The people who are urging a good rural roads paving program have many good arguments on their side in urging a severance tax for gas, sulphur and other natural resources that are leaving Texas. It will be difficult for the royalty owners and oil companies to answer them. We can sympathize with the folks who feel that the tax bill already is high enough in Texas. However, the automobiles the royalty owners and oil companies ride in to carry on their campaign against the severance tax are made of steel, the ore for which paid a severance tax before it ever left its mountain for the ride to Fords and General Motors and Chryslers refining plants and on into the maws of the mills that grind out motor vehicles. Also all other natural resources have been taxed in the same manner before they ever reached the Texas market. Reciprocity is the cry. Why not make Texas gas and oil that leaves the state in underground streams and sulphur that goes out by great-capacity barges give back to the future for which no present provision is being made? Six hundred and thirty-four or more lobbyists will be at Austin urging that more taxes should not be levied. The rural good roads organization is being thrown together to have an ample representation before the taxation committees next year. Rural routes and school bus roads could well be provided for by these severance taxes which the people declare they want. Whether they are right or wrong depends on the point of view. However there is no variance of the opinions on this point, namely, that if they are going to get these good rural roads now is the time to strike. Twenty-five or fifty years from now will be too late. The natural resources will have been exhausted, they say.

Matter of getting a revision in the key rate for fire insurance in Floydada has not been worked out yet. Our last information from the fire marshal was to that effect. Although the municipality spent quite a sum getting bigger mains and more pressure and obtained an unquestionably ample water supply so that the only chance for not having ample water and ample pressure at any point on the mains would be occasioned by human failure. If the State Fire Insurance commission ever gets around to it there ought to be an offset, we think, for some of the increase that is due to take place on account of the heavy loss to be charged up for this year. So far as we know there has been no action looking toward giving the community the advantage of a reduction in key rate.

There's a Divinity that shapes our ends, rough-hew them how we will. —Shakespeare

The statisticians have figured it out that the American people are consuming petroleum, in one form or another, at the rate of 2,800 gallons a second. Unquestionably, the job of producing, refining, transporting and marketing this tremendous volume of petroleum is a mammoth and complex one. For many of us, the products of petroleum are delivered right to our door, and in any event the majority are available virtually anywhere in the country. It is no coincidence that the 90 years of the oil industry's history also mark the 90 years of America's greatest progress.

The story behind petroleum and its operations is an interesting one, and this month the industry will make another direct report to the people on its history and objectives - past, present and future. It will tell of its operations and principles of democratic free enterprise which have enabled it to accomplish so well its task of keeping America well supplied with increasingly better and more products of petroleum.

Last year, the oil industry sponsored "Oil Progress Day" to tell the American people about itself. Because of the great response and the widespread interest manifested in this great American industry, the oil men decided to report to the nation again this year, but on a much larger scale. The 1949 observance has been expanded to a full week, so that every community in the land will have a chance to see or hear something about the miracles and comforts that have been wrought from this product of nature. There'll be movies, slide films, speeches, pamphlets, radio shows, even parades in some towns. "Open House" will be held by the industry as a whole. "Oil Progress Week," which gets underway October 16, is in itself a fitting testimonial to a progressive industry and its people, and exemplifies the interest and pride they take in their work and their home communities.

Yokes on cattle indicate that the cattle are not being supplied with enough good forage to make them contented and want to stay on their side of the fence. A fertilized winter legume or small grain pasture for winter grazing will take the yokes off.

For these over-anxious marketers we refer to a bit of philosophy we recall reading about the wind blowing where it listeth. The wind of adverse marketing conditions blows across the market the same as the wind from the southwest blows across your field.

Safety in the home is just good home management.

## Come Look at All Three with Dynaflo Drive

ONLY one make of car in all the land can give you the sweet 'n' easy luxury of Dynaflo Drive†—and that's Buick.

But look how much territory that takes in—how many different-sized budgets can now afford the only drive with neither a clutch pedal nor gears that shift.

You can have Dynaflo as optional equipment on the tidy, sparkling new Buick SPECIAL, with its traffic-friendly size, stepped-up roominess, and bold new front-end treatment.

You can have it, again as optional equipment, on the neat and nimble SUPER, with its sleek lines, 110 or 120 horsepower Fireball power plant, and triple Ventiports.

And of course Dynaflo is standard equipment on that best buy among fine cars, the magnificent ROADMASTER. There it combines, with matchless ride, the stirring lift of 150 Fireball horsepower and truly regal size and bearing.

So look at the SPECIAL, the SUPER and ROADMASTER, three Buicks that match almost any price range you have in mind—and remember that all of them offer the added enjoyment of Dynaflo Drive.

†Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

On every one it is the same silky, sweet-handling delight. On every one it cuts driving effort to the minimum, takes tension out of traffic, brings you to the end of day-long drives with surprising freshness and relaxation.

Sooner or later we predict that you'll join the army of car owners who wouldn't think of passing up what Dynaflo has to offer.

Why be among the late-comers? Your Buick dealer will be tickled to show you how quickly and how easily you can have Dynaflo to enjoy—right now!

### BUICK alone has all these features

- Silk-smooth DYNAFLO DRIVE® • FULL-VIEW VISION from enlarged glass area • SWING-EASY DOORS and easy access • "LIVING SPACE" INTERIORS with Deep-Cradle cushions • Buoyant-riding QUADRUPLE COIL SPRING • Lively FIREBALL STRAIGHT-EIGHT POWER with SELF-SETTING VALVE LIFTERS (Dynaflo Models) plus HI-POISED ENGINE MOUNTINGS • Low-pressure tires on SAFETY-RIDE RIMS • Double-Defy VENTIPOINTS • DUREX BEARINGS, main and connecting rods • BODY BY FISHER

•Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

**WE THOUGHT EVERYBODY KNEW REDDY!**

A recent national survey showed that 20% of business-managed electric company customers either think their electricity comes from a government operation, or don't know what kind of company serves them.

That came as quite a surprise! One out of every five customers didn't know who Reddy Kilowatt works for! We thought everybody knew that wherever you see Reddy you see the symbol of business management... free enterprise... in the service of all the folks in the community.

Yes, and that's what your Public Service Company is... a home-operated company... business managed... ever striving to bring more and more dependable, low-cost service for better living—electrically—to everyone.

# Be Sure To Attend Church Regularly

Is the heading correct? Is not the Cross a symbol of death? Not since history's supreme Man mounted to heaven by way of a cross. The ages have declared Him the man who lived abundantly. He found joy in human fellowship, He faced every sort of duty with eagerness, He healed and helped all those who came to Him in any need, He faced death unafraid, He was the Son of God. As the symbol of His own life the Cross gleams in the sunlight forever; it is also a symbol of the gracious and loving heart of God, our Father and our Friend, and rightly it glows with heavenly radiance. Christians have come to accept it also as the symbol of every noble and self-sacrificing life on the earth; they wear it about their necks and they crown the lovely churches of the world with it. Whatever is good and true and beautiful belongs somehow with the Cross.

Jesus was the 'friend of sinners' in the long ago, and He comes to us now as our friendly messenger, with a generous invitation to life and life more abundant. He calls to you and to me as He spoke to the fishermen by the lake, "Come, follow me." Are you thirsty? Come and drink the living water. Are you hungry? Come and eat, Are you carrying a heavy load? Come and let me get into the yoke with you. Are you in sorrow? Come and find comfort. Are you afraid? Fear not, for you are the children of the living God.

It is an invitation to rich and satisfying life. He invites to contentment instead of worry; He invites you to joy in place of sorrow; He offers health of body and mind; He calls you to trust instead of fear; He welcomes you to fellowship in place of your loneliness; He assures of inner peace instead of conflict and confusion; He would crown your life with "beauty in place of ashes"; He invites you to the love and forgiveness and kindness of the God who created you and sustains your life from day to day; you are invited to a good Life now and forever. This is "An Invitation to Life."

## Eddie Childs Writes Home

(Following is a letter received by Mrs. Ruth Bradbury from her two sons who recently went to live at Boys Ranch.—Ed Note)  
Dear Mother:

How are you, I am fine. Will you send us some spurs and a hat. We sure have fun, too. Oh, will you send us a fishing hook? You come up one of these Sundays. There are a lot of people come to visit their boys. This morning there was a boy's daddy came to see him and he brought him \$25 worth of clothes. Tell JoAnn to hurry and get well.

There is a lot of big fish up here. What is Raymond's address. I can trick rope now, so can Freddie. We went riding yesterday and Freddie was riding a big horse and it went up Dog Boot cemetery, which is a high hill. And the horse was running up it and it like to have scared him to death. I had better be going.

Love,

Eddie and Freddie Childs.

## Boy Scouts Meet For Round - Up At Tech Oct. 21 - 22

Boy Scouts and explorers from twenty counties of the South Plains will gather on the campus of Texas Tech in Lubbock October 21 and 22 for a council-wide round-up. It was announced this week by A. M. Standefer, field executive.

Although reservations are not yet complete, Scout executive, Bill Postma expects some one thousand boys to participate in the event.

Some of the activities include a tour of Texas Tech which will be conducted by the Alpha Phi Omega ex-scouts fraternity of the college. A huge camp fire program is being planned for Friday evening and the picture, "Futures Unlimited" will be shown in the gymnasium. The scouts will camp on the campus Friday night.

Saturday the group will see the Texas Tech-Arizona football game at Jones stadium.

## Burke Services

(Continued from first page)

Following his discharge from service in March of 1946, Burke entered the aerial farming business and operated his own dusting and spraying service at the time of his death. He had dusted extensively in Floyd county and central and west Texas. He also engaged in various types of dusting in Wisconsin and Arkansas. The plane used in the dusting operations was a converted Stearman trainer.

Survivors of the deceased veteran are his parents, Mr. and Mrs. D. W. Burke; two brothers, Lawrence, of the parental home and James E. of Santa Fe, New Mexico and three sisters, Mrs. Johnny Cates, Mrs. Leslie Fawver and Miss Vairie Burke, all of Floydada.

Out of town friends and relatives attending the last rites were Herman Burke, of Atoka, Oklahoma; Mr. and Mrs. Paul Davenport, Mrs. Tom Ehridge, and Gordon Ehridge, of Wootter, Arkansas; Mrs. Maude Duncan, Conway, Arkansas; Bill Hickman, Brinkley, Arkansas; Mrs. Ina Price, Nash, Oklahoma; Mrs. Jack Reynolds, Mr. and Mrs. Frank Corley and Mr. and Mrs. Leslie Corley and daughter, Fort Worth; Mr. and Mrs. Grady McAda and children, Tucuman, New Mexico; Mr. and Mrs. H. ### Much Improved Say Reports This Week

Eddie Jarrett, who has been in the Baylor hospital at Dallas for quite some time, is reported much improved this week.

Late yesterday, Mrs. Carl Jarrett said that he was in a semi-conscious condition. The hospital staff is now giving a treatment called shock therapy.

Jarrett was injured August 21 at the Lockney cut-off on Highway 207. He has remained unconscious up to this time.

Eddie was treated at Peoples hospital here until a month ago when he was taken to Dallas. He is under the care of special nurses and a brain specialist.

## As A Farm Woman Thinks

(By Nellie Witt Spikes)

This October morning finds us in Ralls, the weather cool and all my clothes are for warm summer days. We have been here with our son, Dr. Spikes, while his wife is visiting in England. That is, we come and stay a few days as a time.

Saturday afternoon, it was like being across the border down Mexico way. Gay colors, much laughter, soft voices talking another language. It was good to see the happy faces and watch them buy good food and pretty warm clothing with money earned in our cotton fields.

The other day I jumped—well, then, I took it lots slower than a jump—in the car and went over our Crump neighbors for a short visit. A car stood outside and I heard voices inside the house as I neared the door. I took a quick inventory. My print dress was not soiled. My hair not too frowsy—but oh my shoes! Dusty, worn down at the heels, mud dots here and there from the garden I had just left. Ugly they were and it seemed as if I had first looked them since they had been black and shining in the spring. Might be better if I slipped them off at the door Japanese style. I thought. But I did not have on hose and my feet probably were dirty so I went on in and found such pleasant company that my shoes were forgotten. Mrs. Carr Surginer and Mrs. Dan Shipley were visiting. How we all talked and laughed. Mrs. Shipley was doing some lovely crocheted daffodils for a centerpiece.

I am sorry that Homer Steen does not have time to keep up with the insects that fly and the creeping things of the prairies that tell so accurately of the time to gather off green tomatoes. If you get them too soon you moan over the fact that warm days would make the big ones ripen and if a freeze hits them, well maybe you will get out of making 'chow-chow' this year.

Winter coming on makes me think of my rock collection and that brings to mind that the Ralls Study club is going to give the collecting hobby public a chance to show off their collection. Mrs. Kate Nicks will be happy to tell you the plans. I will take my rocks or a small part of them and hope some one will get the inspiration to be a rock hound. So get ready your pitchers, salt and pepper shakers, butterflies and bugs, old keepsakes if you collect them, and make this a show that will not soon be forgotten. The date? November 6. If interested, please let Mrs. Nicks know as soon as you can.

## Blinker Lights At School Crossings Turned on Wed.

Installation was completed and the current turned on yesterday in the blinker lights on West Jackson street at the intersection of Second street and on South Fifth street at the intersection of West Houston.

The lights are an added precaution for the protection of Floydada school children taken by the Texas Highway department to slow down traffic enough to allow the youngsters to get to and from school with the least possible danger.

Plans for the blinkers were made public by the highway department in August and became a reality yesterday. The cost of installation, maintenance and the current used in the lights will be paid for by the highway department.

## Lubbock Attorney To Speak At Lodge

On Tuesday evening, October 18, at a regular stated meeting of the Lockney Lodge, 867 A. F. and A. M. at 8:30 Edwin Boedeker, attorney of Lubbock, will speak to the masons.

The regular meeting will start at 7:30 and Mr. Boedeker will speak after the business session. All masons of this area are invited to attend. The speaker is the brother of Charlie Boedeker, master of the Lackney lodge.

## CARD OF APPRECIATION

Words cannot express the deep appreciation we feel for the kindness and sympathy shown us during the illness and death of our darling baby. Our thanks go to the staff at Floydada hospital, Plainview hospital, Harmon Funeral home and to everyone that sent flowers and cards or helped in any way to lighten our hour of sorrow.

## Officials Set Hog Show Date Nov. 5

The officials of the F. P. A. and 4-H Achievement Day Hog Show met Tuesday October 11 and designated the date of the Fall Pig Show to be November 5, 1949, announced Robert H. Gibson, Floyd County Agent.

All F. P. A. and 4-H Club boys should make every effort to get their animals in show shape for the show. The rules and regulations will be the same as for 1948 and prizes and ribbons will be the same.

Boys having one of the 1949 Cow-Hog-Hen gilts are requested to show these animals in this special class. The schedule will be printed at a later date.

Mr. and Mrs. Cecil Phelps and children attended the fair at Amarillo Saturday.

## CARD OF THANKS

We wish to thank our thoughtful friends and neighbors for all the assistance given during the hospitalization of R. D., and for the kind donations unselfishly given in our behalf.

## How Better Lives With Better Forage

COLLEGE STATION—One way the farmer to get a good calf and fast growing calves is to get the yokes off his cattle. That may not make sense at first, but a little explanation will show that it has a definite relationship to the kind and number of calves produced on the farm.

M. K. Thornton, extension agricultural chemist of Texas A. & M. University, says that the farmer isn't furnishing his cattle with enough good forage to make them want to stay on their feet.

When we drive along the highways at this time of the year, says

Thornton, we see large numbers of cattle with yokes around their necks which indicates their restlessness in trying to get the quantity and quality of feed they need. Then, as we drive on, we see contented cattle grazing on good pastures—the result of using the type of fertilizers that produce high quality grazing. This contrast, says Thornton, makes him believe that the best way to keep yoked cattle from tearing down fences is to provide them with the same kind of grazing that the contented cows are getting.

Getting rid of the yokes and furnishing cows with good winter grazing is a question of building pastures with fertilizer, he says. And this should not be considered an unnecessary expense; it is nothing but a profitable investment. From fertilized, well-developed winter pastures will come more calves that weigh more and are more alert and vigorous, he adds. At the same time, cows will produce more milk and stand up better under nursing.

Without this high quality forage, the old cow will "miss a calf" once in a while, and the calf she produce will be small and will grow

off slowly. Good winter forage will keep the cow's weight up, and she'll be ready to produce a good calf every year.

Now is the time, says Thornton, when stockmen should begin to fertilize pastures, if they are to provide their cattle with good green forage during the winter months. A sack of fertilizer applied on the pasture is a step toward a big crop of quality calves, and a better conditioned herd of breeding stock.

And Thornton concludes that eliminating yokes on cattle through pasture fertilization is eliminating yokes placed on the farmer by poor pastures.

## Poem Tribute To "Mike" Thornton

(The poem below was printed in memory of Michael Rae Thornton, 2½ year old son of Mr. and Mrs. Rae Thornton, at the request of Mr. Thornton's sister and husband, Rev. and Mrs. Robert L. Smith, of Higgins. Ed. note)

### A NEW LITTLE BOY IN HEAVEN

"Oh, what do you think the angels say?"

Said the children up in heaven; "There's a dear little boy coming home today!"

He's almost ready to fly away From the earth we used to live in; Let's go and open the gates of joy— Open them wide for the new little boy."

Said the children up in heaven.

"God wanted him where His little ones meet."

Said the children up in heaven; "He shall play with us on the golden street;

He has grown too fair, he has grown too sweet

For the earth we used to live in; He needs the sunshine, this dear little boy,

That glids this side of the gates of joy."

Said the children up in heaven.

"So the King called down from the angels' dome,"

Said the children up in heaven; "My little darling, arise and come To the place prepared in the Father's home—

Let's go and watch the gates of joy Ready to welcome the new little boy."

Said the children up in heaven.

"Far down on earth do you hear them weep?"

Said the children up in heaven; "For the dear little boy has gone to sleep,

The shadows fall, and the night clouds sweep

O'er the earth, we used to live in; But we'll go and open the gates of joy."

Oh, why do they weep for their dear little boy?"

Said the children up in heaven.

"Fly with him quickly, angels dear,"

Said the children up in heaven; "See, he is coming! Look there! Look there!"

At the jasper light on his sunny hair Where the veiling clouds are riven

The, hush, hush, hush! All the swift wings fur.

For the King Himself at the gates of joy

Is taking his hand—dear, tired little boy— And leading him into heaven."

## TEXAS STATE FAIR EXPECTED TO HAVE RECORD CROWDS

The most spectacular State Fair in Texas history began its 16-day run in Dallas Saturday and, despite cloudy skies and some rain, enjoyed its greatest opening week-end.

Opening day attendance totaled 209,556, including 2000 press and radio representatives and an overflow crowd of more than 75,000 in the Cotton Bowl for the annual Texas-Oklahoma football game.

Biggest drawing card at the Fair proved to be the "Man and Atom" show from Oak Ridge, Tenn. Spike Jones and his hilarious "Musical Depreciation Revue"; and the famed Joe Chitwood auto daredevil drivers, with Suicide Simon who blows himself up with dynamite daily, ran the atomic exhibit a close second.

The dairy cattle and junior livestock shows begin Friday. Palomino horses will be judged Saturday and Sunday.

Mr. and Mrs. Dale Teague of Sweetwater were recently guests of Mrs. Teague's parents, Mr. and Mrs. Burl Huckabee.

Mr. and Mrs. O. M. Woody and sons of Palm Springs, California visited in the home of Mr. and Mrs. B. Woody at Dougherty recently.

J. W. Reue attended an area meeting of managers of J. C. Penney company stores of eight towns in Northwest Texas and New Mexico Monday at Plainview.

Mr. and Mrs. Oliver Allen returned Saturday from Longview, Texas where they had been visiting their son, Irwin Allen and family.

## Antelopes Are Undeclared 3-A District Team

Emerging this week as the only undefeated team in district 3-A, Abernathy Antelopes outscored the Floydada Whirlwinds, Friday night before an overflow crowd of 2,500 fans, 19-18.

Floydada's offensive lacked the punch given by hard driving half-back Bob Finley as well as his fine defensive work. Finley did enter the game on the offense at times but was limited to passing or hand-offs, detracting from his ability to keep them guessing about a run pass or punt.

The Floydada line played a very on-the-toes game on defense as well as offense. The backfield lacking in experience, due to injured

players being replaced by men lacking in actual game practice, proved the only weak link.

Abernathy started the scoring late in the first period after having moved the ball from their own forty-five yard line to the Floydada thirty-five, where Wolf shook loose around right end and went over standing up. The extra point run was successful, and the only extra point scored in the game.

Floydada line and backfield tightened down somewhat and held for the remainder of the quarter and nearly half way in the second quarter, only to have scat back Jimmy Miller skirt his left end like Wolfe, scored standing on this brilliant run. Plung for point failed, kick on his own sixteen yard marker, picked up good blocking and moved the ball to the Abernathy thirty-six, Jones and Robertson moved the ball to the thirty. Finley came into the game for the first time of the night, threw for an incomplete pass, then hit end Hubert Ring with the next pass to the seven, where Robertson plunged over for the first tally. Finley, hampered with a bad leg, failed at attempt to convert from placement.

The Winds again held after kick-off and after a short kick by the Antelopes, used passing and running attack together to move inside the Abernathy twenty, to the two yard line where Wayne Robertson, fullback, fumbled and Abernathy recovered thwarting the Floydada threat.

The fourth quarter, like in all Whirlwind games, proved to be action packed. Floydada worked the ball to the Abernathy ten, where

the Antelopes intercepted a Finley pass and made a steady march to their goal, ninety yards away, Wolfe scoring on an end run from ten yards out.

Floydada received and with only six minutes remaining, marched to the Abernathy eleven yard stripe, lost the ball on downs, only to recover a fumble two plays later on the Antelope seventeen yard marker. With only three seconds remaining, Finley faked back, shot a pass to Jr. Perry on the five, Perry stepping over untouched. Electing to run for the attempt at extra point, Robertson was ganged at the line and lacked a foot of the two yards hitting pay dirt.

Having played a hard game against the odds, and coming this near victory, the game ended 19-18 in favor of the Abernathy eleven, speaks well of players and coaches. Floydada had to their credit 6 penetrations to 4 of Abernathy and in the first down department, Floydada bested Abernathy, 14 to 10. Abernathy bested Floydada in score only.

### NOTICE OF INTENTION TO ISSUE REFUNDING BONDS THE STATE OF TEXAS COUNTY OF FLOYD

In compliance with the provisions of chapter 163, Acts of the Regular Session of the Forty-second Legislature, 1931, NOTICE IS HEREBY GIVEN that it is the intention of the Commissioners Court of Floyd County, Texas, to pass an order on the 14th day of November, 1949, authorizing the issuance of FLOYD COUNTY ROAD AND BRIDGE REFUNDING BONDS, in the maximum amount of \$20,888.00, for the purpose of refunding, canceling and in lieu of a like amount of Floyd County Road and Bridge Warrants, Series of 1949, dated July 1, 1949; said refunding bonds to bear interest at a rate not to exceed three and one-half (3½%) per cent per annum, and to mature serially with a maximum maturity date not later than 1966.

THIS NOTICE IS given in pursuance of an order passed by the Commissioners Court of Floyd County, on the 10th day of October, 1949.

### VA ANNOUNCES SPECIAL WAIVER OF GOOD HEALTH FOR GI INSURANCE

World War II veterans with service-connected disabilities were reminded by Veterans Administration today of an important deadline in connection with their entitlement to National Service Life Insurance.

Prior to January 1, 1950, such disabilities actually incurred in service between October 8, 1940, and September 2, 1945, if less than total in degree, are disregarded in determining eligibility under the health requirements for National Service Life Insurance purposes.

This means that veterans who might not otherwise qualify for life insurance for health reasons may re-instate lapsed National Service Life Insurance or buy new or additional insurance up to the \$10,000 maximum if they apply before the end of the year.

A physical examination is required, however, for all insurance applied for under this special provision. Such examinations are made by Veterans Administration without cost to the veteran.

### TECH HOMECOMING LUBBOCK

Winston Churchill, Roy Rogers, and Joan Crawford may be among the 8,000 visitors expected on the Texas Technological college campus October 14-15 for the annual Homecoming celebration.

The trio with the famous names are former Tech students. They've been invited—along with 51,000 other ex-students—to attend the parade, Baylor-Tech football game and other events scheduled during the crowded weekend.

Mr. and Mrs. Jack Crawford are here visiting Mrs. Crawford's uncles, Glad and G. L. Snodgrass and also attending to business. Mrs. Crawford is the former Cleo Snodgrass.

## Antelopes Lead District 3-A Grid Contest

District 3-A grid race is still on at a fever pitch, as represented by the games played last Friday night. All teams except Crosbyton were in conference tilts, Crosbyton playing a non district game with Tahoka and beat them 41 to 6. Crosbyton had everything working, making long gains on end sweeps, passing, and line openers, scoring four backs and an end on a pass.

Other games in the district are hardly as high scorers. Abernathy found the going rough in taking the Floydada Whirlwinds 19 to 18 on Antelope territory. Abernathy in fact won with a short

end of statistics. Tulla Hornets found the going too tough against the Lockney Longhorns and took a decided whalloping 20 to 0, being unable to go through or around the two hundred pound Longhorn line.

Paducah Dragons started early in their game with the Spur Bulldogs, to end up on the long side of a 19-12 score over the heretofore unbeaten, untied Bulldogs. Full-back Green spelled the difference and had a field day on his scoring plays.

Rails Jackrabbits slipped under the cap and piled up a one sided score 27-0 over the Matador Matadors of Motley county. Seemingly a score at will game, Rails Substitutes in line and backfield gained experience in the latter part of the battle.

Narrowing the district down to one un-beaten team (in district play) was the big result of this week's games, making the Abernathy Antelopes the big boys of the district with several good teams yet to be encountered. As stated by sports writers on

various occasions, district 3-A may not have an undefeated team, though the prospects of a perfect season for the Abernathy Antelopes are increasingly better.

Among Floydada visitors at the Dallas fair have been Mr. and Mrs. Clarence Reddy and family.

Mr. and Mrs. T. T. Hamilton daughter, Wilma, and W. T. Hamilton visited Sunday in the home of Mr. and Mrs. Cubert Gray and daughters of Amarillo.

Mrs. W. J. Wilks and daughter Bobby, spent Friday in Pleasanton shopping.

**OF SIX WEEKS**  
 He moans and groans you hear hearing this week have this to be six weeks. Yes this is the week the find out what you know you don't know. At the end of the first six there are two more com- this semester. So if you grades this time, begin to work and study for next time.

## Did Camera

The camera really got a week; he is focusing his an extraordinary person- personality. This president, Don Probasco, called "Pro".  
 Don was born in 1933, Don was born at a red faced who increased their pop- This red faced baby longer a baby but a six- old, about five feet 7 all, weighs 158 pounds with air and eyes that are a mix- green and brown.  
 Don's likes are sleeping, food, nice people, and church.  
 Don likes snooty people, studying, and okra.  
 Don's great ambition is to own a somewhere in Montana and

make a good rancher.  
 Sleeping and listening to the radio are his favorite pastimes. He says his worst habit is popping his knuc- kles.

Don's weakness is to say "no" to something people ask him.  
 His favorite motion picture was "Red River. John Wayne and Loretta Young are the movie stars he enjoys seeing act.

Don's favorite subject is Algebra and his favorite song is "Always".  
 Football, baseball, bowling, and basketball are Don's likes for sports.  
 He says he was most embarrassed one Sunday morning when his mother called him down for talking in church.

Don's ideal girl should be about 5 feet 4 inches tall, weigh 117 pounds with the perfect figure, of course. She should have pretty black hair and dark brown eyes with a very nice personality.

To start Don's perfect day he would arise about 6 o'clock in the morning and go for a long walk in the woods; eat a big breakfast of eggs, bacon, hot biscuits, and honey. After breakfast he would saddle his horse and go for a long ride. Just before noon he would go swim- ming in some nice pool and then eat a good lunch consisting of sou- then fried chicken, gravy, mashed potatoes, milk, and cherry pie.

After lunch he would sleep about two hours, then play some good re- cords and just be lazy the rest of the afternoon. About 7 o'clock he would sit down to a good supper of ham, gravy, biscuits, a quart of milk, and pecan pie. At 8 o'clock he'd get his car and pick up his ideal girl to go square dancing. He would return home about 11:30, after a night of fun and go to bed.  
 Don was chosen as the Sophomore favorite last year and he makes a very good Junior president.

Really, Don, you're a grand guy that everyone likes a lot. Best of luck and success to a guy who deserves it.

## F. H. A. Club Has Business Meeting

The F. H. A. Club had a busi- ness meeting Friday, October 7, at 12:30 in the clothing lab. The plans for the installation of new officers to be held Wednesday night, October 12, at 7:00 in the high school auditorium were made. All members are urged to be present.

The first year girls have been making matching aprons and pot holders.

The second year foods girls have been canning tomatoes, beans, and soup mixture. They have been dress- ing and preparing chickens for the locker and making salads. Here is a recipe that they have used:

**Cold Chow-Chow**  
 Bring to boil and cool:  
 3 Pints vinegar  
 4 cups sugar  
 Juice of 4 lemons  
 3 tablespoons prepared must- ard  
 1 teaspoon all spice  
 2 teaspoon tumeric

Grind:  
 1 medium head of cabbage  
 1 bunch of celery  
 8 medium onions  
 1 gallon green tomatoes  
 3 hot peppers  
 6 green bell peppers

Add 1/2 cup salt to the green vegetables. Let stand 1/2 hour. Drain well and add the cool spiced vinegar. Fill sterilized jars and seal.  
 Makes about 6 pints

## DE QUACKER

Boy, do I know the gossip this week. If you don't want me to know anything, you better not do it, for if you do, you find it in my column. Seems as if Dorothy P. has a cer- tain party in mind so much lately, that she actually writes his name all through her J. B. T. workbook instead of hers.

Who is this guy in the 7th period study hall that Carolyn McDonald would like to go with? How about giving her a break??  
 -Are Hershel and Loene still get- ting along, I wonder?

Russel Hunter sure has been mak- ing eyes at Eve Nell Pratt these days. It could mean a new ro- mance!!! What will Wilma Jean say about this???

Roger Sanders is sure trying to get the car these days a lot?? Could it be on account of Eve Nell? ? ?  
 Johnny L. sure was mad Sunday when he went to get that little Lockney girl and Stanley Conner beat him to the draw. Stanley must be doing all right these days.

Alvin Simpson, I guess you and June Powell are still getting along, aren't you???

Boy! Gayle and Chuck were really enjoying themselves on the hay ride Wednesday night. It seems that everyone had a good time.

Neil, you had better quit get- ting so popular with girls. Ima Jean is getting jealous? ? ?  
 Jr. Johnson sure does wink a lot at Valdonna Pierce in 5th period study hall. Is this a new romance?

Well, Billy Joe, are you ever going to wake up to the idea that a cer- tain girl thinks you're super-cute gal!!!!

## Band News

On October 7, the Whirlwind Band performed for their first time this year in their military uniforms. They performed at the half during the Floydada-Abernathy game.

They marched on the field all in one line; then they split to form into their usual marching posi- tions. Next they formed a sail boat and played "Sailing, Sailing". They marched as they played which gave the impression that the boat was sailing. After this they immedi- ately went into their marching posi- tion, did a counter march, and went to the center of the field. Here they formed an "A" to the east grandstand and an "F" to the west. After this they marched off the field.

Saturday, October 8, the band went to the Tri-State Fair in Amar- illo. They paraded down Polk Street, and they went to the fair grounds.

At seven o'clock the Floydada band gave a concert at the new stadium. The twirlers went through various routines while the band played marches.

After the concert the band started on their return trip to Floyd- ada. The trip was enjoyed by all.

think quite a lot about Norma Britton. How about this A-L-V-I-N- Roger and Richard Sanders have been fighting over Wilma Jean Judy on the Liberty bus. May the best man win. It will be Roger no doubt?

Why did Virginin M. nearly fall from the grand stand Tuesday night when No. 51 came out on the field? It couldn't be that he is getting too high and mighty for those fresh- men chicks, could it ???

Don Probasco and Peggy L. are coming along just fine. Is he rob- bing the cradle???

Bill Turner sure does want to go with Ann Welborn. Come on give him a chance.

Who was Tommie Hart with Tues- day night? Was he from Lockney? What is the matter with the Floyd- ada boys???

Mary and Don are doing fine but John Moss would sure like to get in the picture somehow!

I hear Gayle Carver went with Donald Evans Friday. What's the matter with you and Chuck, Gayle??  
 Wayland Jones was sure making eyes at Suzie in 3rd period study hall.

Terry Julian has a good time in 33rd period Math with Patsy Jean Day and Wilma Jean Judy. Which one is it Terry???

Well, some of the Floydada girls are getting too good to go with Floydada boys, they have to go with Lockney boys.

How is Rodney Hinkle doing with the little Brent girl over in And- rews ward???

Are Ruth and Dub going steady? I have seen them together a lot the last few weeks. Good luck kids.

Estelle R. and Pike H. were O. K. Saturday night. What is Bobby Harbor going to think??

A love bug has another victim; this time it is Don Marble. He

seems to be doing pretty thick over an eighth grader—Peggy Jones. I heard he was trying to get her to go to the football game with him Friday night.

Nell Jones, what's this I hear about the Langley boys?? Come on boys give her a chance.....love

What is this I hear about Ima Nell Jones and Dan Hagood hav- ing such a good time in English III the second period. Sounds interest- ing.

Leroy and Troy McNeil should both have a pretty good time in chortus with all those girls in there.

Bob, what happened to your old flame, Betty Hanks???

Can't you hold on to these New Mexico gals or has she got her eye on Hubert or Kenneth???

Arian, you had better give Grace back your ring before it is too late. It seems as if she is getting away from you!!! Grace how about it???

Bob, what happened to your old flame, Betty Hanks???

## We're Ready To Gin

In the fall of 1946, due to serious illness in my family I thought best to dispose of my business in- terests since I could not devote as much time to them as I had formerly done. I have always felt that above all else a man's first duty is to his fam- ily and for this reason I sold the elevator and clos- ed down the gin. During the past summer a crew of workmen have been repairing and adding new and modern machinery to the gin plant and now have it ready for operation. We have install- ed new gin stands, new extractor feeders, and a new 16 unit Thermo-Cleaner-Drier. We have gin- ned only a few bales but are highly pleased with the type of work that we are able to do.

I cannot enumerate any reasons why I should merit any of your business but no one any where will appreciate an opportunity of serving you more than I do. I assure you that if you will give us a trial that every effort will be made to give you the best possible service and I believe you will be pleased with it. Some of the boys who help- ed us in former years are with us again and we have some new members in our crew.

Our business relations down through the years have been a source of genuine satisfaction and pleasure and we want to thank each and every customer for the past business and shall appreciate seeing you again at the same old stand.

**Whirlwinds Tripped 18-19 by Abernathy**

The Winds last quarter surge failed at Abernathy Friday night and they were beaten one point. The Winds, scoring the last play of the ball game, fought hard all the way and out played the Antelopes.

The game started with Floydada getting their choice of receiving. Abernathy kicked and Floydada returned to the 30 yard line where they were stopped for three downs. Guthrie punted to the 40, and Abernathy fumbled it with the Winds recovering; but the Winds bogged down again and Guthrie punted to the Abernathy 40. Snodgrass returned the ball to the Floydada 45, where he was hit by Robertson and he was carried off the field. The Antelopes were held and it was going back and forth until Abernathy scored on a quarter back; the try for point was good, with the quarter back again running it over.

The second quarter was hard fought. Miller of Abernathy broke through the line and made a few yards; then Wolfe went around right end for 12 yards and the second touchdown. The Antelopes kicked, and the Whirlwinds came back strong. Smith ran it all the way to the Abernathy 35. Finley, who was playing very little because of injuries passed to Ring who was downed on the 9 yard line. Robertson plunged to the 3 yard line, and on the next play Robertson plunged over. Finley missed the try for the point. The score at half time was 13-6.

The Winds came back the second half a different ball club. Guthrie kicked to the ten where Abernathy fumbled and Wilson pounced on it. Two plays later Robertson went over the middle for the second touchdown. Finley again missed the point, and the score was 13-12.

The third quarter was hard fought with the Whirlwinds threatening twice but failing to score. Late in the fourth quarter Miller picked blocks and scooted down the side line 60 yards for a touchdown. He missed the point.

Abernathy kicked off leading 19-12, and Smith returned behind good blocking to the Antelopes' 45 where they were penalized 15 yards for piling on. That put the ball on the 30; an end run put the ball on the 28 and Finley to Perry pass put the Winds on the Abernathy 15 yard line. In the next play Abernathy intercepted the ball and ran it back to the 20 yard line. With only 20 seconds to go, Abernathy fumbled and Perry recovered. The next play with only 3 seconds left, Finley failed to pass; he was hit behind the line and got away from one tackle; he started to fall when he spotted Perry in the clear. He hit him on the five and Perry went over standing up. The game was over but the point doesn't take time. Robertson hit the line but the hole didn't open and the Whirlwinds were beaten 19-18 in a great finish and show of determination to win. The whole team played a wonderful game!

## Mrs. Guests Of Public Service Co

Texas was no less amazing to all concerned. Two films "Running Water on the Farm" and "Reddy Made Magic" were shown while the group was waiting for their turns to fly or make the Tucco plant tour. The banquet served at noon was another courtesy to the guests was another enjoyable part of the day's program. The meal was served at the Odd Fellows' hall by the Rebecca lodge. Earl Lewis and Dan Castles of the Southwestern Public service at Plainview welcomed the guests. Miss Kate Adele Hill, District Agent for the Extension service, expressed the appreciation of the Extension service for the many courtesies and helps given by the Southwestern Public service. She then introduced Miss Margaret Weeks, Dean of the Home Economics Division of Texas Technological college, who spoke on "Better Home Living."

This "Farm Electrification Field Day" was held to create more interest in the uses of electricity on the farm and interest more 4-H Club members in the Better Methods Electric contest.

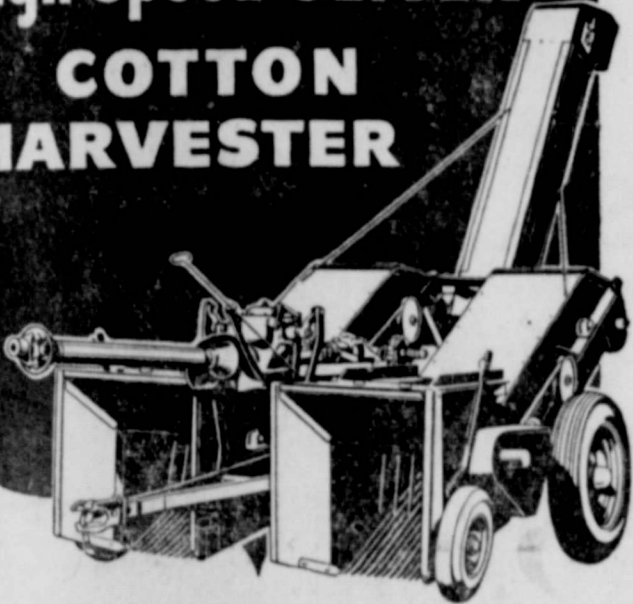

Those attending the Field Day from Floyd county were: Jean Porter and Troy Lee McNeill from the Floydada 4-H Clubs, Miss Lella Petty, county Home Demonstration Agent, and Edd C. McLeroy, Assistant County Agricultural Agent. They thought Mr. Lewis and Mr. Castles were wonderful hosts, and also appreciated Bob Dyer of the Tucco plant who conducted their group through this great plant.

Troy Lee is Floyd county's entry in the State Better Methods Electric contest, and Jean was chosen to go on this trip because of her outstanding record in her 4-H Club work. Jean was thrilled over her plane ride but Troy Lee thinks he can do as well on the ground.

# New! High Speed OLIVER COTTON HARVESTER

Here's the new 2-row Oliver Cotton Master... a completely modern power-driven, power-lift harvester. It operates efficiently at speeds up to six miles per hour... picks as much as 20 bales a day.

Specially designed stripping teeth, and wide, flared gathering-unit throat openings gather cotton that is high or low on the stalk. The 38-inch spacing of the gathering units will handle all conventional row widths. Adapted to the harvesting of storm-proof varieties, the Oliver Cotton Master does a thorough job of separating the cotton from the stalks, breaking open bolls and knocking out moates, trash and dirt.

See us for full information on this new pull-type Oliver Cotton Master that is quickly attached to any tractor... that speeds up the cotton harvest, and helps you deliver a high-grade product to the gin.

We will have a limited number of these harvesters. If you are interested, look them over and decide soon.

## South Plains News

**SOUTH PLAINS, Oct. 10**—Parts of our community received an inch and a half of rain Saturday night, but others received only a sprinkle.

Guests in the H. R. Hartman home Sunday were Mr. and Mrs. Lloyd Horn and children, Mrs. J. B. Jarnagin, of Lubbock, and Mr. and Mrs. Glen Jarnagin and son, of Floydada.

Mr. and Mrs. George Beedy and Mr. and Mrs. Calvin Hilburn, of Floydada, attended the Amarillo fair Tuesday night and returned home Wednesday afternoon.

Mr. and Mrs. George Weast visited in Garden City, Kansas from Wednesday to Sunday.

Guests in the Sim Reeves home over the week-end were Miss Carol Reeves, of Brownfield and Raymond Reeves, of Tech college, Lubbock.

Mr. and Mrs. Claiborn and Mr. and Mrs. Patterson, of Sterley attended church here Sunday morning.

Mr. and Mrs. H. L. Marble and children, Keith and June, visited Mr. and Mrs. R. A. Ford and son, Ray, Wednesday night.

Mr. and Mrs. H. R. Hartman and boys attended the fair in Amarillo Wednesday and spent the night with Mr. and Mrs. Ray Daniel and family. They returned home Thursday.

Several others in the community attended the fair during the week. Mr. and Mrs. Doodie Milton and girls visited in the R. E. Young home Sunday.

We received one and a half inches of rain Sunday.

Mr. and Mrs. C. E. Bartlett, of Dougherty, spent Wednesday with Mr. and Mrs. Otho Sanders. Mrs. Will Sims and Mrs. P. M. Smitherman called in th afternoon.

Mr. and Mrs. P. M. Smitherman, Mr. and Mrs. J. B. Smitherman and Mr. and Mrs. W. E. Sims enjoyed games of "42" at the Otho Sanders home Friday night.

Word was received Sunday night from Dallas that Eddie Jarrett is much improved according to his family. He is taking food, sitting up some and seems to notice things more. We as a community are very glad to hear the good news.

**MAYOS IN DALLAS FOR HOGGE'S ANNIVERSARY**

Mr. and Mrs. D. T. Mayo were in Dallas from Friday until Monday where they attended the thirtieth wedding anniversary celebration of Mr. and Mrs. Earl Hogge. The Hogges held open house from 3 until 6 o'clock Sunday at their home, 6603 Boblink Drive. The Hogges are former residents of Floydada.

Mrs. Mayo and Mrs. Hogge are sisters.

Mr. and Mrs. J. W. Norton, of Oklahoma City, have been visiting the past few days in the home of Mr. and Mrs. T. M. Noland, a brother-in-law of Mrs. Norton's. The Nortons in company with Joe Cox of Colorado will stop in other cities in east and central Texas, before their return to their home in Oklahoma.

**C. F. JACKSONS PARENTS NEW SON OCTOBER 4**

Mr. and Mrs. C. F. (Jiggs) Jackson, Jr., Lubbock, are the parents of a new son born October 4 in St. Mary's hospital in Lubbock. The baby weighed 7 pounds and 11 ounces and was named Chester Fred Jackson III. The Jacksons have a daughter, Suzanne, age 15 months.

Mrs. Jackson and children are here at the home of her parents, Mr. and Mrs. Lorin Leibfried.

Paternal grandparents of the new baby are Mr. and Mrs. Chester Fred Jackson, Sr., of Monument, New Mexico.

**NEW GRANDSON BORN**

Lots of people are blessed with lots of things, but little Kenneth Lee Sikes, of Crowell, is most blessed with grandparents. Kenneth was born in August and his parents are Mr. and Mrs. Bill Sikes. He has four grandparents, 7 great grandparents and one great grandparent all residing in Texas.

W. A. Cates, of Floydada, is the great great grandfather of the baby.

Mrs. Wade Warren and daughter, Martha Kay, returned home last week from a visit in Sulphur Springs with their mother and grandmother, Mrs. Lula Owens. Mrs. Warren and daughter accompanied her sister and family, Mrs. R. L. Glenn, and Mr. and Mrs. Oleff Hamblen, of Roaring Springs on the trip to Sulphur Springs.

## IT HAD TO HAPPEN SOONER OR LATER

American scientist knew five years ago that Russia would probably develop an atomic bomb in 1949, a Texas tech college physicist said today.

Paul Elliott, assistant professor of physics at Tech, worked with the "Manhattan project" at Oak Ridge, Tenn., from July 1944, to September, 1946.

"We knew in 1944 that Soviet Russia would be able to split the atom within five years, but there is nothing to be alarmed about," he said.

Elliott said that atomic energy was never a secret. The only mystery concerned a method of separating the flow of gasses in uranium. Scientist in every part of the globe have been working on the answer for years, he added.

The Tech physicist said he doesn't believe the threat of World War, III is imminent, but he believes the threat of atomic warfare makes necessary the creation of an international police force.

Elliott came to Texas Tech in 1946 immediately after his work at Oak Ridge ended.

**Gayle's swallowed a bobby pin!**

When her two-year-old daughter swallowed a bobby pin late one evening, Mrs. Chenoweth rushed to the telephone—and this series of calls followed. She says that she wouldn't even try to guess what these calls were really worth to her. But she can tell you what her actual cost was—less than 2c each! Mrs. Chenoweth knows the cost because she kept an accurate record of all her telephone conversations, then checked it against her monthly bill. "I never realized before," she reports, "how much the telephone helps me run our house, keep in touch with our friends and meet emergencies. It's a real bargain!"

To Mrs. Chenoweth's verdict, may we add: We're doing our best to make your telephone service a real bargain today... and to keep it growing in value every year. Southwestern Bell Telephone Company.

What else gives so much for so little?

Called Gayle's doctor. But he isn't home!

Got our family doctor. Gayle's not choking, so no real danger!

Made an appointment early next morning for an X-ray.

Gayle's doctor called. Bring her in for X-ray in the morning.

Home from X-ray. Called my husband. Gayle's fine!

The phone rang the rest of the day—the family and friends calling to ask about Gayle. Everyone's so nice!

Kichner of Dallas, and the hostesses.

## ELEPHANTS ARE DELIGHT TO SMALLER CHILDREN

Rain accompanied by a good deal of thunder and lightning caused a sharp decline in attendance at the second performance of Stevens Brothers circus Saturday night. Despite the torrential downpour, the small crowd and a leaky tent, the performers carried out the old tradition that "the show must go on".

Several local residents brought the small fry out to see the circus elephants watered Saturday at Bob's Service station and a fair crowd was reported at the performance at 3 o'clock Saturday afternoon.

## Guthries are in Automobile Crash

Dr. and Mrs. Woody Guthrie, of Dumas, former residents of Floydada, are in the St. Jo Hospital, Fort Worth, suffering from injuries received in an automobile wreck last Thursday night around 10 o'clock on the stretch of road between Rome and Fort Worth.

Mrs. Guthrie sustained three cracked vertebrae and will have to wear a cast on her back for the next two or three weeks. Dr. Guthrie suffered a cracked vertebra when the car that he was driving locked wheels with another car that he was meeting, sending both cars in a tumble. The party that struck them was passing another car as it was meeting the Guthrie auto.

Mrs. C. D. Foote, who is a sister to Mrs. Guthrie is spending a few days in the Guthrie home in Dumas, taking care of the two children.

L. A. Marshall, accompanied by Woodrow Badgett, left Tuesday for Colorado where they will go deer hunting. They plan to be gone about ten days.

O. M. Watson, sr., John Stapleton and Mr. and Mrs. R. F. Stovall were among those who attended the game at Dallas Saturday night.

Judge and Mrs. William McGhee of Hereford, Texas were visiting old friends here Tuesday. The McGhees are former Floydada residents.

## 59,859 Texas Are Given Free X-ray In Three Years

Free X-ray service reached 59,859 Texans in the third year of operation of the Texas Tuberculosis association's X-ray service among apparently healthy people, according to the 40th annual report of the association just released by Pansy Nichols, executive secretary. According to the report 2.1 per cent of those X-rayed were classified as having definite or suspicious tuberculosis; 400 of these films showed other pathology such as heart ailments or cancer.

Miss Nichols pointed out that during the 3 years the total number of X-rays taken reached 188,521.

**FARMERS UNION TO MEET**  
Everything is free and everyone is invited to attend the regular monthly meeting of the Sand Hill Farmers Union Local No. 33 next Tuesday night. The meeting will be held in the Sand Hill auditorium at 7:30.

Two short plays by the Juniors with music between acts will highlight the evening. Refreshments will be served followed by games of dominoes lasting until everyone is ready to go home.

### METHODISTS IN MEETING

Methodists representing nearly every community in the Northwest Texas conference will attend an advance mass meeting at the First Methodist church in Lubbock on October 20-21. Bishop William C. Martin, resident bishop of the Dallas area and national chairman of Methodism's four-year program, Advocate for Christ and His Church, will direct the meeting.

Mr. and Mrs. Rabston T. Scott and son, Bill, of Denver, Colorado arrived here several days ago for a visit with Mr. Scott's parents, Mr. and Mrs. R. C. Scott. The Scotts spent the week-end in Dallas, where they attended the Texas university and S. M. U. football game. Enroute home, they came through Floydada and picked up their son, Bill, who had remained in Floydada with his grandparents over the week-end.

If you want to discuss something you are invited to do so in 'The People's Forum'.)

I am begging you to join the Texas Rural Roads association. The fact that you are already on the pavement or there is one under contract to come by your farm is just another good reason for you to pay your \$1.00 and help your neighbor get one on his farm. It's the least you can possibly do and be fair.

Please remember that your neighbor still in the mud is paying taxes to keep you a paved road and the least you could do is pay your \$1.00 gladly and lend your support to get other rural roads for your neighbor by taxing our natural resources.

### GOOD HUNTING IN COLORADO MOUNTAINS

Menard Field, Floydada, who operates a hunting camp in the Northwestern Rockies in the White mountains, Colorado, left Tuesday to open camp for a large representation of Floyd county hunters.

Bear, elk and deer will be the game hunters are after, bringing home the bacon so to speak.

Among the hunters who left Tuesday and Wednesday for the mountain camp are Billy Stanforth, Jr. and sr., Art Willis, Woodrow Badgett, Harry Morekel and Jim Word.

Most of these men hunt regularly and get their bag, so with game plentiful, Menard Field thinks they should have no trouble in bagging their buck.

### SHAW'S ATTEND FUNERAL

Mr. and Mrs. W. A. Shaw in company with Mr. Shaw's sister, Mrs. H. M. Mitchell, of Plainview, attended funeral services last Friday for Mrs. W. M. Williams in McAllister, Oklahoma. Mrs. Williams was a sister of Mr. Shaw and Mrs. Mitchell.

Mrs. Williams died suddenly early last Wednesday morning at her home in McAllister. Survivors include 6 children three brothers and two sisters.

## Rats Cause Fast Termination in Hidden Caches

Secret rats that gather reserve stores in shallow caches, and many of these undisturbed, practically planters of the stored seed. This is one of the important causes of the rapid invasion of range lands by mesquite. Mesquite, says the U. S. Department of Agriculture, displaces the grasses and reduces the beef wool production. In typical areas of the number of mesquite plants to the acre has increased by 50 percent in the last 15 years. The Forest Service reports that a study financed under the Forest and Marketing Act, a search and research looking to the removal of undesirable range shrubs. Merriam kangaroo rat is a rodent that lives in the arid region of the Southwest. The mesquite seed is one of its favorite foods. When the seeds are ripe, kangaroo rats gather them and store them in shallow pits covered with an inch or so of soil. The rats are industrious and forehanded and store more than they eat. They never recover any, for the seeds are "planted" in the stores. Because of their very hard seedcoats, many mesquite seeds do not germinate. But in storing the seeds the rats gnaw the shells just enough to improve germination. They act in something the way of mechanical seed "scarification" used to improve the germination of sweetclover and other hard

sheathed crop seeds. Cattle also eat mesquite seeds and scatter undigested seeds, but in field experiments H. G. Reynolds and G. E. Glendening of the Southwestern Forest and Range Experiment Station have found that cattle also destroy many mesquite seedlings. Most rapid increase of mesquite developed on fenced small areas which keep out cattle and rabbits but admit the kangaroo rats.

## Center News

CENTER, Oct. 11—The Sunday school crowd was slim because of threatening weather, and the night services were suspended. About an inch of rain fell in this locality Sunday night.

Don Clark Green, Wellington, and Victor Green, Plainview, visited homefolks over the week-end.

The Dunn family and some others out here attended the circus in town Saturday.

Mr. and Mrs. Leo Frizzell attended the Carpenter reunion in Wichita Falls Sunday. All eight of the brothers and sister were together for the first time in 13 years.

The condition of Mrs. J. R. Robertson, who returned to the hospital last week, is reported as very much improved.

Gienna Mae Robertson, daughter of Mr. and Mrs. J. R. Robertson and Thurmon Walls of Levelland were married on the evening of October 6 in Lovington, New Mexico. They are making their home in Levelland. Congratulations, young people.

Mrs. R. C. Hodges attended our WMU Monday afternoon. We met at Mrs. Montgomery's with six women present. All the women are invited to attend the next meeting and bring the little children.

The club meets with Mrs. W. B. Jordan on October 21 instead of the 14th as stated last week.

Mother Frizzell is visiting in the home of her son, Mr. and Mrs. Leo Frizzell.

Most of our homes were represented last Thursday at the last rites for DeWitt Burke. The loved ones have our deepest sympathy.

Rev. and Mrs. Hodges and the J. E. Greens attended the Workers conference at Ralls Tuesday.

**E. B. MASSIE SECCUMBS FUNERAL HELD OCTOBER 2**

Funeral rites were held for E. B. Massie, Jr., 37, at Borger Sunday, October 2 at the Methodist church at 2 o'clock.

Mr. Massie, who formerly lived here, died September 29 from a heart attack.

He served four years in service in World War II and had been practicing public accounting in Borger for the past year.

Survivors besides the wife, are his mother, Mrs. C. P. Callison of Corpus Christi, two sisters, Mrs. Jack deCordova of Gulf Port, Mississippi and Mrs. I. O. Rayburn of Houston, and one brother, Doc Massie of Borger.

**CARD OF THANKS**

I want to thank everybody for being so nice to me during my recent 12 day vacation in our Peoples hospital. I appreciated the visitors and the best laugh I had while there was when one of the boys over on the "East Road" said I was probably in there on account of "Gall" trouble.

I want to thank the personnel at the hospital and I think the service was fine, but I don't know just how fine because that is the first hospital that ever allowed me to stay all night.

Ed Holmes

L. C. McDonald attended a meeting of Pontiac dealers in Amarillo Tuesday.

## Reue Seeks End To Polio Drive

Floyd county's quota of \$2,000 in the polio epidemic drive has been exceeded by \$287.25 according to the report issued Tuesday by campaign officials. A possibility is that there are polio drive workers who have not turned in their funds, and J. W. Reue, drive chairman, this week is urging everyone to do so immediately so that the drive can be brought to an official end.

The drive was for the purpose of providing funds for the local chapter as it has been exhausted, making it necessary to borrow from the national fund.

## New Minister For City Park Church

A. F. Waller, Dennison, has accepted the position of minister of the City Park Church of Christ and will deliver his first sermon at the church Sunday morning. Mr. Waller succeeds Paul Rogers, who resigned his position to enter Abilene Christian college in Abilene.

The new minister was due to arrive in Floydada by October 1, but was delayed due to the sickness and death of a relative.

## POSTPONE FLOWER SHOW

Extensive hail damage to flowers in Lockney Sunday night make it necessary to postpone indefinitely the annual flower show scheduled for Saturday. The show was to be held in Mrs. Wanda Baker's building, first door north of Maier Food store.

As late as Tuesday, no date had been set by the flower show committee as a possible day that the flowers would be ready to display.

## Conservation District News

The Board of Supervisors of the Floyd County Soil Conservation district met in special session for the purpose of reorganizing the board for the new fiscal year. Bert Bobbitt from the Lone Star community is the newly elected supervisor and will serve the regular term of five years. Cecil Purcell of Quitaque was elected chairman, Mr. Bobbitt, vice-chairman, W. F. Ferguson, secretary and W. H. Nelson treasurer. R. G. Dunlap is the other member of the board, having served as chairman for the last three years.

Applications for assistance were approved for the following farmers: Joe R. Thurston, who farms his mother's land south of Lakeview and Henry L. Kreis who is operating part of the Kreis estate on the Matador highway east of Floydada.

Agreements between the District and the following cooperators were also approved: E. M. Jackson, J. A. Miller, manager of Stringer land at Barwise, Henry L. Kreis, R. R. Kellison and G. T. Meriwether.

## CALVIN POTEET SUSTAINS PAINFUL EYE INJURY

Calvin Poteet returned home from the Lubbock Memorial hospital Tuesday where he had been since Friday. Mr. Poteet underwent an operation to remove a piece of steel from his eye.
