## District Team Named Champion Longhorns Place Four Men, One Back; Whirlwinds' Jeter Only Floyd Selection

The end positions, and two for backfield places. The Whirlwinds have two men on the second all-district squad, Abernathy placed four, counting the ties, Paducah one, Lockney two, Spur five, and Matador one. Here is the second string line-up:

Ends—Ester Blackmon, Abernathy; and (tie) David Bennet, Paducah, Joe Keeter, Lockney, Wilton Reynolds, Spur, Darrell Stephens, Abernathy.

Tackles—Reese Grubbs, Floydada; Delbert Shearer, Lockney.

Guards—Dub Karr, Spur; Bobby Cline, Floydada.

Center—John Looper, Abernathy; Backs—Melvin Lindsey, Spur; Garland Rattson, Matador; Jimmie Miller, Abernathy; and (tie) Tommy Aldredge and Joe Simpson, Spur.

The choice of the first and second string teams for the district was a part of the formalities of the meeting of district officials at which were represented all the superintendents, principals and coaches of the eight schools.

**Lockney School Banquet Host**

Following the meeting it was announced that the Lockney school will be host at a banquet for the all-district first and second teams. This had been previously decided upon by the committee. In announcing plans for the banquet Lockney school officials broadened the list of invited guests for the banquet to include all the team captains and all the coaches of the district. The date for the banquet will be announced later.

## Post, Lockney Wrestle It Out For Bi-District

District 3-A's big boys, the Lockney Longhorns, will have it out with the Post Antelopes, District 4-A winners, this week-end, and our district winners have a good chance to nip the 4-A boys in spite of the fact that 4-A reputedly plays about two touchdowns better football than District 3-A on the average.

The bi-district game between Lockney and Post will be played this afternoon beginning at 2 o'clock at Jones stadium, Texas Tech. Permission for the use of the stadium was given by President D. M. Wiggins, on special permission of the board of regents. The matter of using the stadium was not settled until Monday following a conference of top level authorities of the school. Reserve seat tickets have been sold in Floydada and other towns of the area, as well as at Post and Lockney, since Tuesday at \$1.50. General admission will be \$1.

The record of the Longhorns is well-known in this area. The Antelopes have an impressive record in their own district. While the Longhorns have scored 232 points while opposing eleven teams scoring 50 points the Antelopes have also made a tremendous scoring record with 226 points to 32 for all opponents.

Coach Bing Bingham's Antelopes have played a slightly tougher schedule than Coach Curtis Kelley's Longhorns, although just how much rougher is open to debate. The Antelopes defeated such West Texas powers as Levelland and Littlefield, and handed the strong Lubbock Cowhorns their only defeat of the season.

The Antelope attack is sparked by Junior Malouf, swivel-hipped scoring ace of the Post eleven, and Fullback Ronnie Boucher.

For reasons we can't understand the home district just doesn't put out the teams that the other three districts in Region 1 put on the field. Doping the regional chances of the local team thus takes on the probability that a dooper assumes too much and gives the home boys a chance they do not have.

# Santa Here Friday Morning to Usher in Holiday Season

## Time for Santa Claus Letters

Christmas—that big event in the life of childhood—is only 30 days hence.

So this may be taken as a reminder to the youngsters that all who would like to write Santa Claus and see their letters in The Hesperian, should begin right after Thanksgiving.

who want Saint Nicholas to visit them on Christmas Eve night: Letters should be written at once. Little Miss Devona, daughter of Mr. and Mrs. Ray McIntire, 129 West Mississippi street, Floydada, is the writer of the first letter received at The Hesperian office to be forwarded. Here is what she says to Santa Claus:

Dear Santa Claus:

I want some water colors and a doll with curly hair. I have been a good girl and am studying hard. I help my mother with the dishes. Bring my brother a tractor and truck.

Love,  
Devona McIntire

P. S. Please remember my granddaddy, Jim Bagwell at Amistad, New Mexico.

Write your letter now, too. All letters received not later than December 11 will appear in The Hesperian's pretty Christmas edition, two full days before Santa is to make his memorable trip south from the wintery North Pole.

## School Football Year Profitable Despite Fast-Climbing Expenses And Claims of Uncle Sam for Tax

Expenses, like a yelping pack, did their utmost to overtake the Floydada High school athletic council this season but the school men, like Little Eva, made it with a little to spare.

Thus shows the report of the financial affairs of F. H. S. football season, as released Tuesday by Superintendent I. T. Graves.

With each home game made to take care of itself as to taxes, officiating and amounts paid to the visiting schools in five homegames, and then combining the figures to make a "gross" income, 10 football games brought the athletic fund total net receipts of \$2,714.69. As against this net income the official figures show expenditures of \$2,158.72. The difference is a balance of \$555.97.

**Taxes and Officials Come High**

How Uncle Sam's take for taxes and the cost of officials eats into a game at home is revealed in the detail of the income and expense of the five games the Whirlwinds played at Western field. These five games averaged costing just the least bit more than \$150 apiece in taxes and nearly \$70 each for officials. The average cost per game for the two expense items is \$219.28.

Detail of the income and outgo of each of the home games shows where all the money goes when there is a high school stadium full of people. Here are the figures:

For the opening game against Slaton: Total gate and tax \$741.55, less taxes \$123.59, officials \$60.50, paid to visiting school \$100, net \$457.46.

For the Ralls game: Total gate and tax \$768.30, less taxes \$128.03, officials \$71.30, amount to visiting school \$284.33, net \$284.33.

Abernathy game: Total gate and tax \$679.95, less taxes \$113.35, officials \$71.50, paid to visiting team \$247.55, net \$247.55.

Matador game: Total gate and taxes, \$549.49, less taxes \$91.58, officials \$83, paid to visiting school \$202.45, net \$202.45.

Lockney game: Total gate and taxes, \$1,766.25, less taxes \$294.37, officials \$83, paid to visiting school \$694.44, net \$694.44.

Thus the gross on five home games is shown to be \$4,505.44, the net \$1,880.23. To this net for home games is to be added for home games away from home \$834.46 to make the net for the season the \$2,714.69 indicated above. Of these five games away from home the most profitable for the athletic fund was the one at Spur which brought in \$221. At Crosbyton the Whirlwinds share was \$199.79, at Paducah \$213.67, and \$100 each at Tulla and Phillips.

**What the Money Went For**

After the net receipts of \$2,714.69 is figured, then comes more expense figures for maintenance, equipment and so forth, to make up the total after-game expenditures of \$2,158.72. Biggest single item is for new equipment \$1,458.69, paid to W. A. Holt and company, and C. and S. Sporting Goods company. Traveling expenses and meals grossed the modest figure of \$237.30, repair and equipment and laundry \$197.23, district fees \$17, membership fee to the Interscholastic League \$10, insurance and care of boys \$238.50.

Attendance and financial support of the people of the community and the county at the games on Western field were gratifying, Mr. Graves said, and sportsmanship and regard for visitors was pleasing to the authorities, with very few exceptions.

Apparently after the coach and the team do their best it is all right with the Floydada fans if their team has to be a loser, as witness the high local gate straight through the season.

Santa Claus is going to make an advance pop call on the youngsters of this area tomorrow morning at 10:30 and will spend quite awhile here as a reminder that the Christmas holiday season has arrived.

And tomorrow night the first Christmas lights over the city will twinkle forth in seven blocks of the business district of Floydada.

### Santa In Band Parade

Announcement that Santa Claus will be in Floydada tomorrow has been broadcast through the schools and at public gatherings since the first of the week, and there is no doubt the great, smiling fellow will be greeted by streets full of the youth as well as their elders. Robert Crowell, manager of Floydada Chamber of Commerce, is authority for the statement that the merry old gent will ride high and handsome on the Floydada Fire truck with several of the fireboys for company in the parade that will cover practically the entire business section of town. And Floydada High School Band will form at the railway station and proceed thence to the business district. Mr. Crowell's committee has planned. Another thing, Santa will distribute candy and bubble gum as he rides through the streets as a reminder that the real Santa Claus visit is due to occur on Christmas Eve only 30 days hence.

Floydada schools and most other schools of the county will be closed and there will be no interference in this respect with the routine of the communities.

The hour is 10:30. The date is tomorrow (Friday) morning.

### Christmas Lights Are Ready

Late yesterday, with crews of city light men, and volunteers from several other sources, including Southwestern Public Service company, the last of the Christmas lights were being strung and on Friday night—the very first night after Thanksgiving—the lights will be turned on. The work was started preparing the string of lights days ago in preparation for the beginning of the Christmas season.

The committee representing the Senior and Junior Chambers of Commerce and the City of Floydada announced last week that the area will be doubled from last year in which the lights of Christmas-time will shine.

"That Crazy Smith Family," the three act play given by the high school speech department last Wednesday and Thursday nights was enjoyed by many townspeople and several out of town visitors. Mrs. I. T. Graves, director, reports that pleasing proceeds resulted, and they will be used for improvements of the stage, material for speech practice, taxes and royalties on plays, stage properties, and more material for a record library.

Each year the speech department here enters in the one act play contest, and Mrs. Graves says she is planning to begin work on another soon after Thanksgiving.

Later during the school term the department will have another program for the public consisting of three one act plays. Date and plans will be announced later.

## League Meet At Floydada April 8 And 9

At the close of their Tuesday night meeting here the Interscholastic League executive committee announced that the District League meet will be held at Floydada on April 8 and 9, and that the schools will be given an opportunity to enter events which are listed in the University Interscholastic League bulletin.

Some of the exact details of the league meet are to be worked out at a later date, as and if any problems develop in connection with the plans.

The committee meeting was held at the high school business office.

### All Due To Be In Class A

In connection with plans for athletic events of next season it was voted by the committee that any of the schools which may have less than 200 high school enrollment be permitted to participate in Class A division.

### Same Football Schedule

Another important decision, which will avoid possible confusion next season, is the announcement that the conference football schedules for 1949 will be the same as for this year, save and except that the place for each respective conference game will be reversed, home field for away and vice versa. Pre-conference schedules are to be left up to the individual schools.

## 3-A Basketball Opens Dec. 14

The schedule of District 3-A, Interscholastic League, calls for basketball to begin on the night of December 14. It was announced here today by Estel Baker, named secretary of the district by I. T. Graves, general director.

The schedule for a double round robin among the eight teams calls for Floydada Whirlwinds to begin their season against Matador Matadors at Matador court on the night of December 14, and the three other first games will be in progress the same night. The schedule will be made available to the public at once, Baker said.

The double round robin is to have been completed and a district winner chosen on the night of February 15.

Mrs. Collins was born in Mississippi but had resided in Texas most of her life. She was living in Florent in 1932 at the time she was married to J. S. Collins, a pioneer resident of Floydada. Mrs. Collins died in 1939 in Floydada. Mrs. Collins remained here a year following the death of her husband and then moved to Albuquerque, where she had resided since that time.

## Dec. 20 Announced As Wheat Seeding Deadline For Insurance

The committee, composed of W. H. Nelson of Baker, T. Syd Brown of Cedar and Ernest Lee Thomas, of McCoy, held their regular session Tuesday afternoon and after consideration arrived at the December 20 deadline.

There are still many wheat acreage reports to be turned in and the committee requests that all insured producers visit the local insurance office before December 31 and report their wheat acreage.

# Two Carloads CROP Committee Goal

A goal of two carloads of grain, foodstuffs and clothing from Floyd county homes and farms to be assembled and shipped not later than December 15 has been set up by the Floyd County CROP committee, headed by Ben Quebe, county chairman, A. H. Kreis, treasurer, and Robert Crowell as secretary. Committee members from all over the county have accepted responsibility for assembling the big shipment of foods for hungry Europe.

Here are the items that will be assembled in Floyd county for the Christian Rural Overseas program:

- Wheat;
- Grain sorghums;
- Old Clothing;
- Fruits and vegetables in tins;
- Cash donations.

The effort here is a part of a nation-wide movement that has been under way among rural people of America to help present the greatest food gift in history, a message of cheer to all who are hungry. "Christianity in carload lots" is the way the movement is referred to by the Farm Journal in its November issue.

CROP is the alphabetical name for Christian Rural Overseas Program.

To meet the December 15 deadline it will be necessary to have prompt response to the requests for items needed to go into the train, it was pointed out this week by Robert Crowell, secretary. "Mr. Quebe, who is president of the Farm Bureau

federation in the county, has pressed us into service on this crusade and we are happy to join it, and urge that when your committee call on you that response be as generous as you can afford in view of the great need of hungry people in the world," said Mr. Crowell. "We know there is nothing in the world that can beat the great big heart of America's farm people. The gifts in carloads that we send out will not only be a part of the greatest food gift in all history, it will also carry a load of something just as powerful—good will toward America."

### Churches Are the Backbone

Churches of the county have been the backbone of the CROP movement to date, but it is pointed out that the whole program is being aided by dozens of groups that help organize and canvass. CROP is not a part of the Marshall plans, it is not a government program. All pastors of the county, any Extension Service workers, leaders of demonstration clubs, other farm organizations' chairmen, as well as the more than 60 persons named to see the people of the county in the next two weeks can inform any who may seek further light on the movement.

### Here is the Way It Works

Mr. Crowell points out in this manner how the Floyd county plan has been set up:

The goal that has been set for Floyd county is one car of wheat, one car of grain sorghum, cash, canned goods (in tins only) and used clothing. Any commodity materials

gathered by CROP in Floyd county will be distributed over-seas by the various world relief organizations operated by the churches.

The CROP drive in Floyd County will last until December 15. Any wheat or grain sorghums donated may be left at any elevator and this will be picked up and assembled at one shipping point in Floyd county. Any canned goods or used clothing may be left with the Home Demonstration club president or other representative in your community or brought to the Southwestern Public Service company or the Floydada Chamber of Commerce and Floyd County Board of Development office in Floydada or the Beacon office in Lockney.

# EDITORIALS

**Political Advertising Responsibility:** The public has been a little more insistent with the passing of the years to know whose responsibility it is that advertisements of a political nature are sponsored and paid for. This has gone along to the extent that laws have been passed to make the publisher of a periodical make the facts known to those who seek the information. Under certain circumstances it is illegal for a newspaper to print an advertisement which does not give the information in the face of the advertisement. So far as we are concerned this is fine. A newspaper publisher has to get on the dotted line every time with every line every week. The assumption on the part of the advertiser that the publisher should take responsibility or approbrium for every advertisement that is printed for the simple reason that he takes pay for the advertisement has been carried along too far. The publisher is going to have to make somebody else go along with him. And now that there is no political campaign going on and this statement of the facts cannot be taken as "thrown" at somebody we think we ought to make a sort of a warning the statement that from this date hence those who would win friends and influence people during election time will have to get somebody to sign what is said -- that or no soap.

For the most part those who ask that advertisements on political affairs -- where individuals' political aspirations are concerned in particular -- have no name signed do so principally for dear modesty's sake or because they do not want to court the public enmity of those whom they oppose. These will have to recover from these two maladies henceforth so far as this newspaper is concerned, we think at this moment. Somebody may come along and pressure us into changing our minds, but we do not think so. Henceforth when a political advertisement appears in The Hesperian it will have somebody's name attached who will get the telephone calls, and the operator won't buzz Number 8.

### HOUSE CLEANING NEEDED?

Not because they believed everything they wrote but because they were paid to do it. That is the charge made by Mr. Truman during the presidential campaign against the "Hearst character assassins and the McCormick-Patterson saboteurs" all of whom opposed him, as well as the conservative columnist and the radio commentators. The people believed him, says The Ralls Banner and thus, although not publicized, is brought to light one of the most serious indictments of the press. Says the Ralls newspaper continuing in the article:

Over 90% of the daily press actively opposed Truman. Fifty million people read these papers each day; but less than half believed what they read in them. In 13 states carried by Truman, not a single daily supported him. Papers blame the polls, yet all the polls are subsidized and supported by newspapers. Gallup's poll is owned by 125 newspapers, including the Scripps-Howard chain. Roper poll is paid by Time, Life and Fortune. The polls reflect the attitudes of their employers. The daily press, aligned solidly behind the manufacturing and financial interests of the country, opposed Truman. They hoped to sway public opinion to Dewey, but the readers refused to be misled. A headline in last week's paper read: "Newsman Claims Papers Failed To Find Trend Toward HST." It is obvious that the papers found, but suppressed in their columns the trend toward the President. The Press is overdue for an overhauling."

### CHEERFUL THANKSGIVING PRAYER

Give me a good digestion, Lord,  
And also something to digest;  
Give me a healthy body, Lord,  
With sense to keep it at its best;

Give me a healthful mind, good Lord,  
To keep the good and pure in sight,  
Which seeing sin is not appalled,  
But finds a way to set it right;

Give me a mind that is not bored,  
That does not whimper, whine or sigh;  
Don't let me worry overmuch  
About the fussy thing called I;

Give me a sense of humor, Lord,  
Give me the grace to see a joke,  
To get some happiness from life,  
And pass it on to other folk.

—Stanzas discovered in an old tablet in England.

Europe is too old and there is no hope that within a generation or two all the old animosities and all the old out-moded ways of doing business can be eliminated. Also before all the greed and avarice that mark the ways of the "haves" against the "have nots" can be done away with. So the job of rehabilitating Europe is a long drawn out piece of work for somebody. Apparently America has been singled out to handle the matter. And already there is criticism about the way we are doing and how we are doing it. The European mind has a very personal selfishness, a bite the hand that feeds you sort. Most of the ills that America has are from aping the social and business practices of that area.

### HAS THEM GUESSING

Mules are hybrids—products of crossmating between horses and donkeys—and hybrids are supposed to be sterile.

So no one suspected the ill temper of a she-mule on the Gene Benson Ranch, near Alpine, Texas, might hint oncoming motherhood. Losing patience, they turned her loose on the range, reports Pathfinder.

Ten days later, a ranch-hand saw her there—nuzzling a little filly mule. The newcomer's head was horse-like, the rest of her mule-like—and all of her affront to established genetics. Pending a scientific check-up, savants cautiously suggest: (1) the young one may be an adopter, deserted by horse-and-donkey parents or (2) the "mother" may be no mule, but an overgrown donkey.

Mr. and Mrs. Ray Switzer and son of Amarillo, spent the week-end with their parents, Mr. and Mrs. L. L. Switzer and Mr. and Mrs. Efford parish.

## Couple Hold Open House On Anniversary

Celebrating their Golden Wedding anniversary Mr. and Mrs. W. A. Shaw held open house Sunday afternoon, November 21, at their home at 303 West California Street. Call hours were between 3 p. m. and 6.

Guests were met at the door by Mrs. Glee Thomas, a daughter, who presented them then to her mother and father, Mr. and Mrs. Shaw, who were dressed as they were when they were married fifty years ago.

Mrs. Shaw's dress was of beige material with a long gored skirt. The waist of the dress was full with a soft insert of white sheer extending from the neck to the waist line. Gathered brown ribbon was caught on either side of the insert and edged the epaulet effect at the shoulders. She wore a corsage of golden chrysanthemums. Mr. Shaw wore a tuxedo style shirt, collar and tie as they did in his boyhood days. His boutonniere was a golden chrysanthemum.

**Punch and Bride's Cake**  
Going on in to the dining room the guests were served golden punch and bride's cake by Mrs. E. L. Angus and Mrs. J. W. Clontz. The table was beautifully appointed with

a lace cloth over gold. A golden rainbow flaked at each end with a pot of gold filled with golden chrysanthemums was used as the centerpiece. Underneath the rainbow was a small card with "Fifty Years" in gold printed on it and to one side was the picture of the preacher, Rev. J. W. Connelly of Trenton, Texas who married the honored couple. The double ring bride's cake was white decorated in a touch of gold with golden touched flowers. It was edged with golden tulle.

Mrs. John Austin, a daughter from Lubbock, and Mrs. Virgie Shaw assisted with the guests and ushered them on into the bedroom where they registered in a beautiful guest book, printed by their granddaughter, Beverly Ann Thomas and Mrs. E. J. Barker. Beverly Ann presided at the book. Another granddaughter, Mrs. Joe Wright of Lubbock helped with the gifts presented to the couple. Piano music was furnished throughout the receiving hours by Mrs. G. R. May.

Also in the houseparty were two young friends of Beverly Ann, Miss Judy Moss and Miss Myrna Wilson. Yellow tapers and yellow chrysanthemums were used throughout the house.

**Married at Trenton, Texas**

## EDITORIAL

**THANKSGIVING DAY**  
There has said that an editorial not be an essay on Christ-Thanksgiving or Easter, but it is on a subject which is im- portant to students.  
Thanksgiving is vitally important to students—or it should be. It is a part of life. It is time for being happy, for sing- ing and laughing, for enjoying our friends. That is what Thank-sgiving means. And that is why we think it is important.  
We are thankful to our friends and friends. We are thankful for a land of freedom. We are thankful for the small things, a smile, a kind word, a hand- We are thankful.

## Candid Camera

Around seventeen years ago a bouncing baby boy made his first appearance in this old world in the Handley home. Mr. and Mrs. Hand-ley named this fine young son Randall. After seventeen years Ran- dall has black curly hair, brown eyes, 155 lbs. of muscles on a 5'11 1/2" frame.  
Randall, better known as "Sleepy", started to school in Floydada and has continued it here thus far. "Sleepy" would like to spend his vacation months working with a construction company the first half of the summer and the last half he would like to vacation in Calif-ornia, coming back by Colorado, so he could hunt and fish before com- ing home.  
Randall has not missed his share of honors while in high school. He received the honor of serving as vice-president of the Aggies his Freshman year. Through his un- tiring efforts as business manager of the senior class, "Sleepy" was the dominate personality behind the seniors pushing them on to the vic- tory over the other classes in the carnival race. He has also been very active in sports, having three years of football. Randall's third and fourth years, he played on the whirl- wind first string. He has also been very active in basketball for three years, track two years, and base- ball for one year.  
Randall can usually be spotted wearing blue jeans, athletic socks, his green and white football jacket, and tee shirts.  
He has many likes, but here are a list of his favorites: green, gold, fried chicken, banana pudding, creamed potatoes, Mexican style red beans, milk, all kinds of math,

general business, basketball, and hunting.

Grouchy teachers head Sleepy's list of dislikes. A few other dis- likes are losing games, nosy people spinach, and sour kraut.

Randall's most pleasant summer vacation was spent with Hamilton Construction Company in Henrietta. Just before school started, he quit and went to Rocky, Oklahoma, and met his folks there at an Associate Church meeting. After the meeting he came back through Wellington to see some friends before coming home to start training.

Sleepy's most embarrassing moment was on the Aggie trip to Fort Worth. He got socked out of his hotel room "sans clothes" and could not get back in.

For an ideal girl Randall would like a dazzling blue eyed blonde weighing around 106 or 110 and about 5'7" tall. She must be real friendly also. He said that he was still looking for her.

Sleepy's greatest achievement in high school was helping the seniors win the race. He said, "It tickled me more than anything to be able to say I helped."

Randall would like to be a large business man working in insurance or a mechanical shop of some kind.

"Sleepy" uses the slang expres- sion, "Golly", more than any other one.

In answer to what are the possi- bilities of the basketball team Sleepy replied, "I think we have lots of good material if we train and work for it, I think we can go a long way."

Randall, you have proved to us over and over again that you have one of the greatest assets anyone would wish for—dependability.

John M., I saw you at the Cros- byton-Floydada game with Ruth Williams. Make up your mind, please!

I hear that a new romance is blooming between June Britton and Troy Wright. Is dat so, June?

D. F. Rogers and Bud Turner are undecided about which one likes Lorena Williford best!

Say Arlene, what happened be- tween you and George?? Duhhhh! You two don't seem to be such good friends anymore.

It seems that Aubrey Guthrie has been going out with Eva Waller too much lately.

Lorena Williford, are you still in love with Chester, or is it Ray now?

Gloria Ratjen was with a very cute boy from Texas Tech Satur- day night. His first name is Dick. Looks like R. D. H. has at last a cute girl friend!

Connie Reeves and Hansel San- ders are leading their little sis and bud on. Now it is Shirley Reeves and Buddy Sanders!

Jr. Johnson and Johnnie Ruther- ford are seen together quite often nowadays. Cute couple—eh what?

What's this I hear about Shorty Cardinal and Barbara Dutton. Is it serious?

Phillip Smitherman sure does like 3rd period Study Hall. Could it be because he sits by Mary Young and Loene Williams?

Is Chris, still turning Melvin down? Looks like the poor boy would give up!

Betty Lee Freeman and Herbert Irwin seem to be doing fine on the Fairview bus. Could it be a new romance? ???

Ann West are you still crazy about Kenneth or is it Billy now?

There seems to be an old flame between June Payne and Hershel Irwin. They are really doing fine.

Bobby Finley and Joy McCravey were seen together Wednesday night. Love, no doubt.

## DO YOU KNOW —

that more than 20,000 pedestrians are killed or injured each month? that two out of every three ped- estrians killed by motorists were either committing an unsafe act or violating a traffic law?

With such figures, motorists have a double duty; to obey all traffic laws and to watch out for pedes- trians. Keep alert for pedestrians at all times but more especially in truckly settled sections, school zones and cross walks. It will cost you only a few minutes but may save a life.

## Seven Men Play Last 'Wind Game

Spur Bulldogs, led by Clyde Blair, rolled over the Floydada Whirlwinds 33-0, at Spur Friday night before a large crowd. Spur opened up in about the first 6 minutes of the game, with Blair going over from the 10, but he failed to make the conversion, and again Spur held Floydada for 4 downs. Then a 30 yard pass by Simpson to King set them up on the 6, where they went over on the fourth down and made the conversion, 13-0. With about 4 minutes left in the half, Floydada set fire by fine passing and run- ning from Finley and Jeter but was stopped 4 downs on the 10, and that was the only serious threat made by Floydada.

Floydada fans were sure the Whirlwinds would give Spur a scare, but they could not get started. With Jeter's knee all "banged up" that decreased the hopes 40 per cent. Blair and West over once more and Slack twice. Spur took a 33-0 lead, and that's the way the game ended. Floydada had seven men who played their last game and they played a fine one too. They were as listed:

- L. E.—Randall Handley;
- L. G.—Don Boothe;
- C.—Weims Norman;
- R. G.—Bob Cline;
- R. E.—Jr. Perry;
- L. H. and Capt.—Bill Jeter;

## Ralls Man Says Let The Critics Set An Example

The question of who should and who should not shop out of town is a recurring one in every community in the general area of Lubbock at this time. It is a burning issue what with literally thousands of dollars going from every community over a wide area daily to the Lubbock county metropolis.

One newspaperman, Ernest V. Joiner, of Ralls, last week took to task critics who criticized him for going to Lubbock seeking to sell newspaper space, after, he said, he was unable to sell enough at home to keep the wolf away from the door. Here is the point of view which he expressed, together with the results of some of his investigations:

Recently several well-meaning business men took it upon themselves to exhort the editor for accepting out of town advertising in his newspaper. This was in spite of the fact that local merchants have first call upon all advertising space and rejected it upon the erroneous theory that a false sense of local patriotism would prevent the editor from going afield in order to thwart the wolf. Two of these critics then felt called upon to send their advertising dollars to Hollywood rather than place them with the most widely-read medium in their territory.

So we drifted over to Lubbock this week and rubbed chins with sev-

eral established merchants. During the conversation we found that several of our local merchants carry healthy monthly accounts with the Lubbock businesses they don't want others around here to patronize. One of our critics, we found, is a regular customer at a store over in Lubbock which carries the same line of goods carried by two home-owned institutions. Another critic patronizes a hardware store over there, and recently purchased two items he might have bought at home for \$25 less than the Lubbock price! The wife of another merchant is a regular customer at the J. C. Penney store. In fact, the roster of Ralls merchants doing business in Lubbock would resemble the attendance list at a Ralls Chamber of Commerce meeting.

Another Lubbock business man told the editor that a Ralls merchant who bought a big bill of household furnishing at his store a few months ago requested that his truck unload the stuff at his home in Ralls after dark so that he wouldn't have to explain why he didn't buy it at home!

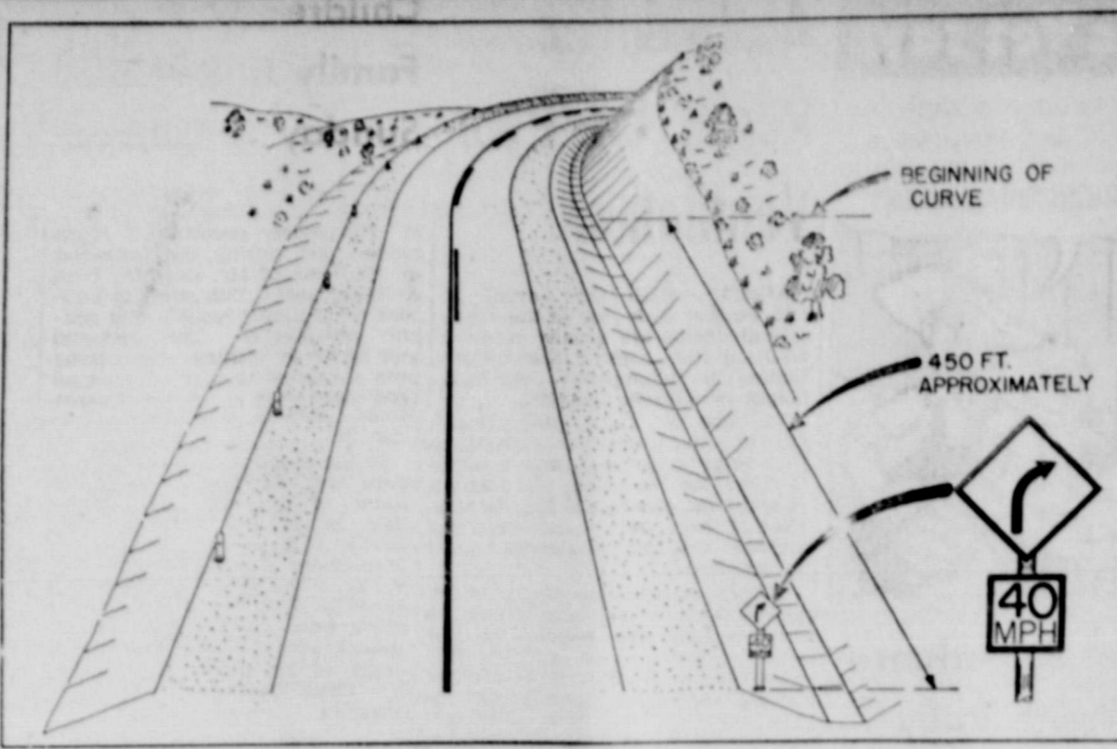

We're not complaining. We want it understood that the next time anyone accuses the editor of doing business out of town, we expect him to make the charge with clean hands. What's good for one merchant might be good for all, particularly in this respect.

Let the critics set an example.

Misses Janie and Betty Massee of Weatherford have been here for a several day visit with their brothers, J. M. and Charles Massee. At present they are in Lubbock visiting another brother, W. M., who is ill.

C. E. Soderstrom has been ill the past week, but is some what improved at this time.

## Speed Sign Aids Traffic Safety; Soon To Be Seen On Texas Roads

AUSTIN, November 15—A new type of highway sign, an advisory speed sign designed to aid in traffic safety, will soon make its appearance on Texas main highways. Part of the Texas Highway Department's program of speed zoning, the new sign will advise motorists of the maximum safe and comfortable speed on curves and turns which are not considered safe to travel at speeds above 50mph. It will be a sign with a yellow background and black numerals and letters.

The speed indicated on the sign is not the maximum at which a turn may be taken, but is the maximum at which the average car can make

the turn without an uncomfortable sidethrow of its passengers and still stay on its side of the road. The speed indicated is calculated by the use of a Ball-Bank indicator, an aircraft device which measures the degree of force in any turn. Highway Department test drivers will try each turn at increasing speeds until the maximum is determined.

The Governor's Highway Safety Conference held this spring recommended that the Texas Department institute a program of speed zoning and marking curves with safe speeds, and the new signs are a result of that recommendation.

## Mr. Jones Arrived Tho on Ranch

—Morgan Jones, sr., of the vast 66,000 acre L-7 ranch, arrived on the Kalgary before dark Tuesday and called Oscar Moyers returning to Crosbyton as the Kalgary community is building a house. "I'll be back there and wonder if mind giving me a lift," Jones said.

Three private planes were called to help in the search, but by the time it became too dark to see from the air, they had not spotted Mr. Jones, who later reported seeing them at a distance. It did not enter his mind that they were hunting him, he said.

When the planes failed to spot Mr. Jones, Sheriff L. E. Haynes was notified, and he immediately began to organize an intensive search. The ranch owner was reported found, however, before the search got well under way.

Misses Zilda de Azeredo e Silva and Mary Louise Fine, both students of the Southwestern Baptist seminary in Fort Worth, are spending the Thanksgiving holidays in Floydada as guests of Rena Taylor.

terrain of the ranch. "A man is as old as he feels," he told Mr. Moyers, "and I feel like 25."

Jones and his son arrived Tuesday for an inspection of the ranch. Leaving their own car, they were using a surplus army truck for their tour of the property, now under lease to W. W. and G. C. Brunson. The truck developed a gas leak and it was decided they needed a can to catch some of the gas.

**Planes Are Used In Search**

The elder Jones told his son he would find a can and started away from the truck as if to look for one. The son went in another direction to look, seeing his father climbing over a small hill as he left the truck. The son returned to the truck and when his father had not come back in an hour or more, he returned to ranch headquarters to report his father lost.

## Asphyxiation Result Of Poor Ventilation

AUSTIN.—With the advent of cold weather each year in this state, several deaths are usually reported resulting from asphyxiation by gas fumes in improperly ventilated homes or sleeping quarters.

Dr. Geo. W. Cox, State Health Officer, has issued a warning in this respect, emphasizing that it is never safe to sleep in a tightly closed room with a gas fire burning. Even if there are no gas leaks, the air soon becomes vitiated and unfit to breathe.

"When occupying a room in which a gas is burning, be sure always to have at least one window or door open, to admit fresh air," Dr. Cox said. "If the weather is too cold to permit leaving an open window in the room occupied, then play safe by opening a door into an adjoining room, where a window can be opened."

Dr. Cox said he was prompted to issue this warning early in the season because of the fact that thousands of new residents in the state have come from districts where they have been used to burning coal, wood or oil, and they do not know the dangers of gas fumes in improperly ventilated homes.

"Occupying a room heated by an open gas flame, and at the same time keeping the room tightly closed, may prove disastrous the very first time it is tried," Dr. Cox said. "It is better not to risk it even one time. Always be sure that your room has plenty of fresh air, but make doubly sure when you have a gas fire burning."

### DOUGHERTY CLUB TO FURNISH ROOM AT HOSPITAL

The Dougherty Home Demonstration club met November 17 at 2 o'clock with Mrs. Bill Smith as hostess.

The house was called to order by the president, Mrs. Tate Jones. During the business session Mrs. C. A. Caffee gave a report of the two day achievement tour. Mrs. C. E. Bartlett gave the council report in the absence of Mrs. C. A. Caffee as council delegate to the last meeting.

The club voted to furnish a room at the new hospital in Floydada. There was an auction sale which totaled \$11.50.

Miss Lella Petty gave a demonstration on children's clothing and sewing hints that were very helpful to the members.

Mrs. C. E. Bartlett won the attendance prize.

Refreshments were served to Mmes Jack Ross and Bill Colston visitors C. W. Dennison, Tate Jones, C. E. Bartlett, C. A. Caffee, Claude Ring, Maurice Campbell, Ruth Daniel, R. C. Woodson, Sam Lide, A. B. Muncy, Jr., Harion Cagle, Miss Petty, and the hostess, Mrs. Bill Smith.

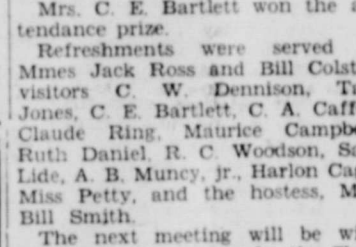

The next meeting will be with Mrs. O. G. Glassmoyer for the Christmas party. The date will be set later.

The club members wish that Mrs. T. J. Poole will soon be able to be back again.

# Spur Unwinds 'Winds' String 33 To Nothing

Spur Bulldogs last Friday night in the cold of Jones stadium took Floydada High school's Whirlwinds in somewhat the same manner that Grant took Richmond. The score was 33 to 0. The Bulldogs scored in every quarter, and the Whirlwinds bogged down in their drives on the 4-yard line and the 10-yard line.

Floydada's ace ball toter, Bill Jeter, was nursing a crippled knee and was available principally as a blocker. It was an anti-climax so far as the Whirlwinds were concerned. Finley as the squeeze play man and Jeter as the blocker didn't work as good as the other way round, Spur's scoring: 6 in the first quarter, 7 in the second, 13 in the third and 6 in the fourth.

The Bulldogs were up for this game with five good ball toters rearing to go. The Whirlwinds were not heated up at all. Spur took all the honors going away. There was an invincible team Friday night, we mean to say, on the District 3-A level. With a good line operating

in front of Blair, Lindsey, Slack, Alldredge and end Joe King looked like a million dollars to everybody but the Floydada fans.

On the same date Crosbyton, 47, Ralls 6; Paducah 31, Matador 7.

### Whirlwinds Finish Third

This means that the Whirlwinds finish third in the conference. Standing in the league play winds up as follows:

	Won	Lost	Pct.
Lockney	7	0	1.000
Spur	6	1	.756
Floydada	4	3	.571
Crosbyton	4	3	.571
Abernathy	3	4	.428
Paducah	3	4	.428
Ralls	1	6	.142
Matador	0	7	.000

Floydada takes third place over Crosbyton by virtue of their win over the Chiefs, Abernathy fifth place by virtue of their win over the Dragons, Matador Matadors in particular and Ralls Jackrabbits also have their necks bowed and their vows made for next year. This season they were just out of luck.

### CARD OF THANKS

You who have shown us unending kindness, sympathy, and friendship during the past few weeks will never know the gratitude we try to express. We thank the McCoy Baptist church for the beautiful flowers and everyone who has helped us in our time of need. May God bless each of you.

Mr. and Mrs. D. F. Payne and family

## Re-model Meth'dist Church At Lockney

Rev. Newton Daniel, pastor of the Methodist church in Lockney, has announced that a remodeling project has been started for the church building, and anticipates that soon it will be completed.

Five thousand of the \$8,000 goal has been reached, and the remainder probably will be very soon.

Rev. Daniel also says it is possible that chimes to go with the organ will be installed.

**GREAT HOME-COMING**

New state officers will be elected.

Mrs. Gene Collins spent Monday and Tuesday of last week in Lubbock with her sister, Mrs. Walter Smith, whose husband is in the St. Mary's Hospital recuperating from an operation.

Mrs. A. L. Maxwell, of Detroit, Michigan, is here for a visit of several days with her parents, Mr. and Mrs. W. J. Waller.

## "WHY WORRY ABOUT EXPENSES"

This remark was overheard in Day's yesterday, where a group of older garments are enjoying a few days of rejuvenation treatment. "It's little enough to pay for looking young and pretty again," one of them added.

American kitchens during 1947. That is the grim warning of the Association of Casualty and Security Companies, whose accident prevention department is hot on the trail of all preventable home tragedies.

Kitchen tragedies rank third among the accidents in America's most dangerous place—the home.

The modern kitchen is a combination factory, bakery, cannery, laundry, butcher shop, restaurant, and general work shop—even a playground—the Association's safety experts point out. Since the job of controlling accidents there usually falls on the housewife, here's a check-list they suggest for helping her learn where dangers are.

1. Are utensil handles turned away from stove edges?
2. Are curtains fastened to prevent being blown over gas flame?
3. Are you careful never to touch a light switch or socket and a grounded metal object—such as a sink—at the same time?
4. Are flues, pipes and chimneys inspected regularly?
5. Are stoves cleaned with non-flammable cleaners?
6. Are matches kept out of children's reach?
7. Gas burners adjusted, free from leaks? Stopcocks set tight so children cannot turn them?
8. Do you open both oven and broiler doors and stand to one side when lighting oven or broiler gas burners?
9. Is grease wiped up immediately after it is spilled?
10. Floors rubbed thoroughly after waxing?
11. Is the kitchen ventilated when oven and cookstove are in use?
12. Do you wash sharp knives separately from other cutlery?
13. Are sharp knives kept in a knife drawer or special holder, out of children's reach?
14. Put away the meat grinder after using it, to prevent children from playing with it?
15. Do you use a rotary can opener—not a knife—to open cans?
16. Do you avoid grasping open tin cans by their jagged tops; do you dispose of them where children cannot get at them?
17. Are appliances disconnected when not in use?
18. Have you a metal or asbestos stand for your iron?
19. Do you use pot-holders to lift hot pans?
20. Do you keep small children out of the kitchen, or as far as possible from stove and sink?
21. Are electric outlets so arranged that cords will not obstruct passage or movements?
22. Do you raise side of lid farthest from you on cooking utensils, to avoid steam burns?
23. Are cupboard doors always closed when cupboard is not in use?
24. Are mops, brooms, vacuum cleaners stored so they will not obstruct passage?
25. Are walls behind stove and water heater covered with fire resistant material?
26. Do you avoid wearing kimono or robe with loose or flowing sleeves when using gas stove, washing machine, wringer, etc.?
27. Do you discard cracked, shipped or broken handle dishes or

## Post-Lockney Game

(Continued from page one)

to be no doubt that the Longhorns have so far outclassed the other District 3-A teams that they should be given an even break with the best in the adjoining districts.

### More Like a College Team

Post Antelopes, in winning from the Littlefield team last week-end looked more like a college outfit than an assemblage of high school boys. Taking Littlefield, the north half Four-A winners 14 to 0 the Antelopes showed very good deception, had a good passer, Mauloff is their hot shot but they also have three more good boys who can tote the pigskin. The Antelopes also can make a goal line stand against pretty fair opposition as they well demonstrated Friday afternoon. They have more power than the Longhorns have bucked so far this season.

Lockney's wonderful line will go into the game, as will also their backfield, without a man in even so much as battered condition. Post has some battered men who played the battered Littlefield team last Friday. Post has been under pressure all season long. The Longhorns have coasted quite a bit. They have some reserve yet to be put out. So the District 3-A entrant first step toward a regional play-off and a step in the direction of a state championship for the plains of Texas. Some peewees down the line can spoil the fun by running away from our boys but they certainly won't run over them.

glassware? 28. If you smelled escaping gas, would you avoid open flame light and refuse to turn either house or flashlight switch? 29. When storing or discarding boxes and boards, do you remove or bend down protruding nails? 30. Do you immediately give cuts or scrapes which break the skin first aid treatment by cleaning, applying an antiseptic, and bandaging? Did you answer "yes" to all thirty questions? If you didn't, chances are you'll be a kitchen casualty soon.

Rev. and Mrs. J. P. Smith returned yesterday from a two weeks visit in Memphis, Tennessee with their daughter and husband, Mr. and Mrs. Thomas Cunningham. Their son, Bill, who had been ill in the hospital at Memphis, for some time, returned home with them. Bill had been employed in Memphis for six weeks.

## Adams Jury Return Verdict Of Guilty

Petit jury in the Jack Adams case here yesterday afternoon returned a verdict of guilty, assessed punishment at five years imprisonment and recommended to the judge a suspended sentence.

Adams was charged by the grand jury with rape, alleged to have been committed on first primary election night in July. He is a Lockney boy, 18. The young woman in the case was a Terry county girl working at Lockney.

The trial opened Monday morning and part of the first witnesses' testimony was heard the same day. A parade of witnesses testified Tuesday and at a Tuesday night session. The case was given to the jury five minutes before noon yesterday and their verdict was arrived at about 2 o'clock. District Attorney John B. Stapleton was the prosecutor. He was opposed for the defendant by Richard Stovall, City, and Buster Cole, of Bonham. There are three companion cases, one of which has been transferred to juvenile court.

**TO SPONSOR CONCERT**  
The Floydada Fire Department and Andrews Ward School will sponsor a concert by the Stamps Ozark Quartet from Wichita Falls at 7:30 in the high school auditorium Tuesday night December 7. The public is invited to attend.

Mr. and Mrs. J. E. Bradley and Charles King, of Lubbock, visited during the week-end with Mrs. Bradley's mother, Mrs. M. L. Probasco. Max Bradley, who had spent the week in Floydada, returned to Lubbock with them.

Tuesday visitors in the home of Mr. and Mrs. Charles Probasco in Tulsa were Miss Myrtice Meador, her father, W. E. Meador and Mrs. M. L. Probasco, of Floydada and Max Bradley, of Lubbock.

Mr. and Mrs. B. W. Snell of Lubbock visited relatives here Sunday.
