Mahon Sees Maize Moving as Problem

Congressman George Mahon reported to The Hesperian this week that he had personally appealed to the Secretary of Agriculture, Charles Brannan, to use the full force of his office to make effective the Government loan program on combine maize.

Foreign demand for American grain has receded and the price of grain has sagged. Mahon said that several Central Texas farmers were already selling their grain at 50c per hundredweight below the loan rate.

Ninety Per Cent of Parity Under the law the producer is entitled to a loan of 90% of parity on his combine maize, but loans are dependent upon the availability of storage, and the law will not be effective if storage arrangements cannot be made.

Mahon said that if the loan on grain sorghum should not be available many producers would sacrifice their grain sorghum below the support price, but that if the loan were available the market price should remain firm above support price levels.

Sympathetic Consideration Secretary Brannan advised Mahon that the Department would intensify its efforts to move the wheat crop out of the pipe line insofar as possible and would give sympathetic assistance in trying to meet the situation confronting producers of combine maize.

Following a long distance telephone conversation with Walker Hammond, head of the Texas Farm Bureau, Mahon in his capacity as chairman of the Texas Congressional delegation, appointed Congressman Poole of Waco as chairman of a committee of six members to cooperate with Texas farmers and the Texas Farm Bureau in finding ways and means to meet the situation.

Campaign Against Poliomyelitis Intensified in Floydada

Football Squad of 30 Expected Next Monday

When football training opens Monday morning for prospects of the 1948 whirlwind football squad, Coach L. F. Gresham expects to have 30 boys meet him at the athletic club house at 8 o'clock.

First thing of Coach Gresham's agenda is a meeting in the morning, Friday, with boys who are interested in being team managers. He wants candidates for this job to meet him at the club house at 9:30.

Of these he will have only six seniors, having lost 13 by graduation from his last year runners-up to the championship team of the district. Around these six he intends to build his team, with some 20 other boys who had some experience in games last year.

The Whirlwinds will take on for their opening battle the Slaton Bull Dogs, who come to Wester stadium for the game. The date is September 10.

Need Of Sanitation Recognized as City Is First Organized

Struggle to have a clean town, to prevent epidemics due to filth and to maintain sanitary conditions in Floydada is not a new idea. It is as old as the corporate life of the city itself.

Each owner, lessee or occupant having the control of any lot, block or parcel of land within the city limits, shall forthwith clean up said lot, block or parcel of land, by removing therefrom all decaying, unwholesome or offensive matter and thereafter keep the same clean, so that deposits or accumulations shall not be offensive or deleterious to the health of the people.

Mayor Harmon Proclaims Half-Day Friday to Complete Clean-Up Of Premises, Streets, Alleys

Concerned lest neglect might result in an epidemic of polio, current maimer of children and frightener of parents, physicians and public officials, Floydada City Council and Mayor F. C. Harmon in a special session last week-end determined on calling for closed stores and business establishments on a half-holiday Friday morning of this week.

Paducah Situation Alarming This promise has been followed up this week by aiding the city in organizing corps of workers and trucks with indications as of Thursday that there will be unanimous cooperation throughout the city.

Clean up work of the city, together with that of individuals this spring together with DDT spraying, has led the inhabitants of the community to hope that no cases of polio would arise here.

Meanwhile, by word of mouth and by hand bills the citizens are being bombarded with the urgent demand that they clean up their own premises and put a stop to any possibility of fly or mosquito breeding places.

Inspection and Spraying Promise that the clean up now going on over the community and to be finished Friday, will be followed by an inspection, city-wide, by health authorities to be joined by local civic workers, was made by Emmett Thornton.

Old Settlers Reunion Dates Aug. 26 & 27

Plans were formulated Tuesday for the forthcoming West Texas Old Settlers Reunion by directors of the organization in a meeting at Ralls last week.

Dates for the reunion was set for Thursday and Friday, August 26 and 27, to be held at Ralls. A committee was appointed to outline a general program for the two day meet. There will be carnival on the ground and some good speakers will be present.

Mr. Ezell said that they had received a proposition from Dr. O. W. English of Lubbock, to donate 40 acres to the West Texas Old Settlers Reunion, located in the canyon where the cottonwood grove of trees stand.

This proposition will be taken up at the reunion and it is expected that permanent grounds will be established there, Mr. Ezell stated. Mr. Ezell is president of the organization, and the directors include Mrs. Walter Gillon and Mr. and Mrs. J. J. Spikes, together with Messrs. Jimmie Rankin, Emmett Lynch, R. L. Elms and C. W. Mann.

Purchase Agreement Protection To Wheat, Forage Grain Price Farmers in Floyd county can protect the price of their grain crops this year through two methods, Ray S. McEntire, Administrative Officer of the Floyd County Agricultural Conservation Association, points out.

and at any time he can obtain from the trade more than the CCC "bid", he may, if he chooses, sell his grain. It should be clearly understood that the producer is not bound in any way. The CCC cannot require a producer to deliver the wheat or grain sorghum. The settlement on the grain, if delivered, will be on the class and grade of the grain at the time the agreement is signed.

The purchase agreement program is offered to assure producers price support at not less than the announced county loan rate for both wheat and grain sorghums where the producer is: (1) unable to obtain storage in warehouse for lack of space, (2) does not wish to obtain a loan but desires the assurance of a floor price on his grain, and (3) his type of storage on the farm does not meet loan storage specifications.

Further details of the program may be secured at the office of the PMA in the Agricultural Building, Floydada, Texas.

Coke Stevenson complex: We note that Coke didn't have to change his mind about the kind of campaign he would conduct. He didn't have any helicopter hired, so he didn't have to call them up and tell them he had decided not to use it in the run off. We know a nice young man who did change his mind. Coke, after he totters in from vaccinating the calves, won't have to worry about what he promised some fellow he would do unless he changed his mind.

Clean Up day has much more significance this particular week than it has ever had in Floydada, so far as we are informed. Nobody knows for sure whether mosquitoes and flies are carriers of polio. Conversely, nobody knows that they are not. Both flies and mosquitoes are suspect, however. Some way, somehow, there is a coincidence. Lots of mosquitoes, lots of flies, lots of polio. Maybe they are not carriers, maybe they are. The scientists, the doctors are mighty, mighty, careful. They don't want their judgment to turn out to be a snap judgment. Also, of course, many epidemic-type diseases are known to arise from filth, flies, mosquitoes. Whatever the situation may be, it certainly does not hurt to have a clean town, to have the breeding spots removed. So the city and the mayor's committee can't be wrong in insisting on a period of clean up, of fly breeding place removal, of reducing the possibility of mosquito breeding places. We all ought to go along. We all need to go along. The inconvenience of being closed a half day while the customers make heated conversation about us may be the half day that we prevent a case of polio breaking out in that selfsame customer's household.

Polio hysterics: A community where they didn't use DDT spraying nor make any appreciable effort at clean up had nine cases of polio in one week. In another community (named Floydada in the books) there were no cases of polio, but three sprayings and a program of keeping premises clean. Maybe there is no significance, but also maybe there is. Anyway, cleanliness is next to godliness. So said Poor Richard in his almanac. Why not go along with the city Friday morning. Clean up, spray, fight filth. You can't hurt a thing. You might help, and mightily.

Bitter Gall: The Southerners who would like a constitutional amendment barring poll tax, barring lynching, barring segregation, if such must come, are going to be denied even this crumb of satisfaction from the Republican table. Joe Martin and the Old Guard are going to pass a simple legislative enactment. No nation-wide consideration and formal acceptance of a doctrine of state's

sovereignty that must yield to national necessity because we of the south are considered as violating the basic rights of mankind. Our own belief is that the southerners are fighting for the basic rights of the people against a federal government that is yielding to hysterics. It is a losing fight but just as well be made.

It appears as though there is to be a tight price squeeze in forage grains and corn this fall, a condition for which the agricultural department is making ready through the Commodity Credit corporation. The picture is not clearly drawn. The probability that there will be more of these commodities offered on the market than it can readily absorb seems indicated. The man who has no place to go with his grain will have to resort to accepting a lower price than the government support price or if not that then some such arrangement as the grain purchase agreement about which PMA has a story this week.

Sold Out Twice? A Miss Bentley made a sensation in Washington by "disclosures" of Red tie ups in high quarters of our government during and following the war. Highly educated, she sold out, she says, and obtained many secrets from officials here, relaying them to Russia. Now she has been caught up with and is giving out volumes of information together with names before an investigating committee. The question which arises in your mind is whether Miss Bentley doesn't still have her tie up with MVD and got a raise in salary with the understanding that she "reveal all," smearing as many as she can and getting up as close to FDR's own desk as possible.

Important August dates: There are two important matters related to farm and garden that must not be overlooked by the good husbandman and his wife. The first and foremost is that beginning next week is the time to kill out noxious weeds and grasses and rid the premises of unwanted tree sprouts and things of the kind. The sign won't be exactly right all of the remainder of the month but it will be right enough. You can't miss out if you do the job right. Also the matter of planting fall turnips. Remember the moon fulls on the 19th, the last quarter is on the 27th. Right there on August 28th or 29th is the time to scatter rutabago seed. The neighbors will laugh if you plant them in dry soil and be around later on bragging on your turnip patch, hoping, of course, you'll invite them to help themselves.

City of Floydada Clean Up Day Friday Morning August 13

I have been authorized to announce a clean up day on the above date and ask that all places of business remain closed until 1:00 P.M. Clean up your own premises and if you have time there help clean up some vacant lot or alley.

Immediately after the cleanup campaign the city is going to have the town sprayed again and we sincerely beg your cooperation in this cleanup campaign.

Three years ago we called your attention to the first ordinance of the City of Floydada and to impress it on your mind we again print it:

SECTION 1:

"Each owner, lessee or occupant having the control of any lot, block or parcel of land within the city limits, shall forthwith clean up said lot, block or parcel of land, by removing therefrom all decaying, unwholesome or offensive matter, and thereafter keep the same clean, so that deposits or accumulations shall not be offensive or deleterious to the health of the people."

Any one failing to comply with the above is subject to fine to \$100.00 or ten days in jail.

After the cleanup is completed an inspection will be made of offenders reported to proper authorities.

Let us all do our duty and get the job done so nicely that we be proud of the job and our city.

As to cow and horse lots, there is lots of complaint. We are of the opinion that every stock keeper in the city limits should have special spraying job done on his premises. You are also going to keep cleaner pens if you keep down sentiment against you. We want that you keep your pens clean and as odorless as possible.

Get your feed stacks out of the alleys at once.

REMEMBER THE DATE, CLOSE YOUR BUSINESS AND BE ON HAND AT ANY PLACE YOU WANT TO CLEAN UP.

By order of the Mayor, F. C. HARMON

Ford Wedding Read at Lockney Morning

Early morning ceremony solemnized Sunday morning at the First Baptist Church, Lockney, Patsy Harris, daughter of Mr. and Mrs. J. K. Holmes, became the bride of Joe L. Dowdy, son of Mr. and Mrs. L. F. Dowdy, of Amarillo, Monday evening, August 2, at the home of Rev. Bryant in Amarillo.

The bride wore a blue dress with white and black accessories. Her corsage was of white roses. For something old and borrowed, the bride wore a bronze bracelet belonging to the groom's mother, something new was her wedding attire, something blue was a garter. She wore a penny in her shoe for good luck.

The couple was attended by Mr. and Mrs. Floyd Phillips, of Amarillo. Mrs. Phillips wore a blue dress with blue and white accessories and a corsage of white carnations.

The groom's parents were the only guests at the wedding. The bride is a graduate of Floydada High school with the class of 1943. She is now employed by the Bell Telephone company in Amarillo.

The groom attended high school in Amarillo and has completed three years service in the armed forces. Following a wedding trip to Ruidoso, New Mexico, the young couple will make their home at 718 N. Johnston, of Amarillo.

STATEMENT BY FLOYDADA OLD FOLKS PENSION CLUB

We have understood that it is being told that the old folks are paying Judge Deen a salary of \$100.00 per month, which is truly a falsehood, and the one who is telling it knows that it is untrue, because the old folks do not have the money and are not able to pay any one a salary of any kind.

It is being done for a political purpose and we want to say that it is the cheapest politics that we have ever heard of and it is an insult to the old folks of Floyd county. Our club resents this because it is untrue, and we don't believe a true American citizen would have started any such propaganda.

Recovery of Youth From Leukemia Is Possibility Now

Kenneth Don Hill, the small victim of leukemia from Lockney, has been out of the hospital for seven weeks now, and the doctors say he may come home in two or three weeks, according to the Lockney Beacon.

The small boy has been receiving injections with a new chemical that is reported to be giving hope to everyone with the dreaded blood disease.

Kenneth Don entered the John Sealy hospital at Galveston over two months ago. Although he hasn't had a transfusion in a month, his blood count is over three million now, as compared to one million when he entered the hospital.

First Anniversary of Morton Hospital

First anniversary of the Morton hospital, observed last week with an open house, finds the association with a very considerably increased staff over that on its opening day, August 7 of last year.

When the hospital opened it had one doctor, one graduate nurse and three nurses aides. Now there are 28 employes.

There are 600 members in the association which has the hospital leased from Hockley county. The hospital was built with a bond issue.

There have been 270 operations and 123 deliveries since the opening of the hospital.

Poison Bread brings Warning of Officer

Poison bread spread around the southwest part of Lockney has killed several dogs, made other dogs turn vegetarians, and endangered the lives of any children who might get hungry between meals and pick up a quick snack.

It is against the law to scatter poison anywhere except on the spreader's own premises, it was pointed out by Deputy Sheriff Earl Cooper, in the Lockney Beacon. Even then, the person must post signs and warn his neighbors.

Results of the poisoned bread have been two very dead dogs, two very sick dogs, and a number of very worried parents.

DEAN WALLS SHIPPING MGR. FOR FIRM AT ALBUQUERQUE

Mr. and Mrs. Dean walls are now living in Albuquerque, New Mexico, where he is manager of the shipping department at Montgomery Ward. The couple returned to Floydada last weekend to take some of their furniture back to their new home that they were not able to get packed when they originally left.

Bill Womack also has a job at the Montgomery Ward company at Albuquerque, and is making his home with Dean and Norma.

Jo Dick Moore, brother of Mrs. Walls returned to Albuquerque to spend a few days with the couple.

MARRIAGE RECORD

Marriage licenses were issued during the past week to:

Byron C. Ford and Patsy Louise Harris, August 4;
Bill Hobbs, Jr. and Marvella Ginn, August 7;
John C. Colville and Erva Lee Hartsell, August 7.

District attorney and Mrs. John B. Stapleton left the latter part of last week for the Durango, Colorado, area, where they plan to spend several days resting. They went by way of Tucuman, New Mexico, where they were guests over Sunday with the C. L. McMurrays and Holland Pottons.

Mr. and Mrs. M. F. Shaw, Amarillo, are visiting in the home of Mr. and Mrs. Bob Collier and family, and visiting Miss Margaret Collier.

Half Minute Interviews

Harry Morckel: "I cut 27 bushels of wheat Monday."

Oerald Cardinal: "There was mud in the fields last week-ent all the way from South Dakota to Plainview."

HUGH NATION RESIGNS

With no plans for the future except a much needed rest, Hugh Nation, who has been city utilities superintendent of Crosbyton for the past 13 years, resigned his position effective August 15.

Mayor Jack Arthur stated that at present time, no one has been designated to take the office of Mr. Nation.

Recently returning from a ten day trip to Oregon, Washington, and California are Mr. and Mrs. France Carthel and Chester, of Lockney. They visited for two weeks with relatives in McMinnville, Oregon, before touring Washington and California.

Mrs. C. R. Wade returned home last week-end from Sulphur, Oklahoma, where she had been since early in July visiting with relatives and friends.

Mrs. Grace McPherson, from Fort Worth, has been visiting for the past week in the homes of Mrs. C. P. McPherson and Mrs. J. A. Wood, both of Lockney.

FAIRVIEW, August 9—Clyde Irwin returned home Wednesday of last week from New York, where he had been for several days. On the trip, he bought a new plane. Sunday morning, Mr. Irwin and his three sons, Sherman, Herbert and Hershell made a trip to Clayton, New Mexico by plane. They returned home by noon of the same day.

Sunday dinner guests in the Clyde Irwin home were Mr. and Mrs. Shirley Irwin, of Lubbock, Rev and Mrs. Bill O'Dell and son, Mary Ann Wilson, Mary Dee Cosby and June Hartline.

Mr. and Mrs. Jim Conner and family of Eckert, Colorado, returned to their home Saturday after a week's visit with her parents, Mr. and Mrs. L. A. Horton and other relatives.

Mrs. Clyde Bagwell went to Lubbock Wednesday, where she spent the night with her cousins, Mrs. Loyd Ownbey and Miss Elizabeth Thacker. She met her mother, Mrs. C. L. Joiner, who arrived from Santa Anna, California, Thursday. Miss Thacker accompanied Mrs. Bagwell and her mother home and remained for a two day visit. Mrs. Joiner will be here for several weeks to visit with her daughter.

Mary Dee Cosby and Luella Irwin spent Sunday night with Mary Ann Wilson.

Mr. and Mrs. J. C. Crabtree, of Portales, New Mexico, visited last week-end with their daughter, Mrs. Chil McClure, and other relatives.

Mr. and Mrs. C. W. Payne and June Kathryn were called to Dougherty Tuesday at noon to the bedside of Mr. Payne's father, W. W. Payne. Mr. Payne had a stroke. The seriousness of his condition is not known at this time.

The cloud Monday afternoon late brought moisture to this community from a shower in places to two inches in other parts. Some hail also fell in the northwest part of the community, damaging crops.

Center News

CENTER, Aug 10 — Sunday School attendance was rather short Sunday on account of so many people being away for the week-end. Some of those present attended preaching and the baptismal service in Floydada after B. T. U. Sunday night.

Mr. and Mrs. J. D. Welborn and family visited relatives in points of northern New Mexico last week and over the week-end.

Several families of relatives met at the Clarence Ashton home Sunday to honor Mrs. Ashton with a surprise birthday dinner. Present were Mr. and Mrs. Milton Ashton

and family, Mr. and Mrs. P. H. Ashton, of Campbell, Mr. and Mrs. Fuqua, an aunt and uncle of Floydada, the honoree and family.

Mr. and Mrs. Travis Lightfoot and children visited in the Walter Sims home Sunday afternoon.

Merle Rymon, who visited in the

Green home a few days, left Friday for his home in Bay City.

Mr. and Mrs. R. C. Ross and Norma June visited Sunday with their daughter and husband, Mr. and Mrs. Buck Ragsdale, near Muleshoe.

Eunice Welborn spent Saturday

night with Christine Jones.

Mary Alice Plumlee spent Saturday night with Ann West, of South Plains.

Visiting in the J. E. Green home, Sunday afternoon were Mr. and Mrs. D. I. Bolding, Mrs. A. W. Anderson, Louis and Leon, of Floydada,

Billy Jordan, of Boys Town, Anthony Latta, of Mt. Blanco and Mrs. K. J. Matthews, of Phillips.

Mrs. J. E. Green and Margaret accompanied by Mrs. Matthews went to Mt. Blanco Monday, where the latter will visit relatives indefinitely.

Clyde Green left for Dallas day morning. Victor and Green went to Plainview.

The Center Home Dramatic club will meet Friday, August 13, with Mrs. Flora McNeil, is urged to come.

To the Voters of Floyd County, Texas:

I have been reliably informed that it is being told that the old people who are receiving a Pension, are paying me a salary of \$100.00 per month. This is not the truth, they are not now paying me a salary and they have never paid me a salary.

I have Appealed many cases for the Old People, written many letters for them and advised with them, but I have never at any time made a charge or received a salary.

could see upon closer inspection. Mrs. H. P. Jackson, of Sand Hill, showed all of the ladies present how to etch glass. After the demonstration, the women brought out their jelly glasses, ash trays, fish bowls, vases, and other things that they wanted to work upon. They could design their own pictures if they were the artistic type, or be content with fixing their initials in a multitude of different manners. She was assisted by Marlene Hollum, Dorothy Holmes, Bobby Buth, Nita Jo Day and Patricia Spears.

All women present watched longingly as Mrs. John Hoffman took delicate pink roses and arranged them in a vase where they resembled a picture in a floral catalog. A new type of yellow zinnias were used for the demonstration. The zinnias were shaped like ordinary zinnias, but the petals were thicker, looking more like chrysanthemums than zinnias.

Mrs. Hoffman also had arrangements of gold and red zinnias, with lilac sweetpeas to further brighten the corner.

Game of Hand Shaking

As for the hand shaking, the closing game played was for all of the ladies to line up around the walls and pass each other, each lady in-

roducing the lady to her neighbor as she shook hands.

One can't write about rally day without mentioning the grapes. Several children were sitting on the front porch eating them. Ladies were sitting around the various tables eating them. In the kitchen was the answer to the sudden abundance. Mrs. Lon Blasingame brought a large basket, which was not emptied at noon, so everyone ate grapes all afternoon.

This rally day was one of the largest groups ever to assemble for the Floyd county home demonstration club. The day's activities were planned by Mrs. M. J. McNeill and Mrs. O. G. Mayfield.

Leather Work Demonstration
Another feature that all of the women enjoyed was the demonstration on leather work given by Mrs. J. E. Laney, of Hale Center. She did numerous kinds of leather work, demonstrating as she explained the various processes to the other women.

During their spare time, the women sang and ate their basket lunches. Singing was led by Mrs. Lynn Miller.

Women who were present were: Baker—Mmes. Ray Smith, Poyner Roberts, R. L. Neil, E. L. Neil, E. H. Spears, Hershel Green.

Floydada—Mrs. Kate Collier and Miss Nita Jo Day.

HOUSE JOINT RESOLUTION

amending Section 15 of Article XVI of the Constitution of the State of Texas, by adding thereto a provision that the husband and wife from time to time may in writing partition between themselves in severally or into undivided interests all or any part of their community property, whereupon without prejudice to the right of existing creditors the portion or interest set aside to each spouse shall be and constitute a part of the separate property of such spouse; further providing that such Constitutional Amendment if adopted shall be self-operative and self-executing; providing for the submission of this Amendment to the voters of this State; prescribing the form of ballot; providing for the proclamation and publication thereof.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 15 of Article XVI of the Constitution of the State of Texas be amended so as to read as follows:

"Section 15. All property, both real and personal, of the wife, owned or claimed by her before marriage, and that acquired afterward by gift, devise or descent, shall be the separate property of the wife; and laws shall be passed more clearly defining the rights of the wife, in

relation as well to her separate property as that held in common with her husband; provided that husband and wife, without prejudice to pre-existing creditors, may from time to time by written instrument as if the wife were a feme sole partition between themselves in severally or into equal undivided interests all or any part of their existing community property, or exchange between themselves the community interest of one spouse in any property for the community interest of the other spouse in other community property, whereupon the portion or interest set aside to each spouse shall be and constitute a part of the separate property of such spouse.

This Amendment is self-operative, but laws may be passed prescribing requirements as to the form and manner of execution of such instruments, and providing for their recordation, and for such other reasonable requirements not inconsistent herewith as the Legislature may from time to time consider proper with relation to the subject of this Amendment. Should the Legislature pass an Act dealing with the subject of this Amendment and prescribing requirements as to the form

and manner of the execution of such instruments and providing for their recordation and other reasonable requirements not inconsistent herewith and anticipatory hereto, such Act shall not be invalid by reason of its anticipatory character and shall take effect just as though this Constitutional Amendment was in effect when the Act was passed."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State of Texas at an election to be held throughout the State on the second day of November, 1948, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words:

Compare the Values!...
Compare the Prices!...
—see why

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR

COMPARE the values; compare the prices! . . . Do this and you'll know that now more than ever before CHEVROLET AND ONLY CHEVROLET IS FIRST in Big-Car quality at lowest prices, just as it is first in nationwide demand for the total 17-year period, 1931 to date!

To compare the values is to know that only Chevrolet brings you the Big-Car riding-smoothness of the original and outstanding Unitized Knee-Action Ride . . . the Big-Car performance and dependability of a world's champion Valve-in-Head engine . . . the Big-Car beauty and luxury of the enviable Body by Fisher . . . the Big-Car safety of Fisher Unisteel Body-Construction and Positive-Action Hydraulic Brakes . . . plus many another major

quality advantage still not available in any other motor car in its field.

And to compare the prices is to know that Chevrolet prices are the lowest in the field . . . and that Chevrolet value continues to be the highest in its field!

That is why more and more people in all parts of the country are deciding, more and more enthusiastically, that only one is Number One, only Chevrolet is first.

That is why we believe you, too, will make this same decision when you compare the values and compare the prices . . . for you win in every way with Chevrolet!

You just can't beat the genuine Unitized Knee-Action Gliding Ride for real riding-smoothness—real travel luxury—over any and all kinds of roads, from boulevard to byway; and, remember, this famous "Knee-Action" ride is exclusive to Chevrolet and more expensive cars.

There's nothing like Chevrolet's world's champion Valve-in-Head engine for thrills and thrift. It holds all records for miles served, owners satisfied, and years tested and proved. It embodies that extra-sound, extra-dependable Valve-in-Head design, found elsewhere only in costlier cars.

You will be perfectly sure of your car's beauty-leadership when you own a car with the world-famous Body by Fisher; and this most desired and desirable of all car bodies—supremely beautiful from every angle, inside and out—is available only on Chevrolet and higher-priced cars.

You and your family will enjoy extra safety, too, the triple safety protection of Fisher Unisteel Body-Construction, the Unisteel Knee-Action Gliding Ride and Positive-Action Hydraulic Brakes—another combination of features found only in Chevrolet and higher-priced cars.

Wayland, was speaker at Morning Watch Tuesday. Recreation was supervised that day by Rev. Carroll Holtzclaw, who organized a baseball game between the preach- ers and laymen. If you want to know who won, ask any layman. He will gladly tell you. Recreation period also had horseshoe games going on in every corner.

"Christian Leadership" Study
All leaders, counselors, sponsors, directors, and other general officers studied "Christian Leadership" with Rev. Neil Record, associate professor of Bible in Wayland college as teacher. Special classes were conducted for every age beginning with the beginners and working on up through the adults.

Officers were elected Tuesday night for the encampment. Rev. L. A. Doyle was elected president and A. A. Byran, of Littlefield was vice-president. Secretary - treasurer elected was James Abernathy, Ralls. Formerly, all business was carried on by the board of trustees, which will continue to function. The board consists of Rev. L. A. Doyle, president, James Abernathy, secretary, Mrs. R. E. L. Patillo, L. A. Harless, Dr. A. Hope Owen, Alec Thompson, and Lee Hemphill.

A new caretaker has been procured from Lubbock, and plans are being made to move in a house for him. At the present time, he is camping on the grounds. Mr. Cox, the caretaker, has a wife and three children who plan to join him as soon as the house is completed.

Old Mexico Movies
An added feature after services Tuesday night was the showing of movies by Rev. Alec Thompson, of Hereford. The pictures were made by the minister in Old Mexico. They were accompanied by the pastor of the Mexico mission in Hereford dressing in his sombrero and sing-

ing Spanish songs with his guitar accompaniment.

The next thing being planned for the encampment is the Mexican camp for juniors and intermediates. This will be held August 23 to 25, and all who are in the correct de- partments are urged to be present by Rev. Doyle. It is district-wide. No plans have been made yet for any negro encampments.

Lakeview News

LAKEVIEW, August 10—Rev. Joe Wilson, of Floydada, will begin a 10-day revival at the Lakeview Baptist church Friday night, August 13 to continue through Sunday, August 22. Everyone has an invitation to attend these services both morning and evening.

There is to be a singing at the Lakeview Baptist church Sunday afternoon beginning at 2:30. Bert Battey, director, says for everyone to be present with their song books.

This community has lost three families the past week when they moved to other places. The Walter Hollums family moved to Sand Hill and the place they occupied is now occupied by the Ray Lloyd family. The Tom Hopper family moved to Crosbyton, where they have bought a home. Mr. and Mrs. Harold Bishop have moved where the Hop- pers lived. Mr. and Mrs. Bud Sparks and children moved to a farm two miles east of Floydada. These people will be greatly missed in our community and everyone here wishes them well in their new homes.

Mr. and Mrs. Fred Jones and chil- dren attended the Knox county re- union Sunday held at the Mackenzie park in Lubbock. Charles Wendell Atkinson, of Knox City, a nephew, accompanied them home for a few days visit.

Messrs. D. S. Pettijohn and James A. Odem, of Plainview, were visitors Sunday afternoon in the E. H. Tooley home.

Mr. and Mrs. Robert Peel had as their guests Sunday, Rev. and Mrs. Joe Wilson, Mr. and Mrs. R. L. Nichols and David, Mr. and Mrs. Fred Battey, Mr. and Mrs. Bert Battey, Mr. and Mrs. Gricham, Mr. and Mrs. Tom Ball and little son, of Amarillo. Guests calling in the afternoon were Mr. and Mrs. Charlie Battey and daughter, Charlene, and Mr. and Mrs. Thomas Warren.

SINGING AT LAKEVIEW
Bert Battey announced this week that a singing will be held Sunday afternoon at Lakeview Baptist church, beginning at 2 o'clock. Everybody is invited.

Mr. and Mrs. Cecil Hagood and son Dan, and Dr. and Mrs. A. E. Guthrie, and sons, Aubrey and Car- ol, are on their vacation to Yellow- stone National park this week. They also plan to put some of the time in fishing, it is rumored.

Body of Lt. Tubbs Is Enroute to US

Telegram advising that the body of their son, Lt. Richard I. Tubbs, is enroute to the United States was received by Judge and Mrs. G. C. Tubbs on Monday.

Date of the arrival of the young air man's body here for re-burial was not known, but Harmon Puner- al home will be advised four days before the body is started on its final journey, said the Quartermas- ter corps' telegram to his parents.

Lt. Tubbs was killed on the island of Yeyti at Taclobin Air base on January 29, 1945, and the body has been interred there since that time.

Amarillo Paper Tells of Parrish Truck Farming

(Editorial Note—The following was written by a staff correspondent for the Amarillo Globe-News, and appeared in the August 8 Edition of that newspaper.)

Big time truck farming operations have come to Floyd County. Hardy vegetable pioneers are blazing a trail through the irrigation belt, which may mean a new era for the South Plains.

DRS.

Pho. 236 for Appointment

The pioneers are personnel of Parish Farms, Inc., a truck farming outfit from Mission, deep in the heart of the Rio Grande. Top hand farmer with the group is Ransom Walker, one-time Vernon, one-time Lubbock resident.

Mr. Walker brought his crew of Valley-trained Spanish-Americans to Floyd county in hopes of hitting a void now prevalent in the year's carrot market.

"We plan to have carrots on the market in a time that now is a dead spot on the production calendar," Mr. Walker declared. "We'll have to wait and see how successful we are."

Walker and his associates in Parish Farms contracted more than 300 acres of irrigated wheat land for their initial experiment in Floyd county truck farming. Other than carrots, they also are trying to raise bell peppers, and lima beans on the South Plains.

"The last of September and the month of October sees a lull in carrot trading," the one-time Plains football star observed.

"This interval is between the last of carrot production in the northern states and the beginning crop down in the Valley."

"Prices go mighty high," he ob-

served. "We want to raise carrots to hit the market just at that time."

120-Day Growing Season

Parish Farms doesn't guess when it jumps into a big-scale operation. Figuring on a 110 to a 120-day growing period for carrots, managers of the truck firm believe Floyd County offers an ideal location to produce during the lull season in other areas.

There's been a tremendous investment in time and money to enter the Floyd undertaking. And all has not been serene! Mr. Walker says one large carrot planting has been washed out already this summer. That was on about 110 acres.

Weeds—thriving on fertilizer poured to soil—also have been a big headache. But Mr. Walker has the correct medicine for the pesky invaders.

He sprays naphtha over the entire acreage—carrots and all. And through a freak of nature the naphtha makes a quick kill on the weeds but leaves carrot plants thriving.

First May plantings in the carrot patch already are nearing maturity. The seeds are planted in 59-acre plots, two weeks apart. This allows a staggering maturing date and assures smooth harvest, once the first carrots are ready for the market.

"We plan to tie and grade the carrots in the field," Mr. Walker, a husky six-footer drawled. "And we have made arrangements in Floydada for a packing shed to complete the final preparations."

The Quanah, Acme & Pacific Railway is to provide the packing shed, Mr. Walker reported.

The Floyd County project began in February, converting the wheat land to the requirements for peppers, carrots and baby Limas. Some 30 acres of lima beans also are on the production calendar.

There's no chance-taking which can be avoided in Parish Farm jobs. A giant portable irrigation spraying unit was brought from the Valley, to be used if conditions warrant.

The spray equipment, valued at \$17,500, is one of the largest units on the South Plains, according to reports reaching Floyd county agriculture offices. Walker said he had used the spray one time this summer, over a 60-acre tract.

"It caused some crusting, but it wasn't bad," Mr. Walker affirmed. The spray carries a half mile of line, covering a strip of 80 feet acres.

Parish Farms is backing Floyd County as a production center for the truck items. Mr. Walker estimated the pepper seed planted on the initial 15-acre planting, plus labor and watering totaled \$25 per acre.

That's a tidy investment to make—before one cent starts coming in.

FIRST LOAD MAIZE

CROSBYTON, August 5—The first load of milo of the new crop arrived in the city Wednesday from the Calgary community. The grain tested No. 2, which is considered good. The yield is turning out well but there is not much of the early crop, it was said. With rain in August, a good yield of grain will be assured.

Billy Jack Eudy visited with his parents over the week-end. He is attending summer school at Texas Tech.

S. J. R. NO. 2 A JOINT RESOLUTION

proposing an amendment to Section 28 of Article III of the Constitution of the State of Texas, so as to provide for a Board for apportioning the state into senatorial districts and representative districts in the event the Legislature fails to make such apportionment; providing for the issuance of the necessary proclamation by the Governor; and making an appropriation.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 28 of Article III of the Constitution of the State of Texas be amended so as hereafter to read as follows:

"Section 28. The Legislature shall, at its first regular session after the publication of each United States decennial census, apportion the state into senatorial and representative districts, agreeable to the provisions of Sections 25, 26, and 26-a of this Article. In the event the Legislature shall at any such first regular session following the publication of a United States decennial census, fail to make such apportionment, same shall be done by the Legislative Redistricting Board of Texas, which is hereby created, and shall be composed of five (5) members, as follows: The Lieutenant Governor, the Speaker of the House of Representatives, the Attorney General, the Comptroller of Public Accounts and the Commissioner of the General Land Office, a majority of whom shall constitute a quorum. Said Board shall assemble in the City of Austin within ninety (90) days after the final adjournment of such regular session. The Board shall, within sixty (60) days after assembling, apportion the state into senatorial and representative districts, or into senatorial or representative districts, as the failure of

action of such Legislature may make necessary. Such apportionment shall be in writing and signed by three (3) or more of the members of the Board duly acknowledged as the act and deed of such Board, and when so executed and filed with the Secretary of State, shall have force and effect of law. Such apportionment shall become effective at the next succeeding statewide general election. The Supreme Court of Texas shall have jurisdiction to compel such Commission to perform its duties in accordance with the provisions of this section by writ of mandamus or other extraordinary writs conformable to the usage of law. The Legislature shall provide necessary funds for clerical and technical aid and for other expenses incidental to the work of the board, and the Lieutenant Governor and the Speaker of the House of Representatives shall be entitled to receive per diem and travel expenses during the Board's session in the same manner and amount as they would receive while attending a special session of the Legislature. This amendment shall become effective January 1, 1951."

Sec. 2. The foregoing Constitu-

tional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held throughout the state on the first Tuesday after the first Monday in November, A. D. 1948, at which all ballots shall have printed thereon:

"For the amendment of Section 28, Article III of the Constitution of Texas providing for a Board for apportionment of the state into senatorial districts and representative districts in the event the Legislature fails to make such apportionment.

"Against the amendment of Section 28, Article III of the Constitution of Texas providing for a Board for apportionment of the state into senatorial districts and representative districts in the event the Legislature fails to make such apportionment.

Each voter at such election shall mark out one of such clauses on the ballot, leaving the clause expressing his vote on the proposed amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as

required by the Constitution and laws of this state.

Sec. 4. The sum of Ten Thousand (\$10,000.00) Dollars or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of this state not otherwise appropriated, to pay the expenses of such publication and election.

Here's proof the Gas Refrigerator

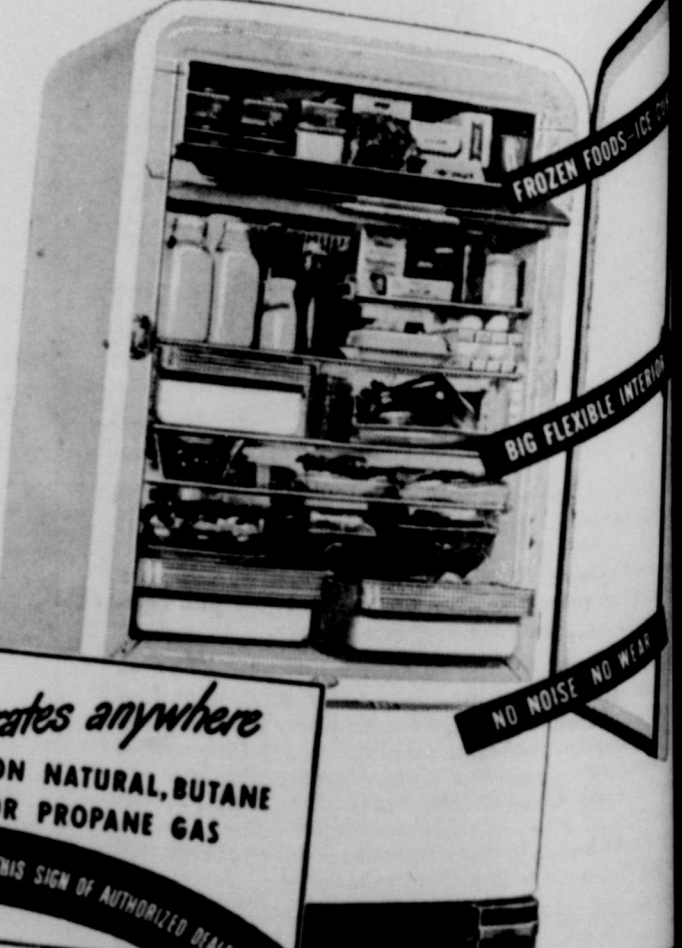

STAYS SILENT
LASTS LONGER...

Only Servel is Guaranteed for 10 years

More and more Texas families prefer Servel! For Servel is the one refrigerator that offers permanent silence, longer life—and proves it with a ten-year guarantee!

Why is it possible to guarantee this modern refrigerator for ten years? Servel has no moving parts in its freezing system. No motor or machinery that can wear or cause noise. A tiny gas flame (butane gas, natural gas or manufactured gas) does the work. So the Gas Refrigerator stays silent, lasts longer. And actually, among its 2,000,000 delighted owners many tell us, "Still silent, worry-free, after 20 years!"

But a different, simpler freezing system is only part of the story. The new Servels bring you every new food-keeping feature, too. Come see the famous Gas Refrigerator—first choice of more and more Texas families. See it today.

Anniversary of the Floyd County Couple

By J. T. McLain)
Mary Davis and Mr. and Mrs. McLain took the bus at Monday afternoon, August 2, which was served at a club house just west of Tucumcari to a large crowd of friends as well as relatives of Jim Griggs and Helen, his wife, on their golden wedding anniversary.

of Mr. McLain and her family, the Dyers.

Guests at a Barbecue
A special inducement to the Floyd county people at this time besides visiting with relatives was an invitation to a free barbecue at 3 p. m., August 2, which was served at a club house just west of Tucumcari to a large crowd of friends as well as relatives of Jim Griggs and Helen, his wife, on their golden wedding anniversary.

Some can remember a little of the old time western hospitality. Well, right here it was proven that the spirit and practice still exists. Here they had real barbecue (not just beef stew) and just about anything else that you would want to eat. Coffee, ice tea, and cold pops until you wanted no more.

While we were eating and visiting, the rain was falling outside in just about the same abundance.

Son of Geo. R. Griggs
Jim, who is the son of George R. Griggs, a pioneer of near Lockney until 1898, when he moved to Floydada where he resided until near life's end, spending his last days in California.

Helen is the daughter of T. M. (Tom) Loring and niece of the McCrackens who were all Della Plains pioneers.

Jim and Helen were married in Plainview, Texas, during the old Confederate soldiers and cowboys reunion in 1898, which was held near Plainview and attended by the main part of west Texas people as well as many from central or east Texas and New Mexico and other places.

The Loring family, as well as Jim and Helen, moved to New Mexico in 1900. Jim and wife moved back to Floyd county about 1914, but by about 1918, a desire for further west took them back to New Mexico where they have resided since. Now in Tucumcari.

Seven Children Present
Their seven children were with them for this occasion. Three sons, Jack of California, Maple and Morris of Tucumcari. Four daughters, all married, but only have their given names: Doris of Missouri, Lula of California, Georgia Maude of Amarillo, and Marie of Tucumcari. One brother, Foley Griggs and his six children were there for the occasion, as well as the sister, Mary of Floydada. A brother, Cary Griggs of Clovis, was not present.

At least three other former old-time Floyd county boys, all now residing in eastern New Mexico, were also present. Gus Byars, a half brother to N. T. A. Byars of south of Lockney, Joe Koger, a brother of John Koger of north Floyd county, and Mrs. T. A. Neaves of Lockney and Annie, also of Lockney or near there, the youngest sister. Then a Mr. Yates who was here a few years prior to 1897, when he migrated to New Mexico. Some of the Yates family remained much later in our county. This Yates was with us May 28, 1947. Mrs. E. C. Fullinger was out for the occasion also. All seemed to enjoy themselves immensely eating and visiting as the rain fell just as free as the eats on the inside of the club house.

Three-Tiered Cake Served
A special feature of the occasion was the three tiered cake which fit the taste as well as the eye.

All seemed to wish Jim and Helen a more pleasant and prosperous 50 years to come than the fifty that has just passed by.

Mrs. Davis left for home that night on the bus while the rain continued to pour. The McLains and Tylers remained for the night with the Fullingers and Dyers, leaving for Amarillo Wednesday morning with plenty of rain still coming down.

The McLains remained in Amarillo until Thursday. The Tylers coming home with them for the week-end, spending part of the time with Mr. Tyler's people here.

INTERESTING VACATION TRIP

Mrs. C. W. Denison, accompanied by her sister, Mrs. W. B. Parrack of Childress, and Mr. and Mrs. C. W. Denison, Jr., of Lubbock, returned Monday from a vacation trip to points of interest in Nebraska, Colorado, Wyoming, and New Mexico. In North Platte, Nebraska, they visited Mrs. Ada Eaves, who accompanied the group to Estes Park and Rocky Mountain National park. Mrs. Eaves returned to her home while the others returned via Colorado Springs, Pikes Peak, Red River, Questa, and Santa Fe.

7-YEAR-OLD IN HOSPITAL

Tommy Alfred Brock, seven year old son of Mr. and Mrs. Bill Brock, has been in the Plains hospital in Lubbock since Monday. A bruise that got infected is said to be causing the trouble, and if things go as expected, the boy should be able to come home about the last of this week, his father said.

Mr. and Mrs. H. S. Ward and family who have been making their home at Matador the past two years, have moved back to Floydada and will finish the year on an irrigation farm southwest of town.

Doris Eileen Amburn, of Plainview, is spending the week here, guest of her mother, Mrs. W. A. Amburn.

REVIVAL AT LAKEVIEW

Picking Friday the 13th as their opening day, the Lakeview Baptist church is starting a revival.

Rev. Joe Wilson will preach, with Bert Battey in charge of the music. The public is invited, according to Rev. Wilson.

Mrs. C. H. Neff and daughter, Sue Lane, visited in the home of Mrs. Robert Arnold last weekend. Mrs. Neff, sister-in-law of Mrs. Arnold, lives in Omaha, Nebraska.

H. J. R. NO. 7. HOUSE JOINT RESOLUTION

proposing an Amendment to Article IV, of the Constitution of the State of Texas, by adding a new Section to be known as Section 3a, so as to provide for succession to the office of Governor in the event the Governor-elect dies, or becomes disabled, or fails to qualify, before taking his oath of office as Governor; and providing for the issuance of the necessary proclamation and publication by the Governor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IV of the Constitution of the State of Texas, be and the same is hereby amended, by adding another Section to follow Section 3, and be designated Section 3a, to read as follows:

"Section 3a. If, at the time the Legislature shall canvass the election returns for the offices of Governor and Lieutenant Governor, the person receiving the highest number of votes for the office of Governor, as declared by the Speaker, has died, then the person having the highest number of votes for the office of Lieutenant Governor shall act as Governor until after the next general election. It is further provided that in the event the person with the highest number of votes for the office of Governor, as declared by the Speaker, shall become disabled, or fail to qualify, then the Lieutenant Governor shall act as Governor until a person has qualified for the office of Governor, or until after the next general election. Any succession to the Governorship not otherwise provided for in this Constitution, may be provided for by law; provided, however, that any person succeeding to the office of Governor shall be qualified as otherwise provided in this Constitution, and shall, during the entire term to which he may succeed, be under all the restrictions and inhibitions imposed in this Constitution on the Governor."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this State at a General Election to be held throughout this State on the date provided by law in the month of November, A. D. 1948, at which election all ballots shall have printed thereon:

"FOR the Constitutional Amendment providing for gubernatorial succession in the event the Governor-elect dies, or becomes disabled before qualifying and for such succession in other contingencies."

"AGAINST the Constitutional Amendment providing for gubernatorial succession in the event the Governor-elect dies, or becomes disabled before qualifying and for such suc-

cession in other contingencies."

Each voter at such election shall mark out one of such clauses on the ballot, leaving the clause expressing his vote on the proposed amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and Laws of this State.

Everybody's Saying It... "Lubri-tection!"*

**Yessir, That's The New Magic Word
They Use When They Call for
Phillips 66 Premium Motor Oil!**

"LUBRI-TECTION"! It's a word worth remembering. Why? Because it means lubrication plus protection for your car's engine.

You get the fine lubricating qualities of excellent base stocks, expertly refined. You get inhibiting additives which help cut down varnish, reduce sludge formations, guard against ring sticking and minimize engine deposits in your motor.

So remember "Lubri-tection"—benefit from it by using the great new Phillips 66 Premium Motor Oil. Why not switch today?

MORE TELEPHONE CABLE GOING IN to serve those waiting

It takes more than a telephone and switchboard to provide service for people who are waiting. It also takes wire and cable to connect each telephone with the switchboard.

Factories are turning out twice as much cable as before the war. And we are placing and splicing it into service as fast as we can get this cable.

We're working hard, but the demand for new telephones is so great we can't put in new cable fast enough to provide service for everyone as quickly as we or they would like.

If you are waiting for service, you may be sure we will connect your new telephone just as soon as we possibly can.

elor stove, that horror and burnt biscuit maker, put in cowchips in its greedy interior and took out ashes of the same amount or more than the fire material we put in, we did not vision food cooked in gas ovens and electric stoves. While the women and children stuck it out in their dugout homes with dirt floors, while the men wrapped the black-snake whip over the freight teams at the roundup, they did not think of the future homes that would be covered with slick linoleums and water to mop them with at the turn of a tap.

The men did not think as they turned the stubborn sod with a loeod team and planted the little patches of sorghum for the horse that would have to stand for quick duty in the "starve-out" pasture, or milked the cow that gave little squirts of blue milk as the norther froze the little dab of milk to the side of the molasses bucket, that one day they would be honor guest of a business mens' club, while the water poured from big wells just outside the town's limits, and the big cans of cream and boxes of eggs produced on the once grassy prairies would be finding their way to the hungry markets of the world.

I heard an old man say one day that the reason he came to the

plains was that he had rather pay out his hard earned money for groceries than for quinine.

The White Sands Of New Mexigo

A picture stays in my mind, a picture of hills of sand as white and pure as drifted snow, the notched range of the blue, blue Organ mountains in the far distance and the mile high Sacramento mountains in the background. This is crystallized gypsum and one of the wonders of the southwest. The dunes of gypsum are from 75 to 100 feet in height. Late in the afternoon, there is a feeling of mystery, the quietude of the great expanse of the sunset turning to rose and violet, then the whiteness of the mounds after darkness has fallen. I asked the genial man at the museum when we stopped to pay a few cents dues for going in this wonderland how long it took our good Uncle Sam to make the white sands and he said, "well, lady, it took him about the same time to dig the Caverns of Carlsbad." A very good apt answer to my question.

There are some beautiful birds down at our lake which has some water in it. Margaret Nell and I call them the Geek birds as this is the call they seem to make. They look like large snipe, white bodies, black wings and soft deep rose necks and heads. They run along in the water and scoop up bugs with long slender bills. When we go down to the lake they fly swiftly towards us, make a swoop as if going to hit us but get scared and fly away, angry and calling, geek, geek.

The other day Margaret Nell came in my room dressed in white blouse and pink and white starched pinafore, her hair smooth, her shoes and sox spotless. She sat down and we began a conversation. I, Mrs. Petunia Appieblossom, she being, Mrs. Peachblossom. She looked me all over after I told her how very pretty she was and said, "Grandmother, your dress is not very clean, your petticoat shows, your shoes are dirty and your hair looks awful! Thus I saw myself as others see me."

proposing an Amendment of Section 1a of Article VIII of the Constitution of Texas to provide that no ad valorem tax shall be levied for State general revenue purposes after January 1, 1951, and authorizing the several counties to levy additional ad valorem taxes for certain purposes, providing for Three Thousand Dollars (\$3,000) residential homestead exemption, and providing for tax levies in counties having tax donations; providing for submission to the qualified electors and for the necessary proclamation by the Governor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 1-a of Article VIII of the Constitution be amended so as to be and read as follows:

"Section 1-a. From and after January 1, 1951, no State ad valorem tax shall be levied upon any property within this State for general revenue purposes. From and after January 1, 1951, the several counties of the State are authorized to levy ad valorem taxes upon all property within their respective boundaries for county purposes, except the first Three Thousand Dollars (\$3,000) value of residential homesteads, not to exceed thirty cents (30c) on each One Hundred Dollars (\$100) valuation, in addition to all other ad valorem taxes authorized by the Constitution of this State, provided the revenue derived therefrom shall be used for construction and maintenance of Farm to Market Roads or for Flood Control, except as hereinafter otherwise provided.

"Provided that in those counties or political subdivisions or areas of the State from which tax donations have heretofore been granted, the State Automatic Tax Board shall continue to levy the full amount of the State ad valorem tax for the duration of such donation, or until all legal obligations heretofore authorized by the law granting such donation or donations shall have been fully discharged, whichever shall first occur; provided that if such donation to any such county or political subdivision is for less than the full amount of State ad valorem taxes so levied, the portion of such taxes remaining over and above such donation shall be retained by said county or subdivision."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the date fixed by law for the General Election in November, A. D. 1948, at which all ballots shall have printed thereon "FOR the Constitutional Amendment of Section 1-a of Article VIII of the Constitution of the State of Texas to provide that no ad valorem tax shall be levied for State general revenue purposes after January 1, 1951, and authorizing the several counties to levy additional ad valorem taxes, providing for a Three Thousand Dollars (\$3,000) residential homestead exemption, and providing for tax levies in counties having tax donations," and "AGAINST the Constitutional Amendment of Section 1-a of Article VIII of the Constitution of the State of Texas to provide that no ad valorem tax shall be levied for State general revenue purposes after January 1, 1951, and authorizing the several counties to levy additional ad valorem taxes, providing for a Three Thousand Dollars (\$3,000) residential homestead exemption, and providing for tax levies in counties having tax donations." Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines, the above provision for voting for and against this Constitutional Amendment shall be placed on said machine.

4-H club boys, two of their fathers and the county agent, A. L. Hartzog, spent three days at the District 2 4-H club encampment in Mackenzie park at Lubbock. The annual encampment was held Monday, Tuesday and Wednesday with headquarters in the 4-H club building at the fair ground in Lubbock. The encampment was very beneficial to the boys and the agents who joined in the fun and educational program. Attending were the county agents from District 2 and the district agent, W. N. Williamson, of Lubbock.

Floydada 4-H club boys who attended together with Orvus Shearer, Willie Bunch and A. L. Hartzog, were:

Troy Lee McNeill, James Ross, Sammy Ross, Don Grigsby, Don Pope, Kenneth Hollums, Alvin Lee Battey, Pete Hopper, Joe Hopper, Dale Owens, Jerry Bob Harrison, Russell Hunter, Dale G. Smith, Weldon Pickens;

Teddy Carthel, Junior Williams, Weldon Lovvorn, Billy Joe Buth, Billy Joe Hambricht, Bob Hambricht, Johnny West, Hubert Ring, Gordon Hambricht, Lloyd Allen, Harold Ford, Gerald Ford, Ray Neal Ford, Lavon Shearer, Darrell G. Bunch.

Gordon Hambricht was elected district vice president at the business meeting, with Carter Gene White from Post getting the office of president.

Another winner from Floyd county was Don Grigsby, who won third prize in the swan dive contest.

Floyd county won fourth place consolation prize in the rifle shooting contest also. Kenneth Hobbs, James Ross, and Russell Conner

League Play Off

(Continued From First Page)

These games were the first of a three game series and will be resumed again Thursday night, ending Friday night providing both of Tuesday night's winners do not repeat.

Tournament Monday Night
According to Gene Collins, the local softball czar, the tournament will start Monday night as planned. As yet he does not have a full list of entries but they are still coming in. If the entries meet expectations, there will be twelve teams with such teams as Matador, Paducah, Rails and Farmer already among the out of town contestants entered. The fee to enter will be ten dollars, with first prize money seventy five dollars, second prize fifty dollars and

twenty-five dollars for third place.

Fence Around Playing Field
A fence around the playing field is under construction. It is to be 200 feet deep in right field, 220 feet deep in center field and 230 feet deep in left field. The fence is to be six feet high and will allow the fielders to play in closer, limiting a ground ball between the fielders to about two bases instead of the home runs that have been resulting. In this manner it is hoped that a definite home run mark will be established, and it will also allow the cars that park in the fields to get closer to the playing field. This fence should be completed before the tournament starts according to Mr. Collins.

Clean Up Day

city authorities and this inspection will be followed by DDT spraying already contracted for.

Gathering place for the jump-off in the morning will be the court house square. The time is 8 o'clock. Only absolutely necessary food handling will be exempt from the call of the mayor for a complete cessation of routine business affairs while all join in the clean up effort. A well-organized program of work is expected to be laid out when the able-bodied gather at the appointed place and hour.

Bad Throat, Not Polio
Polio reports on Norman Goen, 4 year-old son of Mrs. Bill Crumpton, were reported yesterday to be completely unfounded.

Tuesday afternoon the small boy was taken to Floydada hospital with high fever. His body was stiff and muscles twitching. He was taken on over to the Plains Memorial hospital in Lubbock, where the condition was attributed to a severely infected throat.

Norman will probably have to stay in the hospital until Friday, Mrs. J. S. Hale, his grandmother said.

Mrs. Florence Causey of San Angelo is visiting in the home of her sister, Mrs. A. P. McKinnon. Mrs. Causey arrived here Tuesday and will remain for an indefinite period.

Elza Elected Asst Cashier

Jewell Elza, teller with The First National bank for the past two and a half years, was elected an assistant cashier by the board of directors at their regular meeting Tuesday.

Mrs. C. W. Todd, and daughter Mary Helen, are visiting in the home of Mr. and Mrs. H. N. Powell, of Dougherty, this week. Mrs. Todd who was formerly employed in the Hesperian office, now lives in Arkansas City, Kansas.
