## Graves Tells Plans School Opening

Pre-registration for high school pupils will mark the end of summer a little early for them, as they must register the week before regular classes begin.

Football boys must be at high school Monday morning from nine until 12 o'clock. The same hour schedule will be followed for the other high school pupils.

Seniors must face their registrars Tuesday, with juniors following closely behind, registering on Wednesday. While the Sophomores day is Thursday, the Freshmen have one more day of freedom, not registering until Friday morning.

## Teachers Meet September 4

Even the teachers must face the heavier powers that week, as all teachers in both grade and high school must be at the high school building September 4, Saturday morning, at nine o'clock for a faculty meeting.

High school students will further save wasting their first week of classes by being issued textbooks and lockers on the morning that they register.

Elementary pupils will not have pre-registration. They will assemble on the opening of school, September 6, at nine o'clock.

## School at Baptist Church

As has been announced earlier, the first grade pupils will meet at the First Baptist church and will have school only in the mornings until the new class rooms are available. The second grade pupils will go to the American Legion hall and have school only in the mornings also. All of the other elementary school pupils will come to Andrews Ward building and the normal schedule will be followed. School will be dismissed at noon for all pupils in both Andrews Ward and High school on the first day of school.

## Farmer Winner In Tournament Final Classic

Tuesday night saw the closing of the Floydada softball tournament for another year. On an average the games were close all the way, the players were very good sports, and the umpiring above average.

Thursday night in the tournament play, Merchants gave Haggards an 8 to 1 dubbing in the first game. In the second game, Farmer won a hard fought 9 to 8 decision over Rails in a free hitting affair.

The winners of Thursday night's games played Tuesday night in the second game. Farmer swatted out a 17 to 3 victory over a fumbling Merchant team, to win the tournament and the seventy five dollar first prize money. Merchants took second prize by virtue of two previous wins. Second prize money was fifty dollars.

## Bessie (Scott) Elder Succumbed at Cisco August Twelfth

Mrs. J. B. Elder, the former Bessie Scott, and long-time resident of Floyd county, died at her home in Cisco August 12, at the age of 86.

Although afflicted for many years with arthritis, she died as the result of intestinal flu. Her death came as quite a shock to her family, because she was only ill a short time previously.

Funeral services were held in the Cisco Nazarene church, with Rev. Stowe officiating. She was buried in the little Pleasant Hill cemetery near Cisco.

## Trice Died by at Abilene

Trice, father of Lee Trice, time former resident of Floyd county, died suddenly Friday afternoon at 3 in the Abilene Texas and was preparing to visit his daughter, C. Kowalski.

Funeral services were held at 3 Sunday afternoon at 3 at Eder Walter Adams, dean of the Christian college, officiating. Burial was made in the cemetery.

Berry Trice was born in Texas, in 1880. He married Wood Smith in Bilcher, moving to Floydada in the couple made this their home in 1933, and have lived there since.

## Scout Field Executive of Blanco District Is Moving to Floydada

Blanco District of the South Plains Council, Boy Scouts of America, is to have a full time field executive at an early date in the person of Ray Lupfer, a Scouter with some years of experience, who comes here from Kansas. Announcement of Lupfer's appointment and his acceptance of the assignment was made last week-end by J. W. Reue, district chairman.

Lupfer and his family will take up their residence here immediately, living quarters having been found after a search of several days.

## Grain Storage Space, Markets Viewed As Area Problems

G. B. Johnston, chairman of PMA County committee, and Ray S. McEntire, administrative officer of the local PMA, attended a meeting held Tuesday, at Lubbock, in the Lubbock hotel for the purpose of discussing the grain storage situation. In attendance at the meeting were PMA officials and elevator men from thirty-nine counties comprising an area from Tom Green on the south to Sherman on the north.

Victor L. Cade, state committee man from this area, acted as chairman of the meeting. Other than Mr. Cade, appearing on the program were:

Honorable George Mahon, Congressman, Washington; E. A. McBryde, Executive Officer PMA, College Station; John W. Gamble, District Field Officer PMA, Lubbock; W. N. Williamson, District Agent Extension Service, Lubbock.

Reports were made from the individual counties as to the storage situation and a summation of the figures indicated that storage facilities for only 30% of the estimated crop were available. Compilation of prices received on local markets over the area varied from \$1.22 to \$1.85 per hundred as compared with the governmental support of \$2.28 per hundred.

Not Satisfactory Storage  
Facilities of Pantex Ordnance plant, South Plains Army Air field, and Lubbock Army Air field were discussed. The facilities of Pantex are available on "first come, first served" basis. The Lubbock facilities, which have been offered, were reported as unsuitable for storage of grain without extensive remodeling. Also, the individual farmers storing grain in these installations are required to pay a fee, as yet undetermined, as well as carry insurance.

From a farmer standpoint this arrangement is not satisfactory, and a committee was appointed to enter into further negotiations with the War Assets administration to see if certain concessions would be made in order that the facilities would be available as emergency storage. A further "fly in the ointment" was the fact that the South Plains base is controlled by the city of Lubbock and has been committed verbally for the storage of private air craft. Hence the final conclusion of the meeting, McEntire said, was that the PMA officials should go back to their respective counties and tell the farmers that the storage problem would have to be solved by the individual farmers in that county.

Estimates this week are that the second primary vote in boxes of Commissioners Precincts 3 and 4 will run 85 to 90 per cent of the vote in the first primary, but that in Commissioners Precincts One and Two there will be considerable less vote to make a probable 70 per cent of the first primary, taking the county over.

Accounting for the heavier vote in Precinct 3 and in Precinct 4 is the fact that in these two precincts the people have yet to name their commissioners. In Precinct 3 the pres-

ent incumbent, W. C. Plumlee, is opposed by Roe Jones, and in Precinct 4, Claud Pawver and Fay Hart are in a tussle for preference for the commissioner's office now held by R. B. Calhoun, who is not a candidate to succeed himself.

Two County-Wide Races  
As an incentive for a county-wide vote there are two county officers yet to be named, a United States senator and a state senator of the 30th district of Texas.

## Coming Thing in Street Lighting Says Fuchs of New Vapor Bulb

Fore-runner of what will likely be the "street light of the future" is a mercury vapor bulb at the intersection of the north-south alley at West California street between Main and Fifth, where it was installed experimentally the first of this week by the City Light and Power division.

Al Fuchs, superintendent of the department, is confident the new light is going to prove itself and that sooner or later this type of installation will take the place of the light system now in use in the city. Says Fuchs:

"The mercury vapor bulb, on the basis of use to date, will produce four times as much light and the bulbs will last three times longer than the type now in use in the city."

## Big Crop Black Eyed Peas Are to be Harvested

Blackeye peas, 125 acres of them, planted on the L. L. Jones farm southwest of Floydada on the Petersburg road, are just about ready for the harvest. Roy Fawver and L. L. Jones, who made the planting, think the crop will be ready in a week or 10 days for the harvest and a crew of workers are due to begin work on the crop, weather permitting, the very first day they are ready.

The crop was planted on wheat stubble and will represent the second crop to be taken from the land within the year, but Mr. Jones said this week that fertilization for the wheat crop last spring and the fact that the peas will furnish additional legumes and nitrogen to the soil, in better condition this fall than before the peas were planted.

As a possible contradiction to The Hesperian's prediction of a vote 70 per cent or less of the vote in the first primary, is the absentee vote reported yesterday, following the close on Tuesday night. This vote, says Margaret Collier, county clerk, has registered 125 or thereabout as against 150 in the first primary. There were several days during which absentees could not vote because ballots were not available.

Details of the program are available at the county office, McEntire said.

In view of the negative results obtained at the meeting, McEntire stated: "The farmers of Floyd county should check their needs at once and if additional storage space is required arrangements for materials should be ordered without delay. The Commodity Credit corporation loans are available only when the grain crop is in adequate storage. Purchase agreements also are available to protect prices but the Corporation will buy grain only when it meets grade and standard specifications. Apparently there will be no large amount of country or terminal elevator storage."

## Classes, Rules of Flower Show Sept. 18, Announced by Our Home Garden Club Committee

As they continue making their plans for the fall flower show here on September 18, Our Home Garden club this week announced the schedules for the show together with the rules that will govern it.

Mrs. Fred Zimmerman, Jr., is chairman of the general committee which is making plans for the show. Other members of this committee are Mrs. Guy Ginn, Mrs. John Kizer and Mrs. Billie Henry. The schedule committee is composed of Mrs. George Van Wickel, chairman, Mrs. Alton B. Chapman and Mrs. Dick Fenner.

The announcement of the week giving the schedule and rules, also points up the fact that the show will have the services of accredited judges.

Here are the schedule and the rules that will govern the show:

Classes in Schedule  
Straight Classes (a showing of specimens, singly or in a group):  
Class I. Single Specimen—Roses (coco type bottle container);  
Class II. Single Specimen—Dahlia (milk bottle container);  
Class III. Three or more large dallas, any one color, (any container);  
Class IV. Five or more large Dahlias, mixed colors, (any container);  
Class V. Five or more small Dahlias, any color, (any container);  
Class VI. Three or more red roses, (any container);  
Class VII. Three or more pink roses, (any container);  
Class VIII. Five or more Marigolds, (any container);  
Class IX. Five or more Asters, (any container);  
Class X. Five or more Zennias, (any container);

## Election Party Saturday Night

The Hesperian will follow its rule of long standing and have an election party Saturday night. It is a short horse and he ought to be carried pretty quick but you never can tell. There will be no special edition of The Hesperian. Some of the local races, it appears, are to be very, very close.

Neighbors and city authorities consenting the area around The Hesperian will be roped off and those who are interested are cordially invited to be present. All county and precinct information will be made available on the big board at the same time it is given to newspapers and the general public.

Texas Election bureau set a rate which, in the opinion of The Hesperian management, is prohibitive for state results by wire. So figures on the U. S. Senatorial race will be obtained as best they can. State senatorial race figures will be swapped with other newspapers in the area and there should be some unofficial results on this race during the evening.

## Mail Delivery In New Zones September First

Mail delivery for areas in the 25 block of the City of Floydada where patrons have complied with the requirements will begin on September first, said Mrs. Barbara H. Smith, postmaster, this week.

The new carrier delivery zones, covering 25 blocks, was announced early in August as approved by the Post Office department.

Requirements are that the resident who expects mail delivery have a mail receptacle; he have a street number on his house; and that:

He have some kind of a walk that can be used in all-weather conditions from the street to his house.

Several residents in the new delivery areas have not yet complied with the requirements, it appears, said Mrs. Smith. Most of these, she believes, will have made compliance with the rules on or before the effective date on September 1.

James Robert Denison, a veteran of World War II, will be the auxiliary carrier on duty in the new areas, said Mrs. Smith.

Areas included in the new delivery portion of the city are as follows: West Lee Street, Andrews Ward school, one block on South Wall, 1/2 block on South Main, the 100 block on West Marivena, the 300 block on East Houston, the 400 block on West Georgia, and New Home addition on West California, Mississippi, Kentucky, Tennessee, and Georgia.

## MARTIN RELATIVES FUNERAL

Visitors in the Mark Martin and Lucy Martin homes last Friday were Mrs. L. A. Margin, Fort Worth, and Mrs. Mary McKenney, Mrs. Owen Martin, Marietta, Oklahoma.

The complete party left Saturday for Clovis, New Mexico for the reburial rites of Billy Jo Martin, son of Mr. and Mrs. W. D. Martin. Billy Jo was killed on Guam two years ago. W. D. Martin is a brother to Mark and Lucy Martin. The party returned to Floydada Monday.

## OLD SOL BEARS DOWN

Still holding his own with not much chance for cooler weather Old Sol beamed down on Floyd county people with temperatures above 100 degrees two days this week.

The highest temperature for the week was recorded Monday when the mercury reached 102 degrees, 101 degrees was recorded Sunday. The rest of the week has been a little cooler with temperatures ranging from 94 to 98.

## Parcel Post Air Mail Rates

A new greatly reduced rate effective is that of parcel post air mail up to 70 pounds and 100 inches girth, concerning which the local post office will give more detailed information.

## Reserve Seat Ticket Sales

Mrs. V. H. Boteler, school secretary, reported yesterday that 140 tickets for the 1948 football season have been sold. These tickets can be purchased for \$2.50 from Mrs. V. H. Boteler, whose office is next door to that of the county clerk. I. T. Graves has stated that the price of general admission has not been set. These tickets plus the general admission reserves you a "best" seat at any of the home games.

Blanco district is composed of Briscoe, Crosby, Dickens, Floyd and Motley counties, and Turkey in Hall county. Lupfer will give his full time to the promotion of Boy Scout activities in the communities in these counties, said Mr. Reue.

W. R. Postma, area executive of South Plains council, was in Floydada last week-end and confirmed the plans for the district executive's work.

The Lupfers have a daughter, 6, and a son, 2.

## Gas Company Adding new Lines To Relieve Local Growing Pains

West Texas Gas company is laying a half a mile or more of new distribution mains in Floydada this week to forestall danger of low gas pressure next winter in some of the areas where possibility of low pressure is foreseen.

Growing pains of the community are forcing this action by the gas company, in spite of unusually high cost of pipe and unusually high cost of installation. Practically every part of town is getting a few hundred feet of the precious pipe, several dead ends are being connected up to make complete circuits and

### Smith-Brown Cousins Meet Next in Okla.

Only formal session was before noon Sunday when Bob Smith, of Floydada, president presided. The legendary hymns of the two sets of cousins were sung. One of these was the Brown cousins hymn, "My Old Cottage Home" and the other "The Model Church," which has come down from the post-Civil war days in the Smith family.

A committee of the men folks of the gathering decided the meeting next year will be at the home of Mrs. Essie Smith, widow of John Smith, who died this spring, near Addington, Oklahoma. The meeting will be held on the second Saturday and Sunday in August, it was decided by vote.

Bob Smith was re-elected president and Mrs. Willie Fuller secretary. Both have served the club since its organization in the early thirties. A meeting held last spring at the home of W. H. Smith in Baker community of Floyd county, revived the club after its inactivity due to the war.

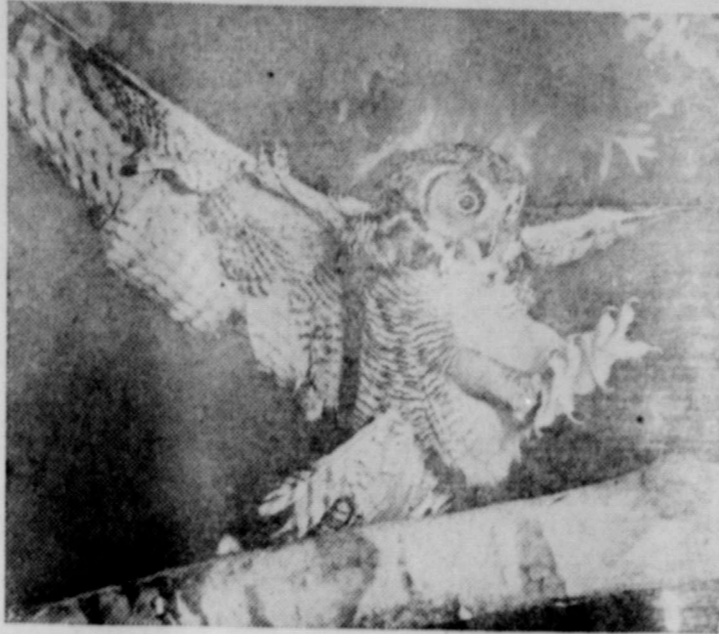

The Smiths and the Browns in the organization are descendants of three Smith sons of a Civil war family and four Brown daughters. Three of these sons and daughters married to make their offspring double cousins, the fourth daughter in the Brown family marrying a Higginbotham.

One of the most interesting personalities at the gathering was A. H. Bell of Lindsay, Oklahoma. Ninety years old, Mr. Bell is yet a most active person, mentally and physically. Traditionally as in most of the connection, he derives his livelihood from the live stock business.

The songs of the two branches of the Smith-Brown, of a vintage of long ago, are now mostly out of print, not in the modern hymnals. They are reproduced below:

Registered cousins and visitors included: Bonnie Smith Howard, A. S. Howard, Texola, Oklahoma, H. A. Bell, Lee Cameron, Lora Cameron, Lindsay, Oklahoma, Mrs. Dora Brown, Ardmore, Oklahoma, Jake Brown Yarbro, Mary Brown Starr, Dan H. Brown, L. Z. Brown, Sally Brown, Susan Brown, Oklahoma City, Allie Smith Collins, Canyon, John Smith, Jr., Essie Smith, Addington, Oklahoma, Burl Thompson, Mildred Smith, Johnnie Jim Thompson, Waurika, Oklahoma, June and Lily Davis, Andy Fallis, Crater, Oklahoma, Mrs. D. ### Photo Classics

The rare sight of an owl in flight was caught by nature photographer Lynwood Chase, using a Speed Graphic and electronic flash opening at 1/10,000th of a second. Here the owl lowers its landing gear—powerful talons—and uses its wings for brakes as it alights on a branch. Photo was made in a specially-constructed forest studio.

Mr. and Mrs. J. G. Martin and daughter, Betty Gail, in company with their daughter and granddaughter, Mrs. Jake Watson and Nancy, left Tuesday morning for Carlsbad, Santa Fe and other points in New Mexico, where they will vacation for several days.

#### MY OLD COTTAGE HOME

1. I'm thinking tonight of my old cottage home,  
That stands on the brow of the hill;  
Where in life's early morning I once loved to roam,  
But now all is quiet and still.

Chorus—  
O, my old cottage home,  
That stands on the brow of the hill --  
Where in life's early morning I once loved to roam,  
But now all is quiet and still.

2. Many years have gone by since in prayer there I knelt  
With the dear ones around the old hearth;  
But my mother's sweet prayers in my heart still are felt;  
I'll treasure them here while on earth.

3. One by one they have gone from my old cottage home;  
Or, earth I shall meet them no more;  
But with them I shall meet 'round the beautiful Throne;  
Where partings will come never more.

#### THE MODEL CHURCH

Well, wife, I've found the model church, and worshipped there to-day;

It made me think of good old times before my hair was gray.  
The meeting house was finer built than they were years ago.  
But then I found when I went in it was not built for show.  
The sexton did not set me down, away back by the door;  
He knew that I was old and deaf, and saw that I was poor.  
He must have been a christian man; he led me boldly through  
The long aisle of that crowded church, to find a pleasant pew.

I wish you'd heard the singing, wife, it had the old time ring;  
The preacher said, with trumpet voice, "Let all the people sing."  
Old Coronation was the tune; the music upward rolled,  
'Till I thought I heard the Angel choir, strike all their harps of gold.

My deafness seemed to melt away; my spirit caught the fire,  
I joined my feeble trembling voice with that melodious choir,  
And sang as in my youthful days, "Let Angels Prostrate Fall."  
Bring forth the royal diadem, and crown him Lord of All."

'Twas not a flowery sermon, wife, but simple gospel truth;  
It fitted humble men like me; it suited hopeful youth.  
To win immortal souls to Christ, the earnest preacher tried,  
He talked not of himself or creed, but Jesus crucified.

Dear wife, the toll will soon be o'er, the victory soon be won,  
The shining land is just ahead; our race is nearly run.  
We're nearing Cannan's happy shore, our home so bright and fair.  
Thank God, we'll never sin again; "There'll be no sorrow there."  
In Heaven above where all is love; "There'll be no sorrow there."

Mr. and Mrs. Lynn Colville returned to Floydada two weeks ago to again make their home here. Prior to that time they had been living in Carlsbad, New Mexico, where Mr. Colville was doing construction work for the Stearne-Rogers company. He is working now at Tuco for the same firm.

Miss Betty Yearwood arrived home Sunday from attending summer school at West Texas State Teachers college at Canyon. Mr. and Mrs. Yearwood went up for the graduation exercises, and Miss Yearwood returned home with them. She is majoring in sociology and will return to Canyon September 12.

## Betty Jane Gates Wed To Thomas A. Bandy, At Buchanan Church

Rev. Phil Gates read the marriage ceremony uniting his daughter, Betty Jane, to Thomas Alvin Bandy, son of Mr. and Mrs. W. L. Bandy, of Amarillo. The double ring ceremony was held in the Buchanan Street Methodist church.

Given in marriage by her brother, Rev. Philip A. Gates, of Pampa, the bride wore a white tulle gown, designed with a molded bodice, sweetheart neckline, short sleeves and hoop skirt. The bridal bouquet was of tulle and roses.

Following the ceremony, the bridal party was honored at a reception in the educational building of the church. Miss Ina Bandy, cousin of the bridegroom, served the tiered wedding cake and Mrs. Kenneth Goodman, of Canyon, assisted by Miss Mary Louise Wise, of Floydada, presided at the punch bowl.

The bride is a former resident of Floydada and attended school here. She graduated from Amarillo High school and is a student at McMurry college, Abilene.

The couple is to be at home September 15, at 1933 South Seventeenth, Abilene.

## Miss Cummings Wed August 8 in Lubbock to L. B. Lowery, Jr.

The marriage of Miss Denise Cummings daughter of Mr. and Mrs. J. Clyde Cummings of 2216, Ninth St., Lubbock, and L. B. Lowery, Jr., of Abilene, son of Mr. and Mrs. Lem B. Lowery, Sr. of Paducah, was solemnized August 8 at 4 o'clock in the Broadway Church of Christ in Lubbock.

Dr. M. Norvel Young performed the double ring ceremony before an altar decorated with candelabra, fern, and baskets of white gladioli. The bride wore an ash white satin dress and carried a crescent bouquet of gardenias.

Miss Clydelle Cummings, sister of the bride, was maid of honor. Best man was Neil Lowery, brother of the groom.

Immediately following the ceremony there was a reception at the Cummings home.

After a wedding trip to Colorado Springs, the couple will be at home at 2961 Russell Avenue in Abilene.

## AT DENISON WEDDING

Mr. and Mrs. Edd Muncy and daughter Eddie Ruth are leaving today for Denison. Eddie Ruth will be bridesmaid at the wedding of a former college roommate, Miss Wanda Murry, of Denison. They plan to return home Sunday.

## STARKEY CLUB PROGRAM IS ON OUTDOOR COOKING

The Starkey Home Demonstration Club met with Mrs. G. H. Day and Mrs. Wanda O'Neal last week.

Mrs. Rafe Ferguson gave a demonstration on outside cooking. Refreshments of punch and cookies were served to Mrs. W. H. Brock, Geo. Wilson, Tom Harless, J. T. Myrick, Jr., R. R. Ferguson, S. L. Holmes, Jr., J. T. Buske, J. K. Holmes, John Shipley, Geo. Assiter, L. E. Kiker, J. W. Day, Jr., Bill Cullpepper, Mrs. F. F. Stephens, and several visitors. The next meeting will be September 10 in the home of Mrs. Tom Harless.

## Newest Range Boasts Two Ovens

CHICAGO—One of the features of this new electric range shown at the mid-summer session of the nation's furniture market here is two ovens. With redesigned and improved labor saving devices the new deluxe model was exhibited by the Frigidaire division of General Motors corporation. Signal lights instantly tell if oven heat is on. Other features include circular heating elements that provide five different degrees of heat, automatic oven controls, vented ovens so steam or grease cannot mar walls or surface units, two electrical outlets for small appliances and a three-purpose Therminizer which is interchangeable as a small oven, deep well cooker or surface unit.

## WTSC Campus House Locale of Marriage of Floydada Girl

Phoebe K. Warner Home Management house on the campus of West Texas State College, Canyon, was the scene Sunday morning for the marriage of Miss Clara Nell Latham, daughter of Mr. and Mrs. Marion E. Latham of Mineral Wells, to Bruce Endres Baumann, son of Mr. and Mrs. Lester D. Baumann of Perryton.

Rev. Hubert Thompson, pastor of the First Methodist Church of Canyon, read the double-ring service at 9 o'clock. The wedding was the first marriage ceremony performed at the Home Management house.

Baskets of white gladioli featured the decorative setting before the fireplace. White tapers in branched candelabra completed the appointments. Misses Emma Peterson of Canadian and Miss Wynona Smith of Wellington, wearing gowns of pink and blue, respectively, served as candelighters.

Introducing the ceremony, Glenn A. Truax of Canyon, violinist played "Because," "You Were Meant For Me" and "Indian Love Call." The traditional wedding marches were used for the processional and recessional.

Paul Dowers of Raton, N.M., was best man and Robert Summers of Clarendon the groomsman.

Entering on the arm of her father, who gave her in marriage, the bride wore a gown of white slipper satin, designed by her mother, with a lace yoke outlined in satin covered buttons, satin bertha, long sleeves and full skirt with bustle effect at back. Her finger-tip length veil was held in place by a heart-shaped coronet of satin and illusion.

For something borrowed, the bride carried a lace and ribbon handkerchief belonging to the bridegroom's mother, and for something old, she wore an heirloom necklace belonging to her mother. She carried a white Bible, belonging to Mrs. Hubert Waldrop, topped with a white orchid and showered with satin streamers.

Attending the bride as maid-of-honor, Miss Helen Woods of Canyon was gowned in blue organza, styled similar to the bride's costume. She carried a nosegay and her headpiece was blue and white.

Mrs. Latham, mother of the bride, wore a black sheer dress, and Miss Katie McCuloney, house mother, wore an aqua print dress. Both wore corsages of white carnations. Mrs. Baumann, mother of the bridegroom, wore a gray crepe dress with a pink carnation corsage.

Following the ceremony, a reception honored the bridal party. The serving table was centered with bell cakes fastened with white tulle bows, and flanked by crystal candelabra entwined with flowers. Miss Bettie Starnes of Dalhart registered the guests.

For the wedding trip to Wisconsin, the bride chose a blue and

W. Hart, Floydada.

Mrs. Gunnels received many nice gifts and everyone enjoyed the day taking pictures and visiting.

## GUESTS IN MRS. PACE HOME

A number of relatives of Mrs. Cora M. Pace visited in her home Saturday, Sunday and Monday.

They were Mr. and Mrs. Howard Walker of Bryan, Mr. and Mrs. Perry Pace and daughters, Billie and Doris, Mr. and Mrs. Jack Carter and son, Roddie, of San Antonio, Mrs. George Conner and Mr. and Mrs. Wilson Andrews and children, Joe, Donnie and Sandra, of Carlsbad, New Mexico, Mr. and Mrs. Glenn Malby and children, James, Kenneth and Glenda, of Kingsville and Mr. and Mrs. W. M. Knight, Mrs. J. O. Elliott and son, Jimmie, Mr. and Mrs. Ray S. McEntire and children, DeVona and Larry of Floydada, Mrs. Cora Craft and Mrs. R. C. Hollingsworth and daughter, Nathelda.

white striped suit with navy and white accessories.

The bride is a graduate of Floydada High school with the class of 1945. She has attended West Texas State College, Canyon, for the past three years. She is a member of the Home Economics Club and president of Kappa Omicron Phi, national home economics fraternity. Mr. Baumann, also a student at West Texas State College, is majoring in business administration. He is associated with his father in wheat farming at Perryton.

Mr. and Mrs. Baumann will continue their studies at West Texas State College this fall.

## Foster-Calahan Vows Taken in Ceremony Tuesday Afternoon

Wedding vows were solemnized Tuesday afternoon at 4:30 o'clock in the First Baptist church for Miss June Foster, daughter of Mrs. Mable Foster and Clarence Foster, and H. S. Calahan, Jr., son of Mr. and Mrs. H. S. Calahan, Sr., of South Plains. The pastor of the church, Rev. L. A. Doyle, officiated at the double ring ceremony.

The vows were exchanged as the couple stood before an improvised archway of greenery and white carnations flanked on either side by baskets of fern and gladioli and branched candelabra.

As a nuptial prelude, Mrs. Clement B. McDonald, organist, played "My Happiness," "At Dawning," "My Heart At Thy Sweet Voice" and "Oh, Promise Me." Betty Hamilton, of Arlington, sang "Because" and "Always." The traditional wedding marches were used for the processional and recessional and "The Lord's Prayer" was a soft musical accompaniment for the exchange of vows.

Lovey Jones attended the bride as maid of honor. She wore a floor length gown of blue net with a shoulder length veil of net fastened with yellow carnations to correspond with the nosegay of carnations that she carried.

Sterling Cummings served as best man. Ushers and candelighters were Billy Bean and Lane Decker.

Given by Her Brother

Entering on the arm of her brother, Garland Foster, who gave her in marriage, the bride was attired in a gown of ivory slipper satin, designed with a fitted bodice, long sleeves extending to points over the wrists and full skirt terminating in a train. Her finger-tip veil of illusion cascaded from a coronet of white carnations. The wedding gown belongs to Mrs. Fred Zimmerman, Jr. Train bearer was Helen Foster, niece of the bride. Miss Foster was dressed in pink tulle with a shoulder length veil.

Mrs. Foster, mother of the bride, was dressed in gray gabardine and Mrs. Calahan, mother of the groom, wore a two piece dress of gray and black. Both wore corsages of pink gladioli.

## Reception Follows Ceremony

The home of the bride's mother, 202 South First street, was the scene of the reception following the ceremony. A lace cloth covered the serving table centered with the three tiered wedding cake and punch bowl. Assisting in the serving were Maurice Burton, Rena Taylor and Carol Reeves. The cake and punch bowl were surrounded by fern. LaRue Graves presided over the guest register.

For a wedding trip to Colorado, the bride chose a gray suit with gray, pink and black accessories. Following the trip, the couple will be at home near South Plains, where the groom plans to farm.

Mrs. Calahan graduated from Floydada High school with the class of 1946. For the past two years, she has attended Hardin-Simmons university.

The groom graduated from Floydada High school with the class of 1945. During the war, he served in the Merchant Marine.

Out of town relatives here for the wedding were Bruce Foster, of Houston, Mr. and Mrs. Garland Foster and family, of Los Alamitos, New Mexico, Mr. and Mrs. E. A. Preston and Mr. and Mrs. Neff Preston and family, of Shallowater.

## DRESS STYLE CONTEST

To be eligible to enter the Gay Gibson sponsored contest being staged by Hagood's Department store, one must be a woman first of all and wear a junior dress size 9 - 17. Five dresses are on display in the store window. All that is necessary to enter the contest is to come in to the store, select the dress of your choice, register your name, address and dress size, drop the registration card in the box and wait patiently for September 4 and the outcome.

The contest closes Saturday, September 4 at 3 o'clock. The dress receiving the greatest number of votes will be given away and a winner will be drawn from the votes cast for the particular dress. The winner and the number of votes each dress received will be posted in the show window at Hagood's at 4 o'clock on the day the contest closes.

Latrell Bagwell, of Amistad, New Mexico is here visiting with her sister and husband, Mr. and Mrs. Ray S. McEntire. Mr. and Mrs. J. A. Bagwell were guests of the McEntires Tuesday.

## Floyd County Girl Weds NM Ranchman

Miss Frances Edwards, former Floydada girl, daughter of Mr. and Mrs. Bruce Edwards of Albuquerque, became the bride of Mr. Russell Kinsell, son of Mrs. Nina Kinsell of Stanley, New Mexico, at the First Baptist church in Albuquerque at 10 A. M. August 19.

The bride wore a turquoise blue suit with white accessories. For something old she wore a yellow bracelet that has been worn in her family for three generations.

Mr. and Mrs. Jim Hamilton were their only attendants.

Mrs. Kinsell is a 1947 graduate of Albuquerque High school and has been employed by the Mountain State Telephone company.

A reception was given at the home of the bride's parents.

After a two week wedding trip to Colorado, the couple will be at home in Stanley, New Mexico, where Mr. Kinsell is engaged in ranching.

Miss Edwards, with her family, was a resident of Floydada for a number of years before moving to New Mexico.

## Floydada Native Youngster Enters N. Jersey Seminary

John E. Maxwell, son of Irene Maxwell, 627 West 12th, Pomona, California, will enter Catholic seminary in New Jersey this school year. He will study for the priesthood according to a news story from one last week. In the story it was stated that the youth has St. Joseph's school and is doing studies at the Salesianum of Studies, Richmond, California. John E. is a native Floyd boy, a grandson of two pioneers of the county.

Sending a note along about situation in California, Mrs. Maxwell gives the following personal touch:

"We are just fine and doing good under very trying conditions as everything out here is high. At present we are all here for a time; the boys are in school the sixteenth. They are doing extra good. John just graduated with an average of 95, of three years, and Lester four. The sure fine big boys; all three the same size.

"I enjoy the Hesperian very much one way to keep in touch with my best regards."

### Funeral Rites Friday for Mrs. W. T. Brown

Mrs. W. T. Brown, step mother of Fred and Ed Brown of Floydada, passed away this morning at 4:30 a. m. at her home at 413 W. Mississippi. Mrs. Brown had been ill slightly over two weeks. She was 85 years of age, having lived in Floydada twenty two years. She was born in Tallula Falls, Georgia, later living in Palmer, Texas. Mrs. Brown has been a member of the Baptist church since she was a young girl, and was a devout christian. Until her recent sickness she never missed any church services only in cases of illness.

Having no children of her own, Mrs. Brown has been step-mother to two sets of children. While living in Palmer, Texas, she married J. T. Guy. Survivors in that family are Mrs. Ophelia Childers, Dallas, Mrs. Minnie Cox, Palmer, and Mr. Dan Guy, Dallas. In 1926 she married W. T. Brown and came to Floydada. Survivors in the Brown family are Ed Brown, Fred Brown, Floydada, Mrs. LeVada Williams, Dallas, Mrs. Robert Jones, Lubbock, Mrs. James Thomas Fayetteville, Arkansas, Mrs. H. E. Logan, Houston, and Mrs. Boone Hall, Plainview.

Funeral services will be tomorrow afternoon at four o'clock at the First Baptist Church, Rev. E. A. Powell, pastor of the First Christian Church, and Rev. L. A. Doyle, pastor of the First Baptist Church, will officiate.

### Lakeview News

**LAKEVIEW, August 24**—The ten day revival held at the Lakeview Baptist church and conducted by Rev. Joe Wilson, of Floydada, came to a close Sunday night. There was one addition to the church. Baptismal services were conducted Sunday afternoon in a tank at the home of Mr. and Mrs. Charley Battey.

Mr. and Mrs. Walter Hollins and son, Don, of Sand Hill, but formerly of Lakeview, visited Sunday afternoon in the homes of Mr. and Mrs. Willie Bunch and Mr. and Mrs. Fred Jones.

Dinner guests in the home of Mr. and Mrs. E. H. Tooley Sunday were Rev. and Mrs. Joe Wilson and Mr. and Mrs. Fred Jones and children. A large vote is expected at Lakeview Saturday when voters go to the polls and cast their vote for their favorite candidate.

Mr. and Mrs. R. L. Nichols and son, David, together with Mr. and Mrs. Dick Nichols and son, Billy Clyde, left early Tuesday morning on a visiting and prospecting trip to points in South Dakota. They expect to be gone for a week or longer.

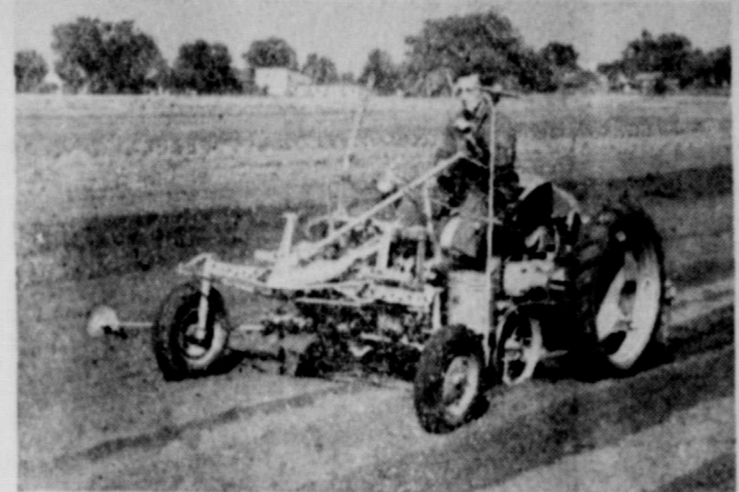

Gay Powell, little daughter of Mr. and Mrs. William Powell, was carried to a Floydada hospital Sunday afternoon to have a crochet needle removed from her hand. The needle was accidentally placed there when the little girl was playing with it.

### ATTEND RE-BURIAL, NEPHEW

Mrs. J. I. Gunnels, Mr. and Mrs. Jess Gunnels and Mr. and Mrs. Jim Hart were in Dickens Saturday to attend funeral services for Mrs. J. I. Gunnels' nephew, David Stubblefield. Stubblefield was killed overseas during the war and his body was returned to Dickens for reinterment in his native soil.

Mr. and Mrs. C. C. Huckabee have returned from a week's vacation spent in California. Miss Georgeann Huckabee and Mrs. A. E. Huckabee returned home with them. On their 3,063 mile trip, they saw Boulder Dam, Grand Canyon, Painted Desert, Yosemite National park and other points of interest.

### A TRACTOR WITH FORESIGHT

First of its kind is this unique tractor, that has the engine overhanging the rear axle; that provides for improved visibility and is so arranged that implements are front-mounted. Developed by Allis Chalmers after a very comprehensive test program, the new tractor obtains the greatest utility possible in a small cultivating type machine. Working closely with the manufacturer were engineers of the Timken Roller Bearing Company, who placed ten Timken Bearings to assure holding important moving parts in correct alignment and give years of economical service.

This latest in a constantly improving line of farm machinery will help greatly to hold the high level of food production in America, the food-basket of the world.

### Rev. Gibson Family Three-Letter Word Given Appreciation Spoils Things For By Fire Department Hesperian Ad Man

To honor Rev. and Mrs. Arch Gibson and family, who have moved to Shamrock, a number of their friends including members of the Fire department, gathered at the City hall Monday night for a watermelon feast.

A quartet composed of Rev. Gibson, Billy Brown, of Dalhart, D. L. Hall and Floyd Johnston sang several numbers during the evening. Tom W. Deen expressed the appreciation of the people of the fine work the Gibsons did during their stay in Floydada. The group was led in prayer by Rev. Gibson.

The honorees received a large number of nice and useful gifts. The Gibsons moved to Floydada four years ago, when Rev. Gibson assumed the pastorate of the Nazarene church. For the past two years he had been chaplain of the Fire department. Rev. Gibson plans to enter evangelistic work in the near future.

### Judge to Test Pre-Trial Procedure in Case at Clarendon

Judge Luther Gribble, presiding judge of the Ninth Administrative Judicial District, will put to test the new pre-trial procedure in a hearing to be held in Clarendon, Texas, on August 26.

The pre-trial procedure is coming into wide use throughout the United States and is hailed one of the greatest advances in expediting trial of lawsuits. The attorneys representing the parties to a lawsuit have an opportunity to agree on the undisputed facts to be presented in the trial of the case and have the court rule on the law involved.

Without infringing on the individual's rights, pre-trial cuts out most of the red tape and endless delays sometimes encountered in trials under the old procedure. Judge Gribble said, "The pre-trial conference is a notable improvement in court procedure and I hope that in the future it will be more consistently used throughout this area."

### CORN HYBRIDS GO ABROAD

American corn hybrids are growing in European fields as well as in 75 percent of the U. S. acreage. In Europe the U. S. hybrids, along with some from Canada, are strictly on a trial and demonstration basis and may-or may not-prove important in improving the European food prospects says the United Nations Food and Agriculture Organization.

Last winter American corn breeders selected 29 corn hybrids and a bushel of seed of each hybrid was supplied by F. A. O. for testing in Europe. This included hybrids which had made records of high yields in American corn growing areas. These areas were chosen to match closely in climate, soils, moisture supply, and length of growing season, with some of the corn producing areas of Europe. This summer these hybrids are growing in the European equivalents of the best plots of our agricultural stations. Our most experienced breeders are not prophesying big yields but they are hopeful of some good results. Last year a few American hybrids tested in four Italian plantings made excellent records.

In any case in which a certain hybrid makes a superior record, two methods of aid to Europe will be practical:

(1) Shipment of American produced seed of the successful hybrid for planting in 1949.

(2) Shipment of seed of the parental stocks so that in 1949 European seed growers can make their own crosses and grow their own seed for 1950 and 1951.

By this practical testing of corn hybrids in Europe F. A. O. is carrying one step further the program it sponsored last summer when Dr. M. T. Jenkins-in charge of the hybrid corn program of the U. S.

### Wester in Friday Night's Graduation Class at NTSTC

DENTON, Tex.—Bill Wester of Floydada is a candidate for the bachelor's degree to be awarded in exercises at North Texas State college August 27.

The son of Mr. and Mrs. J. C. Wester of Floydada, he will receive the degree in public school administration. Wester is a member of Phi Phi Pi fraternity, Beta Beta Beta, W. N. Master Chemical society, the Math club and the Student Religious council.

Third largest in the history of the college, the class is composed of 549 graduates, 155 of whom will receive the master's degree and 394 the bachelor's degree.

Department of Agriculture--went to Europe under the auspices of F. A. O. to give a "short course" in this work for European specialists interested in the possibilities.

By this time, expert breeders in the United States have had experience enough to be wary of forecasting results with any specific hybrid. Each hybrid is judged by its results where it is grown. A hybrid that "tops" in Iowa might fail in Italy--or it might possibly do even better in Italy than in Iowa. U. S. corn breeders know that any corn growing country can benefit if it can obtain or can breed and select a high yielding hybrid well adapted to its particular growing conditions.

F. A. O. is also carrying out a similar project with U. S. hybrid corn in the near East.

## Electrification Opening Market In Rural Areas

COLLEGE STATION—With the steady increase in rural electrification, a new and very large appliance market has opened. As soon as the farm or ranch house is wired for electricity, the average family starts to buy electrical equipment.

The Rural Electrification administration says that the rural housewife first invests in better lighting equipment, such as floor and table lamps. Then comes an electric iron, a radio or a radio-phonograph. Refrigerators and washing machines come next—these are items that are more expensive and usually take a little budgeting.

The installation of an electric water system in the home is usually planned next. Mrs. Bernice Clayton, extension home management specialist of Texas A. & M. College, says the electric water system is one of the greatest time and labor savers for the rural homemaker, even though its installation usually comes after the purchase of other items.

Mrs. Clayton points out that with

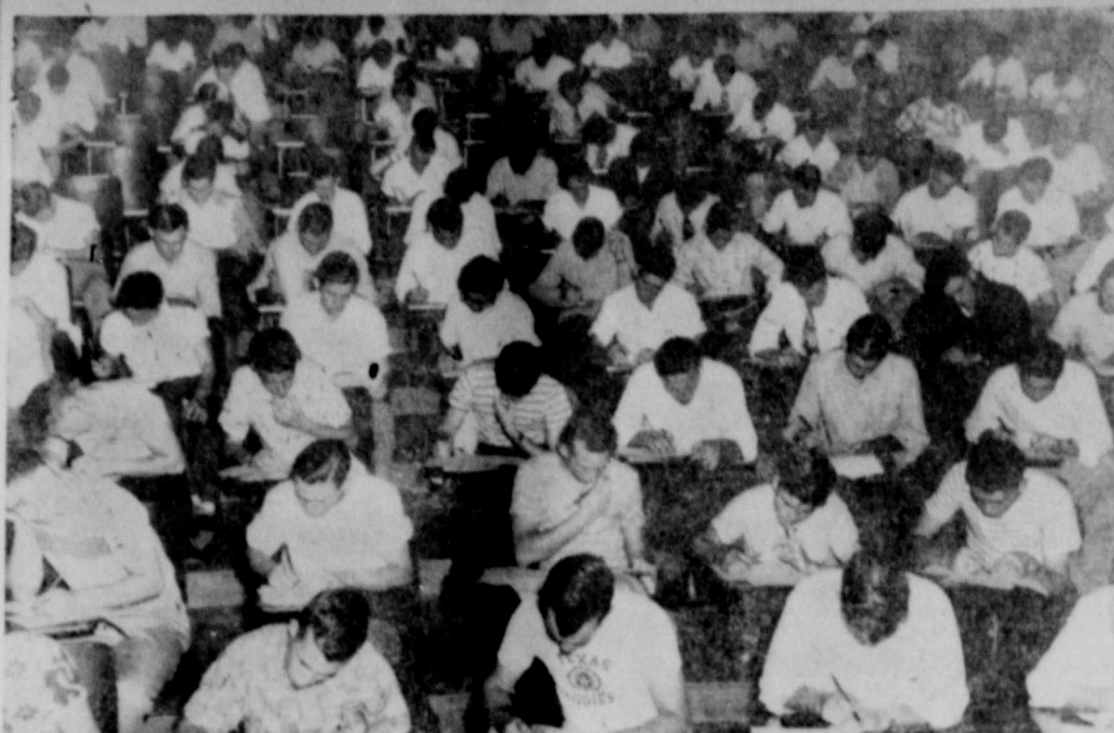

new electrical appliances in the home, care must be taken to prevent plugging too many into one outlet. It pays to have enough outlets, as overloading cuts down on the current, means less power, dim lights and may blow a fuse. Plenty of conveniently placed outlets will cut down on potential accidents, too, she says, as there will be no need for long extension cords, which are unsightly, inconvenient and dangerous. The best time to install the outlets is when the house is wired.

Mr. and Mrs. Lloyd Murry, 514 W. California, are leaving today for Perryington where Mr. Murry will be in charge of a bowling alley. For the past three years the family have lived in Floydada, formerly living in California. They have two children, Rebecca Jo and Robert D.

Randolph Rutledge, son of Mr. and Mrs. O. P. Rutledge left Sunday for Tulane Medical school in New Orleans, Louisiana where he is a junior. Randolph has been home this summer with the exception of serving a month in a Wichita Falls hospital.

Mrs. John R. Mast and children, of Wichita Falls have been visiting her parents here. Mr. and Mrs. O. P. Rutledge, Mr. Mast came Saturday and the family returned home Sunday.

### BOYCE HOUSE "GIVES YOU TEXAS"

"Meet Mr. Average Man" is an amusing article which appeared in the Gleaner Magazine and is quoted by permission of the Gilbert paper Co., of Menasha, Wisconsin:

The most interesting person in the world is the average man. The average man is 39 around the chest, 40 around the waist, 9 around the golf course and a nuisance around the home.

He gets up first in the morning, is second at the morning newspaper, third in the bathroom and practically misses the bus to town. He wears a conventional grey or brown suit with a white shirt but always thought he's at his best in a checkered suit with a dark flannel shirt and a bright red tie. He passes up the French-fried potatoes and the hot rolls at lunch and then eats mince pie to bridge the gap.

He can hit two quail out of five tries, catches an occasional fish, plays poker once a month, opens with a large pair, bluffs when he is winner and doesn't like conversation when he is loser. He complains about taxes, shortages of labor and politics. He has a favorite football team but will take the other team and fourteen points.

He drinks three cups of coffee a day, likes his toast hot and is always going to clean out the garage some Sunday afternoon. He has three false teeth, five fillings, a small cavity and needs a hair cut. He shaves once a day with an extra throw-in on appropriate occasions.

He contributes regularly to the support of his pastor, congressman, poker friends and many others who are not mentioned on his income tax return. He takes reducing exercises regularly three days in a row sometimes and holds his stomach in when people look like they are about to tell him he is getting fat.

He wears the ties people gave him for Christmas and knows some stories about the same color. He can't remember much about the Lady of the Lake or Julius Caesar but can do a complete rendition of the Face on the Barroom Floor.

He reads mystery stories and doesn't peek into the back of the book to see how they come out. He likes certain pictures no matter who painted them and couldn't tell you for the life of him what Mrs. Soandso wore at the dance.

He needs a new suit of dinner clothes and there is a rip in his hunting coat. He is supposed to live to be 74, had pains at 22, should have been shot at 30 and feels fine at 48. He has sparrows in the attic, termites in the flooring and mice in the pantry.

He's going to buy a small farm some day, just out of town, and live there—and do part of the farm work

personally. He was too old to join the army, is too young to enjoy social security and too lazy to exercise down to the correct weight. You meet him every day at the bank, in the store, the office, on the street and in front of the mirror.

P. S. He's a regular guy. You really ought to know him better.

Mr. and Mrs. Jack Deakins returned last week from a short vacation in Corpus Christi.

Eli Whitney invented the cotton gin.

Mr. and Mrs. Seth Mutt of Waco are visiting Mr. and Mrs. A. B. Muncy, Jr. Mrs. Mutt and Mrs. Muncy were roommates when Mrs. Muncy attended Baylor university. Mr. and Mrs. Mutt are recent graduates of Baylor.

Mr. and Mrs. Leeman Norman have recently moved to Amarillo where Mr. Norman is credit manager for Sears-Roebuck Company. For the past year he has been assistant credit manager for this company in Lubbock.

Mrs. Victoria Asher and W. Bell, returned last week from two weeks visit in Eureka, Arkansas, with Mrs. Asher, Mrs. A. L. Glass, Mrs. Asher, Billy Asher of Plainview, family visited her Sunday.

Mr. and Mrs. Clarence B. family spent last week vacation in Colorado.

Mrs. Ona Mitchell and Frances, are vacationing in and other points in Colorado.

## New Studebaker Dealership to Open Saturday

Announcement that another important automobile dealership is to be opened this week in Floydada, with open house on Saturday, has been made by the Studebaker corporation, whose representative said that Plains Equipment company, 313 South Wall street, is the firm who will handle their products and will stock parts and accessories and give service.

J. L. Hrabal and G. L. Cardinal comprise the partnership which operates as Plains Equipment company. Their large display and service building was an addition to the business community made in 1946, designed to accommodate an automobile dealership as well as a farm equipment line.

Yesterday Plains Equipment company said they hoped to make Saturday a big day in their business history. They plan to have two models of their Studebaker pickups and two models of their Studebaker cars on display in their lobby. Later, and not too much later, will come the stock of parts and accessories. Studebaker studied long and carefully before placing the agency here. The agency is a direct dealership and not a sub-agency.

**Attendance Prizes to Be Given**

To be sure that not only the men folks but the women and children as well pay their store a visit on their opening day, Cardinal and Hrabal said yesterday there will be lemonade, attendance prizes and everything for those who come to see them on election day. "We hope to have several hundred people come to see the new Studebaker," the partners said. "The more the merrier. We'll have lemonade or something for all and door prizes, winner of which will be announced at 8 o'clock." Hrabal said a table model radio, an electric toaster and an iron will be the prizes. It will not be necessary for the winner to be present to win a door prize. It would be fine if the winner were present, of course, when the name is called.

Plains Equipment company has been trying to "land" the Studebaker line for the past three years, but conditions until now have been unfavorable. The partnership thinks that the agency will be invaluable to them and they plan to push sales and service for Studebaker owners. They consider Studebaker an outstanding value and believe they can make the agency a distinct contribution to the automotive development in Floyd county.

## Election Day

(Continued from page one)

and choice Saturday. There was no indication apparent that there had been any widespread change among supporters of first primary preferred candidates, and the big question in each race is where the other vote will go.

**Election Holders Named**

Save and except for one or two presiding judges who may not be able to report for duty on Saturday morning, the same presiding judges, with whatever needed help they call for, will be on duty for the second primary as served Floyd county Democrats in the primary on the last Saturday in July.

W. E. Sims of South Plains has indicated he may be out of the county on election day and J. J. Harris, whose service to the party in Precinct No. 5 may be terminated by the continued illness of his wife, are the two judges on the possible absentee list.

**Vote in 19 at Legion Hall**

An important change in plans for the Saturday election in Precinct No. 19, was announced yesterday by E. L. Norman, presiding judge, who said the election place has been moved from the city hall to the American Legion annex, a half-block distant.

"City Secretary Barker has such a heavy load of work right now that he can't afford to lose a day for us to hold the election and since the Legion has offered to let us use their building, we have gladly accepted their offer so as to give the city clerical workers the uninterrupted use of their quarters," said Mr. Norman.

A sign reminding voters of the change will be posted at the city hall. Mr. Norman said, so that nobody will be inconvenienced by the change to the Legion hall. The polls open at 8 o'clock and close at 7 o'clock in the evening. Following are the presiding officers named, with election boxes to be opened at the same places as in the first primary, among these the Almon voting place at the home of Mr. and Mrs. E. E. Foster and Southwest Floydada at the Rural Electric coop's new home at the corner of Fifth and California:

Superintendent of Schools I. T. Graves, has asked all high school band pupils to meet at the high school at 9 o'clock a. m. August 30. All pupils in the band or those who are interested are urged to be present in order to begin practice and to meet the new band master.

**Instalment Sales To Be Regulated**

Yesterday Robt. Crowell, of Floydada Chamber of Commerce, was reminded that the new regulations on instalment sales nation wide will become effective on September 20. The notice came from the Board of governors of the Federal Reserve system.

Twelve items on the consumers good list are included in the regulations, with values up to \$5,000. The regulations are quite similar to those of Regulation W which was effective during the war. The Congress passed the law in its special session and it was signed by the president to make it effective on September 20.

**BACK FROM SO. DAKOTA**

Mr. and Mrs. Lon Emert are once more residents of Dougherty after having spent the past seven months in Hayes, South Dakota, where they were farming on the Jones-McDonnell ranch. Mr. Emert reports that the land there is very suitable for farming and that crops are good. The new teachers are:

**Haley Chosen Mgr. Hospital**

T. W. Haley has been appointed manager of the Peoples hospital. Chosen some weeks ago for the place, Mr. Haley reported for duty on Wednesday of last week and is aiding in making the work of completing and equipping the hospital. **Fairview News**

FAIRVIEW, Aug. 23—We continue to have very hot summer weather; our row crops are needing rain.

Rev. and Mrs. George Lambert and son Andras, formerly of Rejena, Latvia, now of Wayland college, Plainview, were week-end guests of Rev. and Mrs. Bill O'Dell. Rev. Lambert preached Sunday morning, and he and his family sang several songs in their native tongue.

We are glad to have Mr. and Mrs. S. L. Holmes, Jr., and children move into our community. They moved last week to the Wagner place in the northwest part of the community.

Mrs. E. W. Walls visited Monday with Mrs. Clyde Bagwell and Mrs. C. L. Joiner.

Mr. and Mrs. G. E. Ritchey of Hale Center visited Sunday with his brother and family, Mr. and Mrs. Benton Ritchey.

Sunday visitors in the Clyde Irwin home were Mr. and Mrs. R. C. Irwin and sons and Dwane Hope of Lubbock and Miss Mary Dee Cozby. Della Belle Irwin of Greenville, New Mexico, is a house guest in the home of her uncle, Clyde Irwin and family.

Mrs. L. V. Cheves of Amarillo was a week-end guest of Mr. and Mrs. R. M. Cannon.

Mr. and Mrs. C. L. Bradford, Jean and Houston, visited Sunday at Plainview with Mr. and Mrs. Arthur Live.

Mr. and Mrs. Claude Dickson and sons of Lubbock spent Sunday with Mr. and Mrs. Lee W. Burton.

Sunday dinner guests of Mr. and Mrs. C. H. Wise were Rev. and Mrs. Geo. Lambert and son Andras, Rev. and Mrs. Bill O'Dell and Billie Wayne.

Mr. and Mrs. E. W. Walls returned home last week from a vacation in the mountains of New Mexico and Colorado. While away they visited in Albuquerque, New Mexico, with their son and family, Mr. and Mrs. Dean Walls. They also visited friends at Stratford, Texas.

Week-end visitors in the home of Mrs. W. B. Wilson included Mr. and Mrs. Alton Clifford and family of Westaco, Mr. and Mrs. John Elam of Lamesa, Mr. and Mrs. R. T. Foster of Oklahoma City, Mr. and Mrs. George Mize of Floydada, Mr. and Mrs. Bill Beedy and sons of South Plains, Mr. and Mrs. Billie Tye and children, Mr. and Mrs. Randolph Wilson and family, Mr. and Mrs. Woodrow Wilson and family all of Floydada, Mr. and Mrs. A. S. Mize and Mr. and Mrs. Walton Wilson.

Mrs. W. T. Branson visited Tuesday with Mr. and Mrs. Clyde Bagwell.

"S. A." CAMPAIGN  
"S. A."—Chevrolet's got it" is the teasing theme of the fall campaign, to be staged by Chevrolet dealers for the purpose of increasing goodwill among customers.

In the jargon of the campaign, "S. A." means "Satisfaction All-Ways," and "R." means leadership. All employees of Chevrolet dealers are being urged to render such service that thousands of satisfied customers will result, and that Chevrolet's leadership in the field will be continued.

WORD OF THANKS  
We wish to express our sincere appreciation to all those who showed us kindness and sympathy in our bereavement at the death of our husband and father. The many visits, food contributions, and beautiful flowers were appreciated more than we can ever express in words. Mrs. W. W. Payne and family.

Mr. and Mrs. O. F. Cummings and family of the McCoy community returned last week from a short visit with relatives at Abilene. They also visited Port Phantom Lake. They reported the water was nice but the fish liked it too.

**Infant Birth Rates Record**

Infant birth rates in Texas are at their lowest in the history of the Bureau of Vital Statistics of the Health Department. Infant mortality has reached a low point for every 1000 live births.

In 1947, the infant mortality rate in Texas was 22.77, compared to 25.77 in 1946 and 27.00 in 1945. This is the lowest rate since 1900.

Dr. W. Cox, State Health Commissioner, attributes the reduction to the public response to the national efforts of the Texas Department of Health.

One reason for pride in our infant and maternal mortality rate is that in 1947, over 5,000 babies were saved annually which otherwise died. Dr. Cox adds that the birth rate in 1947 was 22.77, compared to 25.77 in 1946 and 27.00 in 1945.

**Ruth Harmon Scholarship Winner**

Ruth Harmon, recent graduate of Floydada High school, has won a scholarship from the State College of California. She is one of five girls each year throughout the State who are awarded this honor by her outstanding achievements in dramatics in high school. In 1947 she won the title of best regional one-act play. Her play, "Pink and Patches," directed by Mrs. I. T. Graves, head of the drama department at Floydada High School, won the title for her outstanding achievement in dramatics in "John Doe," another one act play.

**CHURCH CALLED**

## RUSSIA PUSHES TOWARD WAR

Inch by inch, Russia is pushing the United States to the brink of war. We do not believe Russia actually wants war, but the danger increases that she may be unable to stop the events she has started and that we will be in war before either nation realizes it.

Unquestionably, Russia is willing to risk war. She is playing for big stakes—the world. Not content with half of it, she wants it all. That is the way with dictators. Unless they can control everything, they rest insecure with what they have.

War would be a calamity for the United States and the world. So would control of the world by Russia. We are reaching the place where we must choose between calamities.

Facing an inescapable decision, the United States would choose war. We fought our first war against England for freedom. The same motive underlay the Civil War.

The first World War was fought against Prussianism. The second against Nazism. In both, Germany set out to conquer the world. We stopped her. The price was high but it was worth the cost.

Americans never reckon the cost when freedom is at stake.

Our freedom is at stake today. It is always in peril when dictators flourish. And they are flourishing, not only in Russia, but in Spain, Portugal, Argentina and several other nations.

Many people have become confused trying to choose between dictatorships. Some have embraced Communism to fight Fascism, and vice versa.

When anyone takes sides between dictatorships, dictatorship is strengthened. It thrives on confusion. Democracy is weakened when some people apologize for Communism as superior to Nazism. Or turn to one form of dictatorship to save them from another.

What the citizens of the United States must have is a clear understanding that all dictators are evil and dangerous. Strutting little Franco in Spain is an amusing, if contemptible spectacle. But so was Hitler. And Mussolini. And like Hitler and Mussolini and Stalin, Franco and Peron menace the peace of the world and the lives of Americans.

Stalin made a deal with Hitler. He would make one with Franco and Peron just as quickly. And Franco and Peron would play with Stalin to perpetuate world conditions under which dictatorships can thrive.

The United States must prepare to fight. Its first line of defense is its military power. But its second is an enlightened citizenry that knows what it must fight.

We must fight, if we do, not against a na-

tion but against a system of government in which men are the slaves of their government. Americans prefer death to slavery. Pray God we must not make that choice!—Lester M. Hurst in International Teamster.

Saturday is another election day. While in Floyd county we go to the polls and select the servants we will have for another two, four or six years, Americans in another, and several parts of the globe, are trying to exemplify the American way of doing things, of free thought, free expressions of thought. Free men doing as free men should under the shibboleth of law and order. Quite possibly by Saturday night America may be in a war, undeclared, but a war just the same, that may be declared later as it is given official sanction. Mr. Roosevelt, Mr. Truman, will get the blame. They shouldn't have given this and they shouldn't have done that.

The fact is that a freebooter only seeks to make a situation that will give him an excuse for the devilry he has in mind. Whatsoever our leaders of another year may have done the Bolsheviks have their minds on world devilry. It is as sure to come to pass as this paper remains still while the typewriter glides across the page. You and I do not understand that type of warped mind. Surely, there must be in Russia a thought that world dominance is not necessary to the happiness of their people. Why not dwell in peace together, world wide? Anyway, be that as it may, war or not war, we pick and choose our servants—not our rulers, the Supreme Court in their minds to the contrary notwithstanding. Saturday is election day in Texas, thank God. May it ever be thus, that we choose, wisely or foolishly, but always as our minds and hearts tell us to do. This thought: We can repent and do better next time if we vote unwisely; we can repent but we can't do anything about it whatsoever, except in bloodshed, if we hand our sacred heritage of the secret ballot over to some other one. Every man must accept his responsibility in America at the ballot box. Our forefathers bought this privilege at high cost in blood of men and tears of women and children. We owe it to them to vote fearlessly, conscientiously, come next Saturday. Chinamen and some others will not.

Window curtains play an important part in home furnishings, as they soften the hard lines of the window frames, thus making the room more attractive.

The GAS Refrigerator

Through the years since 1924

A collection of your electric service bills from Southwestern Public Service Company since this company was started in 1924 would tell an interesting story.

For example, you'd see that today your electric service costs just about one-half what it did a few years ago.

Your electric service statements would tell a story of increasingly better living. You'd probably remember when you purchased your first radio, your electric refrigerator, started depending on electric service to make household tasks easier, and remember too how much more low cost electricity you're using today for better living—everyday.

Our 24-year story is a story of growth on our part, but more than that, it is a story of ever increasing benefits, in the way of better living, to all the folks we serve in the Panhandle Plains, Pecos Valley area.

HJR 24  
Approval  
Additional revenues  
available if the next  
legislature  
enabling act proposed by  
the Conservation Commission  
West Texas Chamber of Com-  
The act will be prepared on  
that HJR 24 will be  
a constitutional amend-  
the general election in Nov-  
for the repeal of the  
30 cent ad valorem state  
making it possible for the  
to re-levy the same amount  
the county for farm-to-mar-  
and flood purposes.  
the program adopted by the  
group, the enabling act will  
provisions which will make

a part of this money available to  
the municipalities for flood and wa-  
ter improvement projects. The re-  
mainder would be divided equally be-  
tween flood control and farm-to-  
market road work in the county.  
The committee is working on the  
assumption that flood control means  
keeping excess waters out of the  
streams and on the land, and there-  
fore soil conservation work can be  
carried out with these funds.  
The bill also will provide that soil  
conservation work can be carried on  
within the county in supplementa-  
tion to and in cooperation with ex-  
isting services, such as the Soil Con-  
servation Service, Soil Conservation  
districts and the extension service.  
FM road work would be carried out  
in cooperation with the State High-  
way Department.  
The group is headed by Charles C.  
Thompson, Colorado City banker  
and land owner; Sterling Williams,  
Seury county state legislator and  
land owner; W. R. Cusenbary, Sut-  
ton County rancher; J. G. Nisbett,  
Moore county business man and  
farmer, and W. R. Humphrey, Fort  
Worth editor and active soil con-  
servation proponent.  
In a board declaration of princi-  
ples the group favored a division of  
funds, which would be made avail-

ably by a countywide vote, to permit  
the municipalities of a county to re-  
ceive one-third of the revenue re-  
ceived within the city limits, based  
on county valuation, for its flood  
control work. This would afford a  
new source of revenue for a munic-  
ipality, which is not now available.  
It was pointed out that with the  
passage of HJR 24 as a constitu-  
tional amendment, it will be necessary  
for the legislature to pass an en-  
abling act which will permit the  
counties to re-levy the 30 cent tax.  
Each county then will be required to  
authorize this passage by its vote,  
before the law can be put into effect.  
This enabling act will be sponsor-  
ed by the WTCC and will be offer-  
ed in the legislature by Sterling  
Williams, according to General Man-  
ager D. A. Bandeen.  
"At our referendum meeting last  
November, this committee was set up  
with this definite program and it  
has now been activated," Bandeen  
said.

**GREAT VACATION ENJOYED BY THE SMITHS IN DENVER**

Mr. and Mrs. Bob Smith returned last week from a two week visit with their daughter and family, Mr. and Mrs. Phil Merry and Linda of Denver, Colorado. Mr. Smith says he

had a wonderful time living in a mountain cabin and enjoying himself fishing.

The party went kodaking on the snow covered banks of the South Platte river; this was quite a relief from some of the "scorchers" they left at home. They left Linda

wanting to come back with them. Both Mr. and Mrs. Smith are looking forward to their next visit to Denver.

(Issue of August 23, 1934)

Mr. and Mrs. Joe Breed were honored at a surprise party given by the Y. W. A. girls last Wednesday evening after prayer meeting at the home of Mr. and Mrs. W. F. Weatherbe.

Mrs. Pearl Fagan and children returned home Saturday from Lubbock where Mrs. Fagan had been attending the summer session at Texas Tech.

Honoring her son, Bobbie on his fourth birthday, Mrs. Robert McGuire entertained Monday evening with a party.

Muncy School will open this term September 3 with W. E. Grimes as principal and Miss Nona Wells of Lockney assistant.

Mr. and Mrs. P. M. Fulton enjoyed a family reunion of all their children, except two, last Sunday.

Mrs. E. R. Origgs was hostess at a birthday dinner Sunday honoring Miss Flora Day.

Mrs. A. Curry of Olton has been visiting her daughter, Mrs. Bob Smith, of the McCoy community.

In a fall last Sunday morning at his home on West Kentucky St., R. E. Fry suffered very painful injuries to his left arm and shoulder.

Hershel Swenson returned home Sunday from a trip to the Century of Progress exposition at Chicago, making the trip on one of the monthly excursions from the southwest on the Frisco.

**PICNIC LUNCH SERVED WHEN SOUTH PLAINS CLUB MEETS**

The South Plains Home Demonstration Club met August 11, at 3 o'clock with Mrs. C. P. Taylor, Mrs. J. B. Smitherman and Mrs. Art Willis gave a report on the activities in Floydada on Rally day. Mrs. Raymond Teeple gave a very interesting demonstration on out door cooking in Mrs. Taylor's back yard. A delicious picnic lunch was served.

Those present were Mmes. Doodle Milton, Sim Reeves, Johnnie Wilson, Art Willis, J. B. Smitherman, R. C. Guest, E. P. Smitherman, H. R. Hartman, M. M. Julian, Sula Julian, Arthur Brown, H. L. Marble, Bryant Higginbotham, and the hostess, Mrs. J. P. Taylor. We were very glad to have Mrs. Taylor as a new member.

The next meeting will be with Mrs. M. M. Julian, September 8, at 3 o'clock.

Mr. and Mrs. Joe Fisher, of Paducah, visited with Mrs. Fisher's parents, Mr. and Mrs. J. H. Tribble, last week-end. Mr. and Mrs. Tribble's son, J. Ray, of Plainview, also visited them.

Mr. and Mrs. W. H. Cline and daughter, Joan, of Dallas, were here last week, guests of Mrs. Collins' relatives, the O. L. Stansells, the Walter Collins' and the Gene Collins'.

**Food Supply Leader in Demonstration at Dougherty Club**

The Dougherty Home Demonstration Club met at 4 o'clock August 18, at the home of Mrs. C. A. Caffee. Mrs. Tate Jones, the president, presided. Some interesting hints were given in the roll call. During the business meeting Mrs. Caffee gave the council report. The club voted to pay five dollars on the air conditioner that was bought for the Floyd County cannery.

At the close of the business session an interesting demonstration was given by the food supply leaders, Mrs. Sam Lide and Mrs. C. E. Bartlett. The very successful food demonstration was served to four visitors. Visitors were Mmes. F. M. Covington, Hallie Everett, Miss Jean Covington and Miss Bessie Morrison. Members present were Mmes. Tate Jones, C. W. Dennison, C. E. Bartlett, Orland Howard, C. R. Woodson, Ruth Daniel, Maurice Campbell, Sam Lide, A. H. Drysdale, J. R. Tinnin, and Jim Harper. There were five children.

The next meeting will be held with Mrs. H. A. Drysdale on September 1, at 2:30 o'clock. We have 21 members and we urge them all to be present at our next meeting.

The value of a good club is turning good reports and having good attendance at all meetings. Visitors are always welcome.

**OUT DOOR COOKERY AT HOME BUILDERS DEMONSTRATION**

The Homebuilders Home Demonstration Club met Friday, August 6, at 4:30 at the home of Mrs. Joe Dunn. Out door cookery was demonstrated and pictures were taken of Mrs. Dunn's out door furnace and pit.

The next meeting will be September 10 at the home of Mrs. Raymond Evans.

Those present for the barbecue were Mmes. O. G. Mayfield, John Lloyd, W. A. Cates, D. T. Mayo, Harmon Roberts, P. F. Bertrand, F. F. Fuqua, C. J. Parr, Ora Shipley, C. A. Turner, Lela Horton, Dickie Atteberry, J. D. Eaves, Joe Dunn, and Misses Gertrude, Bennie, and Hattie Dell Boyd.

**FIGURE COSTS OF FREEZING**

Two home freezers may be cheaper than one in the long run. Or no freezer at all may prove more economical.

Families who are thinking about buying a home food freezer should make a well planned and business like approach to finding out what equipment will serve their needs best—and at the least expense says the U. S. Department of Agriculture, on the basis of investigations by Dr. Earl McCracken of the Bureau of Human Nutrition and Home Economics.

Two freezers of medium capacity—10 cubic feet—would cost more to purchase than one freezer of 20 cubic feet size. But when the stored food supply is reduced to 10 cubic feet, one freezer could be turned off. Also when food is being stored, one freezer could be used for freezing and the other for storage. If the family need was for 30 cubic feet capacity, a division of the equipment into one 10-foot and one 20-foot freezer, would allow still wider choice in operation with 10-, 20-, or 30-cubic feet capacity under refrigeration.

The "no-freezer-at-all" policy is more economical for some families, Dr. McCracken points out. This may be true for a family that has access to community locker plant—cooperative or commercial—conveniently.

located. With a good refrigerator at home including a compartment for freezing and storing small lots of fresh fruits and vegetables, the family may find it more economical to depend on the central plant for large quantity storage and for the heavy freezing jobs connected with the freezing of farm animals or the freezing of poultry and of fruits such as peaches that ripen all at one time.

In figuring costs of frozen foods for the home, Dr. McCracken emphasizes, the family should make definite plans and should decide on the capacity it can use to best advantage. Its estimate should include the cost of packaging, and calculate monthly costs of operation of the various possible combinations of equipment. The higher the cost of electric current, the more chance there is that two freezers may prove cheaper than one.

## Center-Boteler Said at Matador Saturday Evening

Mrs. Marlon Carpenter, of Oklahoma, are announcing the marriage of their daughter, Norma, to Maciel Glynn Boteler, of Altus, Oklahoma, and Mrs. V. H. Boteler.

The couple were united in marriage at the First Methodist church at 5 p. m., August 14, in a religious ceremony, with Rev. Robertson officiating.

The bride chose a stone grey gabardine with black and gold trim. For something old she wore a pair of black gloves belonging to her aunt, Mrs. Joe H. Boteler, of Altus, Oklahoma. For something new was her wedding veil and for the traditional something old she wore a blue garter and black penny in her shoe.

Miss Elaine Harmon, her honor, wore a black dress with accessories.

**Dorothy Greer**, who became the bride of E. L. Lowe, Jr., Sunday, August 15, in an impressive ceremony at the home of her aunt in the suburbs of Dallas.

## Pretty Country Home Near Dallas Scene of Greer-Lowe Vows

The beautiful country home of Mr. and Mrs. Albert C. Blevins, near Dallas, was the scene of the Sunday evening marriage of their niece, Dorothy Greer, daughter of Mr. and Mrs. J. V. Greer of Floydada to E. L. Lowe, Jr., son of Mr. and Mrs. E. L. Lowe of Fort Worth.

Impressive double ring wedding vows were solemnized by Mr. Blevins, Church of Christ minister. The fireplace of the home was banked with greenery, and a lovely arrangement of white asters and fern was placed on the mantel to form background for the nuptials. Only relatives and close friends were present.

Bonnie Roe McCleskey, daughter of Mr. and Mrs. Roe McCleskey of Lubbock, sang "I Love You Truly" and "Always." She was accompanied at the piano by Shirley Blevins, who also played the traditional wedding marches. Both young ladies are cousins of the bride. White periwinkles were arranged on the piano.

**Lovely Wedding Outfit**  
Given in marriage by her uncle, Roy R. Mickey of Abilene, the bride was lovely in a Carmel original suit of powder blue gabardine. The fitted jacket was styled with deep revers and featured gold button trim. She wore a white blouse, and a strand of pearls, gift of her aunts.

The bride's hat was of dark brown felt adorned with cocoa brown feather trim and softened with brown veiling.

She carried a white Bible topped with an arrangement of white gladioli tied with white satin ribbons. For something old, she wore her mother's engagement ring, and something borrowed was a white lace-trimmed handkerchief which belongs to Mrs. Blevins. Something blue was a crocheted Bible marker made by the bride's mother.

Glensy Riddle, former roommate of the bride at Texas State college for Women, Denton, served as maid of honor. She wore an attractive navy blue draped crepe dress and a three-strand pearl necklace. Her corsage was of coral gladioli, and she chose accessories in navy blue and smoke grey.

Peggy Ann Greer, small sister of the bride was flower girl. She wore a yellow organdie dress and a white blossom in her blond hair, and scattered rose petals from a small basket tied with white satin streamers.

Steve Mudd, student at North Texas State College with the bridegroom, was best man.

Mrs. Greer, mother of the bride, wore a black crepe dress and corsage of yellow glomonia. Mother of the bridegroom wore a blue dress and a white carnation corsage.

A beautiful three-tiered wedding cake, topped with a miniature bride and groom, was served with delicious frosted lime punch at the reception following the ceremony.

Mrs. A. F. Riley of Dallas, sister of the bridegroom, and Dimple Mickey of Abilene, cousin of the bride, presided at the refreshment table which was laid with a lovely lace cloth and appointed in crystal. White princess tapers burned in crystal holders. Peggy Ann Greer assisted in serving.

The bride is a graduate of Floydada High school and will receive a B. S. degree in home economics from Texas State College for Women, August 26. She plans to continue work on a masters degree.

A graduate of a Fort Worth school, Mr. Lowe is now a student at North Texas State college at Denton. He served over three and one half years in the Navy during World War II.

Mr. and Mrs. Lowe will live in Denton.

Henry Willis returned last week end from South Dakota where he has been working in the wheat harvest.

## Chicken Supper, Ice Cream, Cake Served at Backyard Picnic

The residents of Sunnyside community enjoyed a chicken supper with ice cream and cake last Thursday night. All food was cooked on the out door furnace in the backyard of Mrs. W. A. Lovell. The men made the ice cream while the women cooked the rest of the bountiful amount of food. Everyone filled plates cafeteria style numbers of times, and the dessert was just as good. Later several 84 games were played. Mr. and Mrs. Greer and Peggy Ann were presented with a nice gift from those present.

Those present were Mr. and Mrs. D. W. Burke, Lawrence, and Valrie Mr. and Mrs. Lesley Pawver and Jo Aleen, Mr. and Mrs. Lon Blasingame, Mr. and Mrs. A. W. Thomas, Mr. and Mrs. Kay Terrell, and son Aubrey Kay, Mr. and Mrs. R. M. McCauley, Mr. and Mrs. Paul Demison, Mrs. Will Walker, Mrs. Lola Hilton, and Mr. and Mrs. Clyde Lovell and daughter Carolyn.

Friends from out of the community were Mr. and Mrs. Johnny Cates and daughters Carolyn and Jann.

Mr. Mr. and Mrs. Jim Holmes and daughter, Billie, Mr. and Mrs. Edd Dunavant and Donnie of Center, Mrs. John Dovall of Clovis, New Mexico, and Miss Hazel Patton, Floydada.

## As A Farm Woman Thinks

(By Nellie Witt Spikes)

It would be interesting at this time of the West Texas Reunion in Ralls to go back for some Crosby County history to some old Witt and Spikes day books I own. The third week of August began that year of 1898 on the 21st and we find on Monday schools were getting ready to start for District No. 9 bought 32 pounds of nails, Uncle Jim Witt bought a fork handle and we know sorghum making on his farm was ready to start soon. Mrs. John Spikes was preparing for the coming blizzards for she needed four rolls cotton and 11 yards calico for quilts. We find maize plenty cheap.

Uncle Billy Weatherby paid \$1.15 for 199 pounds. Old Deck would get his part of this and the few chickens the rest. Yes, Jim Witt got his sorghum made and he brought in four gallons and we paid \$2.00.

On the 26th we find that two cowboys bought slickers. It must have been rainy. Walter Blue bought a pair of duckings for a dollar, two ties for 30c. Uncle Tom Franklin took time off from hunting to come to town and buy some cartridges, fifty pounds of flour and 100 pounds of meal. It would not matter if the worms did get in that much meal in August for it was to make mush to feed the dogs which caught wolves.

D. W. Oxford, to 2 pounds coffee, 30c -- 5 1/2 pounds honey, 80c -- 15 1/2 pounds ham, \$2.00. He also needed fifteen cents worth of calomel and one package liver regulator. He was the blacksmith, you will recall.

We will skip over and see what the little town was buying in 1904, the latter part of August.

Olson Lewis bought a quarter's worth of jewelry, and poor old Major Dill had to spend his money for chloroform and syringes and liniment after he got hurt at the livery stable. Clabe Pearson must have had his share of pain for he also needed liniment.

W. H. Hames bought pills, J. H. Lewis Herbine and Foley's Pain Relief. Frank Jones, laudanum, J. I. Tipton, Syrup of Figs, E. B. Covington to Syrup of Iodine, J. K. Pulling to calomel tablets, J. H. Babb to Liver Regulator and Nux Vomica. A. K. Lackey to capsules, E. J. Moore to castor oil. My goodness, every one those little shelves in the old store had plenty of room for more medicines after that rush. Ranchmen were buying Kresol Dip and Crystic Ointment for worms among their cattle. Sam Wright had school problems which he solved by buying two spellers, Beginner's History, one Ancient History, three tablets and one dozen pencils. Will Taylor was in town. Ed Gunn wanted to cheer up the sick, he bought a harp. Stant Perry needed eye goggles. On and on the pages tell the history which I like to share with you.

We might take time to put our feet under the long table in the Old Witt hotel in Emma. Yes, there are feet underneath with boots and spurs. Those yellow shoes are worn by the drummer from Amarillo and are cut a little at the sides. You will also see a pair or so of Brogans. Takes heavy shoes to follow a sod plow or a freight team. Father's feet are small and his shoes are neat and polished. Big feet and small feet, boots and shoes and may-

be a pair of dancing slippers on a young man, ready for the dance at night in the courthouse. Some boots will have mud from the yellowhouse canyon, others from Mt. Blanco. All along the table are plates and case knives and forks.

Mother and Aunt Mirt have cooked the dinner and it is a good one, too. Blackeyed peas with a fat piece of pork, string beans cooked till sweet and tender. Dishes of okra and onions and red ripe tomatoes. It is the season for vegetables and no shipped in ones at other times so eat a plenty. No light bread on this table, but plates heaped high with good soda biscuits, brown and tender and hot enough to melt butter. There is good steak, brown and crisp with bowls of gravy, creamed corn, pickles and plum butter and grape jam.

Every one eats all he wants, the feet under the table shuffle and the hands are busy. Coffee and butter-milk, big glasses of fresh well water, no ice this side of Amarillo.

Then when it seems that nothing more could be desired than a cool shady place to lie down, the pie comes on. This day it is made of good canned California peaches with crusts that melt like butter in hot bread, sweet and syrupy, just cool enough from the oven to eat. My, my let's pay our quarter and get out before we burst.

We welcome you old settlers, pioneers and folks who have heard of this good country and followed after. May, in the years to come, some one of you will sit down with pen and pencil and tell the young generation of the time Ralls entertained the Old Settlers with such graciousness and such good times.

It will be fitting to close this with a few lines from Don Blanding's "Pioneers":

The song of the Western Pioneers  
Is splendid music to Western ears,  
Parts of the song are dear and sad  
But most of the song is gay and glad.

There's the rumble and rolling of wagon wheels  
In squeaks and creaks and rusty squeals,  
There's the singing of women, the children's wails,  
There's the whack of the ax on the fresh blazed trails,  
There's the lowing of cattle, the tramp of feet. . . .

## Liquid Fertilizer Given County Agent

Floyd County farmers express their interest in the use of liquid fertilizer and its use, said the county agent, Floyd County agent, M. E. McCollam, in a recent visit to the county. The application of liquid fertilizer is now a common procedure and one that has been developing rapidly during the past five years.

fertilizer to crops many years ago. One of the first applicators to be used in conjunction with the irrigation system consisted of a hopper into which a soluble dry fertilizer material was dumped. A small amount of water introduced into the hopper formed a concentrated fertilizer solution which was released through a metering device into the irrigation water. Various applicators of this same principle could be found in use on California vegetable lands and orchards in the early years of this development. Even the method of cutting open a sack of fertilizer and tossing it into the irrigation ditch has been used to accomplish fertilizer distribution.

The application of dry materials, already dissolved materials, gases, and acids through the irrigation system is now a common procedure and one that has been developing rapidly during the past five years.

### A New Development

The use of liquid mixed fertilizer may be considered a new development although the first plant for manufacturing fertilizer of this type was built about 25 years ago. The G. and M. Liquid Fertilizer company, established in Oakland in 1923, was the first company of this type in California. The fertilizer produced was used almost exclusively by Japanese truck farmers, either alone, or as a supplement to the regular dry fertilizer program. The second plant, Liquid Plant Food company which is still in operation was started in Pasadena in 1929. Initially all of the liquid fertilizers produced at this plant were used on citrus. Later the use spread to truck crops, and at the present time over 70 per cent of the Liquid Plant Food company production is used to fertilize vegetables.

Almost 15 years ago anhydrous ammonia (NH<sub>3</sub>) was marketed in California as a fertilizer material by Shell Chemical corporation. This marked the beginning of a rapid increase in the use of nitrogen in this form, and today it is a common sight to see the cylinders containing this material placed along irrigation ditches, metering nitrogen into the irrigation water.

### Further Expansion Seen

Whereas before this material's use was limited to irrigated land, the development of a method of applying NH<sub>3</sub> directly to the soil has extended the market to non-irrigated lands. This marks a departure which promises to further expand the market for "liquid" fertilizers.

In California there are now at least 30 fertilizer companies distributing fertilizer and soil amendments in "liquid" form including solutions of dry materials, NH<sub>3</sub>, gas, sulfur dioxide, liquid phosphoric acid, and nitrogen solutions. Other materials have recently appeared on the list also. The application of these materials in irrigation water is not only being made to truck crops and orchards, but in addition to some field crops such as sugar beets, flax, and cotton.

While the western use of this type of fertilizer application is most extensive in California, it is not limited to this state, and to the writer's knowledge is being employed in Oregon, Washington, Texas and Arizona as well.

Liquid mixed fertilizers comprise a little over three per cent of the total mixed fertilizer tonnage in 1947.

### Mixed in Wooden Vats

Liquid "complete" fertilizers are mixed in wooden vats, ranging in size from 300 to over 1,000 gallons in capacity. Some dry materials that are slowly soluble in cold water are first dissolved in steel tanks with the use of heat. Liquid materials obtained in tank-cars or steel tanks. These materials, along with liquids obtained in barrels or drums, are used in the regular operation. After mixing, the fertilizers are either pumped into storage tanks with 3,000 to 6,000-gallon capacity, or put directly into barrels, drums, or other containers for delivery to the field.

In California most of the grades produced by dry fertilizer manufacturers are obtainable in the liquid form. With the materials available, some of the liquid grades are sometimes subject to precipitation or crystallization, with any marked drop in temperature. This is considered a minor problem. One company employs a full-time control chemist, while others engage the services of commercial laboratories.

Nitrogen in liquid mixed fertilizers is derived from ammonium nitrate, urea, nitrogen liquors, and potassium nitrate. Liquid phosphoric acid is used almost exclusively for the phosphoric acid portion of liquid fertilizers, although some ammonium phosphate and other soluble phosphates are used in special mixes. A few plants use potassium nitrate as a source of potash, while the majority use muriate of potash or a combination of the two.

Some experimental work is being carried on with new materials that would be more adapted to liquid fertilizer production. Two of these, potassium sulfide and tetra pyrophosphate (50% P<sub>2</sub>O<sub>5</sub> and 40% K<sub>2</sub>O) both show considerable promise. The present high price of these materials limits their use.

Many of the liquid fertilizer manufacturers include zinc, manganese, copper, iron, and other minor elements in the mixes. However, the value of this procedure is not now recognized by State authorities.

**Use Gravity Flow**  
All liquid fertilizer materials are introduced into irrigation waters by means of gravity flow or under pressure using various metering devices. When the gravity flow method is used, these materials, except for those under vapor pressure, are applied directly into head ditches or

low weir boxes. When it is necessary to apply these same materials in high standpipes or pressure lines, pressure is developed by using a dry N cylinder or CO<sub>2</sub> cylinder in the system.

Liquid mixed fertilizers and some nitrogen solutions are transported in barrels, drums, and specially constructed tank carts to the irrigation system in the field. Anhydrous ammonia and sulphur dioxide are each carried in steel cylinders under a high vapor pressure. These liquid materials meter out as a gas into the irrigation waters.

Uniform distribution is an important consideration, and various means are employed to insure proper application. For instance, in sandy soils and in heavier soils where long irrigation furrows are encountered, the irrigation period is allowed to proceed for various lengths of time before introducing the fertilizer materials.

To prevent precipitation of insoluble carbonates which might occur in many irrigation waters when anhydrous ammonia is used, a material called rose stone is used in very small amounts simultaneously with the NH<sub>3</sub>.

Many of the liquid mixed fertilizers and some of the nitrogen solutions contain synthetic or organic wetting agents or a soil flocculent to increase penetration.

### Applying Service Included

The practice of most of the concerns marketing these materials is to include the service of applying the material in the selling transaction. This has proven a very popular procedure with the grower, relieving him of the operation of applying the fertilizer, (particularly gases).

The progress of the last five years with fertilizer materials adapted for distribution through irrigation systems has been the subject of much discussion and conjecture. Unquestionably the method and many of the "liquid" materials are here to stay. At the present time there seems to be but little agronomist information in this field, and the future growth of this segment of the fertilizer industry would be much clearer if development of more data on comparisons of solution fertilizers and dry fertilizers could be accomplished.

The Agent said that the publishing of the above information does not constitute an endorsement of liquid

forms of fertilizer, however it recognizes the possible value to farmers of this area of giving such forms of fertilizers a thorough trial and points out that irrigation farmers desiring increased yields should observe closely such demonstrations as are in progress or may be set up, on their own or neighboring farms, since it looks as though the use of fertilizers of some form is here to stay.

## To The Voters of Floyd County, Texas:

I would have enjoyed seeing and talking with every voter in Floyd County, but owing to the short time between the first Primary and the run-off it has been impossible for me to do so, so please consider this a personal solicitation of your vote.

If you elect me your County Judge I will be in the County Judge's office, doing everything I can, "as your public servant," to bring to Floyd County those things that will make my County and yours a bigger and better County a better place to live in.

Sincerely,

**TOM W. DEEN**

## Rural Overseas Program Set at County Level

COLLEGE STATION, Aug.—The final plans for the state organization of Christian Rural Overseas program - the rural sister program of CARE - were recently completed at College Station with the election of J. D. Prewitt, acting state director of Texas A. & M. College Extension service, as state chairman, and Dan Russell, professor of rural sociology of Texas A. & M. College, as vice-chairman.

"The organization will set up on a county level," Mr. Prewitt said, "and the actual administration of the program will be carried out there."

The organization, known as CROP, is organized to furnish a channel whereby rural people can take part in overseas relief, particularly for children. It is open to all rural people and is sponsored by the Church World Services.

The Friendship Trains are examples of the type of work sponsored by CROP, and the organization will be able to handle all types of farm commodities and crops, Mr. Prewitt said.

The state executive committee includes representatives of Texas churches, commodity groups, and farm organizations, as well as the Texas Home Demonstration Association and the Council of Church Women.

### YOUNG COUNTY REUNION

The Young County annual reunion will be held in McKenzie Park, Lubbock the fifth Sunday in August, 29th.

Former residents of Young County and their friends are invited to come and bring dinner baskets and meet old friends and make new ones.

John Steadham of Crosbyton is President of the reunion.

Mrs. D. S. Battey of the Harmony community has been visiting her mother, Mrs. Neta B. Pitts, of Matador. Mrs. Pitts has been very ill recently but is improving nicely now.

### Approved Recipe

#### CALIFORNIA CHICKEN

1/2 pound ground pork  
1 pound ground veal  
1 teaspoon salt  
1/2 teaspoon pepper  
1 tablespoon chopped green pepper  
1/2 cup grated pineapple, drained  
bread crumbs  
1 egg, slightly beaten  
1 tablespoon water  
Lard for browning  
Combine ground meats, salt, pepper, green pepper and pineapple; shape like a chicken leg around a wooden skewer. Combine beaten egg with water. Roll "drumsticks" in bread crumbs, then in egg-water mixture and again in crumbs. Let stand for 30 minutes in the refrigerator. Brown in hot fat; cover closely and cook slowly for 45 minutes. 4 to 6 servings.

## TO THE PEOPLE OF PRECINCT No. 4:

I have made about as complete a campaign as could be made since the first primary but there are some of the voters I did not get to see.

To these and all other citizens I want to say that I would like very much to be your next commissioner. And if you elect me I will make you and the county the very best commissioner I know how. If I have not solicited your vote and support it has been because I did not get to see you.

Remember, Saturday, August 28 is the day, and if you can see your way clear to do so, please cast your ballot for

## The great all purpose car!

Pontiac is the right car for so many people because it does all things—so unusually well.

If, for instance, you are concerned with economy—as most of us are—you will find that Pontiac is virtually as inexpensive to own and operate as any full size car you could buy.

If you like to tour and take long trips—you will find that Pontiac is one of the easiest-riding, nicest-handling cars ever built.

When you need to "put your best foot forward"

—go to a fashionable wedding or some other social event—you will find that your Pontiac looks "right at home."

And if you have to make hard daily trips over rough country roads—you will find that Pontiac can "take it" like the thoroughbred it is.

Truly, regardless of what you want a car to do, Pontiac provides a splendid answer to your problem. And this is always true of Pontiac, year after year—for Pontiac is deliberately designed to be America's "all-purpose" car.
