain stands with head partly covered with snow. Tall dark green pines marched up its sides. I stood and looked and "Looked to the mountain," as did men of old, "from which cometh my strength." My hands got cold and began to ache as I tried to warm them in my coat. I stumbled on steep ground, and almost lost my footing on small rocks. I was tired of body but with a refreshed mind when I reached the nice court where we had spent the night.

My garden is lovely and so many things to eat in it, but mosquitoes are so hungry it is a task to gather vegetables. The potatoes did not make so good this year and I thought I had found out the secret of growing them. The pasture was so green when we came in. The leaves on the trees were thick and cool. I miss the pines, but I have a tall cottonwood with millions of tiny fans. There is no lovely tree of purple-blue blossoms, but the mimosa is a soft veil of fragrant pink. There is no foam breaking forever on a sandy beach, yet the water running from the mill into the tank makes a delightful sound.

There are no tall, tall mountains reaching white heads into the sky, but we see the sun rise, the east pink and blue and rose. We see the sun set in all the glory of the painter's brush.

I am content with my home, but I do love to go a-traveling.

Unofficial reports state that officials of the Southwestern Associated Telephone company, an independent utility which has maintained general offices at Lubbock for several years, plan to move its offices to Dallas. Time of the move is as yet indefinite.

## Legion Celebration At Petersburg Is Set For August 7

PETERSBURG, — Members and committees of the Ed Hankins post of the American Legion are rapidly getting everything in shape for the big second Annual Legion celebration to be held in Petersburg on August 7.

The committee on the horse races are contacting owners of race horses in this area and it looks as if there are going to be plenty of fast stepping horses entered.

The Rodeo division looks as if it is going to be one of the best attractions of the entire celebration, as contestants for various events are signifying their willingness to enter. Good ropers from over the country are going to be here. Wild

### TRANSFER STUDENTS WARNED

Transfer students are warned again by County Superintendent Clarence Guffee, that any student who needs to change schools in this county must do so during the month of July.

"In one district of 45 students, only two have transferred so far," said Mr. Guffee, "and if the others don't make application soon, the end of the month is going to be over-crowded."

If the grade needed by the student isn't taught in his school, he must make application in the county superintendent's office, which is located in the basement of the courthouse.

Wilma Hamilton spent the weekend in Tulla, where she visited in the C. A. Massie family home.

steer riders say they are coming. In fact, every event in this division promises a full program.

### NEW LIGHTS INSTALLED

Petersburg shone in all its glory Saturday night as the installation of the new street lighting system was completed and the lights turned on.

The installation and construction crew of the Southwestern Public Service company did the installation on Main street of Petersburg. Writing fluids, Hesperian
