FLOYDADA, FLOYD COUNTY, TEXAS, THURSDAY, FEBRUARY 3, 1949

NUMBER 1

Many Remember Him This Way

A recent photograph of Col. W. M. Massie, reproduced here, came to light, speaking newspaper-wise, last week following his death and last rites here.

New Look' for Court House Plan of Commissioners Court

Floyd County Commissioners court getting estimates of redoing the roof and the dome of the county's court house, and if the figures for repairs and changes they have a mind come within their estimates, will replace the roof and remove the clock which was built into the edifice when it was completed years ago.

with the Commissioners, says the court is anxious to get a new roof to replace the one now 35 years old, which was built to last 20 years, and likewise anxious to get the heavy clock, not serving any useful purpose, removed from the building.

Saturday Was Moving Day for Braselton

Braselton Implement company moved to their new home at 910 North Second street last week-end in spite of the cold and snow, westing the Barker building, on West Missouri, leaving Mayo Motor company as sole occupant there.

Wednesday's Market

Table listing market prices for various commodities including hens, cream, hides, hogs, and cotton.

Off Year Poll Tax Payments High At 2,445

Poll taxes paid in Floyd county for 1948 mark a new high for a recent off-election year, with 2,445 poll taxpayers registered at the close of the period January 31.

Payments of taxes in general stood at a high per centage, as the date line came for payments to avoid penalty.

Figure on poll taxes paid this year compares with 3,250 paid last year when the polls were effective for use in the primary and general elections. No regular elections are due this year.

Passenger car plates start with the numerals and numbers AM5250 and end with MC749. This is a total of 449 for truck license.

Commercial trucks start with MC 300 and go to MC749. This is a total of 449 for truck license.

Requirements Are Given Here is what is needed to register a car: 1. Your certificate of title. 2. Your 1948 registration receipt.

For the record first automobile license number went to W. R. Daniel for 1949, and the first farm truck license plates to W. H. Jackson.

Goen Funeral On Sunday At Wall St. Church

The body of Stanford Norman Goen will arrive in Floydada Saturday morning by way of the Q A & P Railway from the Army Quartermaster depot in Fort Worth, Harmon Funeral home was advised by wire yesterday morning, and the funeral and burial rites will be held Sunday afternoon.

Yesterday it was indicated that Elder John R. Freeman, of Lubbock will conduct the funeral, which will be held at Wall Street Church of Christ. Interment will be held in Floydada cemetery. Military honors will be paid the Floydada service man by McDermott post, American Legion.

Stanford Norman lost his life in the Ruhr basin April 10, 1945. His armored corps was spear heading a drive when he was slain in a tank duel. His body had been in an army cemetery since.

He was the son of Mr. and Mrs. W. S. Goen. An elder brother, Elton, who was in the naval service in the Southwest Pacific, also survives, and a small son, Stanford Norman Goen II.

The pallbearers at the funeral will be former schoolmates of the deceased, all of them are ex-service-men. They are Edward Wester, Tommie Griffin, Carl Minor, Jr., Joe Arwine, Jr., Dillon Patterson, Maurice Steen, Phil Steen, and Billy Brown.

R. C. Mitchell Chester White Field Man

R. C. Mitchell, farmer of Lockney, Texas, and former teacher of vocational agriculture, has been appointed part-time field representative of The Chester White Swine Record association. The appointment was made by letter by Levi P. Moore, secretary of the association of Rochester, Indiana. The registered swine organization has field-men in all the leading hog producing states where large numbers of pure-bred Chester Whites are found.

Up to date, Texas has had no field representative, but because of the increasing popularity of this breed it was felt there was a need for a representative. Mitchell will take that time necessary from his regular farming operations to act as part-time booster for the breed. His principal duties will be to visit breeders, assist in arranging swine shows, and reporting to the association on the progress. Attractive premiums will be offered at the major shows and fairs in Texas for full classes of the breed and additional prizes for Grand Champions provided they are registered Chester Whites.

Mitchell is establishing a small herd of registered Chester Whites on his farm. He plans to visit the Southwestern Exposition and Pat Stock show in Ft. Worth January 28-February 6, in the interest of the Chester White breed.

Show Famous Quilt at Ft. Worth Show

A quilt that has been handed down from oldest son to oldest son for more than a century has been entered in the 11th annual Leonard's Star-Telegram Quilt show in Fort Worth by George Caven, manager of Southwestern Public Service company in Floydada. Handwoven in two corners of the four-color coverlet is "Hand-made by J. Wirick in St. Parish, Champagne county, Ohio, 1837, for Sarah Allen." Mrs. Allen is Mr. Caven's great-grandmother. The quilt rightfully belonged to Mr. Caven's oldest brother, but upon his death it was passed to the next brother in line, Mr. Caven.

Wirick, a famous quiltmaker of a century ago, sheared the sheep, carded and spun the wool that went into the making of the beautiful reversible quilt.

The annual show is being held in Fort Worth through February 10. A number of beautiful and interesting quilts are registered and competition for \$1,825 in merchandise prizes promises to be keen.

Starkey Transfers

Trustees of the Starkey School district have announced that primary students of that district have been transferred to the Floydada school district. The number of primary students in the district is too small to continue the two teacher school that has been operating for many years. Starkey pupils enrolled in Andrews Ward school here at the beginning of this semester which began last week. Including the high school transfers, thirty three Starkey students are attending school in Floydada.

Weary of Slush, Residents Look Hopefully for Sun to Shine Again

W. A. Baker died Saturday

W. A. Baker Funeral Rites Held Monday

W. A. Baker, 79, of Munday, widely known merchant and banker since 1902, died at Knox City, Texas, hospital Saturday and was interred at Munday following funeral rites held Monday afternoon at the Methodist church there. Rev. Barr, pastor of the church assisted by Rev. Bateman, an old friend, and District superintendent Luther Kiker officiated. Mr. Baker had been ill for three years and was hospitalized some weeks ago.

Survivors include his widow, four sons, Homer of Roosevelt, New Mexico, C. P. of Munday, Roy, of Knox City, Bonner of Salt Lake City, and one daughter Miss Ruth Baker of Munday. Three grandsons and one great grandson also survive.

Among Floyd county friends who attended the rites were Mr. and Mrs. R. C. Henry, Mrs. E. C. Henry, Mrs. Geo. V. Smith, of Floydada, and Mr. and Mrs. A. P. Barker of Lockney.

Organized Bank At Munday Mr. Baker moved to Floydada from Munday with his family in 1923 and the family resided here until 1932 when they returned to that city to make their home.

Mr. Baker was a native of Alabama, where he was born July 16, 1869. After several years in this state he took up residence in the new farming area of Knox county in 1902, and entered the merchandising business which was his principal activity for 40 years. He helped in the organization of many basic social and business institutions of the early days, among these a bank in 1906. While in Floydada he headed Baker-Campbell company, which was in business at the southwest corner of the square. He was a member of the Methodist church and of the Masons and Shrine.

Westers Are New Grocery Operators

J. C. Wester and his son, Edward H. Wester, are the new owners and operators of the grocery and market, which for several years has been operated by Looper-Fenner, and which for a quarter of a century has had C. P. Looper as manager.

The trade, arranged 30 days or more ago, was completed over the week-end and the new owners took over Monday morning. Long-time residents of the community, and both known in local retail circles for a number of years, the new owners will have little difficulty in their acquaintanceship. "Familiar faces in a new place," says the opening line of their announcement.

Grimes Is Named Co. Appeals Agent

Announcement has been made of the appointment of Judge W. E. Grimes as associate appeals agent for Floyd county for Selective Service. Harold LaFont, of Plainview, is Chief Appeals agent for Selective Service District composed of Hale, Floyd, Swisher and Motley counties.

MARRIAGE RECORD

William K. Lewis and Mary Louise Hooper, January 27. Curtis B. Collier and Myrtle Williams, January 28.

With some thaw yesterday and a Weather Bureau forecast for the immediate future of a slight let-up of winter's icy grip, Floyd county residents last night were whooping it up for the sun to shine again and the gulf clouds to route polar blasts that have been practically continuous since the night of January 8.

While such a thaw as the populace hopes for would make quagmires of all roads, streets and lanes that are not paved and would make rural travel impossible for three or four days except by tractor power, the people want to see their lots dry once more, see their live stock frisk, and they want it to be safe to walk about without fear of falling and breaking a limb.

Season Great; Damage Slight The season in Floyd county, along with that of the whole southwest region, was perhaps never better. Only once a quarter century does a winter season come along so thoroughly good in the plains region, say students of the weather, to take the place of a dry outlook that hangs on through the fall months. Three and a half to four inches of moisture was vouchsafed by rain, by snow and principally by sleet in a combination of unusual meteorological conditions that has prevailed for a full twenty five days.

But while this has happened there has been little acute suffering, herdsmen have been able to get to their flocks to give them attention. Several falls, a few resulting in broken bones have occurred, but to 2 o'clock yesterday no deaths from highway accidents and only one death of a Floyd county resident in the entire region, had been recorded as due to the bad roads and highways. Traffic has been slowed down materially but trucks carrying essentials have gone through, trains have run nearly on schedule.

School Work Interrupted School work in the communities of the county, notably at Floydada and Lockney, was interrupted for at least four days, and after schools resumed their labors, attendance was low on many days, with school buses remaining at a standstill. This condition is due to be effective again before the final disappearance of the gray clouds and the resumption of his usual reign by King Sol, because bus roads are predicted to become impassable for a time before they can again be traveled with any degree of satisfaction. Missions and grumpes have contributed to the low attendance figures in Floydada schools.

With minor exceptions mail men have been bundling up, using chains and making their routes as usual, so that shut-ins had their mail nearly on schedule. Rural letter carriers in particular, along with county bus drivers, are bracing themselves for the inevitable morning when there will be no bottom on country roads and they'll skid and stall as they try to make it through. When the date is coming is not possible for the Weather Bureau to forecast with certainty. One extended forecast said hard cold over the week-end, but the atmospheric fronts have put on some queer quirks already and may repeat in reverse.

On the accident "front" two broken arms are recorded as the result of falls in Floydada. Veterans Service officer, Darnell G. Ayres, is carrying an arm in a sling as a result.

The Southdown lamb shown by enterprising young Billie Earl Terrell, of Lockney, placed second in his class at the big Fat Stock show and exposition now in progress at Fort Worth. Judging was done the latter part of last week.

Billie Earl has been a consistent "sheep man" and exhibitor of his animals for the past three years.

Lloyd Allen Vice-President Texas Farmers Union

Lloyd Allen, prominent young Floyd county farmer, is vice-president of the Farmers Union of Texas and Wm. Finkner, of Petersburg, is on the board of directors. They were chosen last week in Amarillo when the state organization held its annual meeting in connection with the gathering of the National Farmers Union chapter in Texas, that at Sand Hills.

Red Cross Chapter Re-Organizes for Year; and Makes Plans For Launching Fund Drive in March

No changes were made in the official family of the Floyd County Chapter of the American Red Cross at the annual meeting Tuesday afternoon in the office of the county school superintendent in the basement of the court house. Re-elected for another year were the chairman of the chapter, Carl Minor, Sr., the vice-chairman, Frank Perkins, of Lockney, the secretary-treasurer, Mrs. Virgie Shaw and John Stapleton, director, who will serve another three year term.

Following the election, the chairman appointed a number of committees for the coming year, George Caven was appointed as head of the fund raising committee with John Reue as vice-chairman. Campaigning for the county's quota of \$2,000 will begin early in March. Expectations are that the quota will be reached easily and possibly over-subscribed by several hundred dol-

of a fall on the ice as he walked down main toward home Thursday night of last week. Mrs. Kenneth V. Rimmer is the other local resident who has a broken wrist. She fell on the ice at the family home on West Houston street.

March Of Dimes Slowed The march of dimes, annual fund drive for the National Infantile Paralysis foundation, has been reduced to a slow, slow march in many communities, although a few committees have caught the weather right and report their jobs finished. (See Sloppy Weather, back page).

Winds Get Hot And Take Spur In Basketball

Floydada High School whirlwinds returned to their early season form in a big way in their game Friday against Spur High Bulldogs 48 to 39 to avenge their first round loss to that team early in January.

Finley was the really hot potato of the game, scoring 29 of the Whirlwinds' points. Hart with nine points was second high man against Spur. Coach Gresham said his boys were out of form early in January. Sickness and too much snow and slush most likely has cost them the district pennant, although circumstances could give them a three way tie with Spur and Abernathy for first, and they have a fair chance for second place. A bad game or so in the remainder of their six game campaign before the finish could put them in third place.

Starting line-up for the Whirlwinds in both games: Forwards, Finley and Bishop, center Hart, Guards Galloway and Trice.

Floydada B squad also did well against the B string of Spur and Ralls, winning a game from each. This team is composed of Guthrie and Hambrick, forwards, Perry at center, and Parkey and Thomas at guard positions. Score against Spur 35 to 19, against Ralls 34 to 15.

As of Wednesday scores on too many games were not available to make a standings report. Some teams have played more games than others also.

Floydada has six games to go before the campaign closes. Friday night they have the crucial game against Abernathy. Monday night, they meet Matador here, Tuesday night Lockney here. Then it will be Paducah at Paducah and the wind up game against Crosbyton on their home court.

Lloyd Allen, prominent young Floyd county farmer, is vice-president of the Farmers Union of Texas and Wm. Finkner, of Petersburg, is on the board of directors. They were chosen last week in Amarillo when the state organization held its annual meeting in connection with the gathering of the National Farmers Union chapter in Texas, that at Sand Hills.

The meeting was attended by numerous other Floyd county people, although attendance was much hampered by severe road conditions.

J. G. Wood was elected as chairman of the Home Service committee, assisted by Mrs. Winnie Angus as secretary; Clarence Guffee chairman of the Disaster Preparedness committee; Mrs. S. W. Ross, Home Nursing committee; First Aid committee chairman, Jim Potts, vice-chairman, Joe Parrish, of Lockney; Publicity committee, Mrs. Fred Zimmerman, Jr., Production committee, Mrs. L. F. Martin, the Junior Red cross headed by Mrs. H. G. Barber as chairman and Mrs. Jesse Cox as vice-chairman. The latter named is a teacher in the Lockney grade school.

The nominating committee headed by Clarence Guffee and composed of Mr. Guffee, John Stapleton, John Reue and Guy Ginn made the recommendations for the new officers.

EDITORIALS

Safety and Law—Yale University, working in conjunction with the Connecticut Motor Vehicles Department, has been conducting some experiments on safe driving, using drivers who have never had accidents against drivers who had more than one accident. And they come up with some enlightening answers, which should be of considerable help in the new campaign Amarillo police have planned for stricter law enforcement.

In the Connecticut tests, the experts took 93 drivers who had never had an accident and gave each one a test lasting an hour and a half. They then tested 93 drivers who had had a combined total of 325 accidents had also been caught in 338 traffic violations. The drivers who had had no accidents had no violations charged against them.

Even more important conclusions can be drawn from the tests, and the records of the drivers tested. The repeaters preferred and drove at higher speeds, boasted of their "liquor-holding" capacities; and blamed their accidents on bad luck and others. The thing that stands out is that the attitude of the driver, combined with his past record for accidents is the best indication that he will have more accidents.

The experts say that more tests will be needed before laws can be made which will definitely rule the drivers who defy the law off the road. But it is becoming more and more clear that the eventual safety of our highways is going to be closely tied-in with rigid and impartial enforcement of the laws.

—Amarillo Daily News

Natural Cattle Country. The cattle industry of Texas on which was based many of the first fortunes of the state came into existence in middle and south Texas. The longhorns grew there and thrived. They came west as the Indians and the buffalo were made to give way. Later the cotton and corn man came along with his plow. They ran out all, or most, all of the adventurous spirits who made Texas great. They planted and tilled and reaped to fit the demands of a landlord who lived in town or somewhere else. Only a stomping ground for work stock was left out of all the wonderful grazing land. The rest had been plowed up as the nesters turned the virgin grass over to the tune of whirring prairie chicken's drumming. Now that half a century, three quarters of a century, a century, has passed, the Hill county, the Falls county, the Matagorda county families realize their forefathers played hob with what was the most valuable, the most potent cattle country in all the world, they return to cattle breeding and grazing. And let the West Texas people have their farming and the intensive cultivation of the land that goes with

food and fibre. They are getting smart down in central Texas. Ellis county, Hill county, Falls county, half a hundred other counties are grazing cattle now on re-planted grass lands where the soil had been spoiled by short-sighted men, especially absentee landlords who thought they had to have their toll.

An old friend once told us of his experience in Hill county, how he broke virgin soil there that made a bale of cotton per acre the very first year. As he plowed through the virgin soil and turned under grass that had grown since the centuries began, he turned under nests of zooming prairie chickens and cried as he made grubbing farm land out of broad acres of the prettiest cattle country that ever man saw. Now that root rot and depleted soil has made the Hill county people forget how smart they are as cotton raisers they are planting this kind of grass and that on the hillsides. And now nature is smiling as she receives back the seed of which she has been so long cheated. And so it is happening, too, in Ellis and many other counties thereabout. They ran the prairie chickens out of the country during and after the civil war days. Now they are begging the prairie chickens to come back and occupy the home which they had as their own, according to the laws of nature. All right, all right, say the prairie chickens, but plant some grass first so we can have our homes like we want them. That is what they are doing in Hill and Ellis. Grown men trying to get along with the birds. Aint that a sight!

Over at Lubbock the other day robbers or burglars broke into a print shop, but according to the official report "got nothing of importance". This served them right, of course, as every man of good intelligence would know. Not only did they get nothing of importance they made the printer buy a new lock on a credit which made him mad as a wet hen and may have embarrassed him at the hardware store. The most nearly identical experience we have record of in this connection is the young preacher's wife and her husband and what she said and what he said when a burglar began pilfering their home in the wee small hours. Scared and indignant she woke the aspiring young minister with the warning that a burglar was in the house. A smart young man who undoubtedly went high in church councils before his career was finished the young minister told his wife impatiently: "Be still and wait to see if he finds something to steal. If he does we'll get up and take it away from him."

Floyd County 14 Years Ago

(Taken from the issue of January 31, 1935)

J. B. Bishop was named dealer for Ford Motor company in Floydada the first of the week.

W. E. Grimes, teacher of the Muncy school has opened office for law practice in Floydada.

Between 300 or 400 persons attended the John Deere Tractor day, sponsored by Stansell-Collins John Deere Farm Machinery Co.

Maxine Fry, student at Texas Tech, was in an accident in Lubbock Monday. She received only slight injuries.

New officers are elected for 1929 Study Club. They are as follows: President, Mrs. A. J. Polley; vice-president, Mrs. Robert Medien; second vice president, Mrs. Lorin Leibfried; recording secretary, Mrs. T. W. Wigham; treasurer, Mrs. E. L. Norman; and reporter, Mrs. Terrel Loran.

The Floyd County HESPERIAN

Established 1896 by Claude V. Hall Entered as second class mail at the postoffice at Floydada, Texas, April 10, 1907, under the act of Congress of March 3, 1897.

Published by The Hesperian Publishing Co., Inc., Floydada, Texas.

HOMER STEEN, Editor

Subscription Prices: In Floyd and adjoining counties — one year, \$2.00; six months \$1.00; four months, 70c; in advance.

Subscription Prices: Outside Floyd and adjoining counties — one year \$2.50, six months, \$1.25, four months 90c; in advance.

POLITICAL COLUMNS

Below is a list of candidates for office in the City of Floydada municipal election, who have authorized The Hesperian to make their announcements:

For City Secretary:
B. K. BARKER

Supt. A. D. Cummings and Principal O. T. Williams of Floydada High school spent Saturday in Tulla, Canyon, and Amarillo on business.

Dr. and Mrs. A. E. Guthrie last week-end attended the annual cowboy's Reunion and celebration in Clayton, New Mexico. Clayton is the former home of Dr. and Mrs. Guthrie.

Tomorrow, February 1, is the first date on which automobile owners may purchase new 1935 license tags for their vehicles.

TO ANSWER QUESTIONS ABOUT SOCIAL SECURITY

Elliott W. Adams, Social Security administration representative will be in Floydada at the U. S. Post Office at 10:30 a. m. on Wednesday, February 3, for the purpose of answering any questions on social security; discussing possible benefits and taking claims from persons who seem to be entitled to benefits; and taking applications for social security account number cards.

Two different social security account numbers might lessen and could never increase benefit payments. If you have more than one card return the extra one to the nearest field office of the Social Security Administration.

H. D. AGENT OF CROSBY COUNTY HAS RESIGNED

Miss Mozelle Parr, who has served for the past 18 months as county demonstration agent for Crosby county, has announced her resignation at a club council meeting, effective on February 20.

Miss Parr has accepted a position as electrification supervisor for R. E. A. North Plains Electric cooperative, with headquarters in Perryton.

Mrs. J. C. Sparks of Lubbock is here visiting in the home of her son and family, Mr. and Mrs. Alva Sparks.

The Worst IS YET To Come

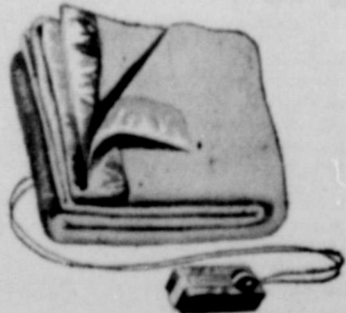

It's been cold... but the worst is yet to come.

Some lucky folks are all set with electric blankets already at home. But for the rest... those who are looking forward to sleeping under a load of blankets this winter or suffering from a series of colds... the word is to "go electric."

Electric blankets bring you not only guaranteed sleeping comfort on the coldest nights, but a definite relief from colds. Under a comfortable featherlight electric blanket, you're not exposed to energy-draining nights of cold discomfort.

While the original cost is just a little more, you'll save money on cleaning your single electric blankets, and on storage problems. One night under an electric blanket, and you'll KNOW that you want the many advantages offered you by an electric blanket.

See Your Dealer

You'll find a choice of makes and colors in electric blankets.

SOUTHWESTERN PUBLIC SERVICE COMPANY

24 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

The Hesperette

Edited by Pupils of Floydada High School

HESPERETTE STAFF

Editor: Ivy Pearl Simmons
 Sports Writer: Don McGuire
 Reporters: Gladys Roberts, Claudine Goen, Hope McIntosh, Brad Beedy, and Roberta Garrett
 Quacker: ? ? ? ?
 Artists: Wilma Hamilton and Carlene Perry
 Editor-in-Chief: Anne Sweepston

Spur stayed behind all the way by 8-15 points. Finley led the Whirlwind's attack by starting off and making 10 points the first quarter and setting the Whirlwinds in the lead. Lindsey and Simpson were the stalwarts for the Spurgers. Finley was hot the whole game and stacked up points in the third quarter. Galloway was also going good and was counted for 14 points for the night. Finley was high point man for the night with his 28 points.

This game was a revenge game and also set Floydada back in the district running with a good chance. Another hard game will be against Abernathy which also has a good chance.

THOUGHT FOR THE WEEK

"If you always watch the clock, you'll remain one of the hands."

Good Old 'Winds Surprise The Fans; Fat The Bulldogs

Floydada Whirlwinds surprised a few fans by going over the Bulldogs with a lopsided score.

Floydada Aggies See Stock Show

The Floydada Aggies left Floydada at 5:15 Friday morning and arrived at Fort Worth at 1:00 o'clock to attend the Fat Stock show. The boys first enjoyed the parade at 2:00, although it was below freezing. Saturday morning the boys attended the special F. F. A. Rodeo. After seeing the rodeo, the boys saw the fine fat stock.

In places the roads were slick but were better than really expected. Twenty-one attended the Fat Stock show with Mr. Barber acting as sponsor, and Roy Baxter drove the bus. The boys had reservations at the Texas Hotel and had a very enjoyable visit at the hotel.

The boys left Fort Worth for good old Floydada Sunday morning at 10:00 and arrived in Floydada at 6:30. The boys all had a swell time but they were all glad to be home again.

The boys attending the stock show were as follows:

Johnny Lloyd, Dale Johnson, Fred Marble, Lavon Shearer, Wayne Robertson, Don Probasco, David Willson, Kenneth Hollums, James Freeman, Don Jeter, Don Daniels, Kenneth Bishop, Pike Hanna, Frank Wiley, Billy Shipley, Bill Jones, Chuck Holmes, Hubert Ring, and Don Barber.

Famous Quotations

Mr. Graves: "In regard to" Jennie Chowning—"I didn't do it!"
 Mr. Baker: "Do you have an excuse?"

Barry Rossen: "Oh spit!"
 Roberta Garrett: "Thank you"
 Claudine Goen: "Well I'll swan"
 Wilma Hamilton: "Oh my heavens"
 Joy McCravy: "Golly"
 Mollie French: "My word"
 Gladys Roberts: "Really?"
 Verna Laster: "Mummmm"
 Jon Parkey: "Mousie"
 Bill Jones: "How about a little sugar?"

Clem Galloway: "Diddle-dee-dad-burn"
 Kenneth Bishop: "Pass the Seagrams?"

Jimmy Powell: "Mell-of-a-hess"
 Gene Jackson: "Don't worry about it!"

Arlen White: "About that much"
 Bobby Bishop: "How about a date"
 Dan Hagood: "Chock-lack"
 Aubrey Guthrie: "Be good"
 Hubert Ring: "Oh heck"
 Mary Masey: "Mustn't do that"

B SQUAD ALSO WIN GAME

The B squad boys also won their game but this victory wasn't unusual for they have been victors in all but one. Guthrie was the leader in the Whirlwinds' attack by racking up 7 points in the first half to spurt them ahead 30-14. Hambright kept the green and white boys ahead all the way. Guthrie was also high man with 14 points.

Mrs. McMillan New Member of Faculty

This week we have a new member in the faculty. Coming to us from Plainview is Mrs. J. O. McMillan, who is replacing Mrs. Alice Baker, whose resignation became effective last Friday.

Mrs. McMillan will reside in Plainview with her husband and son, who is a freshman in Wayland College.

She received her degree from Union University in Jackson, Tennessee. She later attended Murray State in Murray, Kentucky. She has previously been an instructor in Wayland College.

Mrs. McMillan—we, the students of F. H. S. welcome you to our school and sincerely hope you will enjoy teaching here.

Candid Camera

A typical, all around American girl—Claudean Goen—is our topic this week. Claudean is a one-eyed blonde. She weighs around 125 lbs. She is about 5' 6" tall.

Claudean is a native Floydadan, as she was born in Floydada almost seventeen years ago.

She is another one of the present seniors who began her education in Floydada in the first grade.

Claudean likes to spend her vacation months and leisure by traveling, swimming, and reading. She would like to go to Colorado and Arizona. While she is up there, she would like to see the sights and go horse-back riding.

She is a member of the Gamma, Sigma Kappa, the A. Y. Post, and is on the "Hesperette" staff. She was a member of the Whirlwind Band. Claudean said her chief accomplishment was passing senior literature.

Claudean likes to wear slacks or sweaters, skirts, moccasins, and loud socks better than any other wearing apparel.

Her favorites are green and blue (but not together), pecan pie, fried chicken, fish, chocolate pie, squash, oorn, shorthand, bookkeeping, swimming, football, boxing, lipsticks, opera music, good books, and easy assignments.

Conceited people head Claudean's list of dislikes. Other aversions are nose people, eggs (fixed any way), hillbilly music, poetry, sloppy weather, and baseball.

Her favorite pastimes are reading, eating, and just plain having a good time.

"Ill swan" is the slang expression Claudean uses most.

Her most pleasant vacation was spent in Arizona. While vacationing

for two weeks she saw many places of interest. She saw the Painted Desert, the Grand Canyon, and the Petrified Forest.

Claudean's most embarrassing moment happened one summer. She dove into a swimming pool and when she came up the top of her two piece bathing suit was untied. She finally noticed that it was untied and quickly retied it.

Lilli Ponds is her ideal person. Claudean's ideal boy should have black curly hair and big brown eyes. He should have a wonderful physique of 175 lbs and around 6'2" tall. This ideal person must also have good manners and must be a lot of fun to be with.

Her greatest achievement in high school is passing all of her subjects and she has also had an exemption grade in the majority of them.

Claudean's life ambition is to be a secretary.

be a secretary.

Claudean, just being yourself besides having one of the most outstanding personalities of F. H. S. has made you a valuable asset to our beloved school.

This is a diesel ... a modern locomotive that means better service to you.
Leaders of two unions think it's a feather-bed ... a "make work" grab that means less service to you.

● Leaders of unions representing railroad engineers and firemen seek to force railroads to add extra, needless men on diesel locomotives. This is sheer waste—a "make-work" program which would mean fewer improvements and higher costs—for YOU!

Railroads use modern diesel locomotives because they are one of the means of giving faster, better service to you.

Two men compose the crew of a diesel. They occupy a clean, comfortable cab at the front. The engineer handles the throttle. The fireman sits and watches the track ahead. With no coal to shovel, he has practically nothing else to do.

No Benefit To You
 Now the leaders of the Brotherhood of Locomotive Engineers and the Brotherhood of Locomotive Firemen and Enginemen want to use the diesel locomotive as a means of forcing a feather-bedding scheme on the railroads. The extra men they propose to add to the diesel crews are not needed. There is no work for them.

The union leaders are fighting among themselves about which union should furnish these extra, needless men. The Brotherhood of Locomotive Engineers have even threatened a strike. You may not be interested in this dispute of these two unions, but you would be vitally concerned if these groups succeed in putting through this feather-bedding scheme. Because it would mean a slowing up of the improvement program of the railroads—which the diesel is the outstanding symbol of—diesel crews are among the highest paid

railroad employees—real aristocrats of labor! Their pay is high by any standard. Granting of these demands, therefore, would mean that the railroads would be paying out millions in unearned wages to those in the very highest pay brackets.

We'd Like To Spend This Money On You
 You know how much the diesel has meant to you in increased speed, comfort and convenience. The railroads have many more of them on order for even greater improvement in service to you. But needless drains of money, such as this present demand of the unions for needless men on diesels, reduce the ability of the railroads to spend money on better service for you.

Proud as the railroads are of the diesel, it is only a small part of their improvement program. Since the War, literally billions of dollars have been spent on improvement of

tracks and stations, on new passenger and freight cars, as well as on diesel locomotives, and on the many other less conspicuous details of railroading that contribute to improved service.

Feather-Bedding Means Less Service To You
 But brazen feather-bedding schemes like the one now proposed would, if successful, divert large sums of money from our present improvement programs. Even worse, they make improvements like the diesel worthless, by making the cost of their operation prohibitive.

These demands are against YOUR interests—as well as those of the railroads. They are schemes to "make work". Neither you nor the railroads should be forced to pay such a penalty for progress.

That's why the railroads are resisting these "make work" demands to the last ditch—and why they are telling you about them.

EDITORIAL

CARELESSNESS IS COSTLY

How careless are you? Being careless is a dangerous thing. If you are driving a car, you may have a wreck. If you are careless about obeying laws and regulations, you may be killed.

NEW STUDENTS

Several students have enrolled in F. H. S. since mid-term. Wanda Duke and Billy Latham have attended school here formerly.

Band Preparing For Band Clinic

Some of the members of the band have been working on some solos for the Band Clinic annually held at West Texas State College.

Guess Who?

Answers for last week: Hazel Cates, Stanley Conner. Junior girl, brown hair, chewing gum and drinking cokes, wearing levis, brown eyes, "rubia."

DE QUACKER

Well, this weather is just right for all my little ducklings to puddle

around in an get into meanness. Lets hope it stays this way!

It seems that Gene J. and Joy B. were having a good time at the Ritz theater Tuesday night. Gene J. I thought you were supposed to have been running the show.

Poor Dale R., Roberta broke a date with him the other night to go with Delmar. Too bad Dale! Better luck next time.

Don Shurbet sure looked pleased to see Mary Young walk into S. H. Wed morning. Mary, he must have thought that you weren't coming.

Say, whose boyfriend is Dennis, anyway? I know several girls who would be glad to claim the honor.

Jimmy Hammonds and Trois Muncy sure make a cute pair!!!

Say, is there an old romance coming into bloom again? I've heard that Sammy S. is crazy over Arlen White.

David W. and Velma Briggs seem to be hitting it off swell. It is an old, old romance from what I hear.

What's this I hear about Mary Maxey and Buster Mooney? I guess they did have a good time in Plainview the other night and they do make a cute couple.

Deral has decided that Billie is a pretty cute gal after all. All begins well that ends well! ! !

From what I hear, Dan Hagood would really like to cut in on Don S. Come on Mary, give him a chance.

No matter what Hope says or does, Arlen keeps coming back for more! He must like her pretty well! What does Velma say about the situation, Hope? ? ? ?

Betty L. and Pete McGee must have it pretty bad. I noticed they were doing fine Saturday night.

My, my, from what I hear Shorty C. and Peggy L. really had a time of it Saturday night! ! !

Did Hershall N. and Dale R. have lates with Edith G. and Ruth Maxey the other night, or am I mistaken?

Mary D. Cozby had a date with Loy Lee Trice Thursday night after the basketball game. Congratulations, Mary, you must have won the fight.

Is it true? I heard Ruth Maxey and Dale Johnson are going steady! Melvin D., you had better watch out. Mary M. has her eye on you and you might get caught.

Fern S., have you seen Carol W. lately? I've heard that you had quite a time with him on your trip! Tell us more, Fern.

Which Bobby did Joy McCravery have a date with Friday night? Could it have been Bobby Finley? ? Are Joy B. and Gene Dale going steady now? I notice she is wearing his ring, but she pulls it off when she's around Hershall. Say what's going to become of this! !

Death Claims W. R. Cammack Motley Judge

MATADOR, January 28—Sudden death Sunday night of Pioneer, Wm. R. Cammack, 70, county judge of Motley county for 18 years shocked this weather bound community when the news was circulated early Monday morning.

Funeral services were held at the Matador Baptist church, Wednesday afternoon at 3:00 o'clock with the pastor, Rev. Clifford Potts officiating, assisted by Rev. W. B. Vaughn, Methodist pastor here several years ago.

William Richard Cammack had been a resident of this community for the past 38 years. He was born in Tyler county, Texas, December 11, 1878, and came to Motley county with his parents in 1897.

In 1888 he filed on a section of land east of here and at the age of 18 received the deed for it. He then worked for Bob Haley on his seven section ranch at Whiteflat and in 1900 began working for the Matadors, riding the range for five years.

While attending the Decatur Baptist college the judge met Miss Jennie Cagle, who was also a student there, and they were married in 1906. Mrs. Cammack met a tragic death on Mother's day in 1938 in an automobile accident.

Judge (Billy) Cammack at various times had been a barber, a dry goods merchant, and in 1927 he built the Cammack inn, now the Motley hotel. He was a member of the first town council, served on the school board, and belonged to various organizations.

He married Mrs. Eula Tomlinson of Lubbock, Texas, on November 30, 1939, and in addition to his widow, he is survived by three daughters; Mrs. W. G. Park of Uvalde, Mrs. William F. Cole of Houston and Mrs. T. J. Bann of Seagraves; one son, Cecil Cammack of Seagraves, a stepson, Allan Tomlinson of Lubbock; three brothers, Bragg C. Cammack of Los Angeles, California, T. E. Cammack of Matador, and Webb Cammack of Lubbock, three sisters, Mrs. Vashti Teal of Dallas, Mrs. Ester Klenschmidt of Canyon, and Mrs. Vera Rhodes of Los Angeles; and 10 grandchildren.

South Plains News

SOUTH PLAINS, January 31—This Monday morning is a beautiful sight. The sun so bright on the snow and ice is welcomed by everyone since it has been so long since we've had pretty weather.

There were only 16 at church Sunday morning; we had no services at night.

Mr. and Mrs. Lee Pearson returned home Saturday from Tucuman, where they attended the funeral of her father.

Mrs. J. K. West and Chester accompanied Miss Hester West to Florida, where she plans to make her home.

Rev. C. A. Joiner spent several days going through the clinic in

You've killed a little girl, Mister, that's what! You didn't think the safety campaigns and accident statistics applied to you—you were a "good" driver—you thought. You could stop "on a dime" until that little girl ran out in front of you. Now it's too late; she's dead and all your regret won't bring her back to life.

We cannot stress too strongly: Drive with great care through school zones and crowded streets; a child's life is far too precious to be sacrificed to carelessness.

This message presented in the interest of our policyholders and all other motorists of this community

WEST TEXAS GAS COMPANY COMPLETED ALL 1948 PROJECTS ON SCHEDULE... 1949 EXPANSION PROGRAM IS STARTING

(Following are the projects which we reported to our customers in July, 1948, that we planned to complete in 1948.) NEW FACILITIES TO BE INSTALLED ON PIPE LINE SYSTEM 1948 1. Near Turkey Creek Compressor Station will be installed a 300 horsepower booster compressor. Main plant is 2,350 horsepower.

1948 PROGRAM COST 2 1/4 MILLION

Last winter we experienced an unusually heavy demand on our gas system... a demand which briefly exceeded the capacity of our transmission facilities. At that time we told the people we serve that we would make every effort possible to correct this situation before the next winter.

Certain definite projects were required to increase capacity. Some had already been planned... others were added. We reported to our customers via the newspapers what projects we planned to carry out in 1948. In the panel at left is a re-listing of those 1948 projects.

We are happy to say all of the expansion and improvement projects so reported to our customers were actually completed during 1948... on schedule. West Texas Gas Company invested about \$2,280,000 during the year in these improvements and additional facilities.

In November, we began purchasing substantial quantities of gas at Amherst and at Umbarger from El Paso Natural Gas Company. These new supplies of gas will directly or indirectly benefit all towns served by us.

2 1/4 MILLION MORE IN 1949

Already our 1949 expansion program is beginning. Preliminary work is under way now for one important project. It is estimated that we will invest another \$2,250,000 or more during 1949 in additional facilities and improvements. Thus, in the two years of 1948 and 1949 we will have invested about four and one-half million dollars in order that we may provide a dependable, efficient and economical gas service to our customers.

Two Colorful Movies To Be Shown Feb. 7

A colorful program which will include the showing of two feature films in color and sound has been arranged for farmers and their families in this community. This program, which will be held on Monday, February 7, is sponsored by S. J. Latta Implement Store, local Minneapolis-Moline farm machinery dealer, and will be held in Palace theatre.

Special invitations were mailed out by the local dealer to farmers in this area inviting them to bring their families and their friends to enjoy the program which, according to the sponsor promises to be a gala event. The two movies are said to be of special interest to agricultural audiences.

One of the films, entitled "This Heritage of Ours," features the great

episodes in the growth of America where freedom has always been a sacred heritage. In a dramatic way, it takes the audience on a tour of places that now live in history, including many made famous by the Oregon Trail, the Mormon Trail, the camp where gold was discovered in '49, and the Alamo, where a hand-full of brave men fought a great battle for freedom. This film also stresses the part agriculture has played in making America the great nation it is.

The second film, entitled "Reasons for the Seasons," is a story of the seasons, why they occur, and how they affect the lives of all living things on earth. This film is of particular interest to farmers who depend so much on the seasons for their livelihood. Colorful sequences also show how the modern farmer with the help of modern machinery is able to cope more effectively with the demands made by the seasons on him and his work wherever he may live.

In announcing the showing of these films, which are scheduled to begin at 2 p. m., S. J. Latta, Implements, owner declared that the program that has been prepared will include other events certain to be enjoyed by the entire family.

More Vocation Classes Seen, If Demanded

If you are interested in receiving some real training in merchandising, selling, bookkeeping, and other business training in general, you will be given that opportunity by your Floyd County Vocational school for veterans. Classes will be organized either on a half-time basis, or a full time basis, to suit the desires of the majority of the students. Veterans entering training on a half-time basis receive half benefits and use eligibility at the rate of half-time.

Courses run from 18 to 24 months in length. Class schedules will be arranged to suit local situations. No homework is required, however, outside reading is encouraged. Veterans who attend are not required to be employed, but many veterans find that they can work while going to school. Qualified instructors will give well rounded business instructions, which will include instructional movies, field trips when possible, and class room supervision of study. Visiting lecturers will contribute from their experiences. All books and instructional materials will be furnished you free which will be yours to keep upon completion of the course.

You will learn things that will help you at work, such as: Business English, letter writing, business arithmetic, bookkeeping, store organization, store operation, and typewriting.

You will learn things that will help you get more from life, such as: public speaking, selling mastery, and personality development.

You will learn things that will make the future more secure, such as: Business law, advertising, typewriting, economics, sales promotion, salesmanship, and merchandising.

Entrance requirements are established by the local school. Veteran should have a grade school education or its equivalent.

Those interested should contact N. S. Abbott, coordinator of the Floyd County Vocational school for additional information. Copies of discharge, marriage record, and birth certificates of all children are required.

Half Minute Interviews

E. E. Wells: "I'm getting a little old and sissy. I sleep under an electric blanket these cold nights."

George Caven: "Our new electric service line is on from Lockney to Floydada, the most modern design and construction in West Texas. It's lightning proof, storm proof, radio proof, everything but fool proof."

Mrs. Jack Stansell: "I guess I ought to tell you I am not sick and haven't been in the hospital for an operation. It is my sister-in-law, Mrs. Pat Stansell who has been hospitalized. She is getting along nicely."

John A. Lloyd: "One thing I like about the moisture from above is that it wets the high spots, too."

Commemorate War Dead At John Tarleton

STEPHENVILLE, Tex.—James L. Asher and William L. Jameson of Floydada, former students of John Tarleton college who lost their lives in World War II, are among the 184 ex-tudent war dead who will be commemorated by the erection of a Memorial stadium. James attended Tarleton in 1937-39 and William attended Tarleton in 1929-32.

Sponsored by the Tarleton ex-students association, a three-year fund raising plan, now in its second year, has raised approximately 55,000 toward its \$100,000 goal. The college recently acquired a 38-acre tract west of the present campus for the location of the stadium. A football field has been leveled and sodded in the new area and games will be played there next fall. Plans for the stadium include a seating capacity of 8,000 with dressing rooms, showers, and other facilities located beneath the stands. The stadium is designed to accommodate agriculture fairs, livestock shows, and for general community use as well as to provide a place for athletic contests.

Mr. and Mrs. Sam A. Spence returned home Sunday after attending the Fat Stock show Friday night. They also spent Saturday and Sunday night in Dallas with Mr. and Mrs. S. J. Chenoweth, formerly of Floydada. They reported that the Fat Stock show was good, but cold.

Mrs. O'Keefe Rites Held At Plainview

Mr. and Mrs. William E. Brown of Floydada attended the funeral services of Mrs. Brown's grandmother, Mrs. R. W. O'Keefe, 75, Friday, at 2:30 o'clock at the First Methodist church of Plainview. Interment was made in Plainview cemetery under the direction of M. W. Lemons Funeral home.

Mrs. O'Keefe died unexpectedly at her home at 903 Denver, about 3 o'clock Wednesday morning. She had been ill the past ten months with a heart disease, but apparently was improving.

Mrs. O'Keefe was the mother of two children, Herbert Pritchett of Fort Worth, and Mrs. Hal Wofford, who died in 1932. There are two grandchildren, Mrs. P. S. Skidmore of Seattle, Washington, and Mrs. William E. Brown of Floydada, the former Jo Hal Wofford, whom Mrs. O'Keefe adopted and reared.

"WE DON'T WANT ALL THE BUSINESS—JUST YOURS!"

Maybe you're the "slow" one!

Have you been a little slow about giving your engine the extra protection it needs for winter-weather driving?

It's easy to change now to winter-grade Conoco Nth Motor Oil and the extra protection of an engine that is OIL-PLATED!

Because free-flowing Conoco Nth actually fastens extra lubricant right to cylinder walls. This extra OIL-PLATING protects working parts from winter's grinding "dry-friction" starts . . . from metal-eating combustion acids . . . and from power-robbing sludge and carbon due to wear.

So stop trouble before it starts . . .

Oil-Plate for Extra Protection!

Study Club, Guests Hear Authoress at Tea Tuesday Evening

The members of the 1934 Study Club were hostesses to the 1922 and 1929 Study Clubs and the women members of the faculty of high school and grade school, at a tea Tuesday evening, at 7:15 o'clock in the American Legion Hall.

The guests were met at the door by Bernice Stapleton, Ruby Cleveland and Mary Katherine Hale. Bernice Hartzog presided at the silver service, with Jettie Moss, Mary Helen Lackey and Leila Petty assisting.

Elizabeth Armstrong was in charge of the guest book.

Frances Graves, chairman of the program committee, introduced the guest speaker, Louisa Grace Erdman, a member of the faculty at West Texas State college. Miss Erdman spoke on "The Difficulties and Experiences in Writing a Book." She is the author of four novels and a number of textbooks and magazine articles. Her first novel won the \$10,000 Dodd Mead Co. award.

Puddin' Stansell, daughter of Mr. and Mrs. Pat Stansell, returned home Sunday from Hobbs, New Mexico, where she had been visiting with her grand parents, Mr. and Mrs. Bill Asher.

Officers Elected By 1929 Study Club

The 1929 Study club met January 20, at 3:15, in the home of Mrs. W. E. Grimes, 618 West Missouri street.

Mrs. A. T. Hull conducted a short business session and officers for the next two years were elected. They are as follows: President, Mrs. Hollis Bond; vice-president, Mrs. Troy Leonard; 2nd vice-president, Mrs. Kinder Farris; recording secretary, Mrs. George Van Winkle; treasurer, Mrs. Rex Brown; corresponding secretary, Mrs. E. L. Norman; custodian, Mrs. Geo. Caven; reporter, Mrs. P. A. Dennison; and parliamentarian, Mrs. James Ward.

Mrs. S. J. Latta introduced the speaker, Rev. Lloyd Jones, pastor of the First Methodist church. Rev. Jones gave an interesting talk on "Shintoin; some men who buy ancestry, are only the shadow of a mighty name."

Members present were Meses Troy Leonard, A. T. Hull, J. D. McBrien, E. E. Joiner, R. C. Henry, Rex Brown, Kinder Farris, S. J. Latta, P. A. Dennison, John Hoffman and the hostess Mrs. W. E. Grimes.

March of Dimes Party At Pleasant Valley

The large barracks of Mr. and Mrs. Clark Harris in the Pleasant Valley community was the scene Friday night of a profitable March of Dimes party. In spite of the snow and cold over forty people were present.

The Home Demonstration club ladies brought food and drinks which were sold, all the profit going to the March of Dimes campaign. Cake auctions also brought in more profit for the fund.

A string orchestra composed of Clark Harris, Ralph Thayer, and Roy Wilkes furnished music for the evening and those present enjoyed playing "42".

James Watt is usually credited with inventing the Steam engine.

SMU To Present Celebrated Star

Jane Cowl, one of the leading actresses of the American stage, will visit Southern Methodist University in Dallas in January. She will be guest star of the SMU Arden Players' production of the Maxwell Anderson drama, "Elizabeth, The Queen," January 27, 28 and 29 at McFarlin Auditorium. Miss Cowl will appear under auspices of the American National Theatre and Academy as part of its project to encourage development of the drama in American colleges.

Mrs. Eakin Hostess When Needle club Met

The Blue Bonnet Needle Club met in the home of Mrs. W. B. Eakin, Thursday of last week. They spent the afternoon doing needlework.

Those present for the occasion were Meses Woodrow Wilson, Oliver Allen, Woodrow Goen, Luther Darrell, Everett Collier, Layton Darrell, Floyd Fugus, Bob Collier, Arthur Wylie, Ernie Widner, Greer Christian, and the hostess, Mrs. W. B. Eakin. Mrs. Arthur Wylie was a new member.

The next meeting will be February 10 at 2:30 o'clock in the home of Mrs. Wayne Finley.

Meat-Potato Casserol

- 2 cups diced leftover meat
 - 3 cups diced cooked potatoes
 - 4 tablespoons lard
 - 1/2 cup enriched flour
 - 2 cups milk
 - 1/2 teaspoon salt
 - 1/4 teaspoon pepper
 - 2 tablespoons Worcestershire sauce
- Melt lard. Add flour, stirring until smooth. Add milk and cook until thick, stirring constantly. Season with salt and pepper. Add Worcestershire sauce, meat and potatoes. Place in casserole; bake in moderate oven (350° F.) 30 minutes. 6 servings.

ENGAGEMENT ANNOUNCED

SHAWNEE, Oklahoma—Mr. and Mrs. Burt Mills announced the engagement and marriage of their daughter, Mrs. Carrie Lee Parnell, to Troy C. Cummings, son of Mr. and Mrs. O. F. Cummings of Floydada. Wedding date has been set for February 3.

Mrs. Parnell is now employed at Walgreen Drug Store, and Mr. Cummings is employed with Haliburton Oil Well and Cementing company.

CLUB MET JANUARY 25

The Pleasant Valley Home Demonstration club met Tuesday, January 25, with Mrs. A. M. Dorsey as hostess.

Yearbooks for 1949 were passed out and yearly plans were discussed. The meeting was combined with a stork shower for Mrs. Ralph Thayer.

Present were Meses W. A. Stearns, Ralph Thayer, Lynn Miller, A. M. Dorsey, Clark Harris, Lee Pope, and Roy Wilkes.

MID-TERM GRADUATE

COLLEGE STATION, Jan.—Mid-term graduates of Texas A&M College include the following from Floydada:

John I. Hammonds, Jr., BS in Industrial Education.

Bonnie Roe McCleskey, daughter of Mr. and Mrs. Roe McCleskey of Dumas, formerly of Floydada, was seriously injured last week in an automobile accident near Clayton, New Mexico. The extent of injuries is unknown here but the reports are that doctors have confined her to her bed for several weeks.

Mr. and Mrs. James Jones are residing in Orlando, Florida, after Lt. Jones' transfer from Kansas City, Missouri. Jones is serving in the Army Air forces.

Mr. and Mrs. Melvin Roach of Lubbock visited Mrs. Roach's parents, Mr. and Mrs. Clarence Reddy, over the week-end.

Mahon Reports Grain Sorghum, Cotton Outlook

The present law permits but does not guarantee a loan, usually referred to as a support price, on grain sorghum. I have joined with others here in appealing to the Secretary of Agriculture to announce immediately a 90% of parity loan on grain sorghum for the 1949 crop. I am also supporting legislation which would require such a loan support.

Producers need to know what to expect in the way of support prices long in advance of planting time. The Secretary has authority to announce a 90% of parity loan, or a loan at any rate lower than 90%. A loan of less than 90% would be unsatisfactory and inadequate. What the Secretary may do and what Congress may do is not yet known. I hope we can secure passage of a long range farm program assuring a support of at least 90% of parity on grain sorghum, cotton, and other important crops. Producers should be on the alert for developments, particularly in connection with the 1949 crop.

Situation as to Cotton

Here is the situation as to cotton. The present law assures a support price of 90% of parity for 1949, but after 1949 the support could be as low as 60% of parity. A 60% support would be practically worthless, and we hope to fix the figure for the long range program at not less than 90%.

Two important questions as to cotton may be decided by Congress within the next few weeks. First, will acreage planted to cotton in 1949 be considered in arriving at cotton quotas on individual farms in 1950? Second, what sort of formula should be used in fixing cotton acreage quotas for the states, counties and individual farms in and after 1950? It is assumed that if there is to be a support price on cotton in 1950 there will be a cotton acreage control program in 1950.

Production controls, however, would not be placed in operation without an affirmative vote of the producers themselves.

1949 A Base Year?

If Congress decides that 1949 shall be counted as a base year, West Texas farmers will probably go the limit in seeding land to cotton. But, at the same time, many Central and East Texas farmers who have about gone out of the cotton business would probably plant a big cotton acreage, and it has been argued that West Texas might possibly sustain a net loss in cotton quotas.

Members of the House Committee on Agriculture are seeking passage of a resolution specifying that the year 1949 shall not be considered as a base year in fixing 1950 acreage quotas. The House Committee on Agriculture has heard some of the recommendations of the Farm Bureau, a nation wide organization, in regard to cotton acreage allotment problems. Farm Bureau members in West Texas should see to it that the West Texas viewpoint is not overlooked in the presentation of the Farm Bureau.

A group of West Texans are scheduled to appear before the House committee on February 7. Committee officials advise that it will not be possible to hear all individual farmers who may want to appear, but they want to hear as many spokesmen of groups of farmers as possible in order to get a good picture of the situation throughout the cotton belt. The committee hopes to conclude hearings as to cotton on February 11, but the final draft of the long range legislation will not be agreed upon until a much later date.

We wish to extend the heartfelt thanks to the friends of our family for the many kindnesses and expressions of sympathy during the family's recent sorrow and bereavement.

Silsbee Publishers Finish New Home of Their Newspaper

Robert Read, associate publisher of the Silsbee Bee, a weekly newspaper published in Silsbee, Texas, and his publisher brother, David Read, have completed a move into a newly constructed, modern building that completes the initial step in the expansion program of this growing weekly paper. Established in 1919 and acquired in 1933 by David Read, the Bee moved into its new home in July of last year. The Bee has been acclaimed as one of the finest and most progressive weeklies in southern Texas.

Robert Read is the son-in-law of Mr. and Mrs. I. R. Grundy. He became a partner in the Bee in 1945 after returning from the service as a major in the 9th Airforce Intelligence division. He is a native of Silsbee and a graduate of the school of journalism of Texas Technological college in Lubbock.

Jess Wright Back From California To Resume Plumbing

Jess Wright returned to Floydada the latter part of January from Buena Park, California, where he had been regaining his health for the past six months. Mr. Wright is establishing his plumbing shop here again and expects to open for business in the near future.

In the plumbing business here for six years, Wright had to quit in the summer of last year and move to a different climate, choosing California as a likely spot. After resting some two months in California, he opened his plumbing concern there. Texas seems to be a better place than California thinks Mr. Wright, so he plans to try once more in this climate.

The family will move here as soon as living quarters can be secured.

Half Minute Interviews

Earl Edwards, Lakeview: "We had a little over four inches of moisture in January."

N. B. Stansell: "It was really cold and slick in North Texas when I left there Monday."

FLOYDADA HOSPITAL NOTES

Hayes O'Neil was dismissed January 27.

Mrs. S. R. Colston was dismissed January 28.

Ted Goodson was dismissed January 29.

Lucille Wisdom was dismissed January 29.

Patricia Ann Lee was dismissed February 1.

Mrs. I. R. Grundy was dismissed February 1.

Mr. and Mrs. J. D. Cleveland and Miss Leila Petty spent the week-end in Fort Worth attending the Pat Stock show. Miss Petty attended a board meeting concerning the Home Demonstration organizations of Texas.

Mr. and Mrs. Dick Bunnell of Floydada and Mr. and Mrs. Harry Blendon of Lockney have gone to Arkansas City, Kansas, to attend the funeral of Mr. Bunnell's father.

West Texas

BUILD WEST TEXAS SINCE 1927

1700 To 7500 Good Size For Factory Town

COLLEGE STATION—If your town is in the 1700 to 7500 population bracket or thereabout, chances of securing an industry are good. The 1700-7500 bracket is pointed out as one of the most sought-after by the industry of the United States.

Important industrial location factors will soon be available to the industry. Forms have been prepared and are being sent to the towns by the Management Engineering Department through the Engineering Experiment Station, Texas A&M College.

When the forms have been filled in and returned to the Management Engineering Department they will

reveal to industry the available locating factors to be found in the towns. This information will be made available to inquiring industries.

The forms have been prepared after an exhaustive study in the requirements of industry in choosing a location for a plant. Factors considered by a manufacturer in search for a suitable location will vary with the different industries.

"However, it has been found that most industries are interested in such factors as nearness to market for the materials and the produce," says R. W. Downward of the Management Engineering Department.

"Power cost, availability of labor, labor conditions and rates, climate, transportation facilities, water and sewer facilities, housing facilities, building and warehouse facilities, taxes, banking facilities, social facilities such as churches, schools and places of recreation are other important factors," Downward pointed out.

"These forms will be of much assistance to cities in evaluating local conditions and determining whether or not they are in a position to attract new industries," Downward says. "This is an opportunity for

the cities to make their local advantages known to industry, since many inquiries are being received. The assistance of all chambers of commerce in preparing the forms was sought and given the Management Engineering Department.

"The past several years have witnessed a gradual realization of the part of communities that movements in industry are not regulated entirely by chance," Downward points out. "Communities have discovered that industry chooses locations according to certain very definite location factors, and that those far-sighted enough to make data on these location factors available to industry have developed industrially more rapidly than the others."

Campbell News

CAMPBELL, February 1—Mr. and Mrs. Frank Pratt visited his parents in Ralls, Friday. Mrs. A. T. Pratt is much improved.

Mr. and Mrs. R. M. Stovall, lawrence and Fern, visited their daughter and family, Mr. and Mrs. Jay Kinnard and Kay, of Lubbock, Sunday.

Rodney Hinkle, Kerwin and Waldo Baxter are out of school this week with the measles.

The following students stayed in town last week and went to school: Fern Stovall and Barbara Landers stayed with Mrs. Jordan; Eva Nell and Frances Pratt stayed with Mrs. Edna Virginia Warren and A. C. Pratt stayed with Mrs. Carter.

Roy Baxter returned home from Ft. Worth Sunday. He took the 4-H club boys down to the Pat Stock show.

Mr. and Mrs. W. H. Bethel were called to Lamesa Thursday. Mrs. Hal Reid Bethel was painfully burned on arms and hands. She was waxing floors near the stove when some oil clothes became ignited. Mr. and Mrs. Bethel returned home Sunday.

My! Fay Hart is sure helping roads in this community with the maintainer.

Mr. and Mrs. W. H. Baxter and Roy visited in the J. A. Baxter home Sunday afternoon.

Edger Lee Judy, jr., visited his parents and Wilma Jean between semesters.

Mr. and Mrs. C. W. Jones and family and Mr. and Mrs. John Lyles and Linda of Plainview spent Sunday with Mr. and Mrs. C. D. Lyles.

W. W. Baxter, S. L. West, and J. A. Baxter left Tuesday morning for Ft. Worth to the Pat Stock show. They plan to return Thursday.

Gail Baxter spent Saturday night and Sunday with her grandparents, Mr. and Mrs. R. F. Finley.

Mr. and Mrs. R. F. Finley and Gail Baxter visited Mrs. E. B. Mullins Sunday afternoon.

Leslie Nixon is home this week-end between semesters at W. T. S. C.

If roads permit, we shall have "42" social Friday night and singing on Sunday morning. Everyone is invited.

Lakeview News

LAKEVIEW, February 1—The much needed moisture that this community has so long wanted finally came between 2 1/2 and 3 inches of it in the form of snow, sleet, and rain. Dirt roads will be almost impassable while thawing out.

Mrs. Leo Dunford returned home Sunday afternoon from a Lubbock hospital where she underwent a major operation. Her condition is reported as satisfactory.

Rev. G. A. Rowell and family of Plainview and Mr. and Mrs. Walter Hollums and son, Don, of Sand Hill community, visited Sunday in the home of Mrs. E. H. Tooley.

Mr. and Mrs. Gene Johnson have recently moved to the R. L. Nichols home.

Mr. and Mrs. Dick Nichols returned home Monday from South Dakota where they spent several days in the interest of a new location.

Several in the community are ill this week, including Wayland and Inogene Jones, Bobby Goughly, and Charles Johnson.

The Walter Hollums family of Sand Hill were dinner guests Sunday of Mr. and Mrs. Fred Jones and children.

Mr. and Mrs. Wayne Battey and sons visited relatives in Lubbock Sunday.

Grady Drunavant returned home Tuesday from Cortez, Colorado, where he moved the household goods of Mr. and Mrs. William Powell, formerly of this community.

Mrs. Thurmon Battey is at the home of Mr. and Mrs. Bert Battey where she is recovering from a major operation she underwent in a Lubbock hospital last week.

Joe Thurston returned home Sunday night from East Texas where he had been working for several days.

Center News

CENTER, February 1—For the last several days roads covered with snow and ice were as hard as a pavement. But cars refused to start unless dragged around with a tractor, and sometimes a tractor refused to start.

Cold, and colder, weather and snow. Yet as a rule people feel better, less colds and sickness than before the precipitation and low temperatures set in, and we are thankful.

Sunday was fifth Sunday, and not church day, but next Sunday is --and we hope all will be able to attend.

College students home between semesters for the week-end were Melvin Robertson accompanied by a schoolmate, J. D. Covington, of W. T. S. C., and Margaret Green of Wayland.

The H. D. club met Friday afternoon with Mrs. Woodrow Wilson. Several did not get there, snow was coming down in sheets. The next meeting is scheduled to be with Mrs. W. T. Lightfoot on Friday, February 11.

Mr. and Mrs. O. R. Goughly are spending some of these cold winter weeks in Floydada with their daughter, Miss Viola Goughly.

We regret the passing of our former Center resident, Geo. B. Marshall. His wife and children, and loved ones have our deepest sympathy. Some of their former neighbors here attended the funeral services Friday afternoon at the First Baptist church in Floydada.

Among the college students who spent mid-term holidays in Floydada are Bonnabelle Fuqua, Nancy Bishop, Eddie Wayne Conner, Melvin Robertson, Travis Jones, Fred Conner, Dwina Glassmoyer, Maceyle and Norma Boteler, Betty Boteler, Bobbie Medlin, Maurine Medlin, Jean Covington, Leola Irwin, C. L. Berry, Bill Hale, Kenneth Willis, Sammie Hale, Nadine Willis, Jeanne Battey, Johnny Collins, Dale King, Van Collins, and Dorothy Jean Rushing.

Mr. and Mrs. Don Wallace and daughters, LaDonna and Roxanne left yesterday for their home in Los Angeles, California, after spending some time visiting with Mrs. Wallace's parents, Mr. and Mrs. J. T. McLain and other relatives in Floydada. They expect to visit from Wednesday until Friday with relatives and friends in Albuquerque, New Mexico.

Susan B. Anthony was leader in the woman suffrage movement in America.

Mt. Blanco News

MT. BLANCO, Feb. 1—Well, the sun sure looks good this morning, and isn't we proud of the moisture? Our community club play "Romance in a Boarding House," was presented here Friday night, January 21, to a very nice audience and it apparently was a success from what we hear about it; we are to present it at the Crosbyton High school Friday night, February 18. The time was changed because of the weather and the illness of one of the cast.

Mr. and Mrs. Dennis Taylor took their baby son to a clinic in Oklahoma City last week for treatment for allergy. They left Sunday, returning home Wednesday night. The report snow and ice all through Oklahoma as well as Texas.

Mr. and Mrs. Brice Allen and girls visited last Monday with his parents in Lockney.

Sunday dinner guests of Mr. and Mrs. Brice Allen were Mr. and Mrs. Weldon McClure and children, Jerry and Margaret. We will have more news when we can get out and see someone.

Want to plan 1949 Truck Crop? County agent Hartzog gives data on Acreages, Yields, Production

The following report of acreage yield and production of certain commercial truck crops is given by A. L. Hartzog, Floyd County Agent, for the benefit of those farmers who contemplate truck crop plantings this year and deals with crops for fresh market. The data for those crops refer to conditions as of January 1, 1949, except carrots which are referred to as of January 20th.

BEETS: January 1 prospect for the winter beet crop in Texas are unchanged from earlier indications of 1,080,000 bushels. Prospective production for 1949 is slightly above last winter's crop of 1,065,000 bushels and the 1938-47 average of 1,058,000 bushels.

CABBAGE: Yield prospects for winter cabbage in Texas and Florida declined during December, but Calif-

ornia and Arizona was unchanged. The indicated production of 384,400 tons is 17 percent less than the 462,700 tons produced in 1948, of which about 5 percent was not marketed because of market conditions, but is 7 percent above the 1938-47 average. December weather in Florida was too warm for optimum growth, and worms caused some damage. Some growers neglected insect control measures because of market conditions. Recent cool weather was favorable. Dry weather in Texas Coastal Bend has reduced prospects there. Irrigated crops, particularly those in the important Lower Valley area are in good condition.

CAULIFLOWER: Prospective winter production is now 3,448,000 crates—about 8 percent below the November 1 forecast of 3,711,000 crates. Present indications, however, are 25 percent above the 1938-47 average of 2,759,000 crates.

Annual Meeting Hospital Group Shows Gain

LOCKNEY—The weather cut the attendance considerably at the annual meeting of the membership of the Floyd County Cooperative hospital here, but still a representative group of members were present to

hear the report of the auditor, and to take part in the meeting.

The auditor's report showed the total operating revenues for the past year of \$65,803.04, a considerable increase per month over the previous operating period. Total operating expenses were shown as \$55,498.89 leaving a margin of \$10,304.15.

This margin is partly taken up by uncollected accounts, Manager J. D. Copeland said Thursday, but the hospital has had a good year and has accomplished much in the past year, he pointed out.

The report showed the hospital had assets totaling \$74,713.25 as of September 30, 1948, the close of the fiscal year. Of this amount \$62,365.00 is for the land, building, and fixtures and the equipment of the hospital a large part of which has been purchased the last year.

Yields per acre in Texas and Louisiana are turning out better than expected earlier in the season.

CARROTS: Texas supplies of good quality carrots were available in other states as a result of unfavorable weather. A slight interruption in harvest occurred the early part of the past week, but a total of 104 solid cars moved on January 15, and a heavy tonnage moved in mixed cars and by truck. Shipments were active from both the Lower Valley and Winter Garden districts. Late crops are in good condition except in the Coastal Bend.

The California winter carrot crop in the Desert area escaped damage from the freeze except for a limited amount of discoloration of tops. The continued cold weather, however, has retarded growth of plants and has held back harvest. Rain occurred in the Desert areas January 12-23 forced growers to stop harvest.

An increasing volume of carrots will be available the balance of January but shipments will be dependent upon weather conditions. Arizona carrot tops were severely damaged and most shipments are not making grade due to poor tops. Some shipments are going out as "topped" stock, but sizes are smaller than usual. The Florida carrot crop for fresh market is making fair to good progress. Harvest is underway, but most carrots are being marketed without tops.

ONIONS: Intentions to plant reports from the late spring areas in north Texas, California, Arizona, Louisiana, and Georgia point to an acreage for 1949 one fifth larger than the relatively small 1948 acreage. States totals 18,980 acres for harvest this year compared with 15,770 acres harvested last year. The acreage in Texas, estimated at 11,400, is an increase of 44 percent over the 7,900 acres last year, but it is 15 percent under the 10-year average of 13,430 acres. California expects an acreage of 5,400 compared with 1,250; Georgia 600 compared with 550.

LETTUCE: Indicated production for the winter lettuce crop in Arizona, California, Florida, and Texas is now placed at 9,460,000 crates. This production is about 2 percent above earlier prospects. While indications for this winter's crop are 4 percent below last winter's production of 9,871,000 crates, it is 43 percent above the 1938-47 average of 6,630,000 crates.

SPINACH: Prospects for winter crop spinach in Texas, Louisiana, and California have improved somewhat and production is now placed at 7,329,000 bushels. Present indications are 25 percent above the 1948 winter crop of 5,766,000 bushels.

MOTHER PASSES AT ITALY

LOCKNEY, January 28—Mrs. Mauldin of Italy, Texas, mother of Mrs. Sidney Reeves of Lockney passed away at her home Wednesday according to a wire received here

Thursday mornng from Mrs. Reeves.

As A Farm Woman Thinks

(By Nellie Witt Spikes)

Seems as if the Weatherman is going about this Monday morning defrosting the snow, sleet and ice he has covered the Plains country with the last three weeks. Trickles of water fall from the roof, water creeps from snow piles and we hope is running in the ground. But as we see the clear sunshine and no clouds with the wind from the northeast, we wonder if the Weatherman is not trying to play a trick and turn his refrigeration on again. Grandpa and Grandma sit by the warm fire and do not get out any so they can still say, "Why you ought to have seen this country when we came out here. This spell is nothing to that." But the ones who have to get out and feed the stock, milk the cows and see that the chickens have water and feed shake their heads and wonder if it was any worse way back then.

The mail has certainly brightened up the cold weather as well as a nice week spent with Wilma, Paul Joe and Billy which we certainly enjoyed. Joe had to go to school but Billy could play all day. I read stories to him and had many a good laugh at cute things he did and said. He picked up the card of pretty new buttons his mother had bought and said, "Buttons and bows, buttons and bows." A very popular song if you ask me when the babies pay attention. Joe is learning how to play forty-two and we spent many hours at night playing this game. Joe and I also played flinch. He said, "grandmother, I thought this was a brand-new game and you tell me you played it when you were young."

The mail brought me more fluorescent rocks, a beautiful card from Mrs. Greathouse of Dimmitt who is my rock-hound friend, though we never met. I wish you could see the lovely selenite roses from North Texas, a gray gypsum rose from Canada and some Chalcedony roses from Yavapai County, Arizona. They came through the cold and the snowy weather from Miss Mary Ann Casey of Bakersfield, California. No they were not withered for they are rocks that are formed like small roses. I have the desert roses from Oklahoma and some pink selenite roses from the Big Bend Country.

Miss Casey wrote such a nice letter and took the pains and time to pin an interesting piece about the fairy crosses found in the hazy Blue Ridge mountains of Patrick county, Virginia, which the geologists call staurolites. These perfectly formed little stone crosses are known on the few acres where they are found as fairy crosses and this is the legend.

Long before the white man came to America, little woodland sprites were visited one day by a mysterious white dove, which fluttered down to the ground in their midst, spent and exhausted. Asked why it was so tired, the dove is said to have replied that it was because of having flown across many seas to tell them of the crucifixion of the God of love by those He loved. Then, the legend goes, the little wood-sprites wept tears of blood in the darkness of their sorrow, and as each tear touched the ground it changed into a tiny stone cross. These are carried by mountaineers as charms or good luck pieces. This beautiful legend makes me appreciate more the two small crosses I own. I saw Miss Casey's advertisement in the Mineral Notes and Newspaper I take and ordered the things from her. Somehow when I opened the package and saw the lovely stone roses, I felt like I had seen Miss Casey get them down from the shelf of her tiny store filled with beautiful, interesting rocks, paper weights of polished stone and other fine things. Rock collecting is a wonderful hobby. One makes many friends, and there is no telling where some lead, an advertisement or some one who knows

you like rock collecting any help you to find new stones. Thanks to you Miss Casey. Hope some day I can open your door and walk in.

I am thoroughly enjoying the house flowers this winter. They have responded to my care and the ferns have put out long lacy shoots and the ivy which has never seemed to care whether it lived or died, has grown several inches and there is a new shoot coming from the side. I do not have but a few—only a window full.

One of the finest things I have found in the week's reading is "Dark Violence of the Atlantic," by C. B. Palmer in Reader's Digest. I especially liked this: "There is black beauty in the rugged weather. The seas may be black but each combing wave spreads a gleaming scarf of white lace where it breaks. And the lace in turn is torn into long streamers that vein the water like marble."

Deeds Recorded

Ada Chambers, etal, to Homer Steen, lots 17, 18, and 19, block 1, Floydada.

W. L. and Sarah L. McAda to W. B. Mitchell, lot 16, block 28, Sterley, Junction.

Dick and Katherine Fenner to Norman Hamilton, lot 4, block 63, Floydada.

R. J. and Roberta Clark to W. J. Griffith, 55 acres of land from Frank Smith Homestead survey.

Thurman B. and Elene Thomas to J. C. Thomas, jr., undivided 1/2 interest of north 1/2 of section 39.

CARD OF THANKS

It is a great comfort to have so many friends at hand to take care of every need. May we express our deepest gratitude to each of you who sent such lovely flowers, cards of sympathy, or any other kindness rendered. We especially wish to express our thanks to the friends and neighbors who brought in so much good food.

Mrs. B. Marshall and children, Barbara, Myrna, Benn, and Marlene. Mr. and Mrs. L. A. Marshall and Marie.

A. & M. DAIRY JUDGING TEAM WINS AT FT. WORTH

News that the A. & M. College dairy judging team won first place in the judging contest at the Fort Worth Fat Stock show and Exposition was carried in the daily press this week.

Earl Edwards, Jr., of Floydada, son of Mr. and Mrs. Earl Edwards, was high scorer for the A. & M. team in the contest and in Jerseys.

HONORED ON HER BIRTHDAY

MATADOR—A party was given by Mrs. Frank Pohl on January 12 in her home on the occasion of her daughter, Carolyn's seventh birthday.

Games were played during the afternoon and then gifts were opened by the honoree. A wish was made as the honoree blew out the candles on the pink and white cake, decorated with "Happy Birthday Carolyn." Stick candy was given to the guests as favors.

REV. DURRANT TO PREACH FOR PRESBYTERIANS SUNDAY

Rev. A. C. Durrant of Garden City will preach at the Cumberland Presbyterian church here Sunday, February 5, at 11 a. m. and 7 p. m. The public is invited to attend.

Mozelle Smith, daughter of Mr. and Mrs. Leonard Smith of McCoy, will probably return home today from West Texas hospital in Lubbock where she underwent an appendectomy last Friday. She is reported as improving nicely.

CAN BLACK-DRAUGHT Help Physical Fatigue?

Yes, Black-Draught may help physical fatigue if the only reason you have that hinders feeling is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller with four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, mental haziness, bad breath—and if these symptoms are due only to constipation—then see what Black-Draught may do for you. Get a package today.

Year Of High Demand Seen For Pontiacs

A year of continued high demand and sales volume was seen today by the Pontiac Motor Division, as the new 1949 Pontiac Silver streaks made their public bow.

Although Pontiac sales exceeded 5,419 during 1948, third highest in the division's history, L. C. McDonald of Floydada, expressed confidence that Pontiac sales during 1949 will top this figure. With recently expanded factory facilities, Pontiac is more than able to meet these added demands, he said.

"We expect a very fine year. In fact, with the beginning of production of the new 1949 models, we are in a more secure and better competitive position than ever before."

"However satisfactory past demand has been for our product, we are confident that it will continue to grow in the future. Modern, functional styling and worthwhile mechanical improvements, make Pontiac an even more desirable car to own than before."

"As the accepted car of a large segment of the substantial element of America's buying power, we feel that Pontiac can look forward to a fine reception during 1949."

Production is already under way at the factory with substantial production schedules set for February. First deliveries are being made now.

STEP UP CADET TRAINING PROGRAM IN AVIATION

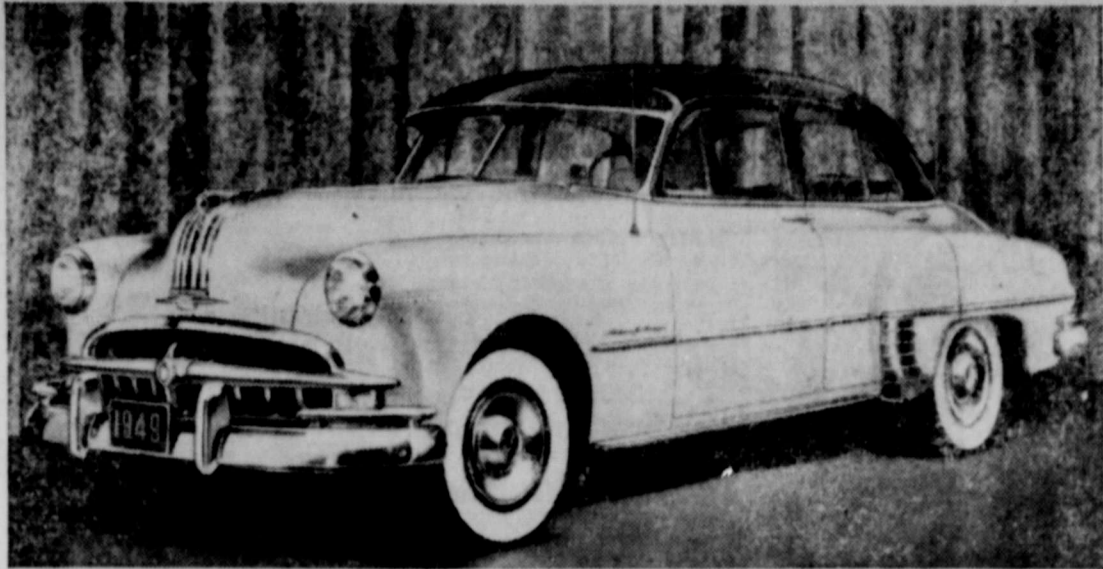

The Aviation Cadet Training program has initiated a new training program whereby there will be eight classes a year instead of three, according to information reaching Sergeant Elbert Newell and Cpl. Martin, in charge of the U. S. Army and U. S. Air Force Recruiting Station at 111 West 8th St., Plainview, Texas.

"The first class, under this new program, will commence April 4th of this year, with a new class beginning every six weeks thereafter," said Sergeant Newell. "Every effort will be made to keep at least three future classes filled due to the frequency of the courses under the eight-class schedule."

JOINS TEXAS DRYS

CANYON.—Dr. J. A. Hill, president emeritus of West Texas State College, has joined the staff of the United Texas Drys as a special worker in the educational field. Dr. Hill resigned as president of W. T. on Sept. 1. He is continuing to make his home in Canyon and is doing special writing for newspapers and magazines.

Entirely New Pontiac For 1949

The Pontiac Chieftain line of which the four-door deluxe sedan is shown here has a 120 inch wheelbase. Roof lines have been lowered without sacrifice of comfort. Trailing pattern of the Chieftain series consists of two gracefully arched steps from roof crown to trunk deck to lower edge. Both Pontiac Streamliner and Pontiac Chieftain lines average 38 percent more glass area. Visor on car pictured is an accessory.

Psychology Prof Misses So They See Basketball Game

Due to illness, Dr. Doyle Jackson, noted psychologist of Texas Tech, was not able to attend the Lions club meeting Thursday night, where he was to be the guest speaker on "Democracy and Education." He plans to attend some time this month.

The Lions had their meeting at the Hotel coffee shop at 7 o'clock, attended their business, and then went to the basketball game at Andrews Ward between the home town Floydada Whirlwinds and the Spur Bulldogs.

MRS. BETHEL, MRS. RUSHING FRIENDSHIP CLUB HOSTESSES

Mrs. W. H. Bethel and Mrs. Lee Rushing were hostesses to an enjoyable meeting January 19, for Friendship club.

An interesting recreation was directed by Mrs. W. E. Grimes.

Mrs. Rushing gave some valuable information in her council report, and Mrs. Stiles gave a report on short course suggestions. Miss Petty gave some valuable pointers on planning a landscape.

Refreshments were served to the following: Mmes. Mal Jarboe, F. O. Conner, George Stiles, E. L. Judy, W. E. Grimes, Sam Green, Leila Petty, the home demonstration agent, and Miss Wilma Jean Judy, and the hostesses, Mrs. Lee Rushing and Mrs. W. H. Bethel.

Mr. and Mrs. George Mize accompanied Johnny Hammonds and Mrs. Dan Daniels to Amarillo Monday. Johnny is going to Oklahoma City, Oklahoma, and Mrs. Daniels on her way to Frankfurt, Germany.

Francis Bacon is sometimes credited with being the real author of Shakespeare's plays.

Kohinoor is the largest diamond belonging to the British Crown.

Dental Health Day Feb. 7

AUSTIN—Observance of the first National Children's Dental Health Day on February 7th has been approved and commended to Texans by an Official Memorandum signed by Governor Beauford H. Jester.

The dental health of children is of prime importance to their general well-being, and Dr. Geo. W. Cox, State Health Officer, says that every child should be under the regular care of a competent dentist from the time he is thirty months of age.

"Much can be done in the way of tooth decay prevention by dentists of today," Dr. Cox said, and studies are under way at present which may lead to still further advances in the control of dental caries. Two Texas cities with almost identical fluorine content in their city water supplies are being used in one experiment. Sodium fluoride is being added to the supply of one city, and the results in the reduction of dental caries checked against that of the city whose water supply is not treated.

"This experiment has been in progress only 29 months and it is too early to establish a positive evaluation, but the results checked so far have demonstrated a decided tendency to caries reduction in the city

where sodium fluoride is added to their drinking water."

Early training of children in good dental hygiene will materially aid them in keeping their teeth and gums in good condition, and their regular visits to the dentist will enable him to make any corrections as

soon as they are needed.

The most troublesome pest to Australian farmers is the rabbit.

In the legend of King Arthur, the Holy Grail was the cup used by Jesus at The Last Supper.

Jaycees Begin Rubinoff Sale For Concert

Tickets went on sale this week for Rubinoff and His Violin who will appear in a popular concert at the Palace Theater on March 2. The Floydada Junior Chamber of Commerce is rapidly setting up ticket points in the town area and nearby towns. A few of the stores in Floydada where tickets may be purchased are Bishop's Drug, White Drug Co. and Arwine Drug Co. Tickets may be purchased by mail by mailing check or money order to Rubinoff Concert, Floydada, Texas.

All seats for the night performance are \$2.40. Tax incl. None will be reserved and only the seating capacity of the 775 Palace Theater will be sold. At 2:30 in the afternoon Rubinoff will give a special Student Matinee. Tickets will be 75 cents (tax incl.) for all students and school faculty and \$1.80 (tax incl.) for adults. All Floydada schools and schools in surrounding towns have been invited to attend. In the coming month news stories and advertising will cover this West Texas area of Lockney, Quilaque, Matador, Crosbyton, Ralls and Petersburg. The Floydada Jaycees are expecting many out of town visitors for the concert. Young musicians in Floyd County should be especially interested in David Vazquez, pianist who appears

Atlanta Minister to Conduct Revival

Evangelist John R. Ferguson of Atlanta, Texas, will conduct a revival meeting at the Church of the Nazarene, 300 West Tennessee. The

Evangelist John R. Ferguson

series of evangelistic services will begin Monday night, February 7, and close Sunday night, February 20. The preaching service will begin each night promptly at 7:30. Rev. Ferguson has recently entered the evangelistic field after a very successful eight years pastorate at Atlanta. Previous to that, he had pastored churches at Tokio, Tahoka, Grassland, and Quanah. A cordial invitation is extended all christian friends of other churches and everyone to attend.

with the internationally known violinist Rubinoff in a Floydada concert on March 2.

Vazquez will have two solo spots on the concert program. He will open the concert with three numbers, a Concert Paraphrase on a Strauss Waltz theme, Franz Liszt's "Liebestraum" and the famous "Mazurka" by Lecuona. After intermission he will play a special arrangement of Cole Porter's "Night and Day," a modern music rendition sure to appeal to the Floydada audience, and "Mountain King Boogie."

David Vazquez returned to the concert field in 1947 after a four year interruption of his career. He spent four years in active naval duty during the war. He is the product of the American School of Music and studied only under masters here. At 17 he was the winner of the National Allied Arts Contest and also won early recognition under the baton of such conductors as Eugene Ormandy, Richard Lert, Ingolf, Dahl and others. Vazquez has toured with the great Spanish dancer, Antonio Triana and also with Prima Ballerina Mia Slavenska. Rubinoff has been an ardent enthusiast for advocating music training for students at home in the United States. He feels that Vazquez is a fine example of this theory of training.

Mr. and Mrs. Conner Oden and sons, Gary and Jerry, attended the Fort Worth Fat Stock show over the week-end. While down-state they also visited their daughter and sister, Marjorie, who is a student at S. M. U.

Mr. and Mrs. Wayne Bennett, Mr. and Mrs. Harold Wayne Bennett, and Gwendolyn Estell, and Wayland Richardson were among Floydada attendants at the Stock show. They also visited Mr. Bennett's parents who live at Burkburnett.

Mrs. J. Sam Hale is in the Lubbock Memorial hospital recuperating from several heart attacks suffered recently. Tuesday she was reported as improving.

Too Late to Classify

Sloppy Weather

(Continued from first page)

The situation may prove serious for the local paralysis fund in case of an epidemic later unless the enthusiasm of the drive can be revived. Guy W. Ginn, county drive chairman was unable to give anything like a complete report as late as yesterday.

May Lose Some Pavement

Among the heroes of the 25-day fight against the elements to keep normal business functioning have been the Highway Department's maintenance men in the district. Foreman Frank Webber and his workmen have been up early and out late with highway machinery trying to meet the threat of danger to human lives and damage to highways. In spite of their efforts, however, there is no doubt that some damage has been done to shoulders of paved roads in some areas, notably in the vicinity of South Plains. Some damage to asphalt paving also in the cities of Lockney and Petersburg is due to show up also, in the estimate of the road maintenance people.

No Zero Weather Reported

In their fight to keep their cattle, hogs and sheep in condition live stock men have been put to it to find increasing feed supply. J. D. Wood, manager of National Alfalfa mill at Lockney reports huge demands for baled alfalfa from that company's storage at Lockney. The mill has sold hundreds of tons of hay to cattlemen far and near. Biggest single sale was to an owner who bought 250 tons and will have to haul it 350 miles to his cattle. Many local cattle and sheep men have bought alfalfa in rather large ton lots.

First and only Zero weather of the winter at Floydada must come later, if at all. West Texas Gas company reports a low of 7 degrees on Saturday and Sunday mornings. High for the week was 33 degrees on Monday.

Geo. B. Marshall Rites Held Friday

Funeral services were held for Geo. B. Marshall, 42, at the First Baptist church Friday afternoon at 3 o'clock. Rev. L. A. Doyle, pastor of that church, officiated. The funeral was under the direction of Harmon Funeral home, and interment was made in the Floydada cemetery. Pallbearers were Alton Chapman, A. T. Hull, C. B. McDonald, Richard Stovall, Buck Hickeron, and Lindsey Graham.

Mr. Marshall died after a long illness of Hodgkins disease, at 3 o'clock Tuesday morning of last week at St. Mary's hospital, Roswell, New Mexico. Mailards Funeral home took care of the body while at Roswell. Mrs. Marshall accompanied the body home to Floydada Wednesday.

B. Marshall was born in Jack

county, Texas, July 10, 1906. He was 5 years old when with his parents, Mr. and Mrs. L. A. Marshall, he moved to Floyd county. He finished Floydada High school in 1923 and attended Hardin-Simmons University, graduating in 1927. He served the county several years as an official, first as district clerk and later as assessor-collector of taxes.

He married Miss Erna Lee Crawford in 1930, and two daughters were born to this union. She preceded him in death April 3, 1940. A second marriage to Miss Margarette Benn took place March 15, 1941 in Floydada. A son and a daughter were born to this union.

B was a member of the First Baptist church here since he was 14 years old. His home has been at Floydada only a short while. He was employed by Ingerton Saddle Shop in Amarillo, and later moved to Laketon, Texas, where he was manager of the Laketon Cooperative, Inc. He and his family moved back to Floydada in October 1947, where they now live.

Out of town relatives and friends who attended the funeral were Dr. and Mrs. I. J. Marshall of Roswell, New Mexico, Dr. and Mrs. Steve Marshall of Roswell, New Mexico, W. C. Marshall of Lubbock, Mr. and Mrs. Bill Robinson of East

Orange, New Jersey; Mr. and Mrs. Chis Benn and Martha, Mr. and Mrs. Owen Benn, Mr. and Mrs. J. W. Yeager and children, Mr. and Mrs. H. E. Richer and Mr. and Mrs. Hilburn Barwick and sons, all of Abernathy, and Mr. and Mrs. Clyde Benn and Susan of Plainview. Mr. and Mrs. Earl Crawford of Crosbyton, Mr. Virgil Crawford of Brownfield, and Mr. M. T. Brooks of Whiteface.

Survivors include the widow, the parents, the two children by the first marriage, Barbara and Myrna, two children by the second marriage, George Benn and Marlene Ann.

Co. School Board To Meet Monday

County superintendent Clarence Guffee, has announced that the quarterly county school board meeting will be held in his office Monday afternoon at 2:30.

Members of the board are R. M. Battey, president; J. T. McLain of precinct 1; Ben Quebe of precinct 2; C. W. Burton of precinct 3; and Earl Edwards of precinct 4. All members are due to be present.
