STUDY OF WATER PUMPING FROM LAKES GETS ATTENTION OF SOIL CONSERVATION SERVICE

Note: Floyd County Soil Conservation district in the article shows new development has many possibilities but urges each farmer will have its own problems of treatment and returns to work.

Recently a good many farmers have been asking about the value of pumping water from these wet weather lakes which we seem to have in abundance here on the high plains. We will venture an answer to some of these questions and give our unbiased opinions in so far as our experience leads us to have an opinion. In other words, here is the way we look at it.

Make Fertile Soil Available Another advantage to lake pumping would be to dry up the lake and make this very fertile soil available for crop or grass production. A good many lakes are in nature and if these could be kept dry they would produce some of the best grass on the farm. You would probably buy your pumping equipment to pump out a large lake but about these small shallow lakes that are continually drowning your crops? There have been cases where a pump has been used to pump out these wet areas and enabled the farmer to till this land and plant his crop much sooner than if he were forced to wait until the areas dried up. Also, crops are saved that might have been flooded out.

There has been a great deal said about the chemical advantages of the water over well water. We do not have any accurate information on this but from what we gather there should be a certain amount of fertility in lake water. Fertilizer is added to these lakes no doubt and this remains in solution, but their amounts and value will probably vary from lake to lake.

It should be remembered that not every lake is suitable for pumping

and a general survey is needed to determine the feasibility of the project. First of all, we should know the amount of water the lake will hold and what time of the year this water will be available. A soil map and topographic map should be made of the proposed land to be irrigated. These maps will show the amount of land that can be irrigated and how far the water must be piped to get to this land. Ordinarily water should not be piped more than 800 feet. Soils maps will help in planning the crops to be grown and in the design of the irrigation system.

Type and Amount of Equipment The type and amount of equipment needed will be determined by the amount of water available, acres of land and crops to be watered and the economic and financial condition of the farmer. You can buy enough equipment for about \$3200

to pump 1000 gallons of water per minute and transport it a distance of 800 feet. However, you might already have equipment that would be suitable and could be used in your setup, thereby cutting down your initial cost considerably. Before pumping is started a pit must be dug into which water from the lake can drain. This pit should be about 10 feet wide and about two or three feet deeper than the bottom of the lake. This will assure draining all the water out of the lake and also having sufficient water to cover the suction hose inlet. The general survey will show where this pit should be dug and also its final dimensions.

Lake pumping looks like the coming thing but we would advise that you have your project analyzed and planned by a competent person familiar with this work before venturing out too far.

District 1 to Name Soil Board Member at Election Party Oct. 4

The annual election to select a member of the board of supervisors of the Floyd County Soil Conservation district will be held in subdivision number one at Lone Star school October 4 at 7:15. This is a regular election to fill the vacancy created by the expiration of a term completed by Bert Bobbitt, who lives about three miles south of Lone Star. Mr. Bobbitt has served in this capacity since November of last year, having been elected to complete an unexpired term.

The board of supervisors has a great deal of responsibility and that responsibility is shared by other landowners especially at the time of the election.

The State Legislature has recently made an appropriation for conservation work which will be handled through the districts. The funds will be allotted to the various districts as seen fit by the State Board and the local board will distribute it according to present needs. This is the first time the state has appropriated funds to be used in this manner and it will be an opportunity to apply additional conservation practices to the land.

Subdivision number one includes the area between the Plainview highway leading from Floydada to the Hale county line and the Sil-

verton highway from Floydada to the Briscoe county line. All landowners within this area, and their wives or husbands, are entitled to vote.

Election Party Planned

The entire family is urged to come to the election party. A program that will be of interest to all is being planned. A movie, "In Common Causes," will be shown, giving some details of how soil conservation districts are formed and operated and how the program will increase crop production through soil and water conservation.

The film, "Keep Your Eye On The Soil," will also be shown. It is a reminder of what happens to the soil when it is over worked and the reserve of plant foods is taken out faster than nature can replenish these valuable contents. This is especially true in the irrigated area. The picture will point out the benefits of crop rotation and planting soil building legumes. A comedy will also be shown.

Refreshments of coffee and donuts will be served by the Home Demonstration club members from the school lunch room.

All landowners are urged to come and vote. It is a privilege and duty as a taxpayer, soil conservation officials declare.

Meeting Rural Tax Collection Begins Oct. 1

Collection of taxes for state and county purposes begins in Floyd county on October 1.

County Assessor-Collector Hamilton this week made preparations for handling a very considerable business due to open on Saturday, October 1, first date on which taxpayers may get official receipts for taxes, and first date on which the 3 per cent discount will be allowable.

Taxes paid in October will be eligible for a discount of 3 per cent, those paid in November two per cent and in December the taxpayer will get a discount of one per cent. In January the tax bill may be paid without either discount or penalty if the taxpayer meets the midnight deadline on January 31.

Valuations Upped a Million Natural increase in property values is responsible mostly for the increase in values this year over last of \$1,233,172.

On 1948 tax rolls the taxable values in the county aggregated \$10,061,628. The rolls this year carry a total of \$11,294,800.

With a state tax rate of 72 cents, the constitutional limit, the total county and state rate, exclusive of school taxes, is \$1.22. This includes in addition to the usual 72-cent levy, road bond tax of 35 cents and special road tax of 14 cents.

The county levy is divided up under the following heads:

- Road and bridge fund... 22c
General Fund... 30c
Jury fund... 5c
Permanent improvements... 15c
Taxes for common school districts of the county range from \$1 to \$1.50 and all of these school taxes will be collected at the office of the county assessor-collector except those in the former Edgin district, which has been added to the Quitaque Independent district. Property owners in that area will pay their county and school taxes at the local office but their school taxes in Quitaque.

Scout Leaders Dinner Meeting Held Tuesday

Nine local scout leaders participated in the Blanco district Boy Scout meeting, which was held in Ralls Tuesday, September 27. Jimmy Willson, district chairman, presided at the dinner meeting. Thirty-one Scouters from four communities in Floyd and Crosby counties took part in the activities.

George Holland, deputy regional scout executive from Dallas, addressed the group concerning the Crusade and Liberty roll call which the Scouts of America are conducting in this area in 1939.

Council advancement chairman, L. A. Wicks, Jr., of Ralls stressed the importance of advancement and recognition of boys for the awards which they earn in the Boy Scout program.

New Scouters were presented miniature scout pins by Earl Tinnin, district vice-chairman. Included in this group was A. H. Rainer, scoutmaster from Floydada.

Commissioners preside Cub scout and Boy scout leaders met separately for a roundtable session, where new program changes and ideas were discussed. Commissioner Jack Henry of Floydada and John Thomas of Ralls presided at the Cub scout and Boy scout meetings respectively.

The Blanco district committee voted in favor of consolidation of this district with the break plains and Haynes districts. The proposed new district would comprise Floyd, Crosby, Motley, Briscoe, and Dickens counties and the town of Turkey in Hall County.

W. R. Postma, scout executive for the south plains council explained the council budget for 1950.

Floydada men attending the meeting included Jimmy Willson, Guy Ginn, Jack Henry, W. O. Newberry, A. H. Rainer, Russell King, Jim Word, J. A. Currie and A. M. Stander.

Goal of Campaign For Polio Funds Near, Says Reue

The polio epidemic drive which has been under way for the past two weeks is nearing completion with a few more committees to be heard from.

This drive is for the purpose of providing emergency funds for the local chapter, exhausted during the summer.

The total amount reported as of Wednesday is \$1833.41. The Dougherty Home Demonstration club gave \$25.00.

The funds that have been turned in for Lockney amount to \$448.00 but according to John Reue, county drive chairman, this is an incomplete record.

"Efforts of every worker is appreciated. Those who have not turned in report, do so, so the drive can be brought to a close," requests John Reue.

Two thousand dollars was indicated as the campaign goal when the drive began.

VISITOR FROM PARIS, FRANCE

Bob Vieljeux, of Paris, France, is visiting in the home of Mr. and Mrs. Frank Dougherty this week.

Bob is in this country studying gold mine engineering at Washington, D. C., and in California. He was told by a brother, if ever in Texas, to stop in and see the Doughertys.

QUANAH ROUTE SEEKS TO DISCONTINUE MAIL, EXPRESS, PASSENGER SERVICE TO FLOYDADA

Discontinuance of mail, express and passenger service to points on the 100-mile lines of the Quanah, Acme & Pacific Railway, including Floydada, will be sought in an application to the Railroad commission this week, it has been announced by Quin Baker, vice-president and general manager of the line.

Warning that the application would be made soon was given the communities 10 days ago by the railroad man, who said that the mail, express and passenger service was being given at very considerable loss. During the month of August this loss was \$3,000, he said, and in the past 12 months has aggregated \$29,500. The line has hauled 1.2 passengers average per train during the past year. Express service has fallen off seriously in the same period and the mail business has been insufficient to make up the deficit.

Probably No Protest In Floydada this week it appeared that no protest is likely to be made to the Railroad commission to preserve service, and it is probable, though nothing official has been said by the Post Office department, that the mail service which has been

First Loads Big Cotton and Maize Crop Reach Market

Maize gathering has assumed some what of importance in the business affairs of Floyd county this week. Likewise cotton gathering is beginning to assume a place that will become pressingly more demanding within the next month.

And similarly wheat stubble plowing and wheat stubble sowing are engaging the minds of hundreds of Floyd county farm operators.

Now it appears the last-named activity will be finished and done out of the way before cotton and maize are so demanding as to make it a matter of injurious delay. Farmers and their machinery are doing a good job of getting wheat stubble plowing and planting out of the way.

Sowing Conditions Ideal Sowing conditions for fall wheat are ideal right now. The only man who is in a strain is that one who

had a big crop last summer that was hauled out. He has plowed up volunteer wheat three to five times and his plows are "crying" this week as he plows again, getting ready to sow.

Meanwhile many farm areas have been planted to the full allowable under the PMA program. It seems certain that the PMA "program" is going to be followed almost to the letter.

Looking For Storage Cars As the peak of the grain harvest seems near at hand, managers and employees of the elevators are making attempts to get all of the car shipping space that can be provided. A month or three weeks ago, when wet weather slowed up oper-

ations in the fields, grain handlers began making arrangements for as much storage and car space as possible.

Clear weather for the past two weeks has accentuated the problem which the elevator personnel have been confronted with for some time. Farmers have reported that some of the grain that comes in has a moisture test of less than 14%. All local facilities will be swamped within the next two weeks, indicated so far.

Carl Nelson, who is manager of the Farmers Elevator company, said that he was expecting some car space in the next few days. He also said that they had been getting a 1/2 car of grain in the last few days, and it seems as if the grain were making a good yield per acre.

In about ten days or two weeks, the new elevator being built by Producers cooperative will be finished and ready to be used. The contractors have until October 15, to finish the elevator, which will have a capacity of two hundred fifteen thousand bushels. Roe Jones, who is the manager of the elevator, said that they had been receiving a good bit of grain, although the moisture had been pretty heavy until a few days ago. Wednesday Producers received plenty of cars to take care of a considerable amount of grain.

Henry Edwards of the Henry Edwards Elevators says that business at his places has not started so well as of yet, and he thinks that he will have plenty of cars and space to take care of quite a bit of grain.

C. W. McCarty of Kimble Milling also reports that he has some storage space for mill.

Cotton Situation Over This Territory Sunshine and warm weather is the best medicine for the cotton, yet opening in the fields. The season has started a little late due to so much weather in the community, but the crops seem to have dried out more thoroughly in some (See Crop Report, back page)

3-A Teams Do Baker - Pleasant Hill Letting

Letting of the contract for construction of the 6.848 miles of paved farm-to-market road from Highway 70 south by way of Baker to Pleasant Hill, is due to be consummated tomorrow by the Commissioners court of Floyd county.

Sealed bids will be opened by the court at 10 o'clock a. m., Friday morning.

Plans and specifications were made by Lubbock Engineering company, composed of Noble Jones and H. C. Girod, who have the engineering assignment. The State Highway department is not participating in the road construction.

Meanwhile the work of making a paved road from Highway 207 in the north part of South Plains to the South Plains school building is going forward this week, with Cooper & Woodruff the contractors. They bid in the job last week at a cost slightly above \$4,000.

Geo. A. Linder is the engineer on this job, for which funds are being provided by the precinct from funds of the County and District Road Fund recently received. This fund, amounting to slightly more than \$20,000 was divided four ways between the commissioners precincts.

ACCEPTS BANK JOB

Glen W. Norman, who finished University of Texas last summer in business Administration, accepted a position with the Broadway National Bank in San Antonio, recently.

Glen is a son of Mr. and Mrs. E. L. Norman, Floydada.

Long Wait Eddie Jarrett Unconscious, Still, Is Report

Eddie Jarrett, who has been in the Baylor hospital at Dallas for the past two weeks is reported this week as improving, but still unconscious.

Dr. D'Errio, brain specialist, who is treating the South Plains youth, said that specifications show they will not have to use surgery.

Dr. D'Errio also said that the trouble seemed to be in the neck caused from a gash at the back of the neck.

Carmack Jerseys In Competition at New Mexico Fair

C. B. Carmack left Monday for Albuquerque, New Mexico, where he will show some of his prize Jerseys in the New Mexico State fair. After returning from the New Mexico State fair, Mr. Carmack plans also to show his Jerseys in the Tri-State fair at Amarillo next week.

Mr. Carmack has one of the most outstanding herds in Northwest Texas, and has spent much time and money for herd improvement. He is also operating a Grade A dairy in the Sand Hill community. The herd is a working herd with unusual production records which have become famous in the annals of Jersey breeding circles.

EDITORIALS

This week The Hesperian has to take to task those people who have maize to sell and want to get it out of the field and into the elevators before it is in condition to go on the market. They are penalizing themselves as to price and forcing the market to absorb a product that is not ready to stand on the feet of its own excellence. Over-anxiety along this line is expensive, because in particular the seller is getting into competition with a lot of other people who have the same thought in mind, that is, to turn their crop into money as quickly as possible to head off the chance of heavy loss in the field. Most everybody knows that a day or two of good stiff wind would be costly. Heavy heads of maize on stalks that are in loose ground will go down, of course. But carload after carload of wet grain begging for a market hurts even worse.

Our young folks is all going to be down-town that morning the circus men come in with the elephants, to see them get watered. The elders who don't believe in circuses and traveling shows can stay at home and tend to things, as they doubtless should. Did you know there are a lot of foolish things it is fun to do and nobody any the worse off for particularly? We sometimes think so at least. Common sense is a good commodity but it can rob you of a lot of the fun of living at times.

Speaking of marketing maize reminds us that the millers are also insisting on certain kinds of wheat they want the people to raise for them which, they claim, will make better bread than some other kinds. It turns out that while the grades or varieties that are being asked for do fairly well, the elevators are accepting the other kind and the otherkind produces more per acre, shatters less and just generally has been putting more money in the raisers' pockets. This is not to try to tell anybody how to run their business, particularly, but it is a reminder to the man who plans a wheat crop that many people in many lines try to find out what the market demands and then try to meet this demand and like it. Whether the wheat grower considers himself a customer or takes it the other way round and considers the elevator and miller his customer would govern to some extent, perhaps.

Why The Hesperian should mention or interest itself in the matter of varieties of wheat that a man may sow is a question which might rightly be asked. We do so only for the purpose of getting over this thought, namely, that whereas a farming people think of themselves as customers of an

elevator or mill or cotton gin and rather insist on this and that little consideration, the fact is farming people like we are here are sellers and the mill and the gin and the marketers on down the line are our customers and we need to have our arms around their shoulders and sorter asking what they want instead of telling them what they've got to take. We have no idea whether Westar or Wichita or half and half or Martin are the best or the poorest. Possibly next year the customer will be having a jeminy fit for Clark's shatterproof or Jones' rustproof or Georgia half and half. He is the customer and it will pay in the long run to let him have it that way. Is that any good as the proper psychology? Is a customer any less a customer because he is buying wheat or cotton or maize instead of cotton sacking or broadcloth or frozen strawberries? Why not let him be a little particular about what he spends his money for?

This talk about marketing reminds us of a pickle we got into a good many years ago about cotton staple. We patiently suggested that if the cotton buyers did not want a certain kind of staple they didn't want it and the man who produced cotton staple ought to try to please them, that is, give them the kind of staple they wanted. At the time the mills were crying "wolf" about cotton staple in somewhat the same manner as they are hollering now about certain varieties of wheat. Do you know what happened to us when we mentioned repeatedly that the cotton mill didn't like the kind of staple being offered them by Floyd county raisers? We lost some friends who got mad because we were in league or combine against the farmer. The attitude was that the farmer was going to raise the kind of cotton they wanted to raise, it was as good as anybody's cotton. And they were going to make the market take it like they brought it in. And they had their way, too. In having their way, however, they paid for the privilege of making the buyer take the kind of cotton they wanted him to have instead of the kind of cotton he wanted. Whether the wheat and maize marketing situation will turn out the same way we have no idea. Human nature doesn't usually change a lot. This being the case the presumption is that The Hesperian will not enhance its popularity a lot by suggesting that the miller may know better than anybody what he wants to spend his money for.

Floyd County 14 Years Ago

(Taken from the issue of Tuesday, September 26, 1935.)

A. G. Hopkins last week was elected secretary of Floydada Chamber of Commerce by the board of directors, his election being effective October 1. He will succeed Roy L. Haynes, who resigned in August to take work on the staff of the University of Texas Centennial memorial.

With representation from several of the town's civic organizations present, a meeting was held at the American legion hall Monday to discuss ways and means of establishing a first class library for Floydada citizens and Floydada boys and girls.

Walter Travis, principal of Sand Hill Public schools for the past four years, Monday morning assumed the duties of the office of county superintendent of Public Instruction, succeeding E. C. Nelson,

whose death last week caused a vacancy in the office.

Friday, September 27, has been set aside for Floydada day at the Panhandle-South Plains fair, according to A. B. Davis, manager of the fair.

Clarence Guffee, for six years principal of the Cedar Hill school until last year when he moved to Allmon as principal has succeeded in the principalship of the Sand Hill school, succeeding Walter Travis, whose resignation was accepted last week-end by the school board there to take the county superintendency.

Floydada High school athletic field will be lighted with a Westinghouse flood lighting system and the seating capacity at the field will be more than doubled during the next few days, it has been said.

Dr. and Mrs. A. E. Guthrie and son, Aubrey, and Miss Ann Brown of Dallas left Saturday night for Pueblo, Colorado, where Mrs. Guthrie and Miss Brown will visit their brother. Dr. Guthrie returned home Tuesday.

Mr. and Mrs. Polk Goen and

MOTHER OF MRS. PITTS SERIOUSLY ILL IN KENTUCKY

Mrs. Donald Pitts will leave this week-end for Hallsville, Kentucky, where she will be by the bedside of her mother, Mrs. S. E. Ayres. Mrs. Ayres is very ill and it is indefinite how long Mrs. Pitts will be in Kentucky.

Mr. J. A. Patterson and daughter, Sheila, left Tuesday for Tyler, Texas, where they will attend the rose festival and visit with Mrs. Patterson's brother and wife, Mr. and Mrs. E. D. Gilley. They plan to be gone a week.

Mrs. Ray Clements of Phoenix, Arizona, spent Monday in Lubbock attending the Panhandle-South Plains fair.

A scoreboard to be erected on the Whirlwind football field at the high school has been adopted as the number one project of the Junior Chamber of Commerce.

We live up to your Buick's promise!

FOR sure, at this time of year you want a full measure of real driving sport from your Buick—an eager answer to your toe on the gas treadle, softly obedient brakes, a willing wheel that steers for you without effort. Let's just say—you want the royal ride that only a Buick can give you!

All this you'll get and more, if your Buick gets the care it deserves. Not just a peek here, a poke there—but real Buick care! Our kind of care!

You don't pay any more for Buick-experienced workmanship and

know-how, or for our Buick-trained skills, or for the fact that every part, every adjustment and operation is just what the factory has specified.

Yet there's a thrilling difference in the way your Buick behaves under our careful care. Bring it to us next time you want lubrication, or an adjustment, or a thoroughgoing checkup—and give yourself a mighty pleasant surprise!

You get 2-for-1 with Lubricare

One of our biggest bargain-offers is Lubricare—complete, elaborately thorough lubrication plus a stem-to-stern checkup of your Buick and its general health. Pay us just for the lubricants it needs; the diagnosis is a service we're glad to give! How about driving in this week?

Buick care keeps Buicks best

Is it a bird? Is it a plane? Is it Superman? No, kiddies, it's just a super guy, Junior Perry, better known to all of us as "Red" Perry. Junior came into this big wide world on a bleak November 22 in 1932, and the best little town in the west, Floydada welcomed him with a great big smile.

At the age of sixteen Junior stands 6 ft. 1 inches tall, weighs 170 pounds, has shiny red hair and brown eyes. Junior is the Whirlwind co-captain, who holds the position as right end on the team.

Junior says he likes everything, but a few things which he is a little partial to are pretty shirts, blue eyes, fried chicken, and all kinds of sports. His dislikes are conceited people, English IV, and Lockney. Junior's favorite pastime is just eating and his biggest weakness is women and blue eyes.

His secret ambition is to become someday a great football coach (Has a good start, don't you think?). Junior's favorite subject is his 5th period Chemistry class.

Junior enjoyed "Rope of Sand" more than any other show he has seen. Burt Lancaster and Alan Ladd are his favorite actors.

As for sports, Junior really goes out for them. He likes football, basketball, boxing, swimming, and gold. Junior has lettered in football three years and in basketball two years.

When asked how he would spend his perfect day, he replied, "Sleep until ten o'clock (early bird) then get up to eat a hearty breakfast of ham and eggs, and good ole hot cakes. Play a round of golf and go for a dip in the swimming pool. After the swim it would be time to eat again, so he'd eat a big steak dinner with french fries and all the accessories, then finish up with a big dish of ice cream (any flavor). After he'd eaten 'till he couldn't, he would get some more 'shuteye'. About 4 o'clock he would take his ideal girl, who incidentally, should have blond hair, the bluest of blue eyes, be 5 ft. 6 inches tall, with a luscious figure and a good personality, for a swim. He would come home to a chicken supper with all the trimmings and later pick up his ideal girl, have a wonderful time, and hit the sack about 12 o'clock.

Junior is the senior class treasurer and was the junior class president last year. He is really an outstanding person with a fine personality, who has added a touch of spirit to Floydada High school. Good luck and success to you, Junior, always.

REPORT CARDS COMING UP

This is the fourth week of school; two more weeks then report cards appear. What will yours show for the first six weeks?

Have you just been playing along, thinking the first grades don't count? If you have—are you in for a surprise! It may be a little hard to settle down to daily studying, but it will be harder to make up those grades later on in the year.

If you learn your lessons from day to day, you will probably find it easier than doing all the last minute cramming which usually fails you anyway.

Lets all make an extra effort to keep our grades so that we can look forward to, instead of dreading Report Card Day!

Whirlwind Bs Twice

Winners Over B's of Crosbyton Chiefs

Floydada Whirlwinds "B" squad beat the Crosbyton Chiefs "B" squad twice in a row. The first game played at Crosbyton resulted in a 19-6 score, with Grimes tallying first, charging up through the line for about 30 yards. Next was Bearden, the "B" squad's tailback who scored right end. The score then stood 12-0.

But Crosbyton got going then and sent a pass to the right end who went all the way which was about 30 yards. The Winds didn't score on the third stage, but in the fourth the ball was handed off to Helms who went between left end and tackle, reversed the field, and went for standing up.

The try for the point was good and the final score stood 19-6.

The Game at Floydada

The "B" squad won the return game with Crosbyton this time 6-0 in the game which was played last Tuesday night at Floydada.

The first half showed little action with the ball just changing hands except for the drive that Crosbyton started in the first quarter and was stopped on the 20.

There was no scoring though. The second half the Winds took the ball down to Crosbyton's 40 and Hutchinson scooted right end for 30 yard gain, and Grimes plunged the line for the score. The try for the point was not good.

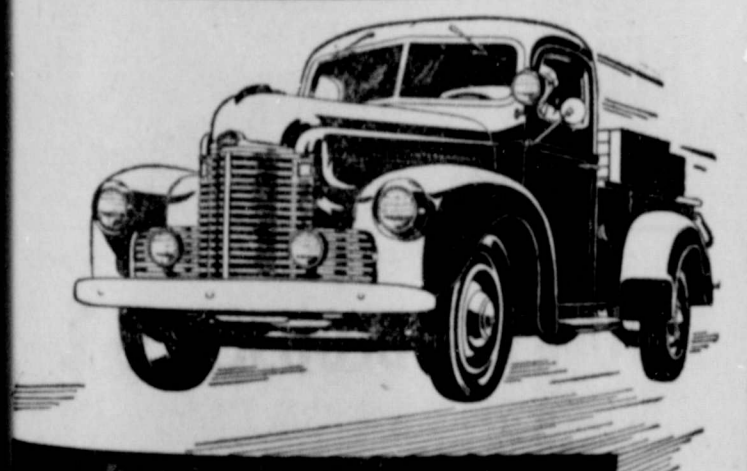

From then on the game was played just like the first half.

The starting line-up for the last two games consisted of: right end, Small; right tackle, Burgett; right guard, Baxter; center, Smalley; left guard, Evans; left tackle, Rape; left end, Hinsley; tailback, Bearden; full back, Grimes; blocking back, Barkack; and wingback, Helms.

HESPERETTE Whirlwinds Clip Ralls 15 to 6

The Floydada Whirlwinds came from behind to defeat the Ralls Jackrabbits in the fourth quarter last Friday night and to hold its unbeaten record safe from harm for at least another week.

The first quarter F. H. S. received and pushed the ball down to the Ralls 20 where they were stopped. Ralls took over and made a first down. Then the Wind's line held for four downs and the ball

passed back and forth the first quarter. The second quarter Ralls started a drive and passing attack scoring from the 15 yd. line on a pass. The attempt for extra point stopped short of the goal. This made it 6-0.

Ralls kicked off the Winds brought it back to the 35, then started a drive but the half ended with the 'Winds on the Ralls' 35, and the score was 6-0.

The second half the Winds came back with a tighter defense and held the Rabbits the third quarter. The first minutes of the fourth quarter Ralls started a drive but they fumbled and tackle "Tank" Haney pounced on it.

The Wind's spirit started to progress with 6 minutes remaining. They went down the field 76 yds. on a sustained drive to a touchdown. The score was made by Finley from the 1 yd. line with brilliant line plunging by Robertson and White. Finley's conversion went wide and the score stood 6-6.

A bad lateral by Ralls put the ball out of bounds on the 2 ft. line. At this point the score stood 6-6; penetrations were Ralls 2, Floydada 2; first downs: Ralls 7, Floydada 8.

If the game should end like this, F. H. S. would win because they had more first downs and for that reason Ralls decided to run instead of punt.

The first play they picked up 5 yds. off tackle. The second play they tried an end sweep and were cut down behind the goal by tailback Bob Finley and center Aubrey Guthrie. This gave the Ralls boys a free kick from their own 20.

Arlen White caught the punt on the 50 and scampered all the way back to the eight with beautiful running and precise blocking. Finley rounded right end for the score and White held the extra point, which was good, to make the score 15-6.

Finley again kicked to Ralls where they were downed hard on the 30. A short pass plus a long run for Ralls put the ball on the Winds 25 yd. line where on the last play of the ball game Guthrie intercepted a pass but was smothered.

Final score F. H. S. 15, Ralls 6. Best Abernathy!!

De Quacker continued

Blue section of the week!!! Sherwyn did Bill really leave you all alone Sunday, or did he just leave Sunday?

Beverly, are you and Billy Charles still getting along alright? I have not seen you lately; is he afraid to take you someplace?

Joy, what did Gene Dale think about you going with Bill Jones these days?

I know of a girl that was mighty happy when Bettye got a letter from Leonard and found out that Bill Jeter was President of the Freshmen. I wonder who that could have been?

Say, Bettye, when Leonard does not come home I would have him to pour on the letters. Are they interesting letters? It would be too bad if one accidentally got in my little column.

Has Bill Hart left, Barbara, or is he writing to you? You never can tell what will happen; he may come home and go with one of your best friends.

Did I hear right when I heard that Clara and Kenneth Bishop were going steady? You had better watch him Clara, he may step out on you.

Boy, are all the boys in F. H. S. following Gladys Parkey around in school? Say you might have something there. Maybe I better look into this.

Leroy, who were you with that night that you had your little accident with your car? Surely she did not have that much effect on you. If she did, you better not go with her any more, no telling what would happen next time.

Was Floy Jackson with someone one night last week besides Donald? Don't let her do you that way, Donald!!

Was Joy very happy when Gene came home this week-end??? Bill, what are you going to do???

Say Loene, how does Hershel's new car ride? It must ride pretty good, I see you in it quite a lot. Peggy, who is this I have been seeing you with? Could it be Fred Conner?? What is June going to say about this?? You better be careful Peggy.

Don't forget that my car is still in Mr. Baker's outer office and it sure could stand to have some gossip in it this next week!!!!

Get the want ad habu.

Classes Elect Their Officers

Wednesday, September 21, was the day class officers were elected. The following officers were elected by the Senior Class:

Bill Jones, president; Ted Davis, vice-president; David Willson, secretary; Junior Perry, treasurer; and Bobby Finley, reporter.

The following Junior officers were elected: Don Probasco, president; Wayne Robertson, vice-president; Pat Pralin, secretary; Dale Roberts, treasurer.

Sophomores elected the following officers: Hubert Ring, president; Kenneth Bishop, vice-president; Jo Mack Dunn, secretary-treasurer; and Jean Friske, reporter.

The freshmen elected the following officers: Billy Charles Carmack, president; Bert Grimes, vice-president; Shirley Womack, secretary; Connie Bearden, treasurer; and Franklin Stovall, reporter.

Officers Elected by Whirlwind Band

On Tuesday, September 20, the high school members of the Whirlwind band elected their officers for 1949 and 1950. Those elected were:

President, Trois Muncy; vice-president, Everett Powell; secretary-treasurer, Armita Berry; and reporter, Billie Newberry.

The band went to Ralls to play during the game, but since the new uniforms did not arrive, they did not perform on the field. The uniforms are expected before the next game, which is with Abernathy; and the band should appear on the field with a stunt.

F. H. A. NEWS

The Homemaking class is very proud of the new floor covering in the Foods room and dining room. It has helped improve the appearance of the rooms and it will be very serviceable.

A called meeting was held in the clothing lab Friday noon. A committee was chosen and a watermelon feast was planned for Thursday night, September 29, 1949.

Be wise — Advertise.

'Doak' White Out Due to Injuries

Arlen "Doak" White is out with injuries. He has a collar bone which was broken in the Ralls game.

Arlen made the run that set up the second score and laid the ball for the extra point with his collar bone broken. He also played a great defensive game stopping many end sweeps and once saving a touchdown. Good game "Doak," we're proud of you!!!!

Senior Class Shot

To some's happiness and to other's regrets the senior pictures were taken last Thursday by Mr. and Mrs. Earl Anderson of Clarendon. These people have taken the senior pictures for several years, and as they have always turned out fine products they are still taking them.

Each student will have a group picture and at least twelve pictures of folder size to exchange. The enlargement and group picture were given free if a student ordered two dozen. Thank you, Mr. and Mrs. Anderson!

Style of the Week

The girls definitely have to walk pigeon-toed and have the soft tilt of a baby's voice when they talk. If they don't have these traits — down the drain!

The boys have to have broken shoulder blades and be able to say "Hey Bud" in the right tone of voice. Hey Bud!

Three Gates

If you are tempted to reveal a tale to you someone has told About another, make it pass. Before you speak, three gates of gold.

These narrow gates: First, "Is it true?"

Then, "Is it needful?" In your mind Give truthful answer. And the next Is Last and Narrowest, "Is it kind?" And if to reach your lips at last It passes through these gateways — three.

Then you may tell the tale, nor fear

What the result of speech may be.

Novel Solution Quail Hunting Controversy

QUITAQUE—Folks at Turkey, in the southwest corner of Hall county, have hit on a novel plan of settling the old-age controversy between sportsmen and landowners, specifically as applied to hunting in the quail-rich Turkey vicinity.

Under the newly-adopted plan, a person desiring to hunt quail in the vicinity of Turkey will first contact one of the officers or directors of a yet-to-be named association,

which for \$3 will issue the hunter a one-day quail-hunting permit for the Turkey vicinity.

The plan was outlined at a mass meeting of sportsmen held at Turkey on Monday night, according to G. P. "Slim" Davis, state game warden from Shamrock.

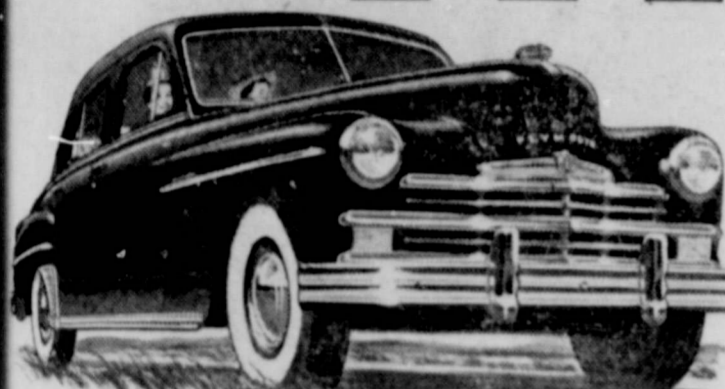

Davis explained that Landowners in the Turkey area are willing to share the good quail hunting in that vicinity, but they want to control it, and believe the \$3 daily permit device to be an adequate solution.

with a **JOHN DEERE TWO-ROW COTTON HARVESTER**

The easiest way to boost your cotton-growing profits is to use a John Deere No. 15 Two-Row Cotton Harvester. Based on 1947 labor cost, it saves \$30 or more per bale over hand pulling... does an excellent job in any crop that's suitable for mechanical stripping.

Handling two forty-inch rows at a time, the No. 15 does a clean, efficient once-over job of saving bolls. Its work is considered by many gin operators superior to cotton stripped by the average hand puller.

With the John Deere, you, too, can make short work of your harvest... get all your cotton to the gin before bad weather causes crop losses. For details, see us the next time you're in town.

GRADE SCHOOL MEETS

AUSTIN, Texas, Sept.—Registration for grade-school meets for the 1949-50 school term is proceeding at a much faster rate than last year, Rodney J. Kidd, director of the University of Texas Interscholastic League, announced.

Last year the League contained 90 districts for grade school meets. At the present registration rate for grade schools, participation will be greater this year.

Any group of grade schools in the state may get together and organize a grade school meet, Kidd said. Information on the contests and organization procedure may be obtained from the Interscholastic League, Box H, University Station, Austin.

Mr. and Mrs. O. M. Watson left Sunday of last week for Ft. Worth and Dallas where they visited relatives. The Watsons were gone a week.

Mrs. Dean Walls and son, Larry, spent the week-end in Dimmitt with Mrs. Walls' aunt and uncle, Mr. and Mrs. Ben Hill.

Mr. and Mrs. Travis Dunn and girls from Plainview were Saturday visitors here.

Packs Gather For Round-Up of Cub Scouts

Eighty Cub scouts and parents were present for the September Pack meeting in the Legion Hall Monday night. The theme of "Round-up" was the keynote for Cub scouts, with cowboy costumes appearing during the grand entrance.

Lions club president, Enos Jones welcomed the Cubs and visitors, and introduced each den. Cub scouts presented three skits for the entertainment of the parents and visitors.

Advancement awards were presented by the parents of the Cub scouts. Registration awards were presented to Jerry Chapman, Carl Brock, and Stanley Burleson. Highlight of the advancement ceremonies was the presentation of the Webelos

Arrow to seven Cub scouts. Robert Stovall, den 1, received the most awards for the evening. He was presented with the bear, lion, and Webelos ranks. The bobcat award went to Dale Redd. Dale was also awarded the wolf rank, as was Jimmy Currie.

Receiving the Lion rank were Stanley Burleson, Robert Stovall, and Carl Brock.

The highest rank in Cub scouting webelos went to Jimmy Currie, Harold Snell, Robert Stovall, Carl Brock, Stanley Burleson, Barry Fyffe, and Larry Glassmoyer. In an impressive ceremony, each webelos cub received a real arrow, which was shot into a target by scout Larry Glassmoyer.

Those boys who were over eleven years of age were presented hand books by the den mothers, Mrs. D. W. Badgett, Mrs. R. F. Stovall, and Mrs. A. C. Ralner.

Graduating cubs included, Larry White, George Hulse, Tommy O'Neal, David Badgett, Jimmie Collins, Terrell Guthrie Bobby Ralner, Harold Snell, Alvie Lynn Jackson, Darrell Bunch, Robert Stovall, Dale Redd, Carl Brock, and Stanley Burleson.

Harold Snell won the first honors

for individual handicraft, and Den 1 was winner of first place in the den exhibit.

Rev. Powell of the First Christian church addressed the parents concerning the importance of leadership in scouting.

Mrs. Rex Brown is to be a den mother for the next year. Her den will be composed principally of new cub scouts who are eight and nine years of age.

Cubmaster W. W. Newberry presided at the meeting. Cub Pack 57 is sponsored by the Lions club of Floydada.

Farmers Union Domino Party at Sand Hill

The Sand Hill Farmers Union will sponsor a domino party Wednesday night, October 5, at 7:30.

A charge of \$1.00 per couple will be made and the proceeds will be used to buy refreshments for the local meetings during the coming year. The public is invited to this party and there will be refreshments served.

Farmers Union, on a national basis, is fighting for 100% parity. Sand Hill Farmers Union Local No. 33 is the largest local in the state of Texas. "We are fighting for family type farmers on the land," said Ed Holmes.

A great deal of interest has been shown in the junior work this year. About thirty children have completed the Farmers Union study course and will be eligible for a \$1000 free life insurance policy.

"We are expecting to do some great work in the coming year", Mr. Holmes said.

Circus Coming On October 8

Tom McLaughlin, advance representative of the all new Stevens Brothers circus and menagerie is a caller in the Hesperian office this week and announced the coming of the first big circus of the season, the date having been set for Saturday October 8 with two performances scheduled at 3 and 8 p. m. under auspices of Floydada American Legion.

In a few days the regular advertising trucks will arrive and begin the task of placing the bright red posters throughout the surrounding territory. This will be the first trip of the Stevens Bros. circus in this territory; in addition to presenting six cages of wild animals in their menagerie, the management will have with them at this time Dolly Jacobs world famous trained elephants, Bob Grubbs liberty horses and a host of big time circus acts.

Longhorns Are Easy Winners

An alert Longhorn squad Friday night proved themselves complete masters of the situation when they met and defeated the Crosbyton 3-A football contenders on Mitchell-Zimmerman field at Lockney, 26 to 0, scoring in each of the four quarters. In the last quarter they toyed with some of their pet players they hope will work against tougher (if any) competition later in the season.

Coch Curtis Kelly had his boys doing their stuff and were they willing pupils! When power was needed they ambled through, and when it was deception they wanted they had the Chiefs looking for the man who was carrying the ball.

Two or three players who will carry the load next year for the Longhorns got some good practice. Among these were C. B. Smartt, who threw passes and ran off tackle rather impressively, and Stanley Conner, 130-pound halfback, who stopped much bigger boys on defensive plays. Eddie Fortenberry, a corner, also did a good job for nearly half of the game.

In the line Delbert Shearer, tackle, and Robert Huckaby, guard, teamed up on offensive plays to carry the wall back for gains almost without exception. Mac Howard, who called the plays, had DeJuan Strickland and Ray Ferguson, carrying the ball for consistent gains.

It was Lockney all the way before a stand full of patrons. The Crosbyton contingent had the pleasure of seeing their Sam Convington do a good job until he was injured and had to go out of the game. Their Lawrence Hargis did well, too, as well as Charlie Wheeler and Arnold Rathael from McAdoo, in the backfield, but they couldn't cope with superior craftsmanship. The Longhorns had their assignments and they carried them out, mostly.

Howard's punts and C. B. Smartt's pass pitching gave the Longhorns advantages the Chiefs couldn't cope with but the Longhorn line was the root of the trouble for the Chiefs.

In the last quarter the Lockney line had the Chief toters hurrying so that they would let the ball slip even while out in the open.

most of Mrs. Bullard's children and families met to celebrate Mrs. Bullard's birthday.

The Longhorns scored in the first quarter, the second, the third and the fourth and they could have scored more touchdowns if they had been needed.

Crosby Negro Slayer Given Life Sentence

George Holland, Ralls negro, who slew Sheriff J. J. Pierce of Crosby county on the night of August 2, 1947, was given a life sentence in 110th District court for Briscoe county at Silvertown last week.
The case had been transferred on change of venue from Lubbock county after a previous jury oath verdict had been reversed and remanded by the Court of Criminal Appeals.
No special venire was called, the jury being selected from the regular panel of Briscoe county petit jurors, the jury being selected in less than an hour.
The defendant put on no witnesses gave no notice of appeal following the trial. Shortly after the close of the trial he was sentenced and officers left with the defendant for the penitentiary, reports stated.
District Attorney Lloyd Croslin, of the 92nd district, was assisted at the trial by District Attorney John B. Stapleton of the 110th district.

County Places Second Exhibit

The Floyd county agricultural exhibit placed second at the Panhandle Plains South Plains fair in Lubbock with a score of 949 points out of a possible 1,000.
Judging done Monday gave Parmer county first with a score of 953 points, four points ahead of Floyd.
Castro county placed third with 939 points, Hale fourth with 929 points.
Placing fifth was Bailey county, followed by Garza in sixth place, Crosby in seventh, Terry in eighth, Lamb in ninth, and Roosevelt county, New Mexico, tenth.
Sixty-one points separated the first place winner and the tenth. Competition on the basis of quality was very keen.
The fair is under way this week. The exhibits were carried to Lubbock by Emery Angus of Floyd Creamery, Assistant County Agent Edd McLeary, Bob Crowell, Chamber of Commerce manager and County Agent Robert Gibson.
The people of Floyd county are to be congratulated on the excellent crops they grow. The crops were in excellent condition and we lost first place by very minor defects that were overlooked in the preparation of the exhibits," said Mr. Gibson.
Fine cooperation in preparing the exhibit, was evident, said the county agent.
This same exhibit with a few minor changes, will be carried to Amarillo for the Tri-State fair, next week.

Numerous agricultural products were shown in the individual exhibits. These exhibits were shown in the name of the producers, and placed in the following order:
First places were won on onions, Apples, Cashaw, Alfalfa seed, bundle of Oats, bundle of Wheat, White corn, peanuts, baled alfalfa, baled sudan grass, and sunflowers; second places okra, pears, peaches, apples, cashaws, bundle of wheat;
Third places peaches, barley, lima beans, bundle cane, and red milo.
Several entries were made in each of these exhibits and the names of the producers of the winning exhibits are not available at the present time, Gibson said.

Mr. and Mrs. Leslie Ewing and son, Roy, spent the week-end visiting with Mr. Ewing's uncle and aunt, Mr. and Mrs. Nube Ewing, in Dimmitt. The Ewing's daughter, Lou Oia, stopped in Tulla for a visit with several cousins over the week-end. The Dimmitt Ewings were hosts Sunday to 39 relatives for a bountiful dinner.

Mrs. Josephine Hale returned to her home in Holland Saturday following a two week's visit here with her sister and husband, Mr. and Mrs. G. E. Puller.
Edwin and Eugene Matthews, of Tusculumbia, Alabama, and Mr. and Mrs. Ray Chapman and children, of Lubbock, visited over the week-end with their aunt, Mrs. R. C. Watson, and other relatives.

MOORES IN LOUISIANA FIND AREA OF INTEREST

Mr. and Mrs. Y. M. Moore have returned from a trip to Louisiana where they found sights interesting to a plainsman.
While they were guests in the home of their son, Carmon and Mrs. Moore at Baton Rouge, they toured as far south as New Orleans. At the loading dock there they saw a ship load of coffee from Brazil being unloaded. In the Old French quarter there they had French doughnuts and coffee that were delicious, the Moores said.
Enroute home they were guests of a daughter, Mrs. L. H. Scott and family at Weatherford, Texas, and of a son, Morris Moore and his family at Fort Worth. The last-name couple has a new baby girl, the first and only granddaughter in the family, although there are four grandsons.
Mrs. Carmon Moore and her son, Carmon, Jr., had been guests of the Moores here for several days prior to their journey to Louisiana, and returned to her home in Baton Rouge with them.

BOBBY VICKERS CREW MAN ON AN ATTACK TRANSPORT

Bobby Marion Vickers, seaman apprentice, USN, of 308 West Tennessee, Floydada, Texas, is serving as a crew member of the attack transport USS Henrico, which is participating this fall in "Operation Miki", a large-scale amphibious exercise in the Pacific.
The maneuvers, scheduled for late September, October, and November, involve nearly 40,000 soldiers, sailors and marines and are designed to dislodge an imaginary "aggressor" force from the Hawaiian Islands. General Mark W. Clark, Commanding General of the Sixth Army, is overall commander.

Mrs. J. W. Kimble and O. R. McIntosh, of the Kimble Optometric clinic, were among the south plains optometrists who heard Senator Kilmer B. Corbin in an address held in Settles hotel in Big Spring last week. The occasion was a joint meeting of South Plains and Permian basin optometric societies.
Mr. and Mrs. Jack Shisler and son, Jackie, of Lubbock, were guests during the week-end of Mrs. Shisler's mother, Mrs. E. R. Borum.
Visitors in the Geo. Beedy home over the week-end were Mr. and Mrs. Austin Beedy and Mr. and Mrs. Douglas Beedy, all of Plainview.
Mr. and Mrs. G. E. Puller spent Sunday in Plainview visiting with their daughters, Mrs. Clyde Foster, and Mrs. D. N. Wiseman.

Whirlwinds Take Jackrabbits In Bruising Game

Floydada Whirlwinds won a disastrous game last Friday night, 15 to 6 over the Ralls Jackrabbits at Ralls. So disastrous was the game that the Whirlwinds are indeed lucky to have an open week following, next Friday night.

Most serious injury was sustained by scat back Arlen White, who broke his collar bone on a high stepping, shaky hipped run of some 52 yards, and then stayed in the game for the touch down play that followed and the kick for extra point as well.

White's ball carrying will be missed for some four to six weeks, but his aggressive defense work will be missed even more. White, who broke up many end runs in this and previous games, hit like a two-hundred pounder in spite of his weighing only 145 pounds. He probably saved Floydada some five touch downs in the three games he either started in, or played most of.

A Hard Hitting Game
Other injuries were of a minor nature, Grubbs having the worst with a dislocated jaw, momentarily. Many other sore muscles, sprains and skins were reported by a majority of the team members.

A hard hitting game it was. Both the Floydada and the Ralls teams were putting everything they had in the game to make it one of the most impressive games in district 3-A for last week.

In the first period, Floydada received on their 10 and marched with the ball to the Ralls 25 yard line, where Ralls held gaining the ball on downs. The rest of the quarter was played in a seesaw fashion, Ralls taking over on downs on the last play in that period on their own 38 marker. In the ensuing period, Ralls pushed the ball to the Floydada 14 where the 'Rabbits clicked with a pass, Morrison to Bolander for the only Ralls tally. On the attempted run for extra point, the Whirlwind line held and the try failed.

The rest of the second and all of the third quarter were played almost to a draw, Ralls losing possession of the ball on the last play of the third quarter on the Floydada 18 yard stripe.

Floydada was penalized to their own yard line on the second play in the fourth quarter and kicked

out of danger to the Ralls 40 with a return to the 26. On a line plunge that followed, the runner was hit hard, dropped the ball, and an alert Bill Haney recovered for the Whirlwinds on their own twenty.

Score Is Tied
A steady march up the field, all backs participating, was the story of the ball being moved to the Ralls one yard line where Bob Finley plunged over. Finley tried for conversion from placement, but kicked wide to tie the score 6-6, only four minutes remaining.

Floydada kicked, stopped the Jackrabbits on the fifteen and rushed so on the next play that a fumbled lateral resulted. Ralls passed from their one yard marker to the six for a five yard gain only to have the left side of the Whirlwind defensive aggregation close in on the next play and smear the runner behind the goal line for a safety and two points.

The game had been crucial at this point, tied on penetrations. Floydada was in the lead with eight first downs to seven for the hosts.

Makes Brilliant Run
On the free kick from their twenty, Ralls kicked to the Floydada forty where Arlen White took the ball and returned 52 yards to the Ralls eight yard line at which time he received his broken collar bone, but stayed in for the touch down play. Finley went over tackle through a perfect opening to pay ground, White held for the placement, Finley putting the ball through the uprights.

After an off sides against Floydada on the ensuing kick, Ralls took the next kick on their twenty six yard marker, moved the ball to their forty three and then clicked with the Morrison Bolander combination pass, carrying to the Floydada 18. This thrilling quarter ended on the next play when Aubrey Guthrie, stalwart linebacker for Floydada intercepted Morrison's pass intended for Bolander.

Hard hitting could easily have been the motto for the Whirlwind-Jackrabbit game. Floydada linesmen opened perfect holes for the ball carriers who drove until their feet were out from under them.

Most impressive on the defense, Floydada had a very good offensive as well. Most impressive defense work was turned in by Arlen White, Billy Smith, Johnny Lloyd, Jr. Perry and Aubrey Guthrie, with other members of the aggregation close in pursuit for defensive honors.

Reserves who went in and out of the game, depending on offense or defense were Arlen White, back; Dale Roberts, back; Jerry Thomas guard; and Roy Teague at tackle.

New! High Speed OLIVER COTTON HARVESTER

Here's the new 2-row Oliver Cotton Master... a completely modern power-driven, power-lift harvester. It operates efficiently at speeds up to six miles per hour... picks as much as 20 bales a day.

Specially designed stripping teeth, and wide, flared gathering-unit throat openings gather cotton that is high or low on the stalk. The 38-inch spacing of the gathering units will handle all conventional row widths. Adapted to the harvesting of storm-proof varieties, the Oliver Cotton Master does a thorough job of separating the cotton from the stalks, breaking open bolls and knocking out moates, trash and dirt.

See us for full information on this new pull-type Oliver Cotton Master that is quickly attached to any tractor... that speeds up the cotton harvest, and helps you deliver a high-grade product to the gin.

We will have a limited number of these harvesters. If you are interested, look them over and decide soon.

Dr. Richardson, H-SU President to Address Audience October 13

Dr. Rupert N. Richardson, president of Hardin-Simmons university, will be guest speaker on the night of October 13, when the 1929 Study club will have its annual open house.

Mrs. Hollis R. Bond, president of the club, made the announcement last week. The open house will be held at the high school auditorium.

Dr. Richardson came to Hardin-Simmons as a preparatory student in 1907 and received a degree from that school in 1912. He became the school's acting president in 1943, and was made president two years later.

Dr. Richardson is a popular speaker, unable to keep the many dates pressed upon him.

MRS. C. B. SMITH HOSTESS FOR MEETING OF HARMONY

HOME DEMONSTRATION CLUB
Mrs. Chas. B. Smith was hostess to the Harmony Home Demonstration club in the clubroom, Thursday September 22.

Mrs. Donald Finkner presided. Mrs. Mather Carr, Mrs. David Batey, Mrs. Glen Pool and Mrs. Finkner gave a report on their trip to Girlstown.

The program was "The American Family," by Mrs. Finkner. "Everybody's Problem-Everybody's Interest," given by Mrs. E. M. Rutherford. "Legal Aspects of Family Life" was given by Mrs. Roy Hale, and a poem was given by Mrs. Wesley Carr.

The guest speaker at this meeting was Rev. E. J. Cobb, pastor of the First Baptist church of Lockney. Rev. Cobb gave a poem, which he had written, entitled, "True Greatness."

The club voted to meet at Mrs. John Hoffman's home on October 11, at 2 o'clock p. m., to work on the trays. The next regular meeting will be October 13, with Mrs. Roy Hale as hostess.

The hostess served refreshments to the following members: Mmes. G. L. Snodgrass, Carrick Snodgrass, E. M. Rutherford, D. S. Batey, Roy Hale, C. A. Williams, Donald Finkner, Bill Jackson, Charles Trowbridge, Mather Carr, Glen Pool, Wesley Carr, R. B. Gary, Zant Scott and Sherwood Ramsey and the out-of-town guest, Rev. Cobb.

Crosbyton and Blanco Vote Consolidated

CROSBYTON—In elections held in Crosbyton and Blanco districts, voters approved the consolidation of the two districts. Crosbyton favored the consolidation 12, while only 24 votes, in Blanco, were against the consolidation, were in Crosbyton.

The second consolidation of the Crosbyton territory in the past month, with Leath, was consolidated with Crosbyton in August. The Mt. Blanco district also includes the Wake district, as these two were consolidated by the school board, a result of the school law.

Blanco Has 285 Sections Consolidated In Crosbyton

dependent School district is now the largest in the county, with a total of 285 sections of land. The original Crosbyton district contained 125 sections; Mt. Blanco, 68 sections (including Wake), and Leatherwood, 92 sections.

The new district will have an increased valuation of \$1,013,820, based on this year's figures, the county records show. Leatherwood has a valuation of \$452,500; Mt. Blanco, \$332,890 and Wake, \$229,430. At the present rate of \$1.50 per \$100 valuation, this value would bring in \$15,207.30 in taxes.

Under the Gilmer-Aiken school law, these former districts were assessed the following amounts to be paid into the foundation program: Mt. Blanco, \$2,823.32; Wake, \$2,339.50 and Leatherwood, \$4,556.05, for a total of \$9,708.05. This subtracted from the \$15,013,820 which the present valuations and rate would bring in, would leave a net increase of \$5,498.41 for the enlarged district.

Donation to Polio Fund by Baker Club

At the meeting of the Baker Home Demonstration club Monday of last week, the members voted to donate \$25 to the polio fund and heard a discussion on "Our Family" by Mmes. P. I. Roberts, Ray Smith and Herschel Green.

Mrs. Ham Smith, sr., was hostess to the members. A demonstration on "Using Dairy Products" will be given at the next meeting of the club on October 3. The meeting time will be 1:30 in the afternoon and Mrs. Herschel Green will be hostess.

At the meeting last week were Mmes. Bruce Holder, Floyd Bradford, Ray Smith, Herschel Green, Claude Fawver, Gilbert Fawver, Jim Owens, P. I. Roberts and the hostess, Mr. Smith.

MATADOR VISITORS SEE CLUB FALL FLOWER SHOW

MATADOR—A number of local residents drove to Floydada Saturday, where they attended a flower show held by Our Home Garden club at the Legion hut.

The several groups attending included Mrs. U. L. Willie and daughter, Clotelle and Mrs. R. E. Donovan and daughter, Rose; Mrs. Bob Martin and Mrs. Albert Rattan; Mrs. L. C. Harp, Mrs. W. W. Clements, Mrs. Freeman Thacker, Mrs. B. M. Eubank, Mrs. W. H. Jernigan, and Mrs. Leona Lockett, Mrs. Harry Carter and Miss Amy Glenn.

Visiting Mr. and Mrs. Hollis McLain and small daughter this week were, Miss Marilyn Anderson of Farwell, New Mexico, who was Mrs. McLain's roommate in college, and Mrs. McLain's mother of Sweetwater.

Herman T. Green of W. T. S. C., Canyon, spent the week-end here with his sister, Venita Green.

Softball Boys Take Avalanche Team 2 to 0

(Crowded out last week)

Builders Mart Tuesday night won a softball game 2 to 0 from the Avalanche - Journal team in a benefit game for Floydada High school band 1 to 0.

Also it may be this is their last game of the year. A third game may be played with the Avalanche Journal boys of the Lubbock league but this was an uncertainty last night. It is getting late in the year, football is in the air and the evenings are short.

A week ago the Builders Mart boys of Floydada and Lockney lost to the Avalanche - Journal team in a benefit game for Floydada High school band 1 to 0. The game Tuesday night, played on the Lockney field, was a bit of proof to the home fans that they could win. Lockney High band was the recipient of the benefits Tuesday night. The net was estimated at \$150.

Cooper Hits Home Run
Earl Cooper, sterling catcher of the Wildcats of Builders Mart, proved to be the winning slugger of the Tuesday night bout. Battling right down to the bottom of the sixth inning, nothing to nothing, the two teams were stymied until Phil Steen laid down a bunt which he beat out. Cooper, next man up, whammed out a home run that made the score 2 to 0.

Game Is Postponed
It was a pitchers duel until Cooper broke it up with his home run clout. BM's Bobby Robertson against Jones. Builders Mart picked up four hits, the Avalanche - Journal team getting five. Defense work of the Builders Mart team was magnificent in the clutches.

The game Tuesday night was played to take the place of a postponement Thursday night of last week, due to rain.

Get the want ad habit.

Mrs. Lowell Jarrett and Mrs. Bobby Jarrett accompanied Mr. and Mrs. Art Willis to Dallas Saturday, where they spent the week-end visiting with the Jarrett family at the Baylor hospital.

Mr. and Mrs. John Walker and Shirley spent Sunday of last week in Canyon visiting their son, Joe. Joe is attending West Texas State college and is classified as a sophomore.

Mr. and Mrs. Roy Curry spent Sunday of last week at Clarendon, Texas visiting with Mr. and Mrs. Fletcher Curry.

Weims Norman, who is attending college at West Texas, spent the week-end here.

Accepted to Enter Columbia University's Graduate School

Robert Glenn Jones II, son of Mr. and Mrs. R. Glenn Jones, of Stockton, California, was one of the 75 students accepted from 700 applicants for entry in the University of Columbia Graduate School of International relations in New York City.

Robert received his Bachelor's degree in French at the University of California in June and a degree in French civilization at the University of Paris in Paris, France, in 1948.

He studied abroad for one year. He plans to enter the diplomatic service upon receiving his Master's degree from Columbia.

Robert is the grandson of Mrs. Eva Gamble and Edgar F. Jones, both of Stockton, and the grand nephew of W. Edd and R. Fred

Brown, of Floydada.

In Natchez, Mississippi, on business the first of last week were Mark Martin and Clyde Irwin.

Mrs. T. M. Carter is visiting her sister in Wichita Falls this week.

a Reserve

FOR EMERGENCIES and OPPORTUNITIES

A strong reserve in a bank account is one of the finest things any man or woman can have. It is a wall of protection when trouble comes. It is the golden key that fits the lock of Opportunity.

Do not travel on the thin edge of danger, with only the earnings of one week or one month between you and what may happen. Get some of your income ahead of you—in your bank account. Then, if sickness, unemployment or some other misfortune comes, your account will be a cushion to break the force of it.

By making regular deposits in your bank account you provide a strong cash reserve for yourself and family.

29 Churches Represented At Assn. Meeting

Two hundred and forty-three persons registered for the all-day meeting of the Floyd County Baptist association held in Matador last Thursday.

The registrants represented 29 churches in the four-county association.

Highlights of the program included the annual sermon by Rev. Carl Grisson of Crosbyton; a message brought by R. A. Springer of Dallas, treasurer of the State Executive board; and a message by Rev. Ulman Moss, foreign missionary who returned last year to the States from Cali, Colombia South America.

In the afternoon business session a report on W. M. U. was given by Mrs. Forrest Campbell, spoken to by Rev. Ulman Moss, who stressed the importance of the Lottie Moon Christmas offering and what it means to the missionary, also Rev.

Mrs. O. C. Bailey, Welfare Head for Floyd County, Attends annual Regional Sessions in Fort Worth

Mrs. O. C. Bailey, who is in charge of public welfare work in Floyd and Briscoe counties, attended the sixth annual meeting of the Southwestern Region of American Public Welfare association, held September 16 and 17, in Fort Worth.

Tom Harmonson of Pansy, gave the report on Christian education as was spoken to by Dr. Falwell, director of religious activities at Wayland college. Dr. Falwell is temporary pastor of the First Baptist church of Floydada.

A digest of reports from the churches in the association revealed that the South Plains church averaged the highest per capita gift to missions. Rev. R. C. Guest is the pastor of that church.

Officers elected were Clifford Potts of Matador, Moderator; James Abernathy of Ralls, vice-moderator; Rev. Carl Grisson of Crosbyton, clerk; Hoyt McClure of Mt. Blanco, treasurer; Brice Allen, Mt. Blanco, brotherhood president and Clay Muncy stewardship chairman.

The association will meet next year at Lockney, and the annual sermon will be delivered by Rev. Tom Harmonson, pastor of the church at Pansy.

This was the largest meeting yet held, with over 600 welfare workers in attendance. Among the speakers were Mrs. Richard J. Terrentine, chairman of the Texas board of Public Welfare; Frank Long, state director of the Kansas Department of Public Welfare; and Joseph E. Baldwin, president of the American Public Welfare association.

The purpose of the meeting was to stress the following; a truer perspective of the over-all trend in public welfare; a better concept of public welfare in its broader sense; more intensive knowledge of the responsibilities of each worker; refinement of actual skills and techniques used in each community as a leader in welfare matters.

Garretts Attend White Auto Stores Dealers Meeting

Mr. and Mrs. W. E. Garrett and son, Don, were in Amarillo Sunday, where Mr. Garrett attended a meeting of authorized dealers of White Auto stores in the Herring hotel. Plans were discussed for the purchase of family-type farms. Six thousand of these loans have been made in Texas and nearly one-third of them have been paid off and are owned debt-free by former tenant families.

Radio interviews of several farmers who have achieved unusual success in their farming operations have been arranged as a part of the program for the day and there will be prizes given as a reward for outstanding success with their crops.

Sponsored Domino Party Friday Night For Epidemic Funds

The Sand Hill Home Demonstration club will sponsor a domino party for the polio epidemic emergency drive Friday September 30, at 7:30 at the school auditorium.

All club members are asked to bring a dozen sandwiches. Coffee and punch will be furnished by the club.

Everyone please come and bring table and dominoes, the club urges.

ALBERT KRAUSE PASSES

PETERSBURG, September 22—Albert Krause passed away August 31 in Kansas. He was once a resident of Floyd county, residing in the Almon community.

He was a brother to Herman Krause and Mrs. George Pinkner who lives in Floydada.

Mr. and Mrs. Winfred Payne and son, Ronnie spent last week at Carlsbad, N. M., fishing at Buffalo Lake at Lubbock, and visiting the Carlsbad caverns.

Recognize Good Farm Practices

More than three hundred farmers who have mixed good farming practices and hard work to pay off their Farmers Home administration tenant purchase loans more than thirty years before due, will be awarded certificates of achievement at ceremonies in the State Fair Park auditorium on October 12. County Supervisor William E. Anderson announced this week.

Of the number 7 farmers of Floyd County will receive awards, the supervisor said. They are:

Mr. and Mrs. Bernard E. Harris; Mr. and Mrs. Howell B. Johnson; Mr. and Mrs. Bill O. McNeill; Mr. and Mrs. Robert A. Ratjen; Mr. and Mrs. Joe R. Robertson; Mr. and Mrs. W. Carriek Snodgrass; Mr. and Mrs. Ernest L. Thomas.

All former and present Farmers Home administration borrowers are invited to attend the ceremonies in the State Fair park auditorium on October 12 from 2:00 to 4:00 p. m.

One of the features of the achievement day, designated as such by President R. L. Thornton of the State Fair of Texas, will be an address by Judge Marvin Jones, who as a congressman from Amarillo fathered the law making funds available to deserving farmers for the purchase of family-type farms. Six thousand of these loans have been made in Texas and nearly one-third of them have been paid off and are owned debt-free by former tenant families.

Radio interviews of several farmers who have achieved unusual success in their farming operations have been arranged as a part of the program for the day and there will be prizes given as a reward for outstanding success with their crops.

Roger Hartsell of Texline, Texas, has been visiting here in the home of Mr. and Mrs. J. A. Hartsell and family, and Mr. and Mrs. Blanton Hartsell and family.

DOUGHERTY DEMONSTRATION CLUB MET SEPT. 21

The Dougherty Home Demonstration club met September 21, with Mrs. Jim Harper. The program was opened by the president, Mrs. Ruth Daniel. The dates were set at October 19 and 11, for making trays at the home of Mrs. C. A. Caffee at 2 o'clock p. m.

Games were directed by Mrs. Howard Drysdale. Mrs. Tate Jones and Mrs. C. A. Caffee received the prizes. Mrs. Bruce Johnson won the attendance prize.

Members present were Mmes. Tate Jones, C. E. Bartlett, Howard Drysdale, Ruth Daniel, C. A. Caffee, Bill Smith, Maurice Campbell, Bruce Johnson, Carl Denison, G. W. Smith, Harlan Case, Claude Ring and the hostess, Mrs. Jim Harper.

The next meeting will be October 5, with Mrs. Ruth Daniel.

STARKEY CLUB OBSERVES

The Starkey Home Demonstration club members and a number of their husbands met at the Starkey schoolhouse Tuesday of last week for work day.

Present and bringing a picnic lunch were Messrs and Mmes. J. K. Holmes, S. L. Holmes, W. F. Ferguson, J. W. Day, Jr., William Cullpepper, J. T. Myrick, Paul Sparkman and Mmes. W. W. Blair, G. H. Day, L. E. Kiker, W. L. Davis, John Shipley, G. E. Assiter, Wilson Edwards, Loyd Pate, Wanda O'Neal, E. M. Jackson and Annie Assiter.

Next meeting of the club will be held at the home of Mrs. G. H. Day on October 11.

The annual county-wide tour will be October 6 and 7.

Mrs. G. G. Tye, who has been visiting in this vicinity for the past three months, left by plane Sunday for her home in Hermosa Beach California.

Mrs. Tye has been visiting in the homes of her daughter, Mrs. Lee Moses and family of Hurley, New Mexico; Jim Tye and wife of Kermit, Texas; F. G. Tye and family of Amarillo; Mrs. Sam McCleskey and family of Lubbock, Mr. and Mrs. W. O. Tye and family of Floydada, and her sister, Mrs. Edd Watkins of Rochester.
