PONTIAC

Distinguished by a Beauty All Its Own

There's an unmistakable stamp of distinction about the new Pontiac. It's a beauty from the front and from the rear! Wherever you see its "Silver Streak" styling—in city traffic, on the highway, or silhouetted at the curb—you know immediately that it's a Pontiac and something very special among automobiles.

Pontiac's performance is equally unmistakable—thanks to Pontiac's great power plants, the straight eight or six, and to the amazing convenience of GM Hydra-Matic Drive.* And remember, Pontiac is still the lowest priced straight eight in America!

Here's the new 2-row Oliver Cotton Master

... a completely modern power-driven, power-lift harvester. It operates efficiently at speeds up to six miles per hour ... picks as much as 20 bales a day.

Specially designed stripping teeth, and wide, flared gathering-unit throat openings gather cotton that is high or low on the stalk. The 38-inch spacing of the gathering units will handle all conventional row widths. Adapted to the harvesting of storm-proof varieties, the Oliver Cotton Master does a thorough job of separating the cotton from the stalks, breaking open bolls and knocking out moates, trash and dirt.

See us for full information on this new pull-type Oliver Cotton Master that is quickly attached to any tractor ... that speeds up the cotton harvest, and helps you deliver a high-grade product to the gin.

We will have a limited number of these harvesters. If you are interested, look them over and decide soon.

Floydada Has Big Delegation At Tulia Meet

A delegation of Floydada fire boys went to Tulia Tuesday, where they attended the semi-annual convention of the Panhandle Fireman's and Fire Marshal's Association, held at the American Legion hall. Due to the fact that Floydada had the largest delegation in attendance, the orchestra playing for the convention dedicated a song to them.

Rouie Cantrell, mayor of the city of Tulia, gave the welcoming address, and one of the outstanding speakers on the program, John Bell, of Memphis, is vice-president of the association. Time was spent electing officers for the ensuing year. In round table discussions and various forms of entertainment.

A chicken supper was served to all members and their guests at the high school cafeteria Tuesday night at 7:30.

Those attending from Floydada were Carl Rodgers, Charley Presley, Louis Warren, Bob Owens, Fred Lambert, E. T. Williams, Tom Hart, Floyd Johnston, P. F. Rogers, and Dr. J. G. Pruitt, who was a guest of Floyd Johnston.

The next meeting will be held in Hereford, the second Tuesday in May, 1950.

Heinz Products Sale

Among the features in local merchandising this week-end will be the "carload of Heinz values" at Piggly-Wiggly food store, where the eightieth anniversary of the H. J. Heinz company is being recognized by special displays and sales, in addition to the usual feature food items this enterprising store has to offer.

Bob Finley, manager of the store, said Monday that the Heinz organization has been one of the outstanding organizations in the nation to bring good foods up to a standard of excellence in uniformity and price in a range which every home in the country can afford.

Mr. and Mrs. Carl Lewis were recently in Lubbock visiting with Mrs. Lewis' brother, Merrell Cox and wife.

Mrs. W. T. Branson of Floydada and Earl Branson who has just recently returned from South America, visited in the Bagwell home last Sunday.

MRS. BATTIE IS HOSTESS FOR HARMONY H. D. CLUB

The Harmony Home Demonstration club met Thursday afternoon, September 8 in the club room with Mrs. D. S. Battie as hostess, assisted by her daughter, Jeanne.

Mrs. Glen Pool presided in the absence of Mrs. Finkner.

Mrs. Roy Hale gave the recreation. She also gave the council report of rally day.

The club voted to give six turkeys to "Giristown". The club bought the turkeys from Mrs. D. S. Battie.

Miss Leila Petty, county home Demonstration agent, gave a demonstration on making process cheese. She also made a salad with cottage cheese dressing.

Refreshments were served to the following members: Meses Chas. B. Smith, Zant Scott, Walter Hanna, Chloma Williams, Glen Pool, Mather Carr, Carrick Snodgrass, Roy Hale, Miss Petty and the hostesses, Mrs. Battie and Jeanne.

10 Constitutional Amendments Will Be Studied by Club

S. H. Wright, secretary of the Old Peoples club, this week said that a study of the 10 proposed constitutional amendments to the state constitution will be continued next Sunday when the club meets in the county court room. The meeting date is Sunday, September 18, the hour is 2:30 o'clock. It will be a regular session, to which everybody is invited, said Mr. Wright.

The last meeting was an interesting one. The constitutional amendments were studied at that time and the Sunday meeting will constitute a continuation of this study.

"We will have some other interesting things," said Mr. Wright.

SERVICES WERE ATTENDED

Services were attended at the Assembly of God church last Sunday. The sermon was preached by the pastor, Rev. H. E. Smith.

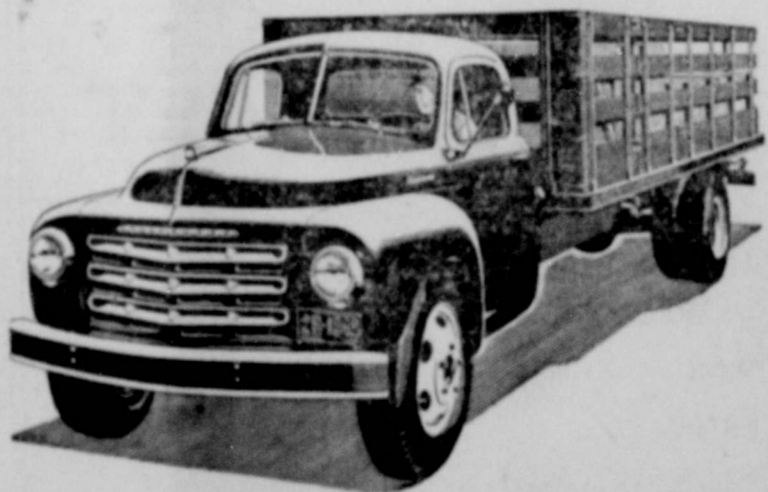

According to the report made by Mrs. Smith this week, three joined the church Sunday.

Mr. and Mrs. F. C. Harmon and Ruthie left Wednesday morning for Austin where Ruthie plans to enter Texas University, as a sophomore. Ruthie attended George Pepperdine college, Los Angeles, California, last year. The Harmon's expect to return home the latter part of this week.

Mr. and Mrs. Charles Frank Boyd of Oklahoma City, Oklahoma, visited in the home of Mr. and Mrs. J. D. Eaves recently.

Freezing Peaches

(By Leila Petty, Floyd County Home Demonstration Agent)

Peaches that are to be frozen should be of good quality and fully ripe. Peaches discolor easily and to prevent this, they may be treated with citric acid: Dissolve 1/2 teaspoon citric acid in 1 quart of cool water. Leave fruit in solution only 15 to 20 minutes before packing in containers. A more satisfactory but also more expensive method to prevent discoloration is to add ascorbic acid (Vitamin C) to the syrup that is used to cover the peaches. This may be purchased in tablet form. 125 milligrams is used to each pint of fruit.

After fruit is packed in containers, cover immediately with syrup, and put covers on containers. A good container is as important as the food that is put in it.

Syrup has proved more satisfactory on peaches than dry sugar. The amount of sugar is determined by the tastes of the family. Two cups of sugar dissolved in 1 quart of water is usually satisfactory. Cover fruit and syrup, leaving head space to allow for freezing. Put in freezer locker immediately.

Pears and apples are frozen by the same method as peaches.

Cantaloupes may be frozen satisfactorily. Peel and remove seeds. Cut into one inch cubes or make balls. Pack dry and freeze.

Summer Care of Pullets

COLLEGE STATION.—It's pretty hard to say that one thing is more important than another when it comes to properly taking care of pullets that will be the egg producers this fall, says W. J. Moore, associate extension poultry husbandman of Texas A. & M. College, but the tender green feed of the summer range is one of them.

Good range furnishes the growing pullets with a supply of vitamins, minerals and other growth factors that just can't be supplied fully from any other source, continues Moore. Pullets should not be pushed too fast. It can cause trouble later on. They should develop sexually before they are physically and actually laying before they are mature. The best, says Moore, is to keep

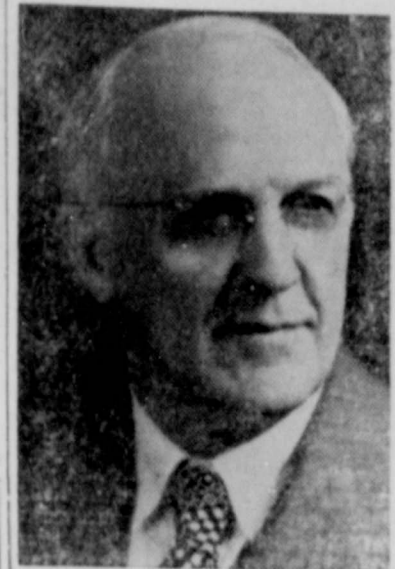

the pullets growing in body and gaining weight as fast as possible before their combs and wattles develop. These kind make better egg producers.

Feeds containing soybean meal and cottonseed meal for protein, with small amounts of fish meal and meat scraps seem to be the best. The growing pullet should get this feed along with liberal amounts of grain and best tender green range that you can give them. The addition of choice alfalfa leaf meal to the mash you're feeding is a good substitute when good range is not available.

It is important to supply the growing birds with plenty of shade, pure, cool water and keep them clean. Moore says, if the pullets are developed properly, they will be ready to produce next fall and winter when egg prices are best. The kind of birds that go into the laying house this fall will be largely determined by the treatment they get this summer, and concludes Moore, now is the time to practice proper poultry range management.

Fire Prevention Theme Last W'k

With fires burning up two million dollars in property and taking approximately thirty lives every twenty-four hours, fire departments and civic groups in nearly 10,000 communities are organizing wide support for the 1949 Fire Prevention Week observance, Oct. 9 to 15.

Public service organizations, schools, churches, labor unions, business groups, and many other organizations and individuals are cooperating in the drive to cut fire losses. They are encouraged by the fact that the estimated loss during the first six months of 1949 was 9.7 per cent below the total for the same six months of 1948.

Fire Prevention Week, which calls the attention of all citizens to local fire hazards and frequently results in the elimination of many of them, originated in the Middle West where many communities held "clean-up" days. Citizens noticed that fires broke out less frequently in the period immediately following the community clean-up, and some towns began referring to the annual event as Fire Prevention Day.

As years went by, most communities began observing Fire Prevention Day on October 9, the anniversary of the Great Chicago Fire of 1871. In 1911, twenty-two governors issued proclamations calling for observance of Fire Prevention Day. In 1920, President Wilson issued the first presidential Fire Prevention Week proclamation.

Kimble says women Did Noble Work in Promoting Paving

Dr. John W. Kimble this week pointed with pride to the paved, all weather streets leading to Andrews Ward school, and gives credit to the women of the Parent-Teachers association for getting such a fine job done.

"The Jaycees were official sponsors of this project and I would not want to discount the fine work the members of our organization did to get this paving done to get the school children out of the mud. However, I think we need to recognize the fact that it was the women of the P-T association who put on the final and clinching campaign."

Dr. Kimble concurs in the idea of a traffic pattern in the vicinity, as suggested by Andrews Ward Principal A. D. Fultz, one of the prime

Let Us Give Thanks

(by Mrs. Bennie M. Rose)

We are courteous to strangers and slight acquaintances. We always thank our friends and neighbors for every slight courtesy. We are careful to be polite to our parents, our children, our brothers, and sisters.

There is One who sticketh closer than a brother, closer than hands and feet. The One who gives us the many things we so often take for granted. The water we drink, the food we eat, the clothes we wear, even the very air we breathe as well as the ability to breathe the God given air.

Not only does He generously give of the things necessary for our physical well-being but He has just as amply provided for the never-dying soul. He gives some things as simple as air in this sphere of life but even tho we are born again Christians we must use them or else like many new-born infants we will die spiritually for the Bible plainly states "The soul that sinneth it shall die."

But how long has it been since in simple, childlike faith you have looked upward and breathed a prayer of thankfulness to God for His temporal and spiritual blessings. The one hundred seventeenth Psalms is our call.

"O praise the Lord, all ye nations: Praise Him all ye people. For His merciful kindness is great toward us and the truth of the Lord endureth forever. Praise ye the Lord."

Mr. and Mrs. Elma Cummings, Elma Lynn and Sterling of Amarillo were visitors in the A. S. Cummings home recently.

Holland Murder Case Is Moved To Silverton

LUBBOCK—Transfer of the George Holland murder case from the 72nd district court of Lubbock county to the 110th district court of Briscoe county has been announced. Holland, 35, Crosby county negro, was convicted of the Aug. 2, slaying of Crosby county Sheriff J. J. Pierce, and a Lubbock county jury that reported Sept. 17, 1947, to 72nd District Judge Dan Blair recommended death as punishment. The case subsequently was re-

versed and remanded by the court of criminal appeals. The case was transferred to Briscoe county upon Judge Blair's own motion, just as it had been moved upon his motion from Crosby to Lubbock county for the original trial. **Fair Trial Impossible** The order set out that it was impossible to obtain a fair and impartial trial in Lubbock county, because of the "great publicity" and "notoriety" that resulted from the former trial. Judge Alton B. Chapman presides over the 110th district. John B. Stapleton is district attorney. The death penalty was the first returned in Lubbock county since a 99th court conviction of Virgil Stalcup for murder of Dickens county sheriff Bill Arthur. Date of that judgement was April 2, 1936. Sheriff Pierce was shot to death in Ralls after he had gone alone on a liquor raid.

School Election Vote is Light

Vote in the school election on August 31 was very light, with 90 votes cast out of a probable 1,500. The vote, done under three heads or propositions was: For assumption and payment of bonds 80; against assumption and payment of bonds 4; For the bond tax, 78; against the bond tax 7; For the maintenance tax, 80; against the maintenance tax 5. The vote was in ratification of voting previously done or of consolidations made by the county school board under the provisions of the Gilmer-Aiken bills.

Whirlwinds Set Tigers Back 8-0

Floydada Whirlwinds went to Slaton last Friday night and did themselves proud on a very wet field and in the rain the last two quarters for a crowd something like two thousand. They are now a proven team, winning 8 to 0. The first half was played about on even terms. Both teams made good gains at times and were stopped in their tracks at other times. Neither team penetrated farther than the other teams 43 yard line and still remained in possession of the ball in the first half. Back field play on the defense for the Whirlwinds was gratifying in the fact that many tackles were made that in past years slipped past an otherwise alert secondary. The line seemed to have the most defensive trouble finding themselves against the smooth Tiger ball handling. **Field Turns To Loblolly** The second half started with the field in fair condition, only to turn to a loblolly when rain started a few minutes later, lasting the remainder of the game. By the time the third quarter was over the line had found itself and linemen were rushing the Tiger quarter to the extent that many fumbles and mis-plays resulted. This rushing probably was the largest single contribution to the rain being secondary. The ball of course was slick, as well as players hands, in spite of the referee wiping the ball off. Finley was the victim of one of these fumbles on the Tiger one-yard line after a drive of 54 yards which started on the Floydada 46 yard line. This fumble possibly cost the 'Winds 6 points but the slick ball worked against the Tigers the same way. On the next play, on their one-yard line, the Tigers were attempting to kick out when the ball got away from the kicker and went out of the end zone. It was a safety for the 'Winds and stacked up 2 points on the Whirlwind side of the score card. From that time on the ball was on the Slaton end of the field, the Whirlwinds stopping the Tigers cold and the Floydada line opening good holes for the Floydada ball toters. **Finley Kicks Accurately** To help matters along and using good strategy, Finley made plenty

of accurate kicks the last quarter that put the Slaton team on their five, ten and four yard lines three punts and all within ten yards of the pay line. Slaton on their end of the field most of the time, let another wild ball go and Co-Captain Jr. Perry, right end of the 'Winds, was on the ball over the goal line for a T. D. On the attempt at extra point, Finley could find no opening and the try failed. The remainder of the game was spent on the Slaton end of the field with the field in such a condition that very little yardage could be made by either team. The final score, Floydada 8 - - - Slaton 0.

Cancer Ranks 2nd in Texas

AUSTIN—Dr. Geo. W. Cox, State Health Officer, in speaking of cancer, said that it ranked second as a cause of death in Texas, being exceeded only by heart disease. Last year approximately 6900 Texans died of this disease. One of the reasons so many people die of cancer is because the disease usually exists some time before it is recognized. By then it has progressed from a small local cancer to a large and dangerous one. In the beginning cancer is not painful so many persons do not consult a doctor. Any lump, especially in the breast, should be looked upon with suspicion. Other suspicious symptoms are any sore that does not heal about the tongue, mouth or lips; sores caused by broken teeth or ill fitting dental plates should receive attention; irregular bleeding or discharge from any opening of the body is a danger signal. Persistent indigestion with loss of weight is a symptom of cancer of the stomach. With any of these signs one should go immediately to a doctor. Many times the suspicion of cancer will have been unfounded but it is much better to be safe. It is desirable to treat all diseases in their early stages, but in no case is it more important than cancer. Periodic examinations made with cancer in mind affords the best protection against this disease. Surgery, x-ray and radium are the main weapons which are used to combat cancer.

NEW MASSEY-HARRIS BIG CAPACITY "26" SELF-PROPELLED GIVES YOU Balanced Separation

★ It's the biggest advance in combine design since the introduction of Self-Propelled. And again it's a Massey-Harris modern harvesting development. Balanced Separation is a new, thoroughly proved harvesting principle that assures full control of grain and straw through every step of the combine. It's full control in the cutting, elevating, feeding . . . in the thorough action of the rasp bar cylinder . . . the combing action of the beaters . . . the open handling of the straw . . . the directional wind control, the straw disposal, the saving of all of your grain. From cutter bar to straw spreader you have full control. All units are in balance—the engine, auger, elevator cylinder, walkers, shoe—all are in direct capacity relation for smoother, faster separation. There's no bunching or jamming . . . no overloaded units, no lazy units. Brookes-Hinson Vows Said in Candlelight Service at Amarillo

Candelabra banked with fern and basket arrangements of white chrysanthemums featured the decorative setting for the recent marriage of Sydney Ann Brookes, daughter of Mrs. Albert Sydney Brookes, Amarillo, to Herschel Hinson, 1923 Harrison, Amarillo, son of Mr. and Mrs. Emmett Earl Hinson of Floydada.

Rev. Roy C. Percival, assistant pastor, read the double-ring, candlelight service in Polk Street Methodist church, Amarillo. Mrs. Charles J. Thurman played organ interpretations of "Clair de Lune" and "Indian Love Call" as a nuptial prelude, and accompanied Miss Jaynet Catterton in singing "If God Left Only You" and "Because".

The traditional wedding marches were used for the processional and recessional and Miss Catterton sang "The Lord's Prayer" as a benediction.

As bridesmaids, Miss Gladys Fox, and Miss Beth Hinson, sister of the bridegroom, were gowned in aqua and yellow dresses, respectively. Miss Fox carried a yellow nosegay and Miss Hinson carried a nosegay of dark pink carnations. The maid-of-honor, Miss Carla English, wore a pink dress and carried a colonial bouquet of pink carnations.

Henry McDaniel was best man, and the ushers were Eddie Conner, J. N. Hudson and Woody Bray.

Entering on the arm of her uncle, L. B. Cooper, who gave her in marriage, the bride was attired in a white Chantilly lace over white satin, ballerina length dress styled with scalloped yoke and cap sleeves. Her shoulder length veil of English illusion was attached to a coronet of orange blossoms. She carried a

bouquet of white gardenias. Mrs. Brookes, mother of the bride wore a blue crepe dress with black accessories, and Mrs. Hinson, mother of the bridegroom, wore a light green satin dress with black accessories. Both had corsages of white gardenias.

Reception Held

Following the ceremony, the bridal party was feted at a reception in the parlor of the church. Centering the table was a silver candelabrum entwined with miniature chrysanthemums. Mrs. Eddie Conner served the cake. Miss Louise Irwin presided at the punch bowl, Miss Beverly Burnett lighted the candles and Miss Dorothy Burnett secured names for the guest register.

Assisting in the house party were Mrs. W. L. Leibfried of Floydada, Mrs. T. W. Whigham, Mrs. H. A. McDonald of Borger, also Mrs. Buri Lloyd and Mrs. C. S. Lipscomb of Borger.

For the wedding trip to Red River, New Mexico, the bride traveled in a wine colored suit with toast brown accessories. The couple is at home at 4105 Lipscomb.

Mrs. Hinson was graduated from Borger High school and attended Texas Technological college, Lubbock and Draughon's Business college. She is employed by Graybar Electric company. Mr. Hinson was graduated from Floydada High school, attended Texas Tech and served in the Air force for three years. He is also employed by Graybar.

A rehearsal reception was given prior to the wedding by Mrs. T. W. Whigham, aunt of the bridegroom, in the parlor of the Polk Street Methodist church. Laid with a lace cloth, the serving table was centered with a bouquet of Tallman roses. Miss Beth Hinson of Floydada, assisted in the serving.

Pauline Wood Married to Ceremonies at Church

In a double ring ceremony performed September 3 at 8 p. m., in S. Lee Methodist church in Oklahoma City, Miss Pauline Wood, daughter of Mrs. M. A. Wood, Floydada, became the bride of Jean Atherton, son of Mr. and Mrs. C. E. Atherton, Oklahoma City. A background of pink gladioli and greenery formed the setting for the marriage service at which Rev. D. R. Miller officiated.

An organ prelude of nuptial music was played by Miss Juanita Moller. Miss Moller's selections included "Always," "O Perfect Love," "I Love You Truly" and "Because" to which she accompanied Billy Couts, soloist. The traditional wedding march was used.

Given in marriage by her brother, Barney Wood of Oklahoma City, the bride wore a dress of aqua accented with a lace yoke and black accessories. Her headpiece was black velvet with pink feathers. She carried a white Bible, a gift from her brother, topped with sweetheart roses and white streamers.

The bride's only attendant was Betty Hafner.

Attending the groom as best man was his brother, Jess Atherton. A reception was held in the church following the wedding. Miss Elaine Madden presided at the guest register. Bobby Smoak served at the punch bowl while Ann Caldwell cut the three tiered wedding cake. Assisting in the hospitalities were Mrs. Ruth Davis and Marjorie Lou Wood.

The bride is a graduate of Floydada High school. The groom graduated from Capital Hill Senior High school in Oklahoma City, where he was an outstanding football player and participated in numerous other athletic events. At present he is an employee of Oklahoma Gas and Electric company.

Following a wedding trip to the Wichita mountains, the couple will be at home at 3837 W. 14th street in Oklahoma City.

The bride's mother attended the wedding from Floydada.

Shirley Ann McGhee Wed to M. J. Wesley

LOCKNEY—Candlelight and soft music blended to form an impressive background Friday evening September 2, for the informal wedding ceremony in which Shirley Ann McGhee, daughter of Mr. and Mrs. Ben R. McGhee became the bride of Mallard J. (Bill) Wesley, Jr., son of Mr. and Mrs. Mallard J. Wesley, Sr., of Aiken.

Nuptial vows were exchanged in the First Methodist church with Rev. E. J. Cobb, pastor of the First Baptist church, reading the double ring ceremony.

Mrs. Wesley was graduated from the Lockney High school and attended West Texas State college at Canyon three years.

Mr. Wesley is a graduate of Plainview High school and is engaged in farming and ranching. He has received state and national honors in his work in agriculture and stock-raising.

Floydada Funeral September 4

Services for Sidney Capner, resident of Floydada, died September 4 in the Church of Christ in Dallas following his death earlier in Purcell, Okla.

World War I, Capner, February 13, 1891.

married to Zelma Strin. The couple lived in 1920 to 1934, when they moved to Roaring Springs, Okla., and later to Floydada and later to Amarillo.

For a few years ago, he had been employed by the Acme and Pacific.

He was survived by his wife, five sons and three daughters. The daughter, Goodie, of Floydada, is married to Barney, of Capshaw, Jr., Waco, Tex. A brother, R. C. Capner, is also deceased.

Funeral services for the last rites of G. B. who underwent appendectomy the day following the death of the deceased man and

her son, Bobbie, are making their home with Mrs. Goodie for the present and will be joined by G. B. as soon as he is permitted to travel following his operation.

WRITES FOR BROTHER HELD AT DUBLIN LAST WEEK

LOCKNEY—Mr. and Mrs. Frank Perkins and George Perkins returned late Wednesday from Dublin where they attended burial services for their brother, Hugh Perkins, 66, whose home was Fort Worth.

Mr. Perkins died Monday at Fort Worth after an illness of several months. Funeral services were held at a funeral chapel in Fort Worth and burial was in the Dublin cemetery with the Masonic lodge in charge.

Mr. and Mrs. Basil Utman of Longview, Texas, came for a brief visit with the C. L. Berry family last week. The Utmans are former residents of Floyd county and old time friends of the Berrys.

Mr. and Mrs. Hubert Scott and family of Amarillo and Mrs. Jack Hunter of Plainview were recent visitors in the home of their parents, Mr. and Mrs. M. C. Fuqua.

Mrs. W. H. Alexander is visiting in Childress this week with her daughter, Mrs. Bell.

Dale King left Monday for Canyon where he will attend school at West Texas State. Dale is classified as a junior.

CAB TIPS FOR SERVICE

An innovation in the light pick-up and delivery truck is the new, tilting cab, model shown in the picture. Though White is an old-line manufacturer of pneumatic tire carriers, the "3000" series is something new to meet the demands of present day needs. Designed for speed, service and durability, the new truck travels on 9.00x20 General Highway tires.

The cab of the truck was placed over and forward of the engine to provide easy handling on crowded streets where parking is an ever growing problem. Another feature places the front axle in a position to spread more of an even load to all four tires thus allowing a heavier load per square foot of body space. When the motor needs servicing the cab is tilted, by an aircraft type hydraulic mechanism, giving the mechanic complete access to the motor.

Guests From Coast On Floydada Visit

Mr. and Mrs. Jim Young, of Corpus Christi, visited last week in the home of Mr. Young's daughter, Mrs. Phil Steen and family. The Youngs, former residents of Floydada, spent much of their time while here visiting old friends and renewing old acquaintances.

Friday afternoon, Mr. and Mrs. Terrel McNair and son, Winfred, also of Corpus, stopped for a short time in the Steen home from whence they continued on to Abilene to visit friends and relatives.

Later in the day, Mr. and Mrs. Terrel McNair, jr., also of Corpus, arrived at the Steen home and stayed till Sunday visiting friends here. Mrs. McNair is the former Joy Cardwell, daughter of Mrs. Young.

The Youngs and McNairs left Sunday morning for the return trip, to meet the senior McNairs in Abilene and drive on into Corpus and be on the job Monday.

Half Minute Interviews

S. H. Wright: "I'm going to visit around with the children soon. If I can't sell the fryers we've got I'll have to put them in the locker pretty quick."

L. A. Marshall: "The prosperity of our nation begins and ends with fair prices to the farmer."

ART CLASSES TO BEGIN

Announcement was made this week by Mrs. E. J. Barker of the opening of her art classes next week. The class will begin Tuesday September 20 and Mrs. Barker asked that those interested contact her at her home, 129 West Hallie, by that date.

Mr. and Mrs. Jack McIntosh and daughters, of Brownwood, are here this week guests in the home of Mrs. McIntosh's parents, Mr. and Mrs. A. H. Kreis, while enjoying a vacation. Mr. McIntosh is manager of one of the outstanding commercial printing plants in central Texas at Brownwood.

Visitors in the Walton Hale home are Mr. Hale's parents, Mr. and Mrs. W. P. Hale of Grandbury, Texas.

Mr. and Mrs. Truett McCarty and daughter, Carol, left Friday for the state of Arkansas where they will be visiting for two weeks.

Leonard Grigsby and Bill Jeter, former Floydada High school football greats, are in Cisco, where they have enrolled in Cisco Junior college and are members of the football team.

Visiting in the J. D. Colville home have been Mr. Colville's brother, W. R. Colville and family, of Amarillo, and their son and family, Mr. and Mrs. Lynn Colville of Denver City.

Mr. and Mrs. R. S. Patton, accompanied by Mr. and Mrs. Tom Davis, recently visited relatives and friends in Carlsbad and Artesia, New Mexico.

Mrs. Clarence Guffee and daughter, Sonja Kay, recently returned from Paradise where they had been several days visiting with Mrs. Guffee's parents.

Mr. and Mrs. C. M. Leatherman are now in Temple where Mrs. Leatherman will undergo an operation at the Scott and White clinic.

Rev. and Mrs. J. U. Moss, missionaries to Columbia, South America, have been visiting here in the W. B. Jordan home for the past week. They plan to leave today.

Youth Rally Draws Wide Attendance

Fourteen churches, comprising the east central plains section were represented in a youth rally which was held at Matador last Friday night in the Assembly of God church.

A special program was given with young people from each church taking part with special singing and addresses.

Towns in the east central plains section that were represented were Lockney, Spur, Roaring Springs, Paducah, Childress, Estelline, Memphis, Quitaque, Turkey, Crosbyton, Ralls, Jayton, Matador and Floydada. Those attending the rally from

Floydada were Mr. and Mrs. W. L. Hall and family, and Rev. H. E. Smithee, pastor of the Assembly of God church.

LOCKNEY CANNERY MOVED

LOCKNEY—The Lockney cannery has moved to its new home two blocks east of the grade school and people of this area are invited to visit the cannery there. Mrs. Sallie Griffith reported last week.

The building was provided by the county and the school and gives the cannery much more room. The new building also is more conveniently arranged, has more ventilation and light and is generally much more satisfactory, Mrs. Griffith said.

Wonderful!

YOU know how it usually is—slow and steady is the rule in automotive progress.

But every now and then it happens. Along comes a car that's new all over—like this one—and headlines sing the news.

Take the styling of it—fresh and smart and really exciting from its non-locking bumper-guard grilles to the jet-plane look of its fenders.

Take the outward size of it—handy in traffic, easy to garage, actually more room and a sweeter ride in fewer over-all inches.

Step inside—and stretch yourself in the biggest interiors ever found in a Buick Special, with a full twelve inches added to rear-seat hiproom.

Try the power of big 110 or 120 hp high-compression Fireball engines—sample the restful levelness of a ride that sets the standard for the industry.

Builders Mart Loses Closing Season's Game

Monday night before a crowd of some 500 people Floydada Softball association drew the official curtain on the softball year with a band benefit game for the Floydada High school band, with Builders Mart team of Floydada losing to the Avalanche-Journal team of Lubbock 1-0.

Scoring in the game came in the first of the seventh inning, with a single, an error on first base and a double to left field, pushing one man across the plate.

These same two teams will meet tonight at the Lockney High school football field for a benefit game to boost the Lockney Longhorn band's equipment fund, at eight o'clock.

The gate receipts, concession stand sales and selling of souvenir papers donated by the Avalanche-Journal netted the Floydada Band some \$150.00, to be used as the band sees necessary. Myron Kattner, band director, expressed his thanks to all those who helped in any way to make the event a success, adding that the funds will help a great deal on needed equipment.

Band parents held down the concession stand, while the band played various marches throughout the game, and the twirlers sold the souvenir papers for whatever amount the individual might want to donate to the band fund.

Truly a fine game and successful fund raising drive were comments on the event.

East Vs. West in College Wear

CHICAGO—What does the college man wear to class? That question, asked by Marshall Field & Company's Store for Men in a back-to-school survey of 32 colleges and universities, revealed a drastic difference of fashion opinion. On the left, in loafers, slacks and a sports shirt, is the typically casual Western man. His Eastern friend, however, is dressier by far in his knit tie, white shirt, jacket, slacks and white shoes. Eighty per cent of the Ivy Leaguers wear shirts and ties to class, while 20 per cent of Western boys wear sports shirts, according to Field's survey, which was made for use in correctly outfitting collectors in a back-to-school survey.

Eddie Jarrett Will Make Recovery

Although Eddie Jarrett, of South Plains, gravely injured on the morning of August 21, in a highway accident, had not regained consciousness yesterday in the five weeks since he was hurt, members of the family still feel hopeful of his condition. They expect him to begin to come out of the limbo of unconsciousness most any day.

Belief that Eddie's condition is improving is shared by the hospital staff as well as by his parents, brothers and sisters.

Eddie was almost fatally hurt at the intersection of the Lockney cut-off and Highway 207, eight miles north of Floydada. The pick-up in which he rode with a load of tractor fuel, turned over three times and burned. Eddie was thrown clear of the wreckage and was hurried to Peoples hospital here a few minutes before Rev. and Mrs. Jarrett, his parents, viewed the scene of the wreck enroute to Floydada.

for the annual meeting of the West Texas Primitive Baptist association gathering.

The pick-up was burned beyond further use. Ray McCormick was one of the first to get to the scene and called an ambulance.

Mrs. N. W. Williams Shows Improvement

Mrs. N. W. Williams, who underwent a serious operation in the Lubbock Memorial hospital two weeks ago, returned home Sunday. The family reported at the beginning of the week that Mrs. Williams is resting fairly well.

Mrs. Williams had been in serious condition and was given treatment at Lubbock before her operation.

Abruzzi Rye is fast becoming popular as a winter cover crop and for winter grazing. It does well on the soils below the cap. You can plant it later than wheat and it will make faster growth and produce more forage than wheat. As a cover crop on the soils below the cap it will come up and make growth under very adverse conditions. As a grazing plant it is considered as one of the best by the farmers who have tried it. Many farmers report that cattle take to Abruzzi Rye much better than they do to wheat. In one field that had wheat on half and abruzzo rye on the other half of the land the cattlemen reported that the cows grazed the rye to the ground but would not touch the wheat in the next row.

This is the season when some may be thinking about winter legumes. We generally think of legumes on irrigated land but the experience of farmers below the cap might warrant their use on dry land. Austrian winter peas planted last fall on sandy soil below

discussion as to the proposed amendments to the state constitution may, probably will, be more torrid as the voting date nears. The vote will come November 8 and there are 10 amendments coming up for consideration. The electors either will or will not adopt them. More usually in recent years they are adopted. Formerly the people of the smaller communities composed a larger segment of the state vote and consequently more of the type of citizen commonly known under the head of the "great uneducated" accordingly proposed amendments were passed more frequently than they are today. As to amendments to be voted upon in November there are good arguments both pro and con.

At the moment it is our belief we will vote against the amendment that would increase the salaries of the legislators and require annual instead of biennial meetings of the state legislature. Not that we consider the additional salary as excessive for a legislator. There are several reasons why a legislator should be better paid than they are now. First, it is right now that they are all better off than they were. If you will think about it. Even though, if you will think about it. Even though a legislator must live during the terms between sessions and he gets no money during this living. At \$3,600 it would be the same thing. More of our legislators now have to have more than \$3,600 to support their families than do not. There is nothing in this constitutional provision that would keep them from continuing this thing, either in an ethical or an unethical way, just as is being done now. But our objection is the double time the legislature would do in session and the doubt that minority groups would put up with to spend money. If the recently adjourned legislature could have been kept in session another 30 days it is our honest opinion that it would have cost the taxpayers a hundred million dollars. And despite the fact that about restrictions thrown about sessions the appropriation seekers would have a weak moment.

Secretary of Defense Louis Johnson, who has shaved a billion dollars off the government payroll would be hailed as a hero you would think. But he is not. All credit for government economy but since he reached into practically every one of the states. Senator Lyndon B. Johnson, who has shaved a billion dollars off the government payroll would be hailed as a hero you would think. But he is not. All credit for government economy but since he reached into practically every one of the states. Senator Lyndon B. Johnson, who has shaved a billion dollars off the government payroll would be hailed as a hero you would think. But he is not. All credit for government economy but since he reached into practically every one of the states.

Johnson, in saving his country half a billion has placed himself in the position of losing more friends in a day than any other public official since the end of the war. Numerous loud-spoken economy advocates in areas which lost military installations and federal job holders, received the action of the Defense secretary coolly and even angrily. "The truth of the matter is," says Senator Johnson, "economy is something like castor oil - everybody prescribes it for the other fellow, but nobody takes it unless it is forced down." The senator also points this out: "So long as the 'bureaucrats' are only unidentified statistics, everybody wants to fire them, but when a fired bureaucrat turns out to be somebody's aunt or brother or cousin it is another matter."

Is Home Sewing 'sweeping the country'? We hear from a good source that it is. Fact that sales of yard goods is the highest in history, take the country as a whole, substantiates the claim. . . . September has lots of "weeks" . . . Today is felt that day, this week is national tie week, next week is nationally advertised brands week. . . . Also there is national dog week, American Indian day (September 23), Gold Star mothers day (September 25) . . . and the last week in the month is a double header. . . . Religious education week and national sweater week. . . . Ought to make a pretty busy September. . . . Especially if cotton harvest comes on like it should, and wheat sowing gets going in high about September 20. . . . That way a man could be observing two or three things every day and getting his work done, too.

Cotton harvest, no doubt, is going to present some problems to the cotton man. In particular how to get the cotton out of the field and to the gin while it should be harvested. The point we try to make is that the bigger volume counties south of us are likely to get the call from transients, who will have to gather a part of our crop. A good many cotton raisers of this season do not have any connections down in the Valley, not in touch with some of the boss men in the cotton harvesting business. Handling crews of men, doing the hauling and in general taking over the harvest of a crop has become big little business in Texas, among the Mexicans. Complications as to recruits from across the line may also hamper somewhat, meaning inter-government arrangements for a guarantee of good treatment for Mexican nationals.

"Hail, Floydada High School!
 Hats off to you!
 Ever you'll find us,
 Loyal and true;
 Firm and undaunted
 Always we'll be,
 Hail to the school we love,
 Here's a toast to thee!"

"This is our school song. To those of us that have been in Floydada High School for two or three years it isn't just some words set to music, but a feeling deep down in our hearts. You, who are going to school here for the first time, read the words again! See if they don't mean the same to you as to us.

"Hail, Floydada High School!
 Hats off to you!"
 Our school is respected by people

everywhere. It is students that make up a school so it is the students, you and I, that earn or destroy this respect.

"Ever you'll find us,
 Loyal and true;"

We know we have a good school, but how can we prove it to others? Why by being good sports, showing good conduct and, of course, by being loyal!

"Firm and undaunted
 Always we'll be."

Let us all, old and new students together, make this one of the best years in the history of Floydada High School.

"Hail to the school we love,
 Here's a toast to thee!"

Two New Courses

This year two new courses are offered in school which have not been offered before. They are Industrial Arts and a driving course. Industrial Arts teaches boys to build many useful things. The driving course teaches how to drive a car and drive it with safety and sportsmanship. Both of these courses are appreciated very much by all students.

Whirlwinds Put First Game on Victory Side

Floydada Whirlwinds showed their ability to win Friday night by breezing by the Slaton Tigers at Slaton. The Winds' chose to receive the ball with White carrying it to about the 35 yard stripe, where the Winds gained a few yards, but on the third play lost it on a fumble.

Then the Tigers took the ball down to about the Winds' own 30, where the Winds held tight and took over. That is the way the first half went with little signs of a scoring threat.

White, one of the lightest men, being the last man between the ball carrier and the goal post, smacked them down as if he were a heavy-weight himself. Other men doing fine defensive playing were the while defense line.

This time the Tigers took the kickoff, carrying it to about the 35 where they fumbled and the Whirlwinds recovered. There the green and white started a drive with White totting the ball through for a first down where the 'Winds' got hot and rolled on down the field with Finley doing some very fine play-calling and also some good ball totting, picking up an average of about 4 yards. Every time he carried the ball, White also did some fine running. Robertson and Jones also picked some necessary yardage through the line, and they were stopped on the 2 foot line where they had fumbled on the fourth down.

The next play the Slaton team lined up for a punt. The center passed back a wet ball and it was fumbled in the end zone for a touchback and 2 points.

The Tigers got to kick from the 20 where the Winds' brought it back to the Slaton 40 yard line. A few plays later the quarter ended with the ball on the 30 yard stripe. The Whirlwinds punted on 3rd down and Finley kicked it out of bounds on the 7 yard line. In the next play Slaton ran it to the ten and on the second down the F. H. S.

line charged hard to cause a fumble which rolled over the goal, and alert co-captain "Red" Perry pounced on it for the touchdown.

Finley tried to run right and for the point but didn't make it. The score then stood 8-0—Whirlwinds favor.

The Winds kicked off and Slaton gained a few yards but the fine Green and White defensive line held tight. Then the Winds took over, and that is the way the game ended with the Winds on the Slatonites' 15 yard line.

New Cyclorama Given by '49 Class

Have you noticed the new curtains on the stage? They were given to the school by the Senior class of '49 and were installed during the summer. They are of heavy woven material, a creamy gray in color.

We are proud of them and very grateful to last year's seniors.

Ag Boys Making Good Beginning

The Ag boys have been getting organized this week. There are sixteen Greenhands and twenty-four Chapter Farmers to be initiated at the first meeting. There are seven 3-year boys.

The V. A. course includes the study of a farm management, selecting of live stock, crops, and other projects.

The boys have been working on the new football stadium this past week.

Pep Squad News

The 1949 Pep squad is getting organized in a big way with a total of about fifty pep girls. They have received their green sweaters and will be fully dressed for the football game Friday night with Post.

The stands will be open Friday night. Hot dogs, candy, gum, cold drinks, and hot coffee will be on sale for the football fans.

The pep girls are still selling the green pencils with the Whirlwind schedule printed on them and also the Whirlwind stationery in the small, medium, and large size, if anyone would like to buy some.

Yes! Whirlwinds!

DE QUACKER

Well, here I am again, as mean as ever. I believe my ears get longer every year don't they? Let's all pitch in next week and have a big juicy column. How about it? What is this that I hear about Veva and Billy Mac, breaking up in the first four days of school? Too bad, maybe it will all come out in the wash.

Jerry Thomas was seen in church three Sundays with Billee. Could there be anything to this, Jerry? Chuck and Jane seemed to be doing all right on the way to Slaton. She also did all right on her way back with Troy Welch.

Band Journeys to Slaton And Gets Very Wet

The band of '49-50 has shown much improvement since last year. It has increased in number as well as added some instruments. The drum major is Edith Garret. Swiss twirlers are Jane Johnson and Betty Laminack. The twirlers are Billie Chowning, Billee Newberry, Elaine Snodgrass, and Clara Mae Jones.

Fifteen new uniforms have been ordered but have not been received. Mr. Kattner said he expected them before the game with Post.

The grade school and high school bands have combined this year. The seventh and eighth grades are brought over to high school by bus every day at 8:45 and taken back at the end of the first period.

The band has enrolled fifty-nine students this year in the marching band.

The band's first trip this year was to Slaton for the football game. The game was enjoyed very much although the group came home very, very wet.

Monday night the band played at a softball game between Advance Journal and Builders' Mart; the proceeds of the game and concession stand went to the band.

Future Home Makers

With her eyes upon the future, and a home to call her own, she strives for better living. Her soon she will be grown. Womanhood—a glory that has ever beckoned on; brightly silvered roadway, blinding, radiant dawn. She must grow wiser daily; she must keep clean to be the keeper of the hearthfire beneath her own roof-tree. She must prepare for wifehood, and to take her woman's place; she must be strong to mother the children of the race, and help her meet life bravely, with calm, unerring grace.

By Grace Neil Crowell

Plans are being made for the reorganization of the Floydada Chapter of Future Homemakers of America.

sea. From all indications this chapter will be a strong one this year. The homemaking department is happy to welcome as new members the following:

Charlene McCormick, Ima Jean Noland, Judith Moes, LuVada Briggs, Shirley Reeves, Peggy Brown, Patsy Day, June Payne, Gladys Parkey, Wilma Jean Judy, Gayle Carver, Lorraine Fisher, Val-donna Pierce, Betty Hanks, Shirley Womack, Patsy Adams, Kathy Warren, Susie Dunford, Ruth Stewart, Barbara Hart, Darlynn Warren, Wenona Hatley, Carolyn McDonald, Ray Nell Irby, Myrna Wilson, June Ware, Ann Welborn, Beverly Ann Thomas, Betty Stewart, Alice Latta, Virginia Morris, Amerlis Barnes, Bobbie Joy Stephens, Genevieve Boyd, Joan Edelman, Nita Jo Day, Jean Porter, Beth Walker, Annie Opal Self, Mary Patterson, Glenda Meek, Cynthia Whitfill, Fern Patterson, Floy Jackson, Frances Vickers, Carmen Graham, Glynnis Sparks, Bobbie Joy Stephens, Dorothy Pierce, La Juana Parrish.

In our Homemaking II class we are happy to have, Jean Hollums, Wanda Poole, Marlene Hollums, Norma Britton, Mary Plumlee, Loene Williams, Frances Ashton, Virginia Preston, Natha Burleson, Mary Lou Polasek, Eva Nell Pratt, Jimmie Joyce King, Hazel Louise Cates, Lucile Latham and Peggy Hand.

Large Freshman Enrollment
Because of the large enrollment of freshmen girls, it has been necessary to divide the group into three sections. Girls in all sections have set up objectives they hope to reach during the year. These objectives will be checked from time to time to see if they are being reached.

Since last spring the department has had its face lifted. Floors have been varnished and waxed, furniture refinished, stools recovered, and nicest of all—four new Magic Chef ranges and a new water heater adorn the department. With such a set up they are expecting a happy busy year.

De Quacker continued

I wonder what Barbara will do when Billy Hart leaves for school? Will she stay at home and wait for you, Bill?

Some of you boys are going to have to talk to Gale's mother so that you can take her to the football banquet. That may teach her to come in early and it may not. What about it, Gale?

Betty Laminack was really happy when she saw Leonard Grigsby coming up to her house.

These Seniors are still swooning over Connie. Why not give them a chance, Connie?

What is this I hear about Sherwyn and Bill not going together as much as they used to? Sherwyn, are you going to give the other boys a chance?
I hear Grace Muncy would like to go with David Wilson, how about it, David?

Now, ducklins, put all the gossip

in the gossip can in Mr. Baker's outer office.

Several Familiar Faces Grace Halls

There were several familiar faces among the many new ones this past week in high school. Among the F. H. S. exes who visited their former schoolmates and teachers were J. D. Helms, Charles Beedy, Macyl Orman, Maxine Griffin, Bradford Beedy, June Powell, Sammy Hale, Jo Muncy, Billy Scott, Travis Jones, Tom Bab Jarboe, Kenneth Willis, Kenneth (Squirt) Bishop, Eugene Mayfield, and Gene Jackson.

Come back to see us, Exes. We are always happy to see you.

Welcome Freshmen

We have been seeing many new faces in school this week. They are, of course, the freshmen who have come over from Andrews Ward and from the rural schools. We want to welcome each and everyone of you to Floydada High School, and we sincerely hope you like it here.

Food For Thought

"If any man seeks for greatness, let him forget greatness and ask for truth, and he will find both."
—Horace Mann

Mr. and Mrs. C. W. Burton and Maurice Burton were recently visiting in Amarillo with Mr. and Mrs. Earl T. Williams and family and Leland Burton.

HOME FROM PORTALES

Bobby McGuire and Joe Bunch spent the week-end here with their parents. The boys have been attending Eastern New Mexico University at Portales, New Mexico. Joe, who has been playing for ENMU, played half of the game which took place at Wichita Falls between Hardin College of Wichita and ENMU.

Mr. and Mrs. Kenneth Hart were recently visitors in Amarillo.
