## Showers Add Top Moisture

Showers that lasted for hours in Floyd and adjacent counties Sunday afternoon and evening brought the topsoil moisture that farm operators have been saying they need.

"Three quarters of an inch would be ideal if it falls right" has been the repeated statement during the early March days as fields crusted over from the heavy moisture of January and February. The answer was almost exactly as ordered, .68--hundredths of an inch at Floydada up to an inch at Dougherty and Barwise, to the east and west of this point with reports of a half inch or more in all sections of the county.

**Young Barley Is Helped**  
In the Southeast quarter of the county where winter conditions were least favorable and farmers have had to do much re-planting, young barley and the few fields of oats and spring wheat, had just about what they needed to make a good stand and get the young grain to growing full way.

In the west, northwest and northeast portions where irrigation and rains made conditions more nearly ideal throughout the winter, farm operators who did not graze their lands now have wheat "high enough to hide jackrabbit" and are watching the almanac hoping there will be no killing freeze later in the year. On most of these farms in three-quarters of the county where grain grazing has been profitable enough that the farm operators have their wheat "on velvet." If it makes that it will be fine, if it falls they are even anyhow.

But the deep subsoil moisture seems to preface some kind of a wheat harvest and the grazing profits will be that much bonus.

**Storm Hits at Sundown**  
Only report of damage to come to The Hesperian office from the storm at sundown Sunday, when some hail accompanied wind and rain, was at the E. A. Noland place northeast of Floydada eight miles, near Silvertown highway. Noland had storm damage also last year. Sunday afternoon he had two sheds, 10 feet by 20 feet and eight feet by ten feet and a chicken house smashed and blown around, as well as damage to his barn. His residence was not damaged, and none of the family hurt.

The rainfall was general from north to south and east to west, according to the reports at the Hesperian office. More rain fell under the caprock than on top of the hill, these reports indicate.

**Court House 'Roof' Leaks**  
Only people in the community who look askance at a rain cloud are the officials of the county housed in the court house. So long as it does not rain their offices do nicely. Sunday evening some offices leaked rather badly through the first floor "roof," when the little storm hit with severe rain and hail for a few minutes. Officials who are custodians of priceless records are on the alert to go to their offices and move records around to keep them from under the leaks.

## Dairymen to Meet Saturday; Plan Artificial Ensemmination Program

This week County Agent Robert H. Gibson announced that Floyd county dairymen are planning a meeting at the American Legion hall for Saturday, when they plan to organize a Floyd County Artificial Ensemmination Dairy Breeding association.

"We are planning to have either Coy Neely or R. E. Burleson to assist us in this meeting," said Mr.

## Truck-Train Crash Injures Three Persons

Walter Williams, of Childress, Fort Worth & Denver City South Plains engineer, is hospitalized this week with a broken leg, chest and face injuries, and two others are being treated for minor hurts, following a train-truck collision Wednesday morning at 9 o'clock on the Denver-Lone Star road crossing 10 miles north of Lockney.

Injured were Firemen Ben Trent, also of Childress, and Charles Brantner, truck operator for Cooper-Woodruff Construction company. Their injuries are not considered serious.

The collision was the real thing, neither the truck operator nor the engineer realized the impact was imminent, according to investigating officers. The trucker was going north, the train west. The hour was about 9 o'clock, possibly a few minutes earlier. The impact threw most of a truckload of caliche into the engineer's face and body and the truck was carried several feet down the track.

Report from Floyd County Memorial hospital, Lockney, where the three injured men were received about 10 o'clock Wednesday morning, said that Engineer Williams was forwarded to the Denver's Childress hospital for further treatment and that the injuries of the other two men appeared to be superficial at the time.

The Denver's Diesel-driven train was enroute to Plainview from Sterley when the wreck occurred.

## School Paving Gets 'Go' Sign Play Night

Paving the blocks adjacent to Andrews Ward school seems to be an assured development of the next few weeks in Floydada.

"Play night" at Andrews Ward school Tuesday night, sponsored by Andrews Ward PTA and the Junior Chamber of Commerce climaxed the campaign so far as money matters are concerned. Short \$300 or so a few days ago the joint committee reported the money on hand when "play night" was finished. "The money for the ward school's \$3,400 paving project is available now," said Jaycee treasurer Jewel Elza on the following morning.

There was 42 and bingo and cake and pie and pictures and punch and cold drinks and coffee, and the big crowd was in a generous mood, reports Robert H. Crowell, manager of Floydada Chamber of Commerce who had an interesting side line seat to view the proceedings.

There was a big crowd. School children had sold many a ticket (See School Paving, back page)

## Junior Live Stock Show Wednesday

### Napoleon Park May Be a Beauty Spot Yet; Five-Year Plan Okeyed

Napoleon park, Floydada's substitute for a spot of beauty, will not continue to have the "faded rose" countenance for a lengthy time. Various business, educational and professional clubs and city departments have undertaken a five year project for beautifying the park which is located on the four hundred block of Tennessee street between Fourth and Fifth streets in southwest Floydada.

The block of territory, one of Floydada's corner stones, was dedicated in 1890 by the founder of the city, General Price. At times since the different organizations have undertaken projects for furnishing the townspeople a place for enjoyment and relaxation.

For many years a tabernacle stood there where revival meetings and other public gatherings took place.

Some work has begun on the primary work of the program, but plans are still being placed into the pattern. This will not be effected by mere newspaper quibbling, the sponsors point out. It will take "do-rs-me" and labor. Not from an official source nor quoting anyone, but it is anticipated that if you would like to see Floydada have a block square park as pretty as anybody's beauty spot, and have a place to eat supper on Sunday afternoon, that you could find some way to help out. But it is going to take much work and patience and effort.

Floyd county's junior live stock men are putting the finishing touches on the fat steers, pigs and sheep this week for the Junior Live Stock show and the youthful dairymen are fitting their animals up so all that they have to do next Wednesday is to arise early and get their animals to the Rodeo Association grounds for the big show.

Meanwhile the Floydada Chamber of Commerce and Board of Development has completed all local arrangements so that the show can be a smooth-running one. Robert Crowell, show manager and E. L. Angus, general superintendent, are responsible for this statement. And they have some of the best talent in the state of Texas scheduled to help them out to make this a show the 4-H Club and FFA boys will be glad they entered.

Ray C. Mowrey, live stock husbandryman of the Texas Technological college, will judge the fat

calves, the swine and the sheep of the Junior Live Stock show and Chester Eliff, eminently successful dairy breeder of Swisher county, will judge the dairy animals. Other officials of the show are the following: Robt. H. Crowell, show manager; E. L. Angus general superintendent; Assistant superintendents, H. G. Barber, V. A. Teacher Floydada, and F. L. Montanden, V. A. teacher at Lockney, and Robert H. Gibson, county agent. Gibson also will be secretary of the show;

Sheep co-superintendents, Harry Morcel and Ernest Lee Thomas; Fat Cattle Co. superintendents: Kinder Farris, Fred Cardinal and Ralph Johnston;

Dairy cattle co-superintendents, Chester Mitchell, N. S. Abbott and N. B. Stansell;

Hog co-superintendents, James Murphree, R. C. Mitchell and Carl Smith.

**Sales and Finance Workers**  
Making up the financial committee for the show are E. L. Angus, O. M. Watson, Sr., John Reue and Walton Hale.

A. H. Rainer and George Caven are named as the public relations committee, and the sales clerk will be O. P. Rutledge. The sales committee will include James H. Word, Guy Ginn, George Caven, Fred Cardinal and Edgar Hayes.

Prior to the sale the steers will be sifted by the committee composed of Jack Stansell, Billy Stanforth, Jr., and Chester Mitchell.

Dr. Early Joiner will be the show veterinarian.

**Jr. Stock Show Rules**  
1. Entries will be accepted from any regularly enrolled 4-H Club member, boy or girl, who is 9 years of age or older 60 days before the show, or FFA member who lives in Floyd County or who attends school in Floyd County.

2. Each exhibitor must certify that he personally owns and has cared for the animal under the supervision of the county agent, home demonstration agent or V. A. teacher, not less than 60 days prior to date of show.

3. Each exhibitor will be limited to only two entries in each of the breeding classes and two in each of the fat single classes except beef calves where a member may show only one in each class but may show two lights or two heavies in either milk fed or dry lot classes. This is not to be construed that he can not show a total of more than two singles in the dry lot and two singles in the milk fed division. He may also show a group of 3, and may enter as many classes as he may qualify for under rule no. 2.

4. All animals must be in place by 8:30 o'clock on the day of the show and must remain until the show is completed. Hog judging will begin at 8:30 A. M.

5. Bedding will be furnished by the show management.

6. Lambs in the fat class must still have their lamb teeth.

7. Hogs in the fat class must weigh (See Jr. Stock Show, back page)

8. Bedding will be furnished by the show management.

9. Lamb teeth must be in place by 8:30 o'clock on the day of the show and must remain until the show is completed. Hog judging will begin at 8:30 A. M.

## Draft Mobile Health Unit Plan Next Week

Texas Health Mobile unit will visit Floydada at a date not too far distant, Dr. Geo. V. Smith, county health officer, was notified this week, and to make preliminary plans for the visit, the tuberculous field worker, Philip N. Gauss, Jr., will be in Floydada on Tuesday, March 29. Two o'clock p. m. is the hour indicated for this visit on the date indicated.

Says the department in announcing the preliminary visit, "It will take a vast amount of effort and cooperation" and the backing of all of the social and civic clubs of the county will be needed.

Veterans organizations, the Chamber of Commerce, the county agent, home demonstration agent, home demonstration club members and the help of the members of the medical and dental professions, will be called for to make the visit of the mobile unit completely effective in the county, says the Department of Health in the communication to the County Health officer.

According to Robert H. Crowell, manager of Floydada Chamber of Commerce, the mobile unit will give attention in particular to study of school and pre-school children, and tubercular and pre-dispositions of

tubercular conditions will be watched for in particular.

"We are hoping for county-wide backing on this visit of the tubercular mobile unit," said Mr. Crowell, who visited the State Department of Health two weeks ago after conferences with local health authorities and physicians.

Date or dates for the visit of the mobile health unit will follow the mobilization of county and city organizations and sentiment to give away to the possibilities for a continued good health program in the county.

## Old Settlers Called To Meet Saturday Time For Red Cross Gifts Is Here Now

Floyd County Old Settlers will have their first planning meeting for 1949 on Saturday afternoon, when they will figure out what they hope to do on their county's founding day, Saturday, May 28, Mrs. Jeffie Smith, president, said this week.

They will meet at the Duncan Abstract company office at 2 o'clock and Mrs. Smith. Several important decisions are to be made at this meeting, she said.

Probability that the American Legion will want to have their annual celebration on the same date as the meeting of the old settlers and that the Floydada Rodeo association would like to have a part in the event has been indicated, Mrs. Smith said. "The old settlers would like to see everybody have just the kind of a good time they want on this date and if these and any other organizations want to join in on the event I am sure it will suit the old settlers. We are anything but selfish about it, although we don't want to pledge ourselves to spend any money that we do not have in hand," Mrs. Smith said.

The American Legion has been holding Fourth of July celebrations for a number of years and have been most successful in their efforts. But the competition on this date has become most keen and the Legion feels that a celebration on founders' day might be just as effective and more satisfying in some respects, it has been indicated.

Similarly the Rodeo association thinks that a considerable interest could be worked out on the old settlers date. These and other matters will be considered, said Mrs. Smith. If it can be worked out for everybody to enjoy the occasion and the event on the old settlers date it sure will be fine, Mrs. Smith indicated. "The old settlers like to meet and talk about the good old days and we know everybody is glad for us to do so. But we know, of course the newcomers and the youngsters can't be interested in these reminiscence gatherings," said Mrs. Smith. "So if we can arrange it so they will have a good time, too, and the founders day can be made an occasion for rejoicing and good times for everybody it will be just fine. It might be that a combination of the Fourth of July and the founders' day could be made over into a date that would be a happy medium for all the varying interests in the county," Mrs. Smith said.

Possibility of a two-day celebration has been indicated.

## Time For Red Cross Gifts Is Here Now

Do you know what time it is? It's Red Cross time. The month of March is the time each year when the Red Cross asks for funds in order to carry on its services.

Floyd County's goal is unusually low this year. The local chapter of the Red Cross is asking for donations amounting to \$2,000 so we may take our part in the Texas and Unites States Red Cross program. However according to Lyndell Roberts, Floydada chairman, less than \$500 of this has been collected to date. "We need the help of every Floyd County resident," he said, "in order to reach our goal in the next eight days. Each year Floyd county has reached or surpassed its quota by the end of March and we don't want this year to be different."

Last year with 23 Texas Red Cross chapters helping in 17 major disasters, it meant rebuilt homes, furniture, medical care, food, clothing, support for the orphaned and maimed. (See Red Cross Time, back page)

### Stapleton Elected Rotary President

John B. Stapleton, District Attorney of 110th Judicial district and practicing attorney before the Floyd county bar, was elected president of Floydada Rotary club yesterday to succeed John W. Reue in July in this post.

With him was Hollis R. Bond as vice-president, and new directors to serve the club for the ensuing year were chosen in the persons of R. E. Fry, William E. Brown, Jr., and Carl Lester Minor, Jr.

S. W. Ross was re-elected secretary of the club for the seventh consecutive year.

Election of the officials was announced prior to the program when Chas. A. Guy, Lubbock newspaper publisher, was presented in a talk in which he urged a sort of insistent attitude on the part of West Texans. This part of the state is attached to Texas for revenue purposes and the east and central Texas legislators don't lose sight of where the revenue is coming from for a moment, said the Lubbock newspaper man. Guy revived that old "Secession" talk when he suggested that a State of West Texans would be a good thing for the people of this area.

Mr. Guy was accompanied to Floydada by Bill Clark, ace reporter and photographer for the Lubbock newspaper who "covered" several local news angles while on his brief stay here. Clark is a West Texan himself and was tremendously impressed by the "flittin and gittin" that is taking place in Floyd county commerce and industry.

Cecil Hagood was promoter of the program for the day.

## Bank Doubles Capital Stock

Announcement that the authorized capital stock of the First National bank of Floydada has been increased from \$50,000 to \$100,000, was made this week by O. M. Watson, president of the bank, who said that the change became effective as of March 16.

Approval by wire for the change last week-end from the national comptroller of currency was confirmed by certificate received from the same source the first of the week.

"The change effected does not make a material change in the stockholders capital investment in the institution," said Mr. Watson. "However it does have material advantages not only to the bank but to the public we serve as well."

The increase in capital stock increases the number of common stock shares from 500 to 1,000 in the hands of the stockholders, doubling the number held by each at the time of the change.

The addition to the certified capital stock leaves the surplus fund of the bank at \$75,000. The undivided profits account also still stands at \$50,000, the total capital investment being \$225,000.

## Members Choose April Second

Floydada Independent School district residents will choose three members of the board of trustees of the Independent School district on Saturday, April 2, school day, either from a list of names who have been petitioned for, or from written in by the patrons of the district school.

On the ballot for the Independent School district are the names of Mrs. Alton B. Chapman, Carter, C. B. McDonald, R. J. Howell, John Reue, and Walter Gibson. From these the voters choose the members of the board.

The terms of Mrs. Chapman and Mr. Collins expire.

Members of the board who will be eligible for re-election are Mrs. Cecil Hagood, A. T. Hull, Lloyd and John Moss.

The list of "candidates" for the Independent School district was certified last week by County Judge G. C. Tubbs.

The petition was addressed to the names of the above to be placed on the ballot. The name of Robt. Medien will be on the ballot for the time in 15 years. Medien would permit the petitioners to use his name. "I have been a member of the board for a long time and I think that will be long enough after I served out my term," Mr. Medien declared. The period during which Mr. Medien has served has been a history-making epoch in the school administration.

**Term May Be For One Year**  
Elected Walter G. Collins, president of the board, said that although the trustees to be chosen on that day are to be elected for a one-year term they may actually only one year, which would about should Floydada and other districts decide to consolidate when they vote on April 5, days after the new board of trustees are to be elected. Mr. Collins pointed out that following a consolidation, according to the constitution, has a new board of trustees to be chosen.

In effect, means that the voters are selecting a board for one year, assuming the consolidation is effected. If voters of either of the districts turn down the consolidation proposal the district would be the same as now constituted members chosen would hold office for two years.

## Mathews Signed New

Charles D. Mathews, of Lubbock, appointed Executive Assistant by Attorney General Price.

He will continue also as Attorney General's assistant in pending cases disposed of, Daniel said. Mathews has served as assistant attorney general, first as chief transportation division, and then as chief of antitrust. He assumed successful preparation and filing of nine antitrust suits and filing of ten additional cases are now pending.

Mathews was a prosecutor in some of the most famous German war trials during 1945. He served four years in the army where he went from private to captain in field artillery, serving under Gen. Patton in France and Germany. He is a graduate of the University of Texas and a native of Texas having practiced in Lubbock since the war.

## Directory of a Week

The classified section of the Business Directory scheduled to appear in the March 28, 1949, issue of the Hesperian, has been postponed another week so that additional information and county may be compiled. Advertisers would like to give thanks to the many business concerns that co-operated in making this publication possible. The deadline for Business and Personal listing in the book and directory has been re-set for next issue, March 28, 1949. The Business and Personal professional people were missed in the corresponding issue urged to phone nine (9) for complete information on this insurance of their listings.

# EDITORIALS

Most everybody, but the people who own land on which natural gas is produced, is strong for the tax on natural gas with which to hard surface rural and bus and school roads in Texas. The people who own these lands say they are not getting enough for their gas and with an additional charge for taxes they would not have anything like enough left. The oil people generally are denouncing the tax and we are confident there are two sides to the matter. The royalty owners say the proposal is so manifestly unjust that there is no danger of it getting past the Texas legislature. On the other hand many counties like Floyd had so many organizations represented at the hearing on the bill, favoring its passage, that the committee had to hold the hearing out in the hall of the House of Representatives itself. It would appear that if the royalty owners on gas lands have an escape clause in their contracts by which they can pass the tax imposed on to their buyers then the legislature could well go along with the proposal to tax this natural resource to build the needed roads. Otherwise, it would seem to be a matter of making the owners of natural gas producing land pay for the roads for the state. If you owned a piece of gas-producing land this could look pretty one-sided to you. Lacking full information we'd dislike to say too much either way, except that we'd give most anything in reason to see good roads more numerous in Floyd county in particular and Texas in general.

The Hesperian has revived Napoleon park — in a matter of news writers experience — a good many times in the past 20 years, and we note we have revived it again. Sustained and continued effort and money and work and sweat and toil and conferences and tact and diplomacy and more money and work and effort and agitation and thought and willingness to re-do after the vandals destroy what has been done and start over again seem to be the principal requirements in this particular undertaking. A good many well-meaning organizations have out-talked the city authorities a good many times into letting them have the responsibility of making a park of Napoleon park. They find the city only lets them have a problem the city itself has been unable to handle. The same may prove true again, but we can hope not.

It must be amusing to whatever person or persons read The Hesperian to note how hip-ped this editorial writer must be on bureaus and commissions of the federal government. The fact is well apparent that the people want all of these agencies or they wouldn't multiply like mushrooms in a spring sun after a

warm rain. How many thousand such agencies there are and how many more hundred there are in the making only the good Lord knows. The people and the Congress propose them, the president or some agency disposes. It must be a joy to whomsoever handles such matters to get up in the morning and order another 200 typewriters and desks and girls and repeat the operation every morning of the world, knowing all the time that that is what farmers and the miners and the grocers and the landlords and bankers want done while futile newspaper fellows sputter and splash around as though it presaged the end of civilization. The newspaperman, with a smattering of knowledge, having read the Rise and Fall of the Roman Empire, Roberts Rules of Order or something of the kind, has the fool idea that taxes and government finally get so entwined in people's affairs that they had just as soon the Vandals or the Goths or the Communists take over as the overlords they have, not being enough between them to choose to justify getting out the old musket and oiling it up.

**New Type Time Table.**—The Santa Fe Railway company has issued a new type time table, one which it appears most anybody can read and understand. It may be the copy we received was made for the purpose of getting publicity and that the kind the agent reads from when you telephone or go to see him, is put up the old-fashioned way — that is, you read up one side and down on the other. Railway people have always told us the last-named kind was as simple as ABC. All you had to know was how to read it. Also, we think, all you have to know about anything would be to know how to do it, as for instance, make out an income tax report. Anyhow, the Santa Fe has a new time table and all you have to do is look at it and it tells you when the train gets to the town and when it leaves. It is as informative as the agent was who answered the old lady's query about when the train came in and how long it would be there. "From two to two to two two," he answered. She thought he was a Smart Alec she told a listening neighbor. "He must think he's the whistle," she said.

## Tennis Season Eliminations

Tennis season opened with a big bang. The players began practice about two weeks ago with many last years' players and a number of new ones. The following names are those who come out to play in the elimination tournament which was held last Friday and Saturday:

Junior girls' singles—Jane Johnson, Grace Muncy, Janet Lloyd, Pat Hennessee, and Peggy Collier; the winner was Peggy Collier.

Junior boys' singles—Teddy Assiter, Dan Hagood Barry Rosson, and Pike Hanna. The winner was Pike Hanna.

Senior girls' singles—June Powell and Gladys Roberts. Gladys won over June.

Senior boys' singles—Lonnie Cates, Barry Rosson, Jerrold Vinson, Don Hill, Gordon Hambricht, and Gene Dale Jackson. Gene Dale was the winner.

Junior girls' doubles—Jane Johnson and Pat Hennessee, and Peggy Collier and Sherwyn Pyffe. The winners were Peggy and Sherwyn.

Junior boys' doubles—Aubrey Guthrie and Jackie Hutchinson; Dan Hagood and Berry Rosson; and Pike Hanna and Teddy Assiter; Aubrey and Jackie won.

Girls' doubles—June Powell and Gladys Roberts, Peggy Collier and Sherwyn Pyffe, Mary Maxey and Molly French. The winners were June and Gladys.

Boys' doubles—John Moss and Bob White; Aubrey Guthrie and Jackie Hutchinson; Gordon Hambricht and Lonnie Cates; Jerry Thomas and Don Hill; and Gene Jackson and Jerrold Vinson. Gene and Jerrold were the winners.

**District Play-Offs**  
 All who won in elimination tournament will go on to district.

The first of the district play offs will be Friday afternoon, March 25, between Floydada and Lockney at Lockney. Other tennis matches will be the mixed doubles. These will be just matched games, not qualifying for district honors.

## Assembly Program St. Patrick's Day

St. Patrick's day brought with it an assembly program, sponsored by Mr. Reagan. The first ten minutes of the program was composed of Irish songs. Don McGuire was master of ceremonies of this with Mr. Barber assisting him in directing the student body in singing "My Wild Irish Rose" and "When Irish Eyes are Smiling". Molly French sang "A Little Bit of Heaven" and "Danny Boy."

The remainder of the period was taken up by a troupe of "negroes" under the sponsorship of Sandy Lodge with Dan Hagood, president; Clapp's Baby Food; Nobald; Past-teeth, Ostrex & Ovelmo. Barry Rosson was announcer.

The program was as follows: A skit by Jennie Chowning, Gene Jackson, and Dale Roberts; "The Robert E. Lee" by Dorothy Bishop impersonating Al Jolson; Acrobatics by June Powell; "Sugar Blues" by Gene Jackson and his whining trumpet; "The House of Blue Lights" featuring Billie Chowning and Peggy Collier; and "Dry Bones" by Dorothy Bishop, Molly French, and Gladys Roberts.

## DE QUACKER

Hiya kiddoes! Remember, Freshman week coming up and I'm going to need lots and lots of gossip about those fish. Don't forget.

Mary Helen, is that diamond you were wearing last week from J. A. or is it someone else's?

Arminta, what are they calling you B. R. H. for? After all, aren't you supposed to be going steady with Jimmy? Or could it be someone from Abernathy??

Delton Waggoner and Dorothy Clayton seem to have a liking for each other. He was seen getting her phone number Wednesday!! "NEW ROMANCE"??

It seems as tho Ruth Riggles and Arlis Phillips were surely having a good time Saturday nite. Ruth, I thought you didn't like Ralls boys! What happened??

Well, well, a new romance is (Continued Next Page)

### BE YOURSELF, TOO

Remove your prejudices. Make the ways in which you are different from someone else. Then list ways in which they are better than you. Be honest! How do the others feel?

A story is told of a little French boy whose father told her to list ways she was better than the child who lived next door. The thought of the color of her hair wasn't quite sure that the Italian girl was ignorant; she remembered her own name on the report card she had received. The Italian was dirty, she glanced down at her own dress. At noon the paper was clean.

Remove your prejudices. Are they justified?

## Volley Ball News

Volley ball coach, Miss Cline, has the volley ball girls to Ralls on Friday, March 8. The girls then to Matador Tuesday night, 15, and played Matador. The girls came to Floydada last Friday, March 16.

Miss Cline coaches two strings. Each game both strings played games each. The first string won all their games. The second string won all except one.

This game was against Ralls Wednesday. Both strings are and are improving. On the string are Gloria and Gleva, Joy Bunch, Joy McCravey, Ben Jones, and Joyce Stewart.

Second string consists of Betton, Clara Mae Jones, Billie King, Loene Williams, Jennie King, and Marlene Hollums.

Candid Camera

This week our personality has brown eyes, brown hair, weighs 114, is 5' 5" tall, a junior and sixteen years old. Yes Sammie Jess Shultz was born in Floydada on December 12, 1932, and after sixteen years in this world, we find Sammie a very attractive girl.

Sammie began her school days in Floydada and has continued her education here since.

For an ideal day, Sammie would

start it off by getting up at 6:30 and running around the block. Then she would eat a pomegranate for breakfast. She would then curl up in a chair and read a good short novel. (Just what do you mean Sammie?) After she had finished her reading lesson, she would put on black and white and go to see Hope. About 11:30 she would come home, eat dinner, put on levis, and go horseback riding. Late that evening she would again put on black and white (incidentally Sammie likes black and white) and go with her ideal date. This young man is 5' 10" tall, has black wavy hair, blue eyes, rather broad shoulders, narrow waist and hips. (My!

who is he, Sammie??) She would stay out until about 10:30 (Sammie she would eat a pomegranate for then come home and read another good short novel and then to sleep. (I'd like to read some of these novels.)

As you probably already know, Sammie had rather read and wear black and white than do anything else.

Outstanding among Sammie's accomplishments are that she was sophomore and junior representative for the annual; member of social club, member of Allied Youth and band, and chosen as one of essay writer for interscholastic league.

Sammie's favorite foods are fried chicken, milk, chocolate ice cream, strawberry. Her favorite studies are English and Spanish. For pastime she likes to read.

That favorite expression is "Oh". Her favorite sport is fighting (rather odd). Sammie thinks her worst habit is being selfish. Her dislikes are hateful people, raw eggs, and egotistical people.

Sammie's most pleasant vacation was spent on summer in Dallas visiting Miss Cummings. While in Dallas, she had a very exciting time visiting, going swimming, bowling, going to shows, and everything that there was to do.

Sammie is most embarrassed when Coach teases her in Algebra Class. Her most ideal person is Mr. Baker because he is good natured and can take a joke better than anyone that she knows.

Sammie decided that her greatest achievement was being valedictorian at ward school.

Her life's ambition is to be a famous doctor.

Sammie, your friendly and jovial personality have made you an outstanding student of the junior class. Good Luck Always!

Triangular Track Meet On Today

Thursday afternoon at 3:30 there is to be a triangular track meet here at Wester field. Lockney, Ralls, and Floydada will compete. The ward school juniors are entering also.

FHS Boys Enter Plainview Tourney

Six Floydada high boys entered the Plainview Boxing tourney last week. None of the boys scored a victory but all were very impressive boxers. The boys have had up their ring only about four weeks and haven't had much training. The boys that entered were Peanut Robertson, 114; Bob Hartman, 118; Stanley Conner, 118; Buster Mooney, 118; Arlen White, 135; the boys have been under the leadership of Don Boothe, who is their captain or leader.

Boothe put up a very good fight against Earl Chism of Amarillo, who is much more experienced.

The fans seemed to think that Boothe won, but the judge said "No!"

Half Minute Interviews

What did you do with your holiday?

Ann Hopper—went to Plainview.

Hope McIntosh—cleaned house all day long.

Mary Parrish—made up for lost time thinking.

Mary Dee Cozyb—just had a good time at South Plains.

Margie Herring—stayed home all day. (But she had a special look on her face when she said it!)

Mary Alice Plumlee—made a dress and read and went to slumber party.

Mary Lou Polasek—I don't know; I forgot.

Molly June French—cleaned house and listened to company jabber.

Ruth Riggles—went fishing and had a good time.

## Wooden Plug, We Know - How, Quick Action

The story of a bad gas line break how it was mended temporarily enough to avoid stoppage service and other heavy loss is in the Gas Employees News, a monthly publication of the West Texas Gas company. Roy Leslie, a Floydada man, Roy Leslie, West Texas Gas company manager, here had a leading part in discovering the break and forcing considerable heavier loss. The break was located about a mile west of the key station.

Quick action and close cooperation members of West Texas Gas company's fine family of workers the day on Thursday, February 24. Late that afternoon an errand piece of farm terracing equipment punched a hole in the 6-inch pipe that runs between Quitaque and Key. The break was located about a mile west of the key station.

of the accident. In a very short time he had dug out enough to locate the leak and had driven a wooden plug into the gap, thus cutting down the volume of escaping gas. The main line pressure had gone down to 80 lbs. but thanks to the fast action of Roy Leslie, remained there and held, thus preventing any outage along the line. It was first thought that permanent repairs could not be made, but on closer inspection it was found that the hole was so jagged that welding would not be practical. A split-sleeve clamp was used on the break. This clamp will hold the leak until such time as the line can be shut down and a new section of pipe welded into place. Customers and officials of West Texas Gas company alike had high praise for the efficient way this emergency was met and handled.

## As A Farm Woman Thinks

(By Nellie Witt Spikes)

**PETER'S ANSWER.**  
By Ruth Margaret Gibbs

"Lord, we have left all and followed Thee:  
The nets that bulged with silver from the sea,  
The fishing boats and every full, white sail  
That rode before the smallest wind and gale:  
A home that held the voice of friend and kin,  
With creeping cold shut out and warmth shut in,  
And all the myriad things we touch and see—  
What shall we have, therefore, who follow Thee?"  
This shall they have, who follow, leaving all:

A bed of green, perhaps a forest wall roofed by the stars and strangely carpeted,  
Since He had not a place to lay His head;  
But darkness wears a kinder touch than day  
When He is there, and terror takes no prey,  
And sweeter is the lonely mountain spot  
Than peopled streets of home where He is not.  
This shall they have whose earthly riches dim  
Before His face, because they walk with Him.

We had the great privilege of visiting a church in the making last Sunday. Only some nine months ago, there was no Methodist Church and parsonage in the Eastside Whitehead addition in the growing city of Lubbock. "And there were no members," smiled Reverend C. A. Hartley, the pastor. If made us feel that folks who love the Lord and go to work can accomplish much. As we sat in the beautiful, almost finished building, we thought of how few years ago this spot was green pasture land and now the only green was the light slipping through the fan-shaped glass above the white windows.

A few years ago the mockingbird sang melodies as he swayed in the fragrant blossoming mesquite trees. Now we hear the fine voice of a young man praising the Lord in song. We could look back and see a white wagon sheet billowing in the March wind and hear a young mother praying for strength to live in a new, raw land. Now Bro. Hartley spoke to members who lived close in their house of white, and many young mothers prayed for the strength to rear their children in a world all torn by strife. But inside the walls of this new church many were finding the peace and comfort.

Just step inside this new church if you want inspiration and faith in men and women who have a vision of a better world and are working and praying to this end, and you will find a warm welcome from Rev. and Mrs. Hartley and the church membership.  
Did you ever notice how quickly a wrecking shop by the side of the busy highway fills up with wrecked cars and trucks? What if all the wrecked boys and girls, men and women were grouped around some spot where all could see every time they passed by. Would we still go on in the different way, letting things run along that wreck the young as well as the old, letting businesses flourish that make wrecks of human lives? We cannot see inside the jails and penitentiaries and reform

schools where wrecked lives drag out as we go on our busy way. But these places are full and it is very hard for a come-back, when they get out, if they do. Too late to lock the stable door after the horse is stolen. Christian people need to be busier about their heavenly Father's affairs and try to throw some safe guards around the youth of our fair land.

It is always nice to go back to a neighborhood where one has gone in former years and so we found it delightful to go back to McCoy Saturday night and see some beautiful pictures brought from South American and shown by Rev. Moss, a Baptist missionary on furlough. It is inspiring to see fine churches spring up in other lands and see the pictures of Christian men and women of other races as they gather to worship. We went back to McCoy this Sunday morning for church, heard a fine sermon and visited with old friends as we helped ourselves to a delicious dinner spread by the Baptist women of that church.

## STARKEY CLUB STUDIES ON 'WALKS AND DRIVES'

Members of the Starkey Home Demonstration club were benefited by the lesson on "Walks and Drives" given by Lela Petty, County Home Demonstration agent, at their regular meeting Friday of last week. The meeting was held in the home of Mrs. John Shipley. Roll call was answered with garden hints. Mrs. F. F. Stephens gave an interesting talk on the "Heritage of Easter."

Miss Petty showed the club some very interesting slides on how to prepare a seed bed and raise tomatoes. Refreshments were served to Mrs. S. L. Holmes, G. H. Day, G. E. Assiter, W. F. Ferguson, J. K. Holmes, F. F. Stephens, W. P. Davis, W. F. Culpepper, J. W. Day, Jr., J. T. Myrick, Jr., Paul Sparkman, Wanda O'Neal, W. W. Blair, the hostess and Miss Lela Petty. Mrs. Blair is a new member. The next club meeting will be at the home of Mrs. Oran Eubank on April 1.

The losing side in the club member contest will entertain the winning side at the Starkey school-house Friday night, March 25.

Sgt. and Mrs. H. W. Wilson, of Ft. Sill, Oklahoma, spent the week-end here at the bedside of Sgt. Wilson's stepfather, C. E. Soderstrom, who has been quite ill with measles. Mr. Soderstrom is improving at this time.

## Joyce Stanley Bride of Richard Markham in Ceremony Sunday

Miss Joyce Stanley, daughter of Mr. and Mrs. H. C. Stanley, Lubbock, became the bride of Richard Markham, son of Mr. and Mrs. John I. Markham in a double ring ceremony performed Sunday afternoon at 3 o'clock in St. John's Methodist church in Lubbock.

Given in marriage by her father, the bride wore an ivory bridal gown styled with Chantilly lace yoke accented with a single row of tiny satin buttons. Her fitted bodice was attached to a full skirt and the long sleeves extended into points over the hands. She carried a bridal bouquet of orchids and stephanotis arranged on a white ribbon.

Mrs. Ann Lindgren, of Fort Worth, attended her niece as matron of honor. Bridesmaids were Misses Neida Chapman and Betty Vaughn. Bill Markham, of Morton, attended as best man. Dorman Stanley and Don Markham were ushers.

A reception in the party room of the Lubbock Country Club followed the ceremony.

After March 27, the couple will be at home in Lubbock, where the groom is employed by West Texas Oxygen company and the bride is employed by J. W. Chapman and sons, Realtors.

## Betty Lou Tye Bride of Jim Simpson

Mr. and Mrs. W. O. Tye announce the recent marriage of their daughter Betty Lou, to Jim Simpson, son of Mrs. W. H. Simpson, sr., Floydada.

## Terrell Lambs Are Champions at Lbk. Show

Several Floyd county people and their parents, the county agent, and the assistant county agent, participated in the South Plains Junior Fat Stock show at Lubbock this week. The Floyd County 4-H club boys carried off their share of honors and prizes.

Billy Earl Terrell of Lockney won first and second with his South-down lambs in the fat lamb class. The first lamb of Billy Earl's was selected as the grand champion fat lamb of the show. Billy Earl's pen-of-5-Southdown lambs won first in the pen-of-5 fat lamb class.

R. W. Smith, of the Baker community won 9th and Billy Ray Smith of the same community won 10th in the class of Aberdeen-Angus fat calves. Lavon Shearer, of Floydada, was 20th with his shorthorn calf in the fat calf class.

All these boys were given their tickets for any of the picture shows in Lubbock Monday night, and the boys and their parents were treated to a barbecue supper sponsored by the Lions club in Lubbock, and held at the pavilion at Texas Tech college Tuesday night.

## Dentist Is Here At Peoples Hospital

Another dentist to help care for the load of dental demands in the area is due to arrive in Floydada early in April, said Mrs. G. L. Martin, administrative superintendent of Peoples hospital yesterday.

He is Dr. M. L. Carlton, jr., of Fort Worth, who has had practice at Parkland hospital and also has been in private practice.

For the new practitioner a brand new dental laboratory is all set up, with new equipment, said Mrs. Martin, who said that local practitioners are welcoming the aid of another dental expert to help care for the many patients who have made the load a heavy one for doctors here.

Peoples hospital's expanding service to the community is now on a 24-hour basis, said Mrs. Martin, who is recently here from Colorado City, where she served Root Memorial hospital for three years. Mrs. Martin is a graduate of the John Sealy hospital Galveston.

## Much Customers, Few Fire When Fire Department Answers Call

Floydada Volunteer Fire department had a lot of customers Tuesday night but a mighty little fire when they answered a call to the home of Mr. and Mrs. Eddie Cantrell on South Main street shortly after 10 o'clock.

Chafing from their failure to attend the court house fire a week previous when a 6 o'clock call sneaked up on them, the local enthusiasts jumped the gun on the fire boys and were well in the way of the fire fighters when they got to the focal point on Tuesday night. Fortunately it was just a trash fire and little damage could have been done even had the fire gotten out of control, the report goes.

# CROP to Widen Effort to All the 48 States

Heartened by the response of farmers in 26 states last year, regional and national officers of the Christian Rural Overseas Program (CROP) in a meeting have decided to extend the enterprise to all the 48 states. Last year 1,500,000 rural families cooperated in the venture by contributing gifts in kind to relieve hunger and suffering abroad. In 43 countries, the farm products were distributed through church channels by representatives of CROP's parent agencies—Church World Service, Lutheran World Relief and Catholic Rural Life Distribution—was solely on the basis of need, without regard to religious racial or political affiliation.

From June 1 to February 1, 2, 120 carloads of food valued at \$4, 246,363—the equivalent of 42 "Friendship Trains" of 50 cars each went abroad. As was to be expected, the grain producing states led in the march, but states which specialize in other crops were effectively represented. Iowa gave 321 carloads, followed by Illinois with 237, Michigan with 172, Minnesota with 152, Kansas with 141, Ohio with 135, Nebraska with 127, and Missouri and Wisconsin with 100 each. This listing does not necessarily mean that the given number of cars was actually loaded in each state. Because values of different kinds of produce vary considerably for the same bulk, CROP has estimated the average cash evaluation for a carload and divided that into the total contributions from each state. The carload method of shipment was decided upon early in the game to keep expenses as low as possible and to prevent small shipments from going astray or getting lost into black markets overseas. Since the program was launched in August 1947, losses in the course of shipping have been held to only four tenths of one per cent says Christian Century, a church newspaper.

## THE FUTURE OF FLOYD COUNTY IS TIED UP IN THE SUCCESS OF THE LIVE STOCK INDUSTRY

# ATTEND THE JUNIOR LIVESTOCK SHOW WED., MARCH 30

And encourage our Future Farmers and 4-H Club Boys in their efforts.

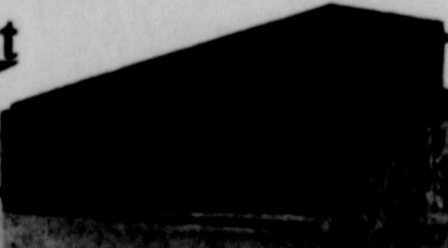

You'll see some good cattle which have had good attention.

These youngsters battled the elements and bad weather of January and February to have some good animals in the competition in their county show.

### WE ARE PROUD OF THE KIND OF BOYS

Floyd County People are Rearing. We are confident of the Future because we know these boys are learning the lessons of values and the need for work to make them prove out.

Don't fail to attend the show Wednesday. Don't fail to back the Live Stock Industry in Floyd County.

If you have live stock financing problems we'll do our best to help you solve them.

## ALL IN THE FAMILY... THE EQUITABLE FAMILY

During 1948 thousands of families who wanted the security provided by life insurance joined The Equitable Society.

From every state in the Union—from big cities, from country towns, and from farms—The Equitable welcomed a host of new members last year, widening its family circle to a total of 4,150,000 men and women.

It is the thrifty action and self-reliance of this huge family banded together for mutual protection that makes possible the record of accomplishment which The Equitable brings to you in this annual report.

Of the \$307,600,000 disbursed last year to policyholders and beneficiaries, \$70,086,000 was paid out as dividends; and \$108,500,000 was paid in death benefits. Payments to living policyholders were approximately 65 per cent of all disbursements to The Equitable Family during the year—indicating a continuing trend of utilizing life insurance as a means of providing living as well as death benefits.

We have consistently done our best to preserve the funds and protect the interests of the members of The Society and their families in the realization of the fact that the best interests of the life insurance policyholders are concurrently the best interests of the people in general.

There are some current economic conditions for which we are not responsible, which we cannot control, but against which we have tried and will try to protect those who contribute so greatly to the public welfare by their voluntary provision for the members of their families.

We shall be glad to send you a copy of the President's Report to the Board of Directors for the year 1948. This report gives the full details of The Society's finances, the main features of which are outlined below, and is available on request either to the home office or your nearest Equitable representative.

## Let's Business Training Class In The Making

The Floyd County Vocational school is planning new classes in distributive education for veterans interested in business training.

Veterans interested, please make application. The office is at Floyd County High school, Miss Delores Smalley, secretary.

1. If you are interested in receiving some real training in merchandising, selling, bookkeeping, and business training in general, you will be given that opportunity by your Floyd County Vocational school for veterans. Classes will be organized either on half-time basis, of full-time basis, to suit the desires of the majority of the students. Veterans entering training on a half-time basis receive half benefits and the eligibility at the rate of half-time.

2. Courses run from 18 to 24 months in length. Class schedules will be arranged to suit local situations. No homework is required, however, outside reading is encouraged. Veterans find that they can work while going to school, and veterans who attend are not required to be employed. Qualified instructors will give well rounded business instructions, which will include, instructional movies, field trips when possible, and class room supervision of study. Visiting lecturers will contribute from their experience.

All books and instructional material will be furnished you free which will be yours to keep upon completion of the course.

3. You will learn things that will help you at work, such as; Business English, Letter Writing, Business Arithmetic, Bookkeeping, Store Organization, Store Operation, and Typewriting.

4. You will learn things that will help you get more from life, such as; Public Speaking, Selling Mastery, and Personality Development.

5. You will learn things that make the future more secure, such as; Business Law, Advertising, Typewriting, Economics, Sales Promotion.

6. Entrance requirements are es-Salemanship, and Merchandising, established by the local school. Veterans should have a grade school education or its equivalent.

7. Those interested should contact N. S. Abbot, coordinator of the Floyd County Vocational school for additional information. Copies of discharge, Marriage record, and the birth certificates of all children are required.

### Fairview News

FAIRVIEW, March 22—We had a nice shower of rain late Sunday that came along with a lot of lightning and thunder.

E. W. Walls left about 10 days ago to go to Lexington, Oklahoma to be with his parents, who are ill. Mr. Walls is expected to be home in a few days.

## Southwestern Life Business Letter in '49

Running counter to reports on recent business conditions generally, Southwestern Life Insurance Company in Dallas March 8 learned that paid for new business during the first two months of 1949 amounted to \$17,159,956 and expected by \$1,401,906 the paid-for business added by the company during the same time in 1948.

E. E. Fry who represents Southwestern Life locally, reported an important milestone in Southwestern's history was reached when the company's total of insurance in force increased during February the \$700

million mark. At the close of business on February 28, total insurance in force amounted to more than \$708 million. This figure represented an increase of more than \$57 million in insurance in force during the past 12 months.

Stockholders re-elected all directors who in turn elected officers for the ensuing year. New officers appointed were E. Cowden Henry, securities officer, and Loflin E. Harwood, assistant director of publicity. James Ralph Wood is president of the company.

### DEEP PLOWING STUDY

Matador, March-Farmers interested in observing deep plowing in this area may witness "farmland turned upside down" on the 100-acre Ben Edwards farm north of Pease river and west of state highway 70 near Whiteflat. Four giant disc plows cut the soil 16 to 22 inches and in many instances turned up clay to hold the sand from blowing. The field following the plowing was so soft that it was almost impossible to walk over it and conventional tractor tires would sink deeply. Rain is declared necessary for packing sufficiently to permit working. Cost of deep plowing is approximately \$9 per acre, \$3 of which is paid for by the government.

### HE RECALLS DAYS WHEN THINGS WERE DIFFERENT

I was here when there was only one church building in Floydada. When there was enough tolerance and fellowship that the different denominations prorated the time so each could worship at the one church each month and know no interference. One Sunday school was maintained by all the people. Teachers were selected so all were served without favor to anyone. When revival seasons were on, each rendered service so harmoniously a stranger knew no church lines. When a series of meetings closed and church additions were made, each named his church preference and all rejoiced as we knew in numbers and in interest in the cause.

Bro. Walter Griffith was the Methodist pastor and Bro. Britton, located at Matador, was pastoring the Baptist church. The other churches were served by supplies as could be had.

I remember when Rev. J. S. Vaughn was holding a revival, our veteran Baptist preacher was a power for good in nearly every service and one of his own children was converted in a Methodist meeting and everyone learned God's spirit knows no party lines and that His blessings are for all who meet the conditions. At that time, it took all to make one working force. Division meant weakness to the churches' interest then.

Our town now has 13 church buildings and each trying to feed its flock. Division now means a weakness in our spiritual well being.

### Rode Donkey to School

I was here when Floydada had only one three room school building. The children came from 8 and 10 miles on donkeys, three deep, on breaking carts as full as could hang on and a foot when no other means were available. Compare then with now. Guess if our present set-up is producing citizens for our future needs equal to the donkey and cart age. Where have we come from and where are we going?

I was here when Mrs. Emmett Henry, then the sheriff's wife, lived in a dug-out. Bob Green and newcomers by the hundreds lived underground. Yes, Bob ran a feeding joint for the mall hack passengers and was as completely underground as a prairie dog home. Jess Muncy had just started his nursery on 4-mile hill north of town. As fine plums and berries as was known grew there and when no water could be had, he moved to sub-irrigation under the cap. Alkali there finished his adventure in that business, but not Jess, for so long as he moved, he went forward. His father's uncle John was our most daring cattle buyer and a typical Irishman. Never tidy, but always amusing. Once when he had many of the cowhands with him in St. Louis on a shipping trip, he sold for a good profit and treated the boys so well they treated the town to much noise and laughter. The boys seated him on the curb at a public corner and he played tramp. Every passerby was hailed and his predicament pointed out and when they were driven from the corner, his hat, pockets and hands were well filled.

An Old Timer.

### South Plains News

SOUTH PLAINS, March 21—The rain was very nice. We were needing some moisture for the big wheat.

There was no church Sunday night on account of the rain. A large crowd attended service in the morning with several visitors whom we always welcome and invite back.

Guests in the Sim Reeves home Sunday were Bro. Talley and Rev. and Mrs. R. C. Guest.

Raymond Reeves was home from Tech over the week-end.

Carlene Daniel was home from Canyon over the week-end.

Mrs. Gunn visited her sister, Mrs. Carl Daniel, last week.

Mrs. Sula Julian returned home

### Home Owning Neighbors

We Texans are proud of our homes... big ones, little ones, and in between. And, during the forty-six years of Southwestern Life service, this strong Texas company, operating exclusively in the Lone Star State, has loaned \$123,365,140 so that thousands more Texans might own their homes, farms, or ranches.

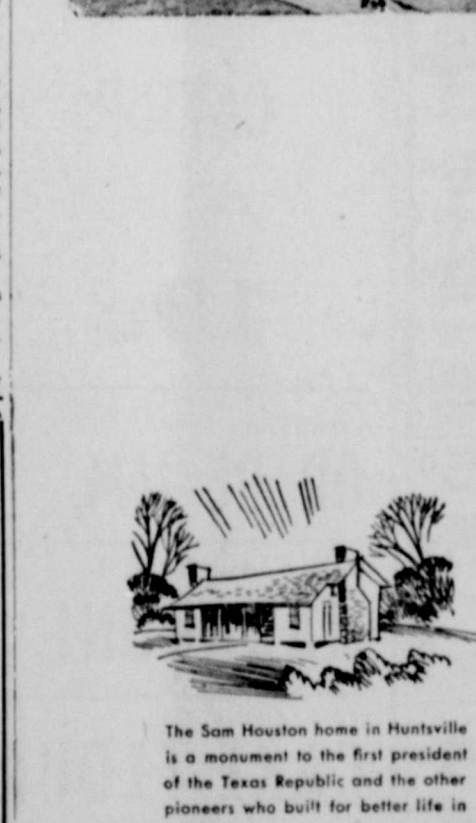

These loans have made for better life by happy home ownership, and the interest on them has meant better Life Insurance for the protection of Southwestern Life policy owners and their families.

## Two Accidents, 2 In Hospital Over Week - End

Two Floydada people are injured this week and under the care of physicians as the result of accidents that happened over the week-end. Of these, J. W. Lanier, manager of the Farmers Cooperative gin is in Floydada hospital, and Mrs. Otis Campsey is confined to her home, both with injuries not now thought to be more than severely painful.

Lanier has two sprained ankles, a sprained wrist, two broken ribs, a cut below the eye, and bruises about the body and head. But he is in good spirits and should be out within a short time. He was hurt when he was struck Thursday afternoon late on North Fifth street by a car driven by Mrs. Ed Pollan, who did not see the pedestrian. Traveling at a moderate rate in a high wind she realized she had hit something when she felt the jar. She alighted quickly to find the unconscious Lanier hanging by his belt to her bumper. Mrs. Pollan notified Grady Edelman at Farmers Coop gin near which the accident occurred. Edelman called an ambulance. Mr. Lanier had just left his car at a garage for repair and was walking to the gin office to finish a day's work when the accident occurred. He was unconscious for about an hour.

**Collision at Fifth and Missouri**  
Mrs. Otis Campsey was hurt Friday at one of the city's most dangerous intersections, at Fifth and Missouri streets. The accident which occurred before the traffic lights were turned on, involved Mr. and Mrs. Campsey, who were enroute

to work, and Mrs. Frank P. Vigil. The latter driving a dump truck. Mrs. Vigil pulled into the traffic lane from Fifth street and hit the Campsey car. Mr. Campsey was not hurt except for shock and bruises. Mrs. Campsey was hospitalized. She had cuts, bruises and head injuries. Most severe cut was on the chin. She was unable to report for work at The Hesperian office as late as Wednesday.

## School Paving

(Continued from first page)  
which helped to swell the fund, under the direction of Principal A. D. Pultz.

The event was staged in the school proper, in the gymnasium and in the cafeteria. Added to other attractions was a picture show. The community spirit was so much in evidence that money rolled in from every side, said Mr. Crowell. Prominent citizens who won or bid in prizes and auctioned them off again, vied with each other to see who could bid their own winnings back once more.

Four blocks of paving was in the balance when "Play night" deadline was reached. The next morning the committee felt much better about it. "The money is in hand" they said. It was the second effort to get a paving project for streets adjacent to the school under way. Three years ago the PTA refunded nearly \$2,000 to donors when a similar effort failed.

## Red Cross Time

(Continued from first page)  
ed. By the time the last vestiges of the McKinney tornado had been removed, for example, it meant an expenditure of \$198,894 on this relief operation alone. At year's end, similar catastrophes had accounted for some \$355,000 in the state. Fortunately the amount is relatively small compared to the size of some relief tasks done by the organization in Texas in years past. Help in larger amounts would have been available in 1948 if needed, however, just as it was in Kansas with six disaster last year, Arkansas with eleven, or Oklahoma with seven. The help would have come from any one of the 251 Texas chapters in whose areas the misfortunes occurred or, falling enough hometown resources, from the national Red Cross which annually sets aside part of its gifts from the American people to meet its Congressionally-imposed mandate to give such aid to

## Jr. Stock Show

(Continued from first page)  
at least 170 lbs. Those in the breeding class must weigh at least 160 lbs. Barrows and open gilts may be shown in the fat classes, but the same animal cannot be shown in the fat and breeding classes.  
8. Both 1st and 2nd places in the light and heavy steers and barrows will compete for Grand Champion and Reserve Champion.  
9. Animals exhibited may be fed in any manner suitable to the individual but calves may not enter dry lot classes that have had milk within 90 days of the show date.  
10. Animals will show on weight at time of entry. Weight ticket made at time of entry will be required on any animal in question. Scales at Producers Cooperative Elevator have been designated as official for beef cattle. Scales at show ground official for swine. This is for show purposes only.  
11. The decision of the judges shall be final.

## Classes and Premiums

Premium list for the show with two exceptions calls for first prize of \$5, second prize of \$3, third prize of \$2, fourth prize of \$2 and fifth prize of \$2, in all divisions of fat live stock. The two exceptions are in the championship contest in each division where there will be only two animals contesting and in the showmanship division. The grand champion entry in each division will get a \$5 prize; the reserve champion a rosette. In showmanship the first prize is \$3, second is \$2 and the third, fourth and fifth place winners will knock down \$1 each.  
Here are the classes by number and description as they will compete in the ring next Wednesday:

**Fat Calf Division**  
Class 1. Dry lot steers or heifers under 850 lbs.  
Class 2. Dry lot steers or heifers over 850 lbs.  
Class 3. Milk fed steers or heifers under 850 lbs.  
Class 4. Milk fed steers or heifers over 850 lbs.  
Class 5. Grand champion and Reserve Champion (to be selected from 1st and 2nd place animals of the above 4 classes).  
Class 6. Group of 3 fed by one boy (milk fed or dry lot)

## Check Passer Also Charged With Gunplay

Allen Uxer, the youthful New Mexico man who is alleged to be a check-passing artist by Floyd county officers, is a patient today in a Tucumcari, New Mexico, hospital, with a considerable bullet wound in his side and arm, and a 17-year-old wife being held at Clovis, was due to be held by a District Judge at Clovis for investigation.

Uxer was wounded Saturday night when he is alleged to have attempted a hold-up of a grocery operated by an elderly man at Clovis. The elderly man, E. Mote Watson, was a bit too quick on the draw when Uxer announced it was a stick-up while his wife is said to have looked through the food counters to see what the family needs might be.

Mrs. Uxer is a Portales girl and the couple had a five-month-old baby in their car outside the grocery where the alleged stick up was held. After the shooting Uxer drove to Tucumcari before he asked for hospitalization. He told authorities there he was hurt in an accident in Texas.  
Uxer and a partner, James R. Barrett, broke jail in Floydada on the night of November 24, escaping when they jumped in the small hours from a second story window of the jail. The Floyd county authorities at the time indicated confidence that both escapees would be apprehended in New Mexico in due time.  
The Floyd county charges include checks said to have been passed at three different stores in Floydada. The charge was swindling by work-
