Open House Soon Peoples Hospital

Foreseeing a date when the Peoples hospital will be in operation, directors of the hospital this week were pointing efforts to finishing a portion of the plant on South Third street so that people of the area can see what has been done when they set a date for an open house sometime after the 15th of this month, possibly, probably between Christmas and the New Year.

So said T. W. Haley, manager of the hospital, this week. Date for the open house will be set soon and the directors are hoping they will have hundreds of visitors, and a shower of a myriad things the hospital will need once it gets into operation.

This week a visit to the hospital indicated that progress now has speeded up and that the clinic and some 14 beds will be ready by January 1. The officials were unwilling to name any doctors who are being considered but Mr. Haley was sure yesterday that assembling a hospital staff is progressing satisfactorily.

Membership is Major Problem This week the manager and the directors have their minds set on a campaign to recruit members of the hospital association. But they are going right ahead with the construction work, with crews of carpenters and finishers on the job.

Open House at Early Date An open house is being planned for a December date when accomplishments to date will be shown. Furnishings and furniture for the hospital are being ordered.

Carmickle 2-B Oil Strike Said Significant Discovery

General American Oil company No. 2-B Carmickle, first flowing oil producers within the confines of Floyd county, will be developed from the Permian formation, which was found at a depth of 4,798 feet. Although the hole was drilled to 5,910 feet and a test made there that gives promise of production, the higher structure made a well that flowed 260 barrels of oil in an eight-hour test, through two-inch tubing and the company is credited with stating officially that it would be put on production from the higher horizon.

Significance of this strike is recognized in the oil fraternity. Official location of the well is 1980 feet from the north and 660 feet from the west lines of Section 18, Block K, TRR survey. It is the first production in the general area of Petersburg from the Permian, other production being the upper Pennsylvanian.

Core Drill Tests Location has been made on the T. B. Rambo farm near Petersburg for core drill tests. This is the southeast quarter of Section 17, block K, Hale County. Its northeast corner is coincident with the southwest corner of the Carmickle land on which recent discovery of oil has been made in the Lower Permian, a new producing horizon in that area.

General American Oil Company has staked a south offset to its No. 2-B Carmickle, flanker to the Arick field of Southwest Floyd County and Southeast Hale County. The new project is to be the General American No. 1 Mayo, located 330 feet from north and west lines of the north half of section 18, block K, TRR survey, in the Hale County portion of the region.

EDITORIALS

That was a dark day: Saturday night's hefty wind is a reminder that such has occurred before and may be expected to happen again. Long-time residents of Floyd county hark back to Thanksgiving day of 1926 for such a thing to compare. The difference was that one took place in the day-time the other at night. Saturday night's blow, considerably, was in the dark hours when sweet Morpheus wooed. Old-timers do go back through the terrible blowy days of the early mid-thirties and to that year of 1926 to find something about the weather to call the very worst that ever happened to Floyd county people. We find it more and more indelibly in so many minds when we talk chit chat to this and that. Some day 1926 will have been forgotten, of course, and that Saturday night in December of 1948 will be the snubbing post to which the old timers of another day will hitch their imaginations.

We Mean no Harm: How can the deep thought of the people of the country be transmitted to the men who set the tempo and the policy of the nation in its dealings with other people of other nations of the world? How can it be transmitted to Mr. Truman and Mr. Marshall and Mr. Connally and Mr. Mahon and the others that the people think of them as servants and not as rulers? This comes to mind as we read the thoughts of our people in connection with the Christian Rural Overseas Program. Frankly, we assumed that CROP was one of these grass roots things, where the men and women who toil on the farms — we mean milk the cows, feed the hogs, cut the wheat, bale the hay, harvest the post toasts and haul them to the cows, crank the tractors, rig up the plows, treat the wheat with Ceresan, things of that kind — we assumed that these people spontaneously arrived at this beautiful idea of sending from the heart of America succor and hope for the war-ravaged peoples. But it seems we were wrong. There had to be an organization which would whip up the thought of christian rural America along these lines. Christian rural America was willing enough and still is it appears. Christian rural America may have to be shown. Christian rural America believes that the program of ECA, the so-called Marshall plan, the program of the army for the relief of the Berliners and the other afflicted areas of Europe, in fact the official program of their nation, is shot through with Graft, corruption, favoritism, blackmarketeering, feudalism. This somewhat before it leaves the shores of America, and totally after it reaches Europe. These people in official position should, like Paul, think on these things: Why can't ECA be honest and fair and above-board and why can't succor go to those who need it and not to those in high place in France and Britain and Greece if it must go at all, as we are told it must? And why should it not be above suspicion? We ask Mr. Mahon that, and we ask Mr. Connally that. Mr. Truman has a "mandate" from

the people, he assures us, and of course you can't question a man who has a mandate. The people are thinking things. They are paying in taxes and are they paying. Why should or why should not they give to CROP? Why should they have to be assured from some official church relation that the food and the money and the clothing will be dealt out honestly and fairly and to those who actually need it in contrast with the way the "official" America does? Why shouldn't official America be the honestest thing in all the world?

REAL CHRISTMAS JOY

As Christmas approaches each of us would like to feel that we have done something to add to another's happiness at this season. The joy that Christmas normally brings is not complete unless we have that inner satisfaction that comes with knowing we have made a contribution to the welfare of others, that we have overlooked no little thing that might make this Christmas a better Christmas.

Each person may know of some special thing he can do to make Christmas happier for another. For one person, it may be buying a doll for a neglected child. For another it may be sending a basket of fruit to an invalid. But, regardless of what we may do for individuals, there is one thing all of us can do for everyone in the community, including ourselves.

We can all buy and use Christmas Seals. Christmas Seals have become an American tradition. They have become a tradition in Texas because they are a symbol of an important piece of work that has been carried on in this State for forty-odd years.

That work is the campaign against tuberculosis inaugurated in 1908 by the Texas Tuberculosis Association and continued without interruption by the Association and its increasing number of affiliates.

In its campaign against tuberculosis, which kills more than 2,500 Texans a year, our Association is engaged in a program of health education, case-finding and research.

The Texas Tuberculosis Association depends entirely upon the annual sale of Christmas Seals to finance its projects. Those of us who buy and use Christmas Seals will have the satisfaction of knowing, when Christmas Day dawns, that we have made a contribution to the welfare of the community in which we live.

With the exception of diseases of the heart and circulatory system, cancer kills more people than any other disease.

ELECTRICAL GIFTS THAT GIVE Pleasure ALL YEAR ROUND

SOUTHWESTERN PUBLIC SERVICE COMPANY
24 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

What's Ahead For Next Year As To Crops?

COLLEGE STATION—What's ahead in the crop situation for next year?

This question may be asked by a great many Texas farmers, says C. H. Bates, extension farm management specialist of Texas A. & M. College. And here's his answer.

There's a caution sign out for the wheat and feed grain producers. Prices of these crops will probably drop about a third this winter and early spring. So they will be about a third lower next year than they were in 1948. Exports may still be as large next year, but are being trimmed in places by large demands for durable goods and armament.

Figuring on average weather conditions, cotton farmers should have a good year. The agricultural economists figure twice as much cotton will be exported next year as last. At the same time, the nation here at home won't use quite as much as in 1948. The support prices will hold at 90 per cent of parity—which means the government loan price will be around 27 cents for middling seven-eighths inches in Texas markets. Here again, says Bates, an acreage boost next year might bring production control problems into the 1950 picture.

Peanut growers do not know yet whether marketing quotas will be in effect. Support prices announced for 1949 will average about \$210 per ton. So to get guaranteed prices, the gober growers may have to comply with acreage controls authorized by last year's referendum vote.

And the way it looks now the acreage goal for peanuts next year is likely to be down 10 percent or more.

That's about the size of things as they look now, says Bates. Two of the big things that will affect these crop outlooks next year are the government spending for European relief and the military preparedness program.

Everybody will be watching these, because they'll have a big effect on support prices of crops.

Family In Quail Siege

—All the shooting is done by the Arthur M. Tanner family whose farm is located 15 miles north of the Matador-Turkey road. The Tanner family is ready to sign a truce with the quail after the opening of the season.

Tanner escaped from the quail and managed to get to Matador, where she was trying to shoot some metal "no hunt" tags. She admitted it is a little late, but she captured it without a shot. She blasted all the windows of the brooder house, hit the brooder house, hit the brooder house, hit the brooder house. Tanner was afraid to let the quail out, and she and three other men, ages one and three, went to the house as shotgun blasts rang across the fields.

When Tanner was installing a bug system on the Tanner farm, she and her frequently took a shot whined through the Tanner farm. Tanner said members of the Tanner family left the house only in case of necessity. She declared that almost encircled the Tanner farm and that shooting started by the Tanner family.

Tanner used the Tanner farm for a long time throughout the Tanner farm. Tanner used the Tanner farm for a long time throughout the Tanner farm. Tanner used the Tanner farm for a long time throughout the Tanner farm.

Floydada Student Has Honor Rating At H-S University

ABILENE—Georgeann Huckabee, of Floydada, is among the 146 students of Hardin-Simmons University to receive an honor roll rating for the first half of the fall semester. To earn this distinction, students must have received a rating of "Good" on a minimum of 15 semester hours, which is the equivalent of 80% or better.

Miss Huckabee, a senior, is among the group of 40 other students of the senior class who are members of the honor group.

Announcement of the names of the honor students was made by Alton B. Lee, registrar.

Cast In Religious Drama

Miss Huckabee is cast in the role of "Rebecca" in the play, "That Sit In Darkness," which is to be presented December 14.

Miss Huckabee is an outstanding student on the campus, being elected recently to membership in "Who's Who in American colleges and universities." She is a member of Players club, Religious Drama group, Panhandle club, Science club, B. S. U. choir. She serves as program president for the Y. W. A., and also is historian of the F. T. A. club. She was a nominee for University queen, Bronco sweetheart and Senior class favorite. At a recent student election she was balloted F. T. A. Sweetheart of Hardin-Simmons University. Miss Huckabee is a senior education and bible major, and is serving on the staff as an Education teacher assistant.

Next meeting will be with Mrs. Claude Fawver January 3 at 1:30 p. m.

Present at the meeting were Mmes. Hershel Green, E. H. Spears, G. L. Fawver, Claude Fawver, Floyd Bradford, A. G. Cardinal, R. L. Nell, Ray Smith, Bill Dowdy, Poyner Roberts and the hostess.

Members of the club cordially invite the public to come and bring their children to see a real Santa Claus at the gathering on December 22.

Texas 4-H'ers Win Chicago Trips

Ann Peterson Wayne White Betty Blackerby Reuben Rother

SUPERIOR records of achievement in National 4-H Better Methods, Canning, Clothing and Garden programs have won 1948 state championship honors for four Texas club members. Each received an all-expense trip to the 27th National 4-H Club Congress in Chicago, Nov. 23 to Dec. 2. The winners, who were selected by the state club office, and brief outlines of their records follow:

Getting that well-known "new-look" was little trouble for Ann Peterson, 17, of Devine, who selected, sewed, made over or mended 26 garments for herself and other members of the family during three years of 4-H club work. In addition to completing five 4-H projects, of which three were in clothing, Ann served as president and leader. She gave a talk at a community meeting and wrote three stories about 4-H tours, camps or special events. Ann has done some interesting things with textile paints. A peasant blouse which was plain white she painted attractive Mexican girl and ivy flower vendors around the neckline. She painted bath towels with a design taken from the bathroom wall paper, painted initial A on the cuffs of a dress and a pillow top with Mexican designs, which was done in six colors. Named State winner in the 1948 National 4-H Clothing Achievement program, she was awarded an educational trip to the Chicago Club Congress provided by Spoon Cotton Educational Bureau.

Wayne White, 17, of Coahoma, has applied many better feeding and housing methods in his livestock activities because of skill achieved through the National 4-H Better Methods Electric program. Wayne has been named State winner in the program in recognition of the many better methods he has developed for doing farm tasks. He has given demonstrations on trimming calves feet.

All of these activities are conducted under the direction of the Extension Service of the State Agriculture College and USDA cooperating.

grooming livestock, terracing, culling chickens and pruning trees. In addition to project work, he has served as junior leader of his local club for five years. Wayne received an educational trip to the National 4-H Club Congress, Chicago, provided by the Westinghouse Educational Foundation.

The Blackerby family of White-wright has no worries when it comes to being supplied with a variety of healthful foods all year around. Canning 1,984 quarts of meat, fruit and vegetables helped 4-H'er Betty Blackerby, 16, win State honors in the National 4-H Canning Program. She also has served her club in many offices and is a junior leader. Betty was provided an all-expense trip to the National 4-H Club Congress, Chicago, by the Kerr Glass Mfg. Corp. as recognition for her outstanding achievements.

Providing his family with plenty of healthful home-grown vegetables was a major achievement for Reuben Rother, 20, of McDade, but he has now also been recognized with State honors in the 1948 National 4-H Garden program. Reuben planted and tended peaches, tomatoes, squash, blackberries, melons, potatoes, cabbage and corn during his seven years as a 4-H'er. He has used crop rotation and learned their value in both garden and field crops projects. As a recognition of his achievements, Allis Chalmers provided Reuben with an educational trip to the National 4-H Club Congress, Chicago.

Allen State Baptist Sunday School Secy.

Andrew Q. Allen, director of public relations for the Baptist General Convention of Texas, has accepted the position as state Baptist Sunday School secretary. The announcement was made Thursday, December 2, by Dr. Forrest Pezor, Waco, chairman of the Baptist Executive Board.

Allen has been considering the offer since his election at a meeting of the board at the centennial Baptist convention in Houston early in November. He succeeds Dr. G. S. Hopkins, who will retire December 31 after twenty-three years as state Sunday School leader.

A native of Petersburg, Hale county, the new Sunday School secretary is a graduate of the University of Texas in Business Administration. He also holds the Master of Religious Education degree from the Southwestern Baptist Theological seminary, Ft. Worth, and the Master of Arts degree in Elementary Education from the George Peabody college, Nashville, Tenn.

Well-known to Baptists of Texas and the South, Allen served for five years as Dr. Hopkins' associate from 1929 to 1934. He was state Sunday School superintendent for three years in Tennessee and worked for seven years with the Southern Baptist Sunday School board in Nashville.

In 1944, he returned to Texas as business manager of Baylor hospital in Dallas. He assumed his present position with the state Baptist board as director of public relations in June, 1947.

Andrew Q. Allen

Allen is to begin his new work on January 1. His office will be in the Baptist building, Dallas. Dr. Pezor indicated the matter of Allen's successor in public relations will be settled at the annual meeting of the Executive Board in Dallas, December 7.

Savings Bonds Ideal As Gift For Christmas

Texans will receive about \$5,000,000 worth of U. S. Savings Bonds as Christmas presents and year-end bonuses during December, according to Nathan Adams of Dallas, chairman of the Treasury Department's Advisory Committee for Texas.

He said that the practice of giving these securities as presents has increased, year by year, since the government started issuing bonds in 1935. He ascribed the increase to "the American people's growing awareness that economy security is essential to widespread expression of 'Peace on earth, good will to men' as the true spirit of Christmas."

He said that Savings Bonds are a favorite gift of parents, grandparents, aunts and uncles who have in mind the future welfare of their children, grandchildren, nieces and nephews.

Mr. Adams said that recent years also has seen a substantial increase in the number of business concerns that prefer to give bonuses in the form of Savings Bonds. This practice, he explained, encourages thrift and helps employees acquire "some of the good things of life" in permanent, rather than transitory, form.

Mr. Adams announced that, for the first time since the end of the war, the Treasury Department has supplied banks and other issuing agents with quantities of an attractive jacket to serve as "gift wrapping" for gifts of Savings Bonds.

Otto Poe Returning To U. S. For Burial

LOCKNEY, Dec.—The body of Pfc. Otto Poe, jr., of the U. S. Marine Corps, has been returned to the states from Japan, according to information given his mother, Mrs. Luvada I. Poe, of Lockney.

Services for the fallen Marine will be held at Fort Leavenworth, Kansas, but the date has not been set as yet. He has two brothers living near Fort Leavenworth.

Survivors in this area include his parents, Mr. and Mrs. Otto Poe, jr., and two brothers, William A. Poe and Aubrey Poe. He has several other brothers and sisters.

Pfc. Poe entered service in December, 1943. He served in several Pacific campaigns including Okinawa and Saipan. He was wounded on Saipan and hospitalized on Guam.

After the armistice, he was sent to Japan, where he was a member of the Military police. He was stationed at Kagoshima, Kyushu, Japan where he was killed in a collision between a military jeep and a civilian truck. Two other members of the Military police were killed and two injured in the wreck.

Mrs. Jester Attends Funeral Of Mother

Mrs. Ola Jester left Saturday for San Jose, California to attend the funeral on Monday of her mother, Mrs. Owen Alexander, 91. Mrs. Jester met her sister, Mrs. Helen Hobbs, in Amarillo, and the two made the trip to California by train. Mrs. Alexander died early Saturday morning following an illness of several years.

Three other daughters survive. They are Mrs. Orpha Teague, of Pomona, California, and Mrs. Annie Mason and Mrs. Abbra Clinesmith, both of San Jose. Several grandchildren and great grandchildren also survive. Among the grandchildren are Mrs. Earl Switzer, Mrs. B. L. Ewing and Tillman Coleman, of Floydada.

Mrs. Jester will remain in San Jose for an indefinite visit.

Residents of Floydada since 1916, Mr. and Mrs. N. R. Austin are this week moving to Amarillo where they will make their home.

Mr. and Mrs. Kenneth Thornton, of Dumas, were in Floydada last week visiting with relatives.

High Velocity Storm Winds Lash County

High winds lashed Floyd county Saturday night, hugging the ground, whipping black dirt into stores and homes, and punishing unprotected lands unmercifully.

For several hours the wind blew but was most intense as it blasted across the county before a storm front from the west northwest. A lot of small damage was done, as houses rocked, loose tubs, buckets and things of the kind whipped out across vacant grounds.

At Floydada Airport one airplane, belonging to W. D. Burke, was practically a total loss as it broke its tie ropes, zoomed over the airport buildings and landed upside down on the Starks farm across the road. The plane was one which Burke used in dusting and seeding operations in a three-state area. W. H. Tarmer, manager of the airport, said there would be little damage.

During Saturday afternoon, but preceding the high velocity storm, the teachers at Pleasant Hill, occupied by the M. D. Thornton family, was a total loss by fire of unknown origin. Floydada Fire department made an 11-mile run to the scene but reached it too late to save the building or salvage the contents. The Thornton family were away from home and lost practically all of their household and personal effects.

Some Wheat Land Blows
Stalk land that had no protection and had not been plowed, as well as wheatland, took considerable punishment in some parts of the county. And some north and south fence went down as drifting tumble

weeds caught the weight of the winds. Black dirt, quite similar to Thanksgiving day of 1926, filled the air for several hours.

In Floydada crews from the city light division Monday were repairing damage done to the Christmas lighting strands across the downtown blocks and replacing greenery that was blown away in the Saturday night storm. Other cities and towns in the area reported similar damage. At Lubbock, the reports have it, the damage to Christmas lighting installations was considerably heavier in proportion than in Floydada. Plainview also reported damage to Christmas season installations. The damage done to Christmas lighting equipment here was not in excess of \$100.

Parties, gatherings, shopping centers, shows all felt the impact of the heavy winds as many who usually spend Saturday evening at various bright spots, hurriedly withdrew to their homes.

No official figures were available on the velocity of the winds at Floydada. No rain or snow fell, but temperatures dropped Sunday morning below the freezing point.

Little or no damage or disruption of service was experienced by telephone, telegraph or light companies.

Whitfill Vows Changed Dec. Third Home Ceremony

Wanda Ginn, daughter of Mrs. C. W. Ginn, of Lockwood, was the bride of Mr. Doyle Whitfill, son of Mrs. Harry Whitfill, on Friday, December 3, at the home of the bride's parents. The double ring ceremony in the presence of about thirty close friends and relatives was held at 10:30 a. m. The bride wore a medium blue two-piece dress with silver trim. She carried a white corsage with pink roses and white streamers. Her going-away she chose a brown suit with dark brown shoes.

Wed Thanksgiving Day. This picture of the bride and bridegroom when Miss Jean Bain was wed to Leroy Rushing, of Brownwood, on November 25, was made following the ceremony. It shows the couple and the pretty appointments as the bride cut the wedding cake. The ceremony was said at the home of the bride's parents, Judge and Mrs. Kenneth Bain. Picture is by Cecil James, of Hamilton, amateur photography enthusiast, an uncle of the bride who was a guest at the wedding.

Recipe of the Week

Braised Pork Chops With Vegetables
4 pork chops
1 tablespoon fat
Salt and pepper to taste
Water
4 medium carrots, halved
4 medium potatoes quartered
4 small onions
Brown chops in fat. Season with salt and pepper and add about 1/2 cup water. Cover and simmer until meat is nearly done, about 1 hour. Add more water if needed, during cooking. About 30 minutes before meat is done, add carrots, onions and potatoes. Sprinkle vegetables with salt and pepper. Simmer, tightly covered, until vegetables are tender and meat is well done. Serves 4.

LAKEVIEW, Dec. 6.—The ladies of the Baptist church here met Monday afternoon in the organization of Women's Missionary Society. Mrs. G. R. Dowdy, association president, and Mrs. Bomer, association secretary, were present to assist in the organization. Mrs. R. L. Nichols was elected president of the local society and Mrs. Rowell, our pastor's wife, was elected secretary.
The newly organized B. T. U. is going along nicely and hopes to do greater things when we receive all of the literature.
The sincere sympathy of the entire community is with the Mal Thornton family in the loss of their house and furnishings.
The William Powell family and Mrs. Homer Newberry and girls visited relatives in Pampa over the week-end.
The worst sand storm for years swept through this area Saturday night, causing much damage and a lot of work on the part of school and church janitors as well as housewives.
The "hello girls" are being kept busy these days since a score or more new telephones have been installed in the vicinity. What a luxury! But such a helpful and necessary one.

PTA Meets Wedn's'd'y

Mrs. Joe Dunn, president of Andrews Ward PTA announced this week that the Parent-Teachers Association will meet at 3:30 Wednesday afternoon of next week in the music room of Andrews Ward school.
Emotional tie of the home will be the theme for the program.
Mrs. Dunn said that books are needed in the school library that are suitable for ward school reading and asks that those who have such books bring to the meeting. Those who cannot bring books could notify the PTA, which would be appreciated, Mrs. Dunn said.

NASHVILLE, TENN.—Ernest Tubb, star of the "Grand Ole Opry," and Blake Pullen, southern livestock manager of the Ralston Purina company, discuss "Mike," one of the two pigs being featured in a pig-growing demonstration on the "Grand Ole Opry" over WSM here. The two pigs "Mike and Ike," are litter-mates, but "Mike" is being fed a balanced Purina Hog ration while "Ike" gets corn and shorts. This feature on the air is part of a series of "Mike and Ike" demonstrations being conducted all over the country to show the importance of good feeding in raising hogs.

Trouble Begins When Cattle Can't Get Water

COLLEGE STATION — Cattle need water.

That's something people have known and believed for a long time. Certainly cattle need water—and so do all the other animals. People too.

The thing is says Dr. W. C. Banks, extension veterinarian of Texas A. & M. College, cattle need water that is clean, fit to drink, and located where the cattle can get to it without much trouble.

During the winter time, when the lakes and ponds freeze over, cattle have a hard time getting any water. And when they do get it, the water's too cold. It's a good idea, when possible, to warm up water for cat- tle during the cold months. The water doesn't have to be too warm, but the cattle will drink more of it if the water is brought up to 60 or 70 degrees.

Sometimes there just isn't enough water for livestock. That's when trouble really begins. Take this past dry spell during the summer and fall. On a number of farms and ranches, the usual reliable tank went dry. Result: water had to be hauled in, or the cattle were forced to walk long distances to get it.

Water is important in the proper digestion of feed, good milk produc- tion and the normal growth of cat- tle, says Dr. Banks. Many veteri- narians give several buckets of water as part of a treatment to ail- ing animals. Many of the digestive troubles clear up faster when the animal is given plenty of good water.

Ten gallons of water a day is about what cattle normally drink. When they don't get this much, trouble may—and usually does—start. This is especially important during the winter time when cat- tle are fed only dry feed, says Dr. Banks.

Mr. and Mrs. L. W. Chapman have returned from a trip to Yokum County where they visited with relatives and from El Paso, where Mr. Chapman attended a three day manager's forum for Rural Elec- tric projects in Texas, New Mexico and Arizona.

Mr. and Mrs. Fred Zimmerman, Jr., have as guests this week Mr. Zimmerman's mother, Mrs. N. R. Stephens and Mr. Stephens, of St. Helena, California, who are in Texas on a combined business trip and visit with relatives in this state.

Fourth Infantry, Veteran of Dozen Wars, Returns to Active Army Service

Recent reactivation of the 4th Infantry Regiment at Fort Lewis, Washington, returns to active serv-

ice one of the oldest and most honors-laden of the Army's infantry outfits.

Organized as the 14th Infantry by an Act of Congress on January 11, 1812, it acquired its present designation, the 4th Infantry, in 1815. During the course of service in the War of 1812, various Indian Wars, the Mexican, the Civil and the Spanish-American Wars, the Philippine Insurrection and World Wars I and II, it acquired nearly fifty battle honors.

In World War II, the regiment served in the Aleutian Islands, and during 1946 did occupation duty in Japan. It will form part of a regimental combat team at Ft. Lewis.

In the 4th Infantry's coat of arms, a green shield recalls the war with Mexico, and a white Maltese cross, the regiment's service in the Civil War. Fourteen star-encircling the Maltese cross indicate the number of stars in the national flag during the War of 1812. The arrow denotes service in the Indian Wars; the castle, the Spanish-American War; the bold the Philippine Insurrection, and the fleur-de-lis, World War I.

The 4th is the only Regular Army infantry regiment whose members are authorized to wear a cloth shoulder tab. This distinctive insignia, a scarlet ribbon with a green stripe, was awarded a unit of the regiment for serving a car- tured battery against the enemy at the battle of Monterrey in 1846.

Meeting Cubs Advance Cub Scouts

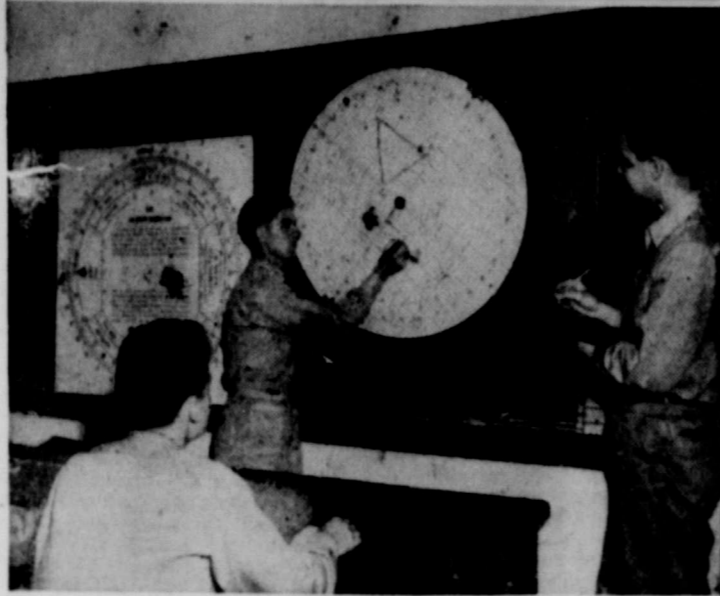

Seventy-seven Cub Scouts and their parents gathered for the monthly pack meeting of pack 57 Floydada, Cub Scouts, on Friday night, December 3. The meeting was held at the home of Mrs. R. O. Johnson. The organization of the Cub Scouts is composed of the boys of the pack. The den is the basic unit in Cub Scouting. The den is a group of boys who meet regularly and are supervised by a den leader. The pack meeting is held once a month and is the opportunity for the pack to discuss the progress of the den and to award the den awards. The pack meeting is held in the home of the pack leader. The pack leader is the one who is responsible for the pack and its activities. The pack leader is elected by the pack and serves for a term of one year. ing and the last step before becoming Boy Scouts. The Webelos have already passed their Tenderfoot work, the first step in the Boy Scouts, and upon reaching the age of twelve will go directly into the Scouts as a qualified tenderfoot. All the badges of advancement of rank were presented to the Cub's parents by Ray Lupfer, District Scout executive for Blanco district, and the parents pinned the badges on their sons. Following the advancement ceremony, each den was requested to rise and their visitors also. Den No. 5 had the most representation and was presented their blue spool for first place to be hung on their standard. Den 2 was second in attendance and was presented with a red spool to attach to their standard.

Each den had toys displayed that they had collected and repaired to give to the needy children on Christmas. These toys were judged on the amount and the skill with which they had been repaired and spools awarded to the den that were selected winners. Den No. 5 was again first and den No. 2 was second. For individual prizes, Bobby Rainer received first on the repair job of a miniature service station, and David Badgett and Aubrey K. Terrell received second for the repair job they did on a toy truck. These boys were presented with buttons that will be tied on their individual cord on the den standard.

Den two was commended on the work they did delivering circulars to earn 10 dollars which they presented to Boys ranch. According to George Cavin, Pack master, Cal Farley has invited the members of Den 2 to come to boys ranch and they are now making their plans to go and spend the day.

Student Navigators of the Skies

At Pensacola, Florida, future Navy carrier pilots are taught tricks of navigation on a large-scale model of an aviator's plotting board. Pensacola Naval Air Station, the "Annapolis of the Air," is the focus of the recently reactivated Naval Aviation Cadet training program, which is open to healthy, single young men between 18 and 25, with at least two years of college. Upon graduation they are commissioned ensigns in the Naval Reserve, or second lieutenants in the Marine Corps Reserve, are awarded their wings and assigned to two years' active duty.

After the ceremony was over Mr. Cavin entertained the audience with a sound picture. The pack is to have a Christmas party Friday the 17th at 4:00 o'clock given by the Lions Club.

Sound Health Program Need In The Schools

AUSTIN—Every school has tremendous opportunities to promote the health of its pupils and its community, and for this reason Dr. Geo. W. Cox, State Health Officer, says that every school should have a definite health program including safe drinking water, good school lunches, proper lighting, seating and ventilating facilities as well as scrupulously clean premises.

"From early childhood to manhood and womanhood, most youngsters are enrolled in school and are under the supervision of school staffs for a substantial part of the day, approximately half the days of the year," Dr. Cox said. "The conditions under which they live in school, the help which they are given in solving their health problems, the ideals of individual and community health which they are taught, and the information and understanding that they acquire are factors which operate to develop attitudes and behavior conducive to happy, healthy and successful living."

To supplement the efforts of teachers, school boards, parent and civic groups interested in promoting school health, the State Health Department's Division of School Health Services carries on a full time program designed to promote and develop a sound basic health program for the school child. This plan consists of attempting the control of communicable diseases in cooperation with local health departments; the minimizing of hearing, vision, dental and other similar problems; providing minimum health essentials in classroom environment such as lighting, seating, and so forth; an adequate physical activity program; stressing education on personal hygiene and local health hazards; nutrition supervision and instruction; and integrating the school health program with the total community health program.

Chester Mitchell's Flock Leads State In Egg Production

Chester Mitchell, of Pleasant Valley had the leading egg laying flock for the month of October, entered in the Texas farm and home egg laying contest. Average number of eggs per hen from Mitchell's layers during that month was 24.6, the official report on the contest indicates.

There are 401 flocks entered in the contest, representing a total of 126,591 birds. Mitchell grows Hy-Lines, a comparatively new breed of chickens in Texas. Second place winner in the contest was Dickie Broach of Steele's Store, with 24.47 average for his Hy-Line flock and third place also went to a Hy-Line breeder, R. H. Mitchell, of College Station. Fourth Place for October went to Edward E. Kunz, of Holland, with a White Leghorn flock that averaged 23.5, and fifth place to Jno. S. Caldwell, of Bryan, whose hens averaged 23.3. Caldwell is a Hy-Line breeder.

Ninety-five Texas counties are represented in the contest.

Ten schools in Floyd county which are taking part in the community school lunch visitors' week December 13-17, reports Clarence Guffee, superintendent of schools.

More than two thousand schools throughout Texas are celebrating this week, proclaimed School Lunch

Visitors' week by Dr. L. A. Woods, state superintendent of public instruction.

Sometime during the week, parents and others will be invited to join the school children at lunch. "I hope every parent in the community makes it a point to keep this engagement," Guffee emphasized.

hospital are arriving, the interior work is going very satisfactorily and what is being done will be a marvel to those who are interested, said Mr. Haley.

Numerous citizens of this locality have asked for suggestions of items that they may give the hospital. A shower is to be held at the hospital simultaneously with open house and a large blackboard will list donors and their gifts.

List of Gifts Needed

The list of gifts that would be greatly appreciated is heating pads, hot water bottles, ice bags, ice caps, ice collars, bath towels, 18 X 36, hand towels, wash rags, sheets, 72 X 108, pillow cases, blankets, 72 X 108, pillows, bedspreads, 72 X 108; Push brooms, straw brooms, heavy mops, mop buckets, smoking stands, ash trays, costumers (Hall trees), fountain pen desk sets, desk lamps, water sets (pitcher, 2 glasses and tray), flower vases, heavy duty, stainless steel pots and pans, hot pads, dish rags, dish mops, dish towels, cleaning brushes, dust rags.

Cash contributions will be greatly appreciated. A few people have already given money towards gravelling the street from Houston street to the Hospital and any contribution on this matter will be appreciated.

Several rooms have been furnished by local business concerns. Home Demonstration clubs, surrounding communities and private individuals. The cost of furnishing a single room is \$300 and a double room \$500. Any person, business, club or community interested is asked to contact the hospital manager or any member of the board of trustees. A bronze plaque will be put on the door of each room stating who furnished it.

Everyone is invited to visit the hospital and see what is being done. It is open from 8 a. m. to 5 p. m.

ryegrass seeded in the fall of 1948.

29. Turning under a satisfactory growth of sweet clover.

31. Application of potash and superphosphate.

Monday through Saturday. For the convenience of those who cannot come by on week days, the manager will be at the hospital to show visitors through on Sunday afternoon from 2 until 5 p. m. Persons who have visited the hospital the past two weeks have been favorably impressed with the results shown.

Football Game

(Continued from page one)

Young and Ralph Cathey, led the Lobos in their victories throughout the season. An examination of the line-up of both teams reveals that Monahans holds the weight advantage over Phillips. Monahans has defeated Seminole, Denver City, and Andrews of this immediate area.

The Phillips Blackhawks qualified for this tilt by defeating Post, 41 to 0, at Amarillo last Saturday. Reports indicate that the Blackhawks have a slightly more balanced team than the Lobos and also an outstanding back in Melvin Eldridge. In addition to Post, the Blackhawks have defeated Floydada earlier in the season.

The game Saturday is to be played at Jones stadium at Texas Technological college and is scheduled to start at 2:00 P. M. Saturday, December 11.

figuration type of construction using neutralizer is installed later.

A thing about the new lines that will please the residents along the entire length of the line is that the hardware and insulators will be of an improved type. This means that mechanical and electrical static on radios will be reduced to a bare minimum. In the plans also are the elimination of radio static on the balance of the 22,000 KV line extending through and southwest from Floydada.

The route of the new line is being changed from the old location. It will follow the west side of Highway 70 from Lockney to within one-half mile of Floydada Airport, when it will turn due south to stay clear of the airport.

FIRST STUDENT REACHES HOME FOR THE HOLIDAYS

Ruth Elaine Harmon, daughter of Mayor and Mrs. F. C. Harmon, and a student at George Pepperdine College in Los Angeles, California, will arrive in Clovis, New Mexico by train this afternoon where her parents will meet her. Miss Harmon will have a three week vacation for the Christmas holidays. She graduated from high school here in 1948.

SECOND SUNDAY SINGING AT CHURCH OF THE NAZARENES

Announcement that the second Sunday singing will be held at the Church of the Nazarenes was made this week by Earl Rainer, who said that those who attend would enjoy the spiritual uplift of the gospel singing.

The singing begins at 2 o'clock.

Golden Wedding Day. Shown dressed as they were 25 years ago when they pledged their troth are Mr. and Mrs. A. Shaw, who celebrated their golden wedding anniversary on November 21. The picture was made in the dining room at their home, 303 West California street. The couple moved to Floyd county in 1917. They were married in Texas. More than a hundred guests registered at the house celebrating the anniversary event.

Christmas Party Club Dec. 20

Plans were made to aid in spreading Christmas cheer at the meeting of the 1929 Study club December 22 in the home of Mrs. Lovell Jones, on Lakeview road. The club met at 3:15 o'clock.

Mrs. J. D. McBrien gave an outstanding talk on "Hinduism." Used in the talk was the quotation "Hatred does not cease by hatred, but only by love; this is the eternal rule"—Buddha.

The club will meet again December 16 at 7:30 in Fellowship hall for the Christmas program.

Club members present were Mmes. A. H. Kreis, Hollis Bond, James Word, Rex Brown, Kinder Farris, George Van Wickel, R. C. Henry, Troy Leonard, J. D. McBrien, S. J. Latta, S. W. Ross, P. A. Denison, John E. Hoffman, E. E. Joiner, and the hostess, Mrs. Jones.

DE QUACKER

Hi, my little victims. Say, I hope you suckers don't get disappointed if your name doesn't get in my column every week. I do my best to see that you get in here at least once every two weeks so you won't be too sad.

Dan Hagood doesn't seem to have any interest in other girls since he met Sandra Carter. Wonder how she feels, Dan ???

Elayne Snodgrass has been seen with Dale Smalley quite a few times lately. New romance, eh? I saw Juanell and Louis Earl talking in the lobby of the theater Tuesday night. Well now, is the telephone boy losing out??

A little birdie told me that June Powell sure wanted to go with Bobby Bishop Monday night but ended up with Loy Lee instead. But they didn't do so bad anyway.

Seems as if Jerrold Vinson better start getting jealous, especially since Billie Newberry has been seen with Bill Shurbet lately. He's cute, Billie, but aren't you afraid you will make Sherwyn mad?

Carolyn Kiker seems to be getting over Jr. Johnson since Johnnie R. took over. Carolyn, Joe Mac Dunn couldn't have anything to do with this, could he?

Roberta and Bob Hartman weren't doing bad Thursday night. Big Roberta, didn't I see you with Mac Hickerson the other night?

This case between Ivy Pearl Simmons and Corkey Guffee must be getting pretty serious. I see them together quite a bit lately.

Reese, it seems as though you went to the Banquet with Barbara Dutton after all. What caused the change-up, Reese?

Well, well, well, Joy Bunch went with Delmer Friday night. What did Roberta have to say about this?

What's this I hear about Dale Johnson and a certain girl at Lubbock? Is it serious, Dale?

Betty Laminack was with Bob Reeves the other night! Hubba, Hubba!

Well, it looks like Billie C. and Bearl Y. really have it bad! They are going steady now, so I've heard. Jane Johnson was with Mac Smitherman Saturday night. Ain't love grand!!

Billie Freeman what happened between you and your boy friend in Tennessee-eh ??? I wonder...

Hope and Reese love to flirt with each other in the halls and typing class. Could this be a new romance on the way?

Lee, you really must like Petersburg boys. Odis is cute though, isn't he???

Billy Hart and Ann West seem to be doing O. K. lately. Is dat so, kids ???

Well, Dorothy and Leonard have really broken up. I reckon this is good news to all you boys, ain't it? Juanita Huckabee and Billie Freeman met some cute boys from Plainview on the band trip, so I've heard. What about this, girls?

Sammie Shultz and Hershell N. were doing all right Saturday night! Hubba, Hubba !!!

Aggie News

The Floydada Senior chapter conducting Team won second place in a chapter conducting contest which they entered December 4 at Plainview. The Plainview Chapter won first place with 918 points. The Floydada chapter ran a very close second with 912 points. Tulsa won third place with 879 points. Five other teams entered. The Floydada team answered more questions than any other team participating.

The team consisted of President Billy Shipley, vice-president Harvey Dale Tardy, 2nd vice-president Frank Wiley, Secretary Douglas Whitfill, Historian Kenneth Gott, Adviser H. O. Barber, Treasurer Billy Turner, Parliamentarian Dead Stewart, Sentinel Delton Waggoner, and Reporter Billie Jo Smith. This team will go to Tech on March 5 to participate in an area contest.

P. F. A. quiz will be held on February 19 at Hale Center.

The P. F. A. boys and P. H. A. girls held a meeting on November 29. It was voted to have a joint Christmas party. The date has not been set.

Can You Imagine?

A Senior not dreading that term theme.

Barry Rosson still five minutes.

Home Ec. News

The Home Ec. girls were very busy last week. The teachers lounge had to be cleaned and remodeled. The floors were scrubbed and waxed, furniture polished, and the couch recovered, new curtains made, and a new bed spread added. The furniture was all rearranged.

It will be greatly appreciated if all students and teachers will help keep that room clean and in good order.

Chemistry Party

The newly organized Chemistry club had a very successful scavenger hunt Thursday night, December 2. Nearly everyone in the class was present.

The group met at the cafeteria and then divided into several

groups. The winning group was the students in Bob White's car. Their prize was a box of candy. They made it back in twenty minutes. Brad Beedy's car came in a very close second.

After the hunt the whole group enjoyed the very delicious refreshments of chili, beans, crackers, and cakes.

The club hopes to have many more socials through the remainder of the year.

Band News

Friday, December 3, the band took part in the Santa Claus parade in Plainview.

After marching in the colorful parade, the band was invited to attend a concert given by the Texas Tech band. Afterward everyone enjoyed a delicious meal at the city auditorium. Following this came

the high point of the evening when all the bands went out to the stadium to enjoy the display of fireworks.

Everyone enjoyed the day and all agreed that it was a good start for the Christmas season.

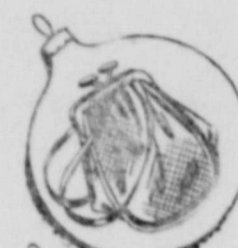

SENIOR PICTURES ARRIVE

The arrival of the senior pictures has brightened another school day for that class. The signing and trading of pictures have caused the teachers a few more gray hairs this week. Members of the class have been admiring the big group picture placed in the hall Monday morning, also.

NEW BOOKS

Sixty-three new members have been added to the family of books in the library. These are both fiction and nonfiction. There are several sports books in the addition.
