'African Adventure' Movie Show at High School Next Week Brings True to Life Story of Game Hunt

"African Adventure," a full-length movie thriller, will be shown in Floydada High School auditorium on Wednesday and Thursday, October 13 and 14. Matinees will be held at 1:30 p. m. and evening shows will be at 7:30 p. m.

The "African Adventure" film was made by W. G. McMillan, West Texas sportsman, on a 5,000-mile trek through the jungles and veldt country of British East Africa. The picture is in gorgeous tropical color and has a sound narration and musical background.

Lions Stalked By Cameraman

One sequence in the 90-minute film, "African Adventure," shows a circle of 20 lions stalking the cameraman, W. G. McMillan, famed Texas hunter of big game.

Defying the danger of the massed killers' approach, Mr. McMillan kept on grinding his motion picture camera until the leading lion lunged. There is a timely puff of smoke and the first lion is dead, the others retarded. Bill McMillan, Jr., has once again covered his father's hazardous position.

In another scene a lion is shown maneuvering to kill an impala, which is a small deer-like animal. This time, no rifle-shot intervenes. There are hosts of man-eating lions in Africa; they consider antelope and zebra their prime delicacies, however.

Countless Species Shown With the beautiful veldt as background in panorama, thousands of animals of countless species are seen migrating from one feeding-ground to another. Inborn hatreds are forgotten for the moment, as a still greater urge drives all in haste from an area of famine to a land of lush green pastures.

You will seldom experience a more thrilling hour and a half than while viewing this superlative picture, where nothing is faked - all is true, all is genuine; it's just the way it happened.

The Floydada Jaycees and the Floydada High School Band are joint sponsors of the show. The proceeds will be used by the Band for instruments and the Jaycees will use their part for their Christmas program.

The awards, together with the exhibit will go into the hands of the exhibitors. Thirty-one awards were given to the exhibitors. Thirty-one awards were given to the exhibitors.

Mr. Hartog and Mrs. Hartog have things well organized as the exhibit was put on by Mrs. Hartog and Mrs. Hartog.

Other features of the program to be rendered include recognition of farm ownership county delegations and families and an address by Walter Cardwell, Manager, Luling Foundation Farms, and chairman of the State Advisory Committee of PHA.

PHA County Supervisors have notified the State Office of Farmers Home Administration that several hundred families who have received farm ownership loans and paid them are coming to Dallas for Achievement day at the State Fair of Texas.

A bank, the First National of Decatur, has arranged to charter a bus to bring Farmers Home Administration families from Wise County to Dallas for the occasion.

William E. Anderson, County Supervisor for Floyd and Crosby counties, says that Achievement awards are being delivered to each of the following families:

In Floyd County: Bernard E. Harris, Howell B. Johnson, Bill O. McNeill, Robert A. Ratjen, Joe R. Robertson, W. Carrick Snodgrass, Ernest L. Thomas; In Crosby County: Wayne M. Harris, John D. Henry, James W. Sales, Raymond E. Spurgin, Morris J. Wideman.

Final Date on Grain Sorghum Supports is February 28, 1949

The Grain Branch has notified the county committee that the grain sorghums bulletin will be amended to provide for grain sorghums loan and purchase agreement programs until February 28, 1949.

When the original announcement was made that loans and purchase agreements would be available only until December 31, 1948, the local county committee composed of G. B. Johnson, W. H. Nelson, and W. F. Ferguson, with those committees of

Cotton, Maize Harvest Edges Into Season

Cotton and maize harvest in Floyd county gathered momentum under the maturing influence of a dry, hot sun. Both cotton and maize are ripening fast and many fields have been started.

With a forecast that 25,000 bales or more of cotton will be ginned in the county, and irrigation fields turning white with the staple, it appeared yesterday that the three new gins in the county to supplement those already in operation, will come in handy for the man who has to get his cotton out of the field and into bales.

One new gin each at Floydada, Lockney and Barwise have been put into commission. They are excellent gins, all-steel, and fully equal in every respect to the other gins of the county.

Equally as important as the cotton crop to many farm operators is the big harvest of forage feeds that is getting under way. The feed situation is a bit different to that of cotton in this respect, though, that it is in many various stages of maturity, while most of the cotton is at about the same stage.

To add to the feed growers' woes may be a wayward crop shortage, also. Signs pointed that way this week, said W. H. Edwards, who operates elevators at Barwise and Dougherty.

25-Year Plaque Presented Olson by Woodmen of World

The fact that O. B. Olson has been financial secretary of Floydada Lodge Woodmen of the World for the past quarter of a century was brought home to him in a pleasing manner last week, when he received a certificate in the form of a wall piece or plaque, which said:

"Woodmen of the World gratefully present this certificate of appreciation to Sovereign O. B. Olson, who for more than a quarter of a century has rendered service as financial secretary."

"Done at Omaha, Nebraska, this 15th day of September, 1948." The certificate carries the official seal of the fraternal organization and bears the official facsimile signature of Farrar Newberry, president and W. A. Braden secretary.

Mr. and Mrs. C. D. Foote returned home Friday of last week from a convention of butane dealers, starting September 26 and continuing through the 28th.

Mrs. Foote left Tuesday the 21st and went to Spearman to visit her father L. W. Mathews. Mr. Foote met her there and they continued their trip to Denver in the company of Mr. and Mrs. R. E. Lee. Mr. Lee is a butane dealer and he also attended the convention.

Carmack, Herring and Dear Winners in Jersey Show

C. B. Carmack and sons of Floydada, and T. G. Herring and Sons of Crosbyton took grand championship honors for bulls and cows, respectively, in the Jersey division of the Parhandle South Plains fair at Lubbock last week.

Judging was completed in the dairy division Wednesday of last week, and announced by E. R. Eudaly of Fort Worth who was judge.

Results of judging in the Jersey division: Bull, calved between July 1, 1944, and June 30, 1945 -- first, Amiable Volunteer King, owned by W. O. Dear of Route One, Floydada.

Bull, calved December 31, 1946 -- first, Wondrous Ula Masterman, owned by C. B. Carmack and sons of Floydada.

Bull, calved between July 1, 1946, and December 31, 1946 -- Simply Jest Successor, owned by C. B. Carmack and Sons of Floydada.

Achievement Day Hog Show Set For Saturday October 30

The annual PFA and 4-H Achievement Day hog show will be held this fall on the last Saturday in October, it was announced this week by County Agent A. L. Hartzog. The date is October 30.

The show barn of the Floydada Roden association will be used for the show and approximately the same rules as last year will govern. The swine will be judged in 19 classes including champion and grand champion barrow, and grand champion sow and grand champion sow.

Auction Sale at 2:30 o'clock The show of swine and the judging will be followed by an auction sale of the barrows beginning at 2:30 o'clock. Grand champion and bred champion barrows will be sold first to be followed by the other barrows. Col. W. H. Seale is being asked to conduct the auction.

In order to make the sale come early the show barn will open for entries at 8 a. m., grooming time will be 9 to 10 o'clock and judging will start at 10 o'clock.

Floydada Chamber of Commerce is underwriting the cash premium list. Except for grand champions the classes will be paid \$5 for first, \$3 for second and \$2 for third, ribbon each to fourth and fifth places. Grand champion animals will get \$10 cash awards, rosette to the second place winners.

Angus Is General Chairman E. L. Angus, chairman of the Chamber of Commerce agriculture committee, has been named general chairman of the show, with A. L. Hartzog and Henry Barber as his assistants. Robert Crowell, C. C. secretary-manager will be secretary of the show. Guy Ginn and George Cavin will be publicity directors. Jack Caruthers and Harry Morckel will have charge of pen assignments.

Sale committee named is composed of Robert Crowell, James H. Word and Fred Cardinal. The judge is to be arranged later. The premium list in detail, together with the schedule of judging will be given in The Hesperian next week.

Cow-Sow-Hen Gifts The special award for the cow-sow-hen contestants sponsored by four leading cooperatives this year will feature as first prize a 2-type farrowing-house. Second place winner will get 100 chicks, third 75 chicks and all other contestants in the event will draw 50 chicks each.

"DINNER WINNER" KEETON'S FLOYDADA PROGRAM FRIDAY Bill Parsley, master of ceremonies on the radio program, "Dinner Winner" will call at least a half dozen Floydada residents on the program tomorrow (Friday) evening from 6 until 6:15.

"Don't say hello or your chances go" is the slogan used by the program. If the person the program is calling will answer their phone with a kind of food they are having for dinner Keeton Packing company, of Lubbock, will send them five pounds of Keeton steak plus enough other foods to complete a meal.

"Dinner Winner" is heard over radio station KSEL, Lubbock, Monday through Friday from 6 until 6:15. One evening out of every week, a nearby town is chosen and five or six people in that town are called during the fifteen minute period. To be eligible to receive the steak and other foods, it is a necessity that the party being called answer the phone with a kind of food instead of the customary "hello."

Chances are that it could be a neighbor calling, but it would be worthwhile to go ahead and name the food just in case it were the radio station.

HUNT COLORADO DEER Of numerous deer hunting delegations from Floyd county since October 1, one was composed of Charles Purnell, Johnnie Lackey, Ras Ford, Raymond Love, and Rene Yeary. They hunted in a rough terrain near Delta, Colorado, where their permits called for two bucks each for a few days. They returned home the first of the week with six bucks.

TO MINERAL WELLS CHURCH Otta Johnson, former minister of the City Park Church of Christ, has been called as minister of the Oak Street Church of Christ in Mineral Wells. Johnson was in Floydada approximately a year. His place here has not been filled.

County Tax Valuations Pass Ten Million Again After Twenty Yrs.

Tax valuations in Floyd county, for state and county purposes, passed the \$10 million mark again this year, a fact revealed by the completion of the rolls at the office of Ethel Graham, assessor-collector, last week for the inspection of the commissioners court of Floyd county and the comptroller of the State of Texas.

The \$10 million valuation hit again after a period of 20 years ago when county values were taken for a "deflation" ride by the Commissioner's court, after they had risen to a figure well above \$14 million dollars. The increase is actually only \$65,035 over 1947, but takes on importance from the fact that it passes

EDITORIALS

The people who are really playing hob with things, so far as the agricultural community is concerned, are the automobile makers, the farm machinery factories, and dealers. The makers and their union men are tacking on great gobs of take for themselves. The dealers, foolishly, are accepting what the manufacturers set out in the way of prices and policies. Some manufacturers are frankly advising their dealers to get into the gray market. Since eight years ago car prices have advanced on this market three to one or thereabout. The dealers, instead of fighting this maker-manufacturer-distributor combination, are trying to figure out a way to get the public to accept the situation—and in fact are finding ways to get the job done. They are draining their market white, and are laying up plenty of trouble for themselves for the future. They may now be putting themselves out of business in 1950 or 1951, when, as Mr. Dewey has it figured, he must have had the depression and have had it over. The dealers have already let themselves be priced out of three or four million sales units, while trying to "get along" with the automobile and other machinery makers.

Big old wild geese honking overhead and headed southward last mid-week reminds us of a matter we have not mentioned recently, namely the matter of timing the advent of cold weather. In particular we have in mind the frost date. These geese knew why they were flying south and so did we as we viewed them about 200 feet out of gun shot range. Their honking might have been a kidding back and forth between front and back echelons about that earth-bound gent below. How he would sit around or shiver around in the cold blasts, hunt a fire, run out in the cold and cut off apt-to-freeze pipes and things of the kind. In another brief half-day of flight they would have been, and are now, escensed in a glade maybe a swamp, somewhere in Tampico or Central America, enjoying life, their only problem one of green stuff growing under water and a few bugs to balance the ration.

The reason we have not already forecast the freezing or frost date is that the authorities we consult are totally in variance in their predictions. Certain prairie things, which some men deign only to note by squashing them under foot, are in total disagreement with other prairie things which often tell a true and correct story of what may be expected. Also the flora of the terrain is in disagreement. All of this means we are at sea. Nothing would give us more pleasure than to

be able to tell Mrs. Nice out at Baker and Mrs. Good Housewife out at Providence exactly when to gather their green tomatoes for chow chow so as to save the most and escape the frostiness of wintry weather that always, or nearly always, swoops down on us, kills vegetables and flowers unexpectedly for the unwary. This service The Hesperian rendered for years is one we cannot give this year. We tell you frankly the authorities disagree. We cannot assert as a fact something the prairie things should know are not agreed upon themselves. We think this explanation is fair and, being made early in October, ought to absolve us from responsibility. However, those who are taking The Hesperian, and have been expecting to get their money's worth out of our carefully prepared and faithfully reported weather forecasts, based on the facts of prairie fauna and flora predictions, are given notice now that we can't go along this fall and if they must have it, we will refund their subscription price cheerfully. However, though we would do it cheerfully we would want to quibble a bit. If you don't have time to quibble, don't come after your money. We would like to do right. We are going to do right if the customer insists.

One of the things that has been a real asset but least heralded in Floydada of most anything is the fine auditorium of the American Legion, which the Legionnaires (and the people of the community) have bought and paid for, free of debt. It is being found as a more and more useful thing every few weeks. It is being more and more used. The Legionnaires began their program the minute the war was heralded as about over. Everybody thought the bill would be too high, that is nearly everybody. It turns out that about the cheapest money cost of anything the public has invested in since the war locally has been the American Legion auditorium. While there was plenty of easy money floating the Legion got help from local people in the form of donations. There are some things, the organization still wants to get done to make the auditorium more complete but it is usable, quite usable, as the women of the garden clubs learned last week-end.

Floyd County 14 Years Ago

(Issue of October 11, 1934)

The following Floyd county boys were accepted into the C. C. C. work at Lubbock Monday: John Henry Chapman, Marvin Ray Sanders, Kyle Glover, George Hector Stone, Charles William Ryals, Charley Thomas Massengale.

Entering into conference play with an even chance to win the district title the Whirlwinds will take on the Roaring Springs eleven on the local field. Coming out of the fray with the Plainview Bulldogs last week with no serious injuries, the Whirlwinds will be in fine shape to blast the lid tomorrow.

George Mahon, who will take office as congressman in January has made favorable impressions on his fellow congressmen. Congressman Marvin Jones of the 18th district has stated, "if the people of the district are wise enough to keep him in congress, I predict that he will make a fine record."

The children and a few friends of Mr. and Mrs. B. Yeary who live about 13 miles north of Floydada, gathered at their home Sunday for a family reunion.

Thursday evening of last week "Sky High", a three act play, was presented by the Floydada Fire department. Characters were played by Ernest Carter, Mildred Strickland, Mrs. Bill Daily, Mrs. E. L. Angus, Herbert Sims, Virgil Williams, Blondie Finley, and Adelaide Scott.

MRS. ART WILLIS HOSTESS TO SOUTH PLAINS CLUB

The South Plains Home Demonstration club met with Mrs. Art Willis September 29. Mrs. J. B. Smitherman called the house to order, and she and Mrs. George West gave a report on County Council. Mrs. Smitherman and Mrs. West plan to attend the State meeting at Temple next week.

Miss Lelia Petty gave a very interesting demonstration on care of milk and milk utensils.

Those present voted to meet at 2:30 after our next meeting which is to be with Mrs. Menard Field at Floydada October 20. Everyone is to meet at the store and leave by 1:30. A very interesting program has been planned for that time.

The hostess served delicious apple pie, sandwiches and coffee to Mmes. George West, Arthur Brown, H. R. Hartman, M. M. Jullan, Menard Field, Dock Jones, J. B. Smitherman, Grigsby Milton, Sr., Doodle Milton, Wade Davenport, E. P. Smitherman, J. P. Taylor, Suia Julian, A. L. Stewart, H. L. Marble, the hostess, Mrs. Art Willis, a visitor, Mrs. Herman Thornton of California, and Miss Petty.

Greece occupies the southernmost tip of the Balkan Peninsula.

Miss Margaret Hale was entertained with a surprise birthday party at her home in the Harmony community Saturday night. Games were enjoyed by all and refreshments were served to 13 guests.

Mrs. W. M. Massie and daughter, Geraldine, and J. G. Martin returned last week from a visit in Mississippi where they were guests of relatives.

Miss Ruth Fuller and S. N. Caruthers were united in marriage Saturday afternoon at 4 o'clock in Plainview before the Justice of the Peace.

OF AN EDUCATION
 Are you wondering if it is possible for you to go on to high school. There is a question in your mind concerning college. Should I keep on with school? I plunge right off into your ask.

Education is an education is beyond the immediate requirements and cents. To develop your own character, you must understand your own country's character and solve them more. If you have studied America's history and have done something for her. In school -- ask from teachers, from fellow students -- you can get a view of the whole of America.

Let yourself be persuaded by the Great Man is necessary for the salvation of America. The concentration of power is necessary to freedom.

Education is the world's best machines. Its strength is not in our hands. It is in the inquisitive, indomitable souls of our people. To be that kind of a soul in every American boy and girl is a good American is a career; and it is the one career that America cannot without. Start on it now; in America's affairs while you are still a student. But above all, you are still at school, try to be the "why" of your country. Your answer can be found in your own mind. To be a good American is to be a good American. If the rights of your fellow men are your daily conduct of life, you will be a good American.

Mad Camera

It is a great pleasure in presenting to you one of our cheerleaders this week's personality - Miss Jennie. Jennie was born October 4, 1931. She is tall and has 146 pounds of just in the right places.

Jennie is one of the few members of the senior class who started in Floydada and continued through the years.

Jennie likes to spend her vacation reading and traveling. Her vacation was spent in Clovis, Mexico. She stayed on some and went fishing. She said she met two real cute boys there. (Would this could have anything to do with it being her favorite?)

Jennie is very popular among her friends. She is President of the Glee Club, Secretary of the Nat- ional Honor Society, and a member of the Glee Club and A. Y. Jennie's parties rate at the top of the list of Jennie's likes. Colors are red and white, fried chicken, lemon and white, Lucien LeLong's lip- "Blue Fire," "Black Magic", and she is among her likes.

Jennie's pet aversion is people are Jennie's pet aversion. She also does not like cab- bage.

Jennie's favorite sports are football, baseball, and baseball.

Jennie's most embarrassing moment is anytime anyone calls her "Little One."

Jennie's ideal boy should have brown hair, a good physique of 145 pounds, a smile that just makes a person zooming out into the air when he smiles, a wonderful personality, and he must like all kinds of sports. (Does a person like to exist? It seems that he does.)

Jennie has a very wonderful ability of which the whole school is very proud. In the three years she has been in high school, she has competed in regional, state, and national contests in Lubbock for three years and won both times. Last year she entered in the State Debate Contest and won honorable mention. She has been in one of Mrs. Graves' plays and is now in the new play. Her ambition is to be a great actress, and as she has already shown us if she continues to study she will reach the pinnacle of success.

Jennie would know Jennie by almost any unique favorite expression which is "Mother!"

Jennie's opinion of boys: "I wish they were okay, but when they are taken individually, some go and some go down."

Jennie's wish of H. B. would be to wish one of its outstanding students the very best of luck through life because your little ways have endeared you to

'Winds Blow Over Jack Rabbits 39-6

A capacity crowd Friday night witnessed the Green and Whites romp to their first conference victory and also their first of the season.

The game, but outclassed, Jack-rabbits were never in the running after less than three minutes of the first quarter. In less time than it takes to say "BEAT ABERNATHY", the Whirlwinds kicked off twice, recovered Ralls' fumble twice, and scored twice to shoot ahead 14 - 0.

Haney, playing heads-up ball pounced on the first fumble for a very vital recovery on Ralls' 23 yard line. This was the first of three recoveries for Haney and without them it could have well been a different story. Jeter plunged for 4 yards to the 19 where Bishop on the following play took over and scampered across the goal for six points. Finley added the conversion and the Winds led 7 - 0.

On the first play following the kick off Grubbs emerged with the ball on Ralls 37 yard line; however Ralls returned the compliment and took over on the 39. Failing to gain, the Rabbits kicked out on their own 45 yard line, where Jeter promptly took Finley's pass and proceeded goalward some 40 yards away. Finley again converted and Floydada then led 14 - 0.

A blocked punt and a 25 yard pass play, Marsh to Vrett, resulted in six points on the scoreboard for Ralls. The conversion was blocked. The first quarter was yet to see one more score. Jeter neatly rambled down field 55 yards and another tally. The conversion attempt was wide. The first quarter ended 20 - 6, Floydada.

Bishop Rumps Off Tackle
 Bishop opened up the fire works in the second stanza with a 24 yard scoring romp off tackle. Floydada led 26 - 6 after the kick went wide.

A quick exchange of fumbles after the kick-off set the stage for the next tally. Ralls failed to gain after recovering the Winds fumble and were forced to punt. Bishop scooped in the pigskin, and key blocks by Boothe and Jeter sent him on his way 51 yards to pay dirt. Finley's conversion ended the scoring for the first half with the score 33 - 6, Floydada.

Ralls received a break at the start of the second half recovering their kick-off on the Winds' 33 yard line. The staunch forward wall of the Winds refused to yield yardage and Floydada took over on downs on their own 25.

White and Finley combined yardage for a first through the center of the line. Jeter then faced 20 to Ralls 40; however the attack bogged down here. Ralls also failed to move and were forced to kick. The combination, Finley to Jeter clicked again for the last score of the game. Jeter, took a short pass over center and twisted through the secondary and into the clear for a 56 yard payoff gallop. The conversion was wide, and the game ended with the score 39 - 6 just as it stood at the end of the third period.

Floydada Reserves Take Over
 Floydada reserves who had anxiously awaited their chance took over in the last quarter and demonstrated their ability to play the game. Finley to Jeter is not the only passing combination the Whirlwinds have. In fact White to Hagood clicked well enough to show Ralls that they will be a threat next year. The line play as a whole was better than it has been any time this season. Perry played a good game at end before having to be carried out with a badly sprung ankle.

This was the first conference game, but indeed it will not be the last. Let's all turn out next week to cheer the Whirlwinds on against Abernathy.

YEA! TEAM! Fight!

DE QUACKER
 Well, how's all my little victims this week? Fine, I hope. Why don't all you little children surprise me and have the dirt can full next week? O K, I'm counting on you.

Wilma Dyer and Bob Mooney seem to like each other's company or so it seems every day at the cafeteria.

Patsy Day and Duane Stephens enjoy visiting together on the Starkey bus; Junior Johnson and Lovada Griggs too. What about this?? Evelyn Holder and Bob Wooten are going pretty strong, could it be serious? What will Jack think, Evelyn? I hear you are pretty crazy about him.

Well, well, June Britton and Troy Wright are getting up quite a case; they were seen together Thursday, Friday, and Saturday. This must really be serious.

Ann West, who was the little boy from Silverton Sunday night? Was it Kenneth Bean? ??

Brad and Joy would make a cute couple. That is, if Joy would go with him.

Why was Buddy Peterson and Jr. Johnson wanting a picture of John- (Continued Next Page)

Legal Notice

NOTICE OF SHERIFF'S SALE
THE STATE OF TEXAS
COUNTY OF FLOYD
NOTICE IS HEREBY GIVEN
That by virtue of a certain Order

of Sale issued out of the Honorable District Court of Floyd County, Texas, on the 27th day of September, 1948, by the Clerk of said District Court, for the sum of SIX THOUSAND SEVEN HUNDRED SIX AND 07/100 DOLLARS (\$6,706.07) and costs of suit, under a judgment in favor of Dorsey Baker, in a certain cause in said Court, No. 3735 and styled C. W. Nickels, Maude Nickels and Chas. W. Nickels, Jr., vs. Lucian Morehead and Dorsey Baker, placed in my hands for service, I Leland Hart, as Sheriff of Floyd County, Texas, did on the 5th day of October 1948, levy on certain real estate and property situated in Floyd County, Texas, described as follows, to-wit:

Approximately 2 acres of land out of the West One-Half of Section No. 3, in Block C-9, Floyd County, Texas, described by metes and bounds as follows:
BEGINNING at a point in the South line of said section, 159 yards East of the Southwest corner of said section;
THENCE North 120 yards;
THENCE East 80 yards;
THENCE South 120 yards;
THENCE West 80 yards, to the place of beginning,
together with the 4-70 Continental Gin Plant now located on said land including the office building, gin building, seed house, cotton house, 4-70 saw gin stands, cleaners, steam power plant, burr fan and ram, casing for cotton press, and all other machinery and equipment and personal property

of every kind and character now located on said land;
and levied upon as the property of said C. W. Nickels, Maude Nickels, and Chas. W. Nickels, Jr., against whom said judgment was rendered in favor of Dorsey Baker, and that on the first Tuesday in November, 1948, the same being the 2nd day of said month, at the Court House door of Floyd County, in the city of Floydada, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said order of sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said C. W. Nickels, Maude Nickels, and Chas. W. Nickels, Jr.
And in compliance with law, I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Floyd County Hesperian, newspaper published in Floyd County, Texas, my hand, this 5th day of October, 1948.

DO YOU KNOW --

how to test your brakes easily and quickly?

Operate your car at about twenty miles an hour on dry, smooth, hard-surfaced, level pavement away from traffic. Then apply the brakes until the tires slide on the pavement. If the car stops in a straight line with no swerving left or right and you still have ample pedal reserve, your brakes have a margin of operating safety.

If your brakes can not meet the above requirements, have them adjusted before they get you into trouble.

This phase is especially true when speaking in terms of preparing your car for coming cold weather.

Here are some cold weather items that should be taken care of NOW, before the real cold spell hits.

Heaters—We have both the South Wind gas heater and the hot water heater.

Mufflers—Let us check yours for leaks or holes. A leaky muffler is a dangerous thing, especially in the winter with all ventilation closed.

Our thorough motor tune up will assure a quicker starting car on that cold morning.

Oils and Greases should be changed for cold weather operation. Let us supply the correct weight.

Plenty of alcohol anti-freeze.

We have new batteries, or we can recharge your old one. Batteries should be fully charged, for winter keeps their strength.

Let us connect your heater. If the hose is old, we can replace it with new hose.

New radiators.

Let us replace cracked and broken windows that cause discomfort when those icy blast start blowing.

Whirlwinds Out Of the Cellar With First Win

A horse of an entirely different color this past week when the Floydada Whirlwinds broke into the win column for the first time this season. Previously up against tougher than-rated opposition and green besides, the "Winds" built up a great

deal of confidence in themselves when they downed a game Ralls eleven Friday night for a crowd of about fifteen hundred.

Floydada kicked to the twenty where Ralls took over but fumbled on the first play. Haney was on the ball for a recovery on the Ralls twenty three, and with Jeter backing the line only once, Bob Bishop circled left end and over pay dirt. Finley, who had a 50% booting average for the night, toed the ball through the uprights for a seven to zero lead, with the game only three plays old.

Again Jeter made the kick off and again on the first play Ralls fumbled, only to recover a Floydada fumble three plays later. Ralls got nowhere and after a fifteen yard penalty kicked the ball from their eighteen to the forty-five. Floydada took over and on the first play Finley threw a flat pass to Jeter who took it on the forty and dashed to the goal stripe, with Finley again making good the kick.

Pass Play Nets Touchdown
Ralls now after blood found the going rough and were forced to kick off, they made a break for themselves when they intercepted one of Finley's passes only to fumble the next play. Haney was on the ball again, but the Ralls line would not give. Jeter dropped back to kick but an eager Jackrabbit line charged in and blocked the kick, setting up the next play, a pass. March to Verett for the lone Jackrabbit tally Lynch kicked the extra

point wide leaving the score 6 on the Ralls side of the board for the remainder of the fray. The final touchdown of the first quarter scoring came on the second play after the Ralls kick off, when Jeter dashed over tackle from the 50, for the tally, and Finley followed with his first conversion failure of the game.

The second canto featured the high and wide stepping of Bob Bishop who scored twice, one from the 23 with Finley missing his second try at conversion, and the second when he did some fancy hip slinging and evasion tactics to return a Ralls punt 51 yards to pay dirt with hardly a man laying a hand on him. Finley again stepped up to the ball and sent it through the uprights to be the last scoring of the first half and a score of 33 to 6.

Jeter, in the third quarter, did himself proud on a little pass receive from the accurate arm of Bob Finley. The play originated from the Floydada 44. A 56 yard play, Finley sent the ball to Jeter on the 50 yard line where Jeter carried like the pony express to pay soil. Jeter like Bishop did a good job of carrying the ball, though unlike Bishop who uses evasion almost altogether, Jeter uses only a small amount, plus his ability to more or less run over some of his opposition. Finley found himself rushed and his last attempt at conversion was blocked and the score stood at 39 to 6 where it remained the rest of the game.

Good Material Coming Up
Coaches Gresham and Baker took advantage of the large lead to give some of their younger players experience and it looks as though in the future years we will have some good material to choose from.

Floydada used possibly more reserves in this game than at any time this season. Some of those seeing action, and doing a good job of it, were Arlin White, Johnny Lloyd, Stanley Conner, Dan Hagood, Leroy Burgett, David Willson, Weims Norman, and Randal Hanley.

The possibility is that some have been missed due to the rapid substitution and a slight mix-up in numbers, if so we are sorry because we would like for you to know the boys that were responsible for our first victory.

To be certain all was not perfect in the game however we note some of the improvements over other games and at the same time will not say they can't be improved on some more. The line as a whole did a fine job this time both on defensive and offensive but more noticeable was their improvement on the defensive which has hurt the "Winds" in past games.

Finley turned in a fine job at quarter back and at those accurate passes, Haney and Grubbs stayed on the ball and took several of the Ralls fumbles, two that event-

Celebrity Will Auction Land

Texas celebrity I. C. Little is making news again. The Dallas man who built Sam's "Big Inch" and "Little Inch" pipelines will stage a big auction party in Happy, Texas, on October 21, 22 and 23. Chuck and John Snider, barbecue king, will be "on the house" as will entertainment by "Rip" Ramey and his Western Ramblers. Mammoth auction will sell 4,000 acres of the West Texas and Panhandle lands of Mr. Little. Efforts to concentrate more of his time in his pipeline interests dictate Mr. Little's sale. Visionary in his farming and grazing operations, as in his building pipelines across the great continent of North America, Mr. Little believes in the potentialities of West Texas and the Panhandle, and will retain interests here.

South and west of Happy, in Castro county, a tract of 3,200 acres, irrigated by four large wells, is offered. To be auctioned also are 800 Swisher county acres south and east of Happy (tract with three large irrigation wells).

Modern houses, barns, granaries, orchards, corrals and other improvements are features of each tract. John L. McCarty, Amarillo public relations counsel, has charge of the arrangements.

Mrs. Chas. Van Hoy Died at Durant

Mrs. Charles Van Hoy, a native of Lockney, passed away at a hospital in Durant, Oklahoma, at 10 a. m. September 28. She had been ill for over seven years.

Mrs. Van Hoy, the former Miss Icie Rigdon, was reared in Lockney. She and her husband moved away about 20 years ago. Funeral services were held Wednesday afternoon at 3 o'clock at Durant. Those attending from Lockney were her brother, Bill Rigdon, a sister, Mrs. Annie Allen, and nephew and niece, Mr. and Mrs. Billy Jack Rigdon.

Survivors include her husband of Durant; one son, Carroll of Dallas; and the following sisters and brothers: Mrs. T. Z. Reed, Lockney; Mrs. Bill Virden, Lockney; Mrs. Annie Allen of Lockney, Tom and Bill Rigdon of Lockney, Mrs. Bert Sewell, South Plains, Homer Rigdon of San Pedro, California, and Rod Rigdon of Dawson, New Mexico.

ELDRID HAY DISMISSED FROM HOSPITAL

Eldred Hay, who has been in army hospitals following injuries in World War II, was dismissed recently from the veterans' hospital at Albuquerque, New Mexico.

Eldred was reared in Floydada. He is a brother of Mrs. Claud Hammond.

usually set up T. D. plays. The playing as a whole was most encouraging and gives more hope for district honors. However against strong opposition some of the flaws will need to be ironed out such as fumbles and the line letting up at times. At any rate there is a much brighter outlook for the Whirlwinds and they know they can win.

Truman Dillard at Bob's Oil Well

Bob's Oil Well station, famous Matador landmark, is operated under new management, effective since September 10. Truman Dillard of Floydada, experienced service station operator, has leased the station and will continue to operate it under the established name.

Mr. Dillard installed Texaco gasoline pumps at the station last week. Dillard said that Mrs. L. B. Robertson, owner of the station who has been operating it since the death of her husband, will rebuild the steel "oil-well" tower in the immediate future and that a new lighting arrangement will be placed into use. The station remains open until 11 p. m. daily.

Dillard will move to Matador as soon as he is able to find satisfactory quarters, he said. Assistants at the station include W. T. Murphy of Floydada and Clayton Clifton.

J. L. Baxter left last week for Cupertino, California, where he will be engaged with the Consolidated schools. Mrs. Baxter will continue operating the Hotel Coffee shop until December when she will join Mr. Baxter in California.

This Rich, Irrigated West Texas **FARM LAND** At Your Own Price!

Oct. 21, 22, 23

SALE WILL BE HELD ON THE SITE OF THE LAND IN SWISHER AND CASTRO COUNTIES IN THE TEXAS PANHANDLE

4,000 Acres in Two Tracts
I. C. LITTLE FARMS

Land Divided Into 160-Acre Units

TRACT NO. 1
3200 acres located 15 miles west of Kaffir, Texas. Kaffir is on Highway 87 midway between Happy and Tulia. The tract includes 1690 acres of excellent wheat; 1107 acres cultivated land ready to plant; 50 acres of alfalfa; 353 acres of good pasture; 4 irrigation wells and a large reservoir; 8-room modern house with 3 barns, sheds, tool-house, bunk house, silos, windmills, etc., and a 6-room modern house with barns, granary, cellar, orchard, windmill, etc.

TRACT NO. 2
800 acres located 5 1/2 miles east of Highway 87 from a point approximately midway between Tulia and Happy, Texas. This tract includes 130 acres alfalfa which yields a ton per acre per cutting; 400 acres of good wheat; 70 acres of pasture with natural lake; 200 acres cultivated land; modern, newly-remodeled 6-room house with nice trees; 5-room semi-modern house; windmill and 3 irrigation wells.

This is level land, ideal for irrigation. It is rich and easily farmed. Last season it produced 40-bushel wheat, and 80 to 90-bushel grain, on the average. The irrigation wells average 180 ft. in depth and produce 1200 gallons of water per minute indefinitely without falling off. This season much of the crops have not needed irrigation.

South Plains News

SOUTH PLAINS, Oct. 4—Mrs. Sim Reeves visited Tuesday in Canyon with a friend.

Miss Carol Reeves who is teaching English in Brownfield High school, visited over the week-end with her parents, Mr. and Mrs. Sim Reeves.

Dick Guest of Lubbock visited over the week-end with his parents, Rev. and Mrs. R. C. Guest.

Mrs. R. C. Guest was on the sick list last week.

Mr. and Mrs. Ed Davis spent the week-end with the Dock Jones family.

Mr. and Mrs. Garvin Beedy have moved to Floydada. We wish them happiness in their new home.

Guests in the R. E. Young home last week-end were Mr. and Mrs. H. D. Hale of McLean, and their daughter, Mr. and Mrs. Marvin Hall and baby of Oklahoma City, Mr. and Mrs. J. P. Whitaker of Amarillo, Mr. and Mrs. Ted Pitts of Lubbock. All of these including the R. E. Young family took Sunday dinner at Silverton with the Young's daughter and family, Mr. and Mrs. Bran-non and sons.

Mr. and Mrs. Art Willis and Jerry attended the Field reunion at Coleman Saturday and Sunday of last week.

Patsy Childress visited in Canyon over the week-end.

Guests in the H. L. Marble home Sunday were Mr. and Mrs. A. L. Stewart and Dean, Jerry Pearsey, and Douglas Reeves.

Mr. and Mrs. Elmo Reeves and daughters visited at Providence with relatives Sunday afternoon.

Mr. and Mrs. M. M. Julian spent Tuesday in Lubbock where Mrs. Julian had a dental operation.

Several in the community attended the fair at Lubbock last week.

with confidence that the machine will have proper installation and intelligent servicing throughout the life of the machine.

Attendance Prize Award

Adding interest to the display is the fact that the heads of families which visit the display at the Southwestern Public Service company display room will register and have a chance to share in the good fortune which a dealer may have when she decides upon the type and price machine she wishes to buy. "Nothing to buy, no fee, just register by the head of the household," said Mr. Caven. "This is a novel idea which we have adopted to dramatize the fact of many modern developments in washing machine appliances for the home, and to emphasize that housewives of the area have numerous good and substantial dealers who are anxious to get their machines into the hands of people in this section."

SAVE \$30 PER BALE
In Cotton Harvesting Costs with a
JOHN DEERE 2-ROW COTTON HARVESTER

The easiest way to boost your cotton-growing profits is to use a John Deere No. 15 Two-Row Cotton Harvester. Based on 1947 labor cost, it saves \$30 or more per bale over hand pulling... does an excellent job in any crop that's suitable for mechanical stripping.

Handling two forty-inch rows at a time, the No. 15 does a clean, efficient once-over job of saving bolls. It's work is considered by many gin operators superior to cotton stripped by the average hand puller.

With the John Deere, you, too, can make short work of your harvest... get all your cotton to the gin before bad weather causes crop losses.

We have unloaded a carload of these harvesters—our allotment for this season—to sell as long as they last.

Ag Green Hands Get Initiation

The Floydada Ag chapter met on Wednesday evening September 29, in the ag room to initiate the green hands and attend to any business presented.
 The meeting started at 7 o'clock with the opening ceremony, the business session, formal initiation of greenhands, and closing ceremonies. The informal initiation followed. There were thirty-seven initiated. Fifty-six members and six guests were present.
 For candidates were nominated for chapter sweetheart. These were Veve Lee Buske, Ruth Williams, June Powell, and Roberta Garrett. Four boxes are in the ag room with names on them. Each penny counts one vote.
 Ice cream was served after the meeting was adjourned. The next meeting will be October 27.

Assembly Program Is Scientific One

Friday afternoon Bob Brown of the Southern Assembly programs presented a very interesting and educational program to the student body and faculty. He gave scientific demonstrations of light, sound, and vibrations. Several of the students assisted on the stage. One of the most interesting demonstrations was performed with the aid of Peggy Collier. Ten thousand volts of electricity were directed through her body. A cigarette was lighted by a spark from a spoon which she held in her mouth.
 Mr. Brown is an expert on the atomic bomb. He answered many questions which were asked by members of the audience. Everyone enjoyed the program very much.

Roving Reporter

What will you do if you make 100 on all your six-weeks tests?
 Ann West—good merit! I'd probably pass out.
 Margie Herring—I'd die from heart failure, I guess.
 Barbara Marshall—I would shout or faint.
 Jimmie Simmons—I will think somebody cheated.
 Sherman Irwin—I'm not afraid of that happening.
 Arlene Beedy—Now listen, Susy, if I made 100 on all my six-weeks tests, I would leave this school and never come back, because I would

be smarter than the teachers. If George Spears did, he would go pay off the teachers.
 Deral Young—I'd quit.
 Virginia Odiam—I'd faint.
 Oleta Hinsley—I guess I would faint.
 Frances Pratt—Me? I'd faint!
 Luella Irwin—I'd think the teachers had gone crazy.
 Lorena Williford—I'd die!
 Leroy Parrish—Probably faint.
 Dan Hagood—I don't know.
 Betty Laester—I would stand on my head and spit bee-bees.
 Weins Norman—I'd faint. Where's my rubber band?
 Jerry Thomas—What would I do? I'd pass instead of flunk.
 Teddy Assiter—Umm... What would I not do. I guess I'd go home and tell my mother.
 Bob White—Are you kidding?
 Philip Smitherman—Take 'em home.
 Pete Hopper—Faint.
 Dorothy Foster—I'd go jump off the world.
 Doris Foster—That would be impossible!
 Johnnie Rutherford—I'd kick the bucket right then and there.
 Virginia Holmes—I'd jump up and kiss every teacher I saw.

F. H. A TRIP TO CANYON

At eight a. m. Saturday September 25, two Floydada Future Homemakers, Joy McCravery and Katie Collier, and their sponsor Mrs. A. E. Baker, left for a big day in Canyon.
 As they approached Canyon High school where they registered they were greeted by some of the Canyon girls. They were served hot tea, cookies, salted peanuts, and a favor consisting of the F. H. A. Song. After they saw the laboratory, the program began.

The Floydada voting day was a success. Joy McCravery. After the business was over, they were entertained by a trio that sang three group songs, and a group sang songs, and a group given from two clubs on had done this year.
 After the meeting had the three went through the museum and brought the close with the West Texas C. C. football game.
 They certainly had a time.

Amendment No. 2 Should Pass House

almost by the failure of the legislature to do its duty. And this is true. But consider that there is one East Texas district with 109,000 and there are lots of districts over the State with only 19,000. Contrast this one with a second in East Texas with 127,000 inhabitants.

Yet the district with only 19,000 people has the same power in making laws as the district with 127,000 -- six times more people and, presumably, paying six times as much taxes.

The same condition prevails with regard to the State Senate. One district has 110,000 people and another has 463,000, which is the 1940 census, and the latest estimate is that the district has grown to 754,000. It is the Lower Rio Grande Valley district.

Repeatedly, the legislature has failed to do its duty. Now the people have a chance to take action. In the November 2 general election, Constitutional Amendment 2

will be voted on. This provides that a commission shall have power to re-district if the legislature refuses. The commission will consist of the lieutenant governor, speaker of the House, attorney general, state comptroller and land commissioner.

A situation whereby a man living in one district has only one-sixth of the voice in making laws under which he lives as a man somewhere else is not democracy. It is indefensible.

Let's pass Constitutional Amendment 2 and change that condition!

As A Farm Woman Thinks

(By Nellie Witt Spikes)

September days have been so still. The windmill stands still most of the time, lazily changing with a sudden breeze. It seems to be listening, but for what? Does it expect wind and rain? Or a blustery norther? Is it waiting for a sandstorm from the west to move the restless sands? It cracks as if its joints have gotten stiff from its long rest. Would the mill like to whirl madly around and around? I look to the mill as a reliable friend looking the first thing of a morning which way it sets or if it is turning. Everything on the place is upset when it is out of order.

This is the first day of October, warm and still as the days of September. The sky is somewhat hazy and thin clouds float high. What will the weather be?

As Billy is only almost two he has forgotten about the fires of last winter. The other day Wilma lighted the butane stove that had been in the bathroom all summer. Billy was excited. "Mother, the stove is burning up."

Pictures in the Lubbock Avalanche—Journal of early Lubbock days bring back memories of Mr. Spikes. "I rounded up cattle on the range where the city now stands," he recalls. "There was always water on the Yellowhouse near in the canyon to have plenty of water for the herds. When the fine Nicolette Hotel was built Tom Harrison was telling the cowboys about it. He said he spent the night there and slept in the third loft."

A letter in the mail from Jack Paschall of La Crescenta, California, brings back such happy memories of our visit there last summer. Jack is the son of Etna and Arch Paschall who once lived at Emma. She is the sister of Mr. Spikes. Jack took us on trips and showed us the beauty spots of his beloved California. And he made each drive with us a wonderful adventure for he had known all that land from boyhood days on up. "Everyone can be suited in this country," he would smile and wave his artistic hands for he is a fine musician. "If you like the mountains cool and high with the grandeur of the Alps, you can reach them in a short drive. Maybe you like the ocean with its bathing and boating, here it is. If vegetation is your hobby, you can gather oranges and olives and all kinds of tropical fruits and vegetables. If you like winter sports, go to the High Sierras. All kinds of climate in short drives from the big cities."

We went up the beach for many miles. Jack told us of playing when a young lad at Portuguese Bay where big black iron pots left from the days when the Portuguese sailors rendered out whale oil. He had fished from every good pier. We saw the towns and beaches as he saw them, for he was adept at entertaining us. He was so gracious and kind, always waiting for the slow ones in our party, seeing that each one saw and heard him, stopping and having us get out to better see the lovely interesting places, gathering leaves and flowers that we might know them better. And how can I ever tell of the glory and beauty of the floral garden where hundreds and hundreds of tuberosa begonias reached a bit of heaven. Soft apricot yellow, tea rose, fairy blossoms that fed our beauty-loving souls. Lemon yellow and deep rose, flowers white as the dress of a bride. It seemed like they were so pure and so sweet, that any moment they would fly away from our enchanted sight, but more and more of them, down long aisles, hanging from the roof, everywhere, always the pink one, no the red, I choose the pink one, no the red, no, give me the rose. When life gets a bit hard, I still remember them and life will take on gay color again.

Thank you, Jack Paschall for being such a gracious host and piloting around some Texas uncles and aunts to scenes of delight and wondrous beauty. "Is not this the land

How Three-A Teams Fared Last Friday

This week all district 3A teams were one notch lower or one higher, depending on the outcome of their games, since district 3A teams played among themselves.

Crosbyton outclassed the Paducah Dragons 14 to 0. Spur ran Mata-

of Beulah", the words of the old song came to me, "Where the flowers bloom eternal," I too, love California.

I tried to look up the words of this old song I loved as a child, but am sorry to say I could not find the song. In Number Three Young People's Hymnal published in 1951 I found the song, "Does Jesus Care?" I thought it was one of the alter songs, didn't you?

October second: This morning the mill is still listening, the wheel a huge ear pointed to the northwest. Does it hear the wind coming down from the north? Cannot pour out a tiny stream from the well underneath. Not a thimble can the mill do by itself. It is wholly dependent, but entirely willing.

dor ragged 40 to 0. Lockney overpowered Abernathy 28 to 0 and the only loser in the district to score against the winner was Rails who scored 6 to Floydada's 39.

The field of winners and potential district winners is being narrowed down although a loss does not mean a team can't win the district title and represent it in regional play.

Conference standings are of course the important ones and at this time since each has played only one conference game a loss means 00% and a win represents 100%.

As we see it there is a slight possibility that none of the teams in this district will go undefeated since a good deal of power is indicated in several of the teams. Lockney is a power house but fans would do well to keep an eye on little publicized Crosbyton, a team that has possibilities.

GRADE SCHOOL FOOTBALL

The Air Conditioners, Floydada Grade School seventh grade team defeated the Rails seventh grade team at Rails Thursday night by a score of 20 to 0. The greater size of the Floydada club seemed to be the determining factor.

In the second game that same night, the Floydada Breeczers defeated the Rails eighth grade, also by a score of 20 to 0. There was a lot of good football in this game, such as the 30 yard completed pass by the breezers, long runs by Bert Grimes, three of them for touchdowns and an average of about 30 to 35 yards per kick by the Rails team.

Tonight, the two Rails teams will be here to play another double header. Kick off time has been set at 7:15 and both the seventh and eighth grade teams will play. Plan to come and see the future Whirlwinds in operation, and you will see some good football as well as a good demonstration of yelling put on by pep squads from both schools.

The games will be played at Western field and there will be no admission charge.

RETURN WITH ANTELOPE

Harry Morckel and N. B. Stansell, two Floyd county men who got lucky in the drawing for antelope hunting permits, returned home the first of the week from Jeff Davis county with an antelope each. They hunted northeast of Marfa. Range is dry in that area and the antelope small this year.

Morckel's antelope was a 52-pound buck. He is having the ivory tip antlers mounted.
