County, Street Paving Work Contracts Near Completion

house and some of the equipment was moved in there on Tuesday of this week. The Center-Fairview caliche base will be taken from the deposit on the Bernard Martin place adjacent to the road, five miles north of Floydada.

Assuming that weather conditions will permit the Highway department and the contractors are equally sure that enough men and equipment will be put on the Cedar Hill and the Center-Fairview jobs to assure their completion before the deadline set

by the weather man this fall. Weather this spring upset the plans of the builders who lost many work days on account of the elements, the new jobs were bid in by Cooper & Woodruff at a figure slightly above \$94,000.

LOAN RATES RELEASED

The following loan rates were released for publication from the PMA office:
Barley, \$1.03 per bushel.
Oats, 73c per bushel.
Wheat, \$1.92 per bushel.
Grain Sorghums, \$2.03 per cwt.
Loans and purchase agreements for barley, oats, and grain sorghums are available through January 31, 1950. Maturity dates are April 30, 1950 for barley, oats, and wheat. Grain sorghums matures March 31, 1950.
The final date for obtaining wheat loans and purchase agreements has not been released.
Unless warehouse charges, except receiving charges, are paid the loans will be reduced as indicated below:
Barley—10c per bushel;
Oats—8c per bushel;
Grain Sorghum—20.5c per cwt;

Farm stored grain will not have this deduction.
Seven cents storage is allowed for farm stored wheat.
Other details of the program will be released as soon as received in the County office.
Other information of value to farm operators made available in connection with the federal program includes the following:
New Wheat Growers Must File Requisitions For Allotment
Operators of farms on which wheat was not seeded for harvest in any of the years 1947, 1948, or 1949, but on which wheat will be seeded for harvest in 1950, must re-quire in writing, in terms of a specific acreage, a 1950 wheat acreage allotment, if an allotment is subsequently to be established.
September 1, 1949 has been set as the latest date for requesting a

"new" farm wheat allotment for 1950.
Soil-Building Practices Available for Dry Land Farms
The Floyd County ACA announced that the following practices are still available under the 1949 program to dry land farms:
Contouring, chiseling, cross-slope chiseling, basin listing, or pit cultivation at least 30 days prior to seeding 30c per acre;
Contour seeding drilled grasses, legumes, or small grains: 20c per acre;
Chiseling not on contour at least 30 days prior to seeding: 20c per acre;
Written prior approval must be obtained for each practice before it is begun.
Wheat farmers are now in position to take advantage of the assistance offered under the 1949 ACP.

Goal of the contractors for completion of paving the streets of Floydada is Saturday night of next week, July 23, and Resident Engineer, James F. Potts, Jr., representing the property owners in supervision, is of the opinion the job can be done, if weather permits.

This week topping had been completed on the two highways to Lone Star and Sterley, and Harmony and Sand Hill—save and except cleaning up of odds and ends and shoulder work. Potts says the jobs are due to be completed in their entirety before the end of the month and the work accepted. Other crews are on the Lockney and Floydada jobs.

Use Streets Sparingly
Explaining the need for care on the part of motor operators in driving through blocks where paving is under way, Engineer Potts said that the first coat of topping to be applied would be an oil, which has to dry some two days before two successive coats of asphalt and rock are applied. The oiled streets, if driven on at all while drying, should be used only after they have dried at least two hours. A driver who tries to make too much speed will "mess up" his car while either the oil or the asphalt treatments are being applied. It will also damage the pavement, of course.

It will be a matter of practical impossibility to place a flagman at every intersection where blocks of paving are being put in, and the workers will have to depend upon the cooperation of the public and a helpful attitude. "If you will bear with us we will cause you as little delay and inconvenience as we possibly can," said Mr. Potts.

Cedar Center Jobs Soon
The resident engineer said Cooper & Woodruff, contractors, had indicated work on the Cedar and the Center-Fairview roads is scheduled to begin about August first. The contractors plan to concentrate their efforts here on their near-completed highway work until it is done, they have advised.
Caliche for the Cedar Hill road will be taken from a deposit on the L. L. Seagraves place a mile south and a mile west of Cedar school

Court House Study Offered By Architects

The Commissioners court in their regular meeting Monday viewed preliminary plans and sketches and heard a report on the probable cost of re-building the county's court house or of removing it and building a new structure in its place.

M. L. Stiles, of Haynes & Kirby, Lubbock architects, submitted the proposals and went over the situation with the court.
Should the court adopt the plan as submitted for rehabilitating the old structure it would have two floors and a basement and a wing would be added on both the north and the south sides and would entail a cost of \$300,000. Of this \$100,000 is estimated as required to re-do the basement floor and \$48,000 of it to put the first floor of the present structure into new condition. Forequipment \$22,000 would be needed and \$28,000 for air conditioning. Net cost to the taxpayers would be \$200,000 after the county applies the \$100,000 fire insurance money on the cost.

When finished this proposed building would be 173 feet in length, north and south, and 70 feet wide. The plans call for eliminating one half of the existing flights of steps.

New Building \$410,000
Should the court adopt the plan for a new building without any changes the architects estimate the cost at \$410,000. This would be a building 134 feet in length and 76 feet wide. It would have no basement but a jury dormitory over the district court room, the latter placed on the second floor.

Members of the court yesterday were asking taxpayers for their ideas on the problem of what to do and how much. "There isn't any doubt that we must build a court house," Judge Tubbs said while the court was in session, "the only question being the best way to go, and choose a plan and base the financing on what the people feel is the right amount to spend."

The probability that considerable discussion would precede any call for an election for a bond issue was indicated in informal talks by the commissioners Monday.

Last Rites Said For Mrs. Lizzie Walters on Friday

Last rites for one of Floyd county residents, Mrs. Lizzie Walters, 91, were conducted Friday afternoon at 3 o'clock in the First Christian church with the pastor of the First Methodist church, Rev. R. N. Hukeabee, officiating. Interment was made in the Floydada cemetery by the side of her husband. Mrs. Walters received an injury to her hip some three years ago and has been bedfast since that time. For the past 24 years, she has resided at 420 South Second street with Mr. and Mrs. W. H. Seale where she died Thursday.

Born July 9, 1857 in Missouri, Mrs. Walters came to Texas with her family at an early age. She is a daughter of John G. Ranft, who operated a hardware store during the early days of the history of Floydada. She was married to Champ Walters, who died in January, 1918.

The only living survivors are a sister-in-law, Mrs. Fred Ranft, of El Paso, and three nieces and nephews. Mrs. Walters had been an active member of the First Christian church during her long residence here. Pallbearers at the funeral were Harry Morckel, John Reagan, John Farris, Fred Brown, and W. D. Newell.

Big State Shows Will Start Monday

The Big State Shows, featuring rides, games and general amusement will open at the show grounds east of the court house Monday. This carnival is under the auspices of the Fire Department and will play here one week.

The show comes here from Cross-bryton where they finished a week's engagement. A feature of the show will be the ride called the "Octopus", which is the only one to appear in this country this season.

Automobiles Crash

Three persons were injured, none of them seriously Saturday night when two cars collided at the wye made by Highways 207 and 70 in southwest Floydada.

Mr. and Mrs. J. C. Garrett, riding in a Ford coupe, were hospitalized with cuts and bruises but were able to return to their home Sunday. Lawrence Quisenberry, of Lockney, driving an Oldsmobile, had a severe cut on his hand but was able to remain on the scene and make a report to investigating officers. Both cars were badly damaged.

Lake Pumper Demonstration Next Thursday

Demonstration of pumping water from a lake out on to the land to serve as added water supply to growing crops will be given Thursday of next week, July 21, on the Clarence Guffee farm near Center.

Mr. Guffee has a pump and pit already prepared for the demonstration and those who are interested may see this pump as well as another to be installed by Harry Morckel at work on the above date.

Floyd county farmers have been toying with the idea of putting surplus water in the lakes back on the higher ground by the use of pumps for several years. The Wards, below Dougherty, several years ago quite successfully irrigated some 60 acres of crop land in this manner. Others have used the same idea and have found it profitable. Harry Morckel, on a piece of land he owns east of Floydada, tried the idea out with some profit. Mr. Guffee has a lake of considerable proportions into which an extensive area drains. In wet periods it holds a good many acre-feet of water. Guffee began making his plans to use this surplus moisture last year. His first step was to find the low spot in the lake into which he could flow water for re-pumping back onto higher land when and if dry weather threatened his crops.

Plan to make the demonstration runs were developed last week before the rains came. After public announcement was made Mr. Guffee said no change in the plan would be made although excellent rains have fallen since. "A little more water on the crops won't hurt them, even if it has rained," said the county (See Pump Test, back page)

Worlds Fattest Man To Visit the County

Bill Wetzel who claims to be the world's fattest man, tipping the scales at a figure above 600 pounds, will spend next week in Floydada and Lockney, spending alternate days at the H. G. Parker Furniture company's stores in the two towns. H. G. Parker, head of the firm, said Wetzel will help promote the Air Spring mattress and box spring which Parker merchandises in this county.

Wetzel's visits to the stores will be from 2 o'clock to 6 o'clock in the afternoons. Parker this week was busy trying to find a parking place for Wetzel's specially-built trailer house, since he is unable to enter the door of an ordinary apartment due to his size.

Spotted Light To Heavy Rainfall Brings Seasons To Most Farms

Spotted light to heavy rains during last week-end and Sunday gave the major areas of Floyd county good moisture for all kinds of operations and through the center portion downpours that were measured as high as four and five inches.

Notable rainfall that reached almost flood proportions was in the vicinity of Fairview and portions of Center and Campbell. Lee Rushing at Fairview had 4.5 inches, Walter W. Baxter about the same, and on south into Campbell the fall was heavy. This came Saturday night. Mal Jarboe four miles northeast Floydada had a three-inch down-pour.

Generally reports are good. At Cedar Jack Stansell said he measured a bit more than two inches of rain. Adron Fields said an inch and a half fell in the vicinity of South Plains. Through the Sterley Lone Star country some had ample moisture, others hardly so good. G. B. Johnston at Lone Star had sufficient rain for present needs.

At Aiken the estimate is about

one inch of rain. In the immediate vicinity of Lockney G. A. Barton reported only light showers, and east of Lakeview in southeast Floyd county the fall was light, as was the report from Dougherty. Lakeview had more than two inches of rain. Baker had two inches.

Generally west and southwest the rainfall was good. In the extreme south part of McCoy there was only light rainfall.

Floydada area had nice showers on Thursday, Saturday and Sunday nights, almost exactly right to make wheat land plow good and cotton and feed to do well. Total fall here was 1.49 inches, according to the rain gauge at City hall.

Around Fairmount and Edgin crops are growing wonderfully with good moisture reported last week.

Mrs. Mudgett Rites Conducted Monday

Funeral services for Mrs. Viola Mudgett, 78, were conducted Tuesday afternoon at 3 o'clock in the First Methodist church in Lockney. Rev. N. S. Daniel, Rev. E. J. Cobb and Rev. Herring, of Slaton, officiated at the last rites. Carter Funeral home had charge of the arrangements and interment was in the Lockney cemetery.

Mrs. Mudgett had been confined to the Floyd County Cooperative hospital since a fall some three weeks ago when she broke her hip. She died there Monday.

Mrs. Mudgett was born July 13, 1870 in Kaufman county. Wiley Mudgett is the surviving husband. Surviving this union are five sons and one daughter. The sons are Willie, of Little Rock, Arkansas, Jerry and Ray, of Slaton, Stanley, of Gruver and Sidney of Lubbock. The daughter with whom Mr. and Mrs. Mudgett have made their home for several years, is Mrs. Olive Myers, Lockney. A number of grandchildren also survive.

Mitchell's Flock Now 4th in State Egg Laying Contest

The flock of 95 inbred Hybrid hens of Chester Mitchell, at Pleasant Valley, are still making a good showing in the farm and home egg-laying contest, sponsored by A. & M. College, Extension service, said Robert H. Gibson, county agent, this week.

At present Mitchell's flock stands fourth in the state. Hundreds of flocks are entered in this contest. His hens have a monthly average of 23.73 eggs per hen. Date for the next inspection of Mitchell's flock is July 26.

Martins On Brief Stay In Floydada

Mr. and Mrs. Marion B. Martin of Memphis, Tenn., were in Floydada a short time Saturday visiting with friends.

The Martins are former residents of Floydada and expressed their regrets at not being able to visit all their friends while here. Mr. Martin is a distributor of Rawleigh Products in Floydada and adjoining communities for a number of years.

LT. WENDELL B. DANIEL

Wendell Daniel Commissioned at Air School

Home this week for a rest in the home of his parents, Second Lieutenant Wendell B. Daniel said Monday he would report back to the Air Force soon for assignment to duty.

He is the son of Mr. and Mrs. J. V. Daniel, 425 West Missouri street. The Floydada born and reared young man now has the rank of second lieutenant in the air force. He was a member of class 49B, advanced multi-engine pilot school which graduated at Barksdale Air Force base, Louisiana, on July 1.

An impressive ceremony was held at the graduation exercise, according to a dispatch received from wing public information office. George W. Hardy, Judge of the court of appeals, second circuit, State of Louisiana was principal speaker at the ceremonies when the graduates of the class received the coveted wings and were commissioned second lieutenants in the United States Air Force reserve.

Lieutenant Daniel began his pilot training in June of last year at Randolph field, Texas, where he completed phases I and II of the training. He was then assigned (See New Commission, back page)

CHECK COTTON FIELDS FOR FLEAHOPPERS, THRIP AND LYGUS BUGS, URGES R. H. GIBSON

"Cotton growers should begin to check their cotton for fleahoppers, thrips and lygus bugs at this time," said Robert H. Gibson, Floyd county agent. "There are other insects that will attack cotton but these are the ones that will cause damage now and in the immediate future," he said.

"The cotton fleahopper is a small greenish insect about 1/8 inch long that punctures the very small squares causing them to fall off the plant. The adult bug has wings and will fly away from the stalk when you approach therefore it is often hard to find. The young or nymph fleahopper resembles green lice. However they move about rapidly when disturbed thus making them easily identified." These insects cause considerable

damage to the crop and should be controlled the agent explained. Profitable control should begin when there is about 15-20 per cent of the growing tips affected with the hoppers. This is determined by counting the number of tips with fleahoppers in them. Here is the procedure he urges:
Examine 100 growing tips and if you find 15-20 fleahoppers in them begin to dust. Dust with 5 per cent DDT and 75 per cent sulphur. Last every 7-10 days and dust at least three times if the infestation is great enough.
Thrip will also be controlled with this dust.
The lygus bugs are smaller in appearance to the fleahopper but are five times as large. These bugs attack the larger squares. Five per

cent DDT and 75 per cent sulphur will control these bugs.
Pamphlets on how to identify insects and the recommended methods of control are available at the county agent's office upon request.

Sounds Alert to Cotton Men
County Agent Gibson, in addition to the formal statement and suggestions, said yesterday he had made examination in two fields in the county and had found slight infestation. He warned that the fleahopper can ruin a field of cotton as thoroughly as a hail or an infestation of bollworms. His belief is that fleahoppers are sure to make their appearance in numbers in the next few weeks and thinks every cotton raiser needs to be on the alert and prepared.

One of Floyd County's Oldest Institutions

Death Mourned Texas' Governor

GOVERNOR BEAUFORD JESTER ACCUMBS; SHIVERS SUCCESSOR

Beauford H. Jester of the 56th Legislature, died Monday morning at 7:30 a. m. after a long illness. He was the 35th governor of the State of Texas.

Gov. Jester died in his sleep in the Pullman car of the Southern Pacific Railroad and his death came to light when a porter on the train went to call him at 7:30 o'clock. He had been ill since the evening he returned to Galveston for a check-up intended to precede several days of relaxation on a Texas coast resort.

He had been through a long history-making legislative session and died of an over-taxed heart.

The body was returned to Austin where it lay in state four days in the state chamber where his father presided over the Texas legislature 55 years ago. Rites at Austin were attended by members of the court and other high court officials, as well as National Guardsmen and state officials.

Funeral services were held yesterday at the home of his wife, Mrs. Jester, in the town of Corsicana for funeral services. The late governor's 87-year-old mother, Mrs. Mabel Jester, two daughters and a son.

Shivers Taking Over
The new governor of Texas is due to take over the reins of the state government today. Although by Texas law he became governor upon the death of Governor Jester, formalities of taking the oath of office and assuming its duties awaited the conclusion of rites for his predecessor.

A statement this week Governor Shivers said there would be "no policy changes" when he becomes governor. "Beauford Jester and I were close together in most

of our views," an Associated Press dispatch quotes him as saying. Actually, the powers of the governor passed to him the moment the governor died.

Among Shivers' first duties will be to pass on numerous bills passed by the 51st legislature, now on the governor's desk. He has until July 26 to act on them.

The 41-year-old successor to the chief executive position knows state government from the capitol basement on up. He helped pay his way through the University of Texas by working as a janitor in the state treasury department. His home is at Woodville, Texas. He was born at Lufkin, October 5, 1907. He went to school at Woodville, near Beaumont, and Port Arthur. He received a law degree at Austin in 1933 and entered the senate in 1934. He went to the lieutenant-governorship in 1947. The new governor has extensive farming interests in the Rio Grande valley, owns a newspaper at Mission, and is a member of a leading South Texas law firm.

Shivers is looked upon as a "middle of the road" as to state politics. In 1937, he was married to Marialice Staley of Mission, the only child of the millionaire family which developed the lower Rio Grande Valley. They have three children, two daughters and one son. Although one of the youngest men ever to hold the governor's office he is a veteran in politics.

Taxable Values Up \$1,253,662

Valuations for ad valorem taxes for Floyd county this year will run \$1,253,662 more than last year, according to figures made this week by T. T. Hamilton, assessor-collector of taxes.

The sum of all the rolls except those for intangible values is \$10,804,390, last year the same rolls aggregated \$9,550,728. Last year the intangible values were certified by the state comptroller's office at \$400,900. This year's figures have not as yet been received by the assessor-collector.

Most of the increase in valuations comes through the action of the board of equalization, which last month reviewed values put on property by more than 1200 property owners.

WELBORN'S MOTHER STILL GRAVELY ILL IN ALABAMA

L. J. Welborn left Saturday for Arab, Alabama, to be with his mother, Mrs. Nora Welborn who is seriously ill.

Mr. Welborn went as far as Huntsville, Alabama, by plane with W. H. Tanner, as pilot. Mr. Tanner returned Monday afternoon.

Youngsters Try Out New Swimming Pool of the City

City of Floydada's swimming pool will not likely be opened officially by the authorities until about the first of August but it has already had a trial run.

Youngsters Sunday saw the pool full of water. It was a hot day and the pool an inviting spot, so they hied themselves home, got their bathing suits and back they came. The pool had been filled to help cure the concrete walls and bottom.

Baptist Camp for Youngsters Opened Monday

Over a hundred and sixty-six youngsters from District 9 enrolled for the first three days of camp at the Baptist encampment in Canyon. The annual camp opened Monday afternoon with registration at 2 o'clock.

The first afternoon was spent in swimming and directed recreation. Evening meal which consisted of camp lunches brought by the campers from home was served at 6 o'clock followed by the vesper service, song service, missionary appeal and the regular message at 8 o'clock.

Monday was spent in recreation, camp classes and the regular camp services. The junior boys and girls adjourned yesterday following noon meal. The intermediates adjourned yesterday afternoon and will follow the same schedule as the juniors.

Fines Threatened. According to estimates which come out of Austin there are still some 1200, possibly 1600, school districts in the state which are "dormant" as defined in the Gilmer-Aiken bills, which bills are now called some other name as being more euphonious and or descriptive such as Foundation School program. In Floyd county and most others, action was taken last week. Officials of counties (or is it school districts or both?) which have not complied are now faced with charges of misdemeanor and heavy fines. The school set-up is new and drastically changed from the old. More than 2,200 school districts were "consolidated" last week. Presumably those which do not want to "consolidate" have some recourse at law, but meanwhile "they" stand a chance to be fined not less than \$100 nor more than \$1,000 for not complying with the new law.

Says Charles H. Tennyson, director of public relations for the State Teachers association relative to "dormant" districts:

"These dormant districts have been contracting with other school districts for the teaching of their children. They have paid the district taking them the annual \$55 per capita payment provided by the state, plus local tax money, if any had been levied.

"There were two reasons for 'farming out' children: (1) It enabled a district to levy no local tax rate or a very small one; (2) it was able to send children to better schools than the dormant districts were willing to provide.

"The new law will require these districts to raise their local tax rates and bear their fair share of the cost of educating their children. It is one of the finest things which has happened to education in Texas."

Whether or not Mr. Tennyson overstates the fact of the matter is for each taxpayer to decide for himself. But also whether or not his summation of the facts are correct, the people who live in districts which have been classified as "dormant" and which have been consolidated had as well begin saving up their money against added taxation within the early beginning months or years.

A thorough grain bin cleaning is important to keep out the insects. Before storing any grain harvested, clean out and spray your grain bin to kill the insects that are already there, and keep the rest out while the grain is in storage.

Photographic interpretation was responsible for 90 per cent of World War II enemy information for the Navy.

Do you suppose it could be that there will not be an increase in taxes but actually a relief from some of the wartime excise levies? Some enterprising poll-takers (there's always one in the crowd) has decided that congressional leaders are going to see to it that there will be no increase in taxes, and that some of the "nuisance" levies are taken off. Much as we are vexed by the poll-takers, such as Mr. or Dr. Gallup, we do hope the study made actually is correct this time. The congressmen may be aware of the fact that there is a growing reluctance to pay on the part of the public. You can't extract any kind of juice from a turnip that does not exist.

Now They Tell Us Department: The veterans of World War II who took out National Service insurance are being told they have a two billion, 800 million melon that is going to be cut pretty soon, maybe as early as January. What "they" have not been telling the servicemen is that their money, as soon as they paid their monthly premiums, was not saved up and put away so it would be there to be dished out when, as and if. The money was put in the general pot, has been spent, and the government will now have to tax somebody to meet the obligations. This seems to be a true statement of fact. What we mean is that the government insurance funds and many others like it built up by premiums and taxes, now actually contain nothing but Government I. O. U.'s. What this means is that there has been one payment by the serviceman on insurance premiums. Now he has to help pay a tax to put the money on tap so he can get his check for the refund, and on top of that there is an adulteration of the money supply thus created that he will have to pay in the form of increased cost of living. The incomparable FDR started this and the Missourian in the White House and the men in congress are keeping it going.

A clean kitchen stove looks and cooks better than one having a thick film of grease, spilled food, dust and rust. Cleanliness is important for full, even, efficient heat. Clean range also helps keep the kitchen free of unpleasant odors and smoke.

The best time to cut hay to get the most out of it is before it is mature and has become coarse and stemmy. For instance, sudan and johnsongrass are more nutritious if cut as soon as the first seed heads begin to form.

The Navy recruiting poster, "Let's Go Navy," was judged the best in 1948 by the Art Directors Club of New York City.

Floyd County 14 Years Ago

(Taken from the files of The Hesperian July 4, 1935.)

Mr. and Mrs. T. F. Anderson on June 18 quietly observed the fiftieth anniversary of their wedding.
J. C. Wester, as the new president, was in charge of the Floydada Rotary club in the regular meeting Wednesday in the basement of the First Baptist church.

Fred Bell, of this city, began carrying mail on the Floydada-Silverton Star route July 1 and succeeds T. B. Lusk.
Commissioners of Garza, Floyd, Crosby and Briscoe counties will meet Wednesday of next week for a study of a lateral road construction program.

A per capita apportionment of \$17.50 was set by the Board of Education at Austin last week for State school aid for 1,600,000 scholastics.

Possibilities of establishing a market in Floydada for fresh milk will be discussed at a meeting in the district court room Saturday.
V. L. Elliott was re-elected chief at the meeting of the Floydada Fire department Monday evening.

Ann King and J. R. Borum were united in marriage on Wednesday night, June 19.

Mable June Foster was honored with a party on her sixth birthday Monday afternoon.

No wheat had been shipped to market from any Floyd county points as late as yesterday.

Robert Hinsley has 154 acres of cotton 10 inches high and with squares on it.

Two softball teams composed of the "kiddies" of the town will be

White sidewall tires, as illustrated, available at extra cost.

Good Buy - all around

FRIENDS gather, look over that long bonnet and wish they had as much Fireball life as you have here.

They size up the broad windshield and narrow corner posts—and don't have to be told how these things step up "see-power."

They appraise the smart styling, the roomy interiors, the usability of luggage space—and agree you've made a buy.

But don't stop, please, with letting them look. Invite them in and introduce them to some of the special pleasures you'll know as a Buick owner.

Show them, for instance, how completely different Dynaflo Drive† is, with every mile cushioned by flowing oil and none of the rigid harshness of direct-drive cars.

Let them sample the matchless Buick ride, with all four wheels cradled on soft, coil springs and low-pressure tires made still easier-riding by extra-wide rims.

†Standard on ROADMASTER, optional at extra cost on SUPER models.

Point out how solid this Buick feels. That's what you get from husky frames, low-slung weight, and power delivered through a torque-tube instead of the rear springs.

For the truth is, this Buick's a bargain on much, much more than you can see.

It's a big buy on the solid goodness a demonstration quickly makes plain. On increasingly favorable delivery dates. On attractive price. On the kind of "deal" your Buick dealer makes.

That's why we keep saying "Better see your Buick dealer—and get that order in promptly!"

BUICK alone has all these features

- Silk-smooth DYNAFLO DRIVE® • FULL-VIEW VISION from enlarged glass area • SWING-EASY DOORS and easy access • "LIVING SPACE" INTERIORS with Deep-Cradle cushions • Buoyant-riding QUADRIFLEX COIL SPRINGING • Lively FIREBALL STRAIGHT-EIGHT POWER with SELF-SETTING VALVE LIFTERS plus HI-POISED ENGINE MOUNTINGS
- Low-pressure tires on SAFETY-RIDE RIMS • Cruiser-Line VENTIPORTS • DUREX BEARINGS, main and connecting rods • BODY BY FISHER

†Standard on ROADMASTER, optional at extra cost on SUPER models.

When better automobiles are built BUICK will build them

Guest Speaker Tells Floydada Garden Club of Soils of this Area

Lewis Dawkins, Plainview, was guest speaker at the meeting of the Floydada Garden club Friday night last week in the home of Mrs. R. L. Henry. Mr. Dawkins was introduced by the Home Demonstration agent, Lella Petty and spoke on the soils of this area.

Mrs. John Hoffman opened the meeting by reading a poem, "My Garden", by Mrs. W. D. Newell. The flower arrangement was by Mrs. O. G. Glassmoyer.

Refreshments were served to the guests by Mrs. O. G. Glassmoyer, John Hoffmann, G. R. May, J. D. McBrien, C. McDonald, E. J. Morehead, L. Norman, O. P. Rutledge, G. V. Smith, J. M. Willson, W. E. Grimes, P. Moss, R. C. Henry and Misses Lella Petty and Eloise Woodruff and Lewis Dawkins.

The club will meet on July 22 at the home of Mrs. E. L. Angus.

Wedding Ceremony At Aiken Church

Miss Mary Ellen Langfeldt, daughter of Mr. and Mrs. A. P. Langfeldt of Aiken became the bride of Mr. Lee Cole, son of Mr. and Mrs. L. Cole of Plainview, Sunday afternoon at 4 p. m. in the Aiken Methodist church.

Rev. W. B. O'Kelly, pastor of the church, officiated. The ceremony was a double ring ceremony before an archway of greenery flanked by lighted tapers in candelabras, with baskets of white gladioli and fern.

The bride is a 1948 graduate of Aiken High school and is attending a Plainview business college. She is employed with Lockview.

The groom is a 1947 graduate of Aiken High school and attended Plainview business college. He is employed as administrative assistant by Battery "A", 132nd F. A. Bn., 2nd Air Cavalry, of Plainview.

FAMILY GATHERING HONORS MRS. L. E. WILLIAMS

Honor guest of Mr. and Mrs. Erx Williams here Sunday was Mrs. L. E. Williams, of Roswell, New Mexico, when a number of her children and grandchildren assembled to be together for the day. In the number were: Mr. and Mrs. Albert Clubb, of Stock; Mr. and Mrs. Erx Williams, of Petersburg, and Mr. and Mrs. J. A. Bagwell of Armistead, New Mexico. Mrs. Clubb, Mrs. Bagwell are daughters of Mrs. L. E. Williams and Erx Williams a son. Among the grandchildren and company present were Mr. and Mrs. McEntire of Floydada, Mr. and Mrs. Jack Allmon, of Lubbock.

Lakeview News

LAKEVIEW, July 11—Six boys of the church together with their pastor and sponsor, Rev. G. A. Rowlett Monday p. m. for the Baptist Assembly grounds in Blanco county, for a three day encampment. The boys who went included Joe Estep, Charles Johnson, Wood, and Gene Rowlett, Alvin Bailey, and David Emert.

Mr. and Mrs. B. R. Teague of Aiken, N. M., returned home Thursday afternoon after a week's visit with their daughter, Mrs. E. H. Teague and family. They visited with the Teague's brother, J. B. Allen. Mrs. Allen of Lockney enroute to Aiken.

Mr. and Mrs. Fred Jones and daughter visited Mr. and Mrs. Erx Williams Monday night.

A joint party was given in honor of Ann Jones and Paul Pollock Friday night in the home of Mr. and Mrs. G. A. Rowlett. Ernest Emert was elected county agent of R. A's. We urge all boys ages 9 to 16 to be present at church Thursday night for orientation.

Mr. Tom Warren and family returned from a visit with her mother, E. L. Carpenter, at Bailey. Mrs. Warren and children had a picnic in Baileyboro for some time returned home with their husband and father who went down the river part of the week.

Mr. and Mrs. Jim Simpson are parents of a daughter born on July 7 at Lubbock Memorial hospital. She weighed seven pounds at birth. Her name is Sherri D. Dr. Mrs. Simpson have announced.

Mt. Blanco News

MT. BLANCO, July 11—Mr. and Mrs. Delmer Porgus and family were Sunday guests of the Dennis Taylor's.

Mr. and Mrs. Luther Norvell and son, State of Hereford spent the week-end with Mr. and Mrs. Bill Norris.

Mrs. Alvin Smith is in the Lubbock Memorial hospital, where she underwent major surgery last week. We hope for her a speedy recovery.

Mr. and Mrs. R. D. Armstrong and Roy D. spent Saturday night in Crosbyton with Mr. and Mrs. Walter Crawford.

Mrs. Dennis Taylor is in the Crosbyton hospital for treatment at this time, having entered Friday.

Mr. and Mrs. C. A. McClure visited Mrs. Alvin Smith and Mrs. H. B. Barnett in the Lubbock Memorial hospital Monday.

Mr. and Mrs. J. H. McClure and sons, Ronald and Duane visited Mr. and Mrs. J. W. McClure and children Friday night.

Margaret McClure is on the sick list this week.

Mr. and Mrs. J. J. Sandford of Waller, Texas have been visiting in the home of Rev. and Mrs. Earl Fort. They are parents of Mrs. Fort.

Mr. and Mrs. Wade Warren and family spent the week-end in Glenview visiting with Mrs. Warren's niece and husband, Mr. and Mrs. Oleff Hamblen. Also visiting with the Hamblens were Mrs. Hamblen's parents, Mr. and Mrs. R. L. Glenn, of Sulphur Springs.

Mrs. R. C. Smith of Floydada and her sister, Lela Hammonds of Post, Texas, spent the week-end at Vega, Texas, visiting with their brother, Cecil Hammonds and family.

Mr. and Mrs. G. B. Sloss of Shamrock, Texas visited the W. H. Bunch home Sunday night and Monday. Mrs. Sloss is a sister of Mr. Bunch.

Conservation District News

The Soil Conservation Service technicians assigned to Floyd county Soil Conservation district set a well location for F. W. Jackson of Lockney.

A contour map will be used to design an irrigation system to facilitate better distribution of water. Some contour ditch lines were run for R. R. Ferguson of the Sand Hill community. These lines were run for grade lines to plant drill sorghum in an odd area and to irrigate with.

Ditch lateral lines have been surveyed on the D. I. Wright farm and on land rented by Rhea Mitchell, both of Lockney. These lines will shorten runs and make possible a more uniform distribution of irrigation water.

The District Engineer assisted Cleo Bay of Aiken with an irrigation problem last week. Mr. Bay has recently developed a new well.

Farm Safety Week

National Farm Safety Week has been proclaimed by President Harry S. Truman as July 24 thru 30, 1949. The National Safety Council reports that in 1948 accidents in the United States cost farm people 36 million dollars for medical and hospital care plus loss of work time amounting to more than 17 million work days, plus the millions of dollars property loss. In addition to these direct costs there were many fatal accidents and thousands of permanent disabilities and partial disabilities. Such a staggering loss of life, health and income cannot be ignored.

Center News

CENTER July 11—Everything looks lovely after the good rains and heavy showers. Some got an inch and some two or three inches. It was all appreciated.

La Juana McAda and Mary Alice Plumlee spent Saturday night with Eunice Welborn. All were present at Sunday school.

Mr. and Mrs. Bill Coggin and family of Phillips, accompanied by a nephew, Dwain Coggin of Lovington, New Mexico, visited the J. E. Greens Tuesday night. They left Wednesday afternoon for Phillips. Margaret Green accompanied them home for a week's visit with relatives there. Dwain stayed for a visit with Don Green.

Mr. and Mrs. J. D. Welborn and family and Mrs. Ida Welborn visited in the Green home Thursday evening.

Mr. and Mrs. J. E. Green visited Friday evening with the D. I. Boldings of Floydada.

Some people from Center were seen at the Workers conference at Floss Baptist church Tuesday.

The J. E. Greens and Dwain Coggin were Sunday dinner guests in the W. A. Latta home at Mt. Blanco. The Latta's were scheduled to leave Monday for Rochester, Minnesota, where Mrs. Latta is to go through the Mayo clinic.

Bruce Horton is spending the first of the week with his grandparents, Mr. and Mrs. Walter Sims.

Next Sunday will be church day. Bro. R. C. Hodges and family of Plainview expect to be with us. Come and bring somebody with you.

Center Home Demonstration Club met Friday with Mrs. Clyde Henderson. The subject was "chemurgy," an interesting medical subject, dis-

Culpepper Family Enjoy Re-Union

Mr. and Mrs. W. L. Culpepper have had as their guests the past week all of their children and their families. Part of the children arrived in their parent's home as early as Tuesday of last week with the remainder of them coming the latter part of the week. All the children had not been home at the same time since 1944. A very enjoyable week-end of just visiting was spent by the family.

The Culpepper's children and their families are Mr. and Mrs. H. W. Davis, of Ringold, Louisiana, Mr. and Mrs. J. H. Culpepper and family, of Dallas, Mr. and Mrs. Elmer Redwine, of Big Springs, Mr. and Mrs. Lester Burgett and family, of Garland, Mr. and Mrs. Joe E. Wilson, of Canyon, and Mr. and Mrs. William Culpepper and daughter, and Mr. and Mrs. S. L. Holmes, Jr., and family, of Floydada.

OUR DEEP APPRECIATION

To the helpful and considerate neighbors, the singers, the pastor, and all who so thoughtfully ministered to our loved friend, Mrs. Lizzie Walters during her illness and at her death.

Mr. and Mrs. W. H. Seale

Mrs. Bernard Jaeger of Cincinnati, Ohio, is visiting with her father, J. D. Eaves and sister, Mrs. Carl Dennison and friends. Mrs. Jaeger was formerly Zula Eaves.

Discussed by Mrs. Allen, Mrs. Jordan and Mrs. Henderson.

Delicious refreshments were served to Mmes. C. L. Ashton, W. T. Lightfoot, R. C. Ross, Henry Willis, Oliver Allen, Woodrow Wilson, O. C. Vinson, J. A. Hartsell, W. B. Jordan, J. L. Heim, and the hostess, Mrs. Henderson.

The next meeting will be with Mrs. Henry Willis on July 22.

Rubber stamp ink, numbering machine ink. Hesperian office

Mrs. David Davenport, of Altus, Oklahoma, spent Friday and Saturday of last week with her parents, Rev. and Mrs. Jack Young.

Mr. and Mrs. R. H. Rogers and grandson, Ronnie Rogers, of Lubbock visited her parents, Mr. and Mrs. C. T. Warren Sunday.

Mr. and Mrs. Darrell Caruthers and family are here from Hays, South Dakota. The Caruthers are here on harvest business.

Moving Grain from Location of Ware House

Dempsey, manager and owner of Dempsey Grain company, is on the way to working out multiple number of problems which have arisen since the grain company's big storage plant on North Tenth burst it's seams Wednesday morning of last week and filled approximately 20 carloads of wheat out on the ground.

Dempsey and a crew of men have been putting the wheat through the combine head to keep it in condition following the dampness of the week-end, and have been shipping it to other points either in form of sold wheat or for stor-

116 W. Missouri Phone 539

age. Last week-end Dempsey bought some of the stored wheat at the low price and thus gave the interested farmers their loan values without further ado. Later markets have made this move so expensive he had to give it up.

Bonded Insured

The burst warehouse is a bonded and insured plant, and is not due to cause any loss to farmers who had grain stored there.

Dempsey, a young man, has for a partner his father-in-law, W. C. Watson, of Lubbock. Undaunted this week Dempsey declared that troubles could not be solved by running from them. They are making plans, first to take care of the wheat on the ground as fast as they can and then make plans for rebuilding.

"We thought we had a good building and the builders thought so, too," said Mr. Dempsey. Construction on the ware house, a steel building with concrete wall, on which the superstructure was erected, was begun about 60 days ago with a big crew of men at work to finish rapidly.

Last Wednesday morning, when it was approximately full, the turn buckles began to pop, half inch steel cables to pull loose from their moorings and steel girders to give way under the stress. Within 30 minutes the building was in collapse. Dempsey Monday estimated it at a total loss. What the amount of loss to be sustained will total he did not indicate, but it will be above \$10,000. After the wheat is cared for tearing out the debris and replacing the building will be the next undertaking, he said.

IN MEMORY OF RAY RAMSEY

(By Mrs. Perry Tipton of Lockney)

Ray, you have left us; our loss is your gain.

You left us all in sorrow, in tears and in pain.

Your loved ones will soon bid your form farewell.

Your spirit having ascended to the home of your God.

You once lived among us, your friendly smile we miss.

We all loved you, it is not easy to forget you.

You gave your life that we might live.

Now we pray God's blessings for your loved ones as they bid you farewell.

Now Ray, we are coming, and that before long, we know.

Where to find you, where the Spirit says come.

We'll dwell then together, in the sweet evermore.

With friends that will come and those gone before.

Mr. and Mrs. Hilton Jones have returned from a week's vacation spent visiting relatives in Fort Worth and Austin. Mr. Jones is employed at Daniel Automotive company.

As A Farm Woman Thinks

(By Nellie Witt Spikes)

We are having eight hour work days alright now on the farm. We work eight hours from six till two, then eight more before bedtime.

John is watering the reed and he turned two tubes on the orchard where we have a truck patch and Wilda and I tried to keep the water going down the rows. The land is very uneven, and the slope is to the northeast. We would start the row, then the ditch would break. We would build up and start again. Finally we had a good many rows of corn and peas and beans in the skips watered fairly well.

I dug and sweat poured from my face. I looked up at the sound of thunder and thought how quickly the clouds could drop rain and stop the work we were doing and do a better job at that. But the clouds only sprinkled our clothes at ironing dampening our clothes at ironing vegetables to eat. I thought, knowing that next winter I would be very happy to have full shelves not to count the supply for summer tables soon to be. Green crisp beans and blackeyed peas boiled with a bit of bacon; cucumbers and white onions keeping company in vinegar bath; corn dripping with yellow butter; okra a crunchy brown from the skillet; buttered beets and sugared carrots; red tomatoes with salt.

Somehow the tiredness left me as I visualized the future pay-off of the hard work and later I sat near the electric fan for a short rest and read items from the Southwestern Crop and Stock, the Floyd County Hesperian, The Ralls Banner, The Lorenzo Tribune, The Petersburg Journal, and a copy of the

For Electrical Contracting and General Electric Home Appliances see Holmes Electrical Phone 441

Abernathy Weekly Review with an account of the "Big Day" sent me by the Editor.

Margaret Nell brought in a huge toad frog and asked me if it would make big warts on her hand. I said yes, but she said, why it can't, it has only little warts on it.

I heard an interesting conversation this afternoon between George Young and Captain Nugent Brown. Of course this was from KAMQ. George Young starts the day with his funny cuckoo program and when he tells the news he makes it as interesting as bits of gossip heard over the back yard fence, giving it a confidential turn as if he were only telling it to one person. We enjoy the Home Town Newspaper half-hour a lot and look forward to meeting interesting personalities that George entices into his studio.

There are three mother cats on this place and always there is a bunch of kittens that Margaret Nell wants to keep. I read a story one time about a man starting a cat ranch and also raised catfish in big lakes. He fed the cat fish to the cats and fed the cats to the fish, making the proposition self-supporting as it were. Oh, do you suppose that was a tall tale?

My granddad, viewing earth's worn coqs. Said things were going to the dogs:

His granddad in his house of logs; Said things were going to the dogs; His granddad in the Flemish bogs; Said things were going to the dogs; His granddad in his old skin togs; Said things were going to the dogs; There's one thing I have to state; The dogs have had a good long wait. —Perennial Journal

Can Black-Draught help that dull, dopey feeling?

Yes, Black-Draught may help that dull, dopey feeling if the only reason you feel that way is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller with four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, mental listlessness, bad breath—and if these symptoms are due only to constipation—try Black-Draught. Get a package today.

Highway Accident Injures Niece of Pierce at Marlin.

J. M. Pierce was in Marlin the latter part of last week to be with his niece, Yvonne Fields, who was injured in a highway accident Saturday. Miss Fields was riding with two companions, Sallie B. Davidson, of Reagan, and Jimmy Cullen Rogers, of Marlin, when their car hit the end of a bridge. Miss Davidson was killed in the accident.

Miss Davis and Miss Fields, both students of Baylor, were conducting a Bible school in Marlin. Miss Fields is the daughter of Mr. and Mrs. A. B. Fields, of Pharr.

Accompanying Mr. Pierce to Marlin were his father, A. O. Pierce, of the Mt. Blanco community, his sister, Mrs. John Irvin of Crosbyton, and two of his brothers, Otis, of Kalgary and Dave of Odessa.

ATTENDS FAMILY RE-UNION

Felt Patterson returned from Dallas Tuesday where he attended a family reunion in the home of his sister, Mrs. Alta Bradley.

Those attending the reunion were Mr. Patterson's sisters, Mrs. Earl Lowrey, Mrs. Fern Clark of Los Angeles, Mrs. W. G. Elmore of Colton, California, and a brother, Roger Patterson of Port Arthur, Texas.

Mr. Patterson also visited a sister, Mrs. Sam Cotner, in Breckenridge.

BRINTS FAMILY ATTENDS RE-UNION AT CROSBYTON

Mr. and Mrs. W. W. Brints, their daughter Christine, and sons Norman and Calvin, were among the celebrants who gathered at the home of Mrs. Brints' mother, Mrs. O. C. Fowler, Saturday night and Sunday in Crosbyton, to enjoy a family re-union. Mrs. Harvey Bass, of Muleshoe, Ed Bingham of Pecos, New Mexico, Wilburn Bingham of Crosbyton and Miss Geletta Bingham of Crosbyton, are the other children in the family of Mrs. Fowler.

The Bass' and their daughter Carolyn, the Ed Bingham and their two daughters, Linda Sue and Mary Ann, were present as well as the Wilbur Bingham and Miss Geletta.

The family crowd sang songs and talked until midnight of Saturday. They were just beginning a picnic dinner out under a large tree Sunday noon when a shower ran them into the house, Mrs. Brints said. She and her family thought they would be the first on the scene Saturday evening, but learned upon their arrival that all the other children had reached their mother's home Saturday morning.

Mr. and Mrs. J. G. Martin and daughter, Betty Gail, left yesterday afternoon for an extended trip through the northern states. They plan to visit Chicago, possibly New York and Lockhaven, Pennsylvania, where they will be guests of their daughter and sister, Mrs. Richard A. Walker, Mr. Walker and family. The Martins plan to be gone two or three weeks.

Attendance Grows at Youth Meetings

The attendance in the Youth activities week at the Methodist church is growing each evening.

Wesley Daniel, of Lockney, is directing the play period and leading the worship services. A "hay ride" is being planned for Friday evening.

All young Methodists and their friends from 15 through 23 years of age are invited. Mr. and Mrs. J. A. Currie, the counselors are to share this popular outing with the young people.

Mrs. Robert Montgomery has agreed to sponsor the Intermediate fellowship. Both Intermediate and Senior young people will meet in the Fellowship meeting Sunday evening at 6:30. Goals for attendance on Sunday morning are being set and record attendance is expected.

Judge Walker New Lions President

CROSBYTON—Judge W. P. Walker was installed Tuesday night as president of the Crosbyton Lions club, at the annual installation program and ladies night, held in the basement of the First Methodist church.

Other officers for the new year are Walter Knapp, vice-president; Jack Arthur, second vice-president; J. W. Carter, third vice-president; Olen Littlefield, secretary-treasurer.

PEOPLES HOSPITAL

E. T. Hanks was dismissed July 12 after receiving medical treatment.

J. A. Hall was dismissed July 8 following medical treatment.

Mrs. Garvin Beedy and new son were dismissed July 9 as were Mrs. M. W. Johnson and daughter, Vickie Lynette, on July 12.

Born to Mr. and Mrs. W. R. Daniel, a son on July 6.

Mr. and Mrs. J. C. Nelson are the parents of a son, born July 7. Mother and baby were dismissed from the hospital July 10.

Mrs. James E. Robertson and Mrs. Sheryl Calloway were dismissed July 9 after receiving medical treatment.

Admitted for medical treatment on July 8 was J. D. Goodgoin.

Mrs. J. C. Garrett underwent treatment for injuries received in a car accident July 10.

Joe Mac Holmes was dismissed July 11 following medical treatment.

Mrs. David Lambert was admitted July 12.

DOUGHERTY CLUB MEETING

The Dougherty Home Demonstration Club met July 8 with Mrs. Bruce Johnson and the president, Mrs. Ruth Daniel in charge. Miss Lelia Petty gave a demonstration on "salads and salad dressing", which all enjoyed.

The attendance prize was awarded to Mrs. Maurice Campbell, game prize to Mrs. Claude Ring and Mrs. Lewis Blum.

Refreshments were served to Misses Maurice Campbell, Ruth Daniel, Sam Lide, Bill Smith, Claud Ring, C. E. Bartlett, G. W. Smith, William Hinton, Lewis Blum, C. W. Woodson, Bruce Johnson, a visitor, Mrs. J. W. Ross and Miss Petty.

The next meeting will be July 20 in the home of Mrs. Ruth Daniel, as hostess.

Control Winter Rat Population Now

bering from three to thirteen. This adds up rapidly.

If your place is infested with rats there will be many methods of control. However poisoning will usually give the best results. Red Squill is by far the safest poison available and will give excellent results when properly used.

If Red Squill is used it should be mixed with bait in the proportion of one part squill to nine parts bait material. Bait materials which have given excellent results are:

- (1) One part cracklings mixed with 3 parts oatmeal;
- (2) Fresh, lean ground meat;
- (3) Cubed apples, tomatoes, cantaloupe, etc.; used together or separately.

It is important that more than one type of bait be used.

Ways to Get Results
Find out where the rats are living, watering, and feeding and then place the poison between the refuge and the watering or feeding place. Put out more bait than you believe to be necessary. Many small baits are better than a few large ones. Do not put out a few baits each day but cover your place thoroughly with one application and then do not use any more Squill bait for at least two weeks. Any bait left three or four days should be picked up and burned. Dead rats should be burned or buried when found.

After you have reduced or removed your original rat infestation you should take steps to prevent re-infestation. Rat-proof your buildings as near as possible, remove other places of refuge and watch for re-infestation because rats do move from one neighborhood to another. Rat control is usually thought of as an individual problem, however it can become community-wide so check your place for rat infestation in the near future.

Feel free to come by the county agent's office for information on rat control or any other agricultural problem that you might have. Mr. McLeroy concluded.

Preached Opening Sermon of Revival at Nazarene Church

First in a series of evangelistic sermons at the Church of the Nazarene was given last night, when Rev. H. E. Darnell, of Vivian, Louisiana, preached. It was the opening of a revival meeting that will continue through July 24.

Rev. C. C. Calhoun, pastor of the church, has announced that services begin at 8:15 each evening, with special singing and old-fashioned gospel preaching.

Church of the Nazarene is located at 300 West Tennessee street. Rev. Darnell is giving all of his time to evangelistic work.

The public is extended a cordial invitation to attend the series of services.

Baby With 2 Teeth Born To Obie Lees

Miss Deborah Sue Lee, a June 28 daughter of Mr. and Mrs. Obie Lee, Jr. of San Antonio, is one youngster about whom the parents won't have to worry when she will begin cutting teeth. Miss Deborah was born with the two lower front teeth. She weighed five pounds, 12 ounces.

The little lady's mother is the former Betty Durham, daughter of Mr. and Mrs. Edd Durham, of Floydada. The girl was born at Brooks General hospital in San Antonio. Her father is an army sergeant.

Mrs. J. T. Wilson, of Clovis, New Mexico, is the paternal grandmother.

MRS. HUTCHINSON HOME FROM TRIP TO EAST COAST

Mrs. J. A. Hutchinson has returned from an extended visit in Washington, D. C., where she was guest of her daughter and husband, Mr. and Mrs. Ray Eckenrode, and a cousin, Lindley Beckworth, the latter congressman from the Third district.

Enroute home Mrs. Hutchinson attended a family re-union at Canton, Texas, where 202 relatives gathered in an annual get-together.

Modena Hartsell, daughter of Mr. and Mrs. J. A. Hartsell, is now employed as bookkeeper at Oden Chevrolet company. Miss Hartsell moved here from Amarillo the middle of June. For the past year, she had been employed at Plains Chevrolet company in Amarillo.

Mr. and Mrs. Jack Johnson and family have been vacationing for the past two weeks. The Johnsons have been to Indian Popow, Arizona, Salt Lake City, Utah, and through northern Colorado. They returned home Sunday.

Miss Joy McCravey spent the week-end visiting her aunt, Oma Lee McCravey, in Lubbock.

Miss Rena Taylor, secretary of the First Baptist church, spent last week in Ralls as guest of her parents, Mr. and Mrs. G. R. Taylor. Sunday Miss Taylor attended the wedding in the First Baptist church of her brother, Deverill Taylor and Miss Fayrene Beck.

Mr. and Mrs. Shelby Cook and children of Amarillo, and Mr. and Mrs. Julian Edmondson and children of Borger returned to their homes Sunday after spending several days with their parents, Mr. and Mrs. Fred Battey.

Rev. and Mrs. Arch Gibson and son Billy of Shamrock, visited Mrs. Ella Johnson Friday night returning to their home Saturday. Rev. Gibson is pastor of the Church of the Nazarene there.

Mr. and Mrs. L. V. Shurbet, of Roy, New Mexico, spent the week-end here attending to business and visiting with relatives.

Mrs. Ben Roberts, of Denton, is here visiting in the home of her sister, Mrs. W. B. Cantrell, Mr. Cantrell and family.

Two Polio Cases Reported in Week

Two Floyd county youngsters were admitted to West Texas Polio center at Plainview the latter part of last week. Jimmy Howell, 8, son of Mr. and Mrs. Horton Howell, of Sterley, was carried to Plainview Thursday night by a Carter ambulance, of Lockney. Jimmy was quite ill for a time, but was reported yesterday afternoon as improving slightly. Jimmy's case was diagnosed as bulbar type polio.

Little Marjorie Schacht, daughter of Mr. and Mrs. Fritz Schacht, of Lockney, was admitted to the polio center Saturday night. She is also in an improved condition.

LAKEVIEW CLUB NEWS

An interesting demonstration on salads was given by Miss Leila Petty in the home of Mrs. L. D. Gollightly on June 7, and was enjoyed by all present for the Lakeview Home Demonstration club meeting.

Visitors present were Meses. Roy Pawver, Leslie Pawver, Wayne Russell and C. T. Morrison; Members, Meses. Earl Edwards, Paris Wheeler, Buel Neff, Kenneth Morrison, Bruce Davis, G. V. Wright and the hostess L. D. Gollightly.

The next meeting will be held in the home of Mrs. Kenneth Morrison on June 21.

Visitors in Mrs. Cora Pace's home Sunday were her sisters and their husbands, Mr. and Mrs. Carl Smith of Canyon, and Mr. and Mrs. Lang of Kress.

Mr. and Mrs. Travis Dunn of Plainview visited relatives here Sunday.

Johnnie and Lucinda Morehead of Plainview visited in the home of their grandmother, Mrs. John N. Farris, from Thursday to Sunday of last week. The children were here while their mother accompanied her husband to attend the bar association meeting in Fort Worth.

Mrs. A. C. Collins accompanied by her grandson, Jerry McNutt, of Littlefield, is spending the week in Fort Worth visiting with Mrs. Collins' daughter, Mrs. L. B. Hart, and family.

Misses Mildred Sandell and Lois Tompkins left Saturday to make their home in Wichita Falls. They have been here since May and were employed as nurses at Peoples hospital.

Mr. and Mrs. D. T. Mayo have returned this week from a short visit in Madison, Wisconsin, where they have been the guests of their daughter and family, Mr. and Mrs. L. H. Hodges.

Visiting in the R. B. Hatley home over the week-end were Mrs. Hatley's mother, Mrs. A. R. Cardwell, nephew, Joe Dick Glover, all of Lela, Texas.

Mrs. J. W. Graham has returned home from an extended visit in Natchez, Mississippi, where she was guest of her daughter, Mrs. C. L. Smith, and family.

Mr. and Mrs. Parnell Powell and family, accompanied by Mrs. Powell's niece, Estelle Richardson, left Friday for a two week's vacation to be spent in Colorado.

Mrs. H. A. Finley visited her son, Buck Sullivan at Seminole, Texas, over the week-end.

Huckabees Get First Of Many New Telephones

LOCKNEY—The O. H. Huckabee home, seven miles east of Lockney, was the scene Wednesday morning of last week, of the first installation and hook up of a telephone on the new rural telephone lines built out of Lockney exchange by Southwestern Bell Telephone Co.

Three or four other telephones were installed on the same line Wednesday and the telephones will continue to be installed at the rate of six or eight a day. A total of 350 applications for rural telephones out of Lockney office are on file. These living on the lead line east of town will have their telephones

installed first and a lead line running into the Sterley area will be the next group to receive telephones, manager Cornell said.

As the custom is, the Huckabees were allowed to make a long distance call free of charge because they were the first to receive a telephone. Mrs. Huckabee called her brother, Sgt. W. H. Foster, Jr., stationed at Tacoma, Washington.

The Huckabee's number is 214W5. Other numbers on this line will be 214W2, 214W3, and 214W4, and on the other side of the line the same number with a J substituted for the W. The last figure in the number signifies the number of rings.

As many as eight parties may be served on each line but the subscriber will hear only half of the numbers ringing since the W side will ring on a different side of the line than the J side. To call a party the user should call the operator and ask for the number even though the party is on the same line with him, Mr. Cornell said.

No REA lines are utilized on the lines out of Lockney office as they are from the Floydada office. The lines are well built and do not have the humming and static that has been common on rural lines. The voice is as clear as if it were on city telephones.

Mr. and Mrs. Glenn Day spent Sunday in Post, Texas visiting with their parents, Mr. and Mrs. G. R. Day and Mrs. W. J. Shepherd.

NO BLESSED EVENT

In the Aransas National Wildlife Refuge, near Austwell, Texas, excitement ran high last month. Two whooping cranes had built a nest—the first of its kind ever observed. In it were two eggs. So great were the crowds from Houston, Corpus Christi and other points that the refuge had to be closed to visitors, reports Pathfinder news magazine.

Reasons for the excitement: Only 33 of the great, five-foot birds are known to exist. The Aransas pair, cripples which can't fly, were the first to lay eggs in captivity. The National Audubon Society watched breathlessly to see if they would hatch.

Last week the Society reported sadly that the eggs were infertile and had been destroyed by the cranes themselves. "The birds seemed to know they were no good," a spokesman said.

DAUGHTER BORN JULY 5

Mr. and Mrs. Wendell Johnson are the parents of a daughter born July 5 in Peoples hospital. The young lady weighed seven pounds plus and was named Vickie Lynette. Mrs. Johnson is the former Thelma Pierce.

Grandparents are Mr. and Mrs. J. M. Pierce, of the Starkey community and Mrs. J. L. Johnson, of the McCoy community.

ATTEND GRUNDY RITES

QUITAQUE, July—W. J. Rice took members of the Grundy family from Quitaque to Floydada Wednesday afternoon to attend the last rites for Mrs. I. R. Grundy. Attending from Quitaque were Mr. and Mrs. Gert Grundy, Jess Grundy, and Mr. and Mrs. Jean Grundy and Mrs. Rice.

Mrs. Grundy was a sister of H. R. Irby of Turkey who, accompanied by Mrs. Irby went to Floydada Tuesday. Mr. and Mrs. Reddell Irby, Mrs. Ed Meacham and Pete Irby, nephews and nieces, went over Wednesday for the last rites.

MANY AT FAMILY RE-UNION

QUITAQUE, July—Mr. and Mrs. Gordie Washington were hosts at their home at Plomot over the weekend to a delightful family re-union of members of the W. M. Miller family, with more than 120 present to enjoy the occasion.

Barbecue and lots of other good things to eat were served, there were songs and music and pleasant visiting.

RE-BURIAL RITES SET

LOCKNEY—Pfc. James Franklin Rogers, Jr., was killed on March 15, 1945 while participating in an attack on German lines in Germany. Last week, his father, J. F. Rogers, sr., of Lockney, received a telegram from the War Department stating that the remains of the soldier was enroute to the States for reburial.

Mr. and Mrs. Troy Vaughn and daughters are expected home tomorrow night from Harlingen, where they have been the past two weeks as guests of Mr. and Mrs. C. E. Burns. Vaughn is manager of Braselton Implement company in Floydada.

WATER LINE IMPROVED

LOCKNEY—The city water will be cut off from time to time while workmen are tying in the new water lines, Mayor Brunner said this week.

IF IT'S Power YOU WANT

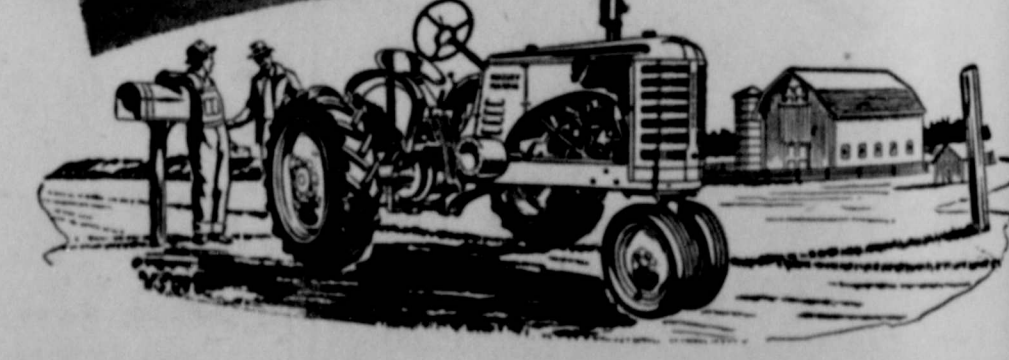

Make it a Massey-Harris

Tough spots disappear when you put a Massey-Harris tractor to work on your place. There's more power in Massey-Harris... more downright lugging ability at the drawbar... more capacity on belt work... more reserve, stamina, dependability. It's the result of high compression in the engine, straightline design in the transmission. High compression takes the loziness out of an engine... makes it peppy, more alive, more responsive. A straight line transmission delivers that power smoothly, efficiently... you get full power on every belt and field operation.

There's a Massey-Harris tractor for your farm... 6 great models... 5 power sizes... each the power and economy leader in its class.

Here's that extra power you need to make those stubborn 2-pow jobs say "uncle." It's the new Massey-Harris Model "22"... with a bigger huskier, 4 cylinder engine, smooth, quick-acting brakes, new grille styling... more power, more economy, more top notch field performance. Plus... a new hydraulic control—Depth-o-matic System that holds implements to their work regardless of field conditions. Come in and get the facts.

THANKS, AMERICA, FOR the biggest half year in Studebaker history!

THE Studebaker buying wave that's sweeping the country grew to huge proportions the past few weeks.

By the end of June, so many people had bought new Studebakers that the biggest half year in all Studebaker history was recorded.

A 1949 Studebaker is more than a new vision of loveliness inside and outside. It brings new thrills that counts, new handling ease and riding comfort into motoring.

PLAINS EQUIPMENT CO.

STUDEBAKERS, REALLY ROLLING! 1949 IS A STUDEBAKER YEAR!

Thirsty West Dams See Good Waters

A program to revise Federal Flood Control laws provide "billions for water to drink" is the move of the West Texas division of the Army Corps of Engineers in its fight against thirsty West Texans. A report just issued by President John D. Mitchell has launched the organization has launched its efforts for a revision of present laws and provides a criteria by which small dams and municipal supplies may be built.

that there is an economic loss from lack of water greater than flood loss.

The report, written by Manager D. A. Banded, long champion of West Texas water rights, includes a survey of eight West Texas cities, showing their economic loss due to lack of water.

Banded also cites the Hoover recommendation to place municipal water in first priority in federal requirements, which is in accord with the policy of the WTCC which was responsible for the writing of the Wagstaff-Woodward act in 1931 giving Texas municipalities prior rights to the use of water.

This report points out that the eight cities surveyed in West Texas show a loss of \$161,950 annually on water overcharges, and a loss due to property depreciation, industrial and population loss and stagnation of \$1,706,827. The towns surveyed are Baird, Roby, Rotan, Jacksboro, Archer City, Aspermont and Stamford.

The WTCC report takes up the Hoover commission task reports and recommendations and urges a new criteria for building dams. These

now are built by the Corps of Army Engineers and the Bureau of Reclamation largely under authority granted in the Federal Flood Control act of 1936. This act declares floods to be a menace to the national welfare and provides the manner they can be built. As a result these are all large dams and finally result in the production of hydro-electric power.

Justification of the large dams must be found, either by the Army engineers or the Reclamation Service in flood control benefits, irrigation and finally the production of power.

The WTCC report points out that little of this expenditure is recoverable, but that money spent on smaller dams to provide domestic water to upstream towns would efficiently afford flood protection, and at the same time produce revenue which would eventually retire the debt.

Scrutiny of 18 major multi-purpose projects by the Hoover Task Force report reveals the results of the financial structure and returns of the projects. Figures on one project reveal an estimated annual benefit of \$168,000,000 and an estimated annual cost of over \$65,000,000. As the annual benefits exceed the annual cost, justification was found to obtain an appropriation of \$1,257,645,000 for the project's capital structure.

Funding of this capital structure was set up under a schedule of 40 annual irrigation payments with-

out interest, 50 power payments at 3 per cent interest, and 40 other small revenue payments without interest. All of these payments from receipts were estimated to amount to \$25,000,000 annually with which to meet an annual amortization and operation charge of over \$65,000,000. This means, WTCC points out, that on this operation the taxpayers must bear a loss of over \$40,000,000 a year; also that around 60 per cent of the cost of the project or \$720,000,000 is not to be paid back and therefore represents a direct donation by the taxpayers.

For purpose of illustration Whitney dam on the Brazos is used in the WTCC study as compared with utilizing waters for domestic purposes. The dam is being constructed by the Corps of Army Engineers and will retain water on the Brazos unappropriated by the State of Texas.

This dam, according to the report, is to have an authorized storage capacity of 2,017,500 acre feet of which 1,375,000 acre feet or 68 per cent has been designated as flood control. The estimated cost of the dam is \$32,000,000 and at 68 per cent, the cost for flood control benefits would be \$22,000,000, and cost of power benefits \$10,469,000. The only payable benefit is from the sale of power which, less operation and maintenance costs, is estimated at \$443,700 per year. This annual revenue per year is sufficient only to amortize, over 35 years at 2 1/2 per cent interest, 32 per cent of the project.

In reciting the forgotten benefits or the municipal economic loss due to inadequate water, the WTCC report sets up the manner in which multi-city dams could be constructed on the upper reaches of the

Brazos, achieving the same results in flood control. At the same time these smaller dams would provide domestic water for most of the 300 municipalities on the watershed. The report says:

"The eight cities with their 28,000 population, if using 120 gallons of water per capita, would use a total of 1,261,000,000 gallons yearly. Assuming that this water were purchased by the cities from nearby government reservoirs at 10 cents per thousand gallons, an annual revenue of \$126,000 would be possible. This amounts to a water sale of around \$4.40 per capita per year. As the government has funding plans ranging from 30 to 50 years with only a minor part bearing interest and less than half of the corpus being paid back, this \$126,000 annual potential revenue over a 40 year period of time without interest, would fund around \$5,000,000.

This \$5,000,000 could build 8 different reservoirs, each with a 12,500 acre feet capacity. Such dams would adequately supply the respective 8 cities with water and are needed to assure the cities of sufficient water for growth and development and for adequate supply through dry years as well as wet years.

"Such dams holding 100,000 acre feet of water on the Brazos upper tributaries would first of all cause a cessation of floods to that extent in the lower reaches of the Brazos and would accomplish the general welfare benefits of flood control. Such dams would accomplish another new benefit which is submitted as equal to, if not greater than flood control benefits, namely, the benefit of overcoming the economic loss to the cities due to lack of water and the benefits of halting the stagnation and strangulation of the several cities and turning them into healthy growing communities. Furthermore, such dams appear to be wholly self-liquidating as far as capital corpus is concerned while the Whitney multi-purpose dam is less than 32 per cent self-liquidating."

WORD OF APPRECIATION

We are so grateful to our friends and neighbors for their kindness and aid during the illness and at the death of our wife and mother.

May the Lord be as good to each of you in your hours of sadness.

South Plains News

SOUTH PLAINS, July 11—The showers that have been going around surely are helpful. We received an inch and a half here Sunday afternoon and Sunday night. Maybe we will get some more that will be more general.

Mrs. Johnnie Johnson and children, of Amarillo, are visiting in the home of her parents, Mr. and Mrs. F. L. Marble, and other relatives.

Mr. and Mrs. E. P. Smitherman and children visited in the Roy Childress home Sunday.

Mr. and Mrs. H. R. Hartman and children spent Thursday in Lubbock shopping and visiting with Mrs. J. B. Jarnagin and Floyd and Mr. and Mrs. Lloyd Horn and children. Ray returned home after visiting there some two weeks.

Mr. and Mrs. C. Y. Ford had a host of company Sunday.

Guests in the Arthur Brown home Sunday were Mr. and Mrs. E. A. McLeod, Mr. and Mrs. H. S. Calahan, sr., Mr. and Mrs. H. S. Calahan, jr., and Mr. and Mrs. Jack Calahan and son, Jackie Don.

Mr. and Mrs. Shelby Calahan and children were supper guests of Mr. and Mrs. Gilbert Bean Tuesday night.

Guests in the home of Mr. and Mrs. Art Willis is his granddaughter from Fort Worth.

Winnie Hartman is attending the 4-H girl's camp in Lubbock this week.

The junior girls and boys are to attend camp at the Baptist camp in Blanco canyon next week.

Lonita Gamblin, of Lubbock, is here this week visiting her aunt and uncle, Mayor and Mrs. F. C. Harmon.

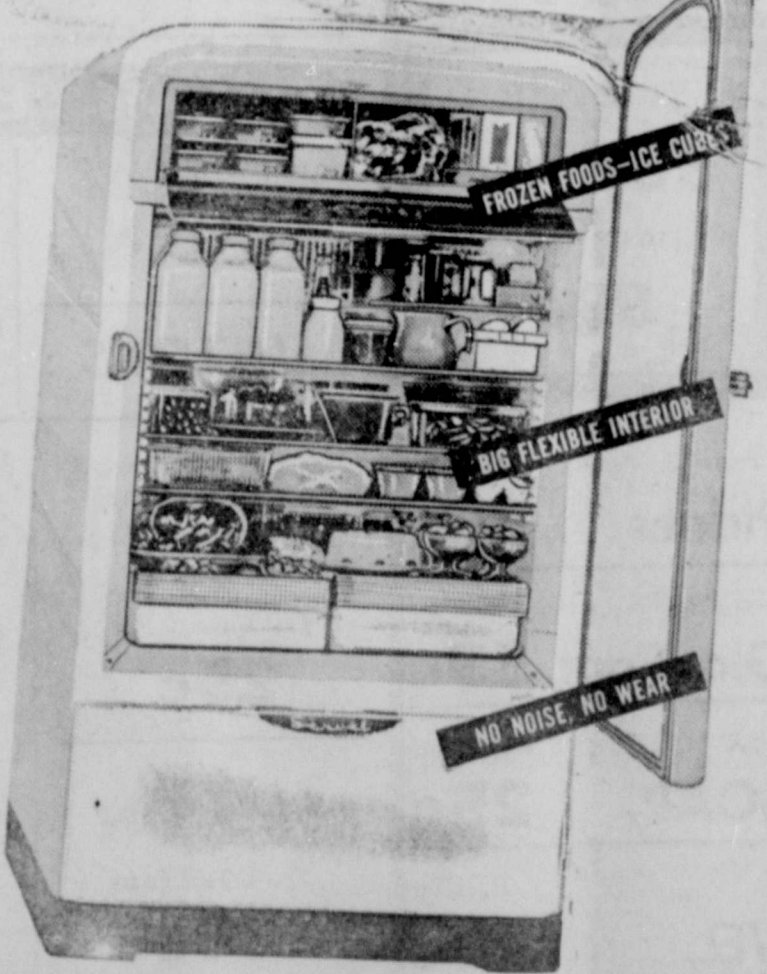

Now! New Lower Prices
COME IN AND SEE HOW MUCH YOU SAVE on the NEW SERVELS

Here's why the Gas Refrigerator

**STAYS SILENT
LASTS LONGER...**

Only Servel freezes with No Moving Parts

Look at all the new refrigerators. Study them closely. You'll find there's only one that's really different... offers you more years of silent, dependable refrigeration. It's the Servel Gas Refrigerator.

That's because Servel operates on a basically simpler freezing system. It has no machinery to cause noise, no motor to wear, break down, need fixing. A tiny gas flame does the work. So owners find Servel stays silent, lasts longer. Many of America's almost 3,000,000 Gas Refrigerator users report that theirs are still on the job after 15, 18 and even 20 years.

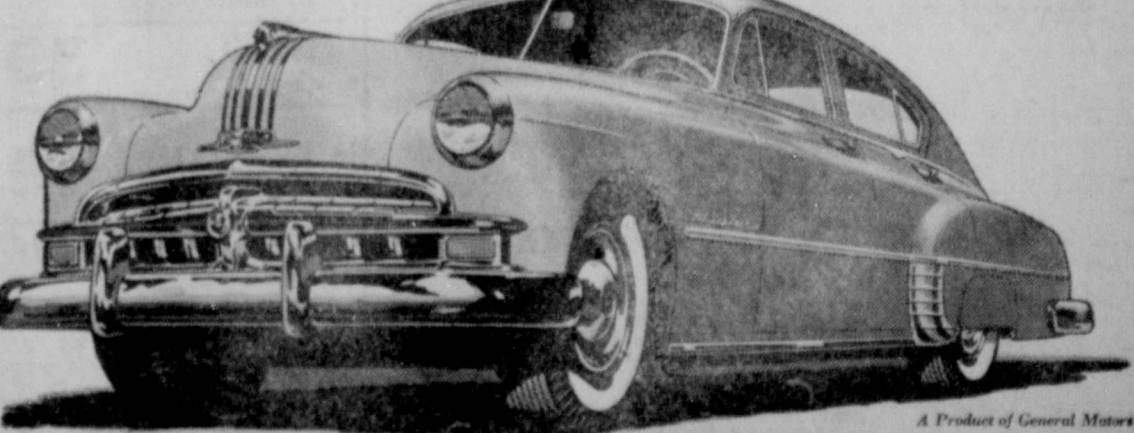

But silence and longer life are only part of the story. The new Servels bring you every modern convenience, too. Plenty of ice cubes—easy to get at. Big frozen food compartment. Dew-action vegetable fresheners. Come in today—choose your new Gas Refrigerator from a complete line of beautiful models.

Petersburg Sec'y Has Tough Round With Severe Rash

Jack Hall, city secretary of Petersburg, was returned to his home Friday of last week following a stay of nine days in Peoples hospital receiving treatment for a rash that had covered his body.

Besides being city secretary, Mr. Hall also has charge of the light, gas and water bills. It is believed that the form of rash was from contact with weeds through which he went while reading meters.

His office in Petersburg has been closed during his absence.

Mrs. M. W. Vineyard and son, William, of Alameda, California, are here for a three week's visit with their parents and grandparents, Mr. and Mrs. J. H. Barnard. Barbara Barnard, who had been visiting in California, returned to Floydada with her sister.

Those visiting in the J. E. Roy home this week-end were their daughters, Mr. and Mrs. Harold Huggins and family of Colorado City and Mr. and Mrs. Gordon Gray of San Diego, California. Mr. and Mrs. Roy and Guy will accompany the Grays home Thursday.

Minister's Illness Postpones Revival

The Fundamental Baptist church revival which was scheduled to begin Monday of next week at the church on West Grover, has been postponed until an August date, yet to be set, it was reported this week by Rev. Jack E. Young, pastor of the church.

Postponement is due to the fact that Evangelist Clarence Bishop, of Borger, who was to have preached for the meeting, had to have an eye operation and will not be able to resume work for a few weeks. He is doing nicely, according to reports received here.

Sunday School time at the Fundamental church is 10 o'clock, morning preaching hour is 11, and in the evening preaching again at 8 o'clock.

Find Lost Class Ring 32 Yrs. After

MATADOR—A medical class ring lost 32 years was found Monday in east Matador. S. E. Hastings working his garden near the U. S. Highway 70 spur found the 18k gold ring which bore the initials S.E.F.

Since the ring bore a medical emblem and the year 1917, Mr. Hastings sought the aid of pioneer doctor A. G. Trawick. Dr. Trawick advised him that the ring had once been the property of S. L. Furd, brother to Henry Ford of Matador.

Pump Test

(Continued from first page)

The two pumps which will be used in the tests are of radically different type in their construction and the demonstration will have considerable value to interested persons in this respect as well as in the use made of the water itself.

Agriculturists Interested

The lakes of water on the high plains for many years have been permitted to seep into the ground and evaporation while starved crops adjacent have oftentimes gone without moisture. Guffee and Morckel are among those who believe the water can be turned back on to the land with good advantage.

The demonstration experiment is intriguing to the management at Lubbock Experiment station as it also is to farm operators of the area. Mr. Morckel said the first of the week that W. C. McArthur, of Sub-station No. 8, the Lubbock Experimental farm, will be here to meter the flow of water from the lake back on to the land by the different methods employed.

One of the first things a man who plans to drain a lake in this manner will find is that he has not made sufficient preparations for intake of water from the lake, said Mr. Morckel. When a pump starts taking water by the hundreds of gallons per minute from a lake four or five feet deep the owner sometimes finds the water will not flow into the pit or cavity he has made fast enough to keep the pump at work. This was one of the experiences Morckel had last season when he pumped the water back on to land from a lake. This and other problems will be studied in connection with the demonstration Thursday.

Bobby O'Bannon left yesterday for his home in Dallas following a week's visit here with his mother, Mrs. M. L. O'Bannon. Bobby is employed in the post office in Dallas.

Lucille Graham of Corsicana, was a recent guest of her parents, Mr. and Mrs. J. W. Graham.

New Commission

to the multi-engine school at Barksdale to receive instructions in B-25 aircraft.

A graduate of Floydada High School with the class of 1945, Young Daniel enlisted in the army as a private shortly thereafter and had more than two years of regular army service before he got the chance to train for a pilot's rating and a commission.

Council Meeting

(Continued from first page)

The Floyd County Home Demonstration council will have its regular meeting at 2:30, Saturday afternoon, July 16, in the county court room in Floydada, according to an announcement by Mrs. C. L. King, Council chairman.

SHIREYS HOME MONDAY

Mr. and Mrs. G. N. Shirey returned home Monday from an extended trip that took them to Memphis, Tennessee, Clarksville, Bogota, and Winnsboro, Texas. In Memphis they visited their son, G. H. Shirey and wife, Betty and two daughters, Sue 3, and Judith Ann, who arrived in the family on July 7, weighing 5 lbs and 9 oz.

Mr. Shirey made a business trip to Washington, D. C., by way of plane while at Memphis.

CAMPSEYS TO FORT WORTH

Mr. and Mrs. Otis Campsey left Sunday for Azle, where they plan to make their home. Mr. Campsey will be employed with Consolidated Aircraft in Fort Worth. Prior to moving to Azle, Mr. Campsey was employed at Patterson grocery and Mrs. Campsey was secretary of the extension service office.

Before going to Azle, the Campseys had just returned from a visit in Jacksboro with Mr. Campsey's parents, Mr. and Mrs. A. D. Campsey.

HOME FROM HOSPITAL

Miss Marjorie Oden returned home from a Dallas hospital Saturday after three weeks for an operation.

Miss Oden had planned to be employed through the summer months with The Dallas News, but had to abandon this plan when the trip to the hospital became necessary. She is recovering satisfactorily her father, Conner Oden, said.

STARKEY HOME DEM CLUB MEETS WITH MRS. STEPHENS

Starkey Home Demonstration club met with Mrs. F. F. Stephens, as hostess on July 1.

Roll call was answered with sewing hints. The recreation was led by Mrs. F. F. Stephens. New uses for surplus crops was discussed by members.

Lovely refreshments were served to Mrs. Paul Sparkman, John Shipley, J. K. Holmes, G. H. Day, Oran Eubanks, G. W. Wilson, S. L. Holmes, William Culppepper, M. L. Davis, Mrs. Amanett, and the hostess, Mrs. F. F. Stephens.

The next meeting will be July 15 in the home of Mrs. Annie Asstler.

LINDA GALE ROACH, NEW GIRL BORN ON MONDAY

Mr. and Mrs. Melvin Roach, Lubbock, announce the birth of a daughter, Linda Gale, Monday afternoon at West Texas hospital in Lubbock. Little Linda weighed six pounds plus. Both the mother, the

former Joyce Reddy, and the baby are doing nicely.

The great-grandparents of Linda are Mr. and Mrs. Clarence Reddy, of the McCoy community, and Mr. and Mrs. R. T. Roach of Lubbock. The grandparents are Mr. and Mrs. L. L. Switzer, Floydada, and Mr. and Mrs. J. W. Reddy, Arlington.

Mrs. J. T. Harris of Springtown, Texas is here visiting Mr. and Mrs. A. P. Cummings. Harris is a sister of Mrs. Cummings.

Mr. and Mrs. Jack Mainwaring, little daughter, Joan, of California, spent Thursday at the Fred Battey home.
