## Lt. Ramsey's Body Enroute For Re-Burial

... News that the body of their son, the late 1st Lt. Ray E. Ramsey, of the U. S. Army Air corps, is enroute home from the Pacific was received by his parents, Mr. and Mrs. M. D. Ramsey, of Harmony, Wednesday of last week. ... A telegram from the adjutant general, Washington, D. C., gave this information and advised the parents that burial of the remains of their son and his 11 companions who crashed with him on April 16, 1945, would be buried in Jefferson Baracks cemetery at St. Louis, Missouri, at a date to be announced later. The family are to be advised of this date in time to make their arrangements to attend the rites, the army adjutant general said. ... Reported Missing in Action... The family had been without news of the fate of their son since the spring of 1945 when they received the wire telling that Lt. Ramsey was missing, until March of this year when they were informed that the burial place of their boy's B-29 crew had been located in a Japanese cemetery in Honshu, Japan. In the four-year interim they had had no news of any kind and the March telegram left them somewhat incredulous at first. The Graves Registration service, however, which was also found. The ship crashed at Higashi-Tere-Cho, Tsurumiku, Kanagawa Prefecture, Central Honshu. This is a village. Their bomb run target had been Kawasaki, reportedly an industrial city out from Tokyo. ## Harvest Crews Poise For Wheat Harvest

### STORMS BUFFET WHEAT

... Hail, wind and rain in sheets continued to take sizable bites out of Floyd county's tremendous wheat crop this week, as the operators of wheat farms poised for the opening of the harvest. ... An estimated 5000 to 10,000 acres of very fine crops was partly to totally wiped out early Tuesday evening clashing a day of showers and rain. Area affected principally was in the north part of Center. ... What makes the heavy loss of wheat harder on the grower than would ordinarily be true is the fact that the "rain is pulling out." This is in all probability the last year in many that a wheat man will have a chance to sell dollar and a half wheat, thinks Fred Zimmerman, sr. Big crops and big prices rarely get together. ... In portions of Cedar the rain was tremendous and fell in sheets. Water was running out of Johnny Lackey's field waist deep in low places, stock tanks were sloshing over and some of the wheat fields were a sorry sight. ... About the most complete job done by the hail was in an area that covered portions of Fairview and Hillcrest, tapering off on all sides. Ray Cook, Ernest Carter, Lee Rushing, Tate Jones, W. H. Simpson, jr., E. W. Walls, John Lewis, Edell DuBois all took heavy losses in that vicinity. ... Mrs. Clyde Bagwell, reporting yesterday, said in their immediate part of Fairview they had about two inches of rain and not much hail. The north part of Fairview was hardest hit and the extreme east next worst. Rain averaged 1 1/2 to 2 1/2 inches. ... Not Bad At Lone Star... Contrary to rumor and report there was no tornado in the vicinity of Lone Star that the residents there know about, and little or no hail. The rain ranged from a half...

## Martin Wheat Cut on Friday First to Town

... A 160-acre field of Wichita wheat, grown by L. F. Martin on the farm of Mrs. J. I. Hammonds, one mile north of Floydada airport, furnished the first load of wheat to reach the Floydada market. ... Three hundred and fifty bushels cut Friday afternoon tested 61 pounds and had a moisture content of 13 plus. It was delivered to Farmers Elevator company, Carl Nelson, manager, paid a premium of 10 cents per bushel on the first load. ... Continued run of a self-propelled machine of J. R. Yearwood through Saturday and Sunday, had the field whittled down very considerably. Martin also started a machine in a field on the Hammonds home place north of Floydada, two miles on the Silverton highway Monday. ... Ed Muncy, who is operating the "airport" farm belonging to Dr. C. M. Thacker this year, put a combine to work Sunday afternoon and it had a successful run of good dry wheat from the start. Test was 63 bushels, with 12 plus moisture content. Johnny and Shirley Race were operating the combine. First load went to the Muncy elevator at Muncy where \$10 premium was paid. Mr. Muncy was storing part of the wheat Monday for use as seed this fall. ... The Martin crop was yielding an estimated 25 bushels Sunday afternoon. Muncy had not cut enough wheat Monday morning to make a very accurate guess on his whole field.

## Grasshopper Survey Will Reveal Extent of Infestation in County

... County agent Robert H. Gibson said Tuesday that Wednesday, (June 8) was the date set for the county grasshopper survey. Making the survey were the County Agent and Guy E. Carpenter, District entomologist, of Lubbock. ... Some reports of grasshoppers in Floyd County have reached the county agent, but the extent of quantity and damage is not known at this time. Gibson said that if sufficient grasshoppers were found, a grasshopper control station would be set up in Floydada. This station would distribute poison bran free of charge except for a small mixing fee. Any cooperation on the part of farmers in Floyd County in this program is welcome. ... Floyd county will be a contestant in this revue. ... Others from Floyd county who will attend the 4-H Round-Up will be Shirley Womack, Sand Hill 4-H club, Nita Jo Day, County Wide 4-H club, Gordon Hambricht, Lakeview community, Don Pope, Floydada, Bill Hambricht, boys leader, Lakeview community, and Mrs. H. ## Commissioners Study Engineer's Report AS SETTLEMENT IS OFFERED ON INSURANCE

... There is no serious damage to the structural system of the Floyd county court house that can be attributed to the March fire, is the conclusion of Orville L. Johnson, a licensed professional engineer, of Amarillo, employed by the Commissioners court a month ago. The report filed on May 27 was considered by the court in a special session Tuesday. ... Johnson's opinion coincides with that of S. B. Haynes of Haynes & Kirby, a Lubbock firm, who made a less formal report to the commissioners 40 days ago. ... "With the exception of certain reinforced concrete floor panels on second and third floors, and all members of balcony construction, structural elements of the building are virtually unaffected," says the concluding paragraph of the engineer's report of his findings. ... Mr. Johnson described his assignment as requiring that "the damage to individual elements of and to the structural system of the building as a whole be analyzed... and possible alterations in the strength factors as a result of the fire. ... Mr. Johnson's report takes up the building floor by floor and also covers columns, ceilings and girders. His report is intended for a guide to the commissioners in negotiating a settlement of their claims against fire insurance companies aggregating \$200,000 face value carried against the hazard of the destruction of the building under fire policies and extended coverage. ... Companies Offer Settlement... Offer of settlement of the loss at a figure of \$107,542.85 has been made by the adjuster for the fire companies, following a contractor's estimate of the cost of replacement of that portion of the court house 4th factors as a result of the fire." smoke and water. The court had not indicated Tuesday what their action would be in connection with this offer. ... Johnson's report finds some faults in the building, which, however, he says cannot be attributed to the fire, but principally to deterioration due to the age of the building. ... In his summary Mr. Johnson points to the need for making certain physical tests before a decision is made by the court to use the present structure as nucleus for rebuilding the court house. ... Architects Are Employed... Whatever their final decision may be as to settling their claims against the fire insurance companies and beginning plans for a new building the commissioners this week committed themselves to the employment of Haynes & Kirby as the architects by an order put on the minutes of the court. Haynes & Kirby are highly regarded in their profession, the court has been advised. ... Revival Postponed... The revival scheduled for the Sand Hill Church of Christ this week has been postponed due to the busy harvest season that is approaching. Odell Purdy was to have conducted the revival. ... J. H. Nail, of Amarillo, will be speaker at the church Sunday morning.

# Harvest Crews Poise For Wheat Harvest

## STORMS BUFFET WHEAT

... Harvesting machines, crews and trucks are in their last-minute preparations to jump into the fields and gather Floyd county's more than 250,000 acres of wheat, as growers make final preparations to get thrown together as much private storage as they can obtain in the expectation that elevators, railroads and terminals will soon flood up under the weight of the offerings of the golden grain. ... The estimate of the Texas Employment commission is that the harvest in Floyd county will be at its peak about June 15, while locally it is estimated the heaviest movement of grain from the fields will come somewhat later. ... Possibility that dry weather this week-end will see scores of combines go into the harvest is seen, however. First loads last week-end and an occasional trial run Monday and Tuesday forecast this probability. Weather conditions will govern to a considerable extent. Rains Tuesday and last night slowed down maturing of the grain. ... Elevator men of Floydada are expecting the terminal elevators to be exacting in their demands as to moisture content. In a formal statement this week five dealers who expect to be in the market, gave warning to their customers to this effect. Where dryness of the grain is in doubt the customer should submit a sample before bringing in a load of grain. Elevators, with their limited space, cannot afford to have any grain that is too damp in their bins this year. ... In spite of the fact that hail and rain and rust are beginning to take sufficient toll that figures are sure to be evident in the final total, the estimate as studied out by local Extension service and Triple A officers is that, as of this date the total acreage to be harvested is above 250,000 in the county, and that the final total (also as of expectations on this date) will run four million bushels, possibly somewhat in excess of last year. ... Considerable message in spring barley and oats are to come later. ... Steel Bins Get Rush... While dealers at Floydada, Lockney Sterley, South Plains and Dougherty have been feverishly making additions to their capacity in order to help meet the storage problem it became apparent 10 days ago that farmers are going to have to help themselves. Rush to build new bins or to buy and assemble steel bins has been going on for more than two weeks. ... Employment Agent Here... To help meet the complexities of the rush period Texas Employment commission Monday opened an office in the agricultural building. The office in charge will help get extra farm hands, combines, trucks, etc., to the farms where they are needed, and will lend a hand with general information. The office here will be maintained some two weeks, it was indicated. Tom Bourland, son of Fred Bourland of Matador, will have charge of the office. His telephone number will be 217. ... Late yesterday G. O. Glover made a count of the number of "foreign" combines in Floydada and came up with 85 as the number. More combine crews are passing on through Floydada from the lower panhandle than are stopping by a heavy percentage, station operators on the highway declare. They are quoted as saying that wheat harvest is ready for the harvest than the wheat here.

# PONTIAC

A Product of General Motors

## Two of America's Most Popular Motor Cars

Pictured above are typical examples of the two smart and separate lines of cars which bear the current imprint of Pontiac goodness—the Streamliner and the Chiefest De Luxe Sedan Coupes.

Each is in such demand that, on its own, it ranks among America's most popular cars today. That two cars of such decidedly different appearance should each enjoy such wide acceptance is easy to explain. THEY'RE BOTH PONTIACS!

While each has its own individualized smartness, both offer all the great basic Pontiac virtues. Both

are conspicuously beautiful. Both carry the well-known promise of Pontiac quality—long life, dependability, and fine performance. Both afford the smooth, enjoyable performance of Pontiac's two great engines—the power-packed straight eight or its equally famous six-cylinder companion.

Finally, both represent unusual values—a very fine product at a very low price. Either one you choose will make you mighty happy.

Hydro-Matic Drive, white sidewall tires, bumper wing guards and fender shields available as extra cost.

MANUFACTURING PLANT FOR LIQUID NITROGEN FERTILIZER

"NITROW" is liquid nitrogen for all crops to be used in irrigation water

## "PACKS THE SOIL WITH POWER!"

NOW... a new nitrogen from a new plant to make fertilizing easy and profitable! The Rowland Company's new Plainview NITROW plant, shown above, is the answer to this area's nitrogen fertilizer shortage. For the soil's basic nitrogen needs, liquid NITROW contains 25% nitrogen. It is manufactured by combining 83% Anhydrous Ammonia with water, by the process shown above, and is being distributed to irrigation area dealers in 50 gallon steel drums. The price of NITROW is 45c per gallon, plus a drum deposit.

The flow of NITROW down your rows is easy to check, for it gives irrigation water a milky color, and gives off an ammonia odor. You see where your fertilizer is being distributed when you channel NITROW liquid nitrogen fertilizer into your rows. YOU CAN SMELL IT! YOU CAN SEE IT!

The Rowland Company's NITROW is the equal of the best in increasing yield and quality of cotton, maize, wheat, truck and other crops. From a few drums used on maize last season by a West Texas farmer, yield was so multiplied that 8 rows filled a harvest hopper which took 14 rows to fill without the help of liquid nitrogen. Near Los Cruces last year, cotton that ordinarily made a 2 bale-per-acre stand, made another one-fourth bale when strengthened with nitrogen in the NITROW form. Call or visit us for NITROW today!

## 10 TO 15 GALLONS PER ACRE

LOOK FOR THE DEALER IN YOUR COMMUNITY

Here are dealers already established to serve you with "NITROW". Others are being set up in all irrigation communities. Watch for his announcement in your local newspaper.

# Jones-Decker Vows Solemnized in Ceremony Thursday Evening

An impressive ceremony last Tuesday night, June 7, Lovene Jones, daughter of Mr. and Mrs. L. L. Jones of Floydada, became the bride of Lane Decker, foster son of Mr. and Mrs. John Lewis, also of Floydada, in a double-ring ceremony performed at the First Baptist church, Floydada. Rev. L. A. Cline, pastor of that church, read the vows at 8 o'clock. Mrs. Clement Donald, organist, and Miss Patsy Young, pianist from Mineral Wells, played a prelude of nuptial selections. Miss Young also accompanied Mrs. Katherine Gardner, Pearsall, in singing, "I Love Thee," "Because" and "The Lord's Prayer." The traditional wedding march was used for the processional and the recessional and Berlin's "Always" furnished the musical accompaniment for the change of vows.

Arrangements of stock and white ribbons featured the decorative setting at the altar. Candelabras, bearing over one hundred cathedral candles were lighted by Misses Oragene Willson and Marjorie Oden. The bride and groom were in pink evening dresses and white tapers also marked the aisle.

The bride's attendants were gowned alike in sky-blue marquisette dresses designed with a portrait neckline with a dainty bias fold and white lace. They carried bouquets of pink roses, with matching headbands.

Mrs. H. S. Calahan, Jr., was matron-of-honor, and the bridesmaids included: Misses Phyllis Simon, Tulsa, Okla.; Joan Price, Tulsa, Okla.; Mary Carolyn Goodman, Tulsa, Okla.; Ethel Osborne, Plainview; La Rue Graves and Hughetta Martin, both of Floydada.

Fred Martin, Floydada, attended the groom as best man. Groomsman and ushers were Bob Redford, Lubbock; Ralph Mathis, Levelland; Gene Arwine, Elma, Hall, H. S. Calahan, Jr., and W. C. Trowbridge, both of Floydada.

Misses Edna Lewis and Linda Smith were flower-girls. They wore white organza dresses trimmed with blue lace. Their flower baskets were of blue ribbon, and filled with white and blue petals.

Given in marriage by her father, the bride wore a candlelight-satin wedding gown, which was designed

Mrs. Lane Decker

with a portrait neckline of marquisette that came to a deep "V" at the base of the yoke, outlined with a bias fold of satin, the yoke was accentuated with tiny lace ruffles.

The fitted basque bodice fastened down at the back with self-covered buttons, and the bridal sleeves extended into petal points over her hands. Her bouffant skirt worn over a hoop, terminated into a chapel train. Her veil of imported illusion,

the exact length of the train, fell from a crown of seed pearls. The bridal bouquet was based on white gardenias, surrounded with orange blossoms and centered by a large white orchid.

For the traditional something old, the bride carried a handkerchief that belonged to her aunt; for something new, a string of pearls given her by the groom; the something borrowed, a wrist watch from the bride's mother, and for something blue, the bride wore blue garters.

Mrs. Jones, mother of the bride chose a pastel pink floor-length dress for her daughter's wedding. Her corsage was of yellow jonquils.

**Reception**  
Following the wedding, a reception was held in the home of the bride's parents. The house was decorated with white gladioli, orange blossoms and yellow roses.

The couple was assisted in receiving by their parents, Mr. and Mrs. L. L. Jones and Mr. and Mrs. John Lewis. The guests were registered by Miss Marjorie Oden.

The beautifully covered table was

## Lubbock Women Talk Flower Display For Floydada Garden Club

Many members of the Floydada Garden club, as well as members of Our Home Garden club and other visitors were present at the high school auditorium, Friday, June 3, at 2:30, when members of the Lubbock Garden club held a short schooling period on flower shows and arrangements.

Mrs. R. C. Badgett, incoming president of the Lubbock Garden club, was introduced by Mrs. John Hoffman, president of the Floydada Garden club. The title of her address was "Flower show practices." She gave some good pointers and especially stressed that the horticulture be garden grown and not hot-house grown.

Mrs. H. G. Knight gave a talk on the subject "Flower Arrangements one of the oldest arts," which was very informative. She gave a quotation from Dorothy Biddle of New York who is an authority on flower arrangements, which was, "Every sprig put into the arrangement, must add to the line, mass or color."

Mrs. Helen Powers explained the arrangements as to different types such as victorian, georgian, horizontal, vertical, symmetrical, asymmetrical and monochromatic. She also mentioned the balance, originality and distinction of the composition.

Each Floydada Garden club member was asked to bring enough flowers and foliage for one arrangement, but part of the unusual foliage was brought from Lubbock.

The school was arranged by the flower show committee of which Mrs. J. D. Cleveland is chairman, and Misses O. M. Watson, Geo. Smith and B. K. Barker are committee members.

laid with silver and crystal and topped by a three-tiered wedding cake, which was centered with a miniature bride and groom in frosted gondola, pulled by white swans. Misses Oragene Willson, Mary Eunice Hennessee of Floydada, and Mrs. Oleta Redford of Lubbock, served the punch and cake.

For traveling, the bride was attired in a beige garbardine suit, accented with coffee brown accessories. Her blouse was of pale pink.

After a wedding trip of a week or ten days to several points in Colorado, the bride and groom will be at home at 622 West Lee Street, Floydada.

Mrs. Decker is a graduate of Floydada High school with the class of 1946. She attended Baylor university, Waco, for two years, also Draughn's business college, Lubbock. Mr. Decker graduated from Floydada High school and Draughn's Business college.

**Lovely Kitchen Shower**  
A kitchen shower complimenting Miss Lovene Jones, bride-elect of Lane Decker, was given in the lovely home of Mrs. Conner Oden, Tuesday afternoon, May 31, at 5 o'clock. The guests were met at the door by the honoree, her mother, Mrs. Jones, and the hostess, Mrs. Conner Oden. They were then registered by Miss Mary Eunice Hennessee.

Miss Marjorie Oden served the punch and cookies, and each was given a miniature bag of rice as a plate favor.

For recreation, each guest wrote a recipe for the bride for future use.

**Breakfast Entertains House-Party**  
Mrs. L. L. Jones, mother of the bride elect, Miss Lovene Jones, gave a breakfast at 8 o'clock Wednesday morning June 1, for the out-of-town girls who assisted in the wedding. Those present were, Misses Patsy Young, Mineral Wells; Joan Price, Tulsa, Oklahoma; Ethel Osborne, Plainview; Anna Katherine Gardner, Pearsall; Mary Carolyn Goodman, Dallas; Phyllis Simon, Levelland, and Lovene Jones, Floydada.

**Luncheon Honoring Bride-Elect**  
Miss Ethel Osborne of Plainview, entertained for the house-party, with a luncheon in her home Wednesday, June 1, at 1 o'clock.

Those attending from Floydada were Misses Lovene Jones, Oragene Willson, Marjorie Oden, and Mrs. L. L. Jones.

## LEISURELY TRIP DOWN-STATE

W. E. Garrett was rather disgusted with fishing Tuesday morning when a reporter from The Hesperian called at White Auto store. He and Mrs. Garrett went fishing in Lake Kemp near Wichita Falls and used some very good fisherman's tricks to catch bass, but nary a bass did they snag. It just must be Lake Kemp because nobody seems to have any luck there. That's some consolation for the belated fisherman.

The Garretts returned Sunday night from a leisurely trip downstate to Wichita Falls, Fort Worth and Athens. At Athens, they were guests of the square dance club one night and report a very enjoyable time.

## Vows Said in Pretty Wedding at Portales by Popular Couple

In a beautiful church ceremony, Miss Maya Smith, daughter of Mr. and Mrs. James Smith, Portales, New Mexico, became the bride of Martin Roe Peterson, son of Mr. and Mrs. Clyde Peterson, Lovington, New Mexico, Saturday night, June 4, at 7:30 in the Bethel Baptist church, Portales.

Rev. Doyle Winters read the impressive double-ring ceremony as the couple stood before an archway flanked by candelabra.

Mrs. J. B. Harris accompanied Clois Winters as he sang "Because." "Oh Promise Me" was played while Shirley and Jean Peterson, sisters of the groom, lighted the candles. "Waltz in A Flat" was played softly during the exchange of vows.

Miss Ann Lou Payne, Floydada, attended the bride as maid-of-honor. She wore a dress of blue taffeta fashioned like that of the bride. Mrs. Bartley Fanning, Jr., attended her sister as matron-of-honor. Her gown, on the same lines, was of aqua taffeta. The bridesmaids were Misses Wanda Reed, Floydada, and Ruth Whitaker, Clayton, New Mexico, who wore gowns alike in pink and orchid taffeta dresses. They carried colonial style nosegays.

Bill Scott, of Floydada, attended the groom as best man. Ushers were Jon Parkey, Floydada; Bartley Fanning, Jr., Lubbock; and Buddy Peterson, Lovington, New Mexico.

Jimmy Smith, brother of the bride, was ring bearer, and Mike and Kay Peterson scattered flowers in the path of the bride.

Entering on the arm of her father, the bride was attired in a floor-length gown of brocade and slipper satin, with a fitted bodice, and long sleeves which extended into tiny points over her hands, and her full skirt terminated in a short train. Her veil of imported English net was edged with rose point lace.

For traditional something old, a pearl heart necklace which belonged to the bride's late grandmother Smith; for something new and blue, a pair of blue garters given her by Vera Belle Smith of Dallas; and for something borrowed, the bride carried a white Bible belonging to Mrs. Orvis Phillips of Lubbock.

After a wedding trip to points west and to Juarez, Old Mexico, the couple will be at home at Lovington, New Mexico, where the groom is engaged in farming.

The bride and groom are graduates from Floydada High school with the class of 1948. The bride also attended Eastern New Mexico college, Portales.

Thelma Eudy, daughter of Mr. and Mrs. George Eudy, and Travis Parr, son of Mr. and Mrs. C. J. Parr, were united in marriage in a single ring ceremony read Friday night at 9 o'clock in the home of Rev. C. B. Sibley, pastor of the Summit Baptist church in Amarillo.

The couple's only attendants were Claude Warner, Miss Dale Eudy, sister of the bride, and Mrs. Ray Hopkins.

For her wedding, the bride chose a blue dress with rose accessories and wore a corsage of orchids.

Before her marriage, Mrs. Parr was employed at Arwine Drug Co. Mr. Parr graduated from Childress High school and served in the Army Air corps 5 years. At present, he is engaged in farming.

The couple is at home at 211 East Georgia street.

There's little "kitchen heat" from an electric range, even when you have all the cooking units and the oven in operation. When you cook-electrically, you use only enough current to heat the cooking utensil, none is wasted to heat up your kitchen. With dependable electricity, and the scientific construction of heating units on your electric range, you can cook many dishes with the cooking unit "off," once it's heated.

Those are just a few of the reasons why more and more folks are going "all-electric." Look over the new ranges, refrigerators, roasters, and other appliances and see if you, too, won't want to go "all-electric."

## More Peaches This Year

Agent Robert H. Gibson has a tip as to how to raise more peaches this year. One to five per cent of the buds on peach trees usually do not become peaches. A higher percentage of buds to the end that are in many cases too many on the trees. Now is the time fruit should be spaced four to six inches apart on the twigs and branches. Thinning can be done by cutting a piece of spray hose twelve to eighteen inches in length and cutting it into a wooden handle and putting the branches to be hit a blow with the hose. When properly done, this will remove a good percentage of the peaches which is essential on heavily loaded trees.

Mrs. Elza Gullion, of Oklahoma, spent last week with Mr. Gullion's parents, Mr. and Mrs. J. N. Gullion.

Theresa Lile of Shamrock spent a few days visiting in the home of Dwina Glassmoyer last week.

## Fairview News

FAIRVIEW, June 7.—Weather conditions the past several days have been so farmers could get their much needed planting done. On most farms, cotton had to be replanted; in places where the rainfall was not so heavy, cotton of the first planting came through.

Wheat is maturing fast and harvest is just around the corner, if weather conditions permit.

Darlyn Warren of Floydada spent Monday night with June Kathryn Payne.

Mary Dee Cozby is in San Antonio where she will spend several weeks visiting with her sister and family, Mr. and Mrs. T. C. Goodman.

Young folks visiting in the Clyde Irwin home Sunday were Annie Lou and Billie Hopper, Orvin Gilbreath, Mary Ann and Leonard Wilson, Gene, C. J. and June Kathryn Payne.

Mr. and Mrs. Truman Perry and daughter, Jan, were Sunday dinner guests of Mr. and Mrs. Lee William Burton.

Mr. and Mrs. R. M. Cannon visited Sunday with Mr. and Mrs. Cargile Wise.

Last week-end Mr. and Mrs. Edd Bullard and family of Anthony, New Mexico, and Mrs. James Pritchett of La Mesa, New Mexico, visited with Mr. and Mrs. Walton Wilson and also in the home of Mr. and Mrs. L. B. Cozby.

Mr. and Mrs. Sim Reeves and sons of South Plains were also Sunday visitors in the Walton Wilson home.

Mrs. D. D. Tate of Lockney visited Saturday night with her sister, Mrs. E. W. Walls.

E. W. Walls returned home Sunday night from Oklahoma where he had spent a few days with his parents. He was accompanied home by his aunt, Mrs. Mollie Haynie of Gainsville, Georgia, and his uncle, Lige Queen of Asheville, North Carolina.

Mr. and Mrs. Lee Rushing attended the funeral last Monday at Spur, of his uncle, Arch Legg.

Mrs. Lee Rushing and daughter, Dorothy Jean, spent Saturday in Lubbock, shopping and visiting in the home of Mr. and Mrs. Joe Rushing.

Mrs. W. B. Wilson had most of her children and their families over the week-end. Those spending Saturday night and Sunday were Mr. and Mrs. Randolph Wilson and family, Mr. and Mrs. Billie Tye and family of Floydada, Mr. and Mrs. Bill Beedy and family of South Plains, and Mr. and Mrs. Walton Wilson and Judy.

Mrs. Cargile Wise was able to be out for church Sunday after several weeks of recuperating from an operation.

W. M. U. meets Thursday afternoon at 2:30 o'clock at the home of the president, Mrs. C. H. Wise. The program from Royal Service will be given.

Judy Lou Martin is visiting her mother and father Sgt. and Mrs. W. D. Martin in Childress this week.

## School for Blind Carries on Norm'ly at Graduation Time

Graduation day for young men and women at the Texas School for the Blind are much the same as they are at any school, it is indicated by the program brought home from Austin by Martha Lee Sanders, daughter of Mr. and Mrs. Otto Sanders.

Martha Lee is a junior and is expected to finish at the school next year.

The round-up program held in the school auditorium was one of piano and violin numbers, vocal choruses, quartets, speaking and plays and dance numbers. Martha Lee was student accompanist and her special number was Chopin's Nocturne in E Flat.

The formal graduation was held the following morning at 10 o'clock.

In addition to high scholastic record the Texas school for the Blind has had high rank in athletics for many years and was again winner in athletic contests with other schools for the blind during the spring. New Mexico and California schools were among strong contestants against the Texas school.

The new home of "Lubri-tection"

# AN INVITATION to visit America's newest and most modern motor oil plant

There are going to be "big doings" at Kansas City, Kansas, June 21st and 22nd, when Phillips' great new motor oil plant holds "open house" for American motorists.  
You and your family and friends are invited, if you can possibly be there.  
There'll be guided tours and refreshments, and you'll get an exciting "eyeful" of what Phillips has done to make possible finer lubricants for today's cars.  
You'll see motor oil scientifically packaged by new precision methods. You'll be thrilled by

new high speed conveyors and miraculous new machines that turn out up to 250 cans of oil a minute. You'll see special automatic blenders that maintain exact standards of uniformity and purity.  
Come and see this new home of "Lubri-tection", where Phillips blends finer motor oil to give your car lubrication plus engine protection. Remember the dates . . . June 21st and 22nd . . . at Kansas City, Kansas. Any Kansas City Phillips 66 Dealer can give you directions for reaching the plant.

P. S. If you can't be in Kansas City June 21st or 22nd, why not pay us a visit the next time you're in our part of the country? You'll always be welcome!

Lubricate for safety every 1,000 miles

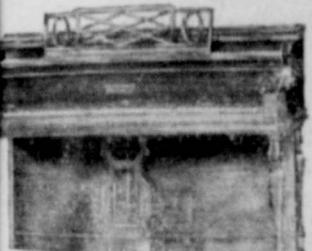

## Requirements for Bins And Granaries

With the intensive interest in storage of wheat, farmers are turning relative to the requirements for bins and granaries. Ray E. Bire, Administrative Officer of the County, said, "Farmers are run-ning over us trying to find out what is the best way to store wheat in bins and granaries. However, the quality of the wheat in storage is of the utmost importance. It will keep the wheat in storage until it is needed for use. However, the structure used for farm storage of wheat should be a sub-stantial and permanent or tempo-rary structure which will: 1. Hold the wheat without loss of weight. 2. Protect the wheat against weath-er conditions which may cause deterioration in quality. 3. Afford reasonable protection against thieves, rodents, birds, and insects. 4. Permit effective fumigation for destruction of insects. 5. Provide reasonable safety from wind and fire. 6. Require forcible breaking in or-der to get the wheat out."

## Early American for Traditional Settings

Style O—39 Inches High

**STAND UP** your yardstick and add 3 inches... Small compass for a really fine piano!... But you're in for a delightful surprise when you let your fingers run over the keys. For you will find, even in this small Vertichord, even fullness of power and a quality of tone—from bass to treble—quite outstanding in so small an instrument... Before you buy a piano you owe it to yourself to play the Vertichord.

der to be entered after sealing. Fur-ther requirements are:

**Foundations:** Footings should be large enough to prevent the bin from settling. Concrete blocks or railway ties are satisfactory for semi-permanent or temporary small- or medium sized bins.

**Floors:** Floors and joists must not be loaded beyond their weight-car-rying capacities. Concrete floors must be covered by waterproof pa-per.

**Walls:** Walls must be strong enough to withstand the lateral pressure of the grain. Tie rods should be used to resist the outward pres-sure of the wheat.

**Roofs:** must be watertight and substantial. Roofs covered with tarred felt or similar lightweight materials are not suitable.

**Doors and windows:** All doors and windows must be water-proof and safe against leakage of grain.

**Temporary storage bins:** Infor-mation relative to temporary type of construction approved by Com-modity Credit Corporation may be obtained from the County Agent's Office, the PMA Office, or any lumber yard.

Mr. and Mrs. C. E. Neil spent the first of last week at Hillsboro, where they attended the funeral of Mr. Neil's brother, S. A. Neil. The Neils were accompanied to Hills-boro by Mr. and Mrs. Charles Neil, Jr., and Mrs. H. K. Ammons, of Amarillo.

Mr. and Mrs. B. F. McIntosh, of Brownwood, were in Floydada for a few days last week, guests of Dr. and Mrs. O. R. McIntosh. Hope their daughter, accompanied the McIn-tosh couple back to Brownwood.

Pvt. Lenard V. Harper, stationed at Camp Chaffee, Arkansas, spent the week-end in Floydada, visit-ing with relatives.

Mr. and Mrs. Charles Latham and son Jerry from Littlefield visited in the home of Mr. and Mrs. A. C. Collins recently.

## DAUGHTER BORN MAY 27

Mr. and Mrs. James L. Colville are the parents of a new daughter Lynda Beth, born May 27 in Lub-bock Memorial hospital.

Little Lynda Beth is the grand-daughter of Mr. and Mrs. J. D. Colville and Mrs. Geo. M. Pinkner. She has one sister, Juanita Marie.

Mrs. Virtis Hollingsworth left Monday for her home in Altus, Ok-lahoma following a visit of several days here with her sister, Mrs. Will Snell, and Mr. Snell.

Mr. and Mrs. Bob Ewen and son, of near Hale Center, spent the week-end here visiting with relat-ives.

## FISHING TRIP SUCCESS

**MATADOR**—With reports that they caught "more fish than we could eat", E. F. Springer, Elmer Stearns and Harry Campbell of Matador, and Frank Dougherty of Dougherty, returned home last week from a fishing trip to Gainsville, where they drove after a visit to Mr. Dougherty's ranch near Ard-more, Oklahoma, Saturday.

Mrs. R. M. McCauley returned home last week from Grandfield, Oklahoma, where she was called to the bedside of her brother W. R. Brown who was seriously ill. He is improving at this time, but still very weak. He has been suf-fering with virus pneumonia.

Jimmy Laminack is here for a two weeks vacation from his duties as foreman of the Acme Brick company in Oklahoma City, Oklahoma. While in Floydada, Jimmy is a guest of his mother, Mrs. Mable Laminack and his sisters, Darlene and Betty.

Mrs. J. C. Sparks of Lubbock visited last week with her son and his wife Mr. and Mrs. Alva Sparks.

Mrs. W. H. Finley returned Sat-urday from Abilene, where she had been visiting with relatives.

Week-end guests of Mr. and Mrs. L. L. Switzer were Mr. and Mrs. Arvie Chambliss and son, of Iowa Park, and Mr. and Mrs. Ray Switzer and son, of Amarillo.

The new home of "Lubri-tection"

# AN INVITATION to visit America's newest and most modern motor oil plant

There are going to be "big doings" at Kansas City, Kansas, June 21st and 22nd, when Phillips' great new motor oil plant holds "open house" for American motorists.

You and your family and friends are invited, if you can possibly be there.

There'll be guided tours and refreshments, and you'll get an exciting "eyeful" of what Phillips has done to make possible finer lubricants for today's cars.

You'll see motor oil scientifically packaged by new precision methods. You'll be thrilled by

new high speed conveyors and miraculous new machines that turn out up to 250 cans of oil a minute. You'll see special automatic blenders that maintain exact standards of uniformity and purity.

Come and see this new home of "Lubri-tection", where Phillips blends finer motor oil to give your car lubrication plus engine protection. Remember the dates . . . June 21st and 22nd . . . at Kansas City, Kansas. Any Kansas City Phillips 66 Dealer can give you directions for reaching the plant.

P. S. If you can't be in Kansas City June 21st or 22nd, why not pay us a visit the next time you're in our part of the country? You'll always be welcome!

## Requirements for Bins And Granaries

With the intensive interest in storage of wheat, farmers are turning relative to the requirements for bins and granaries. Ray Guthrie, Administrative Officer PMA, said, "Farmers are running us trying to find out what quality as storage for wheat in granary is that will keep the wheat that will qualify." However, to be specific, he indicated that granary used for farm use of wheat should be a substantial and permanent or temporary structure which will:

- 1. Hold the wheat without loss of quality.
- 2. Protect the wheat against weather conditions which may cause deterioration in quality.
- 3. Afford reasonable protection against thieves, rodents, birds, and insects.
- 4. Permit effective fumigation for destruction of insects.
- 5. Provide reasonable safety from wind.
- 6. Require forcible breaking in or

der to be entered after sealing. Further requirements are:  
**Foundations:** Footings should be large enough to prevent the bin from settling. Concrete blocks or railway ties are satisfactory for semi-permanent or temporary small- or medium sized bins.  
**Floors:** Floors and joists must not be loaded beyond their weight-carrying capacities. Concrete floors must be covered by waterproof paper.  
**Walls:** Walls must be strong enough to withstand the lateral pressure of the grain. Tie rods should be used to resist the outward pressure of the wheat.  
**Roofs:** must be watertight and substantial. Roofs covered with tarred felt or similar lightweight materials are not suitable.  
**Doors and windows:** All doors and windows must be water-proof and safe against leakage of grain.  
**Temporary storage bins:** Information relative to temporary type of construction approved by Commodity Credit Corporation may be obtained from the County Agent's Office, the PMA Office, or any lumber yard.

## 4-Hers Leave On Great Trip

Marlene Hollums of Floydada was one of the sixteen 4-H club boys and girls who left Lubbock Monday morning by bus for an extensive tour of Texas sponsored by the Producers Grain corporation of Amarillo with cooperation of the Extension service.

Kenneth Loyd, field man for the Producers Grain corporation, and Miss Kate Adele Hill of Lubbock, district agent of the Extension service, were in charge of the trip, assisted by Jack Carruthers, assistant Lubbock county agricultural agent, and Dorothy Dixon, Sherman county home demonstration agent.

All assembled at the Hilton hotel in Lubbock at 6 p. m. Sunday and had supper there at 7 p. m., as guests of Plains Cooperative gin and Cotton Oil mill. The program at 7:45 included announcement and plans for the trip; introductions; greeting from the host, Davis; discussion of the trip by Triplett; discussion of what the trip may mean to those going, Miss Hill and directors for Monday, by Loyd.

The group left the hotel at 7:30 a. m. Monday, first visiting Plains Cooperative gin and oil mill, then going to Producers Grain elevator, then to Abilene.

Other places being visited are Llano, Buchanan dam, Ink's lake state park, Austin, San Marcos, Luling, Seguin, Corpus Christi Pleasanton, San Antonio, and back to Lubbock, stopping in Menard en route home.

The schedule in Austin includes dinner at the University of Texas tea house, visits to Texas Historical museum, state capital, governor's home and swimming at Barton Springs.

Stockholders in Floydada Country Club will name seven directors to handle the affairs of their organization for the next 12 months when their annual meeting is held tonight in the county court room.

B. K. Barker, secretary, said the meeting will be held at 7:30 o'clock. Annual reports of the affairs of the club will be heard and other routine is scheduled for attention. E. C. Carter is president, and other present directors are J. J. Welborn, J. M. Willson, Jr., Lewis Norman, James H. Word, and Rex Brown.

## TORNADO REPORTED SEEN

Well, we don't know how many saw the tornado Saturday evening about six o'clock, but we did as well as several of the neighbors. We don't know for sure where it hit as it hit in a field as it seems. We know it didn't strike a house. Floyd Trowbridge thought it hit just south of Wesley Carr's house.

There was rain and hail which damaged wheat. Charley Smith, Charley Watson and G. L. Snodgrass reported pretty heavy damages. Roy Hollums and Bill Jackson some damage and heavy rain.

## Mayo Open House

(Continued From First Page.)

establishment, have promised the Mayos to have two of the new model Dodges for the public to see when they visit the store and shop on Saturday. Attendance prizes and cold drinks will be provided. Mr. Mayo said.

The building and parking space occupy a 75-foot site at the corner of Missouri and Fifth streets, purchased in December. The building walls are of pumice blocks, except for steel doors and plate glass front, the latter affording complete view of the show room from the front and Fifth street side. A parking space on the east side of the building affords customer parking space, and service area to be out of the traffic.

A partner in the firm, who, however, is not expected here for the celebration, is Earl Hogge, formerly of Floydada and Lubbock, who is now located at Grand Prairie, Hogge recently became distributor for Texas, Oklahoma and New Mexico for the Ferguson system of farm tractors and farming implements.

"The larch string will be on the outside," said Mr. Mayo, "and we hope to have many, many visitors to see our new Dodge-Plymouth sales and service house."

Refreshments were served to Mes. John E. Smith, Ray Smith, Bruce Holder, Claud Pawver, G. L. Pawver, Jr., Herschel Green, Jim Owens, A. G. Cardinal, 9 children and the hostess.

The club will meet with Mrs. Jim Owens June 20 at 2:30. All members are urged to be present and bring a new member or visitor.

Mr. and Mrs. S. A. Thornton, Mr. and Mrs. Elmer Biggs and Pvt. and Mrs. Lenard V. Harper visited in Tulsa Sunday with Mr. and Mrs. Ray Smith and family.

Mrs. R. F. Stovall and sons returned Monday night from Calvert, where they had been two weeks visiting with Mrs. Stovall's mother, Mrs. T. C. Tyson. While downstate, the Stovalls attended the funeral of Mrs. Stovall's cousin, Tom L. Tyson, at Corsicana.

Mr. and Mrs. Harold White of San Clemente, California, were overnight guests in the home of Mrs. White's sister and family, Mr. and Mrs. Carl Muench. They were accompanied by Mr. White's brother, Roy White.

Mr. and Mrs. J. T. Myrick, Jr., of the Starkey community are parents of a son, J. T. III, born Monday, June 6, in the West Texas hospital in Lubbock. The boy weighed 10 lbs., 7 ozs. Grandparents of the young man are Mr. and Mrs. J. T. Myrick, sr., of South Plains and Mr. and Mrs. J. H. Hickey of Trenton, New Jersey.

Mr. and Mrs. E. J. Womack and Mr. and Mrs. C. L. Berry of Floydada, visited in the home of Mr. and Mrs. Wilson Womack of Paducah. They went to the installation of officers of the O. E. S. of the Paducah chapter. Mr. and Mrs. Wilson Womack are the newly installed Worthy patron and matron of the Paducah chapter.

Winston Woolsey and his three-year-old daughter, Wynona Yvonne, spent Tuesday and Wednesday in Dallas. The little daughter is being treated at the Scottish Rites hospital. She is doing nicely, her father reports.

Mrs. Hugh D. McCullough, her son Bob and daughter Linda, are here this week guests of Mrs. McCullough's parents, Mr. and Mrs. R. E. Fry. Mr. McCullough was here for a brief stay last week when he accompanied the family here.

Billy Morrison returned home the first of the week from El Paso, where he had been a student in the College of Mines.

### Calamity Jane and Sam Bass Cinema Sunday

"Calamity Jane and Sam Bass" is the fifth film turned out by the team of Leonard Goldstein as Producer and George Sherman as director. The picture has Willard Parker as the Sheriff and Lloyd Bridges as Sam Bass' pal and gang member, while Houseley Stevenson is the comic chuck boss, Norman Lloyd the betrayer, Marc Lawrence a crooked banker and Roy Roberts the United States Marshal. Although the story takes place in Texas, most of the technical filming was done in Southern Utah, an area similar to the Texas locale, and one of the most beautiful scenic spots in America. Jane, helps him out of numerous scrapes, including jail, until Sam and his gang walk into an ambush while holding up a bank at Round Rock.

Critically wounded, Sam gets Calamity to take him to Denton, Texas, where he reveals that he has loved Dorothy Hart, as Kathy, and Calamity realizes she never could have won his love even though he had escaped.

### CCC Approves Program For New Type Bin

The Commodity Credit Corporation has approved a new type temporary grain storage bin that will qualify for farm storage loans, it was learned Monday by representatives of the County P. M. A. and the County agent.

In a meeting held in Lubbock Monday with representatives of the C. C. C., this bin was given approval for farm storage loans.

These bins are 8x14x4 and 8x14x6, the smaller bin will hold approximately 400 bushels and the larger bin will hold approximately 600 bushels. Either of the bins may be extended to any length desired. The C. C. C. estimates the cost of the bin to be about 5c per bushel. Plans for the bins may be ob-

**Grasshoppers.**—It may not occur this year except in localized areas, but it will happen in those areas to beat the band. A many a thousand of grasshoppers are hatching out on lawns and up around the head of irrigation ditches and other places this year in Floyd county. Down-state in some areas the infestation is said to be more pronounced. While you eat your chicken carefully as Miss Post suggests so as not to offend your wife's idea of the proprieties as she read in the paper, get set to conduct a campaign against the grasshoppers that will eat up your substance. You understand that Miss Post and your wife and your children will pick up food and eat it wherever and however they can when they get hungry enough. If the grasshoppers take your place it will be a bad thing, and they'll be wondering why papa didn't do something about it. Watch the evidences for grasshoppers. A lot of little gnats that whirl around your feet when you walk in the grass often as not are not little gnats at all but grasshoppers that are going to eat you out of house and home in a few weeks. This is fair warning.

Being protestant The Hesperian is concerned by a report a week or so ago in which Miss Emily Post tells an inquiring person that fried chicken should not be eaten anyway other than by cutting the meat from the bone and transferring it with the fork to the mouth. We are concerned because we fear Miss Post may have gone over from the nice people to the pruders. You know there is a lot of difference between common sense, considerate thoughtfulness of others, which is what etiquette is after you extract the verbiage, and snobbishness and prudery, which are, combined, the exact opposite. To be exact, and we hope we do not mis-state Miss Post, she says you should not eat chicken except you knife and fork it. We wonder how Miss Post would fare when she got to the neck and the pack saddle.

Always Chamber of Commerce and all - Floyd county - minded, The Hesperian makes a strong mental defense for any body which is or who is presenting our town and county and area in good light. We sympathized with the Chamber of Commerce when they protested a proposal by Western Union to change their present office to an agency agreement. Chamber of Commerce said that during the war years Western Union had done their utmost to get customers to use some other mode of communication than telegraph so that the war fighting people could have more leeway over the WU lines. The Chamber of Commerce thought rightly, we

thought, when they said that Western Union should try to woo back their lost business before converting their Floydada affairs from a Western Union operation to an agency arrangement, Western Union is wedded to the idea that this plan will not work and simply awaited development when the Federal Communications commission would eventually order the change. (The government orders things now, you know.) Others also protested.

The government gets you into a mess when it takes a slide rule and works out all the problems of the people in Washington. The Western Union matter is one of these. The telegraph company, credited with being a "monopoly" is being put out of business by competition. In the first quarter of this year their losses were in the millions. Competition from other types of communications was so keen they couldn't take it. Floydada situation is an example. But somebody in authority said it was a "monopoly" and monopoly it was and is officially. Stockholders in Western Union are being wrung dry of their investment money by a combination of official arrangements which recognize this and that as the rights of the employes and rights of this and that of the public. Western Union is trying to salvage something from the mess. Do you understand this? Western Union is a monopoly. Western Union is being put out of business by competition. Western Union's business and your business is being run by \$9,600 men in Washington. Do you like this Utopia you (and we do mean you) are well into initiating?

Keep all the stoves on the farm in a state of good repair at all times. Never fill gasoline or kerosene stoves while they are burning. And, it's safer to fill stove tanks out of doors.

Keeping the poultry flock on full feed during the summer is important in good poultry production. Feed the layers all the laying mash they will consume.

An average five-year old peach tree probably produces 25 thousand blossoms. Only 250 to 1,250 of these blossoms develop into fruit.

**More Smiles per Gallon**  
with *Dynaflo Drive*

White sidewall tires, as illustrated, available at extra cost.

**T**HERE'S the smile when you slip the selector lever into Driving notch—and realize that's all there is to do.

There's the smile when you swing smoothly up to cruising speed without halt or check or break of stride. There's the smile at traffic lights when you halt, wait, then move away with never a thought about shifting.

**B**ut the broadest grin of all comes at the end of a long day's drive and you find you've covered more miles more easily. Even your treadle-foot — so likely to become tired and cramped maintaining an even speed in direct-drive cars—appreciates the fluid ease of Dynaflo.

For Dynaflo Drive† is not merely a new transmission. It's a new experience — a new luxury in driving. In ten minutes you are handling it

like a veteran — in two days you wouldn't be without it.

Small wonder, then, that Dynaflo is the drive with which all new developments in transmissions are compared.

Not merely "something better," it is something entirely new, the first exciting chapter in a whole new book.

**G**o learn for yourself how abundantly rich in pleasure every gallon becomes when you have Dynaflo.

Your Buick dealer will be glad to demonstrate—glad to quote delivered prices—glad to talk terms of as fine a deal as you could want.

## Speed-Up Job Rotary Hoe

COLLEGE STATION, June—The rotary hoe is doing a speed-up job in weeding cotton, especially in the Texas and the Plains area. C. Elliott, extension agent of Texas A. & M. college, says the rotary hoe works best on the young cotton seedlings in getting rid of weeds early, the cheapest and most effective way to do it.

The main advantage of the rotary hoe is that it speeds up cultivation of the growing cotton. Later on, when the cotton gets taller, this machine doesn't work so well because the plants outgrow it. So the cotton growers turn to other methods of weeding.

When all the spring rains farmers have had in the past months, they're growing a pretty good crop of weeds right along with their cotton. Hand hoeing is quite a bit, but the rotary hoe does the job in a much shorter time and at a lower cost. Elliott says the rotary hoe is not operating fast enough. The time a farmer figures on for hoeing the seedlings up if he has the rotary hoe is about a week after the first hoeing.

There are a couple of things to remember when using this machine, Elliott reminds. First, don't set it too deep. The shallow action of the rotary hoe is to pull weeds and grass under the cotton plants and let them dry out in the sun. The best time to use the rotary hoe is about a week after the first hoeing.

Second, the best operating speed for the rotary hoe is between four and eight miles per hour—at four and a half mph., running in third gear.

Keeping the bed flat, you'll find that throwing seed and grass around the cotton seedlings. It's a good idea to delay "dirting" the cotton until it gets a good start, Elliott comments.

## Western Union Change is Due

Floydada office of Western Union, after many years of operation as a Class B office, will be changed soon to an agency station.

This is the information Floydada Chamber of Commerce and other protesters had last week-end from the Federal Communications Commission.

When the company planned to make their change in March of last year they had an arrangement with Radio Electric company for the office to be located there. Their petition for the change was protested by several business establishments who felt the company should go along with the community. The Chamber of Commerce, in their protest, declared that Western Union had been driving business away during the war years and should attempt to woo some of it back before abandoning their set-up here.

Miss Maggie Quisenberry, of Electric, is in charge of the Western Union office while Mrs. Doyle Walls is on vacation. Grapevine is that the change over is due within two weeks to a month.

## Hopper May Plague Crosby County

CROSBYTON—Crosby county is faced with a serious infestation of grasshoppers this year, County Agent W. R. Kimbrough said Wednesday.

"The grass-lands, particularly below the caprock, are literally covered with small grasshoppers," he said. "We don't know if they will leave the grass lands and invade the crop lands or not, but if they do, it will be the worst grasshopper infestation in several years," said the agent.

The agent warned the farmers to keep close tab on their fences and turn-rows, so that poison can be put out on the first signs of migration.

Charles Taylor, who has been at Prairieview State college has returned home planning to spend the summer. He will return to school in September.

## History of Campbell

by Doris Burlene Jones

I got my information from visiting with some of the first settlers of the Campbell community. Mrs. A. Amburn, Joe Smith, T. J. Campbell and Mrs. Lucy Bethel, and the records in Mr. Guffee's office.

The Campbell school district was organized by dividing Fairview and Baker districts. There were twenty sections at first and two more were added on February 4, 1929. The school was named for T. J. Campbell, because he was one of the first settlers. He moved to Campbell in 1895.

The first school house was a one room structure brought from Baker in 1892 and was located about where the site is on the north side of the bank Pratt place. J. F. Roberts, and his wife, Sallie, sold this one room of land to the district for \$1. November 17, 1914, T. E. Shirley and Virginia Shirley decided to build a two room school. Section 42, block 1, eight miles from town, is the present school-house now.

**First Trustees Recalled**

The first trustees were Joe Smith, Tom Moore and Tom Deen. The teacher was Miss Ruth Pitts, and Mrs. David Battey.

The school was moved to the present location about 1916 and the second room was added in 1923. There have been two homecomings in Campbell, one in 1928 and another in 1939.

The Baptist and Methodist churches were organized about 1917 and 1920. The Baptist church was organized by Rev. Wallace Tubbs and the Methodist was organized by Rev. Montgomery.

**List of Teachers**

The following is a list of teachers throughout the life of Campbell:

1912-13—Ruth Pitts, 1913-14, unrecalled; 1914-15—Charles L. Rose; 1915-16—Ethel Haag and Edna Hinkson and; 1916-17—Edna Hinkson and; 1917-19, Lottie Maxey and Thelma Clinckscale; 1919-20, Miss D. Tarpley, Mrs. Cella Ross and W. B. Jordan; 1920-21—Mrs. Olla Ross and Imogene Copeland; 1921-22—Frank Farmer and Mrs. Olla Ross; 1922-23—G. E. Bond and Mrs. Cella Ross; 1923-24—Frank Farmer, Meryl Ramsey and Mrs. P. Looney; 1924-25—Frank Farmer, Mrs. Frank Farmer and Meryl Ramsey; 1925-26—R. V. Williams, Myrtle Henderson and Mrs. Vaughn Murphree; 1928-30—Mary Boner, Amelia Fugate and Mrs. Vaughn Murff; 1930-31

## File Arson Charge As Result of Fire

CROSBYTON—State Fire Marshal T. F. Justis of Austin, filed a charge of arson, Sunday against Arvel Arant, owner of the City Laundry, as the outgrowth of a fire late on the afternoon of May 7, which partially destroyed the laundry and damaged the building.

State Fire Marshal Justis was called in to examine the fire-damaged building after local officials had found possibilities of arson. Following the marshal's investigation and hearing, the charge was filed.

## FLAG DAY

On June 14, 1777, the Continental Congress adopted the Stars and Stripes. June 14th is now observed as a holiday to commemorate the adoption of the flag. The observance of this anniversary has become an important one in the schools and is marked by appropriate exercises in the history and meaning of the National Flag.

The Pledge of Allegiance to the Flag is:

"I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands; one nation, indivisible, with liberty and justice for all."

### Young-Collins Vows Solemnized In St. Johns Methodist Church, Lubbock, Monday Evening at 7

Miss Emma Estene Young of Lubbock, daughter of Mr. and Mrs. C. W. Young of Belen, New Mexico, and Eugene Morris Collins, Jr., son of Mr. and Mrs. E. M. Collins of Floydada, were married, Monday at 7 o'clock p. m. in the St. John's Methodist church, Lubbock. Rev. J. F. Nix performed the double-ring ceremony.

The fern-banked altar was decorated with candelabra and baskets of white gladioli. Miss Glenna Addington, pianist, accompanied Johnny Zimmerman as he sang "Because" and also played "Clair de Lune," "Roses of Picardy," which is the bride's club song, and "My Diane," the bridegroom's club song. The traditional wedding marches were used.

Given in marriage by her father, the bride wore a gown of white crepe designed with short sleeves, high V-neckline and draped hips. Her veil was shoulder-length and she wore white nylon mitts. The bridal bouquet was an arrangement of white orchids and white carnations and stephanotis.

Mrs. Wayne Lamb of Slaton, sister of the bride and matron-of-honor, wore a dress of pale green with shoulder and hip drape. Braided bands of net formed a headband, and she carried a modern cascade arrangement of light brown carnations. The bridesmaid, Miss Jean Holt of Slaton, was gowned in a peach colored dress fashioned like that of the matron-of-honor. She also wore a braided headband and carried a cascade arrangement of aqua carnations.

David Battey of Floydada served the groom as best man, and ushers were Don Davenport of Snyder and Johnny Collins, brother of the groom from Floydada.

After the ceremony, a reception was held in the home of Mr. and Mrs. C. C. Ricker 2401 Twenty-third, with the couple assisted in receiving by their mothers. The bride's table, in the garden, was laid with a white lace cloth and centered with white daisies and stock. A three-tiered wedding cake was placed at one end of the table.

history of the Floydada chapter, paying tribute to our early pioneers in the Floyd county chapter. Mrs. Ella B. Starks was mentioned as being the first Worthy matron, and the only living charter member.

After chapter closed, an installation service was held for the new officers.

Mrs. Flora Best Boone, of Littlefield Associate Grand Conductress acted as the installation officer, with Mrs. Belle Hromas, of Hereford deputy grand matron, District II, Section Three, acting as instal-

ling marshal. Mrs. Blanche Dodgen, of Littlefield, Deputy Grand matron, District II, Section Four, presented the open Bible. Mrs. Maud Merrick acted as installation chaplain, Miss Vera Meredith as installing secretary and Mrs. Carrie Cline as installing organist.

The following officers were installed: Amanda Hart, Worthy matron; Velma Berry, Associate Matron; B. A. Robertson, Associate Patron; Helen Patterson, secretary; Alta Probasco, treasurer; Lula Green, Conductress, Eula Mae Smith

Associate Conductress; Bevie Baker, chaplain; Annie Green, marshal; Avis Muench, organist; Ruth, Winnie Boothe, Ester, Marjorie Hol-lums; Martha, Helen Solomon; Electra, Opal Morrison; Warder, Grace Robertson and Sentinel, Jim Morrison.

Mrs. Annie Green, outgoing matron was presented a past matron's pin by Mrs. Velma Berry in behalf of the chapter.

Mrs. Lula Green presented Mrs. Flora Best Boone and Pat Boone, certificates of honorary membership

in Floydada chapter, on behalf of the chapter.

# ATTENTION, WHEAT MEN!

On account of the fact that our markets and storage at the central points are expected to be limited and the fact that wheat we offer is going to have to meet their requirements, we urge you to observe the following:

1. Before bringing a load of your grain be sure to submit a sample of your first run. We will not be in position to accept loads that run too high in moisture content;
2. For storage and acceptance for government loan, wheat must have moisture test of not more than 13 per cent or less. The dryer your wheat the more acceptable it will be.
3. If you want to sell your wheat it will be impossible for us to accept grain that tests above 14 per cent.
4. In order to try to take care of all our customers as far as we can, we have got to observe these rules strictly. Any wheat above 14 per cent, if acceptable at all, will have to be severely docked.

## Court Scene Told as Death Penalty Set

Few Floyd county people have been witnesses to the drama of a courtroom death sentence, hence the following word picture of the scene last week when the Floyd county man and boy, W. Fred Jones, was sentenced to death by Judge Blair.

Since the sentence of the court was passed on Tuesday, Governor Jester has announced a reprieve of 30 days, which automatically sets the death date as August 7. Here is the colloquy as recorded by the official court stenographer:

The Court: "Stand up, Fred Jones. (The defendant stood.) Have you anything to state why sentence should not now be pronounced upon you?"

Fred Jones: "Yes, sir, if I may, Your Honor."

The Court: "Yes, sir."

Jones: "I should like to state again that I am not guilty of this charge, that I have told nothing but the truth in my defense. I can not prevent this court from taking my life, but I can take the truth to the grave with me. May God bless you and those who prosecuted me. I thank you."

The Court: "Having considered your statement, the court naturally appreciates the position that you are in, and I trust that you appreciate the position that this court is in."

Jones: "I do, your Honor."

Judge Blair Speaks

Judge Blair then rejoined: "By virtue of an indictment returned by a grand jury in Floyd county, you were charged with one of the most serious crimes known to the law. You were not tried by the citizens of Floyd county, but your case was transferred to Hale county. The citizens of Hale county failed to agree with you on your plea of not guilty, but found you guilty of the offense of murder with malice and assessed your penalty at death."

"Your cause was appealed to the highest tribunal within our state, and at their hands, your case was reversed and sent back for another trial. Thereafter, your case was transferred to Crosby county, where your rights were again passed upon by 12 of your peers. Again differing with you, 12 jurors of Crosby

county found you guilty of murdering a fellow man—making a total of 24 citizens of your choice who have passed upon your fate—and the court of criminal appeals acted upon your case and their mandate was returned and filed with the clerk of this county on May 24, 1949.

**Path Was Protected**  
"The strong and patient arms of the law, and extremely capable and distinguished attorneys of your own choice, have protected your path all the way."

"There was a sound of sobbing in the courtroom, and Judge Blair continued:

"W. Fred Jones, this is a sad, solemn and trying moment to you, and a most unpleasant one to me. I am now called upon to perform one of the most painful duties of my nearly 20 years of public life; but it is my duty, my high and solemn duty; a duty I owe to society and government, and which I must perform. Had you performed the obligations resting upon you as a man and citizen, I would have been spared the painful feeling of this occasion."

"You have taken the life of a human being and sent a creature bearing God's image unbidden into His presence."

"There is a law that is said to have been penned more than 3,000 years ago. It has come down to us over the long path of time—'Thou shalt not kill.' The penalty attached to its violation was penned about the same time: 'He who sheddeth man's blood, by man shall his blood be shed.' This law you have violated. You have been indicted once, tried and found guilty twice, and it now becomes my painful duty to pronounce the terrible sentence of the law upon you."

**Advice Is Given**

"May I give you this humble advice is my parting word. Remember, there is an unerring Judge of the universe, before whom all will one day appear; He is infinite in mercy. He is understanding. Send your prayers to His throne. He will still hear you, and may say your sins are forgiven."

"The sentence of the law is that you, W. Fred Jones, shall before the hour of sunrise on Friday, the 8th day of July, A. D. 1949, at Huntsville, in Walker county, Texas, be electrocuted by causing to pass through your body a current of electricity of sufficient intensity to cause your death, and the application and continuance of such current through your body until dead."

"The court further ordered that . . . the clerk of this county shall within 10 days issue a death warrant in accordance with this sentence and direct the same to the warden of the state penitentiary . . . and deliver same to the sheriff of Crosby county, Texas, to be delivered by said sheriff to the warden of the state penitentiary, who shall execute the same in accordance with the law in such case provided."

"And the said defendant . . . shall be delivered to the warden of the state penitentiary . . . with the death warrant in this cause to await the execution of this sentence."

"And may God have mercy on your soul."

### Half Minute Interviews

H. O. Pope: "I didn't have much time to play ball after I came to Floydada. I had most of my baseball fun at Claude."

H. M. Martin: "That was some hail storm Friday afternoon from Adrian to Amarillo. I flew over a strip 15 miles wide and 50 miles long that was laid waste. Lots of it didn't have any wheat left to harvest. The storm cut a swath through Oldham county crop three-quarters of a mile wide."

## Fry in Round Table Meeting in Dallas

R. E. Fry, representative here of the Southwestern Life Insurance Company, has been notified that he has qualified for membership in the Leaders' Round table, honor group of the Texas Association of Life Underwriters.

Mr. Fry was invited to attend the all-day meeting of Leaders' Round table to be held in conjunction with the annual convention of the Texas Association of Life Underwriters in Fort Worth.

According to Mr. Fry, 129 Southwestern Life Insurance company agents met the exacting requirements of membership in this organization. The Southwestern Life group, Fry said, accounted for more

than 34 per cent of the total number of insurance companies in Texas who are of the 374 agents of all life qualified for the Leaders' Round table.

Life memberships, awarded only to those who qualified during each

of ten or more years are now held by 35 Texas life underwriters of whom 16 are agents of Southwestern Life.

## Program For 4-H Round-Up

COLLEGE STATION, June—Texas 4-H club boys and girls who attended the annual 4-H Club Round-Up at College Station June 14-15 will have a full two days of instruction and entertainment.

M. L. Wilson, director of the federal extension service, Washington, C. and Durwood Manford, speaker of the Texas House of Representatives, are scheduled on the first morning's program.

Group singing—always an important part of the Round-Up program—will be led this year by Billy Bess, minister of music, First Methodist church, Wichita Falls, accompanied by his wife.

Billie Gandy, editor of the young folks department, Progressive Farmer, will speak to the 4-H club girls of their adult leaders in the afternoon of the 14th. Her subject will be "Ideas for Older Girls in 4-H Clubs."

Later in the afternoon, the girls will break up into groups to see demonstrations led by various extension specialists.

During the same afternoon, the boys and their leaders will make a tour of the campus and swim in Downs Natatorium.

The night program will be a showing of "The Green Promise", a Glenn McCarty Production featuring 4-H club work.

The morning of the second day, the group will hear reports from Reta Nell Baldwin, Wilbarger county delegate to the National 4-H Camp 1948; Jessie Lou Boyer, Tar-Danforth leadership training camp; Alvin C. Davis, Garza county, a Texas delegate to the National 4-H Club Congress, and Roy Hranicky, Jim Wells county, who spent the summer of 1948 in the Netherlands as a member of the International Farm Youth Exchange Project.

A 4-H Talent program will end the morning's session, and the afternoon will be taken up by demonstrations led by extension specialists.

The Round-Up will end with the 4-H Dress Revue in Gulon Hall, and the presentation of awards.

G. D. Lackey, of Cedar, who was in Peoples hospital for treatment for several days, was dismissed last week-end as recovering satisfactorily.

Mr. and Mrs. Jess Glover have been spending a few days with their new daughter at Vernon. She is the daughter of Mr. and Mrs. Don Wyatt.

## As A Farm Woman Thinks

(By Nellie Witt Spikes)

Looking forward from one reunion to another, the Floyd County Settlers gathered for one short day and then looked back to another well-spent day as well as to the one next year. It was cool under the trees which gave more shade than for many years. It was pleasant to meet one another, it was good to recall other days and other ways. Joe Ellis went with Mr. Spikes and I and he enjoyed hearing the older ones tell of their "days."

Mr. Nelson gave a fine talk on early days in Floyd county. One thing he said should be remembered especially. "I think the schools should have lectures given about the history of their counties. Children learn the history of the world, the nation, the state and it is only fitting they know that of their own county." And I agree with Mrs. Nelson.

Mrs. Bob Smith made a fine gracious hostess, the dinner the club women served was good and plentiful.

Mr. Steen was here and there missing nothing of interest and helping out in his quiet manner. Walter Newell caused much merriment with his picture taking and he had some fine ones in the Lubbock Avalanche.

"I brought back some of the broken dishes used by folks who once lived on my place a long time before me," said Roy Green as he showed me some Indian pottery. Wonder who will show the pieces of the dishes we now break in days to come?

Mr. and Mrs. Amos Yates of Forrest, New Mexico, Fred Spikes and Mr. Baxter Honea, of Lubbock, stayed Saturday night with us and if you think women can talk you should have heard the four men as they recalled the past!

The fiddle tunes, beloved music of the pioneers, set every one's heart to dancing, the horseback riders made all long to get in the saddle again. And don't you think Mrs. Dan Shipley and Mrs. Miller looked sweet in their old time dresses? Oh, memories! sad the some might be have faded but as a flower fades when pressed away in a book, still fragrant and sweet to look upon. Happy memories, all we take out and with our friends review as we sit under the shade. Pioneer Day at Floydada. Long may it be kept up.

Margaret Neil and I were gathering wild currents to make pie. A thankless job, the berries small and only ripen a few at a time, but oh! howdy, the sweet and juicy pie! She got tired and when I pressed her to help she said that she just had to sit down as she had some thinking to do. Directly she said, "Grand mother these woods (as we were playing like) are the best in the United States or Texas either."

### SON BORN TO DR. AND MRS. DOUGLAS MAY THIRTY-FIRST

A young man who arrived in Floydada some few hours before the calendar began to reel off June dates is John Bradbury, son born to Dr. and Mrs. D. W. Douglas on May 31 at 7:55 a. m., at Peoples hospital.

The new son weighed in at six pounds and two ounces.

Mother and son have been doing nicely, reports from the hospital state.

### CONNECTICUT MAN BREAKS PRECEDENT; BRAGS ON TEXAS CONGRESSMAN TO HIS BACK

The Floyd County Hesperian Floydada, Texas

This is a sort of "man-bites-wrong-dog" letter. It is a good American custom to write your congressman asking a favor or demanding that he do something. Now when someone writes not to his own congressman, but to the other fellow's congressman's home folks, there must be a reason!

And there is. I was born in your congressional district, and while I haven't lived there in quite a while, I get homesick for West Texas. So when the missus and I were in Washington recently, we called on George Mahon, your congressman. It was Saturday afternoon, but he was up to his eyes in work there at his office. All good congressmen are frightfully overworked. Yet George Mahon acted glad to see us, treated us like old friends instead of strangers, and took half an hour of his time to tell us what was happening in Congress and how he himself felt about the big questions he has to face.

When we were out in the hall again, my wife said to me: "There ought to be some way we could repay Mr. Mahon for the time he gave us. We've profited from the visit; but all he gets is a setback in his work."

"We could write and thank him," I suggested.

"No good," she came back. "He'd just have to take more time to read the letter."

"Suppose I wrote some of the papers in his district and told them they have a man here to be proud of?"

"Okeh," she agreed. "But tell 'em I'm proud of him and I'm a native of California. That will be news. It

is no news to anybody to find one Texas proud of another!"

So that's how the letter came about.

Sincerely,  
Wallace Boren,  
Norton, Connecticut.

Mr. and Mrs. James Burke and children of Santa Fe, New Mexico, spent the week-end visiting in the homes of their parents, Mr. and Mrs. J. L. Heim and Mr. and Mrs. D. W. Burke, all of Floydada.

# Highways Maps Are Ready For Distribution

Austin, The 1949 Texas Highway Map comes off the presses today ready for free distribution by the Texas Highway Department. Showing 31,000 miles of completed Texas highways, over 30,000 miles paved, the map is illustrated with drawings and 30 full color pictures.

A panel is devoted this year to travel attractions in Mexico on the Pan-American Highway, with particular attention given to pre-historic ruins. This highway, which dissects Texas, north to South, now runs to Tuxtla, almost in Central America. Texas will be the gateway state to further travel of this international road.

Complete mileage tables of comparative distances between Texas cities and between state capitals outside of Texas to border points in Texas are given. Mileage from Laredo south to points on the Pan American Highway are included. A United States road map, showing major national highways, is on the back of the Texas map.

Governor Beauford Jester's message to Texas travelers prefaces the edition.
