WHIRLWINDS FACE TOUGH FOE FRIDAY NIGHT AT ABERNATHY

Floydada Whirlwinds this week go to Abernathy to have a go at the Antelopes at about 8 o'clock. Abernathy who defeated the high school Longhorns of Lockney last night, will be a rugged team on the field of contest.

The Whirlwinds had a lay off last night from the weekly chore of grid battle, time to lick their wounds received in the Ralls game weeks ago. At that Floydada have several on the injured list as halfback Bob Finley with a sprained ankle, Arien White with a sprained ankle, fullback Wayne Robertson, fullback halfback out for a good portion of the season with a broken bone, center Aubrey Guthrie and guard Jerry Thomas both with bad legs. Guthrie and Thomas probably be in condition to play when game time rolls around, but Robertson, but there is a big question mark about the condition of Finley who does the punting and a good bit of the ball game. Abernathy will be without the services of scat back Snodgrass, who gave a shoulder injury in the game last week, although most of the aggregation is understood to be in near perfect condition except for minor injuries. Floydada, hand, reinforced with uniforms, including the new ones, will be on hand to give the occasion, as will the Floydada Pep squad. Both pep

Grand Jury Indicts Three Atlanta Boys

Three Atlanta, Georgia, youths are in Floyd county jail this week each charged by indictment with the theft of the value of more than \$50, following the theft of an automobile in Floydada last Wednesday morning and their arrest 30 minutes later on the outskirts of Matador.

The car stolen was that of C. E. Morren, employed by W. Ed Brown. It was parked by Hagoods on West California by Mrs. Morren as the young men looked on. When she went to an upstairs office they took off in the car. Almost immediately following the theft was broadcast by Sheriff Leland A. Hart, through the Texas Highway Patrol radio station.

Organization of Rural Roads Assn. Complete

Campaign for members of the Floyd county unit of the Texas Rural Roads association began to gather momentum over the week-end as the people of the area began to add their names to the list and the roster of officials was completed.

In addition to G. C. Tubbs, named as president two weeks ago, and G. N. Shirley, treasurer, members of the association last Thursday night in their meeting named M. W. Wylie, of Lockney, as vice-president and J. M. Wilson, Jr., of Floydada, as secretary. They also named directors, three each from the four commissioners precincts of the county. County commissioners and rural mail carriers of the county have been carrying the torch for the movement to organize the rural roads association in the county. Their goal is 1,000 members from among the rank and file of the citizenship. A tight organization throughout the whole state is the end in view to adequately present the needs of the people for more and better roads, to get Texas farms out of the mud. They will urge, principally, the severance tax on natural resources before the legislature.

About 160 were present at the Thursday night meeting at the high school auditorium. W. C. Froote, of Petersburg, one of the state directors of the association, was among the speakers. Directors of Rural Roads Assn. Precinct No. 1: Wesley Carr, Roy Wilkes, Sidney Johnston; Precinct No. 2: H. C. King, Marvin Cox, Jack Dollar; Precinct No. 3: Billie Stanforth, Jr., T. Syd Brown, E. C. Garrett; Precinct No. 4: A. H. Kreis, W. Earl Edwards, Ralph Johnston.

Mrs. L. M. Abbott Dies at Abilene

Mrs. L. M. Abbott, mother of N. S. Abbott, co-ordinator of Floyd County Vocational school, died in her home in Abilene Friday morning at 5:30, after an illness of some time.

Mrs. Abbott was born in Sulphur Springs, Hopkins county, Texas, sixty years ago, but had been living in Abilene for the past 25 years. Last rites were held Saturday afternoon at 3:30 o'clock in the Cedar Hill cemetery, Abilene, with Kiker-Warren Funeral home in charge of the arrangements.

She is survived by her husband, L. M. Abbott, Abilene; one daughter, Mrs. V. L. McClure of Houston; three sons, N. S. Abbott of Floydada; W. T. of Tulsa, Oklahoma; and L. T. Abbott of Abilene; one sister, Mrs. Bessie Paxton of Sulphur Springs, Texas and seven grandchildren.

S. B. McClesky "ALL RIGHT" HE TELLS NURSE AND MEMBERS OF FAMILY

S. B. McClesky, 94, one-time Floyd county sheriff and one of the early nineties pioneers, while still confined to his bed at Floydada hospital since a fall two months ago in which he received a broken hip, tells his nurse and members of the family he does not hurt and that he is "all right."

Mr. McClesky has had one or two bad days recently. He has been regaining his former vigor only slowly. Mrs. W. O. Tye, a daughter, said this week.

Bobbit Again Supervisor For Soil District

More than 50 people gathered at Lone Star Tuesday evening for the annual election of a supervisor of the Floyd County Soil Conservation district. About 40 voters were present and re-elected Bert Bobbit to serve them for a five year term.

Two educational films pertaining to soils and the program of assistance of soil conservation districts made available to landowners were shown by County Agent Robert H. Gibson and Ed McLeroy, assistant agent. Ralph R. Cogdell, Soil Conservationist also assisted with operation of the districts projector.

Members of the district board of supervisors present were R. G. Dunlap, chairman, W. F. Ferguson from the southwest subdivision of the district and Mr. Bobbit.

County Judge G. C. Tubbs gave a brief report on the progress being made by the Texas Rural Roads association. The county is striving for a thousand members in this organization.

M. W. Wylie, president of the First National Bank of Lockney gave a report on the labor situation and the outlook for harvest of the fall crops.

The refreshments of coffee and doughnuts served by the home demonstration club ladies were enjoyed by all present.

Snells Return Home Rites at Clifton For Ralph W. Helm

Mr. and Mrs. Will Snell and Mrs. Roy Hale of Floydada returned home Tuesday from Clifton where they attended the funeral of Mr. Snell's brother-in-law, Ralph W. Helm, age 57.

Mr. Helm died Saturday night in the Clifton hospital and funeral services were held in the Clifton Methodist church Sunday at 3 o'clock p. m.

He was born and reared in Clifton. At the time of his death he was a steward and trustee of the Methodist church and had been for the past 30 years. He was also a commissioner of the Methodist home from that church.

Mr. Helm was survived by his wife, four brothers and two sisters. W. J. Snell, son of Mr. and Mrs. Will Snell, also attended the services.

Ft. Worth Man Has Contract on Baker Road

Contract let last Friday at the letting by Floyd County Commissioners court on the Baker-Pleasant Hill road, went to Ernest Lloyd, a Fort Worth contractor, who had the low bid of four submitted.

Contract price is \$52,321.85 for the slightly more than seven miles of road.

Three other bidders were J. R. Fanning, of Lubbock, Cooper & Woodruff, Dallas, Kerr & Middleton, Amarillo.

There was a spread of \$8,000 between the high and the low bid on the job. Lubbock Engineering company has the engineering in charge.

Funds from the county's \$500,000 road bond issue will be used to defray the cost of the hard surfacing.

The road work connects with Highway 70 at Boothe spur, extends south to Baker school, then east a mile and south to Pleasant Hill.

Relatives of Mrs. Dora Abston attend Coffeyville Rites

N. A. Armstrong together with his son, G. M. Armstrong and his daughter, Mrs. Wanda Banker, of Dallas, left Wednesday noon for Coffeyville, Kansas, where they will attend funeral services this afternoon at 3:30 for Mrs. Dora Abston, sister of the late Mrs. N. A. Armstrong. Mrs. Abston died Monday in Coffeyville.

Mrs. Abston, with her husband, the late Sam Abston, lived in Floydada some 20 years ago. Survivors include two daughters and one son.

Milo cwt.	\$1.50

Cotton Raisers Battle Problem Of Transient Labor Housing Needs

Floyd county cotton raisers are bearing down this week on their problem of getting help to gather their cotton crop, as the cotton and forage feed movement begins to gain momentum.

The first of the week it appeared that, lacking permanent housing facilities for transient labor needed in very considerable numbers, numerous cotton men would resort to the use of little tent cities on their farms and in strategic points over the county.

Tuesday afternoon Robt. H. Crowell, secretary of Floydada Chamber of Commerce, returned to Floydada with a truck load of tents for interested farmers in the vicinity of Starkey. Tule Jones, of Dougherty, and C. F. Cummings, of McCoy, also plan to make use of similar temporary housing, Crowell said. These are only instances of what is being done.

While the push is on for harvesting help, and a good many fields are ready for crews, some farmers are using ingenious methods for getting housing problems solved. Others are finding the problem practically insurmountable. One housing idea is being worked out by Lon M. Davis in Floydada, who is putting up a little tent city with a cook house adjacent which could house several workers if and when they reach Floydada in any appreciable numbers.

Transients Headed West Robt. H. Crowell, who has been anticipating the need for transient housing for some weeks, said yesterday that a few workers are beginning to come westward. He saw evidence of this between Wichita Falls and Floydada Tuesday. However, he pointed out, since every cross road presents the worker another chance to get into good fields of cotton, a large number of harvesters could be spread out pretty thin in this area.

Maize and Cotton Harvest Both forage feed harvest and cotton pulling were beginning to pick up momentum Tuesday and Wednesday. Cows were getting a few more bales daily and elevators were unloading more loads of maize. Fog and heavy mist and showers Tuesday and again Wednesday slowed down the movement for a few hours.

Temperatures and conditions other than the slight moisture have been ideal for two weeks.

Most wheat re-planting and planting jobs have been finished. Many wheat growers report their grain up to a good stand and good moisture in the subsoil.

County - Wide Tour Put Off To Later Date

The County-wide tour of women of Floyd County Home Demonstration clubs and others interested which was to have been made beginning this morning at 10 o'clock and continuing through tomorrow, was postponed early yesterday morning and will be held at a later date to be announced.

Miss Leila Petty, Home Demonstration agent, made the announcement.

The schedule today called for the caravan to make seven homes, beginning at Baker and going by the way of Sand Hill and Pleasant Valley to Providence and ending at Sterley. At each place the work of one or more demonstrators in better home-making was to have been seen.

Tomorrow eight homes were to have been visited.

Miss Petty indicates that much the same program for the postponed dates will be followed. Announcements will be made further for the later scheduled trip.

DR. RICHARDSON, PRESIDENT OF H-SU, WILL ADDRESS FLOYDADA AUDIENCE, OPEN HOUSE

Dr. Rupert N. Richardson, president of Hardin-Simmons university, Abilene, will appear before the public, Thursday evening, October 13, at 8 o'clock, in the high school auditorium, and is to be sponsored by the 1929 Study club. He is a scholar whose learning is liberally flavored with down-to-earth wit. He is also a historian who lives and thinks in the present.

Dr. Richardson serves today as president of Hardin-Simmons university, a school he first became associated with as a prep student back in 1907. Except for his graduate studies and some summer teaching in larger universities of the land, he has been there since. Yet his research and writings have made him a recognized authority on history, especially that of the southwest.

Dr. Richardson looks like what he is—a West Texan. He is a tall, lanky fellow with striking brown eyes. Students of many generations have found those eyes can pierce—but more often they twinkle.

His dry wit, effective manner and inexhaustible supply of stories and legends of the west, make him a popular speaker unable to keep the many dates pressed upon him.

Bees Form a Hobby If his stories don't concern history, they probably will be about bees. For they are one of his hobbies and he has become an expert on them—whether the need is for a speech on their social organization or for some practical advice on how

Wm. Dewitt Burke Victim Dusting Plane Crash Wednesday Morning

William Dewitt Burke, 29, operator of Aerial Farming with headquarters here since 1946, was killed instantly Wednesday morning at 10 minutes to 7 o'clock at the Roy Hale

for only a brief time. Mrs. Alphonso Field, wife of a colored employe of the Hales, was the first to reach the scene of the crash. She tried ineffectually to raise the machine from the recumbent body of the flyer. Joe T. Smith, G. L. Snodgrass and Bill Tucker, who reached the scene quickly, cut the safety belt from Wm. DeWitt's body, raised the craft and extracted the body from the upside-down cockpit.

F. C. Harmon and Dr. Friske of Peoples hospital, who reached the scene within a few minutes examined the lifeless body and Harmon brought the remains to Harmon Funeral home.

Sheriff Leland A. Hart, who was notified, called the parents of the stricken youth at their home a mile east of Floydada to tell them of the accident to their son.

W. D. Burke was dusting with a cotton defoliant when the accident occurred, Roy Hale, owner of the farm, said. He had dusted with one load of defoliant, returned to his depot in the D. J. Parkey pasture nearby and had made one flight through the field with this second load when the crash came suddenly.

The flyer had just made a turn and was dropping down over the cotton for another flight through with dust when the landing gear struts struck the high line. Marks on the struts indicate the plane

(See DeWitt Burke, back page)

Wm. Dewitt Burke, 29, as he appeared in uniform in 1945

farm one mile east of Harmony school house, 11 miles southwest of Floydada, when his plane landing gear struck a high line of Floyd County Rural Electric cooperative.

The plane nosed downward almost vertically and flipped over on its back, witnesses including Mrs. Roy Hale, and Joe T. Smith said. Mrs. Hale was watching the maneuvers of the plane from her home about 600 yards distant, and Smith who was serving as flagman for the duster, saw the accident from the other end of the field, about the same distance. The plane flipped over on its back and life was crushed from the flyer's body.

Mrs. Hale immediately called for a doctor and ambulance, and notified the Rural Electric office in Floydada. The high line was not sliced, however, and service was off

Carmack Wins Jersey Awards N. M. Fair

Floyd county has taken a major part of the prizes in three different divisions during the fair season, said Gibson, county agent.

B. Carmack carried his Jersey to the Albuquerque, N. M. fair competition and took almost all the honors. He won the following: grand champion female; senior champion female; 1st Milk cow 4 years old but under 5 years old; 1st Champion Female; 1st junior 3rd junior calf; 4th junior 1st senior calf; 2nd aged bull; senior bull calf; 1st junior bull; junior champion bull; and 3 females, 1st and 2nd aged cow, 1st and 2nd on order of Merit and 1st in get of

Carmack carried his herd from the Amarello fair to the Amarillo fair where they will be judged Thursday, October 6 (today).

The agricultural exhibits Floyd county placed 2nd with the county fair at Lubbock, beaten by Farmer by 4 points.

The same exhibit was taken to the Tri-State fair at Amarillo. At this fair each entry competes with same entry from all other exhibitors instead of the county booths competing with each other.

Floyd county won 16 first places, second places, 4 third places, and fourth places. These places were won by the following entries:

1st place: Okra, peas, pepper, white corn, beans, kaffir, alfalfa, clover seed, bale red top, bunch wheat, bundle oats, bundle bar-cotton, gallon red milo, and melon;

2nd place: okra, hot pepper, peas, millet, red top, sweet potatoes, bale alfalfa, bundle alfalfa, bundle red top, bundle sudan, bale sudan grass;

3rd place: red apples, gallon red, pumpkin and rye;

4th place: yellow apples, cwt. Lima beans, and white

LEON L. DILLARD SERVING IN NAVY IN PACIFIC

GREAT LAKES, ILL.—Dennis L. Dillard, seaman, USN, of 502 West Street, Floydada, Texas is serving as a crew member aboard the ship USS 412 with Amphibious Force, Pacific Fleet.

The USS 412, a shore bombardment vessel with tremendous fire power, was commissioned in 1945.

Dillard, who entered the Naval Academy May 14, 1948, received his training at the Naval Training Center, San Diego, California.

Leona Parrish on Surprise Trip to Kansas City, Hears President

Leona Parrish, daughter of Mrs. Efford Parrish of the community, was a trip to Kansas City, Missouri last Thursday where she attended a banquet and heard several noted speakers.

Following the banquet, the Amarillo guest took a Trans-World airplane back to her home town and was at her desk in the records department at St. Anthony's hospital, Friday morning. Besides being employed part time at the hospital, Miss Parrish attends Amarillo college.

Specialists Seek Reason Ed Jarrett Still Unconscious

Members of the staff at the Baylor hospital at Dallas are still making x-rays and following other scientific efforts attempting to determine why Eddie Jarrett, Floyd county youth remains unconscious.

Eddie, son of Elder and Mrs. C. L. Jarrett of South Plains, was critically injured, narrowly escaping death when the gasoline truck he was driving overturned and burned about 8 a. m. Sunday, August 21 at the Lockney cut-off, intersection of highway 207. He has remained unconscious since that time.

Eddie was taken to the Peoples hospital by a Harmon ambulance, and treated there until three weeks ago, he was taken to Baylor hospital at Dallas. He is under the care of special nurses and a brain specialist, Dr. D'Erivo, there.

Members of the family reported yesterday that his condition was unchanged apparently.

Sister of Walker Brothers Succumbs

The Walker brothers, Ransom and Grady, lost a sister in September and recently returned from attending burial rites for her at Vernon, Texas, where interment was made on September 24.

The sister was Mrs. J. M. Carvajal, of 1223 Kings highway, Dallas. Mrs. Carvajal, 42, died on September 22 at her home. She had been ill quite a while.

Survivors include her husband, two sons, Joe Ray and Dickie Dean, and a daughter, Betty Sue.

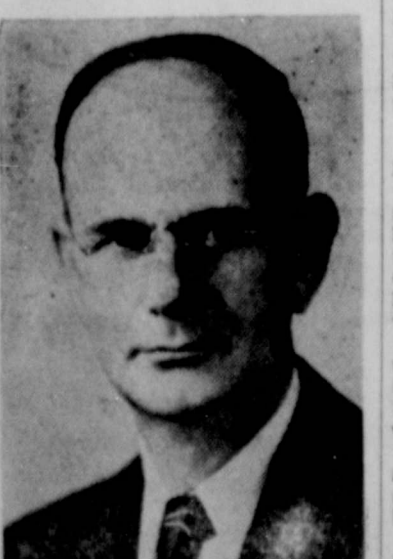

Mr. and Mrs. Ransom Walker and their sons, Bill and Ray, attended the last rites for the sister.

Mrs. Carvajal had visited here a number of times and had numerous friends here.

MEETING OF FARM BUREAU

A special meeting of the Floyd County Farm Bureau directors and community chairmen, is set for tonight at 8 o'clock at the Beacon office in Lockney. It was announced here yesterday by L. D. Golligity, director and chairman for the south-east part of the county.

Helmut Quebe, secretary of the county organization, sent out notices of the meeting.

DR. RUPERT N. RICHARDSON in Stephens county are responsible for his historical studies. Young Richardson was fascinated by the stories. He didn't know they were

EDITORIALS

There are ten of them. The constitutional amendment proposed to make a change in the salaries of legislators may be the one on which the most money will be spent to defeat. The why of this one would hardly know, except as a money-saver. In a state which has a billion dollar appropriation bill coming up regularly the matter of a million or two spent on legislators' salaries is insignificant. There are nine other amendments to be voted upon and some of them bear more comprehensively on the welfare of the commonwealth than does this amendment which ex-Senator T. H. McGregor and others are training their guns to keep the legislative people from feeding at the trough of good times.

How Much Does Honesty Cost?—The amendment to increase salaries of members of the legislature has no worth in our opinion so far as the welfare of the people is concerned. Perhaps it would be well for the legislators to be better paid, since costs have gone up. But the silliness of expecting \$3,000 a year to keep a man honest while a member of the legislature, when billions are at stake is apparent. Vote for this resolution if you want to but don't expect it to get you any better or honest men to warm the seat of the 120th district at Austin. The fact is you won't get better men, you'll get the same men for \$3,600 a year instead of the \$600 a year you're paying now. Harold La Font, Joe Jennings or Tom W. Deen or Richard Roe or John Doe won't be any honest for \$3,600 a year than they would be for \$1 a year. We are sure any man knows you don't buy honesty. How much would it be necessary to pay you to be honest? Vote for this amendment as a matter of fairness if you want to do so. But don't expect your money to get your representative, your newspaper man, your groceryman, your wheat buyer, your banker, your milkman, to be honest for the amount of money you've got. Somebody else has another \$10, you know.

Fire Prevention week is a reminder to people of this community (and others, of course) that the waste of fire every year runs into the millions, even billions in the United States. It reminds us that carelessness is expensive, so expensive right now as to be almost criminal. There are fires that seem to happen in spite of due care. There are fires, also, which are chargeable to just pure carelessness. Don't let your fire be that kind. Of course, nobody is going to put in print, much less the fire department, that you didn't use ordinary discretion, but everybody who has to do with your fire is going to know whether

you did use care or not. Join in now to make Fire Prevention week and every week the one that will not see any fires in your community.

Last spring's insurance bills for the court house fire in Floydada is going to have to be paid for in insurance premiums by the people of Floydada who insure their property against fire loss and who take "extended coverage." If we have the information correctly the bill will be presented sometime after the first of the year in the form of higher rates. Floydada was fortunate during the war years for the main part. Few fires and those quickly extinguished. As a result property owners had and have a relatively low insurance rate, including a 25 per cent deduction for a long good fire record. All of this will change quite considerably soon. We put in a plug for the fire insurance firms here, urging that it would be good business to take policies for as many years as the insurance companies are willing to write them — two or three or even five years — if you can chin the bill. It will be money in your pocket most likely.

National Newspaper week is an "added week" the periodicals of the nation have injected into the many "weeks" that mark the calendar across the nation. Newspapers carry the torch for any and all enterprises except their own. The newspapers are trying to better their standing in their respective communities by telling the people in this "week" that freedom of speech, freedom of worship, freedom of press, goes along with the untrammeled press. What National Newspaper week does in one main particular is to point out to people that freedom of press is not for the newspapers, freedom of press is for the people. After all, that is really more important than seeing that The Floydada Hesperian or the Podunk Enterprise gets "upped" into the classification of a money-making organization.

As to the "abler men" we are told will go to the legislature, we are disposed frankly to take issue and say that the people will keep sending the same men, just paying them more. The fact is, in our humble opinion, that 120th district has not suffered too much from lack of ability of our representatives in Austin. Think back for yourself, except for the fact that you may have disagreed with the man in office was he not a pretty fair cross section of our people, and didn't he do a pretty fair job? At least honest and loyal and hard-working?

Pork is high in Vitamin B and fat.

High Schools Fielding More Gridiron Teams

AUSTIN, Texas—A total of 845 Texas high schools are fielding teams for the 1949 football season, Dr. Rea H. Williams, athletic director of the University of Texas Interscholastic League, announced. The number of high schools competing in Interscholastic football showed a net decline of two from last year. A gain of one school in Conference AA resulted when Thomas Jefferson High School of El Paso entered competition this year. Conference A lost one school to drop to 227. Conference B with 340 competing has an increase of 16 over last year. The six-man Conference was hard hit by consolidations and lost 18 schools from the 1948 total of 185. As a result, only 167 teams will be playing in the 24 six-man districts when regional playoffs are allowed for the first time in Interscholastic League history.

Mr. and Mrs. Dick Bunnell of Savannah, Georgia, were visiting friends and relatives in Floydada and Lockney last week. Mr. Bunnell's sister and husband, Mr. and Mrs. Lord, also of Savannah, accompanied them. The Bunnells were formerly in business here with the O. K. Rubber Welders and the O. K. Cafe.

Floyd County 14 Years Ago

(Taken from the issue of Thursday October 3, 1935.)

Plans for the new wheat program will be made at an all-day session of the county board Friday, October 4, at the court house, A. H. Kreis, secretary of the Floyd County Wheat Production Control association, has announced.

Mr. and Mrs. W. O. Jones and family spent the week-end visiting his father, S. N. Jones of Electra.

In a letter from L. A. Woods, state superintendent of schools, the county superintendent's office here has been informed that an effort is being made to obtain more adequate playground equipment for the common school districts, as well as the independent districts, in Texas through the National Youth administration.

T. T. Hamilton of Floydada has been appointed project supervisor for work on the Silverton - Floydada highway from here to the Briscoe county line by L. O. Scott, field

supervisor of W. P. A. projects, it has been announced here.

All members of the faculty of the R. C. Andrews Ward school have enrolled for the extension class, conducted by Dr. Harris M. Cook, instructor of education at WTSTC at Canyon, with the exception of Miss Fanny Holding, who had the course in Texas Tech during the summer semester.

The tax rolls of Floyd county, completed last week by tax collector, Frank L. Moore were formally approved Monday of this week, September 30, by commissioner's court. The total shows an increase over 1934's rolls.

Mr. and Mrs. M. L. Solomon of Paducah spent Sunday here visiting relatives. Mrs. Solomon remained here until Wednesday visiting.

Mr. and Mrs. R. E. Fry and Mrs. Lillie Britton spent Sunday in Lockney visiting Mrs. Britton's sister, Mrs. T. J. Gilbert and family.

Duncan Hollums spent Friday and Saturday in Lubbock attending the Florists convention.

Whatever the Price Class —

SEE and HEAR OLSEN and JOHNSON'S FIREBALL FUN-FOR-ALL every Thursday on Television

"Buick's the Buy"

It's part of every street scene—something you see every day.

Car owners in three different price classes—all happy about the same thing.

One of them drives a new Buick SPECIAL, which you see poking forth its new, bold-look forefront at the left of our picture.

Another will tell you there's nothing like the SUPER's "happy medium" of size and comfort, power and easy handling, style and standing.

And if you're looking for prestige, where is your money going to buy so much as in that handsome 18-footer, the ROADMASTER, with its 150-hp performance and really royal bearing?

But all these good folks get together on this:

There's no ride quite so soft and cushiony as the Buick ride, whatever the size and series. There's no power quite so satisfyingly lively as Buick's high-compression, high-pressure Fireball power.

Above all, there's no "buy" like a Buick—no car that gives you such a rich dollar's worth of smartness, handling, comfort and liveliness for every dollar you pay.

So why not look the whole line over? Your Buick dealer has these grand travel-mates in a baker's dozen of different body types and sizes. Start your shopping in his showroom—and you'll find that even on delivery he has exactly what you want.

BUICK alone has all these features

Six-smooth DYNAFLOW DRIVE • FULL-VIEW VISION from enlarged glass area • SWING-EASY DOORS and easy access • "LIVING SPACE" INTERIORS with Deep-Cradle cushions • Buoyant-riding QUADRUFLUX COIL SPRING • Lively FIREBALL STRAIGHT-EIGHT POWER with SELF-SETTING VALVE LIFTERS (Dynaflow Models) plus HI-POISED ENGINE MOUNTINGS • Low-pressure tires on SAFETY-RIDE RIMS • Double-Duty VENTIPORTS • DUREX BEARINGS, main and connecting rods • BODY BY FISHER

When better automobiles are built BUICK will build them

Producing Well Upset Week In Near Crosbyton District 3-A News Report

CROSBYTON — From unofficial reports secured Wednesday by the news, indications are that Crosby county has its first producing well.
The venture is the Rogers Brothers and Stewart well located one and one-half miles south of Crosbyton. It is a shallow well, drilled to 2,816 feet.
Casing was set last week after running into a six-foot section of oil saturated sand. The well was abandoned the first of the week, and unofficial sources the production was estimated to be from 35 to 40 barrels a day.
The drillers will move in a pump and the well will be given an official test it was indicated.
In the meantime, announcement has been made of another deep well in southwest Dickens county, and one-half miles southwest of Spur. Union Oil company will drill this test to 8,500 feet, and work will begin immediately.
No information has yet been secured on the rumored deep tests in southeast Crosby county.
U. B. Colston and John Mason were in Post Sunday with Ed Lancaster.
Mr. and Mrs. Lewis Blum spent Sunday at Lubbock.

Abernathy Antelopes took an unexpected win from the Lockney Longhorns last Friday night, 18 to 7, and Ralls Jackrabbits were pretty well outplayed by the Tulla Hornets 20 to 7.
From the Floydada point of view these were upsets, especially the Ralls - Tulla tussle.
At Spur it was the Bulldogs over the Matadors 27 to 6, the same score by which Matador lost to Abernathy last week.
At Crosbyton the Chiefs took the Paducah Dragons by a score of 20 to 13, two well-matched teams. Crosbyton with Rathaal in the backfield instead of in the line was about six points the better team than the Dragons with Pat Green the principal ball-toter.
Ralls In Bad Condition
Floydada fans think Ralls has a better team than does Tulla. The curbstone quarterbacks believe that the Jackrabbits were suffering from the jarring they got in the Floydada game a week previous. The Whirlwinds were in such bad condition from the Ralls game they were most fortunate not to have an opponent last Friday. Possibly Ralls just caught a bit of bad luck by having an opponent one week after their bruising game with Floydada.
Whether this is true or false fans here are convinced the Jackrabbits will still make some team fight for any laurels they gain there. They are sizable boys, rangy and fast in spots. This is not to say Tulla Hornets are not good, it is to say

the Jackrabbits are excellent in the local books.
Abernathy May Be It
By spotting the Lockney Longhorns four pounds to the man in the backfield and 35 pounds to the man in the line, and still winning the Antelopes at Abernathy gave their home crowd evidence they would be to reckon with in the closing games of the season. They are big enough, they have a good sprinkling of experience and they are well-coached. They also have speed.
The Longhorns played a good game that was really better than the score indicates but not hardly good enough.
Games on Friday Night
Friday night (October 7) the Whirlwinds must have patched up their bruises sustained at Ralls sufficiently to undertake the high-stepping Abernathy Antelopes. The game will be at Abernathy.
The Spur Bulldogs, as indicated by the win over Tulla Hornets, will be a tough foe for the Paducah Dragons who journey there for their second conference tilt, trying to win their first district game.
The Matador Matadors will go to Ralls, after losing to Abernathy and Spur in conference tilts.
The Lockney Longhorns will have the Tulla Hornets on their own grounds Friday night.
Crosbyton has a non-conference game with Tahoka.

Rankin Seeks Education Post

CROSBYTON.—J. M. Rankin, Crosby county school man who turned farmer a few years ago, is a candidate for a place on the newly created state board of education. His name has been submitted to the Secretary of State at Austin by a petition containing the signatures of 136 Crosby county business men and farmers.
A resident of the south plains for 37 years, Mr. Rankin has lived in Crosby county most of this time. He has had 25 years experience as a school administrator, with most of this in Crosby county. He holds B. A. and M. A. degrees from Texas Tech.

Financial Report of Matador School District Good

MATADOR—Matador Public schools ended the 1948 - 1949 school year in good financial condition according to a report released this week by school officials. All bills were paid and all long term obligations were paid on time. School officials also pointed to the fact that the new butane boiler purchased last September was paid for out of current receipts rather than financing it on a five year basis as is usually the custom. Cost of the boiler was approximately \$4500.
The school received \$41,000 from local sources, \$24,812 from state and county apportionment, and approximately \$12,000 in state aid.

NELSONS THANK FRIENDS

We wish to express our appreciation for the thoughtful visits and cards from our friends and neighbors in the recent illness of our family. Thanks to Bill McNeill and others for the plowing and sowing of the wheat land.
May God's richest blessings be upon each of you.
W. H. Nelson

CARD OF APPRECIATION

We want to take this means of expressing our sincere thanks and appreciation to each and every one who has helped us following the loss of our home by fire.
May you have such friends in your time of need.
Mr. and Mrs. Howard Adams and Linda.

Mr. and Mrs. W. L. Hall and daughter spent Sunday in Amarillo visiting with Mr. and Mrs. Leon Chambers and other relatives.

L. B. Fawver and daughter, Glenna of Ft. Worth spent the weekend here with Mr. Fawver's mother Mrs. L. B. Fawver, sr., who is in the People's hospital, seriously ill.

Well, Shut My Mouth!

NEW YORK CITY—Most of our famous explorers such as Admiral Byrd and Will Beebe belong to the Explorers' Club on W. 72nd St. Although you may not be lucky enough to bag a celebrity on a visit to the club, you will see some very fine specimens of game that celebrities have bagged. This leathery old Hippo was getting to look a little dingy until General Richard Oglesby Marsh decided to brighten him up. The famous engineer and scientific explorer who has several paragraphs devoted to him in "Who's Who" says an occasional coat of paste wax is just as effective in preserving the hides and horns of beauties like Hippo as it is in beautifying and protecting the floors and furniture of the club.

New Marriage Law In Effect

Beginning on October 5 it is just a bit harder to get married in Texas. A new law is in effect which requires both prospective bride and groom to have a physical examination, including a blood test, before a marriage license may be issued to them.

The State Health department released a list of 105 laboratories which have qualified under the law for performance of the serological examinations, both premarital and prenatal. The prenatal examinations will be required of all women during pregnancy under another new law becoming effective at the same time.

Time Limit Set
State Health Officer George W. Cox said he did not know why more laboratories had not bothered to qualify under the law. He did not consider it imposing a hardship, however, to require that blood be sent to the nearest laboratory or to the State Department of Health by those persons not located in a town where there is an approved laboratory.

The marriage must be performed within 15 days after a physical examination is taken for the purpose of meeting the requirements of the law. The law also provides that county clerks may charge 50 cents fee for issuing a certificate certifying that both applicants for a marriage license have presented evidence of having taken the examination, thus upping the cost of a marriage license from \$2.50 to \$3.

Exceptions Are Indicated
In addition to the usual cases, as above, exceptions may be obtained, however. Says the Act, which is known as H. B. No. 588:

"Any judge of a county or district court within the county in which the license is to be issued, is authorized and empowered, on joint application by both applicants for a marriage license, to waive the requirements as to medical examinations, laboratory tests, and certificates, and to order the county clerk to issue the license, if the judge is satisfied by proof that sufficient cause for such action exists and that the public health and welfare will not be injuriously affected thereby. The order of the court shall be filed by the county clerk in lieu of the certificate form. All records connected therewith shall be held in absolute confidence and shall not be open to public inspection and the hearings on the application shall not be made public."

An incomplete list of laboratories made public by the State Department of Health, approved to make the laboratory tests, includes one at Littlefield, one at Lubbock, and one at Quanah.

Turkey Funeral

Home in new hands

QUITAQUE — Bryan McDonald and Son, operators of funeral homes at Lubbock and Matador, have purchased the Stewart Funeral home and insurance business from Mr. and Mrs. George Stewart.

Dewey McDonald, brother of Bryan, has moved to Turkey and taken over the management of the business. He will be assisted by Bill Seals of Memphis, licensed embalmer and undertaker.

Hagood's Dept. Store Installs New Fixtures in Store

Installation of new fixtures to make their modernization program a complete one has been underway at Hagoods Department store in Floydada the past week.

Yesterday, Cecil Hagood, proprietor, said the job is expected to be completed this mid-week.

The work of modernization, which takes into consideration public expectancy, including new counters of a neutral color to display merchandise to advantage while affording storage room in cleverly arranged compartments for additional numbers of the same stock.

Cecil Hagood this week was expressing hope that the new arrangement would meet the approval of the public. What the department store wants, he declared, is an arrangement that will make it easier for the shopper to find what he wants at a price he wants to pay.

South Plains News

There was a bridal shower for Mrs. Ralph McGuire, nee Arlene Beedy, on Thursday afternoon, September 22, at the home of Mrs. J. K. West. Upon arrival the guests were registered in the bride's book by Mrs. Hansel Sanders. They were served by Meses. Carl Daniel, Will Sims, J. B. Smitherman and R. C. Guest. The toast to the bride was given by Miss Joy Burch.

Home Demonstration Club News

The South Plains Home Demonstration club met September 28, with Mrs. Bryant Higginbotham as hostess. Mrs. J. B. Smitherman had charge of the business meeting which was rather lengthy. New officers were elected for a new year. They were as follows:

President, Mrs. E. P. Smitherman; vice-president, Mrs. L. T. Wood; secretary and treasurer, Mrs. Herman Thornton; council representative, Mrs. Lenton Lanham; reporter, Mrs. Raymond Upton.

The club is to entertain the Starkey club on Wednesday, October 12, in the home of Mrs. Geo. West at 2 o'clock p. m.

The hostess served lovely refreshments to Meses. H. S. Calahan, sr., Fred Fortenberry, H. S. Calahan, jr.,

The Elephants, The Clowns and the Red Wagons Are Coming For Two Performances Here Saturd'y

The above announcement is belated with delight by the jubilation, while some of the boys are already thinking the excuse to be on hand when the Stevens Brothers circus and Stevens pitch their tents in Floydada for two performances at 3 p. m. on Saturday October 8 and 9, under auspices American Legion. The new and novel features will be Dolly Jacobs world famous trained elephants, 3 head of the largest elephants traveling in any motorized circus; the Family, a recent import from Mexico, in acrobatic and numbers; the Sisters, aerialists; Duo, comedy bar act; Johnson on the high trap; Valdez, sensational equilateral; Benjamo and his gang of Grubbs liberty horses; and "Shona Shorty" Shearar and

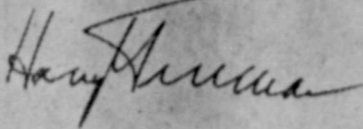

his troupe of trick riders and ropers; Stevens Bros, prancing ponies, riding dogs and monkeys, always a treat for the children; All combined with the big double menagerie, presenting what is said to be the largest collection of wild animals ever carried by any motorized circus. Popular prices will prevail for this engagement. Animal cages will be on display on the show grounds at 10 a. m. for free inspection by the public. Dolly Jacobs will have her elephants down town at noon circus day at Bobs Service Station. Bobbie Gene Medlen, student at West Texas State college, Canyon, and Miss Roberta Medlen, a member of the faculty of Dumas high school, spent the week-end with their parents, Mr. and Mrs. Robert Medlen. Miss Viola Golightly and Mrs. Elizabeth Armstrong attended the Beauticians convention held in Amarillo Monday of this week.

THE WHITE HOUSE WASHINGTON

Dear Mr. Palmer:

Again it is my pleasure to send my greetings and best wishes to the press of America on the occasion of National Newspaper Week. I like your slogan very much. Freedom does indeed go where the newspaper goes. All of us should be eternally grateful that we live in a country where freedom of the press is guaranteed as a fundamental right.

Very sincerely yours,

Mr. Edward W. Palmer,
Chairman,
National Newspaper Week,
New York Press Association,
Syracuse 10, New York.

Petersburg Cubs And Visitors Eat Barbecue Dinner

Three Floydada men participated in the Pack meeting of the Petersburg Cub Scouts Tuesday night. Jack Henry, W. E. Garrett, and Field executive A. M. Standefer conducted the Liberty Roll call Inspection of Pack 69, which is sponsored by the American Legion of Petersburg.

Cubmaster Joe Barlow was in charge of the "Round-Up" gathering at which ninety-one cub scouts, parents, and visitors were present. A barbecue dinner, given by the mothers of the scouts assisted by the Legion group, was enjoyed by all the cubs and visitors.

The B. F. McIntosh family have moved back to Floydada from Brownwood and are again at home at 222 West Mississippi street. Mr. McIntosh, who is continuing his work at Brownwood as a Linotype compositor, was here over the week-end, accompanying Mrs. McIntosh and their daughter, Hope.

Mrs. W. F. Daniel, Mrs. J. R. Terry and Mrs. Bill Daniel in company with Mrs. Jack Crull, of Lubbock, visited in Levelland Tuesday with Mrs. Murry Stewart.

MRS. NANCY WHEELER DIES OF SUDDEN ATTACK; RITES HELD AT HUNTSVILLE, ARK.

Funeral services for Nancy Wheeler were held Tuesday in Huntsville, Arkansas following her sudden death Saturday at her home in Lockney. Mrs. Wheeler was the mother of Mrs. Dee Copeland, whose husband is manager of the Floyd County Cooperative hospital in Lockney.

Mrs. Wheeler had made Lockney her home for the past two years or more. Other survivors are a son and two daughters.

MR. AND MRS. D. A. SENN NEW DOUGHERTY GROCERS

Mr. and Mrs. D. A. Senn this week are announcing the purchase of the grocery at Dougherty which has been operating as the Newton Mercantile. The new owner will operate the business at the same location.

Judge and Mrs. W. E. Grimes and Billy Bert visited with Judge Grimes' parents, Mr. and Mrs. J. R. Grimes at Vernon, Texas, over the week-end.

This Harvest Season we are heading for the best roundup of cotton and grain we have had in several years. When you think of Hardware head for your Hardware Store where you will find Everything you need, Quality Merchandise & Prices are Right.

Hand - Tooled Bill Folds Compliment City League Team

Members of the Builders Mart softball team, entries in the city league during the past summer, were complimented this week by their sponsor, James M. Willson, Jr. who gave each of the 15 members of the team a hand-tooled bill fold from the Moore Leather shop. Given names of the team members were enrolled on the side of the bill-folds.

After a good season in the league the Wildcats steamed up to win a post-season tournament against capable opposition and played their last 15 games with only one loss, a 1 to 0 contest against the Avalanche Journal team at Lubbock.

Twelve players were on the original roster, including Red Childers, Earl Cooper, Don Myers, and G. B. Johnston, Leonard Finley, of Lockney; Pete McGee, Bobby and James Robertson, Maurice and Phil Steen, Ralph Glover, and John Hutchinson, of Floydada. In the post-season play they were reinforced by the addition of three players from other teams, namely, Paul Davis, Junior Womack and Robt. Crowell. John Hutchinson was the successful player-manager of the team.

"The boys all played for the pure fun of it and if they fell out with the umpire nobody could tell it by what they said or did," said Willson in speaking of them this week. "Their good sportsmanship and playing ability entitled them to some kind of a memento."

Baby Died at Polio Center Last Night

Michael Rae, two-year-old son of Mr. and Mrs. Rae Thornton, of Lockney, died Wednesday evening about 7 o'clock, shortly after arrival at West Texas Polio center.

The baby had little fever but suffered from inability to breathe, members of the family said.

Polio or spinal meningitis was feared but no diagnosis was reported as made at the center in the brief time the child survived after reaching the hospital.

Mr. and Mrs. Thornton and the baby were accompanied on the trip to Plainview by Mr. and Mrs. Bob Ewen.

A Harmon ambulance returned the body to Floydada last night. The little fellow was a grandchild of Mr. and Mrs. W. J. Waller of Floydada and of Mr. and Mrs. E. W. Thornton, of Lockney.

LEDGER binders in some sizes, indexes to match. Hesperian.

Another Cab Co. Trying Luck Here

Added to the business firms in Floydada this week is the City Cab company located on West Missouri street in the building that formerly housed the Western Union office. Mr. and Mrs. Howard Diuguid, of Plainview, have moved to Floydada, and Mr. Diuguid plans to operate the cab service from 6 o'clock in the morning until 12 midnight temporarily. The hours may be changed later on, depending on the business that is received.

Mr. Diuguid drove a cab in Plainview 5 years before moving to Floydada.

Cletis Hukill of Plainview spent Sunday and Monday of last week here visiting with her classmate, Peggy McKay.

Mr. and Mrs. G. M. Armstrong and son visited in Ralls recently with her sister, Mrs. Earnest Kendrick and Mr. Kendrick.

Breath-taking new 1950 Studebaker!

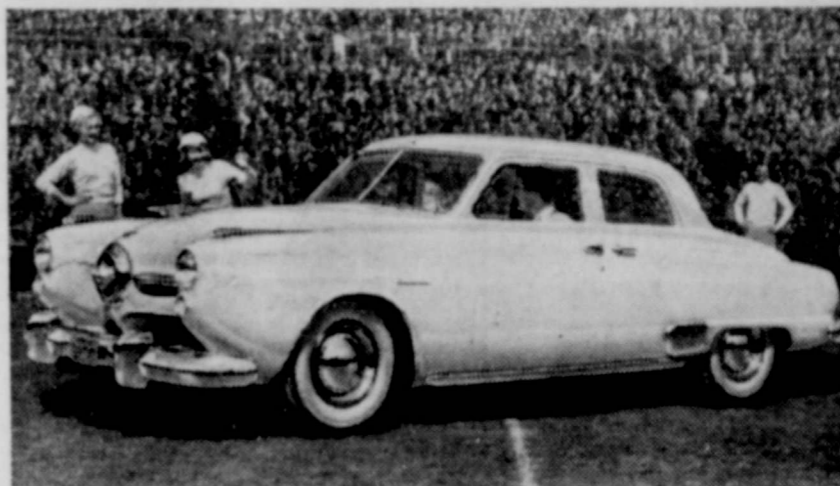

IT'S THE "NEXT LOOK" IN CARS!

All over America, all eyes are on this dramatically different 1950 Studebaker.

It's the biggest improvement in car styling since Studebaker introduced the "new look" in cars three years ago.

This 1950 Studebaker is long and low—but it's trim, sleek and flight-streamed—no bulging excess bulk to squander gasoline.

Stop in and see it. It's the "next look" in cars.

Point Savings Bond Campaign to Farm Homes

DALLAS—The value of financial reserves in farming and ranching operations will be emphasized in a special effort to sell U. S. Savings Bonds to farmers and ranches of Texas this fall, Nathan Adams, state Savings Bonds chairman, announced today.

The program is now getting started with the cooperation of the major state and federal agricultural agencies, Adams said, and will extend into all of Texas' 254 counties. He said it would continue through October and possibly well into November.

Nearly all of the 3850,000 farm and ranch families in the state will receive letters and printed literature about Savings bonds. Adams said that the mailing lists of county agricultural agents and county representatives of the Production and Marketing Administration (PMA), the Production Credit Corporation (PCC), and the National Farm Loan Association (NFLA) are being utilized to achieve virtually 100 percent distribution in rural areas.

Adams said that other activities in the program will include distribution of 25,000 to 30,000 posters for display in banks, cotton gins, hardware and implement stores, and other places where farmers meet or conduct business; distribution of special literature to vocational agriculture students; and supplemental projects to be undertaken by various agricultural and livestock associations.

Reserve Powerful Aid
"A financial reserve is a powerful aid for proper management of a business," Adams said, "and farmers and ranchers need such a reserve

for their business just as much as do the merchant or manufacturer.

"We want the farmer and rancher to become as well acquainted as the city man with the value of Savings bonds as the means for acquiring financial security. Agriculture has always been a hazardous business, subject to sudden disasters such as flood, drought, epidemic in the livestock, or a sharp break in commodity prices. The farmer or stockman who builds a strong financial reserve for himself by investing in Savings bonds during the good years protects himself against these emergencies.

"If emergencies fail to develop, his cash reserves are still available for buying more land, expanding production, replacing old buildings and equipment, home improvement, education of his children, or comfortable retirement in old age."

Sunnyside Memb'rs Guests of Sterley Club at Meeting

The Sunnyside Home Demonstration club met September 16 in the home of Mrs. G. N. Shirey with Mrs. Fay Hart as hostess. A demonstration on making and using processed cheese was given by Miss Petty, county home demonstration agent.

Mrs. Hart served a lovely refreshment plate to thirteen members and two visitors.

Several members attended the fair at Lubbock from this club, among them Mmes. S. E. Thurmon, G. N. Shirey, W. D. Burke, W. A. Lovell. The latter served in the Floyd county booth at the fair.

September 28, ten of our club ladies traveled to Sterley and were graciously entertained by that group of ladies. First an introductory game, then a book review by Mrs. Herman Huffman. The club room was used and fall flowers centered each table and each guest was presented a lovely corsage in all shades.

September 29, a called meeting was held in the demonstration kitchen for the purpose of electing officers. A demonstration was given with Mrs. M. F. Williams, food demonstration chairman, in charge. Macaroni and broccoli were used as bases for the cheese and white sauce. Ribbon sandwiches, spread with a cheese mixture were served, with milk chocolate as the drink. Hi Hos stacked with chocolate and vanilla icing were served as a dessert.

Mrs. Hilton had charge of table and flower arrangements. Tables were laid in orange, black and green. Halloween cups were used. Tables were centered with orange and green one arrangement of glads and holly leaves was used on the secretary's desk. Fourteen members and one visitor were present.

The next meeting will be in the home of Mrs. G. N. Shirey when this club will be hostess to the Dougherty club on October 21 at 2:30 o'clock.

Poem Praises Club Members

(Crowded Out Last Week)

Wednesday of last week, the Friendship Home Demonstration club met in the home of Mrs. Mal Jarboe and voted to entertain the Sand Hill club on October 5. The October meeting will feature a book review by Mrs. Caffee.

Mrs. E. L. Angus and Mrs. Harry Morckel were elected as associate members and Mrs. D. T. Mayo was a visitor. Mrs. Morckel made a very delectable cake as a demonstration, which was greatly enjoyed. Refreshments were served by the hostess.

The following poem, "To Our Friendship H. D. Club" was compiled and read to the club members by Mrs. Sam Green.

This is to the members
Of our dear old Friendship club
Who stand like timbers
To protect the ones we love
Tho, in number we are few
Yet we make a sturdy crew.

And it's expected of us
To tend the children, keep the house
A-shining spick and span
To think of endless menus
To wash and iron and mend and sew
To please a hungry man
And be the best of cooks
And still stay young and glamorous
And read the latest books

They talk about a woman's sphere
As though it had a limit
There's not a place in earth or
heaven

There's not a task to mankind given
There's not a blessing or a woe
There's not a whisper "yes or no"
There's not a life or death or birth
That has a feather's weight of worth
Without a woman in it.

You have no enemies, you say?
Alas! my friend, the boast is poor
He who has mingled in the fray
Of duty that the brave endure
Must have made foes; if you have
none
Small is the work that you have
done
You've hit no traitor on the hip
You've dashed no cup from perjured
lip

You've never turned the wrong to right
You've been a coward in the fight!

The poet has said "I am a part of all that I have met."
So if I had Mrs. W. H. Bethel's love of modern life
That shy way of Mrs. O. F. Conner, If I had that motherly touch of Mrs. W. E. Grimes
And the reserve of Mrs. Mal Jarboe If I had that impenetrable personality of Mrs. A. H. Kreis
If I had Mrs. Lee Rushing's sense to know my place
Mrs. George Stille's love of humanity
That generous heart of Mrs. M. B. Johnston
The vim of Mrs. E. L. Angus
And was as cute as Mrs. D. T. Mayo

And last but not least, if I were as good a cook as Mrs. Harry Morckel

What a wonderful person I should be.
New officers for the ensuing year are Mrs. W. E. Grimes, president; Mrs. A. H. Kreis, vice-president; Mrs. F. O. Conner, secretary and reporter; Mrs. Mal Jarboe, treasurer; Mrs. W. H. Bethel, council representative and Mrs. Lee Rushing, parliamentarian.

Mr. and Mrs. A. S. Watson and son of Abilene visited Mrs. A. W. Anderson and family over the weekend.

Mrs. Carl Banks accompanied Bobby Jarrett to Dallas over the weekend.

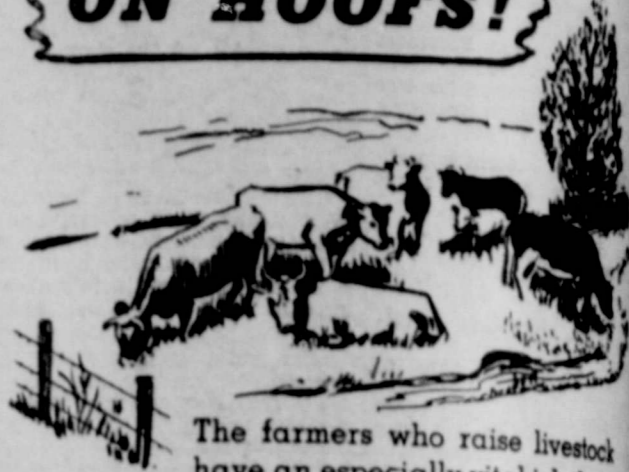

SECOND SUNDAY SINGING

A monthly custom of many years will be observed again Sunday when the Second Sunday singing will be held at the Church of the Nazarene. Earl Rainer said this week the new Stamps - Baxter song books

would be used, and it is hoped singers from outside the local area will be present and take part.

Mrs. Troy Vaughn and daughter visited at Roaring Springs Sunday with Mr. and Mrs. W. Vaughn.

Taffeta and Bold Lace

Listen to his heart lift when he sees you in this dancing dress that's as soft and rustling as a September evening. Cosmopolitan magazine's Male Jury succumbed to its romantically-whispering taffeta, gossamer-like lace and bare shoulder styling. Choose from gold, Kelly green or bronze taffeta and dapple it with the black lace overshift—for about \$40.

Mrs. Douglas Beedy Honoree at Shower Held Last Thursday

Mrs. Douglas Beedy, the former Vida Stevens of Plainview, was named honoree at a shower given Thursday evening of last week at 3:30 in the home of Mrs. Otis Huckabee, north of Floydada.

Hostesses assisting Mrs. Huckabee with the courtesy were Meses. J. R. Langley, Bob Bratton, Gilbert Bean, H. S. Calahan, Jr., Doris Huckabee, Elmo Reeves, Andrew Sanders, Hansel Sanders, John K. West, Will Sims, Rex Smitherman, Skeet Thornton, Oia Warren, C. V. Ford and Alice Foster.

Upon arriving, the guests were served punch and angel food squares from a lace covered table by Mrs. Sims, Mrs. Thornton and Mrs. Smitherman. The serving table was centered with a flower arrangement.

The honoree, her mother, Mrs. H. B. Stevens, and her mother-in-law Mrs. George Beedy, were presented with corsages of chrysanthemums. A toast to the bride was given by Mrs. Bratton followed by the presentation of gifts.

A number of guests registered and sent gifts.

Sunbeam Band Party Send Christmas Cheer to Children Overseas

"Merry Christmas for children overseas" was the entertaining theme of a party for the Sunbeam band of the First Baptist church Monday evening of last week. The Sunbeam room was decorated with Christmas trees and other pretty Christmas decorations. The children sang Christmas carols, played games and were served refreshments of peppermint candy sticks.

Each child brought a toy gift for a child overseas while the mothers contributed clothing to the gift box.

Attending the occasion were Arlis Powell, Jenny Powell, Kenneth Dale Rimmer, Hope and Rebecca Robertson, Betty and Linda Caven, Sonja Kay Guffee, Mary and Lucy Cogdell, Lewis LaGrone, Mike Carver, Wren Patterson, Sylvia Carver, Don Switzer, Jim Bob Gibson, Sandy Davis, Mary Beth and Pat Thornton, Donald and Ronald Thornton, Phil and Bruce Horton, Silas and Linda Duncan, James Elza, David and Carol Hull, Charles Gibson, LaJuana Ann Rimmer, Becky Potts, Helen Foster, Leroy Herring and Anne Word; and Mrs. Parnell Powell, Mrs. Emery Roberson, Mrs. A. E. Huckabee, of Lubbock, Mrs. O. G. Mayfield, Mrs. Georgeann Huckabee, and Miss C. C. Huckabee, director of the Sunbeam band.

Porterfields Observe Fiftieth Anniversary at Springer, N. M.

Mr. and Mrs. Earl Edwards in company with Mr. and Mrs. J. V. Porterfield of Petersburg visited in Springer, New Mexico, last week-end with Mr. and Mrs. H. N. Porterfield, who are the parents of Mrs. Edwards, and J. V. Porterfield.

The elder Porterfields were celebrating their golden wedding anniversary.

On Sunday afternoon their sons and daughters were hosts to about one hundred friends and relatives at a tea in the parlors of the Springer Methodist church.

Six of the seven Porterfield children were present. Mrs. Lawrence Marr of Arlington, Virginia, could not be present at this time.

Other children present for the anniversary were: Mrs. Herman Hardin and Mr. Hardin of Sweetwater, Harold and Mrs. Porterfield of Roy, New Mexico, Fred and Mrs. Porterfield of Santa Fe, New Mexico, and Mrs. John Spiegelmir and Mr. Spiegelmir of Tucumcari, New Mexico.

NEW MASSEY-HARRIS BIG CAPACITY "26" SELF-PROPELLED GIVES YOU Balanced Separation

... the amazing new Massey-Harris combine development that assures you of full control of straw and grain from the cutter bar to straw spreader. Every unit in the "26" has a capacity and size relation ... the engine, auger, elevator, cylinder, walkers, shoe—all are in balance for smooth, dependable harvesting. In every step of the way straw is kept loose, open, always moving so all of your grain falls through.

Add to Balanced Separation, ease of operation, the advantage of 24 controlled speeds, better weight distribution and extra large traction wheels and the "26" is just good business to own on the average size farm.

Look over the "26" today ... you'll handle up to 50 acres a day with this new Massey-Harris Self-Propelled on your farm.

We now have one in stock.

Three Enrolled From Floyd In TSCW Fall Term

DENTON, Tex. — Misses Mary Claudian Goen, daughter of Mr. and Mrs. Polk Goen, 614 W. Kentucky, Beth Hinson, daughter of Mr. and Mrs. E. E. Hinson, 106 S. Main, and Elizabeth Moss Wingo, daughter of Mr. and Mrs. W. H. Wingo of Lockney, are among nearly 2000 students enrolled at Texas State College for Women for the fall term.

Two hundred and four out of 254 Texas counties are represented in the registration figure as well as 117 students from four foreign countries and 321 registrants from 31 other states.

Housing facilities during this second year of normal peacetime enrollment are the best in the college's history as a result of the present three and a half million dollar building program.

Miss Goen is a freshman child development major and Miss Hinson is a junior majoring in organ.

Twelve at Wayland College
Plainview, Twelve Floyd county students are among 490 enrolled at Wayland College, Dean Raymond E. Mendenhall announced here today.

They are Bobby Lou Casey, Norma Jeanne Vernon, Dorothy Joyce Hohn, and William Anderson Poe, all from Lockney; Mary Dee Cosby, Ivy Pearl Simmons, Roberta May Garrett, Margaret June Green, Annie Lou Hopper, Harrell Seth Johnston, Jerold McMillan, and Leonard Walton Wilson, all of Floydada.

Miss Casey, daughter of Mr. and Mrs. Hilburn Casey, is majoring in business and minoring in education.

Miss Vernon, daughter of Mr. and Mrs. Bert B. Vernon, is a freshman.

Miss Hohn, daughter of Mr. and Mrs. Jesse Hohn is majoring in business and minoring in economics.

Poe, son of Otto Poe, is majoring in business and minoring in engineering.

ering.
Miss Cosby, freshman, is the daughter of Mr. and Mrs. L. B. Cosby.
Miss Simmons, daughter of Mr. and Mrs. W. S. Simmons, is a freshman.
Miss Jarrett, daughter of Mr. and Mrs. R. A. Garrett, is majoring in commercial teaching.
Miss Green, daughter of Mr. and Mrs. James E. Green, is majoring in English.
Miss Hopper, whose major is business, is the daughter of Mr. and Mrs. Gene Hopper.

Johnston, son of Rev. and Mrs. Sidney Johnston, is majoring in education and minoring in history.

McMillan, son of Rev. and Mrs. J. O. McMillan, is majoring in photography.

Wilson, son of Mr. and Mrs. W. B. Wilson is majoring in agriculture and minoring in education.
Wayland's maximum enrollment, set at 500 by trustees, has almost been reached. Along with the new students, there are 13 new faculty members.

Improvements on the Wayland campus include a newly renovated basement in the administration building, which houses the journalism and photography departments, the Wayland World Press, and a student recreation center. A new dining hall will soon be built.

Fairview News

FAIRVIEW, October 5—Cotton is opening and feed is being cut during these nice fall days. Wheat is up to a good stand on most farms. Some are still sowing.

Mt. Blanco News

(By Mrs. Weldon McClure)

MT. BLANCO, October 4—Everyone remember the community club Tuesday night, October 11. Come dressed as "tacky" as possible, and bring something for the "stew". There will be games for all ages—also it was decided at the last meeting to sell the lunchroom refrigerator to the highest bidder at this meeting. This is a nice Firdalre, almost new, large. If you want a good refrigerator come out and bid on this box.

Rev. R. D. Hill of Lamesa preached at the church Sunday morning and Sunday night. He and Mrs. Hill were guests of Mr. and Mrs. M. J. Mosley for dinner and the C. A. McClures for supper.

Mrs. Roy Owens and daughter, Dolores, of Lubbock were Saturday night supper guests of the S. G. Appings.

Mr. and Mrs. R. D. Armstrong, Roy D. and Mrs. C. A. Allen spent the week-end in Midland.

Mr. and Mrs. E. H. Brown, Edmund and Aliene spent Sunday in Lubbock with relatives.
Mr. and Mrs. C. A. McClure visit-

ed in Memphis Wednesday and Thursday.

Mr. and Mrs. W. B. Allen spent Sunday with relatives in Lockney.

Mr. and Mrs. Charles Gibson and girls visited in Lockney Sunday afternoon.

Sunday dinner guests of Mr. and Mrs. S. G. Appling and family were Mr. and Mrs. E. L. Norman and Mr. and Mrs. S. J. Latta of Floydada.

Alice Latta of Floydada spent the week-end with Catherine Appling.

Mr. and Mrs. T. E. Davis and children of Anson were Saturday night supper guests of the Holt Bishops.

Grandma Parsons of Hillsboro spent the week with her daughter, Mrs. O. W. Pierce and Mr. Pierce.

Mr. and Mrs. C. A. McClure spent Friday night in Spur with Mr. and Mrs. H. R. Cage and children.

Mr. and Mrs. Earl Bishop of Floydada were Thursday night supper guests of Mr. and Mrs. Holt Bishop and Shirley.

Mr. and Mrs. Weldon McClure had a Sunday dinner guests Mr. and Mrs. C. A. McClure and Mr. and Mrs. Dennis Taylor and sons.

Saturday night supper guests of Jerry McClure were Mary Ann Hundley, Twyla Hefley and Billy

Wayne Jones.

Sunday afternoon visitors of Mr. and Mrs. Rudolph McCurdy were Mr. and Mrs. Ozie Polasek and Mr. and Mrs. H. M. Thomas.

Mr. and Mrs. Wayne Appling and girls visited Mr. and Mrs. Eugene Hardin Thursday night.

Mr. and Mrs. Elvis Roberts and son of Crosbyton were Sunday night guests of Mr. and Mrs. Dennis Taylor and sons.

Sunday afternoon visitors of Mr. and Mrs. M. J. Mosley were Mr. and Mrs. R. E. Spurrin and Mr. and Mrs. Walter Crawford.

Mrs. Henry Brewer spent Monday with Mrs. Marvin Powell.

Mr. and Mrs. Harold Sparks and daughter, Pamela, of Abernathy visited Sunday with Mr. Sparks' parents, Mr. and Mrs. Alva Sparks and with Mr. and Mrs. Maurice Steen.

Mr. and Mrs. O. L. Stanzell were accompanied by Mrs. Winny Asquith on a trip downstate to Bonham last week. The Stanzells attended a family reunion of Mr. Stanzell's brothers and sisters in the home of his sister, Mrs. Clyde Newell, and friends while in Bonham.

Pfc. Maxine Griffin, who is stationed at Lackland Air Base in San Antonio, spent Saturday here visiting with her parents, Mr. and Mrs. Ed Griffin.

Mr. and Mrs. W. J. Wilks, Mary and Dennis, were among those who attended the fair at Lubbock Saturday night and attended the Texas Tech and West Texas ball game.

Mrs. Lon Blasingame left Thursday for Waco to visit her mother, who is ill.

Osby County Cotton Labor Prospect Poor

OSBYTON — Harvesting of the county's largest cotton crop, though not yet in full stride, starts early in the county this week. The smell of burners and the smoke from the burners coupled with brisk fall winds reminded citizens of this fall that has arrived.

Speed of harvesting the big crop now on will depend largely on the number of pullers who are available. According to reports from the county, there is a shortage of laborers, the biggest shortage in the county.

For this reason, much of the cotton will not be touched until frost has fallen, then the cotton will take over in many fields to gather it all at once.

Motley county farmers may harvest 20,000 bales from the approximately 70,000 acres in cotton. Despite the late crop, 300 bales have already been ginned from the 1949 crop and the cotton is just beginning to open as a result of the past week of hot, windy weather, says the Matador Tribune.

By the middle of October 1,500 to 2,000 boll pullers may be needed in the county according to a survey made by County Agent J. R. Emmons.

GOURD IS READY; FIND A SPRING FOR A COOL DRINK

Y. M. Moore says for some old timer to furnish the spring. Moore has the old-fashioned gourds. They can whittle out one and take a good drink.

Mr. Moore presented one of the gourds with a straight handle to The Hesperian office. This one can be notched out, a string tied in the end and hung up by the spring or the cistern or the well. Water tastes better that way.

Also a gourd with a crooked handle that can be hung up across a handy low-swinging rafter or cross-piece in the well house was a gift by Mr. Moore to The Hesperian in the same package.

The seed came from deep east Texas, Mr. Moore said. He has the gourd vine growing in his backyard, 918 South Wall street.

As A Farm Woman Thinks

(By Nellie Witt Spikes)

Today I put away the big fan that gave me so much pleasure and comfort all the hot days and nights this summer. I lighted the gas fire and it felt pleasant, too. All things in their season, I thought as I take a few minutes to straighten things on my piled up desk and sort out letters, cards and new clippings I only scanned hurriedly as the mail came in. I find I owe many letters and hope kind friends will be indulgent for my neglect of them.

All over the place vegetables and fruits have been ripening for the canning, tomatoes by the bushel, peaches falling off, but at last we made a final canning of hominy and called the season over. That very night while twenty-five pints of hominy cooled off in their gold-lined cans, we took the canner and sealer up stairs, hoping we would not be tempted to can another thing. But yellow pears hang heavy on the trees, and big balls of quince are beginning to turn, so we may make a few more preserves and a little more jam. Not only our pantry shelves droop in the center with heavy loads but most every woman we meet says, "I have canned and canned this year 'til I am completely worn out."

I picked up the long unused crocheting hook the other day as I relaxed from washing. All summer this time has been for shelling peas and stringing beans, but I recall the lovely table cloth in the home of Mrs. Amos Yates and another at Lovington, New Mexico, and my mind is divided between the two as I read the directions.

The autumns at Emma were so very quiet compared to the ones now. School started around the first of September and children were not bothered about it stopping for them to pick cotton, for cotton was something one's father and mother told about having to pick back in East Texas, or pictured in the big geography book. Path-

er would put knives on a sled and cut the small sorghum crop. The ranch hands would be in town for a day eating sardines and crackers with plenty of pepper sauce as they sat on the scarred counters in the stores.

They would buy a slicker, maybe a red or blue bandana to keep the dust from going down their backs or to keep lips from chapping. A blue shirt and blue overalls and they would be ready to go up-trail for the fall drives.

Men stood around the quiet town and talked of the coming election, which would make the town anything but quiet for a few days with the shooting of anvils and the loud calls of victory by the winning ones. No clicking of running machinery, no saw, no filling the town to overflowing on Saturdays.

Men would go to the brakes and bring back loads of mesquite wood for the winter, when the cow chips would be damp and smoke or covered with snow. Freighters would pull out for Amarillo but their creaking wagons would only be a spot on the long empty freight road and the rumbling of their wagons would disturb only a few as they passed on.

Bliss in possession will not last; Remembered joys are never past; At once the fountain, stream and sea, They were, they are, they yet shall be.

done. No radios running at full blast, only the soft music from the piano at Dr. Carter's. Or the running of cold water in the big tank in the courtyard. The click of a key in the lock at the store, the soft beating of hoofs of the cow-boys horse leaving town. Autumn at Emma. The leaves on the locust and cottonwood trees turning yellow as the sunshine. No startling reds and blazing oranges as in the timber. Green summer grasses now a pale brown. Mrs. Martin's chrysemum white as snow, yellow as soft gold. Pale blue skies, a vast bowl turned over a flat world. Tonight I am homesick -- homesick for another autumn at Emma.

Bliss in possession will not last; Remembered joys are never past; At once the fountain, stream and sea, They were, they are, they yet shall be.

CROSBYTON TAX RAISE

CROSBYTON—Every taxpayer in Crosbyton received a notice this week from the City of Crosbyton which announces a 20 per cent increase in all valuations in the city, to apply on this year's tax bill.

In addition, about the usual number of notices were sent out asking taxpayers to appear before the equalization board and show cause why their property should not be raised.

TURKEYS TO GIRLS RANCH

Mr. and Mrs. D. S. Battey, Mrs. Donald Pinkner, Mrs. Glen Pool, and Mrs. Mather Carr went to Girls ranch Tuesday of last week to take some turkeys. Mr. and Mrs. Battey donated a tom and six turkey hens to the Girls ranch and the club bought six more, so Mr. and Mrs. Battey delivered these turkeys.

This ranch is located eight miles south of Whiteface, Texas, and consists of 1,400 acres.

—Taken from Petersburg Journal, Harmony News.

Dale Goen of Amarillo visited his parents over the week-end. He is the son of Mr. and Mrs. Polk Goen.

HEARS AGAIN

Undulant Fever in 2-Year Decline

MATADOR—Undulant fever, resulting from the drinking of milk from cows with Bangs disease, has taken a drop in Motley county during the past two years, according to reports from hospitals in Matador.

Eight years ago when testing of cows for Bangs disease was started in the county, approximately 20% of cows tested were reactors. Recently 146 cows were tested and only two were reactors. In 1948 over 180 cows were tested with only three reactors.

Annual Meeting Elevator Coop on October 20

The annual meeting of the members of the Producers Cooperative elevator will be held on the evening of Thursday, October 20, almost on the exact date they expect completion of their 215,000-bushel addition to the plant's storage capacity.

The annual meeting will be held at the American Legion hall at 7 o'clock in the evening.

The board of directors, who made the announcement this week, said they hope for all members to be present. Distribution of 6 per cent interest on stock held will be made at the meeting.

Two matters which will also be given attention are proposals to amend the charter of the cooperative and the election of two directors. These will fill the expiring terms of P. J. Wilkes and Henry Willis.

Hold-over directors are Tom Porter, J. P. Moss and A. H. Kreis. The latter is president of the board.

Additional announcements in connection with plans for the meeting will be made later, it was stated.

Rats On Look Out For New Quarters

Some people in the community who have considered their premises free of rats but who have seen recent evidence of the rodents and are beginning to be concerned, are advised by Menard Field that the pests which heretofore had good hiding places and shelter are looking for new homes.

They have been "locked out" of their former abodes with approved construction of brick, concrete and tin.

The Public Health Service tells Mr. Field and other local authorities that robbing the rat of his hiding places and usual food sources is from experience the best way to battle the typhus and plague carrying varmint.

Mr. Field is supervisor for the city in the rat-proofing campaign which the Texas State Department of Health is carrying on in cooperation with the federal and city authorities.

TRAINING UNION PARTY AT LAKEVIEW FRIDAY

Announcement that the adult training union at Lakeview will have a party in the basement of the Baptist church there tomorrow night, Friday, October 7, was made this week.

Ladies are to bring sandwiches, cookies and a drink. Everybody is invited.

Texas Model Builders Win

WINNERS in the annual model car competition of the Fisher Body Craftsmen's Guild are Jimmy Powers (left) of Lubbock, who took first state honors in the Junior Division (ages 12 through 15), and Bert Ray, of Austin, whose beautiful model car won first in the Senior Division (ages 16 through 19). Each received a cash award of \$150, and both models went on to take regional honors and a chance to win a university scholarship in the national competition.

DeWitt Burke

(Continued from first page)

lacked some 18 inches of having enough elevation to clear the wires. The plane's nose was within some eight feet of the point at which it struck the ground about 25 yards from the high line. It did not catch fire. Though badly damaged it was not a complete wreck and much of it can be salvaged to go back into flying service, a quick survey of the wreck indicated.

Was Marine In Pacific

Late yesterday it was announced the funeral rites will be said at the First Methodist church at 4 o'clock this (Thursday) afternoon.

William DeWitt Burke was a graduate of Floydada High school. Shortly after finishing school he entered the service and served as a Marine Air corps flyer. He entered the service in June 1942, and went to the Pacific War theater in June, 1944. He participated in 90 bombing and strafing raids against the Japs. He was awarded two air medals. He was discharged in April, 1946, as a first lieutenant.

Burke lost no time in getting into the aerial farming business, after his separation from the service. The Stearns trainer, which crashed with him, he had converted into a duster. With this and other planes he had engaged in various types of dusting in Wisconsin, Arkansas, central and west Texas and

in the rice belt. He had dusted many fields in the past two years in Floyd county.

William DeWitt Burke was not married. Survivors include his parents, Mr. and Mrs. D. W. Burke, with whom he was partner in a South Dakota farming venture, in addition to his aerial farming operations; two brothers, James Burke of Santa Fe, New Mexico, and Lawrence Burke of Floydada; and three sisters, Mrs. Johnnie Cates, Mrs. T. L. Pawver and Miss Valrie Burke, all of Floydada. The last-named is a member of the staff of The Floyd County Hesperian.

BIG STOCK BEET

A stock beet grown in the garden of Jno. L. West in southwest Floydada, on display this week, is big enough to answer the question of how big does a stock beet grow.

The beet measures 17 inches around and is slightly more than 20 inches long. Mr. West has something like a wagon load.

Jack Jennings, of Canyon, was here the first of the week, guest of his sister, Mrs. Cecil Hagood and Mr. Hagood.

Mr. and Mrs. Jack Wheat of Amarillo spent last week with Mr. and Mrs. Tom W. Deen. Mrs. Wheat is a sister to Mr. Deen.

Counter sales books, adding machine paper. THE HESPERIAN.

Whirlwind B Squad Wins From Hornets

Floydada Whirlwind B Squad entertained the Tulla Hornet B squad Tuesday night, and in so doing kept victory at Floydada with a score of 7 to 0.

Played at 7:30, the Whirlwind eleven had the Tulla boys on the defense most of the time but failed to make yardage near the Hornet goal line due to penalties.

Floydada's line as well as backfield had an advantage of weight as it appeared and used this advantage to stack up yardage through the line, as well as hold the Tulla hopefuls to short or no gains.

Operating out of a "T" the Floydada "B's" showed their stuff and except for inexperience and precision that comes with practice present a very hopeful prospect for several years to come.

Center News

CENTER, October 4—More wonderful harvest weather.

Sunday, Rev. and Mrs. R. C. Hodges filled their appointment here with good crowds at both morning and evening services. They dined in the R. D. Green home and called at the hospital in the afternoon.

Mrs. J. R. Robertson was returned to the hospital where she underwent another operation Friday. She is reported resting better at this time.

The J. D. Welborn family dined Sunday with the Frank Dunns. Mr. and Mrs. Clarence Ashton and Bobby and Frances, also Jerry Hodges, were dinner guests in the James E. Green home Sunday.

Margaret Green of Wayland college, Plainview, spent Sunday with her parents, the J. E. Greens, and attended church here.

Mrs. P. T. Gentry, of Slaton, visited Friday afternoon with her sister, Mrs. Walter Sims.

Bruce Horton, city, visited Monday with his grandparents, Mr. and Mrs. Walter Sims.

Mr. and Mrs. Cecil McCada of Floydada and Nolan Arnie of Port Bliss, attended church here Sunday night as guests of Eunice Welborn.

Mr. and Mrs. Leo Frizzell visited Monday and Mrs. H. D. Meredith of Dougherty Sunday afternoon.

Everyone be sure and attend Sunday school Sunday.

Center Demonstration Club News

The Center Home Demonstration club met Friday, September 30, with Mrs. J. L. Montgomery and Mrs. Frank Dunn as hostesses.

After the business meeting and recreation period, Miss Petty gave a demonstration on making cottage cheese with its modern trimmings and variations. This with punch and white cake made the delicious refreshments, and were served to:

Mmes. Clyde Henderson, Clyde Burton, R. C. Ross, Melvin Ross, Woodrow Wilson, Riley Teague, W. B. Jordan, O. C. Vinson, C. M. Meredith, C. L. Ashton, W. T. Lightfoot, R. D. Green, James E. Green, J. L. Helm, Roades, Hartsell, Grand mother Ross, Miss Petty and the hostesses Mmes. Montgomery and Dunn.

The next meeting will be with Mrs. W. B. Jordan, October 14. Reports of the year's work of canning, sewing and general home improvement from each member are asked for, to be turned in that day to the club secretary. The club is to meet

early that afternoon in the agricultural kitchen for election of officers.

THE BELL RINGS

The pioneer days of the ring of a bell meant "Run for your life—the Indians are coming!" of this pioneer spirit must have been inherited by students of S. At least when a bell rings, it is a mad dash as if a band of Indians were in the corridors. You must talk over Saturday's or Friday night's game, can't find a more appropriate time between periods? You go into big huddle, blocking traffic in direction. When the bell begins to ring, a mad dash lands you as the echo dies away. As the poor fellows you had blocked either stampede with the for land in the office for a tardy

There is plenty time between bells change rooms and go to your without all the running, and shoving. So let's all a little more considerate and classes in a more "dignified" manner.

Beat Abernathy!

andid Camera

The lucky state was Texas. The date was a hot, June 28 and lucky year was 1933, but the best of all were Mr. and Mrs. Jones, who were blessed with arrival of their second son, Richard William Jones, whom everyone "Bill". This arrival took place in the small community of Baker the Jones family free added to ranches a swell guy with a win-

personality. The year of 1949 finds Bill a senior at Floydada High school sixteen years old, 5 ft. 8 inches tall, weighing 147 pounds with brown curly hair and light green eyes. He serves as the Seniors class president and plays blocking back for the Whirlwind team.

Bill's list of likes rest the but dangerous word women. He likes fried chicken, chocolate the color blue, long dates, playing the football games, and sleeping.

Bill dislikes people that think they are everything, silly girls, squash, teachers that sign lessons on the wall.

Bill says his greatest ambition is to become a notorious gangster and live in Fort Knox.

Bill's girl of his dreams should have a bottle figure, be 5 ft. 4 in. tall, have light blue eyes and blonde hair. She should have a nice personality and be a little bit silly.

Bill's clothes and women are Bill's weaknesses.

"Rain" is his favorite song and "Johnny" is his favorite star. His favorite stars are both Taylor, Gail Russell, and

Butch Jenkins. Bill was most embarrassed one night when he took his date to Plainview with some more kids and they ate supper. When it came time to pay the check, he discovered he had no money and he had to ask the other guys to pay for it.

Chemistry is Bill's favorite subject and his likes, concerning sports, are football, boxing, swimming, golf, and track.

As for Bill's perfect day he would first, above all things, be living up in the mountains. At 4 o'clock in the morning he would arise, get into his new Lincoln convertible, and cruise over his ranch to see how things were coming along.

About 6:30 he'd sit down to a hearty breakfast consisting of three eggs, half a pound of bacon, fried crisp, and a quart of milk; then he'd go back to bed and sleep some more. When he'd had all the sleep he wanted, he'd clean his rifle and go deer hunting till noon time. For dinner he'd eat fried chicken with gravy, mashed potatoes, and finish up with ice cream and chocolate pie.

For an afternoon of fun, he would go skiing about an hour and after that take a dip in an indoor swimming pool. After his swim he'd relax with something good to read. About seven o'clock, he'd pick up his ideal girl and take her to some nice night club. They would have a wonderful time and about two o'clock he'd journey home to get some shut-eye.

Bill, you've got what it takes to make a success in life so here's wishing you, a grand person, the best that life can offer.

Senior Proofs

There was great excitement in school Tuesday, September 27. The seniors received the proofs to their pictures. Some of them liked theirs, but most of them wished theirs had been better.

All are looking forward to receiving the pictures soon.

Down with Abernathy!

Aggie News

There was an ag meeting at the high school Monday night, September 26, the purpose to initiate the Greenhands and chapter farmers.

These boys were initiated to the degree of Greenhands: Billy Carmack, Scott Paulkenberry, Danny Smalley, Kerwin Baxter, Virgil Warren, A. C. Pratt, Terry Julian, Charles Hartman, Virgil Boothe, James Huckabee, Zack Cummings, Milton Dunavant, Glen Brown, Joe Richard Noland, Curtis Meredith, and Lawrence Burke.

The following rose from the degree of Greenhand to the degree of Chapter farmer: Kenneth Bishop, James Freeman, Don Daniels, Teddy Assiter, Hubert Ring, Phil Boothe, Roy Teague, David Rape, Rodney Hinkle, Wayland Jones, Cecil Murphy, Philip Smitherman, John Hinesley, Albert Whitfill, Pete Hopper, Joe Hopper, Neil Langley, Russell Hunter, Fred Marble, Billy Strickland, Edwin Leatherman, Lavon Shearer, Dorman Turner, and Gene Nelson.

Refreshments were served after the initiations.

The second year Ag boys are studying farm management.

DE QUACKER

Bo! was my can full of gossip this week, that is the way to keep it. This way you get to hear all the gossip, and I get to hear about it also, let's go!

Glynnis Sparks is hunting men. Keep your face covered, boys, unless you would like to go with her.

Franklin Stovall has a crush on Lee, I see and hear. Give him a chance, Lee, you might like to go with him; you'll never know unless you go with him.

Teddy Assiter and Lorraine Fisher seem to be getting up a case in the fifth period study hall.

around with James Freeman the other night? Good Luck, James.

I wonder why Bobby Patterson gets so mad when someone teases him about Elaine Snodgrass?

Don Shurbet and Mary Young were having fun at noon Tuesday?? They were very busy? Be careful, or someone may tell??

Who was Neil Langley with Saturday night? Does this mean a new romance?

Glenda Meek does not seem to like Curtis Meredith this year. What is the matter, Glenda, could it be someone else?

Whose ring is Darlene Johnson wearing? Lucky gal if it's "Dub" Mercer's!

Adrain Helms and Ann Welborn are doing pretty good since he and Lorraine Fisher broke up.

Carolyn McDonald is looking for a boy friend. Look out, boys! (Particularly George Burgett!)

Well, Well, did I see Hubert Ring with Betty Hanks the other night? Tell us more kids. New flame no doubt!!

Band to Abernathy Friday Night And Amarillo Saturday

The band uniforms arrived Monday, October 3. The band will therefore, perform on the field Friday night at the Floydada-Abernathy game.

The band is going to Amarillo Saturday, October 8, to the Tri-State fair. They will march in the colorful parade, and then they will attend the fair.

Everyone is happy over this event and the arrival of the uniforms.

STYLE OF THE WEEK

The freshmen football boys all have short burr haircuts—I wonder why?

Style of the week for the freshmen girls is to crowd in one of June Ware's vehicles—Cute Freshmen—Wow!

THUMBNAILED SKETCHES

Carroll Fulton—35, dark complexion, brown eyes, dark brown hair, skinned nose. Personality—Wow!

Lawrence Stovall—40, brown hair, brown eyes, cutest green shirts. Oh so good-looking!

Don Daniels—30, reddish brown hair, brown eyes, different car every day, reckless, popular (especially with girls).

Home-Making Girls Watermelon Feast

At 7:00 Thursday evening, September 29, the Homemaking girls attended a watermelon feast held in the park.

Various games were played, and after the girls had worked up an appetite, they were served watermelons.

There were forty-three girls and sponsors who attended, and everyone had a swell time.

De Quacker continued

Looks like Billy Mac Shipley and Virginia Holmes like bookkeeping a lot. Could this be a new romance? Have you gotten over Veva???

I hear Donald Evans has a liking for Grace Muncy? Go ahead, Grace, Arlen won't care???

Well, is Veldonna trying to use her good luck and take R. B. from Betty Hanks? What does Betty think? Say, I thought that she went with Beverly? Has something happened that I got left out on?

Who was that boy who was sitting on Loene William's lap? Couldn't have been Peanut Robertson could it?? Or could it? A bus is sure a romantic place?? (For some people)

I hear that George Burgett would like to have a chance with Juanell Williamson. How about asking her for a date, you'll never know what you can do until you try.

Gayle Carver was sure having fun in Mrs. Graves' fifth period study hall. So was Hubert Ring! Could they have been having their fun together?

I hear Peanut and Elmo Forten-

berry have been fighting over Judy Moss. May the best man win??

Say, Sherry, did I see you with Bill over the week-end? What did you do with "Gut" during that time? Good work, if you can keep it up.

A new romance is in progress between Connie Bearden and Glynis Sparks. Seems like Connie is getting the big—WAW!

Glewa wasn't all smiles after Saturday night. What happened, Oh yes, Babs and Bill made up, didn't they???

It seems as Delton Waggoner surely does have a crush on girls. He has now taken to pasting their pictures in his notebook.

Beverly Thomas and Bill Charles Carmack are getting along pretty good these days. Wonder what this could be???

Seems as though Gayle and Chuck are still doing O. K. Keep up the good work kids; I like to see you get along.

Say, June, who got home first the other night, you or Gayle?? It couldn't have been that you were with David Willson Thursday night, could it???

Well, that little Betty Laminack is really happy now that Leonard came home over the week-end. Did I hear that Troy and Jane didn't go to the ball game just because they wanted to see Leonard? Now which one is interested in Leonard, could it be you, Troy??

What is this I hear about Billy Strickland calling Charlene McCormick over the telephone. HUM HUM HUM HUM.

Jean Edelman sure would like to go with Roy Teague. Roy, give her a chance, will you??

Is this true about Gladys Parkey wanting to go with Elmo Fortenberry? Come on, Elmo, give her a chance.

Did I hear Don Daniel asking Carmon Graham for a date the other day?? Did she accept, Don? I didn't get around to find out.

Neil Langley is getting pretty thick with Myrna Wilson? So I hear! Tell us more will you??

What's this I hear about Joe Richard and Wilma Jean? It's a romance in the first degree.

What's this I hear about Lorraine Fisher and Don Probasco? They seem to be doing O. K.

Carroll Fulton and Myrna Wilson were seen together the other night. Watch her, Carroll, she has more than one.

Lavada Griggs and Elmo have been doing very nicely here lately? Earl Eubanks and Gayle Carver have been seen together quite a bit lately. Is it really serious???

Connie Bearden and Glynis Sparks are doing very nicely on the McCoy bus. Watch him, Ray Nell! Humm. It seems as though Jean Hollums likes Chuck Holmes. She wants him to ask her for a date. How about it, Chuck???

Beauna Mae Holmes seems to like Bob Harbor and I think he likes her. Robbing the cradle, aren't you Bob???

A little birdie told me that Shirley Womack was with another boy Saturday night. What about this, J. A.???

What's this I hear about June Ware and Bobby Durham. I hear he was driving around with her???

That's all.

NEW STUDENT

The new freshman boy who enrolled last week is G. B. Capshaw. He came here from Wayne, Oklahoma. Due to an appendicitis operation, he has been out of school several weeks. We want you to know that we are very glad to have you with us and hope you will enjoy F. H. S.

MR. GRAVES RECOVERS

Last week Mr. Graves was absent from school because of sickness. He is able to be with us part of the time now, and we are very happy to see him return.

We sincerely hope he continues to improve rapidly.

years met at one o'clock p. m. followed by a class of six to ten year olds at two o'clock and for those ten to fifteen at three o'clock. Approximately twenty-five persons attended the classes Saturday.

The school in Lubbock is nationally known for the high percentage of boys in its classes, and Mr. Beal hopes to have a class of boys here. Tap and acrobatic dancing are being featured with some ballet dancing which will be included later.

Anyone wishing to enroll should be at the Legion hall at 11 o'clock a. m. this Saturday.

WAYNE RICE HONOREE AT NINTH BIRTHDAY PARTY

Mrs. Johnnie B. Carr, Mrs. Edna Patton and Mrs. Dickie Atteberry assisted Mrs. Print Rice in entertaining her son, Wayne, with a party on his ninth birthday last Wednesday. The party was given in the Q. A. & P. section house east of town.

Games were played and refreshments of birthday cake and pop were served to the guests, with stick candy and balloons for the children.

When you buy insurance, why pay Extra for deducti-BULL clauses???

with a JOHN DEERE TWO-ROW COTTON HARVESTER

The easiest way to boost your cotton-growing profits is to use a John Deere No. 15 Two-Row Cotton Harvester. Based on 1947 labor cost, it saves \$30 or more per bale over hand pulling... does an excellent job in any crop that's suitable for mechanical stripping.

Handling two forty-inch rows at a time, the No. 15 does a clean, efficient once-over job of saving bolls. Its work is considered by many gin operators superior to cotton stripped by the average hand puller.

With the John Deere, you, too, can make short work of your harvest... get all your cotton to the gin before bad weather causes crop losses. For details, see us the next time you're in town.

Saudi Arabia, Near East Need Dams, Water

An interview with Joe T. Smith, agricultural superintendent in Saudi Arabia, in The Evening Journal at Lubbock recently is reprinted below.—Ed Note)

An old Arab stood beside an American geologist and watched a C-47 take off from a sandy strip in Saudi Arabia. The plane had just unloaded a cargo after a four-hour flight. Any camels would have to travel many days to have accomplished the feat.

What do you think of it?" the American shouted so that he could be heard above the thunder of the jet engines. If he expected a surprised astonishment he was mistaken. The Arab merely shrugged.

ged.

"Isn't that what it's supposed to do?" he answered.

And that answer, according to Joe T. Smith, Texas Tech graduate just returned from Saudi Arabia, pretty well expresses the Arab's acceptance of American attainment.

Tech 1946 Graduate

The 28-year-old son of Mr. and Mrs. Charles B. Smith of Floydada put it this way:

"Engineers of Arabian-American Oil company move in with most modern equipment, and if they don't want a hill where a hill is they just set it over to one side.

"The Arabs stand by and watch. It is slight wonder that they expect an American to step up to one of their wells, operated by a camel for motive power, and get twice the production with the same camel."

Smith was graduated in December of 1946, a few weeks earlier than scheduled, from the department of agricultural economics at Tech.

In another month he was contracted in a salt land reclamation program that had attracted other agricultural graduates as well to the kingdom of the fabulous Ibn-Saud. He spent two and a half years there, which was longer than any of those others who went with him from Texas. He was superintendent of the 250-acre Hofuf experimental and demonstration center the last year of his stay.

There he was tucked away in a huge oasis of approximately 100 square miles in an angle formed by the Red and Arabian seas. South

is the great Rub 'Al Khali or Sandy desert. Approximately 600 miles to the northward is historic Tehran. The oasis and the walled city of Hofuf lie in an artesian water belt. There are 12 flowing wells, one of which produces from 15,000 to 20,000 gallons a minute.

Project Is Watched

What the Americans were able to get accomplished there — by means of modern machinery, new seeds, better fertilizer and other improved agricultural methods — must have attracted considerable attention, for young Smith was invited to Lake Success to read a paper on conservation of agricultural resources. His hosts? The United Nations.

He was the youngest one to seat himself behind one of the much pictured microphones. He also was asked to criticize a paper another agricultural authority from another nation, and remained for days of conferences.

Aramco engineers have done the next-to-impossible in physical accomplishments, but one doesn't convince nature so easily. The oasis of Hofuf, 100 miles from Dharhan and about half the distance from the Persian gulf, is dotted with farms and orchards which, because of their smallness, are unsuited for being worked with American modern machinery. Date palms, planted with an expectancy of being worked by hand, have to be chopped down here and there to allow tractors to take over.

The inertia of the centuries lies heavily over the country. The Arab's enthusiasm over tractor farming may even be superficial upon occasion. Smith recalls driving to the project of one Solley Rished.

"Well, Solley, how's the tractor doing?" he asked.

"Very good," the Arab assured him.

Smith looked around and saw that the field work was being done by laborers equipped with hoes.

It turned out that Solley Rished was using the tractor and attached plow only as a vehicle upon which the hoe hands rode to and from the field.

Limitations of agricultural development in Saudi Arabia far exceed those in another eastern section Smith is watching closely, near the Tigris-Euphrates confluence.

He plans going to the University of California a year. Then he may return to the East.

Sitting with his brother Jack and with Arthur Gamble, a Lubbock business man, over coffee in a hotel coffee shop, the handsome young agriculturist sat forward in his chair and spoke rapidly and with animation of his plans. Another possibility for the future is

Drunk Charge

Lands Three in Jail

Indication that Floydada is trying to get into competition with Crosbyton and Ralls, but in a modest way, for immoderate whoopee, was given by reports from the sheriff's department.

Sheriff Leland A. Hart said week-end arrests included three for drunkenness Saturday night. The revellers, partly local talent, rested up in jail until the next day.

Deeds Recorded

H. B. Mankins to O. T. Sisson, all of blocks Nos. 21 and 24 in Farris and Childers Addition to the town of Floydada.

Mrs. Edna Christler Rodgers to J. M. Willson, Jr. lot No. 13 in block 61 in the original townsite of Floydada.

W. F. Bishop to Fred L. Applegate, lots No. 3 and 4 in block 108 town of Floydada.

R. J. Thomas to George B. Hall, 320 acres of land being the 8 1/2 of survey No. 55 in block D-2.

Mrs. Felt Patterson spent last Friday at West Texas hospital at Lubbock with her son Everett, who had pneumonia. Everett was reported doing nicely at the first of the week.

Roberta Garrett spent the week-end here visiting with her parents, Mr. and Mrs. R. A. Garrett. Roberta is attending school at Wayland this year.

an association with a great Far Eastern University, which may organize an agricultural department.

"All the displaced persons who are so unhappy at the possibilities they face in returning to Israel could find a happy and profitable work environment if the Tigris-Euphrates valley is developed as proposed," he said.

Smith has seen enough misery stemming from undernourishment and even hunger, and those who worked with him in the Saudi Arabian desert know that much of that misery can be relieved. It will take water to do it, and patient know-how that is backed by the resources of schools and factories of the enlightened countries. What he hopes to see is a series of dams and hydroelectric plants in the Tigris-Euphrates valley that will make a great garden where now the possibilities are virtually being wasted.

Miss Petty, county home demonstration agent, and Mrs. J. D. Cleveland spent last Saturday in Plainview. They helped judge the pastries in the "Better Baking Show", which was sponsored by the Harvest Queen mills.

Mr. and Mrs. Carl Lewis, accompanied by Mr. and Mrs. Dillon Patterson visited Mr. and Mrs. Everett Patterson of Lubbock Sunday. Mr. Patterson had just returned home from the hospital where he had been seriously ill.

Floyd Smith of Morton, Texas visited relatives here Sunday.

Counter sales books, adding machine paper, carbon, Hesperian

Week-end guests in the Floyd Ballard home were Mr. and Mrs. Charles Ryals, of Amarillo, and Mr. and Mrs. W. L. Hallmark, the Eugene Lawsons and the Floyd Lawsons, all of Floydada.

Get the want ad habit.

Mr. and Mrs. Grady Mason visited in Olton with Mr. and Mrs. Joe Roberts Sunday.

MATADOR—L. W. (Les) Guthrie of Powderville, Montana, former resident, visited friends and relatives here last week.
