All-County Flower Show on Saturday

Plans were being made for the flower show to be held Saturday, September 19, at the Our Home Garden club, and meetings this week will be held in the afternoon at 7:30 p. m. and will be held in the afternoon at 7:30 p. m. and will be held in the afternoon at 7:30 p. m.

The flower exhibit will be held in the American Legion hall from 12:30 p. m. to 7:30 p. m. and will be held in the afternoon at 7:30 p. m.

There will be three judges, and prizes will be given for first, second and third place in each classification.

Exhibits for children 12 and under will be awarded. It is not required that the exhibits be made by the children. Posters have been made by the school to attract entries.

Committees from Our Home Garden were planning exhibit tables for the enjoyment of the public. The committee is to exhibit a table with flower centerpiece, other committees are working on an arrangement of a table, outdoor table and a display.

Business houses plan commercial displays. The Style Shoppe, J. C. Penny Co., McDonald and Co. Hardware, Home Demonstration Club, the Farmers of the county, Park Floyd Nursery of Floydada, Mrs. Seale of Lockney and Mrs. Seale of Lockney are displaying in keeping with the show motif.

Particularly urged by the club that everyone get well into the show. While the clubs of Floydada are pushing the show.

Salvation Army Still Open Donations

Days set last week for the Salvation Army fund drive have come, but many volunteer committees have been unable to take time to contact their areas. On Monday, Mrs. Eliza, county drive manager, said the lists are being sent for further donations. A total of \$1,200 is sought, second week of the end of World War I, the Salvation Army has sought from the general public through a drive. Grave need for the Army housing, has been reported.

Committees will continue work on Monday. Those who have contacted may leave funds for the Salvation Army. A report will be made by the officers at a later date, said Mr. Crowell, manager of the organization.

Approval Seen Soon for G. I. Flying School

At long last W. H. Tanner's dream of a G. I. flying school at Floydada Airport appears ready to become a reality. Unless somebody else finds something else wrong there ought to be some definite developments shortly that will result in the field and the training course getting approval of the federal agencies. These include the Civil Aeronautics authority and the Veterans administration.

CAA is due to give a rating of approved flying school to the local set-up under Mr. Tanner's supervision soon. A safety regulation inspector was here Tuesday and will give a favorable report.

Mr. Tanner said yesterday he anticipates having all requirements met and get a training program contract with the Veterans administration at an early date.

Should Apply Now
Meanwhile, Mr. Tanner points out, those who want to take the training course under the provisions of the GI bill, should get in their applications now, since it takes some time to process them and get approval. The applications go through the office of Darnell Ayres, county service officer, but it would be better to check with Mr. Tanner first. Among other things a veteran must have to get approval of his flight training is a letter to go with the formal application. In this letter it should be shown that the veteran applying can use the training in connection with his vocation or that he is likely to have future need of it.

Last hindrance to the development of the local field for GI training was the removal of the Southwestern Bell Telephone lines which bounded the field on the southwest. Its removal increases very materially the usability of the field, one objection to which has been that it lacked sufficient take off and landing room. Scores of applicants for flight training have been turned down or held in abeyance since Tanner became manager of the field because of this objection raised by the Civil Aeronautics authority.

Tanner is certain that present set-up will make the field available and is actively seeking applicants for the training course.

Rules of Under Show

1. Exhibitors should have their entries at the American Legion building by 9 A. M. on September 18.
2. All entries will be judged if classified and in place by judging time which is 11:00 A. M.
3. An exhibitor should only have one entry in each class.
4. The show is not limited to Garden Club members. All who are interested in gardens and flowers are cordially invited to exhibit.
5. The Flower show will be open to the public from 12:00 noon to 7:00 P. M.
6. All flower containers are to be provided by exhibitors.
7. The flower show committee will not be responsible for containers or other properties left at the flower show site.
8. Entries must remain in place until 7:00 P. M., and must be removed by 8:00 P. M.
9. All entries donated for that purpose will be carried to local hospitals after the flower show.

O'Neal & Company Use New Lighting in North Side Store

The latest word in modern lighting for a retail store is in evidence this week in O'Neal & Company's north side store. It involves the use of the cold cathode in a combination that makes use of the fluorescent principle.

Hays O'Neal, manager of the store has been assisted by Robert Crum of Cleburne in the installation, which involves hundreds of feet of this gaseous tube. It nears perfection in lighting effect without producing heat and at a cost per unit of light far below that of the ordinary light bulb.

Almost 600 feet of lighting units are used in the installation to give a far better light than the usual incandescent. "Mr. O'Neal. Use of good lighting in the display of household appliances and home furnishings is one of the prime requirements of modern merchandising, he says, as he puts the modernized installation in operation.

Band Parents Have Watermelon Feast

The Band-Parent Club met Monday night, September 13, in the new band room at High school and enjoyed a watermelon feast. Those present were Mr. and Mrs. E. A. Powell, Mrs. Fay Maxey, Mr. and Mrs. A. J. Jackson, Mrs. N. B. Stansell, Mrs. Paul Newberry, Mr. Willie Bunch and Mr. Kattner, the band director.

Every parent of a high school band pupil is urged to attend the next meeting which will be October 11 in the band room. At this meeting officers for the year will be elected.

286 Register Here in Peace Time Draft

Reports from the registration board Wednesday show that 286 have registered in Floydada up to now for the peace time draft.

Persons born in 1930 before September 19, 1930, will register on Friday, September 17, or Saturday, September 18.

Persons born on or after September 19, 1930, will register on the day they are eighteen years of age or five days after.

Gets First Questionnaire
Bennie Vaughn, negro working for Clark Harris who lives on Route 4, was the first Floyd County man to receive his questionnaire. He was registered Wednesday, September 1, and received his questionnaire Friday, September 10.

Set Up More Roads in Floyd County Program

It appears this week that Floyd county's allotment of the federal road program next fiscal year will be put in two highly needful areas.

Informal conferences last week between the Commissioners' court of the county and District Engineer S. C. McCarty, at which members of the court-elect sat, resulted in complete accord on the program for expending the funds in this county.

Roads which will be hard-surfaced will be:

The road north from Aiken to Providence and westward thence to join at the Hale county boundary line with farm-to-market road leading into Plainview; and

Two and seven-tenths miles of road in Floyd county from a point north of Fairmont to the Briscoe county line, where it will join with a similar program in Briscoe county leading to Quitaque. The latter project will give the northeast corner of the county its first paving and first all-weather road to market.

Forty Miles Next Spring
Allocation of the federal construction in the county, and an agreement between local and state authorities on the plan, means for one thing that highway construction will go right along in the county and that the county's projected road system is going to be enlarged with considerable speed in the next two years.

Forty miles of hard-surfaced construction is being readied for next spring and summer under an arrangement between the county and the State Highway department on a 25-75 basis. Roads to Sand Hill and Harmony and to Sterley and Lone Star are already way along in the planning stage. The road to Cedar and the road to Center-Fairview will follow in as fast sequence as the engineering corps can get to them. All will be ready for lettings so they can get under the wire for next spring and summer. The Sand Hill-Harmony and the Sterley-Lone Star jobs are due to begin with the first opening weather in the spring.

Rotary Plays Host to School Faculty

Floydada Rotary Club played host to teachers and school board of Floydada School district Tuesday night, when a barbecue served to some 150 persons was followed by an address by Delbert Downing, manager of Midland Chamber of Commerce.

The event, an annual one with the club, was to show appreciation of the teachers and the schools and to form acquaintanceships, as explained by Carl L. Minor, chairman of the evening, who presided.

Mr. Downing, in 25 minutes of humor and pleasantry and five minutes in serious vein, paid a great tribute to the teaching profession.

S. W. Ross, secretary of the club, presented the speaker.

The sing song which preceded the address was led by Frank Day, of Plainview club, who was accompanied to the meeting by Mrs. Day. Mrs. John M. Holloms was organ accompanist. As a special number Mr. Day sang "The Bells of St. Mary's."

John W. Maxwell In Vet's Hospital at McKinney, Texas

John W. Maxwell, veteran food dealer and former resident of Floydada, is in the veterans' hospital at McKinney, Texas, this week where he is being treated for a chest injury received when he fell on a counter while employed in Amarillo.

Harry R. Stanley, brother-in-law, said Tuesday that Maxwell first was taken to the vets' hospital at Amarillo, where he was treated some five weeks, and transferred last week to McKinney. He is in Ward 108, Veterans hospital, McKinney, Texas, should any friends have a minute to write Maxwell.

Jaycees Schedule Meeting Sept. 20

Due to conflicting dates with the annual picnic party for members of the faculty and school board, the meeting of the Floydada Junior Chamber of Commerce scheduled for Tuesday night has been postponed to next Monday night, September 20. Time of the meeting will be 7:30, the place, the American Legion hall.

President Fred Zimmerman, Jr. said that plans will be started for the Jaycee Christmas activities in Floydada. The state and national organizations have stressed that clubs get started early on Christmas plans so that they may be completed in plenty of time and have sent out ideas to help in fostering the plans.

Current activities of the local organization have been the purchase of a concession stand and its installation at Wester field. An agreement was made with the Floydada High school pep squad to furnish the stand and supply it. The Jaycees are to receive a percent of all sales.

The pep squad and Jewell Eliza and Parnell Powell, jewelers of the concession committee, were well pleased with the first game sales and hope to improve their service offering a variety of food for added enjoyment during the games.

City Planning Open House September 24

Celebrating the completion of the city's \$115,000 power plant and line extension program, and the waterworks installations, also costing upward of \$100,000, the city council this week gave approval to plans to hold an open house on Friday of next week, September 24, for the taxpayers and citizens of Floydada. During the day taxpayers and customers will be given free reign to see the new power plant which doubles the capacity of the light and power division and likewise finds the waterworks department in the best position in many years to give ample water service.

No formal invitations will be given but the affair is being broadcast for people resident in the corporate limits of Floydada, together with people of all the neighboring communities who would like to attend. City Secretary B. K. Barker is joined in the hope that 5,000 will view the new plants by City Power and Light Superintendent Al Fuchs and City Water Superintendent Floyd Johnston. The whole affair will be arranged so that patrons of the systems may see for themselves what their council has done in the past two years to increase the city's capacity for serving the people in both of these departments, said Mr. Barker.

Attractions will include a "prize" for everybody who attends, including the youngsters. Special attendance prizes also are to be given. There will be a register and every adult will be given the new light plant will be expected to write his name. The prizes for the youngsters will be bubble gum, while their seniors will draw everything from a light bulb on up to a Westinghouse automatic roaster.

It will be just a big family affair, Mr. Fuchs said. Next week's Hesperian will feature the event with present-day stories on the advancement of the light and water systems, and historical facts on the beginning of the light plant back in 1940.

State Convention of Democrats Certifies Johnson as Candidate for Senate; For Truman-Barkley

Democrats of Texas, as represented at the state convention in Fort Worth this week certified the name of Lyndon B. Johnson as the candidate of the party for the United States senate. The count as canvassed by the state committee and reported to the convention, showed Johnson the winner by 87 votes. Almost a million votes were cast in the closest election ever held in the state. Ex-Governor Coke R. Stevenson, Johnson's opponent in the race, yesterday was reported to have started proceedings in federal court to restrain the state secretary from putting Johnson's name on the ticket as nominee until such time as the courts had time to check in to election irregularities claimed.

The Democrats voted in a ratio of about 5 to 3 to support the national Democratic ticket composed of Harry S. Truman and Alben Barkley. Harris, Dallas and Tarrant District delegations were unseated in a tumultuous session Tuesday afternoon, and Truman-Barkley delegations given their places. Electors who are pledged to vote in the electoral college for this ticket will be certified to the state secretary.

The Floyd county delegation was headed by R. M. Batley as chairman, other members being Judge W. E. Grimes, District Attorney, H. Stapleton, George L. Fawver, W. G. Collins, Bob Smith and Leland A. Hart.

Merchants End Softball With Win at Ralls

The softball season for the Merchants team of Floydada had the happiest kind of an ending last week, when after completing their home competition they invaded "foreign" soil to win a double elimination tournament at Ralls last Thursday night. In this tournament the club played seven games, and the final was a no hit, no run affair for Paul Davis, ace of the Floydada team.

The Merchants lost their first game in the tournament to Caprock 4 to 3 but in the finals, a double header between these two teams they took the first game 9 to 1 and the second 17 to 6. In this second game they steamed up on the offense, while holding their opponents hitless and runless. Two Merchants errors were made.

With an entry fee of \$15 the Merchants won first money of \$50, and Caprock second at \$25.

Fatten Their Batting Averages
The Merchants also fattened their batting averages in the Ralls tournament and ate steaks until they were filled as a result of their home run prowess. The Ralls Inn, offering a steak for each home run, dished out 13 to the Floydada boys. Davis was the individual hero in the home-run class as well as in pitching. He clouted out five home runs (five steaks), Jim Word, right fielder, had two home runs, Macon, first baseman, 2, Barker, catcher, 1, Rex Parrish, second base, 2, and Billie Smith, left fielder, 1.

Men's Bible Class at Dougherty to be Community Hosts

The Men's Bible class of the Dougherty Baptist church will be hosts to the Dougherty community with a barbecue supper Tuesday evening of next week, September 21 at 5 o'clock on the church lawn.

The class is asking that each family bring either a cake or a pie. Everybody in the community is urged to attend. Darrell Caruthers, Sunday school superintendent, is arranging a program to follow the supper.

Rev. P. H. Gates Goes to McMurray

Rev. Phil H. Gates took up his new position yesterday as dean of men in the new Gold Star Memorial dormitory at McMurray college and assistant manager of the college book store.

Rev. Gates has been pastor of the Buchanan Street Methodist church in Amarillo for the last four years. Prior to his appointment there he was pastor at the First Methodist church in Floydada for four years.

Lions Ladies Club Guests For Tonight

Floydada Lions club members will have their ladies as guests tonight when they will have a special program.

Innovation will be the meeting place, which is the commodious high school cafeteria, change from the former meeting places. The high school cafeteria is roomy and will easily accommodate the considerable number of Lions and their guests on the occasion.

The meeting hour is 7:30 o'clock. James H. Word, who is president, will preside.

Attends Board Meeting

Miss Lela Petty left Thursday for College Station where she attended a board meeting of Home Demonstration agents of Texas. Miss Petty is director of District 2. She was accompanied by Miss Lou Ella Patterson of Canyon who is director of District 3. They returned Sunday.

1,800 Baptist Men Gather at Camp Grounds

The District 9 Brotherhood meeting at the Plains Baptist assembly grounds in Blanco canyon Tuesday night was an overwhelming success. Rev. L. A. Doyle reported yesterday that, roughly estimating, there was from 1700 to 2000 men present representing each association in the district. Plans had been made for 1000, hence some failed to receive their evening meal there, but reports are that everyone present witnessed inspirational services.

Officiating was Judson Burnett, of Levelland, president of the District Nine Baptist brotherhood. Dr. E. S. James, pastor of the First Baptist Church Vernon, was speaker of the evening, using as his topic, "Living Our Convictions."

Other speakers of the evening were L. H. Tapscott, State Brotherhood secretary who spoke about general brotherhood work, and Rev. F. M. Swanner, District missionary, who stressed the point of putting the camp grounds in church budgets. George Stokes, of Wayland College, was in charge of the song services.

Two Floydada Boys Join Up for Three Years in Military

Tommy Clifton Sharp and Billy Calvin Green are two Floydada young men who have enlisted recently in American military units.

Tommy Clifton, son of Mr. and Mrs. Loys A. Sharp, is in for a three year period in the United States constabulary. He goes to the 5th Infantry division at Fort Jackson, S. C., to receive basic training and upon completion of this course will be assigned to the United States constabulary with duty in Europe.

Billy Calvin, son of Mr. and Mrs. John L. Green, is a re-enlistee. He is in the Second Engineer special brigade for a three-year period as Private first class. Sworn in September 9, he departed for Fort Worden, Washington to take refresher training and assignment to a tactical unit.

Rural Schools Have Enrollment of 1256

Reports from the county superintendents office are that there are approximately 1256 students enrolled in Floyd county rural schools. Enrollment for the 47-48 school year was 1055. Teachers in the rural schools for the 48-49 year are: Starkey, Mrs. Paul Snodgrass, Miss Bobbie Sue Langley; South Plains David Garlington, Mrs. O. T. Hewitt; Sand Hill, R. I. McLeroy, Mrs. J. M. Williams; Lakeview, E. H. Tooley; Mrs. E. H. Tooley; Lone Star, Mrs. G. C. Tiner, Mrs. L. C. Winters; Cedar Hill, Mrs. Jim Conner; Dougherty, J. H. Hall, Mrs. Violet Senn; Baker, Mrs. Nannie A. Turner; Providence, H. L. Dorman; Campbell, Mrs. Robbie Bratton.

Training School for Agents and Landscape Leaders Next Week

A bi-district training school for county Home Demonstration agents in District 2 and landscape leaders of Home Demonstration clubs in Floyd County will be held at Floydada on Tuesday and Wednesday (September 21 and 22).

Miss Sadie Hatfield, specialist in landscape gardening from the Texas A. and M. College, Extension Service will conduct the training school. Agents will attend meetings both days but leaders have been asked to come at 1:30 on Tuesday afternoon.

The landscape gardening phase of home improvement will be one of the main demonstrations in Home Demonstration clubs for the next three or four years so it is important that all leaders be present at the designated time, said Miss Lela Petty, County Home Demonstration agent.

Miss Kate Adele Hill, District Agent, will be present at the Training school.

EDITORIALS

Farmers of the nation, at least farmers of the high plains, are getting ready to harvest the most expensive crop they ever planted. Ever-increasing costs of machinery, much bought on advanced prices, together with all other costs entering into the production of a crop, have combined to make the situation one in which the farmer winces as he sees the market price quotations go down. He can't afford for it to happen but it is. Especially has the irrigation farmer paid dearly for the wonderful crop he has ready to harvest. His fuel bills are breath-taking. At the cost of around the clock watering and cultivating for 90 days and more he has got a wonderful crop ready to take to the gin, the elevator, the loading dock. Others may decry the "support prices" fostered by the Department of Agriculture. But he sees "support prices" as considerably lower than the prices prevailing when he pitched his crop and laid his plans. He will welcome these supports as well as any other good fortune that may come his way to make it possible for him to save his hide and make some profit from a year of hard work.

The story goes that scrap iron, junk, even old tubs and tin cans are moving to the iron and junk dealers in quantities which one could hardly believe. To the man on the street this is a stronger omen of things to come than what the presidents and prime ministers may give out to the newspapers. Men in authority have a habit, perhaps born of necessity, of not telling the mine run of citizens all the story. It may be to ward off hysteria or to await such a time as a build up can be prepared to get the people in the right frame of mind. But you can't keep junk and iron and its movements in the archives. You see it moving as you drive down the road. You see it loading into cars and moving through the yards. It happened as World War I was framing up to take place, it happened for two or three years before World War II. Perhaps this time it is only happening as a bulwark against what might happen, a preparedness program. Before World War II people sensed what was forthcoming and many a commoner protested against shipping iron to Japan which they felt would be hurled back at our boys soon—and their worst fears were realized. Surely none of our junk iron this time is going to a potential enemy. But money, love of which is called the root of all evil, is very impersonal. It seeks to multiply itself by whatever means may be legal. If there is no ban on the movement of junk to hostile nations now that is where the loads you see, leaving the plains farms may be headed.

Billion dollar biennium: Texans who believe in getting more taxes for the government to spend for the taxpayer will welcome the comptroller's report that Texas is to have a billion dollar income this biennium. Such is the expectation now. Barring only a sudden reversal in the trend of affairs, the state's take the coming year will be another half a billion. The past year the total was five hundred thirteen million. This "emphasizes the sensitivity of state revenue to changes in quantity production and dollar value," says the comptroller. Largely the increase represents the pressure of inflation.

In contrast with the rapidly rising revenues of the state, cities, towns and counties find themselves under heavy pressure for local improvements which they are unable to make without heavy burden of tax assessments against property for now and for several years in the future. These towns and counties are undertaking only after sifting out the non-essential and doing only those things which necessity demands. Thus-wise the City of Floydada and the Floydada Independent School district both have spent a great deal of money in the past 12 months. Both were under pressure of necessity. The same is true of other taxing subdivisions which are spending. Only saving feature of these expenditures, so far as long range repayment is concerned, is that the money has been obtained at a cheap rate of interest. Meanwhile many of these subdivisions look longingly at the state's big income and wish they had some way of getting to make use of a part of it. Since the pressure will come from all sections it is entirely possible, too, that something may be worked out along this line.

Property in many cities, towns and counties is being made to bear an almost unreasonably burden of taxes. Not so in Floyd county, we gladly state. That is, both the tax rate and the valuations are reasonable. Particularly is this true of farm property. None of us want it otherwise. So long as the valuations can be held down it is possible to be fore-armed against any sudden adverse condition, warnings of which continue to be made.

Amarillo business man to another: "I see Floydada as a place where a good paint salesman would do a land office business for a year. If he knew how to sell street paving he could do well at that, too."

Slow down. You may be going to the wrong place anyway.

Floyd County 14 Years Ago

Mr. and Mrs. R. Fred Brown and sons, Harold and Rex, have moved to Amarillo to spend the winter. The boys will attend school there. Watson Jones, 15, son of Mr. and Mrs. W. O. Jones, broke his left arm between the elbow and the wrist Sunday afternoon. The arm was re-set at the Smith and Smith sanitarium here.

Irene Kreis, Annie Laurie Martin, and Ruth Enoch of Floydada will be among the co-eds at W. T. S. T. C. this year.

Travis Burgett, son of Mr. and Mrs. Lee Burgett, left the first of the week for Austin where he will spend the winter in the Institute for the Blind. He will do ninth grade work this year.

M. L. Solomon reported to officers the loss of his 1929 Ford coach after he had discovered its disappearance from its parking place at the First Methodist church about noon Sunday during the homecoming service.

In their first real test of the season, the Floydada whirlwind eleven will try their strength against the strong Tulla squad at Tulla tomorrow.

An automobile caravan of boosters from Lubbock presented a short program here Tuesday morning, inviting the people of Floyd county to the twenty first annual Panhandle-South Plains fair.

Some 800 were present Sunday at the Homecoming services at the First Methodist church.

Earl Norman, son of Mr. and Mrs. L. O. Norman, left the first part of the week to matriculate in Baylor University.

Frank Long, son of a pioneer couple, died Saturday following an illness of two years.

Baxter, Smith New Owners of Elevator

LOCKNEY—The Lockney elevator has been sold to two Plainview men. It was announced last week by Ciel Baggett, owner. The effective date of the transfer of ownership is September 15.

Purchasers are Charles Baxter and Ben Smith, both men formerly connected with Westex Grain company at Plainview.

Charles Baxter will move here and manage the elevator, Mr. Baggett said. Hugh Carroll, who has been employed at the elevator for some time, will continue in that capacity.

Mr. Baggett has announced no plans for the future. He will continue to live here and may possibly enter some business later on, he said.

Better Light means Better Sight

Protection from traffic hazards is important, but just as important today is protection from eyestrain due to improper lighting.

Growing children need more care than older folks when it comes to making sure that the light is right. Their eyes, still developing, need every bit of care and attention they can receive.

Make sure, wherever children work or play, that the light is right. Low cost electricity makes it easy—and economical too—to provide GOOD lighting — always.

24 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

My Charms Old South Recalled

Fannie Brown of Lockney, daughter, Mrs. Susie Draper, in August from a trip to Alabama and Mississippi, they saw kinsmen and Mrs. renewed recollections of the region. A narrative trip is related below by Mrs. who is a sister of A. D. of Floydada.—Ed Note.

Amarrillo on July 26, I arrived Memphis, Tennessee, July 27. I met my daughter, Suzie of 27 South Lullwood, San Antonio. We spent four days with my brother, J. E. Blount and family. His daughter, Lottie Blount, made it possible for us to have a wonderful trip.

We left for Huntington, Tennessee. There we visited my mother's kin later we met my father's people. We visited my grandfather Zachariah Taylor Blount's old home where my father was born and raised. He was born in 1825.

From Huntington we drove to Lookout mountain above Chattanooga. The scenic point of interest here included the cable incline and the Ruby Mountain cave. At this point it is possible, when atmospheric conditions are favorable, to see seven states. Historically, it is the site of three battles of Chattanooga in the Civil war, and is now a national park.

Trip to the Hermitage
From Chattanooga, we drove to Nashville where we visited the state capitol, the old Fort Nashville,

President Polk's Tomb, and 15 miles out on the Lebanon Pike, the Hermitage, the home of President Andrew Jackson. These, along with many other president's homes, are national shrines.

Leaving Nashville, we drove south to Knoxville which was the high point of the trip to me because we visited the old Governor Blount mansion. Literally, this was the capital of the territory south of Ohio from 1792 until 1796. Governor Blount having been appointed by General Washington. We reached there on Sunday and the mansion was open to the public only on week days. However, learning that we were descendants of Governor Blount, the caretaker was kind enough to open it for us. The mansion has been restored and furnished with many of the original pieces of furniture as well as replicas of pieces of that era. It is noted for its collection of China, ironstone, sterling silver service, and serving pieces which were typical of that era. It is located in downtown Knoxville, just a block or so off of Gay Street on the banks of the Tennessee river. One of its interesting points is the underground passage from the house to the river, making it possible to escape or arrive undetected to or from the river Switzerland of America.

We also visited the state university whose campus is considered one of the most picturesque in the south. From Knoxville we drove to Gatlinburg, the resort town of the Great Smoky National Park. This region is known as the Switzerland of America, and is breathtakingly beautiful.

Crossing the park, our next stop was Asheville, North Carolina, another scenic spot of that section.

From Asheville we drove through Alabama and on to Corinth, Mississippi. We went out to Shiloh National park, the site of the Shiloh battle-field which was one of the important battles of the civil war. This was near Pittsburg landing on the Tennessee River. Near by was a small log chapel known as Shiloh church. It was here that General Andrew Jackson of the Confederate army was killed.

Church at St. Johns
We returned to my brother's home in Memphis on Saturday, July 31. On Sunday August 1, we attended the beautiful St. Johns church, the largest Methodist church in Memphis. On Monday 2, we drove to Holly Springs, Mississippi, to see my sister-in-law who is ninety years old and Suzie's only living aunt.

We visited my old home, kinfolk friends and neighbors. An interesting note here was drinking water from an old gourd at my home spring which was our source of water when we lived there. We then returned to Memphis, and left August 9 for Amarrillo where Beatrice and Hugh met me. I returned home that afternoon.

Amarrillo Touring Group Coming Sept 20 to Floydada

A "prevue" of the Tri-State Fair will be given Floydada residents when a touring group of Amarrillo businessmen visit here 10:30 a. m. September 20.

The Fair's reception and goodwill committee is making an area-wide swing through the Panhandle-Plains to personally invite Amarrillo's neighbors to the annual exposition. Fair dates are October 4 to 9, inclusive.

The trip will be made in a specially chartered bus, carrying 25 of the Fair boosters. Jay Taylor, Fair President, will head the delegation. Sam Elkins, for years a wholesale druggist in Amarrillo, is Chairman of the Reception and Goodwill Committee.

While in Floydada, a public demonstration will be held at some downtown point. A crew of six-speakers will tell of the attractions of this year's Fair.

WOFFORD KIN GATHER
LOCKNEY—A reunion of the children and grandchildren of the late Mr. and Mrs. C. A. Wofford was held September 5 in the home of Mr. and Mrs. Jake Smith here. Mr. and Mrs. Wofford were pioneer residents of Lockney, moving here in 1904.

Dinner was served in the Smith home to about 65 and the afternoon was spent in talking and visiting together.

Prediction Made on Ginning For 5-County Area

PLAINVIEW—Plans for handling a recordbreaking cotton crop were discussed last night as more than 75 ginners, bankers and oil mill and compress men met at the Legion hall here.

Ginners from eighteen towns and communities in the Plainview territory estimated ginnings of 141,813 bales at their gins this season. Ginnings were forecast as follows: Petersburg 9,000, Hale Center, 17,000, Spring Lake 10,500, Circle 4,000, Olton 15,300, Earth 7,500, Lockney 13,500, Alken 7,500;

Barwise 2,000, Plainview 11,500, Cotton Center 10,500, South Plains 2,500, Hart 4,100, Halfway 5,193, Floydada 4,860, Edmonson 4,100, Tulsa 3,800 and Abernathy 8,900. There were several communities not represented at the meeting and estimates were made that the total ginnings would approximate 160,000 bales distributed as follows: Hale County 65,000, Floyd 40,000, Swisher 10,000, Cotton 8,000 and Lamb 37,000.

Cotton men said that the crop had suffered materially from recent heavy rains and hail in spots over the territory.

Due to increased labor costs the price of receiving cotton for concentration had been increased from 60 cents to 75 cents, Langford said. This and a 25-cent charge for insuring in the government loan are the only changes in tariff made by the compress and warehouse company.

Charles Signor and Calvin Cannon, representing cotton oil mills at Plainview and Littlefield told of their preparations for the cotton season. Cannon advised the ginners to inform producers of the purpose of a ten cent per bale charge designated for the National Cotton Council. This is used for research work valuable to the cotton industry, he said. Signor mentioned an increase in freight rate for cotton seed hauling of from 10 to 12 per cent.

A private poll of ginners indicated the average price for ginning this year would be 60 cents per hundred with \$3.50 on bagging and ties. Last year the average was 50 cents and \$3.40.

Mr. and Mrs. J. A. Arwine and son, Joe, returned home last week-end from Dallas where Mr. and Mrs. Arwine have been to market. Joe went on to Austin where he took his State Board examination in pharmacy. Gene Arwine accompanied the family to Dallas from where he went to Waco to attend Baylor university. He is majoring in pharmacy.

Hood County-ites Reunion Next Year First Sept. Sunday

Former Hood county people, now resident of West Texas, will have their annual meeting at Mackenzie State park at Lubbock on the first Sunday in September of next year, Miss Lucy Crum reported last mid-week after attending this year's meeting at the park.

"The get together is called a picnic. There were about 60 Hood county old timers present on the first Sunday this year. We had a good time." So reports Miss Lucy Crum, who attended, accompanied by her sister, Miss Molly Crum of Amarillo. Rev. Robinett of Floydada could not attend because of illness, but the Bacuss brothers of Lockney were there. They are sons of Mr. and Mrs. Roy Bacuss now of Sudan.

A good time was had by all, Miss Crum reports.

MOVED TO PETERSBURG

PETERSBURG—Dan Goodson of Floydada has purchased the Hotel cafe from Tom Welch and is now in charge. Mr. Goodson is an experienced cafe man and comes to us well recommended.

Mr. and Mrs. Gerald Cardinal and Mr. and Mrs. P. Q. Haney spent last week-end at De Leon where they were guests of relatives.

Doreas Sunday School Class Has Luncheon, At the McBrien Home

A combined social and business meeting of the Doreas Sunday School class of the First Baptist church was held Tuesday of last week in the form of a luncheon at the home of Mrs. J. D. McBrien. Fifteen members enjoyed the covered dish luncheon at the noon hour.

During the business session, presided over by Mrs. E. L. Angus, the nominating committee presented the following names to serve as officers of the class the coming year:

President, Mrs. E. L. Angus; first vice-president, Mrs. E. A. Grigsby; second vice-president, Mrs. John Hopper; third vice-president, Mrs. Harry Stanley; secretary, Mrs. C. W. Denison; assistant secretary, Mrs. W. U. Riggie and teacher, Mrs. J. D. McBrien.

Members present for the meeting were Mrs. E. L. Angus, E. J. Morehead, Y. M. Moore, Troy Leonard, A. H. Kreis, J. O. Warren, C. W. Denison, Harry Stanley, W. U. Riggie, J. D. McBrien, S. J. Latta, E. L. Norman, T. T. Hamilton, Mabel Foster and I. T. Graves.

PLEDGE MEMBERS AMERICAN GUILD OF ORGANIST

Roberta Garrett and Ted Lanham, music pupils of Mrs. Pearl Fagan, have been accepted as full pledge members in the American Guild of Organist with headquarters in Lubbock. Being full pledge members entitles the young people to attend all the meetings and banquets and receive all the literature and helpful information put out by the Guild.

To be eligible to become members in the Guild of organists the pupils must have an ample background of piano study. Miss Garrett will finish her senior music course in piano this spring. She has had two years of organ study and training. Ted finished his course in piano last spring and enters the Guild with a year and a half of study in organ.

Bobby O'Bannon and Eugene Wilkinson, of Vernon, returned Monday from several days spent sight-seeing in Colorado. While there, they visited Pike's Peak and other points of interest. Tuesday, Bobby left for Dallas to resume his studies at Southern Methodist university, where he is majoring in engineering.

Margaret Morris and James Jones Married on September Third

Impressive simplicity featured the wedding ceremony which was performed at ten o'clock Friday evening, September 3, at the home of Mr. and Mrs. W. G. Alderson, 2222 17th street in Lubbock, uniting Miss Margaret Morris of Haskell and James Jones, son of Mr. and Mrs. Fred Jones of Floydada. The bride has made her home with her grandmother Mrs. K. D. Simmons, of Haskell, since the death of her parents.

Rev. C. A. Bickley, pastor of the Ashbury Methodist church in Lubbock, officiated in the double ring ceremony.

The bride was lovely in a street length, two piece, white eyelet embroidery dress with brown accessories. Her corsage was of pink carnations.

The couple was attended by Mr. and Mrs. Odell Breed of Floydada. Mrs. Breed was dressed in a tan suit with green accessories.

The bride is a graduate of Haskell High school and attended Texas Tech for two years. Mr. Jones graduated from Floydada High school and is employed with the Bell Telephone company.

After visiting a few days with relatives in Lubbock, Floydada, Haskell, and Wichita Falls, the couple are at home in Henrietta.

Urges Larger School Units

"Local control for some 1179 school districts in Texas is gone. These districts have no schools of their own but send their children to neighboring communities to be educated," according to the Citizen's Advisory group of the Gilmer-Aiken committee. In January, 1948, there were 4309 school districts in Texas -- 33-29 common, 980 independent.

This means that at least one out of every three school districts in Texas operates no school. Most of these schools contract with a

neighboring district to teach their children. Others pay tuition. In either case, "local control becomes a fiction."

The parents of the contracting schools have no control whatsoever over what is taught, how it is taught, the hiring of teachers, the use of the buildings and equipment, and the general administration of the school. They are outside the school district furnishing a school for their children.

To bring local control back to the parents of the children in these 1200 districts, the Citizen's Committee suggested that larger school administrative units be needed. Every person would then live in a district which operates a school. He would then have local control in this larger district.

The best method for such a re-organization needs the best thinking

of Texans. It is one of the problems facing the Gilmer-Aiken study.

Guests in the J. C. Odum Sunday included Mr. and Mrs. Poore of Floydada, Mr. and Mrs. Willie Frohock and son James, Mr. Ted Freed of Kansas City, Mr. and Mrs. J. C. Poore, children, Elywin and Charlene.

Hollis McLain returned to the Sand Hill community from the Veteran's hospital at Arillo where he has been for two weeks. He was reported doing nicely.

Now is the time to get your heating equipment ready

FOR WINTER

It should be thoroughly cleaned, checked, adjusted, and if necessary, repaired. Call your plumber or heating contractor NOW and have this done before the "big rush."

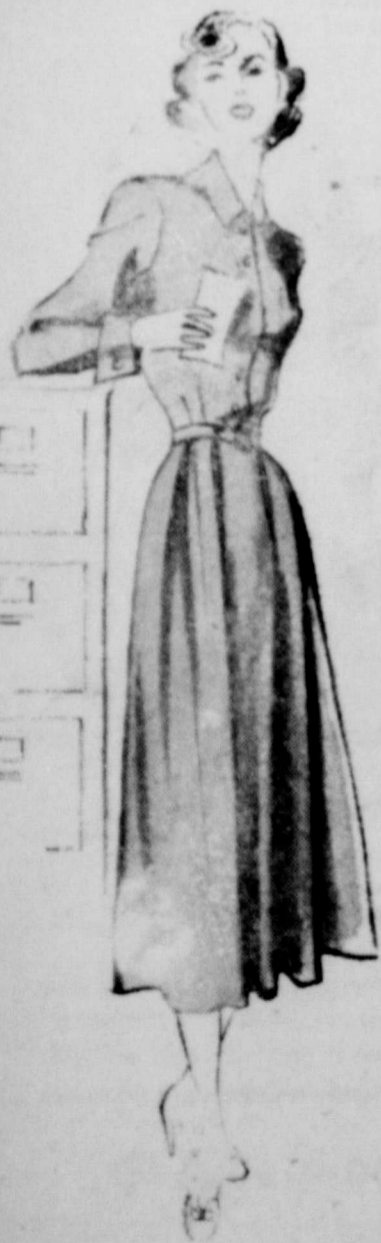

If you have a floor furnace, and wish to clean it yourself, it's easy this way: Lift the grill and remove accumulated dust and spider webs with vacuum cleaner and suction hose attachment.

Now is the time, too, to light your gas furnaces

You'll be glad, later, if you go ahead now and light the pilot lights on your gas floor furnaces or central gas furnace. The quantity of gas burned by these tiny pilots is so small that you'll not be able to tell the difference on your gas service bill. Then when cold weather does come, you'll be ready.

Whirlwind-Tiger Opener Lost by 'Winds 21 to 12

The Slaton Tigers scored a 21-12 victory over a fighting Floydada Whirlwind team here last Friday night, before a crowd of 1,200 fans.

Floydada kicked to Slaton and the Tigers drove 25 yards in three plays before a fumble gave the ball to the Whirlwinds on Slaton's 35 yard line. Floydada was forced to

kick after three downs for no gain. The Tigers drove 70 yards in 10 plays with Morgan going over right tackle to score from the four. The kick went out on Slaton's 30 and Smith's conversion was good. Slaton kicked and Floydada took over on the 32 and drove to the 8 yard line before the quarter ended.

After changing ends the 'Winds were unable to push across the goal and the ball went over on downs on the Slaton 5 yard line. Slaton kicked to their own 20 and held Floydada to no gain in four plays. Slaton took over on their own 20, but a fumble gave Floydada the ball and on the second play Jeter ran 19 yards over the left end to score. Jeter's conversion attempt was wide.

Floydada kicked to Slaton and the Tigers were unable to make the necessary yardage—Slaton kick-

ed to the Floydada 45 and in two plays the ball rested on Slaton's 43—Jeter took the ball off tackle and went the distance to score. Jeter attempted to pass for the conversion, but the pass was wide. Score Floydada 12, Slaton 7.

Floydada's kick was returned to the 30 and after two plays for no gain, the Tigers quick-kicked to the Floydada 28 where the 'Winds were unable to make 10 yards in four plays, lost the ball.

Slaton took over and on the first play Smith went 33 yards to a touch down. The play was called back and the Tigers penalized 15 yards for illegal use of the hands. Jeter then recovered a Tiger fumble on the 32. In 3 plays the Whirlwinds pushed to the 50 before the half ended. Score Floydada 12, Slaton 7.

Half-Time Entertainment

The halftime entertainment was provided by the Whirlwind band, as they did some fancy drilling, then facing the west stands the band played while our twirlers went through their routine.

When play was resumed, Slaton kicked and Arlan White took the ball on the 15 and returned it to the 37. Three plays later the 'Winds, unable to make necessary yardage, were forced to punt. Jeter kicked from his own forty to the Slaton 30. Slaton went nine yards in two plays but a fumble recovery by Floydada gave them the ball on the Slaton 40. Again the Wind offensive bogged down and Jeter kicked the Slaton 23. Slaton fumbled and recovered on the first play and then Morgan took the ball over the right tackle for 77 yards and a touchdown. Smith's conversion was good.

South Plains News

SOUTH PLAINS—We needed so much the rain we received last Tuesday and Wednesday. However, everyone would have been a lot happier over the rain if we hadn't gotten the destructive hail. In some places, eight inches of rain fell and hail almost completely destroyed the cotton, but the feed is not hurt so badly. In some places the cotton is not completely ruined. It was a big loss to all who had irrigated crops. Some parts of the community got smaller amounts of rain and no hail.

Lubbock Symphony 1948-1949 Season

Announcement of the concert dates for Lubbock Symphony orchestra were announced last week as follows:

October 21 with Lauritz Melchior; December 8 with the Amarillo Senior High School A Capella choir; February 8, with William Murphy, Lubbock pianist; March 15, with William Harrod, Lubbock soloist; and fifth and last, April 20, with Amparo Turbi.

Donald Clark Green began Monday his career at teacher of Math and Science in the Lockney High school.

The J. D. Welborn family made a shopping trip to Amarillo Saturday.

Sunday guests in the J. R. Robertson home were their sons, James Robertson of Oton and Joe Robertson, Jr., of Route three, and their families.

The Center W. M. S. held their semi-monthly meeting Monday afternoon with Mrs. Clay Muncy at Lockney.

The J. R. Robertsons took Melvin to Canyon Thursday where he will begin his Junior year at W. T. S. T. C. The rest of the family went on to Amarillo on business and to visit with Mrs. Robertson's brother, J. R. Strain, and family.

Janice Nolan, who has been ill for some two weeks, is reported improving.

Mr. and Mrs. W. C. Plumlee and Mary Alice visited relatives in Seminole over the week-end.

Sure appreciate the rain. Feed cutting, canning, and getting kids started in school keeps everybody busy this week.

Day after day, more and more people are agreeing

The Durability...the Dependability... the Dollar-Value — ALL ARE IN CHEVROLET!

Yes... Chevrolet alone gives the Big-Car Quality and Big-Car Value that have caused more people to buy Chevrolets than any other car! Chevrolet alone gives these Big-Car Advantages at lowest cost!

More Value in Riding Luxury!
Your own tests will prove that Chevrolet has more riding comfort because of its Body by Fisher and improved Unitized Knee-Action Gliding Ride.

More Value in Performance with Economy!
Chevrolet's valve-in-head "World's Champion" engines have delivered more miles, to more owners, than any other motor-car power plant built today!

More Value in All-round Safety!
Chevrolet's Unitized Knee-Action Ride plus Positive-Action Hydraulic Brakes plus Fisher Unit-steel Body Construction provide triple protection!

More Value in Tasteful Beauty!
Its smooth over-all design and its world-famous Body by Fisher assure Chevrolet of beauty-leadership as well as fine workmanship and sturdy construction.

Compare Values!... Compare Prices!...

If you are 25 and your child is, say, 5 years old, for less than 20¢ a day you can assure him of \$4,000 if you are taken out of the picture—an adequate amount to send him through four years of college, to give him the know-how to compete in the world of business he will enter. There's a Southwestern Life plan to fit every age.

He'll Wear Your Shoes Some Day.

That's right, Dad—your son will wear your shoes some day. He may succeed you in the business you're in—may not even go into that field at all. He will be confronted with serious competition in whatever business or profession he enters. He will probably be confronted with all kinds of tax problems... with all kinds of economic problems—perhaps weightier than any you face today.

Yes, he'll wear your shoes some day. Your economic shoes. And how he wears them will depend upon how well he is prepared to face the world. You can guarantee him the educational opportunity to get ready for that day through Southwestern Life Insurance, and you can do it now, while he is young, at a lower than you ever will be able to assure his future with Life Insurance. An interview will not oblige you. So get a full description today of what you can do for that youngster of yours with Southwestern Life Insurance.

An Army Hitch Seldom Hurts A Good Kid

By Robert C. Ruark
(In Fourth Army Recruiter)
NEW YORK.—As Johnny goes marching off again in the new draft, it occurs that a passel of ladies are going to come down with the weeps, over the brutalizing possibilities of the military life.

A trick in the Army is not exactly indispensable to the rich full life, but it may be of some comfort to the parents to reflect that Junior probably will be better off with his uncle than if he stayed home with the folks. It can't hurt a good kid—may help a bad one, and will certainly curtail the rambunctiousness of the chronic bad actor.

It is the natural tendency of the parent to blame the wicked old Army for all future developments in Junior's career—bad ones, that is—and to deny it credit for any positive upturnings.

The actual fact is that military life developed very few rogues from a standing start, and it reformed a lot of social freebooters. The great majority of survivors of World War II are better men as a result of their service—mentally, physically and financially improved. And they remember their time with pleasant nostalgia.

I had a chat with General Omar Bradley, when he was running the Veterans Administration, and Bradley remarked that the only group which hadn't effected a mass recovery from the war years was the civilians. The cold figures showed that the ex-GI had snapped back to a practically disgusting normalcy. He was busy working, paying bills, studying hard, breeding babies and contracting mortgages.

The professional 62-20 clubmen, the whiners, the sulkers and the crooks were around, but they were largely using the war as a justification of their instabpity. It is easy to be a loafer and a sulker when you can blame it on the war, and when you get a lot of help from Ma, Pa and the missus in excusing you own shortcomings. That fragmentary lost generation would undoubtedly have found another excuse had there been no Selective Service Act.

It is interesting that the Federal Bureau of Investigation figures on crime are fattened not by the GI, but by the civilian who just missed inclusion in the draft. Some of the teen-aged hellers who boosted the crime rate will be included in the new draft, and a majority of them will have the orneriness speedily kicked out of them. The unreformable will eventually be plucked out of the body, to ponder their evil doings in a nice clan cage.

Junior will learn, in some cases, to drink whiskey, chase dames, shoot craps and cuss, but he would have learned it in any event, and a tendency to excess in any of these interesting pursuits is more easily controlled by a tough top sergeant armed with the Articles of War, than by a doting mother who sees her darling very seldom when he is at home.

If the little man is a butterhead, selfish boy, it will take him a very short time to learn that the Army is not conducted solely for the purpose of pleasing him, and he will speedily learn to muffle his individualism under the common cloak of respect for authority.

If the little man is shy, timid, with a proclivity for being a mama's boy, he will get some healthy association with good rough guys, gaining confidence and maturity thereby. He will certainly meet less "bad company" than he will meet in the average grade school, high school, or city street.

There is something oddly ennobling in a formation of a unit from individuals. You can actually see the beauty of a shared effort, as it mounts. The Army calls it morale.

Your boy, Mother, will meet some injustice and some hard knocks and he will see some tough living and bad people, and he will come out of it a grown man. That is, if he has anything worth preserving in him.

He will be well-fed, housed, clothed and generally well-treated, if he makes any reciprocal effort. The chances are you will be proud of him when you get him back; but if he does come home mean and no-account, you can gain a wry comfort from the thought that the Army didn't do it to him. He had it with him all the time.

BUS DRIVERS INSTITUTE
Roy Boyd, county superintendent of Lubbock county, has notified C. A. Guffee, Floyd county superintendent, that there will be a bus drivers institute at Lubbock Saturday, September 25. Registration will begin that morning at 8:30. All Floyd County bus drivers will receive a letter from Mr. Guffee giving more information.

and they barked and barked all day long.

After three days of that, I was back in the newspaper office writing the closing account of the show when I heard, or thought I heard, a bark. I assumed it was imagination and kept on writing. In a moment, I heard another bark.

Had listening to all that barking for those three days so worked on my nerves that I was "hearing things?" I looked guardedly around the office to see if anyone else had noticed such a sound but all were busy and I was just lowering my head to the typewriter when my glance caught the eye of Mark Burrows, the "suburban edition" editor—and he tried to keep from grinning but couldn't.

He had been doing the barking. I grinned, too. It's quite a relief to know that your imagination is not playing tricks on you.

A boy showed such marked indifference to his duties that his employer said, "I regret to do so but I must discharge you." The youth pleaded, "Mr. Brown, please don't do that. This is my first job and if I am fired from my first job, it will handicap me all through life." So at last the employer said, "All right; go back to work." The boy said, "You mean I'm not fired?" "That's right" was the reply. "Then," said the youth, "I resign."

A noted criminal lawyer of New York City declared that he had saved over 50 persons from the electric chair, yet not one had ever sent him a Christmas card.

TIMES HAVE CHANGED

(by Albert R. Epperson)
There is nothing on earth to do a man more good

Than to visit the place where in childhood he stood on the dusty street;

To visit with those he used to meet, And talk for a while and rest his feet.

But the times have changed since he was a child, The tales that used to be filled with joy and fun

Are now filled with crime, war, and gun.

But crime and war and gun cannot last forever, we hope.

For these are things against which we cannot cope.

We must trust our minds on the

crops and sod,

And leave the crime, the war, and guns to God.

For God is love and all is right

If we lead our lives in His holy light.

Get the want ad habit.

ONLY THE GAS REFRIGERATOR
Gives you a Ten-Year Guarantee...

STAYS SILENT LASTS LONGER

No wonder Texas families say, "It's the Gas Refrigerator for us!" For people everywhere know this different, simpler refrigerator stays silent, lasts longer!

That's because only Servel has no moving parts in its freezing system. No motor or machinery. So there's nothing to wear or get noisy. A tiny flame of natural, butane or propane gas does the work. And Servel alone is guaranteed for ten years of silent, trouble-free performance. And actually, many of the more than 2,000,000 families who enjoy Gas Refrigerators today have had theirs 18 and 20 years!

But it's not only permanent silence and longer life that are swinging Texas families to the Gas Refrigerator. The new models—with convenience for keeping fresh and frozen foods—are beauties. Come choose your new Servel today. First come, first served.

erican because "Franco, dictator, though he may be, has at least unified the country, and the United States has not recognized the Franco government." He said the Spanish also resented their exclusion from the Marshall Plan.

Meets Shah of Persia

Besides studying the French language and literature at Sorbonne in Paris, Jones traveled in Spain, France, Italy, Switzerland, Belgium, Holland, Denmark, England, and in Venice. While in Paris, he was introduced to the Shah of Persia.

"Although a lot of Europeans are terrifically impressed by the material wealth of America, their chief criticism of our country's culture pertains to such institutions as chewing gum and Coca-Cola," Jones smiled.

Jones was surprised at the high percentage of Europeans who are opposed to the Marshall plan. "Those against the plan feel that its main benefits will go to American economic imperialism," he added.

Dewey Feared

"On the other hand, Europeans like Americans for their friendliness, and they admire American

Lockney Looks Best in Opener

Of the eight teams in district, half won their games last week end and the other half lost.

Those losing were Floydada to Slatton 12 to 21, Spur to Haskell 6 to 26, Matador to Turkey 0 to 19 and Halls to Post 6 to 40.

Most of these teams have a lot of inexperienced men on their line-up and should improve as the season progresses.

The district 4-A teams winning this week were Lockney over Tulia 20 to 6, Abernathy over New Deal 6 to 0, Paducah over Chillicothe 13 to 12 and Crosbyton over Hale Center 9 to 0.

The big boys of district 4-A seem to be the Lockney Longhorns this year. They have the weight and lots of the experience necessary for the know how. At any rate we give the nod to Lockney as the team, at the present, most likely to take the district title.

However, we leave it open in the respect that as the other teams gain experience they improve their chances.

Missionary Couple Leaving for Japan

A Floyd County couple are going to Japan soon to help Christianize that nation, it was announced last week at Lockney. They are Rev. and Mrs. Raymond Spence. They have been appointed as missionaries of Southern Baptist convention and expect to leave for that country between October 1 and 15.

Rev. Spence is the son of Mr. and Mrs. R. T. Spence of Lockney and was reared there. He is a graduate of Lockney High school, and also of Wayland college and Baylor university. He received a bachelor of divinity degree from the

Southwestern Theological seminary at Fort Worth on May 7 after a three year course there. He has held pastorates in both Texas and Oklahoma.

Mrs. Spence is the former Inez Gilliland, daughter of S. F. Gilliland and the late Mrs. Gilliland who lived at South Plains for many years. She is also a graduate of Lockney High school, of Baylor School of nursing, and the University of Texas where she received a bachelor of science degree. She was reared at South Plains but her father now lives at Hereford.

ATTEND FAMILY RE-UNION

Members of the J. A. Currie family met in Ellwood Park in Amarillo Sunday for a reunion with approximately 65 persons attending. A picnic dinner was enjoyed at the noon hour, and various games were play-

Mrs. Delbur Rose

To Preach Sept. 26

At Sand Hill School

Mrs. Delbur Rose of Aiken who is a member of the Church of the Nazarene at Floydada, is to preach at the Sand Hill School house at 3 p. m. Sunday, September 26. Mrs. Rose after having local license in the Floydada church for some two years was granted ministerial license by the Abilene district last year and renewed them last month in the District.

"They're all frightened of Russia," Jones averred. "Just before I left the proprietress of the Maiesherbes a Parisian restaurant, told me that she'd serve me a free meal when I came back in uniform. The French and the English realize that in the event of war, it would be a matter of only two or three weeks before their countries were ruined."

Likes Diplomatic Corps

"I went over to Europe just for literature and travel, but talking with friends in several embassies over there convinced me that the diplomatic corps would be a good vocation. I want to learn Spanish and basic American civil law and then take the Diplomatic corps examination," Jones explained.

Graduated from Stockton High school, Jones studied medicine at the University of California and served in the navy before going to Europe in March, 1942. He plans to attend UC again, starting in September.

State. Widespread and heated controversy has been aroused over this fundamental moral issue. Those who favor the proposed bill argue that the incurably ill have the right to choose to die; those opposed, say that euthanasia is murder, and a crime against God and human nature, according to H. N. Oilphant. Discussing the nature of the bill and the arguments of both sides, in Redbook Magazine for September, he writes:

"If the bill should pass, this briefly, is how it would work:

"Any sane person twenty-one years old or over who suffers from a painful and hopeless condition, could apply to a court for euthanasia with a petition. The court would then appoint three persons, two of whom must be physicians, to investigate the conditions carefully. If this commission reported favorably and if the patient still desired it, euthanasia would be administered either by a person chosen by the patient or the commission. "More than fifty religious leaders of New York State, including such eminent theologians as Harry Emerson Fosdick and Dr. Henry Sloan Coffin formerly of Union Theological Seminary, favor the bill. The most militant opponent of euthanasia - the Catholic Church - takes stern issue, the chief spokesman being, the Right Reverend Monsignor Robert E. McCormick, J. C. D., presiding judge of the New York Archdiocesan Ecclesiastical Tribunal, formerly Chancellor to Cardinal Spellman as Military Vicar for our Armed Forces.

"Monsignor McCormick says, 'If we allow the State to legalize voluntary 'mercy killing' we will permit the Government to usurp a Divine prerogative and abrogate a Divine Law which prohibits the killing of the innocent. The passage of this bill will indicate that our Legislature has adopted the principle that man-made law takes precedence over the natural law. A thing will be right or wrong only because the civil law says that it is right or wrong and because it seems opportune to the majority of the Legislature at the time, regardless of its basic morality.

"Not only Catholics, but many Protestants as well, are opposed to euthanasia. Dr. Harilee Bordeaux, General Secretary of the American Council of Christian Churches, which includes 3,000 Protestant congregations, made this statement:

"According to the teaching of the Bible there is no such thing as legal suicide or legalized murder. We do not believe that the State should be encouraged in any way to usurp such an authority over life, and such a step is a part of the ideology of Collectivist control."

"The arguments of euthanasiaists are: "That murder is the 'illegal killing of another person with malice aforethought.' Euthanasia, its advocates say, is administered in mercy, not malice; and it will not be illegal when the proposed law is enacted. Therefore it is not murder.

"That ill-considered requests for euthanasia are unlikely to be acted upon, because at any time during the interval between application for euthanasia and its administration the patient may withdraw his application.

"That if doctors may err in diagnosing a disease as 'incurable,' they may likewise err in recommending an operation and the patient must trust to the judgment of medical science."

"That, if euthanasia were legalized, the law's requirement of a written application by the sufferer and of legal and medical investigation of the case would put serious obstacles in the way of mal-practice; that

our courts would be inflexibly severe with anyone who undertook to take the law into his own hands.

"Opposition to euthanasia, chiefly represented by the Catholic Church is based solidly on Church doctrine, and is concerned only with fundamental arguments."

"Catholics hold that mercy killing is technically and actually murder - the penal law of the State of New York defines first degree murder as the killing of a human being from a deliberate and premeditated design to effect the death of the person killed, and that this, except when the act is committed in self defense, as in war, is a crime punishable by death.

"That euthanasia violates the Biblical command 'Thou shalt not kill,' and is directly opposed to the Divine, natural and positive Law."

"That euthanasia is also contrary to the Divine Law in that it rejects the spiritual value of suffering."

"That our Creator alone has the power to decide the moment at which life shall cease."

"That a patient pronounced incurable may later recover. Moreover, doctors may err in their diagnoses. Hence this law, if passed would allow unlimited possibilities for the practice of euthanasia on those who have passed middle age."

"And finally, according to Monsignor McCormick, 'It is 'but the first step toward the Hitlerian involuntary euthanasia that shocked the civilized world.'"

County Council to Meet Saturday

The Floyd County Home Demonstration Council will have its regular meeting at 2:30 on Saturday afternoon, September 18, in the county court room.

Plans will be made for participation in the Panhandle-South Plains Fair at Lubbock.

Other business will include the election of delegates to the annual meeting of the Texas Home Demonstration association which will convene in Temple, October 14.

Open House-Field Day for Farmers

Valuable information will be obtainable to all farmers who attend the open house field day at the experiment station east of Lubbock on September 23 and 24. A. L. Hartzog has announced that many farmers in Floyd county are interested and the meeting will be a benefit to all who attend. Farmers of the South Plains including Floyd county will be in attendance at the open house. Registration will begin at 10:00 a. m.

Texan Became Cattle King In Paraguay Story

ASUNCION, Paraguay, July 24—There's a government warrant out for the arrest of George Lohman, but that's nothing to worry a man who has been reported dead twice.

Lohman, a lanky Texan who came here in 1912, is a legendary figure on the lonely Paraguayan chaco. He lives 95 miles from the nearest town. He is rich.

He thinks he has about 80,000 head of cattle and his friends say there are a quarter million acres of land in his home ranch. The Indians, Nomads who kill their old people, call him "The White Chief."

Rebels Supplied Is Charge

Right now Lohman is charged with aiding the rebels who maintained a seven-month civil war last year. Specifically, the Government says he supplied cattle to feed the rebel troops. Lohman's friends say that if he did, it was only to keep the rebels from taking them by force.

Anyway, neither they nor his family are much concerned. The part of his family which lives here says "he'll be in pretty soon to fix this thing up."

The fabulous cattlemen came here with Tex Rickard in 1912 to find a fortune. Rickard soon went back to New York and found his as a boxing promoter. Lohman stayed on and never has been back to the States.

With Robert Stewart, another Texan, helping him, he started out with 12 head of cattle on a few acres of rented land.

Two Bodies Found

Stewart died last year, but Lohman is still active. He has been reported dead twice. Once during the Chaco War, Indians brought in word that he had been killed. They said they had seen his body. It turned out to be the body of someone else. Just last year word spread again that he was dead. This time

it turned out to be Stewart. Lohman married twice, both times to Paraguayans. Two daughters of the first marriage—one of them herself married—live in Asuncion. The second wife was a girl from Concepcion the nearest town—95 miles due east of the ranch, Red Spring. They and their four children live on the ranch.

Markets Are Distant

When Lohman's cattle are ready for market, he has a choice of transportation. He can drive them overland to Concepcion and send them down the river by steamer. Or he can drive them all the way to Asuncion—about 350 miles.

The ranch is not bothered with traffic congestion. To get there from Asuncion there is first a 250 mile trip by river steamer to Concepcion. This may take two days or more if the steamer runs aground on a sandbar. Then there is the overland trip 95 miles due west to Red Spring ranch—where the road ends.

In the dry season a truck might or might not make it. In the wet season an oxcart is the best bet. Since the war, Lohman has bought a jeep. He says it is all right on any road good enough for an ox cart.

Dorothy Terrell Has Award

Dorothy Faye Terrell, 15 year-old Plainview girl was named winner of a \$100 award today by The Progressive Farmer magazine in announcing the results of its "Favorite American" contest. The \$100 prize represented the top award for entries made by hundreds of rural boys and girls in Texas and Oklahoma.

She is the daughter of Mr. and Mrs. Clayton Terrell.

Dorothy named Kate Smith as her favorite American, supporting her choice with the statement, "Kate Smith stands for those things in life that are good, pure and spiritual."

Individual achievement, club leadership and the soundness of reasons supporting the contestants' choice for "Favorite American" were other factors upon which the awards were based.

1929 Conference & P W Clubs at Plainview Saturday

The 1929 Conference of the District Conference for Disabled Women's club will be hosted at Plainview, September 18 and 19. The Dimmitt club will be represented by the Plainview B. & P. W.

Plans are being made for 150 delegates to the conference. Registration will begin Saturday afternoon at 12:30 o'clock. The District Director's banquet will be held at 7:30 Saturday evening. The State speaker, Charle Ward, will be present. A breakfast at 8 o'clock Sunday morning will be held by attendance by guests.

The following Business and Professional Women's clubs are included: District No. 9; Amarillo, Borland, Dimmitt, Dumas, Floydada, Lockney, Lubbock, Pampa, Perryton, and Plainview.

W. H. Bethel has been elected delegate of this club to attend the conference. Mrs. Lewis Norman, president of Floydada club, will attend and she has emphasized that members are invited and urged to attend.

The 1929 Study Club Year with Picnic at Home Mrs. John Hoffman

At 8 p. m. on Tuesday, September 15, the Nineteen Thirty Four study club began the new year with picnic at the country home of Mrs. John Hoffman, with Mrs. J. Cleveland, Mrs. A. L. Hartzog, and Mrs. Lella Petty as co-hostesses. A barbeque with all the trimmings was served on the beautiful grounds.

Guests included Mrs. Jewell Martin, Frances Jones, Jettie Moss, Avis Muench, Bernice Stapleton, Florene Crowell, Mary Barber, Elizabeth Armstrong, Cardinal, Mary Penner, Mary Evans, Flora McNeill, Miss Anne Johnson, a visitor, Mrs. Harry Morrison, and the hostesses.

A short business session with Mrs. Bernice Stapleton presiding, Donice Cline was voted in as a new member. The next meeting will be September 22, at 7:15 p. m. at the home of Mrs. Mary Shaw at 325 W. Virginia.

Mr. and Mrs. George Graham Observe 50th Wedding Anniversary

Mr. and Mrs. George Graham of Lockney celebrated their 50th wedding anniversary on Sunday, September 12. The couple were married at Concord, Arkansas, on September 8, 1898. The celebration was held September 12 so that all their children could be with them. An open house was held for friends and acquaintances from 3 to 5 p. m. Sunday afternoon. They live on West Third Street.

Mr. and Mrs. George Graham moved to Lockney in 1918 and have made their home in this vicinity since.

1922 Study Club Year Beginning Today

Beginning of the 1922 Study Club year will be this afternoon at 3 o'clock when Mrs. O. P. Rutledge and Mrs. Glad Snodgrass will be at home to the members at the home of Mrs. Snodgrass, 503 West California street.

New yearbooks are to be distributed. Done in orange and white they were prepared by a committee composed of Mrs. J. M. Willson, Mrs. Kenneth Bain and Mrs. Lon V. Smith.

"To Whom Palestine?" will be the theme running through the year's programs.

Berlin Lincoln, of Panhandle, Texas, visited with the W. D. Newell's Sunday night.

Luncheon Opens Year For 1929 Study Club With Mrs. Leonard

The 1929 Study club luncheon opened the new club year Thursday at 12:30 o'clock in the home of Mrs. Troy Leonard, 708 South Wall street.

Large white mums and green foliage centered the dining table. Fall flowers were placed on the individual luncheon tables.

Mrs. Hollis Bond had charge of the business session. One resignation was accepted and four new members were elected to membership.

Mrs. James Word, chairman of the yearbook committee, presented the new yearbooks, "Religion Through the Ages," to the members. The president expressed the club's appreciation to the yearbook committee for the yearbooks.

Mrs. Bond gave an interesting talk on "What Good Will My Life Do For Me?"

Attending the meeting were Meses A. T. Hull, W. E. Grimes, E. E. Joiner, Earl Hogge, R. C. Henry, E. L. Norman, S. W. Ross, P. A. Denison, A. H. Kreis, J. D. McBrien, Hollis Bond, S. J. Latta, Rex Brown, John E. Hoffman, James Word and the hostess, Mrs. Leonard. A guest at the meeting was Mrs. Leonard's daughter, Mrs. Bill Romane, of Crosbyton.

Gay Grundy Honoree at Birthday Party

Miss Gay Grundy was honored Monday afternoon with an occasion which suited her perfectly - a gay birthday party at the home of her grandmother, Mrs. Ike Grundy. Mrs. Grundy was assisted by Mrs. W. H. Hilton, Mrs. Lacy Martin, and Mrs. Billy Grundy.

Gay blew out all eight of the candles, and of course that means she's to have a lot of good luck and "many happy returns."

Present to enjoy the games, cake and punch with her were Fleta Carthel, Pat Hickerson, Leora King, Gaynell Boothe, Devona McEntire, Marilyn Jones, Caren Goen, Joellen Reue, Norma Ruth Martin, Cherry Darden, Linda Gay Jones, Cynthia Holliday, Wandell Norvell, Nancy Thomas, Grace Ann Potts, Ann Word, Bobby Grundy, Larry Jo Irby, Troy Norvell, Douglas Walding, and Doyle Grundy.

School is beginning. Vacations are over now. Football season will soon be in full swing. Classes are sliding into the groove. The wheels of education are starting to turn. There are three classes into which you may fall.

Those in the indifferent group are attending school only because they are made to do so. To them acquiring an education is only a worrisome process which has to be undergone. They are looking for the easiest way out.

To the class called mediocre the school is a social organization. It is there they meet their friends, make dates, plan parties, and exchange the latest gossip. To be sure, they study occasionally. To them school does have a purpose, yet how trifling is that purpose.

The industrious have come with the aim of getting the most and the best from their social life, but there is a goal out ahead for which they are striving. Seeking knowledge has become an adventure. They apply themselves diligently to the task of learning. May we all essay to join this group.

This is the second week of school. How did you begin? Are you doing your best in every endeavor? The way you begin is most likely the way you will end.

GLEE CLUB

The glee club has been organized under the direction of Mr. Kattner. It is composed of a three-part girls' chorus. The group has received new music which they expect to present soon. There is room for several more girls in this organization, so if you are interested, report to the band room during the second period.

Week's Personality

February 4, 1931, was a very exciting day in the little town of Olton, Texas, especially for Mr. and Mrs. Jeter. The cause of all this excitement was none other than a bouncing baby boy. After crossing out many names, they finally decided upon the name Bill. Exhausting his many energies in several other towns he chose the lucky town of Floydada for his residence.

Just in case one does not know Bill, the next time you see a jolly lad, with roguish green eyes and brown hair, with an out-of-this-world physique of 175 lbs, strolling down the hall, it will probably be that one and only Bill Jeter, yes, it is true all of this is bundled up in only one person.

Bill has many likes, but when asked about his likes, he grinned and said, "women." He also likes other things such as almost any kind of sports, fried chicken just melts in his mouth, eating, "My Wild Irish Rose," "Up Front," green, white, carnations, Ingrid Bergman, Dennis O'Keefe, Coach Gresham, and Mrs. Cardinal. Try not to faint, but his favorite subjects are history and literature.

Bill's pet aversion is hateful people. He also does not care much for golf and young children. Our Whirlwind captain's main hobby is just plain loafing.

For Bill's ideal girl, he decided he was easily pleased, but then thinking the matter over, he concluded a brunette would be tops.

Bill would start his perfect day by getting up at nine. After a scrumptious breakfast of flapjacks with all the trimmings he would just fool around until noon. He would have a big lunch of fried chicken, creamed potatoes, English peas, a vegetable salad, apple pie, and milk.

Letting his dinner settle, Bill would go directly to the swimming pool and stay until about three. The man of the hour would spend the rest of the afternoon hunting ("just anything-maybe women.") He would come home to a big steak dinner about six. After seeing a good show with his ideal girl, Bill would just fool around with his girl friend until about 10-30, before taking her home. Then Bill would like to loaf around until eleven before going home.

Bill's main ambition is to be a civil engineer, and Bill, we know you will succeed because, as you have proven to us, you really have what it takes. We also want to congratulate you for being elected to such a high honor as football captain and also to congratulate the team for making a wise selection.

Pep Squad is Led By 3 New Cuties

The pep squad has gotten organized in a big and careful way with complete new uniforms to top it all. The three pep leaders, Chris Jones, Jennie Chowling, and Verna Laster are really cuties and know how to lead those yells. The pep squad is taking care of the concession stands this year, and they would like all football fans to help them out. They promise to keep well supplied with everything.

Band Misses Seniors, But Is Carrying On

With a roar of drums and a clash of cymbals, the Whirlwind Band got under way with its warming up session after the summer vacation. Mr. Myron Kattner is the new and very competent director of the band. Under the skilled direction of Mr. Kattner things are beginning to shape up nicely and the band has begun to make headway.

The band has some new members this year, but due to the loss of its senior members last year those that are interested in being in the band are urged to see Mr. Kattner. It is preferred for those who have had no experience to try to arrange for two periods of band.

For the opening game of the season the Whirlwind band presented a stunt which consisted of accurately timed maneuvers and a new spectacular counter march which featured the twirlers in an assortment of twirling numbers as the band played the victory march.

Everyone in the band is very proud of the new band house. It is a greatly appreciated improvement from the former one.

The drum majorette of the Whirlwind Band for the coming year is Miss June Powell.

June is a skilled twirler and a capable leader of the band. We know she will do an excellent job during the weeks to come.

We regret to hear of Billie Freeman's being in the hospital recovering from an appendicitis operation. Billie is in the Pitts hospital after her operation Friday night. We wish you a speedy recovery, Billie. We miss you.

To the Freshmen and new students of Floydada High school, we the old students and faculty, wish to give you a hearty welcome. We hope that you will soon get accustomed to our schedule and enjoy being a student of Floydada High school.

We think that you will find the former students friendly and willing to help you in any way because we still remember when we were freshmen and how many doubts and fears we had. Let us assure you that these are useless for we are happy you are here in F. H. S. with us and want to help make your first year a happy one.

Classes Name Their Officers

Last Friday each class met at the fifth period and elected officers for this year. The Seniors elected the following people as officers: president, Jon Parkey; vice-president, Bobby Cline; secretary, Roberta Garrett; treasurer, Mary Maxey; reporter, Bobby Bishop. Sponsors of the senior class are Anne Sweptson and H. G. Barber.

Juniors: president, Junior Parkey; vice-president, Bobby Finley; secretary-treasurer, Joy McCravery; reporter, Peggy Collier. The sponsors of the Junior class are Alice Baker, W. R. Johnson, and W. C. Reagan. Sophomores: president, Dan Hagood; vice-president, Stanley Conner; secretary-treasurer, Billie Newberry; reporter is to be selected later by officers and sponsors. Sponsors of the class are Mrs. Dorris Jones and Mrs. Sude Thomas.

Freshmen: president, Don McGuire; vice-president, Kenneth Bishop; secretary, Jo Mae Dunn; treasurer, Don Daniels; reporter, Frances Ashton. Those sponsoring the class are Mrs. I. T. Graves and Myron Kattner.

Billy Mac Shipley New President of Floydada Chapter

Billie Mac Shipley was elected president of the Floydada Chapter of the Future Farmers of America in the election held in the Ag room of the high school Friday. Others elected to assist Billy Mac were:

Vice-president, Harvey Dale Tardy; Reporter, Billy Joe Smith; Treasurer, Billy Turner; Secretary, Bob Harless; Parliamentarian, Dean Stewart; Historian, Douglas Whitfill; Sentinel, Delton Waggoner; Second Vice-President, Buddy Sanders; Third Vice-President, Franklin Wiley; Advisers, Bob Patterson.

Fifty-three boys are enrolled in ag and a program of work is being worked out in committees. Chapter Objectives will be presented for the chapter consideration soon.

FHA Girls Serve Lovely Dinner to Coaches and Supts.

Last Thursday evening, Sept. 9, a lovely dinner was served in the dining room of the Homemaking Department to the coaches and superintendents of this district by the Homemaking girls.

The meal was prepared by the third year girls and served by the first year girls.

After the dinner was completed, the girls were quite tired, but a good time was reported by all.

Two New Members in School Faculty

At the beginning of the new school year, we found that there were only two new members in the faculty, Myron Kattner, band director, and W. C. Reagan, science teacher. Mr. Kattner is a graduate of Baylor University with a very high record. He originally hails from Grevention, Texas. Mr. Kattner said he did not have much of a hobby, but he enjoys all music in general.

Mr. Reagan taught freshman Chemistry in East Texas State Teachers College while in school there. He also attended Southwest Missouri State College in Springfield, Missouri. Mr. Reagan served in the Air Force for five and one half years. According to him, his main hobbies are fishing and reading.

We are very proud to have you in our faculty and we hope that you will enjoy being with us. We trust that you will find teaching in Floydada High School a pleasure as well as a job.

DE QUACKER

Wal, hi chilluns, has all of o' ducklings had a good vacation? And is you now cut de capers and pitch-de-dat de dear of "De Quacker" have a full column for de next months? Member put all de little can in Mr. Baker's office.

Looks like "Lee Hutchinson, Wilma Dyer" are going to have a "fight" over who gets Bob Cooper from the way it looked Friday at the ball game.

Seems as if Vera Burke and Shipley were having a good Friday night.

I wonder if David Nickles and Ta'loona are getting up a new sure looks that way.

Glady's and Trav have been pretty steady lately. I wonder long it will last ???

All the girls seem to think Jeter is cute. Come on, Bill!

I seem to recall Virginia wearing a "Diamond" on her hand, is it imitation or the thing? ???

Speaking of diamonds, Holder is wearing one. Guess and the telephone boy she has going with are really serious.

Betty Laster, are you and Betty still going together? ???

It looks as though Jimmymonds and Billie Chowling are trying up a romance. He takes home every day after school.

Hope and Sammy Hale were doing bad last Saturday night. It happened to Weims? ???

I wonder what Ted is going to do since Delmar is home. He seems to enjoy going with one of them.

It appears that Mary Maxey, Jon Parkey are getting up a case. They make a cute one don't they? ???

Katie and T. Conner are going together pretty steady. "Ood's Love? ???"

From the way it looked Saturday night, Virginia Odum has a new now. Tell us more Virginia.

And dat's all for now! !!!

Billie Chowling.

The Informal initiation was Monday night September 13 at home of June Powell.

TCU to Honor Three Religious, Civic Leaders

TO CELEBRATE its 75th anniversary Sept. 20th, Texas Christian University will hold a diamond jubilee at which honorary Doctor of Laws degrees will be presented to three outstanding religious and civic leaders. A Christian Church school, TCU will mark its anniversary by presenting its first honorary degree to a Jewish leader—Henry Cohen, left above, Rabbi of the Temple B'nai Israel, Galveston. The other honorees will be Dr. Charles H. Harris, center, eminent Fort Worth physician and founder of the Harris Hospital and of TCU's Harris College of Nursing; and Oron E. Scott, prominent St. Louis business- and outstanding laymen's leader in the Christian Church.

a bucket of peaches are ready to be peeled. This much for neglecting things last week.

If you are not a Davis then the next best thing is to be an old friend of the family for they certainly make a big time of family celebrations. Last week Mr. and Mrs. T. J. Davis who live a mile south of us celebrated their sixtieth wedding anniversary at the Party house in McKenzie park. We had such a fine time talking over old times and eating dinner with them. Such a dinner! I ate and ate, quitting time after time but tasting another bite of the good chicken pie that Nina brought, a piece of Pearl's cake, just another bite of Roleta's and Ruby's cooking. And I could not pass up a bit of Roxie's and Lois's good things. So I kept on and on. Jackie and Joyce's wife also tempted me and at last I went and sat down and enjoyed my misery.

C. H. Spurgeon was talking to a farmer who had on his barn a weather vane on the arrow which was inscribed, "God is love." He said to the farmer, "What do you mean by that? Do you think God's love is changeable - that it veers about as the arrow turns in the wind?" The farmer answered, "Oh, no! I mean that which ever way the wind blows, God still is love."

And a line from Don Blanding "White clouds sail by like mighty ships whose holds are filled with dreams. While ginger blossoms drench the air with perfume by the streams".

Conservation District News

The Soil Conservation Service technicians assigned to the Floyd County Soil Conservation district set high points recently for irrigation wells for J. W. Day, Jr., of McCoy, D. J. Parkey in the Harmony community and C. J. Parr and Thomas Evans south of Floydada.

The District's grass drill has been repaired and is operating satisfactorily. Several farmers are using it this week to plant their improved pasture mixtures.

Raymond Rucker has harvested some volunteer humam clover seed. The yield was around 250 pounds per acre, which he thought was pretty good for one watering and a volunteer crop. Humam clover is planted for a soil builder on small grain land and is an annual summer legume.

The field crew has run some contour lines for Thomas Warren, who farms two miles south of Liberty to drill wheat by this week.

The local Work Unit conservationist went over the W. E. Miller farm with Orba Miller, the operator. A good stand of orchard grass was observed in a mixture with alfalfa, bromo and perennial rye. The cattle were grazing all grasses and alfalfa but they appeared to be grazing the orchard grass more than any other plant in the mixture.

FLOYD COUNTY SCHOOL MEN ATTEND CALLED MEETING

I. T. Graves, Superintendent of Floydada schools, Clarence Guffee, county school superintendent, and Sidney Reeves, Superintendent of Lockney schools, attended a district superintendent's meeting in Lubbock Saturday afternoon.

The meeting was called by E. H. Boulter, deputy state superintendent of the Lubbock district. Speakers at the meeting were John L. Beard, state director of equalization, E. L. Galvan, head of the state division of census, and F. M. Thurman, state director of the luncheon program.

Miss Beulah Legg of Clifton college at Clifton visited in the home of Mrs. Clyde Henderson Monday.

Soapless Suds in High Favor

COLLEGE STATION, Sept.—The "soapless suds" or synthetic detergent powders have found wide favor with housewives, as they are generally excellent oil and grease removers. They are especially good for washing greasy pans and dishes. Mrs. Bernice Claytor, extension home management specialist for Texas A. & M. College, says that this advantage - of dissolving grease - is not so good in washing linoleum, paint or furniture. "Detergents draw out the oil, causing finishes to dry out," she points out. "Oil is an essential ingredient in linoleum and oil paint."

Even ordinary soap will have a drying effect on linoleum and paint and should be carefully rinsed off. Mrs. Claytor says. She particularly warns against the use of grease solvents on linoleum.

"One of the best ways to keep linoleum in good condition," Mrs. Claytor concludes, "is to wax it frequently. Wax restores the essential oils and puts a protective finish on either linoleum or furniture and should be used often."

Mr. and Mrs. Vernon Hands of Haskell visited with Mr. and Mrs. Lacy Martin over the week-end.

GEORGE ALLEN AT TECHNICAL SCHOOL AT HAGERSTOWN

Precision work on three standard type motors will be studied by automotive mechanics from this area at the Perfect Circle Doctor of Motors School.

Ted Ferguson of Smythe Auto Supply said the school was set up in Hagerstown at a cost of \$1,500,000 for the purpose of raising the standards of workmanship of automotive mechanics.

Thousands of mechanics from all over the nation will attend the course. Among the mechanics from the Panhandle and New Mexico that are attending the September session of the school through the invitation of Smythe Auto supply is George Allen of Oden Chevrolet company of Floydada.

Series of Meetings In Tent Under Way

Last night began a series of meetings in a tent revival at the corner of Second and Grover streets, next to the Calvary Baptist church. Rev. J. T. Bibrey is pastor of the Calvary Baptist church, and he extends to everyone an invitation to attend these services.

Rev. T. R. Bedford of Odessa will preach and Arlice Coward of Ralls will conduct the song services. Rev. Bedford and Mr. Coward conducted a tent revival here beginning June 1 of this year.

Song services will begin at 7:30 and preaching at 8:00 every night including Saturday night, through September 26.

Sunday School begins Sunday mornings at 10:00, preaching at 11:00, and Training Union at 7:30 in the evening. J. C. Pierce is Sunday School superintendent and J. C. Odum is Training Union director. Everyone is welcome to all these services.

Fairview News

FAIRVIEW, Sept. 14—The rain received last mid-week was very beneficial to row crops that had not been damaged too much by the dry weather. It also put enough moisture in some of the wheat land to sow it. Several began sowing today.

We are having cool nights and early mornings now, which is welcomed after so much hot weather.

Mr. and Mrs. L. B. Cosby and daughter, Mary Dee, returned home the first of last week from San Antonio and DeLeon, where they had spent a week visiting their daughter and sister, Mrs. T. C. Goodman, and family and other relatives.

Mr. and Mrs. C. W. Payne and daughter, June, spent the week-end in Lubbock visiting relatives. While there, they visited with Mrs. Cecil Payne, who is ill in the Lubbock Memorial hospital.

Mr. and Mrs. Lee William Burton are the parents of a son born Sunday afternoon at the Lubbock Memorial hospital.
